RE: October Board Report

Executive Office Report

Police Reports

There were no notable reports for October.

Security Procedures

Our parks staff programmed the auto lock at the Memorial Park bathrooms to initiate at an earlier hour to prevent individuals from propping the door. We also had a parks staff periodically check the security of the building in the evenings. This seemed to have been pretty successful. The bathrooms will be closed soon for the winter.

Beach Oak Park

We completed the second onsite observation report for Beach Oak in early November. We are working with Comcast to address a line that has been installed directly through the park, and it appears as though our professional survey was off, which will increase the cost of the pathways a little bit. I will be addressing this discrepancy with Schomig and try to come to a resolution.

PARC and OSLAD Grants

We are still waiting on award announcements for both funding opportunities.

Timekeeping System

I have delayed the implementation of our timekeeping system due to scheduling conflicts for system training. This will likely be pushed off to the new year.

December Meeting

Remember that our December meeting is a half hour earlier.

AYSO Follow Up

AYSO has provided the following enrollment information for residents of La Grange Park:

2020/21: 471 kids 2021/22: 540 kids 2022/23: 555 kids

2023/24: 503 kids (we still have spring season, which typically will add 60-70 LGP residents).

At the last meeting former AYSO 300 Commissioner and resident Drew McElligott stated that the organization had contributed \$7,500 in user fees in one year alone. Mr. McElligott has since clarified that statement.

RE: November Tree Management Plan Update

Summary of 2023 Tree Management Activities

- Removed 2 dying trees at Hanesworth Park, 1 dead tree at Yena Park
- Planted 10 trees across the district In October
- Planted 1 tree for Arbor Day
- Submitted requests for estimates for tree pruning at 5 parks
- Tree related trainings completed: ISA Municipal Arborist Training Chainsaw Operations + Safety and Tree Pruning, Illinois Arborist Association Annual Conference, On-the-job trainings including Tree Planting Best Management Practices and Tree Felling.

Key Areas of Management Plan:

Planting: "Increase tree count from 257 to 330", "Currently, the Park District plants 5 trees each year, and this plan seeks to increase that number slightly from 5 to 9 trees per year".

We are anticipating planting 20 trees per year beginning in 2024. We will be increasing our canopy in anticipation of losing mature trees. Our goal is to have younger trees growing closer to maturity as older trees age out. This will slow canopy loss in the future and will result in long-term canopy gain.

In October we planted 10 trees across the district. Those trees represented 2 new species and 2 species with low populations in the district. We have added Northern Catapla (*Catalpa speciosa*) and a Sycamore hybrid species (*Platanus x acerfolia Morton Circle Exclamation*™) to our inventory. We also added additional Serviceberry trees (*Amelanchier grandiflora Autumn Brilliance*) and replaced our one Pagoda Dogwood (*Cornus alternifolia*). All four of these species are native to our region or native hybrids.

In April we planted one tree for Arbor Day. A Japanese Lilac Tree (*Syringa reticulata "Ivory Silk"*) in Memorial Park.

Pruning: "Create a Cycle Pruning Program".

We anticipate Pruning all of Zone 1 (Robinhood Park) this winter.

In early October we submitted requests for tree pruning estimates at all of our parks except Beach Oak Park, which is currently under construction. As estimates come in we will be able to schedule pruning at one of our parks this winter. Our goal is to move through all of our tree inventory every 7 years. The estimate provided by our Tree Management plan is included in our hand-outs, but may not be reflective of current industry pricing. Additional investment may be needed to achieve our 7 year cyclic pruning goal.

Removals: "it is anticipated that the background rate of tree removal will be approximately 3-6 trees per year".

CPD Staff has removed 3 trees in 2023 so far. We anticipate a further 3-4.

Integrated Pest Management: "Incorporate BMPs into Tree Care"

Best Management Practices have been introduced to the Park District and will continue to be followed under the supervision of the Superintendent of Parks. We will no longer be "calendar spraying" our trees with insecticide. We have begun Integrated Pest Management, a current BMP that involves scouting sites before any chemicals are applied. In short, we will not apply insecticide or fungicide chemicals to our tree inventory unless evidence of pathogens is found at a rate which exceeds our Action Threshold.

Inventory: "Maintain Accurate Tree Inventory"

In 2020 our tree inventory was 257 trees. A handful of removals and plantings were completed between 2020 and September 2023. We do not have a current inventory that reflects those. Our estimated inventory is about 250 trees. We have been able to track all plantings and removals since September 2023. The district will make an effort to find record of removals and plantings between 2020 and September 2023.

