### INDEPENDENT AUDITORS' REPORT

July 28, 2020

Members of the Board of Commissioners Community Park District of La Grange Park, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Community Park District of La Grange Park, Illinois, as of and for the year ended April 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Community Park District of La Grange Park, Illinois, as of April 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Community Park District of La Grange Park, Illinois July 28,2020 Page 2

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Community Park District of La Grange Park, Illinois' basic financial statements. The introductory section, other supplementary information and supplemental schedule are presented for purposes of additional analysis and are not a required part of the financial statements.

The other supplementary information and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

### **Management's Discussion and Analysis**

The following will provide an overview of the District's financial activity for the fiscal year ending April 30, 2020; identify changes in the District's financial position; and identify any material changes from the approved budget. We encourage readers to consider the information presented here in conjunction with the District's financial statements.

### **Financial Highlights**

- The District's financial status continues to be strong. Overall revenues this past year were \$1,615,066 and expenses were \$1,538,946, increasing overall net position by \$76,120.
- Total property taxes collected were \$1,033,863. The fiscal year collects tax revenue from the two previous tax years. FY2019-20 collected the second installment of tax year 2018 and the first installment of tax year 2019.

### **Overview of the Financial Statements**

This narrative is intended to provide the reader with an understanding of the financial position of the District as of the close of the fiscal year and the results of activities for the year then ended.

The Statements of Net Position and Activities (Government-Wide Financial Statements) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The Statement of Net Position presents the District's assets/deferred outflows and liabilities/deferred inflows, with the difference reported as net position. The Statement of Activities report how the District's net position changed during the fiscal year based on revenues and expenses. It shows the net expense of the District's activities and the general revenue financing these activities.

The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances (Governmental Fund Financial Statements) report how the District's services were financed in the short-term, as well as what remains for future spending. These statements report more detail than the government-wide financial statements by providing information about the District's most significant funds. The significant funds (major funds) are separately reported and non-major funds are combined and reported as other funds.

In addition to the basic financial statements, notes to the financial statements provide further information to the reader and should be considered an integral part of the financial statements.

Budgetary comparison schedules are also provided for the general fund and major special revenue funds, as required supplementary information. These schedules are useful in comparing how the District's expenditures were made in comparison to budgeted amounts.

### **Financial Analysis**

Net position can serve, over time, as a useful indicator of a government's financial position. The District's assets/deferred outflows exceeded liabilities/deferred inflows by \$3,710,456 as of the close of the year. Of the net position balance, \$398,986 is unrestricted, \$3,051,561 is invested in capital assets net of related debt and \$259,909 is restricted.

	Net Position		
		2020	2019
			_
Current Assets	\$	1,295,509	1,364,493
Capital Assets		4,501,042	4,683,108
Other Assets		42,893	-
Total Assets		5,839,444	6,047,601
Deferred Outflows		155,088	486,849
Total Assets and Deferred Outflows		5,994,532	6,534,450
Long-Term Debt		1,331,405	1,874,626
Other Liabilities		256,795	461,483
Total Liabilities		1,588,200	2,336,109
Deferred Inflows		695,876	564,005
Total Liabilities and Deferred Inflows		2,284,076	2,900,114
Net Position			
Net Investment in Capital Assets		3,051,561	3,106,408
Restricted		259,909	230,487
Unrestricted		398,986	297,441
Total Net Position		3,710,456	3,634,336

As shown in the statement above, 21.6% of the District's assets/deferred outflows are current and mainly invested in cash and receivables. The remainder is capital (tangible) assets and deferred outflows of resources. The capital assets decreased by 3.9% due to depreciation expense in the current year. 58.3% of the liabilities are non-current of which 99.5% of the total represents debt of the District and 0.5% represents compensated absences payable. The total net position consists of 10.8% unrestricted, 7.0% restricted and 82.2% invested in capital assets.

The table on the next page shows the nature and source of the changes in net position during the current fiscal year compared to the prior year.

