Prerequisites

This plugin requires a Geomagic product listed in the heading. To verify your current version, launch the application and select **App Button > About**.

There exists a separate **Setup.exe** for 32-bit and 64-bit operating systems. Both the 32-bit and 64-bit installers are compatible with Microsoft **Windows XP**, Microsoft **Windows Vista**, and Microsoft **Windows 7**.

This plugin requires HPS 1.1 (HandyPROBE Software), which is shipped with HandyPROBE hardware.

Installation

1. Verify installation of Geomagic product listed in the heading.
2. Verify installation of HandyPROBE Software.
3. Download the 32-bit or 64-bit installer from the [Plugins Page](#) of the Geomagic Support web site.
4. Log in to Windows as a user with administrative privileges.
5. Run the plugin installer.
6. Start the Geomagic application and navigate to **Hardware > Scan > HandyPROBE**.

User Instructions

Obtain user instructions from the [Plugins Page](#) of the Geomagic Support web site.

Known Issues

None
