The Hungarian Recolution was drowned in blood by Soviet tanks, but it remains, in the inelegant phraseology of Premier Khruschev, "a bone in the throat." Although the Communist rulers of Hungary, backed by the Soviets, have consistently refused to permit to the country, through the United Nations observers infamous "Reports of the Special Committee on the Problem of Hungary," issued in 1957, and in subsequent resolutions, the United Nations has kept the Hungarian issue alive as a continuing indictment of the oppressiveness of Soviet control of the countries of East Europe.

Hungary has also pointed up the international hypocrisy of the Soviet Union, which supports U.N. resolutions favoring self-determination in Asia and Africa but relentlessly suppresses national aspirations within its own sphere of influence.

The students who met in Budapest six years ago made a contribution to history through their actions, and a further contribution to human freedom by their enunciation of a democratic manifesto which has a relevance for all time.

Parents

To the Editor:

According to Joseph V. Julian, the Joint Student Legislature advisor (Wed., Oct. 24- "Student Treated as an Adult") "The university respects the student as an adult".

In the same issue of the Daily Orange, columnists Hughes quotes Chancellor Tolley as saying to parents, during their weekend, "The administration acts as parents in your absence."

It would seem to me that there is a discrepancy in the two opinions stated here. Fortunately (?) there is University policy to resolve the discrepancy for us. Certainly the strict housing regulations, curfew, cutting limitations (liberal, but unfortunately existent) — all of these, and more, tell us that our Chancellor is correct in his statement.

Noble sentiments, Mr. Julian; perhaps someday they will be something more concrete!

Henry Fogel '64

Liberty

To the Editor:

The American "liberties" to which Win Whittaker refers with great pride include freedom of political thought and the freedom to express opinions with which others may disagree. Yet the strong implication of your Wednesday column is that there can be but one expressable, "right" opinion about the President's Cuban action. Are we "free" to have only one oinion? Quite a paradox. The communists would recognize it.

I am neither a "coward" nor am I without "concept" of world events, and yet I do not support the Kennedy move, at least not entirely. Your narrow-minded approach to current events is an instance of a widespread attitude that threatens liberties far more than do Khrushchev and Castro combined.

As for patriotism, it is indeed a lesson "of the past." If modern nations persist in uncurbed patriotisms, the world will soon be reduced to ashes. Yesterday's "guts" are today's childish madness.

Dept. of English

Morals

To the Editor:

In the article "Syracuse Morality-Part 3," I was happy, almost ecstatic, to note that there really is an expert on the mores and ways of sex life at Syracuse University.

A number of questions are aroused in my mind after seeing the above. The foremost of these is, "where and how did Win Whittaker get his comprehensive, all - econcompassing and enlightening information."

Additionally, I wonder what interest the campus has in what the IFC Judicial Board Chief Justice has to say about the morals of fraternity men and the potency of their fraternity pins.

Munch to Appear Here Thurs.

Charles Munch, retiring conductor of the Boston Symphony Orchestra, will appear with L'Orchestre National Francais at 8:15 p.m. Tuesday in Lincoln Auditorium. He conducted this same orchestra in 1948 while on a transcontinental tour of the United States.

Mr. Munch began his career as concertmaster of the Starsbourg, Orchestra in 1920. After working in Leipzig, he returned to his native France and formed the Orchestra Symphonique de Paris. He also conducted the Lamoureux Concerts in 1932. Soon he began the round of guest engagements which established his reputation as a world traveler.

In 1937 he succeeded Phillippe Gaubert as conductor of the Paris Conservatory Orchestra, a position held throughout World War II.

He visited the United States for the first time in 1946. He conducted the Boston Symphony and the New York Philharmonic.

Munch succeeded Serge Koussevitzky as Music Director of the Boston Symphony in 1948. That autumn, he made a transcontinental tour of the United States with the Orchestra National Francais, the French national broadcasting orchestra of which he was conductor.

The Orchestre National Francais is internationally recognized as one of the world's leading symphonic organizations. In Paris it is regarded as one of the cornerstones of French musical and cultural life.

The 110 members of the Orchestre National launched their first American tour since their memorable 1948 on October 1, at the new Philharmonic Auditorium at New York's Lincoln Center for the Performing Arts, the first foreign orchestra to be invited to perform during the opening ceremonies.

At the Syracuse concert, sponsored by S. Hurok, the orchestra will play Le Corsaire by Berlioz, Serenade by Milhaud, La Mer by Debussy, Daphnis and Chloe, Suite No. 2 by Ravel, and Bacchus and Ariane, Suite No. 2, by Roussel.

CHARLES MUNCH

UP IN THE AIR

Crisis and Triumph

By Leslie Berg

MISS BERG, today's radio-TV columnist, is continuity director of WAER.

Words on broadcasting are usually "up in the air" as the name of this column implies. But even the most cynical critics of the broadcasting industry were brought to earth this week as crisis struck the world and broadcasters rallied to meet the challenge.

While the Cuban situation gathered momentum, all eyes turned to Washington for an explanation of the crisis. The President of the United States needed to communicate with all of the people and only through radio and television was this possible.

National networks and local stations ignored commercial committments so that the words of the President could be heard.

No printed page could ever convey the impact of the Kennedy speech. An emotional man, who had seen the horror of one war, was making a statement that could be the impetus of another war, and the conviction measured with feeling could be heard in his voice.

This was just the beginning. In the wake of the President's speech, new developments occured almost hourly. As reports flowed in from Havana, Moscow, New York, Washington and allied nations, the people waited breathlessly for the latest news to come over the air.

Printing presses became as obsolete for mass communications as the party line. The news wouldn't wait for the deadlines of the morning edition.

Commentators and correspondents compiled news programs which were aired but a few hours after the President's speech. This was followed by complete coverage with bulletins as the news occurred.

Here in Syracuse, WAER, the radio voice of SU accepted the crisis challenge. Unburdened by commercial committments, WAER was able to pre-empt all programs fo complete coverage of the world situation.

WAER signed on early every day to broadcast from the Security Council sessions at the United Nations. Through the facilities of the Educational Radio Network the university station was able to provide inter-city commentary and news as the situation developed.

What happened to the world of "Father Knows Best" and "The Untouchables" during this crisis? Why does an industry that often admits to mediocrity and begs off with humble apologies or cries of "blame it on the sponsors" change over night?

The answer is simple: the broadcasters were faced with a challenge that offered no choice. The eyes of the world were upon them. People realized that the existence of the world and civilization hung in th balance and they demanded to know what was happening every moment.

This was no time for potential but a time for the realization of the goals broadcasters had been publically acclaiming for years. Every available resource was tapped. And for the first time, nobody claimed that the wasteland was being wasted.

Mahle, Gaskins Star

Piety Hangs On, Tops Holy Cross

By ANDY PORTE

The Syracuse Orangemen, with an assist from Mother Nature, Saturday stopped a fighting Holy Cross eleven, 30-20.

The Piety gridders, who had rolled up a 24-6 halftime lead by taking advantage of Crusader errors, had to hang on for dear life as the home team roared back in the second half to threaten the Orange lead.

Aided by a stiff 20 mile-an-hour wind, which paralyzed the vaunted passing attack of last year's All-East quarterback, Pat McCarthy, the Orange turned on the steam in the first half and rolled to the 18-point lead.

Syracuse turned a pass interception, a fumble recovery and a poor Holy Cross punt into tallies. Mike Koski put the Orange on the scoreboard at 14:26 of the first period by intercepting a McCarthy pass on the Crusader 37 and racing for a touchdown.

Tom Mingo's recovery of a fumble on the ensuing kickoff was quickly turned into an SU touchdown, and a windblown Holy Cross punt in the third quarter gave the Orange possession on the Crusader 25, with Jim Gaskins going over from the 15 to give Syracuse the 30-20 lead.

However, Holy Cross stormed back, reaching a first down on the Orange six. Syracuse stood firm, as Ed Conti and John Mackey tossed McCarthy for losses, and two passes were grounded, with the Orange taking over on downs.

The Orange then managed to eat up most of the remaining time, and after an series of exchanges, found themselves inside the Crusader 10 as the game ended.

The Orange looked like a winner from the game's opening kickoff, which Bill Schoonover returned 33 yards to the Piety 47. From there, sophomore quarterback Waley Mahle, who played another superb game, guided Syracuse to the Crusader 4, where the attack temporarily stalled, and Tom Mingo's blown wide.

The Crusaders took over, but the Orange took the offensive soon after as Mike Waxman recovered a Holy Cross fumble on the Purple 36. Yet the drive was stopped as Crusader Tom Hennessey intercepted a Mahle toss and returned it to the 30.

Koski promptly retaliated for Ben Schwartzwalder's boys, picking off the McCarthy pass and rolling for paydirt. Mahle added two points on a rollout to put the Orange ahead 8-0.

Nance's three-yard plunge after the fumble recovery on the kickoff added six more points to the Piety score, and Mahle hit Gus Giardi with a pass in the end zone for two more.

After regaining the ball once again, the Orange lost possession on their own 30 on a Nance fumble. Five plays later McCarthy crept over from the one. His try for two extra points was thwarted by Mingo.

The Orange then stormed back, scoring five plays after the kick-off, the big plays being a 13-yard rollout by Mahle and a 39-yard jaunt by Schoonover before Don King toted the pigskin over from the five. Mahle hit Sweeney for two, and the Orange led 24-6.

Holy Cross exploded as the second half opened, scoring twice within ten minutes to narrow the gap to 24-20. McCarthy scored from the two after a 76-yard drive, during which the Crusader field general managed to complete his first pass of the afternoon. Tom Hennesey scored from the three a few moments later, after the Crusaders had recovered a Nance fumble on the Orange 38.

The Syracuse eleven refused to collapse, however, and Gaskins added his 15-yard sprint for the final score of the game.

Mahle and Gaskins starred for the Orange, with Mahle receiving the Fraser Trophy as the game's outstanding player. Gaskins, looking like a true broken-field runner, picked up 62 yards in seven carries. Schoonover topped the Orange rushing attack with 65 yards in his six trips, before he was ejected for a personal foul in the third period.

Mahle completed four of five passes for 20 yards. In all, the Orange picked up 248 yards on the ground, compared to 160 for the Crusaders. McCarthy of Holy Cross totaled 73 yards on six pass completions. The Purple chalked up 17 first downs, while Syracuse managed but 15.

Page 4 October 29, 1962

Gals' Game Delayed

Relax football fans! You'll have to wait another long week before viewing the Daily Orange-WAER "powder puff" grid contest.

The co-ed powerhouses will battle this Sunday, Nov. 4, at 2 p. m. on the Women's Building Field. Last weekend's clash was postponed because of extreme cold weather and high injury lists on both teams.

Andrew "Legs" Porte, coach of the All-Star DO team, reports his secret scrimmage sessions are producing results. "Our squad is shaping up well under the stress and strain of tedious practice. I have extreme confidence in the club and I know that we will emerge victorious over those radio people."

Porte added, "Since we do represent a newspaper, we'll operate out of the SLOT-T."

The postponement will enable several injured DO players to see action. End Audrey Lippman and haflback Sue Weinberg should be mended for the all-important contest. However, lineman Ann Cutler has a fractured foot and won't participate.

DO starting line-up: ends - Joyce Hergenhan and Rea Turet; linemen - Judy Adams, Carol Rubright and Sandi Ehrlich; backs - Martha Johanek, Sandra Joy and Jeanne Ranov. The quarterback position is still up in the air with a superfluity of candidates fighting for top spot.

Down In Front

By JUDY ADAMS

Once upon a time there was a scrawny kid who loved all sports. So he played them, without his part-time preacher - father in the know. .....This is, until one day when dear old dad was passing by the school and heard voices chanting the family name.

Out of natural curiosity Dad wandered into the school yard to find his son stretched out on the ground unconscious.

The story has a faint flavor of the late Tyrus Raymond Cobb, who had to play baseball without his father's permission. But the scrawny kid mentioned here is not the great Detroit Tiger hitter.

This kid became a hitter of another sort. He went on to anchor the line at center for the West Virginia Mountaineers from 1930 until 1932.

Came the war and the kid was hitting again. This time it was as a paratrooper. His target was the ground of France. He was hitting another line too, the German line.

In particular, it was the night of the Normandy drop. The kid was aboard one of the planes heading for France. It was probably one of the tensest, most important moments of the war for those involved.

The kid fell asleep on the trip across the channel. One of his buddies had to wake him just before the jump.

Needless to say, the kid was a pretty relaxed fellow. And this ability to relax may be the secret to his success.

He has been very successful, by the way, during his 14-year reign as head football coach at Syracuse University.

The scrawny kid who played ball without his father's knowledge, is, of course, Floyd B. Schwartzwalder.

He's no longer scrawny and he's no longer a kid. But he's just as cool as ever, as his record here on the Hill will testify.

He has had an uncanny ability to get the best out of his material; to mold it into a winning combination. Yet, from the "great" players he has handled, only three have gone on to make their mark in pro ball. Two were original 1949 recruits Jim Ringo and Carl Karilivacz. The third was James Nathaniel Brown. And sitting on the side, waiting to try out his wings is a fourth, Ernie Davis.

Ger Schwedes, SU's "complete" halfback once explained 'He's so confident that he inspires belief in everybody else."

His assistant Ted Dailey testifies that his is "the sharpest football mind in the country." Roy Simmons adds that "Ben's philosophy is that if you work harder and longer than the other guy, you're going to be better than he is."

Ben should know. He's worked hard to be one of the best.

Syracuse Stars In New League

The Syracuse Stars hockey team will compete in the newly organized Canadian - American Senior Hockey League this winter. Other league members include three Toronto clubs and the Buffalo Rothschilds.

The Stars, U.S. Intermediate Champions last season, have also scheduled matches with strong independent teams. A 42-game slate is on tap for 1962-63.

All home contests will be played at the State Exposition Coliseum. Saturday night games start at 8:30 p.m. while Sunday encounters begin at 3 p.m.

Practice sessions for the Stars commenced over the weekend with several of last year's players participating. Coach Bob May hopes to have his skaters in peak condition for the Nov. 17 league opener.

Cambridge Prof.

Dr. J. M. T. Thompson of Cambridge University will chair a seminar today and Tuesday. "General Aspects of Elastic Instabiilty" will be the topic. The seminar is scheduled for 2 p.m. both days, in 37 Maxwell Hall today and in 409 Hall of Languages Tuesday.

Mackey, Kochman, McCarthy On Possible All-American List

By ART ROSSKY

John Mackey, the Syracuse left end, was the only Hill player to gain among 64 All-American candidates named recently by the American Football Coaches Association.

Mackey holds second place among pass receivers prior to Saturday's game with Holy Cross with three catches for 32 yards to his credit.

Last season the 6-2, 215 pound senior set a Piety record by gaining 321 yards on passes while compiling a 21.4 yards average per catch.

Another All American candidate who saw action Saturday was Holy Cross quarterback Pat McCarthy.

The Crusaders signal caller, a 6-1, 196-pound senior, ranked eleventh in the nation in total offense with a total of 696 yards gained in his first four games.

Penn State, last week's Hill opponent, placed two men on the nominating list.

Dave Robinson, whose sterling two-way play against the Orange gained him a place on the All East team, is a 6-3, 235-pound senior end.

Roger Kochman, who tallied five touchdowns in three Syracuse games. is one of 17 halfbacks mentioned.

Kochman, a 6-1, 200-pound senior from Wilkinsburg, Pa., is the only Eastern halfback named.

Another cnadidate who has already played against the Orange is Oklahoma center Wayne Lee.

Lee is one of 17 players named to the list after the season began.

Guard Keith Melenzyer, a six-foot, 198-pound senior, who made the Southern Conference team in 1961, is the lone West Virginia representative.

UCLA, with whom the Orangemen close their schedule on December 1, placed three men on the select list.

Kermit Alexander, a 6-1, 187-pound senior halfback, is second in the Bruins' ground gaining race with a total of 117 yards.

However, Alexander has averaged 7.3 yards per carry, the team best.

As a team UCLAans boast an amazing average of 4.7 yards per carry..

Another Bruin halfback named is junior Mike Haffner, a 6-2, 187 pounder, who has not seen action yet this season due to an injury.

In 1961 Haffner, playing second string talback, gained 696 yards to lead the team while averaging 6.5 yards per carry, and scoring eight touchdowns—his teams high.

Haffner also was the second best passer on the squad as he completed 14 passes, out of 34 thrown, for 213 yards and one touchdown.

Haffner played an average of ten minutes per game in 1962.

A third standout Westerner is guard Johnny Walker, a 6-foot, 206-pound-junior.

Walker spearheaded the nationally - publicized goal line stands that keyed the upset of mighty Ohio State.

MONSTER CONTEST

sponsored by the PARKER PEN PEOPLE

20 ☆ TWENTY ☆ 20

MONSTER RALLY KITS

GIVEN AWAY FREE!

TO COLLEGE GROUPS

Fraternities, Sororities, Chowder & Marching Societies, etc.

JUST FOR COLLECTING SIGNATURES (See below for complete rules)

EACH KIT CONTAINS:

1 BULL HORN ! ... throws the sound of your leader's voice a country mile

60 YARDS OF BUNTING ... the good, colorful kind

20 COUNT 'EM 20 MEGAPHONES!! ... for keeping order amongst the rank and file

50 NOISEMAKERS from Las Vegas ... for keeping disorder amongst the rank and file

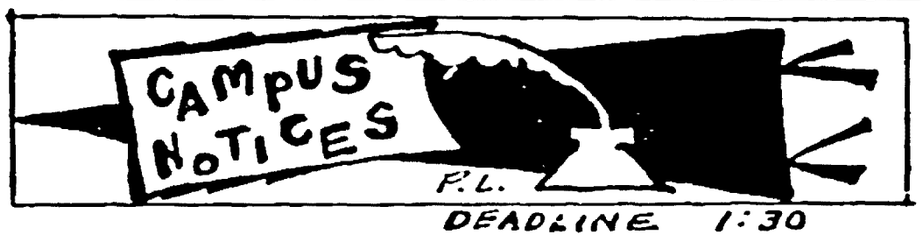
Do-it-yourself Effigy ... a bald-headed store dummy who can look like almost anybody

300 BLANK BUTTONS ... fill in your own cause

HERE'S ALL YOU DO TO WIN A MONSTER-RALLY KIT FOR YOUR GROUP:

1 Pass the hat and buy one Parker Arrow pen or borrow one—the new clean-filling, smooth-writing cartridge pen. It only costs $3.95.

2 Use this pen to acquire at least 200 (two hundred) signatures of fellow students. They need not be perfectly legible and we'll even accept artful aliases. Neatness does not count, but length does (the 20 longest lists of names win). Duplicate prizes in case of ties.



3 Mail your list to: Monster Contest, P.O. Box 5049, St. Paul, Minn. We'll mail kits to winning groups, within 30 days. Sorry, but only one kit to a college or university and only 20 kits nationwide. Be sure to appoint a group leader and include his or her name and address with your entry.

4 Consolation prizes will be awarded to each group submitting 50 signatures or more. You'll receive one FREE Parker Quink cartridge for each name (we're no dopes, they'll all have to buy Parker Arrow pens to put 'em in).

5 Decisions of judges final. All entries become the property of Parker. Contest void in Nebraska, Wisconsin, and anywhere else prohibited by law. All entries must be postmarked on or before midnight, Nov. 9, 1962, and received on or before Nov. 16, 1962.

FOOTPRINTS FROSH, Nov. 7. Dr. Benjamin F. Bart will lead discussion. All those attending must read "The Plague" by Albert Camus. Freshmen invited to the first or second meeting are welcome.

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

POST FINE - BROOK Conference. 7 to 9 p. m. Thursday, Dean Nobles home, 315 Berkeley Dr. All previous Pinebrook people invited.

COMMUTING STUDENTS: for block football seating with the Commuting Students Assn., leave reserve seating stubs in Trophy Room, Men's Gym, in box next to the ticket office window on or before Monday before each home game. Sign each stub.

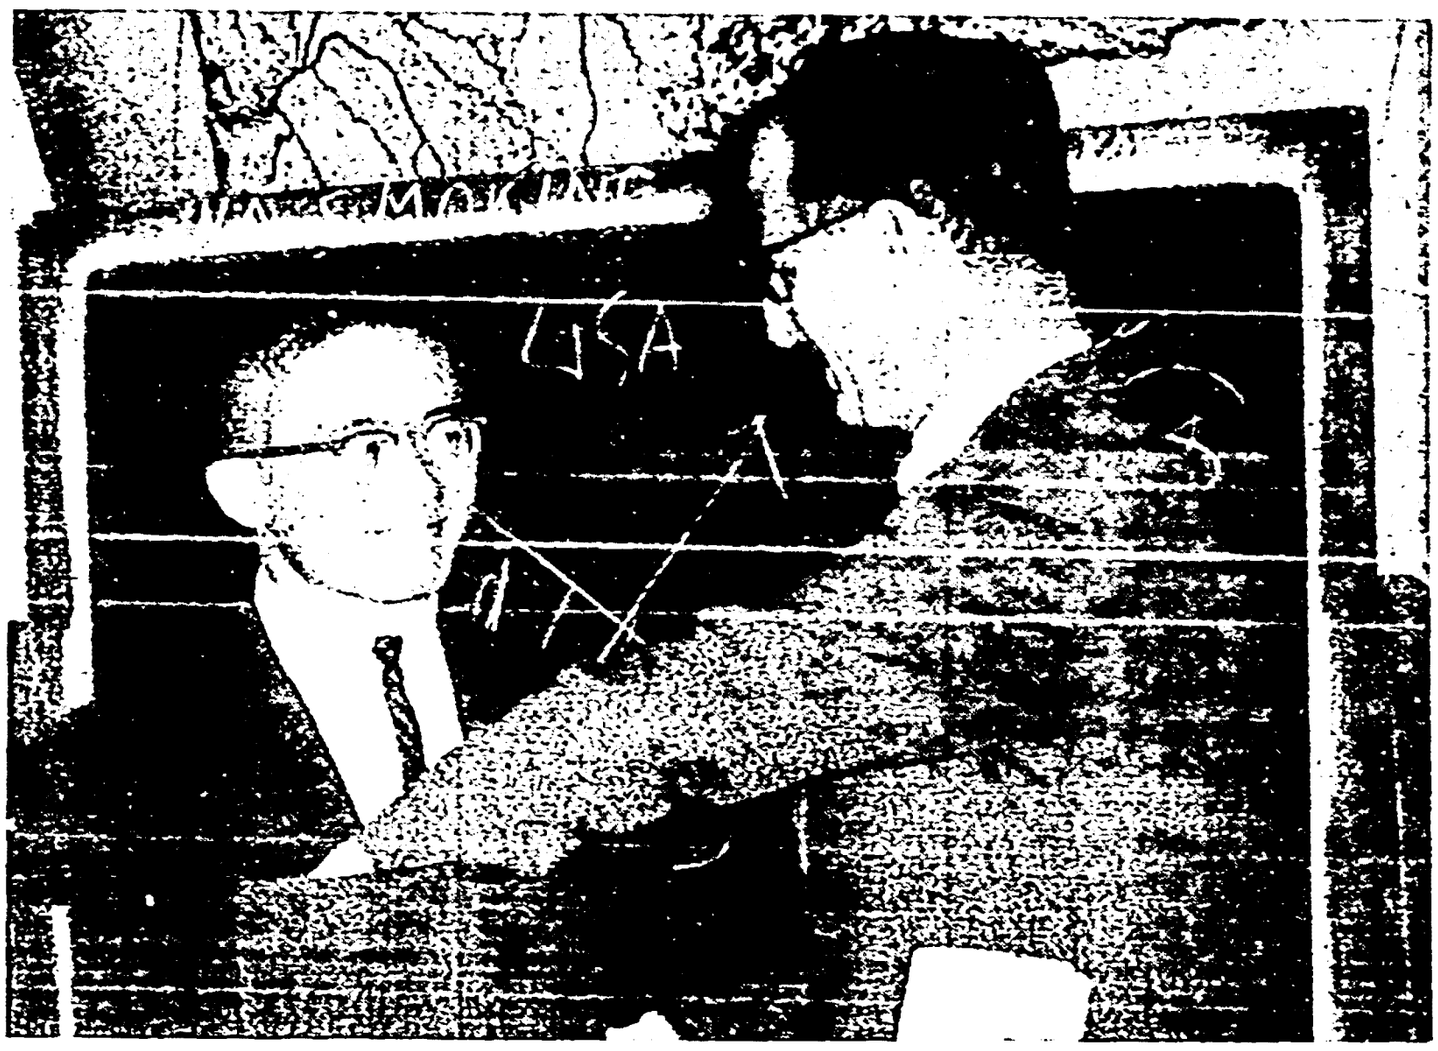
GOONS: Sign up for Navy Pep Rally today at reception desk, Womens Bldg., or call Sue McGiewey, ext. 2185.

HOMECOMING Queen Applications now being accepted, reception desk, Womens Bldg.; deadline noon today.

INTERNATIONAL STUDENTS Organization membership applications available, ISO office, Chapel House, 711 Comstock Ave.

INTERNATIONAL STUDENT Guides, 7 p.m., Tuesday, Chi Omega. All guides must attend.

BASKETBALL PLAYERS needed for commuting men's team, meeting 7 p. m. Friday, or call Frank Swiderski, GR 6-0890.



COMMUTING STUDENTS interested in civil defense come to CSA-SU meeting, 7 p. m. Friday to discuss civil defense regarding commuting students, refreshments.

COMMUTING WOMEN are needed for a Monday night bowling league. Call Bill Frost, GR 4-4010.

YOUNG REPUBLICANS entitled to Eisenhower address tickets, must pick them up before 5 p. m. today from Trish Spear at Chi Omega.

BALLROOM DANCING classes, 8 - 9:30 p. m. Wednesday, Women's Bldg. Instruction will be given in fox trot, cha cha, tango, waltz, rumba, merengue, hully-gully.

Welcome to the Club!

NEW CLASSMATE—ROBERT M. MORGENTHAU, Democratic candidate for governor of New York State, was presented Saturday with a certificate naming him an honorary member of the SU Class of 1963. Morgenthau spoke on the Hill Saturday. Making the presentation here is senior class Pres. HENRY LEE.

Assignment: build the "grease gun" into our cars

We went to the mountain to make 1963 Ford-built cars go 30,000 to 100,000 miles between major chassis lubrications

Quite a task faced Ford Motor Company engineers when they set out to eliminate the traditional trip to the grease rack every 1,000 miles.

Like Mohammed, they went to the mountain—Bartlett Mountain on the Continental Divide in Colorado. More molybdenite is mined there than in the rest of the world combined. And from molybdenite ore comes the amazing "moly" grease that helps extend the chassis lubrication intervals for Ford-built cars. This grease sticks tenaciously to metal, stands up under extreme pressures and resists moisture, pounding and squeezing. It is slicker than skates on ice!

New, improved seals were developed. Bushings, bearings and washers of many materials were investigated. Slippery synthetics, like nylon and teflon, were used a number of new ways.

The search for means to extend chassis lubrication also led to New Orleans—where experimental suspension ball joints tested in taxicabs in regular service went two years without relubrication.

It took time. And ingenuity. But the effort paid off when Ford-built cars were the first to build in chassis lubrication good for 30,000 miles or two years—whichever came first.

Another assignment completed—another "Ford First" and another example of how Ford Motor Company provides engineering leadership for the American Road.

Lillich...

(Continued from Page 1)

Cuban build-up a threat to peace and asked the Security Council to take "provisional actions." These would include the blockade and the dismantling of the offensive missiles on Cuban soil. This action is, however, subject to a Russian veto.

Lillich noted that the U. S. blockade—being enforced by her navy—is unprecendented in that it is a limited one. That is, it is set up to bar shipments of offensive weapons to Cuba—not basic supplies for life.

the final means of arbitration in an international dispute.

Lillich noted, however, that since peaceful settlements of disputes are encouraged, the question of the relevancy of our blockade of Cuba arises.

The U.S., said Lillich, is justifying its action on the grounds of self-defense, claiming the Cuban arms build-up is a threat to the peace of the Western Hemisphere. On these grounds, the blockade—since it was authorized by a 16-3 OAS vote—is valid and proper.

The sixth article of the Rio Pact also authorizes the OAS to meet and decide what to do if the sovereignty of a member nation is threatened. In the Cuban case, there was no outright aggression or attack but the action is being taken to maintain the peace.

The three dissenting OAS nations wanted a "no use of armed force" clause put into the U. S. blockade, but it was voted down.

women's offices.

Theory

The court works on the theory that students must take responsibility for upholding the rules, regulations and general welfare of the university community, Dick explained.

"While we can't handle cases involving deep psychological problems or criminal cases, the majority of student disciplinary cases are handled by the court," he said.

Dick backed Cornell's action against the graduate student, stating the case "definitely had the potential of becoming extremely harmful to the people involved."

If any graduate student, whether at Cornell or not, has a contract with the university it is "the university's perogative to infringe upon the privilege of the student if he does not maintain what is expected of him."

LAAC Recommends

A recommendation that dean's list students be given preference in housing assignments is one of four proposals submitted last week to the administration by the Liberal Arts Advisory Council (LAAC).

The group, which acts as a liaison between the Liberal Arts faculty, administration and students, has also recommended classroom buildings be opened for students to study; expanded honors programs for freshmen and seniors, and language placement testing.

The proposals, said LAAC Chairman Warren Stolusky, "are only suggestions and pend administrative approval."

The council, presenlty conferring with Dean of Women Marjroie C. Smith on the question of housing assignments, said this proposal is one of the most important factors in encouraging scholarship through dean's list incentives.

Open Buildings

The opening of campus buildings for studying is an issue that came up last year, when the system was tried and buildings had to be closed because of damage and littering done by students. This year the buildings may be reopened with some type of proctor system. This possibility is being investigated by the council and Registrar Edwin Smith.

A list of available classrooms will be published if the plan is approved.

Honors Program

The expansion of honors programs is concerned primarily with seniors in their major fields. Every liberal arts major program, under the proposed plan, would have a six hour honors program consisting of seminars and independent research.

The council is also working on expansion of freshman honors courses in all departments.

The council's proposal on language testing would make the testing progarm, already in use in the German department, avaliable in the Slavic and Romance languages also.

Court...

(Continued from Page 1)

bill and did not want to add to it.

JSC placed the student on disciplinary probation for a term, made him apologize to the director of the store and assigned him one hour a week of university service for one semester.

The third case involved a sophomore city student found to have an illegal on-campus parking sticker.

He claimed to have been sold the sticker last term by a student who said it belonged to his father an SU faculty member, who would no longer need it.

Security Police became suspicious of the sticker, and upon investigation found a duplicate sticker registered to a faculty member currently using it.

The court revoked his regular student sticker for a year and also revoked his driving privileges from 8 a. m .to 5 p. m. week days for the rest of this year. He also has been put on disciplinary probation for the rest of the year.

Parents of all these students will be notified.

HOMECOMING TIX ON SALE

Several announcements concerning Homecoming Weekend, Nov. 9 - 10, were made Friday by weekend chairman Penny Shapiro.

1. Tickets for the weekend events are now on sale from members of the sophomore class executive council and members of the tickets committee. Friday night tickets for the Lettermen and the Herb "Ebb Tide" Nelson Trio program in the Men's Gym are $1.25 per person. Tickets to the Saturday night dance are $2.50 per couple.

2. The deadline for Homecoming Queen applications is noon today. Applications should be turned in to the Women's Building reception desk or Delta Gamma sorority.

3. All persons who signed up to work on weekend committees should watch the Daily Orange for the time and place of meeting. All those who signed up may work on the committees.

4. If any one has any problems concerning the weekend, call Miss Shapiro at ext. 2260, 2261 or 2262.

AFROTC Move to Gym

Three AFROTC cadet offices are now located in the Men's Gym Building as part of an Army and Air Force office relocation move.

Capt. Gustav C. Von Wolffradt, in charge of leadership and training, also occupies an office with the cadet group on the second floor. Previously this space was used by athletic coaches who are now situated in Manley fieldhouse.

Rooms on the main floor are now being renovated for additional offices. Eventually the entire ROTC detachment will be housed in the gym.

Plans for moving the Army division are not definite. Old ROTC offices are located in the Drama Building.

HARVARD ED HEAD HERE

The acting director of admissions at Harvard University Graduate School of Education, Francis H. Duebay will be on campus Tuesday to meet with any students interested in attending the school.

Those who would like to meet with Duebay at 4 p.m. Tuesday in 106 Hall of Languages must contact Mrs. Grace Vicary in the special opportunities office, 106 HL.

Civil Service Interviews

Two Civil Service Commission representatives and a representative from the Harvard - Radcliffe program in business administration will bisit Syracuse University this week and next month.

Robert Bowler of the United States Civil Service will be at the Women's Building at 4 p. m. Tuesday. He will speak to men and women on job opportunities with the U. S. government.

On Friday a representative from the New York State Civil Service will be in the main lobby of H. B. Crouse Hall all day. He will answer questions about the civil service test and government job opportunities.

On Nov. 15 Ingely Hansmann, assistant director of the Harvard-Radcliffe program in business daministration, will be on campus.

Miss Hansmann will discuss the program and job hunting techniques at a group meeting at 4 p. m. in the Women's Building and at individual interviews.

Women desiring interviews with Miss Hansmann should contact Mrs. Marguerite Ruoff, vocational counselor and director of women's placement, 106 Women's Building.

'OPERA' AUDITIONS

Singing auditions for "Beggars' Opera" will be held 6:30 to 7:30 p.m. Tuesday, 206 Crouse College. Appointments must be made with Miss Ruth Pinnell, also 206 Crouse.

Morgenthau...

(Continued from Page 1)

future of New York State" is directly responsible for this situation, he charged.

Multi-step Program

The governor's failure to "build one single classroom" with the money allotted in a 1957 bond issue has meant the "irrevocable loss of valuable time," said Morgenthau who outlined a multi-step program to expand the State University system.

A greatly enlarged capital construction program must be started immediately, explained Morgenthau, if the state is to make up for lost time.

The candidate also advocates having the state assume a large share of the construction and operating costs now borne by local governments. He said this could be done by building more liberal arts junior and four year colleges or by allowing the State to play a larger financial role in the development and maintenance of community colleges.

The role of private colleges should not be ignored, emphasized Morgenthau. He said "These schools should be encouraged by doubling the number and the amount of Regents scholarships."

"Great Importance"

Morgenthau was introduced by Stephen K. Bailey, Dean of the Maxwell Graduate School of Citizenship and Public Affairs. Prefacing Morgenthau's talk on education, Bailey described the gubernatorial campaign as "one of great importance to the future of the citizens of New York State."

Senior Class President Henry Lee and Young Democrats President Vincent Monterosso also spoke. Lee presented Morgenthau with a certificate of honorary membership in SU's Class of 1963; Monterosso gave him a Young Democrats membership card.

8 DAYS LEFT FOR SENIOR PIX

Seniors who have not made appointments for their 1963 "Onondagan" photographs may have them taken at 109 Crouse College at the following times:

Today, 10-12, 1-5, 6:30-9 p.m. (the only available night).

Tuesday and Thursday 9-12, 1-5 p.m.

Wednesday 9-12, 2-5 p.m.

Friday 9-12, 1-5 p.m.

Saturday, November 3, is the last day that the pictures will be taken. Men should wear dark ties and jackets, and women should wear black sweaters and pearls.

January graduates will have the yearbook mailed to them if they leave their addresses and a 50 cent mailing charge when they have their photographs taken.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

Although we'll return to more wintry weather today and tomorrow, it won't be quite as cold as it has been. Upper air wind patterns now indicate a gradual return towards more seasonable weather with a warming trend later in the week.

Dark threatening clouds will persist through much of the day although some sunshine will brighten the afternoon. A few widely scattered snow flurries the area this morning with a or showers may pass through possibility of a few flurries developing later in the day or night. It will be breezy and cold with a high in the lower forties. Low tonight near freezing.

Three Fail To Appear At Hearing

In the first of at least four closed hearings, student government's Government Structures committee Thursday night heard testimony on appointed posts and the executive branch of student government.

Headed by Chairman David Knickerbocker, heard observation from eight student government officers, commissioners and coordinators. The testimony will be applied to the writing of a new JSG Constitution.

Three persons asked to cooperate with the committee did not attend. They were Jay Cohen, social coordinator; John Pollok, cultural coordinator and Lawrence Dana of the Academics Committee. Judy Tabakin of the secretariat appeared but did not wait to comment before the committee.

Persons who appeared before the committee when individually summoned from the foyer were: Susan Chalkin, government training commissioner; Katherine Kapsol, chairman of the Ways and Means Committee; James Tallon, coordinator of student activities; Sandford Harris, JSG Budget Director; Douglas Long, special service co-commissioner; Marvin Lender, public relations coordinator; Carol "Schultze" Lucha, JSG vice president; Theodore Bayer, JSG president; Trish Spear, co-football seating commissioner; and Katherine Antony, co-elections commissioner.

Trustee Lauds SU as 'Live Wire'

By BEV LURIA
Junior Editor

"It is a great privilege for members of the Board of Trustees to be associated with such a live wire project as Syracuse University."

Dwight W. Winkelman, chairman of the budget and design committees and a member of the executive committee of the SU Board of Trustees, had this to say about his position.

A director of the Lincoln National Bank and Trust Co., Winkelman expressed pleasure in being asosciated with a university that "trains and educates the most improtant product that American produces — young America."

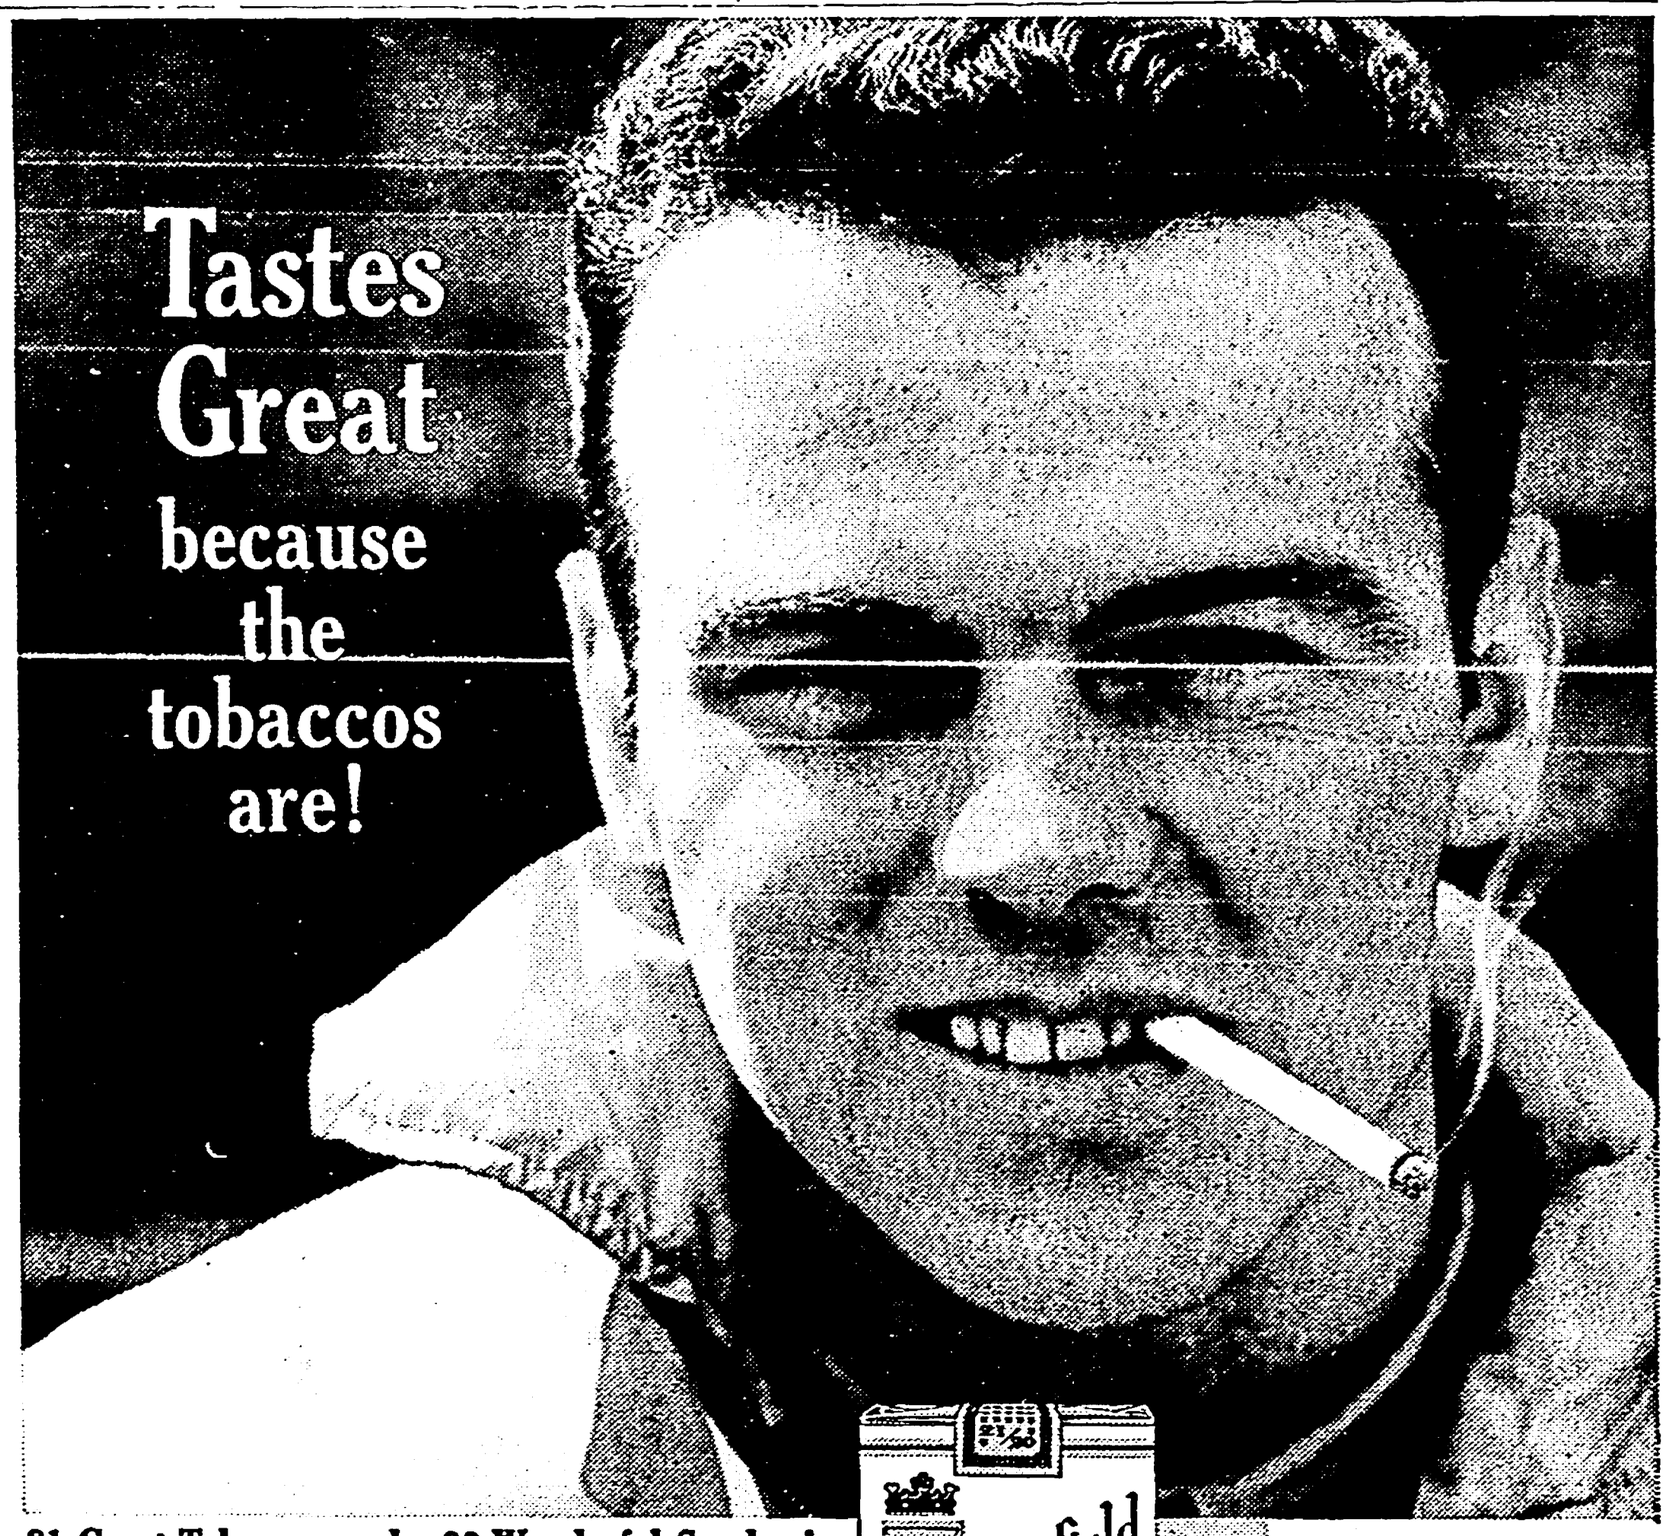
President of D.W. Winkelman & Co Inc., Syracuse Constructors Co., Inc., and Onondaga Brick Corp., among many other enterprises, Winkelman finds time to be an active member of the Board.

Enjoys Job

"It is a pleasure to be able to find time for the things you enjoy doing," Winkelman said of his activities on the Board of Trustees.

In addition to the regular meetings of the Full Board, Winkelman attends monthly meetings of the executive and design committees and many special committee meetings.

DWIGHT W. WINKELMAN
Photo by Fabian Bachrach



Describing SU Chancellor William P. Tolley as "just a great guy," Winkelman stated, "Under Dr. Tolley's splendid guidance the university has grown to become something of which all of us are most tremendously proud."

Winkelman sees a "tremendous future for the university." The Board of Trustees regards SU "more respectfully than you rascals." (SU students), he said.

Dwight W. Winkelman II, Winkelman's eldest son, graduated from SU in 1957. Another son, Peter, who transferred to the presently a sophomore here.

Winkelman attended Morningside College in Sioux City, Iowa, and graduated from the University of Iowa with a bachelor of arts degree in engineering and a bachelor of science degree in finance. He has been awarded an honorary doctorate in sciences from Morning side.

An SU trustee for about 13 years, Winkelman has been involved in engineering and heavy construction business since he graduated from college. He has been in the Syracuse area since the 1930's.

Volume 60, No. 29 | Syracuse, N. Y., Tuesday, October 30, 1962 | 8 Pages, 5 cents

Ike Praises U.S. Response To Int'l Crises

Gen. Dwight David Eisenhower commended all Americans for the manner in which they have responded to the Cuban crisis in a speech delivered last night before the 1962 Onondaga County Republican Party dinner.

"We have as in the past heard a paramount call on our unity and this nation has shown an undivided front to the world," the 72 year-old celebrated American hero and former president told an overflowing audience at the Onondaga War Memorial.

A wildly enthusiastic audience in the hall and a county-wide television audience at home were called upon by Gen. Eisenhower to elect a full state and local Republican ticket.

"Don't waste your vote," the former presidential office holder warned in a biting attack on the current Kennedy administration. The General asked all Republicans, Independents and "thinking" Democrats to end the "inept bungling" by the New Frontier through the election of Republicans in large numbers.

The Kennedy administration was charged by Eisenhower with trying to takeover the function of Congress by seeking the election of only those Democrats who agree with the administration.

"The goals that Kennedy has set for this nation have come from experimental theorists who delight in toying and tinkering with government," Eisenhower said before some 1,600 guests who had paid $100 a plate for dinner.

The strongest Republican spokesman in the nation bemoaned the present Kennedy domestic policy which he said made no contribution to the nation's spiritual greatness. "What can you expect to come from those men who promise creature comfort for free to everyone through give-away programs?", Eisenhower said.

Eisenhower lashed out at what he termed "22 months of New Frontier confusion, drift and endless talk about getting the nation moving again". Calling for fiscal responsibility and integrity in Washington, Eisenhower warned that "unless halted in their ways the Democrats wil make the pork barrel the symbol of the nation."

Engineering Ball Tickets On Sale

The 15th annual Engineers Ball, sponsored by Theta Tau, professional engineering fraternity, will be held Nov. 25 at the Sheraton-Syracuse Inn.

Tickets may be obtained from Mrs. Harris, prefab 6; Miss Burrell, 130 Hinds Hall; Louis Gross, 303 Watson East; or Hank McLeod, 607 Sadler.

HOMECOMING QUEEN COFFEE

The first elimination coffee for Homecoming Weekend queen candidates will be held at 7:30 p.m. today in the Women's Building.

All coeds who filled out applications must report to the lobby of the building. Coeds must bring escorts. Proper attire is a wool dress and heels.

Probe Vandalism at Phi Sigma Delta

INSPECTING THE damage incurred Monday morning by unknown vandals at the Phi Sigma Delta house are brothers RICHARD FRIEDMAN (l), JOE MARCOE, and MARTY KNECHT (r).

Floor Wrecked Monday A. M.; Hint Youths

By HOWIE GINSBURG

Hill students apparently were not responsible for the vandalizing of the first floor at the Phi Sigma Delta fraternity house Monday, according to SU Dean of Men Earle W. Clifford.

"This kind of destructive vandalism does not occur in any fashion internally," Clifford told the Daily Orange. Emphasis on the investigation will be off-campus, he added.

Vandals entered the first floor of the fraternity, at 206 Walnut Pl. at about 5:20 a.m. Monday.

Couches, chairs, tables and curtains were ripped and slashed beyond repair, according to Paul Herd, president of Phi Sigma Delta. Herd estimated damages at $3,000.

Swastikas and anti-semitic slogans were scratched into the furniture of the predominantly Jewish fraternity. A bottle was thrown through a picture window in the livingroom.

The attack confined to the den and living room of the fraternity, was discovered by Phi Sig brothers Lawrence Dana and Sheldon Kurtz. Both were studying in the basement and did not hear any noice until the window was shattered.

They raced upstairs when they heard the crash, phoned the police and aroused the brotherhood.

City police arrived 15 minutes later but the vandals had already escaped. Security Police came a few minutes after the city police.

Roy Abrams, sophomore, told police he heard a noise at 4:30 a.m. in Walnut Park He and Dana went to investigate but the noise-makers, youngsters about 15 years old, ran from the scene.

Police could not determine how many people were involved in the attack on Phi Sig but are continuing investigations.

This reporter discovered footprints on the front porch made by approximately size seven shoes. This, apparently would indicate a person of slight stature or a youngster.

Phi Sig is fully insured for the damages.

Hughes Refused

Board of Pub

Statement by the Board of Student Publications, October 29, 1962 in regard to the proposal by Mr. Terrance Hughes for approval of a new magazine on the Syracuse University campus.

The Board announced that it "declined to accept jurisdiction over and responsibility for the magazine as proposed."

Problems inherent in the financially independent status of the magazine figured prominently in the discussion and decision of the board.

The decision was reached after several board meetings and after hours of appraisal of the legal and budgetary problems involved.

During the meeting the members of the board again and again expressed sympathy in the interest and enthusiasm of the students in their efforts to publish a new magazine.

Terry Hughes

Terry Hughes said Monday afternoon he is still planning to publish a magazine. The first issue of the off-campus effort is expected to appear in January, Hughes said.

The former Syracuse '10' editor said "We are disappointed as hell," in the face of the Board of Publications' refusal to sponsor a second campus magazine.

"We cannot understand their reasons for turning us down," Hughes said, speaking for the eight-odd students who comprise his staff.

"It is obvious," Hughes added, "that the Board of Publications did not want to support a magazine that would raise embarassing campus issues."

"Sword of Damocles" is the title Hughes has picked for his publication; it refers to a Greek myth in which a sword repre-

(See Hughes, Page 8)

Carnival Nets $750, Crowns Miss Polozie

By SANDI EHRLICH

The annual Campus Chest Carnival cleared over $750 Friday night, co-chairmen Patricia Birnbaum and Allan Burttan announced Monday. Beseiged by snow and cold, the carnival netted about half the $1600 taken in last year.

Friday the carnival committee considered postponing the affair until spring because of the cold wave. However the university social calendar held no other open date so it was held as planned.

Monica Polozie, a senior in Delta Gamma sorority, was crowned carnival queen. She was sponsored by Phi Delta Theta fraternity.

"Although the carnival lasted only three hours, it was suc-

(See Carnival, Page 7)

Syracuse Morality: Part 5

'Morally Attractive Life-SU's Duty'

THE DAILY ORANGE has given extensive coverage to the story of a Cornell University graduate student suspended for living with a coed in his apartment during the summer. This is the fifth of a series of articles dealing with the roles of academic institutions and students in determining moral conduct.

By CLAY RICHARDS

"While we cannot force upon the student our own preconceived pattern of morality, we have a duty to make his life at Syracuse morally attractive."

This is a belief Hendricks Chapel Dean Charles C. Noble stated in comment on the role of the university in determining student conduct.

It is the obligation of the administration however, to maintain a moral climate on campus favorable to growth in righteousness and faith, so it will be easy for the students to be the best they know how to be, Noble said.

"We can't encourage moral dereliction of course, but at the same time we must realize we can't legislate righteousness,' he said.

"We get the end product of the American home, school and church or synagogue," Noble explained. "They are pretty well set in their moral pattern by the time they get here."

"We provide an environment in the university different from anything the student has known to date," he continued. "We have no right to insist a student believe a particular doctrine, we can only suggest goodness is a better doctrine when undergirded by faith."

The behavior and moral decorum of the university operates much as academics do, he explained. Many courses are offered and you can pick what you want. Goodness and responsibility are laid before the student, and the choice of accepting them is his.

Coming to college is much like entering military service, Noble said. If a student comes from a good background he tends to

Universities' Future; Stagnation or Secession

In order to correct the ills of education, students and teachers should secede from their universities and set up their own schools. This is the plan proposed by Paul Goodman, author and teacher who holds a Ph.D. from the University of Chicago.

Writing in the current issue of Harper's magazine, Dr. Goodman, who has visited nearly forty colleges, concludes that they are in a state of paralyzing tension which makes any basic changes in teaching impossible.

Dr. Goodman writes:

"I propose that a core faculty of about five professors secede from a school, taking some of their students with them; that they attach themselves to an equal number of like-minded professionals in the region; collect a few more students; and set up a small unchartered university that would be nothing but an association."

Dr. Goodman believes his plan would dispense with the external control, administration, bureaucratic machinery and "other excressences" (superfluities) that have swamped our communities of scholars.

He calls for such a radical plan because he feels that "for the near future, at least, the prospect of large-scale reform in the great majority of schools—and especially in the big ones—is dim. The changes that are most needed are the very ones that the college administration will resist, for they undermine the administration's excuses for existence and povoke the controversy it abhors."

". . . they undermine the administration's excuses for existence and provoke the controversy it abhors." This last is repeated because it is a sweeping indictment of the entire university system. Much of Dr. Goodman's article hits quite close to home, at least to the mind of one who has watched the academic process at "a large university" for nearly four years.

To Dr. Goodman, we can only add: AMEN.

'The Mounting Charge'

Ernst Bacon is a professor of piano in the School of Music and Syracuse University's only Composer-in-Residence. The following is the first part of an essay about the Cuban situation written by Prof. Bacon. The essay will be continued tomorrow.

By ERNST BACON

Being an admirer of President Kennedy does not compel me to acquiesce in all he does. I am ashamed that in times and crises like the present, criticism of his actions should have become mainly a party matter. As if elections and parties were of any consequence in the face of the despairing cry for world peace.

How easy it is to criticize from outside! Nor do I know that I would have acted otherwise than he has done under the pressure of the Cuban dilemma, were I in a position of responsibility and power. Everyone acts differently when he is in control than when he is not. Some think time will tell. But even time cannot convincingly prove the virtue of any ruler's deed, since there is never enough evidence about what would have transpired had another course been taken.

But now all the voices seem to be raised in a chorus of praise every time our government "gets tough." The doubters are either silent or confused. We must "close ranks," in every crisis. The lemmings do that too when they are about to plunge into a watery suicide. The Russians will do the same of course.

Doubts and differences are supposed to weaken a cause. But is it ever considered that doubts on our side will encourage doubts on the other? One thing is certain, and that is that a united front here will invite a united front there. It's like electrical charges: build up one and thereby induce its opposite.

Meanwhile we keep hoping there will be an effective resistance in the communist ranks, which indeed has happened in all major tyrannies. But it takes time and patience to nurse this into being, and not the external force that only welds a nation solidly together, by sheer force of crisis.

We still think in the old duelling terms — honor "holding the line," "calling their bluff." Dulles made a career of it. Internationally every nation thinks it honorable to resort to a kind of violence that has long been declared criminal between individuals. "Kill a man," says Bertrand Russell, "and you are a murderer. But kill a million men and you become a patriot."

Meanwhile all history shows that calling the bluff eventually doesn't do the work. Sooner or later the mounting charge will have to go off. And so we have a series of years, all with glorious finales (for all but the victims), some of them led by truly great men whom I too admire, yet not one of which can be proven ultimately to have been really advantageous.

They have increased our power and prosperity. But now power proves to be the poorest asset of all, yielding us only the biggest weapons for self destruction. And prosperity makes us the target of the world's envy and rapacity.

We try in vain to prove to the world that our democracy has brought our prosperity. But the other part of the world has long ago decided that it has been our prosperity that has permitted our democracy.

I venerate our founding fathers and their political philosophy far too much to credit this view as anything better than the historical attitude of want in the presence of surfeit. But I am sure that three-fourths of the world wants our goods rather than our government.

The present issue is described as between capitalism and communism. It is hard to make people understand that both have become in a sense obsolete, and are merely opposite phases of the one great event of modern life, which is industrialism.

Only a few centuries ago, the Catholic and Protestant, both a part of the Christian Church, succeeded in killing off three quarters of Europe in a Thirty Years War, over issues hard to credit today and mostly unremembered. Now should we go to war and this time kill off the whole world because of an economic theology difference, at the very time that capitalism is making of us a socialist state (through its ever wider inclusion and ownership, soon to approximate the state itself), while our adversaries are modifying their Marxism from day to day to suit modern realities?

And all this between two peoples well disposed toward each other, except that their leaders continue to bandy the insults and threats belonging to the dueling tradition, two peoples possessed of all the wealth they need, with an affinity in youth, pioneering, the arts and sciences; and neither having the least need for what the Nazis called, "Lebensraum."

(To be continued tomorrow)

TREVER ON CAMPUS

"Fred always did want to be a drama major!"

LETTERS

India

To the Editor:

The eloquence and spirit of Mr. Sreenivas Rao cannot be too highly praised. I would like, however, to call certain facts to his attention.

In the first place, the southern and western borders have been through the centuries matters of dispute. The Nationalist China had not really accepted the demarcation line set by the British when they were in India because she claimed that certain areas rightfully belonged to her. As a matter of fact the Chinese Republic had demonstrated her rights by occupation but was repelled by threats from Britain.

Secondly, while I definitely cannot accept the Methods employed by the Communist China in trying to solve the border problem, I cannot help noting the similarity of action both at Goa and now on the northern frontiers of India..

Peter L.. M. Lee

Nan or Nat

To the Editor:

While I always enjoy seeing my name in print, I must admit I was somewhat surprised to see it appear under one of the pictures in last Friday's issue of the football team in action.

Probably I am the only Freshman girl at Syracuse to lay claim to such a unique distinction, but for several obvious reasons I don't quite feel I deserve this recognition.

I'm not even remotely related to the Duckett in the picture and intend, at any rate, to make my mark in fields other than football. Therefore, in future issues, render unto Nat the things that are Nat's; and unto Nan the things that are hers.

Nancy Duckett '66

ISO

To the Editor:

Playing brave co-ed last Thursday night, I trundled out of my dormitory and headed toward dingle-man land for sustenance of roommate and self.

Now, in order to arrive at dingle-man land one—from my world—must pass by the Chapel House. This I did. However, no sooner had I passed the edge of the driveway than I was stopped by the warm and Siren-ish sounds of some folk music.

Surprisingly enough, the ISO was sponsoring a cultural exchange show produced by the Ukranian club, and it had started on time! (I was late.) So festive were the folk dances, the music and the obvious pleasure of the audience, I forgot about hunger and roommate. The program went on for about another hour after my arrival and during the intermission I had opportunity to take stock of the audience.

There were very few American undergraduates in attendance. I recalled my surprise at stumbling upon such gay goings-on and realized little or no publicity had been given ISO for the event.

I would like to suggest to the D. O. give a greater coverage to affairs and events such as those sponsored by the ISO. An experience in international living is sitting in our front yard. All we have to do is walk out and shake hands. If we don't owe it to ourselves, then we are obligated by common host courtesy to offer any and all necessary assistance for the promotion of these programs.

Katherine Elder '65

"Chance happens to all, but to turn chance to account is the gift of few."
— Bulwer Lytton.

'Endgame' in Production

REHEARSALS ARE currently in progress for the SU Dramatic Activities' presentation of the Ensemble Theatre's production of Samuel Beckett's "Endgame." Reading left to right are: DAVE HAMILTON who is directing the avant garde play; RICHARD FOLMER as Hamm; and RICK MILLER as Clov. Written by the author of "Waiting for Godot," "Endgame" will be seen Nov. 8, 9, and 10 at the University Regent Theatre.

Beg Pardon: Munch Today

Charles Munch and the L'Orchestra Nationale Francaise will appear at 8:15 p.m. today in Lincoln Auditorium and not Thursday, as stated in a DO headline, Monday.

Munch, who is retiring as conductor of the Boston Symphony will conduct Le Corsaire by Berlioz, Serenade by Milhaud, La Mer by Debussy, Daphnis and Chloe, Suite No. 2 by Ravel; and Bacchus and Ariane, Suite No. 2 by Roussel.

ETA PI UPSILON

Eta Pi Upsilon will meet at 8:30 p.m. today at Dean Smith's home, 820 Livingston Ave.

More on Mags

by John E. Greenwald

BULLETIN . . . BULLETIN

That ugly, mumbling sound heard between HL and Maxwell is not an upset steam pipe. It is the university administration trying to speak. It can't. Its foot is in its mouth. Terry Hughes has been denied the privilege of selling his magazine on campus. His status with the Board of Publications is lower than that of the Herald Journal or Post-Standard. Now back to our regular column.

Perhaps one of the reasons why the university is bungling the campus magazine issue is that they don't read.

Take for instance two issues of a little magazine that crossed our desk a few days ago, "Pen," the literary quarterly of the University of Utah. It is published three times a year, distributed free, contains no advertising, and offers cash prizes of $20 for the best piece of fiction, nonfiction and poetry published in each issue.

When the editors feel nothing is worthy of an award, they don't give it. The winter issue has four short stories, five poems and 8 drawings or paintings, all of excellent quality.

We have no doubt that the students, faculty and administration of Utah are very proud of "Pen." It is a magazine "in which the creative artist, in fiction and non-fiction, in poetry, drama, and criticism could present his work.

"A magazine in which painters, photographers, and commercial designers could exhibit their ways of organizing space and color and form. A magazine that could be a forum for ideas. . . ."

The above quote is not from a University of Utah press release but from SU's Board of Publications "outlines" of "Syracuse 10's" purpose.

Simply put the SU seems to want the only magazine on campus to be a literary quarterly. But unlike Utah's discrete and intelligent effort the administration wants a slick glossy, gaudy "showcase." They haven't learned that a "forum for ideas" should not resemble the Saturday Evening Post.

There is a place for a Hill literary publication. The university of Utah has found the place and the format: but "communications" oriented SU seems incapable of doing same.

The administration hasn't realized, or probably doesn't want to realize, that a humor magazine should be THE campus publication. College students have the proper writing skill and the proper iconoclastic attitudes to create satire and poke fun.

It is a weak and scared college that cannot trust its own position on campus and the skills of its students.

The university should have a "showcase" publication. A true literary quarterly, like "Pen," is such a magazine. SU should also have a "campus" periodical suited to the talents and interests of the students.

At the moment it has neither.

GUS GIARDI

Giardi Small But Tough

Physicaliy he is small. In strength, might, and team spirit, he is a giant. Gus Giardi is the Orangeman who stands five feet, seven inches and weighs one hundred seventy-five pounds.

Gus is a native of Manchester, New Hampshire, and a 1960 graduate of Manchester Central High. At Manchester Central he won nine letters 3 in football, four in baseball, and two in track. During his high school years, he played quarterback, and left half.

A Junior in the Liberal Arts, Giardi plays right half. In the Oklahoma game he gained forty yards in seven tries, giving him a 5.7 average rushing. In the Army game, Gus carried the ball twice, for a gain of ten yards, and caught one pass.

Giardi, who plays "strictly offense," said of the past two games, "I think we outplayed Oklahoma in every respect, but the score. We are all hungry for victory, but havn't tasted much of it. We are going to try harder against Pitt, and maybe give that students what they want."

Harriers Outrun Cornell For Third Straight Victory

By HOWIE SCHNEIDER

A well balanced Orange cross-country squad placed six men in the top ten Saturday at Ithaca to extend their victory string to three straight with a 24-33 win over Cornell.

Red First

The Big Red's Jim Byard led the field and finished first in a time of 27.16. Syracuse runners captain Mike Guzman and Mauncey Fergurson tied for second, crossing the tape in 27.32. A Cornell man finished fourth, but the Orange bounced back to capture the fifth through eighth positions. Mike Shuster, Jack Dailey, Steve Killorin, and Tom Higgins, finished in that order respectively.

Coach Bob Grieve remarked after the meet. "We ran a good race. They were ahead all the way up until the last mile, then we really came back strong. Guzman and Fergurson ran impressive races."

Frosh Win

The road to Ithaca was even a more successful one for Coach Grieve after his freshman squad also toppled Cornell. The young undefeated squad gave evidence they are going to be a tough team to beat this season, walloping Cornell 21-40 for their fourth consecutive win.

Chiak Wins

Bill Chiak finished first in the time of 15.43. Bill was just .7 seconds from shattering Steve Machooka's frosh course record. Syracuse runners captured seven of the top ten positions. Spino finished second and Miller, Edwards, Bennet, Corbert and Kern, finished fifth through ninth respectively.

Meet Saturday

Saturday both the frosh and varsity thinclads will travel to New York City for an important quadrangle meet with Fordham, Brown, and Providence at Van Cortlandt Park. "The frosh have an excellent chance of winning, and if the varsity keeps improving they will make a strong bid also," commented Coach Grieve.

Previously this season both squads met Colgate, Buffalo, and Army. The varsity dropped the first but went on to beat the latter two. The freshman were victorious in all three meets.

INTRAS

Swimming

The government first minted five cent pieces in 1749.

Increase Aid Grant to SU

The Armstrong Cork Company of Lancaster, Pa., has announced an increase in its undergraduate scholarship grant to Syracuse by $500.

The increase brings the maximum amount offered by the company in a single scholarship to $2,100.

Armstrong, a worldwide organization which produces and markets flooring and consumer products, has awarded 114 two-year grants since the initiation of its Scholarship-Fellowship Program in September 1955.

WELLS & COVERLY

Low And Inside

By BILL CRONAUER

The following are things the DO sports staff would like to see happen on the Syracuse athletic scene:

We'd like to see Ben Schwartzwalder receive Coach-of-the-Year honors—in 1963 . . . Better football seating for students . . . The SU soccer club gain varsity recognition . . . A chartered bus service running to the fieldhouse for basketball games . . . Gus Giardi add another six inches to his 5'8" frame.

We'd like to see lights on Hendricks Field to provide more facilities for intramural football . . . New uniforms for the cross-counry team . . . Continued support for the Syracuse University Hockey Association . . . The Manley Fieldhouse made available to Fred Lewis and his basketball charges . . . More grid guards from Solon, Ohio.

Bringing up some old complaints, we'd like to see more and better football games at Archbold . . . More thoughtful scheduling of athletic contests (Thanksgiving encounter with West Virginia) . . . Varsity tennis matches played on campus . . . Larger turnouts for so-called 'minor' sports . . . The university operate its own golf course.

We'd like to see individuai fall intramurals such as tennis start before the snow flies . . . A traditional football rivalry established with Penn State . . . More crew scholarships . . . Bigger bats for the baseballers . . . . The frosh backfield playing varsity.

On a serious note, we'd like to see the unequalled Ernie Davis recover from leukemia and establish himself in pro football . . . Orange opponent West Virginia complete is comeback on the college gridiron.

We're sure almost everybody would like to see fewer 44-yard field goal attempts . . . Penn State halfback Roger Kochman graduate . . . The varsity cage squad continue its winning streak . . . More spirit at home football games.

We'd also like to see the Orange rowers grab a spot on the 1964 Olympic team . . . America's top runners participate in the fieldhouse opening . . . Bob Lelli throw footballs with the same accuracy he chucks baseballs . . . A skating rink at Manley Fieldhouse.

Cheerfully, we'd like to see the DO forecasters hit 50% on their weekly grid picks . . . Gene Garrett playing for the tennis squad as well as coaching it . . . Jimmy Brown in a 1962 Syracuse jersey . . . Ten more Walley Mahles.

We'd finally like to see all lacrosse games held in the stadium . . . An expanded track program . . . Tougher competition for an improving Orange swimming club . . . An Eastern Big 5 Conference with Syracuse, Penn State, Pittsburgh, Army and Navy as initial members . . . and, to top it off, we'd like to see fewer dogs on the football playing field.

Rooney-Oyer Twosome Clicks As Frosh Shutout Army 20-0; Brown (Charlie) Top Rusher

By JUDY ADAMS

The combination of Charlie Brown's legs and the arms of Hal Rooney and Ron Oyer gave the Orange frosh their second victory of the season, Friday, a 20-0 blanking of the Army Plebes.

In a game played midst the sleet and snow on a treacherous gridiron, Rooney connected twice with Oyer for touchdown passes. Brown romped away with the rushing honors of the day.

Charlie Brown, whose name is the same as the weil-known comic strip character, wasn't very funny to the young Cadets. He lugged the ball 19 times for 129 yards, more than half of the total Syracuse rushing offense. His efforts were more successful than the entire Army team on the ground.

Syracuse initiated its scoring in the second quarter when George Kontrabeci, a second-unit halfback, crashed 22 yards over left end for a score. The kick for the extra point was blocked.

Six minutes later in the same period quarterback Rooney hit Oyer for a six-pointer that covered 11 yards. The try for the two bonus points failed, and the Orange Cubs led 12-0 when the half closed.

The third period passed with neither team denting the goal line. In the fourth quarter, the Tangerines tallied again when Rooney hooked up with Oyer for a 15 yard scoring pass play. Two points were added when Rooney dashed over on a rollout.

"This is the best game any frosh football team ever gave Syracuse in my time here," praised coach Jim Shreve. It was Shreve's 13th victory against one loss in his four years as the Orange frosh coach.

The Syracuse team gained a total of 281 yards, 240 of which were made on the ground. They take their unblemished record to Navy next Friday.

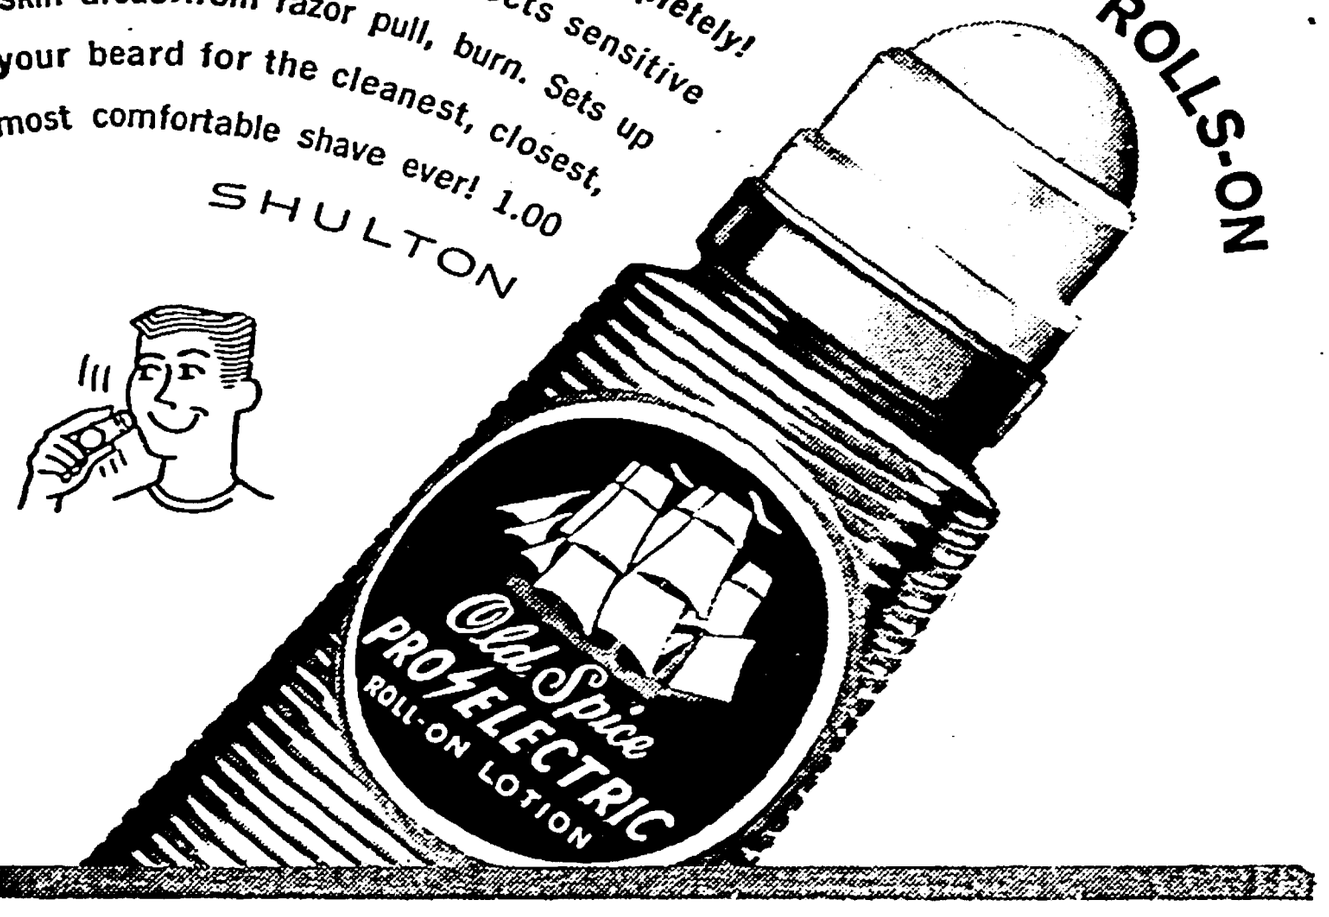
Skiers Open With Meeting

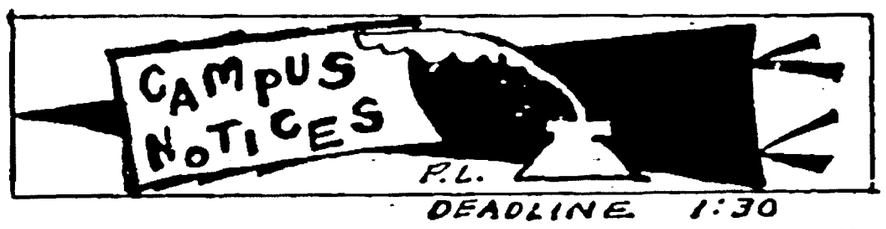
The Syracuse University Ski Team will officially start the 1962-63 season with an organization meeting Thursday night 7:30 at Skytop. All freshmen and upperclassmen that have any racing experience in downhill, giant slalom, slalom, cross country or jumping are asked to report. Proficient skiers that are interested should also report as limited instruction is available.

Coach Elton Fairbank is expecting many of last year's team to be back to fill the vacancies left by John Fallows and Jerry Laffer.

Returning will be Bill "Meister" Dalton, a senior from Beaver Falls, N. Y., who was the Skeimeister at the St. Michael's Winter Carnival and most valuable skier on the team last year.



Dave Menotti, from Fayetteville, N. Y., a junior and now a class B racer will add a big boost to the alpine team. Along with him will be Chal Lyons, junior from Fayetteville whose specialty is downhill and giant slalom.



Coach Fairbank expects big things from Gary Ginter, a senior from Dewitt, N. Y., after his strong showing in cross country and slalom at the end of last year. Service will be expected from Bob Bryant if a knee injury is healed.

Moving up from the freshman team will be a class B racer from Lachonia, N. H. named Bob "The Walk" Thorenson. Bob, a four event man in high school, is also expected to run

ADI MEMBERS, yearbook picture will be taken, 8 p.m. today, Lowe Art Center.

SKI TEAM, all interested in varsity and freshmen teams, 7:30 p.m. Thursday, Skytop ski lodge. Training and racing schedule will be discussed. Transportation 7:15 p.m. from the men's gym.

FROSH INTERESTED in frosh committees, leave name, local address, extension and area of interest in Box 414 Dell Plain no later than 3 p.m. Saturday.

GOVERNMENT STRUCTURES meeting with junior class Executive Council, 6:45 p.m.. today, 405 Maxwell. All summoned from junior exec must attend.

LUTHERAN DAILY Devotions, 5 p.m., North Wing, Hendricks Chapel.

LUTHERAN Reformation service, 8 p.m. Wednesday, downtown. Cars will leave from campus, check with Lutheran office, Hendricks Chapel basement.

ALL SAINTS Day Lutheran Holy Communion, 5 p.m. Thursday, North Wing Hendricks Chapel.

SIGMA DELTA CHI, 7 p. m. Wednesday, Journalism Center. New members are requested to attend for official recognition.

New York State Exam

New York State has announced written employment exams will be given in Syracuse on Dec. 1. Applications must be made by Nov. 1 for the professional career exam and the public administration intern exam.

Through the professional career tests, college graduates enter the New York state service in fields including administration, law, economics, statistics, accounting, publicity, actuarial, biological, and physical sciences.

Those eligible to apply for the professional career tests are: college seniors, college graduates, graduate students, and college juniors who expect to receive their bachelor's degree by June 30, 1964.

The purpose of the public administration internship program is to attract a relatively small number of college graduates to state employment.

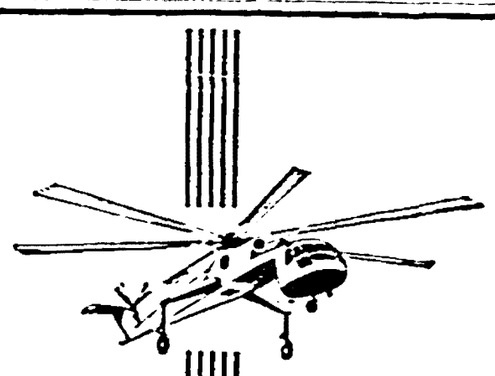
The requirements for making application for the public administration internship test are as follows:

1. graduation by June 1963 with a bachelor's degree.

2. completion by June 1963 of all course work for a master's degree in public administration, public affairs or governmental political science, government, administration, or completion of all course work for a master's degree in another field along with undergraduate or graduate courses considered preparatory for work in governmental administration.

Further information and applications for both tests are available in the Maxwell Placement Office, 211 Maxwell Hall.

Mademoiselle Guest Editors



"Mademoiselle" magazine is offering an opportunity for women students to become Guest Editors of the magazine for a month.

Coeds with talent in the fields of writing, art, fashion, promotion, merchandising, or advertising, can become eligible for guest editorship by submitting an entry which shows ability in any of these areas.

"Mademoiselle" is also sponsoring a College Art Contest, and a College Fiction Contest. Art entries must include 5 or more samples of work in any medium. The two winners will receive $500 and will be given the chance to illustrate the winning piece of fiction.

Entrants of the fiction contest must submit one or more stories of any length. The two first prize winners will have their stories printed in "Mademoiselle" and also will be paid $500.

Entries must be postmarked by March 1, 1963, and should be sent to either College Board Competition, College Art Contest, or College Fiction Contest, "Mademoiselle", 420 Lexington Avenue, New York 17, N.Y.

LT. COL. FRANK COX

AFROTC Colonel Retires

The retirement of Lt. Col. Edwin L. Walker, Air Force ROTC professor of air science, will be marked by an AFROTC parade and review today in Manley Fieldhouse.

Replacing Col. Walker is Lt. Col. Frank L. Cox, ace bombardier-navigator of the World War II European campaign.

Cox comes from the Military Air Transport Service in South Carolina where he served as an operations officer. During the Katanga secessionist crisis last winter he acted as the MATS Missionary Commander in the Congo.

Cox will be responsible for the selection and training of future Air Force officers who gain their commission through the Syracuse ROTC program.

SU Graduate To Supervise Missile Post

HANSCOM FIELD, Mass. — Col. John A. Trask, 20 year armed forces veteran and 1941 Syracuse University graduate, has been named director of the 4741 (Ballistic Missile Early Warning System - BMEWS) program office.

The BMEWS is now providing over-all management for construction of the third long range radar site at Fylingsdale Moore, Yorkshire, England, which can detect and track intercontinental ballistic missiles and warn the United Kingdom, the United States and Canada if these missiles are launched toward North America.

Two other huge BMEWS radar installations, one at Thule, Greenland, and a second at Clear, Alaska, are now scanning the Arctic skies in an around-the-clock watch for ICBMs that might be launched across the north polar region.

Col. Trask is a native of Willard, N. Y., and graduated from SU with a degree in chemistry. He holds a master of business administration degree from George Washington University in Washington, D. C., and is a graduate of the logistics staff officer's course at the Air Command and Staff School.

Fellowship Offers Soroptimist Club

Women graduate students are eligible to apply for a $1500 fellowship offered by the Soroptimist Club of Los Angeles.

Minimum requirement for the award is a bachelor's degree or its equivalent. The competition is open to American and foreign students.

Additional information and application forms are available from Mrs. Anne Grand Pre, Rm. 702, 510 S. Spring St., Los Angeles 13, Cal.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

High thin clouds will gradually thicken today. Although some sunshine may penetrate the clouds this morning, skies will become overcast by afternoon with a few light showers likely by late afternoon.

With the winds returning to the south, warmer air will again flow into the area. The temperature will rise into the lower 50's.

Morality...

(Continued from Page 1)

grow morally and spiritually.

Conversely, if a student comes from a home where the parents are careless in their own moral life, students tend to keep right on going in that pattern, he continued.

The moral climate at Syracuse University is above that of the average school, Noble believes. "The general climate here is more favorable to sobriety and self-control than on more liberal campuses," he said.

When asked if he thought coeds come to college to find husbands, Noble replied that while this is uppermost in the minds of a lot of coeds, it "does not preclude interest in academic enrichment."

The two aspects usually go together, Noble explained. "What better place could a person find a mate than in college, where you have the cream of the crop to chose from?"

College is the "happy hunting ground" for the student in the when he needs an atmosphere very important time of his life condusive to a natural courting relationship, he said.

Noble, who attended an all-male university, strongly favors a coed school where women are not unusual, but are part of everyday life.

Carnival...

(Continued from Page 1)

cessful due to the cooperation of the carnival chairman, Campus Chest representatives and electricians," stated Marjorie Weiner, publicity chairman.

The winning booth and the tabulation of the carnival's proceeds will be announced later this week.

Bowles Spending 3 Weeks in Japan

Prof. and Mrs. Gordon T. Bowles are spending three weeks in Japan as guests of honor at the 10th anniversary of the International House of Japan.

Bowles is a member of the SU sociology and anthropology department and former co-managing director of the International House, which is in Tokyo.

International House, established by the Rockefeller Foundation, is a meeting center for scholars and professional men.

Bowles became interested in the center while teaching at the University of Tokyo during the 1950's.

MONICA POLOZIE

AF Seeks Officers

Retirement of increased numbers of World War II officers has created a need for college graduate men and women trainees for the Air Force.

The number of college graduates in the Air Force Training Command Officer Training Schools has climbed from 300 in 1960 to 2,280 in 1962. By 1963 about 5,000 graduates will be needed.

Scott Promoted To AF Major

Robert T. Scott, detachment education and operations officer of the SU Air Force ROTC, has been promoted to the rank of major in the United States Air Force.

Major Scott, an assistant professor, is responsible for the AFROTC curriculum and adviser to the sophomore cadets.

Scott studied at Georgetown University and George Washington University. He served as a navigator in England during World War II and has been with the Air Force in over 30 countries.

He came to Syracuse in 1959 from Hawaii.

Hughes...

(Continued from Page 1)

writing the pressures and responsibilities of those with power hangs over the head of an ancient ruler of Syracuse, Greece.

He plans three issues of "Sword," with a thousand copies of each to be distributed. Offset printing will be employed.

Hughes and those working with him have raised several hundred dollars for the publication through individual donations.

Hughes said he plans to investigate selling his publication on campus in spite of the fact it will not be university-sponsored.

He expressed confidence that "Sword" could compete successfully with Syracuse '10' for advertising from area merchants.

The Board of Publications last week elected James Gorney editor of the '10' for this year.

Hughes' editorship of that magazine last year was marked by controversy over the publication of a supposedly revealing article on university food service. The story eventually appeared in the Daily Orange, not in the magazine. Comment was also aroused by an article in the last issue of Hughes' '10' concerning religion on the Hill.

Only two issues of Syracuse '10' were publsihed under Hughes, instead of the usual four.

World News

Cuba. World tensions eased a bit Monday as the U.S. announced a two day stay of its arms quarantine against Cuba, as UN Acting Secretary General U Thant prepared to meet with Castro to discuss dismantling the Soviet arms there.

India. For the first time in 15 years India's Prime Minister Nehru asked for help, from both power blocks, to resist the increasingly successful Red Chinese attack against India. Moscow ignored India's plea. The U.S. ignored red tape and is speeding arms and planes to Nehru.

Hecht Reads Poetry

Anthony Hecht, associate professor of English at Bard College, will present a reading of his poetic works at 8 p.m. Tuesday, November 6, in Peck Hall Auditorium at University College.

Hecht, winner of a Prix de Rome in 1950, has published "A Summoning of Stones," and "The Seven Deadly Sins."

$190 Weekend Theft In Women's Building

Security Police revealed Tuesday that $190 was taken from the Women's Building this past weekend.

Desk drawers were forced open and money was taken from physical education offices 201-202. Office staff members said the door was not left unlocked. Security Director Robert D. Flaherty said the thief may have a key to the office.

"This should serve as a warning for other departments to maintain a rigid control over keys issued to employes," he said.

Flaherty issued a statement addressed particularly to "new students of the Hill," advising them to keep their doors locked.

"Since the opening of school there has been a series of thefts from dorms, cottages, fraternities and sorority houses.

"Every effort," he continued, "should be made to keep outside doors and windows on ground floors securely locked during evening hours."

They alluded to the vandalizing Monday of Phi Sigma Delta fraternity and said the unlocked front door was an invitation to such an occurance.

The security chief also issued a warning Tuesday to owners of automobiles on campus. "Security Police will tow all unauthorized cars from university parking lots," he said.

"Experience has taught us that this is the only effective method of keeping unauthorized cars out of the parking lots."

Flaherty told the Daily Orange between 30 and 40 cars have already been towed to garages this semester.

Phi Sig Leads Sought

Dean of Men Earle W. Clifford has asked any person having information about the vandalism at Phi Sigma Delta fraternity Monday to contact Security Police or the dean of men's office.

Efforts are being made, Security Police said Tuesday to discover the identity of the group of boys seen in Walnut Park that night. No progress or further leads have been announced by Security or the city police.

Security has ordered a watch on the fraternity for the next few days.

Drill Tuesday Honors Walker Retirement

Honoring the retirement of Lt. Col. Edwin L. Walker, the Syracuse AFROTC detachment passed before the colonel in review at Manley Fieldhouse Tuesday.

Col. Walker joined the aviation cadet program in 1941. As a navigator in the Galapagos Islands protecting the Panama Canal he logged 1,100 flying hours.

Later he served in India-China with heavy aviation. There he flew 350 combat hours.

Col. Walker has been at Syracuse since June 1961 as a professor of air science. At Tuesday's parade and review, Walker received two citations. The Syracuse Group Air Patrol citation was presented by the Civil Air Patrol.

Walker also received a special citation from the university.

Finance Plan Hearings Set

An open question and answer period on the Student Activities Finance Proposal will be held from 7 to 9 p.m. today in 207 Hall of Languages.

Joint Student Legislature Speaker Ronald Mittleman and JSL committee chairmen have recommended that members of all JSL committees attend the meeting, according to Katherine Kapsol, chairman of the JSL Ways and Means committee.

ABC-TV to Tape Folk Sing Here Nov. 18; Tickets Free

By JOHN E. GREENWALD
Entertainment Editor

.Syracuse University will be the site of a ninety minute folk singing special, featuring the Limeliters, to be videotaped by ABC-TV on Sunday, Nov. 18, in Sims Dining Hall.

Some 1300 students are expected to be sitting on the Sims floor while New York City disk jockey and leader of the "night people" Jean Shepherd introduces the Limeliters, folksingers Jo Mapes and Mike Settle and Clara Ward and her Gospel Singers.

THE LIMELITERS

Tickets for the "hootenany" will be distributed free of charge through Joint Student Government. JSG will announce distribution arrangements early next week.

The program, which will be aired as a half hour show early in 1963, will begin at about 8 p.m., with doors closing at 7:30 p.m.

Saturday, Nov. 17, Sims will be transformed into a television studio, as four tv cameras, two on six-foot high platforms are set up in the dining hall. Two other cameras will be outside Sims.

A 33 feet long, trailer truck, which serves as a control room and storage chamber, will be manned by a technical crew headed by producer-director and SU alumnus, Gil Cates.

Folk Music

The Limeliters have in two years risen to the top of the popular - folk singing world. Known for their modern arrangements of folk music, the trio consists of Louis Gottlieb, bass-playing spokesman for the group, Glenn Yarbrough and Alex Hassilve.

Jo Mapes, back from two years retirement, has appeared in concerts with Theodore Bikel, Josh White, Tom Lehrer and Pete Seeger. She has also been seen on such television shows as Camera 3, the Tonight Show, Playboy Penthouse and the Soupy Sales show. Under the name of "Jo March" Miss Mapes has cut two albums for Kapp records.

Sing Hallelujah

Mike Settle originally wanted to be a music teacher but became interested in folk music while in college. He can be heard on a Folk Sing record "Sing Hallelujah."

Clara Ward and her Gospel Singers first gained national attention when they appeared at a Baptist convention. Since then they have traveled over a million miles, sung in virtually every major American and European city and fill Philadelphia's Convention Hall with 13,000 fans every year. Miss Ward also operates the Ward Record Shop in the City of Brotherly Love. It sells only gospel music.

Former Hill Prof Held For Sanity Hearing

STILLWATER, Okla, — A West Virginia.

visiting mathematics professor at Oklahoma State University on leave from West Virginia University was in sheriff's custody today awaiting a scheduled dsanity hearing.

Dr. William Pierce, 41, was taken into custody Monday.

Pierce, who earned his bachelor's degree at Vermont in 1943, his masters at Harvard in 1947, and his doctorate at Harvard in 1951, was a member of the Syracuse mathematics staff for 10 years before moving to

His last academic year at SU was 1959-60. He was on leave from Syracuse in 1960-61 and then left to join the staff of West Virginia for the 1961-62 school year.

Oklahoma State officials said that Pierce, under suspension by the university, had written several lengthy letters to President Kenedy, Atty. Gen. Robert Kennedy, Mrs. Eleanor Roosevelt and Oklahoma State president Oliver William, charging that he is being persecuted by the John Birch Society.

Pierce claimed that John Birch Society members had caused a "shark-bite" electronics device to be placed in a filling in one of his teeth in 1955 in order to ruin his career.

University officials said there also had been two recent classroom disturbances.

It was said Pierce refused to take a psychiatric examination.

Cleveland: Russia Fails in Cuba

By Forest W. Glazebrook
Special to the Daily Orange

WATKINS GLEN — The United States has conclusively proven that the Soviet plot in Cuba has failed, said Assistant Secretary of State for International Organizations Harlan Cleveland in a speech here last weekend.

The former dean of the Maxwell School of Citizenship and Public Affairs, speaking by telephone from his Washington, D. C. office, told how the United States "has made it fully clear that all the free forces in the world have turned against the Soviet move into Cuba.'

In the days ahead, Cleveland said. the diplomacy of the United States will match her military efforts in protecting the national security of the nation.

"In these perilous times here in Washington and around the world we must stand behind President Kennedy for peace and freedom," he said.

The United States has again proved she is willing to turn to the United Nations because it offers a forum for settling disputes, the former Syracuse dean continued.

While he was speaking Cleveland noted that two groups were picketing the White House. "One group is against the use of diplomacy, and the other is against the use of force," he said.

In this time of international crisis both groups are essential to the process of democracy, Cleveland maintained.

Secretary Cleveland closed his address on an optimistic note, stating that the spirit generated in the American people as a result of Kennedy's blockade decision has given the nation a better outlook.

HARLAN CLEVELAND

IFC to Award Blood Trophy

The Inter-Fraternity Council will award a cup to the house contributing the most blood in the drive last week at its meeting at 7:30 p.m. at Kappa Sigma, announced Pres. Thomas Rigoli (Phi Delta Theta).

The council will vote on an increase in IFC dues, tabled since last week. A motion on vending licenses and rushing investigators will also be reviewed by the council.

Traffic Court Meets Thursday

Student Traffic Court will meet at 5 p.m. Thursday in Security Police prefab 19, opposite Sims Hall, Mitchell Mass, associate chief justice of Joint Student Court has announced.

Students who wish to appeal campus parking tickets or other campus auto violations must attend.

Red China: Another Vote

For the second year in a row, the United Nations General Assembly has voted against admitting Red China to the United Nations. The vote was 42 for, 56 against and 12 abstentions. In last year's vote the margin of defeat was 12 votes.

Long an issue of debate and heated discussion, the admission of Red China will continue to be an international problem for quite some time, it appears.

The voting of the member nations is what makes this latest attempt noteworthy. Great Britain again has voted to admit the Peiping government as the official government of China while the United States of course, continues to defend the sovereignty of the Formosa government.

The one vote Tuesday that makes us take notice is that of India. This powerful neutral has voted in favor of admitting Red China into the ever-increasing body of member nations. This is important because India is in the midst of bitter fighting with the communist regime of Peiping.

The Indians, it seems, feel that the best way to deal with a nation, whether in negotiations or on general topics, is allow it to be seated in an atmosphere of international diplomacy.

This is the old argument for recognizing Red China and in the light of the Indian vote and the circumstances surrounding it, it would appear to be the best solution.

That leads to the second part of the two-edged thorn. What happens to Formosa, an original member of the Security Council but now hardly the official Chinese government?

The solution would appear to lie in the middle road as is so often the case in the realm of diplomacy. The time has come to seat the Peiping government. However, with the multitude of countries swarming into the general assembly, there certainly is room for the Formosans.

'The Mounting Charge'

By Prof. Ernst Bacon

Ernst Bacon is a professor of piano in the School of Music and Syracuse University's only Composer-in-Residence. The following is the second part of an essay about the Cuban situation written by Prof. Bacon.

No, I would say that strength, manliness and even the aspect of power consist not in drawing the duelist's sabre, and marking off the challenge line in the ground between, but rather in patience, forebearance, courtesy, a cessation of diplomatic name calling and accusation, and I might even add in an open declaration that suicidal weapons (which have already long achieved the power of total obliteration, to multiply which further with new researches and flights to the moon is like multiplying zero) will under no circumstances be used.

'Of course, it's a dangerous course, but which one is not? Is a gentlemen a weakling because he does not carry his gun and holster openly? I like the advice Lau-tzu gave nearly 3,000 years ago, "As long as there be a foe, value him, respect him, measure him, let him not strip from you, however strong he be, compassion, the one wealth which can afford him. A good man, before he can help a bad man, finds in himself the matter with the bad man" — trans. Witter Bynner.

"I'd rather be dead than red," is a very pretty slogan to keep up the pressure with. Are those then the only alternatives? We used to be told in the '30's "You must decide between the Left and the Right," yet it proved we had to do neither. We speak continually of the "free world" forgetting that the free world is mostly the rich world, which can afford differences within itself. But nobody is free while the world is under the shadow of extinction.

The very fact that all genuine oppositon, whether scientific, historical, humanistic or ethical, is called "subversive" or "communist," is evidence of how narrow is our range of freedom. Perhaps I too will be called subversive or communist, yet nobody has more consistently loathed the narrow Marxian can't over the years, or despised its habit or hiding behind American constitution rights, the while it intends to destroy that great human document.

I too would consider defending freedom at great sacrifice — but then where is the freedom when there isn't any life left to enjoy it? And tyranny, how long can it last, has it not always been broken in the end? Where then is the enemy? Certainly not on the farms and in the factories of Russia and China. Who doesn't want peace? But give a politician a rostrum, and immediately he becomes a brass band, A Pied Piper ready to whistle you into oblivion for a few votes. The enemy is not just over there across the water. He is everywhere, here too. Who he is, I don't know.

Perhaps some higher than human intelligence (certainly no god) has given us this new physics, with which to keep ourselves in check, seeing our voracious and alarming plundering of nature and all its resources, just as we sometimes innoculate dangerous insects with substances that will destroy their whole kind.

This is a mere conjecture, and has no better basis than the theories of superplanetary invasion, but we could nevertheless act on its hypothesis until we know better what's going on. The great question is: Why has not the money, imagination and research gone into a study of world government, international neighborliness, the control of our criminal weapon developments, and the like.

Underneath it all is, of course, the ancient blindness of wealth in the face of poverty, in a world that is seven-eighths poor and one-eighth rich. But here we are in the space age in our mechanics, while our ethics and our international manners have reverted to the duelling days, and remind one not a little of the Crusades, when we thought that the wholesale killing of Moslems would please The Prince of Peace.

Loving one's country does not call for praising all of its mistakes. It wouldn't be a bad idea for us to admit a few of these,—I mean officially and publicly. Never was there a time when international politics so called for apologies. Yet no one has tried this. All believe they must "save face," even when the entire body is about to be shattered.

Freedom will always return as it has a thousand time before, if there is life remaining to evoke it. Life too is sacred, deserves reverence, perhaps right now more than ever before. What indeed is tyranny save the contempt for all life but the tyrant's? The tyrant will be survived, but not extinction.

LETTERS

Syracuse 10

To the Editor:

Are you people still lamenting the tyranny of Tolley and all the injustice done to your magazine last year? Why don't you come to terms with the crass of commercialism and take a look at how art, commerce and your so-called "ideas" have to work in reality.

Forget all your high demands for democracy and justice and all that unrealistic and non-functional junk. Let the literary crowd have their art wrapped in slick paper and let Tolley have his advertising campaign with it; he needs that and every SU students needs that—when it works, the dollars come in and you can hire 84 more professors and get something you want, a Newhouse Center for the Performing Hacks, and maybe something I want, a decent theatre building.

If you want your muckracking of whatever you call it, why throw your cold water on a fund-raising campaign meant for the benefit of the student body?

Shell out a couple hundred bucks and put out your muckraking on cheap paper and you might even make money. I am not against anything; I am for art, I am for commerce, I am for cold water, I am for everything. You are against yourself by your lack of logic in your trying to impose public justice-ideals on a private system.

John Morgan '62

Freshmen

To the Editor:

In answer to various queries concerning "favoritism" shown in choosing the executive council, we, the elected officers of the Freshman class, have a few things to say. "President Dennis Green was granted the power to select the council members any way he saw fit."

Realizing the need for the council to be chosen as soon as possible, in order to start working on Freshman Weekend—just 38 days away, we agreed upon the fastest and fairest method of choosing 16 members from 160 applicants. We spent 11 hours in deliberation over all the applications. We read each one carefully; and rated them according to their ideas and originality.

An election of these members would have been almost impossible for several reasons: 1. because of the great number of applicants, it would have been necessary to have primaries or some other form of an elimination process; 2. campaigning would have been necessary to acquaint the class with the people running.

All this would have taken too much time, and would have been impractical. Need we remind anyone of the fact that only about one half of our class voted for their officers; how many would have shown the interest to vote for executive council members?

We are sure that the people who applied and many others who have approached us, have a sincere desire to become active in our class. There will be plenty of opportunities for interested members of the class of '66 to offer their services and be active.

We feel that the people selected for the executive council are representative of the class; however, to ensure further representation, we will have a Freshman Forum, composed of one delegate from each floor and cottage to serve as a liason between the freshman officers and the student body. We welcome any suggestions and ideas.

Class of '66 Officers

Syracuse University football coach Ben Schwartzwalder jumped three times in combat as a paratroop officer during World War II.

MUSIC

Krasner at Crouse

Once again we were aware we were at Crouse College this past Sunday as the knocking of the steam pipes drowned out Professor Louis Krasner's rendition of a Concerto by Wienawski for about five minutes.

Prior to this, the audience was permitted to hear Prof. Krasner accompanied by Adrienne Galimir as he played an Andante by Mozart and a Sonata by Debussy.

The Debussy work surrounded the violin with typically lush chords and constant threats of modulation vascillating between major and minor keys. The second movement alternated between moods that were capricious and soulful.

The Wienawski Concerto, a violin showpiece, while full of sound and fury, retained its musicality throughout a series of difficult runs and multiple stops. Mr. Krasner performed these intricate passages very capably.

The second half of the program saw Mr. Krasner and Miss Galimir, both on violin, accompanied by a small ensemble, in a Concerto in D Minor by Bach. The audience response to this was particularly enthusiastic. The group, playing with a piano continuo, gave the impression of a small orchestra which suited the piece well. SW

'Carnival' Set For Thursday

"Carnival," a musical comedy based on the film "Lili" will be performed 8:30 p.m. Thursday musical of the year "Carnival" at the Loew's State Theater under the auspices of the Famous Artist Series.

Winner of the New York Drama critics award as the best concerns the adventures of a young French girl, played by Elaine Malbin, in a carnival.

Produced by David Merrick, "Carnival" was originally directed and choreographed by Gower Champion.

Others in the cast include Dave Daniels as Paul the puppeteer, Michael Davis as Marco the Magnificant and Marge Cameron as The Incomparable Rosalie.

The puppets, which make up an important part of the show, were designed and executed by Tom Tichenon.

Tickets cost $4.80, $4, $3.60,

Northwestern Gets AP Nod; Texas Topples To Fifth

By RICHARD GOULD

After completing the halfway mark last week college football has a new No. 1 team, Northwestern. The Wildcats displaced Texas who was tied 14-14 by the winless Rice Owls.

Northwestern earned its top position by crushing Notre Dame 35-6; this high-scoring effort on the part of the Wildcats kept their scoring average at better than 30 points per game against five tough opponents.

The defending champions, Alabama, trounced Tulsa 35-6, and thereby remained in second place.

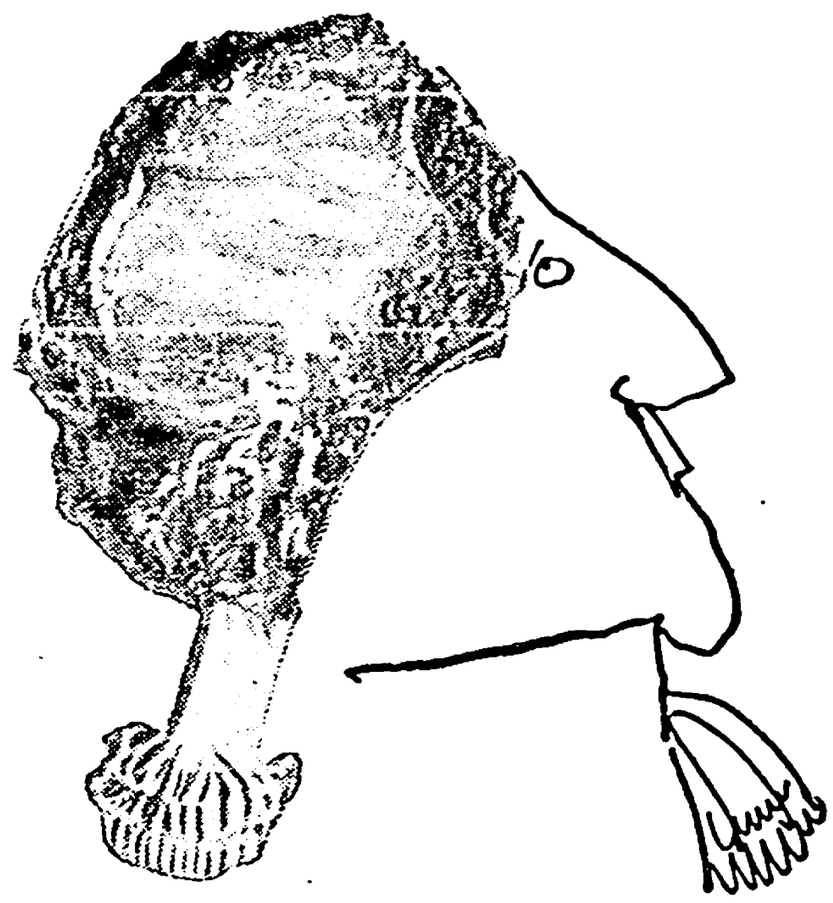
Southern California, one of the few unbeaten teams on the Pacific Coast, moved from fourth to third position by virtue of their 28-16 victory over Illinois.

Jumping two notches from sixth to fourth place was Louisiana State who shutout Florida 23-0. Texas holds the fifth spot after having been No. 1 for two consecutive weeks.

Also moving up in the ranks was Mississippi who trounced Vanderbilt 35-0 and thereby hiked from seventh to sixth.

An interesting and very important, contest occurs next Saturday night in Baton Rouge when the L.S.U. Tigers (4th) meet the Ole Miss Rebels (6th). Another battle in the top ten finds Washington journeying to Los Angeles to face Southern California (3rd).

Rounding out the top ten is No. 7, Michigan State who jumped from number ten by beating Indiana 26-8; No. 8, Arkansas, 49-7 victors over Hardin-Simmons, moved up one notch; No. 9 Washington dropped one position because of its 21-21 tie with Oregon; and No. 10 Auburn replaced Wisconsin (losing 14-7 to Ohio State) by edging Clemson 17-14.



A special panel of sports writers and broadcasters voted on the basis of 10 points for first, nine points for second, etc. The total number of votes received by the first three teams was as follows: Northwestern (474), Alabama (445), and Southern California (351).

The following is a complete list of the top ten teams followed by teams who also received votes. 1. Northwestern, 2. Alabama, 3. Southern California, 4. Louisiana State, 5. Texas, 6. Mississippi, 7. Michigan State, 8. Arkansas, 9. Washington, 10. Auburn. Wisconsin, Nebraska, Ohio State, Purdue, Penn State, Missouri, Duke, Oregon, Army, Dartmouth, Miami (Fla.), West Virginia, and Georgia Tech.

Ben Praises Ends, Juggles Linebackers, Warns Of Pitt Power

By STEVE SPIEGEL

"Pitt has a lot of speed and offense. That means we'll have to toughen up on defense." This is Coach Ben Schwartzwalder's analysis of the coming game with Pitt. Syracause's point total has increased each week, but the opposition has also been scoring more points against the Orange.

"Our ends blocked well at Holy Cross, and the situation there is good," said Schwartzwalder. "John Mackey played well, and Walt Sweeney was tough, along with Dick Bowman, Tom Mingo, Jim Cripps and Brian Howard.

"But we need better linebacking, so we'll move Len Slaby ahead of Gene Stancin on the first unit."

Slaby, a 6-2, 220 lb. junior from Manville, N.J., will probably team up with Bill Schoonover in backing up the starting line. Stancin will join Ed Conti as second-unit linebacker.

The Orange line has been plagued by injuries with Henry Huettner's status doubtful because of a leg injury. His replacement, Jim Mazurek, has seen little action due to a shoulder injury.

The playing status of halfback Don King, battered during the Holy Cross game, is still in doubt. Ben commented, "His loss would hurt. We may have to find a defensive right halfback. If Ray Free is healthy, we'll play him at right halfback behind Mike Koski, and use Billy Hunter at left half."

Continuing, the coach stated, "Jim Gaskins gave us a lift, Koski did fine, and Schoonover was rough on offense. Mahle was good again, but might have looked a little too much on options.

Commenting by telephone, Pitt coach Micheloson stated he was well satisfied with the performance of his quarterback Jim Traficant.

Noting this, Schwartzwalder again emphasized that defense could be the key against Pitt. He remarked, "If their quarterback Jim Traficant is successful, they could run us right off the field."

Army First in Lambert; SU Moves Up To Fourth

Army continued to hold its position as the number one college football team in the East, but felt pressure from both Penn State and Navy.

The Cadets, 14-0 victors over George Washington, received five of the eight first place votes in the balloting for the Lambert Trophy. They led with an average score of 9.6. Perfect score is 10.

Penn State, 23-21 winners over California, got three of the first place votes for a second place score of 9.2. Navy, the team that smothered Pittsburgh in the Oyster Bowl game at Norfolk, Va., 32-9, leaped from sixth place to third in the Lambert standings.

As of this week, Army led the top ten of the Lambert Polls with an average score of 9.6. Penn State was second with an average of 9.2. Third place Navy had an average of 7.5. Syracuse had an average score of 6.7 for fourth place, while Dartmouth, only one-tenth of a point behind was in fifth.

Pittsburgh placed sixth with an average of 4.6. Seventh place went to Boston College with 3.6, while Villanova received 3.3. A score of 2.7 placed Holy Cross in ninth place, and Rutgers in tenth with 0.5 point.

Pitt Bows To Navy; W. Va. Drops First

By BILL CRONAUER

While Syracuse eeked out a 30-20 football victory over Holy Cross Saturday, many Orange opponents also had their hands full.

This week's foe Pittsburgh fell victim to a potent Navy air attack and bowed to the Midshipmen, 32-9.

Unheralded 20-year-old Roger Staubach filled the Oyster Bowl sky with footballs as he led Navy to the decisive victory. The sophomore signal caller used the old sleeper play for an early 66-yard TD.

Halfback Jim Stewart limped toward the sidelines as Navy was in its huddle. With the snap of the ball, Stewart broke behind the Panther defensive backs and Staubach hit him with a perfect pass for the score.

Staubach completed all eight of his tosses for 192 yards. He also gained 28 yards on the ground. Pittsburgh fullback Rick Leeson did all his team's scoring with a 37-yard field goal and a one-yard plunge.

Powerful Penn State received a bad scare from California before winning on a Ron Coates field goal, 23-21. Again Roger Kochman and Pete Liske paced the Nittany Lion attack.

Kochman, a 200-pound halfback, scored one touchdown and set up a second. Quarterback Liske completed 14 of 17 passes for 150 yards and a score. His 74-yard toss to halfback Al Gursky spirited a second-half Penn State rally.

Thanksgiving opponent West Virginia bit the dust for the first time this season, succumbing to Terry Baker and the Oregon State Beavers, 51-22.

With Baker passing to end Vern Burke, the nation's number two pass receiver, Oregon State jumped to a 37-6 halftime lead. Burke grabbed eight aerials for a pair of touchdowns.

West Virginia fought back valiantly in the 3rd period. Fullback Glenn Holton tallied from the three and quarterback Jerry Yost threw to Tom Yeater for a 92-yard pass play that electrified the West Coast crowd.

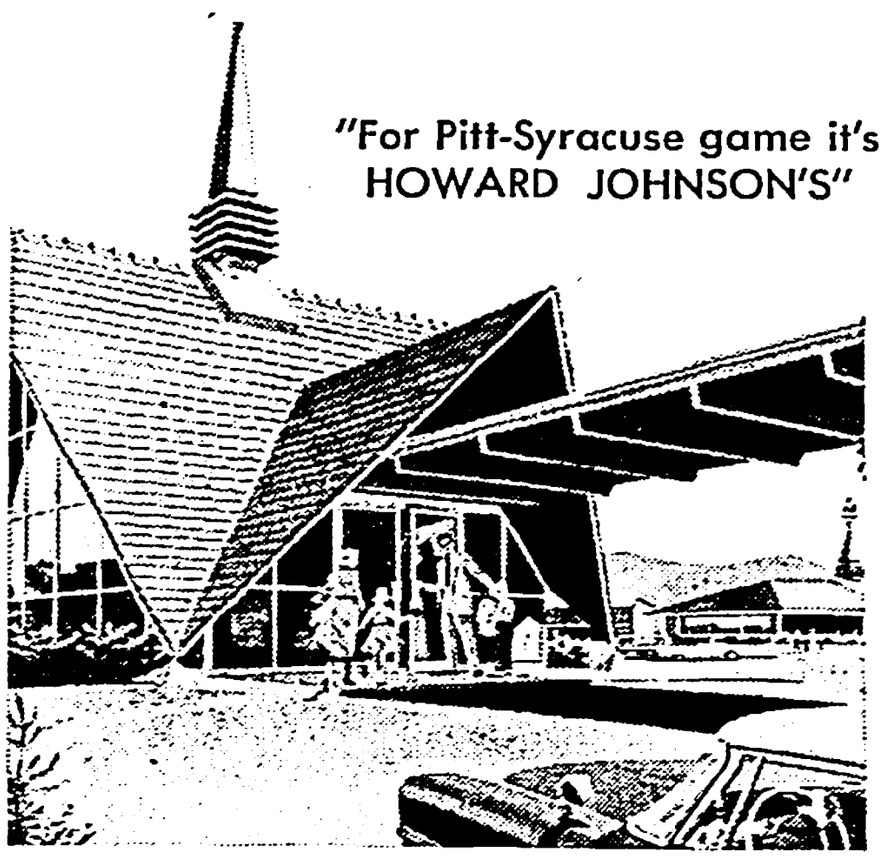
In another far west contest, Stanford's Indians upset bowl-minded UCLA by a 17-7 count. UCLA gained 142 yards on the ground, paced by Carl Jones, but managed only 36 through the airways.

Army had a surprisingly tough time with George Washington before winning 14-0. Halfback John Seymour was the top Cadet ball carrier with 116 yards on 22 carries. The famed "Chinese Bandit" defense limited GW to a total offense of 81 yards.

In other grid games, Oklahoma conquered Kansas State, 47-0, and Boston College shut out Houston, 14-0, behind the aerial arm of junior quarterback Jack Concannon.

WAA

Bowling



Whitman vs. Kappa Delta; Huey vs. Flint 4C; Chi Omega vs. Alpha Xi Delta.

The Syracuse football team, which only plays four home games this season, will treat Orange fans to a wide selection of games next year. The varsity is scheduled for six games in Archbold Stadium and a Thanksgiving day encounter in New York City.

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

ISO Offers Fisch Talk

Joseph Fisch, counsel to the State Investigation Commission who is directing a probe of vice and law enforcement in Syracuse, will address the International Student Organization at 7:30 p.m. today in Gifford Auditorium.

Fisch will discuss problems facing foreign tourists here and a proposal for a "home peace corps" he has suggested to President Kennedy, to meet such problems.

Fisch's plan envisions offices under federal supervision in major cities, with local people to meet and entertain foreign visitors with a common interest.

Such similar interests, he explains, might be between persons in the same profession, or ones with the same hobby. His proposal appeared in the Congressional Record.

SENIOR 'ON' PIX TAKEN TODAY

Senior pictures for the '63 "Onondagan" will be taken from 6:30-9 p.m. today in 109 Crouse College. Seniors who have not yet made appointments should take advantage of this because it is the last night photographs will be taken.

The schedule for the remainder of this week is:

Today: 9-noon, 2-5, 6:30-9 p.m.

Thursday and Friday: 9-noon, 1-5 p.m.

Saturday: 9-1 p.m.

TAKE A BIG STEP CLOSER TO YOUR FUTURE

THURSDAY NOVEMBER 1

If you are a qualified engineering student who feels your future lies in research or applied engineering, be sure to see the Linde Company representative when he is interviewing on campus.

The LINDE Laboratories provide an ideal growth environment for the scientific-minded. Significant is the fact that, in only 15 years, LINDE research and applied engineering people have created products and facilities which now account for more than half of the company's total sales volume.

You can grow as LINDE grows. Contact your engineering placement office now for an appointment.

Marine To Talk

Marine Capt. G.W. Ryhanych, officer selection officer, will be on campus from 9 a.m. to 3 p.m. Nov. 29 and 30 to discuss Marine Officer Training Programs available to college students and to interview interested students.

All Marine training in undergraduate programs is done during the summer, with no interference during the school year.

For college seniors, the Marine Corps offers a commission upon completion of a 10-week officer candidate course.

Queen Contest

The deadline for Homecoming Weekend queen applications has been extended to noon Wednesday, contest chairman Susan McGrievey has announced.

Applications with name, campus address, college and sponsor should be turned in to Delta Gamma sorority, 901 Walnut Ave. before the deadline. A $2 entry fee must accompany each application.

J-Students Meeting

Dean Wesley C. Clark has announced that a meeting of all journalism students will be held at 7 p.m. today in the Library of the Journalism Center. Dean Clark will preside and attendance is required of all juniors, seniors, and graduate students.

Service Today For Parker

Funeral services will be held today in the Carter Funeral Home, 1604 Grant Blvd., for Leland A. Parker, 27, a sophomore in the State College of Forestry here.

Parker died in Veterans Administration Hospital Monday morning following a short illness.

A native of Fulton and a graduate of Syracuse's North High School, Parker was a veteran of the Korean Conflict. He was employed by Bristol Laboratories before entering University College from which he transferred to the College of Forestry in 1961.

He is survived by his wife, the former Patricia Koagel; a son, Christopher L., 22 months; a sister, Mrs. Leonard Figie; and two brothers, Glenn D. and Arnold L. Parker.

10 Receive Cit Honors Credit

Ten students have been awarded honors credit for term projects written for the citizenship honors 1b program.

The program, which began last semester and ran until June, included 16 freshman, but only ten received credit for their papers. Dr. Carol Fisher instructed the honors section.

Receiving credit are Barbara Alpern, Dale Brabant, Stephanie Brill, Ellen Graham, Diane Lanigan, Nancy Prager, Lewis Prombain, Daniel Ritey, Susan Wangerman and Susan Weinberg, all sophomores.

Another member of the honors section, Carole Rowland, is still working on her project.

Weather Watch

FORECASTERS

NOV

$15 Million Newhouse Gift Opens $76 Million Centennial Fund Drive

SYRACUSE Daily Orange

Volume 60, No. 31 Syracuse, N. Y., Thursday, November 1, 1962 8 Pages, 5 cents

22 New Buildings, Chair Endowments, Renovations Planned

By BEV LURIA
Junior Editor

A $15,000,000 gift to Syracuse University by Samuel I. Newhouse inaugurates an eight-year centennial campaign for $76,250,000, SU Chancellor William P. Tolley announced today.

1970, the university's centennial year, is target date for completion of the fund-raising program, formally known as the Syracuse Plan.

The $15,000,000 Newhouse gift, Chancellor Tolley said, will be for the development of "the world's largest and most advanced study center in mass communications."

This gift includes $2,000,00 given by Newhouse in January 1960 for construction of the first building in the Newhouse Communications Center.

Chancellor Tolley described the Newhouse gift as "one of the largest gifts given an American university by a living donor in the past decade."

A $16,000,000 bequest to Columbia University from a husband and wife in 1962 is the largest gift to an American university in the last 10 years.

Newhouse's gift to SU ties for second place with a similar one given Yale University in 1958. The only other gifts which approximates the Newhouse bequest is $10,000,000 Yale received within the last decade.

"Mr. Newhouse's contribution, plus other advance gifts, has given the university a major start toward its centennial goal," the chancellor noted.

Dr. Tolley also said, "While still below the university's projected $144,000,000 total capital and endowment needs, the $76,250,000 . . . will permit the university to maintain its position as a graduate and an undergraduate institution of high quality."

Of the $76,250,000 SU hopes to raise by 1970, $54,100,000 will be for new construction and modernization and $22,150,000 for endowment, fellowships and scholarships.

In addition to the Newhouse gift, the university has already received other contributions toward the centennial program.

The SU Parents Association has donated over $120,000 to date for a new student health center and infirmary. While this sum will not be part of the centennial program, the remainder of the $350,00 pledged by the association will be included in the Plan.

Additional gifts have been received by SU for a new library, a School of Social Work and an interfaith center, plus initial gifts toward other projects.

A new library to cost $6,000,000 is the first major objective of the Syracuse Plan, in addition to the Newhouse Center.

The $54,100,000 for construction and modernization has been divided into eight priority projects: $6,000,000, Central University Library; $9,500,000, buildings for the physical and life sciences; $4,700,000, buildings for the social sciences.

Also, $2,800,000, buildings for humanities and fine arts; $20,800,000, buildings for professional and graduate schools (this includes the Newhouse Center); $2,000,000 honors college; $4,600,000, buildings for student services; $3,700,000 buildings for administration and institutional operations.

The endowment and special fund is subdivided into $13,500,000 to endow distinguished professorships and $6,650,000 for graduate fellowships.

Newhouse: Self - Made Millionaire

An office boy who took charge of the Bayonne (N.J.) Times when he was 16 years old now owns the second largest publishing empire based on circulation in the U.S.

Samuel I. Newhouse, a Syracuse University trustee who has donated $15 million to the university, started work, at two dollars a week for an attorney after finishing elementary school. He studied at night to pass Regents examinations and later attended night school.

He passed his bar exams in 1916, when he was 21, but left the legal profession after losing his first case. However, he was earning $30,000 a year—his 25 per cent share of the income from the Bayonne Times.

Newhouse took control of and built up the Times when his employer, Judge Herman Lazarus, who owned 51 per cent of the stock, said, "Sammy, take care of the paper." At that time it was small and losing money.

He was 26 when he purchased his first newspaper, the Staten Island Advance.

In 1939 the newspaper magnate gained national attention when he bought the Syracuse Herald-Journal and Herald-American, and five years later, the Syracuse Post-Standard.

Newhouse's holdings are valued between $200 and $250 million.

He now owns 15 daily newspapers and holds shares in four others. He owns five Conde Nast publications and their overseas editions, seven Street and Smith magazines and nine radio and television stations.

Several months ago Newhouse paid $42 million for the New Orleans Times-Picayune and States-Item.

The son of Russian immigrants, he was the oldest of eight children.

In 1924 Samuel Newhuose married Mitzi Epstein—for whom he purchased the Conde Nast publications as a 35th wedding anniversary gift. The magazines include Vogue, Glamour and House & Garden.

Their two sons, Samuel Jr.

(See Newhouse, Page 7)

SAMUEL I. NEWHOUSE and his Communications Center

Stace to Speak In Humanities Series Today

Dr. Walter T. Stace, professor emeritus of philosophy at Princeton University, will lecture on "The Philosophy of Mysticism" at 4 p.m. today in Gifford Auditorium, H. B. Crouse.

Dr. Stace, who was born and educated in England, has written several books, including "The Concept of Morals," "Religion and the Modern Mind," "Time and Eternity," and "The Destiny of Western Man."

Centennial Details

Twenty-two new buildings, three additions to existing strucutres and three remodled buildings comprise Syracuse University's $54,100,000 centennial goal for new construction and modernization.

The $76,250,000 eight - year Syracuse Plan also includes $22,150,000 for endowment, fellowships and scholarships.

$13,500,000 has been set to endow distinguished professorships. These include: $3,000,000, physical and life sciences (6); $1,500,000 social sciences, (3); $8,000,000 humanities (6); $1,500,000, business (3); $500,000. educational research (1) and $4,000,000, other academic disciplines (8).

$6,650,000 is planned for graduate felowships. These include: $1,500,000, humanities (30); $1,875,000, physical-life sciences (30); $1,000,000, business (20); $1,775,000, social sciences (30) and $500,000, School of Social Work (10).

A $6,000,000 Central University Library heads the priority building list.

Five new buildings totaling $9,500,000 are planned for the physical and life sciences. These include: a $2,500,000 physics building "office, classroom and laboratory facility to replace" the present structure; a $2,000,000 engineering building (the second of two).

Also a $500,000 Museum of Natural History: a $2,000,000 life sciences building and a $1,500,000 Research Computation Center with "the most advanced computer in civilian use for a wide range of research projects and information retrival."

A $1,000,000 addition to the present chemistry building will provide "added space and new equipment."

Four new buildings are scheduled for the social sciences. Totaling $4,700,000 these include: a $1,500,000 Center for Behavioral Sciences; a Maxwell Center for Public Affairs costing $1,500,000 to serve as "a laboratory for study of many public problems."

$1,200,000 is set for a University Center for International Operations. This will serve as "headquarters for the university's foreign programs and research projects. Also, $500,000 for a School of Social Work.

The $2,800,000 program for humanities and fine arts includes a $1,000,000 remodeling of the Hall of Languages. HL, built in 1872, is the university's oldest building.

Military Campaign

"Benjamin C. Perreault, Democratic candidate for the State Assembly from Cattaraugus county, found himself on active duty yesterday (Monday) with the Air Force."

—New York Herald Tribune

* * *

Candidates have run campaigns from sick beds and jail cells and many another unlikely place, but Mr. Perreault has found a new approach. Is this part of the President's plan to elect Democrats? It seems not, because unlike the candidates who have campaigned from a cell and thus received piles of publicity, this young Democrat is in his first try for elected office and will find himself in the anonymity of blue.

Consider the plight of Mr. Perreault, airman first class with the 512th Support Squadron of the 328th Troop Carrier Squadron. He is a ground equipment repairman. He is a relative unkown in the world of elective office and certainly won't be helped by this absentee campaign.

Robert Henry, Democratic county chairman, said Perreault's name will appear on the ballot anyway. "This is going to hurt his campaign, but that's the only difference I can see," commented Henry. And if Perreault wins? "We'll have to cross that bridge when we come to it." Unquote Mr. Henry. The 328th Squadron was called to active duty for 12 months.

What of Perreault's plight? While it reflects the national crisis, it nevertheless suggests some humor. He may be the first soldier to ask for a weekend pass so he can campaign. And as we said, at last the absentee voters will now have a champion of their own—an absentee candidate.

What if his squadron gets sent to Cuba and all of a sudden our planes flying over the island start dropping "Vote for Perreault" leaflets?

While the Presidential records don't show any airforcemen first class among the nation's former leaders, Perreault should remember the military tradition of generals: Washington, Jackson, Harrison (William and Benjamin), Taylor, Pierce, Grant, Hayes, Garfield, and Eisenhower.

Then there was PT-109 and William McKinley, who rose from the ranks as an 18-year old recruit in the Civil War to become a major and later President, only to be shot in Buffalo.

Perreault has one advantage over almost everybody else running in the current election. When his opponent challenges him and asks him what he plans to do about Cuba, he can honestly answer, "Repair ground equipment."

Campus Clips

By MELANIE COHN and SANDI EHRLICH

Another dry campus may soon float away from its restrictions. UNIVERSITY of PITTSBURGH'S student government is conducting a poll to determine student reaction to its proposal that the administration allow alcohol on campus.

It is proposed that the university permit the use of alcoholic beverages at officially recognized social affairs, except those in dormitories and sororities.

If student favor is shown, the proposal will be submitted to the vice chancellor. We wonder how long it will be before similar rebellious moves begin around S.U.? It sounds so easy when someone else does it.

Congress has repealed the "disclaimer" affidavit in the National Defense Education Act (NDEA) student aid program. Students need no longer sign that they do not believe in or belong to any organization in favor of the overthrow of our government. Because of the repeal, Yale University and several other schools have announced that they will resume participation in the program. Syracuse had subscribed to the government program before the clause was repealed.

In view of the current world situation, LOUISIANA STATE UNIVERSITY has adopted the Girl Scout motto, "be prepared." Nine campus buildings have been designated as federally approved fallout shelters, and will soon be stockpiled with supplies. Shelter protection is 100 times greater than out-of-doors.

OHIO UNIVERSITY has launched a unique fine arts doctoral program. Instead of majoring in one area, the doctoral candidate will minor in creative art while major stress will encompass many art forms. This is to avoid narrow specialization.

Even more unusual is a graduate course at NEW YORK UNIVERSITY in student union management. It is a pioneer program in the area and the only course of its kind in the country. Previously, non-degree courses were set up at such schools as Harvard and Purdue, but NYU is the first to grant a degree in the field. Research committees are studying future possibilities of undergraduate work in student union management.

Speaking of student unions —UNIVERSITY of MIAMI students and administration are optimistically drawing up plans for a new multi-million dollar union. Planned features of the union include a swimming pool, meeting rooms, bowling lanes, and food services. The construction, to begin January 1, should be completed by January, 1964. How can SU be the "Mimai of the North" without a student union?

VASSAR COLLEGE trustees have authorized a legal battle if necessary to remove a whites-only clause from a $200,000 scholarship bequest of a North Carolina woman. The board described the restriction as "contrary to the policies and philosophy of the college."

On Vassar's lighter side, the usually reserved girls yielded to intercollegiate sports rivalry. In a game of touch football last Sunday, the Vassar eleven curtsied to the men of Siena College. The men won by a slim margin of 14-6 in the "Wash Bowl," but they agreed that Vassar had one of the best-built lines they had seen.

KENT STATE UNIVERSITY'S "open door" admission policy no longer exists. Although Ohio law requires state-supported universities to admit any Ohio high school graduate, Kent's efforts are being directed toward improving student performance and academic quality.

One policy to eliminate the marginal student is a deferred admission program. Under this plan, any graduate with a below "C" average will not be admitted to Kent the summer following his graduation. Also, high school graduates must satisfactorily complete a minimum of units in major high school subjects. This is only one example of the increased selectivity of colleges.

LETTERS

Cuba

To the Editor:

The urgency and firmness of President Kennedy's address to the nation is pertinent to all of us.

In view of this, many residents of the Ambassador Apartments sent the following letter to the President:

"Dear President Kennedy,

We, as college students, are directly affected by your statement of our policy regarding the Cuban situation.

In your speech last night, you said that the price of freedom has always been high. In order to uphold our American ideals, we are very willing, though not anxious, to pay that price.

We feel that your statement once again placed the United States in a strong world position. We are proud of that decision, realizing how difficult it was to make, and we are proud to stand by it, and you, as President and spokesman for our United States of America."

We urge other organizations and dormitories on campus to draft similar letters. The government has finally taken definitive action, now it is up to us to do the same.

Jill Moss '64

'Our Destiny'

To the Editor:

On October 26 appeared a letter by Ronald Corwin and Sue Star. It seems to me that for graduate students they are a little misinformed both in facts and in implications. Let us note first how they open their letter, "in frightened response." The action which they condem is just the action which will keep us out of war with the Communists.

They state that the United States maintains both offensive and defensive weapons in rings around Russia, why should they not do the same to us. Fact one, Russia built these weapons before we set up ours in Europe. Fact two, our bases were built, not in secret, but in the open.

The co-writers maintain the action in Berlin in 1948 and the action of the past week in Cuba are comparable. This is not the case. Fact three, Russia violated the four power agreement which she signed after the end of the war.

Also, she not only blockaded arms, but she stopped food, fuel, and medicine from reaching the people of Berlin. This is aggression. Our blockade is only to prevent offensive arms from reaching Cuba. We have broken no agreements in doing this.

I would like to ask these two rational students which raises the threat of war more, the peaceful unchallenged blockade of Cuba or the arming of Cuba with hundreds of nuclear missiles which, without warning, could destroy this country. Krushchev has said that he will bury us, what better way than the total destruction of this country.

Since I cannot see a second alternative I must agree with the editorial which they dislike, and state that we must be strong, because that is the only language which they speak. Last week speaks for itself, when pressed we do not have to back down, and that when pressed the Russian will not start a war. We are a large and powerful country, and as long as we can maintain our rights and freedoms, we should do so.

The co-signers seemed to make a point of, "the integrity of shaping our own destiny." If we back down to the Communists and they take over the word, as they have publicly stated they will do, how long will we continue shaping our own destiny? I will end my letter the same way they did. I still hope to survive, FREE.

Bob Schuldenfrei '65

India

To the Editor:

With reference to Peter M. L. Lee's letter of October 30, I wish to comment on one of his statements.

It is really surprising how one can find any similarity between the Goa and Chinese issues if the basic backgrounds of both issues are clearly understood.

In the former case, India was trying frantically for her own liberation and freedom. Goa never really belonged to the Portuguese except, that by accident, they were ruling over the Indian people for some years by force.

Except for the people ruling Goa, every other person in Goa was an Indian. No independent nation in the world would like to see a segment of her countrymen being controlled by a second nation. Consequently, the Goa issue was entirely one of achieving independence.

On the other hand, the present aggression by the Chinese right into undisputed Indian territory is entirely an act of stupidity and naked invasion of India.

As far as India is concerned, now it is a question of national security and the issue is one of invasion.

So, due to the background of the two issues being so entirely different, I cannot find any similarity, not even of action between the two.

V. Ananthakrishnan

TREVER ON CAMPUS

"Sometime I've got to find out what that guy does during the summer..."

Adam Wade Visits SU

VISITING THE SU campus last Sunday was singer ADAM WADE, appearing here on the Chapel steps with his two hosts, Daily Orange night life critic JEFF ZIENTS (l) and graduate student LONNIE TORMAN (r). Wade, who is appearing at 3 Rivers Inn, said his tour of the Hill reminded him of his days as an undergraduate at Virginia State College.

A bio-chemist who assisted the staff of Dr. Jonas Salk; a basketball star with Virginia State who has a standing offer to play with the Harlem Globetrotters; a sandhog; a dishwasher (with high breakerage) Adam Wade also sings.

The handsome recording star concluding a run at the 3 Rivers Inn tonight, visited the Syracuse campus last Sunday as guest of DO nightlife critic Jeff Zients and graduate student Lonnie Torman. Wade had lunch at Watson Dormitory, toured Watson, DellPlain, the quad and Daily Orange.

Without any singing experience or instruction, Wade was signed to a contract three years ago, when he was heard singing, just for kicks, for a music publisher. He said he left biochemistry for show business to earn more money for his growing family. Wade is married with three children.

FILMS

'Viridiana'

"Viridiana," which opened at the Riviera-Cinema last night, is the best film to have hit Syracuse since "Breathless." Unlike that cubistic masterpiece "Viridiana" is a cold, hard as nails depiction of the human as a depraved, ugly being.

Director Luis Brunel leaves the viewer the impression that he hates all of mankind's actions. Climaxing the picture with a mad party held by disgusting beggars to the "tune" of Handel's Messiah, humanity seems pictured as a corpse rotting on a pile of junk (which recalls an image in an earlier Brunel film.)

This is the impression of the film. In fact it is, for the most part, something else, something subtler.

The story concerns a young novice, who, at the urging of her mother superior, spends her last period in the "outer" world with her uncle. He is so obserssved with his dead wife he dresses "Viridiana" as her, drugs but, at the last minute, does not seduce her. He commits suicide instead.

"Viridiana" is a brilliant cniematic achievement.

School Band To Meet Here

The Syracuse University campus will serve as headquarters for the Sectional Music Festival, November 2 and 3, Kirk Ridge, director of the School of Music announced.

The festival is under the joint sponsorship of SU and the New York State School Music Association. Approximately 300 high school musicians, representing 35 area schools will attend.

The sectional all-state band, orchestra, and chorus will rehearse for two days and present a public concert 8 p.m. this Saturday in Crouse Auditorium. Guest conductors are Richard McCutcheon of Binghamton High School Music department, conductor of the orchestra; and John Krestic, band conductor from Amherst Central School, Snyder, New York.

Sacred Music

A program of sacred music will be presented on Sunday, Nov. 4, 4 and 8 p.m. at the First Universalist Church.

Works to be heard include "Saul and the Witch at Endor," by Purcell, and the "Offertorium" quartet, from Verdis Requiem. Selections from works by Hassler, Gibbons, Redford, Schultz, and Bach will also be performed.

The program is being given by the quartet of the First Universalist Church. Members include: Gail Schuldt, soprano; Violet Palmer Case, alto; David Rogers, tenor; and Harold Stephenson, bass. Assisting will be Miss Joan Kibbe, flautist, who will perform sonatas for flute and harpsicord by Telemann and Handel.

BILLY HUNTER

Billy Hunter Moving Up

By JOHN WILLIAMS

If predictions mean anything to Syracuse University's gridiron chances in 1963, the sophomores on this year's squad will be a major reason for success. As one could say, this season should be the year to set these building blocks to mortar. High hopes for next year's team rest in sophomores.

Billy Hunter, the speedy soph backfield ace from South Merchantville, N.J., has already shown Coach Schwartzwalder some fine running style in his exhibition at Norman, Okla. "Once he finds running room, kiss him goodby," one bystander who knows Hunter was quoted as saying. It's true that he does have good speed (has run the 100 in 9.7) and very quick moves.

In high school, along with making the New Jersey All-State football team, he also showed prowess in track and baseball.

According to assistant coach Joe Szombathy, the man who recruited Billy, he reported at practice in his freshman year at a mere 165 pounds. He has now added some 30 pounds of muscle to his 5-10 frame. Good words were also spoken of Billy in his academic endeavors. His professors are all impressed by his dedication to his work and that can be proved by the fact he made the dean's list last spring. He's taking a straight Liberal Arts course which will probably lead him into the field of Political Science.

As a starter on last year's frosh team, Hunter suffered a severe foot injury in the Colgate game which put him out of action for two games. This injury has not since recurred and it looks as though his physical shape is in "good condition."

This year, Billy, playing as a halfback, is expected to be a key in Schwartzwalder's backfield changeovers.

SU Opponents Weak In Ratings

As midseason passes, statistical listings become more stable. Major-college individual offense leaders and team leaders are taking the shape that will resemble the listings at season's end.

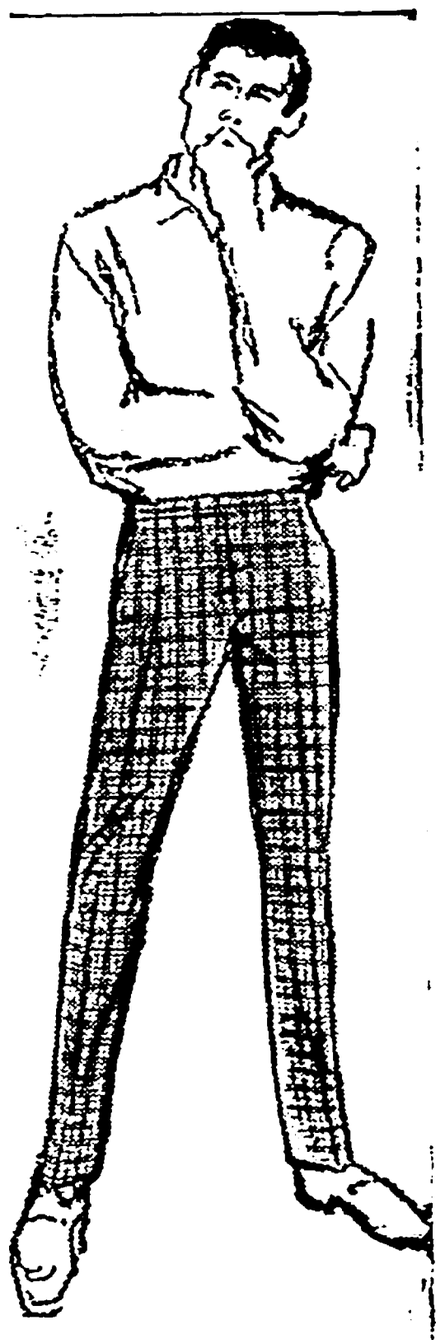
One thing is certain. Syracuse and SU opponents will not be a dominant force in the make-up of these lists.

First, The Orange has not placed an individual in the top fifteen of any offensive categories. SU has also dropped from an early season ranking in pass defense. Thus, the team is not represented in any top ten team statistics.

High ranking SU opponents in individual offense are few and far between. Pat McCarthy, quarterback for Holy Cross, is ranked 12th among total offense leaders. He has gained 813 yds. in 169 plays.

Drummond from George Washington has rushed to 10th in the nation. For the Colonels, he has gained 507 yards in 117 attempts. He should pose a threat for the SU line when SU and GW meet.

Penn State quarterback Liske placed 10th in forward passing. Liske has completed 60 out of 103 for a .583 per cent and has thrown six TD passes.



Ranking one and two in national punting are Looney of Oklahoma, and Raisig of Penn State. Looney, who beat SU in the season's opener, has averaged 42.8 yds. in 16 punts.

Hill Cagers Lack Height And Court

By Mike Brown

Syracuse basketball coach Fred Lewis yesterday expressed high hopes for his hoopster squad of '62.

Though a few injuries have stricken the team, Lewis explained that "the boys have a lot of hustle and desire and the team is shaping up all right." Carl Vernick, who just joined the team on Oct. 29, is out with pneumonia, and Eric Weber will be out for two or three weeks with a dislocated ankle.

The varsity, which scrimmaged for the fourth time last night, has shown Lewis some fine material. Herb Foster, who has had "hot and cold spells," dumped in 19 points in last Saturday's scrimmage with the Frosh. Herb netted 9 of 10 from the floor. Also looking good for the Orange are Jim Seaman, Bob Murray, and Phil Schoff.

Still, with all the optimism, there are also a few problems present. The team as a whole does not have exceptional height and will probably have trouble grabbing offensive rebounds.

"It looks like we'll be playing with four guards," said Lewis. "We'll just have to hold the ball and wait for the good shot because of our lack of rebounding."

Another major problem confronting Lewis and the Orangemen is the floor of the Manley Fieldhouse. The floor, originally scheduled to be ready for practice Nov. 1, is now slated to be installed Monday.

This will present a slight difficulty for the boys, in that they have to get used to a new floor by the time the team plays its home opener with Kent State on Dec. 1. With the late installation of the hardwood, there is a possibility that whatever "home court advantage" the Orange would have would be slight.

Whatever the future brings, this year's squad promises to give the fans what they're looking for. The Hill hoopsters besides being a fast and hustling ball club will be outfitted in three new sets of uniforms, with several possible color combinations.

The outfits include new warm-up jackets and pants as well as the brand new regular game uniforms. The psychological effect may be a help to the Piety forces.

Last year's varsity uniforms will be turned over to the Freshmen, who have done a fine job so far and are shaping up very well, defeating the varsity twice in scrimmages.

With a new outfit, a new coach, and some new material, the Orange will be a basketball team to be reckoned with come December.

"$tudent $avings Are Our Business"

Pub Director Defends Football

By CARROLL H. COOK
Pitt Publicity Director

Pittsburgh, Pa., October 30—I am the type of individual who comes upset quite often. Although the "sleeper play" Navy pulled had me doing a slow burn, I must admit I might do the same thing.

I, however, believe the story out of Dallas about the sad plight of football at SMU and want the school to drop the the statements that some alumni sport is beginning to make me wonder.

What is this country coming to? Apparently some people feel big-time football is more of a threat to our national security than Communism. A recent survey by the Army showed that the soldiers who show an interest in sports and play them make the best combat troops. Is football a sin? Is it that bad?

College footbal is in serious trouble because of this feeling. I am convinced of this. I have seen these jokers at work in different universities all over the country.

Let me ask you a few questions? Is Carnegie Tech a better school academically because it doesn't play big-time football? Would Amherst be an inferior school if it decided to go big time?

What is wrong with football? On these campuses which the egg heads try to ridicule football, I know I can find organizations and clubs which do nothing to contribute to the school academically.

Yet, I am afraid that the egg heads might prevail—these cynical individuals who are jealous of the publicity the coaches and athletes receive. These type of men our country can give to Russia.

If the press, radio and television do not fight these people, then college football could die.

Engineers!
Will you have one of these jobs 2 to 4 years after you graduate?

- **Project Engineer**—Designing closed-circuit educational TV systems for schools, colleges and universities.
- **Project Engineer**—Helping to design a building to house an electronic central office.
- **Systems Engineer**—Spending a year and a half at Bell Laboratories to study communication concepts of the future.
- **Marketing Engineer**—Planning a total system to meet complete data and voice communication needs of a large business.
- **Supervising Engineer**—Directing a group of engineers who specialize in complex circuit design.
- **Development Engineer**—Increasing the potential bit rate capacity of teletype channels.
- **Engineer–Data Services**—Integrating a microwave system with computer installations to transmit millions of data bits per second.
- **Planning Engineer**—Programming plant growth to meet communication requirements five years ahead.

These and other challenging assignments are open to qualified men with Bachelor and Master degrees in all engineering disciplines. We have excellent opportunities for hard-driving, creative engineers. For more information, write E. B. Dooley, College Employment Coordinator, New York Telephone Company, Room 1770, 140 West Street, New York 7, N. Y. And be sure to arrange for an interview when our college representatives visit your campus.

Prof Landry Named Accounting Head

Associate Professor Horace J. Landry has been named chairman of the accounting department of Syracuse University's College of Business Administration.

Landry, who received his B.S. and M.S. at Syracuse, has served as a member of the faculty since 1947.

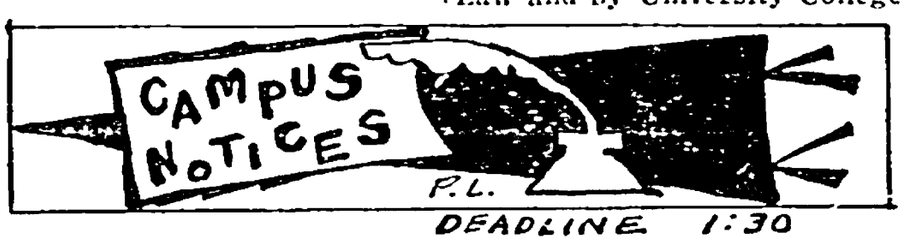
He has written much in the field of federal taxation, and has given many lectures at small business conferences sponsored by the New York State Department of Commerce and at educational, legal, and insurance groups.

For the past 10 years Landry has served as co-chairman of the Central New York Tax Conference sponsored by the Syracuse University College of Law and by University College.

Composer Speaks to Music Students

Halsey Stevens, Syracuse University alumnus and chairman of composition at the University of Southern California, returns to the SU campus today.

Stevens will address a convocation of students and faculty of the School of Music at 10 a.m. in Crouse College Auditorium. The event is open to the public.



Following the lecture, he will meet students majoring in theory and composition.

Stevens will be represented at Robert Goldsand's Philharmonic Hall recital Nov. 5 in the Lincoln Center in New York City. His third piano sonata will be performed by the pianist.

The 57 year-old Stevens studied piano at SU with George Mulfinger and composition with William Berwald. He was graduated in 1931 and returned for graduate study.

He is serving on a national committee for selection of students for foreign study scholarships.

Stevens is also an author of a book on the life and music of Bela Bartok. His works for orchestra, chamber ensembles, chorus, piano and solo voice have been widely performed in this country and abroad.

CAMPUS NOTICES — deadline is 1:30 p.m. one day before publication. Accurate, complete, legible notices will be appreciated. Call only extensions 2127, 2128.

ter and a $1,000,000 addition to the Joe and Emily Lowe Art Center are also planned.

The $20,800,000 plan for professional and graduate schools buildings includes the $15,000,000 Newhouse Communications Center.

Also in this grouping are: a $1,800,000 Center for Educational Research, Experimentation and Special Education; a $1,000,000 School of Architecture; and a $2,000,000 College of Business Administration.

Sims Hall will be remodeled for $200,000 "to provide additional faculty studies," and a $800,000 auditorium will be added to the College of Law.

Sixth on the priority list is a $2,000,000 Honors College.

Buildings for student services totaling $4,600,000 are also planned. These include a $3,000,00 campus center for all university students (student union); a $600,000 Infirmary and Health Center and a $$1,000,000 Interfaith Center "where the different faiths may meet and join in cooperative activities."

Last on the priority list is a $3,700,000 plan for buildings for Administration and Institutional Operations. These include a $2,000,000 Administration building; an $800,000 parking garage; and a $600,000 service facility for buildings and ground maintenance.

Physics Talk Today

Prof. B. Vitale will speak on "Nulceon - nucleon Interaction" at 4 p.m. today in Room 106, Steele Hall. Tea will be served at 3-3:30 p.m.

India Lecture Today

Dr. Douglas Ensminger, former Ford Foundation advisor in India, will open the Maxwell School's Conference on India at 4 p.m. today in Maxwell Auditorium.

Dr. Ensminger will lecture on "The Challenge of Economic Development: India's Response." A dinner in Graham Hall for Dr. Ensminger will be held tonight.

Awards Open In Forestry

The College of Forestry expects to offer 26 assistantships with stipends up to $2400 for the 1963-64 college year. In addition, several fellowships with stipends of $2100 will be granted. Tuition waivers for deserving students are available in limited number in the form of scholarships.

Assistantships recipients are required to participate in teaching and research work. Applicants must meet the college standards for admission to graduate study. Fellowships will be awarded by industry, research foundations, and government agencies. Recipients of the government awards are required to devote full time, except for course work, to asigned research projects.

All formal applications must be completed before March 1, 1963, and can be obtained from the associate dean for graduate studies in the Forestry School.

PoliticalRally In Sadler Hall

Sadler Planning Council will sponsor a political campaign rally at 8 p.m. today in the Sadler Hall lounge.

Area representatives from the Republican, Democratic and Conservative parties will present their platforms for state gubernatorial and senatorial races.

Gubernatorial races in California and Michigan and the senatorial race in Massachusetts will also be discussed.

Late Coeds Get Campus, 8P.M.Curfew

By SANDY MYERS

Coeds who did not take weekend campuses for late minutes incurred last semester or during summer school will have a week of 8 p.m. curfews and two weekend campuses.

Ula Wiltse, vice-president of the Association of Women Students, made thie announcement at the AWS assembly meeting Wednesday night.

Students will have to be in their dorms by 8 p.m. from Nov. 11-15, with weekend campuses Friday and Saturday, Nov. 16 and 17. House and floor presidents have lists of girls with campuses.

Miss Wiltse also announced that students who have campuses from late minutes received this October must take their campuses before Nov. 30.

Scholarship Chairman Geraldine Delisi said that a committee to investigate quiet hours has been conducting surveys and will continue to do so.

On Mount Olympus, according to Miss Delisi, quiet hours are "average to poor," with some trouble because of the telephones. Sororities are "very good to excellent." Cottages, both freshman and upperclass, have some trouble, while Shaw is "a special problem," because there are no telephone buzzers.

19 Finalists For Contest

Semi-finalists in the Homecoming Weekend Queen contest were announced Wednesday by contest chairman Susan McGrievey.

They are Nancy Perkins, Karen Ericeson, Melinda Tantleff, Pamela Francis, Patricia Healy, Edie Van Sickle, and Pamela Hill.

Also Mimi Jewell, Dorothy Harris, Judith Stith, Nancy Wychoff, Jan Shipps, Janet Ross, Ingrid Ogren, Jani Thomas Sandra Fryer, Phyllis Gimbel, Susan Sutphen and Sherri Allison.

The second elimination coffee for the queen candidates will be held at 7:30 p.m. Tuesday in the Women's Building. Girls should wear cocktail dresses and must be accompanied by an escort.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

A complicated weather map shows several lows and fronts over the eastern half of the nation. Since there are many variable factors which could influence our weather it is impossible for us to issue an exact forecast.

However, conditions indicate a continuation of unsettled weather with somewhat cooler air. Skies should remain mostly cloudy with a few showers or snow flurries. A storm off northcoast up the coast resulting in eastern Florida may intensify and produce more substantial rain or snow. In either case, chances for general clearing are slim.

Sigma Chi Psi Wins Blood Cup

By ADAIR DUFINE

Sigma Chi Psi was awarded the Inter - Fraternity Council Blood Cup at the IFC meeting by Pres. Thomas Rigoli (Phi Delta Theta) Wednesday night. Sigma Chi registered 81.5 per cent of the brotherhood as donors at the drive last week.

Sigma Alpha Mu was recognized as having the most brothers participating. The blood committee recorded 24 Sammy members as donors.

Attaining second place in the competition, Pi Kappa Alpha was noted for commendable representation. The house donated 76.5 per cent. Zeta Psi was ranked third in the competition with 73.5 per cent of their brotherhood contributing.

Twenty-six per cent of the Greeks on the Hill, 233 men, gave blood at the drive, said Rigoli.

An amendment to charter the IFC Food Cooperative was passed by the Council. The approval of the IFC does not force any house to become a member of the corporation, but gives co-op chairman, Steven Burwick (Sigma Alpha Mu) the go-ahead for the program, said Rigoli.

The work ahead of the committee is still vast, stated Rigoli, and all Greek support is needed to orient the co-op program by next September.

Co-rushing charimen, Michael Steinberg (Sigma Alpha Mu) and John Ebrens (Kappa Sigma) voiced warnings to members of the IFC on rushing rules infractions.

"Make all members of your house aware of the rules, so no infractions will be perpetrated by the individual Greeks," stated Steinberg. All infractions of rushing rules will be brought before the IFC Judicial Board which will be instructed to pass down severe punishment, he stated.

The IFC dues were approved by the Council for a raise to $4 per semester for brothers and $6 for pledges, pledged after mid-terms this semester. "This money will enable the IFC to work more smoothly and participate in more activities under the deferred rush system," Rigoli stated.

World News

U Thant. The acting Secretary General of the United Nations, U Thant returned from his two-day trip to Havana Wednesday evening and reported that he has been told by reliable sources that the Russian missile bases in Cuba are being dismantled and will be completely dismantled by Friday.

The fact that United Nations teams were no tallowed to supervise the dismantling has made many observers wary about the actual dismantling of the missiles.

•

Blockade. The United States, not willing to take Castro's word began its blockade again this morning at dawn. Aerial surveillance will also resume but when, has not been disclosed.

•

India. The United states announced Wednesday that it is sending small arms shipments to the government of India to aid in its fighting with Red China.

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

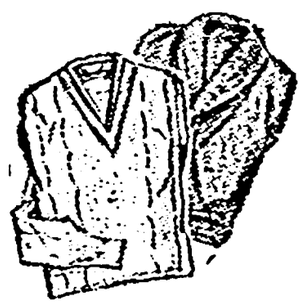
HIGH TEST, LOW TEST, NO TEST

Just the other night I was saying to the little woman, "Do you think the importance of tests in American colleges is being overemphasized?" (The little woman, incidentally, is not, as you might think, my wife. My wife is far from a little woman. She is, in fact, almost seven feet high and heavily muscled. She is a full-blooded Chiricahua Apache and holds the world's hammer-throw record. The little woman I referred to is someone we found crouching under the sofa when we moved into our apartment several years ago, and there she has remained ever since. She never speaks, except to make a kind of guttural clicking sound when she is hungry. Actually, she is not too much fun to have around, but with my wife away at track meets most of the time, at least it gives me somebody to talk to.)

But I digress. "Do you think the importance of tests in American colleges is being overemphasized?" I said the other night to the little woman, and then I said, "Yes, Max, I do think the importance of tests in American colleges is being overemphasized." (As I have explained, the little woman does not speak, so when we have conversations, I am forced to do both parts.)

To get back to tests—sure, they're important, but let's not allow them to get *too* important. There are, after all, many qualities and talents that simply can't be measured by quizzes. Is it right to penalize a gifted student whose gifts don't happen to be of the academic variety? Like, for instance, Gregor Sigafoos?

Gregor, a freshman at the New Hampshire College of Tanning and Belles Lettres, has never passed a single test; yet all who know him agree that he is studded with talent like a ham with cloves. He can, for example, sleep standing up. He can do a perfect imitation of a scarlet tanager. (I don't mean just do the bird calls; I mean he can fly South in the winter.) He can pick up B-B's with his toes. He can say "Toy boat" three times fast. He can build a rude telephone out of two empty Marlboro packs and 100 yards of butcher's twine. (Of all his impressive accomplishments, this last is the one Gregor likes to do best—not building the telephone, but emptying the Marlboro packs. Gregor doesn't just dump the Marlboros out of the pack. He smokes them one at a time—settling back, getting comfortable, savoring each tasty puff. As Gregor often says with a winsome smile, "By George, the makers of Marlboro took their time finding this fine flavor, this great filter, and by George, I'm going to take my time enjoying 'em!")



Well, sir, there you have Gregor Sigafoos—artist, humanist, philosopher, Marlboro smoker, and freshman since 1939. Will the world—so desperately in need of talent—ever benefit from Gregor's great gifts? Alas, no. He is in college to stay.

But even more tragic for mankind is the case of Anna Livia Plurabelle. Anna Livia, a classmate of Gregor's, had no talent, no gifts, no brains, no personality. All she had was a knack for taking tests. She would cram like crazy before a test, always get a perfect score, and then promptly forget everything she had learned. Naturally, she graduated with highest honors and degrees by the dozen, but the sad fact is that she left college no more educated, no more prepared to cope with the world, than when she entered. Today, a broken woman, she crouches under my sofa.

© 1962 Max Shulman

* * *

And speaking of tests, we makers of Marlboro put our cigarette through an impressive number before we send it to the market. But ultimately, there is only one test that counts: Do YOU like it? We think you will.

Nobody Shows Up At Finance Hearing

No students attended an open meeting Wednesday night of the Joint Student Legislature Ways and Means Committee. The two-hour session was designed to answer questions concerning the Student Finance Bill now before the student legislature.

Committee chairman Kathleen Kapsol said she had expected senators with questions concerning the proposal to attend the meeting. After about ten minutes, she dismissed members of her committee and remained at the meeting place in 207 Hall of Languages to answer questions posed. None were.

Miss Kapsol said she did not plan to reconvene the question and answer meeting, but would personally answer any questions which senators or students wished to ask.

The Finance Bill calls for budgets of student organizations and activities to be approved by a Board of Estimate, which would be an all-student group. The bill includes precautions against misuse or misrepresentation of funds.

At present, each activity secures its own budget apropriation from the administration's various departments. The proposal calls for a compiled student activity budget to be submitted to the administration. The budget would have to be approved first by JSL.

Student Union To Feature Dance Combo

A dance "combo" playing an "all-request" program, will be featured at the Student Union tonight. The dance will be held in the Womens Building Commuters lounge from 9:30 to 11 p.m. A jukebox will be available from 7:30 to 9.

A movie, "The Rainmaker", will be shown in room 305 at 4, 6:30, and 9 p.m. Students are asked to refrain from smoking during the movie.

Cards, checkers, chess, TV, and bowling will also be available. Volleyball games are planned at 8 and 11 p.m. in Gym A and B.

Indian Problems — More Than Economic

By DANIEL RITEY

Economic aid cannot be the sole basis of support to a newly-developing nation. Assistance must be social, political and spiritual as well as economical, according to Dr. Douglas Ensminger.

Ensminger, head of the Ford Foundation program in India, spoke on "The Problems of Development in India," Thursday in Maxwell auditorium.

Economic aid alone would result in unstable government, Ensminger noted. He added that breader assistance would produce the opposite effect.

Explaining the significance of the time factor in our assistance programs to developing nations, Ensminger said, "we as a nation do not understand what is involved in helping a new country in its development and growth."

We should be aware of the time process, he said. While the government may want rapid development, the people cling to old traditions and must be prodded into changes. "Broad advances will come, but they will take time, "Ensminger noted.

Referring specifically to India's growth and development problems, Ensminger said, "in the process of creating changes, the people must be told that they are free and have the right to demand improvements and changes."

Work For Change

"This process involves convincing the people that they want changes and should work for them," he continued, "India has done this and is now working to convince the people that progress will come from their actions in addition to the actions of the Indian government."

Ensminger noted that the previous government bureaucracy in India had always worked on getting the masses to obey rather than develop.

This, in addition to the problem of educating the people on changes, has been responsible for the seemingly slow development of India in her 15 years of independence, he added.

Gross Product

"If one looked at the gross national product figures and the per capita income of the average Indian, one might think there has been little progress," Ensminger said. "Yet, the people really think that they are better off indepedent. "That is very important," he added.

Ensminger noted further handicaps to India's progress at the beginning of her independence. First, he said, democracy had to be made to work in a country not used to it.

Secondly, the villagers' apathy had to be overcome; they had to be told that they could have a better life, he explained.

"India has had only 11 years to start on the road to recovery as the first four years of her freedom were occupied with consolidating the great nation," Ensminger noted.

"To this end," he went on, "the government under Nehru resolved that all government resources would be used to influence and better all the Indian people, not just a few."

Dr. Ensminger praised Mr. Nehru as one who has always thought of the people rather than of advancing himself or his political party.

Home Ec Sets Annual Convo Next Week

The College of Home Economics will hold its annual symposium next Thursday and Friday. This year the program will feature the theme, "The College Student in International Service." The programs and lectures are open to the whole campus.

Dr. Katherine Holtzclaw, chief home economist with the Agency for International Development of the U.S. State Department, will deliver the opening address, at 7:45 p.m. Thursday in Maxwell Auditorium. She has been with the Washington office since 1954, and has conducted surveys in over 50 countries in Latin America, Africa, and the Near and Far East.

An open house and coffee hour will be held from 9 to 11 a.m. Friday in the Slocum Hall third floor rotunda. Representatives from the Peace Corps, United Nations, International Voluntary Service, and the U. S. Civil Service will discuss opportunities in international service. Films and slides will be shown.

Mrs. Sue T. Murry, Foreign Education Extensionist of the U.S. Dept. of Agriculture, will close the two-day program with a speech at 3 p.m. Friday in Gifford Auditorium, H.B. Crouse. She will discuss "Home Economics in International Programs."

Class Cutters Beware!

By CHARLES STEINBERG

Parents are notified when a student in the College of Liberal Arts is reported for excessive class absences, according to college Dean Eric H. Faigle.

"We wouldn't need this rule if students would fulfill their oblibation of going to class," Faigle said in an interview with the Daily Orange.

Faigle explained that according to long standing college rules, faculty members are to report to the dean every sequence of three absences by a student. The first time such a sequence is reported the student is notified; the second time and thereafter parnts are also to be notified.

"There is no such thing as an excused absence, Dean Faigle pointed out. "There are explained absences which may be taken into consideration by the instructor, but all absences must be reported, he said.

He also noted that 12 absences incur automatic failure in a course.

Dean Faigle said "we are actually doing students a favor" in attempting to enforce regular attendance. He said the student has an obligation to himself, the faculty and his parents to attend classes.

Another reason Faigle gave for the attendance policy is to determine if a student is "missing" in order that the university can notify his parents of his whereabouts. This is a responsibility the university had, Faigle said.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

A persistent storm off the New England coast which has been responsible for the damp, cool weather the last few days is finally weakening and moving out to sea. A weak high over Kentucky should give us a brief period of clearing, but a storm in the midwest presents a gloomy prospect for the weekend with more rain likely.

Cloudiness will slowly dissipate today with considerable sunshine by afternoon. High today near 50 with lower humidity and light variable winds.

Government Manual Out

The government training program handbook will be available from 1:30 to 4:30 p.m. Monday in the student government office, 907 University Ave. All students participating in the program must pick up the booklet.

The final examination will be given from 6 to 6:45 p.m. Thursday, November 15, in Hendricks Chapel, according to government training commissioner Kenneth Harfenist. Anyone who is unable to attend the examination must contact Harfenist, ext. 2984, or Susan Chalkin, ex. 2955.

Tatham Announces Awards System for Dormitories

A system of honorary awards will be initiated this year for the outstanding members of men's residence halls.

A system of honorary awards will be initiated this year for the outstanding members of men's residence halls.

Assistant Dean of Men David Tatham has said, "There has been a feeling on the part of students and hall residence staffs that a need exists for recognition of those who contribute their time and energy to make residence halls a stimulating and pleasant place to live."

The award will be a certificate presented to the student and a plaque placed in each hall on which the student's name will be engraved. The halls involved are DellPlain, Sadler, Watson, and Kimmell-Marion.

To qualify for the award a student must demonstrate leadership and show a contribution to hall government.

He must also possess a good citizenship record and a 1.5 average.

Two awards may be given. One would be for the student showing the greatest contribution to a hall life and the other to the student with a combination of service to hall life and campus activities.

In either case an award may not be given if no student is eligible.

Nominations for the award can be made by resident advisers or hall residents. The first award will be announced at a luncheon in May. A committee, as yet unnamed, will make the final decision.

For further information students should contact their hall director.

Train Your Mind, Be a Mystic

By CHARLES BARNEY

Introvertive mysticism resulting in a state of consciousness void of physical sensations, images and intellectual understanding is usually arrived at after several years of mind training.

This point was expressed by Dr. W. T. Stace who discussed "The Psychology of Mysticism" Thursday in H.B. Crouse Gifford Auditorium.

Dr. Stace has been a professor of philosophy at Princeton University for the past 20 years. Before that he served with the British Civil Service in Ceylon for twenty years. During this time Stace studied and wrote about mysticism.

Stace described four characteristics of introvertive mysticism including undifferentiated unity and disillusioned individuality.

Undifferentiated unity is negative, lacking all the characteristics of normal consciousness. It is empty. But a mystic trance is positive as it is conscious.

This point is hard to grasp, Dr. Stave noted, since the only evidence supporting mysticism is based on introspective reports, and one must rely on individuals who claim to have such trances.

Bliss

Other characterics described by Stace are an extreme feeling of bliss accompaning the mystic state and the unshakable conviction of persons experiencing the state it is associated with a transcendental reality which may be called God.

Proof that mysticism exists is supported by descriptions given by individuals in cultures widely separated by time and space.

Stace does not consider mysticism a mental disease. In fact, he lists advantages it produces.

The effects of a brief trance may last the remainder of an individual's life, giving him peace and joy, Stace said. His life may be revolutionized. A wretched life may suddenly turn into a life with meaning, he concluded.

Incentive Grant Change

Holders of New York Regents Scholarships and Scholar Incentive Awards must be registered full-time students (12 hours) to receive full payment on their grants for the second semester of their senior year.

Further information is available in the Office of Financial Aids.

Centennial Fund: Credit Where It's Due

As we sat in an over-heated pre-fab classroom, then studied in dimly-lit-library, we found at least a bright glow of light in the headlines of Thursday's Daily Orange.

Syracuse, long a college on the rise, had finally laid out the blueprints and put that progressive step into the future in concrete terms. Now we can foresee a time when the pre-fabs will disappear, we will have a suitable library, an air of academic excellence will be evident and Syracuse, our rising alma mater, will truly be a university city.

We appreciate the generosity of Samuel I. Newhouse for his multi-million dollar contribution to our school. His is indeed no small part in the laying of the future's foundation.

But we would be remiss if we failed to give credit where it is certainly due. The name of Chancellor William P. Tolley should be highest on the list, and far above the many others that follow, of those responsible for the growth of Syracuse.

In his 21 years at Syracuse the Chancellor has worked with superhuman effort to get Syracuse going and, with that job done, to keep it going and growing.

And now after 20 years of sterling accomplishment the Chancellor is guiding the $76,000,000 Centennial Fund, which will place Syracuse near the top of the academic world. He is doing this at an age when most university heads are thinking about retirement.

We think we speak for a lot of people when we say that we see this drive as an indication that Chancellor Tolley will be with us to see its completion in 1970. Indeed we hope he will forego any plans of retirement to continue at the reins of the university as it enters its most promising period.

And so we thank Mr. Newhouse and the others who have given or will soon give to the Centennial Fund. But our hats are off to the man who is responsible for the whole thing—Dr. Tolley.

They All Stayed Home

No one attended Wednesday's meeting of the Joint Student Legislature Ways and Means Committee. The session was set up to answer student questions on the Student Finance Bill currently before the legislature.

How frightening are the implications behind this little story. Could it be that no one is interested in the finance bill? This could be, but there are other possibilities that must be raised.

Perhaps the students still don't have confidence in the governing body and thus don't want to waste their time asking useless questions. Or has the atmosphere on campus finally reached the point where students are conditioned not to ask questions since so many go unanswered?

We hope that there is some logical and uncomplicated reason for this lack of attendance. If the reason is one of the others mentioned we have much more to discuss than student finance bills.

TREVER ON CAMPUS

"How about that? He didn't even say hello so I could snub him!"

LETTERS

Swimmers

To the Editor:

I would like to clear up some facts concerning an article published in a recent DO. Our floor, Flint 4C, put a total of 1,649 laps in the WAA "Swim to Venice" contest, not only reaching Venice in total laps, but making it halfway back to campus!

These freshman girls worked hard each night for the entire week, and the only publicity Flint 4C received was one sentence in an article about Haft winning the cottage contest with 743 laps.

I believe the D.O. did a grave injustice to the girls on 4C who really put their hearts into this contest for the benefit of the floor.

Kathy Poppenberg
W.A.A. Representative
Flint 4C

'Morality'

To the Editor:

It has seldom been my privilege to see a more lucid, well-defined case for the "morality" aspect of the Cuban situation than the frightened response of two graduate students which appeared in Friday's D.O. Such towering logic is indeed food for sincere reflection on the part of any thinking person. The letter was clear, concise, hard-hitting — and missed the root of the problem by a country mile.

In essence what Corwin and Star have said is that the U.S.—having ringed the Soviet Union with weapons systems—hasn't the moral right to deny the Russians the privilege of doing the same to us. Formulated in a vacuum as it is, this argument makes sense. Placed in context it takes on all the characteristics of pure, unadulterated drivel.

Why? Because it completely ignores the ideological differences between the two countries which, in any discussion of "morality," must play a key role. This difference means quite a bit when you stop to think—as these two obviously did not—the reasons behind the placement of these respective weapons systems.

I shall refrain from boring Corwin and Star with platitudes concerning western concepts of the dignity of man. Having reached the graduate educational level they should by this time be familiar with such things. I should like to point out, however, that the enemy with which we are dealing not only seeks world domination but believes such a state to be inevitable. Let me further state the minor fact that this enemy denies the existence of God and any world of the spirit.

Couple these two things and you have a force which—since it can ignore moral, spiritual or ideal truths arising out of such mundane beliefs—feels itself justified in using any means, moral or immoral, in seeking its goal. What this amounts to is simply put. The communists don't intend to play by your rules Corwin and Star.

Since you mentioned the Berlin blockade I should like to use it as an example of communist "morality." Since the blockade of '48-'49 and our blockade of Cuba are alike in name only I fail to see where there is any comparison. Forgive me, but I cannot understand how our denial of missiles to the Cubans compares with the Russian attempt to deny the basic staples (food, fuel, clothing, medicine) to a city of over three million people. If you can bake, boil, fry or fricasse missiles; wear them or burn them in stoves—then I could be wrong.

If we are to believe the two graduates' passing reference to the United Nations, that august body is "apparently in disagreement with President Kennedy." May I respectfully point out that the only disagreeable noises from the U.N. last week amounted to the Russians hollering "piracy."

Even the Acting Secretary-General has only asked that the two participants attempt negotiation before nihilism. There has been no official move to censure our action. On the contrary—all indications show we have overwhelming, if silent or murmering, agreement.

Not, of course, that U.N. censure means much to our Russian friends unless it favors them. Did censure of the communists help Hungary in 1956? Did morality or world-wide rioting save one less man, woman or child from being machine-gunned in a Budapest street? Did it —tell me Mr. Corwin, Miss Star. Morality and the "live and let live" concept are all very well when everybody's playing by the same rules. But tell me what to do when the other guy won't let me live?

Lest you think I feel we should throw the rules out the window, let me hasten to reassure you on that score. As long as the rules work they are fine. When everyone abides by the law you have a good law. When a whole society ditches the law the time has come to enact new laws to fit the situation.

