Prerequisites

The following prerequisites must be verified prior to installing the plugin:

- **Geomagic Software Version:** This plugin requires a Geomagic product listed in the heading above.

To verify your current version, launch the application and select **App Button**  **> About**. The About dialog box displays the current software version (2012.X.X).

- **Supported Operating Systems:** This plugin supports the 32-bit and 64-bit versions of Microsoft Windows XP, Windows Vista, and Windows 7.

Installation

To install the plugin:

1. Verify that your system is connected to the scanner.
2. Verify the installation of the supported Geomagic product (as listed above).
3. If necessary, log in to your system as a user with administrative privileges.

4. From the [Plugins Page](#) of the [Geomagic Support](#) web site, download the plugin installer. Be sure to download the correct bit version (32-bit or 64-bit) for your system.
5. Run the installer.
6. Start the Geomagic application and verify that the plug-in appears in the **Scanning Plug-In** drop-down list under **App Button**  **> Options > Hardware > Digitizers**.

Known Issues

None

List of Fixed Issues

Version 9.0

- Updated existing plugin, merging **T-Scan Collect** and **T-Scan Plus** into a single plugin.
- Various stability improvements have been integrated.
