

WELDING TABLE

DESIGNED FOR SKILL-BUILDING, BUILT FOR DURABILITY

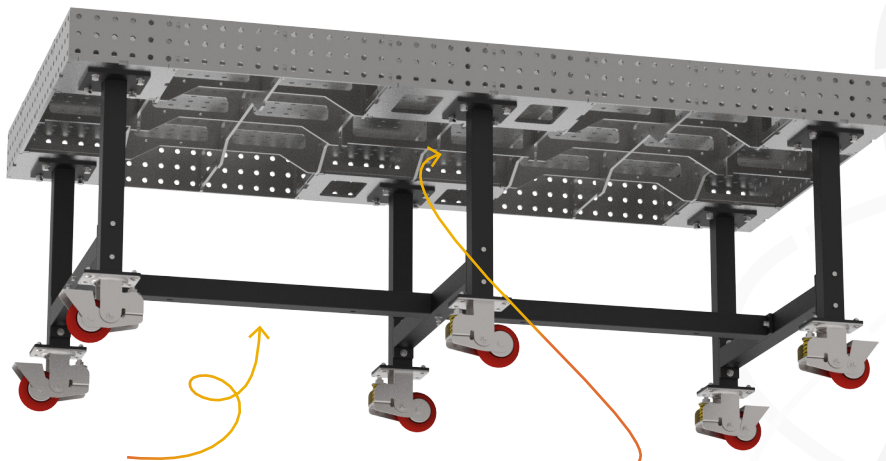

3/8" American-processed steel.

Optional fully suspended heavy-duty casters for mobility or leveling feet for stationary use.

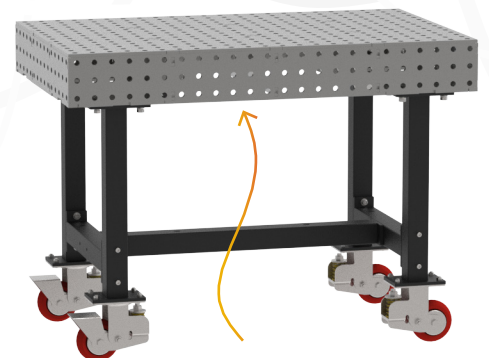

Edge-to-edge flatness ensuring precision and perfection in every project. 1/64th variance of flatness.

Tubular cross-bracing for stability - increasing the table's resistance to side loading by up to 70%.

12x12 welded support grid on the underside of the table for ultimate strength.

Laser cut holes for accessory mounting.

TRANSFORM YOUR METAL LAB

Set the stage for skill-building, innovation, and career-readiness. Our Welding & Prep Table is more than just equipment—it's a teaching partner that enables real-world practice, fosters creativity, and inspires the next generation of skilled professionals.

Upgrade your CTE classroom with a table that works as hard as you do—*contact us today for more information or to request a quote.*

SPECS

TABLETOP: 3/8" A572-50 American-processed steel; well known for durability and strength. Full surface has 2" laser-etched grid lines. Corners include 30, 45, & 90 degree laser etched guides for accuracy in set up.

CROSS-BRACING: Tubular bracing between legs for enhanced stability.

LEGS: Four black powder coat legs come standard with levelers; tables over 72" come with six legs. Overall table height is nominally 36" with casters, nominally 30" with self-leveling feet.

STORAGE: 2.5" square 14-gauge steel with laser-cut holes for accessory mounting. Cross bracing design accommodates the addition of a lower shelf, providing convenient storage for welding equipment, tools, or materials.

OPTIONAL CASTERS: Premium heavy duty suspension, non-marking wheel casters. Four legged tables come with 2 fixed casters and 2 swiveling/locking casters placed on the handle end. Six legged tables come with 4 swiveling locking casters and 2 fixed casters. Fixed casters are on the center pair of legs and a swivel/locking caster at each corner.

MANUFACTURING: Proudly manufactured in the USA using American-processed steel, US workers and certified fabricators.

DELIVERY: Forklift required for most deliveries. Contact customer service for shipping weight.

ASSEMBLY: Product comes assembled, unless specified otherwise. Some accessories will need to be attached after delivery.

ITEM #	PRODUCT	W X D
DMW4830	Welding Table	48" x 30"
DMW6036	Welding Table	60" x 36"
DMW7236	Welding Table	72" x 36"
DMW4848	Welding Table	48" x 48"
DMW9648	Welding Table	96" x 48"
DMW12048	Welding Table	120" x 48"
DMW6060	Welding Table	60" x 60"
DMW12060	Welding Table	120" x 60"
S	Shelf	Accessories dependent on size of table.
H	Handles	
SH	Shelf and Handles	
C	Casters*	*Must be added at the time of order; cannot be added later.

To add an accessory, add the item number to the end of Welding Table item number. For example: DMW4830SH