In the last 25 years we've sat down to negotiate with the communists 3,400 times. Out of those negotiations have come 52 agreements of which the communists have broken 50. This is their concept of morality.

In closing out your letter you mentioned ivory towers and survival. I am forced to the conclusion that it is you, and the people like you, who are living in ivory towers. Further, I cannot help wondering what your concept of survival amounts to. Is it survival in freedom, or survival at any cost? How much is it worth to you—Mr. Corwin, Miss Star—just to go on living?

Is it worth an Orwellian world where re-education is the order of the day? If you are so sure we are morally wrong in what we are doing then do nothing. Sit down and wait for the day the re-education process begins. Wait for the day when a leter such as you wrote for the D.O. lands you up against a well.

I think I speak for millions of people when I say that while you are yelling about morality the rest of us will be doing what we can to make sure this society stays free so there will be room for cynics, jokers, worriers, quitters — and moralists.

Should we fail—and end up like the dead of Hungary—while you survive, just remember this. Eventually you too will die. The dead all look alike Corwin, Star; the only difference is why they died!

Steve Ross '61

Blood

To the Editor:

After looking at your October 29 front page photograph of Benton Hubbard, we think that they took too much blood from him.

Derek Cohn '63
Sam Despenza '63

FIRST RUN THEATERS

After a month of showing pure drek the Syracuse theaters have come up with a series of excellent bills, each so good that it's a shame you can't (unless you have plenty of dates and dough) see them all.

RIVIERA-CINEMA — tops the list of great ones with the greatest; Luis Brunel's bitter and brilliant attack upon humanity (and the Church). Banned in Spain (where else?), condemned by clerics (who else?) and awarded the Cannes Grand Prize (what else?) "Viridiana" plays at 6:45 and 9:40 p.m. "Bed of Grass" at 8:15 p.m.

LOEW'S—is next with Rod Serling's "Requiem for a Heavyweight." Though nothing new in the "harder they fall" school of cinema Jackie Gleason and Tony Quinn toughen up this hard boiled, honest, sweaty picture. No times available.

KEITH'S — surprises everyone with Betty Davis and Joan Crawford torturing each other in an edge-of-the-seat shocker "What Ever Happened to Eliot Ness (whoops) Baby Jane?" We don't know but it promises to be fun. "Baby Ruth" at 6:48 and 10:45 p.m. "Frightened City (international crisis time?)" in between.

HOLLYWOOD—has a quadrupled barreled darling of a dance pic, "Black Tights." Four different dances starring Zizi Jeanmaire (ah), Moire Shearer (ooh), Roland Petit (hmm) and Cyd Charisse (aah, oooh, weeeee, va-va-va-voom!). Luscious sets and costumes by Paris' best designers, with full color and gray haired Maurice Chandelier. Pirouette don't walk. "Black Tights" at 9 p.m. "My Geisha, gosha," at 7 p.m.

ECKEL — This is your last chance to see "The Wonderful World of the Brothers Grimm" or, if you're more than ten years old, your last chance to miss it. "Cinerama's Last Chance" at 8:30 p.m.

PARAMOUNT—"300 Spartans" is the name and the ad says "no man is an island." So what else is new? We thought that each Spartan was an island unto himself, unyielding to the petty vexations and exigencies of Epicurean man. Wow, we bet you won't hear dialogue like that in this movie. "300 Spartans" can be wrong at 8:03 p.m. "Island" at 5:56 and 10:06 p.m.

FRANKLIN—"Birdman of Alcatraz" at 9:15 p.m. "Jessica" at 7 p.m.

WEEKEND

OTHER FILMS OF INTEREST

SHOPPINGTOWN—Anne Bancroft is still chasing Patty Duke around the table in "The Miracle Worker." "She Folded her Napkin" at 7:30 and 9:35 p.m.

PALACE — "Counterfeit Traitor" at 9:05 p.m. "My Geisha at 7:10 p.m.

Orangemen Invade Pitt

Coach Ben Schwartzwalder's Orangemen take on the University of Pittsburgh Saturday in the Panther's home den. The game shapes up as a tough test for the Orange, who are ranked fourth in the East; the Panthers are ranked seventh.

By TOM MULLER

It should be a battle between Pitt's passing whiz, Jim Traficant and Syracuse's bootlegging quarterback, Walley Mahle. Traficant has connected on 33 of his 68 passes for a .485 percentage and 532 yards. These have also been good for three touchdowns.

The Pitt quarterback has not been as successful on the ground, where he has gained only 62 yards in 49 carries. Traficant's main target has been halfback Paul Martha, who has collected ten tosses for 223 yards and two touchdowns.

Walley Mahle, Syracuse's sophomore sensation, has amazed the Orange's following by bootlegging for a total of 199 yards in three games.

Mahle, who hails from Watertown, Pa., has showed some improvement over his previous passing, and has brought his average up to 45 per cent. Walley is not lacking good receivers, since he has John Mackey at one end and Walt Sweeney at the other end, not to mention Dick Bowman and Bill Schoonover.

Pitt's ground attack is spearheaded by fullback Dick Leeson, and halfbacks Ed Clark and Martha. Leeson has run for 320 yards, while Clark and Martha have battered the line for 295 and 231 yards respectively.

The Syracuse ground attack is led by Bill Schoonover with 183 yards in 35 carries for a 5.2 average. The hard running fullback is followed closely by Mahle. In recent games Mike Koski, Don King, and Jim Gaskins have run exceptionally well, and sophomore Jim Nance has continually battered the opposition, grinding out 140 yards.

The Panthers experienced a thrashing at the hands of Navy last week, but they can't be expected to fall as easily tomorrow. Orange assistant coach Roy Simmons says, "This is a typical, hard-hitting Pitt team. They'll try to ball-control you if they can, so we'll have to move the pigskin every time we get it."

Learning never stops for engineers at Western Electric

There's no place at Western Electric for engineers who feel that college diplomas signify the end of their education. However, if a man can meet our quality standards and feels that he is really just beginning to learn . . . and if he is ready to launch his career where learning is an important part of the job and where graduate-level training on and off the job is encouraged — we want and need him.

At Western Electric, in addition to the normal learning-while-doing, engineers are encouraged to move ahead in their fields by several types of educational programs. Western maintains its own full-time graduate engineering training program, seven formal management courses, and a tuition refund plan for out-of-hours college study.

This learning atmosphere is just one reason why a career at Western Electric is so stimulating. Of equal importance, however, is the nature of the work we do. Our new engineers are taking part in projects that implement the whole art of modern telephony, from high-speed sound transmission and solar cells to electronic telephone offices and computer-controlled production techniques.

Should you join us now, you will be coming to Western Electric at one of the best times in the company's history. In the management area alone, several thousand supervisory jobs are expected to open up to W.E. people within the next 10 years. And our work of building communications equipment and systems becomes increasingly challenging and important as the communications needs of our nation and the world continue to increase.

Challenging opportunities exist now at Western Electric for electrical, mechanical, industrial, and chemical engineers, as well as physical science, liberal arts, and business majors. All qualified applicants will receive careful consideration for employment without regard to race, creed, color or national origin. For more information about Western Electric, write College Relations, Western Electric Company, Room 6206, 222 Broadway, New York 38, New York. And be sure to arrange for a Western Electric interview when our college representatives visit your campus.

Orange Varsity Harriers In Quadrangle Meet

Coach Bob Grieve brings his varsity and freshman thinclads into New York City Saturday to meet Providence, Brown, and Fordham, in a quadrangle meet at Van Cortlandt Park.

The varsity harriers are on a three meet winning streak and hope to make it four in a row this week. The improving squad paced by captain Mike Guzman and Moucey Ferguson, has defeated Buffalo, Army, and Cornell. Earlier this season the harriers dropped a meet to Colgate.

The frosh runners boasted an undefeated season, defeating Colgate, Buffalo, Army, and Cornell. The impressive squad bosters a strong 1-2-3 punch of Bill Chiak, Bill Spino and Marty Miller.

Coach Grieve is optimistic that both squads will make strong showings. "The freshman have an excellent chance of winning, and if the varsity keeps improving they will do well also," commented the coach.

SU Frosh Gridders At Navy

Syracuse University's frosh football team will have a rough time maintaining its undefeated status when the Orangemen meet a formidable Navy team this afternoon at Annapolis, Md.

The Plebes defeated Syracuse 8-0 in 1961, the only time a frosh team has lost in Coach Jim Shreve's four-year tenure on the Hill.

Syracuse this year has whipped Penn State 14-6, and Army 20-0 in road contests.

Rushing has dominated the Tangerine offense this year, for the two top passers, Hal Rooney and Ted Holman, have combined to throw a total of 11 passes, completing six. Two of the completions have resulted in touchdowns.

At the top of the rushing table is halfback Charlie Brown, carrying 28 times for 162 yards and averaging 5.4 yards per carry.

Second in rushing is halfback George Kontrabecki, averaging 5.8 per carry on 17 attempts for 98 yards.

The lone home game of the season will be Nov. 9 at Lew Carr Field with Colgate providing the opposition.

Battle of Quarterbacks...

(Continued from Page 4)

hurt by injuries to Ray Free, John Snider, and Henry Huettner, but Billy Canon and Tom Wilhelm will take their respective positions on the traveling squad.

Schwartzwalder has moved big Len Slaby into Gene Stancin's spot on the line in order to offset Pitt's forward wall. Simmons claims that Pitt is "tougher than us in the interior line, but not at the ends."

Syracuse has been installed as a four-point favorite, but just about anything can happen with this tough Pitt team.

Frosh Directory Out Soon

A freshman directory, "66 Orangeaid" will be published in the middle of this month, junior class President Logan "Slugs" Sallada has annuonced.

The junior executive council project will feature ID card pictures of each freshman, with age, height, telephone number and home and Syracuse addresses.

The directory will be sold in the university book store and in freshman dining halls during evening meals, Sallada said.

The junior class-edited booklet, approved by the University Board of Publications, will be patterned after the Cornell University frosh directory. It is the hope of the class that this project will become a permanent junior class tradition.

Homecoming Poster Party

A "poster party" to paint posters for Homecoming Weekend Nov. 9-10 is scheduled for 1 p. m. Saturday in the Recreation Lounge of the Women's Building. The party will coincide with the broadcast of the Syracuse-Pitt football game.

Homecoming Publicity Chairman Peggy Mosshamer urged that all interested students participate. Posters will be silk screened and weekend flyers will be distributed. Miss Mosshammer suggested that students wear old clothes, and reminded that student from all classes may attend the party. She especially urged freshmen to participate, as this is their first major college weekend.

FORJ Elects Hess President

J. Daniel Hess, journalism graduate student, has been elected president of the Fellowship of Religious Journalists (FORJ).

Others elected to the FORJ executive committee for the present academic year include Shirley Funnell vice-president; Paul Schrock, program director; Jose Runes, secretary-treasurer; and H. Lawrence Swartz, publicity director.

FORJ will hold a meeting 8 p.m. Tuesday at the home of Dr. Roland E. Wolseley of the School of Journalism, 1307 Westmoreland Ave. The speaker will be the Rev. Carlton J. Frazier, director of information for the Syracuse Area of the Methodist Church.

NSF To Give Scholarships

The National Science Foundation is now accepting applications for graduate and postdoctoral fellowships. College seniors, graduate and postdoctoral students, and others with equivalent training and experience are eligible. All must be citizens of the United States, and will be required to take the Graduate Record Examination on Jan. 19, 1963.

The deadline for applications for postdoctoral fellowships is Dec. 17, 1962, and for graduate fellowships, Jan. 4, 1963. For further information, contact the Fellowship Office, National Academy of Sciences—National Research Council, 2101 Constitution Ave., N.W., Washington 25, D. C.

World News

Cuba. The United States expects to have surveilance pictures by today which would tell whether or not the Russian missile bases are being torn down. The U. S. put up its blockade again Tuesday after U.N. Secretary General U Thant returned from a conference with Castro.

Arms Shipment. The U. S. began airlifting equipment to India last night to help that country in defending its Chinese border. A mass flow of equipment from Germany included automatic rifles, jeeps and communications equipment.

Space Ship. The Soviet Union's official newspaper Tass announced last night that Russia launched a space vehicle aimed at Mars. The space ship, which was launched yesterday afternoon, "is expected to reach the distant planet in seven months," Tass said.

Frosh to Elect Forum Reps

Each freshman floor and living center must elect a representative to the Freshman Forum within the next two weeks, Freshman President Dennis Green announced Thursday.

The Forum, as explained by Green, will be mainly a legislative body, which will express its opinions to the class president. He said he hoped the frosh would express their feelings through the Forum.

Green suggested that each floor and living center elect their delegate at their Sunday meeting. Time and place of the first Forum meeting will be announced in the Daily Orange.

Homecoming Days Feature Lettermen, SU-Navy Clash

By ANDY PORTE

The first big weekend of the school year begins Friday. Homecoming Weekend, sponsored by the sophomore class, will be highlighted by the Navy football game, a concert featuring the Lettermen and a semi-formal dance.

Tickets for Homecoming Weekend events will be sale today through Friday in the Huntington B. Crouse lobby. Friday night tickets are $1.25 per person. Saturday night tickets are $2.50 per couple.

A meeting of all persons working on the weekend, through committees or any other form, will be held at 4 p.m. today in Gifford Auditorium, HBC. Anyone who wants to work on the weekend may attend.

This year marks Syracuse's first Homecoming Weekend. It replaces Colgate Weekend, which ended after 62 years last fall, when Colgate University and Syracuse terminated their gridiron rivalry.

Friday's schedule calls for a pep rally, "Homecoming Howl," which is followed by the concert, set for 8:30 p. m., and tentatively scheduled for the Men's Gym. The Lettermen, a three-man vocal group, who have recorded several hit songs, including "The Way You Look Tonight," will appear, followed by the Herb "Ebb Tide" Nelson Trio.

The Lettermen will perform for two hours, and the Nelson group will play twist music following the Lettermen's appearance. Art "Crazy Legs" Robbins will appear as vocalist with the Nelson group. Nelson and his "happy organ" have appeared at several Syracuse night

(See Homecoming, Page 8)

'Hoot' Tickets For Decor Win

Thirty tickets to the ABC-TV "Hootenanny Special" Nov. 18, featurnig the Limeliters, will be awarded to the winner of the Homecoming Weekend house decorating contest, Nancy Zacharias, contest chairman, announced Friday.

The contest, scheduled for Saturday morning, may be entered by all living centers — Greek and indenendent. A men's and a women's living center may work to gether and decorate either house. Only the exterior should be decorated.

Sound and motion may be used in the displays. A $100 limit has been placed on expenses. Suggeted materials for decorating are chicken wire and crepe paper.

Applications are still being accepted for the contest. Applications, with a $2 entry fee, should be mailed to Miss Zacharias at Box 530, Flint Hall, Mt. Olympus Dr. For further information, call Miss Zacharias at

The schedule fo rthe '62-'63 ext. 2260, 2261, 2262.

The contest is being sponsored by the sophomore class and Tau Sigma Delta, architecture honorary.

For more on the television show, see story, this page.

Pitt Chews Orange

By BERNIE MacCALLUM

The Orangemen played the leading role in a comedy of errors handing Pitt a 24-6 win while displaying a calibre of play comparable only to the Syracuse weather.

The haphazard play of the Orange and a powerful Panther line resulted in the Orangemen suffering their worst loss in seven years. Not since Maryland defeated the Orangemen 34-13 in 1955 had a Syracuse team been beaten by so wide a margin. The loss also marked the first time Syracuse has lost four games in a season since 1954.

Halfback Paul Martha was the scroing leader for Pitt with a 32-yard score on a double reverse and a 54-yard touchdown run back of an intercepted pass.

The Orangemen again spotted their opponents an early lead with Pittsburgh's first score coming after the first series of plays when the Orangemen attempted to punt. The snap from center sailed over Bill Schoonover's head. Bill chased it back to the ten yard line then fambled it with a Pitt dfeender falling on he ball in the endzone for the score. Rick Leeson scored Pitt's other points on a 25-yard field goal and PAT conversions.

Syracuse's lone score came on a Walley Mahle to Walt Sweeney shovel pass from the 1-yard line. Mahle scooped the ball to Sweeney from his hip with defenders hanging off him.

Syracuse was held to negative rushing yardage (-11) by a tough Panther defense. Their passing attack began to jell with Mahle and Rich King completing 14-27 for 150-yards. Orange receivers dropped six passes while the ground crew fumbled four time losing possession on three occasions. One Syracuse pass was intercepted for a touchdown.

Bill Schoonover left the game in the first quarter with a bruised shin. His chances of being ready for the Navy game Saturday will not be known until later in the week. Bill, who has been one of the bright spots on the Syracuse squad, was sorely missed as a ball carrier and blocking back.

Navy, who Syracuse hosts in Archbold Stadium Saturday, lost to an old friend, Notre Dame, 20-12.

'Hoot' Tickets

Approximately 900 tickets to the ABC - TV "Hootenanny Special" will be available to SU students on a "first come, first served, while they last" basis, Joint Student Government Vice President Carol "Shultze" Lucha said Friday.

Another 400 tickets will be distributed to campus organizations that "have rendered service to the university for many years, receiving very little recognition for thier efforts."

The "first come, first served tickets" can be picked up at the student government office, 907 University Ave., early in the week of Nov. 12, Miss Lucha said. The office will be open 5 to 9 p. m. until all tickets are distributed.

Students picking up tickets will have their ID cards punched Miss Lucha said.

Organization receiving tickets include JSG executive, legislative and judicial committees; Traditions Commission; Student Union Committee members; the executive councils of the Association of Women Students, Panhellenic and Inter - fraternity Councils and the four classes; and class officers.

Also included are Boar's Head (dramatics society), the Daily Orange, WAER - FM and the Onondagan.

The "hoot" will feature the Lime Lighters, folk singers Jo Mapes and Mike Settle, Clara Ward and her Gospel Singers and New York City radio personality Jean Shepherd. It will be video taped for broadcast early in 1963.

Faculty Senate Axes Entrance Request of DO

By BEV LURIA
Junior Editor

The Syracuse University Faculty Senate has reaffirmed a decision made last year barring students from Senate sessions, Senate Agenda Committee Chairman Prof. Jesse Burkehead has told the Daily Orange.

A request to permit a DO reporter to attend a single Senate session was unanimously tabled last Wednesday by the Agenda Committee, Burkehead said.

The reporter had requested permission to attend one session of the Senate at the discretion of the Agenda Committee to obesrve the workings of the organization.

The request was made with the understanding that Senate proceedings would not be printed and that the meeting would be regarded as an educational experience.

Free discussion among faculty members would be inhibited by the presence of students at Senate meetings Burkehead stated. He cited this as a raeson for the committee's decision.

In 1960-1961, Sidney Hurlburt, editor - in - chief of the Daily Orange, attended Senate sessions. Burkehead explained that "occasionally students received special permission to attend but never through legal action."

Last year a recommendation that the president of Joint Student Government be permitted to attend Senate sessions was tabled by a vote of 35 - 18 at the November 18 Senate meeting.

The tabled recommendation read: "The Senate Agenda Committee recommends that students be excluded from attendance at University Senate meetings with the exception of the president of the Joint Student Government. who, in turn, will be excluded from any executive sessions."

Mayor Walsh Here Today

The Hon. William F. Walsh, mayor of Syracuse, will address freshman citizenship sections at 2 and 3 p. m. today at Marshall auditorium.

Mayor Walsh will speak on "Problems of Governing a Metropolis." He will be guest at a noon luncheon in 106 Maxwell Hall.

The Republican, Walsh, defeated Democrat Henry Norman last year in a close mayoralty battle. He is working to combat discrimination in relocating Negroes by urban renewal.

World News

CUBA—Soviet Deupty Premier Anastas Mikoyan resumed talks Sunday with Cuban Premier Fidel Castro on differences over dismantling of missile equipment in Cuba. Castro is balking at inspection by the International Red Cross. Mikoyan is remaining in Cuba despite the death of his wife this weekend.

TESTS—President Kennedy announced the completion of an atmospheric nuclear test series in the Pacific. The last test was Sunday morning, the fifth successful test in the series that began April 25. Underground testing in Nevada will continue. Kennedy said he hopes agreement can be reached soon with Russia on stopping of all testing.

Weekend on the Way

COMING UP—HOMECOMING—poster-painting was the big activity Saturday afternoon in the Women's Building as committee members turned out publicity for this first official SU Homecoming this weekend. SUE BANTA (l.), a freshman, sophomore. RON NONKEN and PENNY SHAPIRO, co-chairman of the weekend, seem happy with the results.

JSG BOOKLETS AVAILABLE TEST NOV. 15

Government training handbooks may be picked up from 1:30 to 4:30 p. m. today in the student government office, 907 University Ave. All students taking the government training course must pick up the booklet. The test is Nov. 15.

Vassar Morality:

Part One

In the past month we have read a considerable amount on college morality as prompted by the Cornell graduate student incident. While this horse has most likely been thoroughly beaten to death by now, let us chance a final swipe.

For that swipe we turn not to Cornell or Syracuse but to that pinnacle of feminine education, Vassar. The source: Another big name in the domain of womanhood, McCall's.

In the November issue of McCall's Vassar president Sarah Gibson Blanding says that while nineteenth century morality "is anathema to some leaders of the present college generation" twentieth century moral values are "confused."

Last spring Miss Blanding warned the Vassar girls that alcohol, sex and the school's "highest standards of behavior" did not mix.

She says "chastity and virginity are no longer carefully guarded virtues," and adds: "Late teenagers know considerably less than they think they do. The perspective of youth is necessarily limited, and prestige, popularity, romance, passion and love are frequently confused."

She says she hopes young women entering college "will recognize that alcoholic and sexual indulgence are not manifestations of adult independence. Man, unlike any other species, does not need to learn only from personal experience."

Miss Blanding says she and Vassar accept the need for change when social needs and conditions make it advisable.

It seems the good president has taken quite a role for herself — a judge of the social needs and conditions that warrant changes in a culture's morality. Her task is insurmountable and her outlook too idealistic.

Nevertheless, thousands of girls apply to Vassar each year, probably in an effort to escape the cruel, cold world and abide in four years of loving affection and protection by the defender of the moral barricades which seem to be tumbling all around her.

Fraternity pins — sex keys, indeed.

With Malice Toward None

A Question Of Attitude

By Beverly Luria

If a campus-wide favorite gripe popularity contest were held, chances are "the administration" would rank among the top ten winners. The Board of Publications "stifles freedom of expression" on campus, cars are taken away from or are given to a group, participants in a panty raid are punished. What happens?

From all corners of campus the cry goes up — "the administration is stepping on us," "they're too strict" or sometimes even "down with the administration."

Students complain that they (the administration) don't respect us, they're too patronizing, they never tell us anything. These broad generalities are fine, if students really understand and know who they are talking about when they flippantly throw out another "the administration . . ." How many students bother to discuss their complaints with the particular administrator or administrators involved?

More often students fume about actions taken by the administraiton and never even consider talking with the target of their accusations. Secrets is another word students seem to enjoy using. They speak of the administration withholding information and keeping secrets from the student body.

Well, the big secret is out. For years the administration and even higher up, the trustees, were devising a plan so secret that little but whispers escaped the inner chambers of the chancellor's office. Its long-hushed title. The Syracuse Plan.

In addition to the physical impact the $76 million called for in this plan will have on SU, sentiment in the red brick (administration) building is that the Plan itself will have a miraculous effect on students, faculty and administration.

One well known administrator was recently overheard exclaiming like a proud parent, "Nothing can stop us now, watch us grow!" The administration's baby, the Plan, is on the brink of maturity and its parents are displaying it to the world.

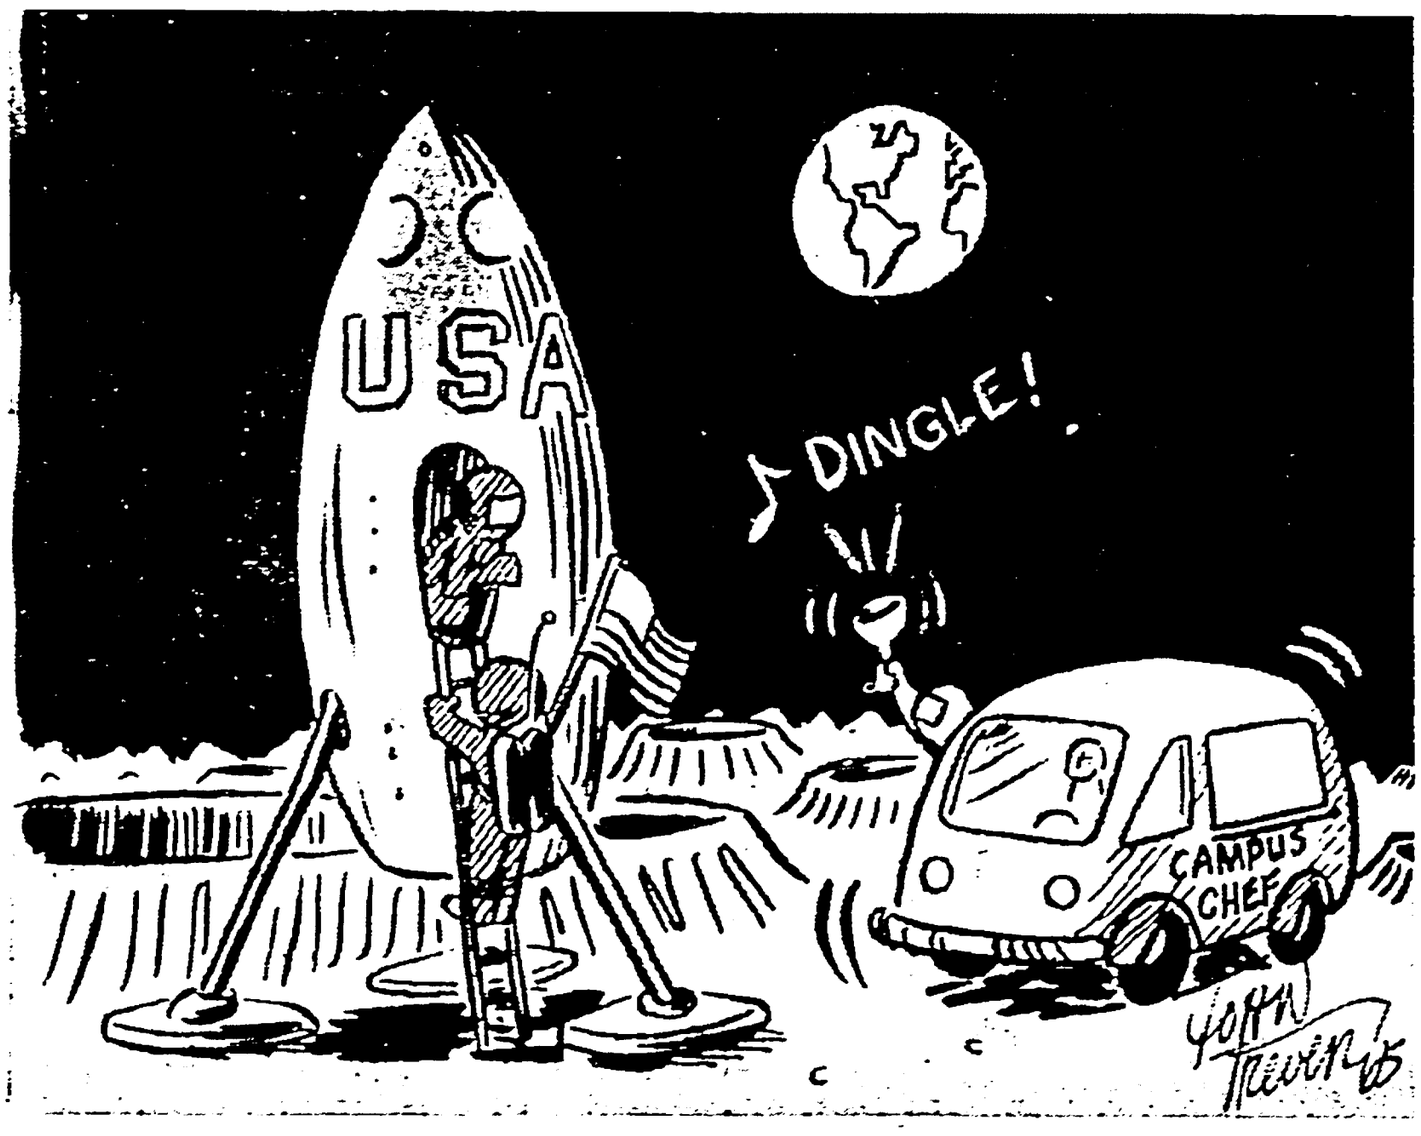
Upon hearing of the Plan and the changed university it will effect, one Daily Orange staffer commented that he would have no qualms about sending his children to Syracuse. But he asked how will this program help me, as a student, now?

It is fine for students to make such comments to their friends, but why don't they speak to the people with the answers, the administrators? Perhaps now that the veil is off SU expansion plans, answers will be freer in coming. The adminsitration should be praised for its cooperation with the DO on getting news of the Plan to the student body.

The culprit of the hour and top contender in the "gripe contest" in our eyes is the faculty senate. It is a shame that a bit of the administration's newly established trust hasn't rubbed off in this direction.

Last Wednesday that group of "educators" refused to permit a Daily Orange reporter to attend a Senate meeting on educational grounds. The Agenda Committee of the Senate closed its ears to all pleas and automatically repeated its prerecorded verdict — "no student shall be permitted to attend a meeting of the Faculty Senate."

The DO merely asked for a chance to attend one meeting of this influential and important group to get a more complete "educational" picture of how the university is run. The Senate was assured that not one word of the meeting would appear in print.



The university claims it has no secrets. The Faculty Senate says it wishes to have free discussion among faculty members without the disturbing presence of students.

Two years ago students were informally granted permission to attend Senate meetings. This permission was revoked last year. What caused the Senate to close its ranks at this time?

If the administration's attitude is "ask and your questions will be answered," then the Senate's attitude seems to be, "don't even bother asking as we have no intention of answering." Is this the proper attitude for a group of educators?

We thank the Agenda Committee for taking the time to consider student attendance at meetings, but regret that the final decision left little hope for future student attendance at these meetings. The university is looking to the future, the Faculty Senate seems infent on maintaining the status quo.

TREVER ON CAMPUS

LETTERS

Lillich

To the Editor:

On October 26 I spoke at the College of Law on "The Cuban Blockade and International Law." The report of this talk, appearing in the October 29 Daily Orange under the head line, "Lillich Calls Blockade Legal," substantially misrepresents my position. May I be permitted to set the record straight?

After stating that the "quarantine" of Cuba could not be justified under customary international law, I considered its legality under the 1947 Rio Treaty and the United Nations Charter. I noted that enforcement actions by regional organizations, such as the OAS took under Article 6 of the Rio Treaty, were allowed by Article 53 of the Charter only with the consent of the Security Council.

Since the Council had not given its approval to the draft resolution of the United States, the blockade obviously could claim no legitimacy on this score.

Assuming a Soviet veto of the draft resolution, I next speculated whether the Uniting-for-Peace Resolution of 1950 could be construed to sanction General Assembly authorization of the blockade, indicating that the legal position of the United States here was highly questionable. Three other arguments allegedly supporting the blockade were then raised, considered, and dismissed.

My conclusion, then, was that United Nations action might possibly validate the blockade retroactively, but that such action was very doubtful. This conclusion was certainly not reflected in your head line, nor your story.

Richard B. Lillich,
Asst. Professor of Law.

Vacuum

To the Editor:

Bravo D. O. for fully airing the Cornell controversy on student morality. Professor Mike Sawyer in a recent talk to freshmen told them point blank that the university was a power vacuum, and the implication I gathered was that there was plenty of room for the students to "move in."

One day, hopefully very soon, the students will star, and realize that the glad hands and happy smiles, the cheerful automatons who make a show of "running things" are just their old tired elders, trying to hold a bungled world together.

Like the old males among the Australian aborigines, who distributed the young virgins among themselves, the "established order" of our society holds out their own version of happy promises, "if only the young will knuckle under and plan for the future."

Twentieth century American democracy does not differ from stone age aborigines on the fundamental point: We still sacrifice our youth and their energies and would-be ambitions to our own stale and tired designs. And, like the aborigines, we have convinced them that this should be so, and if they want to scream real loud, well, there's always the perfect outlet of the perfect pep rally. Something to strive for, hey kiddies?

Ernest Becker,
Assistant Professor
of Anthropology,
Upstate Medical Center.

India-China

To the Editor:

My attention was drawn to the statement by Mr. Rao in context of the present Indo-China border dispute.

In the present crisis the world is facing, it is the imperative duty of every individual to relieve himself of petty-minded nationalism that may lead us into horrible thermo-nuclear war.

At least what we can do, is to give up this attitude of self-righteousness which pervades the present atmosphere. I may remind my fellow Indian students of our heritage of tolerance, self-restraint and self-criticism.

Indian Student.

UP IN THE AIR

Politics and the Video

By Leslie Berg

A quiet, unassuming man sat outside the television control room waiting for the fateful results. He was a political hopeful, not an entertainer. But party leaders insisted on a television audition before he could be considered eligible. Soon the suspense was lifted Robert M. Morgenthau had passed his screen test.

"America is a wonderful place to live, but I wouldn't want to visit there."

Evidence of such a "distorted attitude" among foreign people has led a New York attorney to formulate a plan for a "Home Peace Corps" that would extend hospitality to visitors to this country.

This is not an unusual case.

Since Congress suspended section 315 of the Federal Communications Law in 1960, requirements for "free", equal time on the air for all candidates have been dropped. This has meant a whole new approach to electoral campaigning.

It began with the Kennedy-Nixon debates. These were supposed to provide high level discussions of the issues of the campaign.

Then the television debates and political forum programs multiplied in such numbers that it seemed as if the candidate for local dog catcher felt obliged to challenge his opponent to a debate over the air waves.

As candidates began to discover the merits of broadcasting as opposed to other publicity media, they purchased more air time and planned more extensive paid political announcements. No longer was the candidate satisfied to smile full-face into the camera and deliver his appeal for home, mother and country. He wanted to be a star.

The debut of the poltician as an entertainer has not been a wholly successful one. The television audience has developed a degree of sophistication after years of constant viewing and must be approached with professionalism. They have lived through rigged quiz programs and learned to recognize canned laughter. The audience does not expect absolute truth from broadcasting but they do require some semblence of reality.

This audience will not accept rigged press conferences with candidates or casual TV intrusions into the candidates home where they are invited to "come in and meet the family." A politically mature America knows that men don't casually approach Senator Javitts in the street to ask "How's Cuba?"

The increase in freedom of political broadcasting should provide a challenge for politicians.. We all know that there are problems.

It is difficult to develop the complicated issues that provide the answers to public policy disputes in the short time segments that television provides. Too often issues are oversimplified or magnified out of proportion. How many people have been concerned over the fate of Quemoy and Matsu since the end of the Kennedy - Nixon debates?

But the greatest problem of all is not the technical mastery of the broadcasting media. Politicians must first learn not to over-rate television as a political factor. I refuse to believe that Richard Nixon lost the presidency because he used "lazy shave" on camera. It is true that the American people elected a Jack—but his name was Kennedy-not Paar.

Syracuse Symphony

Karl Kritz will raise the baton, 8:30 p.m. Friday Nov. 9 at Lincoln Auditorium, for the first of this year's Syracuse Symphony concerts.

Opening the evening will be Richard Wagner's Overture to the Flying Dutchman. An orchestral mainstay, this is the prelude to the operatic story of the devotion of "Senta," a young girl who redeems the Dutchman by her love.

Next is Igor Stravinsky's Suite from the ballet Petrouchka, written in 1911. It is one of three Stravinsky ballet suites, and combines the exotic East with the flavor of a Russian fair.

Petrouchka is the story of a magician's chicanery, a ballerina and her hapless, sawdust love. The piano plays a key role in the suite.

Concluding the concert is Beethoven's third symphony, the "Eroica". Originally written in honor of Napoleon, Beethoven changed the inscription of the E flat major symphony, to "Eroica." It is known for its power and length, for which it was greatly critized when first performed in 1805.

The concert will be repeated the following night.

Early Chairs English Convo

Three members of the Syracuse faculty will participate in the annual National Council of Teachers of English convention in Florida, Nov. 22-24.

Associate Prof. Margaret Early will serve as a chairman of a study group at the convention. Her topic is "New Research Findings and the Teaching of English."

Prof. Sumner Ives, chairman of the SU English deartment. will speak on "Five Centuries of Reading and Censorship Since Gutenberg."

Prof. Walton Sutton will also speak. His topic is "Literary Scholarship and the Secondary School English Program."

The convention will meet at the American Hotel, Bal Harbour, Miami Beach, under the theme "The way of the spirit and the way of the mind."

To Play Little Mary

Students who remember Bonnie Bradt's striking portrayal of Despina in "Cosi fan Tutte" can see her in her latest role as Little Mary Sunshine soon.

A graduate student in the School of Music, Bonnie's primary interests lie in the musical comedy field. Bonnie starred in the opera, "The Telephone," as Lucy. Bonnie did her undergraduate work at Syracuse and hopes to eventually teach voice.

As Mary Sunshine in the musical, of the same name, which opens Nov. 15, Bonnie plays an

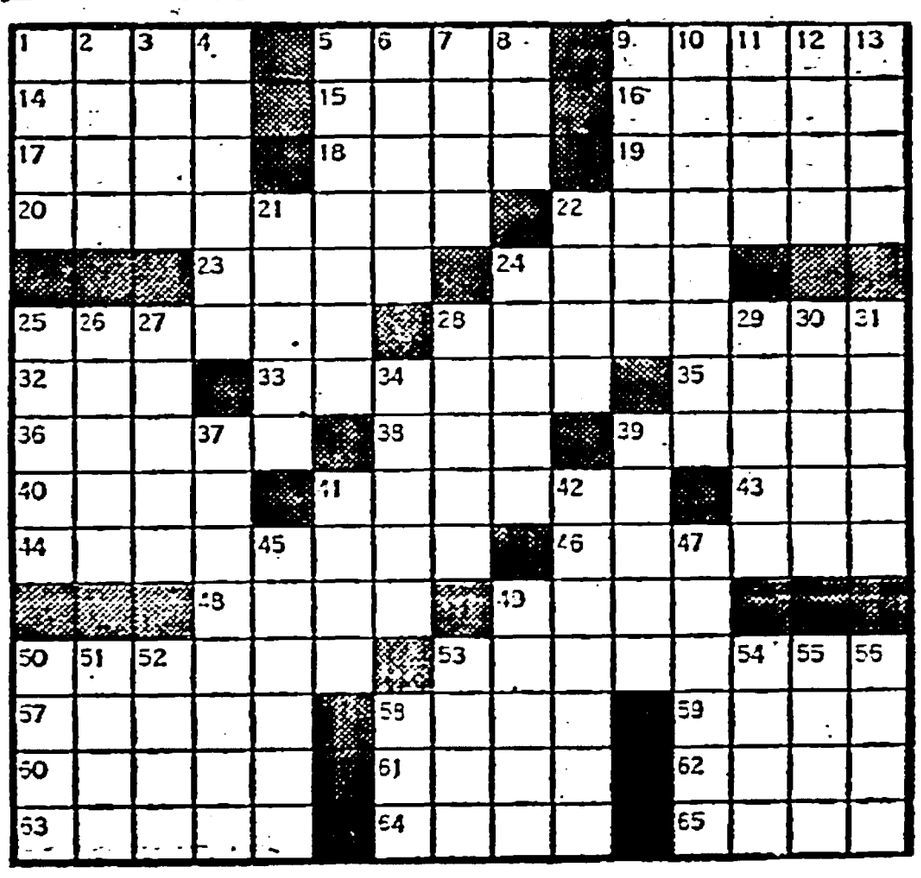
inn keeper in the Colorado mountains about to lose her establishment. With this porblem at hand, Little Mary stiii manages to be a "guiding light" for the young girls and a Vienna hasbeen opera star staying at her inn.

Her story is one mixed with love, fear, heartbreak and happiness. Says Bonnie of "Little Mary Sunshine, "Being a music student, I am obviously primarily interested in the musical aspect of the play. The music of "Little Mary" is different than most, in that it is a satire on previous varieties of music.

"This poses a challenging problem for the performer. I hope I have met this challenge. This, however, is for the audiences to judge."

Bart to Speak At Footprints

Dr. Benjamin Bart of the Romance Languages Dept. will discuss Albert Camus' "The Plague" at a meetnig of the freshman Footprints committee Wednesday.



The meeting, which will be at 7 p. m. in the Shaw Dormitory Ostrom Lounge, is open to all those invited to the first or second meetnig and to all interested freshmen.

Ask Syracuse University end coach Joe Szombathy to describe the longest pass play in Orange football history, and you'll get a blow-by-blow account. Joe caught the pass, thrown by Ed Dobrowolski, and ran 75 yards for a score against Rose Bowl-bound Illinois in 1951.

Know the Orange

JOHN SNIDER

John Snider: Troubleshoots

By HOWIE SCHNEIDER

Getting out of trouble is John Snider's business — that is on the football field. When the Orange are deep in their own territory John is called upon to kick the ball as far as possible as quick as possible. When an enemy runner breaks through the Orange line and secondary, only John, as defensive safetyman, stands between him and the goal line.

That is, only John stood between him and the goal line. John will do no more standing this year. Nor will he do any kicking. John is in trouble again, this time with an broken arm.

He had planned in seeing much action in the Penn State contest too. But in the second period John gathered in a Penn State punt and started heading up field. A Nittany defender came crashing down field. Down went John, out came the trainer. John was taken off the field and with him went some of Syracuse's top defensive hope.

John grew up in Buena Vista Virginia. He earned letters in baseball, basketball and football at the local high school. He won state recognition for his grid prowess and entered Syracuse University in the fall of 1960.

After a year of freshman ball, the blond junior became the team's leading punter and starting defensive safetyman. He averaged 36 yards per punt in 1961 despite a slow start. John is gifted in both offensive and defensive techniques.

Last year he led the team in pass interceptions with five for 59 yards. He also ran back four punts for 40 yards. His all - around play aided in a successful 7-3 Orange campaign.

This year John had seen a great deal of action in the Oklahoma, Boston College and Army games. He has booted the ball a total of 482 yds. with 14 kicks for an average of 34.4 yards per punt.

He has also been in on many key tackles. John will be an important figure in the Orange football picture next year. As long as he keeps getting out of trouble we can all breathe a little easier.

Tangerines Look Good

Osborne Expects Frosh To Have Respectable Year

Size, shotting and speed — these are the three major assets of the 1962-63 freshman basketball team.

"We've got a real fine bunch of boys with a lot of ability," says rookie frosh coach Morris Osborne. Osborne accompanied varsity mentor Fred Lewis to Orangeland from Mississippi Southern University.

The nine-member squad has impressed Osborne with its fiery determination and relentless hustle. "All our boys have a real terrific attitude about the game," the new coach states. "They've looked very strong in practice sessions so far."

However, Osborne is not totally optimistic about the upcoming campaign. "We still need work defensively," he adds, "and it will take a while to straighten it out.

"The team could also use a little more height," Osborne continues. "Although we average 6-3 per man, we don't have an overly-tall college team."

A rundown on the 1962-63 frosh squad:

DICK ABELMAN — A Dell Magazine all - state selection. Abelman hails from Bethlehem Central in Delram, New York. The 6-4, 190-pound forward was Schenectady area player-of-the-year led his team to the New York State Section B championship.

DAVE BING — Baseball and basketball star at Spingarn High School in Washington, D. C. First team H.S. All-America pick. The 6-2 youngster is slated for guard duty on the Orange club.

JIM BOHEIM — Forward (6-4, 170) from Lyons High near Rochester. All-Conference choice in junior and senior years. Was named to the Scholastic Coaches All-America last season.

NORM GOLDSMITH —Most valuable player in Nassau County in 1961-62 while competing for Malverne (N. Y.) High School. Honorable mention selection for Dell, Scholastic Mazazines. First baseman on baseball team at Malverne. Goldsmith stands 6-3.

FRANK NICOLETTI — All-City, County, State performer for St. Peter's Prep. (Weehawken, N.J.). Received honorable mention on Dell high school pool. Also participated in football and baseball. Height: 6' 3", Weight: 185.

SAM PENCEAL — Boy's High (Brooklyn) graduate who was rated top player in New York City. Captained squad in senior year and gained 3rd team high school All-America honors.

FRAN PINCHOT — Averaged 38 points per game for Newark Academy in Trenton, N.J. First team All-State pick. Pinchot (6-2 200) played baseball, basketball and soccer in prep school.

REX TROWBRIDGE—Teamed with Abelman on Bethlehem Central. Tall (6' 8") pivot rated most improved player in Schenectady area last year. Suburban County All-Star choice in senior season.

JAY RETTBERG — Smallest man on Orange frosh at an even six feet. Playmaker performed for Salamanca High School.

Graduation Losses Hurt SU Swimmers

By IRA BAKST

Swimming Coach Ted Webster will be faced with a tough rebuilding job this season, as graduation losses have taken away four first place finishers and the two relay team combinations.

Gone from last year's squad, which compiled a brilliant 9-1 record, are Captain Jim Tuck, who holds the school 100 yard free style record of 50.7 seconds, and Greg Pond, all university and pool record holder with a 2:08.6 effort in the 200 yard butterfly event.

Jerry Rosenthal, New York State's 1960-61 diving champion will also be sorely missed.

Although these losses are great, the Orange forces still have some very capable holdovers from last year's squad.

New Captain Bob Ohman, who holds the current all-university 200 yard breast stroke record of 2:25.6 and the all-university back stroke record of 2:13.6, is the main hope.

He will be backed up by Joe Morrison, a senior, who holds the 200 yard individual medley record of 2:12.8, and senior Tom Watts, the 1961-62 N. Y. S. 100 yard free style champion.

Backing up this impressive trio will be juniors Jeff Meyers, free style; Pete Moore, butterfly; Duane Leheigh, back stroke; Alan Roth,diver, and senior Bill Holmes, back stroke.

The team's fourth record holder, Bob Duthie, will also be back. He holds the university record for the 50 yard free style event with a lightning fast time of 23 seconds flat.

Moving up from the frosh are Chan Rudd, Roger Ellenberger and James Marshall, who holds the 100 yard butterfly record for freshmen.

New rules in the events where Orange graduation loses are most evident will hurt the piety forces this year. The long and tiring 440 yard free style which was more than taken care of by Greg Pond has been increased to 500 yards and the 220 yard free style to 200 yards.

The mermen are currently in practice and preparing for their home opener on January 12 against N. Y. U.

Football Forms Due

Petitions for block seating at Saturday's SU-Navy game are due between 3:30 and 4 p.m. today in the Trophy Room. Men's Gym.

Due to the great demand for tickets, fraternities should not try to reserve blocks larger than one and one-half times the number in their house membership, announced Trish Spear, football seating chairman.

Ticket exchange for block seating will take place at 4:30 p.m. Wednesday in the Men's Gym. Married students may exchange stubs for reserved seats from 3:30 to 3:50 p.m. the same day.

Reseved seats for seniors must be claimed between 3:50 and 4:10 p.m. Wednesday. Graduate students may come from 4:00 till 4:30 p.m.

On Thursday, underclassmen must claim their reserved seating tickets. Times are: juniors 3:30 to 3:50 p.m. sophomores 3:50 till 4:10 p.m. and freshmen from 4:10 to 4:30 p.m.

All reserved seats must be occupied by 1 p.m. Saturday. At that time anyone will be entitled to the vacant seats.

Syracuse Braves Add New Players; Lack 1-2-3 Punch

Strengthened by an addition to the squad, the Syracuse Braves professional hockey team hopes to move up in the standings after a disappointing start.

Rightwinger Don Bamburak, a 22-year-old, 5-8, 160 pounder from Vancouver of the Western Hockey League, completes a forward line that includes Milan Marcetta at center and Bert Fizzell, a former teammate of Bamburak at leftwing.

Prior to the weekend the Syracuse club was relegated to the basement of the four-team Eastern Professional Hockey League with only a win and twol ties in its first seven games

League statistics disclose that the Braves had the poorest record in both goals scored and goals allowed.

Syracuse's leading scorer, left winger Marv Kuryluk, ranked 13th in the league with three goals and four assists for a total of seven points.

Syracuse experienced a busy weekend as it journeyed to Hull-Ottawa Friday night, and Kingston Saturday night.

Bob Leiter of the Kingston Frontenes, who nearly made the Boston Bruins' squad this year, is leading the league with a total of 13 points, five goals and eight assists.

Hull-Ottawa has a huge lead in the goals allowed category with a yield of 2.50 per game.

Corky Voas Champ

By JUDY ADAMS

Corky Voas. No less and a lot more. That's the outlook for the Hill gymnastics squad this year.

The little captain is back again, to the dismay of Orange opponents. And back with him are the three top Orange finishers in last winter's Eastern Intercollegiate Gymnastic League competition.

Gold metal-winner Ron Orlick returns to defend his honors in the long horse vaulting event.

Senior Ray Grimaldi, who took a silver medal in EIGL meet as the number two man on the side horse, and junior Carl Poplar, who similarly captured the silver awards in the parallel bar and the flying ring competition, will be back for another year under coach Paul Romeo.

Rolf Leninger, who accounted for Syracue's other honors in the EIGL meet by finish fourth in the all-round competition will also return to perform for the Orangemen.

But the top man must and will be Corky Voas. Last year as a junior, Corky participated in eight of the EIGL events and qualified for the finals in six of them.

Voas took the gold medals in the tumbling and the trampoline competition. He took the second in the long horse vaulting behind teammate Orlick. And he took the bronze medal for third place in the floor exercises.

With these fine performances, he was named third in the competition for the all-around title.

The gymnasts had one of the best years in the history of the school last year when they won five, lost one and tied one. Their sole loss was the last meet of the year against Penn State.

Orange Rifle Team Opens '62 Schedule

The Syracuse rifle team opened its season Saturday as the Orangemen journeyed to Cornell for a meet with the Big Red of Cornell and the Purple Eagles of Niagara University.

The squad includes Ed Heidinger, Bob Walton, Bob Pomeroy, Bob Murray, and Scott Redfield. The prospects for a winning team seem excellent and the three Sophomores up from last year's team are expected to bolster the Orange. George Levi, Roger Rubrecht, and Hank Burger will greatly improve this year's varsity shooters.

This year the schedule promises to be excellent for gymnast fans with three of the seven meets at home, before the Orange host the EIGL competition at the beginning of March.

This year the Hill hosts St. Lawrence on Nov. 10, Buffalo the following weekend, and Oswego on Jan. 12.

The Orange travel throughout New York State, having away meets with Alfred, Oswego, Niagara, Canisius, and St. Bonaventure.

The schedule for the '62-'63 season extends from Nov. 3 to Mar. 16 when the Piety gunners train their sights on St. Bonaventure at Olean, New York.

The Orange journey to Oswego on Dec. 8 and, with a break for the holidays, don't fire again until Jan. 12 when Oswego returns the visit.

With Heidinger and Redfield leading the way, and a strong Frosh team to back them up, the Orange could be a lot of trouble on the rifle range this year.

Part of the nationwide Bell Telephone System

'Great Place to Live, Not to Visit'

"America is a wonderful place to live, but I wouldn't want to visit there."

Evidence of such a "distorted attitude" among foreign people has led a New York attorney to formulate a plan for a "Home Peace Corps" that would extend hospitality to vistors to this country.

The founder and vice chairman of the Manhattan Peace Corps Service Organization Joseph Fisch, outlined his plan before the Hill Interational Students Organization last week.

Fisch's plan would have offices in major U.. S. cities, under federal superivision, keeping records of volunteer hosts to entertain foreign visitors.

The records would contain information on the hosts' jobs and hobbies. Hosts would then be matched with visitors with similar interests.

Fisch noted that organizations with the same hospitable purposes already exist, but said such groups only handle government officials or visiting students.

"The most important part of the plan is to bring people together," Fisch said.

Some of the international students in Fisch's audience objected that his plan would not give visitors a chance to see "the real America," and would carry a stigma of artificial hospitality.

Fisch agreed that such an objection is legitimate and will have to be overcome for his plan to succeed.

He suggested that persons interested in such a hospitality plan contact like organizations already in existence. These include People to People, Kansas City, Neb., and the Peace Corps, Washington 25, D. C.

Also chairman of the Forum Committee of the Lower East Side Assn. in New York, Fisch has traveled extensively in Europe. He holds degrees from New York University and Harvard Law School.

Becker Lists Expanded Duties of Class Senators

Joint Student Legislature senators-at-large will be more active this year than in previous years, JSL Speaker Pro Tempore Robert Becker has announced.

Becker said the 18 senators-at-large will send representatives to class executive council meetings, will take surveys of their classes concerning campus issues and will meet once a month to discuss their findings.

Becker also announced that senators-at-large will attend JSL steering committee meetings on a rotating basis, effective next week. The six senators from each class will attend the meetings together.

The stepped-up action of the at-large representatives has occured because of criticism at the Pinebrook conference of the group's inactivity in the past, Becker said.

Teachers Had Heyday in 1961-62

From October 1, 1961 to October 1, 1962 the Educational Placement Bureau processed 16,056 teaching vacancies.

Of this total 13,749 were public school teaching positions; 2190 were college teaching positions; 117 were from private schools.

The 13,749 public school teaching positions were reported to the Bureau by 983 public school systems from nearly every state —including—Alaska and Hawaii.

The Bureau was instrumental in placing approximately 90% of the seniors and campus grad- with that office last year.

An educational placement convocation will be held Nov. 6 in 117 Lyman Hall. At that meeting the seniors in Education and graduate students who plan to teach in public schools starting Jan. 1963 and Sept. 1963 will be given registration forms and instructed about the enrollment procedure.

ASIS Offers Scholarships

The American Student Information Service is offering grants and cash scholarships to college students seeking summer jobs in Europe. Gifts ranging from $10 to $175 will be given to the first 1,000 applicants.

Jobs include factory work, resort-hotel work, farming, construction, office work, hospital aid, child care and camp counseling.

Wages vary throughout Europe $175 per month for the highest paying German positions and simply room and board for certain jobs in Spain. Positions are offered in conjunction with package arrangements costing from $150 to $799.

Applicants are provided with album of language records for travel benefits including an each country, a pass signifying discounts throughout Europe, complete health and accident insurance, and a choice of tours ranging from six to 24 days.

The ASIS is offering these gifts in celebration of its sixth anniversary as "the only official, authorized organization placing students in European summer jobs on a large scale."

For applications and further information, write ASIS, 22 Avenue de la Liberte, Luxembourg City, Grand Duchy of Luxembourg.

spots.

Friday has been closed to all other social events by the university social committee. In addition, curfews for all co-eds have been extended to 2 a. m.

A house decorating contest will be judged Saturday morning. All Greek houses and independent living centers may participate. The contest replaces the Colgate Weekend poster contest.

In addition to a trophy, the winning living center will be awarded 30 tickets to the ABC-TV show in Sims Dining Hall on Nov. 18.

The weekend queen and her court will be presented in colorful ceremonies during half time of the football game. The queen contest is being sponsored by Orange Key, junior men's honorary.

The Saturday night dance, "Beyond the Sea," will feature the Holden Gutermuth Jazz Octet. The semi-formal affair is scheduled for 9 p. m. in the Women's Building. Also appearing will be a student folk singing trio, composed of Eddie Miller, Judy Poole and Jim Hunter. Co-ed curfews will be extended to 2 a. m.

Among the traditions which the sophomore class hopes to establish for the weekend are the house decorating contest and the queen crowning ceremony during the football game.

Weekend Chairman Penny Shapiro emphasized that this will be the first weekend to have extended curfews for both nights. Co-eds may stay out an extra 90 minutes on Friday night and a bonus half hour Saturday.

Parking Warning

The parking lot near building 24 is reserved for staff members working in that building and for business visitors to the building.

Security Police warns holders of staff parking permits to use unrestricted parking lots.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

On the heels of a damaging snowstorm, a blast of frigid polar air is pushing into the state and will stick around through Tuesday at least, keeping temperatures 20 degrees below the norm for this time of year.

The four and three-quarter inch snowfall Saturday night, along with additional snow we may get from lake squalls later today, will make biking to classes quite an adventure.

During the daytime hours, when the temperature rises just above freezing, the snow underfoot will become exceedingly sloppy. Freezing overnight will make roads and sidewalks hazardous.

Heavy overcoat warnings through Tuesday are forecast, with cloudiness and light snow early this morning giving way to some sunny intervals during the day. Dark threatening clouds with a few snow squals will develop later this afternoon and continue through Tuesday. Today's high the lower 30's, falling to the mid-20's tonight. Winds will be strong and northwesterly, driving and drifting the snow.

Ed School Admission

Students who wish to enroll in the School of Education must apply for admission Tuesday through Nov. 21 at 200a Slocum. This pertains to all enrolling sophomores as well as to juniors who failed to apply for admission during their sophomore year. Procedure for application is as follows:

Sophomores may apply for dual enrollment in the fields of art, business, English, family relations - child development, foreign languages, home economics.

Also mathematics, music, physical education, science, speech, social studies.

Application for single enrollment will be in the fields of early childhood education and elementary education.

Sequences in special education for first term sophomores are audiology and speech pathology, teaching of deaf children, crippled children and children with retarded mental development.

Applications of prospective candidates for admission will be critically examined by the Committee on admissions for the School of Education. The committee reviews a candidate's academic record and other pertinent data and then judges his fitness for professional training.

Ed Placement ConvoTuesday

Dean Virgil Rogers of the School of Education will speak at the annual Educational Placement Bureau Convocation at 4 p. m. Tuesday in Room 117, Lyman Hall.

Seniors and graduate students who will be seeking public school teaching positions in February or September, 1963, should attend.

Miss Lina Stedman, director of the bureau, will speak.

Application forms for completing registration with the bureau will be distributed.

The longest touchdown play in Syracuse University football history was engineered by a fourth string fullback. Reserve Danny Rackiewicz ran 101 yards for a score with an intercepted pass against Pitt in 1959.

J-Council Elections

Larry Coffman was elected president of the Journalism Council at an organizational meeting attended by over 50 Journalism students last week. Kay Lockridge became vice-president after serving as secretary-treasurer of the Council last year. Mrs. Ruth Kent took her place as new secretary-treasurer.

Dean Wesley C. Clark opened the meeting by telling Council members the general aims and purposes of their group, and outlining past projects and services. He announced the annual School of Journalism banquet, to be held Friday in the Sims Dining Room, with Bernard Kilgore, president of the Wall Street Journal, as guest speaker. Council members present at the meeting received free tickets to the banquet.

Coffman, graduate assistant to Gene Gilmore in the news department at the J-School, is a 1960 graduate of Bowling Green University, Ohio, where he was editor of the daily B-G News. After receiving his B.S. in journalism, he worked for the Baltimore News-Post until he entered the Army. He returned two months ago after serving 21 months as a lieutenant with an armored calvary unit in Germany.

Coffman promised Council members a good return on their annual dues of $3 in return for their cooperation on a number of projects waiting for action of the group.

Miss Lockridge is a 1961 graduate of Miami University, Ohio, where she was editor of the Miami Student. She received a B.A. in political science and is presently working on her masters in the newspaper sequence.

Mrs. Kent graduated in June from the J-School and is working toward her M.A. in the magazine department. She is a Theta Sigma Phi scholarship winner.

SPANISH, ED ENROLLMENT

All freshmen and sophomores who intend to become Spanish majors and who also plan to be dually enrolled in the School of Education must contact Prof. Ernest Milner in 200A Slocum Hall by Friday.

Get Lucky
Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:
First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded $25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a $25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to ½), clarity and freshness (up to ½) and appropriateness (up to ½), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

THE ANSWER: After the ball is over
THE QUESTION: When may the umpire call a strike?

THE ANSWER: THE JACK OF DIAMONDS
THE QUESTION: What is the most expensive trunk accessory of the Rolls Royce?

THE ANSWER: 5280 feet
THE QUESTION: How large is the practice of the average podiatrist?

THE ANSWER: Mein Kampf
THE QUESTION: Hey, whose kampf is this, anyway?

THE ANSWER: HORSELESS CARRIAGE
THE QUESTION: What would you call a goat-drawn cart?

THE ANSWER: Don't fire until you see the whites of their eyes
THE QUESTION: Say, Sarge, what's the best way to get a purple heart?

The answer is:

Get Lucky

the taste to start with...the taste to stay with

The question is: IF SOCRATES WERE ALIVE TODAY, WHAT WOULD HE ADVISE SMOKERS? Good, smart advice. Of course it makes sense to enjoy the fine-tobacco taste of Lucky Strike. This taste is the best reason to start with Luckies . . . the big reason Lucky smokers stay Lucky smokers. And this same taste is what makes Lucky Strike the favorite regular cigarette of college students. Try it today.

Country Votes Today; Nation (And JFK) Eye Rock, Nixon, Romney

By ANN CUTLER

Across the country voters go to the polls today. They will decide not only current races, but will determine the major figures in the 1964 president elections.

The election is particularly important to those vying for the Republican presidential nomination two years from now.

There are three and possibly four figures in this race.

Top on the list are Governor Rockefeller's bid for re-election here in New York and former vice-president Richard M. Nixon's try for the governorship of California.

Rockefeller's chances depend mainly on how impressively he can beat challenger Democrat Robert Morgenthau.

Nixon needs a win in his home state, California, against Pat Brown to prove to party leaders that he can still pull in the votes.

Also important is political novice George Romney's bid to become the first Republican governor of Michigan in 14 years.

One other gubernatorial election which may turn out to be of national importance, Republican Rep. William Scranton's attempt in politically important Pennsylvania.

The Democrats are also very interested in today's results.

By his personal campaigning before the Cuban crises, President Kennedy has placed his personal and administrative policies on the line in an off-year election.

By this move the Democrats are seeking to hold down the traditional off-year losses of the incumbent party in the Senate and House.

This year's election may also determine who will be in the race for the Democratic vice-presidential nomination.

Local Elections

About 80,00 out of 206,000 registered voters in Onondaga County are expected to turn out today to decide the winners in the city, county and state races.

At stake in the city and county elections are five offices. Syracuse is expected to follow its tradition of voting Republican and return the majority of incumbents to office.

Congressional opponents are Republican incumbent R. Walter Riehlman and Democrat Lee Alexander.

Competing for commissioner of education are incumbent Russell Carlson and Edith Romano; for judges of city court, incumbents Rocco Regitano and Francis Moran against Robert Srogi and James Fahey; for county comptroller, Burdette Lee and Bernard Landers; for county executive, incumbent John Mulroy against Thomas Feeley and for county judge, Ormand Gale against Richard Sardino.

Sadler Voting

A straw vote this weekend among 374 Syracuse University students who dine in Sadler Hall showed Gov. Rockefeller receiving 265 to 66 for Robert M. Morgenthau, Democratic candidate for governor. Conservative David H. Jaquith received 18.

Republican U. S. Sen. Jacob Javits received 271 to 69 for Democrat James B. Donovan and Conservative Kieran O'Doherty,

Eta Pi Taps 8 Senior Coeds Mon.

Eta Pi Upsilon, senior women's honorary and Syracuse University equivalent to Mortar Board, tapped eight new members Monday night. The coeds, selected on the basis of scholarship, character, leadership and service, were honored with surprise serenades at their living centers.

New Eta Pi's include: Christopher Anderson, Kristin Geckler, Helen Gott, Leslie Mandel, Patricia Moore, Naomi Pinsky, Carol Rapp and Ann Seigel.

Miss Anderson, of East Stroudsburg, Pa., is chief justice of the AWS Review Board and a Joint Student Legislature senator-at-large from the Class of 1963. Vice president of Delta Delta Delta, she has a 2.1 average in the School of Speech.

From Kenmore

Hailing from Kenmore, Miss Geckler serves on Traditions Comission and as Joint Student Government Social Co-ordinator. Vice president of Delta Gamma, she has a 2.25 average in the College of Home Economics.

A political science-journalism major with a 2.16 average, Miss Gott comes from East Orange, N. J. Active on Traditions Commission and in the International Students Organization, she is a member of Sigma Delta Tau.

President of Iota Alpha Pi, Miss Mandel has a 2.0 average in the College of Home Economics. From Jersey City, N. J., she serves as president of the Home Economics Student Board and as Daily Orange office manager.

Nursing Pres.

From West Englewood, N. J., Miss Moore has a 1.8 average in the School of Nursing. She is president of the Nursing School's student body and corresponding secretary of Kappa Kappa Gamma.

A member of Iota Alpha Pi, Miss Pinsky lives in Syracuse. Speaker pro tempore of the AWS assembly, she has a 1.9

(See Eta Pi Taps, Page 7)

Walsh Envisions City-County Action

By DANIEL RITEY

Mayor William F. Walsh envisioned future cooperation by the city and Onondaga County in providing services as the population of Syracuse increases.

He made this prediction Monday at the Citizenship lecture in Marshall auditorium.

The mayor further noted that this cooperative progress would best be accomplished by the gradual addition of services as they are needed by the populace.

MAYOR WALSH

During the course of his lecture on "Governing a Metropolis," Walsh outlined several problems facing the various departments of the Syracuse municipal government.

"The city of Syracuse is not to be blamed for the defacto segregation situation that still exists," he emphasized.

Walsh defined segregation as "the deliberate separation of the races" and stressed that in Syracuse, as in other cities, the Negro population crowds together in those areas that are vacated by the white folk. "This mobilization of the Negroes has occurred in Syracuse, it was not caused or planned," he said.

"The city is working on this problem and hopes to break it down soon," he continued. "We, inSyracuse, have a chance to reverse the trend of segregated areas nad; with our urban development and renewal plans, we expect to do this," he added.

City Departments

The other city departments, Walsh noted, have their own special problems, but all department s have a common need: money. "Our problem is to provide the people with good services without raising their taxes, yet the improvements that they desire from the city cost money and taxes provide the most revenue for the city," he said.

As an example Walsh cited the Syracuse Board of Education. Very vital and costly to the taxpayers, it has extensive building and standardization plans, but is continually needing funds.

(See Walsh, Page 8)

JSL STEERING

Joint Student Legislature's Steering Committee meets at 4:30 p.m .today in the student government office, 907 University Ave., behind Winchell Hall. Sophomore senators-at-large are asked to attend, JSL Speaker Pro Tempore Robert Becker has announced.

Poet Hecht Reads Today

Anthony Hecht, young American poet, will read some of his own works at 8 p.m. today in Peck Hall Auditorium of University College, 610 E. Fayette St.

The reading, sponsored by the Central New York Poetry Circuit, is open to the public.

Lettermen--A Mixed Crew

"THE LETTERMEN"

A one-time missionary, a part-time songwriter and a football player make up the Lettermen, the vocal group appearing Friday night in the Men's Gym. Their appearance at the "Homecoming Howl" is sponsored by the sophomore class.

Robert Engemann was a missionary for two years and is now an elder in the Mormon church. Tony Butalo is a veteran night club singer and also has written several songs. The true "letterman" is Jim Pike, who excelled on the gridiron at Idaho Falls High School.

Engemann and Pike met at Brigham Young University when they sang with local groups. They met Butalo in Los Angelos and decided to try their luck together.

Several Hits

The group has had several hit records, including "The Way You Look Tonight" and "When I Fall in Love." They have also recorded several albums.

The Lettermen will be appearing at 8:30 p.m. Friday in the Men's Gym. Following their appearance, the Herb "Ebb Tide" Nelson Trio will play twist music. The entire program is scheduled to last four hours.

Syracuse Sings

Coed

Annual stepsinging competition will begin at 5:40 p.m. today with the large house division singing. The Sigma Alpha Iota Chorale, by members of the music honorary which is sponsoring the contest, will officially open the program.

Flight I at 5:45 p.m. will have Delta Delta Delta, Pi Beta Phi and Sigma Kappa competing. At 6:05 p.m. Flight II will have Kappa Alpha Theta, Chi Omega and Phi Mu.

Flight III, beginning at 6:25 p.m. will have Kappa Delta, Zeta Tau Alpha and Alpha Xi Delta. The last Flight IV at 6:45 p.m. will have Phi Sigma Sigma, Kappa Kappa Gamma and Gamma Phi Beta.

Small houses will sing Wednesday beginning at 5:55 p.m.

Houses must be at Hendricks Chapel fifteen minutes before their scheduled singing time. Dress is a dark skirt, white blouses or sweaters and heels.

Fraternity

Applications for the interfraternity sing are due Nov. 20, Leland Peterson, president of Tau Theta Upsilon, has announced. Singing will be broken into two division, large group and barbershop.

Each house will be permitted one representative for each group. The large group will sing the alma mater and one other song of their choice. The barbershop groups will have no restriction on either number or selection of songs.

The registration fee is $3 for large group and $2 for barbershop. The finals will be held Jan. 13 at the second Interfrraternity Council rushing convocation in Hendricks Chapel.

The first competition will be early in December. Tau Theta Upsilon, senior men's honorary, sponsors the sing and members of the music school will be judges.

Applications should be presented to Peterson at Delta Upsilon, 426 Ostrom Ave.

One Vote For Freedom

The American people, or a percentage of them at least, will go to the polls tomorrow. These individual trips, which will produce a new makeup in the Congress of the United States and bring new faces into various state offices, are more than mere casting of votes for candidates or parties.

Each vote cast is not, in the long run, a vote for a Democratic government or a Republican government, but rather a vote for a free government.

Because the whole is the sum of its parts, no vote is unimportant and no person should fail to vote because of this.

The eyes of the world will be turning toward our polling booths today to see how much the American people are concerned with their government in this time of extreme crisis.

For in the long run, each vote is simply a rededication of faith in the system that allows free voting. The only blow to the system is the non-voter, the citizen who takes everything for granted.

We are reminded of the reaction on campus two weeks ago when a press failure prevented an issue of the Daily Orange from appearing that day. The students, never at a loss to criticize and complain about the Daily Orange's shortcomings, were somehow at a loss without it. They probably weren't sure why, but they missed it.

While not presuming to place the Daily Orange on the same level of importance with such an all-embracing concept as democracy, suffice it to say that the right to vote, if taken away, would be much more sorely missed than campus notices, the crossword puzzle or even the Herald-Journal.

Jim DeLine

The untimely death of WSYR's Jim DeLine at the age of 46 was met with shock and grief in the city last weekend. For Jim was a personable man who had built a tremendously loyal following in the Syracuse area.

His personality and charm were always a pleasant change in these times when most of the radio band is covered by disc jockeys with less to offer than the records they play.

THE GADFLY

Pigskin Mania

By T. Lee Hughes

No matter how much the Pitt Panther squeezed the Orange this weekend, Pittsburgh came out on the losing end when Pitt Publicity Director Carroll H. Cook attempted to defend the university mania for big-time football.

Hopefully, any Syracuse University official who attempts to justify pouring thousands of dollars into gridiron shenanigans will do a better job than did Cook.

For Cook apparently has tried to equate the possible demise of the sport with the Fall of Adam and Eve. And the "eggheads" and "jokers" he charges with leading the conspiracy he could hardly regard more fondly than the proverbial Snake in the Garden.

"Yet I am afraid that the eggheads might prevail," wrote Cook in last week's D.O., "These cynical individuals are jealous of the publicity the coaches and athletes receive. These type of men our country can give to Russia."

It is not easy to envision a sane individual suggesting the "eggheads"; the academicians, the scholars, the medical men, the politicians, be banished to Russia in favor of turning the nation into one mammoth gridiron.

'For it would be a nation which instead of every four years electing a president, would send in a new quarterback; instead of erecting a blockade around Cuba, would utilize a wing-T; instead of invent a cure for polio, would bring in the second team.

It is true that the "eggheads," as Cook labels them, are jealous of the publicity and money received by the gridiron bandwagon.

But none other than Casey Jones, executive editor of the Herald Journal (and seldom accused of being an "egghead") had some words of wisdom on this point last year. In the wake of publicity given to grid star Ernie Davis, Jones said that will all the students of political science, medicine, engineering, and teaching graduating last June, it was a crime that the spotlight of publicity should shine on a figure representative of such an unimportant activity as football.

In fact, Mr. Cook, can you, or an official of any university guilty of placing undue emphasis on football (of which Syracuse is one) justify this in an institution ostensibly devoted to academic endeavor?

Our own Dean Clifford is a great proponent of the phrase "antithical to the academic enterprise." At a meeting in Sadler Hall last year I asked him if he thought big-time football was "antithical to the academic enterprise." The Dean, whom I have seldom seen caught without an answer for anything, was somewhat less decisive on this one. "That's an interesting question," he said. "I'd have to think about it for a while."

Informed sources have told me that the recommendation that Syracuse University exert every effort and expenditure to build a big-time football team was made in a comprehensive report by several university administrators in the early 1950's. Classified reasons for the move: a football powerhouse would move the university into the national publicity spotlight, and would establish a vehicle for alumni identification, thus encouraging donations.

Since there has been so much talk of morals bandied about lately, it seems to me that the university's use of the bodies of young men for its own purposes could scarce be construed as less than a form of prostitution.

Sending 22 Olympians out on a hundred yard piece of turf to batter and beat and belt each other amid a howling mob seems to qualify for as much of a perversion of the "academic enterprise" as anything.

For there's little doubt that there's nothing academic about big-time college football.

Thousands and thousands of dollars are spent yearly to maintain a field and coaching staff and to pay for scholarships for gridiron athletes (one professor once told me "go to the games? I can watch professional football on T.V.")

A good number of the football players can scarce be said to be at Syracuse University because of their academic merit.

No one can believe that players who spend most of their time practicing (and before it burnt down, at the Clover Club) are being subjected to the same academic pressures or yardstick as the rest of us.

Furthermore, players who have failed to maintain a one-point acum at the end of four years are given what is called a "certificate of attendance" at S.U. instead of a diploma. Would it be impertinent to ask what student other than a football player would be allowed to spend four years at Syracuse with an average of 0.5?

But to put the icing on the cake, many football players are paid for their athletic prowess. Alumni groups give them everything from new cars to spending money, all with defacto sanction of the university.

And this is not only grossly unfair, it is an out and out crime.

For I know of students with 2.5 averages who have been refused scholarships at S.U., while at the same time alumni are slipping green bills into the wallets of some football player because he can toss a pigskin 30 yards.

Alumni at Southern Methodist University, long one of the nation's football powers, are now beginning to question the ethics of the university football machine.

And alumni and administrators here would do well to think along the same lines.

For with the recently announced drive to construct millions of dollars worth of academic buildings and improve the quality of the faculty, it would seem that Syracuse University could now begin to count on academic excellence rather than football supremacy for publicity.

But I suspect that, as in many cases, it is the alumni who are calling the tune in this case. The same alumni who would give millions to build a new fieldhouse, but not a new library which the University sorely desired, are the same alumni who wallow in the shallow glory of their school being a football power.

It is about time some of these intellectual midgets began to think of the academic welfare of their alma mater rather than the dimly reflected glitter of football supremacy.

But then again, in the words of Mr. Cook, "If the press, radio, and television do not fight these (eggheads), then college football could die."

And that would be a hell of a shame.

TREVER ON CAMPUS

"No midterms, eh Roomie?"

LETTERS

Soccer

To the Editor:

Approximately five weeks ago, an organizational meeting was called for any students who wished to participate in a soccer club.

A total of twenty-five (25) graduate and undergraduate students turned out for the meeting to find out what it was all about. We were told by a faculty advisor, that if enough interest was shown, a few soccer exhibitions would be arranged with neighboring schools during the fall semester.

We were promised that either a grad student or faculty advisor would supervise our workouts from four to five-thirty, Monday through Friday, and that if we were in condition by the end of the following wek, a scrimmage would be scheduled. This was four weeks ago.

As of today, our practices have been officially supervised only three times. On the average, fifteen prospective soccer players have attended these practices with enthusiasm, considering that it is a mile and a half jog out to the Hookway Tract, where we practice.

Now that both of our two games have been cancelled, for no really worthwhile reason, we feel that it is unfair that we have not been able to play the great game of soccer. We have been further handicapped because the university has not allowed us to use its equipment, and have been forced to substitute a smaller and less efficient "goal" (a lacrosse goal).

We have proved that there is student interest present, why is there no faculty interest?

THE CUTTING ROOM

A Letter, An Answer

by John E. Greenwald

To the Entertainment Editor:

I don't see how Mr. JEG arrived at the conclusion that "Viridiana" is the "best film" to hit Syracuse since "Breathless." In a lapse that offered such undefiable cinematic achievements as "L'Annee "Through a Glass Darkly," Dernier en Marienbad," "Jules et Jim," or the very capable stage-into-film "The Mirace Worker," "Breathless" or "Viridiana" as sheer cinematic works, are only two of the many facets in a good-size stone.

It is the most powerful polical and social comment—of the present-day Spanish Catholicism, the treatments to the social ills—documented in a film in recent years.

If we take the superficial picture of the plot, it is, indeed, a complete derogation of human nature, but one only that a maniac or a pervert would take hoy to express. Not Sig. Brunel. Otherwise, this is one of those arty sickly movies that feeds on sensationalism. Besides, if we only take on to the "human junk" conclusion, Mozart's "Cosi Fan Tutti" did it much better, in an even sadder way—comically.

But if Mr. JEG watched the plot and the to-hell-with-human-race "impression" so devotedly, he should also observe more bloodily.

The uncle DID seduce Viridiana.

Robert Yao

Dear Mr. Yao,

A) There have been many excellent films shown in Syracuse between "Breathless" and "Viridiana": "Marienbad," "Jules et Jim," "La Dolce Vita," to name a few. We have our favorites, you have yours. To re-roast Mark Twain's old chestnut, "It's a difference of opinion that makes horseraces." What else is new?

B) "Virirdiana" may be an allegory about Franco's Spain and the inability of that "innocent" and Catholic nation to overcome human injustice. Unfortunately, we don't know very much about Spain and therefore didn't discuss the film's topical political and social comment.

We were concerned with Brunel's more universal attitudes towards humanity. If you wish to consider "the complete derogation of human nature" as superficial, that's your business.

But we have always been of the opinion that even the best comments on current problems often lose their meanings when those problems change. In less timely but more timeless works the universal aspects of man's situation are examined.

"Viridiana" is more than an allegory about Spain. It IS (to use your typography) ". . . a young novice . . . who spends her last period in the 'outer' world . . . ". This alone is a beautiful, touching, and well executed story.

The implications of the plot and characters need neither a maniac nor a pervert to understand them. And it takes neither maniac nor pervert to gain the impression that Brunel is pretty disgusted with people.

C) We were unaware that you have a different understanding of "seduction" than we do. To us, seduction involves a certain state of finality, a finality that was never achieved in "Viridiana."

Mr. JEG

P.S. Ingmar Bergman's "Through a Glass Darkly" was a bomb!

'Petrouchka', StuartRaleigh

Stuart Raleigh will be the featured pianist in the Syracuse Symphony Orchestra's performance of the music from Igor Stravinsky's ballet "Petrouchka," at 8:40 p.m. Friday and Saturday at Lincoln Auditorium.

A graduate music student, Raleigh is the assisant conductor of the Syracuse University Chorus. He spent last summer at Tanglewood studying choral conducting with Hugh Ross and serving as accompanist for the Tanglewood Choir.

This marks Raleigh's second season as official pianist for the Syracuse Symphony.

Also on the orchestra's program is Wagner's Flying Dutchman Overture and Beethoven's Eroica Symphony.

'Hootenanny' Tickets

All organizations that were mentioned in Monday's Daily Orange as scheduled to receive tickets for the ABC-TV "Hootenanny Special" Nov. 18 must contact Carol Lucha, Joint Student Government vice president, between 1 and 3 p.m. Wednesday at ext. 2650.

A list of names, classes and ceive tickets, must be presented at this time so the proper living centers of these to renumber of tickets can be earmarked for each group, Miss Lucha said.

'Endgame' Opens Thurs.

A man sits in a wheelchair in the middle of an empty stage.

An ageless youth paces around the wheelchair.

Two ash bins are set to the right of the seated man containing his mother and father.

This is, physically, Samuel Beckett's "Endgame," which will open 8:30 p.m. Thursday for a three day run at the University Regent Theater.

Hamm, played by Dick Forlmer, is unable to leave the wheel chair, Rick Miller, is the obediant, dependent sardonic youth who never stops pacing.

Nell and Nagg, portrayed by Ellen Dornbush and Randy Grotzinger are the two in the ash cans: never seen but always heard in the Ensemble Theater's production of the avant garde play.

Also with "Endgame" are two one act plays by SU graduate Richard Harris, "The Trashcan" and "I am Beautiful." Bruce McCurdy and Leslie Meek star in these two, with Edythe Comins appearing in the latter play.

Drama Department instructor David Hamilton directs all three plays. Tickets cost $1 and $1.35.

Tuesday Evenings Two Showings 7 and 9 p.m.

JIM NANCE

Jim Nance At Fullback

By ELLEN HALPRIN

Before James "Bo" Nance had played a minute of varsity football, he was already being touted as the boy who was to take over where Jim Brown and Ernie Davis had left off.

The cause of these advance notices comes partially from his outstanding showing as a frosh football player, and partially from the talents displayed as a back in high school.

Last year Bo impressed coach Jim Shreve with touchdown jaunts of 75 and 50 yards against Buffalo and Army respectively. And Mr. Shreve is no one to keep such performances to himself. In no time Ben Schwartzwalder was equally impressed.

In fact Ben was so pleased by his showing as a frosh and later by his performances in the spring and early fall practices, that Bo was the first sophomore promoted to regular status on this year's varsity eleven.

Bo responded to the confidence placed in him when he ground out a total of 61 yards against the tough Sooner squad. He was easily the top ground-gainer in the contest.

Then in the Army encounter, he was stopped cold by the Black Knights. They seemed to be waiting for the burly 6-1, 220 pounder each time he was called on to carry the ball. Figures show he could manage only one yard in three carries during a crucial touchdown drive, a TD drive that failed.

In the third game of the season, a sophomore was the headliner, but it wasn't Bo. It was the day that Walley carried the Mable. Bo and the rest of the sophs took a back seat then, and there's where they have been ever since.

In fact, Bo was really in the back seat, a fourth string back seat before the game started. It was the week of the great Schwartzwalder shake-up. Bo had been dropped to the "bench crew."

But he wasn't there for long. The start of the game found him in a new position on the field. Now the left halfback, with Bill Schoonover being transferred to the fullback spot, Bo was impressive for the time he played. In the second quarter he suffered a "bad charley horse."

He's been plugging away ever since, and is now back at his familiar fullback spot.

Tangerines, Plebes In 6-6 Deadlock; Allen Out for Year

By ART ROSSKY

Syracuse's frosh football team and the Navy Plebes battled to a 6-6 tie Friday at Annapolis, Md. before a crowd of 1,500.

The deadlock enabled both clubs to maintain their undefeated records.

Tangerine fullback Ed Allen suffered a broken wrist and is out for the rest of the season.

Allen this year rushed 12 times for 50 yards, an average of 4.2 yards per carry.

Charlie Brown, the Tangerines' leading ground gainer, suffered a sprained ankle. He is expected to see action in the next game.

Syracuse scored first in the hard-fought contest as Roger Smith picked up a second quarter Navy punt on the Tangerine 20-yard line, reached the sideline at the 25, and sped 75 yards down the sideline for the tally.

Hal Rooney passed to halfback Ron Oyer in an apparently successful attempt for two extra points.

However, the Tangerines were detected offsides to nullify the play, and a second pass fell incomplete.

Navy took the ensuing kickoff and marched to the Tangerine 40 before being forced to punt.

After a punt that gave Syracuse the ball on its own seven, Brown took a handoff and fumbled.

Plebe end Phil Norton grabbed the bobble in mid-air and rambled seven yards to paydirt.

Attempting to placekick the tie-breaking point, Navy saw Tangerine end George Fair burst in to block the kick.

Neither team managed to score in the second half, although the Plebes launched a serious threat by marching to the Tangerine five with only 1:05 remaining to be played, but a fumble recovery by Tangerine tackle Ray Paglio ended the threat.

Brown, leading Tangerine ground gainer in the Navy game with 57 yards, increased his season totals to 43 attempts, 219 yards gained, and a 5.1 average per carry.

Halfback George Kontrabecki holds second place on the ground gaining list with a total of 127 yards gained, carrying 27 times for an average of 4.7 average per carry. Tangerine gridders will next see action Friday when Colgate journeys to Lew Carr Field for a 1:30 clash.

The campaign will conclude Nov. 16 with a game at Buffalo.

In addition to the Navy deadlock, the Tangerines hold victories over the Army and Penn State yearlings.

Low And Inside

By BILL CRONAUER

An intense rivalry is presently being waged for collegiate supremacy. Each of the two combatants — football and education — is attempting to become "king of the hill."

Nearly everyone realizes that both football and education have advantages. The question today is: should American universities stress football or education?

University of Pittsburgh Chancellor Edward Litchfield states that a school "must preserve the old competitive values while conducting its sports program in the light of contemporary academic standards."

It is unrealistic to assume that an equalibrium can be maintained between football and education. The scales will inevitably tilt one way or the other. Just as a country cannot have two kings, both football and education cannot rule.

The answer depends upon the college and the coach. Some football heads possess a sincere interest in education. Art Guepe, fired last week as head coach at Vanderbilt, is one of these.

Chancellor Harvie Bramscomb said of Guepe, "He remained steadfact in his conviction that the atheltic program should never be allowed to jeopardize Vanderbilt's reputation for academic excellence."

Woody Hayes of Ohio State likewise respects learning "I don't guess there is anything that I believe in more than this university and the value of the education that a boy receives," Hayes says.

Yet Guepe and Hayes probably represent a minority of collegiate coaches. Too many coaches preach one thing and practice another.

Charlie Bradshaw of Kentucky told his players, "Your studies will come first." However, an assistant, discovering a player studying in the library one night, said, "Go to bed. We'll tell you when to study. Football comes first right now."

Syracuse, Pittsburgh and Penn State universties have undertaken a series of reforms to attempt "to jar our sports program into the realities of current university life."

This reform will advance in three stages. First, red-shirting - the practice of withholding an athlete from competition during his sophomore year to prolong his eligibility — was abolished early this year.

Second, the three colleges plan to eliminate freshman football games on the basis that "the current hard pace of studies gives the freshman quite enough to do just staying in school."

Third, each institution will draw up complete academic records for each of its athletes and submit these records directly to the hands of the rival universities.

This is certainly a step in the right direction. But we are still reminded of a clipping in Sadler Hall which reads, "One college is doing so well with football, they're de-emphasizing education."

SU Harriers Finish Last In Quadrangle Meet

By HOWIE SCHNEIDER

Coach Bob Grieve's thinclads broke their three-meet winning streak Saturday with a disappointing last place finish, on a wet Van Cortlandt Park track in New York City. The harriers went up against Providence, Brown, and Fordham.

It was even a sadder day for the Orange after the frosh runners suffered their first loss of the season. The young squad made a strong bid for first, thanks to the fine running of Bill Chiak who finished first, but placed second behind Providence. Chiak's winning time was 15.57.

Chiak was appropriately nicknamed "Buffalo Bill" by his teammates. The blond freshman beside hailing from Hamburg, New York, right outside of Buffalo, shattered the Drumlins freshman record earlier this year in pacing the Orange to a 15-50 victory over Buffalo.

At Frontier Central High School Bill captained his cross-country squad. He was first in the mile in the Junior Olympic mile. He was also the ECIC champion in the mile cross country run.

Chiak has won a total of three races this season. He was victorious against Buffalo, Cornell and last week against Providence, Brown, and Fordham. In the Cornell meet he came within .7 seconds from shattering Steve Machooka's course record.

Chiak and company, and pretty good company, boast a fine 3-1 record this season. In the course of the year Bill has impressed many people with his fine running, including his coach Bob Grieve, "Bill is a fine athlete with good potential," commented Grieve.

Both the varsity and freshman travel to New York City Nov. 19 to compete in the IC4A meet. It's a good bet that as they round the home stretch Bill Chiak will be among the freshman runners out in front.

Walsh...

(Continued from Page 1)

"The problem of the city administrator is this: how to allocate the tax dollar, and also to do the best he can with the funds he has available," the Mayor said.

Walsh noted that popular support for referendums or plans was usually apparent but that the people had to be first informed and made interested in the proposals.

Water Referendum

He cited the recent water referendum which, after being explained and outlined to the people of Syracuse, was overwhelmingly accepted by them even at the cost of an additional tax upon themselves.

Additional problems outlined by Mayor Walsh were those of housing, the city Police Department, the new airfield and the noise from the vets, the proposed new city-county health center and the Fire Department.

Bluem Speaks Today

Dr. A. William Bluem, Hill television and radio professor, will be guest speaker at the meeting of the Advertising Design Illustration Honorary's meeting at 7:30 today in the Lowe Art Center. The film "Paris in the Twenties" will be shown. All university students are invited.

50 Pontiac Tempests FREE!

America's hottest new sports convertible!

LE MANS

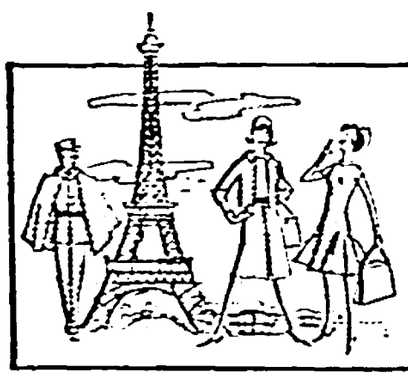
L&M GRAND PRIX 50

Sweepstakes for colleges only

Your chances of winning are 50 times better than if open to the general public

You can win! 50 flashing new '63 Pontiac Tempest Le Mans convertibles are up for grabs! They're easy to win and it's lots of fun! The big sweepstakes is starting now . . . keeps going and growing through the school year. There'll be drawings for 5, 10, then 15 and finally 20 new Tempest convertibles — four exciting laps—50 cars in all! Enter often . . . no limit on the number of entries per person!

Enter now! Here's all you do:



1. Pick up a free official L&M GRAND PRIX 50 entry blank. Look for them where cigarettes are sold—on and about campus. Fill it in.
2. Detach your serialized L&M GRAND PRIX 50 LICENSE PLATE from your entry blank. Save it! Tear off the bottom panels from 5 packs of L&M KING, L&M BOX, CHESTERFIELD KING or CHESTERFIELD REGULAR. Menthol smokers can enter with OASIS. 5 panels, or acceptable substitutes (see entry blank), must accompany each entry. Each entry must be mailed separately.
3. Mail us the panels and your serialized entry blank . . . it matches your license plate. Your serial number may be one of the 50 that wins a '63 Tempest convertible!

Winners' Tempests will include: 3-speed floor shift, bucket seats, deluxe trim and special décor, radio and heater, deluxe wheel discs, windshield washers and white sidewall tires; with delivery, sales tax and registration all pre-paid! *And*, choice of body, trim and top colors as well as choice of differential gear ratios!

Important: As your entries are received they become eligible for all subsequent drawings. So enter often and enter early—before the drawing for the first five Tempests (right after Thanksgiving). Entries received by Thanksgiving weekend will be eligible in drawings for all 50 Tempests!

Remember: The more entries you submit, the more chances you have to win!

EXCLUSIVE FOR THE GIRLS!
If you win, you may choose instead of the Tempest a thrilling expense-paid 2-week Holiday in Europe—*for Two!* Plus $500 in cash!

Get with the winners... far ahead in smoking satisfaction!

See the Pontiac Tempest at your nearby Pontiac Dealer!

Mittleman Demands Apology on Hearing From Knickerbocker

By CAROL SCHLAGETER

The Joint Student Legislature speaker yesterday demanded that David Knickerbocker, chairman of the JSG Government Structures Committee write a letter of apology to the Junior Class.

Speaker Ronald Mittleman referred to indescretion in posing questions to three members of the junior class executive council who testified before the committee in a hearing last week.

Knickerbocker's committee is holding a series of closed hearings pertaining to revision of the JSG constitution.

Mittleman also charged that the Government Structures Committee is "not an investigating committee" and had "overstepped its bounds." Mittleman said that if Knickerbocker did not write the apology he would do so himself.

Knickerboker acquiesced to the idea of a letter of apology, but said that the three questions—sorority or fraternity affiliation, how each person before the committee was chosen for his position, and the type of application required for the post — were to remain standard questions in his committee investigations.

Mittleman said his demands for an apology did not mean that the committee would be restricted from dealing with succession of class officers.

This reporter learned independently of the steering committee or committee investigations that three of the four junior class officers will spend the next semesteron the Semester-in-Italy program.

Knickerbocker pointed out that Logan "Slugs" Sallada, Junior Class president and one of the class officers going to Italy ,had "refused" to testify before the committee and had instead sent the three executive council members.

In other action, Terrence Hughes, editor of a new campus magazine, appeared before Steering Committee saying that he would seek a recommendation from the legislature expressing "moral support" of his magazine.

Hughes, former editor of the Syracuse 10, was denied administration approval of his new publication. No university financial support will be lent the publication.

In other action, Speaker Mittleman said he had forgotten that one bill was passed by the legislature. He said that a request for clarifiaction of uni-

(See Mittleman, Page 8)

JSL MEETING TONIGHT IN HBC

Joint Student Legislature meets today in Kittredge Auditorium of Huntington B. Crouse Hall. Speaker Ronald Mittleman said several misunderstandings has resulted from errors about the meeting in Daily Orange campus notices. Referring to a notice which announced a "Joint Student meeting," Mittleman reported a married student asked if he and his spouse were required to attend the meeting.

Mittleman reminded senators a strict attendance policy is in operation.

Panhellenic Elects Four To Judiciary

By SUSAN WEINBERG

Judiciary Board members of Panhellenic Council were announced Tuesday at the regular Panhel meeting by Pres. Virginia Frykman (Delta Delta Delta).

Elected by Panhel executive council, the four members are Linda Cross (Alpha Chi Omega), Marjorie Hillsberg (Alpha Epsilon Phi), Marlene Kennedy (Chi Omega) and Monica Polozie (Delta Gamma).

It is the function of the Panhel Judiciary Board to impose penalties for any infraction of Panhel rules by any member or chapter.

Standing members of the board include president, Miss Frykman; vice president, Shelley Doctors, (Alpha Epsilon Phi); secretary, Joline Johnson, (Kappa Delta); treasurer, Geraldine LaDue, (Zeta Tau Alpha); and the Panhel advisor, temporarily Cleo McCracken, assistant to the Dean of Women.

Five applications were received for Judiciary Board, reported Miss Frykman. One was disqualified, however, because the applicant was a sophomore. Only juniors and seniors are eligible to be members, she said.

A senior from Glenn Rock, N. J., Miss Crosse is an international relations major with a 1.95 average.

Also a senior, Miss Hillsberg is an English major with a 1.3 average. Her home is in Syracuse.

Sociology major, Monica Polozie is from Vestal. A senior, she has a 1.8 average.

The only junior on the board, Miss Kennedy, resides in Philadelphia. An elementary education major, she has a 1.9 average.

At the meeting, a constitutional amendment was voted upon and passed which slightly changed the composition of the board.

The constitution previously provided that the board be composed of two juniors and two seniors. The amendment makes it possible for this ratio to vary.

In other business, it was announced that the personnel committee had approved Youth Opportunities Unlimited as the charity to which the proceeds from the Nov. 30 Panhellenic Charity Ball would be donated.

Tickets for the ball will go on sale Monday at $3 per couple.

(Continued on Page 8)

New York State has re-elected Gov. Nelson Rockefeller by a margin far below that hoped for by the governor's backers. Republican Sen. Jacob Javits was also re-elected.

Typical of the surprising showing of Democrat-Liberal candidate Robert Morgenthau was his slim victory over Rockefeller in the city of Syracuse. The margin for Morgenthau was 7 votes, while Rockefeller carried Onondaga county by 12,000 votes.

Rockefeller did well in New York City while Morgenthau broke through some traditionally Republican upstate areas.

Javits had an easy time winning re-election to his six year term by defeating James Dono-

NELSON A. ROCKEFELLER

van by a margin larger than Rockefeller's plurality over Morgenthau.

With most of the state's voting precincts reporting as of midnight, Democrat Arthur Levitt was assured of re-election over his Republican opponent John Lomenzo for comptroller. Also re-elected was Republican Louis Lefkowitz as attorney general over Edward Dudley.

In Syracuse and Onondaga county Republicans enjoyed a clean sweep losing only one post.

County Republican Chairman John Hughes defeated Maurice Schwartz by 14,000 votes in the race for state senator from the 45th district while Congressman R. Walter Riehlman won re-election over Democrat Lee Alexander by 16,000 votes.

'HOOT' TICKETS DISTRIBUTED MONDAY

All organizations that were mentioned in Monday's Daily Orange as scheduled to receive tickets for the ABC-TV "Hootenanny Special" Nov. 18 must contact Carol Lucha, Joint Student Government vice president, between 1 and 3 p.m. Wednesday at ext. 2650.

A list of names, classes and living centers of those to receive tickets, must be presented at this time so the proper number of tickets can be earmarked for each group, Miss Lucha said.

The Decline and Fall Of Syracuse Football

Not the least of the Homecoming Weekend attractions will be the Syracuse-Navy football game. A sell-out crowd will be on hand when the Orangemen return to Archbold Stadium to begin a three-week homestand.

Most of the fans will have one thought deeply imbedded in their minds—are the Syracuse gridmen really that bad? Unfortunately, the concensus already has decided that this Hill team is indeed far from great.

With two wins and four losses going into the game with Navy, the Orangemen certainly are having their worst season in nearly a decade.

The purpose of this editorial, however, is not to criticize but to defend. For there are a number of circumstances that tend to go unmentioned when a team such as this fails to win ball games. Briefly, they are: reputation, graduation, inexperience and scheduling.

Fact one—Since the great Jimmy Brown tore up and down the Archbold turf, Syracuse has been a national football power. This rise into national prominence happened quickly and then took a giant stride when, in 1959, Syracuse found itself as the football capitol of the collegiate world.

Then came 1960 and everybody expected more than great things, they expected miracles. An undefeated string began to build up but fans were no longer interested in "just a win"—Syracuse had to win big and stay on top of the national polls.

Syracuse, it turned out, just wasn't able to stay on top. There were too many losses in the line and too many hungry teams wanting to knock off the champs. Pittsburgh finally did it on a cold day in 1960. Syracuse was stopped cold and has not really been impressive since then.

But the fans were already infected. We had tasted of honey and we liked the taste. Another loss followed and soon Syracuse was out of the top ratings.

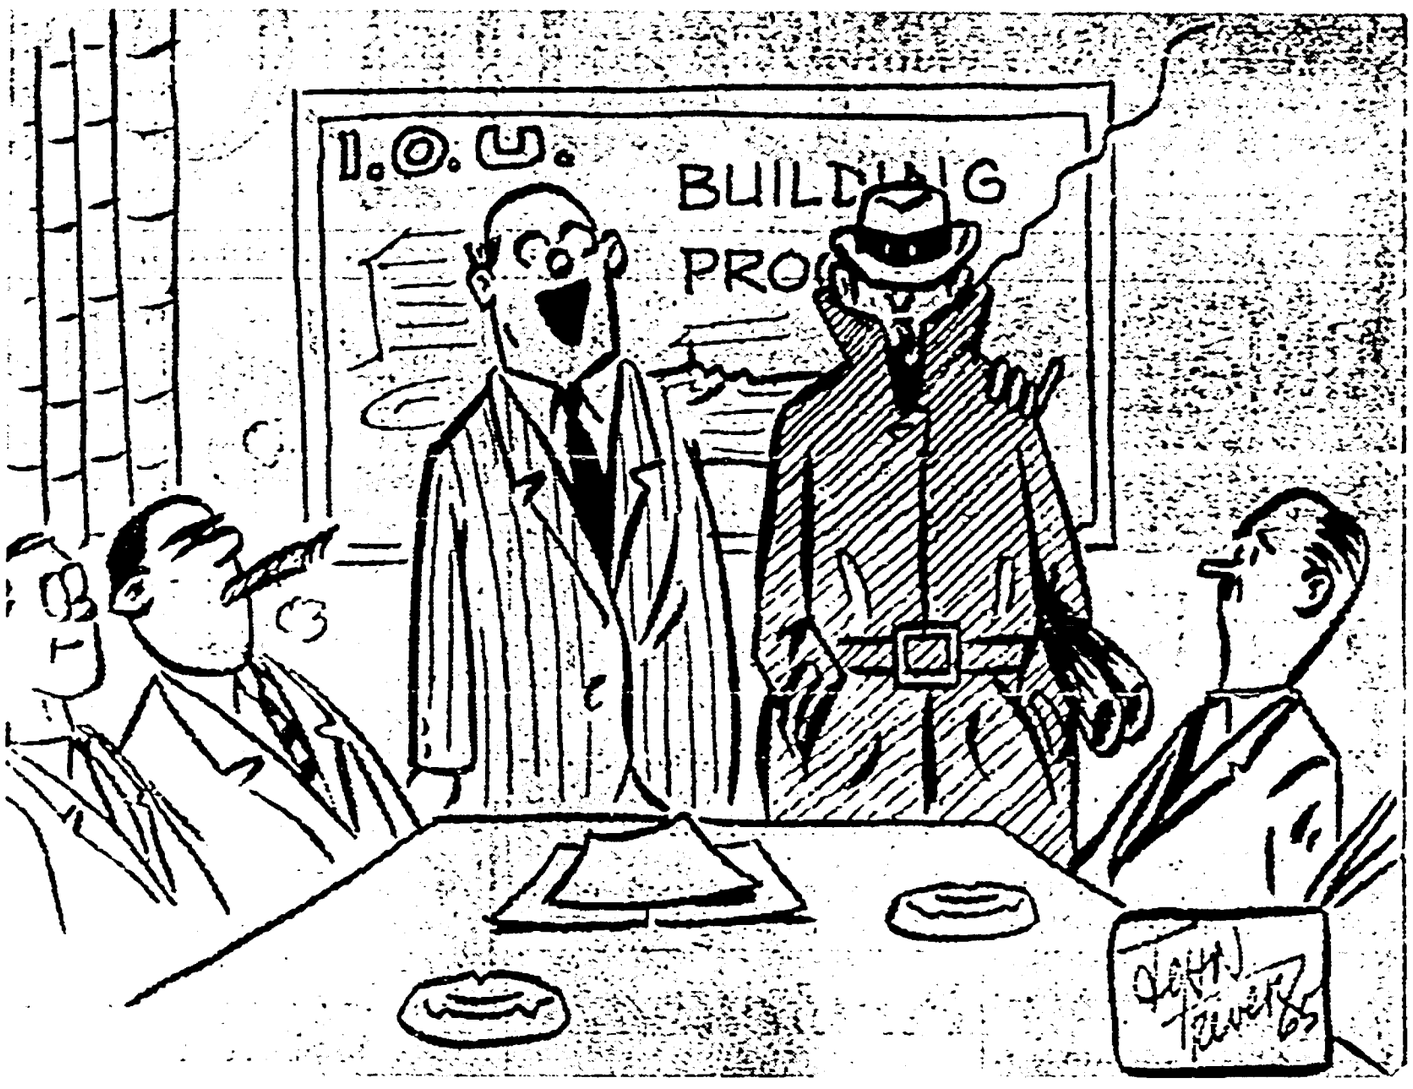
1961 started out fairly well thanks mainly to Ernie Davis and Dave Sarette but many factors produced losses—three in all— and so Syracuse continued its decline.

Some of us still survived from that unbeaten 1959 season and prepared to witness our last campaign. We didn't heed too seriously the warning of Ben Schwartzwalder that Syracuse fans would have to learn humility this season. Schwartzwalder and the football team have already learned this humility but the fans can't accept it.

Fact two—Graduation has hurt the Orange every year since 1959 and especially last season when no less than eight starters were lost. Syracuse this year has a sophomore-laden team and so makes a lot of mistakes.

The one bright light in the Syracuse picture, in fact, is that this year few faces will be lost to the team and hopefully the experience gained this year will build another Syracuse power in a year or two. Inexperience enters here, obviously. The trial and error process hurts but it gets results both for the players and for the experimenting coaches who are trying to come up with the best possible combination.

Fact three—This is our last point, and we purposely saved it for last because it's the sorest point. Have you noticed how little football you've seen this fall? Of course you have because Syracuse is playing its seventh game Saturday and it will only be its second at home.



Six road games and one home game during vacation. That's what the Orange get for home crowd advantage. This might not sound right, but the boys like to have a few fans cheering for them to let them know they're at home.

The last time Syracuse was home, if you recall, they won a game by a shutout after losing two close games on the road. Since then they have lost two more and sloppily won another. Those three games were played on enemy territory before wildly enthusiastic homecoming crowds. This is a lot to ask from a team.

Now, things start going in our direction—three home games and six at home next year, a team next year that will be experienced and a chance to build another powerhouse.

For this year, let's accept our lesson in humility and remember that time—the great interloper—heals all wounds.

TREVER ON CAMPUS

"Gentlemen, allow me to introduce the chairman of our new fund-raising drive..."

LETTERS

Homecoming

To the Editor:

I think I owe it to the student body to relay some of the underlying significance of the approaching Homecoming Weekend. For, unless one is actively working on the weekend, some of this significance could pass unnoticed.

First of all, this is the first time in the history of Syracuse University that automatic two o'clock curfews are granted for both weekend nights.

This is significant since it will set a precedent for all major weekends in the future.

Secondly, the administration has allotted more money than ever before for a class-sponsored dance. This is a healthy sign and the student body should show its appreciation by participating in the weekend.

Finally, and this should go without saying, this is the first "Homecoming Weekend" in the history of the university.

Replacing the traditional "Colgate Weekend" of the past, this weekend will set the pattern for all future Homecomings. As such, it should be given the student support it deserves.

Consequently, let's have a turnabout and help start a tradition of "good" Syracuse weekends. I imagine many are tired of paying for gas to Cornell every week.

Charles Stackhouse
President, Sophomore Class

Band

To the Editor:

In regard to a complaint about the Marching Band made by Martin Kenneth Sulmeyer, I would like to ask several questions of him.

1. If the residents of Sadler would go to bed a little earlier instead of staying up in bull sessions and card games, these young men wouldn't have to sleep in the afternoon, would they?

2. If the Marching Band could practice in another place, where would you suggest? In the fieldhouse? Okay, but where would the team practice.

In Archbold Stadium? The field's in bad enough shape already. What would it look like after 100 men marched up and down it four days a week?

3. Several times a week when I come down to listen, I notice you boys of Sadler usually have your hi-fi sets blasting. This does you no good. In fact, it harms you in two ways.

First, when this music interfers with practice, the band stays longer. Second, you complain about the noise from the band, how can you study with a hi-fi set going?

4. If rehearsals were cut to two or three a week, how would our band look on the field? You'd probably laugh them off.

I, and I am sure many thousands of other students, take pride in the Syracuse band. We'd like to see them keep up the good work, and without practice, how can they? What's your solution?

Name Withheld

Advice

To the Editor:

Being a freshman, I fully realize that I have been subjected to lectures and discussions on how to study, what to do in college as regards the courses, etc. All of this information has come from one of my superiors i.e. deans, advisors, counselors, and seniors. This piece of advice comes from one freshman and goes to all who wish to listen. The experience I use to illustrate my point actually happened in our own library.

One freshman girl had come into study for a Philosophy quiz. From her sighs and sounds of exasperation I gathered she was having some difficulty with the course; something every freshman experiences. While she was puzzling over the questions posed in her text some of her "friends" came over to her.

She explained she could not understand the ideas expressed. She asked her friend for some help. By his own admission he had received a D grade in the course that was giving the girl trouble. After looking over the text his advice was "drop the course". Even though the girl objected to this course of action, her "friend" persuaded her.

Instead of convincing her of the merit of dropping the course he should have informed of the many opportunities open to her to have a conference with someone who could have helped her with her problem. The special people employed by each department for just such problems are willing to listen to one's troubles and are well trained to advise on a proper course of action. I believe the person she should have seen would not have advised her to drop the course.

This problem is one particular to freshmen. The transition from High School "thinking classes" to college Philosophy is almost as great as from high school English to college structural linguistics. When you have a problem with your studies, go to someone who is knowledgable about the problems who can advise you accordingly; not to someone whose solution is to drop the course.

Charles V. Cifuni '66
Watson West I

Cornell

To the Editor:

We Americans seem to have the talent for taking the wise sayings of poets and philosophers and adjusting them to a current situation. Example:

"Power tends to corrupt and absolute power corrupts absolutely" by Sir J. E. E. Dalberg, has been changed to: "Power tends to corrupt and absolute power is absolutely delicious."

In reference to the current Cornell crisis, I am reminded of Samuel Butler's version of Lord Tennyson's lines:

"'Tis beter to have loved and lost
Than never to have lost at all"

The current version of this might be:

"'Tis beter to have loved and lost
Than never to have gone to Cornell at all"

Gospel Singers at ABC 'Hoot'

"SWEET AND wonderful messages to the lonely and heartsick" will be sung by CLARA WARD AND HER GOSPEL SINGERS Sunday Nov. 18 at Sims Hall. Miss Ward will be part of the ABC-TV "Hootenanny Special." Also appearing that night are The Limeliters, Jo Mapes, Mike Settle, and m.c. Jean Shepherd.

The joyous music of Clara Ward and her Gospel Singers is set to rock Sims Hall during the ABC-TV "Hootenany", November 18.

Miss Ward will lead her group in a shouting, tambourine thumping repretory of such spirituals as, "Meetin' Tonight" and "When the Saints Go Marching In."

According to Miss Ward, "A song is to many people like a friend. Like good friends gospel songs cheer people when they're downhearted."

National Fame

Singing since she was 5, Clara, along with her mother and sister, appeared at church events in the Philadelphia area. New members were added to the group by the time Clara finished high school. Miss Ward and her singers came to national fame when they appeared at a Baptist convention.

Since then Clara has 200 records and original compositions to her credit, with disc sales numbering in the millions. The group has starred on such television programs as The Steve Allen Show and the Today Show.

They also have traveled around the world, covering over a million miles, wearing out 15 autos. Each year the group presents a special concert at Philadelphia's Convention Hall, for some 13,000 fans.

Miss Ward says, "a gospel singer cannot be successful without living and breathing every word she sings. Perhaps this explains how we cannot turn our backs on requests for our music. We know that somehow people want to hear us because we reflect in song the feelings and the hopes that are dear to them."

NITE LIFE

Sammy Davis Jr.

Sammy Davis jr. is currently leaving audiences at the 3 Rivers Inn numb and speechless. Combining vibrant singing, bullet paced gags and impressions, and 'ad lib' dancing Davis has the audience eating out of his hands in minutes.

After a brief "Mr. Wonderful" overture Sammy comes on with a strong rendition of "Once in a Lifetime" setting the electric, never yeilding, pace of his turn.

After an emotion packed "What Kind of Fool am I?" Sammy jumps into an unusual Bossa Nova beat medley, accompanied only by drummer Michael Silva. Allowing his voice a spotlight in any number of ranges Davis never lets up the pace.

Always mindful of the audience Sammy quickly slips into his highly perfected impressions. Before you know it you've seen Frank Sinatra, Shelly Berman, Paul Lynde, Nat Cole, Robert Newton, Tony Bennett, Jimmy Stewart, James Cagney, Humphrey Bogart, Marlon Brando, Billy Eckstine, Dean Martin and Jerry Lewis.

At the same time Sammy inserts gags, conversations with the house, Ray Charles' "What I'd Say," some wild twisting, and a biting satire on Ross Barnett. Before you know it the extended hour is gone and you're begging for more.

Three Rivers built a strong one hour opening to preceed the powerhouse headliner. Al Antonio and the Riot Men feature some fine "r 'n' r" mugging topped off by Antonio's sock impression of Al Jolson. Applying "blackface" in full view of the house Antonio sings an emotion packed Jolson medly.

Comedian Pat Henry scores with fresh gags on wives, women drivers, suberbia and ad libs to the bearded piano player. Henry's smooth delivery and audience give-and-take set up the house for the main tornado. Not an easy job.

If you want to see the greatest talent on the night club floor get out to 3 Rivers for the Sammy Davis Jr. Show. He's in until the 18th.

By JUDY ADAMS

"Oh, those bases on balls!" is the cry of many a baseball manager. If you listen a little closer, you may hear a similar mumble from a local football coach, whose initials are Ben Schwartzwalder.

"Oh, those fumbles!" he must moan over and over to himself.

Those fumbles have been the difference between a good year and this year. In three of the four games chalked off as experience, they've been the determining factor. In the fourth, it was an Orange miscue that set off the Pitt dynamite.

The nightmare started in Norman, Oklahoma. There was no score in the second period. Syracuse had taken over on the Oakie 31 and were driving toward what seemed to be their first TD of the year. Inside the 20, they fumbled.

It was the third quarter, Syracuse led 3-0. Houle had just intercepted a pass and the Orangemen were sitting pretty in Sooner territory. Again, they fumbled.

It was the fourth quarter, same score. Syracuse was about to cap a drive that had started on their own 21, with a insurance TD. At the eight—they fumbled.

The game went to Oklahoma by a margin of four.

The horror show shifted to the Polo Grounds in New York. An S.U. fumble was grabbed mid-way through the second quarter by the Cadets. They marched to the three and kicked for three points.

On the second play following the ensuing kick-off—yep, another fumble. Army took but one play to score.

Home in Archbold with Mom and Dad looking on, the boys held their foolishness to one—but that one gave B.C. their keenest whiff of paydirt all afternoon.

S.U. showed it could be done—and won.

But back on the road in Penn State territory, they resumed their comedy of errors.

The Orange held onto the pigskin for the first four plays from scrimmage, but alas on the fifth, La fumble. Two plays later they watched Kochman race 32 yards for a score.

In Fitten Field S.U. had moved easily to the Holy Cross four on the first series of downs. Then they played hot potato back to the eight. The chance for a T.D. was missed and so was the try for the three-pointer that followed.

In the second period, with the Orange ahead 16-0, surprise! A fumble and Holy Cross recovered. When the Hill forces got the ball again, their lead had been cut by six.

And then there was Saturday. We didn't have to wait long for the first one, in fact only two minutes. The snap from center zipped over punter Schoonover's head ("I never saw such a long pass," quipped Schwartzwalder later).

So hark ye lads and lean a bit near, if it's football ye've in mind,

Ta hear what we've ta say, and the fault we 'ave ta find.

The blame is on the fumbler, be he senior or soph-o-more,

That our record is no five and one, but a lousy two and four,

And Ben, when you're senden' in the plays, here's the biggest one of all:

Kindly mention to those interested that it would be greatly appreciated by all concerned if they could manage to refrain from FUMBLING THE BALL!

Ben Pulls Switch; Bo Back At Full, Schoonover Injured

BILL SCHOONOVER

By JAN GILMORE

The reshuffling of the Syracuse football team by coach Ben Schwartzwalder continued as once again the backfield moved around more during the week than during the game.

The well-beaten path between left-half and fullback was trod once again as Jim Nance moved to the latter position with Jim Gaskins going to the former.

Nat Duckett made the trip over to fullback from right half to back up Nance. These moves became necessary as the question of the condition of "Hard Nose" Schoonover's leg is still uncertain.

Ed Conti, whose defensive efforts have been excellent, will retain his position in the linebacker slot.

Don King and Mike Koski retained their positions at left and right halfbacks respectively, with Gaskins backing up King. Schwartzwalder mentioned at a press luncheon two days ago that sophomore Norm Mordue and a spot player, Billy Canon quite possibly could see a great deal of action against the midshipmen.

Walley Mahle made it for the third week at quarterback. Rich King and Bob Lelli will bench it behind him.

This leaves the following backfield: Mahle QB; King LH; Koski RH; Nance FB as opposed the backfield of: Lelli QB; Schoonover LH; King RH; Meyers FB at the season's start. Needless to say, this is quite a turnover, but it proves that Schwartzwalder is not content with losing.

On the line, Gene Stancin, who had been moved to the linebacker spot against Pitt, was returned to center ahead of Len Slaby.

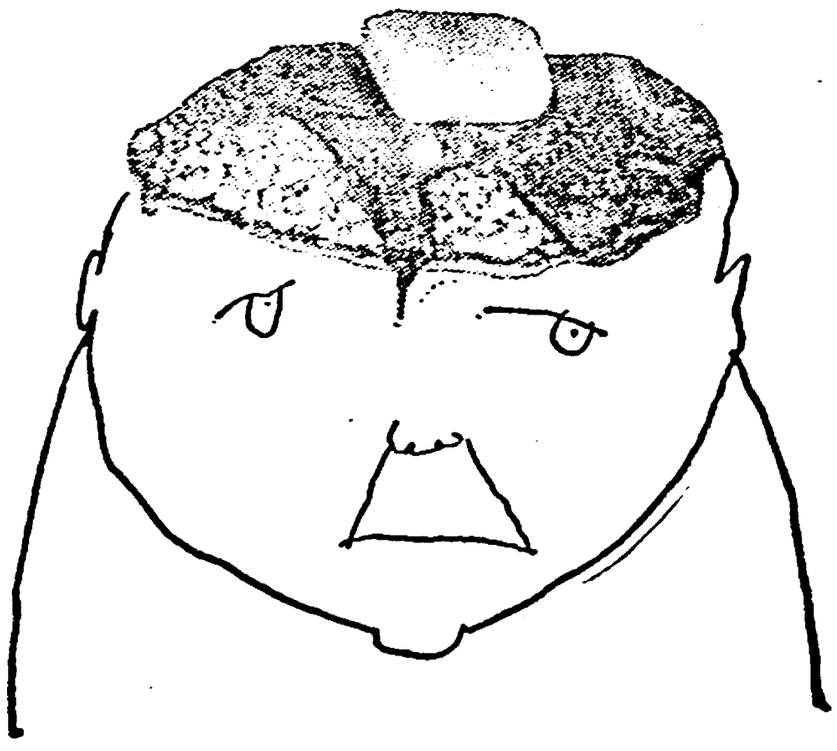
No other shuffling was made as Leon Cholakis, John Paglio, Jim Mazurek and ends John Mackey, Brian Howard and Jim Cripps were given votes of confidence.

Hank Huettner, who has been out since the Boston College game, may be ready for some duty at right guard.

Navy Coach Wayne Hardin hoped for a dry field on Saturday to offset his team's lack of size in comparison with the Orange.

This probably has something to do with the 220-pound Nance breaking back in with the starting eleven. He returns to the same fullback spot he occupied in the September practice sessions, after spending a great deal of time at left-half.

Gaskins returned to an old position also, coming back to left half, where he had been before Schoonover got the thumb in the third quarter of the Holy Cross game.



"He's a battler," says Ben of Gaskins, "he'll give you everything he has." This is what they all have been doing.

But as Ben says, "Maybe they are just trying too hard."

Maybe the constant switching of positions will result in the players making fewer mistakes for some reason or other, although the reason isn't apparent.

Oklahoma Seeks Bowl Bid; Cadets, Nittany Lions Post - Season Possibilities

The football season has passed the halfway point and the "Bowl fever" is in the air once again. Let's now take a look at the records of Syracuse's opponents and their chances for Bowl bids.

Oklahoma, a member of the Big Eight Conference, is one of two conference teams being considered for the Orange Bowl. After opening the season by nipping the Orange 7-3, the Sooners have compiled a 4-2 record including last week's romp of Colorado 62-0. The Sooners have not lost a Conference game.

Army is another contender for an Orange Bowl berth. Paul Dietzel's Cadets have a 6-1 record which includes an upset victory over Penn State and close decision over Syracuse. At present the Black Knight's also lead in the Lambert Poll. However, Army must still face Pittsburgh and Navy, either of whom could spoil the Cadet's hopes.

Penn State, a pre-season choice to take the Lambert Trophy, is second in the Poll. Their only loss has been to Army.

Holy Cross (4-2) and Boston College (5-2) were both victims of the Orange. They rank sixth and eighth, respectively, in the Lambert Poll.

Pittsburgh has had a mediocre season. After upsetting the Bruins of UCLA the Panthers dropped a decision to Navy. The following week Pittsburgh handily defeated Syracuse 24-6, moving their 4-3 record one win above the .500 mark.

Navy, next week's opposition for Syracuse, also has had an oscillating season. The Middies were upset by Notre Dame last week, 20-12. However, Navy is an unpredictable team as witnessed last week. After compiling a grand total of 0 first downs in the first half, the Middies came out for the second half to score two quick touchdowns and a short-lived lead

The Orange will close out their season with games against West Virginia, George Washington, and UCLA.

Syracuse itself has been very unpredictable. The team showed very little of anything in their first two games against Oklahoma and Army. However, they looked much-improved with sophomore Walley Mahle at the half as the Orange defeated Boston College. Even in a losing effort Syracuse looked sharp against Penn State. The following week brought a victory over Holy Cross. Last week, however, was a disaster. The Orange didn't do much of anything right in their 24-6 loss to Pittsburgh.

SU Opponents Low in Ratings; Northwestern Holds Top Spot

Orange opponents again failed to place among the top 10 football elite on this week's Associated Press and United Press International grid polls.

Midwestern and Southern schools dominated the AP and UPI ratings. Northwestern, nearly upset by unranked Indiana Saturday, held on to its first place position. Alabama and Southern California exchanged second and third spots on the two polls.

Penn State, 20-19 conqueror of Syracuse, received 11th place honors in the AP ratings and 13th on UPI.

Army grabbed the 16th position on AP and 17th on UPI. Initial opponent Oklahoma stands 19th on both major polls.

Two future Hill foes, UCLA and West Virginia, gained honorable mention on the AP tabulations. The west coast Bruins are ranked 21st and the Mountaineers, 26th.

Associated Press poll:

1. Northwestern, 2. Southern Cal, 3. Alabama, 4. Mississippi, 5. Texas, 6. Arkansas, 7. Missouri, 8. Wisconsin, 9. Louisiana State, 10. Minnesota.

United Press International:

1. Northwestern, 2. Alabama, 3. Southern Cal, 4. Mississippi, 5. Texas, 6. Missouri, 7. Wisconsin, 8. Arkansas, 9. Minnesota, 10. Louisiana State.

Army Leads Lambert; Penn State Strong 2nd

Army continued to hold its lead in the Lambert Trophy race. The once defeated Cadets managed to top second place Penn State in this week's poll.

Army, 26-0 victor of Boston University, polled five of the first eight votes.

The Penn State team which defeated Maryland, 23-7, received the other three. The Cadets and the Nittany Lions both have 6-1 records.

Earlier this season, Army handed Penn State its only loss, a narrow 9-6 defeat.

Dartmouth came from fifth and Pitt from sixth to tie for third place. Navy slipped to fourth after losing to Notre Dame.

Syracuse dropped from fourth to fifth after last Saturday's drubbing by Pittsburgh.

On the basis of ten points for first place the rankings were: Army (9.6), Penn State (9.3), Dartmouth and Pittsburgh (6.83), Navy (6.1), Syracuse (4.5), Holy Cross (4.0), Villanova (3.3), Boston College (3.1), and Rutgers (0.8).

It happens at Du Pont. Frequently. That's because 1350 technically trained employees are engaged solely in pioneering research. They're in the business of discovery, development and follow-through. Sometimes the newly discovered chemical poses the question, what to do with it?

For instance, Dr. Thomas J. Swoboda, a member of the Central Research Department staff, and his associates recently discovered a new family of metallic compounds, chromium manganese antimonides. They're unusual materials. Over a specific temperature range they are magnetic. As temperature drops, the magnetism does too.

The chart, pictured with Dr. Swoboda, shows the sharp magnetic transition. To the right, the material is ferri-magnetic, to the left (at low temperatures), anti-ferromagnetic.

So we have a solution. Now to find the problem it will solve. This situation was largely true when nylon was discovered. Only later did we find the many problems which its unique characteristics would solve—from cord for airplane tires to plastics for gears.

New products, new jobs

There's opportunity here for men of virtually every technical skill. For further information about chromium manganese antimonides, and about working for Du Pont, just fill out and mail the coupon.

Vadeboncoeur On J-Council

Edmund R. Vadenboncoeur, president and general manager of WSYR TV has accepted an appointment to the Journalism Advisory Council of the Syracuse University School of Journalism.

E. A. O'Hara, chairman of the Advisory Council and former publisher of the Syracuse Herald Journal, together with J-School Dean Wesley C. Clark, in announcing the appointment said that Mr. Vadenboncouer and other members of the council would attend the annual Journalism Banquet Nov. 9.

Vadeboncoeur, who has been associated with WSYR radio and television for 23 years, will join the group of 30 leading members of the mass media who comprise the Council.

Beginning his journalistic career 42 years ago, he served as a reporter, columnist and editor on a Syracuse newspaper.

In the thirties Vadeboncoeur had several fiction articles published by leading magazines such as the Saturday Evening Post and Esquire.

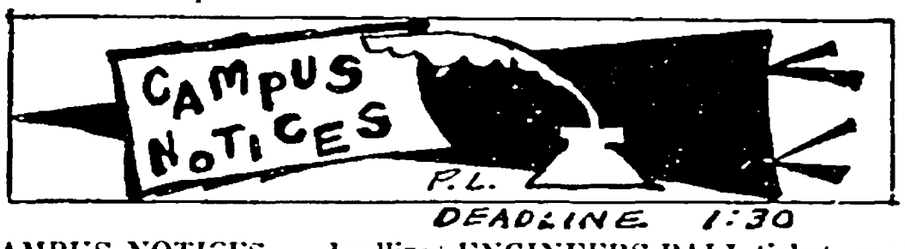
Breaking away from the print media in 1940, he became News Editor for WSYR and was named president and general manager in 1952.

During World War II, he was the first correspondent from an individual radio station to be accredited to General Douglas MacArthur's command in the Southwest Pacific. Later, Vadeboncouer did a series of broadcasts for the BBC in England.

In addition to other community and other industry activities, Vadeboncouer is the second district director of the National Association of Radio-Television Broadcasters, vice-chairman of the NBC Radio Affiliates Committee and a member of the Accrediting Committee of the American Council on Education for Journalism.

Vadeboncouer is a former chairman of the National Association of Broadcasters News Committee and a member of the Council on Radio Journalism.

Chun Talks



Jack Chun, a 1956 graduate of the Syracuse University School of Architecture will talk on his travels under the Rotch Traveling Scholarship at 8 p.m. today in the H. B. Crouse basement lecture room.

He will discuss Japan, Hong Kong, Southeast Asia, the Middle East and other countries he visited.

Kappa Sigs Welcome 'Stormy'

A BLACK LABRADOR RETRIEVER is a new resident of the Kappa Sigma fraternity house. There's 115 pounds of the dog, "Stormy." He's six years old. Kappa Sig brothers say their new mascot got on the right side of the housemother, Mrs. Susan Rhoades, by shaking hands with her.

CAMPUS NOTICES — deadline is 1:30 p.m. one day before publication. Accurate, complete, legible notices will be appreciated. Call only extensions 2127, 2128.

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

ANYONE INTERESTED in working on Homecoming Weekend tickets and buttons committee, contact Peggy Deeley ext. 2714 or Charlie Richardson ext. 2711.

SENIOR CLASS executive council 7 p.m. today, Zeta Tau Alpha sorority. Attendance required.

TRADITIONS Commission Applications due 5 p.m. Nov. 19, Womens Bldg. reception desk. Applications must include name, cumulative average and ideas for the commission's work; further information call Lee Peterson, ext. 2569, or Monica Polozie, ext. 2185.

ANYONE INTERESTED may submit topics to be discussed by JSG president's cabinet over WAER-FM at 4 p. m. Thursday, call Marv Lender or Cinda Buswell, ext. 2650.

FRESHMEN Interested in male quartet or double quartet meeting, 7 p. m. today, Crouse College basement.

INTERNATIONAL Students, turn in football ticket stubs to Mrs. Palmer at the ISO office by today, to attend the last three home games. Tickets will be distributed after Thursday at the Chapel House and before the game on the steps of Hendricks Chapel.

JR. PANHEL make up exams 7 p.m. today, 751 Comstock. If you cannot attend contact Shelly Doctors, x2469.

WAA DORM Reps, 7 p.m. today, 305 Women's Bldg. Officers will be elected. Pease wear sneakers for the volleyball game after the meeting. All living centers please send representatives

ENGINEERS BALL tickets may be obtained from Mrs. Harris, Bldg. 6; Miss Burrell, 106 Hinds Hall; Hank McLeod, 603 Sadler, ext. 2934, 2935, or Lee Metrick, 205 Watson East.

FOOFPRINTS FROSH, today, Dr. Benjamin F. Bart will lead discussion. All those attending must read "The Plague" by Albert Camus. Freshmen invited to the first or second meeting are welcome.

POST PINE - BROOK Conference date changed, 7-9 p.m. Thursday, Dean Noble's home, 315 Berkeley Dr. All previous Pinebrook people invited.

INTERNATIONAL STUDENTS Organization membership applications available, ISO office, Chapel House, 711 Comstock Ave.

FROSH WEEKEND Committee signups, today, Friday, door of H.B. Crouse Gifford auditorium.

QUIET—save your voice for the Navy pep rally Friday. Time and location to be announced.

CATHOLIC STUDENTS — St. Thomas More International Students Committee, 6:30 p.m. Thursday, St. Thomas More Chapel.

LADIES' NIGHT at Flint Hall today, no men allowed in dormitory after 6 p.m.

JSG ACTIVITIES committee, 7:30 p. m. today, 110 Maxwell. All those who signed up must attend.

PANHELLENIC Rush Counselors meeting, 9 p.m., Thursday, 303 Women's Bldg.

FRESHMEN PLACARD cheering at the Navy Game. If you have signed up and cannot cheer, you are responsible for getting a substitute.

OPEN HOUSE twister, after Navy game, Sadler Main Lounge, no admission. All invited. The Checkermen will provide music.

HOMECOMING NIGHT starts with Navy Pep Rally, Friday.

ALPHA KAPPA Psi, 7:30 p.m., today, alumni lounge in the Women's Bldg. Prof. Gordon E. Conrad will speak on "Careers in Industry;" pledge exam 7 p.m.

STUDENT CONDUCT and Welfare Committee, 3 p.m. today, in Student Government office; come as soon as you can, 8,000 letters must go out.

INTERFRATERNITY Sing applications due Nov. 20, to Lee Peterson, Delta Upsilon; registration fees $3 for house sing, $2 for barbershop quartets.

FLINT GIRLS meeting, 8 p.m., today, in the recreation room. Work on Homecoming Poster; Wear old clothes.

HOMECOMING Weekend tickets on sale, today-Friday, HBC lobby.

FROSH SKEPTICS Corner, 4 p. m. today, at Dean Noble's home, 315 Berkeley Dr. Dr. Carol Fisher of anthropology department will guest.

UPPERCLASS Skeptics — no meeting this week because of midterms.

JOINT STUDENT Legislature 7:15 p.m., today, Kittredge Aud., H. B. Crouse.

HOMECOMING Weekend button and ticket sellers, 4:30 p.m. today in Room 209, Women's Bldg. If unable to attend, call respective chairmen If extra buttons are not turned in by this time you will be charged for them.

BEWARE CLASS cutters — no excused cuts for Pep Rally.

SENIOR WOMEN in business administration meeting, 4 p. m. Thursday, Lubin Hall.

ALL STUDENTS interested in joining Syracuse '10' staff, coffee 4 p.m. Friday, Hendricks Chapel Colonial Room.

BALLROOM DANCING classes 8-9:30 pm. today, recreation lounge of Women's Bldg.

JSG SOCIAL Committee, 6:30 p.m. Thursday, JSG office.

WAER AUDITIONS for live radio drama 7-9 p.m. Thursday, studio C WAER.

STUDENT USHERS for Navy game stop by Kappa Sigma for tickets from 2-3 p. m. Thursday. Information, call Dave Palmlund, ext. 3140.

BRIDGE CLUB, weekly masterpiece tournament 1:45 p. m. Sunday, Graham Hall Lounge. Entrance fee 75 cents per person.

SPEECH ADVISORY Council, 7 p.m. Thursday, Alpha Sigma Tau.

CITY FROSH interested in placard cheering, sign up today Women's Bldg. reception desk. Bring your stub.

PHYSICS COLLOQUIM, 4 p.m. Thurs., room 106 Steele Hall, Tea at 3:30 p.m. Dr. P.J. Richards will speak,

JOINT STUDENT Legislature marking system committee, 4:30 p.m. Thursday, 300 Walnut Pl.

EPISCOPAL Holy Communion, 5:05 p.m. today, Chapel House.

JSG Special Services Committee, 7:30 p.m. today, student government office.

JSG, JSL committee chairmen— reserve football tickets available after 3:30 p.m. today in the student government office.

Reserve Seats Tix Exchange

The schedule for reserve ticket exchange for the Navy game will be:

Wednesday — Married Students 3:30-3:50 p.m.
Seniors — 3:50-4:10 p.m.
Graduates — 4:10-4:30 p.m.
Block seating ticket exchange — 4:50-5 p.m.
Thursday — Juniors — 3:30-3:50 p.m.
Sophomores — 3:50-4:10 p.m.
Freshmen — 4:10-4:30 p.m.

All students must present I.D. cards and student tickets to be admitted to the stadium. Reserve seating can be obtained by turning in ticket stubs at the above times in the trophy room of the men's Gym.

People with reserve seating must be in their seat's before 1 p.m. Reservations will not be held after that time. Those without reserved places will not be admitted before 1 p.m.

Students and visitors possessing alcoholic beverages will be asked to leave the stadium.

New Teaching Code for Children

By REA TURET

"We must give children a code they can quickly transfer into learning," said John Downing, about the Pittman's Initial Teaching Material, yesterday at H.B. Crouse to an audience from the SU Resading Center.

The Pittman's Initial Teaching Material system is now in the experimental stage in England. This system is used to introduce reading to beginning readers.

It simplifies the complications of more than one spelling for one sound. For example, Downing said there are 18 spellings for the sound of "oo." In this system, there is only one.

The children are taught to use 43 symbols, 24 of which are based on the lower case Roman alphabet, and 19 on other letters. Capital letters are indicated by enlarged lower case letters. Downing said there are over 2,000 ways to present the 40 phonemes, including script and capital letters.

"When the children are able to read the system fluently," said Downing, "They are transferred to the normal spelling of words. This is usually in the second grade or third grade."

"What we are doing in teaching a child how to read is to break up the different codes," Dowling commented. "We should give the children a simple and more consistent code until they are able to read it fluently and have confidence in themselves, then have them transfer their skill to the regular alphabet."

"Reducing the number of alternatives of spelling of the different sounds removes a lot of competing symbols. Only one letter remains. It is much easier to read."

The need for this experimental system rose out of the fact that 25% of the 15 year olds in England are semi-literate. "We believe the serious cause of failure is due to the alphabet and the different spellings," Downing said.

John Downing became the director of the reading research unit at the University of London Institute of Education two years ago. In June he published a book called "Too Bee or Not to Be," an explanation of the Pittman system.

He was formerly a communications researcher in private industry, and an elementary school teacher. He is in the United States on lecture tour, returning to England in December.

England plans to continue their study with 2500 students in different schools. However, the effectiveness of this system will not be seen until the children reach 3rd or 4th grade, or even college.

Stepsinging Competition Continues at Hendricks

Annual stepsinging competition will begin 5:55 p.m. today at Hendrick's Chapel. Jean Harvey, president of Sigma Alpha Iota, the musical honorary which is sponsoring the program, will be mistress of ceremonies. Chapter members will open the competition with the singing of the SAI Chorale.

Flight I includes Jewell Cottage, Geneva Cottage and Richards Cottage.

Flight II includes Nottingham Cottage, Alpha Delta Pi and Miller Cottage.

Flight III includes Lima Cottage and Day 7.

Flight IV includes Winchell Hall and Washington Arms.

Entrants are to be at the Chapel 15 minutes ahead of the scheduled time. All houses wil be assigned seats by members of Eta Pi Upsilon, senior women's honorary. Contestants are asked to wear dark skirts, white blouses or sweaters and heels.

Judges for tonight include: Donald Schmaus, director of the S.U. Marching Band; Mrs. Geraldine Sims, Province President of Sigma Alpha Iota and an unannounced School of Music faculty member.

Auburn Group At SU Meeting

Dean Ralph Galbraith of the School of Engineering will welcome twenty-four students and two faculty members from Auburn Community College 3 p.m. today at Hinds Hall for the first meeting of the Engineers Club.

The group will be accompanied by Warren M. Taylor, Director of Admissions at Auburn. The meeting's purpose is to foster a closer relationship bewteen the programs of the two institutions.

Demonstrations will be presented involving semi-conductors, physical electronics, saline water conversion, metalurgy and petroleum refining.

Chiappetta to Speak On 'Rostow Thesis'

"The Rostow Thesis of Economic Development" will be discussed by Dr. Michael Chiappetta 3 p.m. today in the Founders Room of Maxwell Hall.

Chiappetta, associate director of the Food for Peace Program of the Alliance for Progress in Peru, appears in a lecture series sponsored by Omicron Chi Epsilon, economics honorary.

Frosh Class Holds Contest

The Freshman class is sponsoring a contest or an essay or poem on the Freshman Weekend theme, "Frosh International."

Essays must be between one and two hundred words and poems about twenty lines. The winning poem or essay will be printed on the first page of the Freshman Weekend program.

Entries must be sent to box 448 Dell Plain Hall by Saturday. They will be judged for originality and appropriateness to the theme.

Lineback Wins Football Contest

The victor in last week's Viceroy College Football contest is well qualified. Winner of the $100 first prize in Orange defensive lineback, Ed Conti.

The eleven other prize winners in the contest included Beryl Bender, Steve Berke, Dave Bluman, Jonathan Cross, Selwyn Holland, John Kapkelwski, Melvyn Krigini, Arthur Leroy, Arthur Perschetz, Joe Rosen and Steve Wit.

Mittleman...

(Continued from Page 1)

versity policy regarding absences from class on high religious holidays would be sent to the Registrar immediately.

Steering Committee debated dividing the Student Conduct and Welfare Committee, chaired by Robert Stern, into two committees. Stern pointed out that many topics dealt with by his committee concerned both conduct and welfare.

He held that the two could not be divorced. The committee agreed to refer work on a Student Bill of Rights to the Organizations Committee under Susan Lamb.

Miss Lamb's committee has been partly replaced by the Activities Exchange Commissioners.

Student Conduct and Welfare is currently preparing letters of explanation on the new Student Car Bill to be sent to all campus sophomores, juniors and seniors. Chairman Stearn said they would be distributed next week. The car bill extends to sophomores with 1.6 cumulative averages the privileges of having cars on campus. Upperclassmen who are on academic or university probation will have car privileges revoked.

Five other areas with which the committee is dealing were labeled "confidential."

In action before the legislature tomorrow, Registration Committee Chairman Sharron Yablonsky said she would move that JSL recommend that the personnel committee reduce IBM cards for all future registrations to an absolute minimum.

Kathleen Kapsol, Ways and Means Committee chairman, said she would seek to un-table the Student Finance Bill. The action requires a two-thirds majority of the legislators present.

Other committee chairmen present gave reports on their committees' work. Senators of the class of 1965 attended the meeting.

'Beyond the Sea....'

"Beyond the Sea," featuring the Holden Gutermuth Jazz Octet, will bring Homecoming Weekend to a close this Saturday evening. The semi-formal dance is scheduled for 9 p.m.-1 a.m. in the Women's Building.

The Gutermuth Octet, an all-student group, plays everything from slow to swing. The group includes Gutermuth on piano, with three saxophones, drums, a trumpet, bass and trombone. Gutermuth has appeared at several Syracuse night spots, including LeMoyne Manor.

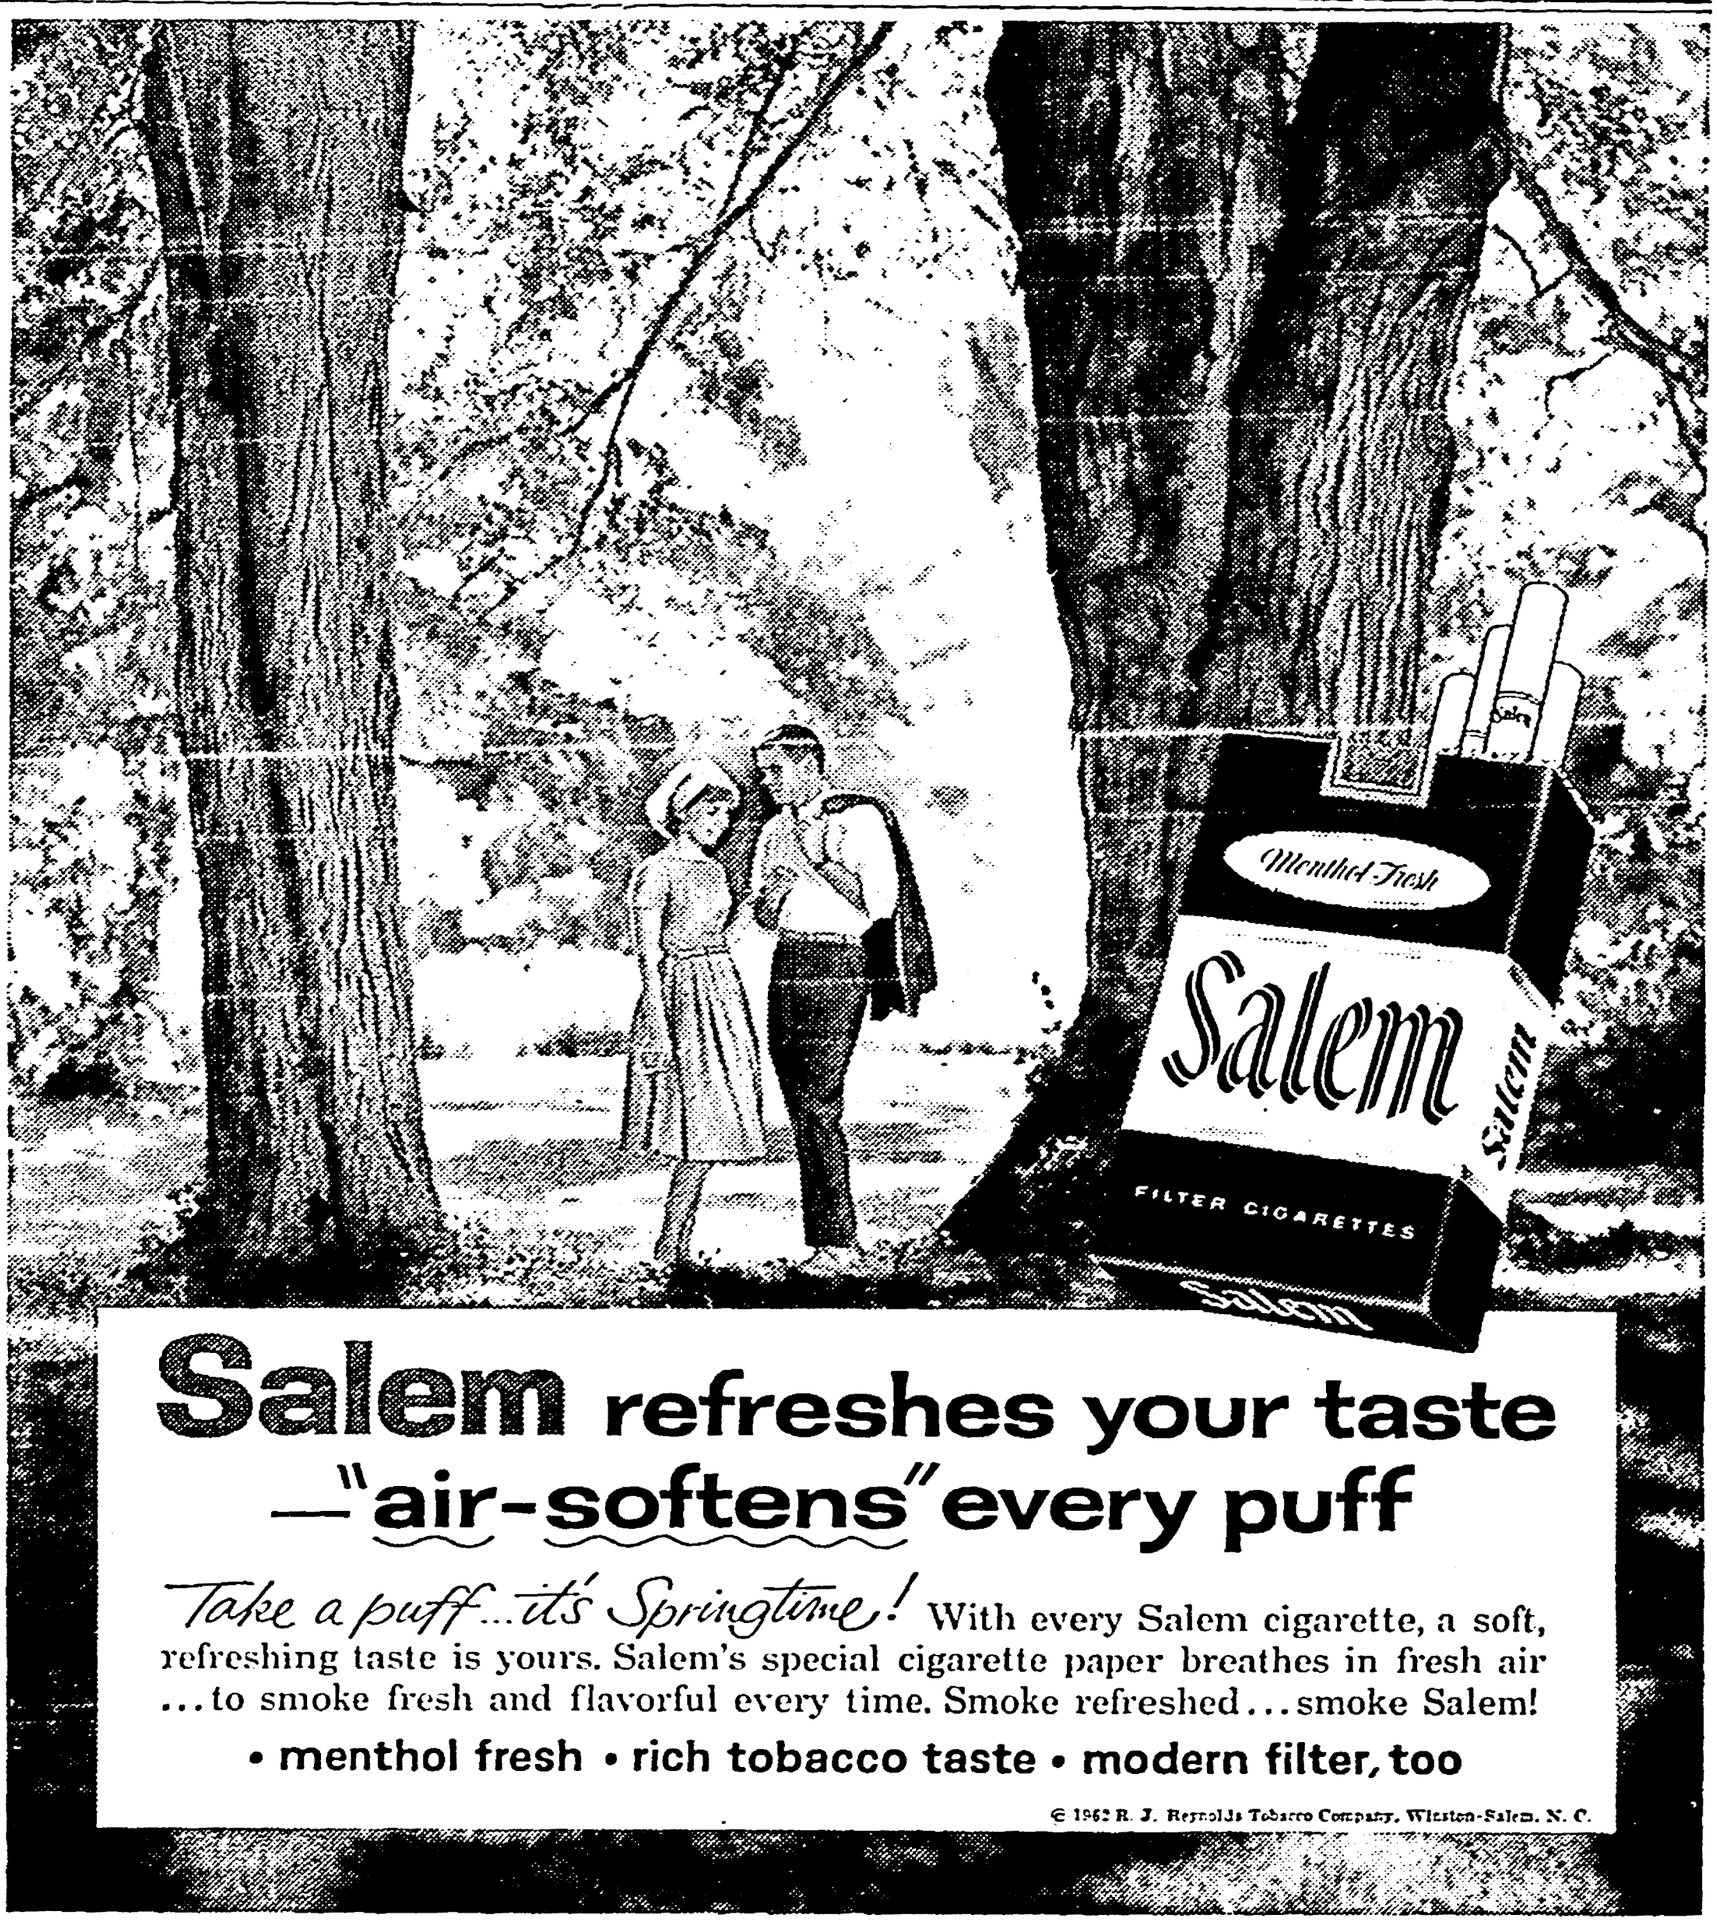
Appearing on the program with Gutermuth group will be folk singer Eddie Miller.

The women's gym will be decorated as a ship. The entrance will be a dock to give the appearance of boarding ship and interior will be lined with nautical murals, with a fountain in the center.

Tickets are $2.50 per couple and may be purchased today through Friday in the lobby of Huntington B. Crouse Hall, or at the door.

Coat checkers are needed for the dance, and will be paid for working. Anyone interested in working should sign up at the Sadler Hall main desk or call Helaine Gold, ext. 2260, 2261, 2262.

Seven Wallets Stolen Friday



Seven wallets were stolen at Friday's Student Union, according to Robert Flaherty, director of Security Police.

Two other wallets were reported missing rom the basement recreation lounge of Shaw dormitory, the same night.

Flaherty said no leads have been found but that Security would continue working on the cases. He added that some of the wallets were found, empty, as were some purses.

He also stated that there were no new developments in the $190 theft at the Woman's Building a week earlier or, in the vandalizing of Phi Sigma Delta fraternity Oct. 29. None of these cases, however, have been closed, he emphasized.

JSL Supports Terry Hughes, Approves Student Finance Bill

By CAROL SCHLAGETER

Joint Student Legislature Wed. night approved the Student Finance Bill. The bill provides that all student organizations shall apply for budgetary finances through a Student Board of Estimate under student government.

The law will be presented to university Personnel Committee today. It would eliminate need for each organization to track down the proper source for its funds.

The legislature also adopted a resolution expressing "moral support" for Terrence L. Hughes and his newly- organized student magazine. The magazine will endeavor to combine literary material and stories of significance to campus issues. The resolution was passed with a handful of senators opposed. Speaker Ronald Mittleman ruled a motion for a role call vote out of order.

A bill resolving that all future action should be presented to the legislature seven days before a vote is taken was referred to the Government Structures Committee. The bill encourages senators to discuss future proposals with their constituents before voting.

A recommendation was passed, opposed by a handful of senators, that the Personnel Committee limit IBM cards to a minimum for every future registration.

Another bill, passed with a small number of opponents, will require that senators for commuting students call a meeting of their constituents once each month. Thirty-five city students may sign a petition to have a senator represent them at the legislature.

'HOOTENANNY' TICKETS

Tickets for the "Hootenanny Special" Nov. 18 will be distributed on a first-come first-served basis from 5 to 9 p.m. Monday in the student government office, 907 University Ave.

Organizations which had been designated to receive tickets will receive their tickets before Monday. The procedure for obtaining organizations tickets will be announced.

Post-Pinebrook Session Today

A Post-Pinebrook Conference for student government will be held today from 8 to 10 p.m. at the home of Dean Charles C. Noble, 315 Berkeley Drive.

Midge Chandler and Lawrence Dana, conference co-chairmen announced that administrators and faculty members have been invited to attend the session. All students who attended the Pinebrook Conference this fall are encouraged to attend the meeting.

Discussion topics will include:

1. Recommendations from the Pinebrook Conference.

2. Action taken and future plans for implementing these recommendations.

3. The Student Union building fund.

4. Changes on the JSG constitution.

5. Student legislature representation.

Written summaries of the recommendations adopted at Pinebrook will be distributed at the meeting.

Chet Huntley Show Filming on Campus

Official university reaction to the presence of NBC-TV cameras on campus is one of hopeful unconcern.

Dr. William P. Ehling, Office of Information Services director, said Wednesday he has no fears that the film being made will cast a bad reflection on Syracuse University.

He said the university is extending fullest cooperation to the camera crew in their quest of what makes Piety Hill tick.

As with any other media seeking information about SU, Ehling said, his office strives to answer all questions honestly and completely.

He said he could not comment on what sort of "image" the

(See NBC, Page 7)

National Broadcasting Company cameras are focused on the Syracuse University campus this week.

A half-hour film segment for the network's 'Chet Huntley Report' show is being filmed by a nine-man NBC production crew, headed by Mort Heilig, film director, and William W. Aulepp Jr., unit director.

Heilig said Wednesday the film will be an "objective view of life at a big American university," stressing "the student point of view."

He said SU was selected because it is a big, average school, near New York City to facilitate transportation of equipment.

(See NBC, Page 8)

Legislature Hearing

Only one of three junior class executive council members interrogated by the student Government Structures Committee feels that a letter of apology is due them.

The three students commented on Joint Student Legislature Speaker Ronald Mittleman's request that Government Structures Committee Chairman David Knickerbocker send an apology to the junior class for the way in which an investigation was conducted.

The committee, conducting a series of closed hearings to prepare a new Joint Student Government constitution, questioned the three in connection with departure of three class officers for Italy next semester.

George "Skip" Stanger, a member of the exec council, said he had been "completely deceived" as to the nature of the investigation. Stanger said he understood that the investigation would deal with duplication of projects in the various student activities.

He said that the three questions which Mittleman had deemed uncalled-for were fair but had no relevance to the Constitution.

The specific questions asked an appointee's fraternity or sorority affiliation, how he was selected for the post and what type application he submitted.

Stanger emphasized that the individual exec council members appeared as individuals, and were not representing the entire council. He said he did not feel that an apology was due, but that corrective action should be taken to make sure that future persons understood just what the comimttee would investigate.

Nan Keating also said that she did not know what the investigation regarded. She said she telephoned junior class president Logan "Slugs" Salada, who was also at a loss regarding the nature of the investigation.

Miss Keating commented that she felt certain of the questions, such as political party affiliation, were irrelevant to the investigation.

She said that the three investigates did not understand why they had been selected for questioning from the entire exec council. Miss Keating also said she had thought that the entire exec council would be present.

Rea Turet, the third exec council member to testify, said she knew in advance that the committee was investigating a new constitution.

"But who do they think they are," she questioned, "— the House Un-American Activities Committee?"

Miss Turet said she felt that some sort of apology was due since Knickerbocker had "set

(See Hearings, Page 8)

'Absurd' Triple Bill Opens Today

Nell and Nagg (ELLEN DORNBUSH and RANDY GROTZINGER), the aging, legless couple who live in trashcans in Samuel Beckett's play "Endgame," try in vain to kiss and make up.

The first presentation by the Ensemble Theater, a newly formed SU repertory company that hopes to develop a distinctive theatrical style, will open 8:30 p.m. today at the University Regent Theater.

Heading the bil is Samuel Beckett's four-character "Endgame." Written by the author of "Waiting for Godot," "Endgame" stars Dick Folmer as Hamm, the man in the wheelchair; Rick Miller as Clov, the pacing youth; and Ellen Dornbush and Randy Grotzinger are the aging, legless couple who live in trashcans.

The bottom half of the theater of the absurd bill consists of two one-act plays by SU graduate Richard Harris, who wrote "Sketchbook 61!" last year.

Bruce McCurdy and Leslie Meek star in "The Trashcan" and "I am Beautiful" with Edyth Comins also appearing in the latter play.

David Hamilton an SU senior directs the bill which will play Thursday, Friday and Saturday night. Tickets cost $1 and $1.35.

World News

Mrs. Roosevelt Dies

Mrs. Anna Eleanor Roosevelt, widow of former President Franklin Delano Roosevelt, died Wednesday night at her home in New York City at the age of 78.

Frequently called America's First Lady of the World, she had been undergoing treatment the past three months for anemia and a lung infection.

An influential figure in national politics since the death of her husband in 1944, she had served as chairman of the United Nations' Commission of Human Righs, U. S. Delegate to the U.N. General Assembly, and a member of the Democratic Party's National Committee.

Mrs. Roosevelt also gained

Post Mortem

While the national elections failed to change the political alignment in Congress to any great degree, there are some interesting observations that can be made.

Foremost among these is the predominance of ticket splitting in many states where a Democratic senator failed to carry in a Democratic governor and vice versa.

The voters of this country are voting on personalities and names more and more, if this election is any indication. Thus we find many results that don't fit with previous tendencies in certain states.

Another point is the fact that while the Democrats made no great gains, they maintained a strong majority in both the House and Senate. This is in reality a Kennedy victory since in an off-year election it is common practice for the Administration's party to suffer losses.

The predominance of personalities and names leads us to some passing glances at the now historic election of November 6, 1962.

In California the political death of Richard Nixon was eulogized by the former Vice President himself when he bitterly bade farewell to a press that he claimed had never given him a fair deal. The victor, Edmund "Pat" Brown, now emerges as a giant killer that may have to be reckoned with nationally at some time in the future.

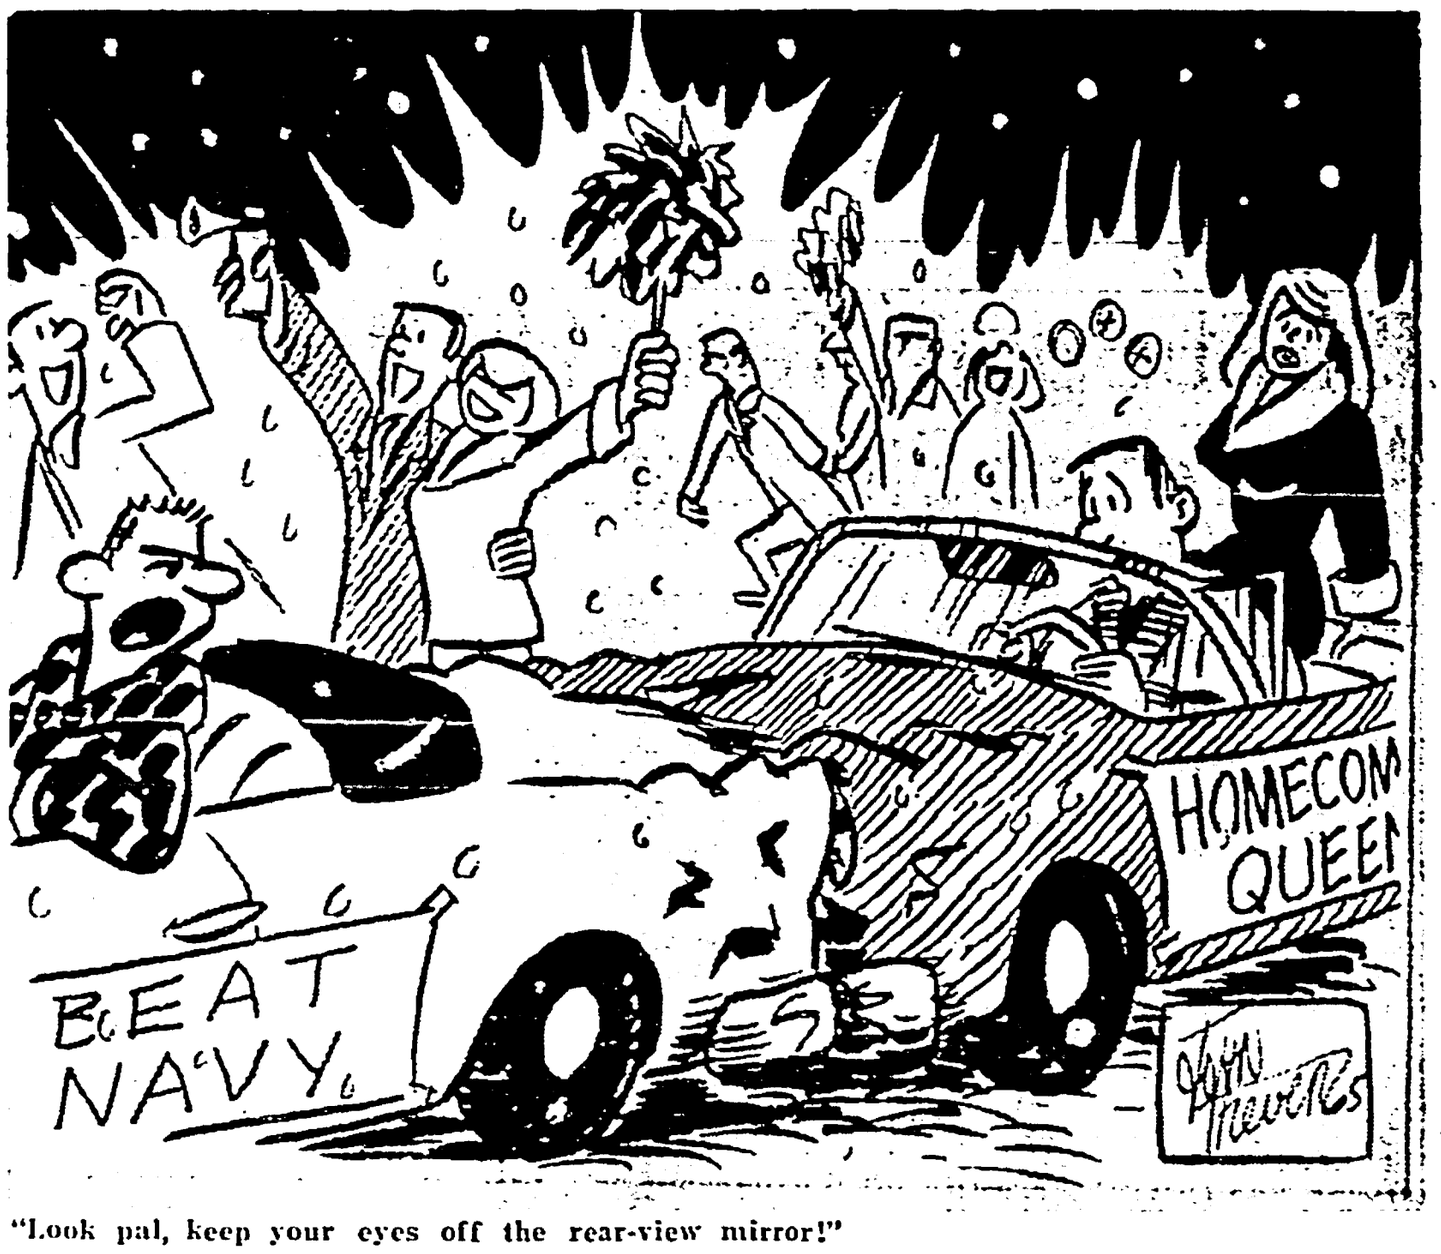
In Massachusetts, the magic of Kennedy helped Edward "Ted" Kennedy easily capture the Senate seat of Big Brother Jack. The familiar name of Lodge was in the loser's column in this third campaign between the Kennedys and Lodges. Kennedy even pulled ex-Harvard All-American football lineman Endicott "Chub" Peabody into the governor's mansion in a surprising win over incumbent John Volpe.

A couple of Republican presidential hopefuls emerged triumphant from the battle as George Romney in Michigan and William Scranton in Pennsylvania displayed good vote-getting ability.

Some political firsts were recorded as Oklahoma elected its first Republican governor—W. P. Atkinson, and Vermont elected Philip Hoff, a Democrat to the governor's mansion.

And, as happens in all elections, some old faces were by-passed by the fickle voters. Thus Governor Mike DiSalle was ousted from Ohio by Republican James Rhodes, 78-year old Alexander Wiley, the Republican Senator with the longest service—24 years—was beaten by Governor Gaylord Nelson, Republican Homer Capehart, also an old-timer in the Senate, lost his seat to Birch Bayh Jr., in Indiana and in Minnesota Walter Judd lost his House seat to Donald Fraser, a Democrat.

One unsuccessful candidate we must mention is Pulitzer Prize winning author James A. Michener, who lost in his quest for a Congressional seat in Pennsylvania.



A Word of Thanks

The Daily Orange is indebted to radio station WAER for the use of its facilities on election night. The staff offered us invaluable aid in gathering the facts and figures which enabled us to obtain as many final returns as we did for Wednesday's newspaper.

We also would like to congratulate WAER on the fine election coverage it had. The work of Mike Styer and Dick Stokvis on the anchor desk and the commendable job done by reporters covering the city and county on the scene, was in many cases well ahead of the coverage by local stations.

Mike Styer had many words of thanks for his staff when he signed off Tuesday night; we would like to echo those thanks and add a few of our own to Mike.

TREVER ON CAMPUS

"Look pal, keep your eyes off the rear-view mirror!"

Campus Clips

By MELANIE COHN and SANDI EHRLICH

Not only did Pitt thoroughly outdo us in football, but they are forging ahead with their plan to obtain more liberal drinking standards on campus. The University of Pittsburgh now has a policy similar to that of Syracuse in that alcohol is not allowed at any school functions. However, a recent student government poll of fraternities and dormitories revealed an overwhelming desire to change the outdated policy. Students will bring the results before the vice-chancellor for approval. If the policy is approved by the student government and the administration, Pitt will become a "wet" campus.

We quote a Pitt editorial, "Because students have shown they both want alcohol on campus and can behave properly, and because no real reason has been presented to justify its banishment, we fully endorse the idea of legalizing alcoholic beverages at the University."

They have set an example of what a spirited student body can achieve (or at least try); can Syracuse follow the lead?

The University of Southern California plans to abolish course credits by 1964, as part of an academic streamlining move. The plans is expected to reduce the number of courses from the present 3500 to 2000. Because the calibre of students has improved in recent years, USC and other schools have felt the need for this revamping.

Thirty-two courses, rather than 124 credits, will be required for graduation, and a student will be limited to four courses a semester. Class attendance will be on a more permissive basis, with special emphasis on increased tutorial help from the faculty and increased outside reading.

As an indication of this evaluative trend, HARVARD University will re-examine its program of general education at its undergraduate college and at RADCLIFFE for the first time in fifteen years.

We thought you would like to know that CORNELL and BUFFALO have prospering literary magazines. "Image," the Cornell publication, is described as a folio of poetry, prose, and art work. It is purely a student publication, and is paid for completely on the basis of subscriptions.

Buffalo's "New Student Review" will include articles on political and social comment, fiction, humor and satire, and reviews of cultural events and current literature.

Tulane University in New Orleans, Louisiana, may face an integration crisis. The Administration's policy was unclear, until they published this statement: "The Administrators . . . voted that Tulane University would admit qualified students regardless of race or color if it were legally permissible." Too bad they didn't explain that last ambiguous phrase.

"A fraternity man is one who is more active in athletics and extracurricular activities, who has more dates, who receives lower grades, who is well-dressed, well-to-do, aggressive and sophisticated," according to a survey made by the UNIVERSITY OF MICHIGAN Interfraternity Council. But is his fraternity pin really a sex key?

Wayne State University in Detroit was recently on nation-wide television, when the "Today" show with Hugh Downs, visited the campus. The broadcast was criticized in the paper's editorial as being "lifeless" and not showing the school's individuality. Fellow students, remember to appear enthusiastic when SU appears on the television "Hootenanny." We're just afraid there'll be an overenthusiastic riot when several thousand students without tickets try to invade the telecast.

LETTERS

Hungary

To the Editor:

Sunday, in the Kittridge Auditorium of H. B. Crouse, a program was presented by the Hungarian Students to commemorate the sixth anniversary of the Hungarian Revolution. The Daily Orange did not cover this event, thus I think it is better, if even though later it will be mentioned in the paper, so that those who could not attend will hear about it. Many attended the program—Hungarians from downtown Syracuse, as well as students from the University.

Miss Sarkozy, President of the Hungarian Student group opened the program with an interesting and moving speech. She spoke of the heroes of October, in commemoration of the Hungarian Revolution of 1956. She spoke of the students, the workers, the peasants, intellectuals and prisoners.

She spoke of the lonely struggle of ten million people to throw away their chains and gain the greatest treasures of humanity: freedom, peace and security. She spoke of the joys and tears of this nation, of their courage, devotions and hopes.

"Today, all over again, the number one national demand is the freedom and independence of Hungary," she said. "It is for freedom and independence that we fought, this is what we want, we students, the writer whose weapon is the pen, the engineer, worker, the peasant and all those who rose in revolt."

Dr. Popovic, Professor at Maxwell School of Citizenship was the guest speaker. He recently came to the United States, and he had the opportunity of visiting Hungary prior to the revolution of 1956.

He spoke of the thousand years' old desire of Hungarians to be free and independent from an oppressing power. He spoke of the 1956 revolution as the greatest accomplishment of the 20th century.

"It was a great contribution not only because it returned the self-confidence of the Hungarian nation, but because it showed the western world the ambigious policies, and true meaning of communism, and of the Russian regime."

"It showed that Communism is not able and not willing to meet even the most important and most basic rights of human beings," he said.

The showing of a documentary film "Hungarian Fight for Freedom" concluded the program.

I firmly believe, that anyone who was not able, or did not care to attend this program, missed an awful lot.

Name Withheld

ONE NIGHT STAND

The Modern Dance Group

By Jane Kurschner

MISS KURSCHNER is a member of Syracuse University Modern Dance Group.

One of the least publicized of the cultural activities on campus is the Modern Dance Group. The work done by this group is wholly student executed from choreography to performance. It ranges in scope from classical through primitive to jazz forms.

Because the modern dance form is so flexible there is almost infinite room for expression. As opposed to the mere rigid dance medium of the ballet, there are no rules of form to hamper the choreographer or dancer.

Modern dance, more than any other dance form, is suited to the expression of emotion as well as action. Due to this unique quality the substance of the dance undergoes two interpretations.

The first comes from the choreographer who determines the basic meaning she wants the dance to convey.

The second comes from the dancer herself. Because of the dogmas controlling the movement of the dance the modern dancer has a great opportunity to project her personal interpretation of the role she is to play.

In past years the performances of the group have included work suited to as wide a range of interests as can be found in the organization itself.

The Christmas Concerto by Corelli and the Quintet for Wind Instruments by Paul Hindemith are indicative of the tremendous musical area covered by the classically oriented members.

Dances have also been done to the music of Miriam Makeba and Henry Mancini. This year promises to bring even greater range with the possible addition of music by Prokofiev and Brubeck.

