Well, you did it! Honestly, I never really expected it! When I sent you my check for the 1978-79 Baseball Teams, I asked you to push this through so my league could start in February. Well, the miracle took place and I thank you very much. You have restored my faith in the system... well some of my faith anyway. But, you definitely have not only a fan, but a faithful customer and super salesman. I have two friends who now own S-O-M baseball and two more who are interested in S-O-M Hockey. All because of their exposure to my game. My league has grown from 7 teams to 12 teams (now 2 divisions).

It is a great game and you are a great company. Thanks for your thoughtfulness.
