Dear Sir/Madam:

I wanted to let you know how Thrilled my Son + I are with your game, Strat-o-Matic Baseball. He's Thrilled as with a new discovery, and we've already replayed The 1986 pennant races + World Series. (It's an old game bought at a yard sale.)

I'm Thrilled because growing up in The 50's as a female meant you didn't play Stratomatic baseball. I was permitted to watch my brothers. It's a well thought-out game + I'm enjoying myself.

Let me know of any other merchandise you all have that relates to the game, like other years of players.

Thanks,

Marsha Hunter