As far as membership goes, the Modern Dance Group is selective but by no means narrow in standards of selection. One of the former members of the groups received a Fulbright Fellowship to study dancing abroad. Two other members were also on the track team.

Each freshman floor and living center must elect a delegate to the freshman forum, class president Dennis Green said Wednesday. The first meeting of the group will be announced soon.

Miss Booth at Youth Concert

Syracuse Symphony Orchestra will feature university sophomore Zaida Booth in the first Youth Concert at the War Memorial on November 15 and 16. Two concerts will be given each morning before student audiences from city, parochial and county schools.

Chosen by Competitive auditions Miss Booth is a student of Louis Krasner and concertmaster of the University Symphony Orchestra.

She attended high schools in Hastings, N.Y. and Rockville, Maryland, before moving with her family to Florence, Italy. While in Italy she studied with Ciacmo Maglioni and made her concert debut in a recital at La Spezia, Italy, in April of 1961. She is also the recipient of a summer scholarship at the Congress of Strings in Michigan.

Miss Pinnell at Crouse

Ruth Pinnell, soprano, and Veronica Rohan Sage, accompanist, will present the fourth in the current Crouse Concert Series on Sunday, at 4:00 p.m. Nov. 11, in Crouse College.

Miss Pinnell, an active singer and teacher, gave a recital for the Arts Festival at the Lutheran church of St. John and St. Peter last year. She was also soloist in Haydn's Creation presented by combined choruses at the University. She is president for the second year of the alumnae chapter of Sigma Alpha Iota, Women's Professional Music Fraternity, and was awarded the Sword of Honor by that group for service to the musical profession.

The Nov. 11 concert will open with songs by Lully, Piccini, and Gluck—the latter composer represented by his familiar Divinities du Styx. The second group will be made up of four songs from Schumann's Liederkreis, Op. 39, and three songs by Marx.

Following intermission Seven Poems by James Joyce will be heard in a setting by Moeran. Olivier Messiaen will be represented by his Vocalise-Etude and Three Melodies. The program will conclude with two Puccini arias—Chi il bel sogno from La Rondine and Un bel di, vedremo from Madame Butterfly.

The University Symphony, Louis Krasner, director, will present the next Crouse Concert on Sunday, Nov. 18. All Crouse Concerts offer free admission and campus parking.

PRESENTS

Skiing

A 90-minute Warren Miller ski film will be presented at the Regent Theater on Sunday, Nov. 18. Showings are scheduled for 3 p.m. and 8 p.m.

"Around the World on Skis" is sponsored by the Syracuse Alumni Ski Club. The film will afford skiing enthusiasts a preview visit to a ski development center in Vail, Colorado, which officially opens in December.

Miller will also show pictures of the recent FIS World's Championship, featuring top international racers in action. Some of the stars to be seen in the movie include Stein Erickson, Buddy Werner, Ernie McCullough and Jano Tournier.

Grid Coaches Name All-American Picks

The American Football Coaches Association has trimmed down its All-American nominee list to 64 college gridiron headliners.

Featured in their choices are quarterbacks Tom Myers (Northwestern); George Mira (Miami, Fla.); Terry Baker (Oregon State); Sonny Gibbs (Texas Christian), and Dick Shiner (Maryland).

John Mackey, who has excelled all year for the Orange on defense, is the only piety representative to this potential All-American squad.

Orange opponents who are still in the running are guards Keith Melenyzer (West Virginia), and 210 lb. Johnny Walker (U.C.L.A.). End Dave Robinson (Penn State) and center Wayne Lee (Oklahoma) are also mentioned.

Halfback candidates are Kermit Alexander (U.C.L.A.), Roger Kochman (Penn State), and Mike Haffner (U.C.L.A.). Haffner, a 6-2, 187 pounder, was the Coast's top ground gainer last season, with 703 yards in 112 carries for a 6.3 average.

The only other Orange opponent nominated is quarterback Pat McCarthy.

"Ugly Man"

Deadline for the "Ugly Man Contest," Nov. 14-17, has been reset for 8 p.m. Friday.

The theme of the contest will be "Mean Dean". For rules, information and entry blanks call Bob Hawks ext. 2661 or Ron Thompson ext. 2470.

SU Syrafins Practice 1962 Swim Productions

The Syrafins, Syracuse's answer to "Sea Hunt," held try-outs for all hopefuls at their first meeting in September. New members were chosen on the basis of swimming skills and interest in Syrafin productions.

Joining old members Jean Becker, Debbie Cutler, Carolyn Johnson, Pam Jones, Judy Meyer, Barbara Miecki, Carol Reiner and Judy Simons are new aqua-splashers Nancy Baxter, Sue Blades, Christy Borgerding, Kathy Burich, Kathy Ford, and Hilarie Hotchkiss.

Other new sea-nymphs are Lynn Meshken, Dee Morrish, Judy Nimaroff, Nina Oser, Phyllis Platz, Jill Simons, Sue Samuels, Carol Stanley, Lynn Suto, Pam Vanderpool, Linda Wheeler, and Sara Wiley.

Miss Barbara Lancey, club director, will put the girls through their paces at their weekly Thursday meetings in preparation for their annual spring show. Try-outs will be held again in December.

Orange Splash, another group of aqua maids, is open to all interested university women. It is a synchronized swimming group for those who want to improve their swimming skills. Meetings will be held at 4 Mondays.

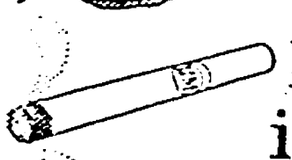
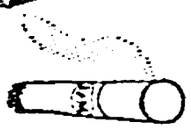
4-LAYER INSULATED UNDERWEAR BY DUOFOLD

It's so easy when you know how—like Duofold does! In less than 3/16 of an inch of insulation you get 3 insulating air spaces and 4 layers of fabric. You stay warm-dry outdoors—and dry-comfortable indoors—because sweat evaporates away from your body with no chill. Styled by the pros for pros and amateurs alike. Sizes S-M-L-XL. In great, new colors.

Over twenty styles of outerwear to keep you warm in any weather



Lund's Ltd.
720 S. CROUSE AVE.



get Lots More from L&M

more body in the blend

more flavor in the smoke

more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more of this longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And with L&M's modern filter—the Miracle Tip—only pure white touches your lips. Get lots more from L&M—*the filter cigarette for people who really like to smoke.*

Rushing

PAT DONNELLY

Donnelly Leads Navy In Rushing

By Jim Dine

Billy XV (the Navy Mascot) will lead the Midshipmen onto the field for the first time in the very short history of the Syracuse-Navy series Saturday afternoon at 1:30 P.M.

This is the second meeting of these two teams with Syracuse's National Champions pervailing in 1959 by the score of 32-6. Navy will be out to make amends for this score.

Navy will be sporting a record of four wins and three loses in the contest Saturday. After peering at the outcomes of preceding games, Navy can be described as a team which at anytime can operate with an explosive offense.

This can be seen in their 32-9 rout of Pittsburgh, and their 32 point second half outburst against Cornell. Navy has beaten William & Mary, Cornell, Pittsburgh, and Boston College, while they have fallen at the hands of Top 10 ranked Minnesota, Penn State, and Notre Dame.

By comparing Syracuse's record with that of Navy, one may say that Navy, since they were defeated 41-9 by Penn State and that the Orange were just overcome by this same Penn State team 20-19, that Syracuse should rate as a favorite. Down at Annapolis, the same type of story is told, but in a reverse manner: Navy 32 Pittsburgh 9; Pittsburgh 24 Syracuse 6; therefore, Navy over S.U.

Eyes and binoculars should be directed at two of the Navy Backs who could thrill or chill the spectators with their dazzling play. One will run at the fullback slot while the other will operate from quarterback.

Their names are Roger Staubach and Pat Donnelly. Donnelly is a fullback from Naumee, Ohio, and he rolled up 259 yards rushing with a 3.4 average per carry. Budd Thalman Navy's publicity man "He has more poise and potential than any sophomore fulback I have ever seen."

Staubach on the other hand excels in pinpoint passing, as he has completed 36 passes for 513 yards and 4 touchdowns. He has only tossed the ball 53 times and only once did the opposition pick off one of these aerials.

Staubach's favorite targets are Donnelly and Jim (Limpy) Stewart. Stewart you will remember faked a leg injury and trotted to the sideline with a supposed leg injury. Just as the ball was snapped from center Stewart raced down the sideline and caught a Staubach pass unprotected and went on to score the touchdown that led to downfall of Pittsburgh.

Syracuse is aware of Navy's potential as Coach Swartzwalder noted "This is a team that can move the ball on you, either upstairs or downstairs. It was announced that Brian Howard a 215-pound senior end from Amityville, N.Y. will share the captainey with Leon Cholakis for the Navy game. Defense has been given a great deal of emphasis this week at practice because of Pitts 24 points and Holy Cross' 20 points in preceding games.

SU Fourth In Defense; Opponents Listed High After Weekend

By Vin Zukowski

While absorbing a 24-6 defeat to Pittsburgh, the Syracuse University pass defense gained eight positions and is now fourth in the nation. The ground-minded Pitt offense completed only one of four passes but gave Syracuse no other consolation.

Out of 79 opponent passes, 48 have fallen incomplete, either by dogged SU defensive halfbacks or by slippery fingered opponent ends. Passing for a .392 percentage, opponents have only gained 59 yards through the air per game.

Oklahoma and Army are the only two teams on the SU schedule that placed in team categories. Army is ranked 10th in team defense leaders. In seven games the Army defense including the "Chinese Bandits," have relinquished only 1,336 yards for a 190.9 yards per game.

Oklahoma has gained a berth in both offense and defense team totals.

The Sooners, once again a Big Eight powerhouse, have rushed for 250.5 yards per game. Ranking eighth, Oklahoma has rushed 323 times for an aggregate 1,503 yards. Oklahoma is also ranked sixth in pass defense. Allowing only 62.3 yards per game through the air, Oklahoma has defended successfully against 52 passes out of 82 for a .366 percentage.

Two individuals who have performed against the Orange have merited space in statistics in two different columns. Oklahoma's Don Looney is ninth in rushing yardage, having gained 572 yards. Looney has regained his punting leadership from Penn State's Raisig by raising his average to 43.6 yards per punt compared to Raisig's 42.9 mark.

Pat McCarthy is the second opponent to gain two rankings. The Holy Cross passer is No. 8 in total offense with 1060 yards in only six games.

Five of the seven men in front of him have competed in seven or eight games. McCarthy is also No. 13 in scoring with eight TD's and four PAT's for 52 points.

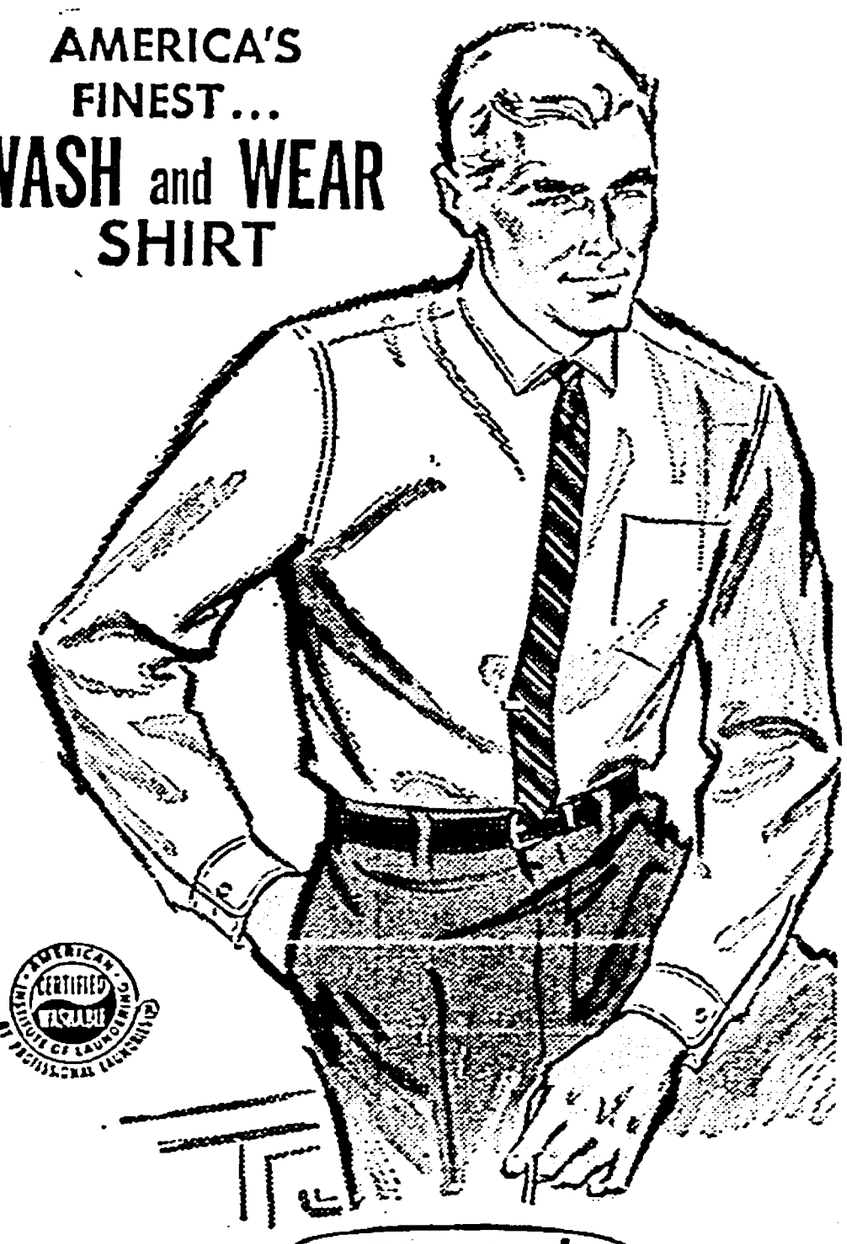
Boston College has again placed its passing combination among the national leaders. Concannon is 12th in total offense with 977 yards, and Graham is 14th in pass receiving with 25 passes caught for 491 yards and three TD's.

Pat McCarthy's passing target, Snyder, is 13th in pass receiving having gained three more yards than Graham in the same number of passes.

Two players of teams yet-to-be played have rankings. Drummond of GW is 11th in rushing with 532 yards. Yost of West Virginia is 14th in total offense with 954 yards.

Chiapetta To Speak

Dr. Michael Chiappetta will lecture on "Social Development in Latin America" at 7:30 p.m., today in Gifford Auditorium of H. B. Crouse.



Chiappetta is associate director of the Food for Peace Program of the Alliance for Progress in Peru. All students are welcome to attend.

Maxwell Views Election Results

By DANIEL RITEY

"The most surprising characteristic of this off-year election was the fact that the Democrats did so well. Usually in an off-year election, the party in power—the Democrats in this case—always loses seats."

Prof. Frank J. Munger of the Hill political science department further noted, "the reason the party loses is because many candidates of the president's party are carried into office during a presidential election on the president's coattails."

"In 1960, however," Munger said, "Kennedy's popularity was not that high because of his religion and, therefore, it was a Democratic Party victory. This year, the party remained strong and did well in the off - year elections."

Nixon Through

Commenting on some of the specific races in this year's elections, Munger opined the Richard Nixon is through politically and that the GOP presidential candidate in 1964 would be George M. Romney, Nelson Rockefeller or William Scranton.

"Those saying that Rockefeller's victory margin in New York state was not impressive are under the influence of election night inflation. Within months, people will regard Rockefeller's margin as quite sufficient," he said.

"Scranton's victory in Pennsylvania was impressive but, as Pennsylvania politics is traditionally prone to patronage and graft, Scranton's chances in 1964 may not be as good as those of the others."

Munger predicted that in 1964, if he ran, "Romney would be hurt by a sharp lack of support from the Negroes."

"I think Kennedy will win in 1964 barring any disasters, because his party will be strong and he will have gained more popularity by them," he said.

Dr. Michael O. Sawyer, Director of the citizenship program also had some comments on the national elections.

No Strong Trends

"I don't see any identifying pattern or strong trends as a result of these elections," Dr. Sawyer said. "I was impressed, however, by the fluidness of the elections—in that there were a number of upsets."

The results lessened the strength of the "predicted votes," with the independent voters emerging as a more potent bloc, he said.

"These elections also indicated no bright future for the Conservative party, despite their getting more votes than I expected." Most votes for Jacquith were probably protest votes against Rockefeller, he went on.

"Locally—while I liked the fine Republican sweep—the election reminded me of how much there is a two-party system locally when the democrats were able to run as strongly as they did without campaigning so heavily," he concluded.

NBC...

finished film segment will present of the university.

NBC-TV film director Mort Heilig himself is uncertain what the final product will be.

Many more feet of film and many more interview tapes will be made than will actually be aired when the segment is completed.

Dean of Men Earle W.. Clifford told the Daily Orange he has considerable confidence, that Hill students will recognize the significance of the show in terms of the university's public image.

"It's their university as much as it is ours," the administrator said.

Women's living centers have received notice from the dean of women's office not to permit entrance of any persons without authorization of that office.

Dean Marjorie C. Smith said Wednesday this notice pertains equally to the NBC-TV crew as it does any other persons.

This is routine university policy, she said, which insures coeds' safety and prevents "their time from being exploited."

Dean Smith was scheduled to meet with NBC's film director this morning to discuss filming in women's dormitories and sorority houses this week.

Roosevelt...

fame through her literary endeavors as a newspaper and magazine columnist, and lecturer. In the past two decades, she had made more than 1,000 speeches, including a lecture to the Syracuse University ROTC members in 1956.

Many honors had been bestowed on Mrs. Democrat, including the National Press Club's Women of the Year Award in 1949 and a nomination for the Nobel Peace Prize in 1949.

She gained a national recognition of her own in the late 1940's when she strongly supported the United Nations and the new Isralei State.

DellPlain 'Bad Boys'

By CHARLES BARNEY

Richard P. Goolsby, director of DellPlain Hall, has closed the main lounge of DellPlain as part of a student disciplinary move.

Goolsby lists as reasons for the disciplinary move:

1—urinating in the elevators

2—destruction of the main bulletin board

3—a fire of on the sixth floor

4—shaving cream, trash, water, garbage, etc. thrown from windows

5—abuse of facilities in the main lounge such as mud on upholstered furniture.

A six point paper for DellPlain resident advisers was posted Tuesday on the locked doors of the main lounge.

"During the last weekend," the paper reads, "several things have happened which have led me to believe that earlier occurrences this year were not merely isolated acts but, rather, indicative of what seems to be a negative pattern of behavior of some residents of DellPlain Hall."

The paper states that the main lounge will not be reopened until these areas improve. If there is no improvement additional restrictions will be imposed.

This would include turning off elevators; closing study rooms, library, hobby rooms, laundry room and discontinuing weekend movies and loaning of phonographs.

The present action also includes not replacing damaged bulletin boards and telephones.

Earlier this week the receivers of university extension phones were snipped off on DellPlain 8. The telephone company repaired the phones without charge.

Goolsby asks in his paper for student cooperation. Non-participation in the destructive acts is not enough, says Goolsby. Positive action is needed on the part of the Hall residents, he stated.

So far, reaction at DellPlain has included talk of riots, but for the most part residents just shrug their shoulders.

FRESHMAN WEEKEND COMMITTEE

Freshmen who want to work on committees for Freshman Weekend Dec. 7-9 may sign up today through Saturday in Huntington B. Crouse Hall. Signup sheets will be posted on the wall opposite Gifford Auditorium, class Pres. Dennis Green and weekend chairmen Henry Kahn and Carol Chor announced Tuesday.

Committees for the weekend are tickets, publicity, buttons and sales, refreshments, Sunday concert, decorations, Saturday afternoon entertainment, special arrangements, Friday night entertainment, queen contest and transportation.

Questions pertaining to the weekend may be answered by Kahn, ext. 2037, 2038 or Miss Chor, ext. 2203, 2209.

Hearings...

(Continued from Page 1)

himself up as a dictator" to "pass judgment on the junior exec council."

She said the investigation had no real purpose, other than creating "a tempest in a teapot."

She said that the committee possessed authority to investigate succession of class officers, but that recommendations of outgoing officers should be heeded.

If an exec council member is selected solely on the basis of his fraternity affiliation, she said, this should be ignored if he does his job conscientiously.

Miss Turet concluded that the committee had not investigated with "proper dignity" and that certain questions pertaining to the freshman class booklet, prepared by the junior class, were irrelevant.

Heilig's cameramen are shooting scence this week in classrooms and dormitories. Shost will be taken of the SU-Navy football game, of fraternity parties Friday and Saturday and other Homecoming Weekend activities.

Heilig is also taping interviews with Hill students, asking them their views on about college football, curfews, the Greek system, academic atmosphere, intellectual involvement, the caliber of students and faculty at this university and the preparation SU gives its students for their futures.

Filming will continue through Saturday night. The NBC group is scheduled to leave Syracuse Sunday.

The show will probably be aired early next semester on the Huntley show.

ANSWER TO PREVIOUS PUZZLE

Pall Mall Presents~
GIRL WATCHER'S GUIDE

CAMPUS TYPE III

The Bookstacker serves the cause of classical literature in various ways. Perhaps the least of these is in keeping the rows of books properly aligned and the jackets free of dust.

Her most important contribution is in improving the environment for study, enhancing the halls of learning with her own classical form. Many a college man has discovered a previously unfelt craving for knowledge simply because he received his copy of Homer from the hand of a deep-breathing redhead who sighed, "I think Homer is the most!" Yes, it pays to take a good look at the classics now and then.

Among cigarettes, Pall Mall is a classic—famous length, fine tobacco . . . no flat "filtered-out" flavor, no dry "smoked-out" taste. Try Pall Mall and see!

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

U.S. Needs African Purchasing Power

By DANIEL RITEY

"A significant aspect of Africa's importance to the United States is the fact that we need her purchasing power," Earl Parker Hanson said Thursday afternoon in Maxwell Auditorium.

"Another reason for Africa's importance is the fact that we are engaged in a cold war with Communism and we need all the loyalty and allegience we can get. Whatever side gets the most people loyal to it will win the cold war," Hanson said.

Referring to Africa as an outlet for American capital and business, Hanson noted that capitalism "is a struggle between those who support cheap labor and those who realize the importance of rising purchasing power."

Before the Civil War, the U.S. justified slavery and, therefore, had use for Africa, he went on. "Yet, we soon had the problem of the freed slaves here and our decision was to send them back to Africa to spread civilization."

Liberian State

Since the only civilization they knew was slavery, people became selfish and the state of Liberia was formed when England would not recognize this attitude.

"After the Civil War, as the U.S. became more industrialized,

Kilgore Talks Today At J-School Banquet

Bernard Kilgore will discuss "Reporting the American Economy in Crisis" today at the School of Journalism annual banquet at 8:30 p.m. in Sims.

President of the Wall Street Journal Company, he will receive the School of Journalism's distinguished service medal from Chancellor William P. Tolley.

Upon graduation in 1929 he joined The Wall Street Journal Staff as copy editor. At the age of 32 he was named managing editor and in 1945 became president. In addition, he is publisher of the prize-winning weekly, The Princeton (N. J.) Packet.

The first Journalism Medal was given in 1936; since then, 36 outstanding leaders, including Roscoe Drummond, Edward R. Murrow, Drew Pearson, and Alexander F. Jones have received it.

Among the distinguished leaders of American journalism present will be: Donald Bridge, general manager of the Gannet Newspapers in Rochester; A. H. Kirchhofer, editor of the Buffalo Evening News; Henry P. Thompson, president of the New York State Advertising Manager's Bureau; James Roche, president of the New York Press Association; W. Parkamn Rankin, vice president of This Week Magazine and Stephen Rogers, publisher of the Syracuse Herald-Journal.

The Borden Company Foundation Award will be presented to the senior in journalism with the highest average. Presenting the award will be John H. McCain vice president of the Borden Company Foundation.

Dr. Robert Root, head of the religious journalism program, will give the invocation and Dr. Wesley C. Clark, dean of the school, will preside.

Guests of the School at the head table will include John N. Whitney, president of the Syracuse Press Club, and Mrs. Deanna Kohnel, president of the Syracuse professional chapter of Theta Sigma Phi.

The banquet is one of the high points of the year for journalism students; and, new initiates of Theta Sigma Phi and Sigma Delta Chi, journalism honoraries, will be introduced.

New council members who will serve for the first time are: Draper Daniels, National Export Coordinator; and E. R. Vadeboncouer, a director of the National Association of Broadcasters and president of WSYR.

FOOTBALL TICKETS

Student football admission books will be issued from 6-9 p.m. today in the Trophy Room of the Men's Gym. Tuition receipts must be presented.

First SU Homecoming Begins This Afternoon

By ANDRY PORTE

Syracuse's first Homecoming Weekend gets underway today with a football game, a pep rally, and a concert. Tomorrow brings house decorating, another football game, and a dance.

Weekend Activities

FRIDAY

1:30 p.m.—Freshman Football — Syracuse vs. Colgate Lew Carr Field

7:00 p.m.—Pep Rally — DellPlain Hall

8:30 p.m. — "Homecoming Howl" with the Lettermen and the Herb "Ebb Tide" Nelson Trio — Men's Gym

SATURDAY

8-11 a.m.—House Decorating Contest — living centers

1:30 p.m.—Varsity Football — Syracuse vs. Navy — Archbold Stadium

9:30 p.m. — "Beyond the Sea" — semi-formal dance with the Gutermuth Jazz Octet — Women's Building

The weekend is being sponsored by the sophomre class, under the direction of weekend chairman Penny Shapiro. The office of Information Services has estimated that 25,000 alumni will pack Archbold Stadium for the Navy game.

A touch of Colgate Weekend, which Homecoming now replaces on the social schedule, remains as the Syracuse freshman football team tangles with the Colgate frosh this afternoon at Manley Field. Colgate ended a 62-year tradition last year by terminating its football rivarly with the Orange.

The pep rally is scheduled to start with a car parade leaving Sims Hall at 6:30 p.m. The parade will terminate at DellPlain Hall, where the rally proceedings are to take place.

The cheerleaders, marching band twirlers will appear, and Chapel Dean Charles C. Noble will play university fight songs on his accordion.

Varsty football coach Ben Schwartzwalder will introduce his starting team, and skits will be presented by members of the Goon Squad and the freshman class. The singing of the Alma Mater will conclude the rally.

Immediately following the rally will be the social highlight of the weekend — a program in the Men's Gym featuring the Lettermen and the Herb "Ebb Tide" Nelson Tro. The Lettermen, a three-man vocal group, are scheduled to begin their per-

(See Homecoming, Page 12)

Trustees Meet

The Syracuse University Board of Trustees will hold its annual fall meeting at 10 p.m. today in the East Room of the Hotel Syracuse.

The trustees will hear reports by Chancellor William P. Tolley and Vice President and Treasurer Francis Wingate and a series of committee reports.

Seated at the Board for the first time are new alumni trustees elected at the last meeting in June. The new trustees are Robert W. Cutler, Class of '26, a New York architect, and Norris U. Johnson, Class of '27, a New York banker.

Both men were elected to six year terms.

The chancellor's report is expected to cover activities of the university since the June meeting, statistics of the fall enrollment, new faculty members and new academic programs.

Wingate's report will cover such items as university income, various costs and the general assets and liabilities of the university.

During the afternoon session there will be a number of reports from standing committees of the Board and reports on the progress of the Syracuse Plan, the university's $76,000,000 eight-year capital fund drive.

Five Queenly Coeds

HOMECOMING QUEEN finalists: left to right, SHERRY ALLISON, EDITH VAN SICKLE, JANET ROSS, PATRICIA HEALY and NANCY WYCKOFF. (PHOTO by IVAN FELDMAN)

5 Coeds Vie InHomecoming Queen Contest

Finalists in the Homecoming Weekend Queen Contest were announced Thursday by contest chairman Susan McGrievey. The winner will be crowned during halftime ceremonies at the Navy football game.

Competing for the title will be Nancy Wyckoff, Edith Van Sickle, Janet Ross, Patricia Healy and Sherry Allison.

Miss Wyckoff, a senior in the College of Home Economics, is from Quakertown, Pa. She is a member of Alpha Phi sorority.

Miss Van Sickle, from Hialeah, Fla., is a sophomore in the College of Liberal Arts. She is a member of Zeta Tau Alpha.

A resident of Boston, Mass., Miss Ross is a senior in the College of Liberal Arts. She is a member of Delta Gamma.

Miss Healy, a Syracuse resident, is a senior in the School of Education. She is a member of Alpha Chi Omega.

A member of Alpha Phi, Miss Allison is from Garden City. She is a senior in the School of Education.

November 9, 1962

Homecoming '62

This bit of nostalgia is directed mainly at the alumni who will be making the traditional trip back to Piety Hill this weekend, but we are not against having our beloved undergraduates reading along for the sake of enlightenment, esprit de corps, gung ho spirit or encouragement—call it what you will.

First, we would like to welcome you back to this ever-changing campus. Those of you who have been away for more than ten years will be in for quite a pleasant surprise, we believe, when you view the numerous new buildings and the plans for many more.

Secondly, we proudly present the Syracuse Plan for future university development and the many indications it gives for the future greatness of Syracuse.

Third, we are operating with an improved and improving faculty and student body in an effort to build an academic atmosphere for the student at Syracuse.

Further, we are becoming more and more in the national spotlight. Case in point: the television cameras of NBC which will be on campus filming activities throughout the weekend.

Of course, we have problems of apathy, lack of living centers, crowded classrooms, pre-fabs from another decade and a football team that is having trouble winning games.

This is what we have to offer to you returnees and we feel confident that you will find the good far offsets the bad.

Sunset at Campobello

Eleanor Roosevelt, described as one of the best-known women in the world, was truly America's first lady. Long after the death of her husband she continued in the public spotlight as a speaker, writer, world traveler, diplomat and champion of minority causes.

On the death of Franklin Roosevelt, his widow expressed the desire to retire to "freedom from public notice." She never obtained that wish because she was the kind of woman whose principles and beliefs had to be expressed in the public arena for the betterment of mankind.

She will be buried beside her husband in Hyde Park but though her voice and face are now left to history, she will join her husband in immortality for a life of service well lived.

It was of immortality that Mrs. Roosevelt said: "I do believe in immorality, but I haven't been able to decide what form it might take. It seems unnecessary to try to decide the exact form. We won't be able to change it and we must accept it."

AMIDST THE CLAMOR

Life and Liberty

By Win Whittaker

The United States of America was once the greatest exporter of ideas throughout the entire world. Years ago we created and sold abroad the pearls of individual dignity, freedom, self-responsibility. As a nation, we created and sold the concept of government of the people, by the people, for the people.

But, during our generation, it is extremely difficult to find a basic idea or concept that America has exported. Instead we seem to have adopted the philosophy of our declared, mortal enemy. We need a strong government to protect a "weak people." Our democratic principles have been usurped by the notion that an honest man (or for that matter, an honest nation) is either foolish or is lying. With an apathetic shrug of the shoulder we come out with, "What's in it for me?" or "Let Jack do it."

Another common cliche is "You can't win, so what's the use in trying?" Supposedly this justified our laziness, our cynicism, our conformity. We are always tearing down. Never building up. Always knocking anything we can. Belittling our national heritage. Downgrading our principles. A sneer rather than a grin. A cynical chuckle, not a good laugh.

Suppose this attitude prevailed among our "national heroes" of yesterday. Not the exalted jerks who wiggle and twist their way to fame, but the real heroes—the ones who built the bastion of free men. It is nauseating to have these men the brunt of the so-called sick humorists. We need heroes to look up to, not to be morbidly laughed at. They present an example for the future, and are a thoughtful monument of the past.

You can dream up skits in which President Lincoln's P.R. man tells him to write his speches "on the back of envelopes" or "Abe, why don't you take it easy tonight and take in a show." One could carry this canned humor further. But, if these men were like this plus had our modern conformist trend you and I would not be enoying the fredoms we have today.

Suppose George Washington had said, "Are you serious, I'm just getting things straightened out in Mount Vernon. And besides don't you think I've already done enough, after all I did fight the French."

Or maybe today's Paul Revere would state, "Ride through Middlesex in the middle of the night! Are you crazy or something? Am I the only guy in Boston with a horse?"

The twentieth century Patrick Henry might let his voice ring out with, "I'm for liberty always. But, men, the British are awful tough. If we start pushing them around someone's gonna get hurt—and I'm not for liberty that much."

Perhaps it is a significant trend of the times that what these men and others did say have been crossed out of the text books. Proof? According to This Week Magazine's survey of history books Patrick Henry's "Give me liberty or give me death" appeared in only two of 45 recent texts. Thirty years ago those famous lines were in all but two of the history texts in popular use.

"I have not yet begun to fight" is not in any of the new texts, while "I regret that I have but one life to give for my country" made one history book.

Love of country is not an ignoble thing. Patriotism and religion are not antagonistic to our ideals.

Life and liberty are a loan, not a gift; they are a privilege, not a right; they are a responsibility and a dowry, not always appreciated by the beneficiary but always handed on from generation to generation with pride and hope for their continuance.

* * *

Question of the week: How do you photograph student apathy?

LETTERS

Football

To the Editor:

In times of great international crises such as these, it seems to us that the Daily Orange writers could find more important things to discuss than the terrible threat of the football players. Granted a college is primarily academic; for that reason there are approximately 12,000 students enrolled here. Whereas the football players total somewhere about a hundred, about 1/120th of the campus.

The person that claimed "just as a country can't have two kings, both football and education cannot rule" is taking a dim view of the American college student. This is like saying the American business world is being subverted by major league baseball. Football, bigtime or otherwise, may be a business to those concerned with it, but for 99% of the campus it is a sport, a sport that is enjoyed by the "eggheads" as well as the rest of the campus.

To call football a "perversion" is being slightly absurd. It is a man's sport and never claimed otherwise. Obviously the players can take it and like it or they wouldn't be playing. Or would Mr. Hughes rather see the campus throng to a tiddlywinks match or a spelling bee? On the other hand, we could revert to Roman days and throw the administration to the lions.

Now for the monetary angle. Our intellectual idealists may not like to face it, but it is the football team which put Syracuse University on the map. Like it or not, there is no easier way for gaining national recognition than by having a nationally top-rated athletic team. And as football is the biggest national collegiate sport, than it is football in which we must excel.

Let's be realistic for a minute. Syracuse is always complaining that it is a poorly endowed school. The only way we can get money to construct new buildings and get the equipment, teachers etc. that we need is by giving the alums what they want, and the Bernon. And besides don't Not to mention the profits we make on the games themselves. Has anybody a better alternative?

After we have all the money we need, which won't be for quite awhile, then we can examine our providers. This is a situation in which the end justifies the means, where the end is the establishment of a top academic school and the means is only the perpetuation of a sport enjoyable to many.

As for the scholarships. These players are responsible for bringing in probably ten times as much money as they are given. Second of all, let's not kid ourselves. As has been stated time and again, for those who play it football is not just a game. It is hard work, dedication, constant practice, injuries etc., in addition to the regular amount of studying.

Although there may be a few bad examples, there are some ball players who do study. And these boys do deserve extra privileges. And as for the previously mentioned bad examples, if they don't want to take advantage of the opportunities offered to them, that's their business. They'll suffer for it when they graduate without any qualifications for anything. Meanwhile they are enjoying their sport and serving their purpose in helping the school.

In some future time, we may reach the point where our reputation can rely solely on academics. However, we have not reached that time yet. And until we do, let's stop negatively tearing down football and start positively building up the academic foundations of Syracuse.

THEATER

'Endgame'

The problem of presenting Samuel Beckett's "Endgame," which opened at the Regent Theatre last night, is staging "the trend of the obsurd play." Each line of Beckett's dialogue may be loaded with mraning, if you are so inclined. It is up to the actors and directors to give this collection of non sequitors, absurdities and contradictions an internal meaning of its own.

Director David Hamilton has chosen his own personal interpretation. If not a unique original one, it does afford the audience a good deal of humor, satisfaction and stimulation.

The theme is grayness, or at least that is what we take it to mean. It is first stated by Anne Gibson's excellent set, and is restated by Director Hamilton's emphasis of the delema of his characters.

"Why this farce, day after day?" asks Clov, the boy who can't sit down. "Routine," answers Ham, the blind man in the wheelchair who can't standup.

Again Beckett and Hamilton present the "conflict" when Clov, well played by Rick Miller, says "If I don't kill the rat he'll die."

At the end Ham, superbly portrayed Dick Folme, cries, "put me in a coffin. There are none," answers Clov.

Again and again Beckett closes and Hamilton qualifies, if that can be the word, that gray vague existance, and equally gray vague meaning of life.

Serving as the sounding board and counter point are Randy Grotziner and Ellen Dornbush as the legless couple living in ash cans. They do well considering the rea litive smallness of their parts.

Opening the bill, which can be seen tonight and Saturday night at the Regent Theatre, are two of Richard Harris' fragile, charming and awful human "cameos," The trash can stars Bruce McCurdy, an actor new to the eyes and one we hope to see more of, and the always fine Leslie Meek.

"I am Beautiful" is a brief, and if unoriginal perception of youth, one that has its own flame. It features Edythe Comins, Leslie Meek and Bruce McCurdy, all of whom do quite well.

JEG

Symphony Tonight

Stuart Raleigh, graduate music student, will be the featured pianist in the Syracuse Symphony Orchestra's performance of the music from Igor Stravinsky's ballet, "Petrouchka," tonight and Saturday.

Karl Kritz will conduct this season's first concert at 8:40 p.m. in Lincoln Auditorium.

Richard Wagner's overture to the Flying Dutchman will open the evening's program. This is the prelude to the operatic story of a young girl, "Senta," who redeems the Dutchman by her love.

The piano plays a key role in the ballet suite from Igor Stravinsky's Petrouchka. The ballet suite combines the exotic East with the atmosphere of a Russian fair.

"Eroica," Beethoven's third symphony, will conclude the concert.

Civic Musicals Recital Slated

Soprano Helen Coyne Keough, SU grad, will sing selections from Cilea, Podowsky, Head and the Ballynure Ballad 10:45 a.m. Wednesday in the Persian Terrace, Hotel Syracuse as part of the Civic Morning Musicals Guest Day program.

Also performing will be Hill student Stuart Raleigh, pianist Gelene Terpening Lewis, baritone Robert W. Chapman, William A. Shank on trumpet, Louis Fishman, violin and Jane Ricklis, cellist.

Works by Chopin, Shubert, Rosa, Brahms, Gershwin and Cacini will be played at the recital.

The Syracuse Symphony Orchestra is offering university students subscription rates of $3.00 for a season ticket for six concerts.

Tickets are available at the Syracuse Symphony Office, 218 Harrison Street. Reservations may also be made by phoning GR 2-5293.

WEEKEND

FIRST RUN THEATERS

RIVIERA-CINEMA — Not Again! Oh, yes again! It's another "Carry On" film at the Riviera. "Carry On Teacher" is England's answer to "West Side Story." Teachers and pets (snicker, snicker) run around the campus. Maybe it can give you college cutups some hints. For English comedy fans, only. Also is the exceptional feature about photography "The Naked Eye." "Carry On Teach" at 7 and 9:40 p.m. "Eyeballs" at 8:25 p.m.

KEITH'S — We wonder where the leather jacket boys are going this week. The film at Keith's has been held over and is just too good for the motorcycle crowd. Bette Davis and Joan Crawford find out "What Ever Happened to Baby Jane?" and win a few Oscars, not to mention cracked doll heads, on the way. Required for drama major and other fans of emoting. "What Ever Happened to the Leather Jacket Boys" at 6:48 and 10:46 p.m. "Frightened City" (that's where the leather jacket boys are!_ at 9:19 p.m.

PARAMOUNT — How much Jackie Gleason can you stand? Can you stand him sweaty and unshaven on the Para mount screen, as a film writer and original score composer? If you can, then catch "Gigot" pronounced "Giggott," pronounced "leg of lamb," meaning jug of booze, implying "chugachug," adding up to the Great One—Jackie Gleason. For lovable slob fans and lovable slobs only. "Gigot" pronounced at 7:45 and 9:45 p.m.

LOEWS—Like this army guy gets caught by the Chinese reds and gets brainwashed so he can hoodwink the nation. But this other Army guy's on his tail, which he'll try to salt before the first guy see's the Queen of Diamonds which will "finesse" the ugly alien scheme. It may not make much sense but it makes a lot of "edge-of-the-seat" fun and suspense. It's a real weirdo of a flick, weirdo fans, this "Manchurian Candidate." They won't let you in unless you see it from the beginning (those tortuous devils!). "The M.C." at 5:27 and 9:26 p.m.

ECKEL—"The Brothers Grimm" have left Syracuse for parts unknown. But to fill the gap the Eckel has obtained the services of that old Syracuse favorite Walt "the animal tamer" Disney and his tale of a dog. "The Legend of Lobo." Well actually Lobo is a wolf that looks like a dog and he has a lot of adventure. Oh boy! The co-hit is "Tess of the Storm Country" starring Niles Lischnitz as a collapsable umbrella. "For the Dogs," at 7:38 and 10:25 p.m.

OTHER FILMS OF INTEREST

SHOPPINGTOWN — Only five more days to see Patty Duke fold her napkin and Ann Bancroft be a "Miracle Worker." Tunnel out to Shoppingtown at 7:30 and 9:35 p.m.

FRANKLIN—"Hello . . . yuh . . . that's right, it's me. Look, Charlie I got this nut in my office and he wants us to run a classified ad for him. I'll be honest with you, I don't want to run it. He's off his rocker. . . . What? No, I don't know what ever happened to baby Jane. Well to get back to this nut. His name is Humbert something or other. He wants to take out an ad that says: 'Lolita come home, I've renewed your subscription to Playboy.' Now what do you think of that one? I told him it would probably make a good movie if he cleaned it up. But I don't have time for that. I have a date tonight. Yeh with Shirlie . . . Shirlie . . . you know, my geisha." "Lolita" at 9 p.m. "My Geisha" at 7 p.m.

ALSO PLAYING

HOLLYWOOD, DEWITT DRIVE-IN, KALLET-GENESEE — Remember how great the good old days were when Lon Chaney thrilled you with adventure and suspense? We don't either, but trust us on it. Now you have a chance to see an all-time classic. However, if you would rather see a silly horror movie see "Phantom of the Opera" at one or all of the above theaters. Check listings in local papers. Or call the Paris Opera and ask for Eric.

WESCOT — "Sweet Bird of Youth" at 9 p.m. "Invasion Quartet" at 7:30 p.m.

ON STAGE

CROUSE CONCERT—Ruth Pinnell will sing works by Lully, Piccini, Gluck and others, accompanied by Veronica Rohan Sage, pianist, 4 p.m. Sunday, Crouse College Auditorium. Free admission and parking.

THE LIVELY ARTS—It's coffee time, and the cream in the coffee is "This Property is Condemned." This is Tennessee William's one-act about two children in the south, stars Bonnie Cousins and Stuart Dillon. Performance is tonight at 9 p.m.

REGENT THEATRE—The Ensemble Group's collection of avant-garde plays, two by Richard Harris and "Endgame," by Samuel Beckett, will be presented at 8:40 tonight and Saturday night.

Piety to Battle Navy Before 40,000

By BILL CRONAUER

An expected capacity crowd of 40,000 will view tomorrow's Homecoming football game between the Syracuse Orangemen and the Midshipmen of Navy. Kickoff is at 1:30 p.m.

Both squads appear physically fit for the all-important contest. Hill Fullback Bill Schoonover damaged his leg early in the Pitt encounter and may not see action. Navy Captain Steve Hoy, who has had knee injuries all season, is also a questionable performer.

Leon Cholakis may also be sidelined.

The Midshipmen from Annapolis sail into Archbold with a record of four wins and three losses. Navy fell victim to a potent Notre Dame passing attack last weekend and bowed to the Fighting Irish, 20-12.

The Academy previously defeated William & Mary, Cornell, Poston College and Pittsburgh while losing to Penn State and Minnesota.

Navy boasts two All-America candidates in quarterback Roger Staubach and tackle Ron Testa. Staubach, a sophomore from Cincinnati, Ohio, is his team's top passer and third leading rusher.

The 20-year old Staubach has completed 36 passes for 513 yards and four touchdowns. As a ball carrier, he owns 127 yards on 42 attempts. Staubach has scored four TDs himself.

Testa, a senior from Watertown, Mass., anchors the Navy interior. Coach Wayne Hardin calls Testa "one of the best tacklers he has seen all season." The 224-pound defensive ace, is the largest player on the Navy squad

The Midshipmen follow the Army platoon system and employ three units. The "two-way team" starts each game with offensive and defensive teams available for special duty.

Opening in the Navy backfield with Staubach are halfbacks Bob Orlosky and Dick Earnest and fullback Pat Donnelly.

Orlosky has gained 85-yards rushing this year while Earnest, a flanking back, has grabbed three aerials for 35-yards. Donnelly, leading Academy ball carrier, has a net gain of 259-yards in seven contests. He also has snared a dozen passes for a pair of touchdowns.

Juniors Jim Campbell and Dave Sjuggerud operate at the end positions for Navy. Campbell, a tough defensive performer, has scored one TD for the Midshipmen. Sjuggerud has picked up 100-yards from the right terminal.

Starting tackles on the two-way unit are Jim Freeman and Larry Graham. Freeman, a sophomore, is noted for his blocking and tackling ability. Graham, a two-year vet, played end during the 1960 season.

Lettermen Erwin Storz and All Krekich will open at the guards for Navy with Tom Lynch centering the line. Storz, called by Hardin "one of the finest defensive ball players we have ever had," spent last season with the defensive platoon.

Krekich ended spring drills as a reserve guard, but forced his way to the first-string position against Cornell. Lynch is another Midshipman who has made the switch from defense to two-way player.

Syracuse head coach Ben Schwartzwalder respects the Navy ground and air attacks. "This is a team that can move the ball on you, either upstairs or down," Schwartzwalder comments.

The veteran Orange coach plans to go with his usual starting lineup against the Academy. Wally Mahle will direct a backfield of Don King, Mike Koski and Jim Nance.

The line from left to right: Walt Sweeney, Dave Meggysey, Gene Stancin, Jim Mazurek, Leon Cholakis, John Pagilo and John Mackey.

Brian Howard, a 215-pound senior end from Amityville, N. Y., will co-captain Syracuse against the Middies. Howard operates as the no. 2 man behind Sweeney at the left flank.

Brown Absent From Lineup In Today's Brush With Colgate

By TOM MULLER

Coach Jim Shreve's unbeaten Tangerines will take on Colgate's yearlings at Manley Field at 1:30 p.m. today. Students attending the game will be admitted upon presentation of their I.D. cards, since there are only 2000 seats available.

Shreve's boys have beaten Army and powerful Penn State, but they were held to a tie in a tough defensive battle with Navy last week. Colgate lost quite decisively to that same Navy team.

The Colgate squad is rated low on defense, but they have a fine group of fleet backs who may cause considerable trouble for the Orange yearlings.

The Syracuse squad has been subjected to an extensive personnel shuffle in preparation for today's game. Hardest hit by the shakeup is the line, where Bob Mitchell and Pat Killorin will be the only repeating starters. They play left guard and center respectively.

Joining Mitchell and Killorin on the line will be Fair at left end, Korthoff at right guard, Paglio at inside tackle, Zimmerman at outside tackle, and McCard at right end. Coach Shreve has made these changes so everyone will get to play.

The big surprise in the starting Orange backfield will be the absence of Charlie Brown. Shreve has put Rog Smith and George Kontrabecki in the left and right halfback positions respectively, and has moved Ron Oyer from halfback to fullback. Hal Rooney will do the signal calling.

Brown has been the leading ground gainer so far this year with 219 yards, while Kontrabecki has blasted his way for 128 yards. Oyer and Smith have run for 90 and 68 yards respectively.

Rooney, who has played the bulk of the three previous games, has completed seven of his twelve attempts through the airways. These have been good for 60 yards and two touchdowns.

Oyer and Smith have served as the primary targets for Rooney with three snares apiece. Two of Oyer's grabs have been for touchdowns.

The scoring is split evenly between Oyer and Brown, who have twelve points each. They are followed closely by Smith with eights points and Kontrabecki with six. Rooney rounds out the Orange scoring with two points.

Rooney is ably backed up in the quarterback slot by Ted Holman, who has been accurate on three of his seven tosses.

The Little Orange need only to win today and next week against Buffalo to finish unbeaten, thereby topping last year's frosh mark of 3-1.

Ron Klemick, Roger Staubach Two Top Navy Quarterbacks

By HOWIE SCHNEIDER

When the Midshipmen of Annapolis invade Archbold Stadium tomorrow they will bring with them two fine quarterbacks, junior Ron Klemick and sophomore sensation Roger Staubach.

Staubach, last year's plebe quarterback, has taken over as the number one field general of the Navy. Coach Wayne Hardin considers Staubach a top prospect who learns quickly, "He is learning and improving every day," commented the coach.

The 6-2, 190 pound native of Cincinnati captained Purcell high school to football and basketball championships. He won All-Cincinnati honors two years in basketball and once each in football and baseball. At New Mexico Military Institute, Roger was selected to the Junior College All-American football squad. He averaged 9.3 points in 16 games with the Navy plebe basketball team and played outfield for the baseball team.

So far this year Staubach attempted 53 passes and completed 36 for 513 yards and four touchdowns. On the ground he has carried 42 times for 127 yards.

Klemick, moved to the number two quarterback slot, is 6-2, 196 pounds. The Philadelphia native according to coach Hardin has improved in every phase of the game. Last season as a rookie Ron led the ball club to a surprising 7-3 season.

Ron's 1961 statistics show 84 completions in 183 attempts for 1,035 yards and six touchdowns.

Klemick was outstanding in football, baseball and basketball at St. Joseph's Prep where he made All-Scholastic in football and All-Catholic in baseball.

With either Staubach or Klemick at the helm Navy will have depth and a strong ground and aerial attack to test Syracuse's fourth ranked defense.

Grid Stats

Syracuse is leading its opponents in every important statistical department incluing fumbles, after the first six games of the season. The following is the round-up figure-wise:

	Syracuse	Foes
First downs	87	70
Rushing yardage	1016	911
Passing yardage	392	389
Total offense	1408	1290
Passes tried; completed	88-36	82-33
Passes intercepted	6	5
Fumbles	19	5
Fumbles lost	14	3
Yards penalized	222	290

Exhibition Gg Up at Lowe

An exhibition of Emily Lowe's paintings and the sculpture of James Wine will open with a reception from 4 to 6 p.m. Sunday at the Lowe Art Center. The exhibition, a highlight of this year's home-coming weekend, will continue through December 2.

Samples of Mrs. Lowe's work include some of her older oil paintings, as well as more recent paintings which appeared last year in the Andre Wei Gallery in Paris. Her work has received critical acclaim in New York and Rome.

Mrs. Lowe studied at Columbia College, New York University, the Academic Julian in Paris, the Art Student's League, Hofstra College and Miami University where she received a degree of Master of Fine Arts.

Mrs. Lowe is currently contributing works to the permanent collections of the Metropolitan Museum in New Y Museum of Modern Art is, Syracuse Universi stra College and the U of Miami, as well as m vate collections. In addi has given numerous "o exhibits since 1947.

As president of the Emily Lowe Foundatio Lowe works with her

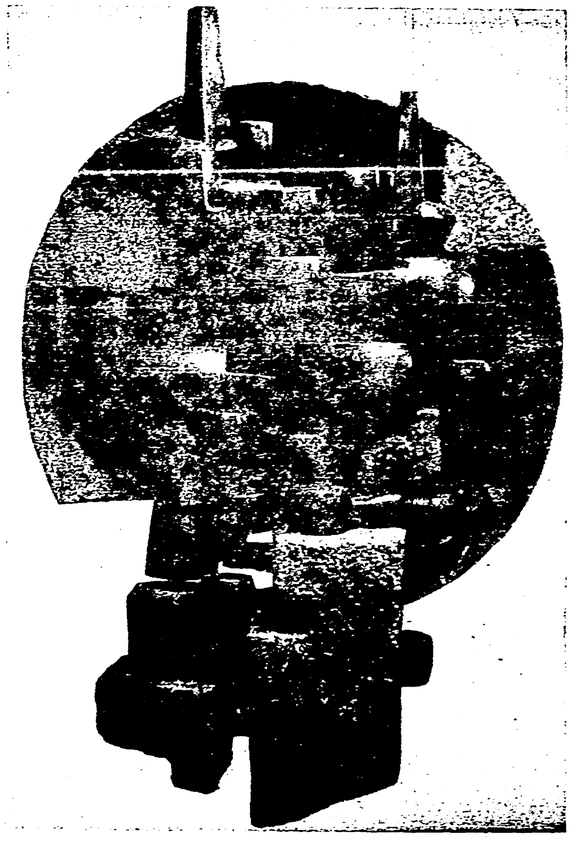
arious educational and ar- projects including the an- Emily Lowe Competition h provide cash prizes and ts-in-aid for young artists. ork with metropolitan set- ent houses reflects Mrs. e's interest in underpriv- children with artistic po- al. Syracuse students will, urse, know of her through the Joe and Emily Art Center.



Pronounced "one of my most talented students" by sculptor Ivan Mestrovic, James Wine was graduated from the Syracuse School of Art in 1955.

Since then he has had 25 exhibitions, including shows at the Whitney Annual exhibits of 1958 and 1960, the Los Angeles Art Annual of 1959, and the Museum of Modern Art's "Recent Sculpture" show of 1959.

Mr. Wine's pieces are also included in the permanent collection of New York's Whitney Museum, the Art Institute of Chicago, the Los Angeles County Museum and Syracuse University.

In the catalogue of his exhibit in the Otto Gerson Gallery, he wrote, "I am interested in sculpture as environment—in which the audience can become involved."

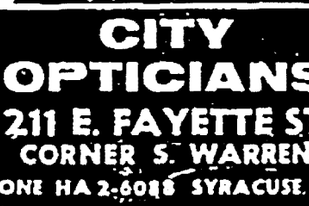
SU Moot Court 2nd at Cornell

The Syracuse University College of Law team finished second in the regional Moot Court competition held last weekend at the Cornell Law School. A Syracuse debater, June Lockwood, received the American College of Trial Lawyers prize for the best oral argument.

Moot Court competition is carried on at the appellate level. The facts of the cases have already been decided and only issues of law are questioned.



The Syracuse team defeated Cornell in the opening round but lost to Albany Law School in the finals.

Arguing for Syracuse in the first round were Miss Lockwood and Kent Riegel, as Syracuse argues as petitioner. In the afternoon session, Reigel and Phyllis Orlikoff argued as respondents.

Miss Lockwood's award, an engraved silver bowl, is the third award won by a Syracuse team member in the past eight years.

21 Great Tobaccos make 20 Wonderful Smokes!
CHESTERFIELD KING tastes great, smokes mild. You get 21 vintage tobaccos grown mild, aged mild and blended mild, and made to taste even milder through its longer length.

CHESTERFIELD KING
Tobaccos too mild to filter, pleasure too good to miss!

Longer length means milder taste
The smoke of a Chesterfield King mellows and softens as it flows through longer length... becomes smooth and gentle to your taste.

Band Stars at Game

Where the vale of Onondaga
Meets the Eastern sky,
Proudly stands our Alma Mater
On her hilltop high.

Flag we love - Orange - float for aye
Old Syracúse o'er thee;
May thy sons be leal and loyal
To thy memory.

●

The Syracuse "All-Collegiate" marching band will present pregame and half-time shows at the Navy - Syracuse football game Saturday.

The pre-game show will include a precision drill performed by the Air Force Drill Team, followed by a salute to the visiting midshipmen by the Syracuse band, conducted by Larry Arnold, former assistant director of the band.

The half-time program is billed as a hobby show and takes the audience through several formations that hobby enthusiasts would enjoy—two antique automobiles, cameras for the photography fans, two faces of Esky from Esquire magazine and a star formation. The half-time show will conclude with the presentation of this year's "Homecoming Queen" and the singing of the Alma Mater.

Donald Schmaus, band director, will conduct the student body and the band in the Alma Mater. He asks that those planning to attend the game cut out the words, printed above, to take to the game.

Weekend-'Not the Real Thing'

Although 25,000 Syracuse Alumni are expected to invade the Hill this weekend for the Navy game, the weekend in reality is not "homecoming" weekend, according to university Vice President John F. Olson.

Alumni weekend has always been held at commencement, Olson commented, and "I don't see how it can possibly change."

The city of Syracuse couldn't possible hold the students, football fans and alumni if the weekend were held in the fall, Olson explained. Thus it is held at the end of the school year when university dormitories are available for housing.

In addition, if the weekend were held in the course of the school year it would conflict with alumni working schedules, he said.

While it is not officially alumni weekend, there are numerous alumni parties being held by fraternities and independent organizations on campus, Olson noted.

George Receives $1000 Award

Dr. Earl George, music critic for the Herald-Journal, has been named a recipient of a $1,000 award from the American Society of Composers, Authors and Publishers.

Chapel Roundup

The executive director of the Syracuse Jewish Welfare Federation and the U.S. Naval Academy chaplain will be guests at regular worship services this weekend.

Tau Kappa Epsilon fraternity will sponsor Hillel services at 7 p.m. today. Richard Kram will be cantor.

After the services, Norman Edell of the Welfare Federation will speak on "The Supreme Court Decision and the Regents Prayer."

Chaplain James W. Kelly of the Naval Academy at Annapolis will speak at Sunday morning services in Hendricks Chapel.

Prof. Gabriel Vahanian of the Religion Dept. will discuss "Franz Kafka and the Atheist's Problem of God" at the Hillel Foundation meeting Sunday. The dinner will start at 6:15 p.m., with the program at 6:45. The charge for the summer is 50 cents for members and 75 cents for non-members.

"Personal Christian Experience" will be Abner Lall's topic at the Methodist Student Fellowship meeting at 6:30 p.m. Sunday. A supper will be served at 5:30 p.m. in the Coffee Corner of the Chapel.

Absence List For Senators

The following living centers did not send representatives to attend Wednesday night's Joint Student Legislature meeting:

Senators at large absent: Michael Curry, Robert Davis, Alice Miller and Robert Cohen.

Living centers: Alpha Tau Omega, Beta Theta Pi, Delta Kappa Epsilon, Phi Gamma Delta, Phi Kappa Psi, Sigma Alpha Mu, Sigma Nu, Theta Chi.

Alpha Delta Pi, Alpha Epsilon Phi, Delta Gamma, Gamma Phi Beta, Pi Beta Phi.

503 Comstock Ave., 507 Comstock, 511 Comstock, Men's Colls One and Two, Corneille, Dell Plain 7, Fenton, Flint 2C, Grover Cleveland 1, 2, 3 and 4.

Haft, Heffron, Hughes, Prefabs 1, 2 and 3, Mace, Marshall Roosevelt, Roosevelt Apartments Apartments, Parker, Peck, F. D. International Students Organization, Sadler 1, 2 and 4, Shultze.

Shaw 1 and 2 West, Sherbrooke, Sibley, Stadium 1, 2 and 3, University, Vernon, Watson West 0, and Wright.

New JSL Members

Joint Student Legislature Speaker Ronald Mittleman has announced the following members to supplement existing committees:

Registration: Karen Long, Leon Gulagran, Tim Willard, Susan Widell and Joe De Le Carlo.

Football Reserve Seating: Stephen Marshall, Ruth Kaufman, Judie Rosenblaum, and David Itardevicchi.

Advisory: Susan Sommers, Pat Wood, Mary Rinzler, Leslie Contenmar, Trish Spear, Robert Morris and Stephen Schwimmer.

Ways and Means: Laura Schoff, Sherry Allison, Pat Stone, David Finnigan, Larry Tolchin, Rob Silverman and Marywell Jordan.

Government Structures: James Gary, Richard Simon and Ray Elder.

Local and National Affairs: Cynthia Marks, James Weaver, Susan Fedman, Paula Shalta, Corale Rowland, Betsy Moore, Arlene Pitt, Phil Kaplan and Barbara Alpern.

Student Conduct and Welfare: Andrew Porte, Shely Chess, Serge Jelensky, Fran Berker, Juanitee Schnull and Arnold Sward.

Organizations: Joyce Rogers, Charal Randall, Fred Klein, Bernard Hyman, Michael Steinberg, Stanley Resnicoff, Laura Bucknell and Adele Cluele.

Marking: Sherry Saxton, Peggy Fogarty, Gail Anthony, Jean Waymuller, Susan Acker, David Euces, Anna Lee Gruber and John Spitzee.

Syracuse On Camera

NBC-TV ON LOCATION—Filming is proceeding this week for a "Chet Huntley Report" Show to be aired early in 1963. Classroom scenes were shot Thursday in MAXWELL AUDITORIUM by NBC cameraman Nat Cohen. More scenes will be filmed of Homecoming Weekend activity today and Saturday.

Memories of Colgate

The fall social weekend begins today and the highlight of the weekend finds Syracuse playing Navy — not Colgate. After 62 years of football rivalry, Colgate last year terminated the series.

Colgate Weekend is gone, but not forgotten. The 25,000 alumni who will pack Archbold Stadium tomorrow will remember their college days on Piety Hill, and recall the fun and hi-jinks that became synonomous with Colgate Weekend.

They will remember the year they journeyed to Hamilton, only to return with flaming Orange S's in their shorn scalps. They will remember their experiences in shaving the heads of unfortunate Colgate students.

They will remember the year that trench - coated Syracuse students met the Colgate marching band at the railroad station and kidnapped each and every musician.

They will remember Colgate's raid on the Hill, when the attackers escaped with over 32 fraternity trophies. They will remember the traditional Colgate bonfire.

They will remember the time Syracuse students rented a plane and dropped orange dye into Colgate's Taylor Lake, while other students were bombarding Colgate with leaflets proclaiming the superiority of the Orange.

They'll remember the Golden Horseshoe, which was tossed from the stands in 1915 and barely missed the head of a cheerleader, who promptly tossed it over the goalpost for good luck.

They'll remember that the Orange were heavy underdogs that afternoon, but they completely crushed the Raiders, 38-0. The Horseshoe had since been tossed over the goalpost at each renewal of the series.

Perhaps they'll remember the football most of all, for when Syracuse and Colgate tangled on the gridiron, the outcome was always in doubt. Only in recent years, did the Orange build to the power that caused Colgate to ask an end to the series. The last two SU-Colgate games were won by the Orange 71-0 and 51-8.

Economic 'Coca Cola - nization'

By SANDY MYERS

"Coca Cola-nization" is one of the most important steps in the economic development of any country, according to Earl Parker Hanson, consultant to the State Department of Puerto Rico.

Coca Cola-nization, he explained, is raising the standard of living so people can afford "luxuries"—Coke, bubble gum and electric dishwashers.

Hanson, speaking on "Puerto Rico: Challenge to Cuba" here Wednesday night, said that the important difference between Cuba and Puerto Rico lies in their leaders.

While Cuba is ruled by what Hanson call an "hysterical, dogmatic" man, Puerto Rico's governor, Munoz Marin, is "a humanist who wants the best for his people."

Since the early 19th century, when Spain was left with only two colonies—Cuba and Puerto Rico—there has been a rivalry between the two. Hanson noted that Cuba was the more desirable because it had better agricultural lands, mineral resources and climate.

Because of this, he said, the U.S. sided with Cuban revolutionaries. This was a move by the South to annex Cuba and extend slavery.

In 1898, after the Spanish-American War, Puerto Rico became an American colony while Cuba was given its independence.

Hanson said that Puerto Rico "reached the end of its rope" as a colony during the 1930's. In 1938 Marin formed a new political party and in 1940 he was elected president of the senate.

In 1952 Puerto Rico became a self-determining commonwealth country within the U.S. Its citizens have all the rights of American citizenship except the right to vote for president, vice president and voting members of Congress, he explained.

Next year, Hanson said, Puerto Ricans will be able to vote in a plebiscite on whether they want to retain their present status, become an independent republic or become a state.

Hanson predicted that the vote will be overwhelmingly in favor of the commonwealth status.

He said that they could not afford either of the other alternatives, since they would have to pay federal taxes as well as Puerto Rican taxes if they became a state and would have to pay import-export duties if they became independent.

Also, he doesn't think the people would be willing to give up their American citizenship if they decided to become independent.

"Anyone who could afford a ticket would hop on a plane to New York—and you'd have a billion and a half Puerto Ricans coming as fast as they could," Hanson said.

Dodge to Talk

Bishop Ralph Dodge, Episcopal leader of the Methodist Church in Rhodesia, Angola, and Southeast Africa, will speak to the Methodist Graduate Fellowship 8 p.m., Nov. 9, at Rev. Bigelerrat's home on 113 Berkeley Drive.

Bishop Dodge was recently involved in the tensions between the Methodist Church and the Portuguese government when three Methodist Missionaries were imprisoned in Lisbon following their participation in a broad ministry to oppressed Angolans.

Among the topics Bishop Dodge will discuss are the political aspirations of the Angolan people in their struggle to escape the colonial domination of the Portuguese.

2 Journalism Talks Today

Caribbean affairs expert Edward Parker Hanson will speak to a freshman journalism convocation at noon today in Maxwell Auditorium.

Speaking on "The Caribbean in Ferment," Hanson will detail the position of the area's newspapers in internal affairs.

A member of the Commonwealth of Puerto Rico's State Department, Hanson is the author of 18 books and is a well-known geographer.

Allen Cobb Jr., McGraw-Hill Co. marketing research manager, will speak on research for the modern magazine from 3 to 5 p.m. today in the Journalism Center.

Crown Queen November 17

Fifteen coeds have been chosen as Queen semi-finalists for the Engineers' Ball. The Ball will be held Nov. 17 at the Syracuse Sheraton Inn. The final coffee will be Nov. 11.

Semi-finalists are: Gerry Ferrick, '63, Haft Dorm; Rachelle Marcus, '65, Alpha Epsilon Phi; Nancy Story, '66, Day 8; Patricia Walters, '66, Marshall Cottage; Linda Weidul, '65, Haft Dorm.

Sandra Dashiell, '65, Clinton Cottage; Judy Eggleston, '65, Alpha Gamma Delta; Jerri Ketchum, '64, Barclay; Susan Sufpan, '66. Day 5; Jennifer Wyman, '64, Delta Delta Delta.

Also Diane Kessler, '65, Chi Omega; Penny Nagel, '65, Day 2; Susan Podell, '66, Day 6; Gail Soltysik, '66, Flint 2C; Cheryl Woods, '66, Day 7.

Seating Rules

Reserved seats for the Navy game must be occupied by 1 p.m. Saturday or they will be opened to the public, Reserved Football Seating Commissioner Trish Spear announced Thursday.

Miss Spear also requested the Football Seating ushers to be in the stadium by 12 noon. The ushers must pick up their ribbons this afternoon at Kappa Sigma fraternity, she added.

Lambda Chi House Dedication Saturday

Lambda Chi Alpha's new chapter house at 809 Walnut Ave. will be dedicated at 10 a.m. Saturday.

Attending the dedication will be Dean of Men Earle Clifford; James P. MacMurray, fraternity adivser; Thomas P. Morgan, a member of the fraternity's national executive committee;

AGD Gives Speech Center $3,000 Fund

Alpha Gamma Delta international sorority thih week gave a $3,000 endowment fund to Syracuse University's Gordon D. Hoople Hearing and Speech Center.

Formal presentation took place at an achievement dinner at 6 p.m. Wednesday in the AGD house, 709 Comstock Ave.

Mrs. Harold S. Eberhardt of Minneapolis, international AGD president, will present a check to Dr. ohn F. Font, center administrator.

Interest from the endowmen fund will be used to build a library on cleft palate and cleft lip research.

In addition to the fund, AGD will give $500 annually for a three-day seminar on cleft palate study. The seminar will include faculty and research students.

SATURDAY NITE: The Four Morris Brothers

Homecoming ...

(Continued from Page 1)

formance at 8:30 p.m., with the Nelson group following with about two hours of twist music.

The Lettermen have had several hit records, including "The Way You Look Tonight", "When I Fall in Love", and "How is Julie?". The Nelson group, with Nelson on the "happy organ" includes vocalist Art "Crazy Legs" Robbins.

The house decorating contest Saturday morning will have campus living centers styled in a homecoming theme. All fraternities sororities and living centers have been invited to participate. Many of the displays will include sound and motion. Prizes for the best decorations will be awarded. The contest is co-sponsored by the sophomore class and Tau Sigma Delta, architecture honorary.

The weekend queen will be crowned during halftime ceremonies at the football game. The queen and her court will be wearing formal gowns and will all be introduced. The contest is being sponsored by the sophomores in Orange Key, junior men's honorary. The football game is scheduled to begin at 1:30 p.m.

A semi-formal dance at 9 p.m. Saturday in the Women's Building will close the weekend proceedings. Music will be provided by the Gutermuth Jazz Octet, a student group. Also appearing will be folk singer Eddie Miller.

Another highlight of the weekend, as far as Hill coeds are concerned, will be the extention of regular university curfews on both nights of the weekend — the first time such a plan has been tried. Curfews Friday and Saturday nights have been extended to 2 a.m. by the Association of Women Students.

Coeds are reminded that slacks will not be permitted at tonight's concert. Blankets may be brought for seating, since no facilities for chairs have been made.

Kissing Out (?) At Longbeach

LONG BEACH, Calif. (AP)—A ruling by the student governing board at a Long Beach State College girls' dorm evoked a storm of protest.

No "overdisplays" of affection, it decreed, when coeds and their dates say good night.

The rumor spread that this meant no more kissing at all.

Boy students at nearby Alamitos Hall threatened to invite the girls over there to say good night.

A school official quickly issued a clarification:

"Kissing will still be permitted. It's the 10- to 15-minute clinches that are out."

Critical Essay May Win $1500

Applications for the second annual Pulitzer Fellowship in critical writing are requested by Grayson Kirk, President of Columbia University. A $1500 prize will be awarded the winner this spring.

Although journalism students will be given preference, the aim of the fellowship is "to prepare for a career in critical writing on art or another cultural subject."

Forms are available at the office of the Secretary of the Advisory Board on the Pulitzer Prizes, Professor John Hohenberg, 521 Journalism, Columbia University, New York 27, N. Y. The deadline for filing applications is Feb. 20, 1963.

"10" Staff Call

Those students interested in joining the staff of the "Syracuse 10" are cordially invited to a coffee at 4 p.m. today in the Colonial Room of Hendricks Chapel.

According to James E. Gorney, editor-in-chief, and Jeffery Redford, managing editor, there are opportunities for all in the fields of writing, editing and advertising.

An Atlantic costal storm will spread rain into parts of the state today. However, a high pressure ridge to the west is also moving our way and it may keep most of the rain out of this area.

Gentrally cloudy today with a few showers or snow flurries this morning with a small chance for a more substantial rain later in the day; today's high

Audio Visual HearsBartlett

Dr. Kenneth Bartlett, SU vice president for public affairs, will deliver the main address at the New York State Audio Visual Council banquet today.

More than 150 representatives from schools and business groups are attending the three-day winter meeting of the council, which started Thursday.

Theme of the conclave is "The Challenge of Change." Discussion will center around the latest developments in educational sign language.

Police Seek Crutch Thief

Adrian McDonald cannot go to classes because "the meanest man alive stole his crutches Wednesday," according to Security Police Patrolman Charles Howard.

McDonald, an SU law student, requires special crutches which cannot be obtained in Syracuse.

Security Police director Robert Flaherty has asked the "despicable person who took the crutches to return them to the Law School."

Another pair of crutches would cost McDonald $100 and the delay before its arrival would cause discomfort.

Africa...

(Continued from Page 1)

American businessmen searched for new sources of raw materials, and interest grew in Africa — especially in Liberia," Hanson noted.

He explained that the great world depression of the thirties marked the end of imperialism and colonialism as weapons of capitalism, and that capitalists finally realized only if people had purchasing power could they buy their products.

During and after Word War Two, American businessmen turned to Africa to save capitalism, Hanson said.

"This attention to Africa has been good for the continent and capitalism," he continued, "and development has spread to those nations below the Sahara Desert and above the Union of South Africa."

Old Ideas

Despite the increasing interest of Africans in the democratic process, technical advances and Western ways of life, there are some ingrained ideas common in U.S. that will have to go if this country is to regard Africa as an equal continent to deal with.

"One of these ideas is racial superiority — whites over the Negroes," Hanson stressed. "Others are the belief that people cannot live and thrive in tropical areas—this is untrue. Also, the old-fashioned mercantile theory cannot be applied to the modern world."

Pinebrook Session Notes Action So Far

•

Student Goverment Leaders Report On Progress

By CAROL SCHLAGETER

Action has been taken on seven recommendations that came out of the October Pinebrook Conference, it was announced last Thursday. The announcement came at the follow-up session of the annual student government conference.

The session, at Hendricks Chapel Dean Charles C. Noble's home, was attended by about a third of administrators and students who attended the meeting at the Pinebrook Conference site last month.

The following information was presented:

Recommendation: Class councils shall serve as a communication link between undergraduates and alumni. **Action:** None. Joint Student Government President Theodore Bayer said a means will be set up at this year's end for next year's classes to provide this communication. Class representatives are currently meeting to revamp an existing class organization act, he said.

Rec: The freshman class shall be provided with student advisors. **Action:** Katherine Antony and Karen Noble Tobin have been assigned to this function.

Rec: Investigate possible block representation of living centers in the legislature. The proposal shall be further discussed at the Post-Pinebrook Conference. **Action:** The recommendation shall be stricken from the record in view of this year's mobilized legislature.

Rec: Student leaders and administrators shall exchange ideas at a monthly luncheon. **Action:** One luncheon has taken place. The next is scheduled for Nov. 20. The Post-Pinebrook Conference emphasized that the same individual should attend each luncheon to assure continuity of ideas.

(See Pinebrook, Page 8)

JANET ROSS

Housing: For Grads or Aged?

By BEVERLY LURIA
Junior Editor

The Syracuse Housing Authority wishes to acquire 350,000 square feet of land owned by Syracuse University adjacent ta the Upstate Medical Center.

The Housing Authority wants to use this land for a $5,600,000 federally-aided 350-unit specialized public housing project, according to an article in the November 4 Herald-American.

The article explains the project would provide "low income housing accomodations for elderly persons who would have easy access to medical facilities in the new teaching hospital now under construction in the Upstate Center."

Will Not Sell

SU Chancellor William P. Tolley says the university will not sell the land. He added that for many months plans have been underway for a graduate student housing project on the disputed site.

Noting the land is on a hill, Chancellor Tolley asked, "Would you put cardiac cases on the side of a steep hill?"

William Burch, SU real estate director, stated the City Planning Commission advised the Housing Authority to find another site for the proposed project.

Burch said "Noredo Rotunno (SU landscape architect), and I, at the direction of Kenneth Bartlett (SU vice president of public affairs), spent over three days searching out and checking sites that would be more appropriate and closer to general facilities and at greater financial advantage to the City."

Four Sites

He said that the group had submitted four such sites to the Housing Authority. Burch explained that the project the Housing Authority proposes would cost about $16,000 per housing unit.

Burch called this figure "a very high cost in comparison to other apartments in the city." He also noted that in the recent election the residents turned down further public housing by a vote of 5-1.

The Herald-American article mentioned three university employees headed City committees that would help decide if the Housing Authority should get the land they ask for.

Disservice

Burch stated the article "did a disservice to the community by imputing university people think only of the university." He added "many have civic interests and don't think only of the university."

Three Hill Freshmen Suspended For Auto Theft, Liquor Violations

The dean of men's office has approved a Joint Student Court recommendation that three Hill freshmen be suspended from the university.

The three appeared before the court last Thursday night. Two were involved in an auto theft about a week and a half ago. The third was discovered drinking in hs cottage by his resident advisor.

Policy of Student Court and the dean's office does not permit release of names of students against whom disciplinary action is taken.

Student Court Chief Justice Robert Dick told the Daily Orange the freshmen who took the car were intoxicated at the time. After a late night joyride that included a stretch on the Thruway, they returned the car to the place from where they had taken it, only to be confronted by the owner, who turned them over to the city police.

The next day the car owner dropped grand larceny charges against the two frosh and they were released from jail.

The student who drove the car has been suspended until the summer of 1963. His companion, lege.

also suspended till that time, may apply in February for parttime attendance at University Col-

Both were enrolled in the College of Liberal Arts.

The third freshman, a business administration student, was charged with possession and consumption of alcohol in a university living center, a violation of Syracuse University drinking policy.

He told the court he had not recalled university rules when he bought a six-pack of beer to drink in his room. "He became quite nervous because his RA was nearby...he threw the cans out the window and then was apprehended by the RA," Chief Justice Dick said.

The court recommended the student be suspended at the end of this semester until the summer of 1963. If he makes a 1.0 average for the rest of this term, he may return to the university at the beginning of the summer instead of in September.

The student may choose to withdraw from SU now, the court said, and reapply in February.

Commenting on this case, Chief Justice Dick said, "It

(See Court, Page 8)

Janet Ross Queen; Psi U, WA, Winners

Delta Gamma sister Janet Ross collected another crown this weekend.

The College of Liberal Arts senior from Boston, Mass., was named first Homecoming Weekend queen in stadium ceremonies Saturday. Miss Ross was Colgate Weekend queen in 1959, her freshman year on the Hill.

In other weekend activity, Psi Upsilon fraternity and Sigma Kappa sorority captured first place in the Greek division of the house decorating contest. They constructed on the Psi U house a likeness of Cuban Premier Fidel Castro warning "Navy Go Home." Second in the Greek class was Tau Kappa Epsilon fraternity's warrior aiming his bow and arrow at a battleship. Third was Alpha Chi Rho fraternity. The 'Crows' Indian bombed a Navy vessel, with sound effects.

"Make Navy Gravy" was the winning slogan of the Washington Arms Apartments, sole prizetaker in the large living center division. Sims I, first in the small living center competition, tomahawked a ship. Nottingham cottage "Beached Navy" to take second place in that class.

Home Ec Aids Peace, Speaker Says Friday

Home economists can contribute to world peace by strengthening family life around the world, an education specialist on international programs said here Friday.

Mrs. Sue Murry, employed by the United States extension service, gave the concluding lecture in the annual College of Home Economics symposium in Huntington B. Crouse Hall.

She said that home economists play an indispensible role in foreign countries. One of their ma-

(See Home Ec, Page 8)

Osteen Gets BordenAward At J-Banquet

Journalism major Donald Osteen Friday night received the Borden Foundation Award for the highest average in the Hill School of Journalism.

The award was made at the school's annual banquet, at which Wall Street Journal Co. President Bernard Kilgore was presented the J-School's Medal for Distinguished Service.

Students, faculty, professionals and guests dining in Sims Hall heard Kilgore declare, "An editor can't boil down everything...you can't make everyone wise in 10 minutes a day."

The journalist said, people have no one but themselves to blame for being poorly informed, with information at their fingertips in the form of newspapers, magazines, radio and television

Kilgore noted newspaper publishers must study their functions in view of competition from other media, and attempt to do what newspapers can do best.

Dr. Wesley C. Clarke of the School of Journalism presided at the banquet.

Tolley Lauds 'Educational Freedom'

•

Private Schools Praised in Talk To SU Trustees

It is the exercise of freedom that makes the "enterprise of higher education so important and its role so vital," Chancellor William P. Tolley told the trustees Friday in his report to the Board of Trustees at the regular fall meeting in Hotel Syracuse.

"The autonomy of a privately endowed college or university," he added, "insures a degree of freedom no agency of the state normally would enjoy. Moreover, the freedom of the privately endowed college affords substantial protection for the exercise of freedom in state-supported institutions of learning.

Like Yeast

"Like yeast, the example of freedom leavens the whole lump. In our dual system of higher education the standards of academic freedom of the privately endowed institution tend to become the standards in tax supported colleges.

"But it is important to note that the borrowing is from privately endowed institutions, not vice versa. Freedom in education is a contribution of educational institutions that are by nature free, with all the liabilities as well as the assets of self-reliance and self-government.

"Because the burden of freedom is one we rejoice to shoulder, and because the measure of freedom in public education depends so largely on our example and our influence, we have a unique place in western society.

"No institution in our time is more important. None is so indispensible."

In the afternoon session of the Board, a special report on the progress of the university's recently inaugurated capital fund campaign was made to the trustees by Earle Machold, who, in addition to his position of vice-chairman of the Board of Trustees, is chairman of the recently established 22-man Council for the Syracuse University Plan.

Machold, president of the Niagara Mohawk Power Corporation, told the trustees that $21,540,920 from 65 donors had been contributed to the university to date. This includes the $15 million given to the university last week by newspaper publisher S. I. Newhouse.

Reports were also made on the university's investments insurance and design committees, Dr. Frank Piskor, vice president of academic affairs reported on the activities of the university senate.

World News

Cuba. A top United States official has disclosed the Soviet Union has withdrawn all 42 missiles it admitted were in Cuba. Deputy Defense Secretary Roswell Gilpatrick said in a television interview (Issues and Answers...ABC) "this represents only a partial fulfillment of the Soviet commitment to remove all offensive weapons from Cuba.

Portable Americans: A New Brand

It appears as if a new brand of human has been created by the electronics industry. the portable human sight and sound system. Thanks to the transistor, the old song ". . .with rings on her fingers and bells on her toes. (and transistor radio next to her ear,) she shall have music wherever she goes . . ." has become a reality.

It has become more that that though. With the development of portable television sets, hardly five inches tall. she shall also have Huntley, Brinkley and the Ponderosa wherever she goes. The prospect of portable Americans with portable televisions conjures up many images of different people and circumstances for using their sets.

Remember those neighborhood parks populated in the afternoon and evenings by little old gray haired ladies and the little old elderly couples enjoying the sunset or discussing the good old days?

Relish that sight while you can because in a few years the couples will have portable tv's rather than knitting or the evening papers on their laps. their sets tuned to either Ted Mack's Original Amateur Hour or Lawrence Welk.

And you had better forget seeing studios intellectuals walking down University Avenue reading Kafka or Proust. From now on they'll be carrying personal tv's watching "Camera 3," or "Meet the Press."

Thats not all though. Sights of steaming radiators and steaming drivers on highways jammed with cars that used to give great joy to sadistic traffic managers will also pass. Picture if you can. miles and miles of cars. stuck solid, bumper to bumper. between New York and Coney Island. Picture also the smiles of content parents and happy children as they sit in their immobile automobile enjoying the Saturday afternoon movie, their minds so absorbed in the little black box they forget all about Coney.

Will the wonders of science ever cease?

GARDEN OF EDEN

Hill McCarthyism

By Carol Schlageter

Bitter they cried. Shrill screams uttered from far corners of the campus. The complaint: The Daily Orange had blown the Mittieman-Knickerbocker apology issue all out of proportion.

For those who were not with us this past week, Speaker Ronald Mittleman of JSL demanded an apology from Government Structures Committee Chairman David Knickerbocker for the means in which his committee investigated three members of the junior class exec. council.

Demand is indeed the right word. Webster and Schlageter define demand as a request backed by power. And so it was.

Leave us suppose that in a similar hypothetical case the mayor of Syracuse demanded an apology from City Council for the means in which they had investigated the city planning commission.

This writer certainly hopes that the local press would mobolize its tired bones and extend top rate coverage to the event. At the university we live in a microcosm. But the situation is the same — a governmnet official has criticized a lesser official for the latter's committee work. Both are fulfilling their responsibility.

If a shrouded Joe McCarthy is trying ot make a comeback on Piety Hill, he failed. Few persons here are afraid of ghosts.

Our own imitation Joe has changed his name to Knickerbocker. The Government Structures Committee is currently conducting a series of closed hearings to investigate the JSG executive branch and appointees thereof. Their findings will be applied toward bettering the new JSG Constitution.

This columnist feels that the investigation is a purposeful one. The facts are indeed enlightening as far as innuendos concerning appointment and working of commissioners and coordinators.

But I fervently wish that Knickerbocker would forget about the McCarthy look. No one fears the committee and no stigma is attached to the name of those testifying before it.

The committee could accomplish a good deal more by simply continuing to investigate conscientiously. Its goals should not include promotion of a personal fear image.

Now the committee apparently has some mild degree of success beneath its belt. But this success has been arrived at despite, not because of, its would-be McCarthy image.

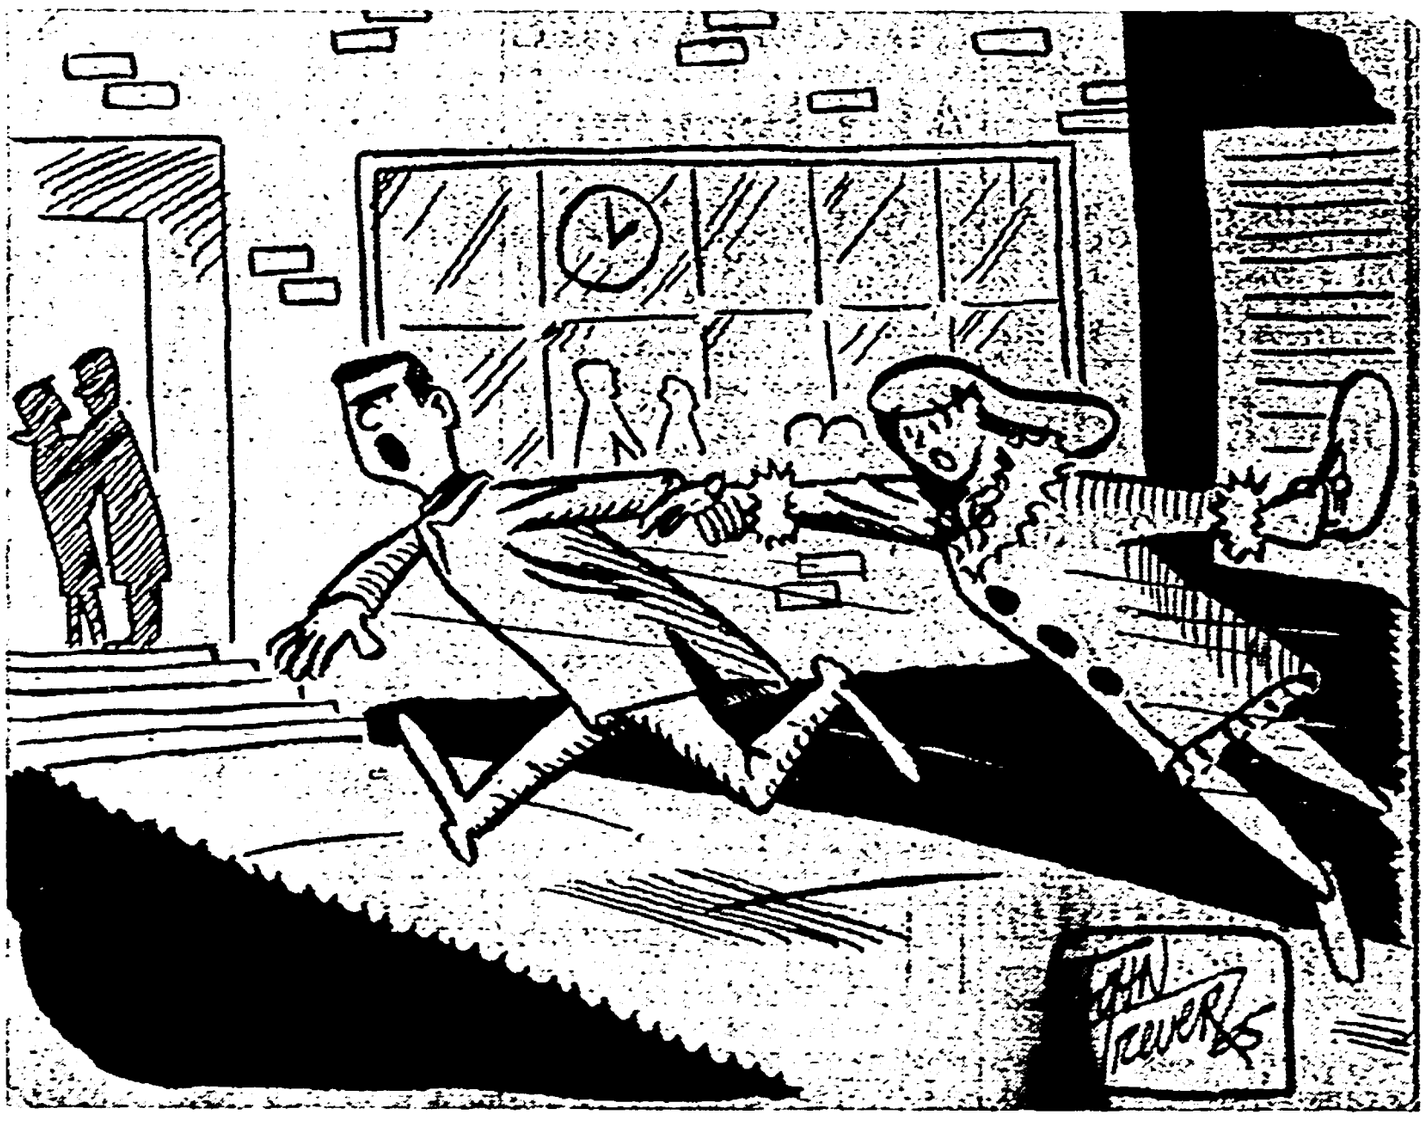
May I quote from my own article which appeared in Thursday's paper which related an interview with Rea Turet, one of the three junior class exec. council members who testified before Knickerbocker's committee:

"If an exec. council member is selected solely on the basis of his fraternity affiliation, she said, this should be ignored if he does his job conscientously."

May I quote from my own article which appeared in Thusrday's paper which related to an interview with Rea Turet, one of the three junior class exec. council members who testified before Knickerbocker's committee:

"If an exec. council member is selected solely on the basis of his fraternity affilaition, she said, this should be ignored if he does his job conscientiously."

This writer finds this statement about as palatable as say that several — and upon further probing she changed it to "one or two" — members of the exec. council had been selected in such a manner. But, he said, these persons have come to exec council meetings and have done their work well.



Now this writer does not contend that Miss Turet is either right or wrong. I would suspect that the persons she had in mind had submitted applications in the traditional manner and their Greek membership was only secondary to their selection.

But this is the point: It is the job of Knickerbocker's committee to discover whether or not such accusations are correct. And they are endeavoring to do just that. Mittleman, too, was acting wisely — asking that persons be told the nature of hearings before they appear.

This writer submits that there might well be a vast unexplored field of nepotism — both by Greeks and independents — in appointing buddies to certain posts.

And in closing this columnist reiterates that Knickerbocker's committee should have all the room it requires in which to maneuver. There is no obligation for a person to testify if it goes against his/her moral fiber. But, Senator Knickerbocker, drop the Senator McCarthy mask. You have plenty of authority without the goblin outfit.

TREVER ON CAMPUS

"After this I'm going out with faster girls!"

LETTERS

'Bad Boys'

In the ensuing letter, we, the undersigned, are not trying to shift the blame of the recent occurrences at DellPlain. We feel that we are adult and mature enough to cope with this problem internally. We feel the entire situation would have been better left untold. However, this letter is simply a criticism of the actions of Charles Barney.

Who is Charles Barney? Administrator? Resident Advisor? Faculty member? No, simply an immature freshman of DellPlain Hall whose desire to see his name in print is stronger than his personal pride and dignity. By publicizing the misguided actions of a few "mental midgets", he has placed a stigma upon every resident of DellPlain.

The freshmen of DellPlain admit that wrong has been done, but they don't, and will never, concede that they in entirety are the "BAD BOYS". As of November 8, the date of publication of this epitome of "yellow press," no valid proof has been obtained to substantiate the fact that it was DellPlain residents who perpetrated these acts. We feel that it as ridiculous to put the blame for these malicious acts on DellPlain "bad boys" as it is to blame the "jealous cottagers" or "Watson instigators".

The harm has been done however, and a problem that Mr. Goolsby and I'm sure all frosh at DellPlain would like to have been settled internally, has been splashed campus-wide. We fully respect the freedom of the press, but we feel that discretion is the mark of superior journalism.

India

I was literaliy shocked to see the letter that appeared in the DO of November 5 under the caption "India-China."

In his zeal for everlasting friendship between India and China, regardless of what the latter perpetrates, our Indian friend has gone to the unfortunate length of castigating others who have the interest of India at heart and thus feel strongly about the brutal Chinese aggression on Indian soil.

In this hour of national peril, when a state of emergency exists in India and the economy of the nation has been placed on a war-footing, our friend utters a solemn warning against being nationalistic in outlook! Not only this; he has also reminded us of our "traditional tolerance."

Apparently, this anonymous friend has not been able to comprehend the meaning of the word tolerance.

Tolerance does not mean submission to acts of injustice or forces of evil. It refers to principals and points of view of others, towards which, from time immemorial, India has been rational.

Never in history did we stand injustice done to us. Nor we are going to stand it this time. We always righted the wrong; by passive resistance when the adversary was civilized and by arms when the enemy was otherwise.

I have no doubt that the latter course is best suited to Red China. Only the sense of nationalism can awaken us.

I would like our friend to bear in mind that, on this border, war is not just territorial in scope, but ideological, too.

Today, Red China presents a very gloomy picture of herself under a totalitarian regime: poverty, famine and a shattered economy. In contrast, India presents the picture of a slow, but steady, progress in the framework of democracy. By and large, this decides the fate of communism in Asia; hence Red China's wrath.

Let us stand united against our enemy—the menace of Asia, Red China.

A.B. Roy '63

JO MAPES

To Sing at "Hoot"

"The soft lights framed her face as she settled herself on the stool to sing—the queen was back," wrote Bob Sylvester, of the Los Angeles Times.

Back from two years retirement, Jo Mapes will be part of the ABC-TV "Hootenany," to be videotaped in Sims Hall Nov. 18.

Called by Variety "a talent to be reckoned with," Miss Mapes has sung at the Blue Angel, Duplex, and Bitter End in New York City and at the Ash Grove and Unicorn in Los Angeles to mention, just some of her club dates.

Termed "all but unbeatable" by Show Business, Miss Mapes cut two albums for Kapp Records (under the name of Jo March) and has appeared on the Tonight Show, Playboy Penthouse, Camera 3 and other tv programs.

MUSIC

Syracuse Symphony

Two SU grads have been placed in charge of a volunteer staff to complete plans for the Season Ticket Campaign of the Syracuse Symphony Orchestra, it was announced by Benson E. Snyder, manager.

The two are Mrs. Ann Sharpe and Miss Banks.

Mrs. Sharpe will design programs and brochures and supervise the production of promotional material.

Mrs. Sharpe was formerly with the Automobile Association of America in San Francisco. As art production assistant, she designed publicity material and served on the editorial staff of a motoring magazine.

While at Syracuse University, Mrs. Sharpe was chosen for the Harriet Leavenworth Award in 1960, and during her Junior year was named the outstanding student of the School of Art. She is a member of the Architecture and Arts Honorary.

Mrs. Sharpe's husband, David Sharpe just received his M.A. from the College of Forestry.

He is now working on his PhD at SU.

Miss Banks' tasks will include publicity and news releases for newspapers, television and radio, and writing brochures. She will also assist the manager in special promotional projects and program copy.

After graduating from SU Miss Banks worked in New York with a technical and industrial publicity firm and the American Management Association. In 1960, she served as an advisor to the student newspaper of the American University of Beirut in Lebanon. While completing her graduate work, she held a teaching position at the SU Nursery School.

HOOTENANNY TICKETS READY TODAY

"Hootennany" tickets may be picked up beginning at 5 p.m. today at the Student Government office, 907 University Ave. Tickets will be given out on a first come, first served basis.

Each student must present his ID card to receive a ticket, and no student will be given more than one ticket, or may present more than one ID card.

Wilde and Ibsen at Regent

Oscar Wilde's "The Importance for Being Earnest" and Henrik Ibsen's "Ghosts" will be presented Friday, Nov. 16 and Saturday, Nov. 17, respectively, by the Cleveland Play House at the University Regent Theater.

In creating this classis satire Wilde—who pulled no punches in pointing out the social hypocrisies of his day — turned his talent in the direction of absurdity to fashion a lighthearted play abounding in laughter.

Two fashionable young heroines declare they wouldn't dream of marrying men whose names are not Ernest. They become attracted to two young men whose real names are Algernon and Jack, but who are addicted to inventing fictitious friends and relative to provide excuses for periodic philandering. The young women, confused by their gay deceivers' double identities, think that Algy and Jack are both named Ernest.

Saturday the Play House will present Ibsen's domestic tragedy of a mother who witnesses the sins of a father visited upon her son. A radical attack on the conventional marriage, "Ghosts" discloses the disastrous consequences which result from a woman's slavery to false Victorian conceptions.

Ibsen's probing social realism revolutionized the world theater and influenced the style of some of the 20th century's outstanding playwrights — notably Eugene O'Neill, Arthur Miller, Strindberg, Haptmann and Gorki.

Tickets cost $2, $2.50 and $3.

From N. Y. to Syracuse

On a bleak November day in 1959, critics and guests crowed into the Orpheum Theater in Greenwich Village to see the premiere performance of a new musical, "Littie Mary Sunshine."

The critics, expecting only a fair effort from relative newcomers, did not imagine the next morning they would be praising Eileen Brennan for her performance and Richard Besoyan for his music and lyrics.

Besoyan, who wrote the music and lyrics for "In Your Hat," became an over-night success. "Little Mary" elevated the young writer to the ranks of Richard Rodgers, Lerner and Loewe, and even drew praise from Leonard Bernstein.

Ray Harrison, the director and choreographer, was also skyrocketed to fame.

Robert Scarpato, who will direct "Little Mary Sunshine" at the Coronet Theater beginning this Thursday, worked with Harrison in summer stock.

"Little Mary" is still running on off-Broadway, will soon be made into a motion picture, and comes to Syracuse "directly" from New York.

Sideline Views

By BERNIE MacCALLUM

Camera - lights - cheer - that's it. Make your mouths move and make like you're cheering. OK, that's enough, now over here. Jump around and wave. Wait a minute, there wasn't enough light, we'll have to take it over again. Ya, the mouth moving part again. Someone cue the band in. Come on gang, let's show them what a be football pep rally at 'Cuse,' is really like.

Yes, it's an NBC spectacular in living Orange. Instead of hired actors we have students, complete with stage directions. That is what Friday night's "pep rally," if we may call it that, was. You will never find a better example of student leader apathy, in this case the cheerleaders and their supporting cast.

As the show ended catcalls and looks of amazement came from the large crowd of students who turned out as they realized what had happened. They had wasted their time in coming. For a few minutes one couldn't be sure if the show was really over or if it was just a commercial break.

Most of the students had come for a pep rally. The cheerleaders obviously hadn't. Not once during the entire proceedings could you say that they actually led the students in cheers. Any lung exercising and jumping around they did was done only while on camera. As soon as the spot light went off and the camera was lowered they stopped very abruptly.

The stage hands did an excellent job. A colorful backdrop was held behind the cheerleaders as they posed in different spots. All microphones seemed to be properly placed. Not too many wires were tripped over. Who knows, maybe we'll win an Emmy.

The band acted a little enthused when on camera for that was about the only time they played. As the show dispersed even the constant requests and prodding of the students couldn't rouse the musicians to sound a few notes. Must be a union band on a time clock. It was about the only time I can remember them showing up in any respectable numbers for a rally let alone in full dress uniform.

There was a great deal of untaped student spirit present which most certainly went untaped. Most of the guys and gals there certainly would have loved a good spirited rally to let off some steam in anticipation of Saturday's game. All the cheerleaders could tape were their best poses and profiles.

The only persons to mention Navy or anything about a football game were Coach Schwartzwalder and team captain Leon Cholakis.

In case you missed it, and I don't see how you could have, facets of campus life at SU are being filmed for a Hutley, Brickley Dinkley Nutley show or whatever it is to be aired next semester. Their motives as to in what light they are going to present Syracuse is not apparently known by anyone. Few seem to care as they all ham it up. The film crew has been getting a lot of cooperation. More power to them if they can get it.

We all think we'd like to be seen on the show. It's only natural in humans. There is a little ham in us all. Why not have it on the up and up though and let them film us having a pep rally and not put on a Madison Ave. production for them?

Some of us will have to put our banners and raccoon coats away and wait for CBS.

Middies Surprised By SU 34-6 Win

By ALLAN KORT
Sports Editor

"Syracuse could beat any team in the country on a given Saturday," Navy Coach Wayne Hardin said after the Orangemen whipped the Middies, 34-6, before a homecoming crowd of 40,000 Saturday afternoon in Archbold Stadium.

The same Syracuse team that has had trouble combining a total offense of 100 yards in previous games put on its most effective attack of the year, grinding out 341 yards on the ground and completing eight of 11 aerials for 130 yards.

But there was no doubt this was the same SU team that had compiled a 2-4 record. Syracuse's patented trademark was again revealed—fumblitis—the Orange dropped the pigskin five times, losing possession thrice.

"We still make too many mistakes," Ben Schwartzwalder said following the Hill victory, "but we played such a great game we finally had as many TD's as fumbles (five).

Team Victory

It was a great team victory based on the outstanding play of individuals. John Mackey, who was moved from end to halfback, was voted top SU back in the game after he had scored two touchdowns, carried the ball six times for 63 yards including a 36-yard romp for a TD, and nabbed a Mahle pass for 51 yards.

Another important character in the successful Schwartzwalder production was senior right halfback Don King who jumped over opposing tacklers for 78 yards in six carries, including a spectacular 70-yard run off tackle in which King, following the effective blocking of Bo Nance, scooted through the whole Middie team for the initial SU score in the second period.

Other key stars in Ben's first hit of the year were rookie quarterback Walley Mahle who completed eight of 11 passes for 100 yards and carried the ball six times for 32 yards; leather-necked Jim Gaskins who nosed his way for 36 yards in a half dozen carries and buffaloing Bo Nance who pushed forward 53 yards in a dozen carries.

Missing Stars

The theater's top critics had predicted Ben's play would be an overwhelming flop, but the cast acted to its potential and seconds neatly filled in for missing stars Bill Schoonover (who only played a bit part) and Leon Cholakis.

SU Grad Nominated For Sports Award

Walter J. Rekstis, a 1938 graduate of Syracuse University was nominated by his old Alma Mater for the 1962 Sports Illustrated Silver Anniversary All-America Awar.

Walt became well known as both a capable student & an out-standing end while attending the Hill. At present, the former Orange co-captain is the vice president of the C.I.T. Corporation and the C.I.T. Leasing Corp., and resides in Bay Village, a suburb of Cleveland.

Among other famous figures nominated for the award are: Cecil Isbel, former quarterback for the Green Bay Packers, who teamed up with Don Hutson to form one of the greatest combinations in the history of football; Supreme Court Justice Byron ("Whizzer") White, who starred at Colorado; Jordan Olivar, former great head football coach at Yale and a star at Villanova; Robert Carpenter, a graduate of Duke University, and president of the Philadelphia Phillies.

Tangerines Whip Red Raiders As Smith Scores Three TD's

Smith's 79-Yard Return Highlights Grid Contest

By JUDY ADAMS

Syracuse got its first look Friday, at this years frosh football squad. And what a look!

The Orangemen put on quite a show for the estimated 2,000 that filled the stands as they romped merrily over the Colgate frosh, 35-0.

The star of the show, in a game that had many, was Roger Smith. Smith led the ground gainers all afternoon as he ran for two touchdowns, caught a third and kicked an extra point. He topped off his performance with a 79-yard touchdown jaunt in the second period.

The trend was obvious as soon as both teams had taken their first "at bats". Colgate won the toss and received the ball. But they couldn't move it. In fact they couldn't move it all first quarter. When the teams changed field positions, the Colgate squad had a -1 yard rushing to their credit.

The first time that the Orange squad got their hands on the pigskin, they marched 28 yards for a score. Quarterback Hal Rooney rolled out to his left and flung a six-yard pass that Smith gathered in payoff territory. Smith then cleared the uprights for the extra point.

In the second quarter, Roger brought the fans to their feet, as he gathered in a pass at the Syracuse 21 and started upfield. From the left side, he sprinted to the opposite sideline picking up blocking. At the 50 cut back inside, then threaded between the two last defenders at the 40 and was in the clear.

Smith's try for the extra point was blocked.

In the third quarter, it was Smith again. This time he ducked a neck tackle as he raced over from the five. Rooney's toss for the bonus two went over his head.

Two minutes later, Syracuse had boosted its margin by six. The Colgate quarterback pitched out behind him to Jim Buckley who missed the ball. Buckley, thinking it an incomplete pass, stopped chasing the ball. But big Ray Paglio pounced on it.

Syracuse took over and Norm Magers went over on the first call. The Orange again failed in their try for the extra points.

The Oranegmen iced the win in the fourth period when tackle Chuck Scott downed Tom Carpenter in the end zone for a safety.

It was a team effort all the way. Smith led the rushers with 73 yards in 12 carries. Quarterback Holman, who played an outstanding game on defense, was right behind him with 71 yards reeled off in 10 tries. And Holman was the only Orangeman to loose yardage.

George Kontrabecki sliced out 63 yards and Ron Oyer, a tank on cleets, thundered for 68 yards.

OUTING CLUB songfest, 7:30 p. m. Tuesday, in Chapel Lounge; bring your strings. Also meet for on picture, 7:10 p.m. Tuesday in Crouse College Auditorium. A short business meeting will follow to discuss the Thanksgiving trip.

U. S. Won't Concede In Turkey: Cleveland

Harlan Cleveland, Assistant Secretary of State for International Affairs, said Tuesday night that he doesn't believe the U.S. will make any concession to Russia in regard to American military bases in Turkey.

Kennedy, he said, considered the Russian proposal for about 23 hours before abandoning the idea.

Cleveland was interviewed at Syracuse Democratic headquarters. He and his wife flew to Syracuse to vote.

Cleveland also said that the U.S. does not favor the dissemination of nuclear weapons to European allies.

American policy, he said, will more likely be a unilateral missile arrangement within NATO. This would not necessarily involve major missile sites in any particular country.

Cleveland estimated Communist China's chances of gaining a large-scale nuclear striking force as "slim."

China, he said, is losing ground in her bid for power in the Communist bloc. He noted that the recent UN vote against Red Chinese membership was larger than previous votes.

China is also falling behind economically, Cleveland said. "The agricultural failures are a growing thorn in the Communist side," he commented.

When asked about any eventual involvement in New York politics, Cleveland's only comment was that as a professional administrator, he would "certainly be interested" in the position of governor.

Cleveland was dean of the Maxwell School until tapped for the Washington post. Prior to his work on the Hill, he was editor of Republic Magazine.

T-LODGE, postponed 'til 8:30 p. m. Wednesday. Sigma Nu. Thursday, Prefab 7 behind Chapel.

ART ADVISORY council, 7 p. m. Tuesday, Lowe Art Center.

If you have trouble saying it...
Say it with a Parker

If you're a little shy and have difficulty saying "I love you" or even "I like you *very* much"—say it with a Parker.

The new Parker Arrow makes a beautifully expressive gift and looks as if you paid a small fortune for it. It only costs $3.95, however, which should leave you with enough date money for an impressive presentation ceremony in romantic surroundings such as the second booth from the back in your local drugstore.

The new Parker Arrow comes in black, dark blue, light blue, light gray, and bright red, with a choice of four instantly replaceable solid 14K gold points. Gift-boxed with five free cartridges.

P. S. To girls: a Parker Arrow—besides being a very romantic gift—comes in one size (the right one), should last at least ten times longer than a scarf or a tie, and should bring in a harvest of correspondence you'll cherish the rest of your life.

PARKER *Maker of the world's most wanted pens*

New PARKER ARROW only $3.95

Clifford Pledged

Dean of Men Earle W. Clifford has been pledged as an honorary member of Tau Theta Upsilon, senior men's honorary.

"Tau Theta Upsilon has a tradition of taking worthy honorary members," said President Leland Peterson. "We felt that Dean Clifford deserved to be a member because of his work with campus activities, and in particular because of his work with Tau Thete."

Pledged in October, Dean Clifford is the first honorary member to be taken since Dean Charles C. Noble of Hendricks Chapel in 1950.

Other honorary members include Kenneth G. Bartlett, vice president of public affairs; Eric H. Faigle, dean of the College of Liberal Arts; Dr. Gordon Hoople, president of the Board of Trustees; Frank P. Piskor, vice president for academic affairs; and Floyd (Ben) Schwartzwalder, head football coach.

Administrators who were Tau Thetes as undergraduates include Chancellor William P. Tolley and John S. Hafer, dean of personnel administration.

"Recognizing men for their leadership activities, it has been a tradition of Tau Thete to take in the heads of the seven largest organizations on campus," noted Peterson.

Present members are: Theodore Bayer, president of Joint Student Government; Robert Dick, chief justice of Joint Student Court; Milton Joffe, editor-in- chief of the Daily Orange; Henry Lee, president of the senior class; Peterson, president of Traditions Commission; Thomas Rigoli; president of Interfraternity Council; and Michael Styier, program director of WAER.

Officers of the group are: Peterson, president; Dick, vice president; Joffe, secretary; and Rigoli, treasurer.

Foreign Job Interviews

Laurens L. Henderson Jr., career counselor of the American Institute for Foreign Trade, will conduct interviews Friday for students interested in work overseas.

Courses of study at the Institute prepare students for international commerce and associated activities. To date 1400 graduates have been placed in posts abroad. Nineteen students from Syracuse have taken the intensive study course.

Syracuse University's veteran director of athletics, Lew Andreas, was one of the nation's top basketball coaches, winning 73 percent of his games over a quarter decade. However, it is a little known fact that Andreas also tutored the Orange Footballers for three campaigns. SU was 15-10-3 under Andreas from 1927 - 1929.

J-Council Thursday

Plans for publishing a 1963 graduates' brochure will get top billing on the agenda at Thursday's meeting of the Journalism Council, set for 7 p.m. in the Journalism Library.

Council President Larry Coffman said:

"With the brochure, we intend to acquaint many more prospective employers with the 1963 crop of graduates than would normally be possible."

It will contain biographical data and a picture of each degree-earner. Extra copies will be available to students at a nominal cost.

Also on the agenda is the election of six junior officers.

ARE YOU AN ENVELOPE LICKER?

A stamp sticker? A letter writer? Most of us aren't. That's why the telephone was invented. A Long Distance call home is so much quicker than writing. Pleasanter, too . . . because you're "home" for a little while. Try it, tonight. Rates are lowest, remember, every evening after 6 and all day Sunday.

Pershing Rifles Honorary Participates In Maneuvers at Green Lakes State Park

The Pershing Rifles Tactics Platoon of Syracuse University participated in the field training exercise, Green Lakes, State Park last week. The purpose of this military exercise was to give the Junior Cadets in the Army ROTC Program practical experience in military tactics, leadership and navigation.

The exercise began early in the morning with an assault on an assimilated enemy position which demonstrates to the cadets the various combat formations, maneuvers, and control measures necessary in such an action.

The remainder of the day was devoted to classes and practical exercises. Members of the Pershing Rifle Platoon acted as assistant intsructors by playing the part of military prisoners of war and members of an aggressor force.

Various types of ambushes and other obstacles were presented for the Junior Cadets to overcome.

The Field Training Exercise was conducted under the direction of Lt. Colonel Raymond C. Whitmayer, PMS&T of Syracuse University. The field action was supervised by Lt. Colonel Lloyd C. Hudnall, Training Officer and Commandant of Cadets.

The Pershing Rifles Company is under the command of Cadet Captain Lee Scamp. Warrant Officer Joseph O'Neil commands the Tactics Platoon.

At the present time the Pershing Rifles Company is accepting applications for new members. All freshmen Army and Air Force Cadets wishing to apply for membership may pick up applications either in their ROTC class or in the main Army ROTC Office in Machinery Hall.

Cadets Receive A F Promotion

Three SU Air Force ROTC cadets have received promotions.

They are Cadet First Lt. William Cook promoted to Captain and Cadets Second Lt. Scott Redfield and Keith Kress promoted to First Lt.

To receive a promotion AFROTC cadets must meet provisions of Manuel 50-1 and receive the approval of the Professor of Air Science.

Placement Interviews

Job placement interviews today in 105 Slocum Hall: S. D. Leidesdorf and Co., business administration accounting majors for career positions on professional auditing staff; Raytheon Co., business administration majors in accounting, finance and general business for financial management development, on the job training; and Johnson and Johnson, business administration and liberal arts majors in accounting, finance, production management, transportation, economics, engineering, history, for on the job training programs.

Also today in Building Eight: Kordite Co., degrees in chemical engineering, mechanical engineering, chemistry; also masters, doctorates; and Worthington Corporation (compressor and engine division), degrees in chemical engineering, mechanical engineering, bachelor of science.

NBC-TV Crew Finishes Film

The National Broadcasting Company television crew left the Hill campus Sunday, after adding cheerleaders and weekend fraternity parties to their stockpile of film for a "Chet Huntley Report" show.

The crew's cameras and microphones recorded the Syracuse University way of life all last week, visiting classrooms and dormitories for a student's-eye view of academic life.

Jim McDonald, program director local NBC affiliate WSYR-TV, told the Daily Orange Friday that "every effort" will be made to carry the Huntley show on SU, scheduled for airing in about two months.

WSYR does not carry the Tuesday night show regularly. McDonald said since the station presently has Hill football action in the Huntley time slot, the show on SU would fit in "very appropriately."

Court...

(Continued from Page 1)

should be understood by the student body that a suspension decision for a drinking violation is the rule, not the exception. Past cases involving drinking where students were not suspended involved exceptional or extenuating circumstances.

"Each case is judged on its own merits."

In other cases the court placed a sophomore city student on disciplinary probation for striking another student in a quarrel over a parking space.

As in all disciplinary probation cases, the student is required to turn in his parking sticker and refrain from driving 8 a.m. to 5 p.m. while school is in session.

The student also has been ordered by the court to pay full medical bills for the injuries he inflicted on the other student.

The court also placed on disciplinary probation a student who took a reserve book out of the business library.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: The return to cold, clear weather will be rather shortlived. As the high retreats into the Atlantic, winds will veer into the south and bring warmer air northward. However, a low, now in Oklahoma, may give us more showers by late tonight or tomorrow.

FORECAST: Mostly fair this morning, but with increasing cloudiness by late afternoon and evening. A few showers appear likely late tonight and tomorrow. Temperatures moderating to 50 today; falling to the upper 30's tonight.

Pinebrook...

(Continued from Page 1)

Rec: Study ways to attract interested students to JSL. **Action:** The legislature has passed a new attendance policy. Senators-at-large have received clarification of their duties and now alternate attendance at Steering Committee meetings. Delegates to the meeting Thursday noted difficulty in contacting the proper person at the student government office to volunteer one's services.

Rec: Proctors be assigned by JSG to supervise increased study areas. **Action:** The Student Conduct and Welfare Committee is investigating acquisition of such supplementary study rooms. They are also working on later library hours.

Rec: Student government shall carefully examine the realm of each campus organization. **Action:** The Activities Exchange Commission is circulating organization registration forms to each campus group. The information will be compiled into an activities directory.

Rec: Student government shall institute a drive toward student union activities: **Action:** A preliminary meeting to discuss fund-raising ideas for a student union building has been held. The fund-raising committee will meet with administration this week.

Prior to the discussion of Pinebrook recommendations, a representative from the People to People effort addressed the group.

Thomas Gilliland, northeast regional manager for the People to People university program, stressed the need for increased contact between foreign students and Americans on university campuses.

His proposal that a People to People organization be established here was referred to the JSL Organizations Committee and to Activities Exchange Commissioner James Tallon.

J-Students Improve According to Survey

"Better journalism students arrive on the campus each year; today's crop is much better than 5 years ago," said Niel Plummer, director of the University of Kentucky School of Journalism.

"Better quality, but still too few men," commented Charles M. Hulten, chairman of the journalism department at the University of California in Berkeley.

"The quality gets higher each year," observed Eugene Goodwin, director of the Pennsylvania State University School of Journalism.

Such are the comments of the majority of journalism professors who responded to a questionnaire by the Newspaper Fund concerning the calibre of young people preparing for careers in journalism.

Eighty professors were invited to state whether "on a quality level, the 1961-62 freshmen journalism majors were about the same, better, or less promising than the groups enrolled the year before and 5 years ago.

Responses were conclusive in the 5-year comparison. The 1961-62 freshmen were rated better at 38 schools, and about the same at 12, and lower at 5.

The comparison with the previous year drew 45 declarations of better, 31 the same, and 3 lower.

"Better by as much as 15-20 points on the college board scores," was the word at Syracuse University.

Another survey by the Newspaper Fund noted increased enrollments at the freshman class level at many journalism schools this fall.

The Newspaper Fund, financed by the Wall Street Journal, awards scholarships and sponsors several programs to attract young people to journalism careers.

Newhouse "Pledges" ZBT

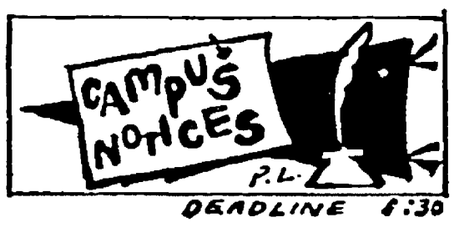
Samuel I. Newhouse, newspaper publisher and trustee of Syracuse University, will become a national honorary member of Zeta Beta Tau fraternity at a ceremony today, 5 p.m. in the Founder's Room of Maxwell Hall.

Robert Maxon, president of the Syracuse chapter, will conduct the ceremony in which three Syracuse students, Roger Blankstein, Richard Eisenberg, and Richard Newhouse, will also be initiated into the undergraduate

Mr. Newhouse's son, Samuel Jr. and Donald Newhouse are both members of Zeta Beta Tau, and his nephew is being initiated at this time.

Alumni returning for Navy Reunion Weekend will honor Mr. Newhouse at the Zeta Beta Tau Dinner Dance in the Grand Ballroom of the Hotel Syracuse Saturday evening. H. Hiram Weisberg, honorary member of the local chapter, will introduce Mr. Newhouse to the returning alumni.

Home Ec...



(Continued from Page 1)

jor duties now is to "help governments and people understand home economics and how it can make a direct contribution" to the country's welfare.

Mrs. Murry stressed that the home economist abroad must have some knowledge of this country's traditions and values, and must have the ability to teach. She must also understand the cultural values of the country in which she is stationed, and must be able to face any situation with the right attitude.

In other symposium activity, Dr. Katherine Holtzclaw spoke Thursday in Maxwell Auditorium. An open house was held Friday in Slocum Hall.

Dr. Holtzclaw, with the U.S. State Dept Assn. for International Development, stressed the need for personnel in international work.

DAY HALL twister, 8 to midnight, Friday, proceeds to Campus Chest; music by "Elites." Admission, 75c per couple; 50c per stag boy; no charge for girls attending singlely.

IFC Judiciary Acts On 8 Cases So Far

By ADAIR DUFINE

A Hill fraternity has been suspended from all campus activities for the semester and fined $100 for a violation of university initiation rules.

According to reports issued by the Inter-fraternity Council Judicial Board, the dean of men's office warned the fraternity verablly and by letter that a specific pledge could not be initiated. However the fraternity initiated the student on Oct. 9, though his grades did not meet the required average.

The pledge involved will not be recognized as a brother of the fraternity by the university until the end of the semester, or until his grades warrant legal initiation.

Judicial Board and the dean of men's office policies do not permit disclosure of the fraternity's name.

Seven other cases have been handled by the IFC Judicial Board in this first semester of its existence. It was created last spring.

Praise

The board has won praise from the dean of men's office. "Fraternity offenses have been judged and sentenced by the Board with astuteness and maturity," said fraternity administrator James P. McMurray.

Each case is categorized by the board, plaintiff and defendant are given, and the year of the case is entered. The cases are categorized by: illegal initition, violation of rushing rules, violation of IFC Constitution and by-laws, violation of SU drinking regulations, violations of SU social regulations, violation of non-social SU regulations, contempt of court, and miscellaneous.

The first case decided by the board dealt with an illegal initian, judged last spring. A meeting was called by the dean of men's office early last week to investigate the progress made in the fraternity.

Obligation

Pleased with the results and developments of the house, the Dean's office declared the fraternity fulfilled its obligation and cleared all charges, passing the information on to the Judicial board.

Another illegal initiation was judged by the board on Sept. 24. The iniatiate's average was below a C, but since he was a transfer neither he nor his fraternity was aware of his ineligibility. The house received national clearance for the man's initiation.

The board fully cleared the fraternity due to the clerical error of the Dean of Men's office.

Fraternity rush rules were violated by a Hill Greek in holding of a smoker during the summer. The event was not registered, nor was certain material available to the house when the offense occurred.

Reprimand

The house was reprimanded by the board and the violation was taken into account if future offenses were presented during the year.

An absence of communication with the dean of men's office, brought another house before the board for illegal initiation. Since the violation was procedural, the fraternity was given a reprimand by the Judicial Board.

The report of the resident advisor in a university dormitory brought a case of rush rule violation before the court. Four fraternity men were reported at a frosh mixer, entering a lounge

"FIDELIO"— Beethoven's only opera; film version, 7 and 9 p.m., University Regent Theater. English sub-titles.

Homecoming Profit, Frosh Budget Set SU Records

By ANDY PORTE

Two records were set Monday on the Hill.

Sophomore class President Charles Stackhouse revealed the profit on Homecoming Weekend is the largest made on any weekend in university history. Freshman President Dennis "Tex" Green announced his class has received a record budget for the class weeknd.

Stackhouse said the Homecoming unofficially totals $1,188 at present and may exceed $1,200. According to Dean of Admissions John S. Hafer, who presides over the university social committee, the profit is the largest in the past ten years, presumably making it an all-time high.

$2,850 Budget

Green announced that the freshman class has received a budget of $2,850 for its weekend Dec. 7-8. The total exceeds the record of $2,770 which was allotted Homecoming.

Homecoming chairman Penny Shapiro said approximately 2,300 persons attended the Lettermen concert Friday night and 800 people attended Saturday's dance. She said almost $1,000 of the profit was made on tickets to the two events. The remainder came from button and refreshment sales.

She commented, "I wish to thank everyone who had any part in making the first Homecoming Weekend of Syracuse University an overwhelming success. The class of '65 can be proud of itself for finally bringing Syracuse a real college weekend."

International Theme

Green and Freshman Weekend chairman Henry Kahn listed plans for frosh weekend, centered around a "Frosh International" theme. Joey Dee and the Starliters, the so-called originators of the Twist, now playing at the Peppermint Lounge in New York City, will highlight the weekend. The contract is expected to be signed soon, Kahn said.

Dee and the Starliters will appear Friday night in the Men's Gym. The group has had several hit records, including "Peppermint Twist" and "Shout." Another band will also appear on the program. Tickets will be priced at $1.50 a person. Green said that stags will be permitted and encouraged.

A carnival on Saturday afternoon will be a miniature "Worlds' Fair," Kahn said. Each freshman floor and living center will be invited to sponsor a booth. A slave sale will also be held.

Semi-Formal

A semi-formal dance in the Women's Building that evening will close the weekend proceedings. Tickets will be priced at $2 a couple. The weekend queen will be crowned at the dance, Kahn said.

Green stressed that weekend events are open to all classes and not to freshmen only, as has been rumored.

Green commented, "I'd like to encourage all freshmen to take advantage of the largest Freshman Weekend ever offered in Syracuse history. Since our time is limited, we as freshmen sponsoring this event must fulfill the faith that the university has illustrated in granting us this tremendous sum."

Sophomore class President Charles Stackhouse said that in lieu of the Homecoming Weekend profit, the class cheer will be changed to:

"We're the Class of '65,
We're the richest class alive."

He announced that the Freshman Forum will meet at 7 p.m. Thursday in the DellPlain floor lounge. Meetings of weekend committees will be announced in the Daily Orange. Students who did not sign up for committees may do so at the committee meetings.

Semi-Final Stepsing Today

Eight sororities will compete in the semi-final round of the big house division in the stepsinging competition tonight on the steps of Hendricks chapel.

Winners in the qualifying round for small houses were Geneva Cottage, Richards Cottage, Alpha Delta Pi, Jewell Cottage, and Miller Cottage.

The large house competition will be run in three flights. In flight I are Kappa Kappa Gamma, Kappa Delta, and Chi Omega. In flight II are Gamma Phi Beta, Kappa Alpha Theta, and Delta Delta Delta. Sigma Kappa and Pi Beta Phi are in flight III.

The winners in the large house division will meet the winners of the small house division on Dec. 5.

FROSH COED REGISTRATION FOR RUSHING

Registration for freshmen sorority rushing will be held from 1-5 p.m. today, Wednesday and Thursday in the recreation lounge of the Women's Building.

A $3 registration fee must be paid by all frosh coeds who plan to rush in February.

AT TAU DELTA PHI—(left to right) SAMMY DAVIS JR., LONNIE TORMAN, PAT HENRY, ED SILVERSTONE, JEFF ZIENTS and STUART HIRSCHFIELD.

Sammy Tours Hill

By JOHN GREENWALD

Sammy Davis Jr. spent six hours on campus Sunday afternoon—a six hours that ranged from impromtu hilarity at Crouse College to moving emotion on the steps of the Tau Delta Phi fraternity house.

As the personal guest of Watson Hall resident advisor Lonnie Torman and Hill sophomore Jeffrey Zients, the famed singer and entertainer, along with comedian Pat Henry, guitarist Terry Rosen, trumpeter Ronald Jones, and George Treadwell visited Watson, Crouse College, WAER-FM, walked through the mud in Walnut Park and shivered in the quadrangle wind.

The group arrived at Watson Dining Hall at noon and were treated to a "typical college meal." "I wouldn't like to meet the cook," Henry said afterward.

Crossing Walnut Park Sammy remarked, as his shoes sank in the mud, "I'm muck," "I'm Myer," Henry answered. Later, when passing Loew Art Center Henry told Sammy the statue of Persephone "looks like Anita Eckberg."

Filled with amazing energy, considering he had only a few hours sleep, Sammy reached Crouse College first and opened the large wooden door saying in a Transylvanian accent. "Welcome, I'll show you to your rooms."

At WAER, an interview between Zients and Sammy was taped to be broadcast after Thanksgiving. In it Sammy discussed the "clan": "It's just a bunch of fellas who get together;" the university: "This is the closest I ever got to college;" and other subjects.

While around the Hill the singer said he was impressed by the old and the new present on the campus. At a reception at Watson, attended by over 150 parents and students, Sammy said he gets his greatest enjoyment in working nightclubs, since there he can please people directly, the best way he knows how.

At a second reception at Tau Delt, Sammy is on honorary brother, he appeared quite touched when a crowd of students, led by sisters from Alpha Epsilon Phi sorority, sang the SU Alma Mater.

After a steak dinner at the Varsity Restaurant on South Course Avenue, Sammy returned to Three Rivers Inn where he is appearing nightly.

A Beginner's Course in Photography

Win Whittaker posed the question: "How do you photograph apathy?" Herein lies the answer.

The answer is neither complicated nor difficult. It can be stated simply: The best way to photograph apathy is to hire a crew from NBC and take pictures at the Syracuse University Homecoming football game.

This is a general answer but we will deal with specifics. Saturday the Syracuse football team treated the Syracuse fans to a great display of football talent and will-to-win. This was the same football team that had shown so poorly the week before and had trouble getting untracked all season long.

Nevertheless the Orangemen went out on the field Saturday determined to win for the home crowd. The win did not come easily due to a couple of fumbles near the Navy goal line, but so great was the team's desire that these demoralizing fumbles failed to upset the momentum. They hung on and played a great game for a great victory.

But fumbles weren't the only obstacle. The home crowd was disappointing too. Never before has Archbold Stadium been as heavily filled with partisan rooters; the Navy fans were indeed few among the crowd of 40,000.

Nevertheless the Navy managed to make more noise than the Orange rooters. Through a system of loudspeakers the corps of Midshipmen assembled at Annapolis heard the game and their cheers were carried to the field in Syracuse. Though the cheers were somewhat garbled and mumbled, the spirit was there.

And don't forget, the Midshipmen had little to cheer about because Syracuse was running their team all over the field.

What of the Syracuse fans? Well, perhaps those near the NBC cameras were giving it the old college try—as long as the camera was whirring, but the stadium itself only rocked with cheers at the high points. So Syracuse kept intact its inability to keep a real atmosphere of spirit behind the team.

And let's face it. The cameras won't be here next week and most likely the team won't be as good because this was the finest football display to hit Syracuse in four years.

So, we close with some advice for Win Whittaker, if he still wants to photograph student apathy. Just grab your Brownie Hawkeye, Win, and head for the Stadium Saturday to film the armchair quarterbacks sitting back to quietly pass judgment on the boys.

THE GADFLY

But Bless Them All

By T. Lee Hughes

A few favorite peeves about S. U. coeds:

Fat girls in bermudas . . . skinny girls in bermudas . . . girls who insist they like to be dominated . . . girls who like a guy because he drives a Thunderbird . . . girls with "flying buttress" hairdoes . . . girls who come to Syracuse to catch a husband . . . girls who come to Syracuse to get a 3 point acum.

Girls who are on time for dates . . . girls who have more money than I do and make a point about it . . . girls who join every activity on campus to snare a guy . . . girls who break dates . . . girls who admit women are illogical and are proud of it . . . flirts . . . girls who use Psych 5 as a powder room . . . girls having a love affair with their mirror . . . girls in bulky sweaters.

Girls who talk about old boyfriends . . . girls who like Lorenzo's better than the Orange . . . girls who label everyone "honey" . . . girls who wear makeup like a mask instead of a supplement . . . girls who don't wear girdles under a sheath . . . girls who scream across the quad . . . girls who think they can write poetry . . . girls who talk politics and then ask you who Nelson Rockefeller is . . . girls who won't touch Steinbrau . . . girls who are proud of the fact they think like a man . . . girls who mooch cigarettes.

Girls in men's slacks . . . girls in sneakers and white socks . . . girls who don't drink . . . girls who drink like wet sponges . . . girls who think Dean Clifford is "adorable" . . . girls who ask you why you hate them . . . girls who worship football players . . . girls who don't worship me . . . girls who like to mother men . . . girls who have to be the constant center of attraction . . . girls who fall in love twice a week . . . girls who say "I trust you" . . . girls who say "I don't trust you". (whew!)

Girls who always want to know your inner thoughts . . . girls who ask you why you take them to the water tower . . . girls who make a friend just to meet his friend . . . girls who think they know everything . . . girls who pretend they know nothing . . . girls who know nothing . . . girls who think everything is immoral . . . girls who think nothing is immoral . . . girls who constantly pull their skirt over their knees . . . girls who think it's true because they "read it somewhere".

Girls who sing in the shower (and don't ask me how I know they do) . . . girls who think they have to go to Cornell to get a decent date . . . girls who take sex as casually as brushing their teeth . . . girls who think a man is something nice to have around . . . girl journalists . . . girls who have a crush on their French prof.

Girls who hold hands with their date in Hendricks Chapel . . . girls with ostentatious earrings . . . girls who quote Kinsey studies . . . girls who make fun of men . . . girls who call after 12 p.m. . . . girls who won't twist.

"Again, the male is by nature superior, and the female inferior, and the one rules, and the other is ruled. This principle, of necessity, extends to all mankind."—ARISTOTLE

Thank God!

LETTERS

'Hardly Fair'

To the Editor:

The "oral" midterm examination in French Ia is the most unfair exam I've ever taken in a course at SU. While the content was completely reasonable, the format was an acoustical mess.

The test consisted of tape recorded dictation, oral comprehension, and pattern drills. Our half of the oral exam was to make marks (most of them silent) in the blue books, orthographically representing our conditioned oral French response to a pattern inquiring not after the book of Charlie's aunt, but whether workmen are falling off ladders.

The static enduring on the tapes in language lab like the steady drip-drip of a Chinese water torture is merely annoying—it just gives you a headache and makes you think of nothing but getting out as quickly as possible. But such interference on an important examination can be crucial.

Some tapes contained so much static, and so many breaks and squirgles as to make several portions incomprehensable. In addition to this, the voice of a second examiner was clearly audible in the background, constantly annoying and distracting, and sometimes so loud as to be confused with or drown out the test being taken.

As the students were not allowed to stop the tapes, any objection raised or question asked resulted in automatically missing several questions. The instructors, while sympathetic with the students, are not expected to be audiovisual wizards, which can result in wrong and irretractable directions.

I contend that if such a format is to be repeated (as is planned) for the final examination, the mechanical aspects should be perfect. The dabbling on the novel midsemester can hardly be called fair to the students.

Dick Dauenhauer, '61

Football

To the Editor:

Unlike the anonymous writer of Friday, November 10th, I must agree that "just as a country can't have two kings, both football and education cannot rule." When a university library of half a million volumes is closed down without warning because of a football game, it's obvious who wears the crown.

Perhaps my indignation over Hill values might be less if I hadn't wasted time on Saturday afternoon with a fruitless trip to the campus in order to work on material in the main library. Reading again through Friday's Daily Orange I find no announcement that the library would be closed. For the sake of us Hill newscomers who are not yet "au fait" with the mores of a football university, I hope we shall receive due warning from the library and the D.O. the next time that study is subordinated to stadium.

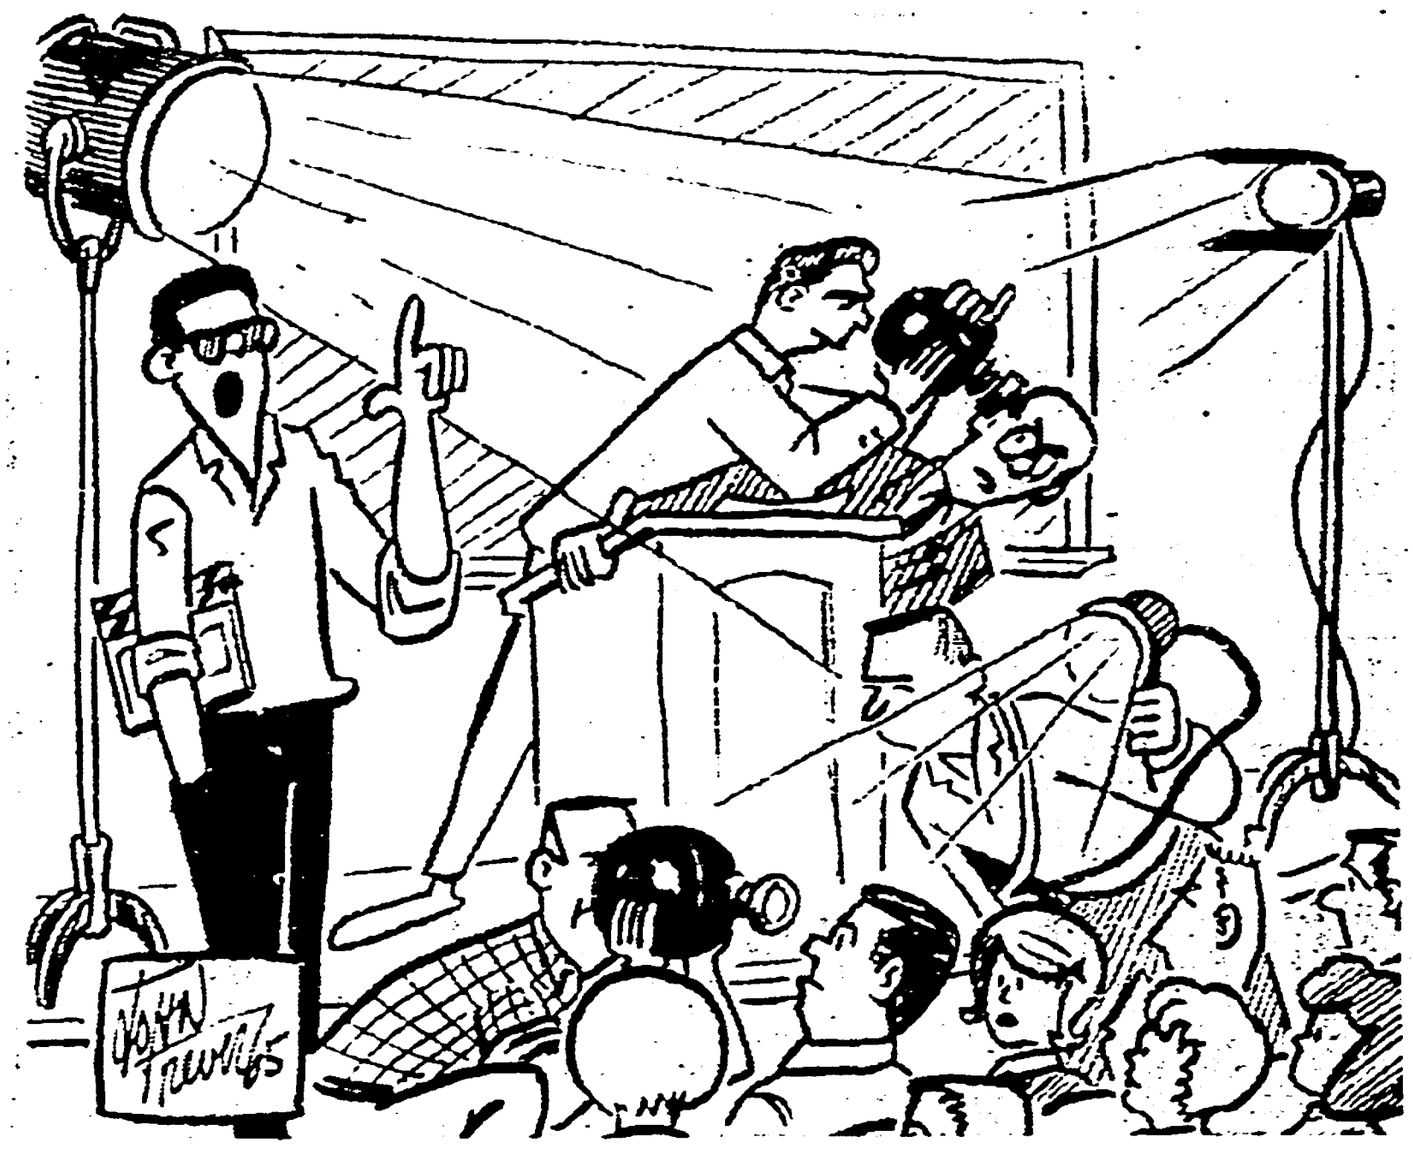
C. Hope Smith
Graduate student

India

To the Editor:

In reply to the letter of an unidentified Indian in your paper of Nov. 5, may I point out that to me internationalism means a world in which all States live as friends and equals just as in a Federation all States are equal. But my friend is preaching, judging from the context of his letter, internationalism even at the cost of having relation of master and servant among States. My friend is born out of time. He should have been born in the 19th century—the hey days of colonialism or "internationalism" in the words of our friend.

I wonder why this great humanitarian kept his mouth shut when the U.S.A. and the U.S.S.R. came almost to head-on collision a few weks ago. Was he seeking a permanent residentship or a job in the U.S.A.? I am sure many Indians will wish our friend all success in his endeavour, and agree with me that his exit from India will not be a loss but a gain to India.



May I also remind our friend that no where in Indian history, if my memory is good, "the practice of tolerance, restraint, and self criticism" under duress (under the guns of a foreign country) is preached. It is rather condemned as cowardice. Even a dog behaves when he sees the stick.

I wonder why this great humanitarian had to be anonymous.

Was he ashamed or afraid of his own convictions? Is this the man who can stand up to criticism? To me life lived stealthily is the life of a rat. If there is a nuclear war (God forbid) I prefer to be buried under the debris of atomic fallout rather than live in a rathole forever under constant fear of my own thoughts. Well, I'll have none of your wares, friend. Find another customer.

THE CUTTING ROOM

Jean Shepherd

by John E. Greenwald

Jean Shepherd, like acne, glands, and true love, is a stage of adolescence.

If you were a New York City teenager with above average intelligence, a penchant for rebellion and a flair for bohemianism chances are you tuned Shep in some late night.

Chances also are that you listened to Shep somewhere between the time you discovered the opposite sex and the time you discovered Art, and Shep's discourses helped you appreciate both.

For those of you saying, "What's this nut, that nut Greenwald's, talking about?" let us explain. Shep is going to emcee the ABC-TV "Hootenanny" this Sunday.

He also conducts a 45 minute week night radio program on WOR in New York City that consists mainly of re-tellings of re-tellings of Shep's Chicago childhood and humorous little "routines" involving some ironic and satiric comment on American life.

But for New York kids Shep is something more. He is the first bit of broadcasted rebellion you encounter. He is the first "comedian" to knock commercials, television, women and other sacred cows. He becomes many teenagers' first rebellious experience.

But Shep's appeal and talent is limited. In junior high you belong to an obscure, avante garde elite if you listen to him. In college only homesick freshman string up lengthy antennae to tune in a crackly and fading WOR.

Other things seem more rebellious, more satirical, sharper in wit and irony, than Shep's "big parade," or "head thumping," or "depression South Side."

Every so often a hardened college senior will listen to him, but somehow those joyous, expectant emotions never occur and all one gets are feelings similar to those one has after taking an old girl friend out for a cocktail.

There are three main classes of Shepherd listeners: the "I, Libertine" pre-Wannamaker ones; the four hour stand one; and the present 45 minute crew. The first class belongs to a truly thin-aired elite. Those were the days when Shep broadcasted all night, invented a non-existent book that was "knowledgeably" discussed in Princeton and held a mass rally in front of the vacated Wannamakers building.

(We will award a brass figligie with gold leave palms and four oak leave clusters to the first person who can tell us who painted the cover on the edition of "I, Libertine" eventually published. A midget turkey may be given to the one who correctly identifies the "author."

The second group, our group, would listen four hours every Sunday night as Shep would ramble on, re-roasting old chestnuts, improving his skill as a nose flautest and head thumper. Occasionally we would laugh, often we would be touched, and on a rare moment, such as when Shep read some haiku poetry accompanied by a koto recording, we would be moved.

The last group, is currently listening not to a rambler, or an improvisor, but to a self styled "radio entertainer." Shep, we are told, is trying to make the big time. He has appeared on the Steve Allen Show; played the lead in "Destry Rides Again;" cut two Electra albums; wrote the award winning "The America of George Ade;" went to Texas for the "Today Show;" and reviewed Kerouac's "Big Sur" for the New York Herald Tribune.

We don't know if Jean Shepherd will be funny, bemusing, off beat, big time or little time. We do know that Shep will recall those "golden days of yesteryear."

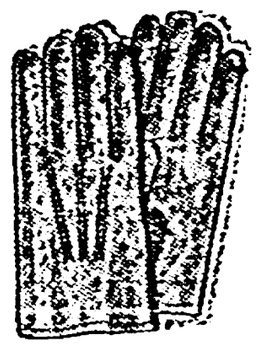
MUSIC

Syracuse Symphony

On the whole, Friday evening's Syracuse Symphony opening concert of the season was only a moderate success, but one that promised far better things to come.

The program was an exact one and would have posed problems for any orchestra. Wagner's "Overture to the Flying Dutchman" is notoriously difficult and was a questionable choice for Conductor Karl Kritz to open the concert with. From the first flubbed horn call, to the ragged brass fanfares and thin string tone, the performance was a shambles.

However, things improved with Stravinsky's "Petrushka" suite. Strings and basses were more mellow and the woodwinds would have been a credit for any professional orchestra.



In the Beethoven "Eroica" though, balances finally came to a proportion, and orchestral voices blended in a smooth manner. Although much of the credit for the eventual success of the concert must go to Maestro Kritz, there was a disturbing element in his conduction: a tend toward a kind of Germanic stress on rhythm very wearing upon this listener.

Kappa Phi Delta Wins Track Meet

By ART ROSSKY

Kappa Phi Delta fraternity captured the team championship in the annual intramural cross country run held Saturday at Drumlins.

Kappa Phi Delta's score of 51 points bested a six-team field.

Gary Sherman, a senior from Grover Cleveland dorm, gained the individual championship as he toured the 2.1-mile course in 11:47.

Others who finished in the top ten were: Cal Evans, Cleveland, second; Dick Brown, Cleveland, third; Gary Billion, Kappa Phi Delta, fourth; Dick Radune, Cleveland, fifth; Rick Miller, Sigma Alpha Mu, sixth; John Trever, Phi Gamma Delta, seventh; Dan Greene, Kappa Phi Delta, eighth; Jess Dubin, Kappa Phi Delta, ninth; and Hugh Dunseath, Phi Gamma Delta, tenth.

In addition to the points scored by Billion, Greene, and Dubin, other Kappa Phi Delta points were scored by Ray White, gaining 13th place and Bob Brooks, 16th place.

Other teams in the competition were: Phi Gamma Delta, second place, 65 points; Sigma Alpha Mu, third place, 80 points; and Kappa Sigma, fourth place 94 points. Cleveland, having less than the required five entrants, and Watson W1, arriving after the start of the race, did not score.

Sherman's time of 11:47 was the fifth fastest among runners who have won this event. The all-time record of 11:00 was set in 1949, the inaugural run.

Teams eligible for the championship entered a minimum of five runners and a maximum of seven runners. Twenty-nine men competed.

Scoring was one point for first, two for second, etc., as low point total determined the team championship. Runners scoring were the teams' top five finishers.

Except for the omission of one hill that shortened the course by .4 miles, the race Saturday was run on the course used in varsity cross country meets.

Dick Easterly Stars In Canadian Football

There's a familiar face on the Hamilton Tiger Cats of the Canadian Pro Football League, in a less familiar position. Dick Easterly, co-captain of the 1961 Orangemen, who divided his time between quarterback and halfback slots at Syracuse, is now being fielded at the flanker position.

Dick has had quite a number of changes to make in the five months that have passed since his graduation from Syracuse.

In addition to the change of position, he has divided his time between a short stint with the San Francisco 49ers and some semi-pro ball in the Atlantic Coast League.

It was during his activity in the latter that the Tiger Cats latched onto his services.

The flanker-blocker position was filled when Dick joined the club, so he bided his time back in semi-pro ball until he was recalled by the Hamilton team late in September.

He got his first try at flanker and did so poorly, he recalls, "that I was sure I was going to be sent back home."

But one week later, he was pressed into action in the Regina game, and emerged as one of the stars of the contest. He grabbed four passes, scoring on two of them and did a fine job of blocking.

"I can't take too much credit for the passes in that one though," he says modestly, "everybody except the coach was catching them."

But he had to start taking some credit because in the two games that followed he gathered in a total of eight tosses winding up in paydirt territory once in each game for TDs.

The 23-year-old, 5-11, 185-pound ex-Orangeman spends his off-season selling insurance in Syracuse. He spends his on-season being insurance in Hamilton.

Opponents

The three remaining Syracuse pass interceptions to dump the opponents went down in defeat over the weekend as this years foes managed to win only four of the nine games that they appeared in.

Next week's opposition, George Washington dropped a close 10-6 decision to William and Mary.

West Virginia, guests of Syracuse over Thanksgiving Vacation, were completely outclassed by Penn State as the Nittany Lion rolled over the Mountaineers, 34-6.

UCLA, who winds up the schedule Dec. 8, was upset by a fired up Air Force squad, 17-11. The Falcons capitalized on four Bruins before UCLA's Homing crowd.

Oklahoma State astonished Army with a come-from-behind win over the Cadets.

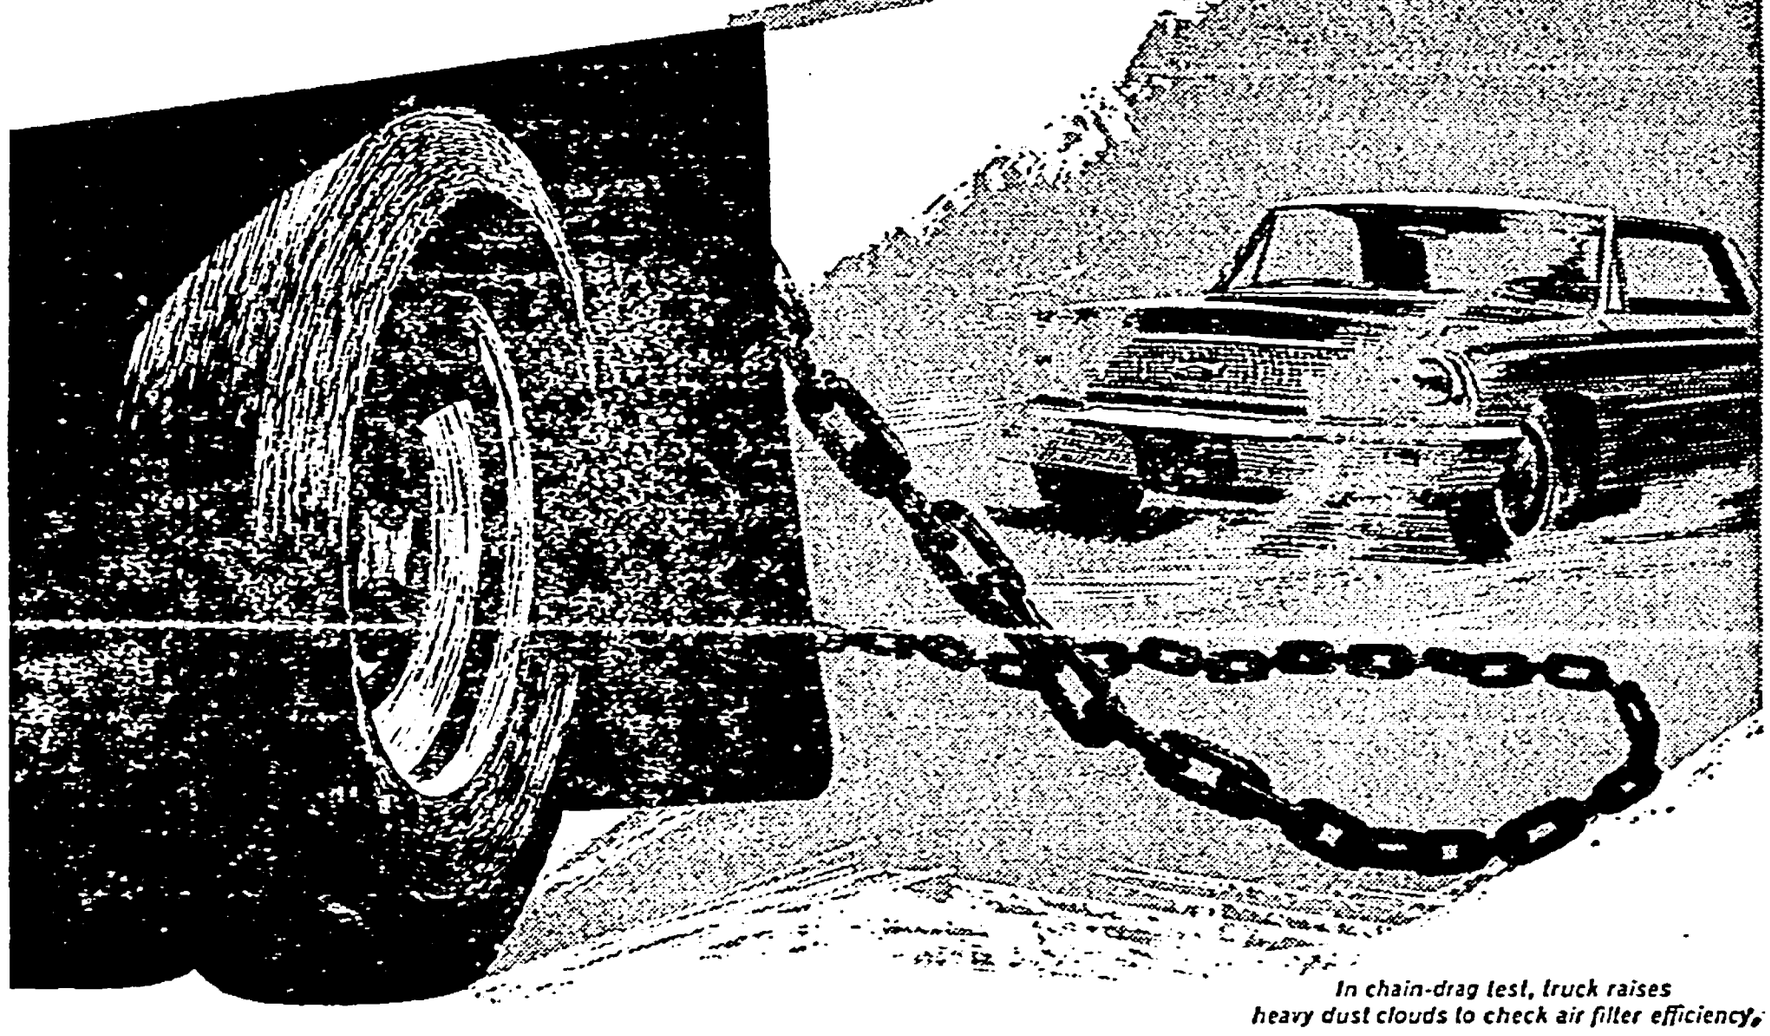
EVERY COLLEGE STUDENT CAN BENEFIT by reading this book

An understanding of the truth contained in Science and Health with Key to the Scriptures by Mary Baker Eddy can remove the pressure which concerns today's college student upon whom increasing demands are being made for academic excellence.

Free to You for 30 Days



Science and Health may be read, borrowed, or purchased for $3 at any Christian Science Reading Room. On request a copy will be mailed to you postpaid. After 30 days you may keep the book by remitting the cost or return it to the Reading Room in the mailing carton provided.

Information about Science and Health may also be obtained on campus through the

Assignment: find a filter paper that works harder the dirtier it gets

In chain-drag test, truck raises heavy dust clouds to check air filter efficiency.

Results: Up to 30,000 miles between filter changes in Ford-built cars for '63!

The 1963 Ford-built cars you see on the road these days can eat dust and keep coming back for more, thanks to improved carburetor air filters.

In our continuing quest to build total quality and service-saving features into Ford-built cars, our engineering research staff explored the entire field of physical chemistry for new air-purifying properties in materials.

The result: a filtering material made of chemically treated wood pulp and paper that permits Ford-built cars under normal operation to go from 24,000 to 30,000 miles before carburetor air filter replacement is required.

The new, tougher filter paper is accordion folded to increase surface area four-fold, permitting higher filtration in a smaller package. The more matter it accumulates, the better it filters right up to its full rated service life. It saves owners time and money. It keeps Ford-built engines livelier longer.

Another assignment completed—and another example of how Ford Motor Company provides engineering leadership for the American Road.

Ford
MOTOR COMPANY

PRODUCTS FOR THE AMERICAN ROAD • THE HOME THE FARM • INDUSTRY • AND THE AGE OF SPACE

From 2 p. m. to 5 p. m.....

THIS WAS THE SCENE—as 1,100 Hill students shivered in line Monday for 900 tickets to the ABC-TV "Hootenanny Special" Sunday in Sims Dining Hall. The line began at 2 p.m. and by 1:30 p.m. stretched from the student government office, 907 University Ave., around the corner, along University Place and around anohter corner yet, onto Walnut Place next to the Lowe Art Center.

They Waited..and Waited 200 Miss Out On 'Hoot' Tix

SINGING AND SHIVERING—students waiting in line for "Hoot" tickets were cheerful as the line grew shorter.

Joint Student Government Vice President Carol (Schultze) Lucha said Monday night she plans to try to make arrangements via long distance telephone with ABC-TV to either to allow more students to get into Sims Dining Hall or to select a different campus building for their "Hootenanny Special.

Names were taken in the student government office of about 100 students who were still waiting in line early Monday evening.

House Painted Red

Red paint was splattered over the front doors of Lambda Chi Alpha fraternity house, 809 Walnut Ave., between 4 and 8 a.m. Saturday.

Neither Security Police nor Lambda Chi brothers have any leads to the culprits.

Renovation and exterior work on the fraternity house was completed early this fall.

Rush Counselors

Rushing counselors for 1962-63 have been announced by Margaret (Marnie) Walrath, Panhellenic rushing chairman.

Selected by Miss Walrath and Dean of Women Marjorie C. Smith on the basis of applications, the counselors are:

Barbara Barnes, Marcia Barton, Brenda Blum, Myra Cohn, Alida Franklin, Lorrie Fried, Carol Gindon, Judith Glasow, Diane Hammond, Amanda Harmon, Wilma Hawkins, Judith Henning, Sally Jenkins, Joline Johnson.

Also, Nita Kamm, Laura King, Barbara Kinney, Constance Koch, Marty Kredel, Marilyn Larson, Edith Lieberman, Jean Limbaugh, Waine MacAllister, Joan McCullough, Linda Moninger, Susan Mullenhoff.

Gail Patch, Sandra Podolin, Monica Polozie, Judith Prowda, Jill Rich, Marianne Rigdon, Janet Ross, Elizabeth Russell, Jane Sheldon, Barbara Sedgwick, and Julia Solomon.

On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf," "The Many Loves of Dobie Gillis," etc.)

EAT, SLEEP, AND MATRICULATE

The trouble with early morning classes is that you're too sleepy. At late morning classes you're too hungry. At early afternoon classes you're too logy. At late afternoon classes you're too hungry again. The fact is—and we might as well face it—there is no good time of day to take a class.

What shall we do then? Abandon our colleges to the ivy? I say no! I say America did not become the hope of mankind and the world's largest producer of butterfats and tallow by running away from a fight!

If you're always too hungry or too sleepy for class, then let's hold classes when you're not too hungry or sleepy: namely, when you're eating or sleeping.

Classes while eating are a simple matter. Just have a lecturer lecture while the eaters eat. But watch out for noisy food. I mean who can hear a lecturer lecture when everybody is crunching celery or matzo or like that? Serve quiet stuff—like anchovy paste on a doughnut, or steaming bowls of lamb fat.

And kindly observe silence while lighting your post-prandial Marlboro Cigarette. Don't be striking kitchen matches on your

jeans. Instead carry an ember from the dormitory fireplace in your purse or pocket. Place the Marlboro against the ember. Light it quietly. Smoke it quietly. Oh, I know I ask a great deal! I know that one's natural instinct upon encountering Marlboro's fine flavor and filter is to throw back one's head and bellow great, rousing cries of joy. But you must not. You must contain your ecstacy, lest you disturb the lecturing lecturer. You can, if you like, permit yourself a few small shudders of pleasure as you smoke, but take care not to wear garments which will set up a clatter when you shudder—like taffeta, for example, or knee cymbals.

Let us turn now to the problem of learning while sleeping. First, can it be done?

Yes, it can. Psychologists have proved that the brain is definitely able to assimilate information during sleep. Take, for instance, a recent experiment conducted by a leading Eastern university (Stanford). A small tape recorder was placed under the pillow of the subject, a freshman named Glebe Sigafoos. When Glebe was fast asleep, the recorder was turned on. Softly, all through the night, it repeated three statements in Glebe's slumbering ear:

1. Herbert Spencer lived to the age of 109 and is called "The Founder of English Eclectic Philosophy."

2. The banana plant is not a tree but a large perennial herb.

3. The Archduke Ferdinand was assassinated in 1914 at Sarajevo by a young nationalist named Mjilas Cvetnic, who has been called "The Trigger of World War I."

When Glebe awoke in the morning, the psychologists said to him, "Herbert Spencer lived to the age of 109. What is he called?"

Glebe promptly replied, "Perennial Herb."

Next they asked him, "What has Mjilas Cvetnic been called?"

Replied Glebe, "Perennial Serb."

Finally they said, "Is the banana plant a tree?"

But Glebe, exhausted from the long interrogation, had fallen back asleep, where he is to this day. © 1962 Max Shulman

* * *

Glebe sleeps, but you, we trust, are up and about. Why not improve each waking hour with our fine product—Marlboro Cigarettes? You get a lot to like—filter, flavor, pack or box.

Who Will Reign?

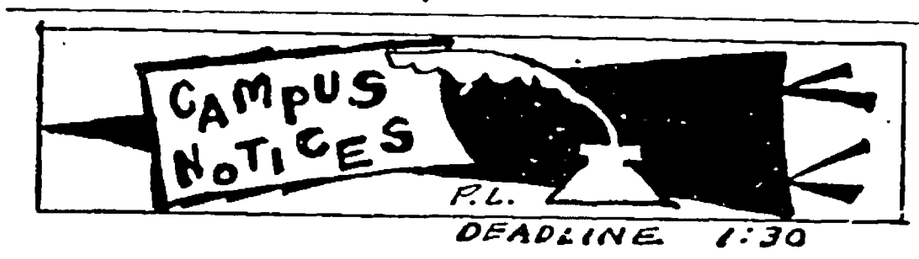
QUEEN CONTESTANTS—competing for the crown of the Engineers' Ball Saturday in the Syracuse Sheraton Inn are: (rear) SUSAN SUTPHEN, DIANE KESSLER, (front, L-R) SUSAN PODELL, NANCY STORY, JENIFER WYMAN. All Hill engineering students may vote for one of these five coeds all this week in the first floor of Hinds Hall.

IFC...

(Continued from Page 1)

which was not marked freshmen only.

These men also entered the freshman floor to apologize to the RA for disturbing the mixer, incurring another infraction of rushing rules.



Violation

Technically the fraternity was guilty of violation of rushing rules, stated the board. However, the infraction was made with no intent of illegal rushing, and the house was reprimanded on both counts.

Another house was placed on probation by the Judicial Board for infraction of SU regulation and conduct not befitting a fraternity on the Hill. The case dealt with the stolen ash trays from DellPlain.

With the recommendation of the Student Court, the case was judged by the board and the entire idea of the scavenger hunt was condemned in view of the National IFC rules dealing with Help Week hazing.

A violation of drinking rules was brought before the board for the publication of an article which used the phrase 'on the sly TGIF". The publication of the article was in bad taste, stated the dean of men's office.

CAMPUS NOTICES — deadline is 1:30 p.m. one day before publication. Accurate, complete, legible notices will be appreciated. Call only extensions 2127, 2128.

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

TRADITIONS Commission Applications due 5 p.m. Nov. 19, Womens Bldg. reception desk. Applications must include name, cumulative average and ideas for the commission's work; further information call Lee Peterson, ext. 2569, or Monica Polozie, ext. 2185.

LUTHERAN DAILY Devotions, 5 p.m. North Wing, Hendricks Chapel.

INTERFRATERNITY Sing applications due Nov. 20, to Lee Peterson, Delta Upsilon; registration fees $3 for house sing, $2 for barbershop quartets.

ENGINEERS BALL tickets may be obtained from Mrs. Harris, Bldg. 6; Miss Burrell, 106 Hinds Hall; Hank McLeod, 603 Sadler, ext. 2931. 2935. or Lee Metrick, 205 Watson East.

COMMUTING Sudents Assn., 7 p.m. Friday, 303 Women's Bldg.

AMERICAN FIELD SERVICE exchange students, call Steve Ridgely, ext. 2647 for information on meeting.

T-LODGE, postponed til 8:30 p.m. Wednesday. Sigma Nu.

Frosh Coed Honorary Taps Three Sunday

Sigma Lambda Delta, freshman women's academic honorary, tapped three members Sunday night.

The new members, whose cumulative averages for their freshman year were at least 2.5, are Paula Boghosian, Betty Chen and Risa Glaubman, now sophomores.

Induction of the new members will take place Wednesday at 7 p.m. in the Colonial Room of Hendricks Chapel. Dean of Women Marjorie C. Smith will speak.

All other present members were tapped last spring. They had first semester averages of at least 2.5.

Tentatives programs for the honorary's monthly meetings include rental of a short film, discussions with guest speakers and attending a concert. Dr. C. G. Christofides of the romance language department will speak in the near future on "Courtly Love."

JSG Training Test Thurs.

Student government training booklets are available any afternoon at the government office, 907 University Ave. The test for the course will be given 5:50 p. m., Thursday in Hendricks Chapel.

Anyone who wishes to take the test and did not attend three classes, or has conflicts with the test should contact Kenneth Harfemist, ext. 2984, or Susan Cahrnick, ext. 2955.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

The high feathery cirrus which spread over our skies late yesterday can usually be interpreted as a sign of bad weather.

Rain is spreading up the east coast but now seems likely not to reach here as a storm in Georgia tracks north-eastward out to sea. In its place we should experience the Central New York phenomenon known as fair weather.

Some high cloudiness today but with considerable sunshine and milder; moderating temperatures through Wednesday with generally fair weather. High today: upper 40's—low tonight: lower 30's.

Read the D.O.

AS A MATTER of fact, the editor of this rag, a Pen Pal League member from 'way back, immediately on seeing the advance copy, wrote Miss Afflerbach. We're not sure what else they may be corresponding about, but the one fact that can, apparently, be released to our readers is that the nonpilling EAGLE Oxfords, Tabsnaps and or Sloppy Bulges and all, can almost certainly be found at

Lund's Ltd.
720 S. CROUSE AVE.

'Little Mary' Preview

A special preview performance of "Little Mary Sunshine" will be held at 8:30 p.m. today at the Coronet Theater, Drama Building, for the social chairmen of all living centers.

For the first time in the history of the drama department at Syracuse, the dress rehearsal is open to an audience. Those attending will be asked to fill out a questionnaire about "Little Mary Sunshine." Social chairmen who have not been contacted should call ext. 2135. Admission is free.

"Little Mary Sunshine" opens officially Nov. 15.

EAGLE SHIRTMAKERS PROUDLY ANNOUNCES
A DACRON*/COTTON OXFORD
THAT WILL NOT PILL!

OH, given time a short-necked man with a heavy beard could pill *any* oxford cloth, they're that soft. But until just recently even Little Lord Fauntleroy could have pilled a DACRON/cotton oxford cloth shirt with one curl tied behind him. Which is why we didn't put out any of them. ★ Sure you know what pilled means; it's when the fabric gets roughed up into little pills. ★ Well, Du Pont has a brand new type DACRON that resists pilling. It came out about a year ago, but we waited until Greenwood Mills, the weavers who make our cotton oxfords produced a DACRON/cotton oxford they were proud of; a really luxuriant lofted oxford. And that brings us up to now. We are making Eagle Shirts of this new material in both a Tabsnap®collar and a button-down collar. At about $8.50.

★ Tabsnaps, you may recall, are Eagle tab collars that need no collar buttons. Our button-down collars also have a property highly prized by the toney cognoscenti**: a sort of sloppy bulge. We used to call this "flare" until we noticed everybody else was too. Besides, it really *isn't* a flare, it's a sloppy bulge, but it's ours and we like it. ★ So if you want a drip-dry oxford shirt that won't pill perhaps you'd better drop a note to Miss Afflerbach (she says forget the footnote) and ask her where in your town you can find Eagle Shirts. This is because many fine stores prefer to put their own labels in our shirts; very flattering, but tough on Eagle eyed shoppers. Write her care of Eagle Shirtmakers, Quakertown, Pa.

*Du Pont's trademark for its polyester fiber. **That wouldn't be a bad name for an Italian fashion consultant. Say, do you suppose we could get Miss Afflerbach to change her name to Toni Cognoscenti and . . . . .

Biological Building, Library Construction Slated for Foresters

Two new buildings will soon give a new shape to the campus of the State University of College of Forestry at SU.

The College has announced approval of preliminary plans for the construction of a forest biological sciences building and a new forestry library.

The two new facilities, with the existing Bray and Marshall Halls and Baker Laboratory will form a quadrangle.

They will be constructed at an approximate cost of $5 3/4-million dollars and will contain 110,730 square feet of net usable floor space.

Sciences Building

The biological sciences building will be located on the present campus of the Forestry College, immediately south of Archbold Stadium, with the library building adjacent to it and situated east of Hendricks Field.

The biological sciences building will have four complete, separate levels in addition to general use areas and will have greenhouse facilities on the roof.

It will provide urgently facilities for teaching and research in the biological sciences.

Programs Projected

The building will house the departments of forestry botany and pathology, forest entomology and forest zoology, as well as the forest soils facilities of the department of silviculture.

All of the education - research programs of the above departments have been projected to 1970.

The building will be used for teaching and accelerated research programs in plant physiology, forest patbology, forest entomology (ecology and physiology), soil fauna, animal physiology, wildlife management, population behavior and forest soils.

The college estimates that by 1985 the library will be providing service to approximately 1,-700 students, graduate students, post-doctoral fellows and faculty.

FRATERNITY FROSH SMOKER

All registered freshmen are invited to attend the first Inter-fraternity smoker, 7-8:30 p.m. at the Chapel House Thursday, stated IFC Rush Chairman, John Ebrens (Kappa Sigma).

Representatives from all Greek houses on the Hill will be available for questions and discussions with frosh. The smoker is a prelude to the exchange dinners, being held Nov. 27-28, said Ebrens.

Orange Key Taps Three

Orange Key, junior men's honorary, has tapped Robert Davis, William Gedalecia and Michael Steinberg.

Davis, a member of Traditions Commission and director of the '62 Goon-Chum Show, is from Erie, Pa. A member of Sigma Nu fraternity and the junior executive council he has been master of ceremonies of the frosh mixer the last two years. He has a 1.4 average in English and advertising, is a member of Sigma Delta Chi, men's journalism honorary, and a junior class senator-at-large.

Gedalecia, a member of Kappa Sigma fraternity, is a varsity tennis player and an Inter-fraternity Council Judicial Board justice. Vice president of Campus Alliance Party, he has a 2.75 cumulative average in American studies. He is from New Rochelle.

Steinberg, a resident of Scarsdale, is a member of the lacrosse team. A student in the College of Liberal Arts, he has a 1.47 average. He is Inter-fraternity Council co-rushing chairman and a member of Sigma Alpha Mu.

Names Listed For 30 More 'Hoot Tickets'

Thirty more students will receive ticketh to the ABC-TV "Hootenanny Special" Sunday, Joint Student Government Vice President Carel (Schultze) Lucha told the Daily Orange Tuesday night.

The students are the first 30 of the 100 who signed up in the student government office Monday after tickets gave out.

Miss Lucha emphasized that only the following 30 students, who last names follow, will get tickets. ID cards must be shown at the government office between 1 and 3:30 p.m. today.

The 30 are:

Tauber, Maloff, Atkins, Kilstrom, Jones (ext. 2857), Whitmore, Beatten, Kapp, Murton, Shultes, Eggers, Doran, Kurkeles, Ullal, Karp, Swin, Campbell, O'Connell, Farkas, Bingham, James, Perrak, Romano, Geanizzi, Rensky, Hudanell, Lipson, Griggs, Everett, Harris.

Miss Lucha said she called ABC-TV in New York City to arrange for the extra tickets. She said students may watch the show outside the open windows of Sims Dining Hall. The other 70 students who signed up may be allowed inside after all ticket-holders enter, she added.

IFC Meeting Today at AEPi

The Inter-Fraternity Council will discuss the possibilities of an experimental cooperative effort at 7:30 p.m. today at Alpha Epsilon Pi.

Cooperative chairman, Steven Burwick (Sigma Alpha Mu), will present the plans for a co-op car-washing program for all Greeks on the Hill. Elementary plans will be laid before the Council for its opinion, stated Thomas Rigoli, IFC president (Phi Delta Theta.)

Rushing procedures will be reviewed by co-chairmen John Ebrens (Kappa Sigma) and Michael Steinberg (Sigma Alpha Mu), in connection with the freshman smoker Thursday.

New Stability Level Seen in Middle East

By ANN CUTLER

The Mid-East today has reached a new level of stability and neutrality, commented Prof. Julian Friedman of the Maxwell School.

The lack of news about the Mid-East on the front pages of today's newspapers is evidence of this new level, he said.

