THE WAY OF LOVE

Practices for Jesus-Centered Life

Launching a rule of life with young people is a commitment to live life in a particular way—created with prayer and discernment. It is an intentional pattern of spiritual disciplines, such as prayer and reading the Bible, which provides structure and direction to live a holy life. In partnering with God and understanding the gifts that God has given youth will create a pattern to follow every day, acknowledging the God made you and the beliefs you hold are inscribed on your heart.