A 1.8% increase in property tax revenue is due to higher taxes collected than estimated.

Interest revenue increased in 2020 due to better interest rates than expected.

Program fees decreased from \$528,077 to \$494,102 (6.4%), due to the last two months of the fiscal year the District reducing programs because of COVID-19.

	Changes in Net Position		
		2020	2019

Change in Net Position		76,120	(108,905)
Net Position - Beginning		3,634,336	3,743,241
Net Position - Ending		3.710.456	3.634.336
Net Position - Ending	_	3,710,456	3,634,336

### **Budgetary Highlights**

The General Fund revenues experienced a \$12,666 over budget condition during the year ended April 30, 2020, which was primarily caused by higher than budgeted revenues in all categories.

### **Debt Administration**

Following is a summary of debt transactions for the years ended April 30, 2020 and 2019:

	Long-Term Deb	Long-Term Debt Outstanding		
	2020	2019		
Bonds Payable - Beginning Retirement of Bonds	\$ 1,500,000 (120,000)	1,615,000 (115,000)		
Bonds Payable - Ending	1,380,000	1,500,000		

Additional information regarding debt may be found in the accompanying notes to the financial statements.

### **Capital Assets**

As of April 30, 2020, the District had invested \$8,017,893 (before accumulated depreciation of \$3,516,851) in the range of capital assets shown in the table below. Depreciation expense was \$182,066 for the year ended April 30, 2020. There were no current year additions during the fiscal year.

Additional information regarding capital assets may be found in the accompanying notes to the financial statements.

	Capital Assets - Net of Depreciation		
	2020	2019	
Land	\$ 1,001,200	1,001,200	
Land Improvements	3,087,412	3,087,412	
Building amd Improvements	3,249,987	3,249,987	
Machinery and Equipment	679,294	679,294	
	8,017,893	8,017,893	
Less: Accumulated Depreciation	(3,516,851)	(3,334,785)	
Total	4,501,042	4,683,108	

### **Economic Factors and Next Years' Budgets**

Following are significant items for the next fiscal year:

• How the global public health emergency of COVID-19 will affect the District

### **Contacting the District's Financial Management**

This financial report is designed to provide a general overview of the District's finances, comply with finance related laws and regulations and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, please contact Jessica Cannaday, the Park District Executive Director. Her office is located at 1501 Barnsdale Road, La Grange Park, IL 60526. She can be reached by phone (708-354-4580) or e-mail (jcannaday@communityparkdistrict.org).

### **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended April 30, 2020

Net Change in Fund Balances - Total Governmental Funds	\$ 108,594
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Depreciation Expense	(182,066)
The net effect of deferred outflows (inflows) of resources related to the pensions not reported in the funds.  Change in Deferred Items - IMRF	(456,505)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal on long-term debt consumes the current financial resources of the governmental funds.	
Change in Compensated Absences Payable	117,413
Change in Net Pension Liability - IMRF	359,965
Retirement of Debt	120,000
Amortization of Bond Premium	7,219
Changes to accrued interest on long-term debt in the Statement of Activities does not require the use of current financial resources and, therefore, are not	
reported as expenditures in the governmental funds.	1,500
Changes in Net Position of Governmental Activities	76,120

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Community Park District of La Grange Park (the District) is located in La Grange Park, Illinois (Cook County). The District was organized under state law to provide recreation services to local residents.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

### REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

### **BASIS OF PRESENTATION**

### **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### **BASIS OF PRESENTATION** – Continued

### **Government-Wide Statements** – Continued

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

### **Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All funds of the District are reported as governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

*General fund* is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### **BASIS OF PRESENTATION** – Continued

### **Governmental Funds** – Continued

*Special revenue funds* are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditures for specified purposes. The District maintains six special revenue funds. The Recreation Fund, a major fund, is used to account for revenues and expenditures related to recreational programs offered by the District. Financing is provided by a restricted property tax levy and committed recreation fees.