Friedman feels that more striking evidence is offered by the lack of protest over the United States' recent shipment of defensive missles to Israel.

Reaction to this move was limited to notes of diplomatic protest from the Arab nations, he noted.

This new state of neutrality, explained Friedman, is the result of several trends which have only recently begun to develop.

The first of these, he stated, has been the increasing tendency of the Middle East Arab nations to reach their own balance of power, independent of the rest of the world.

The Arab nations are now divided into three groups; the liberal groups under Nasser, the conservative nations such as Jordan and Saudi Arabia and the neutralist nations.

The neutralist nations, stated Friedman, tend to switch sides within the Middle East when one of the other groups gets too strong.

The second of these trends, he continued, has been that the major powers have been leaving the Middle East pretty much alone rather than forcing alignment with either East or West.

This lack of interference from the major powers except to maintain the status quo in the Mid-East between Arab nations and Israel, as for example the gift to Israel of ground to air missles, has helped the Middle East to a state of creative neutralism, said Friedman.

This creative neautrality, explained Friedman, includes accepting help impartially from both sides of the cold war for internal improvements.

This preoccupation of the individual nations with internal growth and strength, plus being left alone, plus the success of the U.N. in that area has contributed to the increasing atmosphere of stability.

15th Engineers' Ball

The 15th annual Engineers' Ball, sponsored by Theta Tau, national professional engineering fraternity, will be held from 8:30 p.m. to 1 a.m. Saturday at the Syracuse Sheraton Inn. A deans' reception will be held from 8:30 to 9 followed by dancing from 9 to 1.

The ball is open to all students and faculty, not only those in engineering. Tickets are $5 per couple and may be purchased from Mrs. Margaret Harris, Prefab 6; Miss Alice Burrell, 130 Hinds Hall; Hank Mcleod, 603 Sadler, ex. 2935, 6; or Lee Metrick, 205 Watson East, ext. 2883.

This will be a semi-formal dance with music by Freddie Vare's orchestra.

Voting for queen of the ball is being held this week on the first floor of Hinds Hall. Only those who have purchased tickets will be allowed to vote. The winner will be crowned the night of the ball. The five finalists will appear on local television and the queen will receive gifts donated by Marshall street merchants.

Finalists for queen are Diane Kessler, Susan Podell, Nancy Story, Susan Sutphen and Jenifer Wyman.

Miss Kessler, a sophomore, is a sister of Chi Omega. She is an elementary education major from Holland Patent.

Miss Podell, a freshman, is a Day 6 resident and plans an education major. She is from New Haven, Conn.

Miss Story, a freshman, is in the College of Business Administration, planning a major in corporation law. She is a Day 8 resident and resides in Lansing, Mich.

Miss Sutphen, a freshman, plans as an education major. Her home town in Loudonville and her Syracuse residence in Day 5.

Miss Wyman, a junior, is in the School of Art. She is sister of Delta Delta Delta and is from Painesville, Ohio.

RESERVE SEATING

Reserve seating and ticket exchange for the George Washington game will be as follows: Today—

3:30-3:50, Married Students
3:50-4:10, Seniors
4:10-4:30, Graduate

Thursday—

3:30-3:50, Juniors
3:50-4:10, Sophomores
4:10-4:30, Freshmen

Reserve seating, block and individual, for the West Virginia Game will be held from 3:10-4:30 p.m. Monday, Nov. 19 in the Trophy Rooms of then Men's Gym. First come—first served.

Faculty Corner

'Heidelberg, Oxford, Melbourne, SU'

DR. DAVID W. FALK

By ERIC S. BENDERSON

The latest addition to the Hill philosophy departmnet is Prof. David W. Falk.

A man of diverse talents and interests, he received his doctorate from the University of Heidelberg, Germany and taught at the German School of Politics in Berlin. "It was a unique experience to be able to teach there," says Falk, ". . . . in a country which at the time was a battleground of poltical ideas."

With the rise of Adolph Hitler, Dr. Falk left Germany. After spending some time in France, he crossed the Channel and earned a master's degree in philosophy and political science at Oxford University. He taught there until 1950. At that time he traveled to Austraiia for a teaching stint at the University of Melbourne, before coming to the United States.

Five Schools

He has taught at five universities in this country, including Brown and Wayne State Universities.

Dr. Falk says the reputation of the Maxwell School was a strong attraction in his decision to come to Syracuse.

"I am teaching a graduate seminar in political philosophy in the Maxwell School. I feel there must be communication between philosophical and political scientists; the joint discussion of political ideas can be profitable to both," Dr. Falk says.

Dr. Falk notes a considerable difference between European and American secondary education preparatory to college.

In Europe, he explains, children are taught general education and literary material before they enter a university. This leaves the university immediately free to begin with more specialized education.

Parents have different attitudes toward education in Europe also, says Dr. Falk. In the European home it is common for children to have an educational goal set before them by their parents.

American parents "leave too much of education to the school," states Dr. Falk.

Dr. Falk's extra-curricular activities include mountain climbing and "appreciation of the visual arts."

"At a professor's salary," he says, "there is room only for appreciation" not appropriation.

Ancient art, Egyptian and Oriental, interest Dr. Falk particularly.

Daily Orange

November 14, 1962

Entered as second class matter at the U.S. Post Office, Syracuse, N.Y. Member Associated Collegiate Press, Associated Press news, courtesy of the Syracuse Post-Standard.

Candid Camera

The camera crews have left the Hill to return to the sound studios of NBC and, we suppose, to report to the powers that be just exactly what they obtained at Syracuse University last weekend.

We are not alone in wondering just what these crews did come up with or how they are going to use it. From the Syracuse powers that be come some frightened reactions. By now we have had a chance to gather some information on the way these newsmen operate and can find grounds for these fears.

If these men had come to Syracuse to film the sad state of affairs here they were probably disappointed and so, the reports go, they tried to stir up some excitement. But just as you can't photograph apathy, you can't manufacture something that isn't there, even if you work for NBC.

Therefore, we are wary about what these men printed on their films for the viewing of the nation. The university kindly granted them permission to take film in many places on campus and now must wait to see what the work of a film editor and some men with imagination can produce.

We hope the picture that will glare forth across the televisions of the nation will be an objective look at us as a typical large university, but we are afraid that Syracuse will not come off as we know it to be.

Our fate lies in the hands of others and we can only bolster our collective egos by telling ourselves that they had to do a lot of staging and rigging to come up with what they wanted.

Maybe we're dull; but better yet, maybe we're doing our job.

Credit: It's Due

Before we let Homecoming Weekend slip from our memories we would like to congratulate those fraternities and sororities that put so much work into their houses' displays for the weekend.

Though many people were disappointed because their house didn't capture a first prize, they should be heartened to know that the work of each display was appreciated equally, and, of course, not everyone could win.

The work that must have gone into many of these displays was great as the finished products showed. We are sure that they will go down in the book of Syracuse traditions as among the finest.

While we are bestowing praise we cannot neglect the financial success the sophmore class made of the weekend. This was truly an accomplishment of great merit. Their work has helped to get this first Homecoming off on the right foot.

Bells Are Ringing

The bells are ringing again—the Crouse bells, that is. This week the pledges of Delta Kappa Epsilon fraternity have returned to the bells of Crouse to ring out music for the campus.

In reply to our questioning recently, we were told that the bells had been silent because there were no pledges to ring the bells until last week.
rush or anything else.

So again the tradition continues despite deferred

Military Campaign

It took us some time to find out the results of last week's elections in Cattaraugus County, but now we have the official results of the race for State Assembly and for the sentimental the results were sad.

Our friend Benjamin Perreault, the candidate who was recalled to active duty with the Air Force, was defeated in his first bid for public office. His opponent James F. Hastings polled 11,752 votes while Perreault managed to get 10,214.

We feel it was a good showing by the man in blue although he must have been upset when he found out a dead man won an election in California.

TREVER ON CAMPUS

"I've got two term papers—you doubled?—and a theme—we're vulnerable, aren't we?—and a novel to read—I bid two spades—before tomorrow..."

LETTERS

'Hoot' Tickets

To the Editor:

Injustice once again cries out at Syracuse University!!!! There were some who received "Hoot" tickets and a greater margin who didn't.

In thinking over the situation I can only marvel at the way Miss Lucha and her compatriots distributed these highly valued tickets. I'm especially interested in how the 400 tickets for "deserving" organizations were selected and distributed.

We all learned from the Nov. 5 DO that 400 tickets were to be distributed to "Campus organizations that have rendered service to the University for many years, receiving very little recognition for their efforts."

I'll admit it doesn't seem strange that JSG committees have first crack at receiving tickets—they controlled their distribution. We can give a nod to Traditions as they have pull with JSG. The Student Union Committee which has slaved for the past two years to have more activities should get a big block of tickets if not the honor(?) of distributing them. Likewise WAER, Boar's Head and the DO deserve their equal shares.

But what about the smaller groups and Honoraries that continue to work and often only receive the "Thanks, good show" or such. Maybe we are just too small and not worth having on the campus—I would like to think that's not true. I feel JSG could have been more flexible and included such groups as Campus Guides, Alpha Phi Omega, the Citizenship Planning Council and Campus Chest.

I'm beginning to think that the rumor I heard four years ago is true: "It's not what you do on this campus, but who you know."

James T. Lindberg '63

Sims Hall

To the Editor:

We, the residents of Sims Hall, would like to extend our sincerest appreciation to the staff of the Daily Orange for placing the article about men's residence awards in the Friday edition of that paper. Had it not been for that article, we quite possibly would have continued indefinitely with the mistaken impression that Sims Hall constitutes a men's residence hall.

After all, we seem to be governed by men's residence hall rules, and we have even been permitted to send a representative to JSL and to operate a booth at the Campus Chest Carnival, both as a men's dormitory.

If by some chance we were correct in our original presumption, we would like to know why we were not included in the plans for these awards. We would like to remind those concerned that Sims Hall is comprised of three sections, each of which houses approximately forty students, and we cannot see why there is no need for making our dorm "a stimulating and pleasant place to live." In fact, it seems to us that the need is even greater here, because Sims Hall is lacking several of the luxuries which are present in the larger dorms.

We do not wish to feel discriminated against, but, if the proper steps are not taken, we don't see how this feeling could possibly be avoided.

The Residents of Sims Hall

Blood

To the Editor:

Please accept my sincere thanks for your splendid coverage of the recently completed blood program on the campus.

As you no doubt know, this has been one of the most successful blood programs completed by any college in New York State. The success, of course, is due to the fine quality of leadership and the excellent publicity. Best wishes for your continued success.

Thomas E. Connolly,
Chairman
Blood Recruitment
Onondaga County

The Other Sex

To the Editor:

Now I present a few favorite peeves about S.U. males:

Boys who wear pastel mohairs . . . skinny boys who wear peg pants . . . fat boys who wear peg pants . . . boys in ascots . . . boys in purple . . . boys that take Canoe baths . . . boys who think they are hot-stuff because they own a sportscar . . . boys who insist on immaculate dress for co-eds, yet they trapse around in jeans and sweatshirts.

Dates who are consistently late . . . boys who think money is of prime importance to a girl . . . boys who refuse to recognize the intelligence and potentiality of a girl . . . boys who insist girls are illogical and incomprehendable and refuse to discover the opposite.

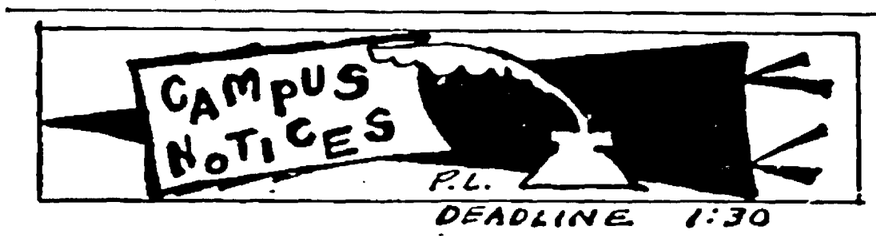
Boys who talk about how much they've drunk the night before . . . boys who hate to walk you home . . . boys who refuse to explain their own private jargon . . . boys with long curly hair . . . boys who aren't enthusiastic at football games . . . boys who never admit they're wrong . . . boys who ask their date what they should do that night.

Boys who don't read . . . boys who don't think . . . boys who don't talk . . . boys who only date sorority women . . . boys that don't phone . . . boys that phone too often . . . boys that slouch . . . boys who talk to you just to get your notes . . . boys that don't offer to alleviate a girl's laden arms.

Boys living on their high-school laurels . . . boys who condone Cortland and Caz . . . boys who make obscene noises in recognition of a passing female . . . boys who don't study in the library . . . boys that flunk out because of drinking all the time.

Fine, credo, I agree the male is by nature superior, but are those described above such? The principle is necessity and the females will agree they are thankful for the few men at Syracuse who dominate their women, covet their ideals, and are sensitive to other's feelings and emotions.

Trish Johnson '65



Trees

To the Editor:

One night as I was walking along—past Watson where the Dinglemen are—I saw five boys walking, five boys in Syracuse University jackets. Suddenly one broke out of the group and ran, ran to a tree—a young one growing by the street—and jumped on it with all his weight till the sapling snapped. Then they walked on—five boys in S.U. jackets going to DellPlain. And on the path to DellPlain another boy jumped another tree but this one was more supple and did not break.

Today, on Sunday morning, streets — I see whole trees fallen on the ground. Young trees — trees with berries. Why?

AWS REVIEW Board 4 p. m., today, 206 Women's Building.

IRE-AIEE picture for ON 7:15 p.m. Thursday, Dell Plain Lounge.

DEMOLEY brothers interested in forming club call Bob Ward ext. 2858 or Steve Rulison GR 1-7797.

FROSH FORUM 7 p.m. Thursday, Dell Plain lounge. Al living centers must send an alternate.

FROSH WEEKEND entertainment committee, 7 p.m. today, DellPlain family room.

OPEN TWISTER—Delta Phi Epsilon with the Vanguards. After George Washington Game.

ART HONORARIES—panel discussion by Mr. Matoba and new art faculty members. 7:30 p.m. Thursday, Rm. 31 Smith.

BALLROOM DANCE CLASSES 8-9:30 p.m. today, Recreation Lounge, Women's Building.

HONOR CODE Committee 1:30 p.m. Thursday, at the School or Nursing.

UKRANIAN CLUB; 1:30 p.m. Sunday, usual place. Call Rostyslan Smyck ext. 2941.

DORM REPS—contact floors to make sure they have a car for the calvacade contest. For Information call: Jim Marshall ext. 2569 or Ron Nontean ext. 2060.

JSG SPECIAL Services Committee meeting, 4 p.m. today, Chi Omega. If you cannot attend call: Mary Tapley ext. 2634 or Perry Lony ext. 2183.

T-LODGE, postponed til 8:30 p. m. today, Sigma Nu.

ART ADVISORY council, 7 p. m. today, Lowe art Center.

DeMOLAY BROTHERS interested in forming a club on campus call Bob Ward, ext. 2858, or Steve Rulison GR 1-7797.

AMERICAN INSTITUTE of Physics, Dr. Frederickson will speak on "The Physics of Tides," 7:30 p. m. today, 206 Steele Hall.

FROSH WEEKEND Decoration Committee 7 p. m. Today Day Hall Family room. If you cannot attend, call Carolyn, ext. 2203.

"ON" Editors, 3 p.m. today at Hellbox.

ON REPS, short meeting, 4 p.m. Thursday, Prefab 7, behind Chapel.

FRESHMAN SKEPTICS Corner, 4 p.m. Wednesday, Dean Noble's home, 315 Berkeley Dr. Guest will be David Bennett of the citizenship department.

UPPERCLASS SKEPTICS Corner, 8:30 p. m. today, Dean Noble's home, 315 Berkeley Dr; guest will be Dr. Edward Warren or the philosophy department.

ALPHA XI ALPHA design honorary organizational meeting, 8:15 p. m. today, Dr. Dibble's home, Livingston Avenue; all members must attend.

OUTING CLUB songfest, 7:30 p. m. today, in Chapel Lounge; bring your strings. Also meet for on picture, 7:10 p.m. Tuesday in Crouse College Auditorium. A short business meeting will follow to discuss the Thanksgiving trip.

SKIN DIVING club meets 7:30 p. m. Thursday, 111 Maxwell.

IRE-AIEE MEETING, 7:30 p.m. today, 209 Hinds. J. A. Yannes speaking on "Space Age Guidance."

JSG PUBLIC RELATIONS committee, 4:30 p. m. Thursday, student government office; all who signed up must attend.

PANHELLENIC BALL Checks to Kati Antony (Pi Beta Phi); $1.50 assessment per girl for every active and pledge. Make out checks to Panhellenic Assn. of Syracuse University. Checks due Friday.

ETA PI UPSILON Buffet for actives and pledges, 6:15 p.m. Women's Bldg Alumnae Lounge; 9 p. m. meeting is cancelled.

SOCIAL CHAIRMEN are invited to see preview performance of "Little Mary Sunshine" 8:30 pm. today, Coronet Theater.

METHODIST STUDENT Fellowship "Dialogue in Theology" luncheon, 12:20 p.m. today, Chapel House.

ANGEL FLIGHT FORMAL Pledging 7 p.m. today, recreation lounge, Women's Bldg. Officers wear uniforms.

WAA Badminton 4 p.m. Gym B, competitive swimming 4 p.m., studio.

JSL ADVISORY Committee, 7:30 p.m. today, student government office. All members must attend and bring reports. Any questions: call Ginney Lederer 2634.

HILLEL STUDY GROUP meets 7 p.m. today, room "C" Chapel House.

CHRISTIAN SCIENCE Organization, 6:45 p.m. today, Colonial Room, Hendricks Chapel.

JOURNALISM COUNCIL 7 p. m. today, 202 Journalism Center.

EPISCOPAL HOLY Communion, 5:05 p.m. today, Chapel House.

EPISCOPALIANS Wanting to go to meeting on "Ministry of Laymen" in Ithaca on Dec. 7-8, collect material at Episcopal office and attend discussions Nov. 18 and Dec. 2.

DAY HALL TWISTER, 7:30-11:30 p.m. Friday, Gym A Women's Building. With Student Union. Admission 50c men, girls free. Money to Campus Chest.

GREEK INDEPENDENT Alliance Party, 7 p.m. Thursday, Alpha Delta Pi. For information call Jim Gray ext. 2660 or Carol Wurthner, ext. 3148.

WOMEN'S FRESHMAN Honorary 7 p.m. today, Colonial Room Hendricks Chapel. Bring dues.

ALL GOONS going to "Little Mary Sunshine" meet 6 p.m. Thursday in front of the Savoy.

WAER STAFF meeting, today 7:30 p.m. 108 library. Frosh with orientation meetings come to the library first.

ISO INDIAN, Cultural Event 7:30 p.m. Thursday, Alumni Lounge, Women's Building. All welcome.

SENIOR CLASS Executive Council Thursday, 7 p.m. at Pi Beta Phi sorority.

JSL WAYS AND MEANS Committee 7 p.m. today, 310 H.L.

PSI CHI—all members, 7 p. m. today, 125 College Place, Seminar Room.

LUTHERAN DAILY Devotions; 5 p.m. North Wing, Hendricks.

BALLROOM DANCE Classes 8 p.m. today; Recreation Lounge Women's Building.

IRE-AIEE 7 p.m. today, in 209 Hinds Hall.

BRIDGE CLUB masterpoint tournament, Sunday, 1:45 p. m. Graham Hall Lounge. Entrance 75c.

SKIN DIVING 7:30 p.m. Thursday, 111 Maxwell.

FROSH WEEKEND Corrections committee signups today-Friday in the lobby of HBC.

AMERICAN Institute of Physics, Dr. Fredrickson on "The Physics of Tides," 7:30 p.m., 206 Steele Hall.

Hey there, you with the raft of ideas!

ME, EE, AE ENGINEERS

Get that raft afloat fast, and head for the land where ideas multiply. But before you set your course, you'll want to compare the opportunities . . . the challenge . . . offered by potential employers with what *you* can bring to your employer.

What's up at Hamilton Standard? In brief, a diversification program that includes design and development of propulsion controls, life support systems, other environmental control systems, electron beam machines, automatic stabilization systems, propellers, and ground support equipment.

We're looking for men with ideas . . . ideas ready to be launched. If you're an engineering student looking for the best means to an end, pick up a Hamilton Standard brochure at your placement office. It may hold the first clue to how you can get started toward the best company for you.

A Hamilton Standard college personnel representative will be on campus soon. He'll be glad to answer your questions, and to take your application for a position if you decide you like what you've learned about us.

THE DATE: February 26, 1963

Halfback Mackey Surprise To Navy

By STEVE SPIEGEL

In a surprise move that left Navy completely stunned, All-America end candidate John Mackey became the Orange's starting halfback. The result: 63 yards gained in six carries and two touchdowns, including a 51 yard pass reception from quarterback Walley Mahle.

Perhaps the best summation of Mackey's outstanding play was provided by Schwartzwalder as he stated "We thought that number 88, that new guy in the backfield, whatever his name is, looked pretty good."

Schwartzwalder went on to explain his reasons for switching the big end. Bowman and Cripps are coming along fast," he stated, and "Mingo is improving." Altogether, the Orange have six good ends while the backfield remained shaky. The sophs were "a little tense" and Bill Schoonover's injury complicated matters even more.

Mackey had originally joined the squad as in his frosh year as a halfback, and was therefore familiar with the position. As Schwartzwalder put it, "John is an old campaigner, he would relax the backfield. He relaxed the coaches, too."

Ben continued in his praise of Mackey's performance as he added, "John is the type of back that under stress or duress provides his own interference." This was evident, especially to the Middies, as John powered his way through the Navy line for substantial gains.

Coach BEN SCHWARTZWALDER talks to JOHN MACKEY in practice. Mackey was moved to halfback from end last week by Ben in an effort to bolster the Orange offense. Mackey responded by playing one of the best games of his career on the Hill.

Besides praising Mackey, Ben was also quick to mention the fine all-around performance of the entire squad. He considered the game to be "a real team effort" and stated. "At long last we finally looked like a football team, and it was a wonderful thing."

Nittany Leads Lambert Orange Moves To 4th

By ELLEN HALPRIN

Penn State took over top spot in the Lambert Trophy race by unanimous vote after last Saturday's drubbing of West Virginia. Army fell to second after an upset by Oklahoma.

The Nittany Lions, who suffered their only loss to the Cadets, have two games remaining with Holy Cross and Pittsburgh. Army with two games left to play against Pitt and Navy will be in there battling in an effort to regain the top spot.

The Cadets received three second place votes. Dartmouth held third position by trouncing Columbia 42-0 and collecting three second spot votes.

The remaining votes for second slot went to the Orangemen of Syracuse for Saturday's upset of Navy. Syracuse again moved up to fourth place after dropping to fifth in last week's polls.

Pittsburgh dropped from third to fifth spot. The Panthers were crushed by the Irish of Notre Dame 43-22. There was a three-way tie for sixth place among Boston College, Holy Cross, and Navy.

Harvard popped up in the Lambert ratings for the first time this week. They shut out the Tigers of Princeton 20-0 and took over the ninth slot. Villanova squeezed in once again to take last place.

On the basis of ten points for first place the ratings shaped up this way: Penn State, 10, Army, 8.5, Dartmouth (7-0) 8.1, Syracuse(3-4) 7.1, Pittsburgh (4-4) 4.8, Boston College (6-2), Holy Cross (5-2), Navy (4-4), 4.5, Harvard (4-3), and Villanova (6-2).

Foster Elected Basketball Capt.

Six-foot four-inch Herb Foster was elected captain of the 1962-1963 Orange Basketball Team.

Foster, a regular on last year's squad, was fifth in scoring with 125 points. He netted 53 field goals and 19 free throws. He was fourth in rebounds, pulling down 121 in 24 games.

Herb is a native of Erie, Pa., where he attended Cathedral Prep School. He was active in basketball there.

A Business Administration major, Herb is a senior.

Down In Front

By JODY ADAMS

After four dry weeks it was quite a weekend of football for Syracuse.

Friday the frosh showed the crowd that huddled together in the stands of Manley Field why they are undefeated.

Saturday the big boys made the capacity crowd that jammed the Stadium wonder why they aren't.

In the week prior to the Navy contest, Ben spoke via the telephone to the guests of the weekly football press luncheon at the Naval Academy.

In his best satirical form the Orange coach told his audience:

"There'll be one good team on the field Saturday and it won't be ours.

"Fumbles? We're working on our fumbles now; fumbling forward now.

"Outstanding players? We don't have any. Our ends are satisfactory, John Mackey and Walt Sweeney, although Pitt got outside them."

"Fullback Jim Nance? He's floundering around."

A week later Uncle Ben is singing a different tune.

"If we had played this way all year, we'd be undefeated now. I'm proud of their performance. I can't recall a better team effort," he declared as onlookers called Saturday's performance comparable to the best of the National Champions of 1959.

On fumbles: "We finally scored more times than we fumbled."

Bo Nance had a "great day", Ben praised. "It's the first time since Oklahoma that the has been well for a game this year."

And John Mackey is no longer a "satisfactory" end. Big John ran like he was carrying half his number (John wears Number 88).

It wasn't a weekend for 44's. Neither holders of the coveted jersey were available for much duty.

In Friday's frosh contest, the Tangerine's leading rusher, Charlie Brown, spent the 60 minutes fighting on the bench. He was obviously itching to show the home folks what he could do.

But an injury has him hobbling and he was the only player to leave the field with a clean jersey.

Varsity 44 Bill Schoonover, was out with a badly bruised shin. He made a brief appearance late in the game.

There was a familiar face in the stands. He was nattily attired and observed the game intently. His attention was drawn away from the field only long enough to explain some action to his pretty companion.

He looked fine. A smile constantly lit up his face. His pleasure obviously came from his old roommate's performance down on the field. Number 88 was having quite a day.

We did wonder, however, when he studied his program for a long time after Bill Schoonover entered the game.

Could it be that he was looking to identify the owner of the 44 jersey?

It is understandable why he would be curious—he wore the same number for the Orange for quite a while.

With about three minutes remaining in the game, Ernie Davis started threading his way down to the sidelines; And as he passed by applause grew spontaneously as fans recognized the great Orange star.

Well-wishers slapped him on the back. He grinned, and thanked them, returning their good wishes with a smile or a couple of words.

On the field he stood signing autographs until the final gun sounded, then he quickly ducked toward the exits.

He enjoyed the game. I think we all did.

Alabama On Top In AP Poll; Southern Cal Remains Second; Northwestern Drops To Ninth

By RICHARD GOULD

The time is one week later and the teams are the same, but the positions are different. Northewestern has fallen and the Crimson Tide of Alabama is back in their favorite first-place position.

This shuffling is due to last Saturday's gridiron action which saw Wisconsin (formerly 8th) thump Northwestern 37-6. Rom Manderkelen, a senior quarterback for Wisconsin, had seen action for only 96 seconds before Saturday's game.

However, he came off the bench to throw three touchdown aerials behind a solid line that was too tough for the Wildcast. The victory placed the Badgers of Wisconsin (6-1 for the season) in fourth place, while Northwestern (6-1) dropped to ninth.

Alabama moved into the top spot in the nation by trouncing Miami, Fla., 36-3. The Crimson Tide have a season record of 8-0 with two home games remaining including next week's opponent, Georgia Tech.

Southern California remained in second place and kept its record (7-0) unblemished with a 39-14 victory over Stanford. The Trojans have three more names on their schedule including two Syracuse opponents, Navy and UCLA.

Mississippi rolled over Chattanooga 52-7 and remained unbeaten. Their 7-0 record places the Rebels third and keeps them in contention for a Bowl bid.

Texas moved to fifth place. A change in the Longhorns quarterback position paid off as Texas downed Baylor 27-12.

Texas has a chance to play in the Cotton Bowl, but they have yet to face TCU (which held Louisiana State to 5 points) and Texas A&M.

Missouri took a solid hold on sixth spot by smashing Colorado 57-0. Their 7-0-1 record is put on the line this Saturday as they face a powerful Oklahoma Eleven.

Seventh position is held by Arkansas (7-1) which defeated Rice 28-14. The Razorbacks have two contests remaining and play host to Southern Methodist this week.

Minnesota (5-1-1) is eighth by virtue of their shutout over Iowa 10-0. Their next opponent is Purdue.

Rounding out the top ten is Northwestern (9th) and Louisiana State (10th) which eked by TCU 5-0.

The AP poll is determined by a vote of newscasters and announcers. Points are based on 10 for first, 9 for second, etc. The first four teams received 22, 17, 3, and 8 first place votes, respectively. Penn State, which did not place among the top ten, received one vote for first.

The following is a list of the top ten teams with the number of points they received in parentheses: 1. Alabama (455), 2. Southern California (445), 3. Mississippi (375), 4. Wisconsin (328), 5. Texas (301), 6. Missouri (224), 7. Arkansas (196), 8. Minnesota (152), 9. Northwestern (119), 10. Louisiana State (77).

Pro Art Concert Set for Sunday

Pro Art of Civic Morning Musicals presents Rollie Abkowitz, soprano and Joan Emtage, cellist in its annual Janet Corday Won Scholarship Recital 7:30 p.m. on Sunday, Nov. 18 at the Everson Museum, corner James St. and North State St.

The returns from the concert are given through Civic Morning Musicals to Syracuse University's School of Music scholarship fund in memory of Janet Corday Won, former S.U. student and pianist.

Rollie Abkowitz was heard last spring as soprano soloist in the Mozart Requiem, given by the Syracuse Chorale under the direction of Ernst . Bacon. A graduate of New York City's High School of Music and Art, she has studied privately and at the Eastman School of Music.

Currently a student of Florence Hartman, she has soloed for Pro Art, is an active member of Civic Morning Musicals, and sang with an opera group in New York, where she has also given concerts. On November 30, she will appear as soloist with the Syracuse Friends of Chamber Music under Louis Krasner.

Joan Emtage, a graduate of the Curtis Institute of Music has performed for Pro Art, Civic Morning Musicals and is cellist with the Syracuse string quartet. She was first cellist with North Side Symphony in Chicago.

Gay Eldrett Bush, who will accompany Miss Abkowitz, is an SU grad and board member and officer of Civic Morning Musicals. Miss Emtage's accompanist is Patricia Lotito, a graduate of Missouri University who was formerly with the University College public relations staff.

MUSIC

Crouse Concert

An unhappily small crowd was assembled at Crouse College this past Sunday to hear Miss Ruth Pinnell accompanied by Miss Veronica Rohan Sage in a voice recital.

Miss Pinnell is a full-throated soprano who is capable of controlling her voice and singing at several dynamic levels. The first half of her program consisted of songs by Lully, Piccinni, Gluck, Schumann and Joseph Marx, spanning several centuries dreftly. Her simple delivery did justice to all the styles.

Seven Poems by James Joyce set to music by E. J. Moeran provided the opening of the second half of the program. Each short bit of verse was provided with music intended to intensify the mood set by Joyce. This it seemed to do admirably well. The one failing in the performance was that the words were difficult to catch and thus half the effect was lost.

SW

On Stage This Friday

SET TO appear this Friday at the University Regent Theater is LINDA RYAN, a member of the Cleveland Playhouse. She is appearing in Oscar Wilde's "The Importance of Being Earnest." Saturday night the troup will do Ibsen's "Ghosts." Also appearing this weekend with the Playhouse are Charles Keating and Richard Halverson.

Foreign Pics

At Midtown

A Russian color filming of Shakespeare's "Twelfth Night" will be presented at the Midtown Theater tonight as part of their continuing showing of foreign language pictures.

"Sailor for the Comet," another Soviet movie is also featured. Both films have subtitles.

Thursday the Midtown will have two German pictures, "Bei Der Blonden Katrein" and "Die Perle Von Pokay."

Settle Sings Sunday

SING-OUT—Folksinger MIKE SETTLE will be appearing this Sunday at Sims Hall as part of the ABC-TV "Hootenanny Special." Author of the song "Sing Hallelujah," which is also the title of his Folk Sing Records LP, Settle has been singing since the fourth grade. While at college he met singer Mason Williams and became interested in folk music. "I love all the songs I do, and I do them the best I can," Settle says. "I hope they can give you as much joy as they give me."

ROTC Learns Silent Warfare

Counterguerrilla warfare has now found its way to the Hill campus as 50 Army ROTC cadets practice techniques of "silent warfare."

The group, one of the first in the ROTC schools of the eight state First Army area, is modeled after the Army's tough, beret-clad Special Forces group.

Included in "silent warfare" are combat techniques such as map reading, weaponry, patroling and hand-to-hand combat. Use of these techniques arises from a need to oppose fanatic guerrillas like those in South Vietnam.

Lt. Col. Lloyd C. Hundnall, commandant of cadets, speaking on the newly-formed group emphasized the growing need for experts in these techniques.

"In recent years we have been witness to a type of combat short of thermonuclear war in which survival and success in battle depends upon skills much like those utilized in colonial days," he said.

"The failure of conventional forces in the Indochina War underlines the vital necessity for meeting fire with fire," he said.

Cadets in the program are toughened by physical training and fast moving tactical problems. They also learn to operate powerful portable radios furnished by the Army for their training. Respect for the "move, fight, communicate" doctrine is an implicit part of the curriculum, Hudnall added.

Judo

Major Richard L. Ryan, a West Point graduate and holder of a blue belt in judo, instructs cadets in hand-to-hand combat. Part of each training session consists of practicing judo and karate.

Another part of the training consists of land navigation by use of a single compass. Instructed by Captain Wilson R. Rutherford Jr., trainees are required to find their way through heavily forested areas near Syracuse.

It is expected that more cadets will be taken in the program in time. Nearly twice the number of student applicants that could be handled were initially received.

Lambda Sig Taps 9 Coeds

Nine pledges were tapped by Lambda Sigma Sigma, junior women's honorary, at 6 a.m. Saturday.

They are Rinna Block, Janice Brockway, Adair DuFine, Margaret Kelly, Laura King, Geraldine LaDue, Elizabeth Neill, Mary Tapley and Patricia Thatcher.

They were tapped on the basis of their leadership, citizenship and scholarship.

Miss Block, a drama major from Montclair, N. J., is president of the Hendricks Chapel Board and a member of the Speech Advisory Council. She is a member of Alpha Delta Pi sorority.

A fashion design major, Miss Brockway is from Buffalo. She is a junior officer of the Association of Women Students, a member of the Art Advisory Council and a sister of Chi Omega.

Miss DuFine is Inter-fraternity Council reporter for the Daily Orange and a member of Alpha Gamma Delta. She is a history and newspaper major from Scarsdale.

A member of Traditions Commission, junior executive council and Kappa Alpha Theta. Miss Kelly is a Syracuse resident majoring in elementary education.

From Blasbell, Miss King is an AWS justice, chairman of the Casowasco conference and a member of Chi Omega. She is an English education major.

Miss LaDue, from Wrentham, Mass., plans to go into business education. She is Panhellenic treasurer, AWS clerk and a member of Zeta Tau Alpha sorority.

A sister of Kappa Kappa Gamma, Miss Neill is a Latin American studies major. She is from Newport, and is a junior officer of AWS and a junior guide.

Student Court justice and special services commissioner for Joint Student Government, Miss Tapley is an English education major from Ellsworth, Me. She is a sister of Chi Omega.

Miss Thatcher, majoring in speech education, is from Brockport. She is a member of Traditions Commission, the junior exec council and Kappa Alpha Theta.

After the tapping, pledges and members met for breakfast at Chapel House with Dean of Women Marjorie C. Smith and Miss Cleo McCracken, assistant dean of women and adviser to the honorary.

DellPlain Shapes Up

DellPlain Hall's main lounge was reopened Tuesday morning after a weekend of "very satisfactory behavior" according to Richard Goolsby, director of the male frosh dormitory.

Goolsby, who last week closed the lounge and threatened to close one facility weekly if the situation did not improve, said this statement would take effect again if it is necessary.

Byron Ward, eighth floor resident advisor, confirmed that the dormitory's elevator system was closed for several hours Sunday evening due to "a repairman's ire". According to Ward, the elevator repairman took it upon himself to close the elevators, which was reopened by Goolsby when he learned what happened.

Ward also told of a letter sent to Goolsby earlier in the week by the residents of the eighth floor which supported his policies and efforts to bring order to the dormitory.

Another floor advisor suggested that freshmen be assigned to cottages and older dormitories since they lack the maturity to care for a new building. He was particularly upset about two fires that were started in DellPlain about 3 a.m. Saturday Nov. 3.

Both Ward and Goolsby expressed surprise at complaints by some of the dormitory residents regarding the Daily Orange account of the incidents, reported by freshmen Charles Barney.

"I think the story was very fair and almost verbatim from Mr. Goolsby's memo," commented Ward.

Goolsby answered criticism of Barney's reporting by saying "The story was not at all in bad taste. In fact, I think the DO did a service by calling the attention of the campus to an undesirable situation."

JOB INTERVIEWS

Corning Glass Works will be holding interviews for the following positions today; business administration and liberal arts majors in accounting, marketing, personal-industrial relations, sales management, trans. and exp. for assignments in various departments. The interviews will be in 105A Slocum Hall.

At Building 8, today, The Boeing Company will conduct interviews for: ChE., Ph. D. (Thesis), CE, EE, ME, IE, Aero., Math., Physics M.S., Ph.D. (or B.S. if grad. in Feb. 1963)

Also at Building 8, Corning Glass Works for ChE, Met., EE, IE, ME, Chem. Math., Phys.: B.S., M.S., Ph. D., Ind; Des.: B.S., M.S.

Dow Corning Corporation will interview in building 8 for ChE, Chem.: B.S., M.S., Phys.; Pulp & Paper: B.S., M.S.

The General Electric Company will interview for ChE, Met., CE, EE, IE, ME, Areo. Chem., Math.; Phys.: B.S., M.S. in Building 8.

World News

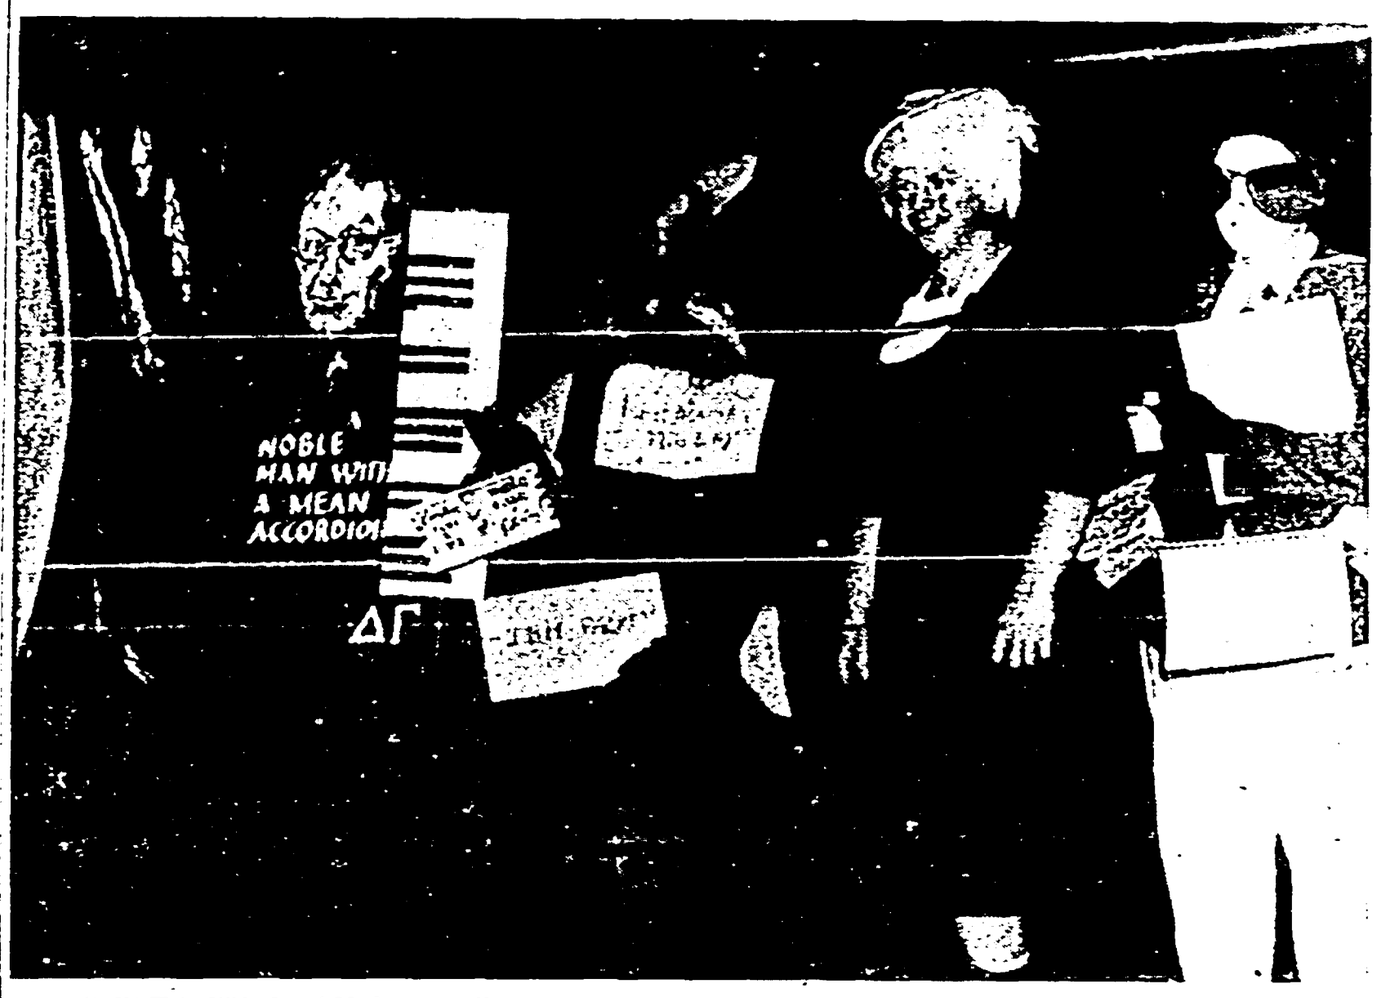
CUBA — The Soviet Union and Cuba presented to United Nations Secretary General U Thant "specific proposals" for ending the Cuban crisis—including U. S. evacuation of her Guantanamo Bay Naval Base.

BERLIN — German Chancellor Conrad Adenauer arrived in Washington Tuesday for two days of talks with President Kennedy.

WASHINGTON — The U. S. Budget Bureau has announced the nation will end the fiscal year in July with second highest deficit in peacetime histroy—$7 billion, 800 million dollars. The Bureau said the deficit "is not inflationary or dangerous."

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams



SUMMARY:

Clearing and warmer will be the trend through Thursday. There is hope that upper air winds will keep Polar air in Canada, allowing a warm high in the midwest to reach here.

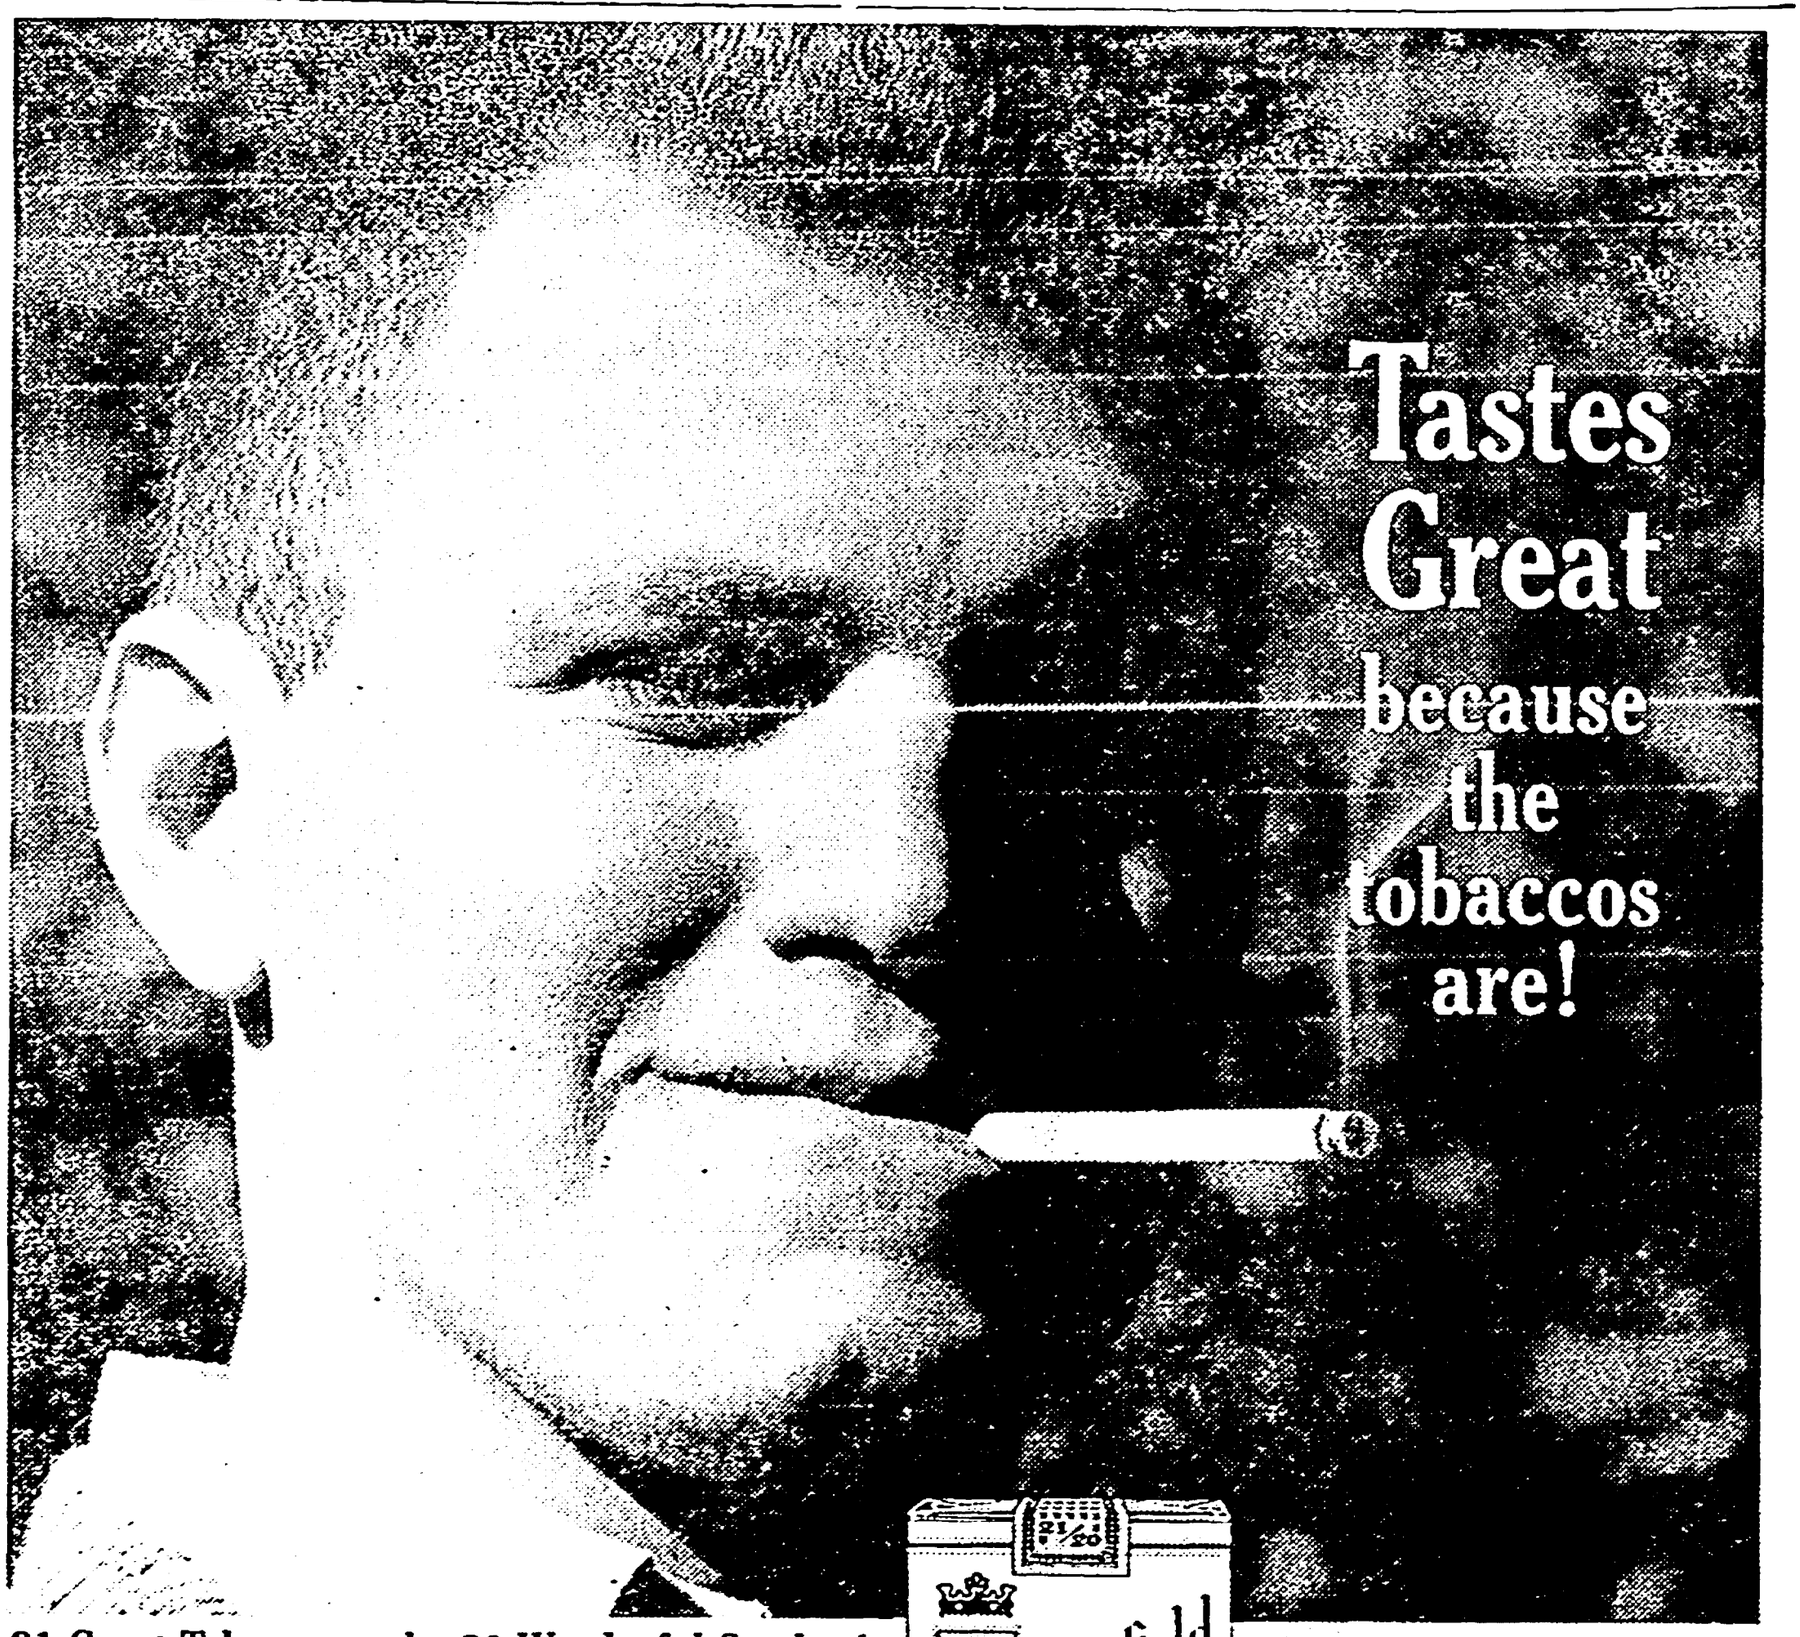
Except for one day, the temperature on campus has been below normal since the semester began. Normal high for this date is 50.

Clearing and slightly milder today with considerable sunshine by afternoon. High today: upper 40's. Low tonight near 35. Warmer Thursday.

'The Dean is Mean and Ugly...'

CONTESTANTS for "Ugly Man," four of whom are seen above, are so ugly we can't recognize them. When you see them on the quad, ask them if they are Michael Mecka (Dean Noble), John McIntyre (Dean Faigle), Jeannie Limbaugh (Dean Cope), Mariane Godsick (Dean Noble), Hal Geron (Dean Smith), Arty Steinberg (Dean Clifford or a member of Delta Upsilon (Dean Carleton).

Who is the ugliest "Ugly Man" on campus?



Voting starts today in booths around the campus to pick one of seven entrants in the "Ugly Man" contest,sponsored annually by the Hill chapter of Alpha Phi Omega, national service fraternity.

This year's theme is the "Mean Dean."

Instead of ballots, students must place money in a jar for their favorite "Ugly Man." Proceeds go to Campus Chest.

Voting ends after the SU-George Washington football game Saturday.

The seven entrants will campaign on campus this week and will appear at the football game.

IFC Holds Smoker For Frosh Today At Chapel House

By ADAIR DuFINE and CLAY RICHARDS

Plans for the second Inter-Fraternity Council smoker were finalized at the council meeting at Alpha Epsilon Pi Wednesday night. The smoker will acquaint all freshmen with the Greek system.

The smoker will be held at 7:30 p.m. today at the Chapel House, 711 Comstock avenue, said Co - Rush chairman, John Eberenz (Kappa Sigma). "It will give the freshmen the opportunity to meet the presidents and rushing chairmen of every house, along with the IFC Executive Council and James P. McMurray, fraternity administrator," said Michael Steinberg (Sigma Alpha Mu), co-rush chairman.

Fraternity men will be allowed to answer questions on the Greek system itself or their own house, said Steinberg. The smoker is open to all freshmen, whether or not they registered for rush.

Tentative plans were announced for a fraternity open house during or following the UCLA football game, Dec. 8. At this time, freshmen will be allowed to visit any house on the Hill, said Eberenz.

Rules were established for the open house by the rushing committee. A house may employ a band, serve coffee and cake in any of the main recreation-living rooms of the house. A house may not issue invitations, oral or written, or make a record of the visit.

The council tabled a motion requesting that the IFC Judicial Board be allowed to release names to the Daily Orange of fraternities sentenced by the board.

AWS Lists Vacation, 'Hoot' Curfews

By AUDREY LIPPMAN

Ula Wiltse, vice president of The Association of Women Students announced Wednesday night that curfew for Tuesday before vacation will be midnight. Also, coeds will have a midnight curfew, Sun. Nov. 25.

Curfew for all girls attending the "Hootenanny" Sun. in Sims Hall, will be the 20 minutes after the show ends.

Those coeds who are staying on campus during Thanksgiving vacation will have midnight curfews Wednesday and Thursday. Friday and Saturday curfews will be the usual 12:30 and 1:30 respectively.

Naomi Pinsky, speaker protempore, announced that Haft Dorm went on dorm council Nov. 7. Other dorms interested may apply, she said. AWS encourages upperclass coed dorms to apply for dorm council. Freshmen dorms will be encouraged to apply next semester.

AWS comic strips will begin

(See AWS, Page 8)

Poet Paul Engle Talks Today

PAUL ENGLE

The director of the University of Iowa's creative writing program will speak on "Poetry and People" at 4 p.m. today in Gifford Auditorium, Huntington B. Crouse Hall.

The director, Prof. Paul Enble, is the second speaker in the Hill Visiting Writers Program. Author Bernard Malamud spoke during the HBC dedication week.

The campus radio station WAER-FM (88.3 mc) will carry Prof. Engle's talk live.

Poet Engle is a member of President Kennedy's National Cultural Center Advisory Committee on the Arts. He has received Guggenheim, Ford and Rockefeller Foundation grants.

A native of Cedar Rapids, Iowa, Engle attended Coe College, the University of Iowa, Columbia University and was a Rhodes Scholar at Oxford University, England.

His first volume of poetry won him the Yale Series of Younger Poets in 1932 and was the first collection of poems accepted by Iowa as a masters' thesis. He has published two novels and nine volumes of poetry, including "American Song," "American Child," "The Word of Love" and "Poems of Praise." His articles and verse have appeared in major periodicals.

Prof. Engle has been a member of the Iowa faculty 25 years.

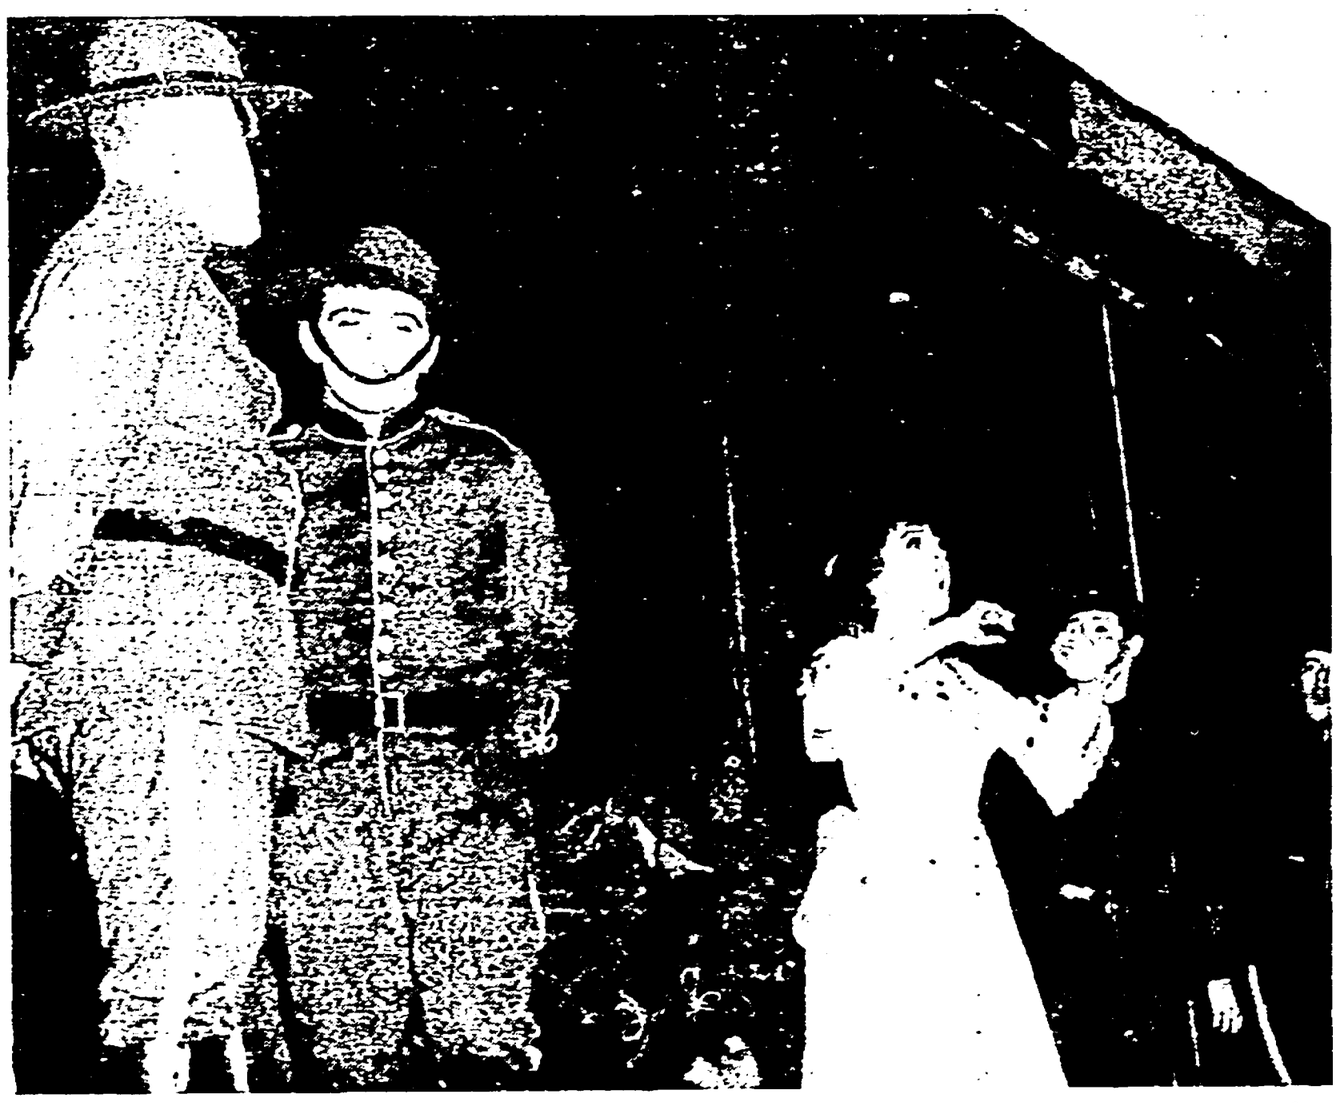
GIA Meets Tonight at ADPi

The Greek-Independent Alliance, a campus political party, will hold its first meeting of the year at 7 p.m. today at Alpha Delta Pi sorority, 304 Walnut Pl.

According to GIA Chairman James Gray (Theta Chi), the party will discuss a decision made by the Campus Alliance Party recently forbidding non-party members from running on the party's ticket.

Gray said the party will examine its position and plan for the coming year. He said several houses have been invited as observers to the meeting.

Gray added that any interested independents are invited to attend the meetings.



GIA officers in addition to Gray are Vice President Carol Wurthner (Lambda Psi) and Treasurer Val Farny (Tau Kappa Epsilon).

The other two existing campus parties are Campus Alliance Party and United Students party.

GIA was formed last spring.

The parties will nominate students to run for office in general campus elections in March.

'Little Mary Sunshine Opens on Hill Tonight'

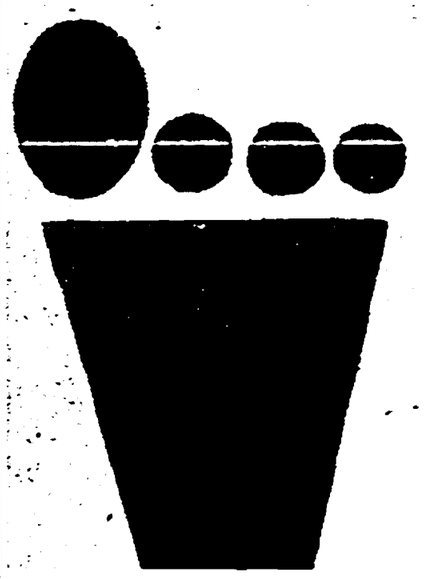
"LOOK TO a sky of blue," urges BONNIE BRADT, who stars as "Little Mary Sunshine" in the Boar's Head production of the musical opening tonight at the Coronet Theater.

By REA TURET

Opening tonight at the Coronet Theatre is "Little Mary Sunshine," the musical comedy that has kept audiences laughing off-Broadway for the past three years.

"Little Mary Sunshine" is a satire on the Rudolf Friml, Victor Hubert operettas that every so often appear on the late shows with Nelson Eddy and Jeannette MacDonald.

The plot centers around "Little Mary Sunshine" who gets her name from the Kadota Indians, a fierce tribe that lived in the Colorado Mountains, because she is merry, like sunshine.



Mary owns a Colorado Inn, high in the Rocky Mountains. Visiting her are young ladies from the Eastchester Finishing School and an aging operatic star. Forest Rangers provide companionship to the young ladies, and make everything end happily ever after.

Playing Little Mary is Bonnie Bradt, who last year appeared in Menotti's "The Telephone." Captain "Big Jim" Warrington is Tom McKee, a graduate student in drama. Irene Golub plays Naughty Naughty Nancy who is interested in men. Stuart Dillon plays Corporal Billy Jester, who is interested in Nancy.

Providing much of the comedy

A Few Words In Passing

Now that T. Lee Hughes has gotten a few things off his chest about Syracuse coeds, and some Syracuse coeds have gotten some things off their chests about Syracuse males, we would hate to miss out on such an auspicious opportunity.

So without further ado, we turn to some peeves of another nature:

Saturday classes. . .teachers who teach from the textbook. . .teachers who don't teach. . .teachers who haven't allowed a breath of fresh air to enter their subject matter in ten years.

Library hours. . .poorly lit libraries. . .country club atmosphere in libraries. . .iron clad room and board contracts. . .head residents with a phobia for reminding the "youngsters" about curfews. . .students who do nothing but complain. . .students who do nothing . . .campus organizations with idealistic goals and campaigns. . .campus organizations with no goals or campaigns.

Campus socialites who think they're campus leaders. . .people who walk on the grass. . .people who litter. . .people with no respect for university property . . .people who make noise in class. . .red tape.

But we must stop somewhere and give someone the benefit of the doubt. So herewith are some things we have grown to like at Syracuse:

Teachers who stimulate thinking and make each of their classes a rewarding experience. . .faculty advisors who show concern for the student. . .campus leaders whose actions speak louder than their words . . .Marshall Street.

The view from the Mount. . .people who don't walk on the grass. . .people who don't litter. . .the Dingleman. . .coffee corner. . .Famous Artists Series. . . winning football games. . .the Chapel. . .Crouse College.

Green Lakes. . .the late Andy. . .the late Clover Club. . .(and, as we keep telling ourselves) The Daily Orange.

TREVER ON CAMPUS

"Well, professor, where's this new speciman you were speaking of?"

Campus Clips

By MELANIE COHN and SANDI EHRLICH

Tepid Tiddlywink Team Trounced — under this headline the Columbia Daily Spectator announced the loss of the school's first tiddlywinks tournament. When HARVARD first proposed the match, COLUMBIA hastily improvised a team to answer the challenge. After fierce "squidging" and "squopping" (game terminology, the Harvard Gargoyle Tiddlywinks Team triumphed, 11-3.

The Columbia team has not yet approached the director of intercollegiate athletics for a subsidy. However, the Harvard team has scheduled matches with SIMMONS, BOSTON UNIVERSITY, WELLESLEY and the UNIVERSITY OF PENNSYLVANIA. Is this the new fad for intellectuals?

New York City has its Lincoln Center, and DARTMOUTH has its Hopkins Center. The long awaited $7,500,000 center for both creative and performing arts, marks the culmination of years of planning and frustration.

Hopkins Center is composed of four principal interrelated areas: music, drama, art and social. Outstanding features of the music area are the 900-seat Spaulding Auditorium, the Buck Concert Lounge and a jazz and folk music room. The drama area with two theatres and the art area, comprised of galleries, studios, exhibition corridors and a sculpture court, contain the most modern facilities. The social area features a snack bar and a spacious student lounge with an immense circular fireplace.

The center has already affected Dartmouth's curriculum. Drama can now be studied as a major, and music may soon achieve this status.

Who would want to go to a year-round college? Evidently Dr. Edward W. Strong, chancellor of the UNIVERSITY OF CALIFORNIA at Berkeley thinks someone might. Last week he proposed such an institution for California. "We are studying the quarter system along with the semester system," Dr. Strong said. "It is possible we may end up with four quarters, one of them a summer quarter."

Budget estimates for year-round operation of the university are being prepared for the Board of Regents with a target date of mid-1965. Legislative approval would be necessary.

At the UNIVERSITY OF MINNESOTA, plans are being discussed for a Student Tutor Society. The society, which originated at the University of Pennsylvania in 1954, offers free tutoring service to scholastically troubled students. Any university student would be eligible to receive such assistance.

Members do not replace paid, full-time tutors because they offer only temporary assistance to help students over the rough spots. Neither would it replace regular studying, since the tutoring would be discontinued shortly before finals.

Liberal arts courses are apparently becoming more important than water skiing and basket-weaving at UNIVERSITY OF MIAMI. Faculty and administrators are working on plans to form a chapter of Phi Beta Kappa, the scholastic honorary society which puts supreme importance on academics.

Five years ago, an investigating committee turned down U of M's bid for membership on six counts: no library, an insufficient number of prerequisite liberal courses, weak admission requirements, too few academic scholarships as compared to athletic scholarships, insufficient endowment funds and heavy faculty loads. The University has worked to correct these faults, and it is now anxious to have gold key scholars. Since Miami's scholastic standing has improved, who's for transferring to a warmer climate?? That cold Syracuse winter is fast approaching.

LETTERS

Hughes

To the Editor:

Why not let the girls give their pet peeves about S.U. Males!

Boys in tight pants . . . Boys who like to dominate . . . Boys who brag about their cars . . . Boys who discuss cars as if girls knew something about them . . . Boys who still use that greasy kid stuff . . . Boys who get 3.00 acums . . . Boys who are satisified with below a 1 point acum.

Boys who are late for dates . . . Boys who let you know exactly how much a date costs . . . Boys who hang around corners looking for pick-ups . . . Boys who call at the last minute for dates . . . Boys who break dates . . . Boys who think all men are logical . . . Boys who think all women are illogical . . . Boys in sloppy shirts . . . Wolves . . . Boys who comb their hair any time and any where . . . Boys who think they are God's gift to Women.

Boys who talk about old girl friends . . . Boys who thing the Orange is the only place to go . . . Boys who label all girls "Baby" . . . Boys who don't shave when they should . . . Boys who are show-offs . . . Boys who don't like any kind of poetry . . . Boys who think they know everything about girls . . . Boys who drink nothing but beer . . . Boys who smoke cigars . . . Boys who do not offer to light a girl's cigarette . . . Boys who do not help a girl put on her coat.

Boys who wear bermudas and brag about how nice their "hairy" legs look . . . Boys who don't drink . . . Boys who get drunk . . . Boys who get you late minutes . . . Boys who idolize "Civic Follies" . . . boys who tell you you've got a lot to learn . . . boys who think they've taught you everything you know . . . boys who are never serious, but always a "Good time Charlie" . . . boys who can't carry on a conversation . . . boys who let you know they aren't having a good time on a date . . . boys who wear dungarees and white shirts . . . boys who wear P.J. tops instead of shirts to class . . . boys who wear sneakers constantly . . . boys who don't show proper respect for their elders . . . boys who discuss their date with other boys.

"He scorns the beauty of woman,—as if there were any forms of beauty that we could spare, and that we should not cherish as the color and fragrance of life." SCHOPENHAUER.

Day 8

Chancellor

To the Editor:

At a meeting of the board of trustees, Chancellor Tolley ostensibly delivered a harmless address of melliflous generalities on academic freedom and the private university. Inadvertantly, however, he evinced a lack of rapport with reality that deserves sharp criticism.

The chancellor correctly observed that "it is the exercise of freedom that makes . . . education so important." Yet how can he believe his own words when the Maxwell library doesn't allow its student the freedom to find even conservative ideas. Neither The Wall Street Journal nor the National Review has ever been available from its stacks.

How can he talk of a private university's exercise of freedom when the two most controversial speakers on campus in the last four years (Wm. F. Buckley and Norman Thomas) were brought here and paid for by private groups.

How can he talk of exercising freedom at a private university when a constructive criticism of food service by last year's Syracuse 10 was censored by this self-same freedom loving chancellor.

Yet that was not his only error. After his usual metaphor (they're as inevitable as they are inevitably inept) this time comparing standards at tax - supported schools to lumps, he said, "the standards of academic freedom of the privately endowed institution tend to become the standards in tax-supported colleges."

Is it possible for the chancellor not to have seen a newspaper in the last few months? For if he had he would have noticed that it has been at the U. of Buffalo and the U. of Colorado, both tax-supported schools, that freedom has indeed been exercised, not at his precious private institutions.

Certainly the chancellor's performance deserves less than a diploma for brilliance, accuracy, and intelligence. Perhaps Schwartzwalder can arrange for a certificate of attendance.

Irwin H. Ronsenthal '63

To the Editor:

I have been reading the "nationalism vs. internationalism" debate in this column, but Mr. Rao's letter of November 13 more than shocked me.

Expressing opinions and counter-opinious is a healthy way to debate an issue but Mr. Rao's use of abusive language reflects an extremely bad taste and, in any educated person's opinion, is hardly the way to uphold nationalism or to express patriotism.

I sincerely request my Indian brethren to stop this debate and prepare for the call of the motherland instead of starting a open "war of vocabulary" between ourselves here.

K. I. Maru

VERDI'S 'RIGOLETTO' SET

Verdi's opera "Rigoletto" will be presented Tuesday, Dec. 4 at Loew's State Theatre by the New York City Opera Company under the direction of Julius Rudel.

Jerry Lo Monaco will play the Duke of Mantua, with Chester Ludgin as Rigoletto, the court Jester. Doris Yarick, Thomas Paul and Marija Kova will also appear.

The New York City Opera is one of the most unique opera companies in America. Not only does it present the works of the classic composers, Mozart, Verdi, Puccini, etc., but it has given opera lovers an opportunity to hear works of contemporary writers.

It has, for example presented such American works as "The Ballad of Baby Doe," "Street Scene," "The Devil and Daniel Webster," "He Who Gets Slapped," to name a few.

Last season it produced Douglas Moore's "Wings of the Dove" and Robert Ward's "The Crucible," based on Arthur Miller's play. This season it will do Carlisle Floyd's "The Passion of Jonathan Wade," under a Ford Foundation grant.

Selections from Floyd's folk opera "Sussanah!" were sung here three years ago during the annual Festival of the Arts.

The company has one of the largest roster of artists in the U.S. This season 24 sopranos, 8 mezzos, 15 tenors, and 23 baritones and basses comprise the company in addition to two child artists. In addition there are 13 conductors and 11 stage directors.

Dean Ryan will be the conductor for the Company's local presentation of "Rigoletto" which will be staged by Allen Fletcher. The chorus master is William Johnson.

Tickets cost 4.80, 4, 3.60 and 3 at Famous Artists Series, Clark Music Bldg.

'Hoot' Director SU Grad

The director and producer of the ABC-TV "Hootenany Special" is SU grad Gil Cates. The 29-year old New Yorker, who will be calling the "shots" from a TV "van" outside Sims Hall Sunday night, graduated from SU in 1955 with a Bachelor of Science Degree. He received a graduate fellowship and was an instructor in Drama.

After leaving Syracuse, Cate's first job was as a guide at NBC's television studios. He subsequently left NBC to stage manage "Shinbone Alley" a musical which featured Eartha Kitt and Eddie Bracken.

While on the Hill Cates was a member of Orange Key, Phi Kappa Alpha, Boar's Head, Rho Delta Phi speech honorary, and publicity director of WAER.

Cates tv credits include Timex All Star Circus, RCA Galaxy of Stars, Haggis Baggis (the first daytime color tv program), and Camouflage.

Cates also produced and directed the award winning color short subject "The Painting," which played at the Riviera Cinema last month. The short won praises at the Edinbourgh and San Francisco Film Festivals.

Cates directed two Syracuse University reviews "Standing Room Only," and "Same Old Faces." He was also twice chosen as the outstanding drama student of the year while on the Hill.

Cates is married with three children and lives in Riverdale.

Art Mart

Art Mart 8, an annual exhibit and sale of original work by area artists and craftsmen, sponsored by Allied Arts of Syracuse, will take place in the Travel Room of Hotel Onondaga from Nov. 23 to Dec. 1.

Hours the shop will be open are: Nov. 23, 24, 26 and 30, and Dec. 1, 11 a.m. to 9 p.m. On weekdays the hours will be 11 a.m. to 6 p.m.

'Little Mary' . . .

(Continued from Page 1)

are the Kadota Indians, played by Peter Maloney, Ernest Horada and Geoffrey Bowen.

The book, music and lyrics are by Rick Besoyan.

The entire show was directed by Robert Scarpato, who last year did "Anything Goes" and "The American Dream." Musical director is Paul Dieke, who was in charge of the music for "Finian's Rainbow" and "The Merry Widow."

FILMS

'Operation Snatch'

The Riviera has come up with another wild and wacky, typically British comedy, "Operation Snatch." Starring the mustachioed Terry Thomas "Snatch" comes off slick, sharp and satiric.

Like many British films of this genre, the scene is World War II. Terry Thomas is an officer in charge of the famous Gibralter monkeys, of which is said, "When they leave the Rock, England is lost."

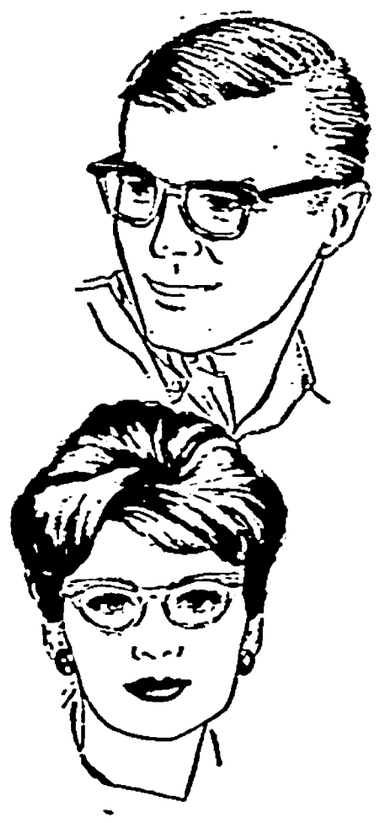
An ex sewer inspector Thomas has to maintain the royal dignity of Britannia by keeping the monks happy and healthy: a difficult propect considering the only male monk has just departed for the banana heaven.

The female anthropoids are, naturally left in a listless state of chronic depression. The monk moral is missing, and soon the British moral will fade if those nasty Germans get a hold of such top secret information.

So Thomas has to get a male Gibralter monkey.

Sounds pretty ridiculous, doesn't it? Well, Paul Mills, who wrote the original story; John Warren and Len Heath, who supplied additional material; and Alan Hackney, who wrote the screen play (sounds like an Italian film); along with director Robert Day have molded this silliness into a bit of lunatic froth, that is often inspired.

The monkey napping episode is an excellent tounge-in-cheek takeoff on the old slapstick comedies.



Deadline time prevented us from seeing the co-feature "A Taste of Honey," but reliable sources reported its excellence.

Goal Back As Braves Play Twice

The Syracuse Braves have two games on tap this weekend, traveling to Sudbury Friday night and returning to host Hull- Ottawa at the War Memorial Sunday night.

Coach Gus Kyle is very much concerned with the leg injury to versatile Hec Lalande. Hec, who has served both as a wing and defenseman, has an inflamed muscle injury of the right thigh, and it is not known how long he will be lost to the Braves.

Prior to the Braves game on Sunday, Pee-Wee Hockey will get underway with Syracuse battling Rochester. Face-off for the junior contest is at 6:00 p.m.

Braves goalie Roger Crozier filled in for the Buffalo Bisons last week in an emergency and performed quite capably, although the Bisons went down at the hands of Providence, 3-1.

Crozier has rejoined the Braves for tomorrow's fray at Sudbury.

Hill Bowlers Enter League

The Syracuse University Classic Bowling League has been sanctioned by the American Bowling Congress.

The league is open to all bowlers with a 150 plus average and the six, four-man team will meet Thursday nights, 7 to 9 p.m. in the Women's Building.

League officers are: Gene Krause, president; John Hanshaw, vice-president; Bill Haldenwang, secretary-treasurer.

HILL CAGERS DEBUT DEC. 1

The Syracuse University varsity basketball team will make its debut Dec. 1 against Kent State at Manley Fieldhouse. The opener has been listed in several sources as Dec. 15, the date set for the dedication of the fieldhouse.

Orangemen Gaining In Individual Stats

The Orangemen have a new double threat performer in the backfield in the presence of John Mackey, who leads the team in pass receiving and is climbing fast in the rushing department.

Mackey played halfback against Navy for the first time this season gaining 63 yards in six carries for a 10.5 average.

His pass reception totals have him catching seven for 116-yards, one touchdown and a 16.6 average.

Mackey was touted as one of the nation's top ends in pre-season predictions. Saturday's game wasn't his first as halfback. Mackey was a back for Schwartzwalder in the 1960 season when he was a sophomore.

The 215-pound, 6-3 senior will be out to prove that he is no "one day wonder" in the backfield when the Orangemen host George Washington in Archbold Stadium Saturday.

Against the Middies Mackey scored two touchdowns, one on a 51-yard pass play and the other on a 36-yard run.

Quarterback Walley Mahle has a .55 passing percentage with 26 completions on 47 attempts to lead the Orange in that department. Mahle has 291 yards in the air and two scoring passes.

The Syracuse signal caller also leads the squad in rushing with 64 carries for 206 yards and a 3.2 average. Jim Nance is right behind him with 197 yards in 48 carries for a 4.1 average.

Don King has 195-yards on 26 carries with a 7.5 average. Bill Schoonover has 194 rushing yards on 38 carries for a 5.1 mark.

Behind Mackey in pass receptions are Dick Bowman with seven catches, 77 yards and a 11.0 average; Mike Koski, six receptions, 66 yards, 11.0 average; and Don King, six catches, 65 yards and a 10.9 average.

As a team the Orange has gained 1357 yards rushing to their opponents 943 yards. In the air Syracuse has piled up 522 yards to their opponents 542 yards. Total offense has Syracuse with 1879 yards to the opposition 1485.

13 Named By Lewis

By VIN ZUKOWSKI

Basketball mentor Fred Lewis has placed the accent on rebuilding by naming nine underclassmen for the varsity roster of 13. Coach Lewis has inherited four members of last year's frosh team, and five sophomore members of last year's varsity.

Along with these players, Lewis has inherited a two-game winning streak from ex-Coach Guley. Those two games represent the total of last year's basketball victories. This total is remarkable considering the team played 24 games.

Up from the frosh team is center Larry Bailey, who equaled by soph Eric Weber, is the tallest man on the team at 6-6. Richard Duffy, the third soph, will be used in a playmaker role. At 5-10 he is the smallest member of the squad.

Rounding out the sophomores is Phil Schoff—a 6-3 forward. Schoff is an accurate outside shooter as evidenced by his shooting percentage which was over 50 percent.

Leading junior are Manny Klutschkowski and Carl Vernick. Klutschkowski, a 6-5 center, will carry the rebounding load for the starting five. Carl Vernick, last year's high scorer, will again be expected to give the Orange a scoring punch. Last year, Vernick set the record for sophomore scoring.

Colonials Readying For Clash

By JULIAN LOUBE

Despite a 3-6 record, George Washington is sending one of the best teams in the school's football history to face the Orangemen this Saturday. The Colonials, who are playing their toughest schedule in many years, have played their best against their top opponents.

GW has lost four games by a total of only 10 points. This includes a 27-25 loss to West Virginia.

The West Virginia game was the Colonials best performance of the year, and GW came with in one minute and one second of scoring the upset of the season. The Mountaineers had to score on a 55-yard desperation pass play to come from behind and win.

Last Saturday, the Colonials lost to William and Mary, 10-6, but several members of the GW team were suffering from the effects of a Washington, D.C., flu epidemic. George Washington led with only six minutes left to play, but lost once again to a last minute aerial attack.

The Colonials have built their attack around Dick Drummond, GW's junior, all-American candidate. Drummond is George Washington's top ground gainer with a total of 548 yards and a 4.1 average.

Unfortunately for George Washington, Drummond may not see much action on Saturday. He was knocked out early in the W. and M. game, and he is still suffering from a painful bruise on his back.

Colonial head coach Jim Camp has established a new GW custom of dressing his players in two different colored helmets. A player may paint his helmet blue if he has given "110 per cent effort" in the previous week's practice and game. At one point in the season, 21 Colonials were wearing blue helmets.

All things considered, George Washington does not appear to be looking forward to Saturday's clash with the improving Syracuse team.

"Now, they're big. They have depth. They have mobility. They handled Navy pretty well, and the damage was done by a fellow named John Mackey," Camp lamented. "In the pre-season buildups, Mackey was touted as being an All-American end. What did he play against Navy? A halfback is what."

Camp is not a defeatist, however, and his big hope for Saturday's contest lies in a quarterback named Frank Pazzaglia (pronounced P-ZI'-ah). He is the best passing quarterback to come to GW in the past decade.

So far this season, Pazzaglia has accounted for 753 yards with 65 completions in 110 attempts. In the West Virginia game, he completed 15 of 26 passes for 229 yards, and brought his team from a 21-0 haftime deficit to a 25-21 lead.

Even with Pazzaglia's passing, it looks like it's going to be a cold Saturday in Syracuse for the Colonials.

Celtics Game Highlights Nats Five-Game Stint

The once-beaten Syracuse Nats face the cause of their sole defeat this Friday when they take on the Boston Celtics home in the War Memorial.

The Nats who have won six of the seven games played this season will face off with the Celtics in their third game in five days.

The action began in Cincinnati last night and then the Nats traveled to Baltimore in a game with the Los Angeles Lakers.

After the home clash Friday, the Syracusans hit the road again against the St. Louis Hawks and the Chicago Zephers.

But the highlight of the weekend will be the home clash with Boston. The Celts have beaten the Nats in eight of their last 11 games played in Syracuse. The Syracuse club has yet to be defeated at home this year.

'How Do You Let a Boy Know You Want to be Kissed?'

By STEVE MONBLATT

Eight sorority girls won an overwhelming victory in the battle of the sexes at Kimmel lounge Tuesday night. In a question and answer session with about one hundred boys, the girls came out strongly in favor of love, marriage and motherhood, in that order.

In a wide-ranging discussion, the girls covered many vital issues of the times, such as: "how do you let a boy know you want to be kissed? (you sit so close to him that he has to put his arm around you, and you act very affectionate and if this doesn't work by the sixth date, you give up.)"

The girls all more or less agreed that the university's policy forbidding coeds in men's rooms should be liberalized.

Back Seat, Motel

"A girl who can handle herself in the back seat of a car or in a motel room can handle herself in a boy's room," said Susan Rosenberg of Sigma Delta Tau.

Jane Sheldon of Gamma Phi Beta said advantage in allowing men to entertain girls in their rooms outweighted the disadvantages. "Sure there may be a few more unwed mothers," she stated, "but there will be fewer scenes in the dormitory lounges"

Fay Landau of Phi Sigma Sigma expressed the consensus on the subject of pinnings. "It means absolutely nothing," she said.

Pinning

But Harriet Reizner of Alpha Epsilon Phi, a pinmate herself, said that pins mean more to girls than to boys. While boys give up their pins rather easily girls are more tenacious. "Many girls collect pins," she said. "I know one who has several."

The girls scored heavily in the question and answer session with the boys. For example:

Q: How do you get a guy to make out?
A: It sounds like you have a problem.
Q: How and why do you say no to a boy's advances?
A: I really haven't given it much thought.

The boys were able to win only one round, a highly technical, if somewhat indirect explanation of how to take a girl's hand.

"You say your hand is cold and ask to borrow her glove. Then her hand is sort of hanging there and you just grab it."

The discussion was sponsored by the Kimmel - Marion Dorm Council which announced a similar discussion will be scheduled in a girl's dorm as soon as they get up the nerve.

Also participating in the panel were Harriet Reizner of Alpha Epsilon Phi, Kip George of Alpha Phi, Jane Sheldon of Gamma Phi Beta, Constance Kock of Delta Gamma, Joan Holliber of Iota Alpha Pi and Barbara Ferranti of Zeta Tau Alpha.

Debate Meet

The Syracuse University debate team will face the University of Chicago at 8 p.m. today in Maxwell Auditorium.

The topic will be "Resolved; that the non-communist nations of the world should establish an economic community."

J. Nelson Happy and Paul De Santis will debate the negative side of the national debate topic for Syracuse.

An alumnus of Syracuse's debate team, Richard LaVarnway will coach Chicago's affirmative speakers.

Last week the Syracuse Varsity Debate team captured the team championship trophy at St. Andrews Seminary in Rochester.

Saturday four novice teams will debate at Harpur College.

The affirmative side will be presented by Roberta Marx, Lawrence Goldstein, Doris Ober, Stephen Levine, Tom Carter, Ronald Leeds, Patricia Forand, and Richard Hand. Howard Ross, Richard Siegel, Jack MacGregor, Harley Flaum, Elizabeth Foster, Gary Davis, Richard Sherman, and Ronald Brzezinski will take the negative side.

TRAFFIC COURT SET TODAY

Joint Student Traffic Court will meet 5 p.m. today at the Security Office, Building 19, Chief Justice Mitchell Mass announced Wednesday.

All students wishing to appeal tickets are required to attend. If unable to attend, contact Justice Mass at ext. 2886.

IFC...

(Continued from Page 1)

Pittsburg, Nov. 20-Dec. 1, were announced by IFC President Thomas Rigoli, (Phi Delta Theta). Alan Rosenberg (Tau Epsilon Phi) and Gary Rehr (Acacia) were selected by the board.

A motion was passed to form a committee to investigate the possibilities of having a joint IFC-Panhel Greek Week. The council also passed a resolution requiring all new vendors on the Hill to be approved by the Executive Council of the IFC.

Steven Burwick, cooperative buying chairman, (Sigma Alpha Mu) announced that under the co-op buying plan all Greeks will be entitled to get a $2 car wash for $1.25. This is the first joint Greek buying activity this year.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: Warm high pressure in the nation's mid-section is approaching us today, giving hope for several days of spring-like weather.

Bright but low-angle sunshine will be slow in warming the air early today with 30 degree temperatures most of the morning. But the near 100 per cent sunshine and a shift in winds to south will bring a more noticeable warming later today, through Friday.

FORECAST: Clear skies for most of the day with considerable sunshine, becoming mild this afternoon. Fair and not so cold tonight. High today: 48-52: low tonight: 30-35.

'Sword' Out in Janaury

By HOWIE GINSBURG

The "Sword of Damocles", the campus' newest magazine, will be on sale by the beginning of January, according to "Sword" editor Terrence Hughes.

Hughes told the Daily Orange that 1,000 copies of the magazine will be sold at $.25 each. "The first printing will cost about $175," he said "We hope to earn at least that much through sales and advertising," he added.

Hughes, a senior in the School of Journalism said the magazine will contain 32 pages and will attempt to combine local and campus issues pertinent to SU students.

Problems

The first issue will include a story on the moral, racial and economic problems faced in the United States by foreign students.

Urban renewal in the 15th ward also will be discussed in the first issue of the 'Sword', according to Hughes. Particular stress will be given to the effect it has on crime at Syracuse University.

An "expose" on textbook prices will be included in the January edition. The story, according to Hughes, offers advice to students on how to save money on books.

Hughes hopes the magazine will accomplish a dual purpose: to inform the students of campus issues and to help solve these problems.

"The food service article was partially responsible for raised wages and a test laboratory for the standardizing of recipes in SU dining halls last year," the 'Sword' editor said.

He referred to an article prepared for the 1961-62 Syracuse '10' of which he was editor. The article was never printed in the magazine due to dissatisfaction in administrative quarters. It later was printed by the Daily Orange.

Two Hats

Jeffrey Radford, 1961 - 62 Syracuse '10' staffer, and current managing editor of that magazine, will be a contributor to the first edition of the 'Sword', according to Hughes.

Advertising sales have progressed "better than we had hoped", Hughes said. Several fraternities and campus organizations have taken advertisements in the January edition, including $40 worth from the SU Young Democrat's Club.

Hughes said he expects the magazine to become a fixture on campus in future years.

He added he has not yet inquired about selling 'Sword' on campus but does not anticipate difficulties regarding sales locations.

JSG Training Test

All Joint Student Legislature senators who have attended the government training classes must take the test at 5:50 p.m. today in Hendricks Chapel, and must bring something firm to write on.

AWS...

(Continued from Page 1)

in the Daily Orange beginning next Monday, said Elizabeth Neill. The strip will portray manners, dress standards and other tidbits of ediquitte AWS considers important.

Marilyn Burke, president, announced at all further meetings the assembly will be divided into two sections: those presidents who represent dorms on dorm council will meet with Miss Wiitse while those representing living centers not on dorm council will meet with Miss Burke and Miss Pinsky.

Miss Burke asked dorm presdents to encourage their girls to attend the Freshmen Weekend concert with Joey Dee and the Starlighters, Dec. 7. Since the frosh budget is the largest in university history, Miss Burke said the girls should support it.

The assembly asked Miss Jean Crawford, Director of Women's Housing to see why overnight guests must pay a charge of $2 when the room has already been paid for the semester by a student. If students are willing to have their beds used when they are away, no charge should be made, suggested the assembly.

'Hoot' Here Sunday; ABC Tapes at Sims

By JOHN E. GREENWALD
Entertainment Editor

Thirteen hundred SU students will be on the floor and in the round when they, along with the Limeliters, folk-singers Jo Mapes and Mike Settle, Clara Ward and her Gospel Singers and emcee Jean Shepherd star in the ABC-TV "Hootenanny Special" this Sunday.

Sims Dining Hall will be transformed into a television studio with high powered lights, four tv cameras, platforms and monitors.

The performing stage will be a 12 by 16 foot platform near the north wall. One camera will be behind and to the right of the stage photographing the students.

Two other cameras will be mounted on six-foot platforms with dyna-beam spotlights, a fourth will be towards the rear of the hall, with a fifth camera located outside.

Jean Shepherd will be heard on WAER-FM (88.3 mc) Saturday night at 11.

Late tonight a 33 foot long, 11 foot high and 8 foot wide trailer truck will pull alongside Sims. Serving as a compact control room and storage chamber the truck will house two videotape machines that will record the one and a half hour production.

It will also house SU grad Gil Cates, the "Hoot's" director and producer.

Dress Informal

Students are requested to dress informally (sport shirts, crew neck sweaters, knee socks, etc) so a "collegiate" atmosphere can be maintained.

Ticket holders are expected to queue, up about 6:30 p.m. Sunday. Doors open at 7 and close promptly at 7:30 p.m. Facilities will be made for the overflow students hay hear the proceedings broadcast on the quad, and may look through the windows of Sims.

Due to the "in the round" staging, the audience will sit on three sides of the stage. Emcee Shepherd will be filmed outside the hall, and then will take his place in one of the booths at Sims' north end.

The Association of Women Students has extended coed curfews to 20 minutes after the "Hoot's" completion.

The technical crew will be setting up Saturday and Sunday.

(See Hoot, Page 8)

THE LIMELITERS

GIA Loosens Eligibility Rule Of Candidates

By AUDREY LIPPMAN

The Greek Independence Alliance will support qualified candidates, regardless of political affiliation, for nomination for campus office according to a resolution unanimously passed Thursday night by GIA members.

The resolution, as stated by James Gray, GIA chairman, reads: "The past action by Campus Alliance Party is only another example of the political parties on campus placing their own interests above those of the campus as a whole.

"Greek Independent Alliance believes that the candidates who are best qualified and will do the most for the campus if elected should be nominated regardless of affiliation. This especially applies to independents who must be encouraged to participate in student government. To this aim GIA is pledged."

In other business, Gray said that new GIA constitution will allow independents to become partial members with one vote. Regular, dues-paying members of GIA have two votes if two representatives are present.

This would mean independents could run for office on the GIA slate if sponsored by a representative from an organized group of independents or

(See GIA, Page 8)

Four Houses In Stepsing Semi-Finals

Winners in the large house division of the qualifying round of the step singing contest are Kappa Kappa Gamma, Chi Omega, Sigma Kappa, and Kappa Delta sororities.

These houses and the small house winners will compete in the semi-finals at 6 p.m. Dec. 5 in Hendricks Chapel.

Judges will be Dr. Curtis Shaker and Prof. Frank Hakanson of the School of Music and Miss Eleanor Daudenthaler, an alumna of Sigma Alpha Iota, the music honorary which is sponsoring the contest.

The step singing finals will be held Dec. 12.

Dorms, Dining Hall Opens for Vacation

By CLAY RICHARDS

The large number of students on the Hill for the West Virginia game next Saturday has forced the university to provide room and board free to students under contract over Thanksgiving vacation, it was announced Thursday afternoon.

All the large men's living centers will remain open for the women, Director Jean Crawford told the Daily Orange.

Students, both men and women, who are living in cottages or dorms that will be closed, will move into the open dorms for the vacation period.

Final Plans

Final plans for vacation dining facilities have not yet been completed but it is expected that only one dining hall open will be kept, probably Sims Hall.

DeBruhl said that he thinks less than 25 per cent of men students will remain, including the band and football team, while Miss Crawford said a "very small" percent of women students will remain.

Three meals will be served every day except Thursday, Thanksgiving Day, which will be run like a regular Sunday meal day, said food service Director Ursula Pettengill.

Meal Tickets

Regular food service meal tickets will be honored during the vacation period, she explained.

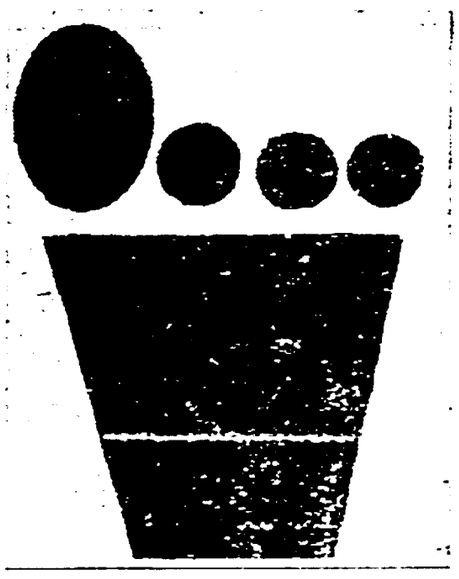
This is the first time the university has kept all the large centers open free during a vacation, DeBruhl noted. It was only done this year because of the football game and will not be one during future vacations, he said.

Students who plan to remain at the university over the vacation period must fill out special cards in their dorms today so that dining facilities can be set up.

Dining halls will reopen for regular service on Monday morning, Nov. 26.

Orange Rally Set

The Orange foot may have only four toes, but the Orangemen will "be on the march" tonight.



The four-toed foot seen in the Daily Orange symbolizes tonight's pep rally, twister and student union activities.

The rally at 6:30 p.m. on the Main Library steps will feature a car decorating contest. Two trophies will be awarded for the best cars—one to an upperclass living center and one to a freshman center.

The "Elites" will perform at Day Hall's twister at 7:30 p.m. in the Women's Building gymnasium. The admission of 50 cents for men will be donated to Campus Chest.

A movie, "Marjorie Morningstar," will be shown at 6:30 and 9 p.m. in the downstairs recreation lounge of the Women's Building.

Other student union activities will include volleyball in Gym B and checkers, chess and cards in the third floor lounge.

Jamison on Mend

Dr. A. Leland Jamison, chairman of the Hill religion department, will be resting at his Westcott street home the next few weeks. He is on the mend from a heart attack he suffered last month, which hospitalized him.

'We Got Sssssssssssssssteam Heat to Keep Away the Cold'

By BEVERLY LURIA
Junior Editor

The large steaming hole being dug in the front yard of the Hall of Languages is the first step toward construction of the Newhouse Communications Center.

SU Treasurer-Comptroller Francis A. Wingate told the Daily Orange the construction crew is presently rerouting an underground steam line which cross the block slated for the Center.

Actual construction of the Center will begin in January on the block bounded by South Crouse, Waverly and University avenues and University place.

Rerouting the steam line which extends across the main quad will cost $100,000, according to Wingate. He said the line will run across the main campus via the east corner of the Newhouse block near University avenue.

This line is one of many that provide heat from the University Steam Station for most university buildings, the Upstate Medical Center, the State University College of Forestry, Memorial Hospital, Crouse-Irving Hospital and the State Psychopathic Hospital.

The steam station also serves Pioneer Homes (a division of the Syracuse Housing Authority), the Veterans Administration Hospital and a new division of the housing authority now under construction, Wingate said.

Steam Station

Located at 500 East Taylor St. the new steam station was built in the early 1950's, Wingate stated. He explained this station is operated in conjunction with the old steam station built in 1926 on South McBride street.

Explaining that the steam station serves "all new university buildings except the Field House," Wingate said it would cost $500,000 to extend the line from the Women's Building down Comstock avenue.

Last year the steam station generated 793 million pounds of steam at a cost of $823,000 Wingate said. "We (Syracuse University) consumed about 65 per cent of the steam we produced," he added.

Wingate stated the university sells the excess steam under a special legislation to other nonprofit organizations in the surrounding area. However, he said, "we are not a public utility in the business of selling steam."

Charge Less

Noting that the SU steam station charges "substantially less than the County Heating Plant," Wingate explained, "we tried to establish a price that will enable us to recover full cost of the station."

He said the new station originally cost $3,000,000. This sum does not include repairs or additional lines run to new buildings.

"It is very common for a university to sell excess steam," Wingate said. He noted that Cornell has a similar station which sells steam to state-owned buildings.

"We're planning ahead for the growth of the university," Wingate said. He explained "eventually we will have to enlarge and add a large boiler costing about $1,600,000.

With this new boiler, Wingate added, the present station will be good for at least 20 years.

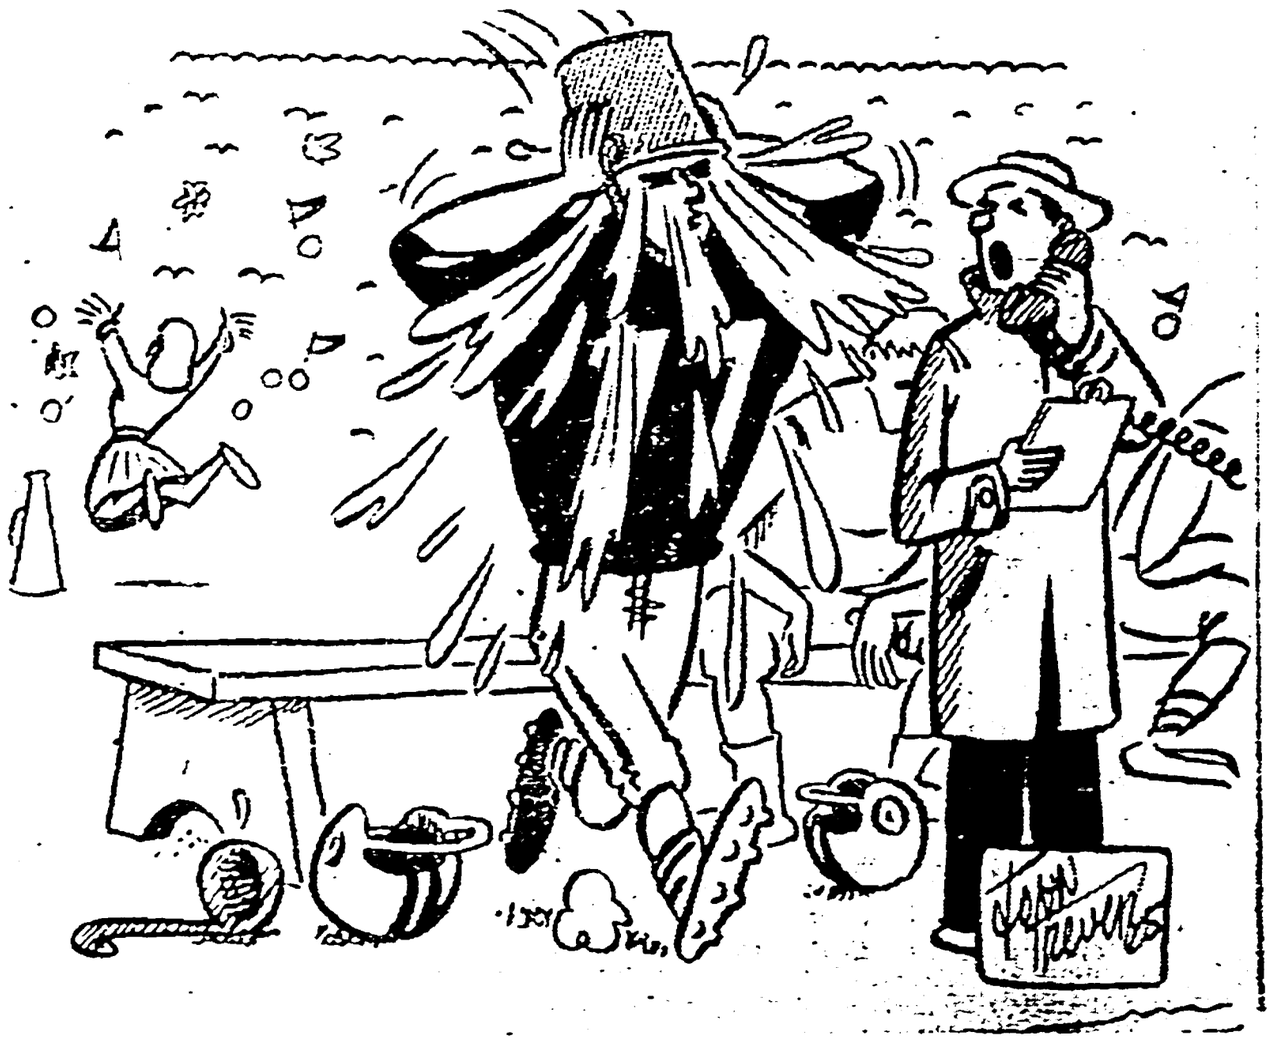
Just Friends

It is something that is always talked about but about which little is done. While this sentence could describe seventy-five per cent of what goes on at Syracuse, we have something specific in mind.

As we walk across the quad each day or walk on Marshall Street at night, we cannot help noticing the lack of communication that takes place between the Syracuse undergraduates and the large number of international students attending Syracuse.

In the past we have received letters from lonely students who felt left out of campus life. But to offset these came answers from international students who tried to place the blame of the student's loneliness on his own shortcomings. Without trying to stir up any old feuds, we would like to speak for the international students.

It appears that the general feeling of the "secure and self-confident" Syracuse student is that the international student is an "outsider and belongs among fellow outsiders."



This is a blatant error and calls for some action. There should be more outlets for international students to meet the undergraduates. ISO is a worthy organization but there is much more that can be done.

It is sad that a student has to travel so far only to associate with other people from his own country. The educational experience permeates well beyond the classroom and can be broadened on both sides if we make a real effort to welcome international students to various organizations and functions on campus.

This will take some outgoing positive action on the part of the student body but it will be rewarding. Somehow it seems that much more would come from the academic experience if we made an effort to befriend some visitors from another land instead of spending our four years throwing the bull with a roommate who just happened to be an old high school chum.

We have nothing to gain but friends.

TREVER ON CAMPUS

"Nervous, Collingsworth?"

AMIDST THE CLAMOR

Memo Pad

By Win Whittaker

The urge of immediate response compels the memo-writing instinct of man to come forth. Therefore, rather than take time and a bundle of four cent stamps, the following memos are being dispatched via the D.O.

Memo to Terry Lee Hughes and Trish Johnson regardring the male-female domestic tug-of-war: Nietzsche put the relationship in a positive scope. Thus, to Terry and Trish to quote from the German philosopher, "Man is made for war; woman for the recreation of the warrior."

Memo to the forestry profs: For two weeks a tree has left its boughs strewn across a main and paved path of Walnut Park. Because this impedes the safe ambulation of students to their extra-curricular activities, would it be possible for one of you to give a mid-term that includes cutting up the potential lumber which forces students to slide through the mud of Walnut Park?

To Dave Knickebocker, Chairman of the Syracuse University Un-campus Activities Committee: Tut, tut, David! This just shows your reactionary past—Poor Ole' Joe (McCarthy) was just a popular afternoon television soap opera. If you want your trendex to zoom up, adopt a modern political philosophy—just keep your hopes and eyes fixin' on Nixon.

Memo to the Psych and Forestry Deans: Please start an immediate investigation to determine the psychological needs of people in S.U. jackets who jump on small trees.

To Chancellor Tolley: Do you really expect cardiac patients to hold foot races on the hill if an old-age home goes in, and not a graduate housing program.

Memo to the blankety-blank &';$=$& who painted the Lambda Chi natural oak doors red: Why you blankety-blank!

To our lovely neighbors the Delta Gammas, the home of S.U. queens—a poem: shades cover your every window pane/ causing us considerable eye strain.

To Richard Holmes, my thirty-three year old roommate, whom I have threatened to expose to the proper authorities: HI! (The reason memos are necessary to Dicky is that he don't speak the language too good. Besides, his being in Speech-and-Hearing means he cannot understand people unless they s-s-stuttterrr.)

Memo to NBC: Suggest you change the meaning of the initials 'NBC' after your wandering around campus to "Nothing But Confusion." Also, heard you were trying to mold the party you photographed at the Phi Gams to meet your preconceived ideas about fraternity get-togethers. Are you trying to photograph Syracuse University as you want it to to be, or as it is?

To all girls who sport those crazy hair-does: One's coiffure is best put in place with a brush and a comb—not by using just an electric fan.

Memo to Milton Joffe, editor of this illustrious sheet: People are very suspicious about your mentioning exclusively Brownie Hawkeye camera—it is the feeling of several investigating committees (including Senator Knickebocker's) that you have accepted payola and this is but one indication.

To Joyce Hergenhan, censor of my column: Remember you told me I could not include any mention of the fact that I was driving to Cleveland for Thanksgiving vacation and needed riders just because it would gyp the D.O. Business Office out of 75 cents? I still don't follow your reasoning, Joycie. Would you go over it again? Thanks.

Finally, a get-well card to Don Schupak who went through quarter-inch plate glass instead of a door.

LETTERS

Pep Rally

To the Editor:

I was not surprised by your column on the Navy pep rally, labeling the entire proceedings "an NBC spectacular." I realize it is much easier to record observations rather than search for an understanding of the situation.

But if one is to criticize constructively, he should inquire into the why of the observations, that is, validate or substantiate his criticism and fault-finding by understanding the situation he has observed rather than basing his criticism on his innate ability to perceive and report the truth.

The cheerleaders do not plan the pep rallies. We are not consulted on the organization of these rallies or their number. We are asked to participate as cheerleaders, not student leaders, that is, we are told when to cheer and where to cheer and approximately the number of cheers we will have time to do.

Consequently, at this rally we were told where to stand and when to cheer by three different sources: NBC TV, WSYR TV, and the student organizers, or at times by a combination of the three working together or in conflict.

Now at this point, if I make the proper assumption from this article, I was supposed to grab the microphone and tell everyone who was not at the pep rally to cheer, to get out, for otherwise there was no way to avoid the tangle of lights, wires, cameras, technicians, and orders.

There is no doubt that this was a TV spectacular rather than a pep rally, and a pep rally, especially before this crucial game, was particularly important to the cheerleaders. Therefore, I don't believe we deserved the emotional criticism scattered so carelessly in your paper.

Mark Ingraham
Head Cheerleader

Soccer

To the Editor:

We thank the athletic department for its great effort to cancel all the scheduled games of the Soccer Club this year and thus leave our team undefeated! The athletic department, after having fifteen soccer players working hard for a month, came to the conclusion that they can not afford to pay for the goal posts, insurance, and conditioning of shoes.

We, of course, feel sorry for the cancelling of the program in such an authoritative manner, but we also wonder why the same brilliant policy is not adopted in other sports, so that we neither lose nor win any games. Wouldn't that be a brilliant record for Syracuse University?

Alvin Spaet
Ed Jones

Symphony

To the Editor:

I was greatly disturbed by the rather unfair review of the Syracuse Symphony concert of last Friday. The opening effort of a very demanding season by Syracuse's largest professional musical organization (numbering many SU students and faculty in the ranks) might well have received a more sympathetic and encouraging review from a medium which influences a large segment of the potential audience.

I am not maintaining that the concert was flawless, or even close to it. It wasn't. But your reviewer's comments left the impression that the program barely held together. This was equally untrue. While the Wagner was occasionally ragged, it was far from a catastrophe.

The remarkable playing of the woodwinds in Petrushka went un-noted, as did the fine piano work of SU's own Stuart Raleign. And a performance of Beethoven's "Eroica" which was almost universally described as unusually good, won but faint praise from your nearly anonymous writer. And I should like to know just what the "disturbing German" element in Mr. Kritz's conducting is.

Syracuse and the university have an object of pride in the Symphony. I suggest that your reviewer keep in mind that there is more involved here than there is in buying a record. The Symphony makes music, and very fine music at that.

Culver L. Mowers '64

The letters' column is maintained for the expression of opinion by our readres. The Daily Orange reserves the right to edit letters for reasons of grammar, space and good taste. It also reserves the right to reject letters.

Letters should be typed and should not exceed 250 words. All letters must be signed with names and addresses, but names will be withheld on request.

THEATER

'Little Mary Sunshine'

If it's raining tomorrow we won't worry. We saw "Little Mary Sunshine."

Not that everything was sunshine and roses at the Coronet Theatre last night, but there was enough good fun in the musical comedy to tickle the sides, motivate the smiling muscles, and ingratiate the ears.

Written (books, lyrics and score) by Rick Besoyan as a take-off on the operettas by Rudolph Friml, and Victor Hubert, "Little Mary" has a unique charm and delicacy. As directed by Robert Scarpato "Little Mary" also has a frantic edge and satiric bite.

Little Mary Sunshine is a young girl who owns an inn up in the Colorado mountains. Adopted by the once fierce, almost extinct Kadota Indians she is a person of complete innocence, and optimism.

What plot there is concerns the efforts of Forest Ranger Captain "Big Jim" Warrington and his Forest Rangers to apprehend the evil Indian Yellow Feather.

Also at Mary's inn are some respectable and rich ladies from the Eastchester Finishing Shool, opera star Madame Ernestine von Leibedich, maid Nancy Twinkle, venerable Indian scout Fleet Foot, and General Oscar Fairfax, retired, and Chief Brown Bear.

Together they spoof Nelson Eddy and Jeannette MacDonald, handsome young men, demure young ladies, croquet, over active modesty, the old days in Vienna, love songs, propriety, optimism and hosts of other things.

As usual, director Scarpato has inserted his own devices to implement the general lampooning atmosphere. His tongue-in-cheek staging of the opening Forest Ranger number, his "hypocritical" point of view for the "You're the Fairest Flower" duet, and the wild, "show-off" fight scene bring down the house.

And, as usual, director Scarpato take his time and "Little Mary" runs too long, drags in a few spots, and, at one or two intervals, has a vaguely monotonous pace. We expect "Little Mary" to be tightened up in future performances.

But these are small complaints compared to the fine performances turned out by the cast. Bonnie Bradt, as Mary, combines dainty singing with artful mugging. Tom McKee plays and sings Captain Warrington robustly, while Stu Dillon is appropriately inane as Billy Jester.

Irene Golub as Nancy, Ernest Horada as Brown Bear, Anne Quimby as the opera star and Geoffry Brown as Yellow Feather all do well. Special word must be given to Pete Maloney and Bob Murray who give extra sparks to Fleet Foot and General Fairfax, respectively.

The singing, for the most part was spirited. The dancing may not have been up to the par of Jean Sabatine's choreography. For fitting the character of the play Barbara Katz's costumes could not be surpassed.

As they say, a good time was had by all.

JEG

Plays Set for Friday, Sat.

The Cleveland Playhouse, one of America's leading touring companies, will present "The Importance of Being Ernest and "Ghosts" as part of the Celebrity eries at the University Regent Theater, tonight and Saturday night.

"The Importance of Being Earnest" by Oscar Wilde is considered by many to be the best farce in the English languege.

The play stars Charles Keating as Algernon, and Richard Halverson as Jack. Keating came to the Cleveland Playhouse last year, where he quickly won praises for his roles as the honeymooner in "Period of Adjustment," and as the son in "Five Finger Exercise."

Halverson has played in a great variety of roles, ranging from that of a minister in "Missouri Legend" and "Epitaph for George Dillon," to a song and dance man in "Say, Darling." A native of Minneapolis, Halverson acted with the Star Theater and sang with the Minneapolis Symphony, prior to his arrival at the Playhouse.

"Ghosts," by Henrik Ibsen, is the Saturday night show. Ibsen, considered by many to be the most influential figure in modern theater, concentrated a powerful attack on marriage and male dominance in this harsh, realistic play.

In its 47 years of operation, the Cleveland Playhouse has included many plays by Ibsen in its repertory of more than 800 plays, including, "Hedda Gabler," "The Master Builder," and "The Wild Duck."

'Pops' Concert Slated

The Syracuse Symphony Orchestra will offer its first pop concert of the current season 8:40 p.m. Friday Nov. 23 in the War Memorial Concert Circle.

Two singers from the New York City Opera Company will join the orchestra performing light classics, popular and novelty numbers.

On the program will be songs from "My Fair Lady," "Gigi," "Showboat," and "The Merry Widow." The symphony will play the overture from "The Barber of Seville" and then accompany guest singers Chester Ludgin and Linda Newman in "Largo al Dactotum" and "Una Voce Poca Fa."

Ludgin and Miss Newman will also sing "La Ci Darem La Mona" from "Don Giovanni." Reservations for the concert may be made by phone or in person at the Syracuse Symphony orchestra office at 218 Harrison St.

THIS WEEKEND

Concerts Movies

FIRST RUN THEATERS

It's holdever week in Syracuse, and with Thanksgiving just around the corner it may be hangover week in a few days.

RIVIERA-CINEMA — The bottom of the Riviera's bill, the much acclaimed "Taste of Honey" died this past summer. If "Taste" plus the insane British comedy "Operation Snatch" doesn't swing this weekend we'll give up our season pass. "Taste" is about an English teenager's affair with a Negro boy: is beautiful and poetic. "Snatch" concerns Terry-Thomas' effort to get a male monkey for female monks on Gibraltar. How's that for a combination. Beats a BLT anyday, whatever that means. "Snatch" at 6:50 and 9:55 p.m. "Taste" at 8:15 p.m.

KEITH'S—"Hey, Max, see that girl over there. Quite a doll isn't she?" "Yeh, she reminds me of my old girl friend." "You mean Clara the Creep or Shirley the Shloomp?" "No stupid. They weren't dolls." "Oh, you must mean what's - her - name." "Yeh, Jane." "Whatever Happened to Baby Jane?" "You know that would make a good movie." The co-feature—what else—"The Frightened City." "Baby" at 6:48 and 10:46 p.m. "City" at 9:14 p.m.

LOEW'S—Never, never, Sadie, is such suspense and shock. You should come in five minutes after this picture begins and know what happens you won't. See all of it and swear I did. I did, nothing like it ever there's been. Rosalie's boyfriend (how nice they are to take me to the movies) says, (he's so smart) "It's pure cinema. Nutty story, but pure cinema and excitement." (?) Such a smart fella. It's called "The Manchurian Candidate" and is all about those awful communists, but it has that nice Frank Sinatra and that charming Larry Harvey and Rosalie's boy friend couldn't stop talking about Janet Leigh. At 5:27 and 9:26 p.m.

ECKEL — "Family-filled entertainment stays for a second big week!" Big deal! If you want some family-filled entertainment, stay home and read a book to the little brats. If you want to see Walt Disney's latest entry to Zoo Parade wander to the Eckel. We heard of a young chap who suffered a severe eye strain there. It seems he saw the Cinerama production there and then saw "Lobo" (the name of the picture, by the way) the next night. The screen was so much smaller the second time, he couldn't close his range of vision and now everywhere he goes he sees a big red, velvet curtain in front of him. "Lobo" at 7:38 and 10:25 p.m. "Tess of the Storm Country" continues to run. Keep running Tess, baby.

SHOPPINGTOWN — "The War Lover" was a very good book and is now a movie showing at the Shoppingtown. Steve McQueen, the well-known mumbling cowboy of television fame, handles the lead role with an assist from Robert Wagner. Get out to see this one before the pacifists start picketing—War Lovers, indeed! What with Cuba and Berlin and nuclear fallout and Democrats. What will they think of next, rawm? Love and Carnage at 7:40 and 9:40 p.m.

PARAMOUNT—They even held over Fat Jack Gleason as the slobby "Gigot." A new joy comes to the screen, the ads for this French tale that the great one wrote, scored, and starred in. Don't know, if it's joy or even new but it's certainly Gleason. At 7:45 and 9:45 p.m.

ALSO PLAYING

DEWITT DRIVE-IN — Strip those gears gangs at the De Witt this week. Forget those girls. "Motorcycle Gang," "Hot Rod Gang," "Dragstrip Girl," and "Road Racers." Pant, Pant.

NORTH DRIVE-IN — Forget those gears up North. Forget those girls. Adults only. "Satan in High Heels," deviates. "French Doll in His Pocket." North gets money, money in its purse. Bring fire extinguishers. "It's un-bare-ably adult" says those ads. We takes passion alley's word for it.

SU Symphony at Crouse

The University Symphony Orchestra, Louis Krasner, director, will present a concert 4 p.m. Sunday in Crouse Auditorium.

Student soloists who will perform are Peter Mansfield, clarinet; Jean Slenez, mezzo soprano; and Ronald Westervelt, trumpet.

The program will open with Aaron Copland's "An Outdoor Overture." Mansfield, a native of Cazenovia, will appear in the first movement of Mozart's "Clarinet Concerto in A Major." Mrs. Slenez will sing "O dno fatale, o don crudel" from Verdi's Don Carlo.

Two movements from Vittoria Ciannini's "Concerto for Trumpet" with Westervelt as soloist will be follwed, after intermission, by Beethoven's Symphony #8 in F Major. The concert and campus parking are free.

Theater Radio-TV

WESCOT — The Academy Award-winning performance of Maximilian Schell returns to the Syracuse screen as the friendly theater across the park presents "Judgment at Nuremberg." See how long it takes you to find Burt Lancaster. The record is two hours and forty-eight minutes, established last spring by Serge Flotz in Hoboken, N. J. He tried to find Lancaster all through the picture and even turned over a few seats looking through the audience. He finally found him ten minutes after the picture was over. Burt was waiting for him in the car. Serge is Burt's nephew and he went into the theater to look for his Tarzan coloring book. We thank Ripley for this strange tale, but true. Now where were we. Oh yes. Judgment at 8:10 p.m. only.

PALACE, HOLLYWOOD, KALLET-GENESEE — Room for rent. And we're off on another adventure. This time it's Kim Novak as the landlady of London and Jack Lemmon is the willing boarder. Now we ask you, who wouldn't be willing. Murder enters the picture and so does Fred Astaire. Little else enters and you'll be sorry you did too unless you like to laugh. And if you like to laugh, what are you reading this for? Check local papers for times. Check "Times" for news.

ON STAGE

LIVELY ARTS — An original play by Richard Hagan Friday night, "Rooftops and Clouds." Also Tennessee Williams' "Mooney's Kids Don't Cry." The Art's usual good coffee too. All at 8:30 p.m.

REGENT THEATER — Friday night is the Cleveland Playhouse production of Oscar Wilde's "The Importance of Being Earnest." Saturday night the Playhouse features Ibsen's "Ghosts." At 8:30 p.m.

CORONET THEATER — On campus is Scarpato's and Besoyan's musical "Little Mary Sunshine." Friday and Saturday and after vacation too, at 8:30 p.m. See today's review for full details.

CROUSE CONCERT — Sunday the University Symphony, conducted by Louis Krasner will present works by Mozart, Verdi, Ciannini and Beethoven's Symphony #8.

ON THE AIR

WAER-FM—See page 11 for Friday's, Saturday's and Sunday's schedules.

EXPLORING—The Greek Legend of Daedalus and Icarus is narrated by Chet Huntley and illustrated by animation. Channel 3, WSYR-TV, 12:30 p.m. Saturday.

CLOSE-UP — "Turbulent Jordan" channel 9, WNYS-TV, 10 p.m. Saturday.

Comfort, silence and luxury to challenge any car from anywhere

There's a lot underneath the beauty of the '63 Chevrolet. Its roomy, comfortable Body by Fisher screens out noise and shock. There's instant response in a choice of 6- or 8-cylinder engines, a host of refinements to make it run and look like new longer, and plenty more that make it hard to believe it's a low-priced car. But your Chevrolet dealer can *prove* it!

CHEVROLET
The make more people depend on

1963 Chevrolet Impala Sport Sedan shares its carefree Jet-smoothness with the new Bel Airs and Biscaynes!

Ask about "Go with the Greats," a special record album of top artists and hits and see four entirely different kinds of cars at your Chevrolet dealer's—'63 Chevrolet, Chevy II, Corvair and Corvette

Upset-Minded Colonials Meet Piety

By BILL CRONAUER

A guitar-strumming quarterback, a hobbled All-American halfback and an unpredictable football team invade Archbold tomorrow to tangle with an improving Syracuse eleven.

The Orangemen, fresh from a 34-6 conquest of Navy, loom as heavy favorite over the visitors from George Washington. However, the Colonials (3-6) are noted for playing their best against the best and could score an upset.

GW came within a minute and a second of downing West Virginia and held its own against Army three weeks ago. Four of the Colonial's defeats have come by four points or less. George Washington bowed last Saturday to William & Mary, 10-6.

Musical field general Frank Pazzaglia will direct the GW operations against Syracuse. The 6'1", 180-pound senior from Peckville, Pa. was named Southern Conference player-of-the-week for his performance against the West Virginia Mountaineers.

Pazzaglia personally engineered a second-half drive versus the Mountaineers which wiped out a 21-0 deficit and sent his team ahead, 25-21, with less than four minutes to play.

The 21-year-old quarterback has passed for 753 yards with 65 completions in 110 attempts. In the William & Mary contest, Pazzaglia completed six straight tosses in the final period.

Orange freshman coach Jim Shreve says, "Pazzaglia gives George Washington an outstanding passing game. He is also a running threat on the bootieg play."

Expected to enforce Pazzaglia's leadership is junior halfback Dick Drummond, a possible All-America selection. Drummond is GW's top runner and pass receiver, but may not see much action on Saturday.

The 6'1", 200-pounder injured his back against William & Mary. His possible absence from the Colonial starting lineup could end any upset hopes.

"Double D" has rushed for 548 yards this season with a 4.1 average per carry. Prior to the W & M contest, Drummond was ranked 11th in the nation in rushing.

Supporting Pazzaglia and Drummond in the George Washington backfield is Bill Pashe, currently the Colonial's second-leading ground-gainer, a dependable blocker and one of GW's defensive stars. Junior fullback Jim Johnson completes the Colonial backfield.

Up front, GW will go with ends Dick Duenkel and Paul Munley, tackles Rich Hornfeck and Cliff Botyos, guards Gary Scollick and Art Gubitosa, with junior Ron Cindrich at center.

Syracuse coach Ben Schwartzwalder plans to employ a starting lineup similar to the one used so succesfully against Navy.

John Mackey, the senior end-converted-halfback, will again appear at right half for the Orangemen. Walley Mahle directs the offense with Don King and Bill Schoonover, recovered from a leg injury, behind him.

The starting Hill line from left to right: Walt Sweeney, Dave Meggysey, Gene Stancin, Jim Mazurek, John Paglio, Captain Leon Cholakis and Dick Bowman. Senior end and placekicker Tom Mingo will be game captain with Cholakis.

Schwartzwalder is not underestimating the George Washington attack. "They have an experienced first team with an explosive backfield," the Orange coach says. "They can be tough on any given day."

Ernie Must Wait 'Til Next Year For Duty

After weeks of second-guessing at what was planned by the Cleveland officials, it was made official this week:

"Ernie Davis will not be activated in 1962."

The announcement came from head coach of the Browns, Paul Brown. Brown, who also acts as general manager, had the decision laid in his hands. Since Ernie announced that he felt he was in condition to play, everyone had been waiting for Brown's decision.

Brown added that Ernie "will begin full-scale workouts and attend the meetings with the team as a part of a long-range plan aimed at giving him a better background in our system."

Ernie was given the news Sunday. Club president Art Modell said that the former Syracuse star took the news gracefully.

In the past weeks Ernie had expressed the desire to play but had said that he would go along with whatever his coach decided.

"It would be hard to replace any of our runners," Ernie had said.

The latest reports on Davis says that he is still in fine health.

Austin Weissberger, head of the team of specialists attending Ernie, stated:

"Ernie Davis continues to be in an excellent state of remission. His blood values remain perfectly normal. In fact, his hemoglobin is high normal and at this time there is no trace of leukemia."

"He is in great condition," added Dr. Victor Ippolito, the team physician. "His weight is normal at 215 pounds and he looks and feels fine. He's completely ready for regular team workouts."

There had been rumors that NFL Commissioner Pete Rozelle had ruled that Davis could not play.

But these are "unfounded and ridiculous," said Modell. "The commissioner has made no decision in this, nor has he been asked by the Browns to make one. The decision was made by the coaching staff just as it would have been with any other player."

Football, Basketball, Hockey In Lineup For Weekend Sports

A full menu of sports events awaits Central New York fans this wekend. There's basketball, football and hockey—take your pick.

The Syracuse Nationals start it off tonight at 8 p.m. when they host the World Champion Boston Celtics in a crucial game at the War Memorial. The Celtics and Nats are currently in a battle for first place in the NBA's Eastern Division.

Saturday afternoon there are two intercollegiate grid contests with Syracuse University playing George Washington University in Archbold Stadium and Cornell entertaining the undefeated Dartmouth College Indians at Ithaca.

Saturday night there is hockey at the State Fair Grounds Coliseum when the Syracuse Stars amateur hockey team begins league play. The Stars will play the Toronto Maleship. The Stars are playing this season in the newly formed Canadian-American Senior Amateur Hockey league.

The Stars have won two non league games this year both by one sided scores. The Stars will also play Toronto Sunday afternoon.

The Syracuse Braves in the Eastern Pro Hockey League play at the War Memorial Sunday night.

Orange Frosh Close Out Season At Buffalo In Try For 4th Win

By TOM MULLER

Coach Jim Shreve's Tangerines will put their hopes for an undefeated season on the line today, when they take on Buffalo on foreign turf. The game starts at 1:30 p.m. in Buffalo.

The game could prove to be the toughest on injury-ridden Syracuse's schedule, although the Baby Bulls sport an unimpressive 1-2-1 record.

Observers at the recent Colgate-Buffalo tilt felt that Buffalo hits just as hard as the Syracuse yearlings and that they might very well cap their rebuilding with an upset. Buffalo's two losses were to Army and Manlius by scores of 7-0 and 6-0 respectively. They have whipped Ithaca 18-0 and tied Colgate 7-7.

The Little Orange will definitely be hurting in the backfield. Charlie Brown is still on the injured list and has been recently joined by George Kontrabecki.

These two represent the teams leading ground gainers with 219 and 187 yards respectively; both have a 5.1 average. Brown has hit paydirt twice and Kontrabecki has gone over once.

Filling in the fullback slot will be Clint Halstad. Clint has not seen much action this year, having carried the ball only twice for a total of 6 yards.

Joining Halstad in the backfield will be Ron Oyer at left half and Rog Smith at right half with Hal Rooney doing the signal calling. Rooney will be backed up by Tom Holman.

Smith, who has carried the ball 30 times for 149 yards, is the team's leading scorer with four touchdowns and five extra points for a total of 29 points.

Included in his point totals are two touchdowns on punt returns. One was for 88 yards against Navy and the other was for 79 yards against Colgate. He has also snared 5 passes for 45 yards and 1 score.

Oyer is second in the scoring department with three touchdowns. He has carried the ball 33 times for 149 yards. Ron has scored on two of his three pass receptions.

Starting quarterback Rooney has completed 10 of his 19 aerials; three good for touchdowns. Holman has hit on four of his eight attempts through the airways.

Playing the end positions for the game will be George Fair and Harris Elliot. Chuck Scott and Ray Paglio will be stationed at the tackle slots, and Bob Mitchell and Herb Korthoff will be the guards. Tom Barker is the starting center.

Coach Shreve has pointed out that everyone will get to see some action.

Two Attend J-Conference

The School of Journalism will send two representatives to the annual convention of Sigma Delta Chi, the professional journalism society, at Tulsa Oklahoma, Nov. 14-17.

They are Dr. Robert Root, associate professor and head of the religious journalism program, and Robert A. Dick, a senior from Providence, R.I.

Root, advisor of the SDX chapter at Syracuse, is a former national vice president of the society. Dick, a member of the senior men's honorary, Tau Theta Upsilon.

Orange Cagers Scrimmage; Starting Team Undetermined

The Syracuse basketball team travels to Potsdam Saturday for a scrimmage. Coach Fred Lewis emphasized that the purpose of the scrimmage was to get a better idea of how his squad would react to game conditions.

Lewis stated that it's too early in the year to tell who his starting team would be, adding "I plan to have a starting team that will come out of nine boys.

"We will seldom start our best five players anyway. If we can put a good player in the game from the bench, we feel that the team can only get stronger," Lewis said.

The varsity has been practicing for over a month in Archbold Gym. Lewis has expressed satisfaction with everybody's steady progress, "though pneumonia caused Carl Vernick to miss three weeks of work and Phil Schoff is injured now."

Syracuse opens the season with its first game at Manley Field House, Dec. 1 against Kent State.

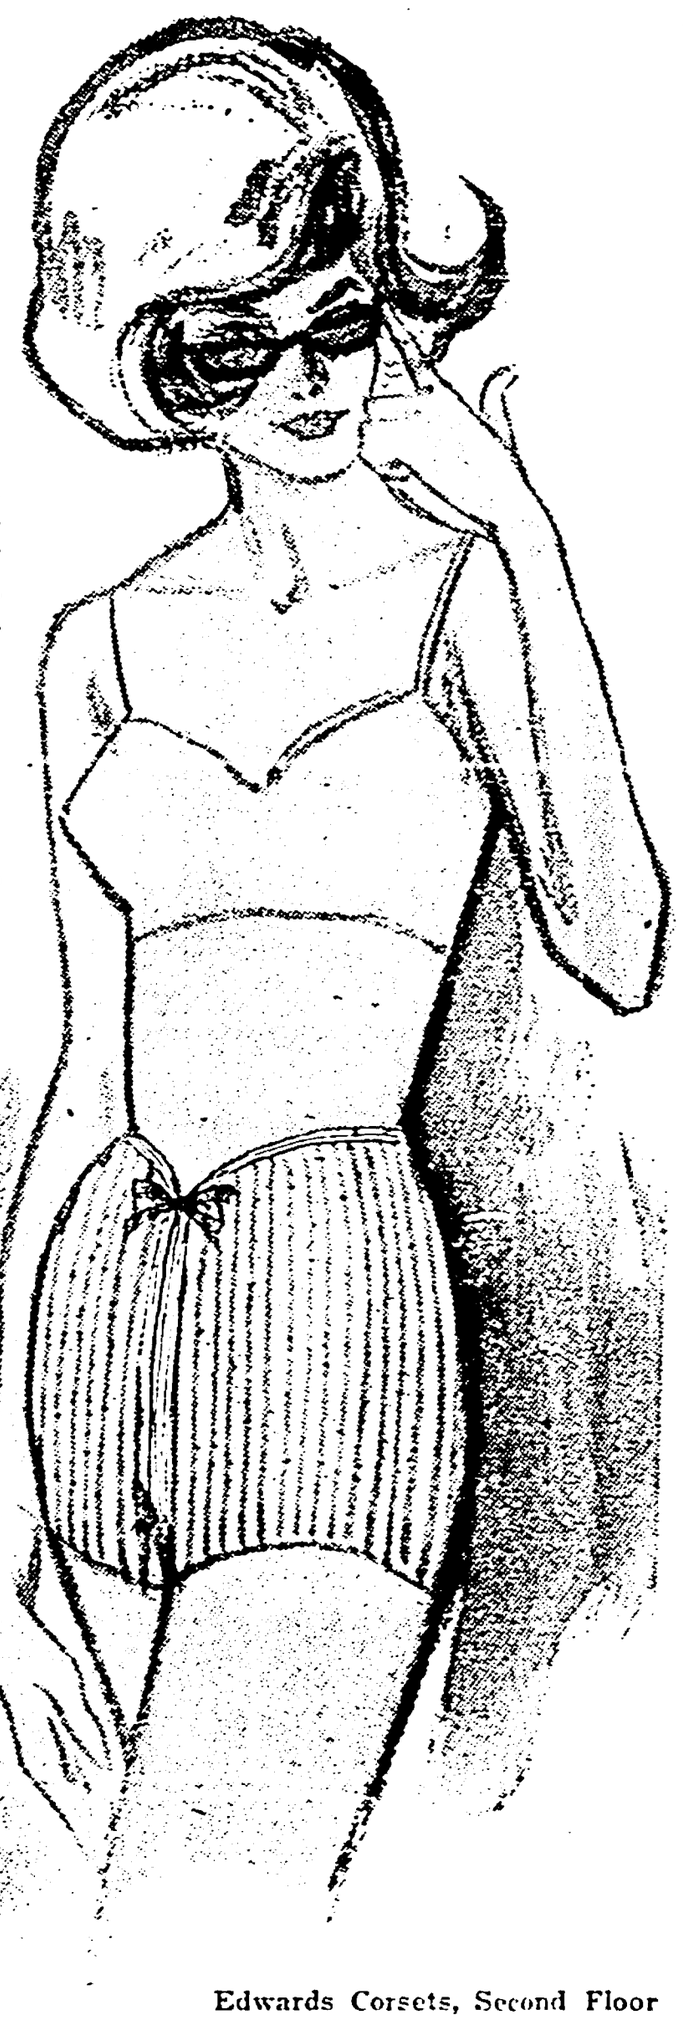
Sooner Tops Punters; Penn Stater Second

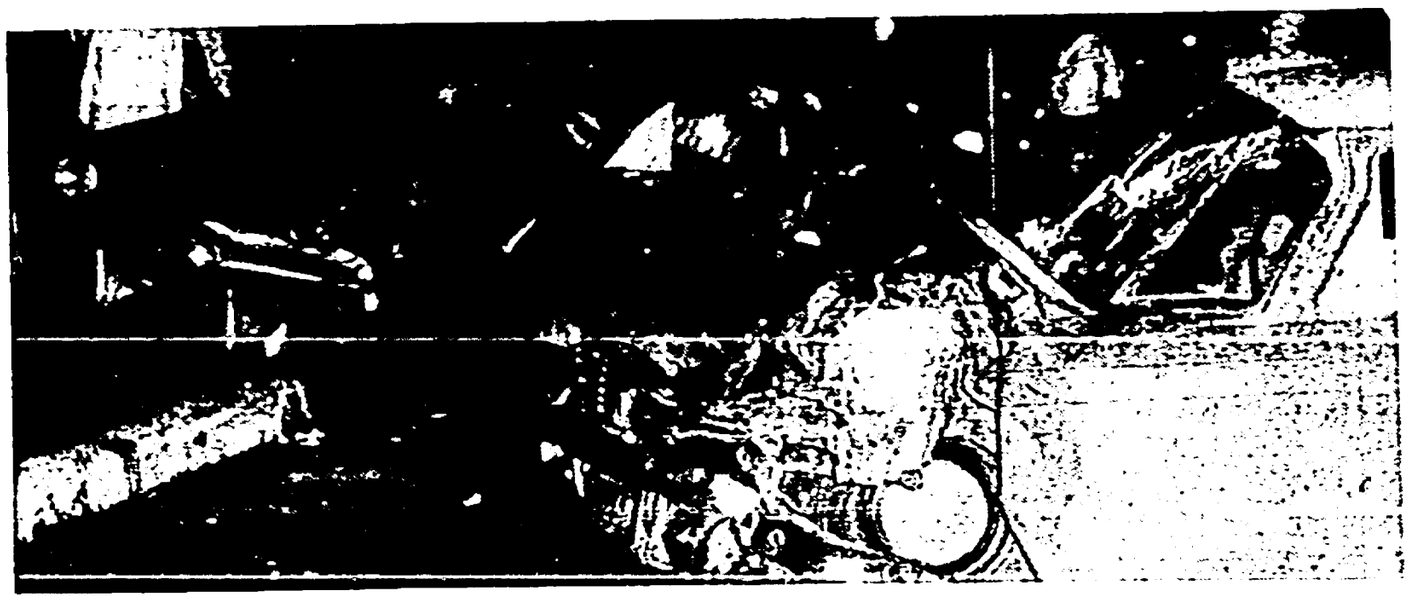
Joe Don Looney, Oklahoma fullback who score the winning touchdown in the Orange opener, paces opposing players in this week's statistical tables.

Looney, an unheralded third-stringer at the start of the season, leads the nations' punters with an average of 44.3 yards per boot and holds sixth place in the ground gaining race after crashing through opposing lines for 707-yards, a fine 7.4 average per carry.

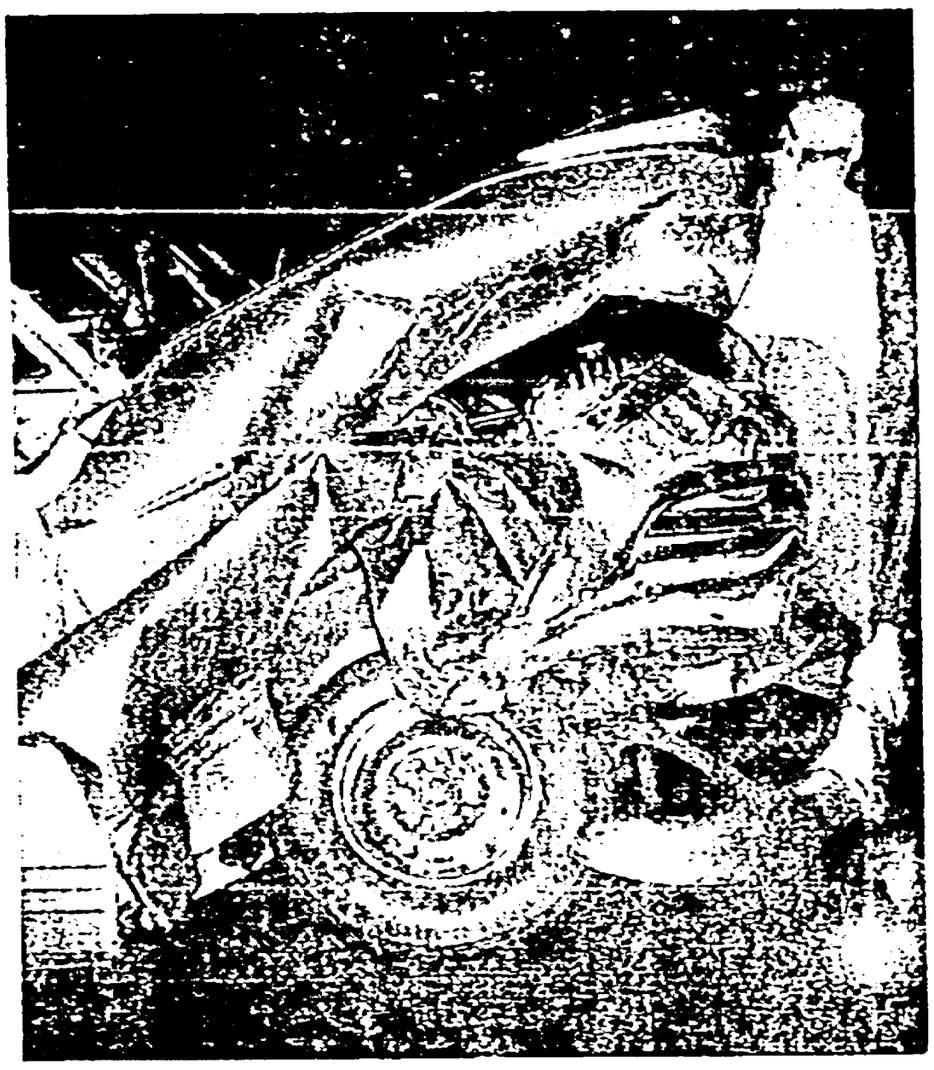


Pushing Looney in the punting race is Penn State's Chuck Raisig, holding the runnerup slot with an average of 42.9 per kick.

In addition to Raisig, Penn Staters in this week's tables are quarterback Pete Liske, holding tenth place in passing with 78 completions, out of 134 thrown, and halfback Junior Powell, holding 15th place with 29 receptions for a total gain of 281 yards.



Another outstanding opponent is Holy Cross quarterback Pat McCarthy who ranks ninth in total offense and tenth in scoring.



Oklahoma dominates team statistics with third place in pass defense, seventh in points allowed, sixth in rushing offense, and eleventh in total offense.

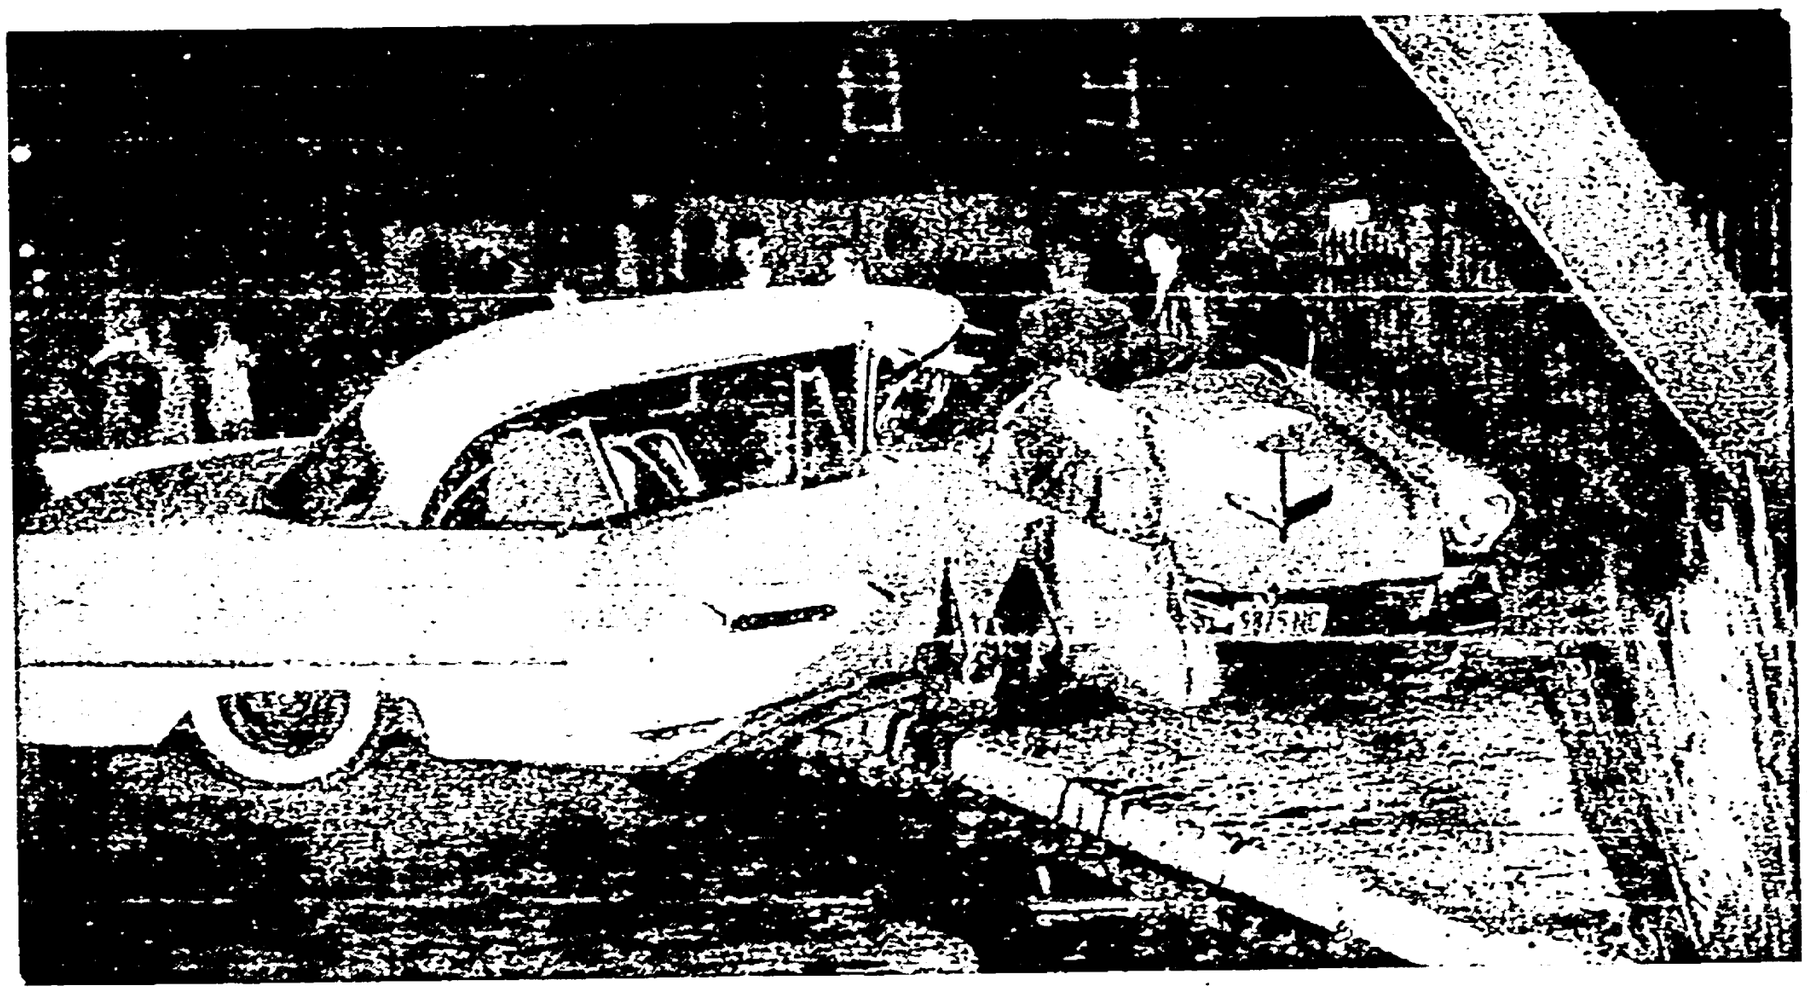
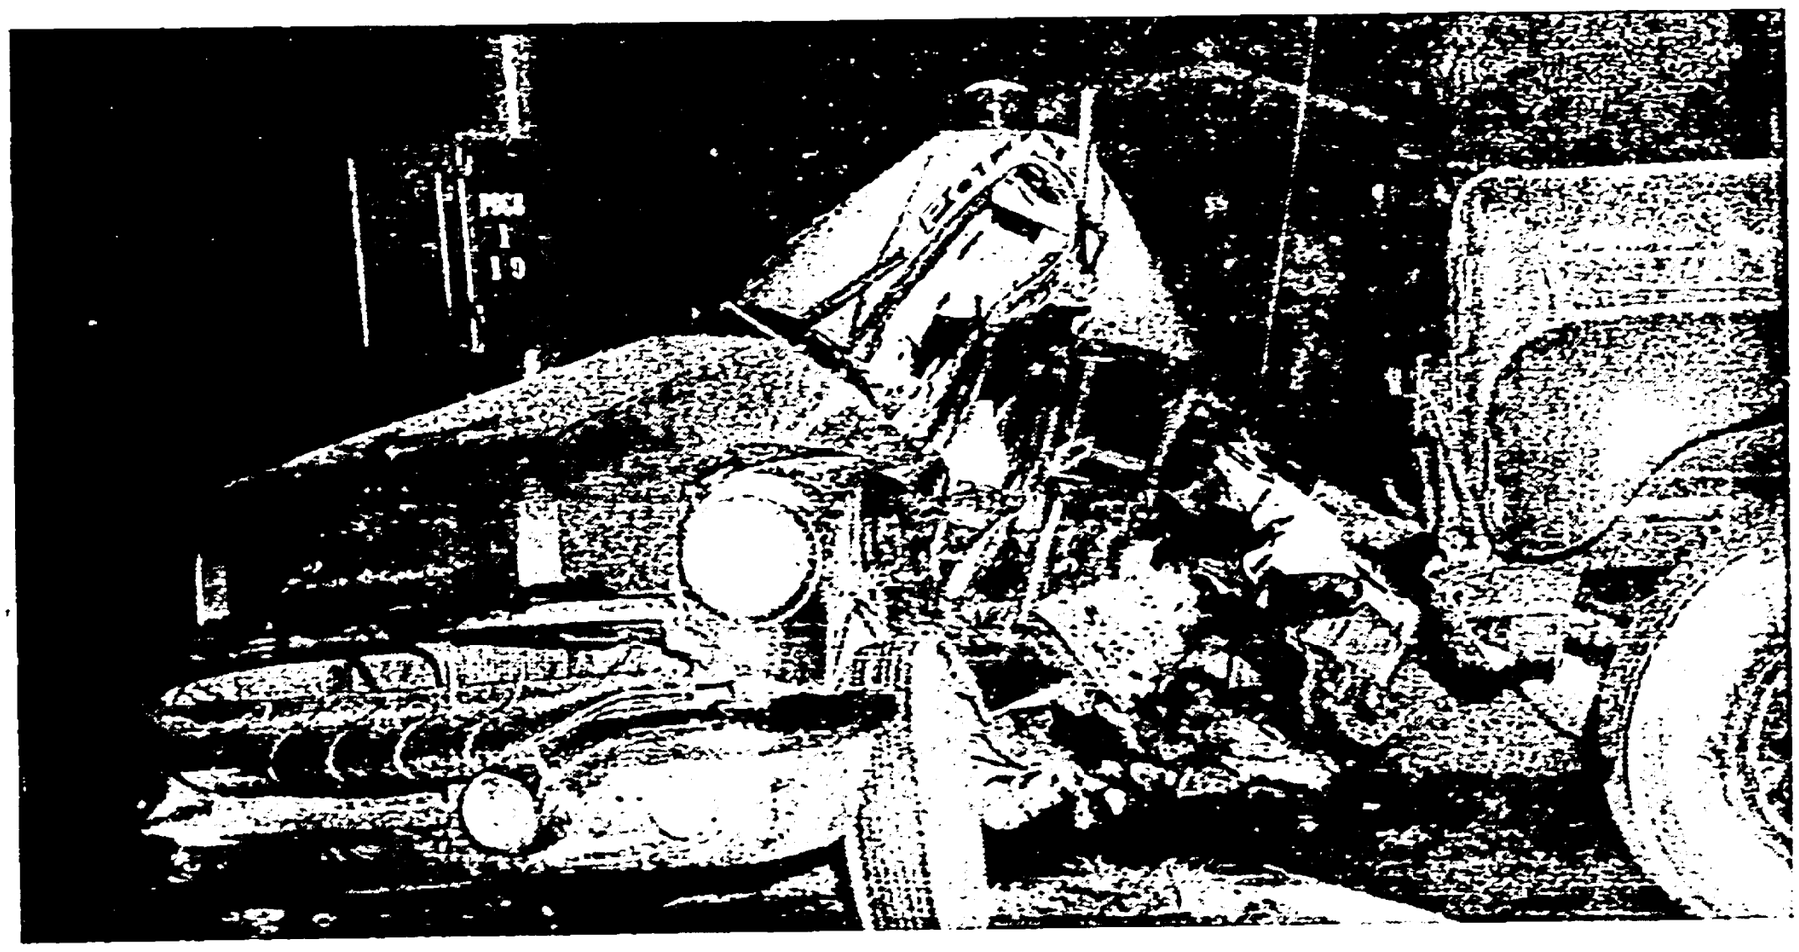
A WORD TO THE WISE





The pictures on this page are unpleasant pictures but are not meant to upset you. They are, rather, here to remind you that you will have many miles to travel if you're heading home by car next week and careful driving will be a must. Just glance around this page and you'll see what we mean. Watch this page Monday for a happier spread on Sammy Davis Jr., but don't forget the twisted metal that was once an automobile. We want all our readers back after vacation, so heed these pictures of advice.

THE LIFE YOU SAVE MAY BE YOUR OWN

Orange Frosh Close Out Season At Buffalo In Try For 4th Win

By TOM MULLER

Coach Jim Shreve's Tangerines will put their hopes for an undefeated season on the line today, when they take on Buffalo on foreign turf. The game starts at 1:30 p.m. in Buffalo.

The game could prove to be the toughest on injury-ridden Syracuse's schedule, although the Baby Bulls sport an unimpressive 1-2-1 record.

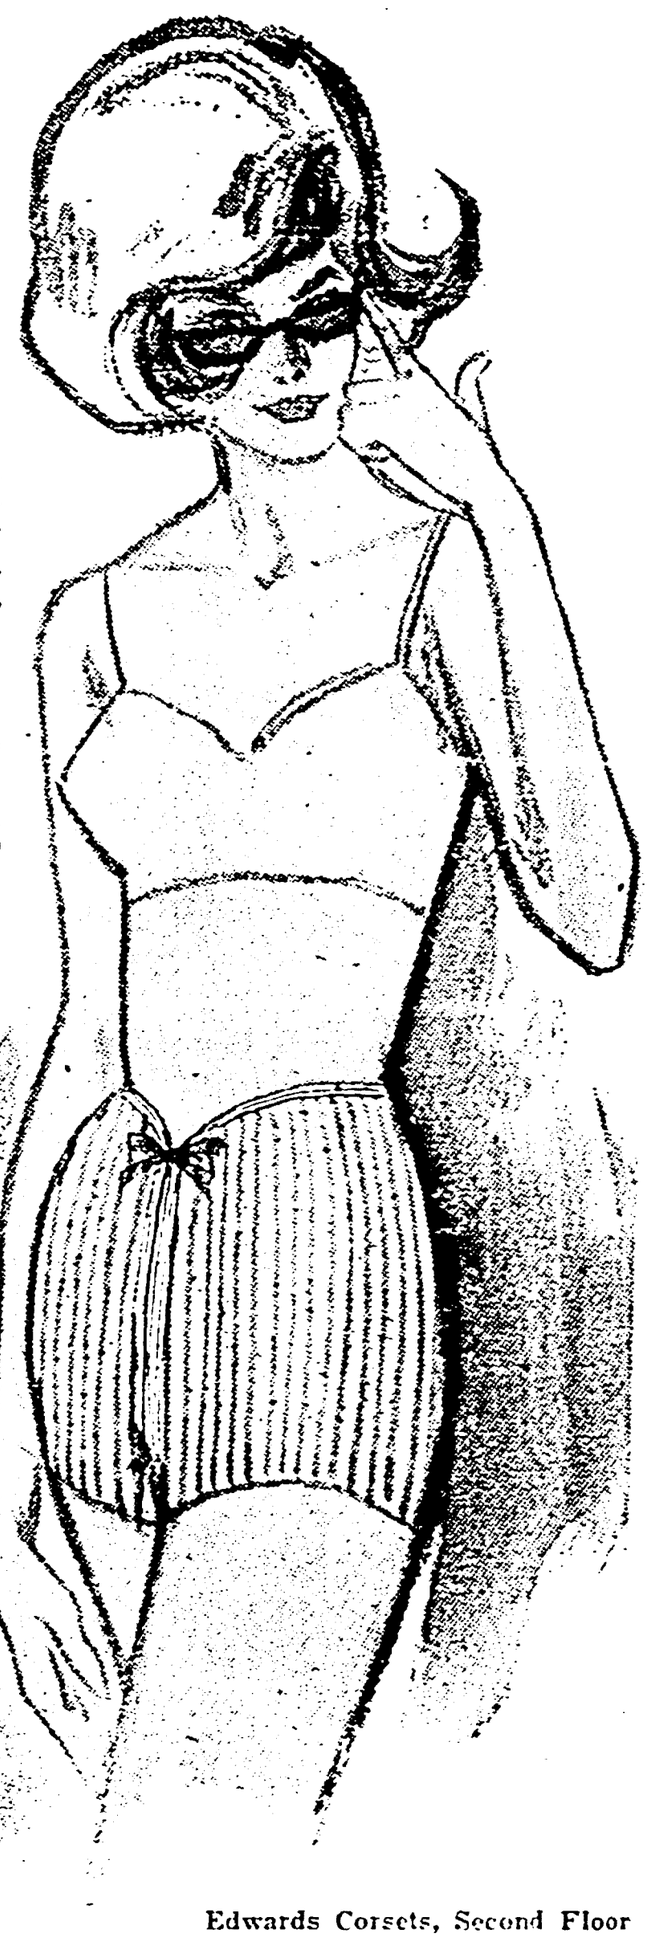
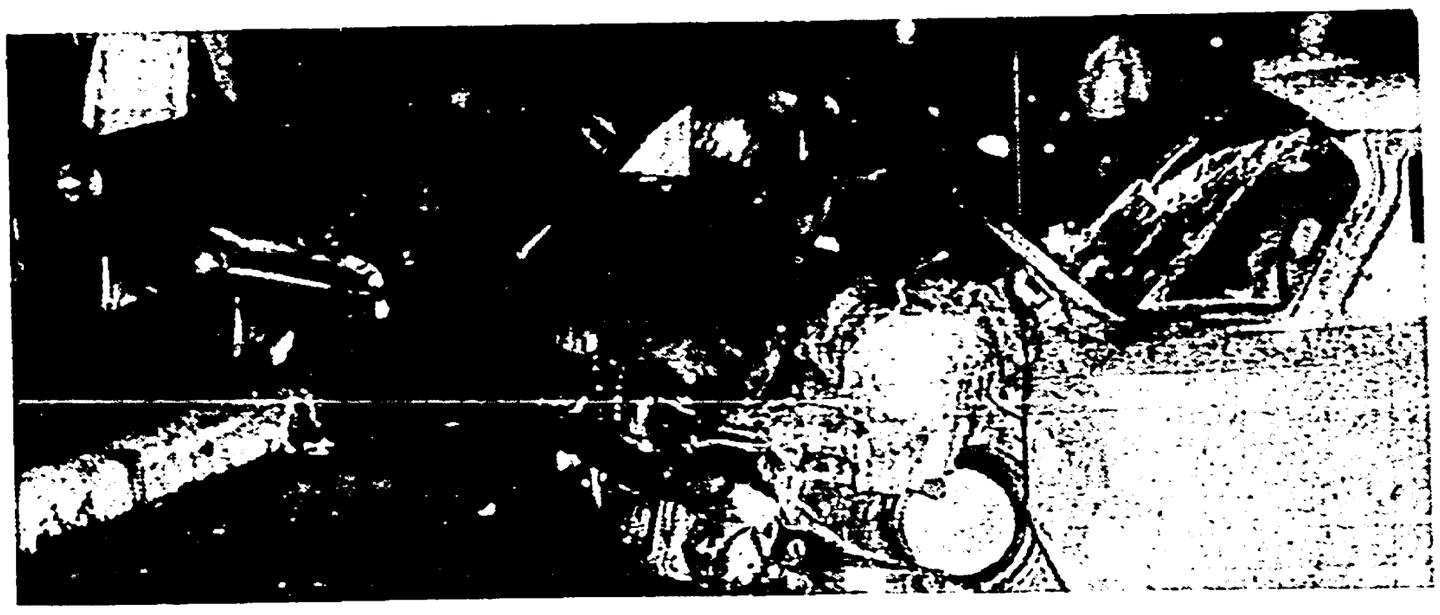
Looney, an unheralded third-stringer at the start of the season, leads the nations' punters with an average of 44.3 yards per boot and holds sixth place in the ground gaining race after crashing through opposing lines for 707-yards, a fine 7.4 average per carry.

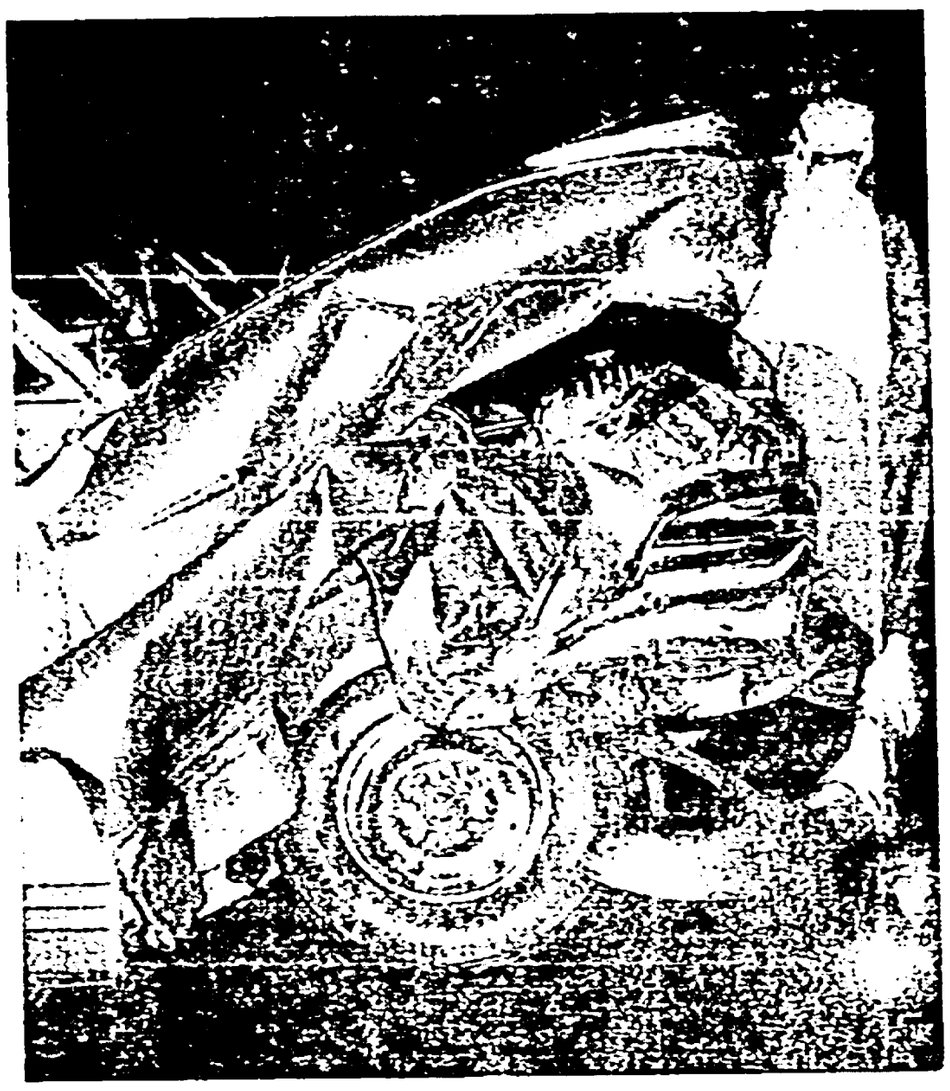


Pushing Looney in the punting race is Penn State's Chuck Raisig, holding the runnerup slot with an average of 42.9 per kick.

In addition to Raisig, Penn Staters in this week's tables are quarterback Pete Liske, holding tenth place in passing with 78 completions, out of 134 thrown, and halfback Junior Powell, holding 15th place with 29 receptions for a total gain of 281 yards.



Another outstanding opponent is Holy Cross quarterback Pat McCarthy who ranks ninth in total offense and tenth in scoring.



Oklahoma dominates team statistics with third place in pass defense, seventh in points allowed, sixth in rushing offense, and eleventh in total offense.

