Gentlemen:

Strat-O-Matic, the name itself brings back memories that seem as if it was yesterday. Its hard to believe that I played the game about 25 years ago. The challenges & fights that my friends & I had were unbelievable. As a matter of fact, we had a reunion about 3 years ago, and the first thing that was mentioned; you guessed it, Strat-O-Matic. At times we had 3 games going at the same time because a number of us each had the game. We would play out a whole season. Trading players and acting as if was real life, and to us it was.

Now it seems right, that I should be starting my own son on his road of memories. My son is more of an avid ballplayer than I ever was. So I am sure that his friends will enjoy the game more than we did. Imagine, second generation players.

Therefore I am enclosing an order form for your 1985 edition to be given for Christmas. I can't wait for my son & I to play.

Thanks for the past & future memories.
