This week, a team of firefighters, led by Starkville Fire Chief Charles Cochran, began with cleaning the bathrooms of Starkville firefighters two weeks ago. The team includes firefighters such as Matt Stevens, George Tonkin, and Grandfield were responsible for the new hires and the project, and the new firefighters will be staffed, for the first time since it was built, a decade ago. The new hires will be at Fire Station 1 on Lampkin Street, but more experienced firefighters will be transferred to Station 5 on Reed Road, Starkville Fire Chief Charles Vartabedian said. The Starkville board of aldermen approved the new hires and the promotion of five firefighters to lieutenant and sergeant positions at its Feb. 3 meeting.

Elm Lake, three other neighborhoods to get fiber optic internet

C Spire has cloned the first four areas of Columbus to lay fiber optic infrastructures and now the process is bringing gigabit internet service to the county.

Company spokesperson Dave Miller confirmed C Spire will begin construction on the infrastructure at Elm Lake, the old highway 82 west of Columbus, Pemmonville Lake neighborhood of Ridgeroad, Breezewood neighborhood off Holly Hills Road, and the area of Dagwood Breakdown off Sperry Road.

Each of the residential areas contains at least 600 homes, Miller said.

C Spire and Lowndes County Supervisor of boards entered a 25-year agreement in August allowing C Spire to construct, maintain, replace, and repair fiber optic cables throughout the unincorporated areas of the county. Former C Spire said the first phases also include areas in Columbus. Hanberry told, perhaps in the case of supervisors, said the county has entered into similar arrangements with companies like AT&T and Sparklight in the past. C Spire’s will be the fastest internet service available, according to the board.

C Spire will be responsible for maintaining and restoring the areas where infrastructure is built, and the county will receive 5% of the revenue from C Spire’s television service, according to previous reporting by The Dispatch.

Starkville to consider further renovations at Moncrief Park

Logan: Parks need an aesthetic update

The Dispatch

PARKS AND RECREATION Director Lon Golden said Monday that the city of Starkville needs to do further renovations to Moncrief Park. The city and county are likely to take bids at their first February meeting on the contract for the first phase of the renovation. The contract will enable the city to begin laying the infrastructure to the park after the project is funded.

On Thursday, the city council approved the application of $87,686 in city and county funds to begin the first phase of the renovation. The project will begin with the infrastructure to the park, which will include everything from the water to the sewer, lighting and other services. The city will be responsible for the infrastructure to the homes, which will be funded by the county, and those homes will be responsible for the rest of the project.

The city council also approved the application of $15,000 in city and county funds to begin the second phase of the renovation. The city council had previously been notified of the proposed contract for the first phase of the renovation, which was to be funded by the city and county.

Chinese President Xi Jinping said Monday that it’s “extreme important” to conceal the severity of the SARS epidemic, but this cover-up was exposed by a high-ranking physician.

The virus has infected 217 people in the country in just a few days. Xi said, according to CCTV, “Party committees, governments and relief departments at all levels should pull together to protect the lives and health of the people.”

They should “ensure the masses have a quiet, peaceful and joyful Spring Festival,” he added.

Health authorities in the central city of Wuhan, where the viral pneumonia appears to have originated, said Monday that its medical system has been overwhelmed by a heavy influx of patients. The number of confirmed cases has been con-

KANSAS CITY, Mo. — With this being a championship game for both the Chiefs and the Rams, the pressure was on both teams to perform to the best of their abilities.

While the Rams have been playing well in recent weeks, the Chiefs have struggled to find their rhythm. However, with a berth in the Super Bowl on the line, both teams are determined to put on a show.

The Chiefs, led by quarterback Patrick Mahomes, have been impressive all season. Mahomes has been named the AFC’s MVP for the second consecutive season, and the Chiefs have won all eight of their games.

The Rams, on the other hand, have been inconsistent. While they have had some impressive moments, they have also struggled to put together a complete game.

Despite the matchup’s high stakes, the Chiefs are favored to win. Mahomes has been on a tear, and the Chiefs’ defense has been dominant.

The Rams, however, have a talented offense that can put up points quickly. They will need to limit Mahomes’ opportunities and force him into mistakes.

The game is expected to be a defensive battle, with both teams relying on their strong lines to limit the other’s offense.

In the end, the Chiefs are expected to come out on top, securing their place in the Super Bowl.

Veteran columnist Jim Lytle provides a preview of the game, offering insights on both teams and the key matchups to watch.

The game is scheduled for Sunday, January 20, at Arrowhead Stadium in Kansas City. Make sure to tune in to catch all the action!

Rodgers had another 39-yard pass to tight end Tyler Higbee and 19 to tight end Jace Sternberger to put the Packers up 3-0 on a 1-yard touchdown run by Aaron Jones. "We had to come out and get the first punch in," said Sternberger, who had only one catch in eight playoff games before that.

"We were just very crisp, very well coached that night," Packers coach Matt LaFleur said. "Our approach was very well thought through. We didn't try to get too much done and we just trusted in the linemen to block it up.

"He's so fast," tackle Joe Staley said of Rodgers. "He got started when he burst 36 yards on a first-and-10 play in the second quarter. "He's a little raw right now, he's just learning the ropes and had some growing pains in his career."

But he has become a key part of what this team has gone through, this or that left said after another stunning performance Sunday. "He always handles it so well,“ Rodgers said of getting handed the trophy as coaching champions. "It's a little raw right now, you do the best you can do and it's pretty special," Shanahan said of getting his first Super Bowl title game since winning the league championship after the 1985 season.

"So much effort that went into the Tennessee defense seemingly expected him to step out of bounds. Rodgers had a career-low 3.15 yards per attempt in a 35-9 loss here three weeks ago, but played better in this one, LaFleur said. "The Packers' only promising drive of the game came when Rodgers completed 13 of 15 passes for 103 yards on an 8-yard play to Aaron Jones on the opening drive. "We just weren't very consistent like our offense and we kind of let it get away from us," LaFleur said. "We didn't keep him in the pocket and expect him to step out of bounds."

KANSAS CITY, Mo. — The Tennessee Titans hoped to follow the same game plan against the Kansas City Chiefs that had carried them to their first Super Bowl in 50 years and the Titans home in an undeniable postseason ride.

“I feel like our backs were against the wall the whole season,” said Henry, who finished with 19 carries for 69 yards and a touchdown. “We kept on lighting and kept on believing in each other. I think it speaks volumes about the team we have. We just came up short.”

Indeed, the Titans were languishing around 100 when they beat the Chiefs in Week 10. They couldn’t pull off one more upset in Arrowhead Stadium, though. They couldn’t get off their first trip to the Super Bowl in two decades.

I felt like we got off the start that we wanted,” Titans coach Mike Vrabel said. “I think when you play teams that are as good as the Chiefs, as explosive as they are, you knew they were going to make a run.”

Henry carried three times on an opening drive that net Tennessee a field goal, then he carried by taking a direct snap and walking over the left side into the end zone. Henry never seemed to be trying to do too much, running on their third drive, a carry off a fake punt that consumed more than 9 minutes and kept Kansas City’s potent offense off the field.

By the time big-boned receiver Demetrius Robinson grabbed a touch- down pass to Tyreek Hill in a tackle that seemed to be trying to get to halftime, giving the Titans a 12-6 lead, just 11 seconds left, they were down the saddle for a 47- yard touchdown run that made it a game for visitors.

“Tennessee made a little double-cover, we couldn’t get a handle on it, we couldn’t cover it, we couldn’t get a handle on it,” Vrabel said. “Just found a way to get into the end zone.”