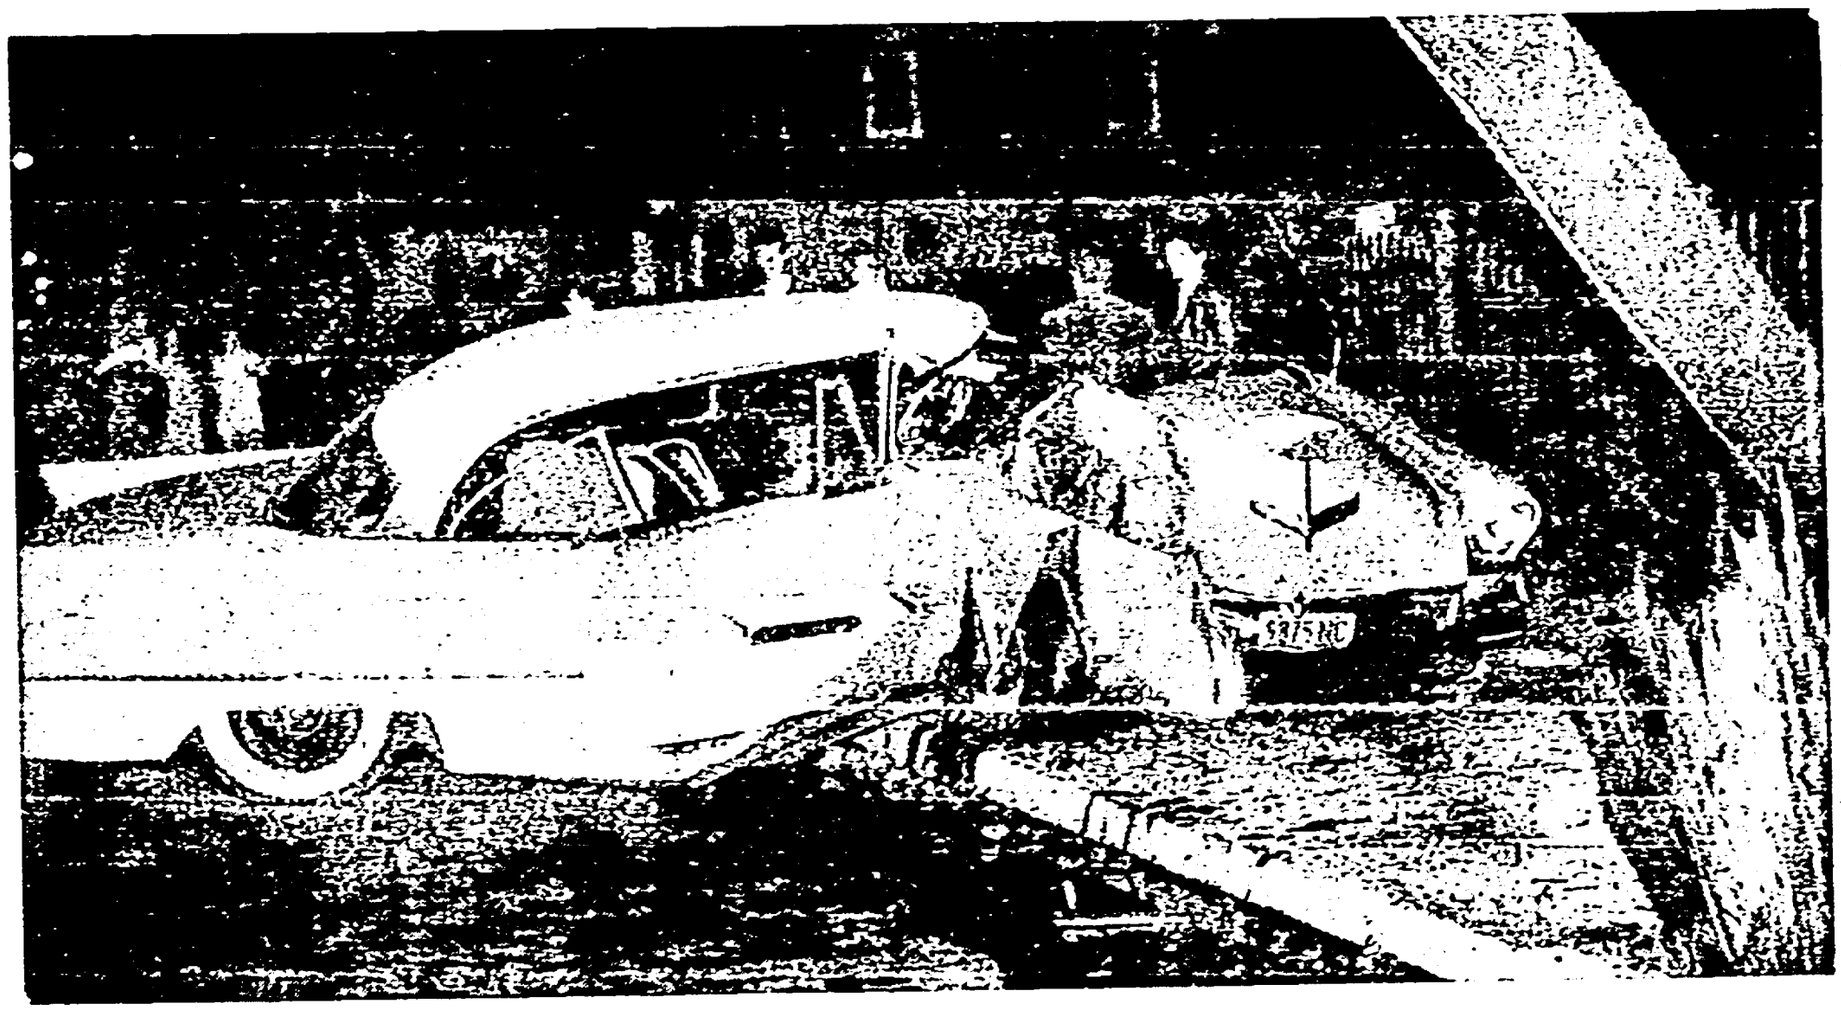
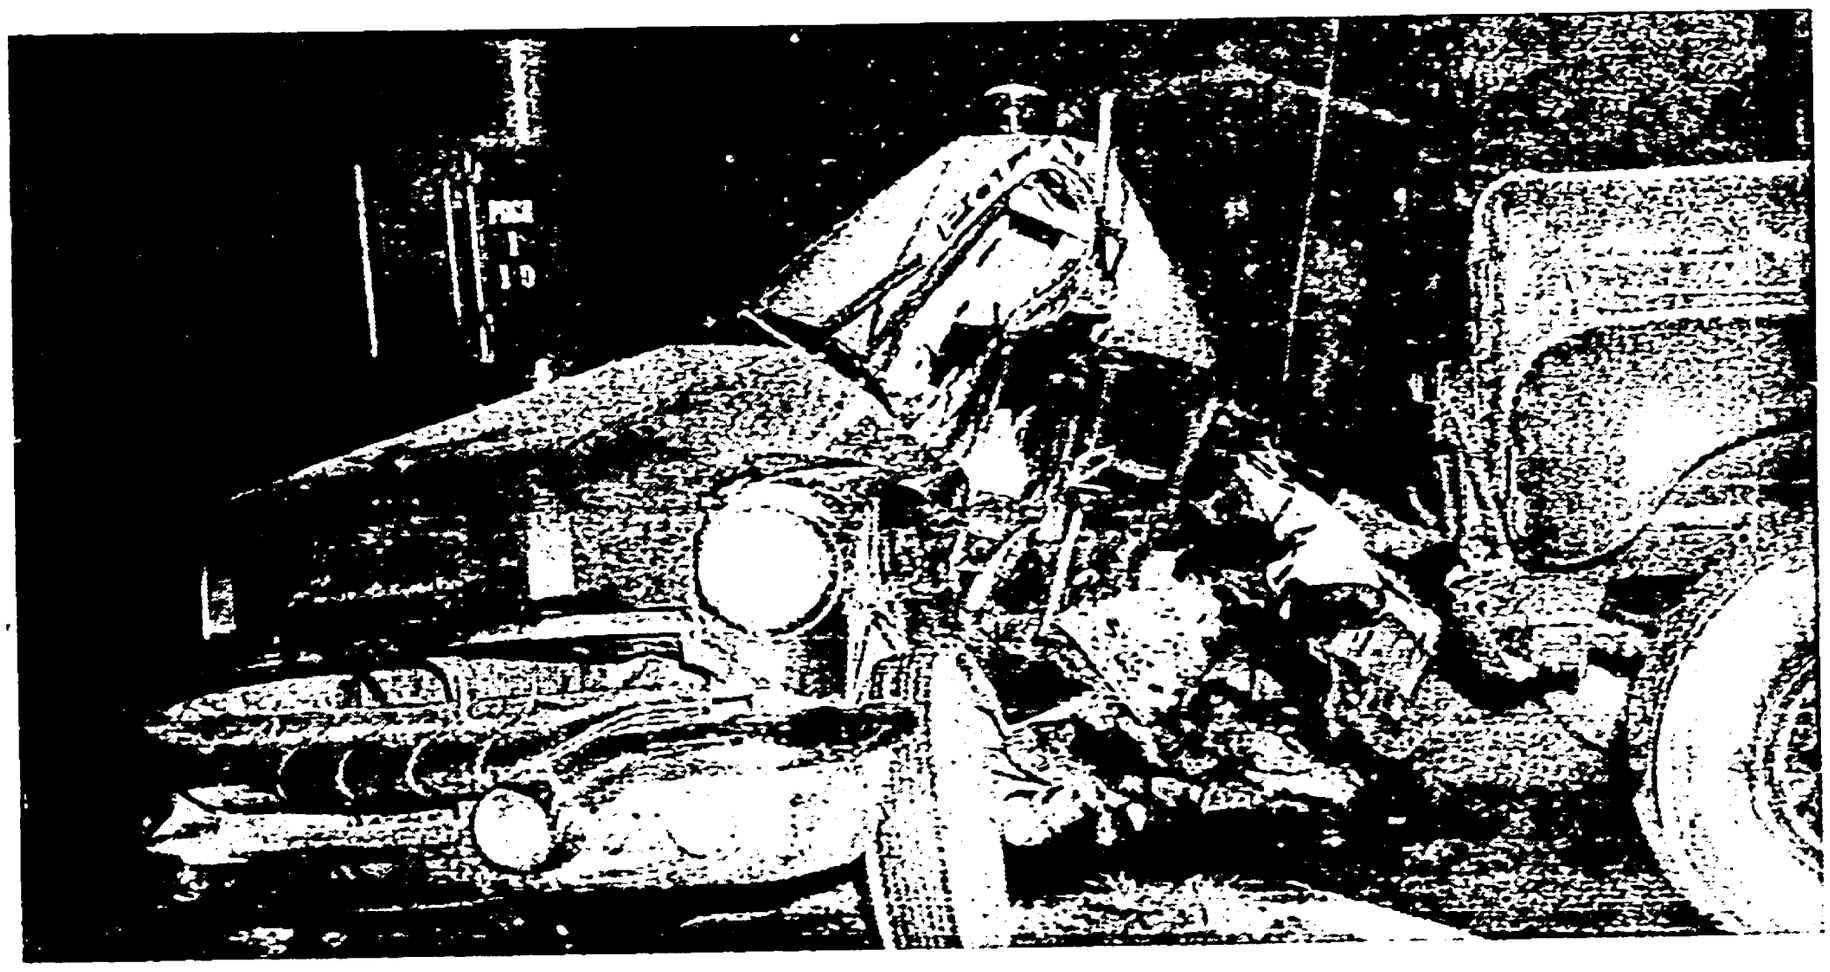
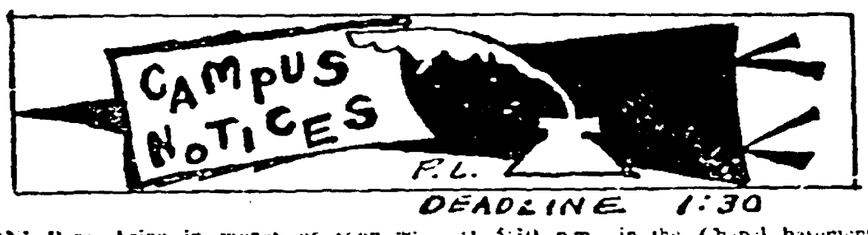
A WORD TO THE WISE







The pictures on this page are unpleasant pictures but are not meant to upset you. They are, rather, here to remind you that you will have many miles to travel if you're heading home by car next week and careful driving will be a must. Just glance around this page and you'll see what we mean. Watch this page Monday for a happier spread on Sammy Davis Jr., but don't forget the twisted metal that was once an automobile. We want all our readers back after vacation, so heed these pictures of advice.

THE LIFE YOU SAVE MAY BE YOUR OWN

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

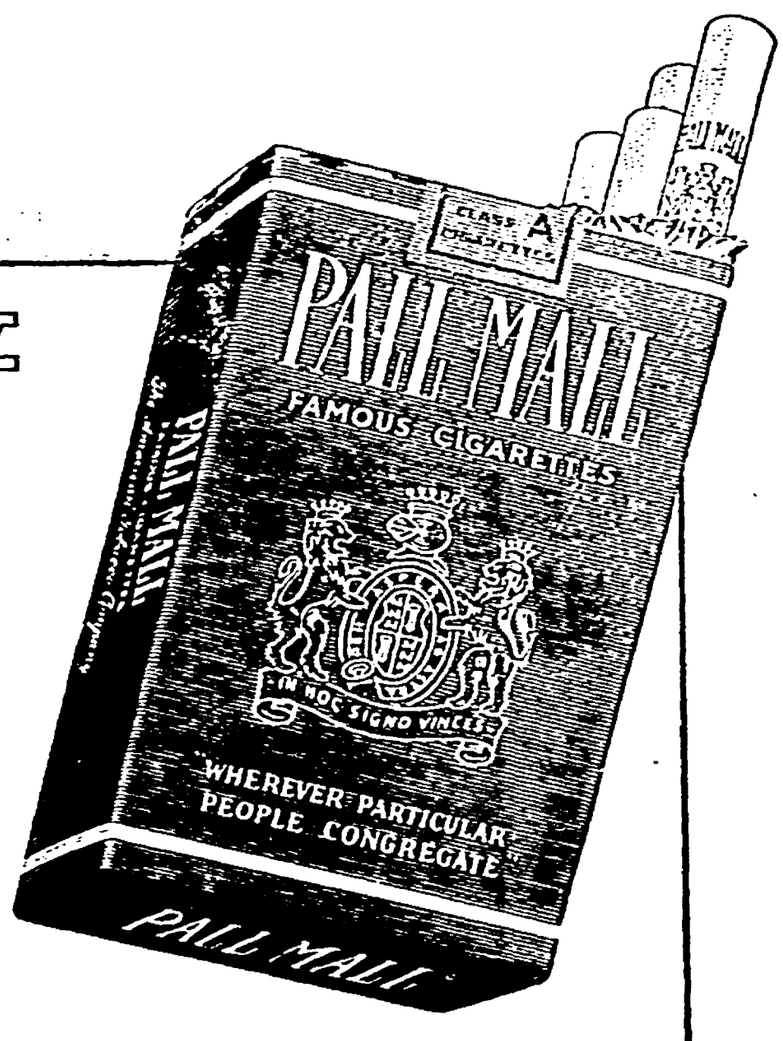
Pall Mall Presents~
GIRL WATCHER'S GUIDE



HIGH-FLYING GYM-DANDY

CAMPUS TYPE IV

Few sights in all the world of girl watching are as breathtaking as the unexpected observation of a Gym-Dandy in midair maneuver. Plato might well have had the Gym-Dandy in mind when he wrote, "When a beautiful soul harmonizes with a beautiful form, and the two are cast in one mould, that will be the fairest of sights to him who has the eye to contemplate the vision."

Although the Gym-Dandy is a joy to behold even while tightening the laces of her sneakers, she must be seen in *action* to be fully appreciated. The same thing is true of a Pall Mall. It's a long, firm cigarette in a handsome package, but it must be *tasted* to be fully appreciated. Try Pall Mall and see.

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

Car Bill in Effect After Thanksgiving

Dear Sophomores:

This letter is to remind you of the Joint Student Legislature Car Bill which has been approved by the Student Legislature and the Chancellor's Cabinet. This bill provides that sophomores who have attained a cumulative average of 1.6 or above are accorded full driving privileges. The bill becomes effective immediately following the Thanksgiving vacation.

If you are eligible and wish to take advantage of the privileges, you must register through the Student Government. This registration will take place immediately following the Thanksgiving vacation. An announcement of time, place, and procedure for registration will appear in the Daily Orange. Anyone having questions concerning the bill may call the Student Government Office at Ext. 2650.

Thanking you for your cooperation, I remain

Sincerely yours,

Ted Bayer

President, S.G.

Dear Juniors and Seniors:

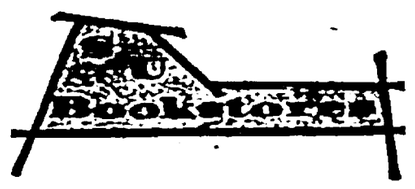
This letter is to remind you of the Joint Student Legislature Car Bill which has been approved by the Student Legislature and the Chancellor's Cabinet. This bill states that all juniors and seniors on University disciplinary or academic probation will automatically lose their driving privileges while either probation is in effect. The bill becomes effective immediately following the Thanksgiving vacation.

This provision will be strictly enforced. Under Article #3, Section A: "Academic and disciplinary lists of juniors and seniors will be checked against registration lists by Student Government." Those found on both lists will be subject to the folowing: (Article #2): "Students who are found to have falsified information on their registration will be subject to cancellation of their registration. Other cases dealing with violations of rules regarding automobiles will be sent to the Student Court." If this applies to you, please plan to take your car home Thanksgiving and leave it there. If there are any questions concerning this bill, you may call the Student Government Office at Ext. 2650.

Thanking you for your cooperation, I remain

Sincerely yours,

Ted Bayer



President, S.G.

Two Foresters Chop Wood

Two College of Forestry students are receiving some good practical experience in the fine are of tree cutting. Don Hennig and Jan Phinney have removed a tree that has been blocking a walk in Walnut Park since the snow storm Nov. 3.

The two foresters plan to cut the tree up with an axe and then remove it from the path.

Dolan Heads County SU Expansion Program

T. Frank Dolan, prominent Syracuse businessman, has been named chairman of the Onondaga Campaign for the "Syracuse Plan," Syracuse University's eight year $76,250,000 capital fund drive for endowment and construction.

Dolan was named chairman Thursday night by Earle J. Machold, chairman of the Council of the "Syracuse Plan," who said that the local drive program would be completed by June 1963.

A 1916 graduate of Syracuse University, Dolan is President of the Edward Joy Company in Syracuse.

He is a member of the Board of directors of the Syracuse University Alumni Association Dolan is also a regent of Le Moyne College and was awarded a Letter of Affiliation from the Institute of Brothers of the Christian Schools.

Active in Syracuse business and community affairs, Dolan is a director of the First Trust and Deposit Co., Syracuse, and the Syracuse Hotel. He is director of the Syracuse Welfare Corporation, the Community Foundation, and the Kerby Realty Foundation and is a former director of the Syracuse Community Chest.

Dolan holds the "Outstanding Citizen of the Year" award from the Syracuse Rotary. In 1951, the university presented him with the Arents Medal for excellence in business and community leadership and the following year he received the Merit Award from the Syracuse Law College association.

Dolan explained that the Onondaga campaign would reach out to major business firms and industries and friends of the university. Dates for the general alumni solicitation in the conuty will be announded at a later time, Dolan said.

In accepting his appointment, Dolan said, "The 'Syracuse Plan' is the largest program of its type ever contemplated in the city of Syracuse. It is fitting that Syracuse University, one of the leading educational institutions in the nation and one of the area's main business assets, should conduct a program as expansive and as far reaching as the 'Syracuse Plan.' A growing community such as ours can make no greater investment in itself than when it contributes to the training of its future professional and business man and woman."

Engineers' Ball Saturday Night

Theta Tau, national professional Engineering Fraternity will sponsor the 15th annua engineers' ball from 8:30 p.m. to 1 a.m. Saturday at the Syracuse Sheraton Inn. A dean's reception will be held from 8:30 to 9 p.m. followed by dancing.

The dance is open to all university students and faculty. Tickets are $5 per couple and may be purchased from Mrs. Margaret Harris, prefab 6; Miss Alice Burrell, 130 Hinds Hall; Hank Mcleod, 603 Sadler or Lee Metrick, 205 Watson East. Music for the semi-formal dance will be provided by Freddie Vare and his orchestra.

All those who have purchased tickets may vote for the queen of the ball on the first floor of Hinds Hall. The winner will be crowned at the dance.

Finalists in the contest are Diane Kessler, Susan Podell, Nancy Story, Susan Sutphen and Jenifer Wyman.

The Ball committee consists of Robert Scudamore, chairman; Hank McLeod, tickets and judging; Ronald Eaton, queens contest; Louis Gross, publicity; Dorothy Nysonnen, decorations; William Emerson, sponsors; Kenneth Weinstein, refreshments and flowers; Roger Kelley, letters; Lee Metrick, intermission and reception; Ray Pastemak, quad display; and Sherlyn Lunman, secretary.

PANHEL BALL TICKETS

Tickets to the Nov. 30 Panhellenic Ball are now on sale at $3 a couple, according to Katherine Anthony, ball chairman.

Sorority women can purchase tickets from their Panhel representative.

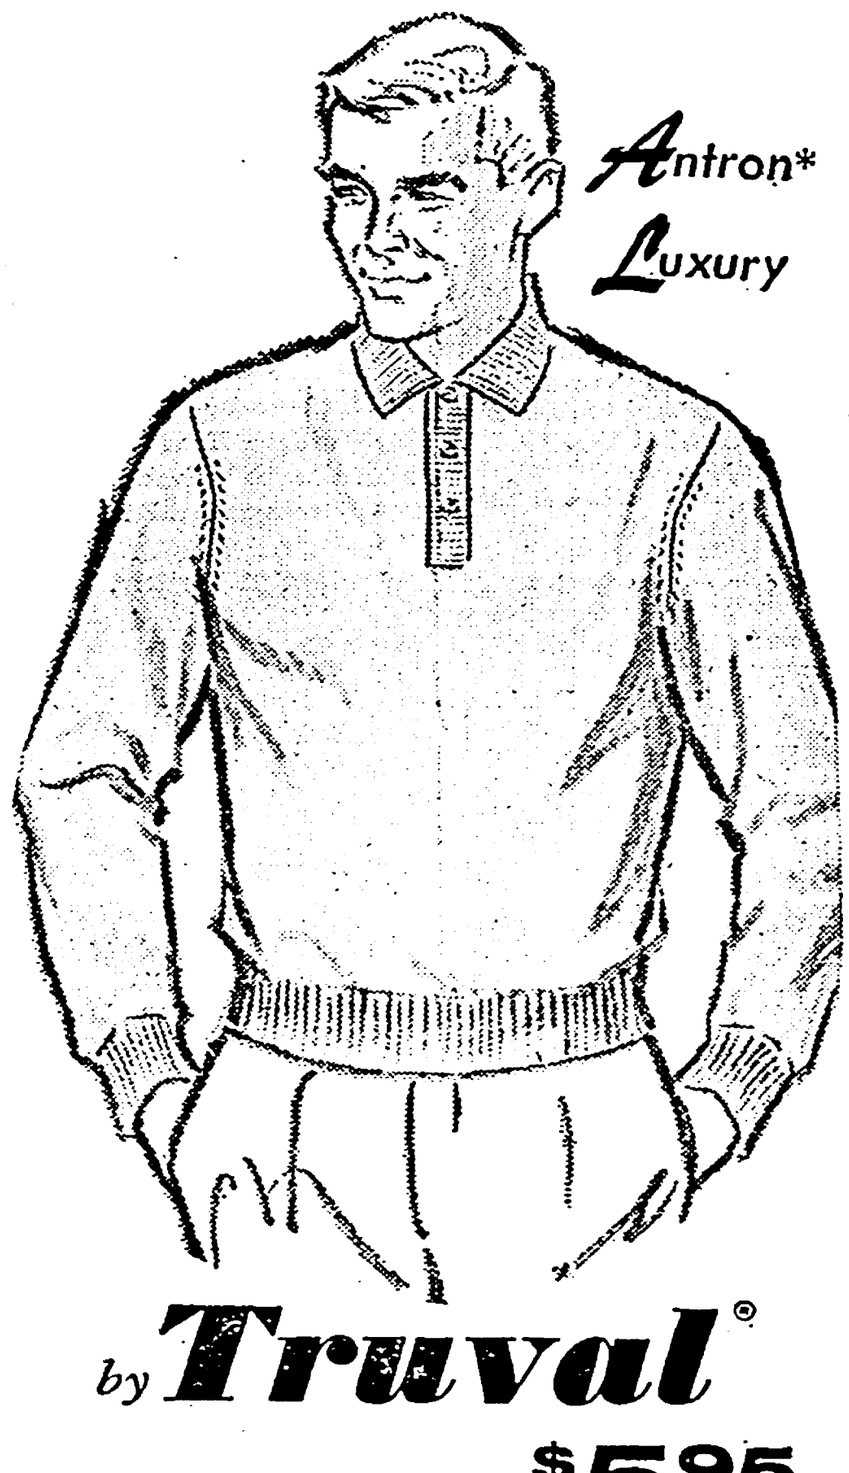
Representatives can pick up the tickets from Miss Anthony at Pi Beta Phi or Melinda Tantalis at Iota Alpha Pi.

The formal ball will be held in the Grand Ballroom of the Hotel Syracuse.

JOB INTERVIEWS

Job placement interviews are being held today, Monday and Tuesday.

The U.S. General Accounting Office will interview business administration majors in accounting today for their accounting training program in 105A Slocum Hall. Applicants should check academic requirements before signing up.



Also in Slocum today Sylvania Electric Products, Inc. is interviewing Business Administration and Liberal Arts students majoring in accounting, statistics, economics and mathematics with at least 12 hours of accounting for financial training program.

In Building 8 today Sylvania Electric Products, Inc. will conduct interviews for ChE, IE: B.S. ME; B.S., M.S. EE, Math., Phys.: B.S., M.S., Ph.D.

Also in Building 8 Texaco Inc. will interviewing ChE, EE, Chem., Math., Phys.; M.S., Ph.D. Geology: Ph.D. (for research).

Banquets, Coffees Mark Hill Sororities' Founder's Days

By SUSAN WEINBERG

Tradition has been closely adhered to in the celebration of founder's day of 12 Hill sororities. Most of the houses have acknowledged their establishment by banquets, coffees, or special candlelighting ceremonies.

Local alumni have been included in all celebrations.

Alpha Chi Omega, founded Oct. 15, 1885 at DePauw University in Indiana, had a coffee for alums and the 56 active members.

Established at Syracuse in 1906, Alpha Chi Omega now has 99 chapters nationally. Officers of the Syracuse chapter are: President, Jean MacAllister; Vice President, Alice Stayduhar; Secretary, Brenda Baldwin; and Treasurer, Barbara Berecz.

Supporting their national philanthropy cerebral palsy, each spring A Chi O has a mile of pennies drive with Beta Theta Pi fraternity. Members go downtown and to the Shoppingtown Plaza in DeWitt and ask shoppers to contribute.

All money collected is stuck on a mile of tape. The house tries to collect as many miles as it can.

Fifty-three years old Oct. 24, Alpha Epsilon Phi had its beginnings at Barnard College. Iota chapter was started at Syracuse in 1917 and has grown to an active membership of 60.

Officers include: President, Gail Weinberg; Vice President, Ann Seigel; Secretary, Marjorie Aarons; and Treasurer, Eileen Weisz.

Iota chapter was awarded the national activities cup of 1962 for have the greatest percentage of its house participate in the most outstanding activities.

In commemoration of its founding this year, A E Phi had a coffee for alumni and actives.

The first sorority at Syracuse, Alpha Phi is also the first chapter of the national organization It was established Oct. 10, 1872 and has expanded to 76 chapters. Alpha chapter now has 45 members and six pledges.

This year's celebration included a dinner for actives and alumni followed by a reading of the sorority's history and a candle ceremony.

Officers include: President, Sally Wiley; Vice Presidents Ellen McWilliams and Mary Lee Chamberlain; secretaries, Linda Hoff and Margaret Mosshammer; and treasurer, Susan Rowe.

Alpha Phi annually support, cardiac aid philanthropy.

Michigan State Normal School in Ypsilante, Michigan, was the scene of the founding of Alpha Sigma Tau, Nov. 4, 1899.

AST now has 37 chapters with 47 actives in the Syracuse chapter. Last year Syracuse chapter was awarded the Panhellenic scholarship cup for having the highest average of all Hill sororities, a 1.86.

Also last year, Alpha Sig took first place in the Colgate Weekend poster contest. Nationally, it received a certificate for having improved the most scholastically of all chapters.

A candlelighting ceremony and buffet dinner highlighted its celebration.

Officers are: President, Susan Grimley; Vice President, Susan Miller; Secretaries, Leslie Greenfield and Carol Meadvin; and Treasurers, Gylda Brander and Edith Lieberman.

Delta Delta Delta will celebrate its 71th founder's day like a big birthday party, according to Cinda Baswell, president. At the banquet sponsored by the alumni for actives and alums, the chapter will have a cake with candles for each chapter represented.

Since Tri Delta was founded Thanksgiving Eve at Boston University, the Syracuse chapter traditionally celebrates its founding the Monday preceding Thanksgiving.

Established at Syracuse in 1896, national Tri Delta now has 108 chapters. There were 13 members in Syracuse Tri Delta when it affiliated with national. Today there are 54 actives.

Officers are: President, Miss Buswell; Vice President, Christopher Anderson; Secretary, Virginia Frykman; and Treasurer, Joan McCullough.

Following the lead of its national organization, Tri Delta annually awards four scholarships of $200 each to the campus at large.

At its 1962 summer convention, the Syracuse chapter won the national award for 100 percent initiation.

Established Nov. 11, 1874, Gamma Phi Beta's celebration encompassed two days, Nov. 11 and 12. Sunday, Nov. 11, the Gamma Phi's attended Hendricks Chapel services in a body and donated the altar flowers.

Their banquet the following day was sparked by a skit in which the alumni portrayed the Gamma Phi's of today while the actives portrayed the Gamma Phi's of yesterday.

The word "sorority" was first coined for Gamma Phi by Syracuse Chancellor E.O. Haven. Before Gamma Phi was established, there was no such word or group known specifically as sorority, according to chapter members.

At ts founding at Syracuse months before Gamma Phi, was established as a literary group. It did not become known as a sorority until a few months after Gamma Phi came on campus.

Gamma Phi officers are: President, Joan Doremus; Vice President, Jean Moore; Secretaries, Sally Mostrow and Karen Kover; and Treasurer, Marnie Walrath.

Kappa Alpha Theta celebrated its 82nd anniversary Nov. 12 with a speaker from Dey Bros. on a "Basic Wardrobe" and a coffee for alumni and actives.

Chi chapter was founded at Syracuse in 1889. Today it has 48 members. There are 95 chapters nationally.

Theta has lived at 306 Walnut Place since its founding. Its original house burned down about 35 years ago and its present one was built on the same spot.

Officers include: President, Judith Simons; Vice President, Mary Schwartzwalder; Secretary, Barbara Barnes; and Treasurer, Barbara Bancroft.

Celebrating its 40th anniversary on Syracuse University campus this year, Kappa Delta combined its founder's day activities with a housewarming.

A new wing has been added to the KD house at 907 Walnut Ave. Oct, 21, two days before their founder's day, KD had a coffee for 350 guests to show off the new addition and celebrate its founding.

Guests included all of the deans of all the colleges at Syracuse, all alumni in the area and a national officer.

Alpha Phi, founded a few at 1922, KD had 26 members who previously had composed the local Delta Xi corority. Presently KD has 47 members.

Officers are: President, Sharon Voytovich; Vice President, Mary Sigas; Secretary, Elaine Kaskela; and Treasurer, Lina Moyer.

Since it was founded Oct. 13, 1870 at Monmouth College in Illinois, Kappa Kappa Gamma has expanded to a total of 89 chapters.

Its celebration this year included a coffee for alumni and a special ceremony at which time alums who had been Kappa's for 50 years received 50-year pins.

Officers of the 48 member chapter are: President, Anne Gibson; Vice Presidents, Michele Large and Jane Voorhees; Secretaries, Mary Lou Munyon and Margaret Hansen - Sturn; and Tretasurer, Diane Rohrbacker.

Phi Sigma Sigma had its beginnings at Hunter College Nov. 26, 1913. It has grown to its present 21 chapters across the nation.

Phi Sig will not celebrate founder's day this year because it falls during Thanksgiving vacation.

Last year Pi chapter won the Rudolph Memoriral Award from national for "doing the most for the campus and community to bring honor to the name of Phi Sigma Sigma."

For the past two years Pi chapter has won the best pledge class award of all sororities at Syracuse.

Officers are: Archon, Elizabeth Glickman; Vice Archon, Madeline Walters; Tribune, Carole Regosin; Scribe, Linda Glickman; and Bursar, Linda Strauss.

Sigma Kappa celebrated its 88th anniversary Nov. 12 with a banquet and ceremony honoring its five founders. These five founders were the only women at Colby College where Sigma Kappa was established.

There are now 101 chapters of Sigma Kappa. Each year Syracuse chapter supports the two national projects: Gerontology, which provides aid to aged people; and the Maine Seacoast Mission, which sends books and clothing to isolated areas in Maine.

At the 1962 convention Syracuse chapter won the national activities award.

Officers are: President, Mary MacDonald; Vice President, "Abby" Fryer; Secretary, Gail Patch; and Treasurer, Barbara Miscki.

Zeta Tau Alpha, founded at Longwood College in Virginia Oct. 15, 1898 and at Syracuse in 1922, celebrated its founding with a banquet honoring one of its local founders.

Syracuse chapter presently has 55 actives. Officers include: Sally Ann Ivey; Vice Presient, Barbara Ferranti; Secretary, Julie Zeh; and Treasurer, Sylvia MacAllister.

Each year ZTA sends contributions to a cerebral palsy clinic in Virginia which is sponsored solely by national Zeta Tau Alpha.

Chapel Roundup

"Thanksgiving in a New Key" will be Hendricks Chapel Dean Charles C. Noble's sermon topic Sunday at the 10:55 a.m. Chapel services.

On Nov. 25 the Rev. Howard Ham of the religion department will deliver the sermon. Dean Noble will preach at the United States Military Academy at West Point.

Rabbi Louis Neimand will speak on "A New Translation of the Bible" at Hillel Sabbath services at 7 p.m. today in the Chapel.

Cantor

Larry Feigon will serve as cantor for the service.

Miss Rhoda Linton, head resident at Smalley Cottage and a former Methodist missionary in Burma, will address the Methodist Student Fellowship Sunday.

Miss Linton taught Bible and religion courses in a Burmese high school, under the "B-3 program." Representatives of the church agree to go abroad for a three-year term.

The supper will start at 5:30 p.m. at Hendricks Chapel, with the program beginning at 6:30 and ending about 7:25.

Syracuse-in-Asia would like volunteers to help with the annual sale of oriental gifts, which will take place Dec. 3-7 in the Chapel lounge.

Proceeds from the sale help support a Syracuse University graduate or graduate student as a teacher for two years in an Asian university.

Those wishing to help with marking or selling should sign up on the poster in the Chapel, call ext. 2495 or call Lily Bergs at ext. 2717.

There will be a business meeting of Syracuse-in-Asia at 6:30 p.m. Monday at Chapel House. Plans for the sale and for an oriental dinner for sale workers will be discussed.

Hillel classes and study groups will meet on a regular basis next week.

Fellowship

Inter-varsity Christian Fellowship will not meet Nov. 23. The Friday night program of speakers and Bible discussions will resume at 7:30 p.m. Nov. 30 in the Chapel lounge.

The Methodist Student Fellowship Communion breakfast will be Tuesday at 7 am. At 12:20 p.m. Tuesday, the "Dialogue in Theology" luncheon will take place at Chapel House.

MSF Ecclesia will be at 8 p.m. Tuesday at 113 Berkeley Drive.

The Lutheran Pastor's Committee will meet at 5:45 p. m. Tuesday at 118 Clarendon St. The New Yorkk state conference for the group will be Nov. 30-Dec. 2 at Hartwick College in Oneonta.

'The Word Was First'

By STEPHANIE BRILL

"In the beginning was the word" — you see, we were there first", commented post, writer, critic and teacher Paul Engle in his lecture Thursday on "Poetry and People".

A clever manipulator of words himself, the professor proved the power of the spoken word by spicing his lecture with perceptive laughter - provoking aside-comments and numerous literary examples to illustrate his ideas about the techniques, function and meaning of poetry.

Elevate Experience

Speaking of the manner in which poetry can be startling and dramatic in elevating the most "gritty" aspects of human experience, he termed it "the truth heightened" and something which expresse the "extraordinary in ordinariness".

Explaining that the poet must produce a heighteed awareness for himself and his reader, through his poem, Dr. Engle maintained the poem is more important than the poet: it must become meaningful through the use of language and emotion inseparably.

He stated that poetry is modulated, colloquial speech under tension often set against iambic pentameter.

Shakespeare

Shakespeare used these colloquial speech rhythms and patterns, as do modern poets, to give life and independent interpretation to their work. Everyone uses them for expression except the Western Union girl, who speaks in a monotone and can't get excited, said Engle.

"There is a rhythm and pattern in your speech. Listen to the speech of your friends. . . I realize that that's asking a lot. . .and you will see this," Engle noted.

Emphasizing the importance of literally discipline and structure in poetry. Dr. Engle also stressed the intense power and indispensability of emotion.

In one poem he succinctly commented on a nobleman in a Valesquez painting, who sits on a magnificent white horse wearing a black velvet cloak but, whose face is so ugly that:

This is the type of face that
sheep count in the night
when they can't sleep.

Interviews . . .

(Continued from Page 9)

Geology: B.S., M.S., Ph.D. will be held in the Geology department.

The Liberty Mutual Insurance Co. will interview Business Administration accounting majors for its on-the-job-training program Monday at 105A Slocum.

In Building 8 Monday Griffiss Air Force Base, Rome Air Material Area will conduct interviews for IE, ME: B.S., M.S., EE, Phys.: B.S., M.S., Ph.D. Psychology: M.S. Ph.D.

Tuesday in 105A Socum Alexander Grant & Co. will interview business administration accounting majors for staff accountant training program.

Also in the same room on Tuesday Connecticut General Life Insurance Co. will conduct interviews for its management training program in field sales, agency sales, management or group sales management.

Weather Watch

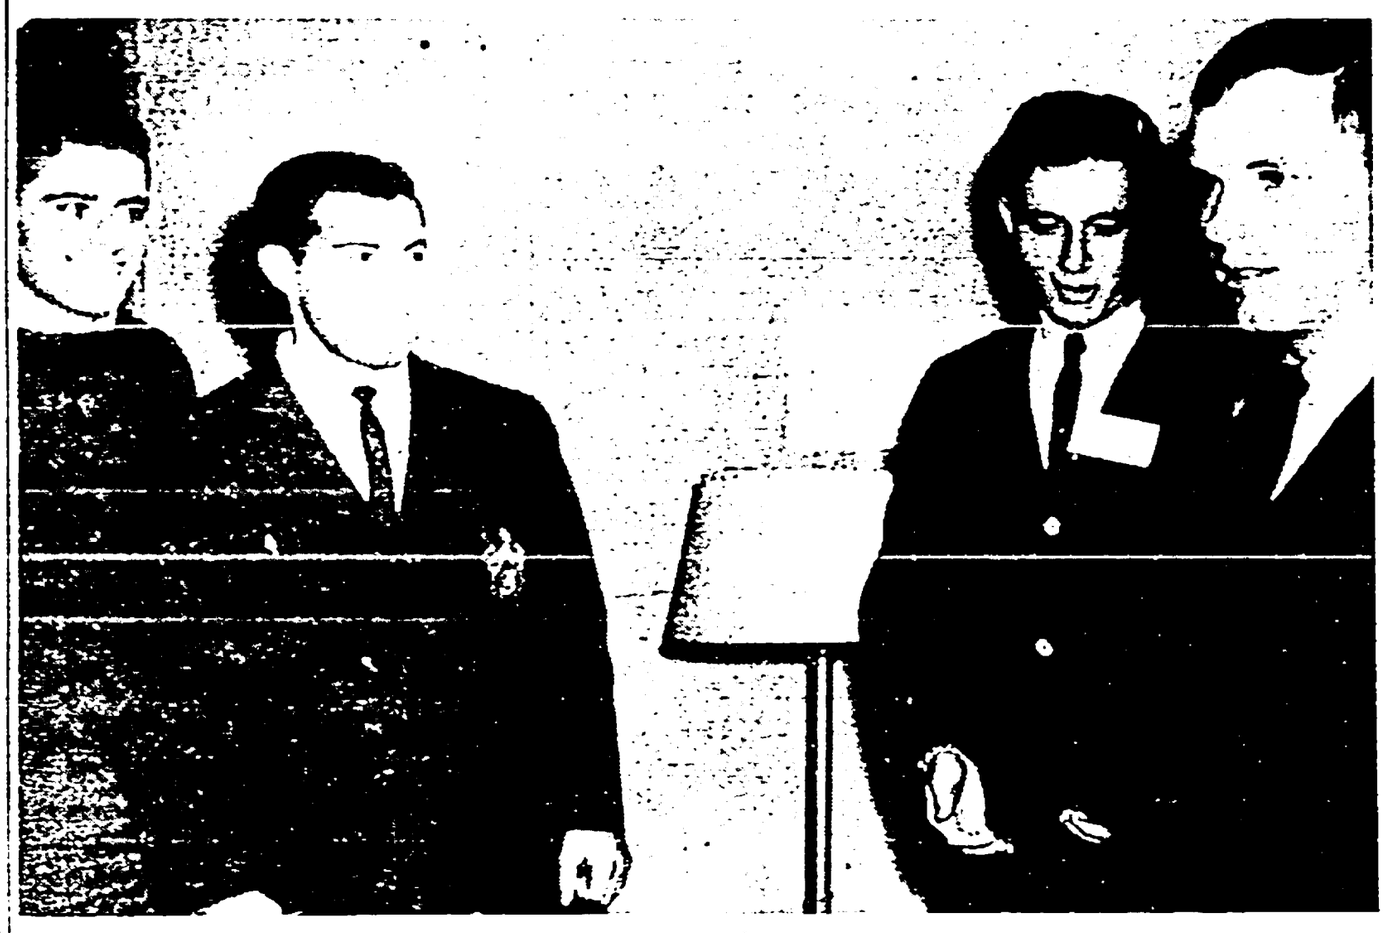
FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: The warm weather which was so close to bringing us a brief reprieve from the pre-season winter is now being overcome by a fresh outbreak of polar air.

Rain and snow are pushing eastward ahead of the cold air and itis associated front. It may cause problems for Saturdays game.

FORECAST: Generally clear and only slightly milder today with increasing cloudiness later in the day, followed by some rain or snow tonight or Saturday. High today: 40-45; low tonight: in the 30's.

Frosh Queen Applications



Applications for Freshman Weekend Queen are due Tuesday, contest chairman Patricia Ettkin has announced. The place for turning in applications will be announced, Miss Ettkin said. The weekend is Dec. 7-8.

Each freshman floor and living center, both men's and women's may nominate a freshman woman for queen. Miss Ettkin recommended that the floors decide at their Sunday meetings.

Judging, which will take place at a series of coffees, will be based on poise, personality and appearance.

The queen will be crowned at the Saturday night dance of the weekend.

Meet the Greeks

Freshmen and fraternity men met and talked at an Interfraternity Council smoker Thursday night in the Chapel House. Greeks answered questions about the fraternity system and also answered queries about their individual houses. Many of the over 1,000 male freshmen attended the smoker.

No Results Revealed In Day Room Search

By SANDI EHRLICH

A surprise room search was held early Saturday morning in Day Hall, in an effort to discover a clue to recent thefts within the dormitory. Jewelry, money, imported sweaters, and airplane tickets have been reported missing within the past two weeks.

Just befort 1 a.m., Saturday, dorm residents were summoned to the main lounge by the fire gong. Day Hall houses 466 coeds. Miss Shirley Uplinger, director of Day Hall told the girls that a mass room search had been warranted by Marjorie C. Smith, dean of women, and by Security Police Director Robert D. Flaherty.

"While the search revealed a great deal, the results were not completely satisfactory," according to Dean Smith. "It is regretful that such action had to be taken."

The girls were asked to sign a permission slip, written by Flaherty, stating that a head resident could examine each girl's personal belongings in her presence. Miss Uplinger said that if the slip was not signed, authorities would try to obtain a search warrant from the Syracuse city police.

Seven head residents, from Flint Hall and several cottages, came to Day to assist in the search. Girls returned directly to their pajama lounges on each floor, following the meeting in the main lobby. They were called into their rooms, two by two, with the head residents. They examined closets, drawers, and bolsters, looking for the missing articles.

The search continued until after 5 a.m. on several freshman floors. Residents of Day 2 and 3, upperclass floors, were permitted to go to bed at 3:45 a.m. The search wes left incomplete on these floors so that a more thorough investigation could be performed on the freshman floors, according to Miss Uplinger. She consulted with Dean Smith before ending the inspection on these two floors.

Three sophomore girls refused to sign the permission slip to have their rooms inspected. They remained with Security Police in Day Hall until 4:30 a.m. City police were not contacted.

The search was proposed "to determine if the thief was in the building" and "to show that we were aware of the seriousness of the situation," said Miss Uplinger. "The girls were very helpful and cooperative," she stated .

NO MORE DO's UNTIL 27th

With today's issue the Daily Orange ceases publication until next Tuesday. That's right. You must wait one more week for that next crossword puzzle, so until then remember the words of that great Pilgrim leader, Miles Standish, who said: "I think it's more important to build some houses here before we finish with this silly monument, men. After all, you see one rock you've seen them all." So pick up two copies of today's paper. Turkey's bigger than fish.

5 Youths Mug SU Student

A Syracuse University student was treated for a broken nose early Saturday morning after he was attacked by five youths about 2 a.m. at Montgomery and Madison streets.

James Norman, 19, who lives in the Alpha Tau Omega fraternity house, 748 Comstock Ave., could give police no reason for the assault. He said the youths jumped him from behind and pummeled him with their fists.

'ON' ORDERS

All orders for the 1963 Onondagan must be made by the second week of December, editor-in-chief Sandra Joy announced Friday.

GET W. VA. TIX IN GYM TODAY

Students who will attend the Thanksgiving weekend SU-West Virgniia game must exchange their stubs for reserved seating tickets from 3:15 to 4:30 p. m. today in the Trophy Room of the Men's Gym. This includes block groups, graduates and undergraduates.

Petitions will be accepted even if they are not on the regular student government form.

SEE SPORTS PAGE 8

Vacation Exodus Wednesday

By CLAY RICHARDS

Thousands of Hill students prepared to head home early Wednesday at the start of the annual Thanksgiving vacation peiod.

Some will leave today and others plan to leave Tuesday, but the university does not close officially until noon Wednesday.

Public transportation facilities are readying to handle the expected heavy traffic of homeward-bound students and the Syracuse Weather Bureau forecasts cold and windy weather for Wednesday.

University men's dorms and Shaw and Flint Women's dorms will remain open during the vacation period as will one main dining hall. Students spending vacation off-campus must vacate their rooms by 2 p.m. Wednesday.

The crush on public transportation is not expected to be as great as it is many other vacation periods, but both the Greyhound bus line and American airlines are adding special New York City trips to their schedules.

Several lines of type were inadvertently dropped from Friday's story concerning housing over Thanksgiving vacation.

The second paragraph should have read "All the large men's living centers will remain open, but some of the smaller cottages will be closed, announced men's housing Director Bruce de Bruhl. Only Flint and Shaw Dormitories will remain open for women, Director Jean Crawford told the DO."

Special Greyhound buses wil leave Sims Hall at 1 p.m. Wednesday for 34th St., New York City. Tickets for this trip will be available at the Corner Store through 3 p.m. Tuesday. As many buses will be used as is necessary, Greyhound officials said. The buses will leave 34th St. at 3 p.m. Sunday and return direct to Sims Hall.

Extra buses will be added at the downtown Greyhound terminal in all direction if they are needed, officials said.

Limousines

Syracuse-Oswego bus-line officials said they plan no special bus trips to New York but are offering special limousine service to Hancock Field every 40 minutes, around the clock.

American Airlines announced they have added extra New York City flights Tuesday and Wednesday and that a very limited number of seats are available on the waiting list for these flights. Extra return flights are also being planned by American.

Mohawk Airlines Friday still had seats avaialable on their three regular daily New York City flights. Mohawk officials said they anticipate no problems in scheduling accommodations for holiday flights.

While We're Away

Since the Daily Orange stops publication for seven days with today's issue, we would like to insure that our readers who remain on the Hill do not miss any campus events due to our vacation absence.

The following is a list of lecturers, meetings and reminders for the coming week:

TODAY

Dr. Joseph Kitagawa speaks at 4 p. m. in Kittredge Auditorium of Huntington B. Crouse Hall on "Modernity, Culture and Religion: The Religious Ethos of Modern Japan (Mid-19th Century to 1930)."

●

Freshman student nurses will hear a talk by Hendricks Chapel Dean Charles C. Noble at 1 p. m. in the Nursing Building, 103 Waverly Ave.

Dean Noble will discuss "Integrity" His appearnace is part of nursing students' orientation to the school's honor code. An informal coffee will follow the talk.

A professor from behind the Iron Curtain will lecture at 4 p. m. today in Room 9, Huntington B. Crouse Hall.

Prof. Caius Jacob of the Bucharest, Rumania, faculty of mathematics and physics, will discuss "Extension of the Circle Theorem."

He is professor of mechanics and fluids. His visit is being sponsored by the Syracuse University College of Engnieering.

●

Sir Richard Allen, former British ambassador to Burma, will discuss the current Indo-Chinese border conflict at 3 p. m. today in the Founders' Room, Maxwell Hall.

Sir Richard, before his recent retirement from the British Foreign Services, served in 11 countries on three continents. He was British ambassador to Burma on the last assignment of his 35 year career.

TUESDAY

Dr Joseph Kitagawa speaks again at 4 p. m. in Kittredge Auditorium, Huntnigton B. Crouse Hall, on "Old Dreams or New Vision? The Religious Situation in Post-War Japan (1945 - ——).

●

The University Regent Theater shows "Boris Godunov," film version of Moussorgsky's opera about Medieval Russia, at 7 and 9 p. m. Bolshoi Theater performers star; English subtitles supplement the Russian.

●

The SU Student Bar Assn. sponsors a conference for undergraduates interested in law careers at 7:30 p. m. in Room 104, White Hall.

SU College of Law Dean Ralph E. Kharas will discuss law school admissions. Prof. R. W. Miller will speak on recent developments in the administration of criminal law.

WEDNESDAY

Classes end at noon. Students must be out of their rooms by 2 p. m.

THURSDAY

Happy Turkey Day.

SATURDAY

The Orangemen play the West Virginia Mountaineers, starting at 1:30 p. m. in Archbold Stadium.

●

The University Regent Theater offers an Audubon film at 8:15 p. m.

MONDAY

Classes resume at 8 p. m.

REGISTRATION OF SOPH CARS

Registration for sophomores who wish to drive motor vehicles begins Monday, Nov. 26, in the lobby of Huntington B. Crouse Hall. Registration will be held from 9 a. m. to 5 p. m. and will continue through Wednesday, Nov. 28.

Sophomores with a 1.6 cumulative average are eligible to drive while in attendance at the university.

Last Home Game Pep Rally

THE OLD COLLEGE PEP — Students rallied Friday night to boost the Orangemen in the George Washington game Saturday. Piety faces the West Virginia University Mountaineers in tho final home football game Saturday, during Thanksgiving vacation.

Count Your Blessings

As the Syracuse campus prepares to join the rest of the nation in Thanksgiving, we are reminded that this, like so many other holidays, often loses its real significance and becomes wrapped in material terms.

This land has come a long way in the three hundred forty-two years since the Pilgrims landed at Plymouth Rock, a scene from history that always is conjured up at Thanksgiving time. Though we have come a long way, we must never forget the long path that lies ahead. And so we offer a small package of items for which we at Syracuse can be thankful in the year 1962.

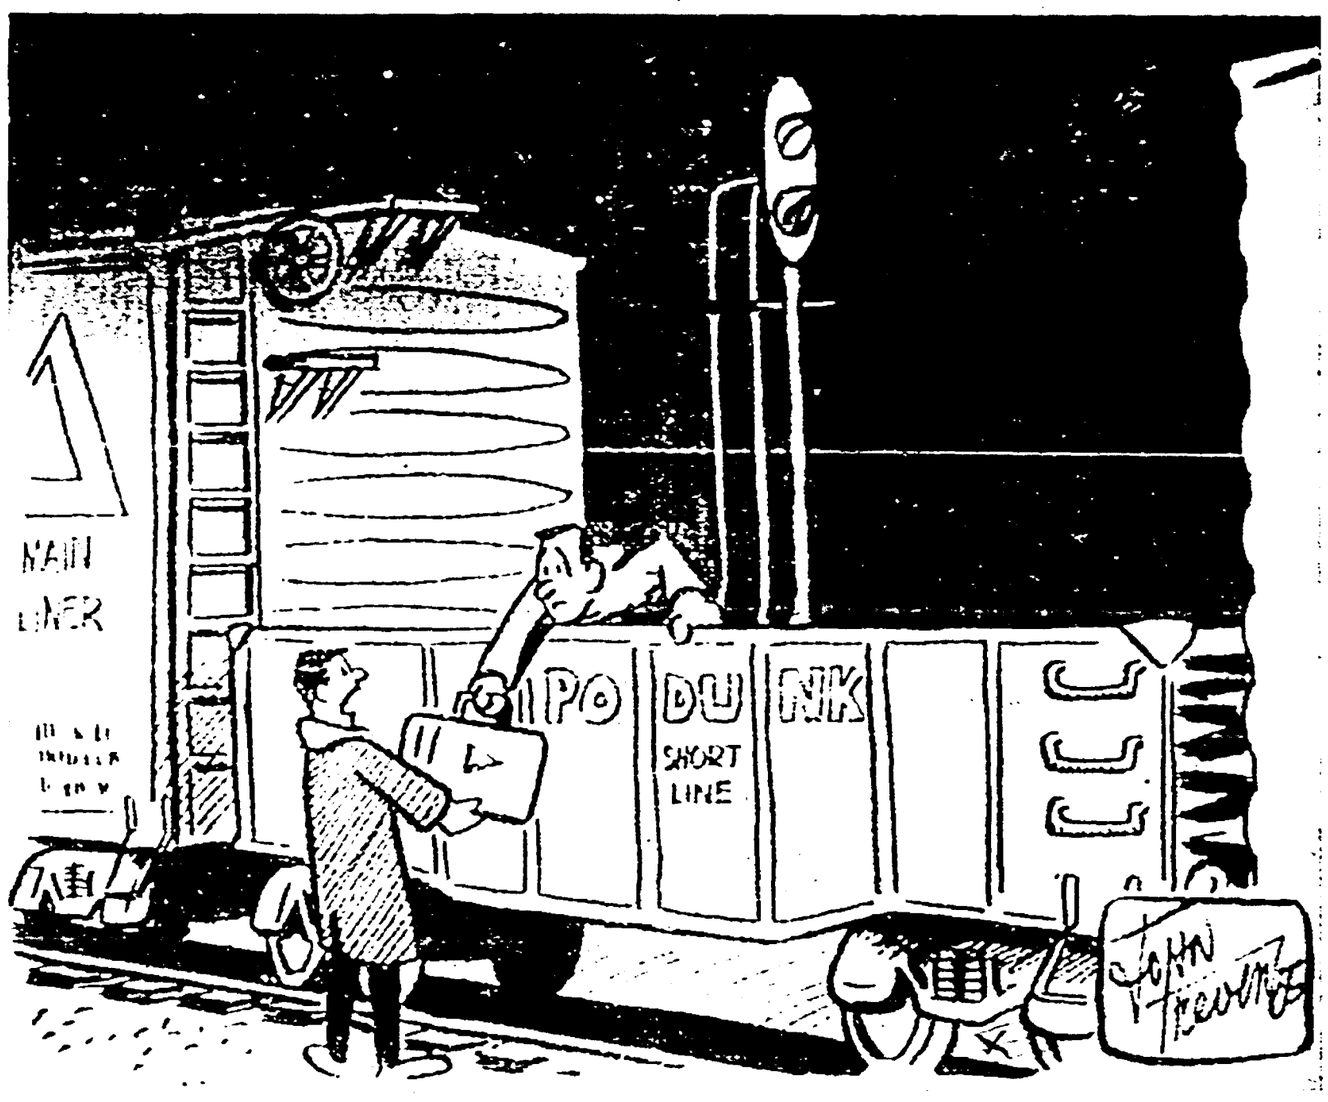
We can give thanks: That we once again managed to veer away from the cliff of disastrous world war when Premier Khrushchev backed down before the strong stand of President Kennedy; that the recent elections showed that the people of this nation appreciate the right to vote and are using the vote with more thought each year, as was witnessed in the splitting of party tickets in many races;

That Syracuse is planning for the future, with buildings at least; that our football team has managed to put two wins together as in the old days; that mid-semesters are over; that at home mother doesn't act as much like a head resident as the head resident tries to act like mother.

And while you're at it, be thankful: That the university give you the freedom to keep your mouth shut; that JSG is trying to get you to keep your mouths open; that cars are still allowed on campus; that Samuel I. Newhouse has money; that you don't have to look for the railroad station (if you do, we're sorry);

That the sophomore class made money; and most important—that you're not a turkey.

So count your blessings this week and be thankful that you have a few things to be thankful about.



See you next week.

Meet Vera Vogue

Attention Co-eds! Vera Vogue is something you don't want to be. She is posing as a grown-up, who will appear once every two weeks to appal you, appease you, delight you, disgust you. She is a watchbird watching you. Assuming you've learned primary manners in the primary grades, (you eat with knives and forks, etc.), Vera Vogue will be one to laugh at — make sure **you're** not the one being laughed at.

TREVER OFF CAMPUS

"Maybe they'll lower the tuition next year. Any way, have a nice vacation..."

GARDEN OF EDEN

Thornden Park

By Carol Schlageter

Love 'em and leave 'em has apparently been the stigma of Thornden Park since the 1870's.

The love of James P. Haskin of Pompey, first owner of the Thornden Estate, ended on a crashing dissonance. Haskin's wife died in childbirth in 1845. No doubt assuming responsibility for the occurrence, Haskin's body was later discovered in the bath, twin razors clutched in his hands.

"True Romance" could have a veritable field-day with the saga of one Major Alexander H. Davis, who subsequently purchased the estate. But his wife was left alone to enjoy Thornden. The Major, alas, was cruising the Mediterranean with world famous Lily Langtry, otherwise known as the Jersey Lily.

Lily, it seems, had been jilted by Albert Edward prince of Wales. Finding a single life about as palatable as raw rattlesnake, she combed the countryside for eligible millionaires. And she came upon none other than Major Davis.

Cathy Covert, Syracuse Herald-Journal writer whose research I have pirated for this occasion, points out that Davis "sprang helpfully (and no doubt hopefully) into the breech."

The rejected Mrs. Davis, however, indeed had some area in which to roam. Thornden was then a thriving manor, complete with shrubbed lovers' walks, a deer park stocked with game for the owner's shooting pleasure and a mansion of appropriate splendor.

If Rockefeller lost votes because of his divorce, then small wonder that Davis lost his campaign for election to the Congress in 1877.

But Davis, in manner reminiscent of La Dolce Vita, trolled off to England and became a British citizen. His wife packed up her daughters integrated. The stained glass windows were broken (no doubt by ancestors of the same knaves who have tipped over the Mestrovic-style statues on campus). Weeds dominated the campus.

And, unknowingly perpetrating the estate for generations of university students, the city condemned the estate and made it a park. In 1929 the mansion burned.

And at some undetermined time, the water tower took its stand overlooking the former Thorndon estate. The tower, as even the youngest of 'cusans soon learn, is only secondarily noted for aquatic storage.

Miss Covert noted the former Thornden Estate had its own ghost, "a sheeted figure that trod the park at midnight."

Judging from campus familiarity with the locale, students don't believe in ghosts any more.

LETTERS

Chimes

To the Editor:

Once again, just before Thanksgiving vacation, the DKE's have resumed playing the Crouse chimes. Although I'm not one to critize, I'd like to make one small suggestion: that they refrain from playing "Christ the Lord Is Risen Today."

It's bad enough we begin our Christmas Shopping two months in advance, but don't you think it's a little early to start thinking about sending out Easter Cards?

Tom Blowers '64

Pinnings

To the Editor:

I wish to clarify a statement made in Thursday's Daily Orange from the article concerning the "battle between the sexes at Kimmel lounge," it stated:

"...pins mean more to girls than boys. While boys give up their pins rather easily girls are more tenacious. Many girls collect pins. I know one who has several."

This statement was taken completely out of context, and I would like to clarify the above quotation. The above statements were a concluding comment on the question of pinnings. I stated that I thought a pinning was meaningful or as meaningless as the individuals want it to be. This statement was made in reference to a meaningless pinning. The statement was meant to be an eye opener. Some males too freely give their pins away and some females accept a pin too quickly. It is people like this who make pinnings meaningless.

When quoting someone, I believe one should be extremely careful as to what is printed. It is so easy to distort a person's ideas by taking a statement out of context.

I'm sure the individual who wrote this article had no intention of distorting anything that was said by the eight girls nor having anyone misinterpret what we stated.

In the future, however, the Daily Orange reporters should be very careful when quoting an individual. Statements should never be taken out of context and implications which imply untruths, should not be printed.

Harriet Reisner '64

Class Cuts

To the Editor:

I read with great interest Dean Faigle's announcement concerning class cuts. These is much to be said for the announcement.

However, I am not concerned with this. What I am concerned with is the way in which classes are being conducted.

Why should students be forced to attend classes when for three consecutive days the professor merely reads the textbook? He is not commenting on the text; only reading it.

Why should students be

(See Letters, Page 3)

JapaneseProf Will Speak On Religion

Dr. Joseph M. Kitagawa, associate professor of religious history at the University of Chicago, will lecture to Hill students today and Tuesday.

Kitagawa, a native of Japan, will speak on "The Religious Ethics of Modern Japan" and "The Religious Situation in Post-War Japan." The lectures will be held at 4 p.m. in the Kittridge Auditorium of H. B. Crouse Hall.

The guest lecturer has spent several years in the Orient studying Buddhism and other Eastern faiths. Kitagawa is a naturalized citizen and has been on the faculty of the University of Chicago since 1951.

He is author of several books and his articles have appeared in scholarly publications in the United States, Europe and the Orient.

Letters...

(Continued from Page 2)

made to attend class when the professor spends the first four weeks of school giving us background material that is easily found in any reference book?

Finally, I ask, why should students be coerced into attending classes when both questions and discussions are discouraged? This includes discussion of the Cuban crisis in a political science course.

I realize it is dificult for professors who are writing books and working for national foundations to prepare for their classes. I also realize it is beneficial to the university if these people are on campus.

But is SU trying to perpetuate its name or to educate those who are paying fantastic tuition fees for an educations?

As a student, I don't think it is asking too much to have a professor come to class with an original lecture and a willingness to stimulate class discussion.

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

GLOOM AT THE TOP

Oh, sure, you've been busy, what with going to classes, doing your homework, catching night crawlers, getting married—but can't you pause for just a moment and give thought to that dear, dedicated, lonely man in the big white house on the hill? I refer, of course, to the Prexy.

(It is interesting to note here that college presidents are always called "Prexy." Similarly, trustees are called "Trixie." Associate professors are called "Axy-Pixy." Bursars are called "Foxy-Woxy." Students are called "Algae.")

But I digress. We were speaking of the Prexy, a personage at once august and pathetic. Why pathetic? Well sir, consider how Prexy spends his days. He is busy, busy, busy. He talks to deans, he talks to professors, he talks to trustees, he talks to alumni. In fact, he talks to everybody except the one group who could lift his heart and rally his spirits. I mean, of course, the appealingest, endearingest, winsomest group in the entire college—you, the students.

It is the Prexy's sad fate to be forever a stranger to your laughing, golden selves. He can only gaze wistfully out the window of his big white house on the hill and watch you at your games and sports and yearn with all his tormented heart to bask in your warmth. But how? It would hardly be fitting for Prexy to appear one day at the Union, clad in an old rowing blazer, and cry gaily, "Heigh-ho, chaps! Who's for sculling?"

No, friends, Prexy can't get to you. It is up to you to get to him. Call on him at home. Just drop in unannounced. He will naturally be a little shy at first, so you must put him at his ease. Shout, "Howdy-doody, sir! I have come to bring a little sunshine into your drear and blighted life!" Then yank his necktie out of his vest and scamper goatlike around him until he is laughing merrily along with you.

Then hand him a package and say, "A little gift for you, sir."

"For me?" he will say, lowering his lids. "You shouldn't have."

"Yes, I should," you will say, "because this package is a carton of Marlboro Cigarettes, and whenever I think of Marlboro, I think of you."

"Why, hey?" he will say curiously.

"Because Marlboros have taste, and so do you," you will reply.

"Aw, go on," he will say, blushing furiously.

"It's true," you will say. "Moreover, Marlboro has a filter, and so do you."

"In my swimming pool, you mean," he will say.

"Yes," you will say. "Moreover, Marlboro has a soft pack, and so do you."

"My limp leather brief case, you mean," he will say.

"Yes," you will say. "Moreover, the Marlboro box has a flip-top, and so do you."

"But I don't have a flip-top," he will say.

"But you will," you will say. "Just light a Marlboro, and taste that tasty taste, and you will surely flip your top."

Well sir, you will have many a good chuckle about *that*, you may be sure. Then you will say, "Goodbye, sir, I will return soon again to brighten your lorn and desperate life."

"Please do," he will say. 'But next time, if you can possibly manage it, try not to come at four in the morning."

© 1962 Max Shulman

* * *

Prexy and undergrad, male and female, late and soon, fair weather and foul—all times and climes and conditions are right for Marlboro, the filter cigarette with the unfiltered taste.

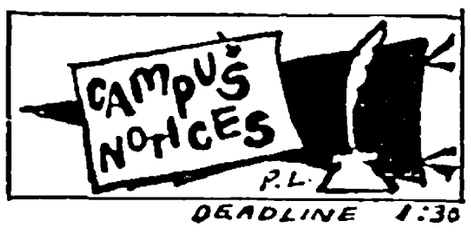
Freshman Weekend Cut-Rate Plan Tickets

By ANDY PORTE

Plans for Freshman Weekend, Dec. 7-8, including a plan for obtaining cut-rate tickets were announced Friday by weekend chairman Henry Kahn.

The cut-rate ticket plan applies to the Friday night twister and concert with Joey Dee and the Starlighters. Living centers, and sororities and fraternities, which buy 25 or more tickets as a group during the week of Nov. 26-30, will get the tickets for $1.25 each, rather than the regular $1.50.

Further information concerning the reduced price on tickets may be obtained from Jonathan Bernstein, ext. 2997. Living centers must call Bernstein and tell him the number of tickets they wish to purchase and when they will have the money.



The Friday night program "Twist Around the World" scheduled for 8:30 p.m. in the Men's Gym, features the "originators of the twist," Dee and the Starlighters. The group, who reached fame in New York's Peppermint Lounge, have recorded several hits, including "Peppermint Twist" and "Shout."

Also on the Friday night program will be a supplementary twist band, the Dynamos, and a vocal group, the Tears.

A world's fair carnival is scheduled for Saturday afternoon in Flint Hall. Booths set up by freshmen floors and living centers will feature prizes from around the world. A slave sale and campus singing groups are also on the schedule.

A semi-formal dance Saturday night will feature Leu DeSantis and his dance orchestra. Also appearing will be vocalist Audrey Freeman. The dance, "Frosh Internationals", scheduled to begin at 9 p.m., will be held in the Women's Building.

Kahn stressed that weekend events will be open to the entire university, adding that "All of us working on this weekend would like to encourage you to make your plans now to attend these activities. We feel that with the support of the entire student body, we will have the finest class weekend that Syracuse has ever seen."

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

TRADITIONS' Commission Applications due 5 p.m. today. Womens Bldg. reception desk. Applications must include name, cumulative average and ideas for the commissions work; further information call Lee Peterson, ext. 2569, or Monica Polozie, ext. 2185.

INTERFRATERNITY Sing applications due Tuesday, to Lee Peterson. Delta Upsilon; registration fees $3 for house sing, $2 for barbership quartets.

AMERICAN FIELD SERVICE exchange students, call Steve Ridgely, ext. 2647 for information on meeting.

DEMOLAY brothers interested in forming club call Bob Ward ext. 2585 or Steve Rulison GR 1-7797.

LUTHERAN DAILY Devotions: 5 p.m. North Wing, Hendricks

HENDRICKS CHAPEL open daily, 8 a.m. to 6 p.m., for rest meditation and prayer. Special music at 12-12:30 p.m.

APPLICANTS FOR Military Ball Queen due before Nov. 28. Any questions call Dick Walton, ext. 2647.

FROSH WEEKEND Queen applications due 5 p.m. Tuesday, Day Hall, Box 116. Please include $2 entry fee.

EPISCOPALIANS Wanting to go to meeting on "Ministry of Lawmen" in Ithaca Dec. 7-8, collect material at Episcopal office and attend discussions Sunday and Dec. 2.

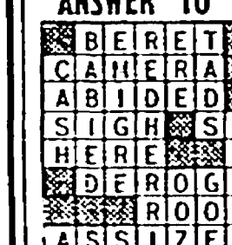
COED CURFEWS are midnight the Tuesday before and Sunday after Thanksgiving vacation.

UPPERCLASS AND Freshman Skeptics Corners, no meeting this week.

JSG WAYS and Means committee, 7 p.m. Tuesday, 405 Maxwell. Attendance urged.

FRESHMAN WEEKEND Queen contest committee, 4 p.m. today, Day Hall family room.

WAA BOWLING cancelled this week.



WAA CO-ED volleyball cancelled Tuesday.

WAA ORANGE SPLASH, 4 p.m. today, Pool.

Get Lucky
Play "Crazy Questions"
(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:
First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded $25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a $25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to 5), clarity and freshness (up to 5) and appropriateness (up to 5), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

THE ANSWER: CHINESE CHECKERS
THE QUESTION: What type of clerks would you expect to find in a Hong Kong supermarket?

THE ANSWER: Great Caesar's Ghost
THE QUESTION: Who wrote most of Julius Caesar's speeches?

Hill 'Hoppy' Has New Post

A former Methodist chaplain at Syracuse University has been named to the staff of the Methodist Church's Interboard Committee on Christian Vocations.

The Rev. Arthur Hopkinson Jr. was Hill chaplain for 13 yrs. beginning in 1948. Last year he left SU, to be replaced by the Rev. Vernon Bigler.

Rev. Hopkinson will be associate secretary of the Interboard Committee, which has its national headquarters in the Methodist Board of Education building in Nashvile, Tenn.

Previous to this appointment Rev. Hopkinson was on the staff of the Methodist Commission on Chaplains.

Born in England and the son of a Methodist minister, 'Hoppy' as SU students knew him, has served as pastor of New England parishes, as director of the Wesley Foundation for students at Amherst College, Mass., and as minister to veterans and their families at Iowa State College.

He was chairman of the Central New York Conference Commission on Christian Vocations seven years and director for two years of the New York State Methodist Student Movement.

He served a thrm as vice president of the Assn. of College and University Ministers of the Methodist Chruch..

During World War Two he was an Army chaplain.

Mrs. Hopkinson is a licensed "local preacher' and has been a campus director of Methodist student work.

George Washington Slept Here -- 35-0

By BERNIE MacCALLUM

It seemed like the ghosts of Colgate were in Archbold Stadium Saturday as George Washington slept and died there.

The Colonials, who had replaced Colgate on the Syracuse schedule, lived up to their predecessors as they supplied no more opposition for Syracuse than the Red Raiders had in past years.

George Washington was completely outclassed in suffering a 35-0 defeat, their most lopsided loss since they were beaten, 35-7, by Florida in the first game of the 1960 season.

Called back touchdowns and penalties kept the Orange from rolling up an astronomical score, more typical of past Colgate contests.

Syracuse scored in every period in evening their season's mark at four and four. Don King tallied the first of five Orange touchdowns carrying the ball over from the two after a John Mackey pass interception and 51-yard run back.

Not to be outdone by his namesake, Dick King scored on a 31-yard run after exchanging handoffs with Billy Hunter, who was also to be heard from later in the afternoon.

Mackey completed the first half scoring with a 59-yard punt return good for six points.

Walley Mahle tallied two touchdowns for all the Syracuse scoring in the second half. The sophomore quarterback carried the ball over from the one and ten yard lines. Tommy Mingo booted three extra points with Mahle rolling over for two more to complete the scoring.

It looked like the officials were jumping the gun in celebrating flag day as the Orangemen set a team record for penalties. The red and white silk flew against Syracuse on 15 plays for 100-yards. .

The crowd of 18,000 saw a guy by the name of Jim Nance come into his own as a ball player. Jim carried 13 times for 88 yards in running over Colonial defenders. "That Nance is simply great," was how the George Washington coach Jim Camp described him.

Emlin Tunnell, one of the all-time greats of the National Football League, had constant words of praise for the young sophomore as he viewed the game from the press box.

George Washington had a tougher time gaining yardage Saturday than he did crossing the Delaware as the Colonials netted minus 57 rushing yardage.

The Orangemen had 294-yards rushing and a total offense of 342-yards. The Colonial total offense totaled 17-yards.

On the individual ledger Hunter led the Orange in rushing with 98-yards to two carries including a 78-yard run from scrimmage.

Bob Hnat, Gerry Everling and Paul Houle were singled out by Schwartzwalder as having played fine games. Mackey was voted Syracuse's top back with John Paglio voted the top lineman for the Orange. Nance was voted the top sophomore. The Syracuse coach also had praise for the Orange defensive play as it held GW scoreless.

The Orangemen will be at full strength next week although Mackey and Bill Schoonever didn't see action in the second half. "We kept them out after we had the game won," Ben said.

Frosh Steal Victory

The Syracuse University freshman football team capped off an undefeated season Friday with a 25-14 come-from-behind win over the University of Buffalo frosh.

The Tangerines, whose only blemish this year was a tie with Navy, trailed their hosts 14-13 at halftime. However, Orange defenders nabbed two opposition aerials in the second half, both of which led to Orange scores.

Buffalo, which ended the year with a 4-3-1 record, played a respectable game against the Orangemen, putting on two offensive drives which resulted in TD's. The Syracuse club, however, prevailed and outscored the Bulls in first downs, 14-11; yards rushing, 173-148; yards passing, 53-37; and intercepted passes, 3-2.

Key Orange interceptions in the second half were made by [illegible] Barber, who nabbed a Bull pass on the 20 and scooted 11 to second base, and guard [illegible] Meggyesy, who pilfered the ball on the Buff 36 and went [illegible] untouched.

TRADITIONS APPLICATIONS

Applications for Traditions Commission are due by 5 p.m. Monday at the Women's Building Reception Desk. Applications must include name, cumulative average, college activities and ideas for the commissions work.

SHARE YOUR CHARM AND WIT

No kidding . . . mom and dad think you're the greatest! Most everything involving you interests them. Tell them what's happening in person, by phone . . . it's the best way. Why not call home Long Distance tonight? Rates are lowest every evening after 6 and all day Sunday.

Bartlett Urges 3-Part System In City Plans

Civil Groups, Gov't, Need to Cooperate, Comments Dean

"A certain formula must be devised which will bring about truly modern cities and the improvement of our metropolitan areas," Hill Vice President Kenneth G. Bartlett told freshman citizenship sections Monday afternoon.

"First we need more top-flight technicians in City Hall," Bartlett said. "Secondly, we need private civic organizations with enough money to contribute to the city and its public officials when it is badly needed.

"Thirdly there must be complete harmony and cooperation between private organizations and public officials in city government," he emphasized.

Dean Bartlett pointed out that "in my tour of 54 cities across the country, over 60 percent had private groups active in planning for the city's development and future."

These civic organizations were praised by Bartlett, but the SU administrator noted that in order to be more effective they must discard the old ideas of "no federal government action at the city level" and the "superiority of private enterprise in all instances".

Besides cooperation between private civic groups and public officials, Bartlett said these groups must also remain in the background while the public official takes the credit for the progress.

"This is in order to give him credit he needs to remain in public office," the dean said. "When these groups cooperate with the officials they will, in turn, cooperate with the groups."

Dean Bartlett noted that the trend of today's movements in the country toward the urban areas and away from the farms and rural areas. "The only reason for the popularity of the suburbs is the presence of a big city nearby," he said.

Several factors which contribute to the desirability of the urban areas were listed by Bartlett. They included: its diversity of people, its anonymity, its closeness—"people like to live together" — and its lack of open spaces.

TRADITIONS TO INTERVIEW

Traditions Commission interviews will be held this week in the following rooms in the Women's Building. applicants are requested to appear at the designated place at the time they selected for their interviews:

Today: afternoon — SAC Lounge
Today: evening — Room 209
Wednesday afternoon — Room 209
Wednesday evening — Room 209
Thursday afternoon — Room 209
Thursday evening — Room 305-6

Day Hall Search Aftermath

THIEVERY by college students is not something new to campuses throughout the United States. Last year a rash of student larceny at Shaw Dormitory prompted university officials to "bait" a room with phosphorescent powder that ventually caught the thief. A similar situation at Day Hall caused the dean of women's office to take a different tactic prior to vacation.

BY SANDI EHRLICH

The 466 residents of Day Hall were asked to submit to an individual room search that lasted form 1 a.m. to 5 a.m. Saturday morning, Nov. 17. The coeds were asked to sign a permission slip, a copy fo which is reproduced here. Five sophomores refused to sign the slip. City police were not contacted in order to obtain legal search warrants, thus these girls did not have their belongings checked.

Authorities, including Miss Shirley Uplinger, Day Hall director of Day Hall, Miss Barbara Keller, Flint Hall director, and 13 head residents, searched the rooms for stolen items such as jewelry, money, imported sweaters and airline tickets. The search was authorized by Marjorie C. Smith, dean of women, and by Security Police Director Robert D. Flaherty. No results of the inspection were revealed, but the search was deemed "not completely satisfactory."

3 Attitudes

Three general attitudes about the search prevail among the Dty Hall coeds, interviewed the day after the incident. There are those who feel that the authori-

JSG Sends Note To Bartlett On NBC Filming

Concern about the recent filming on campus by the National Broadcasting Company has prompted a memorandum from Joint Student Government to SU Vice President and Dean of Public Affairs Kenneth G. Bartlett.

The memorandum, issued just before Thanksgiving vacation by the JSG president's cabinet, states their concern is supported by answers to questions given students taking the government training program test before vacation.

The memorandum notes concern "about the way in which university officials permitted NBC to film the university," and raised questions concerning "the 'responsibility' of the university administration for the welfare of the university."

The cabinet's memorandum also stated that "student government is concerned that immediate action be taken to safeguard the welfare of our university.

"Therefore we strongly encourage and wholeheartedly pledge our assistance in any endeavor conducted by the university to prevent the potential, irreparable damage to the national image of Syracuse University."

Vice President Bartlett could not be reached for comment Monday.

The student government president's cabinet members are JSG Pres. Theodore Bayer, JSG Vice Pres. Carol (Schultze) Lucha, Joint Student Court Chief Justice Robert Dick, and Joint Student Legislature Speaker Ronald Mittleman.

An SU First: 30 Fraternity Officers Meet

Chancellor Praises Greek System at Kimmel Banquet

By ADAIR DUFINE
Junior Editor

A tremendous first for Syracuse University was formulated Monday night at the opening banquet of the National Executive Secretary's Conference, continuing through Thursday.

Thirty national Greek secretaries will investigate the Hill fraternity system and report their findings on the formation of the the best possible system, Dean of Men Earle W. Clifford said at Monday night's Kimmel Hall Banquet.

After an invocation by Dr. John Olson, SU vice-president, Chancellor William P. Tolley gave his staunch support to fraternity and sorority activities on the Hill. The Chancellor stated "great interest was not recent but continuing and constant."

Results

"Our most loyal alumni are fraternity and sorority people who participated in undergraduate affairs," Tolley said. Pressing for more strength within the Hill Greek system the Chancellor affirmed that the common goals and ideals of fraternities will produce the greatest results for his aspirations towards the university.

In making the system stronger and more potent for individual fraternities the Chancellor welcomed the visiting representatives and urges their support for a stronger future system.

Also advocating the fraternity program was Dr. Gordon Hoople chairman of the Board of Trustees. "Our sais would have never been set in the right direction if not for the fraternity system," he said.

Citing fraternities as the target of constant ridicule and discussion, Hoople saw this conference as a move towards combating such charges. The presence of so many national officers, interested in individual Greek affairs, was a testament to the national standpoint on the subject of fraternities on college campuses, Hoople asserted.

Praise

Earle D. Rhodes, national executive inter-fraternity president, stated this meeting and program planned by the university was a "stupendous first for the entire Greek system."

Working as an accrediting team to evaluate Syracuse fraternities, Dean Clifford asked the representatives to take a look at the Hill in the next three days and point out areas of weakness..

"Tell us what is wrong with our system and what work must be done to have the best program of its size in the country," Clifford stated. The Dean urged all the secretaries to ask questions freely of students on the campus.

Requiem For Irma Snyder

Irma Snyder, 72, was accosted by a teen-age hoodlum Saturday night while walking with a friend. The youth snatched her purse and in the scuffle, pushed her to the sidewalk, fracturing her skull. She was dead an hour later.

The name of Irma Snyder will soon be forgotten by most of the newspaper readers of Syracuse. The name of Irma Snyder will be tossed into that hideous file of persons who had to lose their lives needlessly before some action was taken to prevent others from experiencing a similar fate.

And most frightening of all, the name of Irma Snyder could very well have been the name of some Syracuse University co-ed attacked on the outer fringes of the campus.

Now, though, the name of Irma Snyder is being smeared across the front pages of the local papers as the "last straw" in a series of vicious muggings and beatings in the city. Her name serves as a reminder of the damage that can be done before the barn door is finally slammed shut.

And so the city officials, somehow able to pass off several muggings recently, could not let this death go by without a sound of alarm. An increased force and a "get tough" policy are due for the police department.

Chief Harold F. Kelly, faced with the many problems surrounding teen-age lawbreakers, is determined to back his men "to the hilt in a 'get-tough' policy with criminals." He also plans to begin a stepped-up recruitment plan for the force, which is now 34 men under full strength.

His job is not an enviable one. Traditionally the so-called juvenile delinquent is the toughest of all criminal types. Often the offender is under age and cannot be treated in the usual manner. Other times the police must face the abuses of angry parents who consider their "little baby" incapable of doing anything wrong.

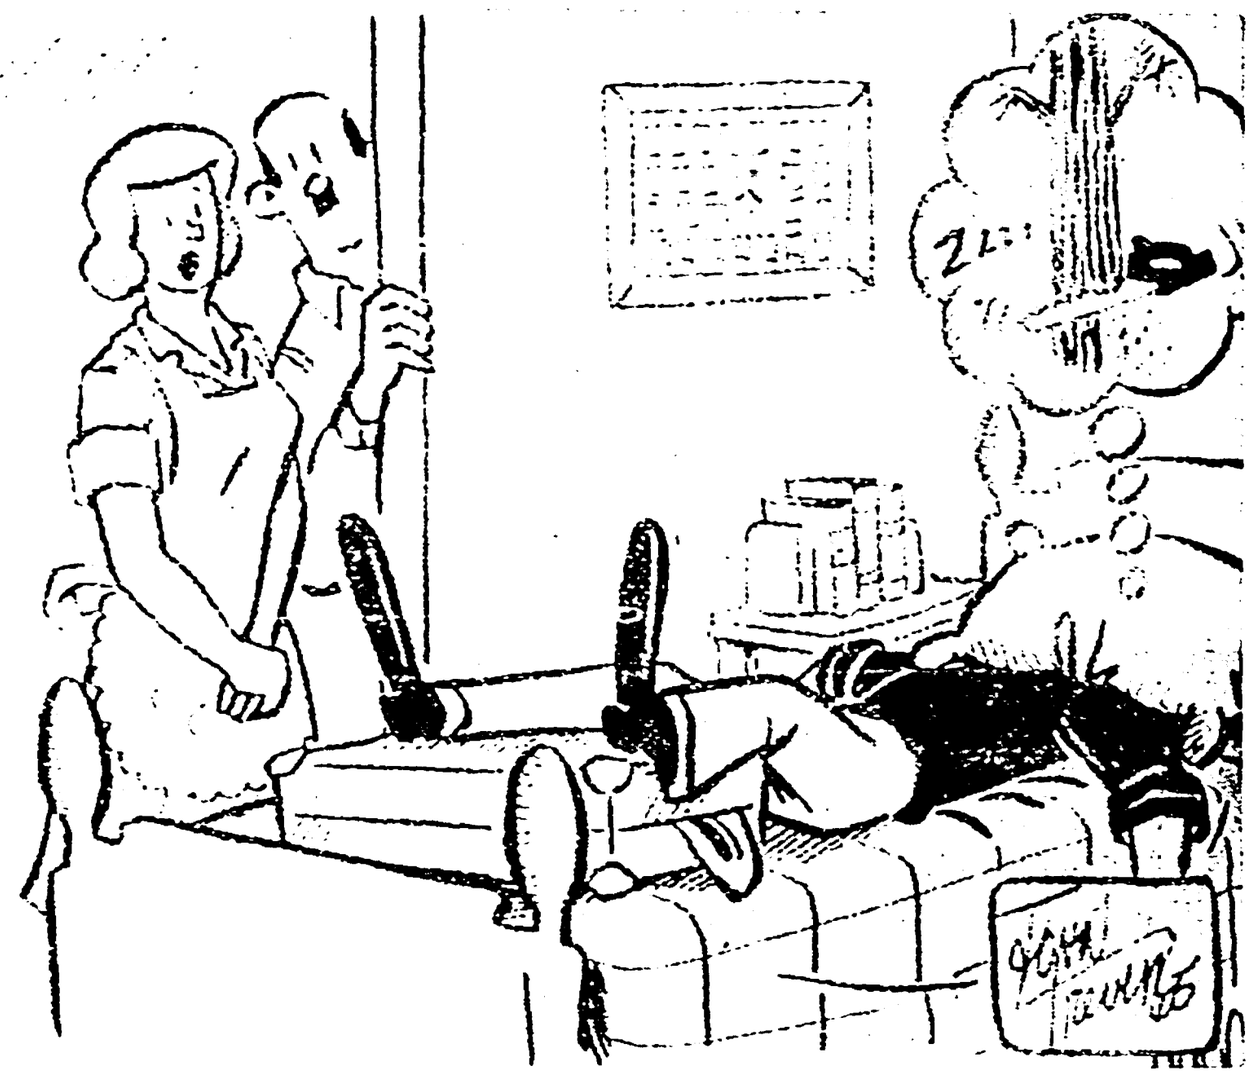
On the other side of the picture is the danger that often a youth picked up for some offense might be entirely innocent and thus police abuse could have a damaging effect.

This is the position Chief Kelly is now in. He promises to get tough, and so must put his faith in an under-manned police force to bring in the offenders that deserve strong-arm treatment.

His position is not unlike the defender of capital punishment who must face the argument that it is better to keep a guilty man from death than to kill an innocent man.

Chief Kelly with the backing of Mayor Walsh has taken the road that may lead to much criticism of the police force, which has already been criticized for its lack of effectiveness against these teen-age hoodlums.

The force had already heard from the Syracuse University campus when assaults sprung up around the Walnut and Thornden areas last year and this. The University has taken some action to curb the danger in this area by installing brighter street and spot lights and increasing security police surveillance.



The university area, however, is just a small section of the city just as the 15th Ward is not the only trouble spot in the city. We feel that Chief Kelly's methods must be undertaken to show those hoodlums capable of violence that the trip to the police station may mean more in the future than a ride in a new car.

Chief Kelly has stated his intentions. We hope they are followed quickly before violence once again hits the front pages of the local papers. Irma Snyder is dead and her death is a blot on the city. Let's hope her death was enough to prevent others.

Lest We Forget

Just one word on needless deaths. We cannot help wondering as we enter the main campus each morning what unnamed person will be struck down trying to cross College Place before something is done to alleviate a dangerous pedestrian-traffic situation there.

TREVER ON CAMPUS

"Too bad he wouldn't wake up for Thanksgiving dinner.."

THE GADFLY

Bye Bye Bertie

By T. Lee Hughes

British philosopher Bertrand Russell Sunday aimed another very unphilosophic missile at the United States and Great Britain.

Decrying the decision to send further American and British arms aid to India, the Nobel Prize winner termed it a "most grave danger, the consequences of which can be general war."

Russell's most recent excursion into the delicate world of international mediation can only provide more fodder for Western critics who seem intent on branding him a senile old Communist.

Scarcely an eyebrow was left unraised when Russell lashed out at the Kennedy Cuban blockade as "a threat to human survival," while at the same time terming Khrushchev's strategic withdrawal one of "sanity and magnanimity."

But what often goes unmentioned in press harangues of Russell is that his most recent position merely reflects his entire intellectual attitude.

Time magazine, scarcely noted for its intellectual approach, stands as one of his most caustic critics. That shoddy publication labeled "Bertie" as one of the world's "most illogical eminences."

For several years Earl Russell has been the leading figure in Great Britain's "ban-the-bomb movement," and has violently advocated unilateral disarmament.

His critics point to the fact that this position is the very antithesis of his statements during the 1940's, when he ranted that "anything is better than submission to Communism."

Bertie even went so far as to cautiously suggest it might not be so bad to drop a few nuclear bombs on the Soviet Union if it refused international atomic control.

But the fact is, Russell can scarcely be said to have ever made claim to consistency, whether in philosophy or politics. Apparent inconsistency has been the foundation of his greatness.

Those familiar only with Russell's "Problem of Philosophy," (often used as a Philosophy 1a text) or with a wider range of his writings, will recognize his hesitance in setting on any one doctrine. Later editions of his works are often footnoted with the remark that "this position has since been revised."

For Russell wrote in 1912 that "philosophic contemplation does not, in its widest survey, divide the universe into two hostile camps—friends and foes, helpful and hostile, good and bad—it views the whole impartially."

And it is precisely this position which is reflected in Russell's politics.

He has historically oscillated from pro-capitalism to pro-socialism in their milder forms, always trying to find a middle road.

For Russell, government has always faced two dangers: "ossification for too much discipline and reverence for tradition" and an "individualism and personal independence that makes co-operation impossible."

But uppermost in his mind has been the concern that any system of government allow absolute freedom for scientific and philosophic enquiry.

The threat to intellectual freedom comes, for Russell, "from governments, which owing to the modern danger of anarchy and chaos, have succeeded to the sacrosanct character formerly belonging to the ecclesiastical authorities."

His traditional target has been, in his own words, "the prejudices derived from common sense, and from the habitual beliefs of an age or nation."

No less than the State worship which has evolved from Communism does Russell despise the uncritical Mother-God-Flag love which characterizes the United States.

Living in a half-way house, we espouse God, condone sin, espouse international equality, condone chauvinism, espouse education, condone traditional intellectual fetters.

But international politics, as in philosophy, Russell has preferred to "view the whole impartially."

And this, more than his denunciation of American "imperialism" or soft-pedaling of anti-Communism, is what has grated most Westerners.

No matter how violently I disagree with his naive assumptions concerning the aims of international Communism, it is impossible not to respect his courage in adjusting his views, and in concerning himself with the whole of humanity, not just one nation.

For at the core of his rantings has been a genuine fear for the fate of the human race.

A hard core agnostic, Russell cannot critically accept a divine or universal value for human endeavor. Thus he is led to look to humanity itself to provide the values which it seeks.

Man, writes Russell, remains "proudly defiant of the irresistable forces that tolerate, for a moment, his knowledge and his condemnation, to sustain alone, a weary but unyielding Atlas, the world that his own ideals have fashioned despite the trampling march of unconscious power."

For the incredible Earl "Bertie," these values are not to be destroyed by blind nationalism, by blind irrationalism, by blind faith.

To condemn him for his courage is merely to underscore his point.

Civic Company's 'Lark' To Open

SHIRLEY ANN FENNER

With the opening of Jean Anouilh's "The Lark" Thursday night at the University Regent Theatre, the Civic Company marks its formal entry into Syracuse theater life.

G. F. Reidenbaugh, acting chairman of the Syracuse University Drama Dept. will direct the production for the Civic Company, a community theater group sponsored jointly by the Drama Dept. and University College.

Starring in "The Lark," Anouilh's dramatization of the story of Joan of Arc which scored a hit in Paris, London and New York, is Shirley Ann Fenner, graduate of the School of Speech and Dramatic Arts, and wife of director Reidenbaugh.

"The Lark" will run for three performances, Nov. 29, 30, and Dec. 1, with curtain time at 8:30 P.M. The University Regent box office is open 9 A.M. to 9 P.M. for ticket information.

MUSIC

'Hootenany'

Leave it to "Variety" to find the "entertainment value" of the Hootenany taped on campus by the ABC network prior to vacation. Leave it to the folk purists to denigrate it on the grounds that it did not live up to its ethnic responsibility.

And leave it to anybody with any sensitivity and a minimal amount of perception to declare that it was a cheap exploitation of some fairly good talent.

The major part of the program was devoted to the Limelighters, for purely musical reasons probably the best of the current folksinging groups. We assume their performance was marked by its usual breadth of dynamics and expression.

Of course, this can only be assumed, because of the "spontaneous" rhythmic handclapping which drowned out practically every number with a discernible accent.

The performance of Jo Mapes was rather polished, her material off-beat. Mike Settle showed a voice that was strong but which at times seemed to be nervously hoarse.

Perhaps the most revolting aspect of the evening was the "Uncle Tomming" of Clara Ward and her gospel singers. Inaudible because of the irrepressible hand-clapping, they screamed and cavorted around the stage in "religious ecstacy."

Perhaps the effect of the telecast will be one of extreme enthusiasm. Nevertheless, the audience of students was robbed of whatever the entertainers had to offer and was used as a tool of the television industry. SW

UP IN THE AIR

Ignoring the Campus

By Leslie Berg

WAER, the campus radio station has always had a policy of ignoring the campus audience. The station has refused to compete with WOLF and WNDR to capture the university popularity. This week I took a private poll to find out if this policy was still valid.

I tried the Trendex-Neilson game this week to study the audience at Syracuse University. Armed with all of the latest broadcasting cliches like "vast wasteland" and "twelve year old mind", I prepared to analytically define the broadcasting audience on campus.

The survey began in that bastion of intellectualism Sadler Hall. It was impossible to gain personal access to the television audience at Sadler as the TV set has been placed in the "game" room. (For scientific purposes I have attempted to ignore the implications of this move.)

Several Sadler residents offered to aid me in my research. When asked what the favorite program was among the residents of the dorm the reply was an immediate shout, "Huckleberry Hound". "Bullwinkle" ran a close second.

Perhaps I just spoke to the wrong people, I said to myself. But the results at the next haven for scholars was little more impressive. At Shaw dormitory only the programs on the Cuban crisis could get a larger audience than "Ben Casey" or "Doctor Kildare".

I realize that this is not a typical audience. Few broadcasters expect to get so intelligent or educated an audience as a group of university students. They expect the famous stereotype of the tired factory worker sitting in font of the TV set in his underwear with a hero sandwich in one hand and a glass of beer in the other.

Yet, put the two in front of a television set and the differences seem to disappear. I would hate to run a popularity contest on campus between Chet Huntley and Yogi Bear.

But not all broadcasters can afford to choose their audiences.

Commercial committments often make idealism impossible. But whose fault is this—the broadcaster who couldn't afford to broadcast without listeners or the listener who didn't want to listen? The example of WONO is too fresh in our minds to be forgotten.

Communication is a two - dat street.

'Don Juan' Slated

The Syracuse University Reader's Theater will present "Don Juan in Hell," by George Bernard Shaw 7:30 p.m. Sunday and 8 p.m. December 4 in Gifford Auditorium.

Ray Irwin, professor in the interpretation department will direct the all faculty play.

Elaine Foster Perry, an assistant in public address will play Donna Anna. Harold Hogstrom, instructor in interpretation will play the devil. Donald Wildy, also an interpretation instructor is Don Juan while the Lutheran minister, the Reverend Paul Bosch will play the Commander.

Shaw's play was first produced by the First Drama Quartet in 1951.

Included in the cast were Charles Laughton, Agnes Moorehead, Charles Boyer and Sir Cedric Hardwicke.

"Containing one of the most dazzling displays of wit," said Irwin, "this play is probably one of the most demanding on the actor particularly on Don Juan since his is the longest in modern drarma."

There is no admission charge.

Record Broken As Orange Lose

Daily Orange Sports

Page 4 November 27, 1962

By JUDY ADAMS

The campus was quiet, much quieter than usual, considering that it was the last football game of the season.

The football team was quieter too. In fact they were silenced into a mildly surprising 17-6 defeat at the hands of the visitors from West Virginia.

Coach Ben Schwartzwalder is in mourning today too, over the loss of senior Dave Meggysey. The guard, voted the outstanding Syracuse lineman by the press, has ben sidelined with a shoulder separation. The injury will eliminate him from duty in the UCLA game, Syracuse's season finale.

About 14,000 hardy souls looked on as the Mountaineers slowly and methodically banged away at the favored Orange team.

Led by halfback Tom Woodeshich, second-cousin of big-league pitcher Hal, and quarterback Jerry Yost the visitors rolled up a tell-tale 313 yards on total offense. This is the most any team has been able to move the ball against the Orangemen this season.

And an old superstition went down the drain Saturday.

The morning snowfall caused the Syracusans to don their famed "rain pants." Until this weekend Lady Luck had smiled on the Orange each time they had worn them. But she must have stayed home for another helping of turkey. Even the charmed trousers couldn't help them.

The West Virginians got on the scoreboard first in the closing minutes of the first quarter.

Quarterback Rich King fumbled the ball in the backfield. The loose pigskin was pounced on by a West Virginia defender at the Orange 14. The Mountaineers moved to the 10 and kicked a three-pointer.

Syracuse took the ensuing kickoff and marched 62 yards in 12 plays for a score. Senior Don King capped the drive with a 17-yard run over left tackle. He was caught at the two, but fell forward into the end zone. Tom Mingo failed in his try for the conversion.

But Syracuse's lead was short-lived. In fact it survived only six and a half minutes.

West Virginia went ahead 10-6 at the half when they powered from their own 20 for a score. Yost went over from the six-inch line. The extra point was added.

The Mountaineers, who dominated the scoreless third period, opened the fourth with a 72-yard touchdown drive. They ended the day's scoring with a perfect pass play from Yost to end Gene Heeter. The kick was good.

The Orange tried to get back into the game, and until the closing minutes, there seemed a chance that they might pull the game out.

But the three times that Ben's Boys got their hands on the ball in final quarter, they failed to tally.

They lost their first two chances in fourth down situations when each time Mahle overshot his target, Jock Mackey.

The last try was lost when a West Virginia defender intercepted a Rich King pass at the visitor five on the last play of the game.

'Cuse Juice

Saturday's game was the first time that the Orangemen had fumbled less than their opponents and still lost the game. The Orange lost the ball once due to miscues, the W.V.'s twice.

* * *

Tom Woodeshick, who dashed around would-be Orange tacklers all afternoon was voted the top W.V. back.

* * *

Ed Conti, credited with 18 tackles, recovered a fumble, gave the W.V. backfield its biggest headache, and got the nod as the outstanding Syracuse back.

* * *

West Virginia quarterback Jerry Yost boosted his season record for total offense to 1,373 yards rushing and passing.

* * *

Syracuse has a new cripple corps in the making. In addition to Meggyesey, Billy Hunter is sidelined with an ankle sprain, Paul Houle reinjured his back, Mackey has a groin pull, Bo Nance has an irksome rib, Henry Huettner is nursing his ankle, Bill Schoonover is on the shelf with a bruised shoulder, and Jim Gaskins is hobbling around in a leg cast.

* * *

From Ben: "We didn't play offense and we didn't play defense either. It all boiled down to one thing . . . we didn't play football."

* * *

West Virginia ended the season with an 8-2 record, best since 1955.

* * *

Ben's last losing year was 1949. If the Orange fail against UCLA, 1962 will be substituted for 1949.

* * *

Ben and Roy Simmons travel to Salt Lake City, this weekend to see UCLA square off with Utah State.

Sideline Views

By BERNIE MacCALLUM

Whether Ripley believes it or not the National Hockey League's Boston Bruins are the worst "major league professional" sports team ever to have the gall to charge admission. The hapless, punchless, stumbling Bruins—or whatever other adjectives writers choose to attach to them—have played 18 games, outscoring their opponents on only two occasions. Before they beat Toronto Sunday night, the B's had gone 16 games without a win. They won ther opening game.

We had the dubious pleasure of sitting in on their 7-1 loss to the Rangers during vacation. We had read a lot in Syracuse papers about how poorly our favorite sports team was playing, but some how couldn't bring ourselves to believe that it was all that bad. Seeing is believing. They're bad.

The Bruins received a lot of publicity last week as coach Phil Watson was fired and Milt Schmidt rehired. Watson had been under a great deal of public and press criticism. The climax came last week when general manager Lynn Patrick replaced Watson after a Sunday evening encounter with Detroit when Boston fans hung Phil in effigy in a display of their sentiments. A monkey doll was suspended from the second balcony with the tag "Watson" attached to it.

You know who couldn't coach the team out of the cellar. Their play Thanksgiving night made us thankful when the game was over. Their first line resembles a chorus line in the Ice Follies. You don't have to check them to make them fall.

The trouble with the Bruins isn't on the coaching lines but on the ice and in the front office. The B's have a few players who hustle, but they can't go it alone. The front office has been content to stand pat on player personnel as long as the turnstiles at the Boston Garden have been turning at a rapid rate. Next to nothing was done to strengthen the club during the off season after a disasterous season last winter.

The amazing part about the whole ordeal was the crowd. Hub fans turned out 13,000 strong for the holiday evening game, as they had for past games, and will continue to do in the future. The Bruins, the worst club in major league hockey, continue to outdraw the Celtics, the best in pro basketball.

It's not because of any starvation for sports, for their was an attractive menu of events over the weekend. An NBA double header with the Celtics, professional football with the Boston Patriots in a crucial game, the Harvard-Yale game and a host of traditional Thanksgiving grid rivalry games from Boston Latin—Boston Latin to Lexington (we're prejudiced) —Concord.

Why do people keep packing the Garden? It's hockey in a hockey town. I'll be back there along with 13,908 others.

Hoopsters Preparing For Kent Opener

By JAN GILMORE

According to various unofficial sources, Syracuse varsity basketball is going to be another season of laughs, at least until the freshmen assume varsity berths.

However, in the opening game Saturday night, we will face a team that is just as funny as us, and maybe funnier, Kent State of the Mid-Atlantic Conference.

Coach Bob Doll is in his second season, and last year his club sported a record of 2-19. This was probably in his mind when he said he would like to have "five boys who are 6-6 who can run and shoot."

As it stands now he has very few people who can run, even fewer people who can shoot, and practically nobody over 6-6.

What he does have is a small team with almost no experience, that tries to play a ball control game. There are only eight men returning with varsity experience, and it is very little experience. There are only two of these men worth note. One is Denny Klug, a 6-2 converted forward from Cleveland, who is in his senior year. Also a 6-1 guard named Saunders from Cincinnati who averaged a rousing 10 points per game last year, and looks to be Kent State's big threat.

The biggest man on the squad is a junior named Kramer who stands 6-7. They sem to lack a man who can get the rebounds essential in playing a ball control game. All in all, it looks as if Syracuse may be meeting its match.

Intras Meeting

All organizations interested in basketball, volleyball, handball, table tennis and skiing must send representatives to the winter sports meeing Tuesday Nov. 27 a 7:15 in the trophy room of the Archbold gymnasium.

Opponents Seek Bowls

By BILL CRONAUER

Orange opponents Penn State and Oklahoma sewed up bowl bids Saturday while the West Virginia Mountaineers await post-season consideration following their 17-6 rout of Syracuse.

Penn State earned a Gator Bowl bid by downing Pittsburgh's Panthers, 16-0. Lion quarterback Pete Liske fired TD passes to Roger Kochman and Al Gursky to assure the win.

Liske broke two Penn State records in the process. He registered 1,292 yards on total offense for the season, besting the previous high set by Richie Lucas in 1959. He also passed for 1,037 yards. another record.

The Nittany Lions finished the grid season with a 9-1 ledger. The Panthers, an up-and-down team all year, ended un 5-5.

Oklahoma gained an Orange Bowl position as it crushed Nebraska, 34-6. The Sooners, ranked tenth in the national standings, held Nebraska to 68 yards on the ground.

Offensively, quarterback Monte Dere hurled three touchdown passes and fullback Jim Grisham rushed for 98 yards on 19 carries.

West Virginia, 8-2 on the season, expects bids to the Gotham and Liberty Bowls on the strength of its showing in Archbold Saturday.

UCLA, the Orangemen's opponent Dec. 8, bowed to Rose Bowl-bound Southern California, 14-3. The Bruins led at halftime, 3-0, on sophomore Larry Zeno's 35-yard field goal.

However, USC fought back in the second half with fullback Ben Wilson plunging for a pair of scores.

Pat McCarthy led Holy Cross to a 36-14 victory over Connecticut Saturday. The "Riverboat Gambler," ranked fourth in the nation in total offense, passed for two TDs and scored one himself in the one-sided win.

Halfback Al Snyder caught both of McCarthy's tosses and also tallied on a 6-yard run. But it was second-stringer Jim Holloran who put the crowd on its feet when he ran 79 yards to paydirt in the first half.

The Crusaders, 6-3 on the year, tangle with Boston College this weekend.

Co-op Speaks Out

HILL CO-OP I RESIDENTS gather around a sign protesting what they view as infringement on personal rights by the university. The sign refers to the Day Hall room search before vacation and three coeds who refused to sign search warrants (there are two others who also did not sign). Co-op residents commented Monday that in a dorm as large as Day more girls should have "protected their rights to personal property." "It would seem," commented one member, "that freshmen were just willing to sign anything. If such a search were conducted here, no one would sign." Co-op residents expressed dissatisfaction that the university would conduct the seach late at night and just before vacation, when it would soon be forgotten.

DEADLINE 1:30

EPISCOPALIANS Wanting to go to meeting on "Ministry of Lawmen" in Ithaca Dec. 7-8, collect material at Episcopal office and attend discussions Sunday and Dec. 2.

DEMOLAY brothers interested in forming club call Bob Ward ext. 2585 or Steve Rulison GR 1-7797.

HENDRICKS CHAPEL open daily, 8 a.m. to 6 p.m., for rest meditation and prayer. Special music at 12-12:30 p.m.

APPLICANTS FOR Military Ball Queen due Wednesday. Any questions call Dick Walton, ext. 2647.

'ON' Reps. bring in money as soon as you receive it. All who have not picked up 'ON' stubs, do so at Prefab 7, behind Hendricks Chapel. Any problems, Carol Stein, ext. 2657.

AMERICAN CIVIL Liberties Union Syracuse area affiliate forming. Student volunteers needed. Call Charles Steinberg, ext. 2926.

STUART-STEVENS Debate Society, 3 p.m. Wednesday, 415 Hall of Languages. Final arrangements for Saturday's tournament will be discussed.

AAC Protests Markup Of Bookstore Prices

Art Advisory Council has protested prices of essential art items at the University Bookstore.

The council claims the store has a "40 to 50 percent retail markup" on these items.

Gail Cook, chairman of AAC, at the group's recent meeting proposed to send a letter of student views to a faculty committee of the art school.

Miss Cook cited examples of higher prices of lettering sheets, mat boards and newspaper sketch tablets.

The bookstore was also criticized for its handling of a supplies. "New adaptations said AAC adviser John Varg "must be made for materia where cleanliness and care important."

Burton Fink, Bookstore direc tor, told the Daily Orange th mark-up "seemed high on th surface" but claimed that a perishable gods must have hig profit returns.

"Our profits in art supplie are considerably lower than th normal retail profits," he sai

On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

COMMITTEES:
AN AGONIZING RE-APPRAISAL

To those of you who stay out of your student government because you believe the committee system is just an excuse for inaction, let me cite an example to prove that a committee, properly led and directed, can be a great force for good.

Last week the Student Council met at the Duluth College of Veterinary Medicine and Belles Lettres to discuss purchasing a new doormat for the students union. It was, I assure you, a desperate problem because Sherwin K. Sigafoos, janitor of the students union, threatened flatly to quit unless a new doormat was installed immediately. "I'm sick and tired of mopping that dirty old floor," said Mr. Sigafoos, sobbing convulsively. (Mr. Sigafoos, once a jolly outgoing sort, has been crying almost steadily since the recent death of his pet wart hog who had been his constant companion for 22 years. Actually, Mr. Sigafoos is much better off without the wart hog, who tusked him viciously at least once a day, but a companionship of 22 years is, I suppose, not lightly relinquished. The college tried to give Mr. Sigafoos a new wart hog—a frisky little fellow with floppy ears and a waggly tail—but Mr. Sigafoos only turned his back and cried the harder.)

But I digress. The Student Council met, discussed the doormat for eight or ten hours, and then referred it to a committee. There were some who scoffed then and said nothing would ever be heard of the doormat again, but they reckoned without Invictus Millstone.

Invictus Millstone, chairman of the doormat committee, was a man of action—lithe and lean and keen and, naturally, a smoker of Marlboro Cigarettes. Why do I say "naturally"? Because, dear friends, active men and women don't have time to brood and bumble about their cigarettes. They need to be *certain*. They must have perfect confidence that each time they light up they will get the same gratifying flavor, the same Selectrate filter, the same soft soft-pack, the same flip top flip-top box. In brief, dear friends, they need to be sure it's Marlboro—for if ever a smoke was true and trusty, it's Marlboro. Get some soon. Get matches too, because true and trusty though Marlboros are, your pleasure will be somewhat limited unless you light them.

Well sir, Invictus Millstone chaired his doormat committee with such vigor and dispatch that when the Student Council met only one week later, he was able to rise and deliver the following recommendations:

1. That the college build new schools of botany, hydraulic engineering, tropical medicine, Indo-Germanic languages, and millinery.

2. That the college drop football, put a roof on the stadium, and turn it into a low-cost housing project for married students.

3. That the college raise faculty salaries by $5000 per year across the board.

4. That the college secede from the United States.

5. That the question of a doormat for the students union be referred to a subcommittee.

So let us hear no more defeatist talk about the committee system. It *can* be made to work! © 1962 Max Shulman

* * *

You don't need a committee to tell you how good Marlboros are. You just need yourself, a Marlboro, and a set of taste buds. Buy some Marlboros soon at your favorite tobacco counter.

Search...

(Continued from Page 1)

ties imposed a "police state" in the dormitory.

"They assumed we were guilty until proven innocent," said Alice Harris, a sophomore from Day 3. She was one of five who refused to sign the search warrant.

The majority of Day residents said the search was necessary due to the frequent thefts. They could not suggest any other means of solving the mystery.

A third opinion was that the search was too hastily and carelessly conducted to reveal anything. A number of coeds said after all the commotion caused, the inspection should have been thorough.

"Bad Time"

Most of the Day residents resented the time chosen for the search. Many had Saturday morning classes. Several freshmen coeds had difficulty getting up in time to placard cheer at the George Washington-SU Football game.

The room search was conducted more carefully on freshman floors than on the two upperclass floors. Freshmen were asked to remove their suitcases from the baggage room on each floor. Their luggage was then inspected by the head residents. This was not done on sophomore floors.

Head residents performed a more cursory inspection after 4 p.m. than in the earlier hours.

Anxious

Day 7 residents were most anxious for the search, since it is on this floor that thefts have taken place regularly since September. "It's gettnig to be a frightening thing," commented Marcia Orodenker, a freshman. She lives at the end of a corridor, where thefts have been concentrated.

In spite of the objections, Day coeds generally agree that the search should effectively scare the thief. Even if no clue has been discovered, coeds say the attention given the matter should make the thief wary of further operations.

After the search, Dean Smith remarked she found it "regretful that such action had to be taken." She said she was dismayed by the "lack of respect for other people's property."

Engineers, Teachers Meeting Changed

A meeting between faculty members of SU's department of engineering and representatives of the Central New York Science Teachers Association has been re-scheduled for 7 p.m. Wednesday, in Hinds Hall.

Prof. Nelson Nemerow and Assoc. Prof. Myrton Rand will speak on "The Biological and Chemical Sciences in Civil Engineering."

Dr. Paul Brennan, civil engineering department chairman; and Everett Ferris, supervisor of the Syracuse Board of Education's science department will also participate.

SU Symphonic Band To Rehearse Today

The first rehearsal of the Syracuse University Symphonic Band will be held 7 p.m. today in Crouse College auditorium.

All members who have not previously auditioned are asked to see Dr. Harwood Simmons, 303 Crouse College, this afternoon.

CIT MOVIE CANCELLED

The citizenship 1a movie scheduled for 4 and 7 p.m. today in Gifford Auditorium, Huntington B. Crouse Hall, has been cancelled, the citizenship office said Monday.

Batkin Speaks To Pre-Med Group

Dr. Stanley Batkin, Syracuse neurosurgeon, will speak on "Neurosurgery" 7:30 p.m., Wednesday in H.B. Crouse Kittredge auditorium.

Batkin, a graduate of The Royal Colleges of Physicians and Surgeons of Edinburough, will be the guest of Alpha Epsilon Delta, pre-medical honorary. He is also diplomat to the American Medical Association and a member of the Harvey Cushing society.

SU Grad Smith Goes Regular

Robert R. Smith of Rahway, N.J., has received the gold bars of a Regular Army Second Lieutenant.

Smith, a 1962 Syracuse graduate, was Cadet Colonel of the ROTC Battalion last year. He has received the Harvey Smith Award, Syracuse's highest honor for academic and military proficiency and was a member of Scabbard and Blade, senior military honorary society.

Furnace Fire Monday

Fire caused damage to floors, ceilings and partitions in the boiler room of a three-story apartment house owned by Syracuse University at 301 Marshall St. Monday morning.

City firemen put out flames started by an overheated oil furnace in the apartment house about 8:30 a.m. Monday. No one was hurt.

Jaquith To Talk At YAF Rally

David H. Jaquith will speak at a Young Americans for Freedom rally at 4 p.m. Thursday in H.B. Crouse Kittredge auditorium.

Jaquith, speaking on "Conservative's Creed," is a Syracuse businessman and member of the Syracuse Board of Education. He was the Conservative party candidate for governor of New York during the last election.

Michael Kogan, president of the SU Young Americans For Freedom, will speak on the group's activities in the Conservative movement.

The public is welcome.

Chandler Voted ABWA Head

Dorothea L. Chandler, associate professor in the College of Business Administration, was recently elected president of the American Business Writing Association.

Miss Chandler will be installed as president of the 600 member professional group at the association's annual convention held in Houston, Texas, during the Christmas holidays.

Miss Chandler will also moderate a panel discussion at the convention on "What Have Been My Personal Experiences in Communication Consulting Work?"

Cheng Gets Award

DAVID K. CHENG

David K. Cheng, Syracuse University Electrical Engineering professor has been presented the Annual Achievement Award of the Chinese Institute of Engineers, New York.

Dr. Cheng is the author of a textbook "Analysis of Linear Systems," and more than 20 articles appearing in professional journals. He has also published 19 reports on his academic specialty — microwave communications systems.

Coming to this country from his native China in 1943 for graduate work at Harvard University, Cheng is now an American citizen. He received his M.S. degree from Harvard in 1944 and Doctor of Science in 1946. He was Charles Storrow Scholar and Gordon McKay Scholar while there.

Then after serving for two years as Project Engineer at the U.S. Air Force Communications Laboratory in Cambridge, Mass. Cheng came to Syracuse University as an Assistant Professor in 1948.

While at Syracuse he has been a Guggenheim Fellow, and a consultant to General Electric and I.B.M.

Dr. Cheng is currently Consulting Editor of the Electrical Science text series for the Addison-Wesley Publishing Company.

He is a fellow of the Institute of Radio Engineers and the American Association for the Advancement of Science.

'10' To Satirize DO

Syracuse '10,' recent object of campus controversy, plans to stay in the limelight by producing two "spectacular" magazines this year.

In addition to the usual literary, political and artistic segments, the '10' humor department plan a 4-page parody issue of the Daily Orange. Newspaper staff members will cooperate by printing the insert with actual DO format. Anyone interested in working on this should contact Humor Editor Richard Kram, Sadler 2.

Those interested in writing, editing, illustrating, soliciting ads or making posters for the "10" should contact Editor-in-Chief James Gorney, Sadler 8; Managing Editor Jeffrey Rudford, Sadler 8; Literary Editor, Judith Rosenbaum, Shaw 4E; or bring contributions to the magazine's third floor office in the Men's Gym by the first week of December.

The literary department needs poetry, fiction, and feature contributions and its personnel stress that their prime concern is quality. Syracuse '10' wants political commentary and news-journalism as well.

Students who type or who want to meet Marshall Street merchants, while soliciting ads, will find a place too. "There is a niche for anyone interested in the Syracuse '10' this year," says Editor Gorney.

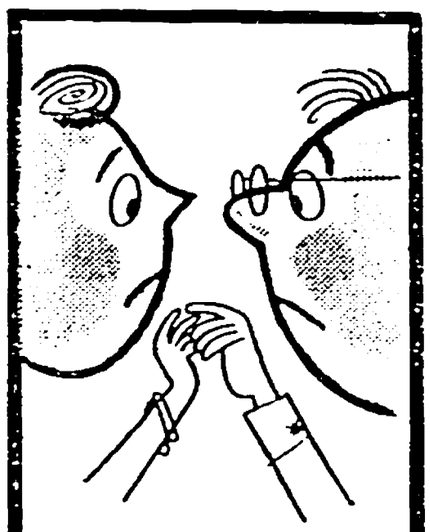
Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: Today's fair weather is indirectly being maintained by a powerful storm off the Atlantic coast. This storm is holding a large high over the state and should maintain fair weather through today.

As the high drifts slowly to our east tonight and tomorrow, a return to southerly winds will bring moderating temperatures and increasing high cloudiness.

FORECAST: Mostly clear today with some high cloudiness by late afternoon; high temperature, 48-52. Southerly winds increasing moderate to fresh this afternoon.



World News

Castro still hedges on Cuban inspection, now wanting inspection of anti-Cuban bases on the mainland. President Kennedy inspected southern Florida bases saying "it is the power of the U.S. that carries the major burden of world peace."

India said its cease fire with Red China is just temporary and will not yield to Chinese demands.

And the disarmament talks went on and on . . .

DeGaulle achieved the first absolute majority in the French Assembly in a century. The general election was considered a major move towards a true presidential system, with the temporary uniting of political factions coming to an end.

PARENTS ARE BORN WORRIERS

They don't mean to be. But when they don't hear from you for ages, they worry. A Long Distance call will make up for a lot of lost time. Rates are lowest evenings after 6 and all day Sunday.

Beep!--Sophs at the Wheel

Sophomore students on the Hill may register for campus driving privileges this week in the Huntington B. Crouse Hall lobby.

The student government Car Bill passed by the SU Personnel Board earlier this semester provides such privileges for all sophomores with minimum 1.6 cumulative averages.

Students who are found to have falsified information on their car registration will be subject to cancellation of their SU registration, according to an amendment to the Car Bill.

Beginning this week, junior and senior students on academic or social probation lose all campus driving privileges.

Student government personnel are manning the registration booth in HBC.

DAILY ORANGE reporter CHARLES BARNEY checks car registration figures with student government.

Margaret Mead On Campus Today

Dr. Margaret Mead will discuss "The Choice of Communities for Tomorrow" at 8 p.m. today in Hendricks Chapel.

The speech will climax a hectic day for the world famous anthropologist. Three other appearances — all private — are scheduled at the university and the Upstate Medical Center.

Dr. Mead has spent many years researching cultural patterns in South Sea islands. Her work has taken her to the primitive areas of New Guinea, Bali and Samoa.

She has also studied an American Indian tribe.

Prof. Mead, a member of the Columbia University faculty, has written 11 books and has co-authored two others. She has also produced numerous monographs and scholarly articles.

Studies

Margaret Mead's speech will be broadcast via delayed tape at 9 p.m. today on WAER-FM (88.3 mc).

Dr. Mead is presently working on changing conceptions in time and space.

Her Wednesday schedule calls for a meeting at 11 a.m. with faculty, staff and students of the Upstate Medical Center. At 2 p.m. she will speak to the staff of the Youth Development Center. Two hours later she holds an informal seminar for faculty and students of the Maxwell School.

The evening lecture in Hendricks Chapel is the second in a series of addresses delivered by distinguished persons in the annual citizenship series.

A native of Philadelphia, Prof. Mead did her undergraduate work at Barnard College and received her master's and Ph.D. degrees from Columbia University.

Besides teaching and lecturing at several major American and foreign universities, Dr. Mead has worked for the museum of Natural History, the National Research Council, the Office of War Information and UNESCO.

Dr. Mead is the author of several well-known books including "Coming of Age in Samoa," "Sex and Temperment in Three Primitive Tribes," "Male and Female," and "An Anthropologist at Work."

PANHEL BALL TICKETS

Tickets for the Panhellenic Charity Ball Friday can be purchased by all sorority women from their Panhel delegate at $3 per couple, Katherine Antony, ball chairman, has announced.

Panhel delegates can obtain tickets for their houses from Miss Antony at Pi Beta Phi or from Melinda Tantleff at Iota Alpha Pi.

The ball will be in the Hotel Syracuse Grand Ballroom. Dress is formal.

340 Tickets SoldtoPanhel Ball Friday

865 Frosh Coeds Sign for Formal Rush in February

Approximately 340 tickets have been sold to the second annual Panhellenic Charity Ball this Friday, sororities reported at the Panhellenic Council meeting Tuesday.

Ball chairman, Katherine Antony (Pi Beta Phi), announced that coeds will receive special 2 a.m. curfews for the formal dance which will take place in the ballroom of the Hotel Syracuse.

Continuous music from 9 p.m. to 1 a.m. will be provided by the orchestras of Dick Kowell and Jack Kriescher.

"We hope to make a profit of $2,000," estimated Miss Antony. Last year the ball yielded a $950 profit.

Greeks Hear Olson Ask Co-operation In Relocation Plans

By ADAIR DUFINE
Junior Editor

It is of vital importance that Greeks support university plans for housing relocation, SU Vice President John F. Olson told 30 visiting fraternity executive secretaries Tuesday night. secretaries Tuesday night.

This point was made at the concluding panel discussion for the day at the Hotel Syracuse, headquarters for the four-day conference.

Dr. Olson said this Greek support will aid in fulfillment of Chancellor Willian P. Tolley's aspirations for the fraternity system on the Hill.

The fraternities' problems of transient membershins and the rising costs of building and maintenance of housing make Greek-university co-operation a necessity, Olson stated.

"The fraternity system has implicit value to a residential university," the vice president said, noting the number of students absorbed by Greek housing.

As the focus of loyalty the fraternity system must be made an example for the rest of the university, Dr. Olson said.

Discussing immediate university plans for Greek relocation, Dr. Olson affirmed the individuality of Greek houses as an important factor.

While emphasizing fraternal aspects, he also suggested methods of minimizing costs and maintaining a strong system.

"Common play and parking areas, common back walls with houses built end to end, central heating plants and common kitchen service serving several Greek housing units and university loans carrying lower interest rates are among Olson's suggested methods.

Arrangements might also be made for the university to hold titles and deeds for fraternity housing, thus removing them from the tax rolls.

(See Greeks, Page 8)

Two Students Suspended

By CLAY RICHARDS

Two male Syracuse University students have been suspended as a result of disciplinary action over the Thanksgiving vacation, Dean of Men Earle W. Clifford announced Tuesday.

The two students, involved in separate cases, may return to the Hill next semester if they wish, Clifford explained. The students' names were not released by the office.

The first case involved a junior who was suspended for abusing, cursing, and threatening a Security Police officer at the university's main gate.

The student, who wanted to park his car on the main campus, was told by the officer he could not because a scheduled lecture program required all free campus parking spaces for visitor parking.

The student then showed "very extensive abuse" to the officer and threatened violence if he was not given a parking place on the campus. The student made no move to strike the officer, Clifford said.

In the second case, a sophomore was suspended after being caught on the third floor of Pi Beta Phi sorority house at 3 a.m. November 19.

The student, who had violated the university's policy on the misuse of alcohol, was first asked to leave, and was then discovered a second time before being reported. When Security Police arrived the student had left, but was apprehended a short time later at his fraternity house.

He was identified by several members of the sorority and the housemother, Clifford said.

The student was believed to have gained admission to the house through a kitchen door he had purposely unlocked when he was legally in the house the night before.

The two cases were handled by the Dean of Men's office because Joint Student Court was not in session at the time, Clifford explained. This is the usual procedure in cases that arise during or near a holiday peroid.

A full report of the university's decision will be given to the court by Assistant Dean of Men David Tatham when they reconvene, Clifford said.

Profs Plan Local ACLU

By CHARLES M. STEINBERG

A drive led by several Hill professors to establish a Central New York chapter of the American Civil Liberties Union will culminate next week with a public meeting in Maxwell Auditorium and the visit to Syracuse of ACLU Executive Director John D. J. Pemberton.

Spurred by last year's Tropic of Cancer and Linus Pauling incidents, Hill Profs. Norman Balabanian and Julian Friedman have been corresponding with ACLU national headquarters and gathering local support for the establishment of a Syracuse offiliate of the organization. Last spring Syracuse Police Chief Harold Kelly ordered the removal from Syracuse bookstores of Henry Miller's novel "Tropic of Cancer." Linus Pauling, controversial Nobel Prize-winning physicist in confusion-surrounded circumstances was allegedly refused access to speak at SU touching off a campus storm over "academic freedom."

Civil Rights

The ACLU is a national non-partisan organization devoted to safeguarding individual civil rights. The union employs a full-time staff, including a corps of lawyers, and has brought successfuly to the Supreme Court several key cases involving civil liberties.

There are 30 state and city affiliates of the ACLU, which operate independently of the national organization.

The Union has itself become a matter of controversy because of its positive stand on freedom of speech for Communists. The ACLU holds that the United States Bill of Rights applies to "everybody" and opposes all measures which, though aimed at Communists, "threaten the civil liberties of all Americans."

Goals

The organization lists as its other goals the elimination of "second-class citizenship" for minorities, elimination of governmental and private pressure group censorship and the promotion of fair procedures in court trials, congressional and administrative hearings.

Other SU faculty behind the local movement are political science Prof. John Clarke Adams, Asst. Prof. Robert M. Anderson and Asst. Prof. Richard B. Lillich, both of the College of Law.

Executive Director Pemberton will address the meeting in Maxwell Auditorium at 8 p.m. Wednesday. During the day he will confer with Hill professors and other interested citizens.

Search Deemed Necessary

This is the second of three articles presenting student, administrative and faculty views of the search for stolen articles made in Day Hall just before Thanksgiving vacation.

By SANDI EHRLICH

"A thief is a thorn in the side of society," commented Security Police Director Robert D. Flaherty Tuesday. In an interview, he discussed the reasons for and results of the search for stolen articles in Day Hall on Nov. 17.

"Security police have a definite responsibility to students who are victims of thefts," Flaherty said. He noted that suspicion and apprehension had created an unhappy environment in Day Hall, and the morale of some of the coeds was affected. He decided that "firm, decisive action" should be taken.

Flaherty, who wrote the controversial search warrant which three sophomore girls refused to sign, did not question their right to refuse. "The search was not meant as an invasion of privacy, but humans frequently interpret law differently," he said.

He said that everyone's right to resent interference is part of living in a democratic society. He termed the girls' refusal to sign as "righteous indignation."

Flaherty said that the search may have good psychological effect if it deters future thefts. By easing suspicion, he said that the search "removed the cancerous growth of the uneasy atmosphere."

He issued a warning to all students to keep their doors docked whenever they are out. He also cautioned girls to avoid walking alone on the poorly lighted streets in the city.

"I hate to see kids get into trouble," he smiled.

Miss Shirley Uplinger, director of Day Hall, termed the room search "an educational process," She said that it made the girls more aware of the stealing and helped them to understand the administrative reasons for the search.

"It was not our goal as personnel people to prove someone's guilt," Miss Uplinger commented. She believed that the girls respected the decisions of the personnel, and cooperated willingly.

"We're not hard-hearted," said Miss Uplinger.

"I would hope to have the same cooperation in Flint if the situation occurred," commented Miss Barbara Keller, director of Flint Hall. She continued, "Miss Uplinger is to be commended for her approach to the girls."

SENIOR 'ON' PIX

Seniors!! If your senior picture for the "Onondagan" was not taken, the photographer will be here Thursday, November 29 for a limited number of students.

If you want your picture taken, or want a retake, call the "ON" office, ext. 2131, 2132, for an appointment.

Proper dress: Men, dark jacket and tie. Women: dark sweater and pearls.

Pictures will be taken only by appointment. Call immediately.

Fraternity Conference: No Man An Island

"Tell us what is wrong with our system and what work must be done to have the best program of its size in the country."

Thus Dean of Men Earle W. Clifford greeted the thirty representatives of Hill fraternities to the National Executive Secretaries Conference, now in progress. His order is a large one, but is not an unreasonable one, if put into proper perspective.

When Dean Clifford came to Syracuse from the University of Vermont last fall, he was aware of many flaws in the Syracuse University system. With his experience at Vermont as a guide and with some cooperation from interested members of the Hiii Interfraternity Council, the dean found out for himself much that was wrong with the fraternity system here.

First, he found that in many respects the fraternity system was a "system" in name only. The phrase "thirty tight little islands" came into prominence in making reference to the IFC. House rivalry was one thing, but out-and-out hostilities, which sprung up, were something else again.

Second, on a campus that adhered fairly strictly to the policy of "dryness" or non-drinking on university property, the fraternity house, in many instances, was somehow thought to be neutral territory where some rules could be open for contradiction.

Third, at a school where social functions are placed in a position of relative importance and a soundly functioning social committee was in existence, fraternities saw fit to run illegal parties, that is, parties off campus, unregistered, and often ending in destruction of property.

Fourth, the whole atmosphere surrounding the system seemed to be one of getting away with something. True, everyone knew the laws were being broken, but not much was done about it.

But that was prior to the fall of 1961. A new face entered the scene—Dean Clifford sought to do something about the fraternity system that seemed to be wallowing in ineffectiveness and was even starting to show signs of decay. Some houses heeded his warnings and started to view the fraternity system in a different light.

Others didn't change their habits or their attitudes. Drinking continued, as did illegal parties, house animosity and "dirty rushing." But Dean Clifford had meant what he said and soon no less than nine houses quickly found themselves on varying types of probation or suspension.

Much clamor was heard from the thirty little islands and the shaking of the fraternity foundations could almost be heard. But this was the only way to impress the need for change—action taken against all offenders.

Even by the beginning of this year the IFC appeared more unified and seemed to be setting out on a better road. The IFC Judicial Board was put into effect this year and has already shown an ability to handle fraternity infractions in a responsible manner,

And James McMurray was appointed Fraternity Administrator in an effort to have a full-time post in the dean of men's office for fraternity affairs. Already this has proved a valuable help to the fraternity system.

That brings us to the present and this week's historic meeting. Despite the many criticisms and many valid complaints, the fraternity system has always served the university and fraternity alumni have usually been the most active university alumni.

The positive actions taken by Dean Clifford and the IFC in a year-and-a-half should refute any fears that fraternities are dying at Syracuse. This week's conference can indeed point out what is still wrong with our fraternities and what we can do to make it the best.

Speak not of burial, but of rebirth and new growth.

TREVER ON CAMPUS

"What do you mean you want to use green ink for your project?"

Campus Clips

By SANDI EHRLICH and MELANIE COHN

We imagine that many of you saw old friends over vacation and discussed the latest happenings at colleges across the country, but we'll try to fill you in on some of the details you may have missed.

Did you hear that Lehigh University has a new sport? The term "orbiting" has been given to the stunt in which a boy climbs into a clothes dryer and rotates as long as he can stand the whirling and heat. It is supposed to refer to the astronaut's orbiting the earth in a satellite, yet there appears to be little similarity between the two activities. So far the record is 35 spins. There seems to be only one rule: don't close the door!

Fraternities, take note! At New York University every Friday night an Open House is held. Informal smokers are open to all students of both sexes. The affairs are not dated and seem like an excellent way to meet new faces. Could IFC take up this topic?

Speaking of fraternities, Ohio's Otterbein College has a novel proposal for a Greek group. Alpha Beta Delta Gamma Upsilon is an organization for those who like Greek names. It meets twice daily to revise its 600-page constitution. All members are officers. Parliamentary procedure is followed even during coffee breaks. Their crest shows a gold-bound issue of the "Status Seekers." Well, maybe this is one idea Syracuse can let go. . . .

The idea of year-round school seems to be gaining popularity. Harpur College announced last week that it will go on a trimester plan in 1963. Under this system terms will begin in July, November and March. Dean S. Stewart Gordon stated that admission standards may be a "little lower" after trimester is instituted, but he feels a high quality student body will still be maintained.

The University of Minnesota's Student Association is studying plans to establish student exchange programs with southern Negro and white schools. The Association hopes to set up such a program for the winter quarter of this year, and if it is successful, find means of financing a similar program permanently.

One of the fastest growing organizations in the nation dealing with foreign students and international education is "People-to-People." Established last year at the University of Kansas, the organization has expanded greatly and become worthwhile to all students. Some of the programs provided by People-to-People include mixers, called Happy Hours, held at living centers for foreign and American students and a Brother and Sister program which provides specific friends for international students while giving the American student a chance to become well acquainted with a foreign student.

Other programs are a job placement branch which will expand to include a summer exchange program; the American study abroad program; and a home placement function which puts international students in homes for vacations and weekends and arranges cultural and industrial trips.

When Colgate imports girls, they tend to favor Syracuse. According to a recent survey, SU provided 11 per cent of the dates for a recent Colgate weekend—the greatest number from any one school. Cortland placed second with 9 per cent.

Tables were turned at the University of Vermont two weeks ago as the campus celebrated MERP Week. Short for Men's Economic Recovery Program," MERP Week provides a respite for the guys wallets.

All dates for the week are arranged and paid for by the girls. Even transportation becomes the coed's responsibility. A Saturday night semi-formal dance concluded the novel week.

LETTERS

Yemeni

The following is a copy of a letter sent to President John Kennedy by the Syracuse University Arab Students Association.

Dear Mr. President:

In my behalf as well as for my colleagues, the Arab Students at Syracuse University, New York, I would like to convey this message. The course of history since the end of World War II has been characterized by the struggle between the growing national power and the dying colonial domination, or the out-moded patterns of government which hinder any development in the whole sense of the term. The Yemeni Republic in this respect highlights the struggle for progress and democracy, or, as its revolutionary President Al-Salal put it, "to bring Yemen back into the Twentieth Century."

Dear Mr. President, the Arab Students in Syracuse University, looking back at the history of the United States and the immortal achievement of your people in furthering the cause of liberty, equality, and democracy, at home and abroad, have no doubt that the United States Government will extend its full recognition to the flourishing Yemeni Republic and thus prove that it still follows the ideas and ideals of its Founding Fathers.

Mutib M. Al-Samarraie,

Day Hall

To the Editor:

The action of the university with respect to the Day Hall search clearly indicates the administration's ignorance of, or a contempt for, constitutional protections of personal property.

The administration was probably within its legal, although not moral, rights in carrying out the search since the dormitories are university property. However, the attempt to bully the students who would not sign the permission by threatening to obtain a city search warrant seems to be a deliberate perversion of the fourth amendment.

The constitutional demand of "probable cause" for issuance of a warrant was designed to prevent just such arbitrary and capricious searches.

The rise of such pressures, based on the patently false threat of obtaining a search warrant for which no legal grounds were available should inspire some investigative and corrective measures by the appropriate student and administrative authorities.

GRADUATE STUDENTS

THE CUTTING ROOM

'Evil NBC'

by John E. Greenwald

Now that Thanksgiving and the ABC-TV "Hootenany" are just fond and pleasant memories (unless you're the Daily Orange music critic), and television, if not things in general, seem more hopeful, we hope much of the campus antagonism towards "Chet Huntley Reporting" will also have mellowed.

All during the NBC-TV crew's visit to campus any number of students and administrators publicly and privately expressed fears that the Hill would be put to shame and perhaps even libeled by director Heilig and his staff.

Joint Student Government went so far as to put its foot in its mouth by advocating nothing short of censorship so no harm is done to the university image.

NBC's presence even excited the DO's editorial columns to a state of "wariness."

Some of the most vociferous worries were juniors and seniors with grad school ambitions who seemed more afraid of Chet Huntley muddying their applications than SU's image.

We haven't been convinced of anything, one way or the other, as to how NBC will handle Syracuse. Unlike many students and unlike some tv execs who cancelled a program because Alger Hiss was on it, we won't jump to any conclusions until we see the show.

And we deplore any student or official whose private dogmas, self interests and "aspirations" stop him from even the pretense of objectivity.

If our talks with director Heilig revealed anything, they revealed the kind of school he saw here: an institution in transition. Syracuse "is a diversity trying to become a university," he said once, being both corny and accurate.

The Syracuse University he saw, and the one we know, is having growing pains: not growing itches; or giggles; or tickles; or guffaws; but pains. If this is the point the program chooses to make then "Chet" Huntley Reporting" may be optimistic but it will not be completely complimentary.

Pains never are.

We also can't see the argument that NBC "re-arranged" some facts about student life. Does jamming a few students into one end of Maxwell Auditorium so they appear on tv as part of a crowded class mean there are no over-crowded sections in HL or Slocum?

Does trying to photograph Flint Lounge five minutes before curfew mean there isn't something distorted about sex life on this or even UCLA's campus? Does considering a staging of a multiple choice exam mean we won't sweat out finals in a few weeks?

Does attempting to "juice-up" a fraternity party mean there haven't been "well oiled" twisters on Comstock or Walnut Avenues? And does filming a particularly bad pep rally and photographing the main library Saturday morning mean there is no emotional and intellectual apathy here?

We can only wait and see the final telecast.

And even if the program is a masterpiece of libel, Syracuse University may only have itself to blame: the producer of the show is an alumnus.

Tomorrow, Fri. Sat. - 8:30 p.m.

'Sunshine' Re-Opens

"Little Mary Sunshine" re-opens tonight at the Coronet Theatre after a Thanksgiving respite.

"Little Mary" is a satire of the operettas of the Jeanette MacDonald, Nelson Eddy era. The plot centers around Little Mary, the Forest Rangers, and the Kadota Indians.

Performances are November 28, 29, 30 and December 1, 5, 6, 7, 8. Tickets are $1.75 weekdays and $2.25 on Friday and Saturday nights.

In the show are Bonnie Bradt, as Little Mary; Tom McKee as Captain Jim, leader of the Forest Rangers; Ann Quimby as an aging opera star; Bob Murray as an aging Cazenova; Irene Golub as the flirtatious maid; and Stuart Dillon as a lovesick Forest Ranger.

Onondaga Jazz Holds Meeting

A showing of a feature length jazz oriented film, "The Jazz Age," will be featured at the first meeting of the year of Onondaga Jazz Inc. 8 p.m., Thursday, Nov. 29 at the Three Saints Restaurant in Liverpool.

After the film a discussion of jazz will be led by Lawrence Marquit. Admission to the meeting will be by membership card only.

Chamber Concert Friday

Pianist Jerrold Cox will be featured in the second concert of the Syracuse Friends of Chamber Music series 8:30 p.m., Friday evening in the Everson Museum. He is replacing George Pappas-Stavrou, who is ill.

Among the pieces to be performed is the Bartok "Contrasts for Clarinet, Violin and Piano," a composition originally written for Benny Goodman. Gerald Zampino will perform the virtuoso clarinet part.

Also featured in the concert will be Rollie Abkowitz, soprano. She will sing "Le Bonheur" by Saint Saens, and the "Vieni O Cara" by Steffani.

Two string quartets will be played by the Krasner Chamber Music Ensemble. The Debussy String quartet, which commemorates the 100th anniversary of the composers birth and the Mozart "Quartet in F Major," one of the three famous "King of Prussia" quartets composed by Mozart late in his life and dedicated to the amateur cellist King of Prussia.

In this work the cello has a virtuoso part equal to the other instruments, an arrangement rare in string quartets. This challenging composition has not been heard before by Syracuse audiences. It's inclusion in the program this year is made possible by the guest appearance of Frederick Miller, cellist.

The ensemble ,under the direction of SU music professor Louis Krasner, violin, also includes Adrienne Galimir, violin, and Claude Bortel, viola.

Single tickets, student tickets and series subscriptions may be purchased the night of the concert.

A Shakespeare Festival

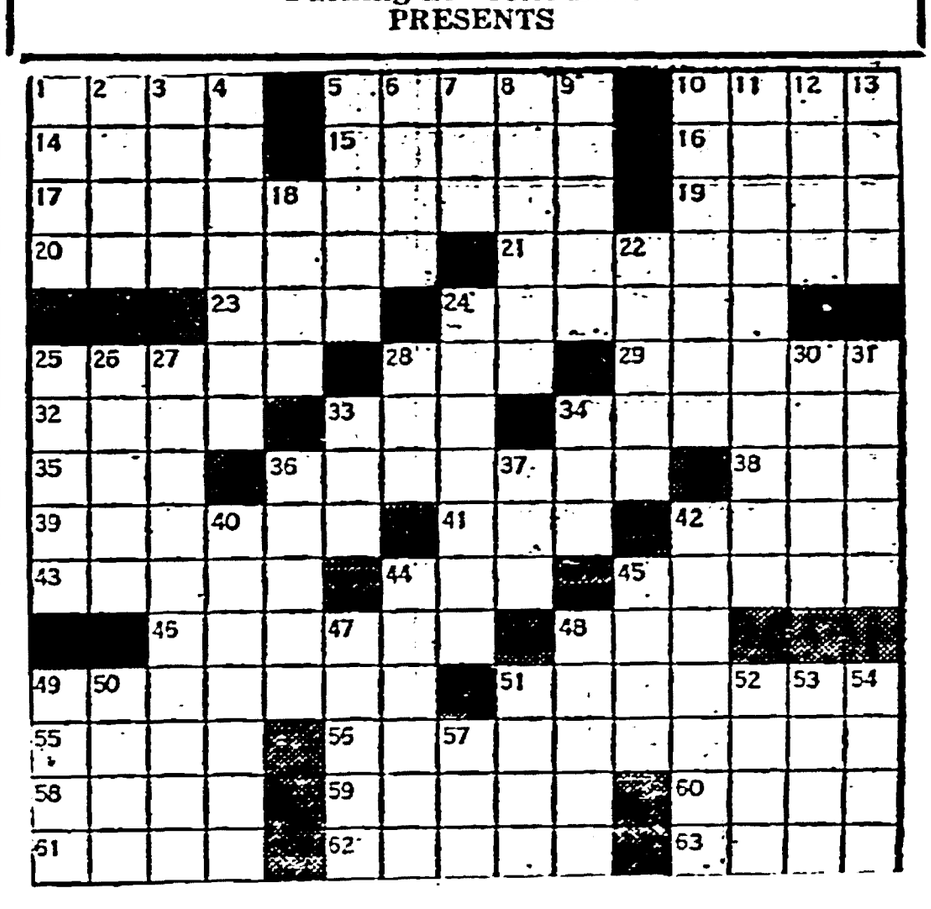
A series of Shakespeare motion pictures will begin Nov. 29 at the Eckel theater.

"Richard III" will be shown Thursday through Saturday in color. Laurence Olivier and Claire Bloom star.

Sunday through Wednesday Jean Simmons and Olivier star in "Hamlet."

In color Dec. 5-Dec. 8 Suzanne Shentall, Laurence Harvey and John Gielgud star in "Romeo and Juliet."

Also in color Dec. 9-Dec. 12 Olivier and Robert Newton are featured in "Henry V."



Student admission is 75 cents. The performances are continuous.

As the only American voluntary agency on Cyprus, CARE gives impartial help to both Greek and Turkish communities on the once-embattled island. Largest program, CARE's Food Crusade, provides a daily lunch for 85,000 primary school children.

Coast Team Ranks No. 1

By RICHARD GOLD

Southern California hung on to the top spot in the National Football Poll this week by beating the Bruins of UCLA 14-3. The number one position, which has proven to be an unlucky spot this year for previous teams, was earned a week ago by the Trojans as they decisioned Navy 13-6. The unblemished record (9-0) of the Rose Bowl-bound Trojans has only one more test next week when Southern Cal faces a powerful Notre Dame eleven.

Wisconsin, which faces USC in the Rose Bowl, finished its season in second position with a 14-9 victory over Minnesota. The only loss of the season for the Badgers was to Ohio State 14-7.

Third position in the poll is held by Mississippi. The Rebels kept their record (8-0) clean last week with a 19-6 victory over Tennessee and the last obstacle in their quest for an undefeated season is next week's opponent Mississippi State. Ole Miss is a probable Sugar Bowl opponent for Arkansas.

Texas, a former number one team, finished fourth in the poll and completed its first undefeated season in many years with a 13-3 triumph over Texas A&M in their annual Thanksgiving day battle. The only blemish in the Cotton Bowl-bound Longhorns season was a 14-14 tie with Rice.

Alabama, another ex-number one team, is currently in fifth position. The Crimson Tide dropped a 7-6 decision to Georgia Tech two weeks ago and thereby fell from the top spot. The Tide must win next week's game against Auburn in order to insure their trip to the Orange Bowl.

Arkansas, definitely headed for the Sugar Bowl, finished in sixth position with a 34-0 romp of Texas Tech. A 7-3 decision to Texas was the only loss for the Razorbacks in their 9-1 season.

Louisiana State ended their season in the seventh spot by virtue of their 38-3 rout of Tulane. The LSU Tigers finished with an 8-1-1 record losing only to Mississippi and tying Rice. The Tigers will face Texas in the Cotton Bowl on New Year's Day.

Eighth place in the poll is presently held by Oklahoma (7-2) which terminates its season this Saturday with the traditional Oklahoma State game. Losing only to Notre Dame and Texas early in the season, the Sooners finished strong and will play in the Orange Bowl.

Rounding out the top ten is Penn State (9th) and Minnesota (10th).

Penn State Tops Lambert Ratings: Syracuse Sixth

Penn State was chosen the winner of the Lambert Trophy for the second straight year. The Trophy is emblematic of the major college football championship of the East.

The Nittany Lions were the unanimous choice of the eight man committee, each man giving a perfect score of ten to the team. Penn State has a nine-win, one-loss record, with Army the only victor over the Lions.

The only other unanimous choice in the final poll of the season, was Dartmouth, the undefeated Ivy League team. Dartmouth was rated in second place.

Army was rated third, with a total of 7.4 points. Army had six wins and three losses.

Navy with a four-win, five-loss record, received a score of 6.4 to give them fourth place.

Fifth place went to Pittsburgh, with a 5-5 season. Their total was 6.0.

Sixth place went to the Orange team. Their four-win five loss season gave them a rating of 5.0.

A 7-2 seasonal record put Boston College in seventh place with a tally of 4.0. Holy Cross was listed in eighth place with a 3.6 average and a six-win, three-loss season.

Villanova, a seven-win, two-loss team received 2.5 points. A 1.4 Lambert rating put Harvard in the tenth place. They had a 5-3 record.

On farm worker in the U.S. produces enough food for himself and 25 others. Contributions to the CARE Food Crusade, eNw York 16, N.Y., help send our farm abundance to the hungry in other lands.

Baker Wins Heisman Trophy

Terry Baker, 6'3", 191-pound senior from Oregon State University, has been selected as the winner of the 1962 Heisman Trophy. Baker ran and passed for 4,980 yards in his three years at Oregon, the second highest career total offense in collegiate football history.

An all-around athlete, Baker converts from quarterback to guard for his first-string position on the Oregon State basketball team. During the week, he skips practices to attend lab and maintain his positon as one of the university's top honor students.

Second and third place honors in the voting went to Jerry Stovall of LSU and Bob Bell of Minnesota.

The Dominican Republic is among 20 countries whose people are helped by contributions to the CARE Food Crusade, New York 16, N.Y.

DAILY ORANGE PINCH-HITTER

'TIS THE SEASON TO BE JOLLY, it says here. But it is also the season to start planning the method of attack for viewing the holiday football classics. We use the term classics advisedly.

Who has not had the traumatic experience of making the decision whether to watch the Orange Bowl and the Cotton Bowl or the Sugar Bowl and the Rose Bowl. Or perhaps the Cotton Bowl for one half and the Sugar Bowl for another half. Or the Orange Bowl for one half and the last half of the Rose Bowl and take off the couple of hours in between to see a movie.

True, this confusion is not the least of the New Years Day hangover. But we are herein more concerned with something new in the field of football classics: The nouveau riche of the grid world, the Bluebonnet Bowl, the Liberty Bowl and the Gotham

These games, plus various Shrine and All Star games appear on the television screen before the New Years fiasco and so set the stage. We know that these games usually pit relatively inconsequential teams against one another (present alma mater excluded).

With that in mind, let us take a quick look at how a typical "second line" bowl game is scheduled in an effort to give it the glamor to compete with the established "classics." So come with us as we tap the phone line of the chairman of the Gotham Bowl's Committee on Competing Teams.

"Hello . . . hello, is this the Gotham Bowl Committee on Competing Teams? It is. Good. I'm interested in becoming a competing team. That is, my team is interested in becoming a competing team. That's right.

"You see, we thought it would be real nice to become a competing team since we've been playing together for five years now and never had any competition. No. I'm not bragging. We never had any competition. We only have practice games . . . without pads.

"My name. Oh, my name is Serge Flortz and I'm the manager of the Omaha Junior High School for the Mentally Passive. We thought if we could come to a nice big city like New York or something like that.

"So not only are we willing to compete but we have another bunch of boys who will mutually compete. We realize that people in New York have never heard of us but you'll get your guarantee from the television network and all our parents and friends will be there so hows about we close the deal.

"Yes. That's right. I suppose you will need a little more information on our team. We have been playing for five years, as I have previously stated. During that time we have been undefeated, taking the field only once. And in that instance our opposition did not show up. However, we have had rugged practice sessions during those five years and are now considered one of the leading teams in Omaha's Junior High League.

"So I can count on bringing the nine boys down, huh? That's right nine. That is right isn't it? Hello . . . hello . . ."

MLJ

Orange Has "Cripple Corps" In The Making; Meggysey, Hunter, Five Others Injured

By STEVE SPIEGEL

If the Syracuse "cripple corps" increases much more, they may be of sizable strength to form their own football team.

At present, the injury list numbers seven, the latest addition being Dave Meggyesey. The starting left guard sustained a shoulder injury in the West Virginia game, and it is highly doubtful that he will be available for the final game at UCLA. His probable replacement will be Gerry Everling who had previously backed up Leon Cholakis at inside tackle.

Fullback Bill Schoonover, out with a shoulder injury since the George Washington game, is another doubtful starter.

The backfield has been further decimated by the loss of halfback Jim Gaskins. His thigh injury will keep him out of the final encounter.

Speedy halfback Billy Hunter has been plagued by an ankle injury, but he should be available for duty.

Tackle Paul Houle is another of the recent additions to the injury list. He became our second victim of the West Virginia game when he reinjured his back. However, with a two week respite, he should be fit to see action.

The last member of the walking wounded is a charter member. Big Henry Huettner suffered an ankle injury in the second game of the season and has been unable to play since then. His playing status is doubtful and he will probably miss the chance for a second trip to California.

Shoulder injuries seem to be the current rage this season—replacing the broken wrist trend. John Snider, end and punter, is the third of the group to suffer this type of injury, and he too will have to sit out the last game of the season.

Ed Conti On All-East Team

Syracuse junior fullback Ed Conti has been named to the final weekly All-East major college football team of the Eastern College Athletic Conference.

Conti, a 5'10", 180-pounder from Bethlehem, Pa., received the backfield spot for his defensive performance against West Virginia.

In Saturday's contest, Conti was credited with five unassisted tackles and 13 assists. He also recovered a Mountaineer fumble.

The 20-year-old Conti was voted top SU back for the game by the press.

His only explanation for his fine showing: "I guess they just didn't see me!"

Despite patrols on the Red China border, 200 to 300 refugees reach Hong Kong every week. CARE has special $1 Food Crusade packages to help new arrivals and other needy Chinese families in the colony.

CSA Sponsors Sno' Shuffle

The Sno' Shuffle, an open dance sponsored by the Commuting Students Association, will be held from 8:30-12:30 p.m. Dec. 15 in Watson Lounge.

An evening at Three Rivers Inn for a couple will be given as a door prize.

Tickets, which are $.75 single and $1 per couple, may be purchased from any CSA-SU member or at the door.

SU Given Saimento Portrait

Armando Protto, president of the Hispanic-American student Assn., Monday presented a portrait of Argentine educator and politician Domingo F. Saimiento to Syracuse University.

Protto said at the School of Education tea when the portrait was presented that it is in gratitude for the visit of Prof. Gustavo Cirigliano to the SU campus last year.

Domingo Saimiento was the first real ambassador to the United States from Argentina. While in this country he was selected second president of Argentina.

Saimiento was inspired by Franklin's statement that a democracy can thrive only it it gives every child a chance to become an informed, thinking citizen.

In Tuesday's Daily Orange Dr. Hobart W. Burns was incorrectly identified in a picture of the presentation. Burns is an associate professor and chairman of the cultural foundation in the School of Education.

DO Editor Applications

Applications for editor-in-chief of the Daily Orange for the spring semester will be accepted at the Office of Student Publications from now until 5 p.m. Dec. 14.

Candidates must have 1.5 averages and be regularly enrolled SU students. Primary consideration will be given to those students who have had DO experience.

The editor will be elected at a semi-annual meeting of the Daily Orange Board of Student Publications 4 p.m. Monday, Dec. 17, in the office of the dean of the School of Journalism.

'Orange Aid' Sold Thurs.

The "Orange Aid", freshman class directory put out by the junior class, will go on sale Thursday. It will be available in the University Bookstore and at the dinner hour in living center dining halls at $1.50 per copy.

The directory, first of its kind at SU, contains the name, picture, living center, phone number and home address of each freshman. The orange and white cover displays the Syracuse University seal.

Contents fo CARE's $1 Food Crusade packages average 25 lbs. or more of food for the needy overseas.

Many engineering and scientific graduates *have* that as an objective — achieving it is a reality at UAC's Corporate Systems Center.

CSC was formed to bring together under one management the vast technical resources of United Aircraft (one of the nation's forty largest corporations) and its world-famous divisions. A young, relatively small organization, CSC is engaged in all phases of systems work in areas such as stellar inertial guidance, mobile ballistic missiles, weather technology, bio-science systems, orbital rendezvous and satellite navigation and control.

Rapid expansion in programs provides exceptional advancement potential for capable graduates. CSC's "small company" environment coupled with the stability and benefits of a major corporation provide an ideal climate for professional growth.

In the heart of picturesque New England, we are located almost exactly midway between Boston and New York City — only brief parkway hours from each.

Investigate CSC career advantages during our visit. If you are unable to see our placement representative during interviews on your campus, write to Mr. R. A. Fuller, Box 1047, Broadstreet Station, Manchester, Connecticut — an equal opportunity employer.

Opportunities for Chemists, Physicists, Biologists, Mathematicians, Civil, Aeronautical, Mechanical, Electrical and Chemical Engineers, Metallurgists, Meteorologists, Oceanographers, Geophysicists and others.

SU Law Prof. Studies School Integration

A professor of the Syracuse University College of Law will study school integration under a grant from the Ford Foundation and the United States Civil Rights Commission.

Prof. George J. Alexander, and seven other consultants to the commission, will meet in a series of national seminars with judges, legislative representatives and members of the commission.

Alexander will conduct a field study of integration in Buffalo public schools. A report of his work will be published by the commission.

Alexander's report will be one of four dealing with integration in northern cities. He will concentrate on segregation that exists wtihout having been intentionally created.

He joined the law faculty in 1960, having previously taught at the University of Chicago. Alexander graduated from the University of Pennsylvania and the University of Pennsylvania Law School.

He has prevoiusly worked on civil rights research, helping to produce a national casebook on constitutional law.

Law Freshmen Elect Officers

John Parrinello, a graduate of the University of Rochester, last week was elected president of the freshman class at the Syracuse University College of Law. He is a resident of Rochester.

Albert Lawrence, a Colgate graduate, was elected secretary-treasurer. He is a Herkimer resident. His father graduated from the SU Law School in 1937.

Peter Searl, a Dartmouth graduate, was named Student Bar Association delegate. He is a Fayetteville resident and his father was a 1935 SU Law School graduate.

Student Court Places Junior On Probation

Joint Student Court has placed on disciplinary probation a Hill junior who stole a jacket from the University Bookstore. The student must also make a formal apology to Bookstore Director Burton Fink.

The probation period is through June, 1963. The student will be liable for suspension if he is involved in any future disciplinary trouble, according to Associate Chief Justice Mitchell Mass.

The Court has also referred the case of a student who stole a directory from the Bookstore to the dean of men's office.

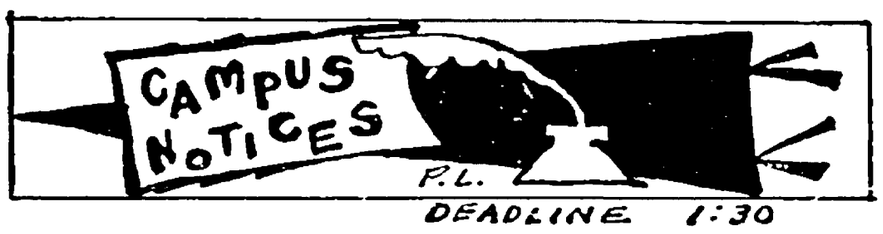
By joining CARE's Food Crusade to send 7,500,000 packages across the world, at $1 per package, Americans well help feed 26,000,000 hungry people during fiscal 1962-63.

Security Police Arrest Alleged Exhibitionist

Security Police have arrested a 25-year-old city of Syracuse engineer who recently exhibited himself on campus in women's clothing.

Donald B. Stiller of 1002 East Division St., allegedly has made frequent appearances on campus in women's undergarments for the past 10 months.

Stiller was captured after leaving a woman's dormitory. He was taken into custody by Security Police Officer Howard Hart and booked by Syracuse City Police.



The alleged exhibitionist has attended Cornell University, Michigan State and University College.

Donald J. Kondrk of 537 Stafford Ave. was captured by Security Officer Charles Howard and booked Monday for disorderly conduct. He was taken into custody in the Women's Building where he was allegedly watching a women's gym class.

Kondrk has seven previous minor violations and had been warned to stay off campus two months ago when he was picked up on Mount Olympus by Security Police.

Some 18,000,000 school children across the world get a daily CARE lunch or glass of milk.

ME, EE, AE, ENGINEERS

Fed up with a profusion of promises?

If the thought has crossed your mind that there's too much of a good thing going around for engineering students lately, we don't blame you. We are making no exaggerated promises. In fact, we are looking to you and to other engineering students for promise to bring to us. There's a switch!

History's second most significant Noah defines promise as, "Ground for hope, expectation, or assurance, often specific, of eventual success." Since we are dedicated to the proposition of complete success in all our endeavors, —and the less "eventual," the better—we are looking for men of promise.

What's up at Hamilton Standard? In brief, a diversification program that includes design and development of propulsion controls, life support systems, other environmental control systems, electron beam, automatic stabilization systems, propellers, and ground support equipment.

A Hamilton Standard college personnel representative will be on campus soon. He'll be glad to answer your questions, and to take your application for a position if you decide you like what you've learned about us.

SU Press Releases Four Books in Series of Twelve

Syracuse University Press has released the first four books of a planned 12 volume paperback series on the topic of The Economics and Politics of Public Education.

The remaining books in the series, which evolved from a three year research project directed by SU Prof. Jesse Burkhead and financed by the Carnegie Corp. of New York, will be released in February and April.

Dean Stephen K. Bailey of the Maxwell School, two other college professors and an educational consultant are the authors of the first book in the series: "School men and Politics: A Study of State Aid to Education in the Northeast."

Political Effects

This volume deals with the effects of politics on legislative decisions concerning state aid to education in eight northeastern states, and the possible courses of action open to school men in regards to this legislation.

Roscoe C. Martin, professor of political science at SU, wrote the second book, "Government and the Suburban School," which traces the devtlopment of the suburbs and the independent school districts along with the consequences of its fiscal and political autonomy.

The third volume, "National Politics and Federal Aid to Education," by Frank J. Munger of the Hill political science department and Richard F. Fenne Jr., explores fully the bitter controversy over federal aid to education, its issues and legislative history and its prospects for the future.

Education

SU professor of economics Sidney C. Sufrin, wrote the fourth book of the series: "Issues in Federal Aid to Education." His work studies the problem of standards of education rather than the financial issue.

Four more titles will be released in February 1963. They are: "Cost and Quality in Education," "Federal Aid to Science: Two Programs," "State and Local Taxes for Public Education," and "Administering the National Defense Education Act."

The latter two books were written by Hill Professors Burkhead and Sufrin.

The final four volumes, "Aid for Federally Affected Public Schools," "Suburban Power Structures and Public Education," "Social and Economic Factors in Spending for Public Education" and "Education Price and Quantity Indices."

The latter three books were written by Profs. Bloomberg and Sunshine, Miner and Wasserman of SU.

Ex-Times, DO Writer Dies

Leo Egan, respected political reporter for the New York Times and a former Daily Orange Assistant Associate Editor, died Friday at the home of his son in Massapequa.

Egan, 55, covered New York City and New York State public affairs for the Times from 1937 until his death and was considered one of the most reliable and authoritative political writers in the state.

Born in Manhasset, Egan attended Syracuse University for two years. A Daily Orange staff member, he rose to the rank of Assistant Associate Editor before leaving school after his sophomore year.

Egan held several part time jobs during his two years on the Hill, including one in the boiler room of HL.

Egan's last visit to Syracuse was in September when he covered the New York State Democratic Convention for the Times.

Greeks...

(Continued from Page 1)

While such fraternity complexes or a similar Collendale development are some years in the future, Dr. Olson voiced his hope that national Greek officers will aid in planning and leadership for their completion.

"Once the land is purchased," Olson reminded the group, "it must be financed." This is where each fraternity must speak for itself and tell where the financing pinches most."

Olson assured the representatives the university is willing to endorse plans for renovation, with proper means and cause. The proposed plan for relocation would, eventually, "provide for any expansion within the Greeks system and allow fraternity and sorority life to spread throughout the campus," he affirmed.

Panhel...

(Continued from Page 1)

Committee chairmen are: co-chairman, June Balkin (Alpha Xi Delta); programs, Michal Carr (Delta Gamma); invitations, Lee Shultis (Pi Beta Phi) and Linda Tantleff (Iota Alpha Pi); publicity, Bonnie Cochran (Pi Beta Phi) and Lois Fetner (Alpha Epsilon Phi); and chaperones, Margaret Steele (Pi Beta Phi).

In other business, Carol Shire (Alpha Phi), rush chairman, said that 865 freshmen coeds have registered for sorority rushing which begins Feb. 4.

For those coeds who failed to register, rush counselors will be in each living center Sunday at curfew to register them. City and dormitory students who have not registered also can register from 12:30 to 4 p.m. Monday in the Panhel office.

"Monday is the last time for freshmen to register for rush," emphasized Miss Shire. Registration fee is $3.

SU Sponsors Debate Tournament

Syracuse University will sponsor its seventh annual Central New York Trophy Debate Tournament Saturday. The topic will be the proposition, "Resolved: That the Non-Communist Nations of the World Should Establish an Economic Community."

From 15 to 20 area schools will send representatives. All students are welcome to attend.

The schedule for the day will be as follows:

8-8:45 Registration, Maxwell Lobby; 8:45 Meeting, Maxwell Auditorium; 9-10:30 Round I; 10:45-12:15 Round II.

12:30 Lunch, Sadler Hall Dining Hall.

1:45-2:45 Panel or Speaker, Maxwell Auditorium; 3-4:30 Round III; 4:45-6 Round IV.

6-7:30 Dinner, Sadler Hall Dining Hall.

Results will be announced after the dinner, at which the Team Championship and the Best Affirmative and Best Negative Trophies will be awarded.

Frosh Concert Ticket Sale

Discount tickets to the freshman weekend Joey Dee concert Dec. 7 in the Men's Gym are available this week, freshman class Pres. Dennis Green has announced.

The tickets to the concert, featuring Joey Dee and the Starlighters, the "originators of the twist", the Dynamos and the Tears, are available at $1.25 a person to living centers, sororities and fraternities ordering 25 or more tickets. Regular price is $1.50. Information may be obtained from Jonathan Bernstein, ext. 2997.

IFC CHANGED

Inter-Fraternity Council will not meet Wednesday night. The meeting will be held Dec. 5 at Delta Upsilon.

HAVE JOBS, WILL HIRE PART TIME

male students needing extra income. Must have your own transportation. This is an opportunity for you to earn the extra money you need. Call HY 2-1701 Monday thru Friday between 9 a.m. and 5 p.m.

World News

CUBA— President Kennedy will have his first meeting on the Cuban crisis with Russian First Deputy Premier Anastas Mikoyan Thursday. Mikoyan has just completed a 24-day visit in Cuba, conferring with Premier Fidel Castro.

Kennedy discussed the Cuban situation today with United Nations Ambassador Adlai Stevenson.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: Crystal clear skies and bright sunshine will make this the fourth consecutive sunny day on campus.

This unusual central New York phenomenon is being caused indirectly by a violent storm spread across the SE Atlantic. Gales, hurricane winds, and high tides are pounding the shoreline as far north as Delaware and is at the same time blocking the normal west to east progression of weather systems.

FORECAST: Sunny and milder today, 48-52, fair and cold tonight, 25-30.

Conservative Jaquith Appears at YAF Rally Today in Kittredge

David H. Jaquith will speak at a Young Americans for Freedom rally at 4 p.m. today in the Huntington B. Crouse Kittredge Auditorium.

DAVID H. JAQUITH

Jaquith, the Conservative party's candidate for New York state governor in this month's elections, will speak on a "Conservative's Creed."

He is president of Vega Industries, director of the Syracuse Manufacturers' Association and a member of the Syracuse Board of Education.

The president of the SU Young Americans for Freedom, Michael Kogan, will discuss the group's activities in the Conservative movement at the rally.

The public is invited to attend.

Margaret Mead Outlines Community Reorganization

By DANIEL RITEY

"It would be better to retain one of the good aspects of the large city—that of it as a meeting place for ideas and people—in any future plans for community reorganization," Dr. Margaret Mead told an overflow crowd Wednesday evening at Hendricks Chapel.

Speaking to the citizenship 1a sections on "Communities of Choice," the world-reknowned anthropologist noted that "in all past civilizations, there have been large cities which served the purpose of melting pots of the civilizations."

"We in the United States have the opportunity and resources to plan any type of future community that we desire," she went on, "and as we are models for the rest of the world in that respect, we must plan with care."

Dr. Mead listed certain improvements that could come about in our future cities. "We must plan for cities that will have wide spaces, parks and organizations that will eliminate the commuter problem and the lack of personal relationships in big cities," she said.

"Along with this, must come a reducation of the one-class, one - religion, one - personality type of suburbs that exist today," Dr. Mead continued. She

AWS has granted an extension of curfew for all freshmen girls attending the Mead lecture to fifteen minutes after the lecture ended.

DR. MARGARET MEAD

Pfeffer Speaks At Hendricks

Leo Pfeffer, a lawyer and lecturer on religion in the public schools, will speak at a coffee hour at 4 p. m. today in the Colonial Room of Hendricks Chapel.

Pfeffer, who is general counsel of the American Jewish Congress, will speak on "The Relation of Education and Religion in the Public Schools."

He is considered an authority on religious liberty and the relationship of church and state in America. Pfeffer has been counsel in many cases involving the church and state and freedom of religion during the past 15 years.

The public is invited to attend.

John Ellithorp, Trustee, Dies

John S. Elithorp, member of the Syracuse University Board of Trustees and chairman of the SU Research Corp., died Tuesday in his home in Palatine Bridge.

Elected the first president of Beech-Nut Life Savers, Inc., Ellithorp was a 1916 graduate of the university. He served actively on the Board of Trustees and last visited the Hill in May of this year.

Mr. Ellithorp was vice president and director of the Central National Bank of Canajoharie and trustee of Arkell's Hall Foundation, a philanthropic organization in Canajoharie.

A commander in the American Legion post, Mr. Ellithorp was active in the University Club in Winter Park, Fla.; the Antlers Club of Amsterdam; and the Fort Rensselaer Club in Canajoharie.

Surviving are his wife, Mrs. Clara Luther Ellithorp; three daughters; two sisters; and nine grandchildren.

Today

Dr. Leo Johnson of the Bell Telephone Laboratories will speak on "Solid State Optical Masers" at a physics colloquium at 4 p. m. today at 106 Steele Hall.

Greeks Finish Tour; Report Out In A Week

By ADAIR DUFINE
Junior Editor

Dean of Men Earle W. Clifford Tuesday affirmed the need for concentrated Greek interest in relocation on the Hill, motivated by planned university construction as well as individual chapter needs.

Speaking to 30 visiting Greek executive secretaries, Clifford briefed the group's evaluation committee during a tour of the campus Tuesday. In the chartered bus trip the visitors viewed six fraternity houses and two men's residence halls, Dell-Plain and Sadler.

The evalulating committee left the Hill Wednesday afternoon, aftr touring the campus and writing accrediting reports Tuesday evening. These reports will be made available by the dean of men's office early next week.

Dean Clifford outlined the four major relocation plans during the bus tour. "It will be our effort to preserve the individuality of every house on the Hill," he noted.

A proposed site for from five to seven fraternity houses in the 100 block of Walnut place has been reported abandoned by the housing committee. Lacking the space for ample parking and recreational facilities, the dean stated the university is seeking other areas for relocation.

University plans for a new library have given rise to the second need for Greek relocation. The library, stated Clifford, was first planned for the College place block, but now has been moved tentatively, to the Comstock Avenue block

The visitors were driven to the "choice spot" for fraternity and sorority relocation on the Comstock block, near the new Manley Fieldhouse.

This prime location would be planned as a Greek complex, creating a high rise (8 stories), coed dormitory and 21 fraternity-sorority units. Clifford pointed out that the complex would consist of a central heating and kitchen plan, cutting the cost of building and maintenance for the Greeks.

The property, however, the dean stated, must be partially purchased from the Morningside Cemetery board and will be at least two years in the future.

Checking the last site for possible relocation, the tour bus took the secretaries to the Collendale area. Clifford commented that this site would be excellent for expansion and also for recreational facilities, planning a nine hole golf course on the excess land.

Completing the tour, Clifford urged the representatives to raise any questions on the relocation program and honestly evaluate the steps taken by the university.

Fraternity Conference

Fraternity men throughout the U.S. will gather this weekend in Pittsburgh for the National Inter-Fraternity Conference.

Representatives from every college and university will sit in on sessions to evaluate and improve Greek systems in the country.

Syracuse University will be represented by James P. McMurray fraternity administrator, Thomas Rigoli, president of the undergraduate IFC (Phi Delta Theta), Mark Cohen, vice president of the IFC (Sigma Alpha Mu), and Gary Rehm (Acacia).

Irving Harney (Sigma Chi) will atetnd the conference for the Alumni IFC. Dean of Men Earle W. Clifford will moderate a panel on fraternity scholarships as part of the graduate program.

Undergraduate program discussions will be chaired by Mark Cohen, as part of the undergraduate Inter - Fraternity Council.

Rushing housing, pledge training, alumni relations, and fraternity system merits will be some of the topics of discussion by the panel over the weekend period.

Frosh Booklet Sale Today

A limited number of the 2,000 copies of the 'Orange Aid,' freshman directory, will be sold today in the University Bookstore for $1.50 per copy.

Fraternity and sorority orders will be accepted, if accompanied by a check, at Delta Delta Delta sorority, 300 Walnut Pl.

Published by the junior class, the directory contains pictures of all freshmen with their Syracuse and home addresses, their telephone numbers and heights according to Burney Croll, editor.

Profs, Chaplain Hit Search

This is the third of three articles presenting student, administrative and faculty views of the search for stolen articles made in Day Hall just before Thanksgiving vacation.

By SANDI EHRLICH

Three Syracuse professors and a chaplain Wednesday condemned on moral grounds the Nov. 17 search of Day Hall for stolen articles.

Dr. Warner Bloomberg Jr., associate professor of sociology, said, "An unending problem for any university is whether or not what the students learn by precept outside the classroom reinforces or is in tension with the precepts which the faculty convey in the classroom.

"If we are in earnest about maintaining and strengthening in coming generations of American citizens, those commitments of the Western democratic tradition to the dignity of the individual, respect for privacy and maintenance of sometimes frustrating and effciency-reducing restraints on authority, then we have to be concerned not only with the cost of chronic petty thievery, but also with what it costs to catch the thief," he continued.

Real Beliefs

"Though they are intangible, beliefs are as real a part of human behavior as overt actions. I am as concerned about what the students believe to be true of the university, which is affected by the actions in Day Hall, as with the events themselves," Dr. Bloomberg stated.

Dr. Linton C. Freeman, associate professor of sociology and anthropology, commented that if he had been subjected to the room search, "I would personally view this as an arbitrary violation of my traditionally based values."

The Rev. Robert C. Ayers, Episcopal chaplain, also had some outspoken opinions on the matter. "The searching of rooms in Day Hall in the early morning hours of Nov. 17 is distressing and distasteful: distressing because stealing is particularly shocking at college, and distateful because of the methods empolyed in an unsuccessful effort to discover the thief.

Fr. Ayers added, "In moments of stress there is temptation to suspend constitutional guarantees in an effort to eliminate something or someone whom the majority find unacceptable. It is in these moments that the rights of individual members of society are in greatest danger. We may observe in other times and places that totalitarianism is initially efficient. But the efficiency is bought at the price of freedom and dignity.

"The waiver of rights signed by the great majority of residents of Day Hall was obtained under conditions which make free choice difficult. The late hour, when the defenses of the

(See Profs, Page 8)

Day Hall Search: Invasion of Privacy?

While the recent Day Hall search has left a bitter taste in the mouths of many Constitutional adherents, the act itself is neither horrible nor oppressive, if we can base our opinion on the reactions of the persons most intimately involved with the search—the Day Hall residents.

Five girls refused to sign the slip which gave head residents permission to seach each room accompanied by the girls from that room. We know for a fact that no coercion was used to make the girls grant permission for the search. And despite some feelings to the contrary, those who refused the search were not chastized or placed on some administration "black list." Their right to stand on principle was accepted in good faith.

This raises the only real bone of contention in the whole case: What would have been the actions of the university if all the girls, or at least a majority of them, refused to grant the searchers permission to invade their privacy?

Would the Security Police resort to obtaining search warrants? This can only be speculated on at this point because the girls were willing to grant permission without stronger legal action.

Their reason is fairly obvious. Personal possessions, money and plane tickets were being stolen in the dormitory, apparently by a resident or residents of the dorm and so the search might have afforded the university a means to discover the thieves. At the same time the girls would rest easier knowing that the threat of having things stolen would be halted, at least temporarily.

It seems that when the girls were willng to go along with finding out who among them was stealing, and since no coercive action was taken against the girls to make them allow the search, that the talk of invasion of privacy is unwarranted.

True, invasion of privacy is a serious thing and we are violently opposed to forced search as such. But this was far from a forced search under strict police direction.

The formality of the search and its organzation was necessary because of the large number of girls involved in the search. There were perhaps other ways to conduct the search but this was the most efficient and most practical.

