Beginner Brown Bears

Gilbert Park

Dear Families,

Welcome to Brown Bears! We are so excited to start out the 2018-19 school year with your children! We have so many fun things to learn this year. This month in addition to getting to know each other, we are going to focus on colors and shapes. We'll explore them using math, science, art, books, dramatic play, puzzles, blocks and even music!

On the back of this page is a calendar that shows our daily focus and snack assignment.

Please bring enough nut free snacks and drinks for 12 children on your designated day.

Please be prepared, your child MAY cry for the first few classes. It will get better and it is very important for us to establish a routine at drop off. Please make your exit quickly as not to prolong any discomfort.

A few of this month's learning experiences will include:

- * We will be reading many fun books including "Mouse Paint" by Ellen Stoll Walsh and "A Color of His Own" by Leo Lionni
- * Mixing paints to see what colors we can make
- * Playing Red Light/Green Light with our musical
- * Sorting and grouping objects by color & shape

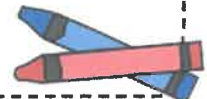

We are looking forward to a great year with your Brown Bears!

Ms. Angie & Ms. Ariel

Please call us if your child will be absent. The number for Gilbert Park is 708-354-9091
