Prerequisites

This plugin requires a Geomagic product listed in the heading. To verify your current version, launch the application and select **Help -> About Geomagic *ProductName***. The text box at the top of the dialog indicates the current software version.

Installation

1. Verify installation of a Geomagic product listed in the heading.
2. Install Steinbichler T-Scan Collect or T-Scan Plus.
3. Log in to Windows as a user with administrative privileges.
4. Obtain the installer named **T-Scan_Collect.exe** or **T-Scan_Plus.exe** from the Geomagic website.
5. Run the **.exe**.
6. Start the Geomagic application and verify that **T-Scan for Leica** or **T-Scan for OptoTrak** appears in the Plugins menu.

User Instructions

See "*Steinbichler T-Scan Plugin, Document Version A*".