The Constitutional adherents mentioned above are completely justified in their feelings and beliefs. However, they are making something of this that it really isn't.

A girl's personal possessions are important to her and an effort to keep them safe is by no means an invasion of privacy.

Ski Time

Despite two premature snow storms, the Syracuse area is currently enjoying beautifully sunny days—a rarity in Central New York this time of year. But, as page six of today's paper will readily show, snow is on the way.

Those of you who are new to the Syracuse winter and who don't like snow and wind and cold temperatures, take heed. You had better get out while the getting is good.

If, on the other hand, you take to snow and especially to skiing, you have nothing but pleasure awaiting you as snow hits the mountains of Central New York.

For information and tips on skiing, become a regular reader of Thursday's ski page starting today and continuing through the winter.

Non-skiers, enjoy ths sunshine while you can. It won't be long now.

"I've got a letter, too — A letter from the dean..."

LETTERS

'Hoot'

To the Editor:

After reading the review about 'Hootenanny,' I had the feeling that its author, S.W., is one of the select few who expect a free show to parallel a Radio City Music Hall spectacular.

It was common knowledge that Sims Hall was to be turned into a TV studio, and that the students were to be a part of the show and therefore subject to ABC's direction. S.W. should be reminded that ABC did not force the tickets for this filming on the student body; the students chose to stand in lines for hours for these tickets.

S.W. should also be reminded that most of the "spontaneous" handclapping originated in the audience. The audience was merely informed at the beginning that this handclapping would be welcomed.

S.W. should also recall that Clara Ward's group was billed as gospel singers, which was exactly what they were. They merely presented their package in more exciting wrappings than is the custom.

And finally, S.W. does not seem to know that 'Hootenanny' is spelled with double "n's".

Tom Muller '66

Day Hall

To the Editor:

A few issues pertaining to the Day Hall search have bothered us to some extent. We could ask, for instance, why the fire gong, usually reserved for events of pressing danger, should be used to summon people to the Main Lounge. We could ask if the use of such mass searchings does not diminish the image of a dormitory as one's "home away from home." We might ask if such actions do not decrease the self-respect of all involved.

We feel, however, that almost every question we ask would be answered by saying that the girls of Day Hall, by signing the permission slips, agreed to the late hour, the personal hardships of staying up all night, and the search of their personal possessions.

We could cite the possibility that many of the girls did not realize they had an alternative, or that they may have been convinced that any alternative would have been equal to an admission of guilt.

However, we will pose the question that, assuming the majority of the girls, by signing the permission slips, did agree to being detained for 3-4 hours, under whose responsibility were the 3 girls detained who did not sign the permission slips? We feel that the rights of these girls may have been encroached upon by this act, which seems to be, at its worst, illegal detention or intimidation, while at its best is a baring of a shallow educational philosophy.

Many say that this 3½ hour detention in one's own pajama lounge is nothing about which to become excited. We do not agree! We believe as Alexis de Tocqueville did, when he said, "I know of only two methods of establishing equality in the political world; rights must be given to every citizen, or none at all to everyone."

In this vein of thought we sincerely affirm that the diminution of anybody's rights decreases the rights of all. We would like assurances that such practices will be curtailed in the future

Tolley

To the Editor:

My stomach has been turned by the attack of I. H. Rosenthal upon Chancellor Tolley.

Mr. Rosenthal's sophomoric attempt to be cute rather than constructive in his criticism was crude and in poor taste.

For his many years of constructing and creating at Syracuse University, I believe history will consider Dr. Tolley one of the great ones.

I am aware that we live in a day when holding anything or anyone sacred is passe, but I would caution the editors of the DO on the wisdom of allowing a glib boy to attack an outstanding academic figure with ridicule and sarcasm.

Kenneth F. Gilchrist '55

Parking

To the Editor:

The perpetual complaints about the shortage of parking space around the campus would be decreased considerably if the car-owners involved would be more careful parkers.

In the Commuter's lot behind the VA Hospital, on the Mount and elsewhere, I see every day parking that would flunk the driving test of any state in the Union. In several instances I have seen a car parked so as to render useless three spaces, and one day on the Mount I counted fourteen cars which used up thirty spaces among them.

It is foolish for me to assume that those inconsiderate enough to do these things will be influenced by a mere letter. But I believe an occasional ticket or tow-away by the Security Police might bring the message home—and give the commuters AND the on-campus car-owners a much needed break.

Culver L. Mowers

Mid East

To the Editor:

It is as much a role of American public opinion to affirm foreign policy changes —when they are thought to be politically prudent—as it is to denounce them when they are thought functionally ineffective. Hence I feel we should recognize the rationality of the recent policy reversal in which the State Department has agreed to sell short-range defensive missiles to Israel.

By this move the United States seeks to offset the buildup of Soviet-bloc weapons in the United Arab Republic, Iraq, and Syria, and thereby to insure the maintenance of the balance of power in the Middle East. Central is the evaluation that this policy change is conditioned by political reality and contributory to our national interest.

Hopefully, then, a balance will soon again be achieved in the Middle East where the peace is but precarious at best.

Warren Stolusky '63

'Lark' Opens Tonight

"The Lark," which opens tonight for a three-day run at the University Regent Theater, utilizes the talents of Syracuse University students and faculty, as well as those of local performers and theater enthusiasts.

The play is a modern and biting dramatization of by Jean Anouilh the story of the maid of Lorraine.

Shirley Ann Fenner is featured in the role of Joan of Arc. She has done drama and speech work, and has taught English in area schools.

Ed Roman will be seen as the Earl of Warwick, the cynical representative of England at Joan's trial. Roman is a drama department graduate student and a local community theater veteran.

Joe Lotito will be Gauchon, the prosecutor torn between his duty and his affection for Joan. Lotito has appeared in more than 50 productions in the Syracuse area.

Joseph Morton of the drama department has designed the set. Axel Kleinsorg, a drama graduate student, appears in the cast and is stage manager for director G.F. Reidenbaugh.

Other university students participating in "The Lark" production are Dave Hamilton, sound technician; Rick Miller, and John Mitchell.

Two Plays at Lively Arts

"The Stronger," a one-act play by August Strindberg will head a double bill presented tonight and Friday night by SU Dramatic Activities at the Lively Arts, 810 E. Genesee St.

Esen Wiegand and Helene Malkin are featured in "The Stronger." Monfred Bormann stars in Anton Chekov's humorous monologue "On the Harmfulness of Tobacco."

"Curtain time" at the coffeehouse is about 8:30 p.m. Reservations may be made by calling GR 8-9255.

City Center 'Rigoletto' Here Thursday

Verdi's opera "Rigoletto" will be presented 8:30 p.m., this Tuesday, Dec. 4, at Loew's Theater by the New York City Center. This is the company's third presentation here in the past four years.

Director Julius Rudel insists on using the entire personnel, including the complete symphony orchestra, for an authentic performance, instead of a reduced orchestra a touring company ordinarily uses.

With staging as at the City Center in New York, "Rigoletto" will be sung in Italian. A synopsis of the opera will appear in Tuesday's DO.

"The Ballad of Baby Doe" was the first City Center opera performed here. Last year "La Boheme" was presented.

The New York State Council of the Arts and the Famous Artists Series will sponsor "Rigoletto." The Syracuse Symphony will share in the opera's proceeds, using any income from the performance toward the presentation of another opera.

Chamber Music Concert

Alice G. McNaught, pianist, and Donald S. Sutherland, organist will present a program of ensemble music for piano and organ 4 p.m. Sunday in Crouse College auditorium.

The program will open with the Toccata Festiva by Samuel Barber. Variations on Two Themes for Piano and Organ by Marcel Dupre will follow. Earl George's Burlesca and Daniel Pinkham's concertante No. 3 will also be performed.

Mrs. George will conduct and percussion players will join the soloists for the Pinkham work. The final piece on the program will be Concerto for organ and piano by Flor Peeters.

Miss McNaught is former president of music honorary Sigma Alpha Iota alumnae chapter. She has taught at Illinois Wesleyan, Oswego State and LeMoyne colleges. She is currently teaching piano at the School of Music.

Sutherland is organist and choirmaster in the First Universalist Church. A candidate for the master's degree in organ, he is a graduate assistant, teaching theory and organ on the Hill.

As always, the Crouse Concert features free admission and campus parking.

ONE NIGHT STAND

Enjoying the 'Hoot'

By RICHARD KELLMAN

Mr. Kellman is a graduate student in the television and radio department.

Concerning the 'Hootenanny' review in Tuesday's DO, I have one question: "for what purpose was it written?" If events such as the "Hootenanny at Syracuse" taping session warrant critical coverage then perhaps a drama critic should make a point of reviewing "The Price is Right" while seated in the studio audience.

Certainly the American Broadcasting Company did not intend to present the show solely for the benefit of the live audience. What was done on the improvised stage in Sims Hall was for the express purpose of producing a television show to be seen by millions of viewers across the nation.

SW apparently failed to consider that it was ABC who procured the talent, spent the money to prepare the show, and made available free tickets.

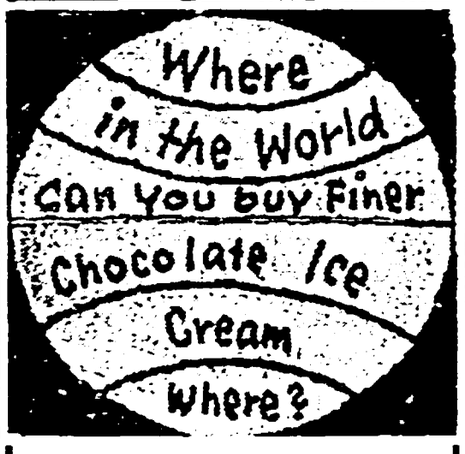
In return, the network expected the audience to tolerate any inconvenience resulting from the demands of the broadcast operation and to co-operate with the production team dring the taping.

I think this is a fair bargain.

If students who came away from the show disappointed feel they must place blame somewhere, maybe it should be on those who publicized the "hootenanny" as a kind of legitimate stage show which would be telecast only incidently.

But many attended the taping realizing this was first of all a tv program. These students had a far better chance of enjoying the show than those who were credulous enough to believe that a network would spend money and manpower to entertain a group of college students without charge.

The students who attended were "robbed" of nothing, no more than Jack Paar's Mrs. Miller was "robbed."



As for SW's charge that the audience was ". . . used as a tool of the television industry, "I cannot believe that Syracuse University will not benefit from such national television exposure.

As SW watches the finished program along with millions of other viewers, if he still feels he was "robbed" and "used" by the tv industry because the performance he saw in Sims looked nothing like the polished program he's watching on his screen, he should ask himself the old question, "So what do you expect for nothing?"

Syracuse Opponents Listed In National Statistic Ratings

By VIN ZUKOWSKI

If statistics were an adequate measure of performance, the top seven eastern independents would not rate high nationally.

Syracuse University lost its ranking in pass defense but did set a single game record. The Orange defense set George Washington back 57 yards rushing to take the team record for fewest rushing yards allowed.

Boston College, Pitt, Holy Cross, and Navy also failed to rank in any team departments. Army, however, placed tenth in total defense. Nine games show Army relinquishing only 193.0 yards per game.

The Penn State offense placed 12th in total offense. Led by quarterback Liske, State gained 3,446 yards for an average of 344.6 yards per game. Liske's throwing arm accounted for 1657 yards of this.

However, Syracuse's first opponent in 1962, Oklahoma, ranked high in four team departments. In rushing offense, Oklahoma averaged 244.0 yards a game. This is ninth in the nation.

Forward pass defense statistics show Oklahoma in fourth place. Conceding only 66.4 yards per game, the pass defense allowed only 15 of 49 to be completed.

Aided by Don Looney's punting, the Sooners are ranked fifth in punting. Punting 48 times, Okie kickers have averaged 40.6 yards from scrimmage.

Finally, Oklahoma is second in defense against scoring. Opponents have scored 38 points against the Oklahoma defense in nine games for a 4.2 average. Only LSU ranks ahead of Oklahoma.

In individual statistics only six Syracuse opponents gained ratings. Four of those rating formed two passing combinations.

Holy Cross quarterback McCarthy is sixth in total offense, and his receiving end Snyder is 11th in pass receiving. Boston College quarterback Concannon is tenth in total offense, and his receiving end Graham is 15th in pass receiving.

McCarthy is also number eight in scoring. In nine games, he has scored 78 points with 12 touchdowns and 6 PAT's.

The punting department rounds out the individual leaders. Oklahoma's Don Looney is leading the nation with a 43.8 average, and Penn State's Raisig is number four with a 41.1 average.

In Mexico, 130,000 CARE Food Crusade packages are needed for a year-long milk program for 250,000 young children. Each $1 package sent through CARE, New York 16, N.Y., contains enough milk powder to make 108 quarts.

Basketball Games Aired On Campus Radio Station

A one-night special program 'S.U. Basketball 1962" will be broadcast Saturday evening at 8:00 p.m. on campus radio station WAER.

The show will feature a discussion between varsity coach Fred Lewis, freshman coach Morris Osburn, SPD Val Pinchbeck and WAER sports director Barry Lewis. The group will discuss team prospects, the players and schedule.

The program will be followed by a live broadcast of the Syracuse-Kent State game from Manley Fieldhouse. The game is the first of the season for the Orange Hoopsters under new coach Fred Lewis.

Four additional games are scheduled to be covered this season by WAER.

ME, EE, AE, ENGINEERS

Fed up with a profusion of promises?

If the thought has crossed your mind that there's too much of a good thing going around for engineering students lately, we don't blame you. We are making no exaggerated promises. In fact, we are looking to you and to other engineering students for promise to bring to us. There's a switch!

History's second most significant Noah defines promise as, "Ground for hope, expectation, or assurance, often specific, of eventual success." Since we are dedicated to the proposition of complete success in all our endeavors, —and the less "eventual," the better—we are looking for men of promise.

What's up at Hamilton Standard? In brief, a diversification program that includes design and development of propulsion controls, life support systems, other environmental control systems, electron beam, automatic stabilization systems, propellers, and ground support equipment.

A Hamilton Standard college personnel representative will be on campus soon. He'll be glad to answer your questions, and to take your application for a position if you decide you like what you've learned about us.

THE DATE: December 5, 1962

Hamilton Standard DIVISION OF UNITED AIRCRAFT CORPORATION

Football Coaches Name Selections

Ten seniors and a lone junior comprise the 1962 All-America team selected by the American Football Coaches Association.

The Far West dominated the balloting once again as they placed eleven men on the three teams selected. The South placed four on the starting squad while the Midwest placed three more.

The team, which originated 73 years ago with Walter Camp's selections, is currently sponsored by Eastman Kodak Company.

The first team is composed as follows:

Ends: Pat Richter, University of Wisconsin; Hal Bedsole, University of Southern California.

Tackles: Steve Barnett, University of Oregon; Bobby Bell, University of Minnesota.

Guards: Johnny Treadwell, University of Texas; Rufus Guthrie, Georgia Tech.

Center: Lee Roy Jordan, University of Alabama.

Quarterback: Terry Baker, Oregon State University.

Halfbacks: Jerry Stovall, Louisiana State University; Roger Kochman, Penn State University.

Fullback: George Saimes, Michigan State University.

The voting was especially close for the first team quarterback spot with Baker turning back strong challenges from Miami's George Mira and Northwestern's Tommy Myers. Washington's Hugh Campbell also gave USC's Bedsole a close race in the balloting.

The second team selected by the coaches of more than 250 colleges is as follows:

Ends: Hugh Campbell, Washington State; Dave Robinson, Penn State.

Tackles: Jim Dunaway, Mississippi; Bob Vogel, Ohio State.

Guards: Ray Mansfield, Washington; Jack Cvercko, Northwestern.

Center: Dave Behrman, Michigan State.

Quarterback: George Mira, Miami.

Halfbacks: Mel Renfro, Oregon; Kermit Alexander, UCLA.

Fullback: Bill Thornton, Nebraska.

The third team includes:

Ends: Vern Burke, Oregon State; Tom Hutchinson, Kentucky.

Tackles: Fred Miller, Louisiana State; Scott Appleton, Texas.

Guards: Don Brumm, Purdue; Tom Hertz, Missouri.

Quarterback: Tom Myers, Northwestern.

Halfbacks: Eldon Fortie, Brigham Young; Billy Gambrell, South Carolina.

Fullback: Ed Cummins, Stanford.

A-V Head Gets NEA Appointment

Director of Syracuse University's Audio-Visual Center has been appointed to the Technological Development Project of the National Education Association.

Dr. Donald P. Ely will be responsible for the Washington office of the project and will be an investigator for projects on the east coast.

Braves Host IHL Club Tonight at War Memorial

The Syracuse Braves take on the International League leading Omaha Knights at the War Memorial tonight with the face-off at 8:00 p.m.

It will be the fourth game the Braves have played against International League teams. The Syracuse club is in last place in the Eastern Pro Hockey League.

Three of the Braves next four games are at the War Memorial ice.

Manager-Coach Gus Kyle is anticipating further scoring punch with the acquisition of "Boom - Boom" Caron from Charlotte, North Carolina. Caron, a right winger, was in the Maritime League lasf year where he scored 76 goals in 48 games.

The Braves have their first home Saturday night at the War Memorial when they host Sudbury at 8:00 p.m.

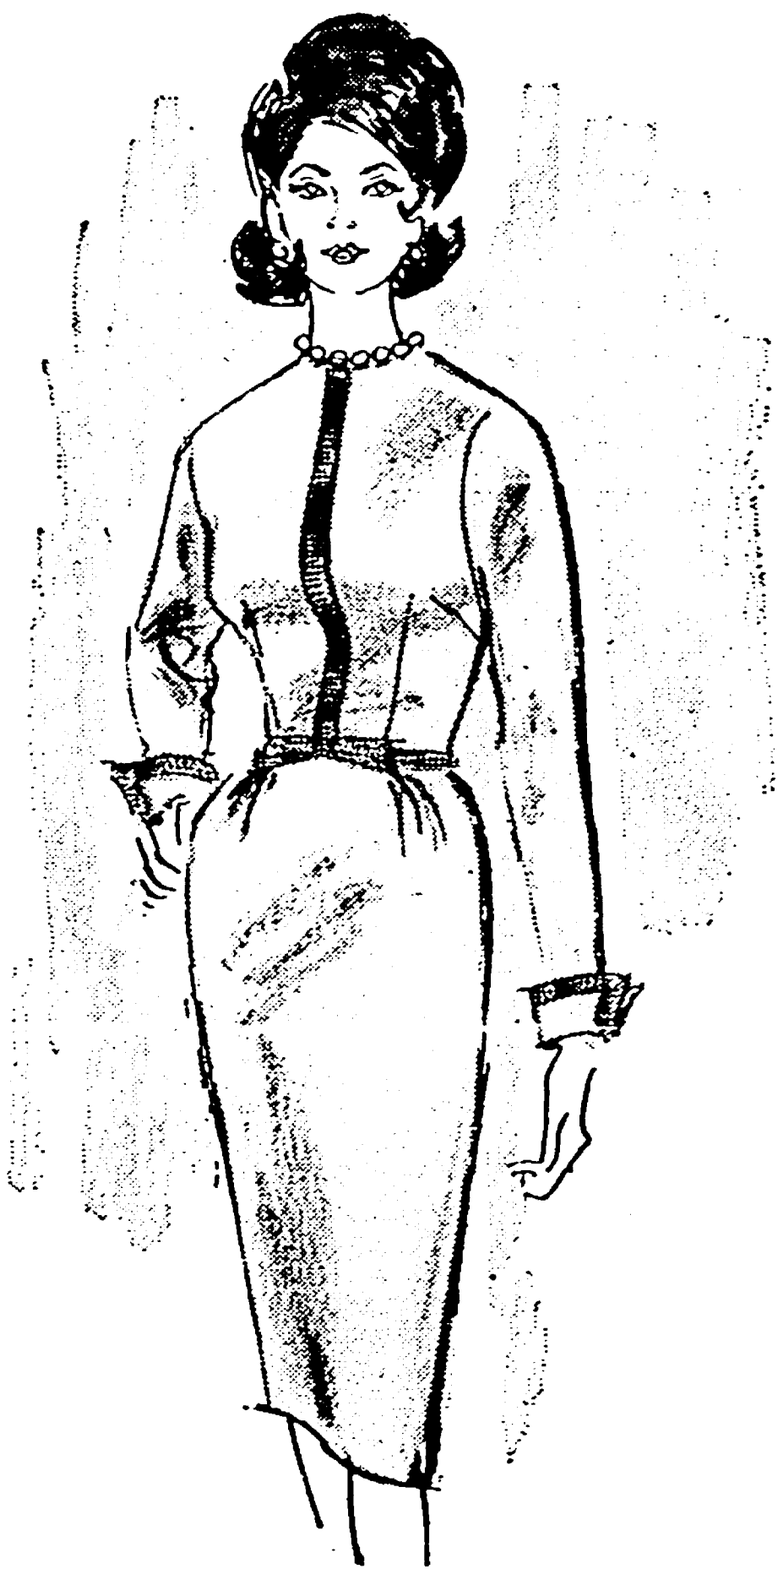
If you have trouble saying it...

Say it with a Parker

If you're a little shy and have difficulty saying "I love you" or even "I like you *very* much"—say it with a Parker.

The new Parker Arrow makes a beautifully expressive gift and looks as if you paid a small fortune for it. It only costs $3.95, however, which should leave you with enough date money for an impressive presentation ceremony in romantic surroundings such as the second booth from the back in your local drugstore.



The new Parker Arrow comes in black, dark blue, light blue, light gray, and bright red, with a choice of four instantly replaceable solid 14K gold points. Gift-boxed with five free cartridges.

P.S. To girls: a Parker Arrow—besides being a very romantic gift—comes in one size (the right one), should last at least ten times longer than a scarf or a tie, and should bring in a harvest of correspondence you'll cherish the rest of your life.

PARKER *Maker of the world's most wanted pens*

SKI-FARING

with JON WEISBERG

Well skiers, it's about that time of year again when the crisp air bites at your face and you look hopefully to the west, expecting the snow clouds to be there. There may be no snow clouds, but George Glover at SONG MOUNTAIN informed us that his artificial snow making equipment is operating this week. And if the air remains cold enough, we may be skiing on part of the mountain. If you call NX 6-2971, you'll get a complete snow condition report and an invitation to visit the rustic Lift Room on Saturday for dinner and other things we aren't allowed to mention in print. Your host, Charlie Schaeffer will be glad to accommodate you in any way he can.

If you don't have your equipment for the season yet, there are some excellent ski shops worth visiting. Jim Williamson at the TYROL HOUSE will be glad to accommodate you in your ski needs. There is a fine selection of ski equipment and leisure sportswear at this new shop on Genesee St. Their ski department is under the auspices of Steve White and Jack Woodruff, both instructors at Sky-Top last year. Jack is also the head of the DRUMLINS SKI SCHOOL, which seems to have an excellent and economical program for this season.

Frank Henworth and Fred Grunert have opened the new DEWITT SPORTS store. Both Fred and Frank raced for the Syracuse ski team from 1956 to 1960. The selection of ski equipment to be found there caters to everyone from beginner to expert. They also have a branch store at the Mystic Mountain Ski Area in Cazenovia.

A little bit out of town, but right near most of the local areas, Curley Bertrand has started BERTRAND'S SKI SHOP in Tully. Curley deals mostly in ski "hardware" (skis, polls, boots etc.). His shop features the convenience of leaving equipment to be repaired, so that the customer can pick it up when he goes skiing again.

Dr. Hickey, part owner of TOGGENBURG SKI CENTER, told us that he added some improvements for this season. Suffering from a disease called "No Snow" last year, the owners decided to install artificial snow making machinery to cover part of the area. He also said that they expect to start operations in a few weeks.

SKI HEIL!

Germain Named To State Council

Evroul S. Germain, associate professor of accounting in the College of Business Administration, was recently appointed to the Council on Accountacy of the State of New York for a period of three years by the New York State Board of Regents.

The council, a seven member group, advises the Commissioner for Professional Education and the Board of Regents on matters relating to the practice of public accounting.

RUSSIAN CLUB, 7:30 p.m. Tuesday, Chapel House. Russian film, election of officers.

STUDENT GOVERNMENT make - up test 2 p.m. Sunday, student government office.

Military Ball Coffee Today

The first of three preliminary elimination coffees for the selection of the Military Ball Queen will be held today in the Alumnae Lounge of the Women's Building. Each coed has to attend only one coffee, and she will be escorted to the particular coffee by one of the members of the military honoraries on campus. Selection will be based on poise, personality, and appearance.

Twenty girls will be selected to appear at the semi-final coffee Dec. 18. From these twenty, seven finalists will be selected. The corps of Cadets will select their Queen from these seven girls.

The Ball will be held March 8, 1963 in the Grand Ballroom and East Room of the Hotel Syracuse from 9 p.m. until 1 a.m. Music will be provided by Lionel Hampton and his fourteen-piece orchestra.

In 22 of the 32 countries whose needy get U.S. farm foods through CARE, local governments are helping by paying all or part of the delivery costs. Americans give funds for the rest, by contributing to CARE's Food Crusade.

Trumpet Missing

A Conn trumpet and carrying case, valued at $150, was missing from a locker at Crouse College Wednesday.

Karen Hickok of 411 West Lafayette Ave. told Security Police the instrument was missing at 10:50 a.m. when she went to her locker. Miss Hickok said the trumpet belonged to a friend.

SIA Sale Next Week

Syracuse-in-Asia will present its annual Christmas sale all next week from 9 a.m. to 5 p.m. in the Hendricks Chapel lounge.

The gifts are unusual imports from various Asian countries including Taiwan, the Phillipines, Hong Kong, India, Japan and Thailand.

Among items on sale will be carved wooden animals, Chinese paintings, straw beach hats, silk brocade bags and jewelry boxes. Bone spoons, lacquer trays, kimonos and wind chimes also will be offered.

Syracuse-in-Asia, through the annual Christmas sale returns, finances an SU graduate teacher for two years in an Asian university. Nannette L. Williams, teaching at Tunghai University in Taiwan, is now being sponsored by the group.

Dr. Gordon Hoople, chairman of the SU Board of Trustees and a founder of Syracuse-in-Asia, will be among Hill officials at the formal opening Monday morning. Also participating in the ceremony will be several SIA representatives who have served abroad in past years.

Syracuse-in-Asia, now in its fortieth year, works to improve relations between the United States and Asian countries. Its Christmas sale is one of the highlights of the Syracuse University Christmas season.

Profs...

(Continued from Page 1)

...sonality are lowered; the tensions created in the group by the thefts; the fear that lack of "cooperation" might go in...'s permanent dossier; even the simple desire to be allowed to return to bed; all militate against calm considered choice," the chaplain asserted.

Dr. Michael O. Sawyer, director of the Maxwell School citizenship department and a School associate professor, also expressed his opinion on the search.

"I am convinced that there was no invasion of legal rights. I am sure that those who instituted the search had the best of motives."

Dr. Sawyer added, "However, I thing the search was a mistake. A mass search is a drastic remedy, and privacy is a very important thing. I would not favor a mass search unless there was a grave and immediate danger as for example, a bomb scare. I am convinced there are no real 'bombs' in Day Hall."

Mead...

(Continued from Page 1)

advocated broader relations with all types of people regardless of race, religion, origin or economic status.

"Youth must live compatibly with elderly folk, because it is youth that keeps older people aware of the great changes in our world," she added. "We must also introduce a human element into our planning," she went on, "and not just plan mechanically without regard for human values."

Dr. Mead enumerated some of the citiy's advantages while, at the same time, she warned the audience of some of the pitfalls that our society is rushing towards.

"The city provides people with a sense of anonymity which is desired at some point by all," she said. "As a melting pot of all types of people, it affords one the chance to rediscover oneself and make a new start on life."

"With our great riches in resources and capitol," she continued," the situation has arisen where many families are content to remain where they are and confine their world to their immediate area"

World News

Soviet Deputy Premier Mikoyan will confer with U.S. President Kennedy today to "tie up the loose ends in the Cuban crisis." Mikoyan met Wednesday with ranking U.S. delegates to the U.N. Discussed: Cuba and the forthcoming elections for a permanent U.N. secretary-general.

Foreign Ministers of the Western "Big 4" will meet in Paris on Dec. 12 as a prelude to the nine-member NATO talks. The "Big 4" nations include the U.S., Great Britian, France and Western Germany.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: This prolonged spell of mild sunny days and clear cool nights should continue through tomorrow.

A strong high pressure area remains stalled over our area while an area of cloudiness and showers in the midwest drifts slowly eastward. However, this precipitation will be slow in reaching us and this present spell of "Indian Summer" should continue for a couple of days.

FORECAST: Continued sunny and mild today, although some smoke and haze will again pollute the air this morning; High 54-58. Light variable winds.

AAUW Head Speaks

Dr. Pauline Tompkins, general director of the American Assn. of University Women, will speak on "Continuing Education for Women" at 10:30 a.m. and 3:30 p.m. today in the Women's Building Alumnae Lounge. The dean of women's office is sponsoring her appearance.

A historian and political scientist, Dr. Tompkins is a specialist in Russian and Asian studies. She has traveled widely in the Far East and taught at Taunghai University in Taiwan.

She is. in charge of the AAUW's extensive adult education program.

She was dean of women from 1952 until 1957 and an associate professor of government at Colby College and assumed her position with the AAUW three years ago.

She has received two Carnegie grants for overseas trips and holds a pair of honorary degrees. She wrote "American-Russian Relations in the Far East," edited "Current Readings on International Relations" and produced many articles for scholarly journals.

IFC Announces Frosh Open House, Dinners

By ADAIR DUFINE

Freshmen will be able to get an inside look at the Hill fraternity system during the next two weeks. The Inter-fraternity Council's rushing committee, has planned two exchange dinners and three open houses.

Open House will be held from 7 to 9:30 p.m. Monday at Alpha Chi Rho, Delta Kappa Epsilon, Delta Tau Delta, Kappa Sigma, Phi Epsilon, Pi, Phi Kappa Psi, Tau Kappa Epsilon, Theta Chi, Tau Epsilon Pi and Zeta Beta Tau.

Other open houses are set for Dec. 3 and 17, with fraternities to be announced. The open houses will be restricted to active brothers and pledges and are to be held in the main living and dining areas.

Ten houses will be open on each of the dates, allowing freshmen ample time to see each house.

IFC Representatives will be present at each house and no written record may be kept of the visits.

The rushing committee has denied the use of entertainment or refreshments at the activity. The open houses are stag affairs; no coeds will be allowed in the houses.

Announcing the exchange dinners, Co-Rush Chairman Jon Eberenz (Kappa Sigma) affirmed the dates of Dec. 12 and 13, from 5-6:30 p.m. Half of the registered freshmen will participate in each of two dinners from 5 to 6:30 p.m. Dec. 12 and 13.

Set rules have been given by the rushing committee. They require all dinners to be buffets with a standard menu to be announced. Restricted to active brothers and pledges, each house will be permitted to have approximately one - third of its membership present. The rest of the house will rotate among other fraternities.

Eberenz said dinners must be within the main living and dining areas, with no entertainment, movies, etc. A representative from IFC will be present at all dinners.

IFC officials will have the right to enter all houses and remain to watch the dinners. No written record of visiting freshmen may be kept under any circumstances, Eberenz said.

The program, instituted this year, is an effort by IFC to acquaint the freshmen with the Greek system before the intial rush period, said Eberenz.

Government Isn't Santa Claus, Declares Conservative Jaquith

By ANN CUTLER

"It is tough to be against Santa Claus, but it's time people realized that government spending is not free," commented David H. Jaquith, recent New York gubernatorial candidate, Thursday in Kittredge Auditorium, Huntington B. Crouse Hall.

"People may derive many benefits from government spending but they are paying more than money for what they receive," Jaquith said.

"High taxes not only deplete the individual's pocketbook, they remove his initiative to work and work hard."

To illustrate this point, Jaquith, who is president of Vega Industries in Syracuse, commented that many of the men working for his company no longer wish to work overtime since more than 25 percent of what they earn will go to the government.

Taxes

In terms of money, the average wage earner today must work from Jan. 1 to April 14 just to pay one years local, state and federal taxes. Thus, commented Jaquith, the wage earner is working for the government nearly four months out of 12 rather than for himself.

The results of this much taxation are already showing up strongly in the much-talked about slow down in American growth, said Jaquith.

"History has proved,," he said, "that any society which takes more than 25 percent of a man's earnings in taxes soon disintegrates."

It is a well-known fact that the American system of capitalist democracy has brought to its citizens the highest standard of living ever known to the world, Jaquith said.

"It seems insane to me" he said, "to sacrifice this system for such things as supporting our post office deficit, farm supports and similar projects."

Enterprise

Free enterprise could take care of both these problems, Jaquith said; the laws of supply and demand would be just as effective in stopping overproduction on the farms as any government controls.

As for the Post Office, he continued, private enterprise could do much better job. "Look at the telephone companies," One of the major problems of business today is the vagaries of the U.S. mail service, he stated.

One of the Liberal party's arguments for increased government growth and spending is that people, left to themselves, will spend their money on such fripparies as lipstick and cigarettes, while government's always spend money wisely, he said.

"I am not convinced" said Jaquith," that pouring money into inefficient organizations such as the Post Office is a wiser way to spend money."

Hard Time

Conservatives today have a hard time, he commented. They have been tagged as against everything except regression to 1900.

But this is not true, Jaquith said. Conservatives recognize the need for a certain amount of government and government spending.

"We do wish to regress to 1900," Jaquith continued. "We want to continue the progress which has been made since then, but this can only be done by restoring free initiative to the individual."

What government there must be, he said, should be kept as close to home as possible. Local government is preferable to state government, just as the state is better than federal government.

(Continued on Page 5)

DAVID H. JAQUITH, left, and MICHAEL KOGAN, Young Americans for Freedom President

Frosh Booklet Tries Again

A last-minute delay and an error in interpretation both contributed to the absence of the freshman directory from sale Thursday. A junior class spokesman said that the class had hoped to have the booklet out Thursday, but were not completely sure that they could do so.

The booklet will be on sale in the bookstore today for $1.50, and will be sold in dining halls possibly today and definitely next week.

The bookstore was not at fault for the absence of the directory, he stressed.

The booklet, "Orange Aid," contains 76 pages, and is printed on 8½ by 11 inch paper. It contains pictures, home and Syracuse addresses, heights and telephone numbers of over 2200 Syracuse freshmen.

SU Debaters Sponsor Meet On Saturday

The Syracuse University Debate team will host its Seventh Annual Inter-Collegiate Debate Saturday. Teams will compete in Maxwell, Steel and Huntington B. Crouse Halls and the Hall of Languages.

Colleges and universities participating will include Oswego, Niagara, Brockport, Buffalo, Colgate, Sienna, Rochester, Cornell, LeMoyne, Union and the College of Forestry at Syracuse.

Debate topic will be: Resolved —that the non-Communist nations of the world should estab-

(See Debate, Page 12)

Panhellenic Ball Tonight; 400 Couples Attend

About 400 couples will fill the ballroom of the Hotel Syracuse from 9 p.m. to 1 a.m. for the second Panhellenic Charity Ball, Melinda Tantleff (Iota Alpha Pi), ticket chairman has reported.

Tickets will be available at the door.

Profits from the ball will go to Youth Opportunities Unlimited, Panhel's social service project this year. The purpose of this organization is to acquaint underprivileged children with hte various vocational opportunities open to them.

Story of the Gifford Foundation

GIFTS to the university come from many sources: individuals, corporations, estates, trust funds and foundations. Following is a report on a generous Hill giver: the Gifford Foundation.

By BEVERLY LURIA
Junior Editor

Four grants totaling $346,000 to date have been given Syracuse University by the Rosamond Gifford Charitable Corporation.

Irving G. Berman, executive director of the corporation, told the Daily Orange that in 1956, the foundation gave SU $143,000 to aid the university in establishing a four-year School of Social Work program.

Two additional grants have been given the School of Social Work by the foundation, Berman said. Also, in November, 1960, the foundation gave SU $100,000 for the Gifford auditorium in Huntington B. Crouse Hall.

Created through the will of Rosamond Gifford who died in 1953, the foundation, run by six trustees, was incorporated in 1954 and began business operations July, 1955.

Purpose

In her will Miss Gifford directed that "the resources of her estate be used for charitable, educational, religious, scientific and benevolent purposes," Berman explained.

"We are only allowed to use the income on Miss Gifford's estate," Berman said.

He noted that the original estate amounted to over $5,000,000 which has been increased to over $7,000,000 "through prudent and cautious investment by the trustees."

All foundation grants are made in Syracuse or Onondaga County except for projects in which Miss Gifford or her father, William H. Gifford were interested, Berman said.

56 Grants

Explaining that 56 grants totaling $2,200,000 have been made since the foundation was established, Berman said that only one has been for a project outside of Onondaga County.

$50,000 was given Colgate University, Gifford's alma mater, by the foundation for the construction of a library.

A non-profit organization, the foundation can only make grants to tax-exempt institutions, Berman said. He added, "Our foundation is not only to make grants to existing groups, but to find needs in the community" that should be met.

Some of the foundation's grants have been given to hospitals, Le Moyne College, secondary schools, health and welfare agencies and the Syracuse Symphony Orchestra, Berman stated.

Another purpose of the corporation, Berman noted, is to operate the Rosamond Gifford Community Scholarship Fund.

This fund provides five scholarships annually for students graduating from Syracuse and Onondaga County high schools. These scholarships may be used by students for the college of their choice, Berman added.

"Only those students who couldn't possibly go to college without aid" are given scholarships, he said.

At present eight students are attending SU on Gifford scholarships. They are Joyce D. Cohen, Thomas M. Cooper, Grace L. Harris, Alice D. Harrison, Carolyn Kurgan, Carol A. Reeves, Andrew J. Rurka and Victoria Tashjian.

We're sure most Syracusans would like to see the Orangemen do a little surprising of their own.

Syracuse Basketball

"There's nothing like a spirited crowd to make the old adrenalin flow. There is no home court advantage without a spirited crowd."

Fred Lewis, Syracuse Basketball Coach

The new look is being stressed in Syracuse basketball this year, as the stories on the sports pages of today's Daily Orange will attest. The details of this year's basketball opener with Kent State can be found there also.

Here, we would like to talk about another new look that would greatly help the Syracuse cause—a large turnout of loyal fans. This commodity was sorely lacking last year in the midst of a morale-breaking losing season. But even in better seasons of years past, the War Memorial remained relatively empty.

Now we have the fieldhouse and it is hoped that students will find easier access to it.

And we have the aforementioned "new look." Right now the hopes of Syracuse fans are revolving around the new coach Fred Lewis, a likeable guy from New York with a southern accent he picked up while coaching at Mississippi Southern.

Of course, it would be unfair to Lewis to put all the pressure on him. He won't perform any miracles this year. The fans must remember this and stick with the team. Just a quick look at the frosh of Morris Osburn show that good things are not too far away.

And good things could happen this year—if hard work and devotion win games. Because this is a team that will hustle and work. They'll make mistakes but we feel that with their desire they'll win some of the close wons that might have been losses.

Last year when Lewis was on campus for the first time as coach, he said, "I would like to personally endorse the support of fraternities, sororities, cheerleaders and students. And how about the band? Can we get them out to games?"

We don't know if the band will be there but we are told some musical group will perform. And the student body, we trust, will give the new caoch a great welcome for the coming season.

There are only going to be 2,000 seats set up at the fieldhouse. We'd like nothing better that to see them filled and overflowing tomorrow night.

If any of the cynical among you is looking for a note of optimism to close on, we can accomodate you. In his first group meeting with the press last spring Lewis had this to say about his team, and himself:

"I think it's a tribute to these kids that they went on the road after such a tough season and were still able to get up for the games and win them. (ED. NOTE: The Syracuse team, under Marc Guley lost its first 22 games of the season before scoring upset wins over Connecticut and Boston College to close the season with two wins.) Any team that can do that must have something."

And about Fred Lewis: "I'm an easy man to get along with, and a lot of success is built on friendship."

AMIDST THE CLAMOR

A Positive Stand

By Win Whittaker

Do you enjoy having students who have been caught stealing as classmates?

During the recent Day Hall episode, Syracuse University officials found themselves in a conflict between two rights afforded persons living in a democracy. The first right maintains personal property is a private matter only to be trespassed upon for the public good. The second privilege offers individuals in a free society protection against lawbreakers.

Apparently Day Hall has thieves that desperately need to be caught. But, the Day residents are individuals accorded the basic rights of democratic peoples. Which contravailing principle should hold for the Day Hallers? Should the boudoir-snatchers be caught by search-and-seizure? Or should the crooks go free because the sanctity of the individual must be upheld at all costs?

Obviously many Day Hall girls have decided. You, as separate entities, must make up your own mind. But, no matter which answer you rationalize as best, the university is greatly to blame for the predicament it has found itself.

While reading about the massive room search one might wonder what would happen if the guilty parties were caught. On the front page of the DO ominous consequences for the thieves are intimated. But, leafing back to page 7 we read, "Joint Student Court has placed on disciplinary probation a Hill junior who stole a jacket from the University Bookstore." Most robbers go to jail—this particular person only has to apologize to the Director of the Bookstore.

Security Police Director Robert D. Flaherty said the search would have a "good psychological effect if it deters further thefts." Is an apology versus the gain through thefts equally balanced? Will this deter potential crooks?

The time has come for the university to quit pussyfooting around with criminals. But, the amazing thing is students do not cry out for the university and/or the Student Court to rid the campus of the known thieves.

We allow already-caught students to remain in school. They may have been cured of stealing, but they may not have been. Why take the chance?

The university has the obligation to protect honest, law-abiding students. It is not doing this by being "soft" on those caught "permanently borrowing others property." At a minimum these students should become ex-SUers.

Shirking responsibility on the university's part is as much to blame for what is going on in Day Hall as any thing else. At Syracuse the fear of being caught presents no devastating outcome. Embarrassment and a minor handslapping may come about —but so far, nothing else.

Because something needs to be done about the entire situation, at the next Joint Student Legislature meeting a bill in the form of a resolution will be proposed. The four articles will read:

1) Any Syracuse University student caught stealing from another student, any merchant in the University area, or the University shall be dismissed from the university.

2) Any student stealing cumulative items worth less than $10.00 may be considered for readmission after one full semester's expulsion.

3) If the items stolen come to more than $10.00, the expulsion shall be permanent unless the expelled person can show reasons why he should be readmitted after one year's absence.

4) Any second offense will be turned over to the local police department for prosecution.

These provisions may appear harsh; but considering the effect stealing has one the entire student body, the bill's provisions are quite lenient. If SU genuinely worries about its national image via TV, it should also worry about its image as a protector of individual's property and rights.

Syracuse University can take a big step forward in eliminating thievery in one of two ways: 1) rid the school of thieves; 2) make the consequences of stealing so great no one would dare steal. Both solutions are adequately met in the proposed bill.

If the administration and the Student Court cannot or do not find ways of eliminating thievery, then the students must. But, it is up to you to encourage your JSL representative to take a positive stand against softness toward thievery.

LETTERS

More 'Hoot'

To the Editor:

Finally in Tuesday's Daily Orange a review of the Hootenanny appeared. I found this review completely unsatisfactory, and I am sure many students will agree with me.

This special television performance (sic) was given extensive publicity before the show and the competition among students for tickets was keen. And then a mere two column article was devoted to the result.

It was quite noticeable the "The Gadfly" consumed three large columns to discuss "Bye Bye Bertie," which is relative (sic) irrelevant to Syracuse University.

It gives the appearance that the editors sence (sic) of proportionality is way out of line. The "Hoot" would have been an excellent activity for the Daily Orange to have extensive coverage of because of the intense student interest and enthusiasm. It is unfortunate it didn't make the best of the opportunity.

Sherry Martin '66

Hughes

To the Editor:

I am sure the campus was delighted with Terry Hughes' exposee on female flaws. And how delightful it is to know that females fit into such neat and compact categories. What is even more exciting is that almost every co-ed on campus can fit herself in one of YOUR categories. It certainly gives such an inner feeling of security to know where THE Terry Lee Hughes would place us on his "dislike" list.

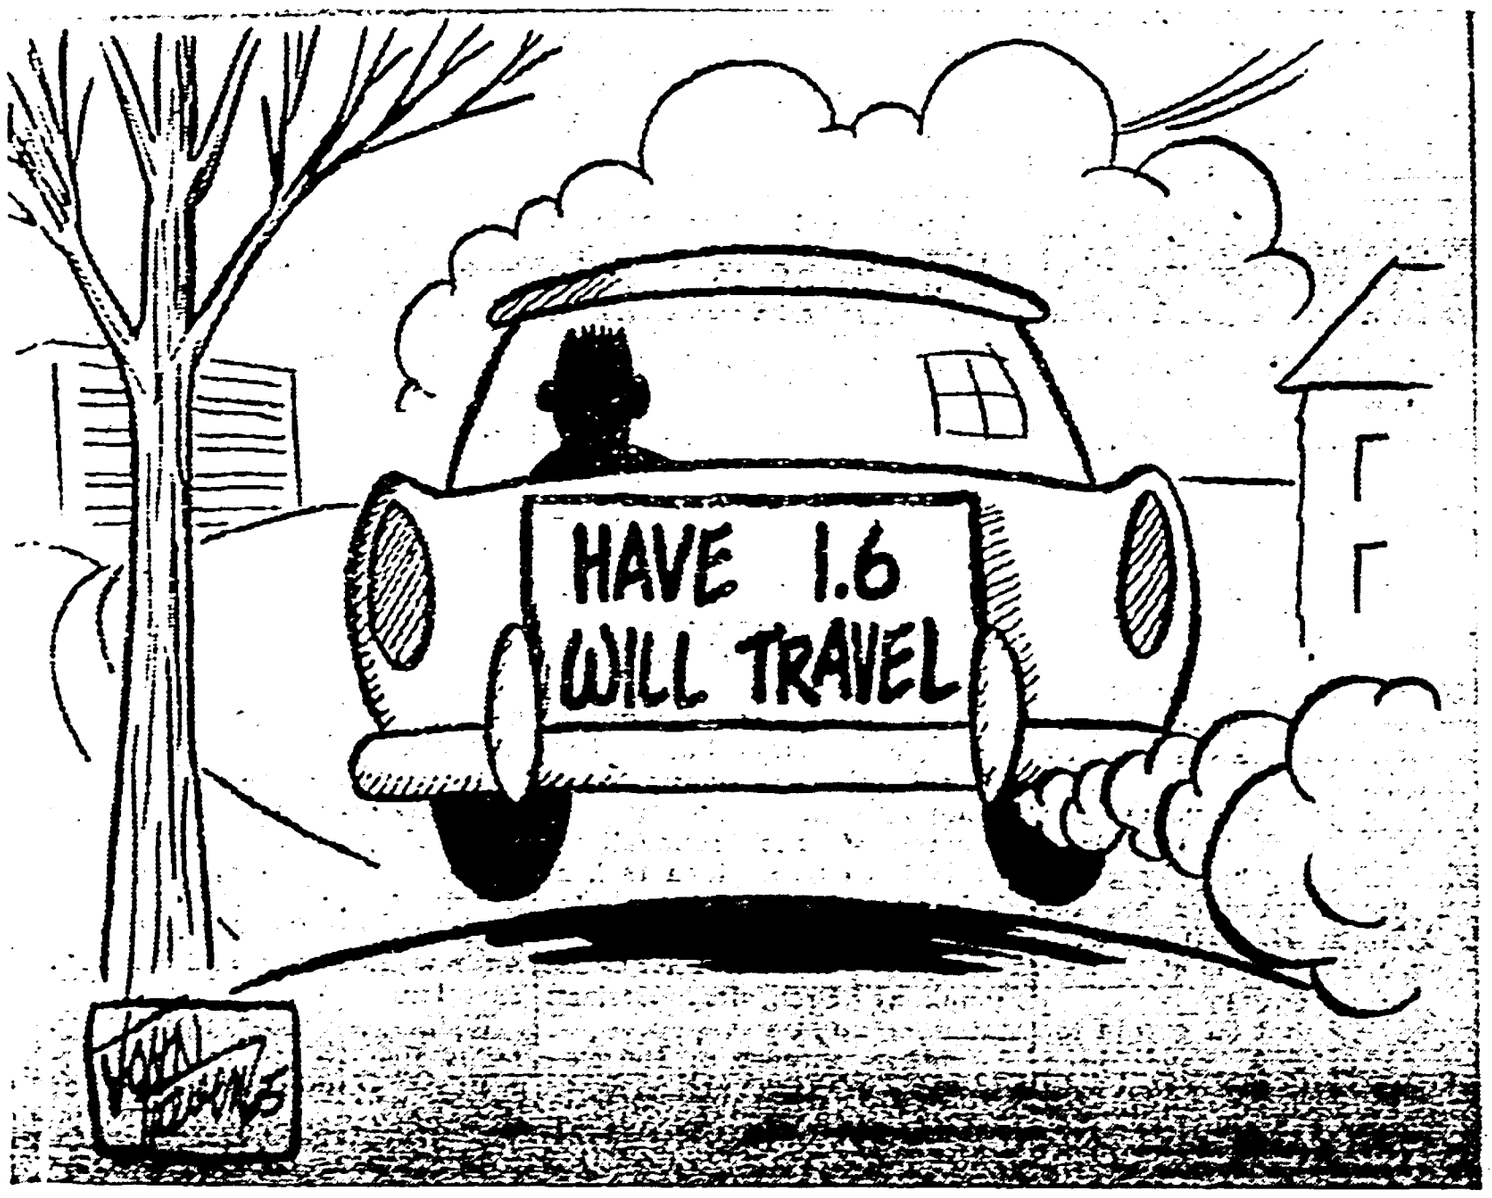
Just as a point of interest, do you have a "like" list? What possible labels could you put on such a list, since every conceivable label is on your female flaw list.

I was quite interested in the label you attached to yourself—MAN, the label was. Not many college males deserve such a label and fewer still are men enough to call themselves men. Their sole desire is to be "one of the boys."

Again, thank you for your informative article. This is the answer to the female existent-

Blood

To the Editor:



At a luncheon meeting of the American Red Cross Blood Recruitment Committee recently, Syracuse University was publicly cited for its recent on-campus Bloodmobile.

This is my opportunity to say thank you to each donor, to Honorary Chairman Dean Noble, to the sponsoring organizations—Alpha Phi Omega and the Women's Athletic Association, to Dick Kuzmack and Barbara Currey as co-chairmen, to Townsend Southard who handled publicity, to the Daily Orange for its excellent cooperation and coverage, and to the Interfraternity Council for its stimulus to donations by its member groups.

The spring semester dates are Wednesday and Thursday, April 17th and 18th, at which time it is hoped that many will become second time donors.

THIS WEEKEND

Concerts
Movies

Theater
Radio-TV

Well, the vacation's over and the entire campus is holding its breath till Christmas. Let's see what's happens this Weekend while we're turning blue.

FIRST RUN THEATRES

RIVIERA-CINEMA—Hi, ho dilletantes! It's Ingar Berman time at Syracuse's Art House. After all, people, how can you maintain those intellectual conversations at the Savoy or the Orange without seeing "The Seventh Seal" and "Smiles of a Summer Night."? Or better yet, impress the bridge players at the Club with such questions as "Do you think the visual symbolism of the chess game used the same pattern of cross cutting as the dream sequence in 'Wild Strawberries'? Two no trump, are you serious?" Unless of course you happen to be a mystic. Then walk back from the Riviera and stay in your room all night listening to "Carmina Burana" and Gregorian chants. No times availlable, but that's no trouble. Act like you've seen the films six times and enter in the middle, leaving before it's over. Then tell your friends you just wanted to see the witch burning sequence.

PARAMOUNT — If a man answers that phone when you call your wife it means trouble. If Sandra Dee and Bobby Darin star in a film that is aimed at teenage sophisticates (you know, the Nottingham crowd) the balcony will be jammed. "If a Man Answers" hang up. Peter Sellers says, "I Like Money." So he makes another comedy to prove it. "A.T. & T." at 6:22 and 9:48 p.m. "$" at 8:04 p.m.

KEITH'S—"Girls, girls, girls!!" Whoops. "Girls! Girls! Girls!" Maybe"! (Girls x 3)". Anyways, this color conglomeration of effeminate felines features evocative Elvis with scintillating songs, sassy stories and a 2nd thrill miss "Airborne." Plenty of things to see, like crooked smiles, and gangling gams. Oh for Betty Grable. Last show at 9:25 p.m.

LOEW'S — Look see, Tennessee Williams has written a funny hah, hah, comedy, hah. Also see Tony Francolsa, and Jane Fonda and Jim Hutton try to solve those delicate problems of the first hours of marriage. Also try try to laugh, especially if you are now experiencing the first hours of marriage. And if you are, what are you doing at the movies? No times available.

SHOPPINGTOWN —That built-in underground shelter is showing a training film this week, "The War Lover." John Hersey's novel is more than adequately translated to Shoppingtown's tunneled-in screen. "Love that War" at 7:49 and 9:40 p.m.

OTHER FILMS OF INTEREST

ECKEL — Laurence Olivier and Claire Bloom perform "Richard III" in bloody color in one of Olivier's better filmings of Shakespeare. This movie is loaded with great quotes like "Get thee to a nunery" (Dean Smith). "A building, a building, a donation to the endowment fund for a building!" (the Chancellor). "How's your mom, Ed?" "Tricky Dick" at 6:10 and 9 p.m.

GENESEE, HOLLYWOOD, WESCOT — Syracuse University decided to tear down HL but found that dynamite, nitro, and an atomic bomb couldn't do it. But Dr. Olson, recalling an obscue portion of Bible, figured that if enough noise was made on campus the building would simply collapse. So the Genesee, Hollywood and Wescott theatres to show friendly, fun-filled film "The Music Man" which made enough noise to destroy City Hall, but HL still remained upright. The moral: No grunch but an eggplant over there.

DEWITT DRIVE-IN — "The Sky Above, the Mud Below" may set passion alley back a few years. This fine, anthropologieal trip through "Yesterday Land" does stimulate the senses, excite the intellect, and marvel the imagination. The DeWitt is retaliating for such quality with its other features though: "No Place Like Homicide" and "A Case of Murder???" That's the DeWitt's question marks, by the way. No time available, but when the sun goes down the screen lights up.

ALSO PLAYING

FRANKLIN —"Notorious Landlady" at 9 p.m. "The Country Girl" at 7:05 p.m.

ON STAGE

REGENT THEATER — The Civis Company present Jean Anouilh's play about Joan of Arc 8:30 p.m. tonight and Saturday night. Directed by the drama department's G. F. Reidenbaugh.

LIVELY ARTS — Coffee and Chekov and sodas and Strindberg tonight on Gensee street. Strindberg's "The Stronger" and Chekov's "On the Harmfulness of Tobacco." Produced by SU's Boar's Head.

8:30 p.m. "or so . ."

CROUSE CONCERT — A piano and organ ensemble program featuring works by Barber, Dupre, Earl George and Daniel Pinkham. Alice G. McNaugh and Donald Sutherland will play 4 p.m. Sunday at Crouse College auditorium.

ON THE AIR

WAER — For this weekend's WAER schedule and highlights see page 5.

BASKETBALL — The place to go this Weekend is the Manley Fieldhouse Saturday evening where the Orange basketball team opens the season and the upside-down freshie. Frosh vs. Morrisville Tech at 6:30 p.m. Syracuse varsity meets Kent State at 8:00 p.m. The varsity game will be broadcast live by WAER.

HOCKEY — Syracuse Stars skate against the Ottawa Kerwins way out at the State Fair Coliseum Saturday at 8:30 p.m., and with a repeat performance at 3 p.m. Sunday. The pros go at it in the War Memorial Saturday night at 8 p.m. as the Syracuse Braves host Omaha Knights.

"War of the Worlds"

Opponents P.S., Sooners Bowl Bound

Two Syracuse opponents, whose margin of victory over the Orange totaled a mere five points, are two of 12 teams bowl-bound this fall.

Oklahoma, who completes their season in a game with Oklahoma State this weekend, squares off with fifth-ranked Alabama in the Orange Bowl. Oklahoma has lost twice, Alabama once.

Ninth-ranked Penn State, who eked out a 20-19 victory over the Orangemen will probably meet Duke in the Gator Bowl.

It's Orange vs. Golden Flashes At Fieldhouse Tomorrow

By BILL CRONAUER

The George Manley Field House opens "unofficially" tomorrow night when the Golden Flashes of Kent State oppose the Syracuse Orangemen in the first contest of the 1962-63 cage season.

Both teams had their problems last year and both are eager to open the basketball season wih victories.

Official dedication ceremonies for the new Field House will be held prior to the S.U.-Army game on Dec. 15.

Bob Doll, in his second year as head coach at Kent State, is in the midst of a rebuilding campaign. The Flashes finished the 1961-62 cage wars with a 2-19 ledger.

Height Problem

"The big problem we have to cope with this season is a lack of height and experience," Doll comments. "Minus overall height, we'll have to work a deliberate controlled offense, playing for the percentage on the good shots."

Doll is also trying to cut down on mistakes and ball turn-overs. "At the end of last year we were able to hold the mistakes down to 12 per game," he states. "We are working now on keeping the total below 10."

Klug Star

The sophomore coach expects Dennie Klug, a 6'2" forward from Cleveland, to provide most of the offensive punch this season. Klug was top scorer for the Kent team in 1961-62, averaging 15 points a contest.

Teaming at forward with Klug is junior Ty Saunders, who appeared in all games last year. The 6'1" Saunders averaged 10 points and five rebounds as a sophomore. Saunders was originally scheduled for guard duty, but has been switched to the front court.

Noticeably missing on this season's squad is a big man to clear the boards. Doll will probably go with Don Wenner, 6'6" senior, in the center slot for the Syracuse game. Wenner has a bit more experience than the Flashes' Doug Kramer, a 6'7" junior who should see considerable reserve action.

Sophomore Backcourt

It is possible that two sophomores will open in the backcourt for Kent State. Bill Santos and Jim Cipriano, who started for the freshmen in 61-62, were among the starting five in a recent scrimmage with the Flash frosh

"Kent State will be in every game this season," states Doll, "and we just might surprise a few teams on the schedule."

Pro Grid Titles Shape Up As Season End Draws Near

It's all engines full speed ahead as N.F.L. and A.F.L. teams prepare for the home stretch and the finale of another pro football season. At the moment in the N.F.L. the New York Giants and the Green Bay Packers are ahead in their respectibe divisions and are hoping for a rematch for the World Championship. In the A.F.L. the Dallas Texans have dethroned the once mighty San Diego Chargers and have at least gained a tie for the Western Division Title. In the Eastern Division the Houston Oilers and the Boston Patriots are entangled in a real hip and tuck race for their division title.

Thanksgiving Day the Green Bay Packers were handed their first defeat in 10 games this year as they were beaten by the Detroit Lions 26-14. A nationwide T.V. audience sat bewildered as it viewed the great onslaught of the Lions on the Packers.

In another lopsided game found the Baltimore Colts on the short end of a 57-0 score. The Chicago Bears never let up as they pushed the hapless Colts all over the field. In the Eastern Division the New York Giants almost assured themselves of another title as they easily disposed of the Washington Redskins.

In the A.F.L. Tommy Yewcie thrilled a hometown crowd by leading the Boston Patriots over the Buffalo Bills. Patriot's fans just about gave up on the team when they saw their title hopes go down the drain with a broken arm sustained by their star quarterback Babe Parilli, but Yewcie came off the bench in fine style, by throwing for three touchdowns.

Meanwhile Houston kept their slight half game lead over the Patriots by thumping upset minded San Diego team. In the Western Division a Dallas win coupled by a Denver loss enabled the Texans to clinch a tie for their division title. Leading by 14 points with only 4 minutes remaining in the game the Denver Broncos were succumbed by the New York Titans in a real wild one 46-45.

In top action this week the Chicago Bears play host to the New York Giants and the Baltimore Colts oppose the Detroit Lions in Detroit. Over in the rival A.F.L. the Patriots are ready for the invasion by the Titans and the Houston Oilers entertain the Broncos from Denver.

Wrestlers and Gymnasts Open Season; Chance for Eastern Championship Seen

Strong wrestling, gymnastic, and swimming squads will highlight the closely approaching winter sports season. The matmen and gymnists open their schedules next week and the mermen begin in January.

December 7 the wrestlers, under the direction of coach Joe Scandura, face Lehigh and other Eastern powerhouses in the Coast Guard Tourney. The team is predicted to have a highly successful season and possibly a shot at the National Collegiate Championship. Paced by Gary Sarota, the squad had a winning season last year and has been victorious in their two scrimmake meets with Springfield and Oswego this year.

Corky Voas & Co. (and pretty good company) begin their tumbling and twisting against Toronto December 8. Voas, the senior captain, is heralded as one of the finest tumblers in the East. Another standout is Ray Grimaldi, an adept side horse performer. Coach Paul Romeo looks for a real good season and a chance to cop the Eastern Championship.

Coach Ted Webster's highly rated swimming squad will face NYU January 12. Led by Joe Morrison the team had an excellent 10-1 record last season.

INTRAS

Entries close Monday for winter intramural sports, according to Milt Howard the director of the intramural program. Entries should be submitted to the intramural office in Archbold Gym.

ISO Date Changed

A display of Indonesian culture scheduled for Saturday has been changed to Dec. 8. The display, sponsored by the International Students Organization, will be held from 7:30 to 10 p.m. in Day Hall.

Korea's driest weather in 25 years has seriously cut rice supplies. Through CARE, New York 16, N.Y., American can send $1 Food Crusade packages to needy Korean families.

Cadets And Middies Clash: Dietzel Seeks Army Win

Army's new head football coach, Paul Dietzel, will be out to break Navy's hold on the annual service classic when his Black Knights take the field in Philadelphia on Saturday.

It will be Dietzel's job to bring victory to the Cadets, who have tasted defeat in each of the past three classics. It is no secret that the big brass at West Point were pointing towards this game when they lured Paul from his contract at Louisiana State last winter.

However, Coach Wayne Hardin of Annapolis will be attempting to not only garner his fourth straight win over the Cadets, but also to even Navy's record at 5-5. Just as no Cadet has seen an Army victory, no Midshipman has seen his team lose.

The two teams seem to center their attention on different aspects of their opponents play; Army is intent on stopping the Middie offense, led by sophomore quarterback Roger Staubach, and Navy is set on overpowering Army's defensive unit, the Chinese Bandits.

On both campuses the game fever is running high, and, as has often happened in the past, this spirit is expected to influence the game's outcome.

The game is rated a toss-up, despite Army's more impressive record to date, the Cadets are 6-3. Among the fans at this 63rd classic will be the oldest of the Kennedy brothers, John F., who has had a special box erected. The game will be nationally televised at 1:30.

ONE NIGHT STAND

SW Replies

By STEVEN WINDHEIM

Mr. Windheim, a music-education major, is the Daily Orange music critic.

The main defenses of the "Hootenanny," as I gather from the letter and column printed in Thursday's Daily Orange seem to be:

1) That a program of folk music deserves a review by a music critic to the same extent as a modified quiz show deserves to be reviewed by a drama critic.

2) One should realize that, in this country at least, you can't get something for nothing.

3) The musical value of the program was not lost despite the handclapping that obscured it. (This it because the handclapping was, after all, spontaneous.)

4) Since the ABC network procured talent, spent money, and made available free tickets (for which many students waited on line for hours), the audience should have expected no other pleasure than the privilege of being an audience.

5) The students who realized they were at a television show had a better chance of enjoying themselves than those who thought they were at a hootenanny

6) Everybody expects gospel singers to contribute to a stereotyped image of the Negro people.

7) SW cannot spell "hootenanny" and we are all wondering why he always uses his initials. Can't he spell his name?

I personal'y have been convinced by these arguments.

Organ Concert Monday

Calvin Hampton, the noted organist, will give the second in his series of organ recitals on Monday evening Dec. 3 at 8:30 in Crouse Auditorium.

The program, composed entirely of music by Caesar Franck, will begin with Trois Pieces pour le Grand Orgue: Fantaisie (A Major), Cantabile, and Piece Heroique. This will be followed by Six Pieces d'Orgue: Fantasie (C Major), Priere, and, in conclusion, Final.

Hampton, the son of Mr. and Mrs. George Hampton of Ravenna, Ohio, is currently organist and choirmaster for St. Peter's Episcopal Church in Cazenovia, and is fulfilling his requriements for the degree of Master of Music in Organ with Arthur Poister. He got his Bachelor of Music degree at Oberlin University in 1960.

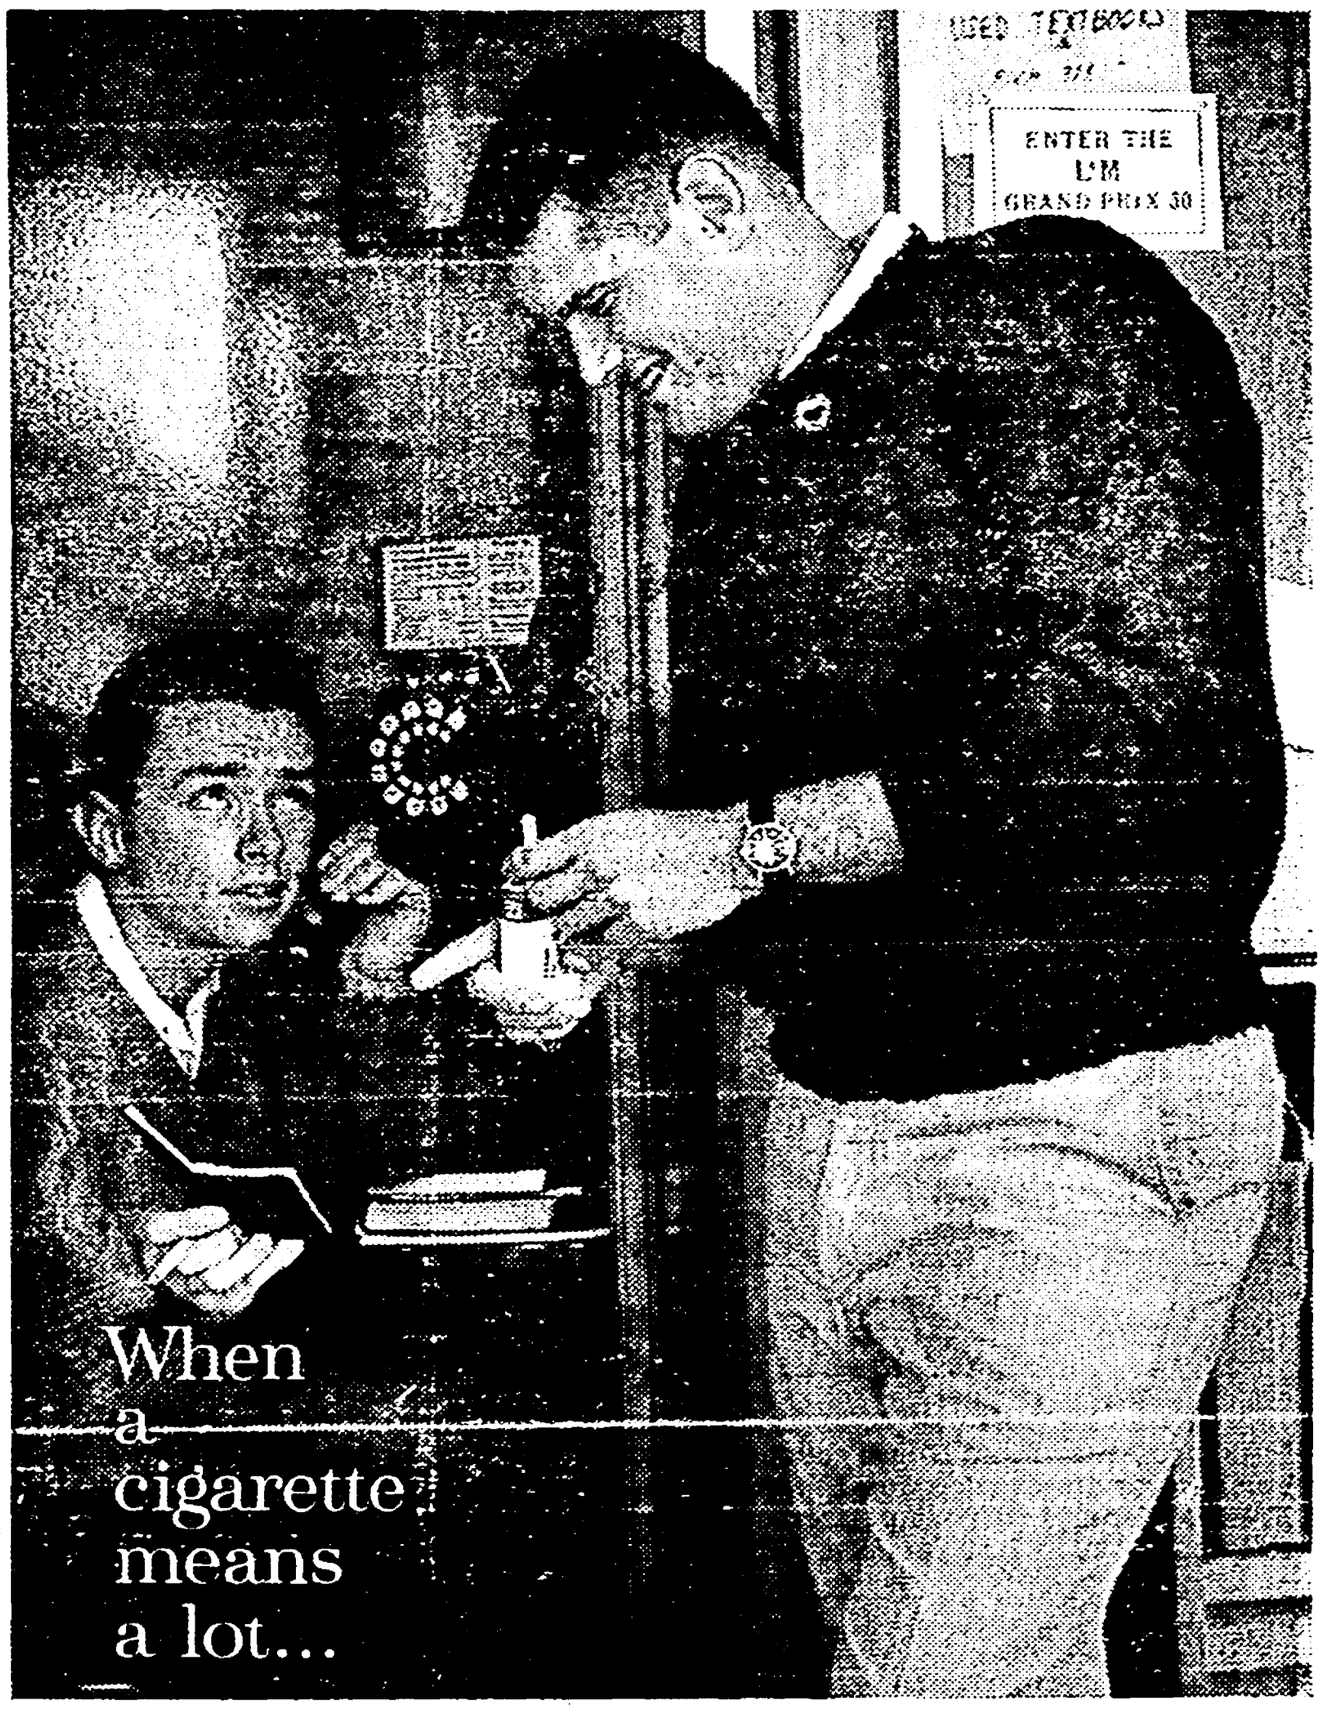
In addition to several recitals in Winston-Salem N.C., Watertown, and New York City, Hampton has played in Salsburg, Austria and Reichenhall, Germany. He has also had a composition of his played in a chamber music program of American music in Friedrickshaven, Germany.

Hampton's third recital will be held Monday evening, Dec. 10, at 8:30 in Crouse Auditorium.

At a village in Turkey, 200 undernourished children gained an average of a pound a month in 6 months of CARE milk servings. Contributions to CARE's Food Crusade help make such programs possible.

Jaquith...

(Continued from Page 1)



Somebody from California cannot possibly know of the special problems confronting people in New York, and vice-versa, he explained.

Certain areas such as foreign policy and national defense should of course be under the control of the federal government, he also said.

Conservatives, he continued, are not against all government spending. For example, government support of education should be continued and enlarged. "Education is one of the best investments I know of, it always pays dividends in terms of our nation's future."

Conservative ideology also includes the idea that government policy today should work to-

(See Jaquith, Page 12)

BASKETBALL SEASON OPENS

HERB FOSTER

Herb Foster is the acting captain of this year's varsity squad. A 6-1, 180-pound senior, Herb played in all 24 games last season. In the middle of the year, he was moved to a starting spot for the remainder of the schedule.

Herb scored 125 points last year for a 5.2 average. From his position at forward, he pulled down 121 rebounds to place fourth in that department. Herb was the most accurate shooter from the floor with the team's highest percentage.

The left-hander from Erie, Pennsylvania, is one of the mainstays of the Orange squad. His hustling play serves as an inspiration for the rest of the team. In comparing his performance with last year's, most people feel that Herb looks good and is a considerably improved player.

CARL VERNICK

Possibly the most promising player on the Orange starting five, junior Carl Vernick brings the most outstanding credentials of any player on this year's squad.

Last season, Carl set a new Syracuse sophomore scoring record with 395 points in 24 games. His 16.5 average was 6.5 points higher than the team's second place scorer. Even though he played as a guard, Carl pulled down 129 rebounds to place third on the backboards.

A jump shooter, Carl was also SU's best man at the foul line. He connected on 121 of 158 attempts for a phenominal 76.5 percentage.

Much of the success of the 62-63 squad will depend on whether Carl can repeat or, even better, improve upon his performance of last season.

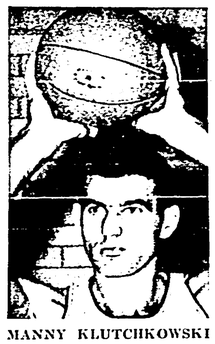
JIM SEAMAN

Jim Seaman, a 6-foot junior from Schenectady will be one of the most important operatives on this year's Orange squad.

Because of Coach Fred Lewis' penchant for keeping many of his best players on the bench instead of starting them, Seaman will be one of the first to be substituted.

Last year he did not see much action, hitting 26 of 75 shots from the floor (34.7%) and 17 of 27 foul shots (63%). His average for 19 games was 3.6 points per game.

So far in pre-season drills, he has been impressive with his soft, left-handed jump shot and hard driving. While there are many backcourt performers on this year's squad, Seaman figures to be right behind Dick Duffy as a starter.



DICK TAYLOR

Syracuse basketball fans will see a familiar face on the court tomorrow when the hoopsters open their season, Donning Orange or his fourth consecutive year 6-3 Dick Taylor will add experience to coach Lewis' attack.

The Youngstown, New York senior saw limited action at both guard and forward spots last year due to a leg injury. In 16 contests he hit 18 out of 43 field goals for 42 percent and hit 22 out of 31 free throws for 71 percent. He scored a total of 58 points for a 3.6 average.

Dick is rated as one of the most aggressive ballplayers on the squad. He is also one of the most versatile members of the team playing backcourt or up front. In high school Taylor was All Western League in basketball, baseball, and football. Both coach Lewis and Taylor look forward to an improving season.

MANNY KLUTCHKOWSKI

Rating the 6'5", 197 lb. center Manny Klutschkowski Coach Lewis said: "Manny has come a long way since last year. He'll play a lot of ball for us this year." As a junior last season, Manny hit for only 36.9 percent of his floor shots but led the team with 164 rebounds and averaged 70 percent from the charity stripe.

Lewis is optimistic that Manny will boost his scoring punch. By concentrating on a hard-to-block hook, and by utilizing his height under the offensive boards, "The Klutch" should up his 6.8 point average of '61-'62.

Manny must also aid the team defensively. Plugging the key and holding the defensive boards can mean ball games. To improve himself defensively, Klutschkowski has overcome his initial awkwardness and has increased his hustle.

B[Y] [SP]ORT [Ed]itor

New is the [sea]ear as the Syracuse University baske[tball] season against [Ma]embarks on its 32nd 8:30 at Manley [Field] tomorrow night at

New coach, [new] ew court, new uniforms, new hus[tlers] e are the elements that could enal[e] ngemen to extend their winning st[reak] ee games, after tying the major [10] osing record of 27 consecutive gam[es].

It'll be a hu[ge] r-say-die team that faces the Ohio [St.] w. Lewis will work his offense off [to] st since the tallest man on the cou[rt] -4.

Besides the [ma]lem, he must compensate for the [los]ies suffered during pre-season prac[tice] eber, big 6-6 center is a doubtf[ul] eber dislocated his foot during the [last] session and hasn't as yet fully reg[ained] n.

Carl Vernic[k] a sophomore last year set the s[cor]e scoring record, missed the first [two] actice due to pneumonia and the[n] is ankle one week after returning [to] e also may see little action.

Phil Schoff[, a] Duffy, outstanding guards on last [year's] squad, both missed a week of wor[k] pulled a muscle while Duffy ha[s] ress for the game.

Ken Wellm[an] rained ankle. He is out with [a] year suffered from Tydeman, who c[ould] with a bad knee. mononeucleosis.

The injury [list] looks like a roster, is completed w[ith] ylor who was out for two weeks w[ith] of charleyhorses.

Kent State, [the] as its problems too and SU may h[ave] ce to continue its winning streak [by] ding its wounds.

The freshm[an] a new era tomorrow night. The [group] taps off at 6:30 against Mo[unt].

DICK FINLEY

Trading his Lacrosse stick for a basketball, Dick Finley is again making the transition from body blocking to ball handling.

Concentrating on the Lacrosse team, Dick has starred the field far greater than he has performed on the court. Dick is not only co-captain of the lacrosse team, but also ranked as an All-American.

On the court, Finley averaged 6.1 points per game in the 61-62 season. Dick displaced Don King late in the season to play most of the last eight games.

Dick hit on 37% of his floor shots but is noted as a driver and ball-handler. Coach Lewis expects Dick to improve on last season's performance and give the backcourt depth.

DICK DUFFY

An injured right ankle is the cause of "Tricky" Dicky Duffy's missing much of the initial action on the hardwood this season. Dick, a sophomore, will be playing right guard for the Orange team.

Duffy 5-11 is a native of Katonah, N.Y., where he attended John Jay High School. While in high school he won 11 letters, three in football, four in baseball, and four in basketball. During his senior year in high school, the 170-pound athlete showed his athletic prowess by achieving All-county in basketball and baseball.

During that same year "Tricky" Dicky broke the league record for total points scored in a single game. The award for high scorer during a two-week period, The Con - Ed Award, can also be listed among Dick's achievements. He tallied 222 points.

BOB MURRAY

Bob Murray has been one of the surprises of the pre-season drills. The 6-3 native of Schenectady has been driving well and shown good improvement on defense.

Last year he appeared in 23 games, hitting 47 of 108 from the floor for a 43.5% average. Murray connected on 50 of 67 foul shot attempts for a 74.6% average. All told his 144 points gave him a 6.3 per game average and he collected 81 rebounds.

The husky 200-pound junior is figured to be one of the mainstays of the Orange attack. He will be operating as one of the pivot men in Fred Lewis' double post attack.

The offense will stress ball control with the accent on taking the good shot. Lewis' teams usually finish high in field goal percentage and this year will be no exception.

ERIC WEBER

"This year's team is a big improvement over last year's, because everyone's hustling and there's a lot more desire." This is Eric Weber's evaluation of the 1962-63 Syracuse University basketball team as he prepares to return to action after suffering a dislocated arch in his right foot at the outset of the practice sessions.

Eric, a 6-6, 225-pound sophomore, has been sidelined since the last few games of the freshman season last year. He had to miss the final three games last year because he contracted mononeucleosis, and then he suffered from the fallen arch on the very first day of practice this year.

Eric, who is majoring in Physical Education, is a graduate of St. Joseph's Collegiate Institute in Buffalo, New York, where he lettered in both football and basketball.

PHIL SCHOFF

The Freshman player with the highest shooting average on last year's squad, Sophomore Phil Schoff, promises to be one of the outstanding Orangemen on this year's varsity. The 6'3" guard scored 19.4 points per game with a 56 percent average.

A graduate of St. Johnsville, New York, Central High School, Phil played four years varsity baseball and basketball. As a combination centerforward. Phil was selected as his school's most valuable player in his junior and senior years.

Phil's performance in his senior year earned him a place on the League All-Star team. He averaged 30 points per game, scoring 533 points in an 18-game season.

Phil, who lives in Fort Plain, N. Y., is just a few weeks shy of his 19 birthday. He is a physical education major in the College of Liberal Arts.

Home Schedule

Dec. 1	Kent State	Feb. 7	Niagara
Dec. 15	Army	Feb. 9	LaSalle
Dec. 20	Rochester	Feb. 13	Canasius
Jan. 12	Penn State	Feb. 22	Boston College
Jan. 17	Colgate	March 7	Connecticut
Feb. 2	Georgetown	March 9	St. John's
Feb. 5	Cornell		

Starting Lineups

SYRACUSE		KENT STATE	
6-0 Vernick	G	Saunders	6-0
5-11 Duffy	G	Sipriano	6-2
6-4 Foster	C	Kramer	6-7
6-3 Schoff	F	Donjan	6-4
6-3 Murray	F	Klug	6-2

Fred Lewis— Varsity Coach

Syracuse University's basketball team opens its season on the spanking new Manley Field House court on Saturday evening, but the court won't be the only innovation for the team, there will be a new varsity coach, Fred Lewis, and, if past performances mean anything, he should do a lot to improve upon last year's undefeating hoop team.

FRED LEWIS

A Brooklyn native, Fred began his career at Long Island University in 1942. It was there that he scored 567 points as co-captain of his team, while being named to the All-Metropolitan team. He also was given honorable mention on the All-America squad that year.

The next year he moved on to Eastern Kentucky University, where he became a two-time All-American and was Most Valuable Player in the N.A.I.B. Tournament. While at Eastern Kentucky, he ran his collegiate point total to 1588.

Fred spent the 1946-47 season with the Sheboygan Redskins of the National Basketball League. He was not only Rookie of the Year that year, but he was also the second leading scorer in the league and an All-Star team member.

After a year as assistant coach at Southern Illinois college, he took over the head coaching position at Mississippi Southern. In 1959 his team was ranked as the third best small college on the basis of a 23-2 record. The following year they were ranked second with a 23-3 slate.

Fred's five year record at the southern college was 89 wins and 38 losses, including a rebuilding record last year of 13-13.

THE 1962 EDITION of the Syracuse University fre[shman] team manager; DAVE BING, BILL BRODSKY, team ma[nager]; GOLDSMITH, DICK ABELMAN, REX TROBRIDGE, [Bill] RETTBERG. Rear, JIM BOEHEIM, FRAN PINCHOT, NORM [NICO]HEL, SAM PENCEAL, and Coach MORRIS OSBURN.

Morris Osburn— Frosh Mentor

Morris Osburn, the new freshman basketball coach, comes to Syracuse University as part of the Fred Lewis signing.

Osburn attended Northeast State in his home state of Missouri before he entered the coaching ranks. His first coaching assignment came at the University of Alabama, where he compiled a very successful record.

After Alabama, Osburn moved on to join Fred Lewis at Mississippi Southern; he served as Lewis's assistant.

Osburn should be expected to instill Lewis's playing tactics in the minds of his freshman players in the hope that they may make the jump to be a varsity performer much more easily. This may be invaluable in helping to raise future SU varsity teams from the depths they achieved last year.

Osburn's chances for success seem excellent since he will benefit from Piety Hill's extensive basketball recruiting program.

Osburn's squad will consist of Dick Abelman, Dave Bing, Sam Penceal, James Boeheim, Norm Goldsmith, Frank Nicoletti, Fran Pinchot, Rex Trowbridge, and Jay Rutberg. Trowbridge is the big man on the team, on the basis of his 6-7 frame. Every player on the squad was highly ranked in high school and many were named on the various nation wide all-star teams.

The concensus of opinions on campus seems to be that the link between Fred Lewis and Morris Osburn is the hope for future success in basketball at Syracuse University.

MORRIS OSBURN

"Apple-Polishing"

PHI SIGMA SIGMA sisters held their second annual "Apple - Polishing Party" Wednesday night. DR. NATHAN GOLDMAN of the sociology department discussed things academic and otherwise with FAYE LANDAU, DIANA OSTERWEIL and BARRI MITTENTHAL. About 35 faculty members attended the social get-together.

Band Picks 18 New Members

Dr. Harwood Simmons, director of the Syracuse University Symphonic Band, has selected 18 SU freshmen as new members for the 64 piece band.

New members are John Link, Lana Levine, Robert Ranger, Julian Loube, Michael Weis, Marianne Schult, John Nipher, JoEllen Lapidus, Ronald Johnson, Robert Hunter, David Ross, Susan Wisan, Lucille Loder, Sandra Neuss, William Winter, Stephane Johnson, Howard Wyeth and Constance Murphy.

Openings are still available for bassoon and french horn players. Although the organization is of a semi-professional nature, Dr. Simmons stated that any "reasonably gifted college student" is welcome to try out. Dr. Simmon's office is in room 303, Crouse College.

If loaded on a single train, it would take 12,216 freight cars, stretching 127¼ miles, to haul the 733,000,000 lbs. of U.S. farm abundance CARE will deliver overseas during fiscal year 1962-63. Contributions to the CARE Food Crusade, New York 16, N.Y., help send this aid to hungry people.

Assignment: make our cars more rust-resistant

Result: '63 Ford-built cars are better protected against rust than ever before

To tackle this assignment, Ford Motor Company engineers turned to zinc. Galvanized, or zinc-clad, steel has long been noted for its resistance to corrosion. It presented special problems which had limited its use in automotive applications, however. It was hard to weld, difficult to paint.

Our engineers developed special techniques to solve the welding problem. They found a process which eliminates the crystalline pattern on galvanized steel and produces a surface that will accept a high-quality paint job.

Now zinc can be married to steel and used for vital underbody parts and rocker panels of Ford-built cars. The zinc coating forms a tough barrier to corrosive moisture—and if corrosion attacks, the zinc sacrifices itself through galvanic action, saving the steel.

Other avenues explored in the fight against rust also brought results: special zinc-rich primers to protect key body areas, aluminized and stainless steels to extend muffler life, quality baked-enamel finishes that are more durable (and look better).

Another step forward in total quality—and another example of how Ford Motor Company provides engineering leadership for the American Road.

Salt-water bath is one of tests used to check rust protection built into Ford-built cars.

Forestry College Appointments

The State University College of Forestry at Syracuse University has announced the appointment of Dr. John B. Simeone as chairman of the department of forestry entomology.

Dr. Simeone, who succeeds Prof. Aubrey H. Mac Andrews who retired recently, becomes the third chairman that the department has had since it was established ni 1914.

DR. JOHN B. SIMEONE

A member of the faculty and research staff, he currently holds the title of associate professor of forest entomology. Dr. Simeone provides instruction in general entomology, insect morphology, insect ecology, and insects injurious to forest products.

Dr. Hardy L. Shirley Forestry dean, also has announced 12 new faculty and research staff appoinments.

Appointed professor of forest chemistry and director of the college's Cellulose Research Institute is Dr. Tore E. Timell. Prior to his new appointment, Dr. Timell was research group leader at The Pulp and Paper Institute of Canada, Montreal, and research associate, Division of Industrial and Cellulose Chemistry, Mc Gill University, Montreal. He is a widely- known authority on cellulose and forest chemistry.

Other new appointments include:

Dr. Vivian R. Sutton, assistant professor of English, department of English. She is the wife of Dr. Walter E. Sutton, a member of the SU English faculty.

James A. Bailey and Robert L. Salisbury, instructors in forest zoology, department of forest zoology.

Harry W. Burry, instructor in forest extension, division of forest extension.

Thomas F. Geary, research associate, forest botany and pathology, and Herbert Tepper, instructor in forest botany and pathology, both in department of forest botany and pathology.

Alan F. Grapel, instructor in landscape architecture, and Robert Reimann, assistant professor of landscape architecture, both in department of landscape architecture.

William T. Jackson, assistant professor of biochemical research, department of forest chemistry.

Elwood Shafer, adjunct instructor, forest management, department of forest management.

Donald E. Wommack, research associate, forest management, department of forest management.

Bowl . . .

(Continued from Page 3)

The number one team in the nation, Southern California takes on second-ranked Wisconsin in the Rose Bowl classic. The Trojans who have a 9-0 record so far this season, still must face Notre Dame.

The Badgers completed their year with but one loss, by a one-touchdown margin to Ohio State.

In the Sugar Bowl, undefeated Mississippi takes on sixth-ranked Arkansas. The Rebels have one game to go, Mississippi State, before their season is complete.

Arkansas wound up their year with a 9-1 record. Their sole loss came at the hands of Texas.

Texas, ranked fourth in the nation, faces LSU in the Cotton Bowl. The Longhorns finished their season undefeated, once-tied.

The LSU Tigers lost to Mississippi and tied Rice.

A typical $1 CARE Food Crusade package for needy school children overseas contains enough flour to bake into 300 lunch rolls.

They "voted with their feet" is the term used in Vietnam for families who have fled from mountain villages encircled by Communist bands. American help reaches thousands of these refugees through contributions to the CARE Food Crusade, New York 16, N.Y.

BRIDGE FIENDS — who does homework? Bridge is the raison d'etre of students who congregate every day in the Hendricks Chapel Coffee Corner for decks and doughnuts. MARINA BATES, MARGO WALLACH, FRANK SWIDERSKI and JOAN JANIAK play to the bitter end, watched by unidentified student with coat and books on her way home to dinner and by Chapel custodian who hints it's time they left.

Tickets On Sale For Fall Dance

Tickets are on sale for the Fall Dance sponsored by the Syracuse University Dames from 9 p.m. to 1 a.m. today at Drumlins Country Club. All residents of Syracuse University Married Students Housing and their guests are invited.

Tickets may be puchased from Mrs. Roger Maxwell, University Heights, or Mrs. Herbert Cross and Mrs. Ed Heck, Slocum Heights, or at the door for $3.50.

Prof. Remembers

NEW YORK (AP)—John Henry Hobart Lyon, a Shakesperean authority, was known on the Columbia University campus for 34 years as a professor always eager to help a student.

He gave up teaching 13 years ago, but never lost his keen interest in Columbia students.

The university has revealed that Lyon, who died a year ago, left a bequest of $105,000 for the benefit of students in four schools of the university.

AAUW Director Talks

By JULIAN LOUBE

Dr. Pauline Tompkins, general director of the American Association of University Women, discussed the association with two groups senior women, student deans, and interested faculty members Thursday in the Women's Building.

Dr. Tompkins outlined a brief history of the organization and described the workings of its two major financial programs. The AAUW has an endowment of $3 million dollars with which it aids 100 domestic and foreign students studying in this country.

Founded in January, 1882, the AAUW was established by a group of 16 women interested in "uniting alumnae from various universities throughout the country." Marian Talbert, one of the association's earliest workers, wanted to create an organization through which she could show what her college education meant to her and what the college educated woman could do for the community.

Membership

From its early beginnings, the AAUW has continued to grow to its present membership of 150,000. A staff of 100 workers at the association's new $2 million Washington, D.C., headquarters manages over 1,500 branches in 49 different states.

Dr. Tompkins stated that the most important of the AAUW projects is the fellowship program which enables 59 American women and 50 foreign students to continue their studies each year in this country. In addition, the AAUW has initiated a "college faculty program."

Sponsored by a grant from the Rockefeller Foundation, the association will attempt to train qualified mature women for college teaching positions. If the program proves to be successful and the grant is renewed, the AAUW plans to expand its project in the near future.

Anyone with any questions about the organization or any of its numerous is invited to write to the AAUW headquarters, 2401 Virginia Ave., N.W., Washington, 7 D.C.

Every contributor to CARE's Food Crusade gets a receipt that shows the countries whose people will be helped.

Chapel Roundup

The annual Hendricks Chapel music festival will begin Dec. 9 with a concert of Jewish music. The annual Chapel Choir Christmas concert will take place before vacation.

Syracuse-in-Asia's Christmas sale opens Monday in the Hendricks Chapel lounge. The sale will be held until Dec. 7, from 9 a.m. to 5 p.m. daily.

Regularly-scheduled Chapel activities this week include an Inter-Varsity Christian Fellowship meeting at 7:30 p.m. today in the Chapel lounge. The contemporary world mission situation will be discussed.

Rabbi Louis Neimand will speak on "Yiddish and the Fantastic World of I. B. Singer" after Hillel services tonight. Services start at 7 p.m., with Michael Greene serving as cantor. An Oneg Shabbat will follow the service.

Music, a creative play and readings will be featured at the Hillel supper Sunday night. Supper will be served at 6:15 p.m. in the basement of Chapel House, with a 50 cent charge for members and 75 cents for nonmembers. Members who are joining Hillel will be supper guests at no charge. Rinna Block is chairman of the evening's entertainment.

Advent services of Holy Communion will be held at 7 a.m. on Dec. 5, 12 and 19. Breakfast will follow in the Chapel lounge for a charge of 10 cents.

The topic for Hendricks Dean Charles C. Noble's Sunday morning sermon will be "Never the Same Again."

The Hillel Graduate Club will meet at 8 p.m. Sunday at Chapel House. Prof. Donald C. Waterman of the Lowe School of Art will discuss slides of Chagall's stained glass windows.

Student Union Night

Student Union Night today at the Women's Building will feature two one-act plays presented by the Boar's Head dramatic society: "The Fishermen" and "The Lunatics."

The plays will be presented at 7 p.m. in the WB recreation lounge. A folk sing is scheduled for 9 p.m. Students are invited to bring guitars.

Volleyball will begin at 8 p.m. in gyms A and B.

Cards, checkers and chess will be offered in the third floor lounge and open bowling for 35 cents a game in the basement recreation lounge.

City Women's Ball Meeting

A meeting for city women wishing to apply for Military Ball queen will be held at 7 p.m. today in 303 Womens Building.

Deadline for applications is Dec. 30.

A photo must be submitted with the application and attendance at the meeting is required.

Freshman Footprints Formed

By SANDY MEYERS

"Because the university is a place for learning—or at least it should be—" Freshman Footprints was formed this year.

This is the main reason, according to Howard Messing, chairman of the group and a member of the upperclass Footprints committee.

Messing said that the new group should provide "directions for answers to the basic questions and problems of Western thought."

Professors speak to the freshmen every three weeks. On Monday, Dr. Roger Milkman, associate professor of zoology, will speak on "The Biololgical Basis for Morality."

The first speaker was Dr. Benjamin Bart, associate professor of romance languages, who talked on "Man and His Relationship to the Universe."

The meetings of Freshman Footprints are open to all interested freshmen, Messing emphasized. Monday's meeting will be at 7 p.m. in the Women's Building recreation lounge.

Members of the freshman group will help in planning Footprints, the annual lecture series which will be held March 12-14.

Messing said that the idea for Freshman Footprints grew out of the university's summer reading program in the humanities.

The group was limited to freshmen, he said, so that there would not be too large a membership, and so that there will be a continuing number of students to work on upperclass Footprints.

The main problem, Messing noted, is that the group is presently running with no budget.

Debate...

(Continued from Page 1)

lish an economic community.

The debate schedule is as follows:

8-8:45 a.m. — registration in Maxwell Lobby
8:45 a.m. — meeting in Maxwell Auditorium.
9-10:30 a.m. — round I
10:45-12:15 p.m. — round II
12:30 p.m. — lunch in Sadler Dining Hall
1:30-2:45 p.m. — round III
3:15-4:30 p.m. — round IV
5-6:15 p.m. — round V
6-7 p.m. — dinner in Sadler Dining Hall.

Trophies will be awarded for the champion debate team as well as best affirmative and negative speakers. For the first time, Delta Sigma Rho, SU debate honorary, will give a trophy for the best speaker among all the debators.

Jaquith...

(Continued from Page 5)

wards defeating Communism, not living with it, he said.

Birch

In a question and answer period following his speech Jaquith commented that although the purpose of the John Birch Society to warn the nation of the dangers of Communism, is admirable, its methods are decidedly questionable.

He also said that neither he nor any of his friends is to his knowledge, a member of the Birch Society.

The eventual purpose of the Conservative party in New York State is to be able to promise to the party which will support the most nearly Conservative platform, a block of two to three thousand votes, often the winning margin in this state, he said.

World News

CONFERENCE — President Kennedy and Soviet Ambassador Anastas Mikoyan conferred for several hours today and got nowhere. The discussion mostly concerned the unsolved Cuban situation. They did agree, however, to let negotiations to persuade Castro to allow international inspection of Cuba continue at the U.N.

BUILDUP — The Pentagon disclosed today that more than 200,000 men had been moved to the southeastern United States and the waters off Cuba in case an invasion was launched. The buildup began eight days before Kennedy announced the Cuban blockade.

INDIA — India and China have agreed to negotiate their differences over the Kashmir. This represents a defeat for China since she has been trying to lure Pakistan away from the West. The agreement would release several thousand Indian soldiers to fight against the Chinese.

Red China has also announced that India has been breaking their cease fire agreement. Experts view this as a possible smoke screen for a new attack against still reeling Indian troops.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: In contrast to the beautiful weather of the last 6 days, about this time last year the campus was buried under eight inches of snow.

There is no cold air on the map at this time, however, and it now appears likely that the warm pleasant weather of Indian Summer will hold through the weekend.

FORECAST: Some "smaze" (smoke and haze) over the city, but generally sunny and warm with light variable winds. High wispy cloudiness gathering during the day; high, 58-62.

Pfeffer on Church, State

Controversies involving the separation of church and state have arisen only during the last 15 or 20 years, Len Pfeffer, general consul for the American Jewish Congress, said Thursday.

Speaking during a coffee hour in the Hendricks Chapel Colonial Room, Pfeffer noted that American social and moral laws are based on Protestant ethics, since Protestantism was the dominant religion in the U.S. in the 18th century.

In 19th century there was an influx of Catholics, then in the 20th century, of Jews, he said. Until the 1930's these groups had to contend with strong prejudices and could not question constitutional laws.

The first case involving religion and the state came before the Supreme Court in 1947, when Catholics asked for public funds for parochial school buses.

Since then, Pfeffer said, there have been about two dozen cases, including use of government funds for a Catholic hospital in Kentucky, the constitutionality of anti-contraceptive laws, and the constitutionality of censoring motion pictures which attack religions.

The last decision was the one in June in which the Supreme Court decided to ban a Regents prayer in public schools.

There are now three more cases before the Supreme Court, with decisions expected in June. Pfeffer said that this will create "more controversy and bitterness and dispute."

This controversy, he said, is a result of the multiplicity of the American people. "America is no longer a melting pot. People come to America and add their own culture, not take

7 Students Jailed in Apartment Sit-In

THIS WAY, MAC—SU students are escorted into the city police paddy wagon Saturday. EVERT MAKINEN, foot forward, leads the way. Minutes earlier the seven sit-ins had marched from the Savoy Apartments, in background, singing "We Shall Overcome."

CORE Group Refuses Bail; In Court Today

The owner of the Savoy Apartments has indicated to CORE members he will drop charges against the seven students jailed, the Daily Orange learned Sunday. He also has agreed to rent an apartment to the two African students he previously turned down.

By SUSAN WEINBERG

Seven Hill students were scheduled to be arraigned this morning in City Criminal Court on charges of "willful trespassing" following their arrest Saturday in a sit-in demonstration against alleged racial discrimination.

The four men and three women, all members of CORE (Congress On Racial Equality), refused bail offers and spent two nights in jail as further protest against the refusal of the owner of the Savoy Apartments to rent to two African SU students

Graduate students arrested are:

Rudolph Lombard, 23, a Negro, who is national CORE vice chairman.

Michael Lesser, 26, white.

Evert Makinen, 23, white, chairman of the Syracuse CORE chapter.

Daniel Mitchell, 21, a Negro.

Undergraduates arrested are:

Diana Goodwin, 19, a Negro, of Flint Hall.

Anne-Marie Thomas, 18, a Negro, of Flint Hall.

Deborah Neimand, 19, white, of 1000 Ackerman Ave., Syracuse, daughter of SU chaplain Rabbi Louis Neimand.

Picketing, in addition to the sit-in, took place from 11 a.m. to 5 p.m. Saturday in front of 105 Comtsock Ave., an apartment house consisting of eight units. The picketers were CORE members, international students and other interested students including several SU professors and graduate instructors.

The students were arrested about five hours after the demonstration began when owner of the dwelling, Lloyd Clifford, of 307 Ambergate Rd., DeWitt, decided to press charges.

At the time of arrest the students were informed by Sgt.

(See Jail, Page 8)

SU Responsible For Housing Problem: Rao

The issue which touched off the picketing and sit-in demonstrations by CORE members and other students Saturday is a small one in itself, but the situation is one which happens to most Asians and Africans studying here when they try to find housing, said Sreenivas Rao this weekend.

The Indian graduate student and former International Students Organization president blames the university and not the American people or the government for this situation.

"Finding housing for the international students ought to be tht prime responsibility of the university as a good host," he said. "Instead Afro-Asians must get their own, and usually can find housing only in dumpy, dirty homes where no white students would live."

Students specifically involved in this incident are Skeva Soko, a graduate student from Southern Rhodesia, and Antonio Boustcha, a graduate student from Mozambique. Boustcha is here under the auspices of the Cultural Exchange Department of the State Department.

(See Housing, Page 8)

One Apartment Rented to Negro

By AUDREY LIPPMAN

Lorraine Marshall had quite a shock when she returned to ner apartment Saturday.

CORE (Congress On Racial Equality) members, picketing against racial discrimination in the same building, had a big surprise too.

Miss Marshall, a tenant of the Savoy Apartments, is a Negro.

She returned Saturday noon from doing her laundry and grocery shopping to find people marching with signs in front of her building. The signs accused her landlord of refusing to rent to international students and Negroes.

With her roomate, Phyllis Vile, who is white, Miss Marshall said Lloyd Clifford, owner of the building, knew she was a Negro when they signed the lease for the apartment.

CORE pickets expressed complete amazement when Miss Marshall walked through the picket line to her apartment. It was apparent they had not known anything about Miss Marshall before beginning their protest.

Asked if they had any objection to Clifford's renting to African students, Miss Marshall replied for herself and her roommate, "Heck no. If he doesn't, we might move out."

Another tenant, Richard L. Neumann, is working for his Ph.D. in zoology on the Hill. He said he had no objection to having Clifford rent to Negroes.

"Some of my best friends are Negroes," Neumann added.

Miss Vile said she and Miss Marshall had originally subleased the apartment from Mary Willie, a Negro graduate student in the School of Music and Miss Janice Hooker, a white

SU Gets $400,000 Gifford Gift For Social Work School Building

Syracuse University has received a $400,000 grant from the Rosamond Gifford Foundation for construction of a building for the SU School of Social Work.

In making the announcement over the weekend, Chancellor William P. Tolley said the university will match the foundation's gift. The building is expected to be completed by fall of 1965.

The Gifford grant is part of the university's recently announced $76,000,000 Capital Fund Drive for construction and endowment by the SU centennial in 1970.

Largest

Allan Coughlin, president of the foundation, said the gift is the largest ever given in the seven year history of the foundation. A foundation grant of six years ago established a full curriculum for the School of Social Work, after a social work program was established in 1945.

Dr. Tolley said the building will be a part of "a social sciences building quadrangle to be constructed on the southwest portion of the campus."

The present school, located in the Crouse House at East Adams street and Comstock avenue, will be located temporarily on campus until the permanent building is erected. Dr. Howard B. Gundy is director of the school. The Crouse House will be torn down and a women's dormitory built on its site.

In comenting on the gift Coughlin said, "With expenditures in the neighborhood of $50,000,000 a year for the welfare services in Onondaga County, there is an urgent and growing demand for professionally trained social workers.

Service

"Our public and private health and welfare agencies, public and mental health services, hospitals, welfare organizations, recreation institutions and programs, family counseling agencies, child care services; programs for the aging, rehabilitation services, religious counseling, family counseling organizations and numerous others, are in need of trained and skilled social workers."

In accepting the gift, Chancellor Tolley said that the university and the Board of Trustees are grateful and that "the provision of a worthy and permanent home for the School of Social Work will have significance that is truly great for the entire field of social work, for the comunity and the nation.

"A continuing flow," Tolley went on, "of well trained professional social work leadership is assured and the good effects already demonstrated by the School will thus continue and increase."

Hill Joins Tele-Lecture

Syracuse University takes part this week in a unique teaching venture which could change the face of American higher education.

Syracuse is one of 11 universities around the country which is hooked up on a special television and telephone network to try out so-called tele-lecture procedure. The three day experiment opens this morning with a coast-to-coast panel discussion on "Current University Educational Needs in America."

Chancellor William P. Tolley is one of five university presidents participating in the initial closed circuit program.

According to tele - lecture planners, the procedure will attempt to receive the acute teacher shortage in higher education and give students an opportunity to learn from outstanding teachers at other schools. The program is directed by the University of Omaha.

As envisioned by its sponsors, tele-lecture will allow a professor in one part of the country to lecture to students at several schools across the nation.

The three day trial run features several well known per-

(See SU Joins, Page 3)

OPEN HOUSE

We Give Stamps

"Trading stamps have replaced gold stars for excellence in the third grade at the Brooklyn Avenue school (Valley Stream)."

—New York Times

In this age of progressive education it would appear that the 31 students of Mrs. Anette Higgins have progressed a little too fast. They have already reached the point, at eight years of age, where the symbol of adults' misguided sense of values has become one of their goals.

The students, with the approval of the school principal Eugene Kuhn, have made arrangements with a local supermarket chain to reward the students with 20 trading stamps—the equivalent of two cents—for each "A" on their report card.

And so the stamp craze has reached the third grade level. We thought children would be above the ridiculous habit.

The days of the gold seal for merit appears numbered if this practice catches on. We're sure parents will approve of this idea since there was a time that an "A" on the report card cost dad a dollar or more.

And in many cases the bribe increased as the student's grade in school increased until there came the point when graduation meant a new car or a year's supply of bubble gum.

Certainly parents will be happy to get off with just two cents per "A". What can you do with two cents? Buy seltzer?"

But the implications go beyond that. What will happen when schools take a reverse trend and go back to segregation—that is, some schools will only give "Green Stamps" while others will specialize in "Plaid Stamps". Colleges could make arrangements with the schools and soon students would be faced with a new approach to college entrance.

The college catalog will be replaced by the college premium book and only students with 3,000 books will be admitted to Syracuse.

Of course, there could be an alternative: The student could refuse the stamps and ask for a few more pages of work to do.

ANOTHER VIEWPOINT

A Role For AWS

By Audrey Lippman

The Association of Women Students is at it again. The interested coeds on campus are "invited to attend" sessions of lectures if they want to be AWS officers or guides. The two part series of the lectures goes under the self-explaining title: Through the Keyhole.

We wondered what keyholes these girls were going to be taught to look through. Certainly the name of this program invites comments and witticisms which have nothing to do with AWS (or do they?)

This course is intended to teach sophomore and junior co-eds about the governmental structure of the university, with some emphasis on AWS. But thinking back to before Thanksgviing we remember a similar course being offered by Joint Student Government. Its purpose was to teach students interested in campus government, including Goon Squad and Traditions Commissions, the facts of life concerning university and student government.

Wouldn't it be possible to combine the two courses into one? Several of the girls interested in AWS might also have taken the JSG program. On a campus where there is so much to do and so little time, it is foolish to waste time and energy conducting two programs which consist of essentially the same material.

Marilyn Burke, AWS president, started an interesting discussion in the last assembly meeting. She asked the coeds attending the meeting where they would prefer the site of a future women's dormitory. The three choices she offered were Hendrick's Field (right next to Sadler), the 100 Block of Walnut Ave. (near the Ambassador and Washington Arms), or out towards the Collendale area and Manley Fieldhouse.

Logically, girls want to be near boys, so the majority opinion was in favor of Hendrick's Field. But excluding the fact that it is near a men's dorm, Hendricks field is the best place to put a girl's dorm. The coeds on campus were disgusted last semester when they found girls would be living in the Ambassador. This is not the best area and in view of the trouble on campus last year, and the trouble the city police are having now in many parts of Syracuse, those coeds are scared silly to walk down there at night.

The Washington Arms is not the coolest location for women's housing either. To place freshmen women who are unfamiliar with the campus, in that section of town is plain folly. Since the university is short on housing for women, it may be necessary to keep the girls here for awhile until better facilities can be arranged. But why on earth would the administration want to put a new girls' dorm down there?

We are well aware that in the near future, the Collendale area will be set up as a fraternity and sorority complex. Presumably all the groups will move out together. It is doubtful that one sorority will go out there now and wait for the others to join in five years. So instead, should there be a coed living center there before the others come? In the lonely walk between campus and the Collendale area, many things could happen. Why take more chances then is absolutely necessary?

Through the Keyhole and the choice of a coed dorm site with all the work there is to do on campus. Couldn't AWS find something better to devote itself to?

LETTERS

Drivers

To the Editor;

In my opinion, the DO didn't go far enough when it asked, "what unnamed person will be struck down trying to cross College Place?" How about crossing the streets on campus? This can be quite a challenge at times. A campus should be a place where students can walk to and from classes without having to dodge cars.

To my understanding, it is a privilege for drivers, fortunate enough to be in possession of "on campus" parking stickers, to drive their cars on campus. While on campus, most of them seem to think they have the right of way over students crossing the streets, even when the students are walking in the crosswalks. Who has the right of way?

Ray Volz '64

Day Hall

To the Editor:

The searching of Day Hall and the editorial subsequently appearing in the Daily Orange in support of this action have once again demonstrated the extreme docility evident on this campus.

The mere idea of a mass search of private rooms, even in a college dormitory, should be distasteful to not only any student but also any American. It contradicts all concepts of the dignity of the individual which is common to our tradition.

What is more distasteful, however, is the unquestioning obedience of hundreds of supposedly intelligent college students. That only five of them were willing to place their principles above administrative efficiency raises great questions about the character Syracuse University.

Syracuse students, and particularly those in Day Hall, should indicate a willingness to stand up for more than just the singing of the national anthem at Sautrday's football game.

Fred Rosen
Rudy Lombard

"Saiment"

To the Editor:

Tolerance to the constant typographical and spelling errors that appear in our campus daily is most difficult to reserve. Certainly a personage in the field of well known as DOMINGO FAUSTINO SARMIENTO deserves more accurate coverage than that evidenced by the November 27 edition covering the presentation of his portrait to the school of education.

The caption refers to a "Domingo Saiment portrait." But, perhaps the editorial and copy staff are "right;" I do wonder how many students could be expected to know of this man and his work in education? have a most interesting day determining the knowledgeability of the student on this one!

Lawrence Przekop

Skeptics

To the Editor:

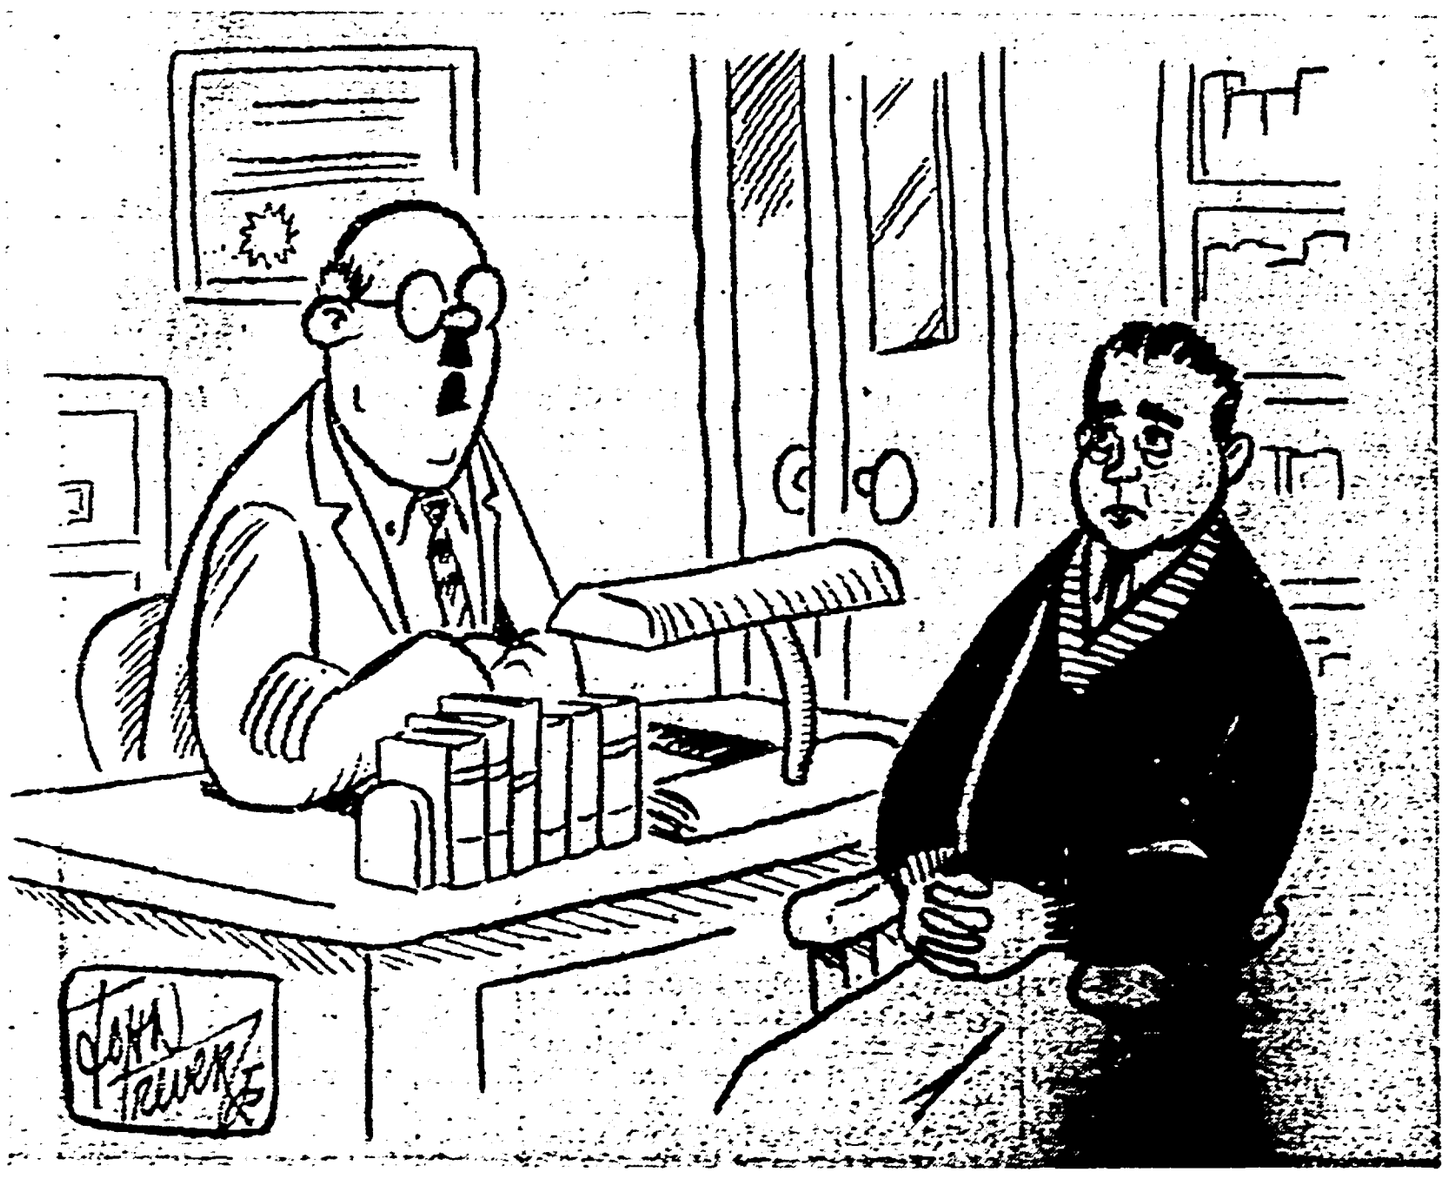
Last Friday's D.O. was a particularly bad one. In addition to the usual typographical errors (without which the D.O. might lose its homey touch), two articles, both of general interest, were left unfinished: 1) the Pfeffer review, and 2) a letter to the Editor (presumably written by some girls) entitled "Hughes".

But my main gripe is about a Campus Notice that never made it in the paper. Every week I call your office to put in an important notice about Skeptics Corner and, on the average, every other week some mistake is made in the printing. This is the third time that the notice did not appear in the paper. Since it is really important, would you kindly correct the mistakes by reproducing the notice here:

UPPERCLASS SKEPTICS CORNER meets this week only on Tuesday, 8:30 PM in Dean Noble's home, 315 Berkeley Drive. Guest will be Dr. Christofides of the Romance Languages Department.

Louis Flohr

Russell



To the Editor:

T. Lee Hughes, in his article on Bertrand Russell, shows that he has actually read some of the writings of this distinguished philosopher. This in itself, is unusual, since most people who comment on him do not take the trouble to read him.

T. Lee Hughes should be congratulated for attempting to explain such a complicated and extraordinary man in his limited newsaper space.

UP IN THE AIR

Fun Commercials

By Leslie Berg

I saw two beer mugs twisting last night! No, I was not in the home of pink elephants and other wonderous sights—The Orange. I was sitting in front of my magic box and watching a new television commercial.

What, you say! As a broadcasting columnist surely, I should know that the commercial is something to be ignored and avoided. That's the intermission in which you grab a sandwich, murder your mother, or do other assorted sixty second tasks. But commercials are fast becoming more clever and entertaining than the television programs themselves.

Remember Burt and Harry Piel? They started a trend. Commercials began to outdo each other in humor and novelty. The girls still exhaled smoke for thirty seconds and freckle faced lads still had jam on their faces. But we began to see real talent in commercials — men like Stan Freeberg and his immortal Chung King chow mein blurbs.

Meanwhile, back at the ranch (most TV programs still are on ranches) the programs remained the same. Chester didn't lose his limp, Perry Mason won every case and Father knew best. Instead of an improvement or a change the programs merely aped each other.

The trends show the basic philosophical difference between the advertisers and the broadcasters. Writers and producers of commercial feels compelled to create something new for their sponsors. They cannot be satisfied to copy an advertisement that has been successful. If Winston tastes good, then the Marlboro man must make his brand taste better.

Television, and radio, producers are perfectly satisfied to use the formula for success of another program. If the people like Peter Gunn, two is better than one and we have 77 Sunset Strip.

On and on the story goes. The broadcasters think that westerns are popular (adult westerns of course). First we had thirty minutes of sage brush and saddle sores. Then Marshal Dillon corralled us for sixty minutes. And next thing to come is ninety minutes. And next thing to come is ninety minutes of pure horse opera. The weekly epic will not promise to be different or more dynamic from other westerns. Why gamble when you have a sure thing!

But broadcasters had better beware, or they may find themselves as out of things as those coffee beans in the tea commercial. Before long the conversation before the set may run something like this;

"Hey guys, better get back here quick! The program's almost over. You're gonna miss the commercial".

Program note — all products mentioned in this column were named purely in the interest of art. We did not accept any payola. Of course any suggestion of voluntary contributions . .

A Chi Rho Wins

Alpha Chi Rho beat Phi Kappa Psi 190 to 150 Thursday night on WAER's "Syraquiz." A Chi Rho will now be retired to play DellPlain 6, the only other three time winner in a year-end semi-final match.

Phi Ep Elects

Phi Epsilon Pi fratrenity last week elected new officers for the school year. The new officers are Superior, Paul Ross; Vice Superior, Norman Begun; Recording Secretary, Neil Eisner; Corresponding Secretary, William Brodsky; and Treasurer, Kalmon Dolgin.

SU Joins...

(Continued from Page 1)

sonalities including former President Harry S. Truman, former Prime Minister Winston Churchill and Secretary of State Dean Rusk.

Several of the experimental shows include SU faculty members and administrators. Local participants will be televised from Ried Hall at University College, SU's downtown adult education division.

The following Syracuse representatives are involved in the test series and will appear on programs:

Dr. Melvin Eggers, economics department chairman; Asst. Prof. Donald Ely, audio-visual center director; Roy Ingham, Dr. William Rhode and Harold Vaughn, University College program administrators; Prof. Laurence Schmeckebier, School of Art director; Dr. Nahim Horwitz, associate professor of physics; Dr. Nelson Blake, professor of histroy; James G. Smith, audio-visual services coordinator, and Dr. Clifford Winters, University College associate dean.

Other school participating in the experimental telecast are: Washington University at St. Louis, Washington State University, University of California at Los Angeles, University of Oklahoma, University of Wisconsin, University of Omaha, Marquette University, University of Minnesota, University of Colorado and University of Maryland.

The first attempt to teach classes simultaneously on two campuses via tele-lecture is set for next semester. Professors from Omaha and Colorado will exchange courses.

This week's trial shows will include discussions of art, outer space, presidential libraries, balance of payments, history of the English language, news reporting, the Peace Corps, prospects for world peace and implications of tele-lecture procedure.

Oop! 'Rigoletto's' Tuesday

The Daily Orange Entertainment editor is currently canvasing psychology majors to find out why he has a mental block about putting "Tuesday" in headlines.

For the second time this semester a story about a Tuesday Famous Artists Series musical presentation, in this case the City Center Opera's version of "Rigoletto'," was "headlined" as appearing on Thursday.

The Entertainment Editor has checked his complimentary tickets for a third time and is now sure the opera will be presented this Tuesday and regrets any inconvenience caused by the incorrect headilne.

FROSH SMASH AGGIES, 85-31, AS DAVE BING THRILLS CROWD

By ART ROSSKY

The Syracuse frosh basketball team opened its season Saturday night at Manley Fieldhouse with an impressive 85-31 win over the Morrisville Aggies.

Most impressive of the frosh was Dave Bing, a 6-2, 178-pound jumping jack from Washington, D.C. Bing led his team in points (23) and assists (6).

Starting slowly, the Tangerines scored the first three points of the game on a free throw by Dick Ableman and a follow shot by 6-8 Rex Trowbridge, the tallest man on the floor.

Morrisville grabbed a 4-3 lead with 15:20 remaining in the first half.

The teams continued to trade turns in the lead until Bing put in a rebound shot at 9:13 to give Syracuse a 13-12 lead; the Tangerines did not relinquish the lead thereafter.

A moment later the Tangerines started a string of 17 consecutive points that brought the Hill edge to 32-14 and put the game out of reach for the Aggies.

Using a fast break effectively the Tangerines scored all of the points in this streak on shots taken close to the basket. Norm Goldsmith, a high-scoring reserve, paced the streak with five points while Bing, Ableman, and Jim Boeheim tallied four points apiece.

A three-point play by Frank Nicoletti increased the Hill edge to 35-16 at the halftime buzzer.

Halftime statistics showed Bing leading in points (9) and assists (3) and Nicoletti leading in rebounds with 8.

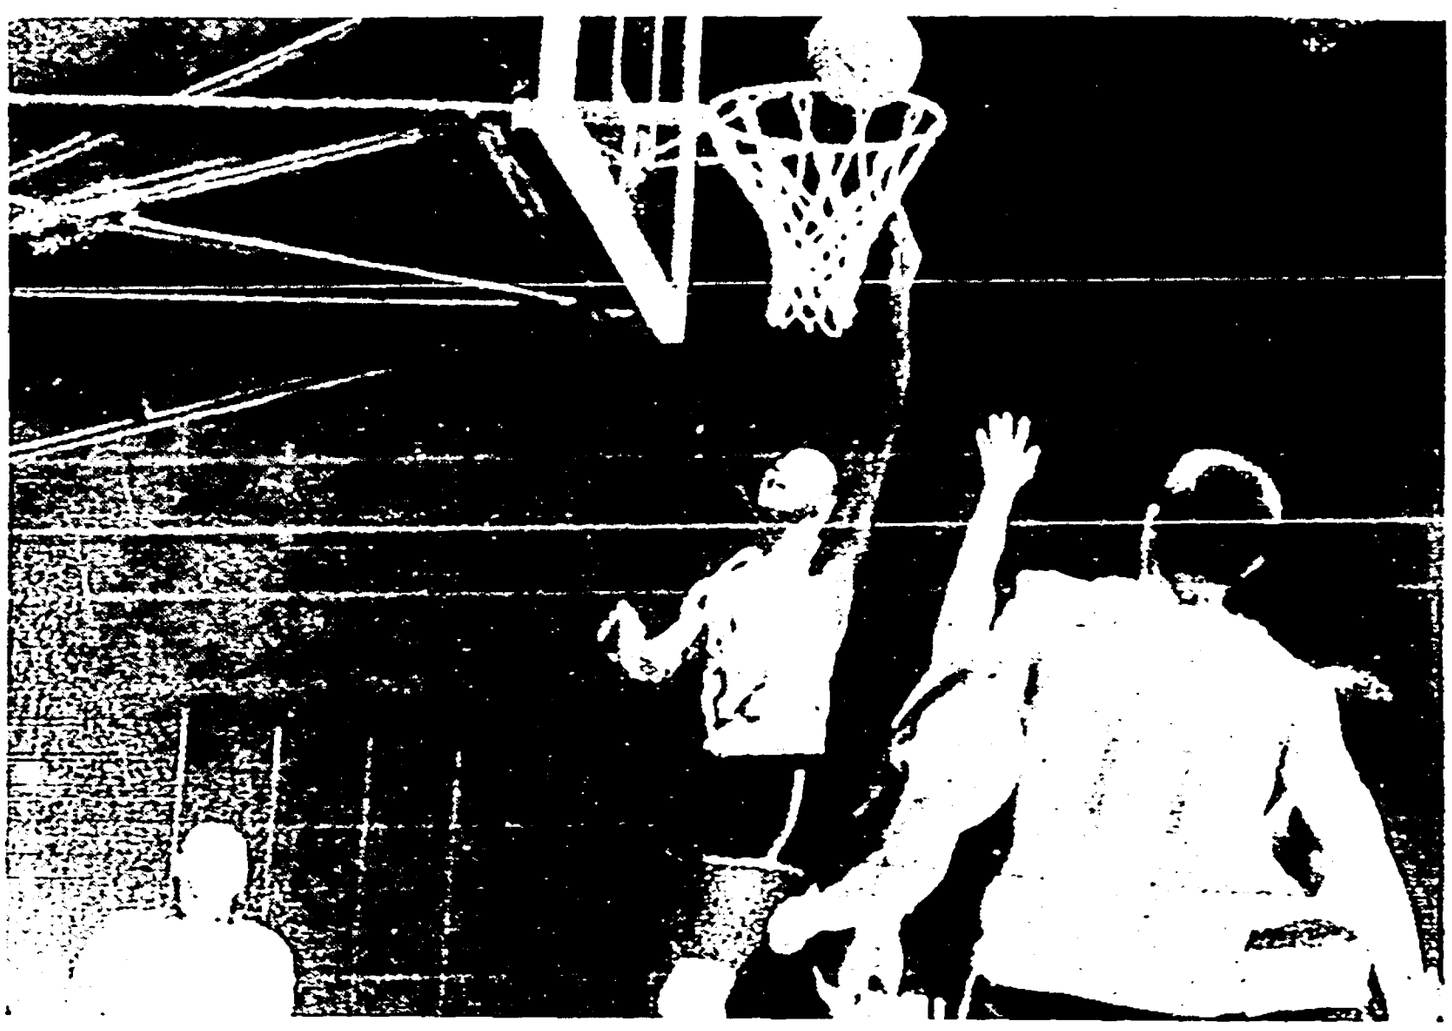
Showing the same hot hands displayed in the latter part of the first half, Syracuse opened the second half by scoring nine straight points, five by Bing.

Morrisville did not score its first point of the second half until 4:17 had elapsed.

Sparked by the smooth play of Sam Penceal, who was benched after incurring three fouls early in the game, the Hill forces started a 13-point spurt a moment later that brought the margin to 64-24.

With about six minutes left, Bing, alone under the basket, took one of Penceal's fine passes and thrilled the crowd by dunking the ball with two hands.

The Hill margin became 50 points when Boeheim sank a driving layup with the clock reading 2:47 to bring the margin to 78-28.



Hal Rooney, top signalcaller on this year's undefeated football team, hit two free throws in the closing moments to make the final score Syracuse 85-Morrisville 31.

Team balance was shown by the statistics which revealed that five Hill cagers scored in double figures.

In addition to Bing, who scored 23, others in double figures were Goldsmith and Ableman, 16 each, Boeheim 11, and Penceal, 10.

Nicoletti, smallest starter at 6'1", led the squad in rebounding by recovering 14 caroms.

Other top rebounders were Bing, 9, Penceal, and Goldsmith, 6 each.

DAVE BING (No. 22) lays it in for two points in the SU frosh's 85-24 win over the Morrisville Aggies. Looking on is Syracuse guard NORM GOLDSMITH. BING led frosh scorers with 23 points

Manley Opens

The George L. Manley Field House will be officially opened Sat., Dec. 15.

The official opening will be kicked off with a frosh basketball game at 6 p. m. The yearlings will be taking on Ithaca College.

The game will be followed by informal tours.

Then at 7:45 there will be a track program, featuring a mile run and a mile relay.

The official dedication ceremony will follow at 8:10, with a concert by the university band completing the half time program.

The dedication is wrapped up with the Syracuse-Army varsity basketball game at 9 p.m.

INTRAS

All entries for Winter Sports will be due by noon today in the Intramural Office. Teams wishing to enter Basketball, Volleyball, Handball, Table Tennis and Skiing must sign up.

DO WHAT CAESAR AND NAPOLEON COULDN'T DO...

Call home! Half the fun of doing something great is telling people about it. Moms and dads get a kick out of hearing what's up . . . even when it's nothing important. You'll like hearing their voices, too. Why not call tonight? Long Distance rates are lower, remember, every evening after 6:00 and all day Sunday. Extra low for many calls within New York State after 9:00 p.m.

New York Telephone

Orange Statistics

Orange Coach Ben Schwartzwalder's Orangemen will close out their season in the Los Angeles Coliseum this coming Saturday; their opponents will be the rugged Bruins of U. C. L. A.

The last time the Orange played in the Coliseum was in the final game of the 1959 season, the year they won the national football championship. Just at it was in 1959, the game will be nationally televised.

Unlike the last time, however, the Orangemen will not be heavy favorites this year, because of their 4 - 5 record.

The big causes of the poor showing by Syracuse so far this year have been constant fumbling and penalties. The Orangemen have lost 21 of their 30 fumbles, compared to the 5 of 11 lost by their opponents. They have also been penalized a total of 396 yards; this is better than 14 yards per game suffered by opponents.

With the exception of the disastrous West Virginia game, the Orange offense has been fairly impressive in recent weeks. Quarterback Walley Mahle has completed 32 of his 67 passes for three touchdowns and 346 yards. His substiutte, Rich King, has been successful on 11 of his 31 aerials; these were good for 152 yards.

"Bo" Nance leads all rushers with 335 yards in 68 carries for a 4.9 average. Don King with 262 yards in 44 carries and Mahle with 254 yards in 79 carries are the other men with more than 200 yards gained rushing.

Schoonover, Hunter, Gaskins, Koski and Mackey all have gained more than 100 yards on the ground.

The leading pass receivers are Mackey with eight receptions and 131 yards gained and Don King with seven for 79 yards. Bowman, Koski, Sweeney, Nance and Schoonover have all gained considerable yardage on pass receptions.

John Humphreys is the leading punter with a 33.5 average. He is followed closely by Jim Cripps, who has a 36.6 average.

Mahle is the top scorer with 40 points. Don King has scored 30.

Syracuse Wins on Foster's Basket

By MARK DIAMOND

For 39 minutes and 58 seconds it looked as if all the shouting would be for naught and the 1962 edition of the Syracuse basketball team would be a carbon copy of its immediate predecessors, until captain Herb Foster wrote a new ending.

The Orangemen were trailing Kent State, 35-34, and after calling a timeout with the clock showing ten seconds remaining, Carl Vernick drove toward the foul line. He started up with a jump shot but saw Foster open to the left of the basket. Foster threw up the shot that bounced around the rim and dropped through with two seconds remaining.

This was the first game for Syracuse's new coach, Fred Lewis, as well as the initial time that the team had played in the recently completed Manley Field house.

After a rousing pre-game warmup during which Syracuse's flashy orange and blue warmup outfits made their debut, the contest began as if it were being played in snow.

Each squad used a zone defense and the ballhandling was so loose that shots were hard to come by. Foster converted a rebound at 18:32, and the Hillmen didn't score another basket for five minutes.

After 10 minutes of play, Syracuse was on top 12-8 and it was fast becoming evident that neither team would be able to pull away. Both squads were forcing offensive errors and there were several stretches of over a minute when the score didn't change.

When Syracuse's Dick Duffy hit on a long jump shot with two seconds left in the first half, they had a 19-16 advantage. Kent State's inability to cash in on its foul shots was a large factor in the score, and was to be even more important as the game wore on. The Ohioans were 2-6 from the line in the first 20 minutes, and finished up 9-19.

In the dressing room, Lewis expressed concern over his team's bad shooting (it was 8-22 while the visitors were 7 for 22), but seemed satisfied with the defense and rebounding.

The tempo of the game picked up perceptively in the second half. Although the scoring was still sporadic, both teams worked the ball better and engaged in some furious scrambles for possession.

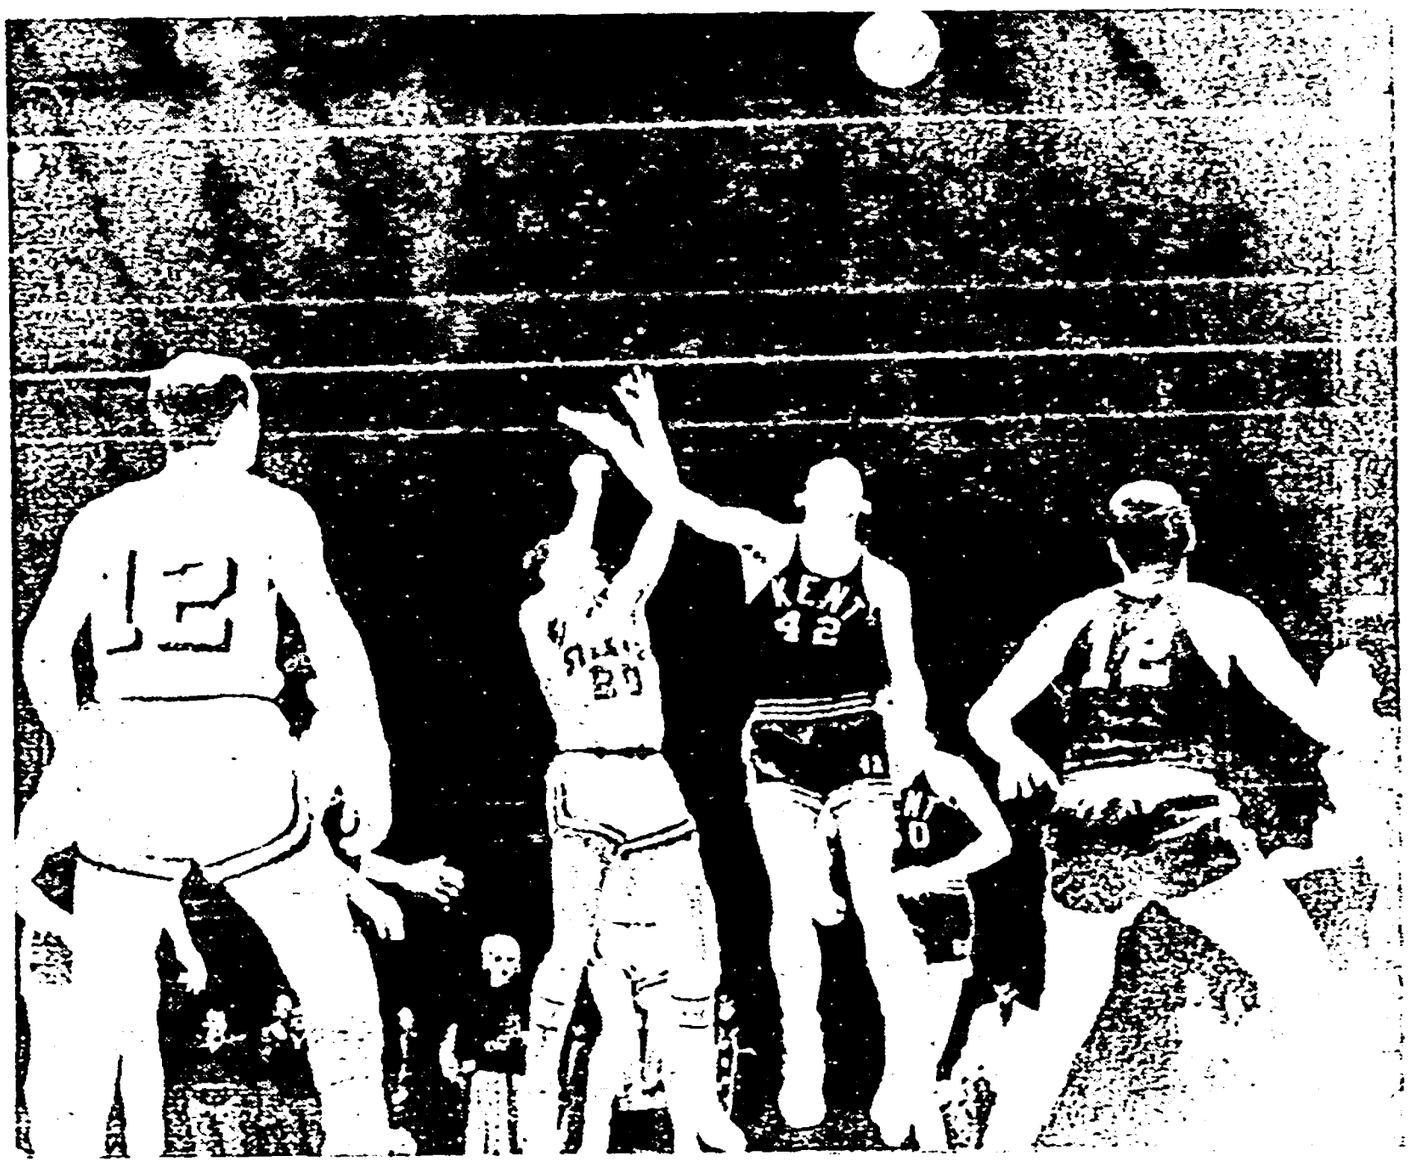
The last "large" lead of the night came when Phil Schoff's jump shot gave Syracuse a 22-18 margin at 17:10. Then the game began to "tie-tin." The score was even at 22, 24, 26, 28, 29 and 31 apiece.

After a Syracuse foul shot, Dan Norris' jump shot put the Golden Flashes ahead, 33-32, at the 16 minute mark. Now came four minutes of some of the roughest, hard fought and feverishly contested basketball that you'll ever see.

Mike Kelly cashed two free throws and State had its biggest lead of the game, 35-32. After a three-minute drought, Bob Murray's tap-in moved the homestanders within one, 35-34, at 1:21, and set up Foster's heroics.

In winning their opener, which freshman hooper Sam Penceal called, "the one we needed," Syracuse extended its winning streak to three, dating back to last year.

After the game, Lewis praised his squad's effort. "We made a lot of mistakes, but you have to expect that in a young team's first game," he commented.



The coach called defense the key to the victory, adding, "you can't say enough about this team's hustle in the final minutes. You've got to give them all the credit."

And so Syracuse is undefeated, if only for the moment. The 3,069 fans who attended the game were clearly anxious to see that Lewis' charges get the support that they deserve, and the fact that only 2,000 seats had been provided did not seem to dampen their spirits. Here's hoping that the "New Era" isn't too far in the future.

Day Search Debate Dies

Controversy about the Nov. 17 room search of Day Hall has quieted down among the coeds in the dormitory.

No more thefts have been reported.

Apartment...

(Continued from Page 1)

graduate student in the School of Journalism. A third girl, of Chinese descent, had also roomed with Miss Willie and Miss Hooker.

Since then, Miss Marshall and Miss Vile have signed a new lease. Miss Willie and Miss Hooker are now living at 643 S. Crouse Ave. They said they were very interested in the picketing and came to watch it for over an hour.

Both Miss Marshall and Miss Willie said there had been no trouble with Clifford because of their race.

Miss Marshall who works at the Syracuse State School, said she wished she had known about the protest before hand so she could have made her own signs, offered hot coffee to all the participaters in the protest.

Watson Art Display

A display entitled "Art is Not an End in Itself, but a Means of Addressing Humanity" is currently being shown in the main lounge of Watson Hall.

"Lithography," a color printing process, is analyzed in several display cases featuring methods of color graphics reproduction, types of color printing and the history of lithography.

The display, which will be exhibited through Dec. 15, is open to the public.

The Littlest Picketer

PICKET LINE—These are some of over 20 persons who picketed the Savoy Apartments, Comstock and Genesee, Saturday afternoon. An unidentified woman wheels her yellow-blanketed baby son. The picketers conformed to accepted procedure, creating no disturbances and moving continuously.

BlazeEmptiesDellPlainHall

Delllain Hall was evacuated Thursday night due to a wastebasket fire on DellPlain 2.

The fire, which was quickly extinguished, initiated a new policy of sounding the fire alarm for all fires according to dormity personnel. Two fires last month, which damaged bulletin boards in the main entrance and on DellPlain 6, were handled without emptying the dorm.

Richard Goolsby, DellPlain, director, called floor meetings after the alarm to explain the situation to residents.

Get Lucky
Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:
First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded $25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a $25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to ⅓), clarity and freshness (up to ⅓) and appropriateness (up to ⅓), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

Picket Planners

MEETING FRIDAY at 618½ Irving Ave., EVERT MAKINEN, RUDOLPH LOMBARD, and SKEVA SOKO go over final plans for Saturday's picketing and sit-in demonstration at the Savoy Apartments. Makinen and Lombard are two of seven students jailed. Soko is one of the two African students who wanted to rent a room.

Hyde Park at Chapel?

By STEVE MONBLATT

Waving an American flag from the steps of Hendricks Chapel, two political science majors Friday led nearly 300 students in what they called a "peaceful demonstration" in favor of free speech on campus.

The students, junior Richard Kram and sophomore Lawrence Goldstein borrowed the flag with consent of Chapel Dean Charles C. Noble.

They started speaking at about 4 p. m. with "no one but ourselves listening," but their free-swinging talk ranged from Communism to Fascism, and soon attracted a large, but relatively silent crowd.

Although Kram and Goldstein urged members of the audience to come forward and speak, only one student came forward and noted the flag was torn.

"We hope to hold a free speech demonstration every Friday," Goldstein said. "It's bettre to blow off steam here like this than to go out to TC (Tecumseh Club) and get drunk," he added.

"We're going to be here next Friday at 3," Kram said. "We would like to make this Syracuse's own Hyde Park or Union Square."

The idea for the demonstration originated with Kram last Wednesday. He is a JSL Senator and is heading a JSL subcommittee that has been investigating freedom of speech on the campus.

Speech

Kram said his investigations have shown that the Hill administration is "strongly in favor of free speech on the Syracuse campus." They will allow anyone to speak. The only thing that the administration asks is to be notified ahead of time, according to Kram.

Kram said he intends to sponsor a resolution in the JSL to invite speakers representing groups from the extreme political left and the extreme political right to speak on the campus, as a demonstration of free speech.

Both Goldstein and Kram are members of the American Civil Liberties Union and are helping some Hill professors in forming an ACLU Western New York chapter.

'66 Basketball Player Faces Auto Charges

Syracuse University freshman basketball player Francis Pinchot, 19, a resident of DellPlain Hall, has been charged on three separate traffic violations stemming from an accident at 137 Comstock Ave. about 2 a.m. Friday.

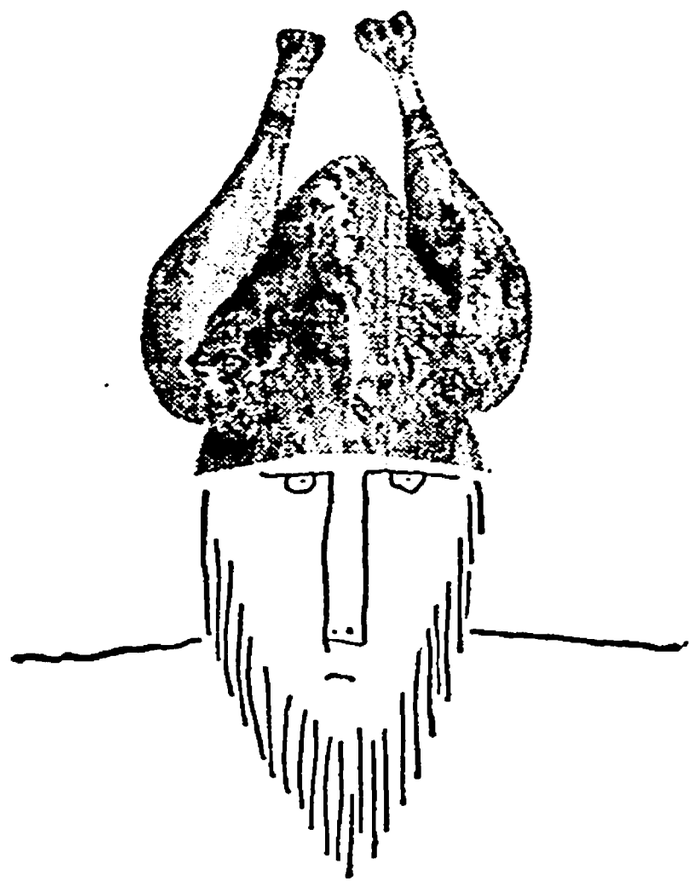
Pinchot, who is in fair condition in Good Shepherd Hospital has been charged by city police with reckless driving, driving without a license and driving an unlicensed and uninsured vehicle.

Syracuse City Patrolman Bernard L. Bausch said he chased Pinchot at speeds of up to 80 miles per hour through Thornden Park about 2 a. m. before the car hit a small abutment, flipped on its side and crashed into a garage.

A passenger in the car, George Hawker, 21, of 313 Merriman Ave., a student at Central City Business Institute, was also admitted to Good Shepherd. He is described in fair condition with head and left shoulder injuries.

Pinchot suffered an injured jaw and briused back.

No university action is expected against the student until civil charges are disposed of.



Jerome Receives New Post

Dr. William T. Jerome III, dean of the SU College of Business Administration, has been named dean of the Graduate School of Sales Management and Marketing.

The school, which meets two weeks each summer on the Hill, offers an executive development program. It is co-sponsored by the university and Sales and Marketing Executives International.

Prof. Richard R. Still, chairman of the SU marketing department, was named faculty director of the school.

The graduate school was founded in 1953 to help meet the demand for out-side the-company executive training that deals with marketing problems. Faculty members are drawn from several universities and sales divisions of corporations.

Housing...

(Continued from Page 1)

The two answered an advertisement in Wednesday's Daily Orange and went to look at the Savoy Apartments, 105 Comstock Ave. with the intention of renting. "When we got there, there were lights on in the apartment; but the people wouldn't open the door because we were Negro," Soko said.

"I called the owner, Lloyd Clifford, of 307 Ambergate Rd., DeWitt, again and he said the apartment was still available," Soko continued. "Then he asked me my nationality. I said I was African and he asked me if I was Negro. I said yes and he said he didn't think he could rent the place to me because the other tenants would object.

When questioned, Clifford said he had already promised the apartment to another couple. He had not withdrawn the ad from the Daily Orange because no lease had been signed.

Clifford denied that he had asked Soko his nationaltiy or said that the neighbors would object to his presence. He also denied that he practiced discrimination because one Negro girl now lives in one of the apartments. Before she moved in a Negro girl and a Chinese girl were the occupants.

Soko said that after he had notified CORE, he called Clifford once more and asked again to rent the apartment. Clifford still refused and Soko told him that he and CORE planned to take action.

"Clifford said he didn't care what we did because he was planning to sell the apartment house anyhow," added Soko.

CORE members could not reach Clifford most of Saturday to inform him of the picket and sit-in. He was out, and did not arrive at the dwelling until about 3:30 p.m. Speaking with the demonstrators, he repeated his right to rent to whomever he wished. Police agreed with him.

Soko lived in Sadler as a resident adviser until a month ago when he left the RA program. "Dean David F. Tatham assistant dean of men, offered me a place to live in University Cottage, a freshman dormitory. Then he told me that I would have to move to Watson Dorm and eventually to a prefab," he said.

"I can't keep moving my things. I must have some permanence," Soko emphasized.

Bousteha is currently living in an apartment at the corner of South Crouse avenue and East Adams street. This building has been referred to by CORE members as a "dump which is very inadequate and sub-standard."

Speaking for the university late Sunday, Dean of Men Earle W. Clifford explained university policy regarding housing for graduate students.

The university composes a list of people who are willing to rent to students, he said. Last year, due to a great number of requests for housing the list became very disorganized and inaccurate. Names appeared which had already found tenants and there was no clear statement that discrimination would not be practiced.

This method was revised last spring, Clifford added. When a person wishes to rent a room to students, his name and address is taken over the phone. He is then sent a form which he must complete and sign which says he will notify the university when the vacancies are filled. In addition, he must promise not to practice discrimination.

If the landlord refuses to sign this form, his name will not be put on the list, emphasized Clifford.

"Because of the great number of students requesting housing during the registration and orientation period this fall, this procedure broke down and the list became inaccurate again," he noted. "For the past month we have been trying to straighten it out."

Clifford denied that the university was lax in its responsibility to the international students. "Basically the university has an enviable record in meeting responsibility," he said.

"We have been working on the problem for over a year, even before CORE took up the issue and came to see us," he added. "CORE actually had no significant impact on the situation at all. We were already concerned simply because we weren's supplying a service."

"Of course, there is no question but that housing for the foreign students can be improved," he said.

While CORE would like to see the housing list become better organized, it would also like to see the Daily Orange initiate a policy that would require all advertisers to sign a similar pledge or refuse their advertising.

"People who advertise through the university should be aware that their audience is mixed and should be willing to rent accordingly," Soko said.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

FORECAST— Sunny and warm with "smaze" mostly over the city and low spots along the west side of the campus. Light, mostly southeasterly breezes, clear and cold tonight. High, 58-62, low, 30-35.

Jail...

(Continued from Page 1)

Thomas Sardino that they were committing a misdemeanor by sitting in the apartment in question without Clifford's permission. Sardino gave them the opportunity to reconsider their position and leave before the arrest was made.

All of the students refused to leave.

Taken to the West Willow street jail in the police paddy wagon, the students marched peacefully from the apartment singing "We Shall Overcome."

If convicted the seven will face possible penalties of a $500 fine or one year in Onondaga County Penitentiary or both.

While foreign students participated in the picketing, only United States citizens took part in the sit-in. "Foreign students were most sympathetic with the cause, but realized that their stay in the United States might be jeopardized by such illegal action," said Lombard.

The two African students who Clifford refused to rent to are Skeva Soko, from Southern Rhoresia and Antonio Boustcha from Mozambique. Skeva said that a similar incident occurred last year when he was trying to find housing.

Police squad cars patrolled the area throughout the demonstration. Before the sit-in was discovered, police promised to protect the rights of the students to picket so long as it was done in an orderly manner and no traffic was obstructed or private property was encroached upon.

The sit-in, however, was an illegal activity since it involved encroachment upon private property and police would give no protection to it.

The apartment had been left open by Clifford so that the old tenants could finish moving their furniture from it. The students walked in while the tenants were there and sat down on the bare floor. They refused to move until they were arrested.

Those picketing included Eduardo Dhivambo Mondlane, associate professor of sociology and anthropology; his wife; the Rev. James Hunt, a graduate instructor in religion; and Dr. Byron Fox, sociology professor and ISO advisor.

Returning from five days in New York City, Prof. Mondlane's wife took him to the picketing as soon as he arrived home.

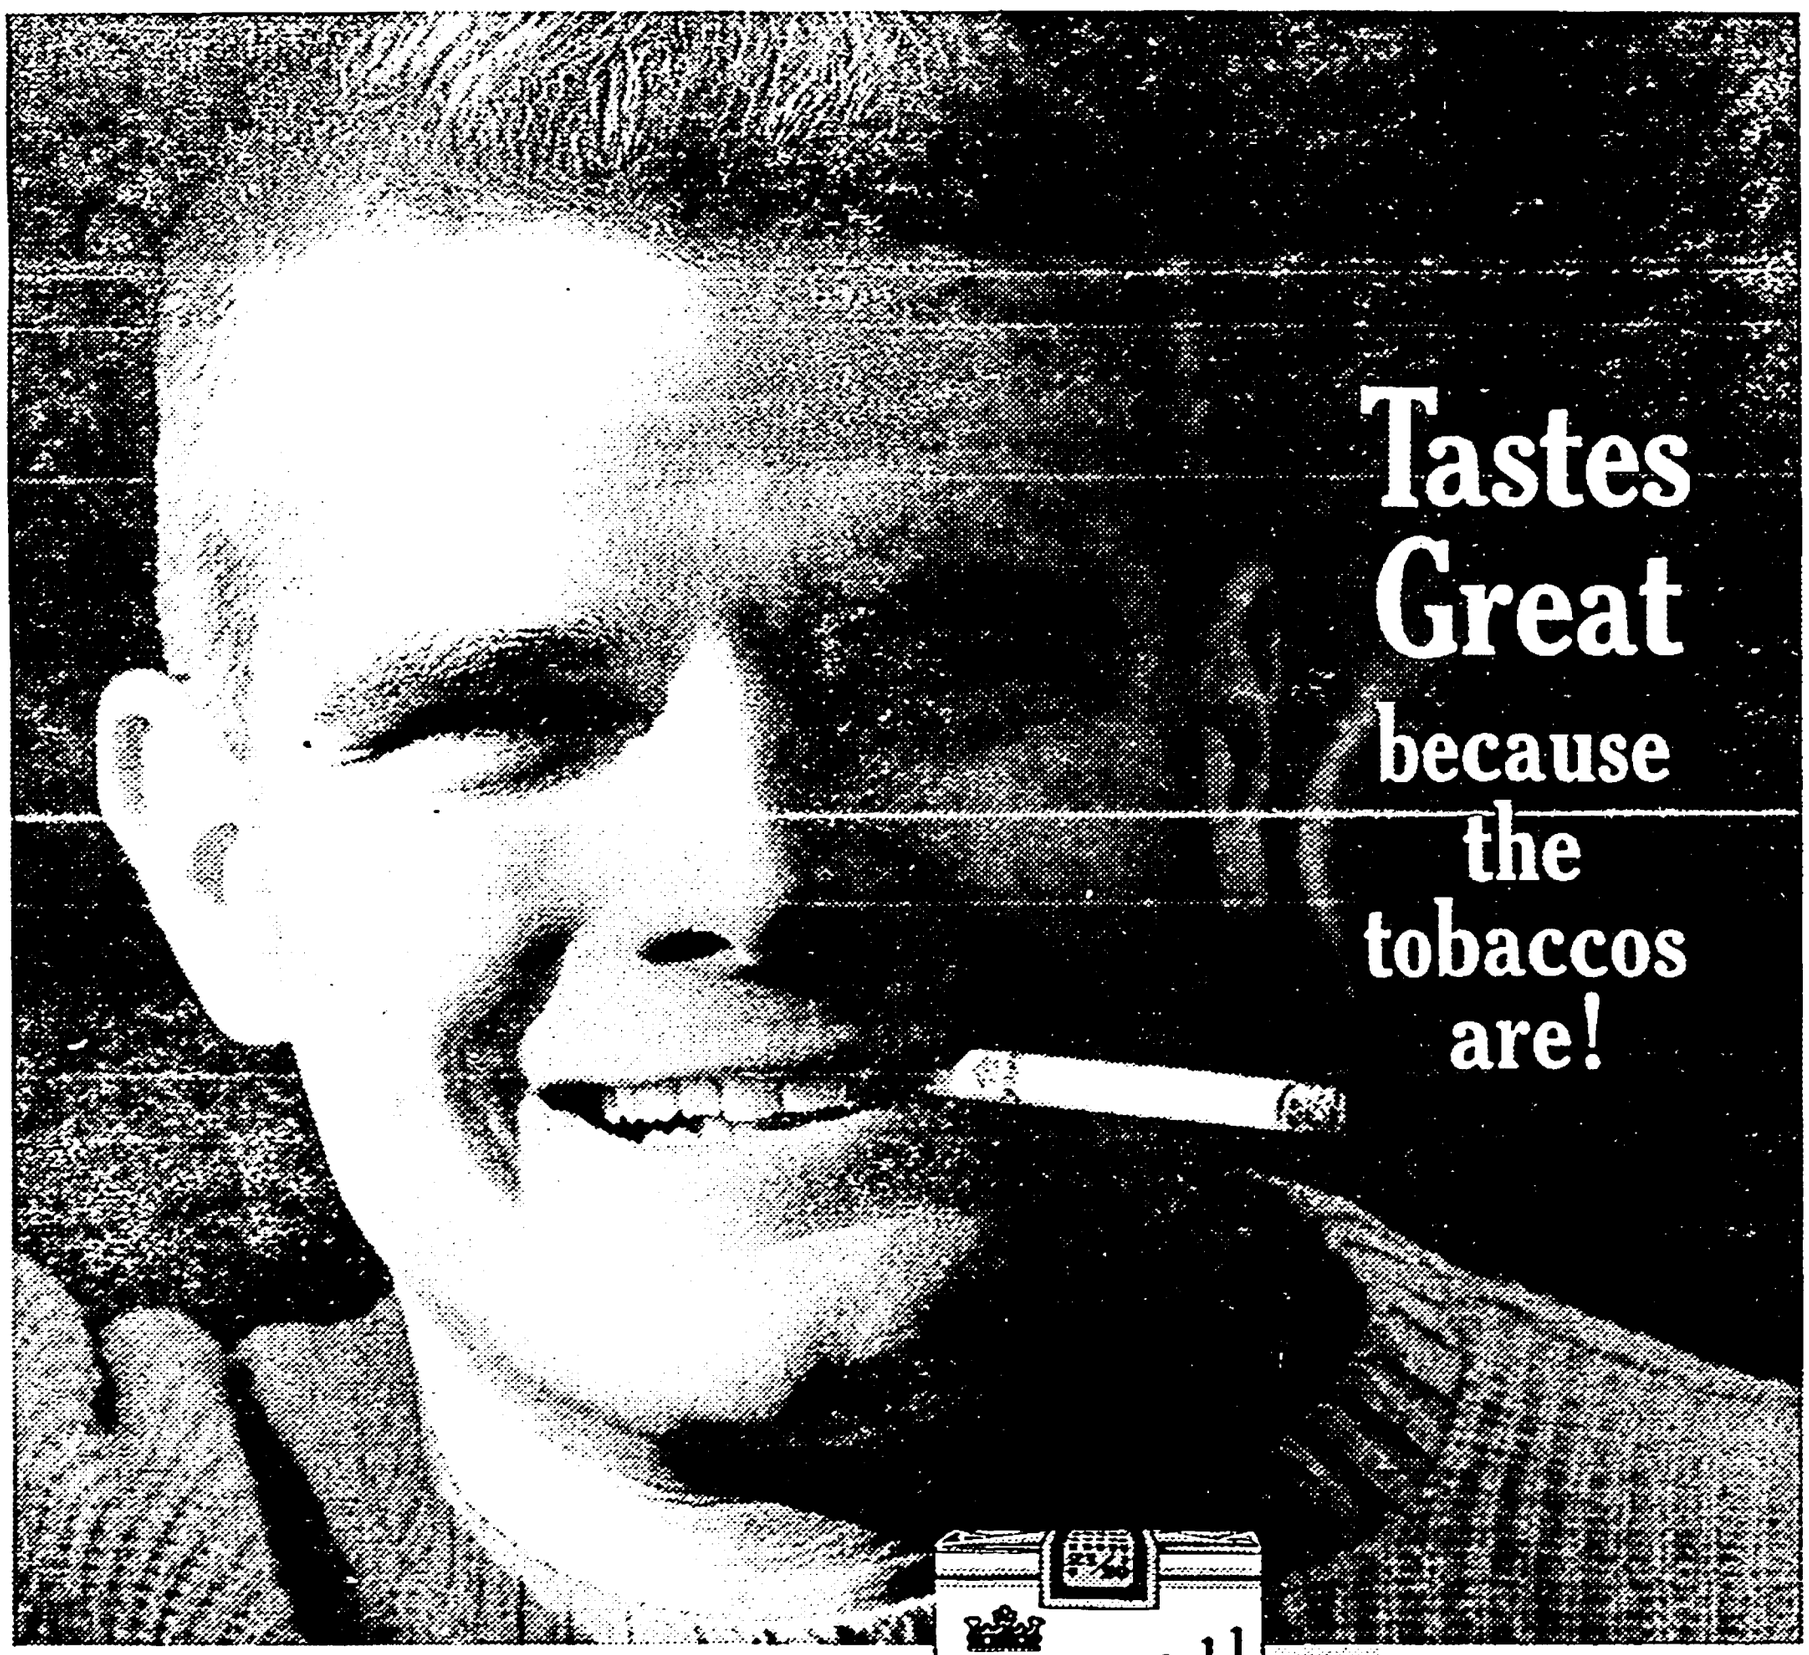
"It's a shame to the university and to the city of Syracuse that an African student should be refused housing because of his race. The State Department has invited many students to study here in an effort to promote better understanding and here they receive a slap in the face," he said.

Prof. Mondlane has accepted the presidency of the Mozambique Liberation Front, and said last October he will give up his teaching post to lead the independence movement of his native Mozambique. One of the African students who tried to rent the apartment is from Mozambique.

SIA Christmas Sale Opens

Dr. Gordon D. Hoople, chairman of the SU Board of Trustees, opens the annual Syracuse-In-Asia Christmas sale this morning in the Hendricks Chapel lounge.

On sale from 9 a.m. to 5 p.m. all this week will be Oriental art prints, kimonos, wind bells, jewelry, brassware, textiles, toys and other items.



For 16 years the sale has been the major source of income to pay expenses of a Syracuse graduate student teaching in Asia.

Nannette Williams, the present SIA teacher, has sent many of the sale items from Taiwan. Others have been brought here through faculty members in Asia and importing houses.

Dr. Hoople founded SIA in 1922.

Originally the group was called Syracuse-in-China. After the Communists took over the Chinese mainland, they forced SIC representative Tom Scott to leave the country in 1950. SIA now operates in Formosa, India and Thailand.

SIA is first a service group and then a social group. In trying to fulfill its aim "to lay a foundation of understanding and friendship," SIA sponsors Chinese lessons, international dinners, speakers and movies on campus.

Oriental Christmas

SYRACUSE-IN-ASIA is sponsoring its annual Christmas sale from 9 a.m. to 5 p.m. all this week in the Hendricks Chapel lounge. Proceeds sponsor a Syracuse teacher in an Asian country. The jewelry table was a big attraction Monday.

7 Students Released; Apartment Rented

By CLAY RICHARDS

Charges were dropped Monday morning against seven Hill students arrested Saturday on charges of "willful trespassing" while participating in a sit-in demonstration and picketing against alleged racial discrimination.

The seven students, who spent the weekend in jail, were released shortly after noon Monday when Lloyd Glifford, landlord of the picketed apartment, dropped charges just before the seven were to be arraigned in City Criminal Court.

The Saturday demonstration, at the Savoy Apartments, 105 Comstock Ave., and the weekend in jail, were part of a protest demonstration inspired when Clifford refused to lease the apartment to two African students.

Monday Clifford told the Daily Orange, "I've rented the apartment (to the Africans), dropped charges and signed releases for the students. I have no hard feelings; I think this action proves I'm not opposed to integration.

"I feel it was very unnecessary for them to spend time in jail," the landlord continued. "What they should have done was come up to the house and talk it over rather than picket.

Shocked

"I was shocked when I went by the apartment Saturday with a prospective buyer and saw the pickets," he said.

The seven CORE (Congress On Racial Equality) members who were arrested see the case "as a distinct and clear cut case of discrimination."

"We had two purposes for the demonstration," stated Evert Makinen and Rudolph Lombard, speaking for the seven.

Plans

When questioned about future plans of the local CORE group, Makinen said they would have "to judge if the community has felt the moral impact of this case," before taking further action.

He said it was unfortunate that Clifford has to be singled out for action since there are a lot more people who are guilty. "If we have to prove this on a basis of single landlords, we will," he said.

The group is now planning meetings with university officials to discuss the role of the university in bringing pressure on the city for equality in housing.

While the "bare wood and boards in jail are a far cry from posturepedic mattresses, we would do it over again, for the same cause," Makinen concluded.

Meeting Today

Six Hill chaplains are sponsoring an open prayer service at noon today in Hendricks Chapel to "demonstrate university community concern" over the picketing and sit-in arrests of the past weekend and the housing discrimination situation in general.

The Rev. David E. Engel, Presbyterian; the Rev. Vernon Bigler, Methodist; Rabbi Louis Neimand, Jewish; Miss Priscilla A. Howland, United Church of Christ chaplain; the Rev. Robert C. Ayers, Episcopal; and the Rev. Paul F. Bosch, Lutheran, are the participating Chapel staff.

Prof. Eduardo Mondlane of the Maxwell School will speak about the housing situation at the service.

Members of the Congress On Racial Equality had planned a rally on the steps of Maxwell for noon Monday.

However, late Sunday night it was realized that since CORE is not a student group, university rules would not permit use of campus facilities without permission.

Consulting with International Students Organization advisor Dr. Byron Fox, CORE leader Frederick Rosen found it was too late to gain such permission.

Fox and Rosen decided that rather than allow the issue of non-university use of campus facilities to detract from the central housing discrimination issue, the rally would be called off.

This decision was communicated to the Daily Orange late Sunday night.

3 Sit-Ins 'Old Pros'

By AUDREY LIPPMAN

Three of the students arrested during the CORE (Congress on Racial Equality) sit-in on the Savoy Apartments Saturday have been jailed previously because of their participation in other sit-in movements.

Deborah Neimand, Rudolph Lombard, and Daniel Mitchell all have had experience in working with the sit-in demonstrations.

Lombard, national vice chairman of CORE, was former chairman of New Orleans CORE. He has participated in several sit-ins, one of which is now a case before the United States Supreme Court.

The case before the Supreme Court involves four people including Lombard who were arrested for trespassing, disturbing the peace and taking temporary possession of a department store lunchcounter in New Orleans in September, 1960.

In the State Court, these people were found guilty and sentenced to 60 days in jail and a $250 fine. If they did not pay the fine, they would have to spend 60 more days in jail.

The case was appealed to the Louisianna Court of Appeals, where the decision was upheld. In August, 1962, the United States Supreme Court agreed to hear the case, which was argued before it in October, 1962. No decision has yet been handed

As of Labor Day, 1962, 77 restaurants were opened for integration in New Orleans. Since this objective has been accomplished, said Lombard, it is more important than the decision of the Supreme Court, he said.

Mitchell has been involved in several sit-ins in Atlanta. In a sit-in of Atlanta's largest department store, Mitchell, along with several others, including the Rev. Martin Luther King, was arrested for participation. Mitchell served 30 days in jail for his part in the movement.

Miss Neimand, daughter of SU chaplain Rabbi Louis Neimand, was arrested for her participation in a sit-in in Baltimore during the Christmas vacation, 1961. According to her mother Miss Neimand was in jail only a few hours. Since that time Maryland has passed a law on public accomodations which automatically dismissed the case against Miss Neimand.

Miss Neimand signed a waiver stating she would not sue the restaurant involved and the case was dropped.

Her mother said "it is nice to find that certain things we believe in have been instilled in our children. We might choose different ways of expressing our beliefs but we are very proud of Debbie."

Dollar Drive Opens

Campus Chest will kick off its annual Dollar Drive today.

The drive which aims to encourage every student to contribute one dollar to charity, will last until Dec. 14.

Dr. Eduardo Mondlane, associate professor of sociology and anthropology, will speak on World University Service at 9 p.m. tonight in Kittredge Auditorium of Huntington B. Crouse Hall. The executive secretary of the World University Service, W. J. Kitchen, will also speak.

World University Service is one of Campus Chest's main charities. They also contribute to Syracuse-in-Asia and the United Negro Scholarship Fund.

Dollars will be collected on each floor of the living centers and in each fraternity and sorority house by individual representatives. Block representatives will then collect the money.

This year for the first time, commuting students will be asked to contribute to Campus Chest. Letters are being sent to the faculty and other members of the University community.

Dr. Mondlane, formerly of South Africa, will leave the faculty in February to become president of Mozambique Liberation Front in Africa.

Dellplain 8 won a trophy for its booth in the Campus Chest Carnival Oct. 26, Steven Wimpfheimer and Joanne Stolte, Campus Chest co-chairmen have announced. The floor sponsored a sponge-throwing booth. They sold 1130 tickets.

Iota Alpha Pi won second prize for its cotton candy attraction. They sold 410 tickets. The booth of Phi Mu and Theta Chi, featuring pie-throwing, sold 317 tickets, giving them the third prize.

Today

"A NIGHT AT THE OPERA"—at 7 and 9 p.m. at the Regent Theater. Marx brothers comedy.

READER'S THEATER — "Don Juan in Hell," by George Bernard Shaw, 8 p.m., Huntington B. Crouse Hall. No admission charge. Freshmen women's curfews have been extended for the performance.

National Secretaries Evaluate Greeks

By ADAIR DuFINE
Junior Editor

Strength in progress, a motto which must be projected into the entire Greek system on the Hill, was the theme left by the national executive fraternity secretaries after their three day stay in Syracuse.

Releasing evaluation reports to the dean of men's office, the Greek accrediting team reviewed the areas of housing, and university plans for fraternity relocation with an air of watchful waiting. Summarizing the report of Vice President John Olson, the committee, headed by Alexander Lewin (Phi Sigma Delta) questioned five areas of housing-relocation.

The report to the secretaries, reviewed in the Daily Orange last Thursday, disclosed university attempts to relocate fraternity-sorority houses in a complex or grouping in the Collendale, Comstock Avenue area. Visiting secretaries on the housing committee suggested the need for a definite layout plan with fraternity professional people as well as university personnel.

Suggestions from these Greeks in the fields of general layout capacity, location, and design of sleeping room, recreational space, chapter rooms, dining areas, etc., would facilitate closer realization of individuality among houses, affirmed the report.

Plans for the common kitchen, brought up by the vice president, received generally dubious response. The secretaries requested further plans and studies of the plausibility of this suggestion before actual affirmation could be given.

Dealing with relocation, the secretaries questioned the limitations put on individual houses under the Hill plan. "How many fraternities and sororities will want to move into this area?", was a prime question of the committee.

In the fourth category, architecture, the committee urged the planners to keep in mind the individuality of each Greek house and asked how design and style might be maintained under the university proposal.

Financing was the major question posed by the housing committee of secretaries. "How far will Syracuse University go in the financing of the homes? Will it be on a percentage basis with the fraternity contributing so much and the university so much?"

