Hello,

The Reach Ur Life team would like you to fill out a questionnaire to help us understand how you are doing. If you do need or want to talk with someone, we have someone you can talk with today. Your parent/legal guardian has given us the okay for you to take the questionnaire. Before you start, please read below and sign your name at the bottom.

**How Does The Screening Work?**

1. You complete a 5 minute questionnaire about your feelings and thoughts.
2. You will talk with a Reach Ur Life staff in private about your answers.

**Confidentiality**—The Reach Ur Life staff will not share your answers with your parent/legal guardian unless your parent/guardian asks to see the questionnaire. Your principal or teachers will not know your answers to the questions.

We may/may not contact your parent/legal guardian to talk about your answers and recommend services, if we think it will be helpful for you.

If we think you or others are in danger, our staff will talk to your parent/legal guardian and/or any necessary authorities.

**Voluntary Screening** - You do not need to take the questionnaire and can skip any or all the questions.

If you have any questions, please raise your hand. If you or your parent/guardian have questions in the future, please contact Audrey Bradley at (928) 526-2968.
