

MY DAILY FOCUS

USING THEME DAYS TO REACH YOUR GOALS

We all have certain tasks that we need to do for our business. And there are tasks that will produce results if we do them consistently.

Think about the goals you have for 2017. Is it to increase your personal sales, personal recruiting, or to promote more leaders? Or, maybe you want to increase your show average or earn an incentive trip. Once you set those goals, figure out what tasks will help you achieve what you desire. Then break those tasks into a daily focus.

This gives you permission to focus on ONE set of actions each day instead of being overwhelmed by what can feel like an endless list of “things to do”. This can also help you stay balanced in your business, because it prevents important tasks from falling through the cracks.

I'VE INCLUDED AN EXAMPLE OF WHAT YOUR DAILY FOCUS COULD LOOK LIKE. DEPENDING ON WHAT YOUR GOALS ARE, YOU MAY CHOOSE TO HAVE THE SAME DAILY FOCUS MULTIPLE TIMES A WEEK.

TAKE THIS EXAMPLE AND MAKE IT YOUR OWN!