The committee questioned if thought had been given to 100

Sit-In Aftermath

The purpose behind the Congress On Racial Equality's legal picketing and illegal sit-in at 105 Comstock Ave. Saturday was something more than getting an apartment for two African students.

It demonstrated in real and personal terms that landlords do discriminate against foreign students and that the university has an ineffective policy in relation to the housing of foreign students.

In pointing this out we can only thank the Syracuse chapter of CORE and applaud those Hill students who participated in the picket line. It is unfortunate that illegal methods were used, however.

The seven students sitting on the floor of the disputed apartment talking and singing may have imagined themselves as heroes of a noble cause. But when it was discovered that the landlord previously had rented to Negroes, the seven looked a bit foolish.

But if a bit of foolishness was part of the CORE demonstration, it was also a part of the university reaction.

For late Sunday night, an administrator and a faculty member made suggestions to the Daily Orange as to the handling of certain parts of the story.

However, this newspaper has handled this story solely with regard for accuracy and news value.

Yet these were not major detractions in what could have been a more unpleasant situation. For the most part CORE handled itself well in plying what we feel were fair demands. We can only hope that the university will act with equal rationale when it comes to dealing with those students who were arrested.

We would like to see this incident cause searchlights to be turned on some dark corners in the widespread and continuing problem of housing discrimination in all areas of this city.

Little Mary

It is rare for editorial columns to mention, much less praise, a theatrical presentation. But in the case of the current Boar's Head production of "Little Mary Sunshine" we must compliment director Robert Scarpato and his staff on the fine job they have done in charming and amusing their audiences. In these days of super-tension, hyper-tension, and international-tension it's nice to be able to enjoy a bit of well done froth.

THE GADFLY

Downtown

By T. Lee Hughes

They're having their day downtown.

The editors of what stand as probably the two least original newspapers in New York State have finally latched onto a crusade.

The police chief who weathered the stigma of inefficiency and corruption charges in 1961 has finally found a cause.

And the punic whipping boy of the whole upheaval is a 15 year old Negro boy named Ralph Dennis.

A week ago Saturday 66 year old Irma Snyder was smashed to the sidewalk and killed by a youthful purse-snatcher. Police say Dennis is the culprit.

The tragedy was the camel's straw of a two month eruption of teen-age crime. So a rejuvenated Syracuse police force is launching an all-out crusade against hoodlums in answer to the cries of an "outraged" (Herald Journal) city.

And everyone is milking it for all it's worth.

Amid a bevy of bold black headlines, Herald Journal Executive Editor Alexander (Casey) Jones pulled out his editorial guns and called Snyder's killer a "little punk."

He decried the "mealy mouthed" efforts of social workers working with "hundreds of thousands of Negroes," "unskilled Puerto Ricans," and "spoiled white brats who seem to have few if any family ties."

And finally he raised his big editorial fist and called for a get tough policy to solve the whole problem.

Meanwhile, Police Chief Harold Kelly pledged to "back his men to the hilt in a 'get tough' policy with criminals."

And Mayor William Walsh climbed on the bandwagon promising to "throw the entire support of city government behind the police force in its efforts to squelch the rampant activities of these young hoods and vandals."

Who is this "young punk" who stands at the center of this whirlwind?

He is a fifteen year old Negro boy. He is a boy whose parents are separated and now lives with only his mother, brothers, and sisters. He is a student who attends special classes for slow learners at F. Ware Clary School. He is a four time loser on "petty theft" (including parking meters) charges. He is, according to his probation officer, a "decent kid most of the time."

And now he is charged with first degree murder, a murder which he didn't even realize had occurred during the theft.

If it wasn't such a tragedy it would almost seem like another one of those sick hate jokes:

1.) Casey Jones is lashing his tongue at "mealy mouthed" social workers while this personification of his complaints comes from a broken home and has educational difficulties, causes of crime which can't be handled only by a "get tough" police force.

And the reason? Jones' paper suffers from a milder form of the same malady strangling its morning counterpart, the Post Standard. They're both owned by Samuel Newhouse. And Newhouse is interested in making more money than he already has. As a result both papers are understaffed by underpaid reporters with poor morale.

Neither paper has the staff to dip up a good crusade. On top of that they're Republican. So is the city government. This means there are more than a few "sacred cows" around which are exempt from the probing press.

What the papers needed was a ready-made item. One which wouldn't kick anyone big too hard. And this was it.

Sensational black headlines are circulation builders. So is the flag waving "get tough" stand. So is the castigation of "mealy mouthed" social workers.

Unfortunately, the get tough policy is a bit like trying to stuff a balloon into a cupcake box. It won't fit unless you let some of the air out. And the crime problem won't be solved until some of the social air which lies at the root of it is cleared.

The Dennis case is a prime example. Economic instability leads to personal instability. So does discrimination. And all these spell crime.

But worst of all, Jones' opinion in this case aside from reflecting a lack of depth, smacks of racism.

Addressing one of the Negroes from "over there" (presumably the 15th Ward) he calls for the Negroes to prove themselves to "the white community 'and adds "Let's not kid each other, you have some very bad boys over there and we are not going to sweep it under the rug."

And his paper is indeed refusing to sweep it under the rug.

But where are the big black front page Herald Journal Post Standard headlines about the work being done with problem children at Huntington and Dunbar social centers, at the University's Youth Development Center, and at the city schools?

Nowhere.

2.) And what about "get tough" Police Chief Kelly, the man who was hit hard by charges of inefficiency during the 1961 mayoralty campaign.

He is publicly ranting about teenage hoodlums while even now the State Investigation Commission in Syracuse launches a probe into corruption in the city police department. A mobilized police force is in search of purse snatchers while a state commission shuffles through vice and crime operators in the city to see if city police are shutting their eyes to multi-million dollar rackets.

The memory of 1961 still lingers, when it was revealed that Syracuse was the center of a $250 million a year upstate gambling ring, which for several decades went untouched by city police. And it was thanks only to state police that it was finally cracked.

This is also the Chief Kelly who asked for one day's service from each of his men to compensate for an understaffed department. Meanwhile cops are doing clerical work at headquarters, and directing traffic in and out of privately owned downtown garages, and handling funerals (a practice discontinued in other metropolitan areas). These men could be waging the crime war. But they're not.

And even the purse snatching probe led to some embarrassments. Cops found 14 stolen purses on rooftops which had lain undiscovered by city police for weeks. Why? "Limited manpower," they said.

3.) And this is where Mayor Walsh comes in.

Over a month ago he announced that he was going to find new ways in the police department of "placing more uniformed personnel in actual field services."

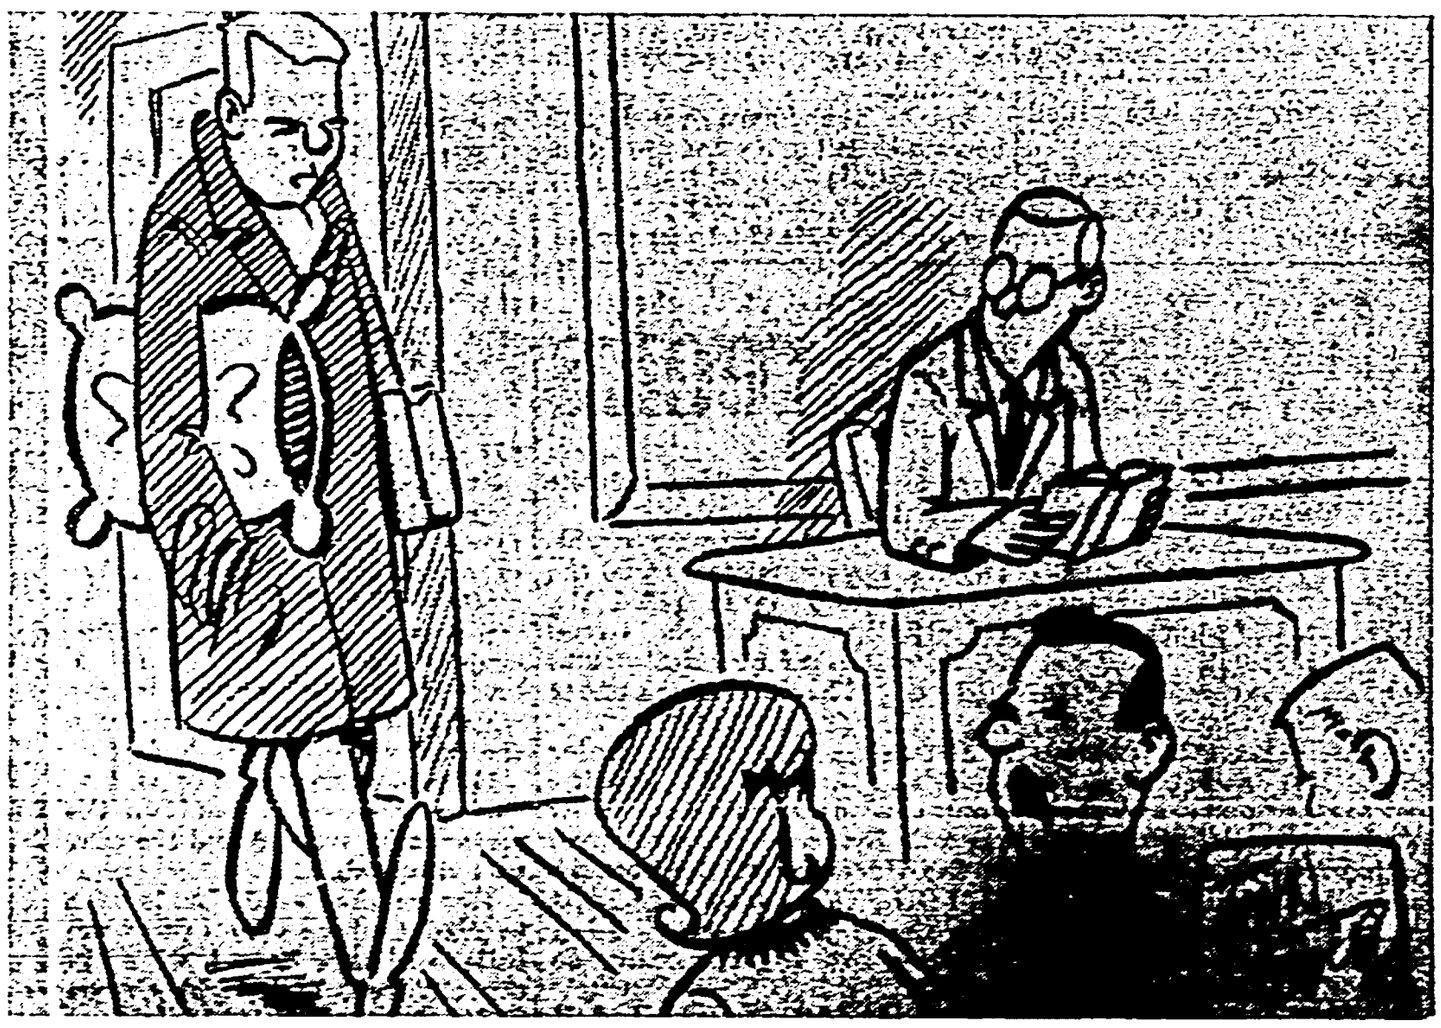
His statement came as part of a new "no hire" policy for city hall—whereby the total number of city employees would eventually be reduced. He said that no reduction was planned in the police department. But was it tacitly agreed that no increase would take place either — even though the department was understaffed by some 40 men? And what happened to the placing of more men in actual field service?

It never came.

And possibly the Mayor has forgotten about the discrimination in Syracuse which forces Negroes to live in that crime breeding hovel known as the 15th Ward. Where was the Mayor in affecting and enforcing tough discrimination codes?

And did he know about that other big Republican politico who was making money defending Ward slum lords while the city attempted to tear down crime infested sub-standard housing?

4.) But this is not what the city is "outraged" about. It is outraged because a young Negro couldn't find a family or place for himself. It is outraged because it turns a deaf ear to every social and racial problem which breeds crime. It is outraged because it follows flag waving opinion leaders like Casey Jones. It is outraged because it continually elects ineffectual men who in turn appoint ineffectual men who are in turn tangled in the web of politics.



But it is even more outraged when concrete steps are taken to relieve the crime problem. In an effort to break up the heaviest crime area in the city—the 15th Ward—urban renewal planners attempted to spread public housing projects throughout the city. Citizens resisted vehemently. As a result, much of the public housing is going up in the same old crime area.

The fact is, Ralph Dennis did not kill Irma Snyder. The courts may find him guilty, but he cannot stand alone.

Every bigwig in that tangled mess downtown who thinks crime is something caused by young punks who can be bludgeoned into submission, who paints the front

THE CUTTING ROOM

'Don Juan in Hell'

by John E. Greenwald

We must confess a lack of knowledge and information concerning how a "reader's" theatre differs from an "actor's" theatre, and how "interpretation" as practiced by Dr. Ray Irwin in his Reader's Theatre production of Shaw's "Don Juan in Hell" differs from a Boar's Head production.

If we guess right, "interpretation" differs from "acting" only in the sense that physical movement has been held to a minimum and the qualities of the voice are emphasised.

This is not to say that Dr. Irwin's presentation did not have people walking on the stage, or characters waving their hands and twisting their bodies, or even simple facial expressions. Hardly.

As seen Sunday night in Gifford Auditorium, and as presented there tonight, "Don Juan in Hell" is a vital, energetic and exciting production. But the vitality comes from George Bernard Shaw's words, the energy from Harold Hogstrom, Elaine Foster Perry, Donald Wildy and Paul Bosch's reading, and the excitement from Dr. Irwin's particular fusing of Shaw and the readers.

It is what we hear and what is said that amuses, stimulates, and frightens the audience, rather than what actually "happens."

The overall production is witty, always sparkling, often electric. It contains Shaw's brilliant digs against church, state, women and motherhood. We urge you to see "Don Juan in Hell" Tuesday.

We also urge you to remember the following comments and criticisms are of the genre critics like best: they are "intellectual," being more a difference of opinion than a disparaging of ability.

With that under our belt let's examine the play itself. Donna Anna dies after a fruitful and "repentant" life only to find herself in hell with her father's murderer and ex-lover, Don Juan. They encounter the Devil and soon after, Donna Anna's father, the Commander.

Don Juan is bored with hell's attitude of "enjoying the good before pursuing the better." He finds the Devil's pursuit of all but the flesh and blood pleasures distasteful and dishonest. He wants to go to heaven where the reality of man's situation is contemplated and courses for finding a "superman" are charted.

Don Juan is at once uneasy about human behavior and yet optimistic about its potential. He is an urban, sophisticated, yet complex fellow. As brilliantly read by Donald Wildy, Juan also appears to be a healthy and oddly honest American.

At least this seems so when Wildy's reading is compared to Charles Boyer's in the First Drama Quartets production. Here Juan appeared to have a slight mist of continental decadence. The expressive and often moving Wildy certainly isn't decadent.

Attractive, in a low cut red gown, Elaine Foster Perry really plays two different Donna Annas. In the first act Anna is, even as an old woman, a youthful, flighty, pretentious, overtly feminine "college" girl.

But in the second act, under Miss Perry's skilled reading, Anna becomes a mature, knowing woman. If, in the first act Anna is what Shaw despises about womankind, in the second act she becomes what Shaw must respect and admire, despite himself: the potential mother of his "superman."

Shaw, we think is being both satiric and deadly serious when he has Anna close the show saying "Ah, a father for the superman."

We don't know whether Shaw intended Anna to be two different people. We don't even know if Miss Perry and Dr. Irwin intended same. Such a "policy" may not be very consistent but it adds a bit of spontaneity to what is otherwise a highly skilled and well crafted production.

Bearded-and evil-eyed Harold Hogstrom portrays the Devil more as a middle-class dilettante than as any purveyor of wickedness or cynical incisiveness.

Here we must disagree with Hogstrom and Dr. Irwin since many of Shaw's persuasive and strong arguments do not come over when delivered by a character who is basically a fop.

The Devil may be wrong in believing in his policy of the emotional, sensual and aesthetic pleasures. But this, we feel, is only a "difference of temperment" and not one of intelligence as Hogstrom's reading suggests.

Lastly, is Paul Bosch as the Commander who is bored with heaven and wants to join hell. His is a small part, offering what seems like leftovers to the actor and even less to the "reader." Bosch seems to do satisfactorily, though we can't tell whether the shallowness of the Commander is his or the character's fault.

CLIP THIS

'Rigoletto' Plot

CAN'T TELL the players without a scorecard: can't understand the opera without a synopsis. Following is a resume of "Rigoletto" which will be presented 8:30 p.m. today at Loew's State Theater by the New York City Opera Company.

The curtain rises on a festive scene in the palace of the Duke of Mantua. The courtiers, while laughing at jester Rigoletto's antics and pungent witticisms really hate him for his cruelty. Old Count Monterone curses the Duke and Rigoletto for their parts in the seduction of his daughter. The scene closes with Rigoletto cringing under the menacing words of Monterone.

Rigoletto, still under the influence of the malediction, is approached by Sparafucile, a professional assasin, who offers his services.

Entering his courtyard, Rigoletto is greeted by his daughter, Gilda.

Through a ruse, the Duke who has been following Gilda to church, enters and conceals himself. He is surprised to find that Gilda is his jester's daughter. Rigoletto leaves, warning the maid to watch Gilda. The Duke, who bribed the maid, now emerges and makes love to Gilda. Gilda thinks the Duke to be a poor student. The Duke's followers, thniking that Gilda is Rigoletto's mistress, decide to turn the tables on the jester by kidnapping her for their lord. Finding Rigoletto in front of the house, they give him a false explanation, blindfold him, and carry off Gilda.

In his ante-chamber, the Duke broods over Gilda's disappearance. Soon the courtiers enter and tell him the truth. Rigoletto comes in singing in order to conceal his suspicions and learn the truth. Gilda rushes into his arms and reveals the circumstances surrounding her downfall. Rigoletto' desires nothing but revenge.

In Sparafucile's tavern, Rigoletto arranges with Sparafucile for the murder of the Duke. The assassin's sister, Maddalena, tries to dissuade her brother, because the Duke has caught her fancy. She suggests that some stranger be killed instead. Gilda resolves to die for the Duke.

After teiling Gilda to leave, Rigoletto makes final arrangements with Sparafucile for the disposal of the Duke. Instead of going away, Gilda returns alone to the tavern and is stabbed by the assassin. Given a sack, with the body, Rigoletto is horrorstricken to discover his daughter is dead.

Orange Observations

By ALLAN KORT

Sports Editor

I wanna seat!

This was the loudest cheer heard at Saturday's season opener between the Orangemen and Kent State at Manley Fieldhouse.

More than 3,000 fans, mostly students, filed into Manley Saturday for the opener, but as usual there wasn't sufficient seating for the student body.

The fieldhouse fathers, despite the overflow conditions, decided to let students stand rather than let them sit in the coveted reserved sections.

However, by gametime, the throng had completely overtaken the balcony reserved section. Steps were taken to recover seats for paying ticketholders, but this was to no avail and money had to be refunded.

Fifteen minutes before gametime, Mr. Bigwig No. 2 decided to stop the proceedings until the students cleared out of the balcony. Since there were no other seats, students didn't move and, had this typical fieldhouse Bigwig idea been carried through, there might have been a riot.

Saner Bigwigs decided to let the students have their way this time, put punish them in the future. A reliable fieldhouse source revealed the students may be forbidden from the balcony entirely in future games.

The traditional Athletic Department habit of making mistakes and giving the inevitable consequences to the student body has once more been practiced.

The students are not at fault—and since this is their school, their basketball team—they expect the fieldhouse Bigwigs to have the foresight to set up enough student seating. But as usual the student has been given the ticket shaft and fieldhouse Bigwigs hope he will forever hold his peace.

We condone the overtaking of the inadequate seating facilities by the students primarily because this seating shortage was not necessary.

The three sections of fieldstands which will be erected for the Army game could have been ready in time if student enthusiasm and the power of the football aristocracy hadn't been underestimated.

But Bigwig No. 1 decided to let the students stand if necessary. Why? Maybe it's because the Syracuse University football team has a game coming up in the near future and the coaches didn't want the field stands to interfere with their practice sessions.

Or maybe it's because all the "little" Bigwigs are so interested in the material factors of sports that they forgot they have a responsibility to the students that pay $1470 a year in tuition to attend this institution.

Yes. Seats were scarce—so scarce that Chancellor Tolley allowed a dozen students to sit with him in his box.

Rumor has it that the students may again take the brunt. This time the fieldhouse dedication has been selected.

Fieldhouse bosses spent months setting up a program for the event. This included importing some of the best track stars in the country, including Bruce Kidd, for an indoor exhibition. Two basketball games and band entertainment as well as the dedication are on tap.

There is one little problem, however—the dedication, long awaited by basketball and track enthusiasts, may not be open to students.

Reports are that Chancellor Tolley has sent invitations to all persons who have contributed to the university fund drive. Persons returning the invitations receive a pair of tickets to the dedication. So far the ticket office has received more than 500 remittances—i.e., 1000 tickets.

Again there seems to have been a little underestimation on the part of somebody. If the free ticket requests return at the same rate as they have been coming, there will be a full house of "Tolley's Guests." So where will the students sit?

Echoes from the fieldhouse often complain of the lack of student attendance at sporting events. Yet the largest SU basketball crowd in recent years was met with reserved sections—rather than enthusiasm.

They—the SU Bigwigs—were angry because they had goofed. The students are not to blame, but as is tradition—the students will suffer the consequences of their enthusiasm.

Sweeney, Mackey Only SU Players Chosen in Pro Draft; NFL Continues Picks Today

Daily Orange Sports

Page 4 December 4, 1962

Two Syracuse University players were among the American Football League draft choices last Saturday when the clubs convened in Dallas. Walt Sweeney and John Mackey were the two Orangemen named.

Sweeney, a senior end, was snapped up by San Diego as the second selection of the draft. He was only preceded by Junior Buchanan, a 274-lb. tackle from Grambling in Louisiana.

Mackey, the end who was converted to halfback, was chosen by the New York Titans in the fifth round. Mackey has been one of the standouts in recent games.

Several Orange opponents were named in the first six rounds of the AFL draft or in the first round of the National Football League draft, which was held yesterday.

The San Francisco 49ers chose Kermit Alexander in the first round. Alexander, the UCLA speedboy, was also chosen by the Denver Broncos of the AFL.

Dave Robinson, the Penn State end who gave Syracuse heart throbs, was chosen by the San Diego Chargers of the AFL.

Tom Woodeshick of West Virginia, who had been chosen as outstanding lineman in the Syracuse game, was taken by the Buffalo Bills of the AFL.

The Denver Broncos chose Lou Slaby of Pittsburgh besides Kermit Alexander. Slaby operated out of the linebacker slot for the Panthers this year.

The Boston Patriots selected both end Art Graham and guard Lou Cioci of Boston College to round out the list of selected S.U. opponents.

A league battle looms in the near future, since the majority of the NFL's first round choices were also selected by the rival AFL. Last year several of these joint selections led to bitter court fights and cries of an NFL monopoly.

The biggest problem should arise over the signing of Heisman Trophy winner Terry Baker of Oregon State. Jerry was selected by both the Los Angeles Rams and the San Diego Chargers.

The Dallas Cowboys and the Boston Patriots will have to fight it out for the services of Leroy Jordan, Alabama's All-American center.

Buffalo will be in the thick of things since they chose Dave Behrman, Michigan State center, and Tom Hutchinson, Kentucky end. They were first round choices of Chicago and Cleveland respectively. The latter two teams represent the NFL.

Boston will be trying to bait Bob Vogel, an Ohio State tackle, away from Baltimore, while Jim Dunaway, a tackle from Mississippi, will have to decide between Oakland and Minnesota.

Rufus Guthrie, a linebacker from Georgia Tech, has been selected by both the Los Angeles Rams and the San Diego Chargers, and Ed Budde, a tackle from Michigan State, was picked by Philadelphia and Dallas of the NFL and AFL respectively.

A man needs a *special* kind of support for true male comfort. And only Jockey builds a brief from 13 separate, tailored pieces to give that support—plus comfort. No other brief has such a firm, long-lasting waistband to hold the brief up for constant support, and no other brief has the Jockey assurance of no-gap security.

Get the real thing... It isn't Jockey if it doesn't have the Jockey Boy.

COOPER'S, INCORPORATED, KENOSHA, WISC.

Fraternities, Dormitories Split Crown

By ART ROSSKY

Fraternities and living centers each won two championships in the fall intramural program recently completed, according to Intramural Chairman Milt Howard.

Football, the most popular of the fall sports offered, was dominated by Club 800, a group of independents.

Club 800 reached the all-university championship game by walloping Watson East 3, 26-0, in the title game of the living center-independent division.

Sigma Phi Epsilon gained the other berth in the all-university championship game by edging Zeta Beta Tau 14-12 for the championship of the fraternity division.

Club 800 captured all-university honors by defeating Sigma Phi Epsilon, 7-0.

Starting with 71 teams, the football tournament was conducted on the basis of one defeat eliminating a team.

Rifle was the second sport in which a living center or independent proved supreme, for Sadler 7 captured the trophy in this sport.

The Sadlerites reached the championship match by demolishing Marion 2, 231-192, for the living center crown.

Sadler 7's opponent was Tau Kappa Epsilon, which reached the championship match by beating Kappa Phi Delta, 224-220, for the fraternity championship.

Sadler 7 whipped Tau Kappa Delta, 217-202, in the deciding match.

Riflle matches were held at the Archbold Gym Rifle Range under the supervision of Syracuse Army ROTC personnel.

Sigma Alpha Mu fraternity was awarded the trophy in swimming.

Sigma Alpha Mu reached the championship meet by sinking Sigma Nu, 23-11, for the fraternity championship.

Watson West 3 gained a berth in the championship by winning the three-flight living center division championship.

Watson West 3 gained the living center championship by routing Dell Plain 3, 24-3.

In the living center championship meet Watson West 3 edged Wilson cottage 18-16.

In the championship meet Watson West 3 outscored Sigma Alpha Mu for an apparent 20-14 victory.

However, Sigma Alpha Mu protested that Watson had used an ineligible player.

The protest was upheld and Sigma Alpha Mu was declared champion.

Forty teams saw action in the swimming program, conducted in the Archbold Gym pool.

Cross country was dominated by fraternities.

Kappa Phi Delta gained fraternity championship honors by besting a six-team field.

Kappa Delta's low score of 51 was followed by Phi Gamma Delta's 65, Sigma Alpha Mu's 80, and Kappa Sigma's 94.

Gary Sherman of Grover Cleveland dorm captured individual honors by touring the 2.1-mile Drumlins course in 11:47.

The record for this event is 11:00, set at the initial meet held in 1949.

The cross country meet was conducted with the co-operation of cross country coach Bob Grieve.

Bowling, not yet completed, was another sport conducted in the fall. Fifty-two teams are currently seeing action at the Womens Building lanes.

Manley Fieldhouse Dedication Features National Track Stars

In spite of what you may believe, the George Manley Field House is not open. At least not officially.

The official opening will not take place until Dec. 15. The ceremonies are fitting considering the size of the building.

The show kicks off at 6:00 p.m. with the freshman basketball team putting on their second performance for a home crowd. Coach Morris Osburn's fledglings tangle with Ithaca College.

Following the completion of the basketball game, informal tours will be conducted through the mammoth structure. Guides will be available to point out the various offices and departments housed in the building as well as the facilities available for use.

One of the highlights of the evening will be the track program scheduled for 7:45. The two events featured are the mile run and the mile relay.

In the first, two of the top runners in the country and two of the top Canadian record-holders will compete.

Villanova's Vic Zowlak, the indoor IC4A mile champ and the outdoor IC4A cross country champ, will run.

He will be facing the indoor IC4A two-mile record-holder, Bob Mack. The Yale runner set the mark with a 8:58.3 clocking. Mack is also the holder of the heptagonal one-mile championship.

The University of Toronto will send Canada's best in Bruce Kidd. This speedster is the Canadian record-holder in the one-, two-, three-, and six-mile runs.

Kidd was also voted the Canadian Athlete-of-the-Year by the people who should know—the coaches.

Bill Crothers, Kidd's teammate from Toronto, is the second Canadian on the roster. He is the Canadian National Champion in the 440 and the 880 meets.

In the only time Crothers has attempted the mile, he was timed in 4:07.

Syracuse is represented in the mile with senior Mouncie Ferguson. The Orange athlete placed fourth in the IC4A meet with a 4:11 timing.

In the mile relay, teams from Syracuse, Colgate, Pittsburgh and Cornell will compete.

MOUNCIE FERGUSON

The formal dedication is scheduled to follow at 8:10. The University band will complete the between-game festivities.

Then at 9:00, the Orange varsity will meet Army in their second of 13 home appearances of the year.

Adding Up the Points

DEBATORS operate special computing equipment to determine high scorers in Saturday's tournament.

LeMoyne Debaters Win Here

LeMoyne College placed first in the Seventh Annual Inter-Collgeiate Debate sponsored by Syracuse University's debate team Saturday.

Thirteen colleges and universities debated the topic "Resolved: That the non-Communist nations of the world should establish an economic community."

LeMoyne College won the team trophy with nine wins and one loss. Jerry West captured the first affirmative award for LeMoyne and Richard Langenhorn, also from LeMoyne won the best negative speaker award.

George Catazaro from the University of Buffalo won the Delta Sigma Rho trophy for being the best speaker among all the debators.

Colgate University placed second with eight wins and two losses.

Brockport, Niagara, Buffalo, Union and Harpur tied for third place.

pages with sensational headlines, who lets the breeding places for crime keep existing yet expects the crime to disappear, who makes public pledges and allows private inefficiency, who sticks his fingers in the pie of corruption, has had a hand in the death of Irma Snyder.

But journalistic and political hay will continue to be harvested by it.

And the public will continue to be outraged by it.

And Editor Jones will rant.
And Chief Kelly will scowl.
And Mayor Walsh will promise.

And some day another Irma Snyder will die for it.

And another Ralph Dennis will be blamed for it.

Housing...

(Continued from Page 1)

percent financing by the university for houses that could do little more than buy furniture.

Interest rates and the length of loans was also questioned by the committee. Constant information relay between the Vice President, Dean of Men and Alumni IFC was urged by the secretaries.

In conclusion, the secretaries advocated priority in the establishment of a long-range plan with emphasis on fraternity and sorority building very high on the list.

In sheets a firm close weave, even threads, strong tape selvage, and a wel-lfinished hem all contribute to good wearing quality.

And what has it accomplished?

Retraction

The irate owner of the apartment house at 649 S. Crouse Ave. refuted Monday a CORE statement referring to his establishment as a "dump which is very inadequate and substandard."

The house, the residence of foreign student Antonio Bousstcho, was defined as "equal to any building in the area," by owner Louis Fine.

"What's more we rent to anyone regardless of color, nationality or religion," he said. "We have never had any serious trouble with any of the international students and reading this statement was a shock to me.

Alex Rossi, a resident in the apartment house, agreed with Fine, commenting that many students had been satisfied with the conditions there.

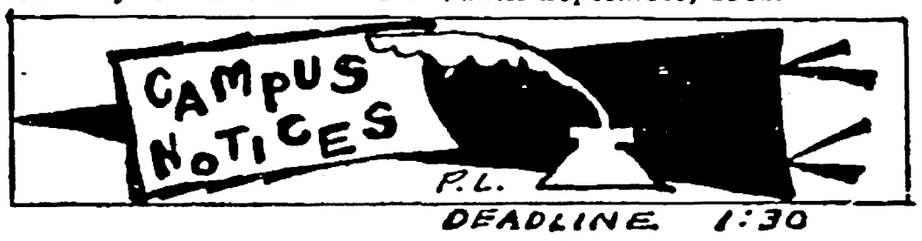
Liberal Arts College Student Suspended for Cheating

A student in the College of Liberal Arts has been suspended for cheating on two examinations. His name has not been revealed in accordance with the policy of the College of Liberal Arts.



The student took two examinations for the same professor. In the first examination, no blue book was found for the student. After the examination was returned and discussel the student produced a graded examination book and said it had not been properly graded. The evidence was unclear, however, and no action was taken.

In a second examination later in the semester, the student was observed and apparently copied extensively from another student. No action was taken, but the examination was graded and photostated and returned with a grade of 43.

The student later resubmitted the examination paper claiming that answers had been incompletely graded. The dean's office discovered that substantial erasures had been made on page three and a full page of additional computations had been made in the blue book.

At a hearing the student admitted guilt on the second examination, and under cross examination also admitted the first offense.

He received a circled F in the course, and will not be permitted to apply for readmission until September, 1963.

CAMPUS NOTICES must be brought to prefab 7C, not telephoned, by 1:30 p.m. the day before publication.

HENDRICKS CHAPEL open daily, 8 a. m. to 6 p.m., for rest, meditation and prayer. Special music at 12-12:30 p.m.

PHI BETA Kappa, 4 p.m. today, 102 Maxwell Hall. Election of candidates. All new campus members invited.

Book Appeal Hits Syracuse

An appeal for books hit Syracuse twice Monday.

Former Maxwell School Professor Fred G. Burke, now in Tanganyika, has requested students and faculty to send books on government, economics and geography for use in his work, while Ginny and Mark Lelancey, former Hill students, appealed for high school textbooks for their work in the Peace Corps in Nigeria.

Burke is working with the Kilimanjaro Native Cooperative Union Library and the Local Moshi Tanganyika African National Union. The books would be recorded as a gift of Syracuse University.

"The local TANU office and people whom I have gotten to know quite well would very much like to have a few books on party organization and similar literature which they could put in the new office they are building," Burke said.

He added they would also like magazines and other available literature.

Those wishing to donate books are asked to send them to Anthony Rweyemanu at 119 College Place, or call him at ext. 2554 so that he can pick them up.

The DeLanceys asked that anyone wishing to donate high school books should bring them to Delta Delta Delta sorority, 300 Walnut Place, or Delta Upsilon fraternity, 426 Ostrom Ave.

Frosh Weekend Stars Joey Dee

By ANDY PORTE

The largest budget in university history goes into use Friday as Freshman Weekend comes to the Hill.

The $2,850 which the Class of '65 was allocated has been used to bring "name" entertainment to Syracuse, including the "originators of the twist," Joey Dee and the Starlighters.

Tickets to the Friday night concert and the Saturday night dance, as well as weekend buttons, will be on sale from 9 a. m. to 5 p. m. each day this week in the lobby of Huntington B. Crouse Hall.

Freshman class President Dennis Green emphasized that the weekend will be open to the entire university. "We need the support of all classes if our weekend is to be a success," Green said.

Dee will appear at 8:30 Friday along with an Ithaca band, the Dynamos, and a vocal group, the Tears. Dee has recorded several hits, including "Peppermint Twist," "Shout" and "What Kind of Love Is This."

Stag or Drag

The evening, "Twist Around the World," is "stag or drag" and tickets are $1.50 per person.

"We would like to emphasize our Friday night entertainment will include not only a dance but a fine show."

In relation with the theme of the weekend, "Freshman International," a Saturday afternoon world's fair carnival will be held at Flint Hall. The program, which will feature booths manned by freshman living centers, includes a slave sale at which campus celebrities will be sold.

Prizes from various sections of the world will be offered, and campus musical groups will perform. Admission is free.

Semi-Formal

A semi-formal dance in the Women's Building Saturday night will close the weekend proceedings. The dance, scheduled to begin at 9 p. m., will feature the band of Lou DeSantis. Vocalist Audrey Freeman will also perform, and favors will be given. The weekend queen will be announced and crowned at the dance.

Another highlight of the weekend will be the 12 page souvenir program, which will go on sale Wednesday. The booklet will include photographs of the campus, pictures of the freshman class officers and committee chairmen, and a complete weekend schedule. The booklet will cost 25 cents.

Martin New Alum Head

Allen F. Martin Jr., a 1950 Syracuse University graduate and local businessman, has been named director of alumni affairs, Hill Chancellor William P. Tolley announced Saturday.

Martin, a life long resident of Syracuse, has resigned from his position as vice president of the Allen Martin Supply Corp.

As director of alumni affairs he replaces Alumni Secretary Arthur Gabriel who resigned from the university last June to take an industrial position in Connecticut.

As an undergraduate as Syracuse, Martin was a member of the ROTC, served on the member class executive committee, was co-chairman of the "All-U" picnic, and for three years was an Inter-fraterntiy Council representative. He was chairman of the IFC Ball in 1947 and was a member of the all-university bowling team for two years.

Since his graduation, Martin has been active in the Kiwanis, serving as the club's secretary and a member of the Board of Directors.

In 1960, he was a member of the Community Chest Evaluation Board. He has been active in fund raising drives for the YMCA, the March of Dimes, and the Community Chest.

Martin has also been a participant in SU alumni affairs. Last year he was ticket chairman of the Alumni Ball and in 1959 was co-chairman of the Alumni Ball's Decoration Committee. Two years ago he was co-chairman of the 1950 Class Reunion.

Besides being a member of the Kiwanis, Martin is affiliated with the American Legion, the Tigris Shrine, Beta Theta Pi alumni, the New York State Militia Association and the National Guard Association.

Martin has served in both the Army and the Navy. He was a Chief Petty Officer in the Navy from 1944 to '46, prior to his undergraduate work at Syracuse. Following his graduation in 1950, he was stationed for two years in Korea as a first lieutenant.

Martin, 46, is married to the former Elizabeth Jennings and has two daughters and a son Ross, 4, Pamela, 7, and Diane, 10.

ALLEN F. MARTIN JR.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Indian summer will continue its already lengthy stay into the second week. This is a result of the weakening high pressure system over the East. Air pollution continues.

FORECAST — Considerable sunshine through haze and high cloudiness. High 55-60, Low 28-34

Interviews Set For Law Grant

Interviews for students seeking scholarships to law school will be held today in the Citizenship office.

The recipient of the Syracuse Scholarship at the University of Chicago Law School will be chosen from these interviews. Priority for all scholarships will be given to students with a 2.0 cumulative average.

Appointments for the interviews should be made in advance with Mrs. Ann Rath, ext. 2348 or at the Citizenship office. Copies of the Law School aptitude test announcements can be obtained from the Liberal Arts office, the Citizenship office or from prelaw advisors.

AF Discusses Officer Plan

An Air Force officer selection specialist will visit the Syracuse campus today and future Tuesdays to interview senior men and women who are interested in the Air Force officer training school program.

T. Sgt. Harold Stehlik will be in the AFROTC office in the Men's Gym from 2 - 4 p.m.

Students in their senior college may apply for the program within 210 days of their graduation. Students applying for the program may also select the month in which they will start training.

Further information may be obtained from Sgt. Stehlik at GR 4-1561, ext. 10.

TTK Program Starts Today

Through the Keyhole, the new program of the Association of Women Students, will begin at 7 p. m. today in Maxwell Auditorium.

Barbara Jones, chairman of TTK announced at the AWS assembly last week that all sophomores and juniors interested in becoming AWS officers, junior officers, members of the AWS judicial review board or AWS guides must take this course.

The second lecture of this program will be given Tues., Dec. 11, at the same time and location. The qualifying exam. will be given at the same time, Tues., Dec. 18, in rooms to be announced.

Miss Jones said make-ups would be given to those co-eds who have to work, have a class, or are ill at the time of the lectures.

In other business, the assembly was notified of the start of a student union fund raising committee. The AWS members were asked if they thought students would participate.

Ula Wiltse, AWS vice president, announced all sorority women attending the Panhellenic Ball had 2 a. m. curfews by signing the pink permission card.

Holy Communion Set Wednesday

Holy Communion will be served at 7 a.m. Wednesday in Hendricks Chapel. Miss Penny LaBorde, a freshman music major, will lead a meditation on Advent, and Dean Charles C. Noble will lead the service.

A breakfast prepared by members of the Chapel worship committee will be served. Similar services will be held on Dec. 12th and Dec. 15.

AEPi Elects

Alpha Epsilon Pi fraternity last week elected officers for the school year.

New officers are Robert Meyrowitz, master; Sheldon Needle, lieutenant master; Robert Henner, scribe; Kenneth Krakower, exchequer; Arthur Steinberg, sentinel; and Richard Berusch, member-at-large.

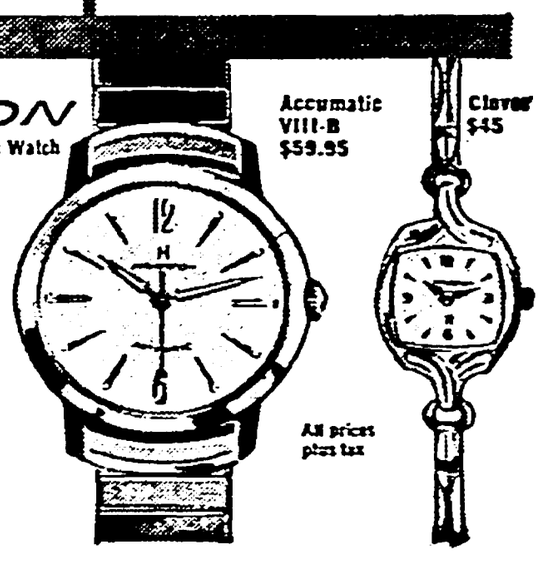
the fourth dimension: TIME

...still a mysterious concept to science. Time is only an idea, an abstraction...an area of shadow, speculation—and surprise.

SEPT. 5, 1752, NEVER HAPPENED!...Nor did any date from Sept. 3 to 13, at least in England and the American Colonies. Why? The King decreed that these days would be skipped to correct a discrepancy between the Old English calendar and the newly adopted Gregorian calendar. This left puzzled Englishmen and colonists with one 19-day month and a 355-day year.



THE HAMSTER'S BUILT-IN "CONTINUOUS CLOCK"...enables him to maintain his daily activities of eating and sleeping without the usual stimuli of light and darkness. He lives on exactly the same schedule even in total darkness.

IT TAKES TIME TO MAKE TIME. Hamilton's extremely precise version of a timepiece takes from 6 to 9 months to produce. Half of the more than 2000 production steps are quality inspections which assure Hamilton accuracy.

Are you a person who likes to stand out? A Hamilton is both attractive and distinctive, a touch of excellent taste that you can wear every hour of a lifetime. They start as low as $35. Ask your favorite gift-giver. Hamilton Watch Co., Lancaster, Pa.

SU Takes No Action Against Sit-Ins

ACLU Meeting Tonight

By CHARLES STEINBERG

Campus fervor over civil rights will focus on Maxwell Auditorium at 8 p.m. tonight where John De J. Pemberton, executive director of the American Civil Liberties Union, will address a public meeting.

All lawyers in Onondaga County have been invited according to Hill engineering Prof. Norman Balabanian, a member of the Temporary Syracuse Civil Liberties Committee.

Pemberton will discuss "How Free is Our Speech?" and will also touch on problems of ACLU organization. The Syracuse Civil Liberites Committee is attempting to establish an affiliated chapter of ACLU here.

Tonight's meeting comes after much recent campus turmoil. Controversy over civil rights issues has been precipitated by a series of incidents which began two weeks ago with an administration room search of Day Hall. Friday several students staged a soapbox speech rally on the steps of Hendricks Chapel. Saturday, seven SU students were arrested for trespassing in protesting alleged racial discrimination in apartment housing.

The American Civil Liberties Union is a national non-partisan organization devoted to safeguarding civil liberties. Members pay dues to the national organization and participate in activities of local affiliates where they exist.

The rallying cry of the ACLU is to "protect the bill of rights for everybody." This has brought the group into disfavor with many right-wingers opposed to Communist speeches. All prospective ACLU members, however, must sign a statement that "their interest in civil liberties is not qualified by adherence to a totalitarian belief."

CORE Action Background

By CLAY RICHARDS

Tuesday's Daily Orange carcied a short statement by two of the CORE sit-ins. The following story expands on their comments.

The seven CORE (Congress On Racial Equality) members who were arrested see the case of discrimination."

"We had two purposes for the demonstration," stated Evert Makinen and Rudolph Lombard, speaking for the seven.

"The first purpose was to freeze the situation at the apartment so it would not be rented to another party until after the discrimination had been resolved," Makinen explained. "We did not want to force the landlord to rent to the Africans but merely to settle the question of discrimination," he said.

"Existing state and city laws were not sufficient to hold the apartment while the moral question was settled," Lombard explained.

Larger

Secondly, the two explained, "the question involved is merely representative of the larger problem in the city and the university area. We felt the need to dramatize and draw attention to a situation that many people fail to acknowledge."

"We also wanted to show that we are prepared to undergo hardships and possibly jeopardize our future careers in order to protect basic human rights in the community," Makinen said.

"We had hoped to have other recourse through city officials," Lombard said. "Although Mayor Walsh has made several statements about housing he has not yet taken any positive action to correct it."

Legality

"We were fully aware that we were disobeying a technical legal rule but we felt justified because this technicality was in conflict with a higher moral law that we acknowledge," Makinen said.

"We feel such actions would not be needed in the future if there were city legislation which provided more complete coverage than the existing state laws," he said.

"This action should be a challenge to the conscience of every citizen in Syracuse to take what action he can to eliminate racial prejudice and discrimination,"

(See CORE, Page 7)

No university disciplinary action will be taken against the four men graduate and three coed undergraduate Hill students arrested last Saturday for an apartment sit-in.

This statement was released Tuesday afternoon by Dean of Men Earle W. Clifford and Dean of Women Marjorie C. Smith:

"The legal aspects of the situation involving seven university students and their participation in a CORE sponsored "sit-in" have been resolved without record of formal charge, conviction or sentence. In effect, therefore, there has been no violation of law. Since this was the only basis of university concern regarding the matter, the university has decided to take no further action.

"Traditionally, university policy has been firm and clear on all aspects related to this problem. We take pride in our well-documented leadership in the educational world in the implementation of policies opposing discrimination. On the issue of freedom to protest any grievance, we have long been committed to an acknowledgment of the student's right to dissent peacefully within the limit of the laws of the community, the state, the nation and university policy. Our insistence on observance of respect for law as a fundamental responsibility of citizenship in any community is equally clear.

"In the present case, now closed with regard to the status of the students, we have made our position again clear in advising the students involved that while their right to dissent peacefully will be protected, we cannot, and will not, stand in support of students who violate the law."

Step Singing Semi-finals

Stepsinging semi-finals will take place tonight in Hendricks Chapel. Competing houses must be in the Chapel by 5:45 p.m.

In the small house division Geneva Cottage, Alpha Delta Pi sorority and Jewell Cottage will perform in Flight One. In Flight Two will be Richards and Miller Cottages.

Chi Omega and Sigma Kappa sororities will compete in Flight Three, with Kappa Delta and Kappa Kappa Gamma in Flight Four, all in the large house division.

Two winners will be chosen in each division to compete in the finals Dec. 12.

Judges will be Dr. J. Curtis Shake, professor of piano, Dr. Frank Hakanson, professor of voice, and Prof. Will Headlee of the organ department, all of the School of Music.

Sigma Alpha Iota, professional women's music fraternity, is sponsoring the stepsinging competition.

Joan Harvey, SAI president, will be mistress of ceremonies for the semi-finals.

IFC Meets Today at DU

The Inter-fraternity Council will meet at 7:30 p.m. today at Delta Upsilon.

The council, reviewing decisions from the past meeting, will comment on the planning and success of the National Executive Secretaries Conference last week, said Thomas Rigoli, IFC president (Phi Delta Theta.)

The exchange dinners and plans for the next open house will be covered by the IFC. Rushing and figures of freshmen enrolled, to date, will be reported.

'Trial' Talk Set Today

Gerald Stern, a law student, will speak on "Trial by Newspaper" with specific reference to the Ralph Dennis case at 3:15 p.m. today in the Chapel House library.

Stern has cited coverage of the purse-snatch case by the Syracuse papers as an example of how public opinion can be set against a suspect. He believes that this seriously jeopardizes due process in the case.

WUS Believes 'Involvement' Good For World

By SANDY MYERS

World University Service is not a way of solving the world's problems; it is a way of getting involved in them, Gerhardt Elston, regional secretary of WUS, said at a Campus Chest meeting last night.

World University Service is one of the organizations supported by Campus Chest, whose Dollar Drive began Tuesday. The drive will continue until Dec. 14.

Elston said that "only through becoming involved in the problems would students be able to ameliorate and solve them."

He explained the organization and purpose of the group, saying that it was formed after World War II as a student mutual aid and self help agency.

Now, Elston emphasized, WUS is not primarily a relief agency, but "a means of helping students and faculty to meet crying problems the world over."

(See Mondlane, Page 6)

Prayer Session Tuesday Noon

May the administration be wise, they prayed.

May the faculty have the courage of their convictions. May the students on all levels be bold enough to say what they think. May the civil authorities have insight, they prayed.

A comfortably full Hendricks Chapel was the setting Tuesday noon for this prayer service sponsored by Chapel chaplains to "bring together those concerned over...discrimination in housing in this city."

Gathered at the altar to lead the service were the Rev. David E. Engel, Presbyterian, Miss Priscilla A. Howland, United Church of Christ chaplain, the Rev. Paul F. Bosch, Lutheran, Rabbi Louis Neimand, Jewish, the Rev. Robert C. Ayers, Episcopal, and Chapel Dean Charles C. Noble, who gave the benediction.

Attending were most of the

Today

SYRACUSE-IN-ASIA — annual Christmas sale of Asian imports continues from 9 a.m. to 5 p.m., Hendricks Chapel lounge.

JSG STEERING, SENATORS MEET TODAY

Joint Student Government steering committee will meet 4 p.m. today in the student government office to plan the agenda for Thursday's meeting of legislature at 7:15 p.m. Maxwell Auditorium. Junior class senators-at-large will attend the meeting.

Steering committee members should wear appropriate dress for Onondagan photographs.

At 5 p.m. today all class senators-at-large will meet in the JSG office. JSL Speaker Pro Tem Robert Becker said he may assign opinion-gathering assignments to the senators, asking them to approach their classmates for ideas on improving the legislature.

Further Greek Analysis Suggested

By ADAIR DUFINE
Junior Editor

An extended period of analysis has been suggested by the Alumni/National Relations Committee to delve deeper into the fraternity operation in a two to three day session.

Hard cores of local alumni was stated as the strength of most local chapters on the Hill. The committee found the house corporation the source of alumni stimulation and strength.

Seeing a lack of sufficient interest in local affairs by alums outside the Syracuse community, the committee recommended periodic visits by alumni to annual chapter functions. A newsletter was suggested by the secretaries, led by Cyril F. Flad (Lambda Chi Alpha), which would reflect chapter and campus news and also include alum items.

The secretaries noted the program instituted by Alpha Tau Omego, dealing with good pledge-alumni relations. The program entails visting alumni and/or performing small services for them.

Covering the problem of chapter-faculty advisors, the secretaries advised initiating qualified non-fraternity members of the faculty or administration into the house. This would be permitted with the grant from the fraternity laws, they stated.

"Building up a reservoir of young alumni, with work periods and training programs," the committee said, "would renew interest and nurture strength."

Polls of the participants in the committee indicated the following, in reference to fraternity relations on the Hill: 1) local alumni advisory systems for chapters were rated by five strong, five average, two weak. 2) relations of active chapters to their nationals — good, four; unsatisfactory, two (campus questioning indicated three more might be added to the good category.)

Weaknesses which seem apparent on the Syracuse campus and which do have an effect on relations, both chapter and alumni with the national, and between the chapter and alumni were announced by the secretaries.

These are: retention of interest among alumni generally; communication between local alumni and their national organizations.

Working for the well-being of the Greek system on the Hill, the committeemen found Syracuse fraternities to have obvious strength in an active, loyal and independent alumni inter-fraternity council, and an interested and cooperative university administration and board.

A Score For '64

Overshadowed by the Savoy Apartment controversy, the appearance of "Orange Aid," the Freshman Directory, went almost unnoticed and, even sadder, unheralded.

Starting in 1946, a myriad of campus organizations has attempted to publish such a directory. The amount of work and time requisite for such an undertaking has invariably scared them away.

Last spring, the Junior Class Executive Council chose to ignore this history of past failures and to publish a directory for the Class of 1966.

Class president Logan Sallada spent much of the summer establishing the publication's framework. Starting in September each member of the class' exec council devoted several hours a week to editing information and to sorting and cutting pictures.

Due to technical difficulties wtih the photographer, this work consumed two months and was not completed until Thanksgiving vacation.

Since Friday, the class has sold more than 1800 of the 2000 copies published. This figure becomes more impressive when coupled with the fact that Greek houses, which promised to buy 900 books, purchased only 500.

Since the class relied on these advance committments when determining how many books to order, the Greek turnabout could have caused the project's failure. Fortunately, it didn't.

The publication of "Orange Aid" marks the first time within memory that a class exec council has performed a service that will benefit a large segment of the campus.

Past projects have served the interests of only a few students or merely added to the class' treasuries. This one, while admittedly not harming the Class of 1964 financially, will fill two longstanding voids.

Not only will it afford freshmen a chance to become better acquainted with their clasmates; it also will be invaluable to fraternities and sororities during the hectic weeks of rush.

The Class of 1964 has set a standard of achievement; perhaps the other three will heed its initiative and follow suit.

Get Well, Milt

Acute appendicitis, apparently an occupational hazard of student editors, claimed its second victim in two weeks Monday night when Daily Orange Editor Milton Joffe underwent an emergency appendectomy at Good Shepherd Hospital.

Belying the old adage that no man is indispensable, Milt's leadership and good-natured wit are keenly missed within the confines of Prefab 7.

We at the Daily Orange are confident the rest of the campus joins us in wishing Milt as speedy a recovery as that enjoyed by Onondagan Editor Sandra Joy.

LETTERS

Resolution

To the Editor:

The Executive Committee of the International Student Organization met in extraordinary session on November 30, 1962.

The case of housing discrimination against two international students, Antonio Boustcha and Skeva Soko, was brought to the attention of the Executive Committee, which passed the following resolution:

1. The Executive Committee strongly disapproves of the practices of housing discrimination against students of Syracuse University, and urges that the University Administration take steps to protect all students from discriminatory practices.

2. The Executive Committee of the ISO recommends prompt action to be taken to end or forestall similar abuses.

CORE

To the Editor:

My heartiest congratulations to the CORE members who picketed Saturday!! They have shown courage and sincerity in standing up for their principles, and if any court is so misguided as to convict them, it will not be the first time (or, I'm afraid, the last) that people have been convicted for being true Americans! For in my opinion, a true American is one who champions equal rights for everyone, even at some cost to himself!

The fact that Clifford rented to Miss Marshall, evidently without hostility, does not impress me; many people will tolerate or prentend to tolerate an American Negro but will not hesitate to treat an African like dirt: partly because they think that while an American would probably fight back, an African would just take it. Well, Soko and Boustcha didn't take it—for which they are to be admired!

We have an obligation to Africans in the United States as our guests, and we might conceivably find it to our advantage to have Africa's growing people with us instead of against us. And I am confident that if we treat Africans like human beings, on the international and local levels, we will win strong allies! The CORE group is string toward this end, at some personal discomfort,—let us support them wholeheartedly!

Diana Landshoff, '61

Integration

To the Editor:

To many onlookers, including a DO reporter and editorial writer, the sit-in at the Savoy Apartments last Saturday seems erroneous and even slightly ridiculous because a Negro was already living in the building.

Such critics would seem to believe that one Negro per building is enough, and that since one-third of one apartment is Negro, the building is "integrated".

But "integration" means "oneness", in this case meaning that there is only one race — the human race — so that no place can be considered "integrated" until Negroes and other minorities are fully as welcome as White Anglo-Saxon Proestants are.

The issue at the Savoy Apartments was not the landlord's past conduct (which has been less inspiring than his statements to the press would indicate), but his actual present refusal to rent to Skeva Soko on the ground that he was African. The landlord's subsequent repentance and change of heart (if that is the appropriate expression for his action) indicate that he recognized the real issue as clearly as the seven students who went to jail.

The whole purpose of the illegal trespass was to rivet the attention of the landlord and the public on the embarrassment, humiliation, rejection, rudeness, hostility and arrogance that Negroes must endure when they hunt apartments.

The Savoy Apartments are not "integrated" because one Negro already lives there, any more than Syracuse is "integrated" because the city does no build separated "Colored" and "White" toilets. Syracuse will not be integrated until the 15th ward represents people of no particular color, until Negroes seeking apartments have no more difficulty than whites, until no fraternity or sorority shall consider race or religion as membership qualifications, until public institutions (including the Board of Education and the University) shall adopt an active policy of facilitating and encouraging integration in every area, unil individuals are able to be considered for what they themselves are and not for the melanin content of their skin.

No matter how many Negroes are already in the building, it is a shame and a wrong when the next applicant is rejected for his color.

J. D. Hunt

Basketball

To the Editor:

"There's nothing like a spirited crowd to make the old adrenalin flow . . ." So stated Fred Lewis, Syracuse University's new cage mentor. Well, the crowd on Saturday evening was spirited enough, but the adrenalin was flowing more in the stands than on the hardwood; the students attending the game were in an uproar over the subpar seats they were given.

By the time the varsity tilt got under way, more than 3000 patrons had passed through Manley's turnstiles. This crowd consisted mainly of students, who, if the ushers had their way, would have been crammed behind the two baskets, leaving the choice mid-court seats comparatively empty.

Fortunately, the ushers didn't have their wish, and a large portion of the students claimed squatters' rights in the forbidden sections as hundreds of their fellow students cheered them on.

These students had come to see what the new coach and team looked like, but they got to see just half a game and, even then, their vision was often blocked by the apparatus which supported the baskets. Is this typical of the seating that the student body will be given at future athletic events?

It's a sad state of affairs when a student has to pay $1400 for a seat behind the basket and an outsider has to pay only $1.50 for a seat at mid-court.

It is very unfortunate that a few legitimate ticketholders were inconvenienced by the actions of the students, but there was a drastic need for a change in the students' seats, and it was obvious that the ushers weren't going o take the first step. Fortunately, Chancellor Tolley permitted a few of the students to join him in his box.

Tom Muller '66
Dick Palmateer '66

ISO

To the Editor:

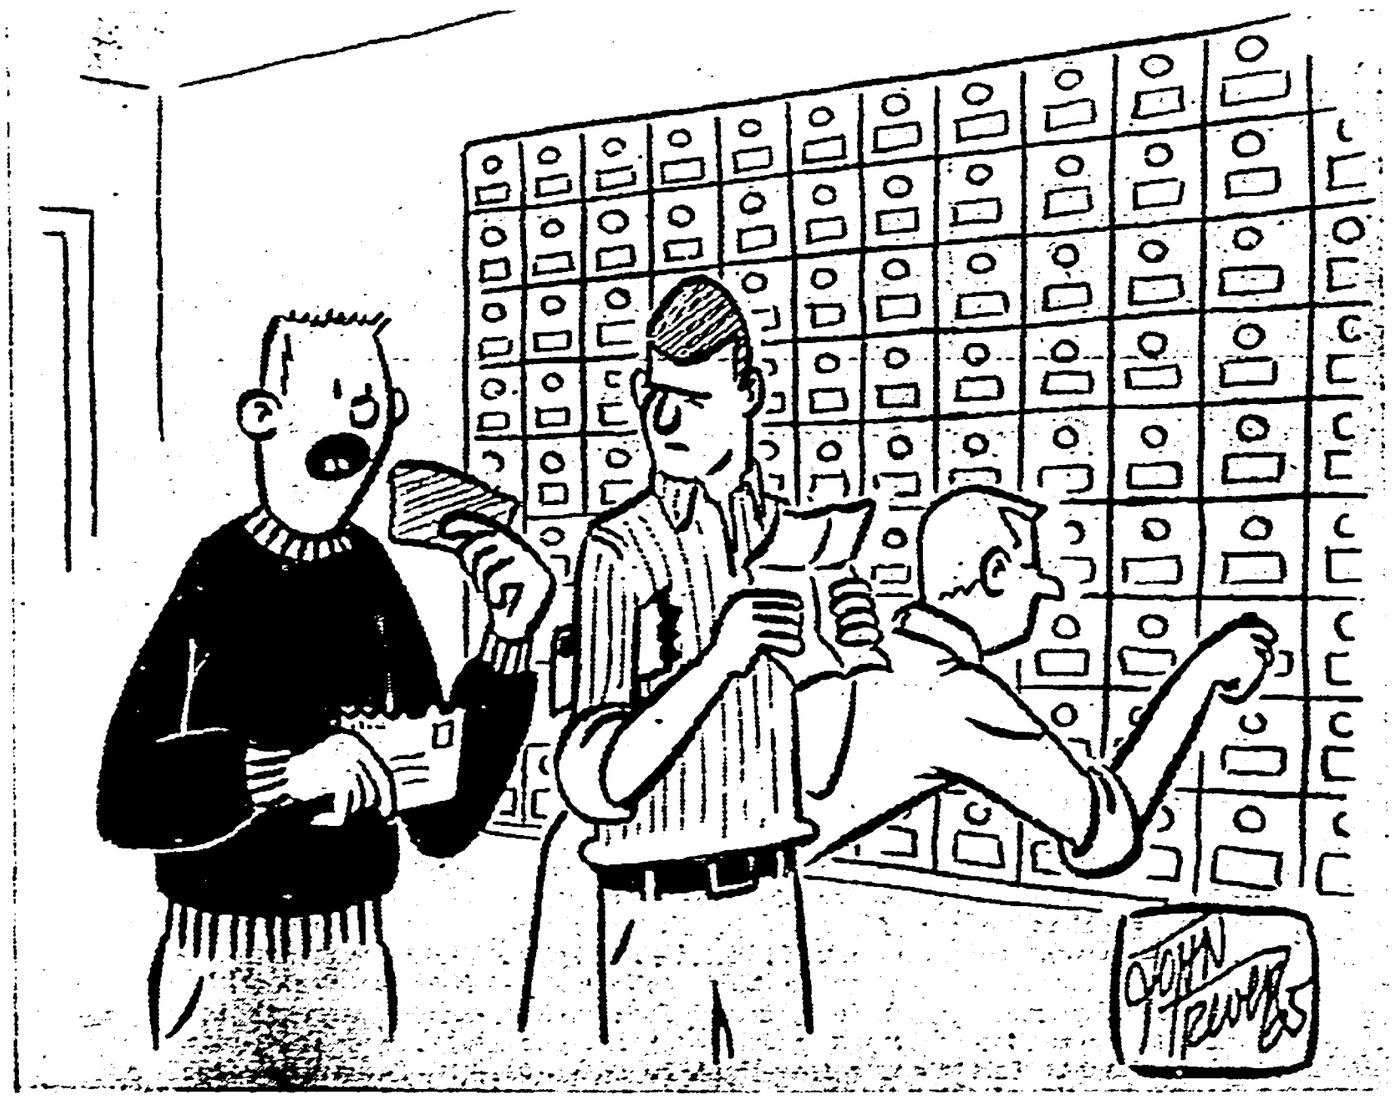
I wonder if you could possibly save an important campus event from veritable submersion in the onrushing flood of Frosh Weekend.

The ISO is sponsoring a semi-formal dance in Shaw dormitory rec room this Friday from 8 to 12 p.m. They've hired a rather enviable twist band: the Invader's. And have opened the dance to the campus at a going rate of 50 cents a person.

Opportunities to meet people who will soon be the industrial and political leaders of their countries do not frequently occur for the average American. As hosts it seems reasonable we should make every effort—at the very least a fifteen miunte one—to become acquainted with our guests, aside from rubbing elbows with possible presidents.

Realizing the publicity of this event has not been overwhelming, I was hoping the DO might rally forces and give some sort of helping hand.

Katherine Elder '65



POLICY ON LETTERS

The Daily Orange invites, and even urges, the expression of opinion on the part of its readers. The editors make a sincere effort to publish as many letters as possible, but space and the illegible condition in which some letters are received eliminate several from consideration.

Consequently, writers are urged to type their letters, preferably double-spaced, and to limit them to a maximum of 200 words.

Out of necessity, the editors reserve he right to edit letters for reasons of grammar, space and good taste.

Theater Opens With 'Snow Queen'

Children's Theater presents "The Snow Queen and the Goblin" as its first offering of the year.

Adapted by Martha B. King from the story by Hans Christian Anderson, it is the story of the Snow Queen who asks her servant, Acha la Goblin to bring children to cheer the palace. Under the influence of Acha's magic mirror, all the children soon freeze into blocks of ice.

Directed by Marjorie T. Morton, the show stars Susan Hayes as the Snow Queen, Rea Turet as Acha la Goblin, Carol Markell and Nelson Roy as the two guards, Eileen Dietz and Susan Sommers who break the Snow Queen's magic spell.

Playing the Grandmother, who warns the children against the Snow Queen's magic spell is Helen Garey. The children are portrayed by Michele Sobel, Nanci Fried and Beda Bailey.

Performances are 10:30 a.m. and 2 p.m Saturday, and 2 pm. Sunday. Tickets are $.50 for children and $1.00 for adults.

WEEKEND MUSIC

Krasner, Crouse

The Syracuse Friends of Chamber Music, and their friends, were treated to a fine concert on Friday night, as the Krasner String Quartet was assisted by three very talented guests in presenting a varied and exciting program.

The Mozart String Quartet in F major which opened the program was given a fair performance, though it could have been somewhat more rhythmic. The piece was highlighted by some excellent 'cello work by Frederick Miller. A very difficult final movement left the audience gasping for breath.

Having opened well, the concert stubbornly persisted in improving.

Soprano, Rollie Abkowitz, and pianist, Jerrold Cox joined the ensemble for songs by Saint-Saens and Agostino Steffani. Miss Abkowitz has an upper range that is especially pleasing to the ear.

Gerald Zampino then joined Mr. Krasner and Mr. Cox in a beautifully synchronized rendition of Bartok's Contrasts for violin, clarinet, and piano. The piece itself was laden with contrasts between Hungarian folk elements and an urban sophistication. Mr. Zampino, whose intonation is very pleasant, was flexible enough to give the music the humor that was written into the third movement.

The quartet concluded the evening beautifully with a melodic and lush (as always) String Quartet by Debussy. Once again the work of Frederick Miller stood out as he provided fullness with a rich 'cello tone.

SW

The Crouse College audience on Sunday afternoon was offered a program of contemporary musical works presented by pianist, Alice G. McNaught and organist, Donald S. Sutherland. Though the performance was a good one and was, at least formally, warmly received, there seemed to be some unrest.

There was nothing on the program that represented musically either the extreme left or the extreme right in modern music. And yet, the musical values which had to be sought in this concert were different than most audiences are accustomed to seeking constantly for a period of two hours.

There was respite for a short while in Earl George's Burlesca in which there was humor, not of a raucous kind, but of a type that seemed almost melancholy. It also contained elements of a romantic mood to which the crowd took quite kindly.

Parts of the other pieces on the program also contained aspects which related to earlier styles of composition. But there was little that was tuneful or sweet.

Pinkham's Concertante No. 3 for Organ and Percussion saw Miss McNaught at the celeste with Dr. George conducting the ensemble which also included percussionists, George Ward and Allen Pabst.

Also on the program were Barber's Toccata Festiva, (festive no doubt in some obscure modern sense of the word), Variations by Marcel Dupre, and a Concerto for Organ and Piano by Flor Peeters. The final movement of this had a dynamism which excited the audience.

SW

Ernst Bacon To Perform At Crouse

Dr. Ernst Bacon, pianist and composer will present a piano recital 4 p.m., Sunday in Crouse Auditorium.

The program will open with a Vivaldi Aria transcribed by Bach, followed by the Mozart Variations in A and the Beethoven sonata, opus 81. Also on the program is the Schubert Impromptu in F minor and the Brahms Sonata, in F minor.

Dr. Bacon has won Guggenheim, Pulitzer, Campion and Bispham awards in composition. He was founder of the Carmel, California and Spartansburg, South Carolina music festivals. He has conducted the San Francisco, Detroit, Denver, Rochester, N.B.C., Louisville and Vienna orchestras.

In the future, Bacon will give a world premiere of "Riolama" January 18 at the Lincoln Auditorium. Bacon's opera, "A Tree on the Plains" will be held May 2, 3, 4, at the Regent Theatre.

Jewish Music

A concert of Jewish music will be given 7:30 p.m. Sunday in Gifford Auditorium of H.B. Crouse as part of the University's Festival of Religious Music.

Erwin Jospe, conductor, composer, pianist and Music Director of Congregation of Anshe Emet in Chicago, will speak on the meaning of music in Jewish life. He will also play compositions by Russian, Israeli and American Jewish composers.

Jospe has conducted in Berlin, New York, and Cleveland. For the past 12 years he has served as music director of the National Hillel Institute.

The Krasner Chamber Music Ensemble in the Children's Suite by Joseph Achron will be featured. The Children's Suite is composed of 20 short movements for String Quartet Clarinet and piano.

The Hillel Choir will share the first half of the program with the Chamber Music Ensemble. The Choir, conducted by Jospe will perform a group of Israeli and liturgical compositions. Several of the pieces are arranged, or composed by Jospe.

There is no admission charge.

Down In Front

By JUDY ADAMS

We used to have a cheer in high school called "locomotive". It went:

We got the pep, we got the steam,

We got the coach, we got the team.

It started very slowly getting faster each time it was repeated. Hence the title "locomotive".

Saturday night Syracuse had all four ingredients. But most of all, we had the pep.

The evening started badly. First we were told that we couldn't sit in the middle section. Grumbling about "endzone seats", we finally found a half-way decent place to sit.

Finally the game started. But, oh so slowly. The monstrous clock ticked off 112 seconds before it began its work. At 18:08 Dick Ableman made his second free-throw try.

But still, those empty seats.

Half an hour after the frosh game began, all the student seating had been filled. We began voicing our complaints.

"Hey . . . . . can we sit in the dirt?" someone yelled.

"No, it's reserved," another retorted.

Then an "ugly" rumor started that they were letting us sit in Section E, one of the reserved sections. Without hesitating we descened upon the poor ushers who dutifully tried to hold us back.

All pleading over the P. A. system was in vain. We had come to see basketball and we wanted to SEE it.

And we were out for blood. It was 51-21. More. More. More. 60-21 The more we got, the more we wanted. 69-26 The cheers grew even louder. Go. Go. Go.

It was 74-28 and the din was still increasing. At 80-28 Dave Bing, who had played a tremenduous game, was taken out. And we gave him a standing ovation. The more we yelled, the more we scored. It finally ended 85-31.

Our enthusiasm continued as the varsity took their turn. We vigorously applauded each of the starting players, but our loudest applause was reserved for Fred Lewis.

We had the pep and we had the steam.

We had the coach. Did we have the team?

The first half was dull, but we were leading when it ended 19-16. How long could it last? No one knew. But we cheered each and every meager point we made. We cheered everything, Judy Delp, the band, the cheerleaders, the "sweepers", and even ourselves.

When the second half began, the Orange squad clung stubbornly to their narrow lead. Then with three minutes left, Kent State edged ahead by three points, their largest margin of the night. And it was here, when we were behind, that we cheered the loudest of all.

The lead was cut to one; the clock showed 10 seconds; the stage was set for Foster's heroics. Nine, eight, seven, six, the clock tick away. From the corner Herb shot. The ball hit the rim, bounced high, then dropped through the hoop.

Foster was lifted above his teammates monentarily as they celebrated their first win at home since Feb. 20, 1961 when Pete Chudy and a guy named Ernie led the Orange over Massachusets.

Above their heads the scoreboard beamed the results Syracuse 36—visitors 35.

That night at least, we had the team.

Scandura Team Lacks Depth As Grapplers Face First Test In Coast Guard Tournament

By STEVE SPIEGEL

This Friday, Coach Joe Scandura's grapplers will face their first real test in the pre-season Coast Guard Tournament. Stiff competition will be provided by Ohio State, Minnesota, Army (defending champs), and Lehigh.

"The unexpected entry of Lehigh into the tournament will make things a lot tougher," said the coach, "But now we'll just have to beat them a week earlier."

In the two practice scrimmages against Springfield and Oswego, the Hillmen lost just one match, and the coach is confident that his boys are ready to give anyone a rough time.

Gary Sirota and Sonny Greenhalgh, both hard working seniors, will start at 167 lbs. and 130 lbs. respectively. Sonny will be defending the 130 lbs. class championship he won last year.

Four sophomores, Terry Haise, John Dussling, Louis Roberts, and Louis Lee have shown vast improvement since Sepember. Scandura hopes "their debut to varsity wrestling will live up to our expectations." Haise was the freshmen Eastern Champion last year and will wrestle at 123 lbs.

Two juniors, Dick Slutzky and George Reidener, will wrestle at 147 lbs. and 157 lbs. respectively. Both men have provided consistently good wrestling and should help to stabilize the team in the middle weights.

Jim Murrin, a junior, and Bob Chappell, a senior, have both been on the sick list. Murrin has resumed full scale workouts and should be ready for the tournament. Chappell, however, will remain out of action until later in the season.

According to Scandura, "Our only weakspot is in the heavyweights, but this gap will be filled in for the regular season by Jim Nance, Gerry Everling, and Tom Wilhelm at the conclusion of the football season."

Both Everling and Nance won Freshman Eastern Championships last year. The former wrestles at 191 lbs., while Nance went undefeated as a heavyweight.

Coach Scandura went on to explain that although we have the front line men, our ranks still lack depth in the heavyweight spots.

Injuries are always of prime concern in wrestling, and no one is more aware of this than Scandura. With a note of caution, he stated, "We have been pretty lucky so far with injuries, but we can't depend upon that for the whole season."

He also expressed some hope that more football players will come out for the team once football season ends.

Last year's frosh will provide much of the punch in this year's varsity edition, with three Frosh Eastern Champs replacing the four graduated matmen.

In regard to this year's Freshman team, the coach expressed some disappointment. "The spirit and numbers that the varsity has is sadly lacking in the frosh." However, he expects the situation to improve as the season progresses.

Last year's varsity squad sported a highly successful record of five wins, two losses and one tie. This year, the grapplers should be even better and may emerge as a national power. The regular season opens against Lehigh on Dec. 15.

Mackey, Meggysey In Shrine Line-Up; NFL Drafts 3 Orange

By TOM MULLER

Although Syracuse University's football combine has not received much acclaim from the nation's football "experts" this year, some of the squad's senior members have managed to grab a share of the sports spotlight in the last few days.

End-halfback John Mackey has been honored in several ways. First, he was selected by the New York Titans of the AFL last Saturday, and then the Baltimore Colts of the NFL drafted him on Monday evening in the second round. Finally, John was named to the East squad for the East-West Shrine game in San Francisco on December 29.

Joining Mackey in the Shrine game will be guard Dave Meggysey. Dave is currently among the cripples, but he has been impressive all season. He was also honored by the Holy Cross players, who placed him on their all-opponent team.

There will be several familiar faces in the Shrine game line-up with Mackey and Meggysey, since four Syracuse opponents have also been named to the squad. West Virginia will have two representatives in end Gene Heeter and Jim Moss, a back.

Art Graham, Boson College's fine end, and guard John Draksler of Pittsburgh will round out the list.

Senior Don King, Syracuse's fleet-footed halfback, was picked up by the Detroit Lions in the sixth round of the NFL draft. The Lions are currently the hottest team in the Western Conference and the only team to beat Green Bay this year.

End Walt Sweeney was drafted by the San Diego Chargers of the AFL last Saturday, and was also selected by the Cleveland Browns in the eighth round on Monday. He was the second player to be drafted on Saturday.

The Eastern Collegiate Athletic Conference, which includes Syracuse, released their All-East team selections Monday evening. Although no S.U. players made the grade, several of their opponents did.

Powerful Penn State placed both end Dave Robinson and halfback Roger Kochman on the squad. These were the two who had Ben Schwartzwalder in fits during S.U.'s 20-19 loss to that team.

Boston College also has two men on the team. End Art Graham and fullback Harry Crump are the B.C. representatives.

SU Opponents End Favorable Season

By ELLEN HALPRIN

It was an interesting weekend as most Syracuse opponents wrapped up their season. The weekend's top contest saw Navy topple Army for the fourth year in a row.

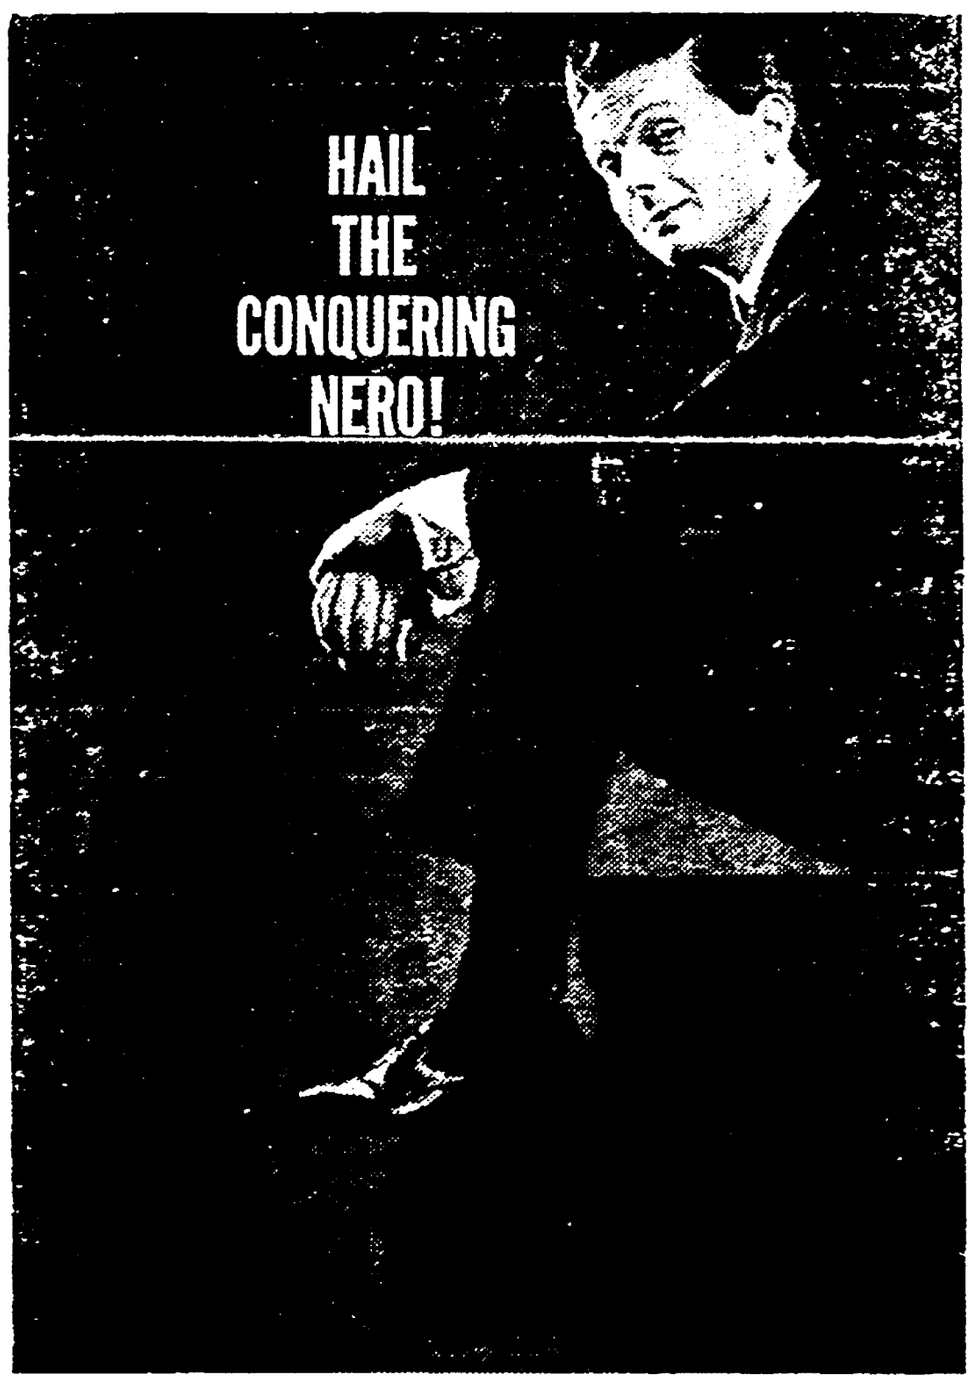
Wayne Hardin became the first Navy coach to roll up four successive wins against the Army. Middie sophomore quarterback, Roger Staubach, was the outstanding player in the 34-14 victory. The Navy scored twice as many points against Army as any team this year.

Navy's victory shot them from fifth to third in the Lambert ratings. The Midshipmen finished the season with a 5-5 record. The Cadets wound up with six wins and four losses.

Boston College emerged victorious over Holy Cross, 48-12, in the 59th meeting between the two traditional rivals. The contest marked the fourth defeat in ten games for Holy Cross.

Boston College, with an 8-2 record, is being considered for the Gotham Bowl, but they don't seem too eager to accept.

Orange Bowl-bound Oklahoma handed Oklahoma State a 37-6 defeat. Oklahoma State's lone score spoiled the Sooner's bid for the season's fifth shutout. The eighth ranked Sooners will face the Crimson Tide of Alabama in the Orange Bowl classic. It is the first meeting between the two teams.



U.C.L.A., Syracuse's final opponent, eked out a narrow 14-11 win over Utah. The Bruins go into the game with Orange's 4-5 record.

Penn State has accepted a Gator Bowl bid to play Florida. The Nittany Lions, who took the Lambert Trophy for the second year in a row, have a 9-1 record, suffering their only loss to Army.

No Fire In Dorm

There was no fire in DellPlain Hall Thursday, as was reported in the Daily Orange Dec. 3.

The dormitory was evacuated when an alarm was sounded 11 p.m. on the fifth floor. Richard C. Goolsby, DellPlain director said there was no indication of who set off the alarm.

Nero plays and the critics rave on! "... all the bite of a very dry martini," High Fidelity. "Tinseled, quick-silvery arrangements," Time. "All coolness and color," Life. His newest, The Colorful Peter Nero, is a kaleidoscopic trip from "Journey to Red Rocks," on through the spectrum to a plush "Deep Purple."

ENGINEERS!

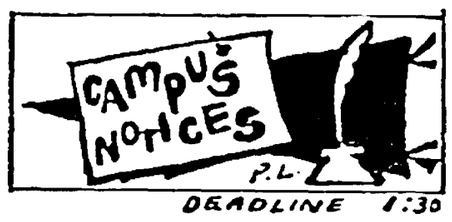
Which career pathway will you take?

AT NEW YORK TELEPHONE YOU CAN START IN ONE FIELD...LATER SWITCH TO ANOTHER... WITHOUT WASTING ANY PRECIOUS EXPERIENCE!

At New York Telephone we take a strong interest in building your career. We begin by relating your interest, experience and education to three broad fields of operation — Administration, Engineering, and Sales-Marketing. We help you find out where you show your greatest promise. Perhaps it won't be in the field where you started. No matter. At New York Telephone the comprehensive training you receive will help you to grow into any number of key positions.

Look at these exciting opportunities for young men:

Administration — Due to continued growth in the next ten years, qualified men must be found to fill more middle- and top-management positions than exist in the company today.



Engineering — Here, too, it's a young man's world at New York Telephone! We need competent, creative young engineers to help us move ahead fast in systems engineering, construction, planning, transmission, special-facilities design.

Sales-Marketing — An exciting new side to the communications industry. New Jobs are opening up for industrial specialists, sales managers, account managers — as well as in market analysis and product development.

No matter which career path you choose at New York Telephone, you get these advantages: good pay, a chance for rapid advancement.

For full information about New York Telephone — and your future here — write to Ed Dooley, College Employment Coordinator, Room 1770, 140 West Street, New York 7, N. Y. Or inquire at your College Placement Office.

Mondlane...

(Continued from Page 1)

Citing examples of these "problems," he noted that before WUS started to help with housing, meals and health services in Calcutta, 20 per cent of all students died before they graduated.

In Hong Kong, Elston said, about half the people are under 15, and about 85 per cent of those over 15 have tuberculosis.

"Academic life in these countries is a race to escape the life expectancy rate," he said.

Dr. Edouard Mondlane, Maxwell School associate professor of sociology and anthropology, told about his experience with World University Service.

In the late 40's, when he was a student in Johannesburg, Union of South Africa, a change in government resulted in a "rule" prohibiting non-Europeans from attending European schools in the country. Dr. Mondlane received a WUS scholarship and left South Africa.

In 1961, when he was working for the United Nations, WUS asked him to go to Europe to work with students from Portuguese colonies in Africa. He helped these students to find schools in Franc, Switzerland and Germany which they could attend.

According to Dr. Mondlane, American students "have no idea" of how difficult it is for refugees to get an education. "In Europe," he said, "students can't find jobs, so although the costs are lower, it is still almost impossible for them to pay."

Oser To Speak

Professor Jacob Oser, of the Utica College business administration faculty will visit Syracuse University today to deliver a lecture on "Perspectives on Economic Thought."

His address, sponsored by the Hill economics department, will be given at 3:30 p.m. in the Maxwell Founder's Room.

Prof. Oser is co-author of "Economic History fo Modern Europe" and author of "Must Men Starve." His newest publication, will be out next spring.

It is reliably estimated that scholarships totaling more than $300 million a year are available to college students.

(Continued from Page 1)

central figures in Saturday's picket-sit-in episode: Congress On Racial Equality Members, some of the arrested students, the African seeking the apartment.

The assembly sang "Turn Back, O Man, Forsake Thy Foolish Ways," then heard Maxwell Prof. Edouard Mondland say "You cannot convince people of the love of God at a distance."

It's no good sending missionaries to Africa to spread God's word when "love your neighbor" is a meaningless phrase among those who sponsor the missions, the professor admonished.

"The world is getting smaller and smaller, the word community has more than a sociological implication," he said.

Conditions such as housing discrimination are "indicative of a sickness in American Christions in relation to people outside their own social and cultural milieu," Prof. Mondlane said.

The assembly then recited a litany of penitence..."For the unconcern which makes us cry, 'Am I my brother's keeper?'... We confess our sin, O Lord."

The service concluded with singing of "Through the Night of Doubt and Sorrow" and Dean Noble's benediction-"peace"

CORE...

(Continued from Page 1)

he continued.

"The landlord's (Clifford's) original position seems to have been one of miscalculation rather than malice," Makinen said. "He evidently misinterpreted the feelings of the other tenants. His concern was that the other residents would object," he continued.

Plans

When questioned about future plans of the local CORE group, Makinen said they would have "to judge if the community has felt the moral impact of this case," before taking further action.

He said it was unfortunate that Clifford has to be singled out for action since there are a lot more people who are guilty. "If we have to prove this on a basis of single landlords, we will," he said.

The group is now planning meetings with university officials to discuss the role of the university in bringing pressure on the city for equality in housing.

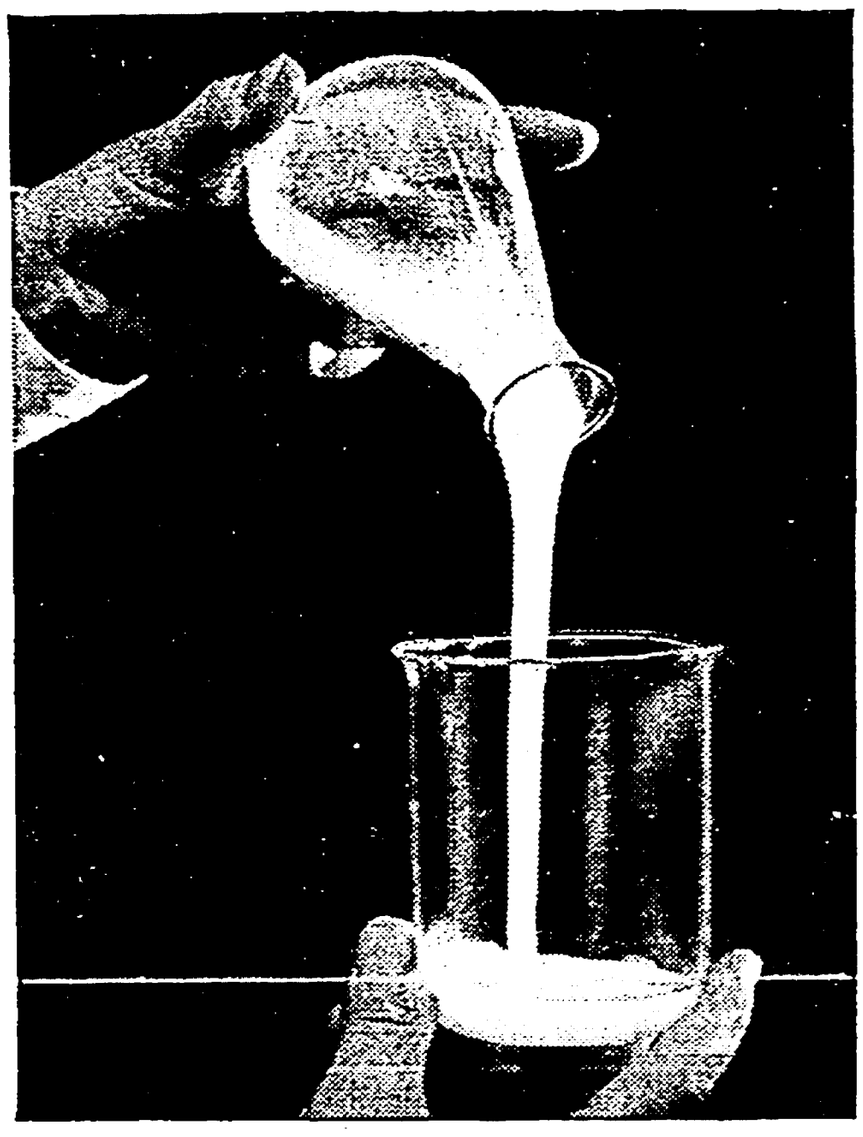
APhiO Posts Travel Board

Pledges of Alpha Phi Omega, national service fraternity, have initiated a system to relieve problems in securing rides during vacations.

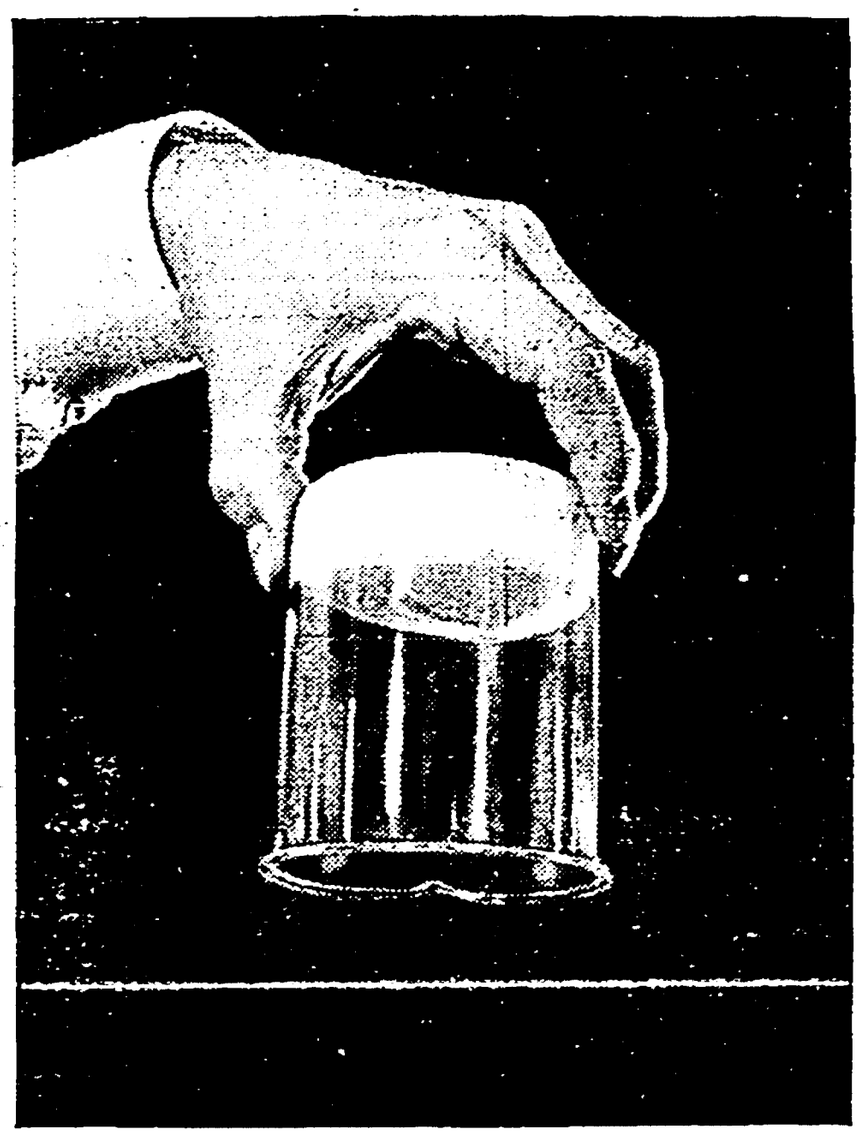
The pledges have set up two bulletin boards in the H. B. Crouse lobby for rides wanted and riders. Three by five inch cards are to be used as instructed.

The boards, arranged geographically, are available for Christmas holidays. Permission has not yet been secured to make the service permanent.

"The system," said Joseph Poras, pledge master of APhiO, "should eliminate running around to Mt. Olympus, Sadler and the other dorms to find a ride."



AF Promotes



Nine Syracuse University Air Force cadets have received promotions. They are sophomore Seymour H. Bart, promoted to cadet technical sergeant and freshman Gerald W. Dibble, promoted to cadet staff sergeant.

Sophomores William J. Barnish and Dixon D. Condit were promoted to cadet airman second class. Freshmen Daniel I. Labowitz, John J. Piston, Edward S. Novak, Peter Lee White and Hugh D. Lynch were advanced to cadet airmen third class.

Opportunities at Du Pont for technical graduates—second of a series

BAYMAL®—one of our many new products that could launch a thousand careers

New careers are important by-products of Du Pont research. Developing BAYMAL* is a case in point.

BAYMAL is a white, free-flowing powder. It's intentionally synthesized into submicron-sized fibrillar particles about 5 millimicrons in diameter and about 200 millimicrons in length. These small particles display a number of properties completely different from other types of alumina now available.

Dispersibility to form stable sols with unique thixotropy, viscosity and film forming characteristics is one of its notable properties. Our photos illustrate another. Shake a BAYMAL-and-water solution and it will pour. Let it sit awhile and it will gel—won't pour unless you agitate it again.

We see dozens of potential uses for BAYMAL. But it's up to our development men to bring this new product to commercial maturity, and here is where careers are born.

You see, from the day we examine a sample of the chemical to the day a full-scale plant starts turning out the finished product, years may elapse—years of patient work by chemical engineers developing processes and assembling basic data for process design, by mechanical engineers who must create new equipment to make the product, by electrical engineers whose job it is to develop control systems to meet the needs of the process.

And BAYMAL is just one of literally hundreds of new products under development at Du Pont. Each one gives promise of new and rewarding careers for technical men—perhaps like yourself—preparing to enter industry.

If you'd like to receive information about employment opportunities at Du Pont, and to know more about BAYMAL and other new Du Pont products featured in our "Opportunities" series, use our coupon. Mail it today.

* Du Pont's registered trademark for its colloidal alumina

LAAC Recommends New Gym Grading

Students will receive only pass or fail grades in physical education if a proposal which the Liberal Arts Advisory Council has submitted to the Universisty Senate subcommittee on curriculum is accepted.

Under the proposed plan, physical education grades would not be counted in the computation of cumulative averages.

Thus, they would not affect a student's dean's list standing, probationary status or scholarship retention.

According to LAAC chairman Warren Stolusky, the proposal calls for the following criteria of determing whether a student passes:

More than two cuts a semester, except for illness or other legitimate reasons, would result in failure.

Written work and examinations will continue to be required, at the discretion of the physical education department.

Students must show satisfactory class participation and skill.

The required number of semesters would remain the same as it now is. In most schools in the university, four semesters of physical education are required.

For physical education majors, the standard grading system would continue in effect.

As reasons for the proposal, the council cites the fact that physical education is a quasi-academic subject and is not required in all schools of the university, so it is not reasonable that it effect cumulative averages.

Stolusky said that the council also feels that students will benefit more from physical education training if they do not have to concenrtate on grades.

The proposed system would eliminate double clerical work involved in computing averages, since eligibility for honorary socities and graduation awards is based on averages without physical education grades.

Joey Dee Twists Around the World

By ANDY PORTE

Joey Dee, who will appear at "Twist Around the World" Friday night in the Men's Gym is a well-traveled young man himself.

The program is the first event on the Freshman Weekend schedule.

Dee, and the Starliters, who brought the twist into prominence in New York's Peppermint Lounge, have traveled from the beginning. Born Jo- relatively short career.

Hard Rise

Dee's rise to fame was hard fro mthe beginning. Born Joseph DiNicola in Passaic, N.J., he was one of ten children. His musical interest began when he was eight and started to play the harmonica. At the same time, he was an altar boy at his church and sang in the school choir.

When Dee entered Paterson State Teachers College on a scholarship, he paid for his books, lunches, carfare and other expenses from his "music money."

His band was booked into the Peppermint Lounge in 1960, and Dee decided to temporarily forego his college career. He played there for almost a year in obscurity, as far as the general public was concerned. A small group of ardent twist followers composed his following.

Then, in October 1961, the twist "hit." Top show business names, society figures and others flocked to the Lounge to listen to Dee and the Starliters.

It was at the Lounge that Dee introduceed his hit songs, such as "Shout," "Peppermint Twist," and "RolyPoly." His recording of "Peppermint Twist" sold two million copies.

Dee's overnight success won him engagements in New York's Plaza Hotel, Metropolitan Museum and Four Seasons Restaurant. He also played at a New York Fashion Industry party where patrons paid $100 a plate to listen to his music. He also played at Mayor Robert Wagner's re-election party.

Dee also has made two movies and has appeared on several television programs, including CBS "Great Events of 1961."

Appears Friday

Dee will appear at 8:30 p.m. Friday in the Men's Gym, along with an Ithaca vocal group, the Dynamos, and a local twist band, the Tears.

Tickets are on sale from freshman forum representatives and also available in the lobby of Huntington B. Crouse Hall. Tickets are $1.50 per person, and are also available at the door.

Freshman Weekend chairman Henry Kahn emphasized that the program is stag or drag, and is open to all university students. He said that the program will include both a concert and twisting.

JOEY DEE

Africans Elect New Officers

Anthony H. Rweyemamu of Tanganyika has been elected president of the African Students Association by the group's general assembly.

Other officers for the year are Alleynus Farrah of Liberia, vice president; Eleanor Baker, Liberia, secretary; Ezekial B. Benkole, Nigeria, treasurer.

Also Abdel-Khalik M. Zikry, United Arab Republic, social and publicity chairman; Frank W. Vuo, Tanganyika, ex-officio; and John M. Njoroge, Kenya, membership committee.

Lillich Receives Fellowship

The Ford Foundation has awarded a $14,600 Law Faculty Fellowship to Richard B. Lillich, director of international ich, director of international legal studies at Syracuse University.

Lillich will study post-war practice and procedure of European countries, and will be an honorary research associate at University College's Institute of World Affairs in London.

Gang Attacks Two SU Students

Two university students were attacked by a gang of youths in the 600 block of East Adams St. Sunday.

Peter Horowitz, 19, who lives in Marion Hall told police that a gang of boys who appeared to be between eight and ten years old, attacked him and Jonathan Fitchthorne who lives at the Acacia fraternity house.

Horowitz was struck in the mouth by a bottle. Fitchthorne was not injured.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — The end of our "Indian Summer" now appears imminent. The powerful Atlantic storm, which has been wandering erratically up and down the coast, is now beginning to head northward. Ironically this is the same storm which has been responsible for holding the fair mild weather over the state for the last 9 days.

FORECAST — Sunshine this morning will gradually give way to thickening high clouds during the day. Some rain likely by tonight. High today, 51-58.

Hill Mourns Father Ryan

Syracuse University today mourns the passing of the Rt. Rev., Msgr. Gannon F. Ryan who for 27 years has served as chaplain to the Hill's Roman Catholic student.

The 58 year old priest collapsed following a television show at WSYR Wednesday afternoon and died shortly after. He had just finished taping a "Ladies' Day" program featuring WSYR personality Kay Russell.

The university community, led by Chancellor William P. Tolley Wednesday night expressed deep sympathy at Msgr. Ryan's death. "For 27 years Monsignor Ryan has served the Catolic students of the university with great devotion. His unexpected passing is a deep shock to all of us. He will be sorely missed," Tolley said.

"He was the senior chaplain of all of us," commented Hendricks Chapel Dean Charles C. Noble. "He introduced a unique program at St. Thomas More Chapel, probably the only one of its kind in the country. He was so much a part of Syracuse University it is hard to think of the next few years without him," he said.

Jewish Chaplain Rabbi Louis Neimand commented he was "deeply shocked" at the death of Msgr. Ryan. "Having ministered to Catholic students for a great many years, he will be greatly missed by those he served."

MSGR. GANNON F. RYAN

"The university has lost a good friend," commented Vice President Kenneth G. Bartlett. "His monument at Syracuse will always be the St. Thomas More Chapel."

Msgr. Ryan came to the Hill on April 2, 1935. On April 16, 1960 Pope John XXIII appointed him domestic prelate, the right reverend monsignor.

During his tenure on the Hill he will be remembered for his outstanding work in both the spiritual and physical growth of St. Thomas More Chapel. His dream of turning the Chapel into a church for Catholic students was never realized.

Outspoken in his philosophical views, Msgr. Ryan spent 27 years on the Hill giving up opportunities for advancement, to administer the needs of students, non-Catholic as well as Catholic.

Calling hours will be held 2 to 4 and 7 to 9 p.m. Friday and Saturday at the L. B. Burns and Son Funeral Home, 625 Onondaga St. The body will lie in state in the Cathedral of the Immaculate Conception from 4 p.m. Sunday.

St. Thomas More students will hold a special recitation of the Rosary at a wake at 7:30 p.m. Friday.

A Solemn Pontifical Mass of Requiem will be celebrated at 10:30 a.m. Monday at the Cathedral. Burial arrangements have not been completed.

5 Measures on JSL Agenda for Tonight

By CAROL SCHLAGETER

At an hour-and-a-quarter session Wednesday, Steering Committee approved five measures for presentation at Joint Student Legislature tonight. The meeting is at 7:15 p.m. in Maxwell Auditorium.

The measures:

1. Local and National Affairs Committee will present its completed recommendations concerning use of prefabs for classroom sessions.

2. A recommendation was directed to Speaker Ronald Mittleman, asking him to permit a seven-day lapse between introduction of legislation and bringing it to a vote. During that time, mimeographed copies of the bill would be available for each senator to discuss with his constituteunts.

After 10 minutes of argument Legislative Commission Harvey Nathan ruled that the proposal could not be presented as a bill before the legislature. "Such a drastic change of policy would have to be a Constitutional Amendment," he said. Mittleman pointed out that an amendment would not be effective until next year.

3. City Senator Joseph deCarlo discussed his bill requiring mandatory meetings of city senators and their constituents. The bill is currently in committee, and its removal will be voted on tonight.

4. An administration statement concerning official policy on campus speakers will be read to the legislature. The university has said anyone may speak on campus if he has a campus sponsor and if the university is notified.

5. Susan Lamb, chairman of Organizations Committee, recommended adoption of a contitution for the Syracuse chapter of the American Institute of Interior Designers.

Steering committee saw the following additional action:

Chairman Kathleen Kapsol of Ways and Means said that a trial balloon budget involving four campus organizations will be ready if Personnel Board approves the new Student Finance Bill. The bill provides for a unified student organization budget. The trial budget would include JSG, International Students Organization, Traditions Commission and the Student Union activity.

Government Structures Committee, chaired by David Knickerbocker, has completed its analysis of the executive branch and will proceed to investigations of the legislative branch, its speaker, speaker pro tem and legislative commissioner. The committee is gathering information to revamp the JSG Constitution.

Molly Schramm was referred to the JSG President Theodore Bayer for approval of sending two delegates to a Congress of Racial Equality (CORE) convention this weekend at the State University College of Education at Cortland.

Mittleman announced that provisions of the Car Bill do not apply to city students. All properly registered city students may continue to drive to campus.

IFC Approves Greek Bias Investigation

By ADAIR DUFINE

"The fraternities have taken the initiative," Thomas Rigoli, Inter-Fraternity Council president declared Wednesday night. He asked Hill Greeks to submit to the IFC Council the status of bias or discriminatory clauses in their houses.

Rigoli, (Phi Delta Theta) urged the representatives take actvie part in the proposal to bring the Greek system before the Board of Discrimination on the Hill. "There is nothing to hide or be afraid of," said Rigoli, "we'll be dealing with numbers and not individual names."

"The fraternity system on the Hill can be among the frontrunners to do away with discriminatory clauses in national charters and on the campus in other student groups," stated James P. McMurray, fraternity administrator.

Acting before the kettle boils over, Rigoli asked the Greeks to answer three questions. 1) Do you have a clause in your national charter? 2) Does your chapter favor this clause? 3) What have you done as a satisfactory

(See IFC, Page 8)

Central N.Y. Unit Of ACLU Launched

By CHARLES M. STEINBERG

The drive to establish a Central New York chapter of the American Civil Liberties Union passed an initial hurdle with a large turnout of students and other interested persons at Maxwell Auditorium last night.

A man who identified himself as a member of the "Minutemen," an ultra-right "action" organization was seen recording license plate numbers of parked cars.

Hill political science Professor Julian Friedman told the gathering that it's next meeting would be held under the official auspices of the A.C.L.U. Friedman reported that progress had been made during the day in talks with A.C.L.U. Executive Director John De J. Pemberton. It was hoped a chapter could be established by April 1, Friedman said.

The next step, according to Friedman would be a meeting to draft a membership application to the national organization. This would probably be done through the Temporary Syracuse Civil Liberties Committee of which Friedman, engineering professor Norman Balabanian, John Adams of the Maxwell school are members.

Pemberton delivered the principal address in addition to entertaining questions from the floor.

He explained that the A.C.L.U. accomplishes its objectives through direct court action, lobbying, informal representation on administrative bodies, and the mobilization of public opinion. On both the national and affiliate level, policy stands are taken and effected by a Board of Directors after meetings with the membership.

Pemberton declared that there is a serious gap between American ideals in theory and practice. "It is no wonder" he said "that many people do not prefer the American people to the Russian Revolution."

"We have not been able to keep pace with the novel circumstances of the twentieth century," he said. Pemberton pointed that civil liberties had been largely neglected during the nineteenth century because of frontier expansion and other factors. But today, he noted, there is a rapidly accelerating "revolution of rising expectations," not only among the heretofore colonial peoples of the world but among American minority groups as well.

Phi Psi in CAP; US Meets Today

By ANDY PORTE

The United Students Party will hold its first meeting of the year at 7:30 p.m. today at Phi Delta Theta Fraternity, 703 Walnut Ave.

According to Pres. Robert Taylor (Alpha Chi Rho), the meeting will serve to acquaint new delegates with each other and to present several new party practices.

Taylor said the discussion will concern basic party business, and that future meetings will be held to discuss spring elections.

In addition to Taylor, US officers are Sharon Pechenik (Phi Sigma Sigma), vice president; Sigmund Sugarman (Sigma Alpha Mu), treasurer; Penny Shapiro (Sigma Delta Tau), secretary; and Lois Wiltse (Alpha Xi Delta) and Judd Epstein (Phi Sigma Delta), campaign chairmen.

Phi Kappa Psi fraternity was admitted to Campus Alliance Party at a meeting Tuesday night at Alpha Epsilon Phi sorority. Phi Psi was accepted by a unaimous vote of the 19 CAP members.

Phi Psi pulled out of United Students Party last year after one of its members, Henry Lee, was refused a nomination for senior class president. Lee subsequently won the election as an independent.

Also present at the meeting Tuesday was a Sadler Hall resident who is attempting to form an independent group for possible future membership in CAP. Party head Ronald Brzezinski said he was "glad to see independents interested in joining the party." CAP presently has one independent group, Independents on Campus.

It was annonced that the party constitution will be amended to bring portions of it up to date. It was also announced that a spring platform statement will be issued at the next meeting.

Applications for a campaign manager from each class were requested, and will to be due before the Christmas vacation.

Gove Lectures At HBC Today

Dr. Philip B. Gove, editor-in-chief of Webster's New Language Usage and Lexicography International Dictionary, will speak at 4 p.m. today at Gifford Auditorium in Huntington B. Crouse Hall.

The lecture is being held in conjunction with the Hill humanities series.

Two Get AF Medals

Lt. Col. Frank L. Cox. SU professor of air science, presented Air Force Commendation Medals at an awards assembly recently.

Receiving the medals were Captain Dorothy E. Devaney and Captain Leo Cattabiana Jr.

Father Ryan: A Legacy of Service

For more than a quarter of a century, Father Gannon Ryan served as chaplain to Roman Catholic students at Syracuse University. Today the entire campus mourns his passing.

Counsellor and confidante to thousands of undergraduates ,law students and medical students, Father Ryan made many strong and lasting friendships during his years on the Hill, several of which continued long after students graduated.

Strong-wilied and determined, he expanded, improved and modernized the St. Thomas More Foundation. Vice President Kenneth G. Bartett was not amiss when he termed the chapel on Walnut place "Father Ryan's greatest monument."

Not only did the Monsignor devote an inestimatable amount of time and effort to the chapel's construction and improvement; he also bore a large share of its financial support.

Good-natured and understanding, his timely humor was evident until his death. Yesterday afternoon, his casual joking characteristicly relieved the tension surrounding a first-time television appearance for several university students.

Father Ryan showed unwavering devotion to his work with Syracuse students. Several times within recent years he was offered promotions which would necessitate his leaving the university. These he refused, saying, he preferred his work in the Hill.

But Father Ryan's work was not confined to Roman Catholic students. Members of all faiths came to him for counselling. He aided innumerable foreign students in finding homes, medical care and employment.

Often criticized for his outspoken philosophical views, Father Ryan supported what he believed right —no matter how unpopular a cause it might be. Many observers viewed his break with Hendricks Chapel unfavorably, but the Monsignor could not reconcile his firm beliefs with any other course of action.

Father Ryan left an indelible mark at Syracuse University. His indefatigable service and devotion will be genuinely missed.

Campus Clips

By SANDI EHRLICH and MELANIE COHN

The Cornell Daily Sun pulled a gigantic hoax on its campus just before the big Fall Weekend two weeks ago. The lead story's headline in that Friday's paper proclaimed: "New York Legislature Raises Minimum Drinking Age to 21; Univ. Issues Rules to Comply." The story explained in detail the passage of the bill and its signing by Governor Rockefeller. Even an editorial on page four discussed the legislative action and noted that, "the sudden disappearance of it (alcohol) may prove to be a serious social disability for many students." Nowhere in the paper was there a hint that the article was intended as a joke for Fall Weekend.

The hoax did not stop at Cornell either. Students as far west as the University of Michigan heard the news and were equally surprised. That school's paper took the word of Cornell's "Sun" and printed the story on page one. Its city room was swamped with anxious phone calls until editors called the Associated Press, which assured them that no such action was in effect.

A fitting note appeared at the close of Michigan's second story on the hoax. "New York students may now remove the black drapes from their windows. Students contemplating suicide may be reassured. New York is still holding out and has not joined the other "dry" states."

More serious news at Michigan is that the University has transferred the responsibility for the summer session from the Summer Session Office to the deans of the individual schools and colleges. This will give each dean his own summer budget and the full responsibility for 12-month operation of his unit. Now the schools will be able to work into trimester operations and the University plans eventually to go on full-year operations if they have the students' support, the funds and the necessary faculty. It seems like more and more colleges are jumping on this bandwagon to plan all-year school.

The University of Texas has been having dormitory problems. For two mornings, homemade bomb blasts awakened residents at a men's dorm. Police said the explosives were made of paper wrapped around black powder and were attached to the door of the dorm's assistant manager. The blasts blew holes into the inch-thick wood floor. No one was injured and residents consider it to be merely a practical joke with no serious intent.

We don't know how good UCLA's football team is, but they do have a new library system going into effect. IBM machines will go into use for a new system of charging, discharging and filing books. The new system will be more efficient than the old method because it will reduce the factor of human error in filing and discharging, speed up these processes, and speed the return of books to the shelves. When books return they will now be shelved the same day.

The Oregon State Board of Higher Education has set January as the deadline for removal of any discriminatory clauses in the national constitutions of all Greek houses. University of Oregon officials noted in a letter to all fraternities and sororities that their objective was to see that the groups were completely free to invite persons to become members of their groups without regard to discriminatory clauses. The officials also said that if a local group does not know if it is free, the University will have the right to pursue the matter.

In other actions to halt discrimination, the Stanford chapter of Sigma Nu has voted unanimously to secede from the national fraternity. The decision was the result of two years of thought and investigation, resulting in unsuccessful attempt to alter clauses in the national constitution which forbid accepting Negroes or Orientals as members. The Stanford chapter will become a local called Beta Chi, and will seek recognition from the university.

LETTERS

Peace Corps

To the Editor:

We of the Peace Corps project for Nyasaland education are training here as guests of Syracuse University and the city of Syracuse, and we appreciate the hospitality shown to us. However, we sincerely regret he unfortunate incident which occurred this weekend in which two African students encountered discrimination in their efforts to obtain off campus housing.

This incident was regrettable from many viewpoints, but especially from ours, for we are personally acquainted with one of the students who encountered discrimination, Skeva Soko of Northern Rhodesia, and we hold him in high esteem for the time he has given us and the work he has done in assisting us in our language training.

More important, however, is the fact that we, who are committed to a program of enhancement of international relations, especially on the interpersonal level, are greatly saddened by evidences of discrimination here in our own backyard.

In short, we register our plea that these discriminatory practices be halted and that the city of Syracuse and its fine university make a conscientious effort to be as good hosts to all guests as they have been to us.

Nyasaland Peace Corps
Training Project

Racism

To the Editor:

When will CORE and other well-meaning students wake up? It is an easy thing to justify any action, no matter how odious, in the name of foolish idealism. How pathetic it is that none of the campus do-gooders seem to recognize that to give freedom to one man while impinging upon the liberty of another is the antithesis of democracy.

As an American who is shocked by the racial problems of this nation, and having participated in anti-segregation activities a few summers ago, I do not speak as a bigot or racist. Yet, because I am an American, I am equally horrified by an insidious attempt to tell an individual how to order his private affairs.

Mr. Clifford, as a private citizen and landlord, has the total right to rent apartments to whomever he desires. If we begin to tell him to rent to a Negro and not to a White, then it is we who are the racists, we who are practicing discrimination.

Furthermore, which side in this whole dispute has shown maturity and respect for the law? Mr. Clifford offered to discuss the entire matter in a reasonable fashion, whereas CORE not only broke the law by wantonly tresspassing upon private property, but permanently damaged the reputation of a man who may be a fine landlord and good citizen.

It is an easy thing to rally around an ideal or a facile slogan, but it is a hard thing to recognize that all citizens have rights in a democracy. The state of Mississippi and CORE both seem to have a hard time understanding this.

If it can be proven, and it cannot, that Mr. Clifford practiced discrimination, then appropriate legal measures should be taken. But, when a group of starry-eyed students take things into their own impulsive hands, a parody of justice and liberty is the result.

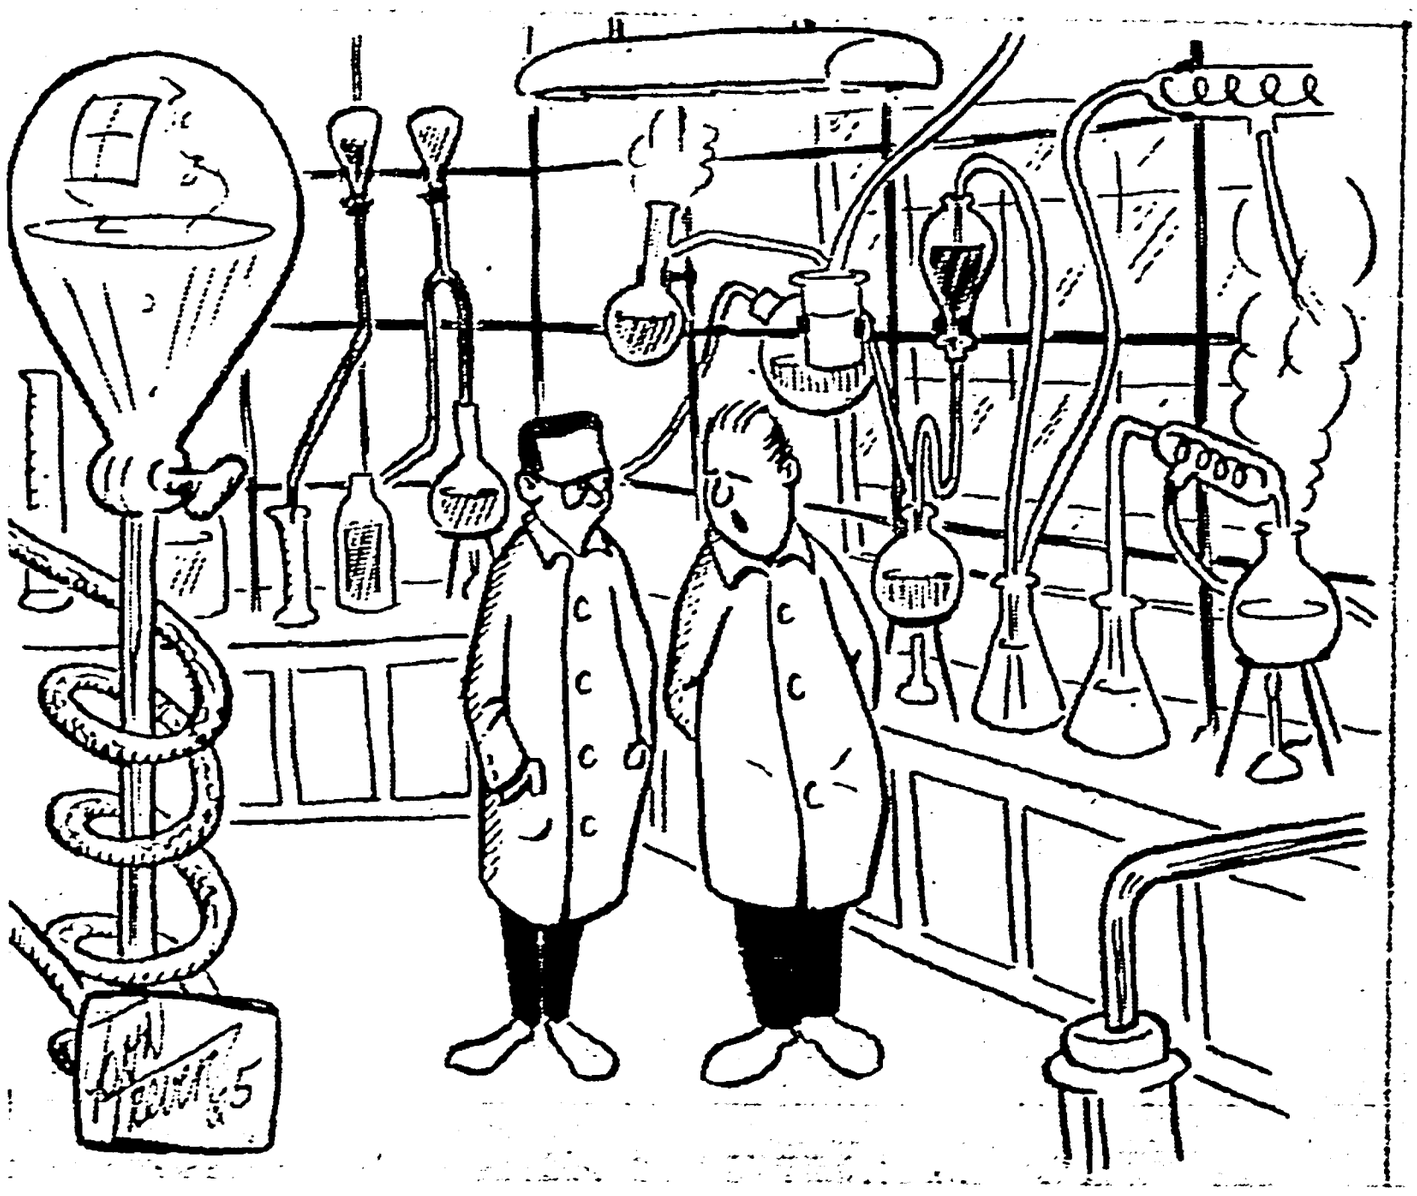
How unfortunate it is that CORE did not show the responsibility that it ought to possess. We can only hope that by its flippant actions it has not injured the cause of racial harmony. As CORE, and I believe Mr. Clifford, realizes, this is the most important issue in America today. But to become a bigot in the name of integration is to destroy the sanctity of this noble ideal.

James E. Gorney

Sadler

To the Editor:

Are the wall-to-wall radiators in the rooms of Sadler Hall functional or simply decorative like the meals? It is ironical that a university which skimps on food and is frugal with the heat should expect more generous recognition from its alumni.



Harvey Spitzer

POLICY ON LETTERS

The Daily Orange invites, and even urges, the expression of opinion on the part of its readers. The editors make a sincere effort to publish as many letters as possible, but space and the illegible condition in which some letters are received eliminate several from consideration.

Consequently, writers are urged to type their letters, preferably double-spaced, and to limit them to a maximum of 200 words.

TREVER ON CAMPUS

"Do you detect an odor of corn mash?"

Maloney Directs 'Chairs'

Thirty chairs, a 94-year-old woman, her husband, an orator, director Peter A. Maloney and playwrite Eugene Ionesco constitute the essential elements in the Boar's Head production of "The Chairs" opening at the Coronet Theater next Wednesday. Running from Dec. 12 through the 15th, the play will have a $1.25 admission charge.

"The Chairs" plot deals with an old couple ,their lonliness and inability to communicate," explained Maloney.

The red-bearded director and Boar's Head president has established himself primarily as an actor in university productions of "The American Dream," "Anything Goes", "Noah", "Sketchbook 61", "Play It Cool" and a Fleetfoot, the blind Indian and as Fleetfoot, the blind Indian Sunshine".

Stage - managing experience entered Pete's career when he worked with the Famous Artists Country Playhouse and also appeared there with Joan Fontaine, Martha Raye and Daren McGaven.

Manfred Bormann and Esen Wiegand, who portray the old couple, add an international flavor to the cast since they come from Turkey originally and are both studying drama under Fulbright Fellowships.

Miss Weigand's name is associated with a certain grandmother in last year's "The American Dream" and with her role in "The House of Bernarda Alba". She appeared in Arrabell's "Automobile Graveyard", off - Broadway.

Manefred Bormann whose prime interest is directing, has appeared in "The Fisherman" at the Lively Arts and will direct a major Boar's Head production, next season, "The Servant of Two Masters" by Goldoni. He has acted and directed in Istanbul, Germany and Zurich, Switzerland.

Music Talk Recital Set

Bela B. Nagy, professor of piano at Boston University, will appear in a piano recital at 8:30 p.m. Friday in the Crouse College Auditorium. He will perform pieces by Bach, Mozart, Beethoven, Lizst, and Bartok.

Professor Nagy will lecture at 10 a.m. Thursday in Crouse College on "How Not to Practice."

At 3:00 p.m. today, Mr. Nagy Nagy will conduct a piano workshop for students of the School of Music.

The Hungarian-born musician studied at the Lizst Academy in Budapest and earned a Ph. D. at Catholic University in Szeged. He has served as resident pianist and professor of piano at Indiana University. He has broadcast for the CBC, and has appeared as guest soloist with such orchestras as the Toronto Symphony, the Chicago Symphony, and the Czech Philharmonic.

FILMS

'The Connection'

"The Connection," which opened at the Riviera-Cinema last night, is one of the most skillful films we have seen in a long while. Director Shirley Clarke has, quite frankly, surprised us.

We wondered how Jack Gelber's many leveled, outrageous and often exasperating play could be transposed into a fluid motion picture and still maintain Gelber's mood. Miss Clarke has done so.

The action takes place in Leach's room. His drug addict friends, plus some jazz musicians are waiting for Cowboy, their "connection." The footage we see was shot by a young film director making a documentary about addicts.

This is most important since the director, well played by William Redfield, is eventually induced to take heroin, and his cinematic point of view changes.

Also important is his camera man, J. J., portrayed by Roscoe Browne. He has "assembled" Dunn's footage, having shot most of it adding the second cinematic perspective of a hip Negro who is above this "scene." (Of the eight addicts, only three are whites.)

While waiting for their connection, and their fix, the addicts walk up and down, talk, argue with the camera or listen to the excellent jazz of Freddie Redd.

Gelber's theme of purposeless desperation is not new. What makes it, in "The Connection," so compelling is the very physical, indeed biological, nature of his characters' situation: drug addiction. That the director, supposedly an objective observer, also succumbs adds power to the theme.

Miss Clarke keeps her camera moving. Editing is kept to a strange but successful minimum, except during the overdose sequence. Here a series of sharp cuts create an emotion similar, we take it, to what one feels when he takes an overdose of heroin.

The cast is basically the same as in the Living Theater production. Warren Finnerty as Leach, Jerome Raphel as Solly, Jim Anderson as Sam, and Carl Lee as Cowboy give varied and convincing performances. Freddie Redd's combo play and act with ability.

Above all there is a sickly yet fascinating sense of "reality" about "The Connection" that makes it not only one of the best, but one of the most revealing films we've viewed in some time.

Orange Observations

By ALLAN KORT

I wanna seat!

This familiar chant may again be uttered by student sports fans when the "SU Spectacular of the Century," the fieldhouse dedication, takes place next Saturday.

It now appears there is a definite possibility students may not be admitted into the combination basketball-track-dedication night.

Why? That's simple. The chancellor has invited every university donor to the opening at two ducats a head. So far 1,800 free tickets have been requested. If the requests come at this rate, the 5,800 seats will be filled before the first student decides to walk to the fieldhouse.

We do not wish to argue with the administration's policy of inviting all donors. We feel this is a good public relations move and that these contributers have the right to see the fruits of their labor.

However, we feel strongly that the university has an obligation to its students. What about the Orange Guide's assertion that an ID card admits students to all athletic events?

The athletic department, however, has not added insult to injury. A promise has been made that if there are any seats left over after the donors have been taken care of, the remaining seating will be open to students and not put on general sale.

This is all well and good. But what about the students that don't get in? They have as much a right to see the game as others. How will this be decided—on a first-come, first-serve basis, by classes, or in the haphazard way that the hootenanny tickets were distributed.

Don't give up the ship, yet. The student body has been promised by Dean of Men Earle W. Clifford "that the matter will be looked into thoroughly." The dean has also asked for student suggestions for resolving the problem.

We have a couple.

—If by early next week it is evident all the students won't be able to be admitted, run the program closed-circuit to Crouse Auditorium in the same way Chancellor Tolley's opening address used to be—by the university's TV department.

—Set a time limit for claiming seats. If the ticket holders are not present after the first half of the frosh game, allow students to take their seats. We feel many people will response to the free ticket offer just for the sake of replying.

Dean Clifford stated yesterday: "We must recognize the kind support of donors but we also must do everything to sustain the excellent student support of late."

We agree. One way is to come up with an answer to the problem and not procrastinate over it until the night before the dedication.

The only persons who will lose if a decision isn't reached are the students and the basketball team.

How would you like to be a basketball player, performing before an empty house on a cold Thursday night late in the season?

Undefeated Nittany Lion Five Features Height, Speed and Scoring

Penn State will be tough!

That's the scouting report on the Nittany Lion basketball team from the men who should know — Fred Lewis and Morris Osburn.

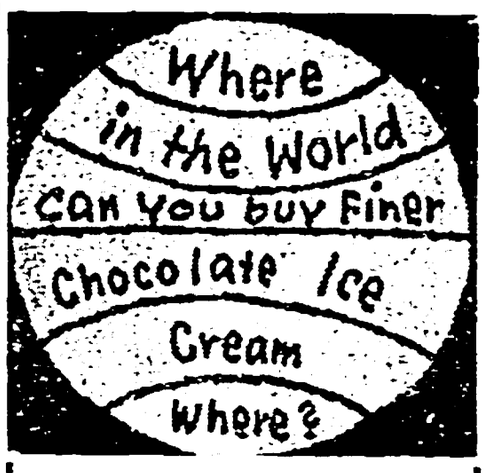
The two Orange coaches journeyed to Lehigh Tuesday night to see Penn State demolish the Engineers by 30 points.

Syracuse meets the Statesmen Saturday in University Park, Pa.

"The Lions are a big, tall, aggressive team," states Lewis. "They'll run on you if they get the chance."

In their opening contest this season, the Statesmen edged Maryland, 62-61. Penn State was trailing by 11 points with nine minutes to go, but pulled out the win on a pair of last second field goals by Earl Hoffman.

Hoffman, a senior, scored 20 points in the contest and is the center of the Lion attack. The 6-6 forward averaged 11.6 points per game in 1961-62.



Penn State lost its top scorer and rebounder for the past two years when Gene Harris graduated. Harris led the Lion squad to a 12-11 season last year.

Coach John Egli is depending on several sophomores to take up the point slack. Ron Avillion, 6-5 will start at forward and Bob Weiss, 6-3, is a possibility at guard.

With captain John Mitchell out of the lineup with an injury, junior Bobby Donato must provide the backcourt leadership. The 5-11 guard averaged just 5-5 points a game last season, but was a tiger on defense.

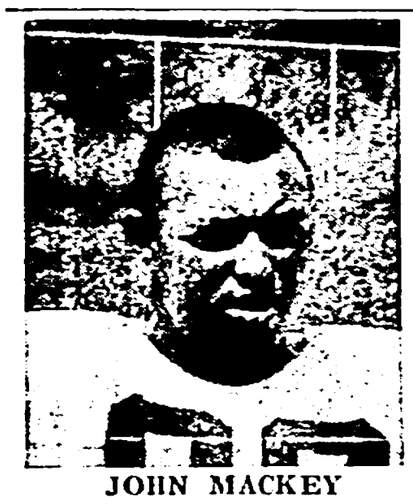
Is this the only reason for using Mennen Skin Bracer?



Skin Bracer's rugged, long-lasting aroma is an obvious attribute. But is it everything?

After all, Menthol-Iced Skin Bracer is the after-shave lotion that cools rather than burns. It helps heal shaving nicks and scrapes. Helps prevent blemishes. Conditions your skin.

Aren't these sound, scientific virtues more important than the purely emotional effect Skin Bracer has on women? In that case, buy a bottle. And—have fun.

JOHN MACKEY

WALT SWEENEY

DON KING

DAVE MEGGYSEY

4 Orangeman Drafted By NFL-AFL Teams

The noise and confusion of the pro football drafts has finally subsided—at least temporarily—and it is now possible to see that four Syracuse players will soon be beseiged by contract offers. The four Orangemen are John Mackey, Don King, Dave Meggyesy, and Walt Sweeney.

Mackey has ben selected by both the New York Titans and the Baltimore Colts for possible pro action. The 6-3, 215-pound senior from Freeport, New York, has been outstanding for the Orange all season long and especially since his switch to halfback. As a pass receiver, John leads the team with eight catches; these were good for 131-yards, one touchdown, and a 16.4 average.

John has been equally as devastating as a runner since his switch to halfback. He has carried the pigskin for a total of 101-yards and a 6.3 average.

John's ability is not limited to offense, however. He has often been seen corralling an opponent at the line of scrimmage, and his defensive talents had the New York Giants hoping for a chance to draft him.

Senior halfback Don King was drafted by the Detroit Lions of the NFL in the sixth round on Monday.

The Buffalo, N. Y., native had been the understudy of the great Ernie Davis for two years, but this year he came into his own. The 180-pound speedboy has carried the ball 44 times for 262 yards and a 6.0 average.

Don is now the second leading scorer on the team with 30 points on the year, but there have been rumors that he may have been drafted in the hope that he can bolster the Lion pass defense.

Dave Meggysey was picked up by the St. Louis Cardinals of the NFL in the seventh round on Monday. Dave is a pre-med student from Solon, Ohio. A rugged guard, Dave injured his shoulder in the West Virginia game, and he has been slowed down by it.

Dave will play with the East squad in the Shrine game on December 29 along with Mackey. He has been a varsity starter at S.U. for three years.

The fourth S.U. draftee is senior end Walt Sweeney. Walt hails from Cohasset, Mass., but he will be faced with the proposition of playing for either the San Diego Chargers or the Cleveland Browns; he was the first round choice of the Chargers, and it is supposed that he would rather play in California.

Walt is 6-3 tall and weighs 225-pounds, and many an opponent has been met by his rambling frame after Walt has snared a pass. San Diego, which is experiencing a poor year, definitely needs a powerful end, and Walt could be just what the doctor ordered.

SU Fencers Open Against Hobart Saturday at Gym

Hoping to extend its winning streak over Hobart, the Syracuse University fencing team will duel Hobart Saturday at the Men's Gym.

This will be the first match of the season for the fencers and will give an indication of whether or not last year's 7-3 record can be duplicated.

Coach Alexander Dako feels that the emphasis, however, is on the score not the record. If the team can stage a well-balanced showing for each game, the season will be successful in the coach's and fencers' respect.

Thus, Coach Dako has been preping his swordsmen to perform at their best. Since practice makes reflex, the more intense the practice the better the over-all game performance.

A fencing generalization seems popular among the fencers. Fencing is 80 per cent mental strategy and only 20 per cent physical activity. Since the fencers have the highest academic rating of any athletic team on campus, the fencers have hopes of a more than successful season.

Fencing at foil will be Harvey Schumann, Les Monostory, Marty Cohen, and Phil Noble. Fencing at epee will be Marv Stone, Duane Harrington, and Bill Wandemacher. Epee is the weakest link in the team due to graduation losses. Completing the team are Stu Hollander, Marty Dako, and Dick Dauenhauer, as sabermen.

SKI-FARING

with JON WEISBERG

It doesn't look too much like snow this weekend, but for all of you diehards, we came up with some good tips for pre-season conditioning. Running uphill with your poles as aids will help to strengthen both your legs and arm muscles. This exercise is performed by many racers, and has proved to be very beneficial to the recreational skier. Another conditioner consists of sitting on high stools, wearing apres ski boots and practicing for the fine art of apres ski. But before you indulge in the aforementioned, you should put some serious thought toward the purchase of your equipment for this season.

Mal Winne at the LIVERPOOL SPORT CENTER informs us that his stock and competent help are ready to assist anyone from beginner to expert in choosing of ski equipment. Ernie Hirschoff, the owner of the split level store, conducts ski tours in Europe every year, and Tom McCullom, member of the ski department, is a ski-patrolman at the Labrador Mountain Ski Area. As well as ski equipment, he he carries a complete clothing line for men and women.

If you happen to be in the downtown area, stop in at REX SPORTING GOODS. They offer a complete line of nationally known sporting goods. As well as skiing paraphernalia, other winter sports equipment is sold.

While you are downtown, stop over at CENTORE'S MENS' SHOP. Hank Centore has some inexpensive ski clothing for men in his stock of men's wear.

As you have probably seen, Buddy Ruminer has fully christened the new LUND'S SKI SHOP with a myriad of equipment. His stock varies from the ski to apres ski, which is calculated to satisfy the imaginations of most skiers. Among his help, are Bruce Hiser, a pro at Toggenburg last year, Dave White, who skied on the Denver University championship team, and Dave Stewart, assistant head of the Song Mountain Ski Patrol.

You may rest assured that all of these stores are excellent places to shop.

SU Gets Sears Grant

Syracuse University has received a $10,000 grant from Sears, Roebuck and Co.

The grant was presented to the university by Earle R. Hollings, left, local Sears manager, to Chancellor William P. Tolley. Hollings said the purpose was to help institutions meet their institutions meet their increasing critical financial needs. Sears is presening $900,000 to 557 colleges and universities across the country.

In addition to the company's new program of aid to education, another $700,000 will be given in 1962 to institutions of higher learning by the Sears-Roebuck Foundation, a non-profit corporation endowed by Sears for charitable, scientific and educational programs.

RIDE TO FAIRFIELD, Conn. or vicinity. Leave Dec 20 or 21; return Jan. 6. Arty Selkowitz. Ext. 3109.

RIDE TO BOSTON, leave Dec. 7 and return Dec. 9 or 10; will share expenses. Diane Walker. 475-7493.

Manley Seating Meeting Topic

Dean of Men Earle W. Clifford and Vice President Kenneth G. Bartlett will meet today to discuss problems relating to the Manley Fieldhouse dedication Dec. 15.

An large number of donors have been invited to the dedication presenting a problem of student seating, according to Lewis P. Andreas, SU director of athletics.

Police Arrest Flint 'Peeper'

Arthur Salisbury was arrested for willful trespassing Tuesday evening in front of Flint Hall.

The 23-year-old Pulaski man was allegedly seen looking in a dormitory window when Security Police arrived and questioned him. He was turned over to the Syracuse City Police.

Salisbury has been in two mental hospitals in the past and was released from Marcy Hospital in July. He allegedly was at the scene of an indecent exposure case, reported by three coeds, Nov. 30.

Salisbury, a heavy set six-footer, told Security Police he was waiting to see a Flint resident, Barbara Jorden. There is no such coed, according to Security.

World News

President Kennedy made public a letter to Adlai Stevenson saying that he had the fullest confidence in our UN ambassador and his continued work at the UN will be of unestimable value.

Secretary of State Dean Rusk and Japanese Foreign Minister Ohira announced that they have not been able to reach agreement on possible means to prevent Chinese Communist domination of Asia.

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Snow and cold are returning to the area today. A new storm is moving up the Atlantic Coast while cold air is pushing into the area from the west.

The potential of a substantial snowfall exists, although a more eastward storm track would result only in snow flurries following the rain.

FORECAST: Rain changing to snow or snow flurries. High in the 30's; low tonight in the 20's.

Wealthy people miss one of life's greatest thrills—paying the last installment.

A JSL Image? Poll to Decide

Class senators-at-large were directed Wednesday to collect opinions from 10 of their classmates on Joint Student legislature's "image." Legislature Speaker Pro Tempore Robert Becker instructed the representatives to gather opinions on differences between this year's and last year's legislature, its accomplishments and on communication with individual living center delegates.

He advised them to avoid interviewing "wiseguys" and their best friends. Reports from each senator-at-large are due Dec. 17.

Sophomore class executive council has named Arthur Perschetz to replace Michael Curry as one of the class senators-at-large. Curry resigned for personal reasons.

Perschetz won election last year as a senator-at-large, but the contested election was rescheduled. During the second balloting he was defeated. He is currently co-commissioner of the Student Opinion Service (SOS), JSG poll agency.

IFC...

effort to eliminate the clause or achieve home rule?

Total Greek support for the motion was expressed and the Council members were instructed to submit the reports on fraternity stationery before 7 p.m. today.

The publication of the results of all cases before the Judicial Board trials in the Daily Orange, including names of the houses involved was approved and will be sent to the Alumni IFC. Keeping rumors from starting, the publication of Greek offenses will protect those house not implicatedfi said Larry Dana (Phi Sigma Delta).

"It is the fair, and democratic right to print the names of offending fraternities. By publishing these facts in the campus paper, misunderstanding will be avoided and a precident will be started for the entire IFC," said James Tallon (Sigma Phi Epsilon).

The return of Sigma Chi Psi as an active chapter of Sigma Chi was given a vote of confidence by the IFC. Every house was asked to write a letter of recommendation expressing individual Greek views on the chapter.

The proposed exchange dinners were canceled by the IFC. Providing no additional adjunct to the rushing plans, the dinners were found to be at an inopportune time and were inconvenient for both freshmen and fraternity men involved.

ANNOUNCING THE 1963-1964 AFFLERBACH FELLOWSHIPS*

BACKGROUND OF THE COMPETITION: No matter how much time our People in Naming spend thinking up just the right color names for our shirts (Maize, Stone Green, Peat Blue, etc.), the Eagle Secret Shoppers inevitably report that you choose *your* Eagle shirts with such statements as "Gimme six of them greenish ones" or "Could I bother you for two or three dozen of those stri-ped ones." Our problem is in selecting names which will capture the imagination of the shirt-buying public. ✣ NATURE OF THE COMPETITION: The 10 Afflerbachs for 1963-64 will go to those persons suggesting the best names for our colors. Imagination-capturing names, like Well Red, Long Green, Charlie Brown, or Navel Orange. You may wish to inspect our shirts—for inspiration, if not purchase. Eagle shirts don't always have an Eagle label—some fine stores sew in their own—but if you write us, we'll suggest your nearest Eagle Shirt Color Inspection Station. ✣ STIPEND: The grand prize winner will have his (or her) choice of a Traveling Afflerbach (a grand all-expense-paid weekend at the Bush House in Quakertown—an exciting chance to become acquainted with the natives —many of whom are us, including Miss Revera Afflerbach, herself) or a Stationary Afflerbach (a dozen Eagle Button-down shirts). The 9 other Afflerbachs will consist of a grant of four Eagle Button-down shirts. Each, that is. ✣ RULES: The competition is open to all students and faculty members at schools, as well as to those who have filled in the coupon below.

*This, actually, is Eagle's second competition in as many years. Those of you who partook of the first, that is, what to do with the pocket on a Shirtkerchief, will doubtless be excited to learn that the book containing many of your letters to Miss Afflerbach has now been published by the Macmillan Co. and is now available at your bookseller. We have called it *Dear Miss Afflerbach, or The Postman Hardly Ever Rings 11,342 Times,* and the price is $4.95.

AFFLERBACH FELLOWSHIP APPLICATION FORM

1. Name_____ 2. Address_____
3. City_____ 4. State_____
(If you live in Altoona, Fresno, or other places we've never heard of, would you help our Ladies in Addressing by telling us what city or town you live *near:*_____)
5. Suggested color name (s) (e.g. In Violet, Hugo Black, Whizzer White)

_____

Mail the completed application to The Afflerbach Foundation, Eagle Shirtmakers, Quakertown, Pennsylvania.
Applications are due by January 1st, 1963.

© 1963 EAGLE SHIRTMAKERS, QUAKERTOWN, PENNSYLVANIA

ON the other hand, a recent informal survey by the staff of this paper showed that at least three persons out of eleven had a thing about writing letters to Pennsylvania. To save any of those three, should they be reading this *and* interested in inspecting the genuine article, we have scoured the village and now have it on good authority that Eagle Formal Button-downs may got at

JSL Request Voting Delay On Legislation

By CAROL SCHLAGETER

Student Legislature last night passed a recommendation to its speaker requiring that voting on bills before the legislature be delayed one week so senators could discuss the measures with their constituents.

The assembly unanimously passed a recommendation that the university should schedule classes meeting only once each week in prefabs. Classes meeting three times, said the recommendation, should be held in classroom buildings.

The legislature defeated a recommendation to move faculty members from offices which are potential classrooms, placing them in prefabs.

Two measures were referred to committee:

1. A recommendation to Student Court, the dean of men and dean of women, that student thieves be suspended from the university. Students stealing less than $10 would be eligible for re-admission after one semester. Students stealing more than $10 would be permanently expelled. The deans and court would have prerogative to consider extenuating circumstances.

2. A proposal that city student senators be required to maintain and check a poll box for their constituents at a central campus location was referred to Government Structures Committee.

Senators were asked to take six points of information to their living centers:

1. Ask if students would be willing to have more classes at 8 a.m., 3 p.m. and in the evening, if classes in prefabs could be avoided.

ORANGE PLANE FORCED DOWN

The DC 7 carrying the SU football party to Los Angeles Thursday morning for Saturday's game against UCLA was forced down in Tulsa, Okla. because of engine trouble.

The plane, chartered from American Airlines for the 81 people, left Syracuse early Thursday for a nine hour nonstop journey to California.

After a few hours, the number three engine was discovered to be using extra fuel and it was decided to stop at Tulsa.

A group of 56 players and coaches boarded a jet 707 for Los Angeles. The other 25 passengers were scheduled to fly to St. Louis where transportation was arranged for the rest of trip Thursday night.

Joey Dee Concert Opens 'Freshman International'

By ANDY PORTE

"Freshman International," sponsored by the Class of '66, gets under way tonight with a concert and twister in the Men's Gym.

The program will feature Joey Dee and the Starliters, the "originators of the twist," an Ithaca twist band the Dynamos, and a Pittsburgh vocal group, the Tears. Tickets are $1.50 per person and will be available in the Huntington B. Crouse lobby today and at the door tonight.

The program will start with twisting with the Dynamos, followed by a concert with Dee. The Tears will sing during intermission. Following the break, Dee will return for both a concert and twisting. He will also introduce the weekend queen candidates. The other groups will then follow Dee.

Saturday afternoon will feature booths manned by members of freshman floors and living centers, with "international" prizes to be awarded.

A slave sale will also be held, at which personalities such as Dean Earle W. Clifford will be put on the auction block. Refreshments will be available, and several musical groups will perform.

A semi-formal dance fashioned after the weekend theme will close the proceedings Saturday. The dance, scheduled for 9 p.m. in the Women's Building, features Lou DeSantis and his Orchestra. Also appearing will be vocalist Audrey Freeman.

Coeds attending the freshman concert may take special 2 a.m. permissions on their pink cards, according to the Assn. of Women Students. Other coeds may have 1 a.m. curfews tonight by donating thirty cents to Campus Chest.

WEEKEND SCHEDULE

FRIDAY

8:30 p.m. "Twist Around the World" with Joey Dee and the Starlighters, the Dynamos and the Tears. Men's Gym.

SATURDAY

1 p.m. "World's Fair Carnival" and slave sale, Flint Hall lounge.

9 p.m. "Freshman International" semi-formal dance with Lou DeSantis Orchestra and vocalist Audrey Freeman, Women's Building.

Army Game on TV

By ALLAN KORT
Sports Editor

A closed-circuit telecast of the Manley Fieldhouse dedication program Saturday, Dec. 15 will be broadcast by the university from the Fieldhouse to the Women's Building, Dean of Men Earle W. Clifford has told the Daily Orange.

Clifford and Vice President Kenneth G. Bartlett met Thursday to discuss the ticket problem relating to, dedication, basketball game and track meet.

"To provide the students a chance to see this spectacular" Clifford and Bartlett decided:

(1) To televise the program from the fieldhouse to the Women's Building and show the program as part of a special Student Union night which would include dancing and refreshments.

(2) To have George Chaput, an SU building and grounds seating specialist, survey the fieldhouse for the possibility of erecting additional seats for this event.

Clifford considered other possible supplementary action suggested by students: distribution of any leftover tickets to students on a first-come first-served basis and setting up a direct line to the Women's Building informing students of any empty seats there may be after the

5 Coeds Vie For '66 Queen

Five finalists in the competition for Queen of Freshman Weekend were chosen earlier in the week by a panel of judges. The five are Geraldine Bilinski, Nan Goodman, Mary James, Penny Schlesser and Nancy Story.

The queen will be crowned at "Freshmen International", the Saturday semi-formal dance. Balloting will take place at the Saturday afternoon carnival in Flint Hall.

Miss Bilinski, a resident of Mechanicville, lives in Washington Arms. She is a Fine Arts major.

Miss Goodman, who hails from Miami Beach, Fla., is a resident of Flint 2C. She is in the College of Liberal Arts.

Miss James, a Syracuse resident, makes her campus home on Flint 3C. She is in the College of Liberal Arts.

Miss Schlesser, of Flint 2 C, lives in Brooklyn. She is in the School of Speech and Dramtic Arts.

Miss Story, a resident of East Lansing, Mich., lives on Day 8. She is in the College of Business Administration.

US to Admit Independents

The United Students Party Thursday night passed a motion to admit independent groups with a minimum of 25 members into the party. Pres. Robert Taylor (Alpha Chi Rho) explained that the ruling applies to both independents and members of non-affiliated Greek houses.

Each group will submit a petition with the signatures to the party, which will then vote on he petition. Accepted independent group will then become a dues-paying, voting party member.

"The United Students Party has always welcomed independents," Taylor said. Arrangements will be made for a coffee next week so interested groups may become acquainted with the party operation.

It was also announced that the party constitution will undergo examination to bring it up to date.

Taylor recommended that each member house send a sophomore to party meetings, either as a regular delegate or a non-voting trainee. He explained that this would enable each succeeding class to take over party reins at the end of the school year with a minimum of effort.

Party members are Alpha Chi Omega, Alpha Chi Rho, Alpha Gamma Delta, Alpha Phi, Alpha Xi Delta, Kappa Delta, Phi Delta Theta, Phi Epsilon Pi, Phi Sigma Delta, Phi Sigma Sigma, Delta Phi Epsilon, Pi Beta Phi, Sigma Alpha Epsilon, Sigma Alphan Mu, Sigma Delta Tau and Sigma Phi Epsilon.

YAF Rally Set For Maxwell

A former war correspondent, who flew a pursuit plane for the French Loyalist Air Force in Spain and operated underground radio stations in China, will address the Young Americans for Freedom rally at 4 p.m. Monday in Maxwell auditorium.

Hilaire DuBerrier, a native-born American and U.S. Citizen, now publishes an intelligence report from Paris. He is the author of articles which have appeared in foreign and American periodicals.

In 1942 DuBerrier, then a member of a French resistance group known as Reseau Mingant, was arrested on charges of espionage and spent three years in prison. After the war, France recognized him as a volunteer combattant of the resistance and a combattant of the war. He received these medals in 1945.

A New Policy Toward Students?

The university's decision Thursday to allow students to see the Fieldhouse dedication via a closed circuit setup is the first example this year of immediate administrative action in behalf of the student body.

The unquestioned action of Chancellor Tolley in sending out invitations for the spectacular to all those who made it possible brought up the possibility that students might not be able to see the event.

The Fieldhouse fathers could offer no solution to the problem, but rather decided to "let the situation stand as it is." Granted, the Chancellor sent out his invitations without consulting the ticket officials, but the fact remains that the Fieldhouse officials would have been content to let the spectacular be staged without a representation of students present.

This attitude is typical of the consideration given to students in the past. The Daily Orange does not condone such an attitude and has stated so in its columns.

We felt this present crusade would go noticed as have other student demands.

This time we were wrong. Action has been taken to insure the students' right to see their team and the dedication of their Fieldhouse.

What is even more amazing was that the action came quickly—no bargaining, no haggling, no griping. Within a period of 24 hours after Dean Clifford had been informed of the situation, the decision was made to televise the proceedings and attempt to set up extra seats for students.

Fieldhouse officials called this an unalterable situation and laughed at suggestions of a closed circuit telecast. The university administration did not. It found an aswer — even if it doesn't please everybody —to the problem.

Many of the students who complained about the ticket problem will not accept this alternative, but we feel they must admit the problem and the decision were difficult—but a decision WAS made.

We hope this example of immediate administrative action on behalf of the students will set a pattern for the handling of future problems by all administrative agencies of the university.

AMIDST THE CLAMOR

A Question of Law

By Win Whittaker

Integration may be a noble goal. But, most assuredly, desegregation accomplished by breaking the law constitutes a disrespect for the legal methods and philosophies we Americans hold sacred. And, the law was willfully and blatantly broken by seven CORE demonstrators while they were performing their sit-down strike in the Savoy Apartments.

Several members of CORE have, in reality, tried to set themselves up as self-righteous demagogues. "We (CORE) were fully aware that we were disobeying a technical legal rule but we felt justified because this technicality was in conflict with a higher moral law that we acknowledge," stated CORE representative Evert Makinen.

Mr. Makinen, who do you think you are? God? Hitler? Or do you not remember that Adolph Hitler espoused the very same philosophy when he tried to justify the killing of the Jews? In other words both CORE and Hitler have put forth the same code of conduct, i.e., "My way is right and moral, so to hell with the laws."

"A technical legal rule" you have called a basic right of free men. As a matter of fact, the rights of private property and freedom of association are better established in our legal system and as a moral principle than is the concept of total integration. And you, Mr. Makinen, have the ridiculous belief several personal rights can fly a kite as long as they do not fit your whims of the moment.

The courts have never adopted the principle of total integration, but they have and still do maintain that trespassing is illegal. Yet, CORE members feel their particular moral beliefs should over-rule established legal principles.

Does this mean because I happen to believe all deformed babies should be killed that I have the right to shoot every deformed kid I see? Certainly I do if we are to follow your group's philosophy, Mr. Makinen. This is anarchy with everyone judging according to his own moral code. As a liberal Maxwell School instructor pointed out, this philosophy adopted by CORE is to the far right of any rightest group existing in the United States.

Because of ill-found and ill-advised philosophies such as has been demonstrated by CORE we have established laws to protect those who want freedom in all areas. These laws tend to halt extremists of the type CORE appears to sanction, i.e., suppression of freedoms in several areas for the sake of one absolute freedom that does not and never will exist.

CORE members, if you continue your work for integrating housing in the Syracuse area, why do not you follow the example of Thurgood Marshall and other sensible men trying to promote integration? Do it within the law with some rational plan rather than doing it so you make so many enemies you will never realize your goals.

CORE, go ahead demonstrate, picket, write letters and pamphlets. But, remember that in your enthusiasm last weekend you, too, broke a law—an established law. A law that concerns individuals just as greatly as integration does. Your breaking the law makes you as bad as the segregationist—if not worse.

LETTERS

Day Hall

To the Editor:

I am a Day Hall resident and was quite disturbed by the general opinion of the recent room search. It seems others looking in on the situation can easily say we allowed an atmosphere of the "police state." Yet, as Americans we have learned to CO-OPERATE, as well as learn to love our Civil Rights.

Outsiders exclaimed that the Day residents were fearful of what would happen if we did not sign the permission slip.

We were not placed in a position like the Germans in Hitler's time or a peasant in presentday Russia! We were cooperating.

What would society be with just a mass of individuals and no unity among us. The entire concept of the United States would be destroyed. In our time we have learned to help others. We were doing so the night of the inspection.

Even if I do not agree with the opinions of those who have written in concerning the matter, I am glad some controversy was stirred up. But why wasn't there any great display of emotion from Syracuse University students when James Meredith faced the riots in Mississippi? His Civil Rights were marred.

Rosalind Lichter '66

CORE

To the Editor:

When I picked up the Daily Orange Monday morning I was, to say the least, shocked. Further coverage of the CORE sit-in has made me feel only worse.

What is so evidently a crime has been praised in writing by the students and permitted silently by the administration in refusing to take the proper steps. But the fact that this crime was allowed to take place is not all.

For one thing, Rudy Lombard writes in to the DO that the Day Hall search was an invasion of the rights of the coeds. It seems to me that so to is the CORE sit-in an invasion of the property rights of the owner of the Savoy apartments.

Also, the most serious reflection on the university and its students is ignored. If Syracuse University is to maintain its national reputation, it must be without the sort of publicity that this type of thing can cause.

I personally feel ashamed for both myself and the student body, that these seven students, and the CORE organization as a whole, took it upon themselves to cause a demonstration that can do nothing but blacken the reputation of the university. Two wrongs have never made a right, and this case is no exception.

Janet Long '65

Magazines

To the Editor:

As a post-script to the recent controversy over literary and humor magazines, it may be of interest to read what the American Civil Liberties Union has said on the subject. The following is taken from a 1961 booklet of theirs entitled American Freedom and Civil Liberties of Students in Colleges and Universities:

"Since the literary magazine, in common with other student academic periodicals in such fields as the social sciences, the humanities, the natural sciences, economics, etc., is an extension of classroom activity, students should be as free in writing for and editing such a magazine as in submitting papers to their instructors or in making comments in class.

"The same freedom of expression should be accorded the college humor magazines. Whether such magazines are responsible to a college publications board or have a single faculty adviser, chosen by the editors, they should be accorded the same freedom to print as the college newspaper.

"While adult sensitibilities may at times be offended by youthful humor and lack of taste, a policy of encouraging the editors to use their best judgement places the responsibility where it belongs, on the editor and not on the college administration. In the long run the editor's product will be accepted or rejected by student readers.

"In summary, the college administration which takes no step to control the content of a student publication, and refrains, in a controversial situation, from suspending or discontinuing publication or penalizing one or more student editors, testifies to its belief in the principles of academic freedom and freedom of the press. . . ."

Richard Kram '61

POLICY ON LETTERS

The Daily Orange invites, and even urges, the expression of opinion on the part of its readers. The editors make a sincere effort to publish as many letters as possible, but space and the illegible condition in which some letters are received eliminate several from consideration.

TREVER ON CAMPUS

"REMEMBER PEARL HARBOR!!"

THIS WEEKEND

Concerts Movies

Theater Radio-TV

Weekend regrets not printing the following notice last Friday:

SAVOY APARTMENTS—Sing songs and tell funny stories to your sociology class after a weekend of picketing alleged discrimination and other nasty things. 12 to 5 p.m. Saturday.

Now let's see what Syracuse's impressarios have lined up for us clods this week.

RIVIERA-CINEMA—Looks as if they can't do good movies about nice people anymore. All they can produce is excellent films about unsavory people. Take this week's offering, "I Was a Movie Director Until I went 'Method' and Became a Drug Addict," otherwise known as "The Connection." It features addicts, jazz musicians and wild camera shots galore. High. Also playing is a tight British melodrama about blackmailing of homosexuals, "Victim." Ho boy! "H" at 6:45 and 10:10 p.m. "Victim" at 8:30 p.m.

PARAMOUNT—Love that acne and the Paramount has plenty of Clearasil to go around this week. It also has plenty of mud. On Friday there is "We'll Bury You" a brief, in facts and understanding, documentary of the Red Menace. Colgate? But proving that Communism doesn't make good movies, and makes for bad box office the greasy kid stuff moves in on Saturday. "Gidget" and "Gidget Goes Hawaiian," both in rainbow color. Bring a paper bad. No times available.

KEITH'S — Feel under the weather fellas? Feel as if twelve luscious maidens endure the cruelist of torn dresses, heaving chests, torture. Sigh. And then, fellas after you've seen those poor damsels in that "White Slave Ship," you can "Bomb Pearl Harbor." What fun! "Slovenly Slaves" at 7:35 and 10:50 p.m. "Bomb those Bombs" at 9:15.

LOEW'S—If, on the other hand, ladies, you want to see a coolly decadent Italian, then catch Marcello Mastronianni in "A Very Private Affair." Of course the way the Loew's explodes this film on its widest of screens nothing is really very private. And since Brigitte is also schmeared across that giant screen your date may need wide screen eyes: Filmed in flesh color, with a bikini soundtrack. And speaking of flesh, Jayne Mansfield stars in "It happened in Athens." You bet it did. "BB" 6:15 and 9:30 p.m. "JM" at 8 p.m.

SHOPPINGTOWN — The John Birchers are still crawling around DeWitt's underground as "The War Lover" flies in the sky. Weeeeeeee! If you can grab a tank see this one before it is distorted by the Paramount's fuzzy projection system. "Love that War" at 7:40 and 9:40 p.m.

OTHER FILMS OF INTEREST

ECKEL — Bill Shakespeare is filling the gap between the Eckel's presentations of Stanley Kramer's latest films. This weekend it's Romeo and Juliet's merry, ha, ha, adventures. Lawrence Harvey (before Hollywood ruined him), and John Gielgud (who never really made it in Beverly Hills) co-star. Bring your hankies, girls, it's a tear jerker. At 6:20 and 8:55 p.m.

HOLLYWOOD — Rogers and Hammerstein try a comeback in "Flower Drum Song" at 7:15. Cary Grant and Doris Day stage a sequel sequel in "Touch of Mink" at 9:30 p.m.

FRANKLIN—"Adventures of a Young Man" was Jerry Wald's and Ernest Hemingway's last picture. It looks it. At 7 p.m. "The Pidgeon that Took Rome" reduces Charleton Heston to appearing in a good movie. At 9:30 p.m.

WESCOT — One of Hitchy's better efforts with Princess Grace, "Rear Window" at 7:30 p.m. "Pidgeon" again, this time at 9:30 p.m.

KALLET GENESEE—Rack up a few more million for Di$ney "Lady and the Tramp" at 7 and 9:53 p.m. and "We're Almost Billionaires, ooops, Angels" at 8:20 p.m.

ALSO PLAYING

DEWITT DRIVE-IN — "Peyton Place" and "Return to PP" drive in people. No times, though. Who needs them.

LAKESHORE DRIVE-IN — Andy Griffin mumbles in "No Time for Sergeants" and Brando tries to act in "Sayonara."

ON STAGE

LIVELY ARTS — Strindberg's "The Stronger" and Chekov's "On the Harmfulness of Tobacco," this Friday at 8:30 p.m.

CORONET—"Little Mary Sunshine" brightens up the Syracuse scene all weekend at 8:30 p.m.

CROUSE CONCERT — Prof. Ernst Bacon performs works by Mozart, Bach and Schubert Sunday at 4 p.m. Crouse College.

CHILDREN'S THEATER — "The Snow Queen and the Goblin" for the kiddies performed by university personnel. Goodie, goodie? 2 p.m. Saturday and Sunday.

RELIGIOUS MUSIC—A concert of Jewish music, part of SU's Festival of Religious Music, 7:30 p.m. Sunday.

MUSIC FESTIVAL—Bela Nagy gives a recital 8:30 p.m. today in Crouse College Auditorium.

Steele Art Show Opens

The paintings of Gordon Steele, distinguished American artist, will appear in a memorial exhibit at the Lowe Art Center, opening 4 p.m. Sunday.

Hailed by Dr. Laurence Schmeckebier the art school's director as "a leading figure in the artistic community of Syracuse . . . a devoted teacher, a member of the university faculty, and an artist of national stature," Steele is known for his work in both the commercial and fine art fields.

Working for 30 years as an engraver, carpet designer, greeting card designer, advertising art director, Steele has also appeared in New York art galleries and national exhibitions.

First recognition of Steele's work came in 1935 when his paintings appeared in a travelling exhibition. Steele has won 47 competitive awards in competitions in Syracuse, Cooperstown, Rochester, Utica, and Cortland County and New York State Fair.

Tri Delt Winner

Coming from behind Delta Delta Delta sorority beat Beta Sigma Rho fraternity 160 to 115 Thursday ngiht on WAER's Syraquiz. Members of the winning team included Susan Ruby, Helen Goff, Nan Clements and Ann McCormick. Beta Sig was represented by David Kahn, Jerry Director, Steve Chalfin and Al Sugarman.

Next week Tri Delt will play Sadler 7.

Indonesian Night Set Saturday

"Indonesian Night," sponsored by ISO, will be held 7:30 p.m. Saturday in Day Hall Lounge.

Hartojo Wignjowijoto will speak on "Indonesia at a Glance." Indonesian songs and dances will be included in the program.

Syracuse Seeks Second Success

By BILL CRONAEUR

The Orange cagers get their second test of the young basketball season tomorrow night when they oppose Penn State at University Park, Pa.

Syracuse owns a 36-55 victory over Kent State this year, while the Nittany Lions have defeated Maryand and Lehigh.

With one practice session remaining before the Penn State clash, Hill coach Fred Lewis has not yet determined his starting lineup.

However, captain Herb Foster, who scored 15 points in the opener, is a definite starter at forward or center.

Eric Weber, 6-6, sophomore center, may open if his injured foot is sound, thus necessitating Foster's switch to forward. Weber dislocated his foot during the first practice and still hasn't regained his form.

Other possibilities up front are sophomore Phil Schoff and junior Bob Murray. Schoff, 6-3, is noted for his shooting accuracy while the 6-3 Murray is a rugged rebounder.

Veteran Dick Taylor may open at one of the guard spots. Taylor, standing 6-3, saw limited action against Kent State, but his height is needed in the backcourt.

Carl Vernick or Dick Duffy should nail down the other guard post. Vernick scored only two averaging 16.7 last season. Duffy is the play-maker and ballpoints in the opener, although hawk on the varsity squad.

Coach Lewis intends to use a deliberate attack against the 2-3 Nittany Lion zone defense. We'll have to get better shots to beat Penn State," he says, "and we'll have to make fewer mistakes."

"The Lions are a well-coached ball club employing a tough defense," Lewis continued. "We must depend on hustle to overcome their height and speed advantages."

The Statesmen will feature a starting lineup including 6-6 senior Earl Hoffman and 6-5 sophomore Ron Avillion at forwards, 6-7 junior Terry Hoover at center, and 6-3 rookie Bob Weiss and 5-11 junior Bob Dato in the backcourt.

Gymnasts Set At Toronto

Last year Coach Paul Romeo's gymnasts ended the season with a very fine 5-1-1 record; this year they may even improve.

Heading the list of returnees is Captain Ray Grimaldi who is expected to star in the horizontal bar, ring, floor exercise and side horse competition.

Phil "Corley" Voas will probably be the biggest point getter this year in tumbling, trampoline, long horse vaulting, floor exercise ,and horizontal bars.

Ron Orlick, a big winner last year in long horse competition and Carl Poplar who stars on the parallel bars add much strength to the team.

Junior John Bird and sophomores Sid Oglesby and Jon Meury round out the squad.

Their first opponent will be the University of Toronto this Saturday.

ROTC Announces Battalion Command

Lt. Col. Raymond C. Whitmarsh, professor of military science, has announced the appointment of the Army ROTC Battalion Staff for 1962-1963.

Officers named are Cadet Major Melvyn Davis, battalion commander; Cadet Captain Thomas Day, battallion executive and Cadet Captain Berten Walker, battallion training officer.

Other cadets named to the battalion staff were Cadet First Lt. Arthur Irwin; Cadet Second Lts. Terrence Hughes, James Garrity, James Taylor, and Robert Katzman.

Appointed Cadet Company Commanders were First Lts. Paul Vanderploag, A Company; Mitchell Pullman, B Company; Charles Schawrz, C Company; William Freeman, D Company; Jeffrey Scriber, E Company and Lee C. Scamp, Pershing Rifles Company, F-S.

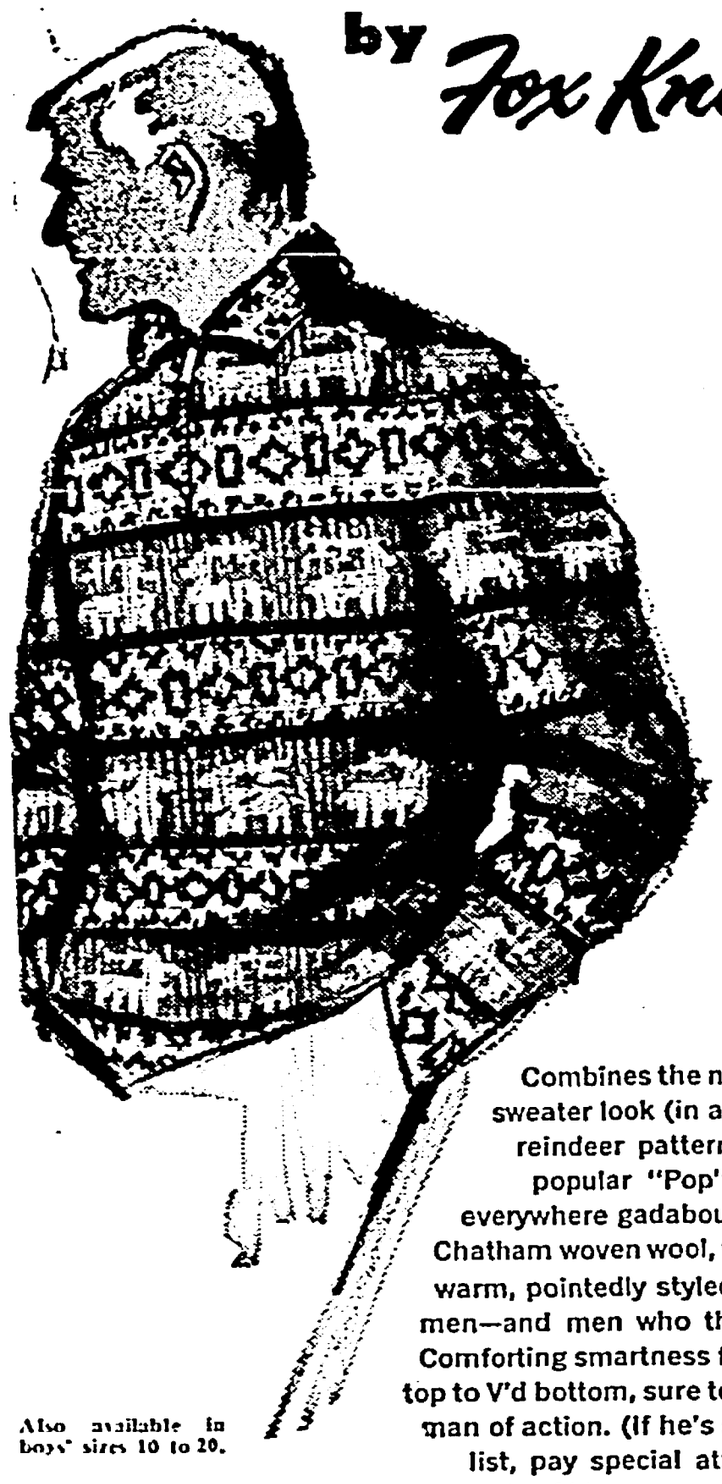
Scandura Looks For Victory

Wrestlers Visit Coast Guard;

Coach Joe Scandura and his top ranked matmen will journey to Groton Connecticut today, to face other wrestling powerhouses in the Coast Guard Tournament. The squad will meet Ohio State, Minnesota, defending champion Army, and Lehigh.

The Coach looks forward to having a good year, but anxiously awaits the return of key heavyweights Jim Nance, Gerry Everling, and Tom Wilhelm, at the conclusion of the football season.

The team will face Lehigh, an Eastern Championship contender, two weeks in a row. "The unexpected entry of Lehigh into the tournament will make things a lot tougher, but now we'll just have to beat them a week earlier," said the coach.



High hopes for a tournament victory rest on the shoulders of two seniors and four promising sophomores. Seniors Gary Sirota and Sonny Greenhalgh will start at 167 lbs. and 130 lbs., respectively. Greenhalgh was the 130 lb. champion last year.

Sophomores Terry Haise, John Dussling, Louis Roberts, and Louis Lee have shown vast improvement since September, and according to coach Scandura, if their varsity debuts live up to his expectations the squad will be considerably stronger.

Two juniors, Dick Slutsky and George Reidner, will wrestle at 147 lbs. and 157 lbs., respectively. They both should provide consistency and stability to the grappler's attack.

In the two practice sessions this season the squad posted a 1-1 record against Springfield and Oswego.

Reindeer Ride the "POP"!
by Fox Knapp

$11.95

Combines the natty Nordic sweater look (in an exclusive reindeer pattern) with the popular "Pop" for a go-everywhere gadabout of 100% Chatham woven wool, wondrously warm, pointedly styled for young men—and men who think young. Comforting smartness from zipped top to V'd bottom, sure to please the man of action. (If he's on your gift list, pay special attention!) In grounds of blue, green, rust or red. Small, medium, large or extra large sizes.

Also available in boys' sizes 10 to 20.

Neither has "shaved" in a month!

No kidding. As far as the guy on the right is concerned, he stopped shaving a month ago, started rolling his whiskers off with the new REMINGTON® LEKTRONIC* II Shaver.

What's the secret? Remington's exclusive roller combs. They roll skin down for comfort. Roll whiskers up for closeness. So comfortable, it's just like *rolling* your whiskers off.

