Pacific – leading the charge by taking ambitious climate action

Nations need focused ambition to meet the climate crisis. That is why Pacific Island Countries are enhancing their NDCs - to set the most robust, effective and ambitious emission reduction targets.

Join us for this exciting event, in which Pacific Focal Points will share their country’s efforts to enhance their NDCs for 2020 submission.

Representatives from government, civil society and the private sector will also engage in interactive discussions to analyse the conditions necessary to achieve the ambitious NDC targets and put Pacific Island Countries on a sustainable and resilient pathway and towards achieving net-zero emissions by 2050.

Join us to discover more about Pacific nations’ determined and ambitious focus to meet our climate challenge, where no one is left behind!
