

LIL' BADGERS

APRIL NEWSLETTER

HOW'S IT GROWING?

Last month we were down in the depths of the ocean learning about all kinds of creatures - this month we will move above ground to learn about plants and insects and all things that grow!

BUTTERFLIES!

Later this month we will learn all about butterflies. We will raise them from larva and watch their amazing transformation! When they are fully grown we will release them outside. It's one of my favorite activities of the year!

NEXT SCHOOL YEAR

If you are planning on returning to La Grange University next school year (and we hope everyone is!) - be sure to register soon if you haven't already! Spots are filling up, and we don't want anyone to miss out.

IMPORTANT INFO

March 30 - April 6:
Spring Break: No School