Debt service funds are used to account for the accumulation of resources, and the payment of, general long-term debt principal and interest. The Debt Service Fund, a major fund, accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital projects funds are used to account for all resources used for the acquisition or construction of major capital assets. The Capital Projects Fund, a major fund, is used to account for financial resources to be used for the acquisition or construction of capital facilities and equipment.

### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### **MEASUREMENT FOCUS AND BASIS OF ACCOUNTING** – Continued

### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

### **Cash and Investments**

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

### **Capital Assets**

Capital assets purchased or acquired with an original cost of \$1,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements

Building and Improvements

Machinery and Equipment

20 Years

10 - 45 Years

5 - 20 Years

### **Compensated Absences**

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

### **Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Notes to the Financial Statements April 30, 2020

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

## ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

### **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements April 30, 2020

### NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

### **BUDGETARY INFORMATION**

Budgets for funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The following procedures are used to establish the budgets:

- The District's Director submits a proposed operating budget to the Board of Commissioners for approval.
- The Board of Commissioners makes any adjustments to the budget deemed necessary and approves the proposed budget and appropriation ordinance.
- Public Hearings are conducted by the District to obtain taxpayer comments on the proposed budget and appropriation ordinance.
- Subsequently, the Board of Commissioners approves the final budget and appropriation ordinance.

Expenditures may not legally exceed the budgeted appropriations at the fund level. The budget may be amended by the Board of Commissioners. There were no amendments to the budget for the year ended April 30, 2020.

### EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget as of the date of this report:

Fund	Excess	
Debt Service	\$	50
Illinois Municipal Retirement		5,693

### NOTE 3 – DETAIL NOTES ON ALL FUNDS

### **DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

Notes to the Financial Statements April 30, 2020

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

### **DEPOSITS AND INVESTMENTS** – Continued

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

### Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

At year-end, the carrying amount of the District's deposits totaled \$6,510 and the bank balances totaled \$8,042. In addition, the District has \$774,586 invested in the Illinois Funds at year-end.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy does not limit the District's investment portfolio to specific maturities although it does state that the investment portfolio should remain sufficiently flexible to enable the District to meet all operating requirements which may be reasonably anticipated in any fund. The District's investment in the Illinois Funds has an average maturity of less than one year.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy limits its exposure to credit risk by only allowing investments in certificates of deposits which are federally insured or fully collateralized by the bank, obligations guaranteed by the United States Government, and Illinois Public Treasurer's Investment Pool or Illinois Park District Liquidity Asset Fund, which are both typically federally insured or collateralized by securities of the United States Government.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address concentration of credit risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires 110% collateralization for deposits in excess of federal depository or equivalent insurance. At year-end the entire amount of the bank balance of deposits is covered by collateral, federal depository or equivalent insurance.

Notes to the Financial Statements April 30, 2020

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

### **DEPOSITS AND INVESTMENTS** – Continued

### Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not address custodial credit risk for investments. The District's investment in Illinois Funds is not subject to custodial credit risk.

### PROPERTY TAXES

Property taxes for 2019 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by June of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about March 1 and August 1. The County collects such taxes and remits them periodically.

### **CAPITAL ASSETS**

### **Governmental Activities**

Governmental capital asset activity for the year was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
Nondepreciable Capital Assets				
Land	\$ 1,001,200	-	-	1,001,200
Depreciable Capital Assets				
Land Improvements	3,087,412	-	-	3,087,412
<b>Building and Improvements</b>	3,249,987	-	-	3,249,987
Machinery and Equipment	679,294	-	-	679,294
	7,016,693	-	-	7,016,693
Less Accumulated Depreciation				
Land Improvements	1,851,580	97,399	-	1,948,979
<b>Building and Improvements</b>	925,678	67,118	-	992,796
Machinery and Equipment	557,527	17,549	-	575,076
	3,334,785	182,066	-	3,516,851
Total Net Depreciable Capital Assets	3,681,908	(182,066)	-	3,499,842
Total Net Capital Assets	4,683,108	(182,066)	-	4,501,042

