A Smorgasbord of outcomes – the local government perspective

Jo Robins, Consultant in Public Health, Shropshire Council
Multiple Outcomes Frameworks – Local Government

- Children’s Outcomes
- Wider outcomes – employment, access to education, fuel poverty
Source: Dahlgren and Whitehead, 1991
Making the Case for Social Prescribing an Example from Shropshire
Start with the Corporate Plan and Joint Strategic Needs Assessment and Locality Feedback

- Each Council has a Corporate Plan with priorities
- The data – joint strategic needs assessment
- The geography and demography of the area
- Feedback from voluntary sector and local consultations – the local issues
- Using a strengths based, place based approach

Shropshire Council Corporate Plan
- Prosperous economy
- Commercial council
- Healthy People
- Resilient communities

The Health & Wellbeing Strategy
Priorities on wellbeing and health
The Outcomes for Sarah

• Concerns identified - multiple
• Referral from GP to Social Prescribing Adviser
• Time to talk about what is important
• Tools used
• What difference did it make – the outcomes linked to the person and the what matters to the council?
