Prerequisites

The following prerequisites must be verified prior to installing the plugin:

- **Geomagic Software Version**: This plugin requires a Geomagic product listed in the heading above.

  To verify your current version, launch the application and select **App Button** **> About**. The About dialog box displays the current software version (2012.*X.X*).

- **Supported Operating Systems**: This plugin supports the 32-bit and 64-bit versions of Microsoft Windows XP, Windows Vista, and Windows 7.

Installation

To install the plugin:

1. Verify that your system is connected to the scanner.

2. Verify the installation of the supported Geomagic product (as listed above).

3. If necessary, log in to your system as a user with administrative privileges.

4. From the Plugins Page of the Geomagic Support web site, download the plugin installer. Be sure to download the correct bit version (32-bit or 64-bit) for your system.

5. Run the installer.

6. Start the Geomagic application and verify that the plug-in appears in the **Scanning Plug-In** drop-down list under **App Button** ◎ > **Options** > **Hardware** > **Digitizers**.

User Instructions

Refer to the *Leica Tracker Plugin* PDF available in the **User Instructions** column on the Plugins Page of the Geomagic Support web site.

Known Issues

For a complete list of known issues, refer to the *Leica Tracker Plugin* PDF available in the **User Instructions** column on the Plugins Page of the Geomagic Support web site.