RE: 12a Limiting Rate Referendum

Recommendation

For Discussion Only

Background

Informal polling and discussion regarding a possible limiting rate referendum has not garnered favorable feedback over the past month. In discussions with residents and resident participants, those that were asked if they would support a limiting rate increase on the March ballot expressed either hesitation to support or no support nearly 2 to 1.

Changes in the political climate, global climate and the fact that taxes increased dramatically as a result of the resent reassessment indicate that this may not be the best time to pursue even our conservative rate increase.

Previously, we have discussed the following benefits of increasing the limiting rate for the Park District:

Generating an additional \$250,000 in Revenue:

Increase the levy .0601%

It would cost a homeowner with a \$350,000 home approximately \$5.94 per month*

Generating an additional \$150,000 in Revenue

Increase the levy .0351%

It would cost a homeowner with a \$350,000 home approximately \$3.59 per month*

*These are very conservative estimates taking into consideration inflation, a modest increase in EAV, and a 2% increase in LGP home values from 2022-2023. Numbers have **not** been reviewed by an outside consultant.

RE: 12b Master Plan Update – Robinhood Park Discussion

Recommendation

For Discussion Only

Background

We conducted two Public Input Meetings for Robinhood Park regarding updating the Master Plan and installing a potential Mini Soccer Pitch in the existing tennis courts. The meetings were published on social media, our website, and information for the second meeting was distributed door to door to neighbors adjacent to the park.

Support for the project at the meetings and on social media was supportive.

Zak and I will be meeting with the Village regarding next steps on Monday, November 13 and will provide an update at our Regular Board Meeting later that evening.

Should the board choose to move forward, we would likely need to budget between \$150,000-\$250,000 to improve both courts.

Subject: Thank you

Hi Zak, Lucy & Jessica,

I wasn't able to attend the second meeting on the mini-pitch but I did want to share my appreciation with you. I feel like you and the board have really heard our concerns about the dog park and worked to explore other solutions. I think the mini-pitch sounds like something neighborhood kids would get a lot of use out of, so I'm for it--along with the idea of making Robinhood the "soccer" park. I also want to thank you for taking the effort to share info about the Sat. Nov. 4 meeting with homes adjacent to the park. I'm sure it was a lot of work to disseminate that information so quickly, but it really did make me and my husband feel informed and included in the process--and I'm sure a lot of my neighbors feel the same way. Anyway, just wanted to say thank you for listening and adjusting based on community feedback. Enjoy your week!

Re: Estimated Tax Levy Ordinance Draft

Recommendation

State: The Community Park District Board of Commissioners has reviewed the draft 2023 Tax Levy Ordinance and intends to levy the following sum of money, totaling \$1,051,966 or as much thereof as may be authorized by law, to defray expenses and liabilities of the Park District.

Background

The total 2023 tax levy for Community Park District corporate, recreation, and special purposes levies (i.e. aggregate levy) is \$ 1,001,923.00. An estimated additional \$304,791.00 will be levied for debt service.

Despite recent growth in La Grange Park, the inflated CPI, and the fact that many taxing bodies are levying beyond the 5% PTELL parameter, we believe that we can cover inflationary expenses with a more modest increase.

We anticipate approximately \$11,300 in additional taxes in 2023. Under the Property Tax Extension Limitation Law (PTELL) – The county will automatically reduce our levy request based on what the agency is entitled to under the law. Our PTELL ordinance authorizes the county to apply 100% of any necessary reduction of our levy request to the Corporate Fund.

The aggregate levy amount represents a 4.99% increase over the prior year's final levy amount and therefore does not require a public hearing in accordance with the Truth in Taxation Act.

Upon analyzing the fund balances on our special purposes funds, the levy allocation has been adjusted to offset deficits in the recreation budget while ensuring that the adjusted funds remain within our fund balance policy.

Once approved, staff will file the levy ordinance with the Cook County Clerk.

Re: 13b Tru-Green Contract 2024

Recommendation

Motion and a second to approve staff to budget an amount not to exceed \$15,000 to allocate the funds needed to authorize the 2024 Tru-Green Landscape Services Contract.

Background

The following page outlines a final estimate of the Tru-gGeen services needed for 2024. We reached out to several companies for like services but did not receive a response.

We have contracted for services such as these in the past and are satisfied with Tru-Green's service.

Additional services were added this year to offset ballfield maintenance.

2023 approximate spend with Tru-Green: \$10,649.44.

2024 proposed total: \$14,605.00.
