

I HOPE YOU'RE INSATIABLE

If you're on your  
creative edge, you will  
continually want more.

True desire is full and  
insatiable. She is  
appreciative and ceaseless.

She is present and she  
sees possibility everywhere.

This is the divine paradox  
of intentional creating:  
you will love what you've  
got with all your heart  
today, and you will be  
ready for more tomorrow...  
and the next day.
