Classroom News

Happy New Year! This month we will be learning about arctic animals and the winter. We will be doing many activities with snow and ice. We will continue to work on our counting, letter and number identification and spelling our names.

This month we will also work on independence during snack time. The kids will get their own placements, napkins and drink. They will also be responsible for clearing up their space when they're finished. I encourage you to have them take a more active role in clean up and set up during meals at home.

Keep working on counting and the ABC's at home. Introducing tasks that involve both hands working together is another great idea: ripping paper, coloring, lacing beads, etc.