Notes to the Financial Statements April 30, 2020

Governmental Activities - Continued

Depreciation expense was charged to governmental activities as follows:

Recreational Services

\$ 182,066

# LONG-TERM DEBT

# **General Obligation Bonds**

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

	Beginning			Ending
Issue	Balances	Issuances	Retirements	Balances
\$2,500,000 General Obligation Limited Park				
Bonds of 2011A - Due in annual installments				
of \$70,000 to \$170,000 plus interest at 2.00%				
to 4.00% through December 1, 2029.	\$ 1,500,000	-	120,000	1,380,000

# **Long-Term Liability Activity**

Changes in long-term liabilities during the fiscal year were as follows:

					Amounts
	Beginning			Ending	Due within
Type of Debt	Balances	Additions	Deductions	Balances	One Year
Governmental Activities					
Compensated Absences	\$ 126,068	17,413	134,826	8,655	1,731
Net Pension Liability/(Asset) - IMRF	317,072	-	359,965	(42,893)	-
General Obligation Bonds	1,500,000	-	120,000	1,380,000	125,000
Plus: Unamortized Premium	76,700	-	7,219	69,481	
	2,019,840	17,413	622,010	1,415,243	126,731

#### **LONG-TERM DEBT** – Continued

## **Legal Debt Margin**

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Assessed Valuation - 2019	\$ 385,485,986
Legal Debt Limit - 2.875% of Assessed Value	11,082,722
Amount of Debt Applicable to Limit	1,380,000
Legal Debt Margin	9,702,722
Non-Referendum Legal Debt Limit	
.575% of Equalized Assessed Valuation	2,216,544
Amount of Debt Applicable to Debt Limit	1,380,000
Non-Referendum Legal Debt Margin	836,544

Notes to the Financial Statements April 30, 2020

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### NET POSITION/FUND BALANCES

#### **Net Position Classifications**

Net investment in capital assets was comprised of the following as of April 30, 2020:

#### Governmental Activities

Capital Assets - Net of Accumulated Depreciation	\$ 4,501,042
Less Capital Related Debt:	
General Obligation Limited Park Bonds of 2011A	(1,380,000)
Unamortized Premium	(69,481)
Net Investment in Capital Assets	3,051,561

#### **Fund Balance Classifications**

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance*. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Notes to the Financial Statements April 30, 2020

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

### **NET POSITION/FUND BALANCES** – Continued

#### Fund Balance Classifications - Continued

*Unassigned Fund Balance*. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Districts policy manual states that the General Fund and Recreation Fund should maintain a minimum fund balance equal to nine months of budgeted operating expenditures. Balances above the nine month target may be transferred to the Capital Projects Fund for the General Fund and will be used to fund future recreation needs for the Recreation Fund. The Districts policy manual states that the Social Security Fund, IMRF Fund, Insurance Fund and Audit Fund should have a targeted fund balance between three and six months of expenditures.

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

Notes to the Financial Statements April 30, 2020

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### **RISK MANAGEMENT** – Continued

## Park District Risk Management Agency (PDRMA) – Continued

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2019 and the statement of revenues and expenses for the period ending December 31, 2019. The District's portion of the overall equity of the pool is 0.109% or \$53,575.

Assets	\$70,609,234
Deferred Outflows of Resources - Pension	2,207,181
Liabilities	23,059,101
Deferred Inflows of Resources - Pension	404,213
Total Net Position	49,353,101
Operating Revenues	19,983,615
Nonoperating Revenues	6,014,647
Expenditures	20,463,511

Since 89.34% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Notes to the Financial Statements April 30, 2020

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### **JOINT VENTURE**

#### **South East Association for Special Parks and Recreation (SEASPAR)**

The District is a member of the South East Association for Special Parks and Recreation (SEASPAR), which was organized by eleven area Park Districts in order to provide special recreation programs to physically and mentally challenged individuals and to share the expenses of such programs on a cooperative basis. The District contributed \$60,778 to SEASPAR during the current fiscal year.

