

Dear La Grange Community,

With the "Stay-at-Home" Executive Order extended through May 30th, the Park District of La Grange will continue to keep all facilities, playgrounds, tennis courts and basketball courts closed until further notice. Our parks will remain open, however, individuals must comply with Social Distancing Requirements.

We understand you may have questions during these unexpected times. Staff is continuously working on contingency plans to address programs, rentals and memberships and daily operations. COVID-19 has impacted our spring programs and staff is currently working on processing refunds for those spring programs. We thank you for your patience while staff works through this administrative process.

Information is constantly evolving and subject to change based on CDC recommendations and State mandates. Staff continues to be proactive during these uncertain times and is making plans for summer programming accordingly. The Park District will continue to monitor developments closely and will post updated plans regarding operations and programming to our website. If you have any questions and concerns please email info@pdlg.org.

We thank everyone for your understanding, patience, and cooperation during this time. The health, safety, and well-being of our patrons and staff is our priority.

We ask that you follow CDC recommendations and State mandates and we are looking forward to seeing you this summer!
