

5/9/88

To Whom It May Concern,

Hi! How are you? I am writing this letter in regard to enjoying your sports games for over 10 years! In 1978 I purchased my first Strat-O-Matic game, the Baseball. Since then I have constantly purchased teams, as well as the Pro Football, College Football, Pro Hockey, and Pro Basketball. I have to say that each game has provided endless hours of entertainment among my friends and family. Since purchasing the Baseball game, at least 10 of my friends have purchased their own, and love it just as much! Thank you Strat-O-Matic, and good luck in the future! I hope to continue to enjoy your games, and a few years down the line I'm sure my children will as well.

Gratefully,
Vincent Martelli