SEASPAR's Board of Directors consists on one representative from each participating Park District. The Board of Directors is the governing body of SEASPAR and is responsible for establishing all major policies and changes therein and for approving all budget, capital outlay, programming and master plans. A complete, separate financial statement for the SEASPAR can be obtained from the SEASPAR's administrative offices at 4500 Belmont, Downers Grove, Illinois 60515.

#### **CONTINGENT LIABILITIES**

#### Litigation

The District is not currently involved in any lawsuits.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

#### **Financial Impact from COVID-19**

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

## Plan Descriptions, Provisions and Funding Policies

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF provides retirement, disability, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at <a href="www.imrf.org">www.imrf.org</a>. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

## Illinois Municipal Retirement Fund (IMRF)

## **Plan Descriptions**

*Plan Administration*. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes to the Financial Statements April 30, 2020

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

## Illinois Municipal Retirement Fund (IMRF) – Continued

## **Plan Descriptions** – Continued

Benefits Provided – Continued. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	15
Inactive Plan Members Entitled to but not yet Receiving Benefits	12
Active Plan Members	11
Total	38

*Contributions*. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2020, the District's contribution was 9.10% of covered payroll.

*Net Pension Liability*. The District's net pension liability was measured as of December 31, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Notes to the Financial Statements April 30, 2020

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

# Illinois Municipal Retirement Fund (IMRF) - Continued

## **Plan Descriptions** – Continued

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2019, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	3.35% - 14.25%
Cost of Living Adjustments	2.50%
Inflation	2.50%

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Notes to the Financial Statements April 30, 2020

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

## Illinois Municipal Retirement Fund (IMRF) – Continued

**Plan Descriptions** – Continued

Actuarial Assumptions – Continued.

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	28.00%	3.25%
Domestic Equities	37.00%	5.75%
International Equities	18.00%	6.50%
Real Estate	9.00%	5.20%
Blended	7.00%	3.60% - 7.60%
Cash and Cash Equivalents	1.00%	1.85%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25%, the same as in the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

### **Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Current				
	1%	6 Decrease	Discount Rate	1% Increase	
		(6.25%)	(7.25%)	(8.25%)	
Net Pension Liability/(Asset)	\$	296,388	(42,893)	(320,556)

## **NOTE 4 – OTHER INFORMATION** – Continued

## OTHER POST-EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. However, there is minimal participation. As the District provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Therefore, the District has not recorded a liability as of April 30, 2020.

# OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds

## INDIVIDUAL FUND DESCRIPTIONS

#### **GENERAL FUND**

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

#### SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

#### **Recreation Fund**

The Recreation Fund is used to account for revenues and expenditures related to recreational programs offered by the District.

#### **Illinois Municipal Retirement Fund**

The Illinois Municipal Retirement Fund (IMRF) Fund is used to account for the receipt of property taxes to fund payments to the state controlled pension fund.

#### **Liability Insurance Fund**

The Liability Insurance Fund is used to account for the operation of the District's insurance and risk management activities. Financing is provided from an annual property tax levy.

#### **Audit Fund**

The Audit Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for the annual audit of the District.

#### **Special Recreation Fund**

The Special Recreation Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies to benefit the Southeast Association for Special Parks and Recreation Association to provide special recreation programs for the physically and mentally challenged.

#### **FICA Fund**

The FICA Fund is used to account for the receipt of property taxes to fund the federally administered social security program.

# INDIVIDUAL FUND DESCRIPTIONS

#### **DEBT SERVICE FUND**

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

# **CAPITAL PROJECTS FUND**

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of capital facilities and equipment.

**Debt Service Fund**