P.S. The Lektronic II is the only rechargeable electric that runs with or without a cord. Use it cordless anywhere you want (or with the cord from any 110-volt AC outlet).

See the new Remington Lektronic II Shaver at your college bookstore.

*LEKTRONIC is a trademark of Sperry Rand Corporation.

Orangemen End Season

By Bernie MacCallum

The Orangemen have traded the recent smog in Syracuse for a smog and sunshine mixture in Los Angeles, California hoping the climatic change will help them salvage a respectable season with a win over UCLA and a five and five season record.

The game will be nationally televised as the NCAA-CBS game of the week from the Los Angeles Coliseum at 4:30 p.m. (EST). It will be seen locally on WSYR-TV.

Syracuse is a five point favorite over the UCLA Bruins who also have a four and five mark. UCLA has beaten Ohio State, 9-7, Colorado State, 35-7, California, 26-16, and Utah, 14-11.

The Californians have been beaten by Pittsburgh, 8-6, Stanford, 17-7, Air Force, 17-7, Washington, 30-0, and the national championship USC, 14-3.

The Bruins will be led by All-America halfback Kermit Alexander. He leads the club in rushing, pass catching and scoring.

In Alexander the Uclans have one of the top backs in the nation. He was the first draft choice of the San Francisco 49er's last week.

He will be at left half with Bob Smith at right half. Bob Jackson will start at fullback. The quarterback will be Carl Jones with Larry Zeno Ezell Singleton also quarterbacking the club.

The line has Al Geverink and Mel Profit at the ends, Joe Bauwens and Phil Oram at tackle, Dave Stout and Chuck Davis will be at the guard slots. Andy Von Sonn centers the Uclan line.

Six Syracuse University football starters will complete their intercollegiate careers in the Coliseum Saturday, John Mackey, Dave Meggyesy, Walt Sweeney, Leon Cholakis and Gene Stancin will dress in Orange for the last time. Seniors Tom Mingo, Brian Howard and Ray Seager will also close out their collegiate careers.

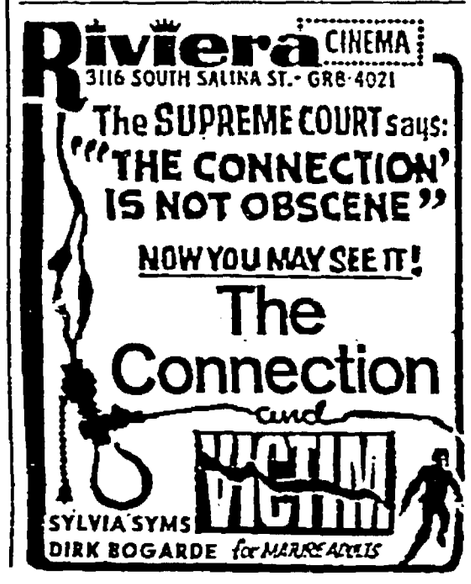
This will be the second time the two clubs will have met. Syracuse finished an undefeated season in 1959 by beating the UCLA Bruins, 36-8, before going on to the Cotton Bowl.

The Orangemen took a 38 man traveling squad to the coast. Bill Schoonover did not make the trip due to a shoulder injury.

Syracuse - Hobart Fence Tomorrow

The Syracuse fencers open tomorrow against Hobart in the practice gym at 1 p.m. Coach Alex Dako praised Hobart for their fine showing in the North Atlantic Championships last year, but affirmed faith in his own fencers to defeat Hobart again this season. The important thing, emphasized the SU mentor, is not the score, but that each fencer perform to the best of his ability.

Since September, Coach Dako has been working to develop his team, which suffered heavy losses through graduation. This year's varsity squad is composed entirely of sophomores and juniors. The team is looking forward to incorporating the strong freshman team into next year's varsity.



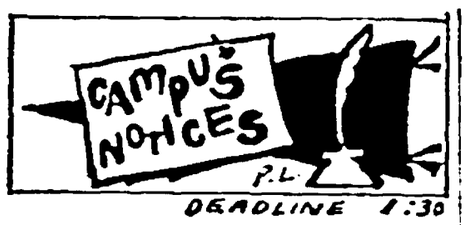
CALIFORNIA, HERE WE COME—This how the team looked at 7:30 yesterday morning as they boarded the plane for Los Angeles. Coach Ben appears to be explaining that this is a must game if he is to avoid his second losing season of his Syracuse career. The last losing year was 1949, Ben's first year.

Ryan Promoted

Captain Richard L. Ryan, SU ROTC instructor, has been promoted to major.

Ryan, a native of Zanesville, Ohio, is a 1951 graduate of the U.S. Military Academy at West Point.

During his Army career Ryan served with the Artillery and specialized in Army missiles. He served in the United States, Korea, and England.



Sold and enjoyed in all 50 states and in more than 100 countries around the world

In all 50 states, the big switch is to Marlboro

Remember 1955, when Marlboro came to town? Suddenly, the U.S. had a flavor cigarette with a filter on the end. Sales grew in every town, in every state. Today the whole place is Marlboro country—land of the filter cigarette with the unfiltered taste. Behind this popularity is the famous Richmond recipe of ripe tobaccos (the finest grown), and the pure white Selectrate Filter. Pack or box, you get a lot to like.

Stern Hits 'Newspaper Trial'

Newspapers shouldn't print evidence not admissable in court, according to SU law student Gerald Stern. Speaking to about 40 students last Wednesday, Stern advocated that papers de-emphasize crime stories in the manner of the New York Times.

Stern charged that the papers have convinced the public Ralph Dennis is guilty in the purse-snatch death of Irma Snyder. He predicted it would be nearly impossible to find an unbiased jury to hear the case.

During a question period, Stern said that to insure fairness, it would be necessary to hold the trial in another county. Change of venue, however, is difficult to obtain, he said.

The only cause for change of venue is prejudice on the part of the jury. The only criterion for an impartial jury, he continued, is that each juror say he is impratial.

Yet, Stern emphasized, each citizen is a potential juror and is influenced consciously or unconsciously by the press.

After Stern's address, students heard excerpts from a recorded interview with Ralph Dennis' mother. The full interview will be played on campus in an open meeting to be scheduled next week.

Music at the carnival will be provided by several groups, including the Modern Jazz Workshop and twist bands.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Wintry weather is returning to Syracuse on the heels of yesterday's storm. Blustery westerly winds sweeping across Lake Ontario will whip up dark cloudiness, snow flurries and squalls, some of which may be locally heavy.

A change in the upper air pattern indicates that cold weather will be with us for quite awhile.

FORECAST — Changeable skies, windy, and colder with some snow flurries or squalls through Saturday. Fresh to strong WSW winds.

Chapel Theft Nets $85

Security Police estimate that $85 was stolen from vending machines and a desk in Hendricks Chapel at about 2 a.m. Thursday.

Thieves entered the building from the south side and went to the lounge, where the Syracuse-in-Asia sale is now going on. They broke into candy and soda machines and an administrative assistant's desk.

They then went to the Colonial Room, where they cut a screen and escaped.

City police were called when the robbery was discovered.

Msgr. Ryan Rites Monday

Services for the Rt. Rev. Msgr. Gannon F. Ryan, 58, chaplain at SU's St. Thomas More Chapel who died unexpectedly Wednesday of a heart attack, will be held at 10:30 a.m. Monday in the Cathedral of the Immaculate Conception.

A solemn pontifical high Mass will be celebrated by the Most Rev. Walter A. Foery, bishop of Syracuse.

Msgr. Ryan collapsed at the WSYR-TV station at 3:15 p.m. after he had completed a video tape recording session as a guest on a show.

Surviving is a cousin, Mrs. William C. Curtin of Marcellus.

Friends may call from 2 to 4 and 7 to 9 p.m. today and Saturday at the J. P. Burns & Son Funeral Home.

Msgr. Ryan will lie in state from 4 p.m. Sunday in the cathedral. At 8 p.m. Sunday the office of the dead will be sung at the cathedral. Burial will be in St. Agnes Cemetery.

SYRACUSE Daily Orange

Volume 60, No. 53 | Syracuse, N. Y., Monday, December 10, 1962 | 8 pages, 5 cents

Athlete Suspended On Car, Drink Rules

A freshman with a full tuition athletic grant-in-aid scholarship has been suspended from SU by Joint Student Court until the summer of 1964 for violation of a number of university regulations including "conduct unbecoming a student."

The Court does not release names of students with whom it deals. According to other Daily Orange sources, the suspended student is Francis Pinchot, 19, frosh basketballer who never got to play the first game with his team. He was arrested Saturday, Dec. 1, after a police chase ending in an auto accident.

Early Friday afternoon the dean of men's office confirmed the Court's suspension decision.

Pinchot, who was in the College of Liberal Arts and recevied three deficiencies at midterms, was chargd with violating the freshman automobile policy, the university drinking policy and athletic curfew.

He has charges pending in the city traffic court for reckless driving, driving without insurance and registration and unlicened operation of a motor vehicle.

Gross Violations

Chief Justice Robert Dick, explaining the court's action, said, "Joint Student Court considered the case one of the grossest violations of univerity law it had ever reviewed. The student involved exhibited a lack of realization of the violations he had committed."

The defendent maintained that he had contributed to the SU community and that, "I felt my athletic participation might be grounds for anything less than a suspension decision."

The student had purchased a cheap car at the start of the year and then asked his resident adviser about the legality of keeping it. On being told that he must get rid of it, the student maintained that he tried to sell it, but being unable to he got permission from a brother to park it in a fraternity lot.

Early in the morning of Nov. 30, the student and two other riders, one a non-student friend,

Decoration Contest

The 12th annual Christmas decoration contest is being held by Lambda Chi Alpha fraternity. Simplicity and good taste are the by-words for the contest, stated Alfred (Win) Whittaker of Lambda Chi.

Providing an incentive for Greeks, living centers and campus organizations, the competition is aimed to lend a festive and holiday atmosphere to the Hill for the pre-Christmas week period.

Rules and application blanks hve been sent to all living centers and organizations. A $1 fee is required from all entrants, which will be donated to the Syracuse Christmas Bureau, a charity group.

'Soapboxing' Catches On

Friday afternoon "Soapboxing," fast becoming as popular as TGIFing, attracted more than 300 students Friday in front of Hendricks Chapel.

Principles in Friday's flag waving oration were Evert Makinen, a CORE member arrested in the Savoy Apartments sit-in Dec. 1 ,and Ronald Corwin, a strong proponent of civil liberties.

Makinen, attacking a column in Friday's Daily Orange by Win Whittaker, stated that "my beard is not long enough for me to play God, and I don't know enough German so I can't be Hitler." Whittaker asked in his column if Makinen claimed to be God or Hitler because of his "disregard for civil laws."

"It is because people failed to question the law that we had Hitler," Makinen said. It is the duty of anyone interested in citizenship or claiming to be a good citizen to question the laws, he maintained.

"Furthermore we must open our eyes to the fact that there are black and white in this country and must realize that there is black in one place and white in another," Makinen said.

Taking up Makinen's cause, Corwin told the assembled students that the Emancipation Proclaimation itself went beyond the law at that time, as did the very process through which America gained its freedom.

26 of 30 Hill Fraternities Have No Charter Restrictions

The Hill Board of Discrimination will meet sometime this week at the request of the Inter-fraternity Council.

Purpose of the meeting is review of a report on discrimination clauses in the charters of the 30 fraternities at Syracuse.

Only four of the 30 have discrimination clauses in their national constitutions according to results of a poll taken by IFC last week.

The poll was approved at last week's IFC meeting.

The four have waivers or "home rule" clauses and have instructed their delegates to national conventions to move an end to discriminatory clauses.

Thomas Rigoli (Phi Delta Theta), IFC president, said the IFC poll asked fraternities to answer in writing three questions: (1) Do you have a discriminatory clause in your national constitution? (2) Does your chapter favor the clause? (3) What have you done as a satisfactory effort to eliminate the clause or achieve "home rule?"

Dean of Men Earle W. Clifford Friday applauded the results of the poll as well as the polltaking itself. "The Greeks have shown to the campus a sincere interest in giving an honest picture of the Hill fraternity system," Clifford said.

Dean Clifford, chairman of the Board of Discrimination, said he hopes the Board will issue a statement on the IFC report before Christmas vacation.

The Board, set up about 12 years ago by a student government bill, is supposed to meet at least once a year.

Phi Mu Leaves US for GIA

Phi Mu sorority Friday witndrew from the United Students party and expressed a desire to join the Greek Independent Alliance.

A statement signed by the ssiters of Phi Mu said: "We feel that GIA offers a new and better outlet for students to participate in and influence sudent government on this campus. It is hoped that the increased competition resulting from the formation of this third party will bring into office more qualified students.

"We feel that this party has new ideas and policies which will increase the efficiency of student government and that it can improve the postiion of students in relation to the administration."

Gray Encouraged

GIA Chairman James Gray (Theta Chi) commented, "I am very encouraged that another house has decided to support GIA in our effort to provide the campus with a responsible party. A meeting will be held in the immediate future to officially accept Phi Mu."

Gray added that he was planning to meet with a "large group of independents" whom he termed "very interested" in joining GIA.

The sorority has about 35 sisters. The last Phi Mu on campus office was Elizabeth Gottschalk, who served two terms as Joint Student Legislature senator-at-large from 1959 to 1961. Phi Mu did not have any candidates in the last two campus elections.

The loss of Phi Mu leaves the SU membership at 16 houses. GIA currently has five member houses, with Phi Mu slated to be the sixth.

TV Set Stolen At SigmaKappa

A television set valued at $300 was stolen from Sigma Kappa sorority Thursday night.

The sorority, located at 500 University Pl., was entered through a window between midnight and 8 a. m., according to Security Police.

Syracuse City Police have been called to investigate the theft.

Meet Trustees' Chairman

By BEVERLY LURIA
Junior Editor

"There's a little 'Orange in my blood," says Dr. Gordon D. Hoople, chairman of the Syracuse University Board of Trustees, joking about his great interest in SU.

A practicing physician in the city of Syracuse, Dr. Hoople graduated from SU with a bachelor of science degree in 1915.

Dr. Gordon D. Hoople

While at SU, Dr. Hoople was a member of Phi Beta Kappa, a brother of Sigma Phi Epsilon social fraternity and an outstanding oarsman on the varsity crew team.

In 1919 Dr. Hoople graduated summa cum laude from the Syracuse University College of Medicine.

"The Hoople family was so Syracuse that you couldn't do anything about it," the trustee says, explaining that his four brothers and one sister also attended SU.

Tolley Selection

A member of the committee that selected William P. Tolley chancellor of SU, Dr. Hoople says, "I think that is the most important thing I've ever done as a trustee."

Dr. Hoople was a founder of the Syracuse-In-China program in 1921. He served in China as the university's first representative. The program is now called Syracuse-In-Asia.

In 1923 Dr. Hoople established the student health service and was the first full-time physician in the SU Student Infirmary.

As chairman of the SU Alumni Association from 1928 to 1935, Dr. Hoople served as an honorary member of the Board of Trustees.

Elected 1939

In 1939 Dr. Hoople was elected to the Board of Trustees and in 1961 was named chairman of that group. Dr. Hoople also expressed pride in his part

(Continued on page 7)

Peterson Announces Traditions Members

Eighteen sophomores have been tapped for Traditions Commission, according to Leland Peterson, president.

Tradition members sang outside the house of each initiate. Later a ceremony for all new members was held.

The new members are Barbara DeSnoo, Diane Dusinberre, Karen Ericsson, Lynn Hall, Geraldine Porter, Susan Quinlan, Susan Roland, Harriet (Penny) Shapiro and Jane Talcott.

Also Carl Carrallo, Robert Evenson, Stephen (Grill) Kalinich, Bernard Marcus, James Marchall, Michael Moecker, Frank Rose, John Trever and Leon Woods.

Miss DeSnoo is a language major from North Haledon, N. J. She has a 2.56 average, is a member of Sigma Kappa sorority, and is a band majorette.

Miss Dusinberre, a art education and painting major, has a 1.3 average. She is a member of Alpha Xi Delta sorority and is a resident of Caldwell, N. J.

Miss Ericsson, a member of Kappa Alpha Theta, is a home economics major from Warren, Pa. She has a 2.06 average and is a member of the Home Economics Student Board.

Miss Hall, a student in the College of Liberal Arts, is a

(See Traditions, Page 6)

Open House

The following fraternities will hold open house from 7:30-9:30 p.m. today, Alpha Tau Omega, Beta Sigma Rho, Phi Gamma Delta, Psi Upsilon, Sigla Alpha Epsilon, Sigma Alpha Mu, Sigma Chi Psi, Delta Tau Pi and Zeta Psi.

'Soapboxing'

Once again an American flag was placed on the steps of Hendricks Chapel, and two or three students spoke and argued with the surrounding crowd.

Much of what was said Friday afternoon may or may not make sense, and we wouldn't be surprised if it took more ego than political conviction for some to speak.

But regardless of what the Hendricks' steps orators had to say, that they were allowed to speak their piece is a credit to the university and to its students.

All too often we read about other schools that censor the undergraduate soapbox whether it be on the "quad" or in the campus newspaper. At times even Syracuse University has "clamped down" on some of its more outspoken students.

Therefore, it is gratifying to see students on the Hendricks steps, and equally satisfying to hear a give and take by members of the student body concerning something of more important than food service.

HBC Lounge

The Daily Orange would like to inform all instructors of 8 a.m. classes in Huntington B. Crouse Hall that there may be more than the usual number of students dozing during Wednesday's classes.

The reason is that the vending machine section of HBC's basement lounge will be closed Wednesday, and thereafter, unless students stop throwing papers, cigarettes, ashes, paper cups et cetera on the floor and tables. It seems as if SU's students are making the lounge resemble some of their rooms.

Twice last year, and twice during the summer, Registrar Edwin D. Smith had to close off portions of the lounge. This year he turned the situation over to Joint Student Government's Student Conduct and Welfare Committee. They have decided to close the vending machines to early morning coffee seekers, and the rest of the campus, till the lounge can be walked through, not waded through.

We realize that to Mount coeds drawn to their eight o'clocks only by the force of gravity, and to upperclass Sadler men pushed up the Stadium steps by unknown forces dropping that coffee container into a trash can may take a superhuman effort. But unless they, and everyone else who uses the lounge, makes that effort, the morning cup of java with the cardboard taste will be a thing of the past.

TREVER ON CAMPUS

"Well, roomie, I gave my pin away tonight..."

ANOTHER VIEWPOINT

'Civil Disobedience'

By Evert Makinen

THE WRITER of this article is Evert Makinen, one of seven Hill students arrested Saturday, Dec. 1, for a Congress on Racial Equality apartment sit-in. Makinen, a Brandeis University alumnus, is taking graduate political science courses on the Hill. Here he relates his views on the general topic of civil disobedience.

Several statements made in the wake of the recent sit-in indicate the urgent need for a public discussion of the question of civil disobedience. This article is intended to initiate that discussion.

First, what civil disobedience is not. Let us distinguish it, at least for clarity in our discussion, by its motive, from crimes that are committed for revenge or selfish gain or because of passion. Further, it is not an indication that laws are to be treated lightly. Anarchists may practice civil disobedience, but civil disobedience is quite distinct from anarchy.

Civil disobedience is an act of law-breaking. But, it arises from the belief that human laws are, at best, temporary conveniences for the ordering of society. It arises from a conviction that human laws must be respected, but always according to how they correspond with a higher moral law. If we believe that our life has any purpose beyond that of mere animal existence, we must attempt to structure our laws toward this purpose.

If we further believe that man is fallible, we must be prepared to repeal, modify, or subvert the laws which are contrary to this purpose. The act of civil disobedience, then, is a premeditated decision to undergo the hardships involved in law-breaking in order to demonstrate one's belief that a law is either immoral in itself, or that it obstructs the pursuance of a moral goal. In this sense, civil disobedience is an affirmation of law—or rather, of the need for better laws.

The University has stated, "We cannot, and will not, stand in support of students who violate the law." The University insist "on observance of respect for law as a fundamental responsibility of citizenship in any community." Applauding last weekend's demonstration, the Daily Orange's editorial on Tuesday said, "It is unfortunate that illegal methods were used, however."

These statements are alarming and should cause us to squirm uneasily, if not to protest loudly. They convey an attitude that approaches the idolization of law, and if civil disobedience may be seen by some as the first step on the road to anarchy, this other attitude is the first step on the road to totalitarianism.

What lends confusion to the University's position is its assertion that, "Traditionally, University policy has been clear on all aspects related to this poblem." Is not Syracuse University founded on principles of the Judaeo-Christian tradition?

Is the University's unconditional statement of opposition to law-breaking a renunciation of this tradition which ,granted, entails a respect for law, but which also recognizes man's highest responsibility as being owed to a Supreme Being, to a law which is "writ in men's hearts?" Is the University's statement an indication that it has abdicated as too difficult its role of protector and conveyor of the moral values of humanity?

Finally, a word on the concept of citizenship. Both the University and the editorial would have us believe that good citizenship involves unquestioning obedience to the laws of the community. On the contrary, any vital concept of citizenship must involve a constant scrutiny and evaluation of the laws.

Furthermore, it must make some provision for the idea of revolution—one form of civil disobedience. If it does not, we find ourselves obliged to support all laws regardless of their repugnancy, and to do this would be contrary to good reason as well as to our religious and political tradition.

While we live in a nation based on the rule of law, we must remember that many of our notable achievements as a nation—the National Bank, the Louisiana Purchase, the Emancipation Proclamation—were the result of the courage of men to go beyond law.

In other instances, the refusal to obey laws such as the Alien and Sedition Laws and the Fugitive Slave Law kept alive the liberal conscience of the country and protected basic freedoms. Indeed, our very existence as an independent country attests to the necessity of allowing that civil disobedience may be justified at times.

To bring this discussion back to the particular instance which occasioned it, namely, the sit-in, I shall conclude by saying that the area of civil rights is one in which there should be the least objection to the practice of civil disobedience.

To paraphrase the Declaration of Independence, "Prudence, indeed, will dictate that (laws) long established should not be (violated) for light and transient causes; and accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the (laws) to which they are accustomed. But (after) a long train of abuses and usurpations. . . . it is their right, it is their duty, to throw off such (laws) . . . The history of the (American Negro) is a history of (being subjected to) repeated injuries and usurpations."

LETTERS

Sit-in

To the Editor:

This letter is in reference to the rather high-handed tactics of some SU students last weekend in their sit-in on the Savoy Apartments.

Lest I be accused unjustly, let me state at the outset that I am not prejudiced against the Negro race. By the same token, neither am I prejudiced for it: I will not accept a man as a friend, nor will I reject him as a friend, simply because of his skin color, be it white, black, yellow, red, brown, or some off-color combination of these.

Now it seems to me that the people (some of whom I know to a certain extent, if not well) who staged the demonstration last weekend have overstepped the bounds of decency. They profess to believe in "civil liberties," "justice for all," and "the American way."

To my way of thinking, this excludes belief in such things as lynchings, unlawful search and seizure, slander, attempts at violent overthrow of the government, and unlawful trespassing.

Yet these people saw fit to enter a private dwelling, sit on the floor, and refuse to leave when asked to do so by an officer of the law. Query them about why they did it, and you'll get essentially the same reply the John Birchers make when you ask about their methods. "Well, the Public has to be warned about these things, and in cases like this, the means justify the end . . ." and so forth.

CORE doesn't follow the same tactics, usually, as the Birchers, but the result of last weekend's event was the same as those we have seen in so many of the Birchers' doings :rejection of a person's (in this case, Mr. Clifford's) civil rights, a practice of which CORE's views were made plain in a recent letter to the DO. Thus what started out to be a noble protest against unjust discrimination turned into a cheap, hypocritical publicity stunt.

If they claim to believe in passive resistance, let these people read up a little on the tactics of Gandhi, who refused to let his followers lie on railroad tracks to stop trains, because lying on railroad tracks was unlawful. They have, it seems, violated one of the cardinal principles of passive resistance: "Don't give your antagonists a chance to think they're justified in treating you as they do."

If I were one of the people involved in this fiasco, I think I'd consider myself extremely lucky to have escaped a two-week jail sentence, even despite the publicity lost; for there are many people who do see through the noble veneer on this martyr-complex lawlessness.

Messrs. Lesser, Makinen, Lombard, etc.: I suggest that, if you really want to spend some more time in jail, you propel a beer bottle through the front window of the Orange some night; it's a much more sure-fire method, and much less hypocritical than unlawful trespass. . . .

Terrell E. Koken

Syracuse Symphony, Chorale Join Forces for 'Messiah'

Two local organizations join forces when the Syracuse Chorale accompanies the Symphony in the Dec. 13 and 14 performances of the "Messiah" at Lincoln Auditorium.

Florence Kopleff, Lee Venora, Walter Carringer and John West, four of the nation's leading oratorio soloists, are set to participate in this masterpiece by Handel, the German composer who "invented" English Biblical oratorio.

Founded in 1953 for the purpose of promoting choral music concerts, the Syracuse Chorale is composed of more han 100 members from Central New York who share musical training and the joy of performance. Both local and nationally known soloists and conductors have taken part in the group's concerts of classic and contemporary choral works.

The Chorale gave its first joint performance with the Symphony in last season's presentation of Honegger's "King David," for which Arnold Moss was the Narrator. The next venture for the group will be a Spring concert under the leadership of its music director, Mary Jane Stasiv.

Florence Kopleff and Walter Carringer began their careers with the Robert Shaw Chorale. Miss Kopleff, now on a Russian tour with Robert Shaw, has appeared as contralto soloist with such orchestras as those of New York, Boston, and Cleveland. She has headed performances with the country's foremost Choral Societies.

Carringer, tenor soloist last season in "King David," has sung in Carnegie Hall and made six nation wide tours in addition to radio and television work. He is a great favorite for performances of Bach and Handel and makes frequent appearances in the "Messiah" and as the Evangelist in the Passions of St. Matthew and St. John.

Lee Venora, a leading soprano with the New York City Opera Company, has made many appearances with Leonard Bernstein and the New York Philharmonic. She recently played opposite Alfred Drake in the Broadway production of "Kean."

John West, a former pupil of Martial Singher, won the 1961 Philadelphia Orchestra Auditions and recently tourned Europe with the Santa Fe Opera Company.

Tickets for the "Messiah" are available at the Symphony office, 218 Harrison St.

'Silent Spring'

By Leslie Berg

The silent spring gained a radio voice last week. WAER producer Peter Moller devoted his Thursday evening program. SHOWCASE, to a discussion of the problems raised in Rachel Carson's controversial best seller, "Silent Spring."

Now insecticide is a topic which rarely arouses great enthusiasm outside of the insect community. But Miss Carson claims that insecticides and pesticides are causing dangers which go much farther than the natural kingdom. As expressed by the New York Times,, "for the sake of 'controlling' all kinds of insects, fungi, and weed plants, people today are being poisoned on a scale that the infamous Borgias never dreamed of."

If this is true, no none now breathing, eating or drinking in any state is free from chemical poisoning.

Suddenly the dangers become much more real "Silent Spring" poses a threat more encompassing than the death of a few insects. Rachel Carson claims that the use of DDT and other poisons can mean water polution, wildlife disease and human death.

SHOWCASE attempted to meet the issues of the book headon. Men from the School of Forestry, from the Chomistry Department and from the Chemical Industry met to debate the issues expressed so vehemently in "Silent Spring." The session was far more than literary criticism of a book chosen for review by all of the major magazines and newspapers. These fact.

Through the skillful coordination of the young producer the program was a success. Listeners, aroused by the conflicting reports and controversies raised by the book, wanted to know, "Why a silent spring? In the first program of the two part series, Moller and his guests discussed the problems generally.

Rachel Carson's book only brought out one side of the issue. SHOWCASE attempted to balance the arguments. Dr. Miller of the Forestry School had worked with Miss Carson on the book and was able to authenticate her position. Mr. Corncross of the Syracuse Chemical Company reminded listeners that insecticides are a necessary part of agriculture.

Next week the SHOW - CASE presentation will feature a continuation of the discussion. Two researchers on the problems of water pollution in Onondaga County will be on hand to discuss this problem. The program will be aired over WAER at 8:30 Thursday night.

Peter Moller is to be congratulated on his efforts. Objective discussion of vital issues has always been a goal of broadcasting. And this is a vital issue. The question of insecticide may not seem very stimulating to the university student about to face a long, cold Syracuse winter. The question of Spring, even a silent spring, seems light years away. But the question of human death by poison cannot be ignored. WAER's SHOWCASE this week deserves the attention of everyone.

Orange Observations

By ALLAN KORT

Sports Editor

Another football season has ended. Gone for another year are the cheers and sneers of the football fans.

As the winter rolls on we can be thankful the armchair quarterbacks have disappeared for nine months of hibernation.

Ben Schwartzwalder is also happy the season has ended — for Ben there will be time to collect his thoughts. There will also be time for the Alumni Board to simmer down and stop blaming Ben for the season.

You can not have a great football power every year but you can have a never-say-die team. We had neither. We didn't win too much because we were a young, unexperienced team that was bound to make several mistakes—mistakes that cost us at least three games.

The players never showed an abundance of hustle. Who is to blame? The coaches, players or the students. The players have received too much criticism this year as has the coaching staff.

We are not defending the players or the coaches, because they are human and are susceptible to mistakes. What we will criticize are the so-called "campus leaders" and the student body.

For this team was not supported in the style a major football team is accustomed to. Schwartzwalder, in making preseason excuses almost predicted our first two losses—in fact he convinced the players they were going to lose.

The Boys from Syracuse played a winning game at Oklahoma —but lost. Ben said, "I told you so."

The student body also believed this. There was no pep rally to send the team off to the Army game. Nor was there throughout the season any rally that could compare to those of years gone by. All there was were rallys for the Goon Squad. The band didn't show up at the first rally and this about killed the event.

The Navy "rally" was just a television production—it wasn't for the students or the team—just for NBC. The band finally showed but didn't play. Students, disgusted at the first two rallies, finally missed the last rally at which the band showed up—and played. But there were only a few dozen persons there, mostly the Goons who arranged the programs.

A team has to have a psychological advantage over its opponents if it is ever to win. The campus does not contribute to such an attitude—it does not support its teams. When this year has the student body seen the team off or met it at the airport. When have the Goons ever given thought to a program to give the team a "real lift."

We may be senile and nostalgic, but we remember 2,000 members of the student body travelling to Hancock Airport via chartered buses last year to applaud a team that had just lost the game that kept it out of the Orange Bowl. Yes, we had been declared losers to Notre Dame, but they students still supported the team—the same team that recovered from their heartbreak and went on to defeat Miami in the Liberty Bowl.

Student support does help a team—pust as it helped the Orange Cagers win their opener last week against Kent State.

Next year we should have a talented football team, but it will not be great unless there is enthusiastic student support—unless the Goon Squad lives up to its responsibilities of handling rallies. The whole frosh class shows up at the first rally and if it is good they will come again and give the needed spirit.

But if the apathy lags on, so will Syracuse's mediocrity in football.

Piety Cage Streak Ends at Penn St.; Hill Bows, 67-54

The Orange basketball team ventured out of its new fieldhouse for the first time this season finding their hosts, the Penn State Nittany Lions, not very sociable as the Lions beat Syracuse 67-54.

Penn Staters got a hot hand and pulled away from Syracuse midway through the first half. Syracuse had brief leads in the opening minutes of play but was not able to sustain any offensive streak.

The Orangemen were unable to cope with State's zone defense which forced Syracuse into numerous ball-handling mistakes.

Earl Hoffman lead the Nittany Lion surge in the first half which gave the home team a lead they never relinquished.

Hoffman, who tallied 16 points for th enight, sparked the Lions to a 38-26 halftime lead. Fourteen of his points came in the first half surge as he hit seven of eight from the floor.

Penn State piled up a 49-28 lead early in the third quarter, the widest gap to separate the two clubs.

Phil Schoff was the high point man for Syracuse with nine. None of the Orangemen scored in double figures, but twelve Syracusans made the scoring column.

Bob Weiss, a sophomore guard, was the game's high scorer with 18 for State.

Both teams had a field goal percentage of 40, a vast improvement for the Oragne over last week's shooting display. Penn State hit on 14 of 23 in the first half, however, allowing them to coast through the third and fourth quarters.

The Orangemen now have a 1-1 record with the loss Saturday and an opening night win over Kent State. Penn State is 3-0 having beaten Syracuse, Lehigh and Maryland.

Saturday the Orange host Army in the new fieldhouse. The game will be part of the official opening and dedication ceremonies for the new home of the team.

Can't Stop Orange Fleet Backfield (Atlantic Fleet, Pacific Fleet)---UCLA

By JUDY ADAMS

After 55 minutes of frustrating football, Syracuse pulled out one of their most gratifying victories as they came from behind to clip UCLA 12-7.

•

The entire nation looked on as one Orange offensive drive after another crumbled—until finally, "Big Jawn" Mackey decided to do it all by himself and returned a fourth quarter punt 40 yards for the winning touchdown.

Syracuse showed the nationwide audience in the NCAA-TV wrap-up game just what they have been doing this year. It was a resume of the "highlights" of the season.

First there were fumbles, five in fact, three of them lost, barely less than the same percentage they've maintained all year.

Then there were intercepted passes—by the opposition. Somehow Syracuse couldn't quite pick off those tosses. They either dropped the ball or batted it into the air enabling a Uclan to grab it.

And there was the familiar high center pass where Lenny Slaby still takes top honors.

Yes, they did what they've been doing all year—and still they won.

They won because they were the best team on the field from gun to gun. They out-offensed and out-defensed the UC LA crew.

Syracuse racked up 320 yards on total offense most of it on the ground. UCLA was plain racked up. They showed a deficiency of 37 yards rushing. Only the wizardry of UCLA quarterback Carl Jones, kept the Bruins from being completely embarassed offensively.

Jones, who gave the Orangemen fits all day, completed 10 of 22 attempts to account for all but four of the 136 yards the Uclans moved through the air.

Syracuse had plenty of stars to off-set Jones' heroics. Bo Nance, Don King, Walley Mahle played outstanding games on offense, while Walt Sweeney, Ed Conti, Gerry Everling were bears on defense.

But the hero medal must be pinned on John Mackey. John played a steady game both offensively and defensively, and it was his fourth period jaunt that won the game.

Syracuse was trailing 7-6 with about six minutes remaining in the game. They forced UCLA to drop back and punt from their endzone.

Mackey took the ball at the UCLA 40, veered to his right and headed back up field. A couple of times it looked as though he might be stopped, but suddenly he'd be in the clear again. With a slew of fine blocks ahead of him, John returned the ball from whence it came for the winning six points.

The Orange showed pep and drive when they tallied in the first period. They moved easily from their own 43 to the UCLA 2. After Mackey lost a yard, Mahle handed off to Don King who sprinted into the end zone for the first score.

But their 6-0 lead was short-live. Two minutes later UCLA came roaring back, gobbling up 80 yards in five plays, to go ahead 7-6. Carl Jones spearheaded the drive with three long-yardage heaves.

On the last one, the ball was deflected into the air by John Humphreys. But a Uclan was waiting right behind him to snare the erant pass in the end zone. The Bruins added the extra point to go ahead of the Orange.

Syracuse had plenty of chances to go ahead but each drive was stalled.

Ezell Singleton intercepted a pass at his shoetops a few yards short of the goal to stymie one attempt. Another was lost on a fumble.

It did appear as though the Orange might score before the half ended when Mike Koski made a brilliant return of a punt to the UCLA 16. But they couldn't even manage a first down.

Syracuse proceeded to lose the ball in the second half on an intercepted pass, a fumble, another fumble—this one only inches short of a touchdown.

Then eight minutes later, John Mackey shook loose for his 40-yard score.

With 1:40 left in the game, UCLA made a brash attempt to retain their lead. Jones, a master at flinging the ball while racing at full steam, started throwing again.

But for once, the football gods smiled upon the luckless Syracusans. UCLA failed to score.

The win saved Ben from his second losing season, as the Orange finished 5-5.

Bo Nance, who filled in for injured Bill Schoonover, was the leading ground gainer with 77 yards. Senior Don King was second with 63 yards.

Kermit Alexander, billed as the greatest back ever to come out of UCLA, was held to a mildly disturbing minus three yards.

Walt Sweeney was the only professional on the field, at least when the game ended. The San Diego Chargers were so anxious for Walt's services that they signed him before he left the field.

WQSR Sends The Team A Little Good-Luck Note; It's 100 Feet Long!

There's a local radio station who feels mighty, mighty sorry for the poor Syracuse football players. Oh their sorrow doesn't stem from their not-to-spectacular record this year. Not at all.

It seems that they are weeping over the fact that there seems to be a bit of student apathy here on the Hill as the team prepared to depart for sunny Caliornia. No one was there to say good-by to the boys.

Oh what pain they must have suffered; First they had to get out of bed at a horrible hour of the morning Thursday. Then they had to pack their sun glasses and bathing suits, and oh yse, football uniforms.

By 7:00 they were at the airport, but alas there was no one there to wish them luck. It must have been a very dejected football crew that boarded that airliner for parts known as Los Angeles and as sunny.

Radio station WQSR felt that these boys should not be made to suffer like this. So they're sending the team a "good luck" telegram.

But this isn't just any old telegram. It's approximately 100 FEET LONG!

For two days prior to Saturday's game, WQSR broadcasted a city-wide appeal to the people of Syracuse to get behind this Orange team.

Every 15 minutes the radio station repeated their cries. And people responded. Approximately 3,000 persons volunteered their wishes of success to the team. The names were compiled into the lengthy note.

Then just before the start of the contest, Ben said to his boys, "Fellas, I have a telegram here from the folks back home. It's just a short note wishing us good-luck today."

Then Uncle Ben unrolled the 100 ft piece of literature. There must have been a tear in each and every eye in the room as they scanned the 3,000 names.

Knute Rockne was alive again, "We gotta win, win, win for those folks at home."

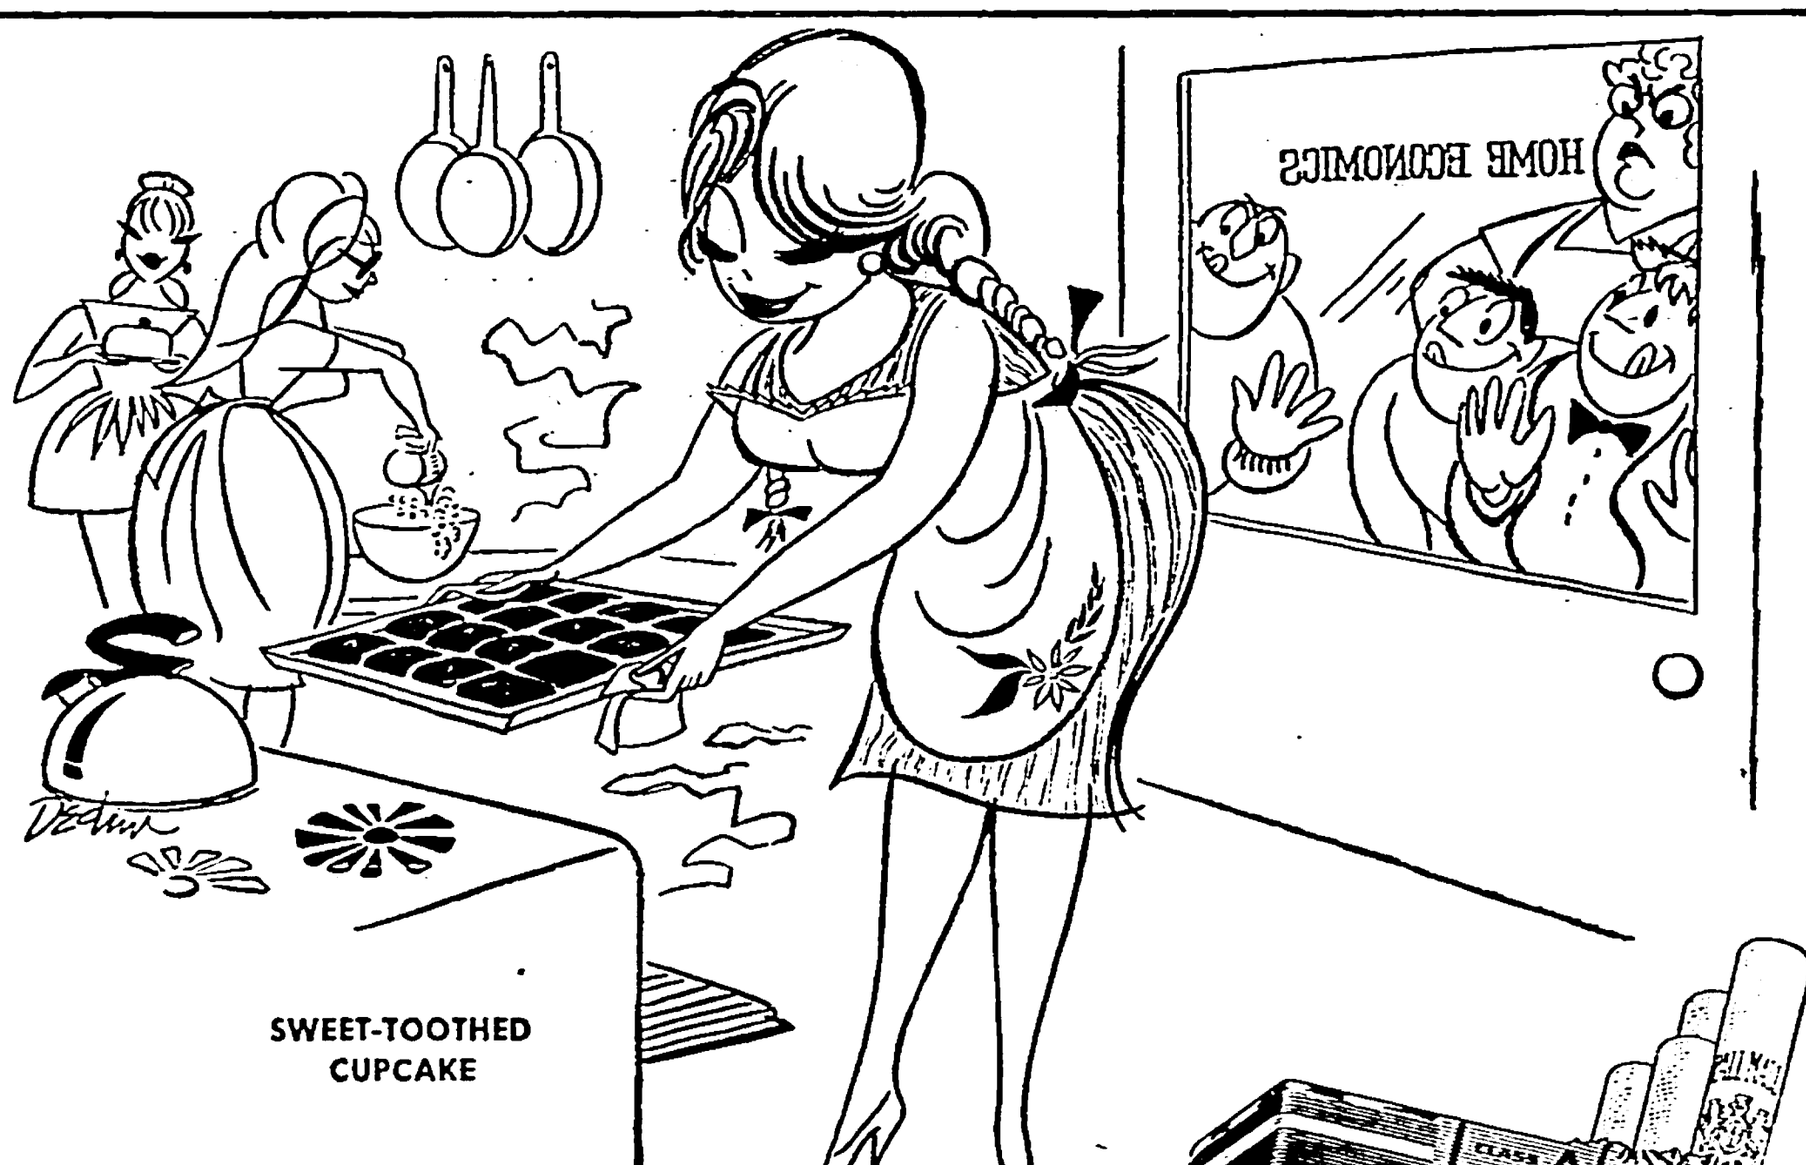
Civil Rightists Meet

The Northern Student Movement will hold a conference for all central New York colleges Saturday at Cortland State Teachers College.

The Northern Student Movement is a recently organized coordinating organization for all civil rights organization on northern campuses.

Students needing transportation to Cortland should contact Molly Schramm, ext. 4079.

NewsmanHere For YAF Rally



Hilaire du Berrier, celebrated American foreign correspondent and author of numerous government publications, will be the speaker at the Young Americans for Freedom "anti-Communist" rally at 4 p. m. today in Maxwell Auditorium.

A native-born American educated at the Northwestern School of Journalism and the Institut de Science Politique, Paris, du Berrier spent the war years as a correspondent in Ethiopia and as pilot of a pursuit plane for the French Loyalist Air Force in Spain.

du Berrier also ran an underground radio station with the pesonal agent of Madame Chiang Kai-shek. duBerrier was arrested in 1942 on charges of espionage and spent three years in a Japanese prison.

After the War, du Berrier was recognized by the French as volunteer combatant of the resistance and combatant of the war.

Pall Mall Presents~ GIRL WATCHER'S GUIDE

CAMPUS TYPE V

The natural habitat of the Cupcake is the Home Economics kitchen. She believes, as her mother did, that the way to a man's heart is through his stomach. While this viewpoint might be considered unsophisticated by many of today's more enlightened male students, none of them has ever been known to turn down a tin of her Fudge-Frosted Nut-Filled Brownies. She really has a way with a dish and, as you can see, she's quite a dish herself.

Just as the Cupcake has found the perfect recipe for Frosted Brownies, the makers of Pall Mall have found the perfect recipe for a delicious smoke. Taste Pall Mall's natural mildness and see what we mean.

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

JOB INTERVIEWS

Interviews will be held this week for women and liberal arts-business administration and engineering majors.

Today in 105A Slocum Hall, there will be Curtiss-Wright Corporation, Wright Aeronautical Division, for business administration majors in acctg., finance and statistics for career in managerial and staff positions (1.8 average or better).

Tuesday

In Slocum 105A, Tuesday, will be U. S. Treasury Dept., Internal Revenue Service, for business administration majors in acctg. for administrative intern program.

Tuesday at Bldg. 8 will be Pittsburgh Plate Glass Co., Chemical Division, for Chem: B.S., M.S., Ph.D. (analytical, inorganic, organic and physical), and Sperry Gyroscope Co. for EE, Phys.: B.S., M.S., Ph.D., ME: M.S., Math.: M.S., Ph.D.

Wednesday

Wednesday in 105A Slocum are Arthur Anderson & Co. for Business Administration majors in acctg. for O.J.T. program leading to a professional acctg. career, and Gillette Safety Razor Co. for business administration majors in acctg. and finance for Controller's Management Training Program.

At Bldg. 8 on Wednesday is Sealright - Oswego Falls Corp. for ChE, ME, Pulp and Paper: B.S.

Thursday

Thursday in 105A Slocum are U .S. Air Force, Auditor General, for business administration majors in acctg. for Dept. of defense auditor trainee program and U. S. Department of Justice, Immigraiton and Naturailzation Service, for any majors for a career in the Service.

Thursday at Bldg. 8 is Sinclair Research, Inc., for ChE: B.S., M.S. and Chem.: B.S., M.S., Ph.D.

Friday

In 105A Slocum on Friday is New York State Banking Dept. for any majors for two year training program for bank examiner aides and bank examiners.

At Bldg. 8 on Friday is Long Island Lighting Co. for EE, IE, ME: B.S., M.S. and Summer JRS Jrs., Srs.

Seger to Talk To J-Frosh

A German affairs expert will address a freshman journalism convocation today, Dean of the School of Journalism Wesley C. Clark has announced.

Distinguished author and lecturer Gerhart H. Seger will speak on "The German Press."

Seger, after serving as a foreign correspondent in most of the European capitals, was elected to the German Reichstag in 1930 and served on its Committee on Foreign Relations.

A political opponent of Adolph Hitler, Seger was arrested by the Nazis in 1933 and placed in a concentration camp from which he escaped after six months.

His book, "Oranienburg", details his concentration camp experiences. Coming to the United States in 1942 Seger became a citizen and served during the war in the Offic of Strategic Services.

Seger is a former visiting professor at the University of New Mexico and has lectured at more than 500 colleges throughout the country.

Hoople...

(Continued from Page 1)

on the committee that chose Ben Schwartzwalder SU football coach.

In 1946 Dr. Hoople made the motion that created the Design Board which does all future planning for physical properties of the university.

At Dr. Hoople's instigation, the Design Board undertook its first project, the dining hall addition to Sims Hall.

Syracuse Plan

Explaining that he was one of the initiators of the $76,000,000, Syracuse Plan, Dr. Hoople says, "I am interested in seeing that the library is built."

Dr. Hoople is a member of the SU Library Associates in addition to his activities on the Board of Trustees.

"We (the Board of Trustees) had hoped that Dr. Tolley would do a superb job," Dr. Hoople states, "but I think he has outdone our expectations."

Active in treatment of the deaf, Dr. Hoople was a founder of the Conservation of Hearing Center at SU. The Syracuse University Gordon D. Hoople Hearing and Speech Center was named in his honor.

The College of Forestry announced that the General Forestry 1 examination scheduled for Saturday has been cancelled in order to enable freshmen to fully enjoy their class weekend. However, the exam will definitely be given next week.

were returning to Watson dormitory. The defendent, who was at the wheel, told Joint Student Court he was under the influence of alcohol.

Drove on Lawn

He turned left at Comstock Ave., but instead of staying on the road he drove onto the Watson lawn and left one of his riders at the dorm's side door.

Student then continued driving down Comstock—the wrong way—made a right on Waverly to Ostrom, and then headed down Ostrom toward the DU house at speeds up to 80 mph. He was pursued by Syracuse police who had spotted him driving on the Watson lawn.

The driver failed to make a turn at the end of Ostrom, smashed his car into a garage —wrecking a car in it—overturned his own car, and wound up in the University Hospital with an injured jaw. He was released Dec. 3.

The other person in the car was uninjured.

'Dangs' Author Here Tuesday

George P. Elliott, fiction writer and poet, explains how he wrote his best-known short story, "Among the Dangs," at a 4 p.m. lecture Tuesday in Maxwell Auditorium. He also will discuss the relationship of dream, fantasy and fiction.

The 44-year-old author is appearing on the Hill as part of the annual Visiting Writers Program sponsored by the English department. In addition to his speech Tuesday, Elliott will meet informally with students in writing and literary criticism courses.

Dennis Case Sparks Hill Group

A group formed on campus to investigate due process in the Ralph Dennis case has submitted a constitution for ratification by the Organizations Committee of Joint Student Legislature.

"Students for a Fair Trial" is an ad hoc group, organized specifically to investigate this case. After the trial, the group will disband, according to Alice Tait, a member.

Nominated as officers are Mary Louise Argyle, president; Lewis Allen, vice president; Jean Hoffman, treasurer, and Miss Tait, secretary.

Specific problems in the Dennis case, Miss Tait stated, are the influence and impact of the press and the lack of access to due process caused by the fact that the Dennises cannot afford a lawyer.

A community "Fund for a Fair Trial" has been established by citizens interested in the case. They will pay for court costs and investigators. Miss Tait stated that these people are working "not in belief of Dennis' innocence or guilt, but in the belief that guilt should not be determined except in courts."

Hill Asst. Prof. George Wiley of the chemistry department has been instrumental in the formation of this group, Miss Tait said. He has also acted as a personal advisor to Mrs. Mabel Dennis, the boy's mother.

Miss Tait said that Mrs. Dennis has received "spite calls" after her son publicly confessed on Nov. 30 to the murder of Miss Irma Snyder, who died as a result of a fall when her purse was snatched Nov. 24.

Since then, he has retracted the confession, and has denied the charge to his mother and priest.

Mrs. Snyder's pocketbook and jewelry have not been found.

The JSG Organization's Committee will review the student group's constitution this week and it will be submitted to the legislature at the last meeting bfeore Christmas vacation.

Miss Tait said that "students should be in a particular position to be interested in this case, since they have a clearer understanding of due process and civil rights."

Kappa Sigma Founders Day

Kappa Sigma fraternity will celebrate its Founders Day with a dinner at LeMoyne Manor at 6.30 p.m. today.

Guest speakers will be James P. MacMurray, fraternity administrator, and Ted Dailey, a Kappa Sigma and assistant football coach.

The fraternity, which now has 135 chapters, was founded Dec. 10, 1869, at the University of Virginia. The local chapter received its national charter April 24, 1906.

Invited guests for the banquet include Chancellor William P. Tolley; Dean of Men Earle W. Clifford; Dr. Gordon D. Hoople, chairman of the Board of Trustees; Raymond Barbuti, a former SU track and football star who recently received the Lyons Award; and Gary Van, a Kappa Sigma and sales manager of radio station WNDR.

JSL Absences Listed

The following living centers have missed two consecutive meetings of Joint Student legislature:

Alpha Tau Omega, Alpha Gamma Delta, Delta Gamma, 507, 511 and 515 Comstock Ave., Men's Co-ops 1 and 2, Corneille, DellPlain 7, Grover Cleveland, Hughes prefabs 2 and 3, Lima, Lund, Marshall Apartments, Parker, Peck, Franklin Roosevelt, Roosevelt Apartments, Sadler 1E, 1W, 2 and 4, Schultze, Sibley, Staduim, Vernon, Watson W-0 and Wright.

Living centers not sending senators to Thursday's legislature session are:

Kappa Sigma, Phi Epsilon Pi, Psi Upsilon, Sigma Alpha Epsilon, Tau Kappa Epsilon, Zeta Psi, Alpha Chi Omega, Beta Phi Epsilon, Barkley, Fenton, DellPlain 4 and 8.

Also, Fenton, Flint 3A and C, Hughes, Hughes prefabs 4, 5, 6 and 7, Hungerford, Kimmel 3, Marion 1, Miller, Sadler 3, Scott, Seymour, Shaw 3E, Smalley, Ten Eyck Watson E-1, White and Mott.

The following senators-at-large did not attend the meeting Thursday: sophomore Karen Noble Tobin, junior Rea Turet and senior Christopher Anderson.

Each JSC senator is permitted only three excused absences per year. Senators-at-large from each class are permitted only two excused absences.

Excuses must be presented before the next legislature meeting, signed by the resident advisor or head resident who certifies that there was no time to send a substitute.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY-Heavy overcoats will be needed as icy air swirls southward us from Canada with blustery winds and snow squalls. Some accumulation is likely with blowing and drifting snow. This cold should last for several days as a fresh outbreak of Artic air is presently rushing southward into the Dakotas.

FORECAST— Snow flurries and squalls today and tonight with blowing and drifting snow. High only in upper 20's, falling into teen's tonight. Fresh to strong westerly winds.

SYRACUSE Daily Orange

Volume 60, No. 54 | Syracuse, N. Y., Tuesday, December 11, 1962 | 8 pages, 5 cents

Students to Get 2500 Army Game Tickets

Between 2,500 and 3,000 tickets will be available to students for Saturday's game between Army and Syracuse at the Manley Fieldhouse dedication according to Trish Spear, student government seating commissioner.

To obtain tickets, students must present ID cards at the trophy room of the Mens Gym between 10 a.m. and 4 p.m. Wednesday. Each student will be allowed only one ticket.

If there are any tickets remaining, they will be distributed at the same times Thursday.

No additional tickets will be sold for the game and dedication.

Students must show tickets and ID cards at the field house to be admitted.

Approximately 5,600 tickets have been sent to university donors. However, a special student section will be set up at one side of the court and possibly at the ends, Miss Spear said.

The university will broadcast the dedication and game on closed circuit television as part of a student union night Saturday. The program will begin at 6 p.m. in Gym A of the Women's Building.

Lew Andreas, athletic director, said that for future games student sections will be set up. If there is an overflow of students at these games, they will be allowed to sit in vacant and unsold seats.

Andreas and the dean of men's office cooperated in making the seats available.

Miss Cutler Junior Editor

Ann Cutler has been named a junior editor of the Daily Orange by Jeannie Ranov, DO managing editor.

Miss Cutler is a junior in the College of Liberal Arts, is from Greenwich, Conn., and is a member of Alpha Gamma Delta sorority.

Alcohol, Nature Against It, But Frosh Still Make Profit

Not even Mother Nature and alcohol could keep the freshman class from making a monetary success of their weekend.

Freshman class President Dennis Green announced Monday that the class had made a profit on the weekend, but the exact amount will not be known until bills and receipts are totaled later in the week.

Misfortune struck the class twice at the Friday evening Joey Dee concert. A crippling snowstorm left the Tears, a vocal group slated to appear on the program, stranded in Pittsburgh. Second, several students under the influence of alcohol became unruly and had to be evicted from the Men's Gym by police.

An estimated 1,500 persons attended the Friday program, but those proceeds alone were not enough to put the class into the black.

Green said the Saturday afternoon carnival in Flint Hall proved to be a "tremendous success," pushing the class over the break-even point and he said he would like to thank the freshmen floors and living centers which sponsored booths. A slave sale during the carnival netted prices upwards of $10.

The Saturday evening dance in the Women's Building was highlighted by the naming of Nan Goodman, a freshman from Miami Beach, Fla., as weekend queen. Miss Goodman is a Flint 2C resident.

MAXWELL SCHOOL DEAN STEPHEN K. BAILEY talks with KAMAN MWANGI of KENYA, AFRICA.

Prof With 'A Cause' - Bad?

By CHARLES M. STEINBERG

Beware of "professors who take up causes," foreign correspondent Hilaire Du Berrier warned students at the Young Americans for Freedom "Anti-Communist rally" Monday in Maxwell Auditorium.

Such professors "are molding the minds of students who will go into foreign service and the government and who will mold more minds as teachers," he said.

He cautioned students to "stand aside and look at the facts."

Du Berrier, a free lance writer who publishes a newsletter "H. Du. B. Reports" out of a Paris hotel room is currently on a speaking tour throughout America.

Vietnam

He described an alleged situation at Michigan State University where the political science department under Prof. Wesley Fisher undertook government sponsored research on Vietnam and wrote several books and reports in favor of the Diem administration. According to Du Berrier, the Michigan State professors recently reversed their opinion of Diem.

"Diem hasn't changed one bit," Du Berrier claimed. "But what can be done now about the seven generations of Michigan State students who were "brainwashed" into accepting the faculty thesis?" he asked.

He said that when a professor "takes up a public relations account" for an issue, then American foreign policy may adopt the same stand, because "when a professor molds a mind the number of minds multiply."

"Students don't have the necessary "facts" or "intelligence reports" to form the right opinions, he said.

Du Berrier also found time to criticize the American press for a "dishonest job of reporting" of the Algerian crisis, and to label French Premier Charles DeGaulle a "racist."

He said "DeGaulle wouldn't let Moslems be equals with the French and intermarry with them."

Du Berrier also claimed that France is the keystone of Western defense with a secret electronic "nerve center" under the Arc de Triomphe which links all NATO defense systems. DeGaulle, is trying to establish France as an independent center of world power.

When asked by a student what basis he has for believeing in international Communist conspiracy, Du Berrier said that such an idea "needs no talking and is self-evident."

Du Berrier said that "in order to eliminate the Communist menace we must build up an organization as aggressive as theirs", and "eliminate liberal organizations going in the same direction."

HILAIRE DU BERRIER

Debate Team Wins Tourney

The SU Stuart Stevens Debate Society came out on top of a two day debate tournament at the University of Rochester last weekend.

Two teams represented Syracuse at the tournament between 31 colleges and universities.

SU's B team, consisting of two varsity debaters and two novices, won the tournament. Members of the team were Howard Ross and Richard Siegel for the affirmative and Charles Waugh and Joel Wolk for the negative.

The debate topic was "Resolved: That the Non-communist Nations Should Establish an Economic Community."

The B team came through with eight wins in ten rounds. Teams defeated by SU were the University of Buffalo, Fordham, St. Michaels, Canisius, Colgate, University of Maryland, Houghton and St. Bonaventure.

Members of the defeated A team were Nelson Happy and Paul DeSantis for the negative and Steven Hallmark and Art Shapera for the affirmative.

'Dangs' Author To Speak Here

George P. Elliott, noted fiction writer and poet, will speak on how he wrote "Among the Dangs," his best known short story, at a 4 p.m. lecture today in Maxwell Auditorium. He will also discuss the relationship of dream fantasy and fiction.

A member of the University of California faculty, Elliott has taught at Cornell University, St. Mary's College of California, Barnard College and the State University of Iowa. He has also been awarded several travel fellowships from various foundations.

In addition to several short stories, Elliott has written two novels and a number of poems. His works have appeared in poetry and short story anthologies as well as several well known publications.

Elliott will also participate in two informal class sessions Wednesday at noon in 104 Hall of Languages and at 1 p.m. in 314 Hall of Languages. In addition to his lecture and classes he will confer with several students in writing and criticism courses.

Students wishing to confer with Elliott should contact Mr. Dike in 103 HL.

Mr. Elliott is appearing on the Hill as a part of the annual Visiting Writers Program.

Overseas Center Serves the World

By ERIC S. BENDERSON

Taking the initiative on a project vital to the national interest, the Maxwell School of Citizenship and Public Affairs under leadership of former Maxwell, Dean, Harlan Cleveland created the Overseas Center for Operations and Research in 1956.

The center, financed by the Carnegie and Ford Foundations, has become the leader and sole pioneer in international research and training.

Under its auspices many programs have arisen which demonstrate its dual role. These include the Graduate Overseas Training Program, the Africa-Asia public service fellowships, the Pakistan Administrative Staff college project and the studies of Cross Cultural Operations. None of these programs is permanent, and new programs are being added continually.

Director of the Center is Dr. Irving Swerdlow of the SU economics department. Mrs. Carl Bye is administrative officer. "The center," says Mrs. Bye, "offers a unique and ingenious approach to a field of study that offers new and unlimited opportunities."

The Graduate Overseas Training Program grew out of a national research project on the Education and Training of Americans for Public Service Abroad at the Maxwell School

Its goal is to give short term training to those beginning overseas careers. Two books have been published on overseas work, "The Art of Overseasmanship" and "The Overseas Americans" by Dean Harlan Cleveland and Prof. Gerald Mangone.

Two distinct phases of training are offered in this program. Students are first subjected to language training and general orientation at the Maxwell School and then go abroad to live and work in an actual foreign environment. Tuition and other fees vary from year to year.

The Pakistan Administrative Staff College Project shows another aspect of the Overseas Center's role. In 1959 SU and the Ford Foundation accepted an invitation by the Government of Pakistan to start a college for high level administrators at Lahore, Pakistan.

This program will improve the administrative scope of executives already in Pakistan government. Emphasis is placed on methods of achieving Pakistan's large scale nation - building objectives at maximum speed.

Research

The Studies of Cross Cultural Operations is purely a research project to develop "new theory and understanding about the growth and staffing of governmental institutions in the new countries of Asia, Africa and Latin America." It is a five year, four part program.

Daily Orange

December 11, 1962

Editor-in-Chief ..... Milton L. Joffe
Business Manager ..... Edwin Silverstone

Entered as second class matter at the U.S. Post Office, Syracuse, N.Y.

Lucky Us

This year's editor of UCLA's "Daily Bruin" nearly got himself fired last month after only publishing 45 issues. But unlike the editor of the University of Colorado paper, DB chief Al Rothstein wasn't in hot water because of editorial stands he took, or the way his columnists "interpreted" the news. Indeed, it wasn't even the UCLA administration that was after Rothstein's head. He hadn't offended them or damaged the school's reputation.

UCLA's student legislature wanted to can the DB's editor, for the "Daily Bruin", unlike most college papers, is controlled by the Student Legislative Council, and not by a board of publications.

Rothstein, it seems, is having staff problems (until recently he had no managing editor and was editing the news himself), a shortage of freshman recruits (which he says has improved), and a rash of typographical errors (something all papers from the Daily Orange to the New York Times endure).

Rothstein, according to the Michigan Daily, also has legislative problems. Members of UCLA's student council aren't too happy with his increasingly middle road point of view. Others think he is just another bastion of "Jewish liberalism".

Rothstein was lucky; maybe he is also a politician besides being an editor. The vote to fire him failed, 5-13. A second resolution calling for the council to establish broad principles of news policy for the DB, and hire a "technical Advisor" also failed, 8-10.

The Daily Orange sits back, a lucky 3,000 miles away, confident that all it has to deal with is the Board of Publications, composed of students, faculty and administrators.

We are thankful that we don't have to deal with local campus politicians knowing that if we bruise their egos we may find ourselves out of a job. While dealing with the Board of Publications may not always be the most pleasant activity on campus, we only have to do it twice a year, whereas editor Rothstein has to do business with UCLA's Student Legislative Council almost everyday.

SU's Board of Publications consists of three DO (or 'On' or 'Syracuse 10') staffers, two student government representatives, the faculty and the financial advisors, three administrators and the chairman, dean of the School of Journalism.

In this way the Daily Orange remains independent of students, faculty and administration beyond what attachment the individual editors may have. The DO acts as an equalizer between the various factions that pick its editor. It can be both a champion and a critic, an organ of both compliments and condemnations.

Unlike the "Daily Bruin's" editor, who is ultimately responsible to one point of view, the student's, we are ultimately responsible to the consensus of many, including fellow journalists. And while the DB may have to deal with UCLA's petty politics often throughout the year, we have such problems only twice, if we have them at all.

The Daily Orange is quite happy with its quasi-university, quasi-student status. We value our independence, and we believe the campus recognizes its value too.

TREVER ON CAMPUS

"Ever get the feeling it's going to be one of those days?"

LETTERS

Hughes

I should like to congratulate Terry Hughes on his article headed "Downtown" which appeared in Tuesday's Daily Orange. My congratulations are not based on the policy line he took, even though this line is more my cup of tea than not. Instead, they extend to the way he went about his job. The writing reflects logic, lucidity, vigor and comprehensiveness not overly to be found in the field of news writing, campus or professional. Congratulations, again.

Howard F. Miller
Assistant Professor of Political Science

More Hughes

To the Editor:

Terry Hughes certainly should be congratulated on his recent piece "Downtown." Courage (Newhouse), willingness to name names, grasp of political currents and private interests, — it is all there. A real tribute to the art and ethics of classical journalism, a fine piece of sociological analysis.

It almost seems as if the Daily Orange, with people of his stature writing, should become the focus of community criticism. After all, why not? If our youth doesn't lead, who will? — this is certainly clear enough from his piece.

Mr. Hughes, I can only wish you the very best luck, and hope that you find a place in our system somewhere, without it squeezing you down.

Ernest Becker
Assistant Professor of Anthropology

Still Hughes

To the Editor:

I would like to know how the students of Syracuse University are expected to be proud of their student government when certain supposed "leaders" of the university don't take enough interest in their positions to meet their own committments.

I refer to the Student Government Training Commissioners who for the past two Sundays have failed to appear at the Student Government Office to administer the training examination. This examination was scheduled by the commissioners, yet they did not appear on the dates that they themselves had set.

I sincerely hope that this performance, or lack of performance, does not characterize the rest of Joint Student Government.

Phyllis Epstein '66

Fellowship

To the Editor.

As a graduate student, I have been appalled at the lack of Christian fellowship offered at the two centers of informal Christian fellowship at Syracuse University, namely: Hendrick's Chapel Coffee Center and the Friday evening Social Hour for Graduate Students at the Chapel House.

Both serve as centers for card playing and the writer has heard more talk dealing with Christian and intellectual subjects at bars than he has heard at the above two locations.

The saddest of the two is the Friday evening social hour where no dancing or other activities are offered except card playing. Almost every graduate student has stopped coming to them because they are a bore.

Its counterpart the graduate luncheon meeting during the week has also gone down the drain. Graduate students are primarily looking for someplace to have Christian fellowship, fun, dancing, good conversations and other activities on Friday evenings and nothing really is being done through the Church program.

There are plenty of graduate students who would welcome a well publicized, popular and strong program of leadership for the Graduate Social Hour on Friday where the attendance has dropped down to a mere trickle of card players.

How about the appointment of one of the numerous chaplains to take charge of the program and to make it a living, dynamic one? It is disappointing when a university of this nature cannot offer a good program for a sizable number of its students.

Name Withheld

'Equal Rights'

To the Editor:

In reply to Miss Diana Landshoff's letter, I would like to point out another party whose "equal rights" need "championing."

That is Mr. Clifford, the much - maligned landlord, whose heinous crime I have not been able to comprehend.

Certainly I do not favor discrimination or prejudice, but why shouldn't Mr. Clifford or anyone else be allowed to use his own property as he wishes? Why should any person be told how he must make his income? Why should a group of outside parties take it upon themselves to force a man to do something he doesn't want to do?

Just because CORE doesn't like the way Mr. Clifford thinks, is that a reason to publicly shame him? Last year Sen. John Hughes didn't like the way Linus Pauling thought. This was regarded as the most bigoted attitude since the Inquisition.

"A man's home is his castle," shrieked residents of Day Hall after a search of their rooms. Isn't Mr. Clifford's apartment house his castle? Or does this dictum apply only to people we like?

To me this is persecution, or prejudice, or whatever else you may want to call it, for I see a man who is forced to do something he doesn't want to do. He is not even forced by the law, or by the police, or by his employer, but by a group of people who have absolutely nothing to do with him.

Now Mr. Clifford may have a prejudice. And prejudice of the sort that keeps him from renting to African students may be bad. It may be a moral sickness. Yet so is kleptomania. But unless a kleptomaniac is endangering our lives and property, the law or any individual has no right to punish him or deprive him of his freedom of choice. So is halitosis a disease, and a very unpleasant one at that. But I haven't seen any CORE members picketing landlords with halitosis.

Is Mr. Clifford hurting anybody? I can hardly believe that the Savoy Apartments are the only apartments in the city of Syracuse, or that an African student who is turned away by Mr. Clifford would be forced to sleep on a pallet in the gutter of University Avenue. Mr. Clifford may be hurting himself, for prejudice has a nasty habit of poisoning those who hold it. But I can't see any reason for CORE to sick itself upon him.

Prejudice may be a moral sickness, in which CORE ought to try and cure it, not shame its victims. "Even your best friend won't tell you" if you have halitosis; why should the sufferer from prejudice be ridiculed before the whole city? Maybe if CORE had talked privately to Mr. Clifford they could have reached an agreement. Certainly CORE would not have been in the ridiculous and embarrassing position they were in when Miss Marshall crossed their picket line.

But back to Mr. Clifford. I am sure that he feels no brotherly love toward CORE or to Negroes after Saturday's action. He must feel only humiliation and bitterness at having been shamed publicly. And humiliation and bitterness have no great past record of wiping out prejudice and instilling love.

Why doesn't CORE let Mr. Clifford rent his property to whomever he wants? He is not hurting the world. Why doesn't CORE stop being obnoxious to those very people it is trying to convert, and start showing the city of Syracuse that it can accomplish something positive.

For what positive has been accomplished? The Savoy Apartments have not been integrated. They were already integrated. Two Africans now have an apartment, but a white citizen of Syracuse (and perhaps many more) now is certainly doubting what CORE is trying to do. Is it trying to win a battle for brotherhood by using hate and shame as its weapons?

Mr. Clifford has shown he is willing to forget. He has dropped charges against seven Syracuse students; he has rented to two Africans.

Now it's time for CORE to leave Mr. Clifford alone. And leave other people alone who only want to mind their own business, even though CORE may not approve of their political or moral views.

Kathy Arnold '65

Ambassador

To the Editor.

Much attention has been given to the location of the Ambassador Apartments. A more basic issue is the discrepancy that exists between the prices charged and the advantages given to the residents.

Ambassador residents pay more for their rooms than do girls in cottages. Where are the extra advantages that warrant the increased price? We have washing machines in the basement; actually, these machines are defective, more expensive to use, and have a smaller capacity than those in a laundromat.

Our lounges are about the same size as those of many cottages, if not smaller. We have no piano, a standard piece of equipment in cottages. We have no television set, as do other medium sized living centers.

W realize that this is the first year that the Ambassador has been open to coeds and that we must consequently expect some inconveniences. Some improvements have been made. Much time and expense on the part of the University this fall has produced beautiful landscaping outside the dorm, but the requests for internal improvements have largely been ignored.

Members of the Administration have led us to believe that we would soon have a larger recreation lounge, a piano, and a badly needed closet space. After two months we are still waiting.

We believe that our room rent should be reduced to correspond to the reality of our living conditions, or that these conditions should be improved. We do not object to the inconveniences as much as we object to the misleading statements apparently designed to pacify us and make us content with promises instead of action.

Weekend Music

Bela Nagy

We finally have proof positive that the town of Syracuse has become as sophisticated as it can possibly get. I can think of no other town where a virtuoso the likes of Bela Nagy would attract less attention than he did here Friday night at Crouse College.

Not that the entire content of the concert would have pleased a larger audience. The Beethoven "Variations on a Waltz by Diabelli" which occupied the major part of the first half of the program would doubtless have wearied them with its bombast and exaggerated length.

Had our imaginary audience returned for the second half of the concert, they would no dougt have been entertained as Franz Liszt initiated some programmatic cliches descriptive of "Grey Clouds" and "St. Francis Preaching to the Birds."

Mr. Nagy's pianistic skills, having already been exhibited in the Liszt pieces were demonstrated further in the Bartok Sonata which followed.

This concluded the regular part of the program, but the small audience was so appreciative that Mr. Nagy was obliged to play four encores, highlighted by Kodaly's "Dances of Marozzek" and Bartok's "Rumanian Dances". The former achieved almost an orchestral flavor.

S.W.

A 24 Day 'Messiah'

It took Frederick Handel 21 days to write his oratorio, "The Messiah," a considerably shorter time than most groups take to rehearse this Christmas classic.

The Syracuse Symphony Orchestra and Syracuse Choral will add their names to the list of yuletide "Messiah" performers at 8:40 p.m. this Thursday and Friday at Lincoln auditorium.

Handel united music with the sacred words of the old Testament when he was 56 years old. First preformed in Dublin in 1742, when given its London premiere a year later King George was so moved by the Hallelujah Chorus he rose to his feet, beginning a 200-year tradition.

The oratorio tells of the world's need for a Messiah, His life, suffering, death and the spreading of His Gospel. The oratorio ends with a state of faith in God eternal life and the Resurrection

'Little Mary' Held Over

Due to an unprecedented demand for tickets, "Little Mary Sunshine", is being held over for two extra performances this Friday and Saturday. Tickets may be reserved by calling ext. 2135 or 2710. As a result, "The Chairs," by Ionesco, scheduled to open December 12, is postponed to the end of February.

In rehearsal is "The Begger's Opera" set for February 6, 9, 13, 16; and "Romeo and Juliet" slated to open in March. Ernst Bacon's opera, "A Tree on the Plains" will open in April.

Also scheduled for April is Goldoni's "Servant of Two Masters."

At the Lively Arts Cafe Thursday are Ionesco's "The Leader" and "Maid to Marry". December 19 the Arts will house Strindberg's "The Stronger" and Chekov's "On the Harmfulness of Tobacco."

'We Are After Students'

by John E. Greenwald

"There are several fallacies that I wish to discuss with reference to university life,—that a university has nothing to do in the form of fraternalism or moral habits of its students and that a young man becomes superior to counsel when he enters a university.

"Students of sixteen, eighteen and nineteen years come here to the university. they need guidance, counsel and restraint. Take off this restraint and see how things will revert almost to barbarism.

"The University has to do first with your morals and second with your scholastic ability and afterward with polish, manners and other things. A man who has education and no morals is dangerous.

"Not only is the University interested in the morals of its students from the viewpoint of their own interests, but the University itself is involved. Its standing is influenced by your morals.

"We are determined that you will not damage and disgrace the University. Millions of dollars have been put into grounds, buildings, endowments, and faculty. We can not have this put under disgrace by the moral tone of our students.

"There has been a great change of sentiment in the matter of morals in the last half century. The public wants to know why a young man in college should be different from clerks in stores and rising young men in our cities outside of colleges. . . .

"It is with profound interest in yourself and the University that I have registered a vow that Syracuse University shall not be a drunkard-making university nor a poolroom-loafing university. It shall be pure and clean as to the conduct of its men.

"There shall be no recall of the rules I have made. There shall be no abridgement of the rules and qualifications. . . . Are the young men of this University to ask me to let them make for their headquarters the resorts of murderers, thieves and libertines? If there is any place where these are found it is in saloons.

"I think you have a rotten code of ethics of covering up the iniquities of your fellow students. . . . You see young men of this University go into saloons and other disgraceful places. You see it and keep silent and therefore become a party to it. . . .

"When you undertake things for the good you will find me most pliable, but when you undertake things that are unclean and intemperate you will find me like the iron refinement of steel, unyielding.

"There shall be no compromise. If students in this University want to go where they may do those things, let them go, they have my benediction. You shall not stay here except on terms of sobriety and virtue. . . . We shall protect ourselves and will not follow in the footsteps of other great institutions.

"I have made rules to regulate social affairs. I am watching the matter closely. I am afraid that you will hear something that will distress you if you don't restrain yourselves along social lines.

"There are many things along social lines in the University that were not in Syracuse University a few years ago. I stand as sponsor to the board of trustees that they be properly regulated and conducted. I have made concessions and I am waiting.

"We are after students. A committee of the board of trustees was appointed to look into fraternities as to scholarship. We shall begin to inquire why fraternities do not produce the highest type of scholarship. We should also look into their morals and their social affairs."

Next week The Cutting Room shall reveal what high university administrator made this statement. Guesses to its author are welcome. We'll print the names of those who are correct.

Sideline Views

By BERNIE MacCALLUM

It's all over but the second guessing—and what a finish for a 50-50 season. An awesome display of defensive power and heads up offensive play with ball carriers who had only one weakness—a lack of ability to avoid having one's oppoent jar the ball loose from one's grasp.

It is a rare afternoon when a team can outplay its opposition so decisively and win by only five points. The Orange, however, had the ability to come back after fumbles and pass intereceptions that were enough to discourage a Syracuse fan watching his team play Colgate.

The Syracuse offense just regrouped and started another march. If only the goal lines were a few yards closer together all the drives would have succeeded. Television fans squirmed every time Syracuse neared their goal. It made you look like a pretty good prophet if you yelled fumble as the Orange closed in on that last stripe.

It started out like another discouraging afternoon until a guy by the name of John Mackey nabbed one of many UCLA punts and ran it back for the winning touchdown, carrying it safely across the goal line. A fitting climax to a brilliant collegiate career on the Hill and an indication of things to come from No. 88 in the pro ranks, at whatever position he plays.

It all made for an exciting and tiring few hours in front of the tube on campus. The game was delayed for several minutes in reaching the armchair auidence as fans were treated to some special Air Force films. which I am sure were appreciated by all concerned. When the pregame festivities did get aired, fans could check off which team had what academic majors in the starting lineups as the players were introduced.

According to the applause meter in the Sadler Hall lounge, Syracuse got the best of it.

Syracuse captain Leon Chalokis appeared not to be disturbed when he saw about a dozen Uclan players coming out to meet him as he approached the center of the field for the coin toss.

Leon called the toss right again as the Orange finished the season with a winning mark in that department with Leon having a nice collection of silver. Players participating in the toss had to do some high stepping to avoid wires, etc. at center field as the official was rigged for sound. It's all part of the mechanical age.

It was evident that the Orangemen don't buy their wardrobes at Brooks Bros. as Mackey and Mahle tucked in new shirts coast to coast.

The Orangemen had a small but boistrous group of fans among the 14,000 who must have been lost in the mammoth Los Angeles Coliseum. Led by cheerleaders. who at times had to be human bugles, the Syracuse delegation showed that they weren't shook by the plane trip out as they let the T.V. audience know that the place wasn't filled with all Bruin fans.

Various bits of advice were offered the Syracuse team by T.V. spectators on campus as they leaped up and down in front of the sets. We're either going to have to get a 7-2 punter or have the quarterback take the snap from center and then run back and hand the ball to the kicker.

There were a great many Orange standouts in a game that marked the end of football for a group of Syracuse seniors. Walt Sweeney showed why he was a top professional draft choice as he led numerous defensive blitzes. Walt signed a pro contract with the AFL's San Diego Chargers on the field after the game.

The UCLA quarterback must have had quite a complex after he was continually dumped for losses. Third and 25 situations were common for the Bruins. At time the Orange defense moved the ball better toward the Syracuse goal than the offense was able to.

Jim Nance played a great game despite one miscue and Jim is perhaps the brightest hope among many underclassmen.

We hope game was a preview Saturday of what next fall will bring. It's a young team, now with some experience, that could be a great team in 1963.

Gymnasts Win

Coach Paul Romeo's gymnasts opened their season Saturday with a resounding triumph at University of Toronto.

The Orange showed expected power in whipping their Canadian rivals, 103-31.

This score is reached by totaling up the top five men from each team in each of six events; their combined total is the deciding factor.

The big winner for the visiting Orange was senior Phil "Corky" Voas from Buffalo. The all-around star led the team with 33 personal points while coming out on top in three of the six events — floor exercise, long horse, and horizontal bar. In the long horse event Corky got 97 points out of a possible 100.

Another big winner for Bill Orange was captain Ray Grimaldi. Ray scored wins in the still rings and side horse events.

Sophomore Sid Oglesby was the surprise of the day as he placed first on the parallel bars and ran up a total of 24 personal points.

Senior Ron Orlick and juniors John Bird and Carl Poplar were also impressive in the lopsided victory over one of Canada's best teams.

The gymnasts next test will be against the Midshipmen at Annapolis, Maryland, this Saturday.

Opponents List High Records

The final records of SU's 1962 opponents attested to the high caliber of competition which has appeared on the Syracuse football schedule for the past several years. Only two teams. UCLA and George Washington, suffered losing seasons.

The best record was presented by Gator Bowl bound Penn State. Only a 9-7 loss to Army prevented the Nittany Lions from putting together an undefeated season.

Oklahoma, the only other Orange foe to receive a bowl bid, will oppose Alabama in the Orange Bowl. The Sooners finished their football year with an 8-2 record.

Wes Virginia and Boston College matched Oklahoma with eight wins and two losses. The other two winners were Army and Holy Cross, both 6-4.

Navy and Pittsburgh kept Syracuse company in the even season department. The Middies and the Panthers finished with 5-5 records.

It took a season's final loss to Syracuse to put UCLA on the wrong end of a 4-6 slate. George Washington only managed to win three of ten contests, but the Colonials were proud of their record against the toughest competition in the school's football history.

Pros Sign SU End

The San Diego Chargers of the American Football League didn't waste any time in signing Walt Sweeney to a professional contract. Charger coach Sid Gillman procured Sweeney's signature immediately following the gun of the Orange-U.C.L.A. "coast clash," Saturday.

"Walt played a great game against the Bruins," said Gillman, "and we're real pleased to get him."

The Chargers may play Sweeney at right end, but Al Davis, a Gillman aide and former Orangeman, said there is a possibility of him playing at right offensive guard if he can beef up to 250-pounds.

Sweeney right now weighs 235-pounds and stands 6'-3" tall. He was a middle round choice of the Cleveland Browns, who last year plucked Ernie Davis and John Brown from the Hill ranks.

Sweeney, who hails from Cohasset, Mass., has ben outstanding for the Orange forces the last two years both on offense and on defense.

DICK SLUTZKY BETHAL GREENHALGH GARY SIROTA

SU Grapplers Win Eastern Tourney

Syracuse wrestling coach Joe Scandura may have been worried about Lehigh before this weekend, but after his team's showing in the Coast Guard Invitational Tournament Joe must be smiling broadly.

His grapplers came out on top in their pre-season meet, with four men qualifying for the finals in their individual weight classes.

Three of the four emerged champions; one placed second; and three others finished third as the Hill respresentatives totaled 72 points.

Sonny Greenhalgh, a senior from Vestal, N. Y., took the honors in the 130-lb. class, decisioning Lehigh's Smart in the finals.

Junior Dick Slutzky, was the champion in the 147-lb. division, by defeating Sharpness of Army. And Gary Sirota, a senior from Merrick, N. Y., outpointed Mankato's representative.

Junior George Reidener gave the eventual champion in the 157-lb. class a run for his money until he was finally downed by Lehigh's Kirk Pendleton.

Two sophs and a junior finished third in their respective weight divisions. Terry Haise from Erie, Pa. made it in the 123-lb. class and Lou Lee took the No. three position in the 177-lb. division for the best sophomore showing.

Junior Jim Murrin, who along with Gary Sirota is one of three wrestlers from Merrick, N. Y., managed a third place at 137-lb.

Three firsts, one second and three thirds, and all without Gerry Everling and Bo Nance.

These two having completed their football service, they will be able to begin wrestling practice this week. Both are expected to be ready for the opener next week.

Everling, who wrestles at 191 lbs., won the Freshman Eastern National Championship last year. Nance also took the Championship in the Eastern Divisionals in the heavyweight class. He managed an undefeated season last year.

In the Coast Guard Tournament, Syracuse's closest opposition was Army who finished with 69 points, just three behind the Orange.

Mankato St. College of Mankato, Minn., followed with 65 points.

Syracuse's first regular season opponent, Lehigh, was just one point behind Mankato with 64.

The win over the Lehigh squad, was especially gratifying, since Lehigh was but one of two schools who managed to trip up the Orange grapplers last season.

In a similar opening game, Lehigh triumphed over the Hill, 32-2.

Ed Wen Born, Mike Natvig and Ray Nickla, all of Army, took the championships in the 137-, 177, and unlimited classes respectively.

Six other teams finished behind fourh-place Lehigh. Wesleyan with 23 points; Harvard with 16; Franklin and Marshall with 12; Kings Point Merchant Marine Academy with 10; Coast Guard Academy with 6; and Brown with 2.

Frosh Basketball Squad Goes For 2nd Win Tonight

Syracuse's Frosh Basketball team will be shooting for its second consecutive win when it taps off against Ithaca College's Frosh tonight at 6:30 at the Ithaca gym.

Key man for the Tangerines will probably be Dave Bing, a 6-2 forward, who was he outstanding player on the floor in the Hill's initial 85-31 win over the Morrisville Aggies at Manley Fieldhouse.

In the Morrisville game Bing paced his team in scoring (23 points) and assists (6).

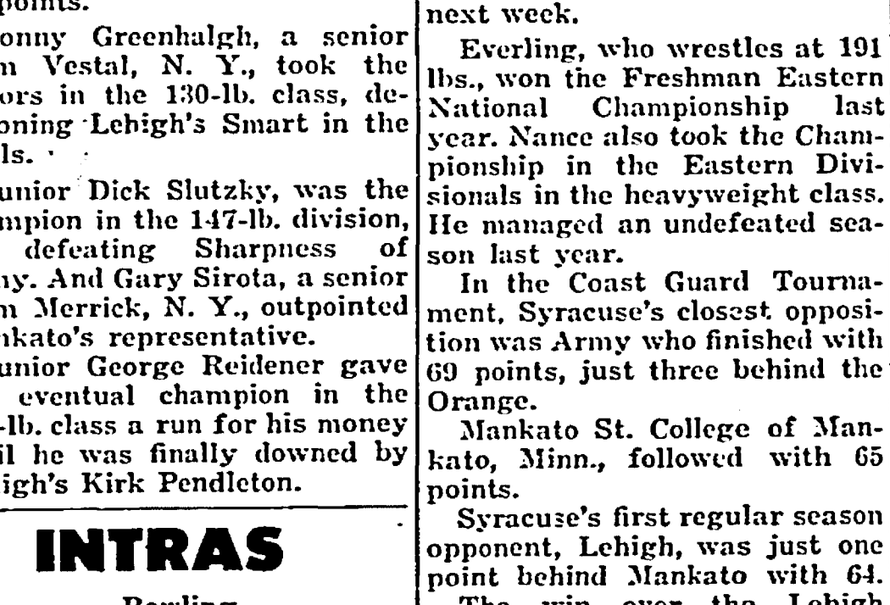
Bing was also second in rebounding after snagging nine caroms.

Another impressive athlete in the Morrisville fray was 6-3 Norm Goldsmith, who tallied 16 points. Goldsmith came off the bench and added might to a sluggish Hill attack that had tallied only three points in the first 4:40. Goldsmith's play helped amass a 35-16 Hill halftime edge.

A third player who impressed was 6-2 guard Sam Penceal, who tallied 10 and played a brilliant floor game.

Penceal would have done even better if he had not sat out most of the first half after incurring three personal fouls.

Although little is known about the Ithaca squad, Ithaca is expected to display a small, scrappy team.



As Ithaca's "big" man is 6-4 Tom Goodwin, Syracuse will have a marked height advantage wih a starting lineup averaging 6-3, including 6-8 Rex Trowbridge.

Ithaca is expected to give the Tangerines a bruising battle under the boards, due to the presence of 200-pound Goodwin and 210-pound Bob Steihler, a 6-2 performer.

Syracuse will get another chance against Ithaca Saturday night in a 6:00 game at Manley Fieldhouse.

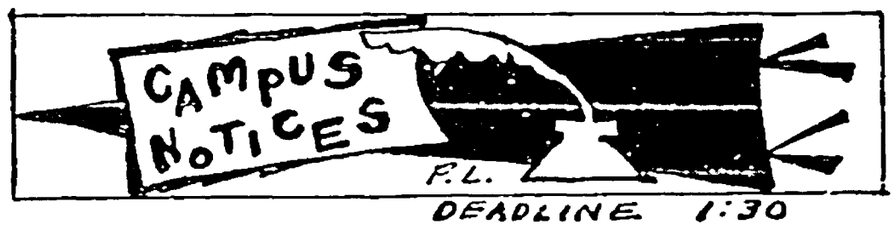
Yoga Program Set For Friday

The Syracuse Yoga Society will present a program of Hatha and Raja Yoga 8 p.m. Friday at the Everson Museum of Arts. The public is invited.



Members will demonstrate classic yoga and postures and will explain their efficacy. They will also discuss the basic principles of Raja Yoga as taught by Dr. Rammurti S. Mishra, the group's teacher.

The Yoga Society meets every Monday and Wednesday evening at the home of Mr. and Mrs. Richard H. Bruns, 211 Davis St. for exercise, meditation and study of philosophy, anatomy and yoga psychology.

All interested in visiting meetings, call Mrs. Bruns for information.

•

You might think that only the big fellows can palm a basketball, but it ain't so. Only one member of the Syracuse University basketball team can palm the spheroid, and he's Richie Duffy, a 5-11 rookie from Katonah, N.Y.

CAMPUS NOTICES must be brought to ratab 7C, not telephoned, by 1:30 p.m. the day before publication.

HENDRICKS CHAPEL open daily, 8 a.m. to 6 p.m., for rest, meditation and prayer. Special music at 12-12:20 p.m.

LUTHERAN DAILY Devotions: 5 p.m. North Wing, Hendricks Chapel.

AIESEC PICKUP applications at Lubin Hall, 129 College Place, for work abroad. Return completed will deposit to Michael Thomas, phone GR 6-8250 pick-ups 6-9 p.m. today.

CITY GUIDE meeting, 4 p.m. today, Alpha Gamma Delta. Evaluations due; if unable to attend, call Sophi Companion, GR 5-4636.

UPPERCLASS SKEPTICS Corner, 8:30 p.m. Wednesday, Dean Noble's home, 315 Berkeley Dr. Guest will be Dr. Levinstein of the physics dept.

FRESHMAN SKEPTICS Corner, 4 p.m. Wednesday, Dean Noble's home, 315 Berkeley Dr. Guest will be Mr. Julian of the Citizenship Dept.

OUTING CLUB open meeting, 7:30 p.m. today, Chapel Lounge. Dr. Burtt will speak on "Hunting Hawks with Camera and Pilers".

SNO' SHUFFLE, open dance sponsored by Commuting Students Association, 8:30-12:30 Saturday, Watson Lounge. Tickets obtainable from CSA-SU members or at door, $.75 a person, per couple. Door prizes.

RUSSIAN CLUB meets 7:30 p.m. today, 9/10 H.B.C. Two Documentary Films on Communism will be shown. Admission free.

AMERICAN INSTITUTE of Physics, 7:30 p.m. Wednesday, 206 Steele Hall. Dr. Halperopoulos will speak on "Elementary Particles and Detection". Everyone is invited.

IRE-AIEE meeting, 7:30 p.m. Wednesday, 209 Hinds Hall. Topic: Opportunities for Summer Employment.

FRESHMAN WOMEN's Honorary picture for "ON", 7 p.m. today, DellPlain Lounge. Correct dress is dark sweater and heels.

'THE CHAIRS' will not be presented Dec. 12. It will be included in the second semester program.

SPANISH CLUB—Hispanic American Students Assn. annual joint Christmas party, 7:30 p.m. Friday, Chapel House. All are invited.

SOS MEETING, 7 p.m. Wednesday, student government office.

FRESHMAN SKEPTICS Corner, 4 p.m. Wednesday, Dean Noble's home, 315 Berkeley Dr. Guest will be Dr. Wesley C. Clark, dean of the School of Journalism.

TWISTER at Flint Hall, 1:30-4:30 p.m. Saturday, featuring the Daquiris. Sponsored by DellPlain 2 and Flint 4C.

ISO GENERAL Body meeting and reception for Mrs. Haran, former international student secretary, 7:30 p.m. Thursday, Chapel House.

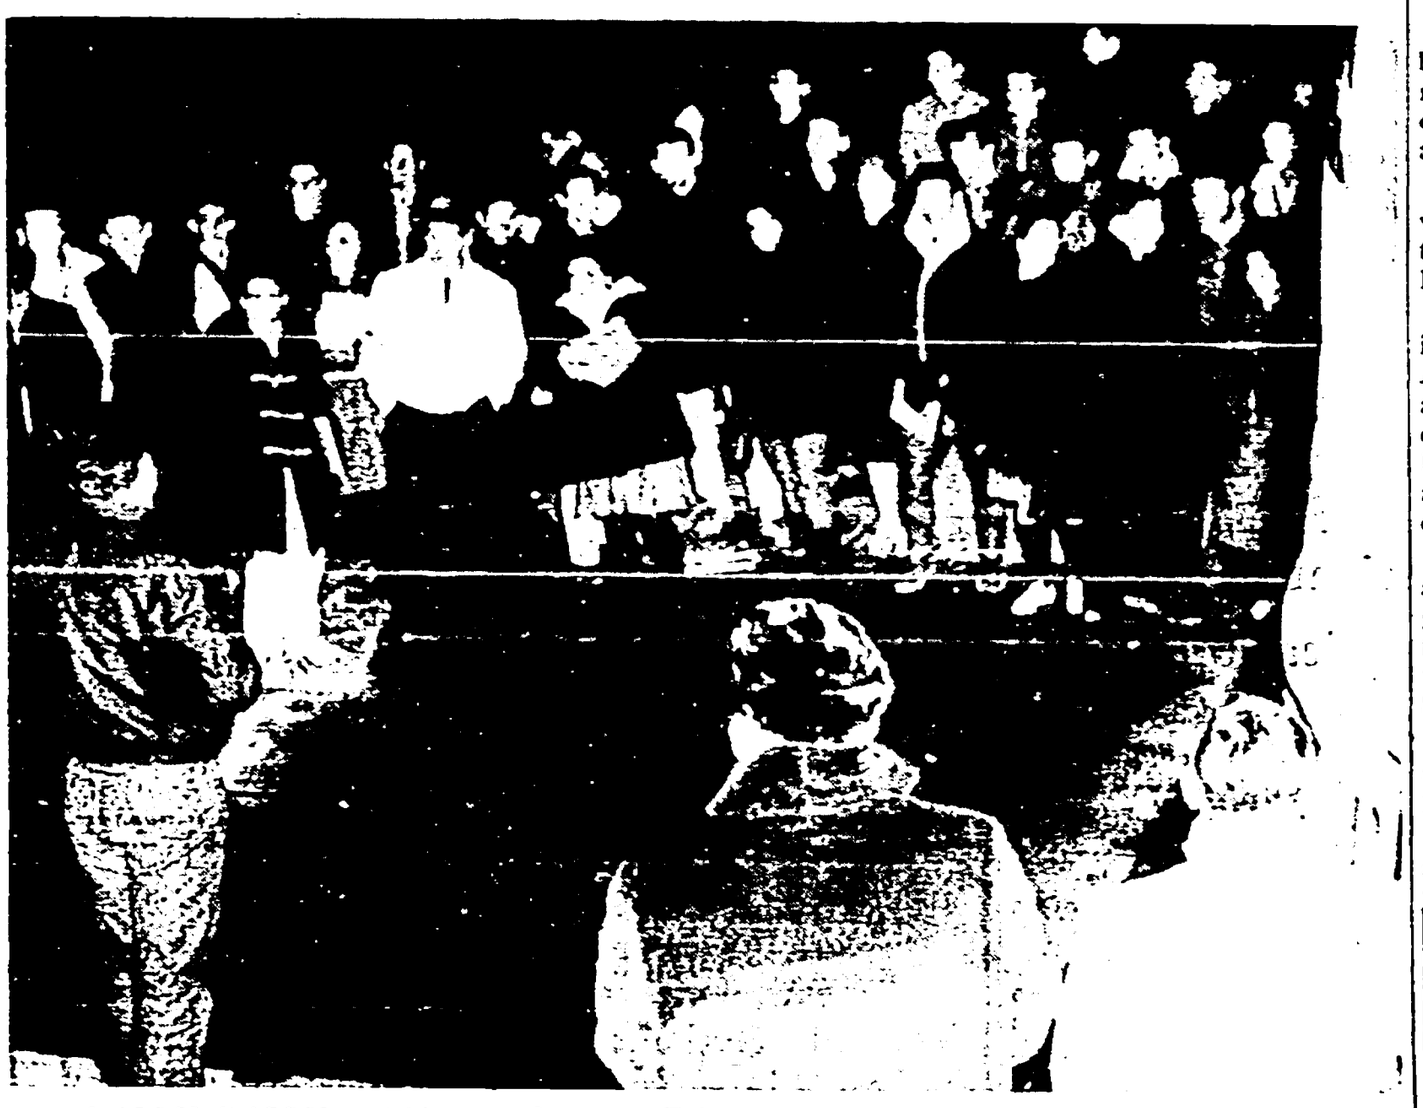
Editor Joffe on the Mend

DAILY ORANGE Editor-in-Chief MILTON JOFFE was feeling much better this weekend in Good Shepherd Hospital. He underwent an appendectomy a week ago. Among his many visitors were his mother, MRS. DAVID JOFFE, and his pinmate, SUSAN WEINBERG, a sophomore DO staffer. Milt is starting Christmas vacation early, having returned to his Ware, Mass., home to gain further strength for his academic and DO duties starting again in January. Milt has asked his staff to express his thanks to the many people who sent him cards and came to see him during his hospital stay.

Communion In Hendricks

Methodist Chaplain Vernon Bigler will serve Holy Communion at 7 a.m. Wednesday in Hendricks Chapel.



Stan Tanner, a senior, will offer an Advent meditation and Dr. Arthur Poister of the School of Music will be at the organ.

Members of the Chapel Worship Committee will be in charge of the breakfast following the service. Ten cents will be charged for the breakfast.

All members of the University community are welcome.

'Soapboxers' in Action

RALLY, RALLY — This was the scene Friday as about 250 Syracusans gathered at the Hendricks Chapel steps for the second week in a row to hear students speak extemporaneously, a la Hyde Park, on free speech, civil rights, and anything else they had to get off their chests. Richard Kram, a junior, and Laurence Goldstein, a sophomore, started the sessions. Interested in bringing controversial speakers to campus, the two plan to bring a proposal on the subject before Joint Student Legislature next week.

Library To Award Prizes

The Syracuse University Library Associates are offering annual book collecting awards to one member of each class. The awards range from $25 to $100.

In addition, the senior winner will autimatically be entered in the Amy Loveman National Book Contest.

No minimum number of books is required for the Fraser Book Award for Freshmen. However, at least 50 books are required for consideration for the Mayfield Book Awards for Sophomores and Juniors and the George Arents Book Award for Seniors.

Collections must be centered around a subject, author or group of authors or special interest. Books must be owned by the students and must be in Syracuse.

Entrants will be required to submit a typewritten bibliography before March 4, 1963.

Complete information is available in the Leisure Reading Room, 308 Women's Building, or in room 303 of the main library.

Last year, according to John S. Mayfield, curator of manuscripts and rare books, 52 students entered the competitions.

Hafer Honored

John S. Hafer was recently awarded a Certificate of Achievement from the Army's Command and General Staff College, Fort Levenworth, Kansas.

The certificate was presented to Hafer for his professional skill and faithful service to the Command and General Staff College's educational program in Army Reserve Schools.

Hafer is Commandmant of Syracuse University's 1158th Army Reserve School and director of Personnel Administration at SU.

IFC Sing Dates Set

The Inter-Fraternity Sing will be held Jan. 8 and 9 according to Leland Peterson (Delta Upsilon).

The barber shop quartet contest will be 6:30 p.m., Jan. 8, in Hendreiks Chapel. The winner will be decided that evening. House singing will be held 6:30 p. m., Jan. 9, in the Chapel.

The three top houses and the winner of the barber shop quartet contest will sing at the freshman rushing convocation Sunday, Jan. 13.

The winner of the house contest will be announced at the convocation.

Coaches for the barber shop quartet contestants are available. Names will be circulated by Michael Styer. For further information, fraternities interested may call Styer at ext. 2937.

Chapel Parking

Security Police Director Robert Flaherty has announced that the East Adams street parking lot has been enlarged to hold 125 additional cars.

The lot is at the rear of 603, 605 and 607 University Ave. Cars blocking the entrance to the lot's extension will be towed away.

Prof's Painting Makes Magazine

A tempora painting by George F. Earle, associate professor of art in the College of Forestry will appear on the front cover of the January issue of "Better Camping" Magazine.

The painting was completed by Prof. Earle during a family camping trip up in Canada this past summer. It depicts the six Earle children erecting their family tent on a campsite overlooking the Atlantic Ocean. In the background are forest-covered mountains rising out of the sea, with patches of snow still showing in early August.

The trouble with punctuality is there's nobody there to appreciate it.

ADL Leader Speaks Here On 'Rightists'

Monroe Sheinberg, director of the New York regional office of the Anti-Defamation League, will speak on "The Radical Right—Threat to Whom?" at 4 p.m. Thursday in Maxwell auditorium.

The speech, open to the public, is sponsored by Hendricks Chapel.

As head of the research department of the Anti-Defamation League before World War II, Sheinberg analyzed and reported on un-American publications and literature.

A graduate of City College of New York, he received his law degree from Fordham University.

Before joining the Anti-Defamation League, Sheinberg was an assitant to the N.Y. Passport Agent of the Department of State and attorney investigator for the N.Y. City Civil Service Commission.

Nurses To Carol

SU student nurses will go caroling at 6:30 p.m. Wednesday in Memorial and University Hospitals.

The caroling is part of the Honor Code Committee program.

SIA Nets $2,382.55

The Syracuse-In-Asia sale reported a net total for last week's sale of $2382.55. $2400 was made last year.

The annual sale, which featured articles from the Phillipines, India, Thailand and other southeast Asian countries, supports a Syracuse graduate for a two-year teaching period at an Asian university.

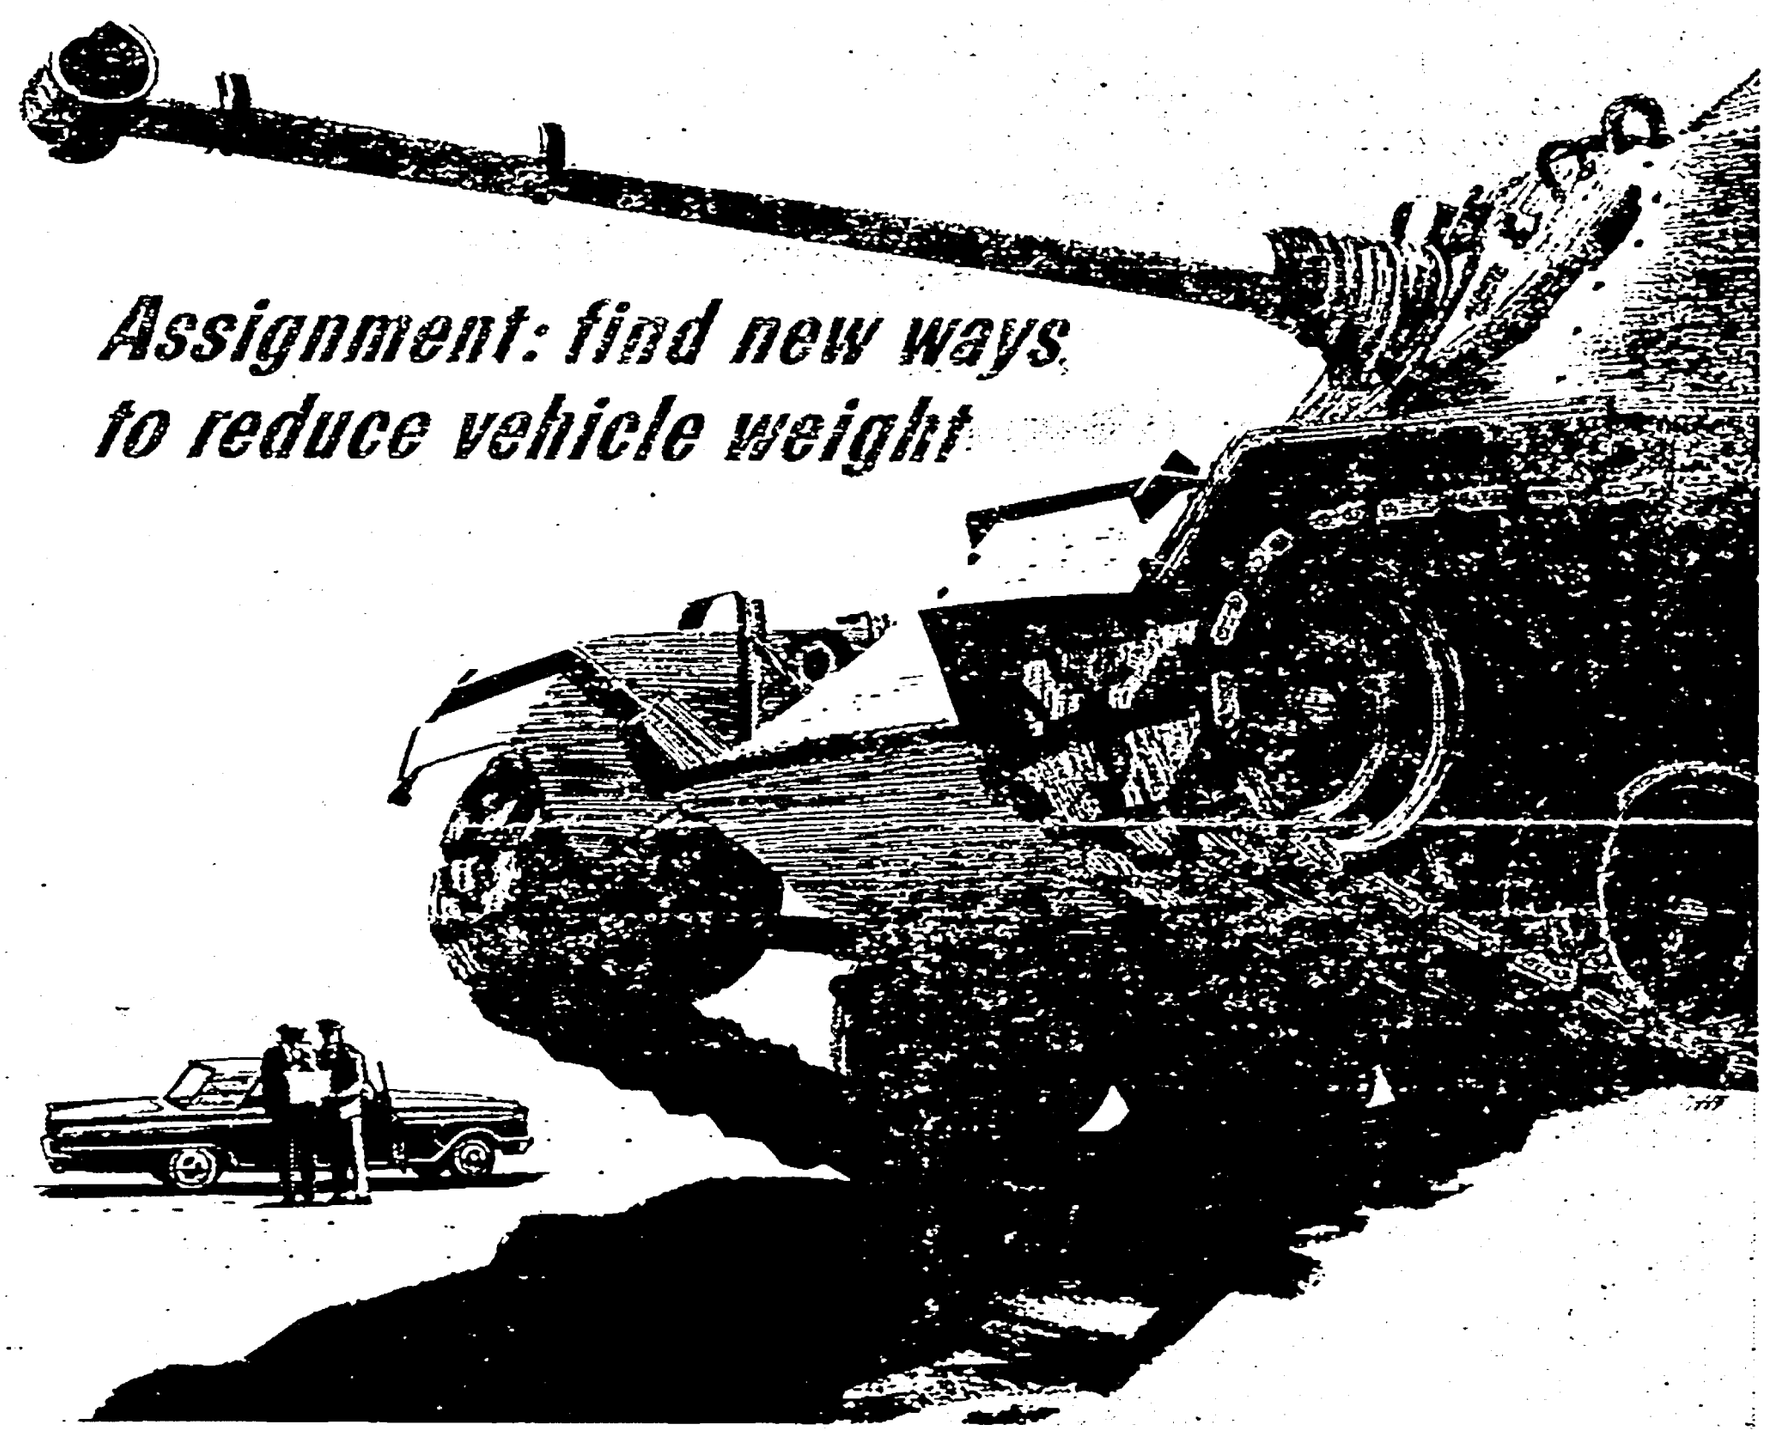
Carol Eaton, who has just finished her two-year teaching experience in Taiwan told the Daily Orange, "Last year I represented Syracuse-in-Asia. This year I represent Asia-in-Syracuse." Commenting on the sale and the work that went into it, Miss Eaton said, "Lilita Bergs, our student president of Syracuse In Asia, and her twin, Ingrida, worked very hard on the sale."

Alphi Phi Omega, the service fraternity, and the Women's Allumnae Association aided the sale greatly by setting up the tables for the sale and by marking and tagging many of the items.

Mrs. Birchenough, at the close of the sale Friday stated that many items were sold out Monday and that they had to re-order many articles from importers.

African Program Applications Due

Deadline date for Operation Crossroads Africa applications is Dec. 15. Application forms are available from the organization's main office, 150 Fifth Ave., New York 11, N. Y.



The program consists of a study-work camp from June 16-Aug. 30, 1963. Students live with Africans in an attempt to strengthen good will between the United States and Africa.

Those who participate in the program must pay approximately half their expenses. The remainder is paid by private organizations and individuals.

Action: Now under Army test, a Ford-designed glass filament torsion bar that's lighter, stronger, more flexible than steel

"Looks like you've got something there," the Army Tank Command said in effect to Ford Motor Company engineers. "Let's do a feasibility study on tracklaying military vehicles."

The story begins in 1957 when Ford engineers conceived the idea of a plastic-bonded glass filament torsion bar for vehicle suspension systems. It was a revolutionary departure from the use of solid steel. It promised dramatic weight savings in battle tanks, in personnel carriers and other military vehicles. For example, as much as 1,000 pounds in medium tanks.

Compared to steel, the tubular-shaped glass filament composition has greater energy storage potential—is stronger and more flexible under heavy load. It may well prove to be the automobile suspension material of tomorrow . . . cars suspended on glass!

Another example of engineering leadership at Ford and new ideas for the American Road.

Volume 60. No. 55 | Syracuse, N. Y., Wednesday, December 12, 1962 | 8 pages, 5 cents

It'll Be 'SG': Group Okays Name Change

"Joint Student Government" took a step to the grave Tuesday night as the Joint Student Legislature Government Structures committee approved a motion changing the name of the organization to Student Government.

The change will go into effect if and when the revised government constitution is approved by the legislature and administration.

The committee approved a revised Article One to read "The name of this organization shall be Student Government," eliminating the word "Joint."

The word "department" in Article Three was changed to "branches," making the new wording "Student Government shall be composed of Executive, Legislative and Judicial branches."

Committee Chairman David Knickerbocker, a senior class senator-at-large, said the committee is near completion of revising the portion of the constitution pertaining to the executive branch. He said the committee will begin investigation of the legislative branch this week.

Financial Aid: Apply Now

Students desiring financial aid for the academic year 1963-64 should fill out applications which are available from the offices of the dean of men and the dean of women.

The application period will run from Thursday to April 5, 1963.

"Any current sophomore or junior who is receiving financial aid (scholarship or loan) has an award that will expire in June," said Director of Financial Aids Jim G. Carleton. Carleton added, "If he hopes to receive aid he must apply at this time."

Carleton asks that freshmen wait until February before picking up applications for financial aid.

"We expect any financial aid recipient to complete a full-time course program of 14-16 hours plus ROTC or gym each semester," Carleton said.

He explained that a cumulative 1.5 grade point average is required for consideration for scholarship assistance.

Peter, Paul and Mary Set For Concert At Winter Weekend

PETER, PAUL and MARY

The junior class Winter Weekend committee has announced that Peter, Paul and Mary, a popular folk singing group will perform during festivities the weekend of Feb. 24.

The committee announced Tuesday all living centers must return ticket orders and money for block seating to Famous Artist Series, 416 S. Salina St. before Christmas vacation begins Dec. 21.

The group will appear at the War Memorial. Cornell and Colgate Universities have been notified of the concert. Tickets will go on general sale after the Christmas recess.

Some people question if there is an honest way to sing folk music to our cosmopolitan society. Peter, Paul and Mary may have found a way. From the Blue Angel to the hungry "i," audiences have found rapport with a tall, silky blonde who believes in looking as good as she sounds, and two young men who know how to wear Brooks Brothers suits with their beards and guitars.

If their appearance is unusual, so is their performance. "The Lemon Tree," "Five Hundred Miles," or "The Hammer Song" somehow sound both popular and academic without seeming to compromise either.

"We are a cosmopolitan group,' says Cornell graduate Peter Yarrow. "It would be dishonest for us to imitate the folk singing style of any par-

(See P P M, Page 8)

Elections Discussion Set

Spring elections will be the topic of a meeting at 7 p.m. today in the student governmnet office. Also on the agenda is possible revision of the elections act.

The meeting was called by Elections Commissioners Katherine Antony and James Morris. Representatives from the three campus political parties, United Students, Campus Alliance Party and Greek Independent Alliance, as well as the elections committee, have been invited.

The elections committee is composed of eight freshmen who supervised October's Class of '66 elections.

Elections are tentatively set for April 11, but may have to be moved to earlier in the month or late March because of the early date of next fall's sophomore class weekend, which is set for the first weekend in October.

The late election date would not give the class ample time to organize a weekend, it was said.

According to Miss Antony, the present elections act is out of date, having been drafted in 1953. The group will discuss the possibility of either amending or revising the act.

A Problem: Fantasty In Short Stories

By ANN CUTLER
Junior Editor

"In writing a fantasy a writer must be concerned with preventing his reader from worrying about inconsistencies between the fantasy world of the story and the reality of the outside world," said author George P. Elliott Tuesday in Maxwell Auditorium.

If the writer fails to deal successfully with this problem, he continued, then reality and fantasy will collide in the reader's mind and reality will always win over fantasy.

Although the short story or novel fantasy is supposed give the sensation of dreaming, the writer of such a story is faced with special problems which do not confront the average dreamer, said Elliott.

Spectator

"The dreamer," he said, "is his own spectator and the dream is its own reality. The writer is forced to contend with an audience and its reaction to the 'dream' and any elements of reality it may contain."

The writer of fantasy aims to preserve the power and meaning of the story and exert it over many people, whereas the true dream exerts power over only the dreamer, and fades quickly on waking, he continued.

In spite of all the differences between fantasy stories and dreams, there are certain similarities between them, commented Elliott.

Perfect Dreams

"The perfect dreams," he said, "are those which succeed in keeping the dreamer asleep, just as the successful story keeps the reader's attention away from reality."

Dreams and the inspiration for fantasy stories spring from the same subconscious part of the mind and are thus related, he said.

The writer, however, must then deal with the problem of communicating his dream to the rest of the world in such a way as to make the rest of the world believe that it is their dream too, said Elliott.

Language

It is at this point that the writer of fantasy must deal with the problem of language.

In order to communicate, he explained, the writer must use the language of society, yet at the same time manage to imbue the words with special meanings of their own within the context of the story.

In his speech, Elliott illus-

(See Elliot, Page 7)

Sororities Mull Fallout Shelter Construction

By BEVERLY LURIA
Junior Editor

Several Hill sororities plan to be prepared in the event of a nuclear attack.

About six sororities are contemplating construction of fallout shelters in the basements of their houses, SU Director of Safety and Real Estate Coordinator Charles H. Morgan has told the Daily Orange.

Morgan said that approximately 8,500 students can presently be accommodated in existing fallout facilities on campus. With the addition of special equipment, this number could probably be doubled, Morgan added.

The university has compiled a list of these shelters which will be released at a later date, according to Morgan.

A survey of all university buildings recently completed by civil defense authorities revealed that many SU buildings have a fallout factor of eight, Morgan said.

This means that a person in such a shelter would be "100 times safer than if he were in an exposed area," he said.

"Some basements of sorority and fraternity houses would, with very little modification, be rated in the category eight zone," Morgan stated.

He continued, "At the present time a study is underway to determine the advisability of stockpiling sufficient food and water for a 10 day stay in the selected areas.

"I have met with some sororities and we are in the process of getting prices for shelter equipment to determine the possibility of creating fallout sheletrs in sororities," Morgan said.

Morgan, who is civil defense officer for SU, said that at the request of several sororities, a meeting to discuss fallout shelters was held last month in the dean of women's office.

Dean of Women Marjorie C. Smith told the Daily Orange she depends on Morgan to make decisions in the matter of shelters. She said, "I don't feel that I can speak intelligently in this matter."

Explaining that to date no fraternities have inquired about fallout shelters, Morgan said, "our office is prepared to meet with them whenever they choose."

"The university is extremely interested in fallout shelters and is attempting to cooperate completely with the office of civil defense," Morgan concluded.

ARMY GAME TIX TODAY

Student organizations will not receive reserved seating for the Army basketball game according to David Palmlund, Joint Student Government seating commissioner.

Seats will be given out on a first come, first serve basis from 10 a.m. to 4 p.m. today in the trophy room of the Men's Gym.

ID cards must be shown both for tickets and entrance to the game.

A Few Presents From Our Stocking

The recent snowfall having put us in a seasonal giving-type mood, the Daily Orange offers well-meant, albeit worthless congratulations to the following group of campus newsmakers.

To the Liberal Arts Advisory Council for its proposal to eliminate physical education grades. Hopefully, the faculty senate will heed the students' wishes and approve the measure.

To the Class of 1966 for its successful (financially and otherwise) weekend. The Frosh proved big-budget weekends needn't be failure, and set a precedent for future allocations.

To the football team for ending its season on a winning note.

To the basketball teams for beginning its campaign in a similar fashion.

To the deans of men and women for their realistic decision to take no disciplinary action against the "sitters-in."

To the Joint Student Government Student Conduct and Welfare Committee for its embryonic clean-up campaign. Confidentially, the drive to clean up the HBC Lounge is only the beginning of the committee's overall program.

To Alpha Phi Omega for its timely ride board.

To the Interfraternity Council for its continuing efforts to solve the discrimination "problem."

To the new members of Traditions Commission and to the old members who apparently crossed C-reek lines in choosing them.

To the administration for its successful efforts in securing student seating at Saturday's Fieldhouse dedication and basketball game. Hopefully the student body will show its appreciation by its attendance.

To the Panhellenic Ball chairmen whose work netted a $1500 profit for Youth Opportunities Unlimited, the ball's charity.

To JSL's Government Structures Committee for a long over-due attempt to streamline the Joint Student Government Constitution.

To the Debate Society and the wrestling team for their tournament victories last weekend. Who says Syracuse isn't a happy combination of brains and brawn.

TREVER ON CAMPUS

"Now I know why some people grow beards."

LETTERS

CORE

To the Editor:

Although I am neither a lawyer nor a law student, I feel that certain statements must be made about the legal implications of the recent sit-in demonstration. Numerous charges of "illegal" "unlawful," and "criminal" have been lodged against CORE's action.

It seems strange that those persons who utilize legal arguments to oppose the sit-in resort to unfounded generalizations, and I hope that those who have made these charges will take notice of the following points:

1. That the sit-in was illegal, unlawful or criminal has never been determined. One of the basic tenets of our legal process is that a man is presumed innocent until proven guilty. There was no trial. Those arrested did not have the opportunity to plead guilty or not guilty. The facts of the case were not presented.

2. It is said that although the act was not criminal, the intention of the students was to commit a criminal act. However, the major purpose of the sit-in was not to commit a crime but to demonstrate the African student's right to have access to a place of public accomodation. No one has shown that this intent is by law criminal.

3. The sit-in has been criticized as a violation of the rights and laws of private property. Under the New York State Law Against Discrimination, the apartment house in question would fall into the category of a place of public accomodation.

In the operation of a place of public accomodation, the landlord has certain legal responsibilities which he does not have in the operation of his private home. One of these legal responsibilities is a policy of non-discrimination.

4. CORE did not utilize the New York State Law Against Discrimination. The reason for not doing this is that the State Commission on Human Rights does not have injunctive power so that the apartment would remain unrented until the issue was settled. The landlord indicated that he was planning to rent to another person after he refused the apartment to the African student.

In order to keep the apartment open, the students decided to sit-in. In the past, CORE has referred numerous cases of discrimination in housing to the State Commission on Human Rights, and I expect that it will continue to do so in the future.

5. Even if the students had been convicted in the Syracuse city court, there is good reason to believe that the case might have been reversed on constitutional grounds. The question, whether the use of the legal process of the state to maintain racial segregation through the enforcement of criminal trespass laws is a violation of the 14th amendment, has never been answered.

During the current term of the United States Supreme Court, the sit-in cases, which took place in the South, were argued. On numerous occasions, the students, who were involved in the sit-ins at lunch counters, were arrested and convicted of violating laws against trespassing on private property. A decision on this question is expected in the next few months. Until then, I do not see how one can say that this is a settled point of law.

Finally, it is said that by violating another's rights to uphold one's own rgihts, one is hypocritical. Those who have been so vehemently opposed to the sit-in of last week also appear to be hypocritical.

They have taken what they think the law to be (on the basis of the fact that seven people were arrested), called the action illegal (when no illegality has been shown), assumed that the landlord's legal rights have been violated (when it is highly questionable that they have), and, in the process, upheld the degradation of human dignity.

Foreign Students

To the Editor:

It is apparent that if foreign students in America society are to have a promising experience their attitudes will be determined by the degree to which they succeed in understanding their "American" friends. Their thoughts, their actions, and their associations with the American ideals will be affected by the pleasant opportunities they had in America.

The learning expericnces they have received in American educational institutions during the few months will help determine whether they lived out their lives in "digesting the myths of the American way of life."

Foreign students, no matter what critics said, are ready and eager to learn about the peoples of America; how they live, their beliefs, and how they are different or similar. They are of such nature that most foreigners, however, make themselves available for social outlets for enriching their personal lives. However, considerable success must be equated against those who somehow do not have the confidence to permeate themselves to past the highly pluralistic society.

Nevertheless, the criticism has too often been labeled at them that they are prone to be friendly indifferent, aloof and suspicious. "They were largely either serious students whom one admired and ignored" or "characters," always to be counted on for upsetting minor cultural apple carts and thus providing everybody with a laugh." Although these charges may be valid in its general application experience demonstrated that the opposite is true in many cases.

Foreign students are frequently labeled as being shy. But discretion is often mistaken for timidity, and gentility is much preferred for brashness. To others, it has been their experience that it takes longer to really know a foreign student, but such also can be case for American students.

In the opposite extreme it would hardly be an enviable commendation, to say of anyone, "Five minutes after I met him I knew his innermost thoughts."- To foreign students, shyness is less an indication of timorousness than it is evidence of a highly developed sensitivity for the feelings of others.

In generai, many foreign scholars in America anxiously try to seek a proper role in an already competitive society. Most of them do remember that assimiliation is more essential than isolation.

They concern themselves for a successful immersion of American skills and technology in order to assist their nation's growth in every way possible.

In contrast, the darkest thing about American students is their ignorance about the major civilizations—their accomplishments, and role in history, and their contemporary development. Most have forgotten that to fully appreciate the significance of the "alien" culture one must explore the social institutions by becoming a part of it and participating in it as fully as possible.

The test of one's understanding of other culture comes by trying to live in it. Without his testing process understanding is inevitably superficial. It is palpably true that no continent, no country, no people, can be studied with any degree of precision until the basic facts about them have been gathered. And it is a cool fact, that grossness of taste, and lukewarmness to culture or others will not be able to identify the aspirations of Kennedy's New Frontier.

No more can we ignore the fact that for each of the 450 foreign students now on campus, their arrival meant new problems, new friends, and new horizons.

Since Syracuse University has a strong international influence in programs and emphases—so it is justifiable for foreign scholars to demand that this university should concern herself with policies more capable of removing those barriers which usually prevent such human recognition for excellence and worth. It is high time that the administration proceed to adopt effective measures against discrimination for foreign students.

The foreign students should not have solely campus orientation, but rather they should also have orientation for community values so that these foreign visitors may have adequate facts of the metropolis. And in return, the "New Community of Greater Syracuse" may have the opportunity to understand the "foreign strangers" better, and, once they do, the future foreign scholars might be more fortunate in experiencing tolerance and brotherhood than their predecessors.

Hughes Again

To the Editor:

Congratulations on Hughes' gutsy article on the handling of the Dennis case.

While he was speaking out against racism and slanted reporting, he might have menioned the fact that WOLF showed no compunctions about referring to Ralph Dennis as ~~"a 15-year-old Negro boy."~~

Judy Becker

ONE NIGHT STAND

Christmas in N. Y.

NEW YORK CITY will house any number of SU students and faculty during the Christmas vacation. Daily Orange night life critic Jeff Zients has, therefore, highlighted a few of the many Broadway events that Hill personel may be interested in seeing. DO staffer Stephanie Brill comments on two entirely different types of Broadway productions, "Little Me" and Who's Afraid of Virginia Woolf."

By JEFF ZIENTS

If you are spending all or part of Christmas Vacation in New York City may we suggest the following means of entertainment:

"How to Succeed in Business Without Really Trying" at the 46th Street Theater is probably the best thing on Broadway today. Tickets are quiet scarce so do write in advance. Robert Morse and Rudy Vallee are starred in this musical comedy satire on big business.

"A Funny Thing Happened on the Way to the Forum" at the Alvin is an hilarious burlesque romp with outrageously funny Zero Mostel. These seats are difficult too, so plan ahead.

Anthony Newley's "Stop the World, I Want to Get Off" at the Shubert is a most unusual production featuring four great songs, including "What Kind of Fool am I?" It's different but fascinating. This too is a regular sell-out.

Charles Boyer is back this season in "Lord Pengo" at the Royale. This one's about the social art set of Europe and the critics thought it to be a "most worthwhile production." Seats are scarce for this one too.

One show, however, won't offer too many ticket problems: the highly acclaimed "Who's Afraid of Virginia Woolf?" at the Billy Rose. This off beat production features a discussion group after matinees.

The new Sid Caesar show "Little Me" at the Lunt-Fontaine features Sid in seven different parts with a very sexy Virginia Martin in the title role. Seats are scarce, so write ahead.

For a completely satirical evening try "Beyond the Fringe" at the Golden. This series of topical skits has been selling fast.

Of course if you don't want to try anything really new the old standbys are still playing: "Sound of Music" at the Hellinger; "No Strings" at the Broadhurst; "Carnival" at the Imperial; and "Camelot" at Majestic.

For after the show entertainment the Embers features Amad Jamal. Pearl Baily is at the Waldorf; Buddy Greco then Sammy Davis can be seen at the Copa; Count Basie is playing at Basin Street East.

This is just a sampling of the many exciting things to keep you busy if you're going to spend vacation in New York. Have a ball!

By STEPHANIE BRILL

Two of Broadway's most enticing offerings this season, "Little Me" and Edward Albee's "Who's Afraid of Virginia Woolf?" are musts for Christmas theater-goers.

"Little Me," the musical in which Sid Caesar personifies seven characters, comes to us from the polished writers of comedy, Neil Simon and Carolyn Leigh (lyrics). It traces the husband-filled career of actress Belle Poitrine who sets out to gain wealth, culture and social position in order to marry Sid Caesar, alias Noble Eggleston, a superhero from the "rich" side of the tracks.

Based on the book by Patrick Dennis the play satirises the "great American way" with sharp-witted clarity and maintains an uproariously exciting pace.

Imported from "How to Succeed in Business Without Really Trying" are scenic and lighting designer Robert Randolph and Virginia Martin, whose performance as Belle is matched only by the company's cleverly conceived dance and musical numbers.

Traversing the theatrical gamut from musical comedy to serious drama we find Edward Albee's initial Broadway contribution "Who's Afraid of Virginia Woolf?" a striking assertion of the playwright's genius.

Reminiscent of his past Off-Broadway successes, "The American Dream," "The Zoo Story" and "The Death of Bessie Smith," this play reflects some of neurotic preoccupation with the sexual theme of Tennessee Williams but is, nevertheless, uniquely "Albee."

Interwoven with subtle, sardonic parody is a poignant examination of human weakness; man's attempt to tear his reality apart from his illusions; fears of death and man's potential hope for a fulfilling life.

The play takes place in the home of a henpecked history professor and his domineering, alcoholic wife during a drinking session that lasts through the early hours of the morning. Their guests, a young biologist and his wife, new to the university, proceed to play dangerous "games" in which they cruelly lash out at each other's weaknesses.

Recommended for avant-garde afficianados, the evening's cast includes Uta Hagan, Arthur Hill, Melinda Dillon and George Grizzard.

Little Mary's Backstage

WAITING for their cues are two members of the "Little Mary Sunshine" lighting crew MICHELE SOBEL and JUDY DIRIENZO. The musical comedy's run has been extended to performances this Friday and Saturday evening.

MUSIC

Ernst Bacon

On Sunday, Professor Ernst Bacon presented the latest in this season's Crouse Concert series. One of the most distinguishing things about his piano recital is that the pieces, without exception, were interesting and enjoyable.

He first played an aria by Vivaldi, transcribed by Bach. This was a very delicate and lyrical mood piece which Mr. Bacon played very movingly.

After Mozart's Variations in A, Mr. Bacon gave an excellent performance of Beethoven's Sonata, Opus 81. Mr. Beethoven and Mr. Bacon reproduced the moods of the piece in a very subtle and powerful way.

The second half of the program was composed of Schubert's Impromptu in F minor and a Sonata in the same key by Brahms.

Mr. Bacon's performance, while sometimes a little uneven was generally strong and very musical. He always delivered the essence of what the music had to say.

Fordham Hard Match For Lewis' Cagers

Coach Fred Lewis' basketball squad will have quite a job before them when they meet the Fordham Rams in New York City tonight at 8:00.

The Rams, who whipped the Orange last year, have two fine performers in Bob Melvin and Jim Manhardt, last year's team leaders. Both boys are All-American candidates this year.

Melvin has carried a per game average of more than 18 points through the last two seasons, while being cited as the team's most valuable player both seasons. Bob has also led the Rams in rebounding, and he was named to the All-Metropolitan team by the New York Sports Writers for the past two years.

Manhardt, who becomes the first junior to be captain in 10 years, broke Ed Conlan's sophomore scoring record last year with a total of 501 points. He was the only sophomore on the All-Metropolitan squad, as he finished 27th in the nation in foul shooting, and 57th in total points. He has been referred to as "another Tom Gola."

Joining Manhardt and Melvin on the squad are senior Bill Sheridan and a flock of underclassmen, including Frank Andreas, George Korimer, Wayne McGuirt, and John Stevens. Stevens has high jumped 6'6".

"We're a little stronger than last year," warns Coach John Mach, and nobody's taking him lightly. The Rams promise to be faster than last year, and they'll surely have more experience. Then, too, they have a height advantage over the Orange.

Fred Lewis will probably go with the same starting team as last Saturday, which includes Carl Vernick, last year's high scorer, and Jim Schoff, Saturday's big Orange scorer.

The Orange displayed a lot of spirit as they out rebounded their taller opponents last weekend. Their big weakness still seems to be in scoring, but they have the shooting eyes and it seems to be only a matter of time before they catch fire.

Wrestling Coach

JOE SCANDURA

Future Bright, Promising For Scandura's Wrestlers

Syracuse wrestlers look forward to a fine season with a top wrestler in every weight class. Coach Joe Scandura says that his boys have been working very hard, and their efforts at the Coast Guard tourney shows that they have corrected many of the small mistakes in strategy that they have been prone to make.

The home opener is with Lehigh Saturday night, a match that last year was lost 32 to 2.

Five sophomores are included in the nine top men of the team in their respective weight classes. Sonny Greenhalgh at 130, Dick Slutzi at 147 and George Reidner at 157 each gave the Eastern champions a strong battle, with Slutzi and Greenhalgh winning.

Junior Jimmy Murrin at 137 finished third, and other promising sophomores Lou Lee and Terry Haise finished in the money. Lou Roberts, also a soph, looks good.

Gerry Everling and Bo Nance will be appearing with only four days of workout, and may be a trifle rusty but both were champions as frosh last year.

Coach Scandura states that for the most part, his boys have gained what he calls "mat awareness," but he is slightly worried about a lack of depth. The middle-upper weighs are not bad, but the ailments of Bob Chappell and John Dustell may hurt. Outside of that, though, the grapplers look well balanced.

Hoopers, Harriers Perform At Manley Fieldhouse Opening This Saturday Night

Two college basketball games and a pair of indoor track events will be the features of Dedication Night for SU's new George L. Manley Field House this Saturday.

A capacity crowd of 6,000 donors and students is expected to witness the sports program and dedication ceremonies. The festivities will also be shown on closed-circuit television in the Women's Building as a part of Student Union Night.

Radio station WYSR and WAER-FM have arranged to carry the dedication proceedings and the varsity cage tilt.

Approximately 2300 tickets for the program will be made available to students at 10 a.m. this morning. To obtain tickets, students must present their identification cards at the Trophy Room of the Men's Gym.

Tickets will be available until 4 p.m. today. If any remain, they will be distributed at the same times tomorrow.

The "big night" starts at 6 p. m. when the Orange freshman basketball team hosts the Ithaca College frosh. Coach Morris Osburn's charges hold a win over Morrisville and opposed the Ithaca squad last night.

From 6-7:45, informal tours will be conducted through the public wing of the building. The inside diameter of the circular structure is 302 meet and it has 71,631 square feet of athletic playing area.

The track program begins at 7:45 with a special mile run and a mile relay event. The invitational run pits Canadian stars Bruce Kidd and Bill Crothers against Vic Zwolak of Villanova, Bobby Mack of Yale, and Syracuse's Mouncey Ferguson.

Kidd has the best time of any of the competitors with a 4:01.4 mile. The University of Toronto speedster is the Canadian record holder in the one, two, three and six-mile runs.

In his big race last year, Kidd won the Amateur Athletic Union cross country run in Louisville, Ky. He was clocked in 32:02.6 for the 10 kilometer course, a new AAU record.

Crothers, Kidd's teammate from Toronto, owns a 4:07.5 mile. He holds Canadian honors in the 440 and 880 yards runs, being national champion in the quarter mile with a 0:46.2 timing.

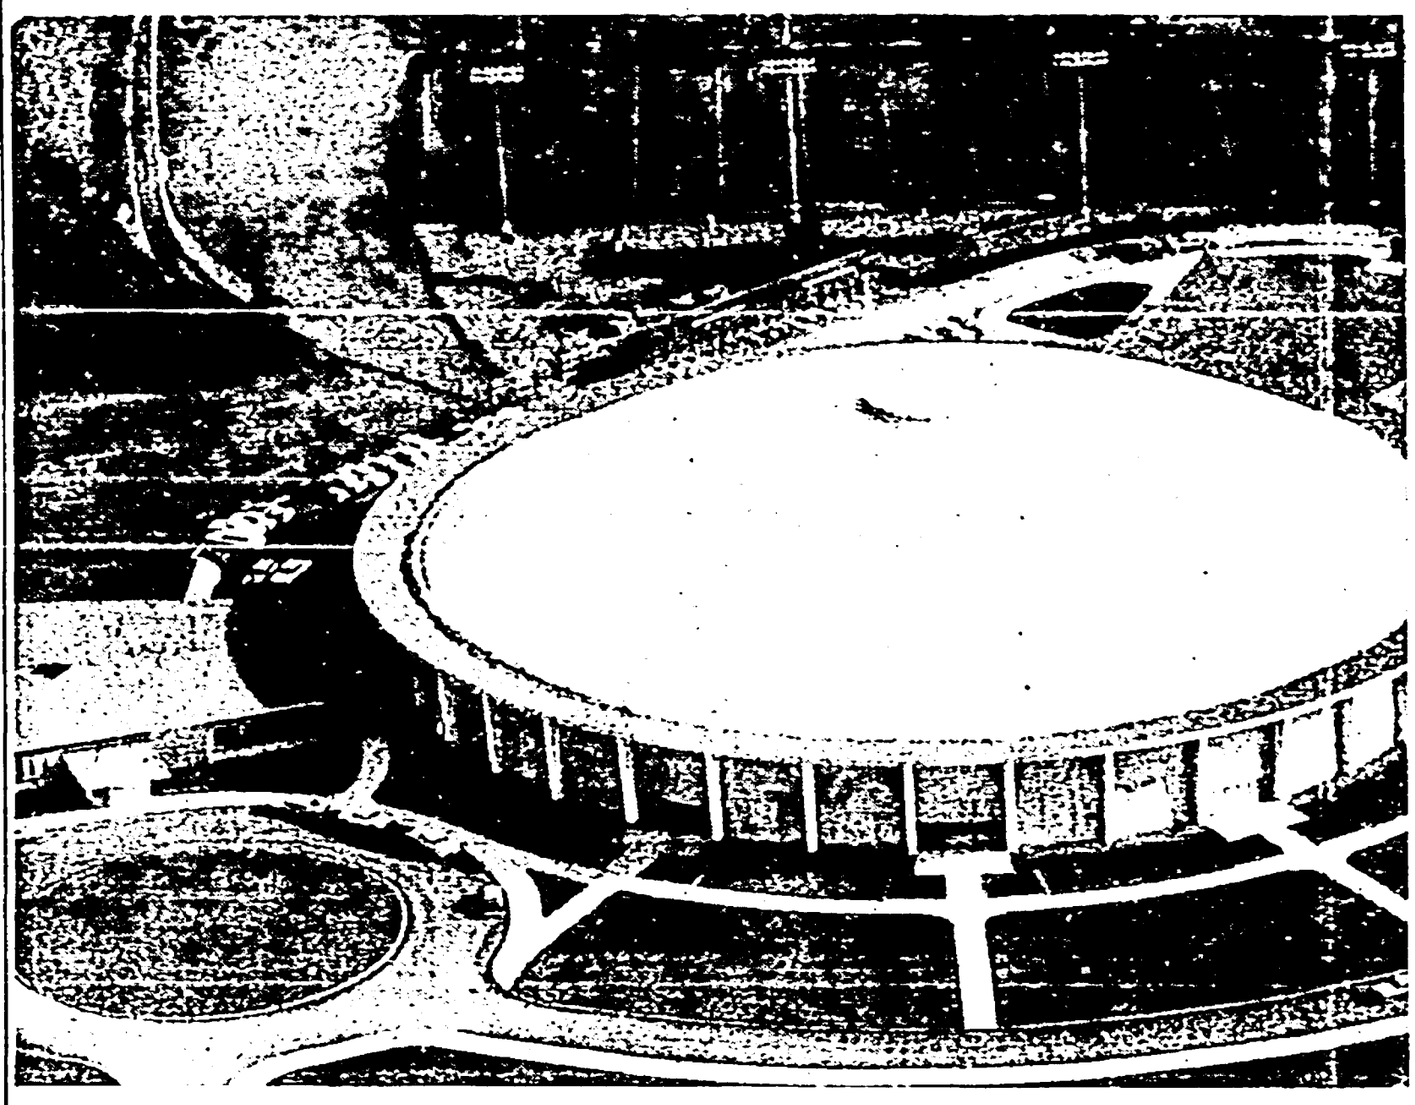
Zwolak, a junior at Villanova, won the outdoor IC44 cross country meet last month. He is also IC44 indoor mile champ.

Zwolak's best clockings are a 4:04.7 outdoor mile and a 4:09.3 indoor mile. He placed behind Tim O'Hara (Loyola, Chicago) and Dale Story (Oregon St.) in the National Collegiate Athletic Association run.

Another top prospect is Bob Mack, the indoor IC4A two-mile record holder. The Yale runner set the mark this season with an 8:58.3 timing.

Mack is also the Ivy League heptagonal one-mile champion. His best mile run has been 4:08.2.

Representing Syracuse in the mile is Mouncey Ferguson. The Orange senior from Pittsburgh owns a 4:11 mile, which placed him sixth in the IC4A's.



Teams from Syracuse, Cornell, Colgate and Pittsburgh will compete in the mile relay event. Pitt, paced by Vance Carter, looms as the team to beat. Carter gained second honors in the IC4A 600-yard dash.

The actual dedication ceremonies follow at 8:10 with remarks by Chancellor William P. Tolley, SU director of athletics Lewis P. Andreas, and Dr. George L. Manley, after whom the field house is named.

At 9:00, the Hill cagers oppose Army in the varsity basketball contest. Syracuse (1-1) bowed to Penn State last weekend while the Cadets (1-1) fell before Princeton, 71-54, Thursday, after owning Lehigh in their opener.

Army is led by senior captain Bob Foley. The 6-77 center operates on a front line with 6-6 junior Al Treado and 6-4 junior Chuck Hutchinson. In the backcourt, the Black Knights have 6-3 junior Frank Lambert and 6-1 sophomore wiz Joe Kosciusko.

George L. Manley Field house

Swordsmen Win Opener

By ELLEN HALPRIN

S. U. fencers extended their winning streak by defeating Hobart 16-11 in Saturday's opener in the Men's Gym. Hill swordsmen posted a 7-3 mark last year.

The epee team drew praise from Coach Alex Dako by turning in a stunning 8-1 victory. The performance of the all sophomore epee team was a complete surprise. It was expected that the epeemen would be the team's weakest link.

Epeemen Duane Harrington and Marv Stone were undefeated while Bill Wandemacher won two of three bouts.

The team was expected to do much better in the foil division. Coach Dako expressed his pleasure with the team as a whole, particularly with the exceptional performance of the epeemen.

Harvey Schuman made the top showing on the foil team besting Hobart twice, while Les Monostory and Marty Cohen chipped in a victory apiece.

Sabermen Stu Hollander and Dick Dauenhauer both won two out of three matches for a 4-5 record.

The Syracuse swordsmen face Buffalo in their next match. Coach Dako said they will probably be the toughest team Syracuse will have to face.

"I believe Buffalo has one of the best teams in the country," asserted Dako.

Like the Syracuse team, Buffalo has no seniors. Returning from last year's Orange varsity are Marty Cohen, Stu Hollander, Marv Stone, Marty Dako and Dick Dauenhauer.

Dako said his strongest fencers were Hollander and Harvey Schuman.

Asked how he felt about the upcoming Buffalo match, co-captain Marty Cohen said, "We should be pretty evenly matched. It'll be nip and tuck."

A very promising freshman squad will have a chance to show its talent in its first bout with the Buffalo frosh.

The Mason-Dixon line was set up a century before the Civil War.

Give To Campus Chest $$$$ Drive

Senior Ball Signup Now

Dawn Fazzone, senior ball chairman, has announced that students interested in ball underchairmanships may sign up today through Dec. 21 at the Women's Building reception desk.

The senior ball will be held May 30 at the Randolph House.

Chairmen are needed for publicity, ticket, arrangements, flowers, Saturday activities, decorations and refreshments committees.

Seniors with questions should call Miss Fazzone, ext. 2663.

Engineer Group To Discuss Jobs

The combined student branch of the IRE-AIEE will sponsor a discussion of job opportunities Wednesday at 7:30 p.m. in 209 Hinds Hall.

Dr. Richard Anderson, associate professor of electrical engineering, James Rudolph, instructor in electrical engineering and a panel of seniors will discuss job opportunities for engineering graduates.

Dr. Anderson will speak on National Science Foundation projects at Syracuse, and Rudolph will talk about the Bell Laboratories. Seniors will discuss summer job opportunities for undergraduates.

Refreshments will be served after a question period.

All interested sutdents are invited to attend.

Stepsing Final Tonight

Four houses will participate in the finals of the annual stepsinging competition at 6 p.m. today in Hendricks Chapel.

Singing in Flight One, small houses, will be Alpha Delta Pi sorority, under conductor Ann Goldsmith, and Richards Cottage, under Laurie Sandemar. In Flight Two, large houses, will be Sigma Kappa, under Mimi Wilcox, and Kappa Kappa Gamma, under Anne Quimby.

Judges will be; Prof. Arthur Poister, of the School of Music, director of the Chapel Choir; Prof. Ernst Bacon of the School of Music, composer-in-residence; Dr. Franklin Morris of the theory and composition department, School of Music; Dean of Women Marjorie C. Smith, patroness member of Sigma Alpha Iota; and Mrs. Jane Altman, Sigma Alpha Iota alumnae.

The competition, open to the public is sponsored by Sigma Alpha Iota, national professional women's music, fraternity. SAI will open the final rounds tonight with the singing of the SAI chorale.

The winners in each division will sing at 4 p.m. Sunday, in Crouse College Auditorium at the annual SAI concert. Trophies will be presented at the concert by Jean Harvey, SAI president.

In the finals Alpha Delta Pi will sing the "Carol of the Bells," Richards will sing "What Child Is This," Sigma Kappa "La Dulce Jubilee," and Kappa Kappa Gamma, "Salvation Is Created".

DU, Tri Delt Book Drive

The brothers of Delta Upsilon fraternity and sisters of Delta Delta Delta sorority are sponsoring a book drive on Saturday to send text books and leisure reading books to Mark Delancey and his wife, former Syracuse students, who are now working in Nigeria for the Peace Corps as elementary and high school teachers.

Their school library must accommodate 150 students although it now contains only twelve books, three of which are on the life of Joseph Stalin and the others being elementary grade reading books.

Representatives will be around to all fraternities and sororities on campus early Saturday afternoon to collect books. Any person wishing to give an individual contribution can have books collected by calling ext. 2056, 2569.

Syracuse University football coach Ben Schwartzwalder on losing: "When you lose, the second guessers have a field day... and you join right in yourself.

Elliot...

(Continued from Page 1)

trated his point by referring to his recently written short story "Among the Dangs" about a mythical tribe on the slopes of the Andes Mountains.

In addition to his short stories Elliott has written two novels and several poems.

GEORGE P. ELLIOTT

AWS ASSEMBLY

The Association of Women Students Assembly will meet at 6:30 p.m. today in the Women's Building Recreation Lounge. Gerri Delisi will give the results of her quiet hour survey.

All house presidents must attend.

'People to People' Conference

By STEVE MONBLATT

Dean of Men Earle W. Clifford and Joint Student Government Activities Coordinator James Tallon returned Monday from Albany after attending a People - to - People Conference for New York colleges and universities. They are investigating the possibility of Syracuse joining the group.

The People-to-People movement was started in 1956 by former President Dwight D. Eisenhower. The University People-to-People program was begun by the University of Kansas last year.

The six-point program of the People-to-People movement is designed to further understanding and create goodwill between American and foreign students.

The program includes job placement for foreign students. establishment of personal contacts between U. S. and foreign students, student forums, a communications campagn to expand the program to other campuses, and a tour of "student ambassadors" to Europe during the summer.

This last point gives students who are members of the program the opportunity to travel intensively in various parts of Europe very cheaply. Air fare for member students is nearly half of the established fare.

In order for Syracuse students to be able to take advantage of this plan, the University must join the People-to-People program by Dec. 15, 1962. This means that, should JSG decide to affiliate, JSG has only five days to sign up students for the program.

Directing the campaign are Bill Dawson, a graduate of the University of Kansas, the originator of the University People-to-People program, Rick Barnes who worked with Dawson on the Kansas campus, and Rafer Johnson, 1960 UCLA graduate and winner of the decathlon at the 1960 Olympics.

Johnson has traveled extensively for the State Department and the Peace Corps and will head People-to-People's West Coast office, coordinating activities in 11 Western states. He was the principal speaker at today's Albany meeting.

(Continued from Page 1)

ticular ethnic group. But our urban background is an asset. We can present in a modern musical form the feelings of many ethnic groups, and do it with integrity."

Mary Allin Travers was born in Louisville, Ky. and Paul Stookey grew up in Birmingham, Mich., before they converged on Peter's native New York City.

Life-long interests in folk music led all three to Greenwich Village where Al Grossman, manager of Odetta, put them together as a trio. Peter was appearing as a single after his own successful tour that included the "Newport Folk Festival, 1960," the "Gate of Horn" in Chicago, and the "Ash Grove" in Los Angeles.

Paul was doing stand-up comic routines in the Village, "a lot of sound effects with virtually no plot." He was also helping Mary get back on her feet as a singer after going down with Mort Sahl in a Broadway flop called "The Next President."

The group spent seven months working up their initial repertoire of 18 numbers, with the help of Milton Okun (formerly with Harry Belafonte) to polish their arrangements.

'Bill Orange' Applications

Living centers wishing to apply for the Bill Orange Trophy should fill out the registration slip below and return it to Bill Orange Registration, 500 University Pl., before Dec. 21.

Each Spring Weekend the trophy is awarded to a living center for participation in social and cultural activities, athletics and university events. For further information call ext. 2714.

---------- ---- (living center) plans to compete for the Bill Orange Trophy. We have ------ students in our living center.

World News

WAGE LAW. The New York City minimum wage law was declared unconstitutional by the appellate division of the state court.

HUAC. The House Un-American Activities Committee hearings on "peace groups" was called "disgraceful" by former FBI agent Jack Levine.

GERMANY. A new coalition government, resembling the old one was formed. But defense minister Strauss, because of the "Der Speigel" affair, is out.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Today's weather is slowly changing, but unfortunately not for the better. Frigid arctic air is now replacing the already cold polar air now over the state. A shift in the winds to a more westerly direction should bring snow squalls off lake Ontario further south, possibly into Syracuse.

FORECAST — Mostly sunny this morning. Changeable skies this afternoon and tonight with snow flurries and squalls developing. High only in the mid teens with strong biting westerly winds. Low tonight near zero.

State Dept. Aide Speaks To Broadcasters Here

By BILL CRONAUER

The State Department's special assistant in the Bureau of Educational and Cultural Affairs will address the 1962 International Broadcasters Seminar Commencement and Convocation at 7 p.m. today in Sadler Hall.

Francis P. Miller will address 15 graduates of the annual broadcast seminar sponsored by the Department of State and planned and programmed by SU.

The international graduates are generally on an executive level in some phase of the broadcasting field in their countries. The broadcasters have been studying in the United States since August. They return to their homelands this week.

This is the third year Syracuse has worked with the broadcasters

Miller, a former United States Colonel, is a well-known Virginia resident who has run for governor and senator of that State. He was defeated in both contests. He has served in the House of Delegates, the lower house of the Virginia state legislature.

Col. Miller holds a Phi Beta Kappa from his alma mater Washington and Lee University.

The broadcasters, besides attending sessions at Syracuse, visited Washington for a series of briefings, met president John Kennedy, and toured television and radio stations throughout the United States.

FRANK MILLER

So there were these two engineering students walking past Hinds Hall, each one holding a giant icicle. "If anybody asks us what these are," one of them said, "we'll tell them they're slide rules."

For these crisp days—Savoy spaghetti and shells too!!
All served with hot beans, fresh groundcheese.

Rev. C. L. Borgognoni Named to St .T-More

The Rev. Charles L. Borgognoni, assistant pastor at Our Lady of Pompei Church for the last 13 years, has been appointed chaplain of St. Thomas More Chapel.

Anncuncement of the appointment of the successor to late Rt. Rev. Msgr Gannon F. Ryan, was made Wednesday by the Most Rev. Walter A. Foery, bishop of Syracuse. He will assume his new duties Tuesday.

Msgr. Ryan died after a heart attack Wednesday, Dec. 5.

"We have given prayerful and considerable thought to the appointment of a successor to the late Monsignor Ryan as chaplain at St. Thomas More Chapel," Bishop Foery said in his statement announcing the appointment. He added:

"The Diocese of Syracuse, thanks be to God, has many qualified priests to choose from. But to select one from so many who is qualified both by training and experience has not been an easy task.

"I have chosen Father Borgognoni as the new chaplain for the Catholic students at Syracuse Universisty, and I am convinced that his appointment to this important position will meet with the approval of the clergy, the faculty and the Catholic students of Syracuse University.

"We are announcing this designation at this early date because the work of St. Thomas More Chapel must go on. Many phases of the program begun by Monsignor Ryan must be brought to a successful conclusion and thus Father Borgognoni must begin his assignment immediately."

Father Borgognoni is a native of Canastota where he attended schools. He also attended St. Andrew's College and St. Bernard's Semniary, both in Rochester.

He was ordained May 6, 1948, by Bishop Foery in the Cathedral of the Immaculate Conception.

Following his ordination he was assigned as assistant to St. Joseph Church in Oswego, and in 1949 was named as assistant at Our Lady of Pompei in this city.

Flick Opening Ready; Sims Closes Down

Male students not now living in large dorms may apply for second-semester housing in the new Flick Dormitory, opposite DellPlain Hall Bruce D. DeBruhl, men's housing director said Wednesday.

DeBruhl said that his office will try to accomodate as many transfer requests as possible for students now in cottages and prefabs.

Sims Hall, Comstock Cottages and the guest wing in Sadler will be closed next semester, DeBruhl said. Students who are moved will have priority in housing choice and may move to any large dormitory in which there is room.

Other cottages, including prefabs and 603 University Ave., may be closed.

No definite decision as to which cottages will be closed will be made until mid-January.

Flick, which will open Feb. 1, houses approximately 320 men. DeBruhl estimated that 200 students will be moved from housing which the university closes. About 115 men now live in Sims. Other vacancies will be filled from the waiting list.

One wing of DellPlain 1 in the future will be designated as a guest wing. However, DeBruhl said that this wing is presently considered university housing, and students on this wing will not be moved.

Sims Hall will probably remain empty for the semester, DeBruhl said.

World News

MOSCOW, Soviet Premier Khruschev once again asserted his "peacfeul coexistence" attitude against the "hard line" communist position of Red China. In a major policy speach he decried "dogmatic" interpretations of Marx and Lenin.

JSG Juggles Executives; Four New Posts Created

By ANDY PORTE

A surprise shakeup in the executive branch of Joint Student Government was revealed Wednesday night by JSG President Theodore Bayer.

The reorganization eliminates the positions of 10 senior coordinators, replacing them with four "directors", who, Bayer hopes, will be members of the junior class. Lower positions were also juggled.

Bayer said the reorganization has been made to "get a more efficient organization," by bringing persons with greater interest into higher postions while taking some of the pressure off the president and vice president, and to bring some continuity into the executive branch.

Four Posts

The directors will be in charge of:

1. Public Relations
2. Special Services
3. Social, Academic and Cultural (SAC)
4. Finance

Bayer said it is not definite whether the financial director will hold a postion comparable to the other three directors, since his job will only include himself and one or two assistants.

The final organization, when completed, will have the four directors supervising an as yet undetermined number of commissioners. The commissioners will each have one or two under-commissioners, and each commissioner will have a committee.

He said that the job of the coordinators had been to "coordinate existing programs" while the commissioners, who were usually members of the junior class, ran the programs. Two commissioners and two coordinators were appointed to each category, creating a total of 10 coordinators and 12 commissioners.

Bayer said results show that having two persons for each post reduced both efficiency and responsibility. He said that the new setup will include one person running each division, with either one or two assistants.

He added it is felt that juniors will perform more effectively in higher positions, since a lack of interest has been found among seniors. Bayer said that Hell (Higher Echelon of Leftover Leaders), composed of the 10 coordintors, has not work-

(See JSG, Page 8)

Sheinberg to Speak in Maxwell

MONROE R. SHEINBERG

Monroe R. Sheinberg, director of the New York Anti-Defamation League Regional Office, will speak on "The Radical Right—Threat to Whom" at 4 p.m. today in Maxwell Auditorium.

A graduate of the College of the City of New York and later a faculty guidance advisor there, Sheinberg concentrated upon analyzing un-American subversive publications and literature before entering military service in 1943.

After spending two years in the European Theater of Operations as an orientation officer and news analyst, Sheinberg returned to get his Bachelor of Law at Fordham University. He then served as the assistant to the New York Passport Agent of the Department of State and also as attorney-investigator for the New York City Civil Commission for six years.

Utilizing his knowledge of anti-Semitic movements throughout the United States, Sheinberg has made many addresses on radio and television.

He is also the founder of the Gotham Lodge of B'nai B'rith and the founder and first president of the Empire State Lodge.

KKG, ADPi Win in Stepsinging Finals

Kappa Kappa Gamma and Alpha Delta Pi sororities were the winners in the annual stepsinging finals Wednesday night in Hedricks Chapel.

KKG won over Sigma Kappa in the large house division, singing "Salvation is Created."

ADPi won against Richards Cottage in the small house division, singing "Carol of the Bells."

Both houses also sang "Hail Syracuse."

KKG and ADPi will receive their trophies and sing this Sunday at the Sigma Alpha Iota concert at 4 p.m. in Crouse College.

SAI, women's music fraternity, sponsors stepsinging every year. About 20 houses entered this years's competition.

Army Game Tickets Still Available

Tickets for the Manley Fieldhouse dedication, basketball game and track meet this Saturday night will be distributed from 10 a.m. to 4 p.m. today in the Trophy Room of the Men's Gym.

Students wishing tickets must present their ID cards at the ticket window. No tickets will be available at the game Saturday night.

Ticket Director Harold Michaels told the Dialy Orange Thursday the ticket department distributed 1,400 tickets to students Wednesday. About 1,200 more are available.

'ON' TIX TODAY

The following organizations will have their pictures taken tonight in DellPlain lounge for the Onondagan:

6:30 Phi Kappa Alpha
6:15 Young Democrats
7:00 Young Republicans
7:15 Citizenship Conference Committee
7:20 Frosh Weekend Committee
7:30 Lambda Sigma Sigma
8:15 Journalism Council Officers
8:15 Eta Pi Upsilon
8:30 Liberal Arts Advisory Council
8:15 Business Administration Advisory Council
9:00 University Singers

2 Hill Students 'On the Way Up'

KEVIN McINTYRE

By JOHN E. GREENWALD
Entertainment Editor

"Doing the illustrations for 'Little Women' was really a chore," Kevin McIntyre, a senior majoring in illustration, said in a recent interview.

He has done the drawings for the Louisa May Alcott novel and Mark Twain's "The Prince and Pauper," just published by Collier Books.

Not that McIntyre dislikes doing the drawings. He did nine for each book, plus a cover drawing. It was just that it was "hard to pick out illustrations" from "Little Women."

"Prince and the Pauper," on the other hand, "had good material for illustrations," the 21-year-old Bronxite explained.

McIntyre worked on the draw-

Police Predicament: Who's To Blame?

The police department scandals being exposed by the State Crime Commission in downtown Syracuse have turned up nothing new in the way of evidence.

All the commission has done is to put the spotlight on a sick community run by an inept Republican machine which receives the financial and moral support of local business and financial institutions.

The rampart graft and corruption in the local constabulary are the result of forty years of Republican rule at City Hall. Conditions in Chief Harold Kelly's police force were known to many people long before Jacob Grumet brought his crime seekers to Syracuse.

It seems like only yesterday that Democratic mayorality hopeful Henry Norman was vainly trying to tell the local citizenry it was time for a change.

Norman repeatedly related exactly what the crime commission revealed last week—that Syracuse is a haven for gamblers, dope pushers, prostitutes and assorted underworld thugs.

Norman and District Attorney Joseph Ryan were ignored and even maligned by the local newspapers when they pleaded it was time for a change in City Hall.

"I guess Syracuse isn't ready for reform," said Rudy Norman, the candidate's brother, after the youthful Democrat went down to defeat.

Instead of reform, Syracuse got William Walsh, an honest civil servant who was bound to the cross of machine of Senator Hughes. Today Mayor Walsh wallows in the backwash of forty years of Republican government.

Mayor Walsh is desperately trying to save his administration's integrity and to keep a good percentage of the local government officials from ending up without jobs.

Playing police chief, he has turned the police force upside down in an attempt to shake out the rotten apples.

The men on the force today are the same men who took graft last week. Only this week they have new titles and new beats.

Next week they had better not touch any Christmas "cheer" for Chief Walsh promises to have a "super" honest intelligence force on duty to catch any officer who is breaking the law. Who, may we ask, will check on the integity of the paid informers?

Perhaps the voters will soon awaken to exactly what's occurring in the city and realize Syracuse's first need is a change in political leadership at City Hall. It stands to reason that once the Republicans are out, the chances for honest government will improve.

To clean up the present situation, Syracuse has to find a non-partisan mayorality candidate with the courage to drive stagnation out of city government.

Additionally, the local press must start to be objective in its news coverage as well as in its editorial comment.

It was Alexander Jones of the Herald-Journal who last year sang the praises of the Republicans and warned about the machinations of the Maxwell people who working to put Henry Norman into City Hall.

It was the Post Standard that praised Chief Kelly after Walsh's victory and urged the new mayor to keep the veteran in office.

A demand must grow in this city for a police force that is fully manned by well-paid recruits. The public must cooperate by not contributing to the prosperity of local gamblers by buying parley sheets, by not using bookies for off-track betting and by not participating in the local numbers racket.

Far too many "ordinary" citizens contribute to organized crime in Syracuse. The chief of police took the rap for every Syracusan who conscientiously contributes to the financial health of the local underworld.

TREVER ON CAMPUS

"I just figured I have a 2.8 average — 2.8 cuts per day . . ."

Campus Clips

By SANDI EHRLICH and MELANIE COHN

As students across the country count the days until Christmas vacation, high spirits and mischievious acts increase in appearnace.

How does one stage a panty raid in the heart of New York City? Columbia University students did just that recently as they invaded the Barnard College Campus in a protest against the ban on female visitors in the men's dormitories.

Hofstra College may soon become a university. With the addition of law and engineering schools, the colleg will be diversified enough to attain university status. Funds totalling 16 million dollars will be allotted for expansion within the next ten years, due to an expected enrollment increase.

Students for Integration at the University of Minnesota adopted a resolution to give assistance to 20 Negroes being sent to Minneapolis as part of the "reverse freedom ride" campaign.

The SFI will dedicate itself to making every effort to assist these Negroes in adjusting to life in Minnesota or, if they wish, in returning to the South.

University of Mississippi's student government voted to reprimand the student newspaper editor for her stand on the school's racial troubles.

The group said editor Sidna Brower of the Daily Mississippian had failed to "counter the distortion by the national press of the image" of the student body. Miss Brower is considered by most students to have taken a moderate view of the problems of James Meredith and the military guard.

Boston University is having difficulty with its Student - Faculty Assembly. According to the president of the group, there are seven faculty members and sixty-two student members. Students hope to change the system rather than abolish it.

SFA was formed to promote "interaction, cooperation, information, communication, help and assistance to all parts of the university community." Lack of communication to both students and faculty seems to be a major problem, as many of those interviewed by the BU paper did not even know what SFA was.

Fraternity evaluation is becoming a trend. Recently at Ohio University the IFC president declared the school's fraternity system was at least 10 to 15 years behind the systems of other schools. He found the system to be below average and declining especially in the fields of housing and social education.

LETTERS

Chimes

To the Editor:

I do not mean to detract from the Christmas spirit, but I feel the ringing of the Crouse chimes could be rescheduled in order to accomodate the seventy-five minute classes which make up the bulk of Tuesday-Thursday courses.

Being in 111 Maxwell during one of these classes, I have found it impossible to hear the professor during this ten minute musical interlude. During an exam, the bells make concentration virtually impossible.

Lynda Malkin '65

Free Speech

To the Editor:

Although strongly believing in an American's right of free speech, we would like to ask Messrs. Richard Kram and Lawrence Goldstein, who so strongly advocate the "duty we owe to ourselves and our country," why they did not interrupt their speeches on the chapel steps to show a little respect to he flag of that same country as it was being lowered last Friday evening.

This is especially puzzling since this disrespect occurred on the day marking the anniversary of an event that caused thousands of Americans to give up their lives for that same 'freedom of speech.'

Roger Brown
Robert Gola
Louis Gross

CORE

To the Editor:

Anyone wishing to criticize the local CORE sit-in of December 1 certainly has every right to do so, and recent indications are that not a few students have chosen to exercise this right.

It is interesting to speculate, however, how many of the above realize the similarity between CORE's protest and sit-ins and sit-downs in the South during the past few years.

In both instances, demonstrators were protesting unwritten and illegal discrimination, in the one case, involving bus terminals, restaurants, and the like, and in the other, housing.

Furthermore, both cases necessitated breaking a just law in order to achieve the objective, on the one hand disturbing the peace and/or trespassing, and on the other willful trespass.

Keeping these facts in mind, then, he who chooses to accuse Syracuse CORE of irresponsibility and immorality would do well to remember that he also, by implication, condemns those who have done so much to secure acceptance of Negroes' constitutional rights in the South.

David Charles Kapell
Maxwell Graduate
School, Dept of Political
Science.

Trever

To the Editor:

I have always enjoyed the cartoons by John Trever, even though he doesn't know how to spell 'Forestry.' But his cartoon of December 7 was definitely in poor taste.

Indeed, we should "Remember Pearl Harbor," a lot of good men died there in the service of this country. Mr. Trever must be hard pressed for material to have to use this subject as the basis for a cartoon.

Four Soloists Featured in 'Messiah' Tonight

WITH CHRISTMAS comes the "Messiah," Frederick Handel's famed oratorio that has, for 200 years, been the definate expression of the Christmas season. The Syracuse Symphony has gone all out to present this glorious combination of music and words in the most professional manner. In addition to combining with the 120 voice Syracuse Choral it has hired four outstanding soloists for the performances 8:40 p.m. today and Friday at Lincoln Auditorium.

John West

The signing of John West as bass soloist completes the group of four outstanding singers slated to appear with the Symphony and Syracuse Chorale in two performances of Handel's Oratorio. The concerts will be given at 8:40 p.m. on Dec. 13 and 14 in Lincoln Auditorium.

A June graduate of Curtis Institute of Music and a former scholarship student at the Eastman School of Music, bass soloist West was a pupil of Martial Singher. Since his first professional performance in 1958 he has won the 1961 Philadelphia Orchestra Auditions, toured Europe with the Santa Fe Opera Company and sung with the Chautauqua Opera Company.

During the summer he worked with Stravinsky when the composer directed his operas at the Santa Fe Opera Company. West's wide range of roles included parts in Stravinsky's "The Flood" and "Rossignol," as well as "Tosca," "La Traviata," and Honegger's "Joan of Arc," in which he did a speaking role.

West has sung the "Messiah" with the Erie Philharmonic, the Stephens College Opera Workshop and the Swarthmore College Orchestra and has performed as soloist with the Reading Oratorio Society and the Philadelphia Oratorio Choir.

An enduring affirmation of religious faith, the "Messiah's" text is the literal words of Bible, taken from both the Old and New Testaments. The work begins with the foretelling of the Messiah by the Prophets and treats of his passion, death and exhaltation. The oratorio mounts to a stirring conclusion which is, in essence, a "Credo" subscribing to the existance and resurrection of Christ the Redeemer.

Tickets for the "Messiah" may be secured at the Symphony office, 218 Harrison Street.

Florence Kopleff

Florence Kopleff's performance with the Syracuse Symphony will be one of her first appearances in this country after returning from a recent tou with the Robert Shaw Chorale.

For the first years of her career, Miss Kopleff specialized exclusively in oratorio. Her first concert-opera performance, was in a concert version of Monteverdi's "The Coronation of Poppea." She also starred in a concert version of Stravinsky's short opera, "Mavra" with the Chicago Symphony under Fritz Reiner.

Miss Kopleff has appeared in New York's Town Hall and festival programs at Tanglewood, San Diego and Anchorage, Alaska. After sining in Bach's "B Minor Mass" with the Shaw Chorale the New York Times said she was "one of the great voices America has produced."

Lee Venora

Soprano Lee Venora, who played opposite Alfred Drake in the New York production of "Kean," made her European debut at the Volksoper in Vienna in the title role of Massenet's "Manon." She has also won acclaim for her appearance as Manon and as Leila in "The Pearl Fishers" with the San Francisco Opera.

For several years a leading soprano with the New York City Opera Company, she has sung the title role in Carlisle Floyd's "Susannah," and Micaela in "Carmen." She repeated her performance of "Susannah" at the 1958 Brussels World Fair.

Miss Venora has appeared in the television productions of Menotti's "The Medium" (as Monica), and with Leonard Bernstein and the New York Philharmonic as Sophie in the Trio from "Der Rosenkavalier."

Walter Carringer

This will be tenor Walter Carringer's second appearance with the Syracuse Symphony. He was heard last year in Honegger's "King David."

On the basis of this performance Carringer was engaged as a soloist for the Pittsburgh's Symphony's performance of Beethoven's Ninth Symphony, by William Steinber of the Pittsburgh.

A music student at Columbia Carringer sang with the Robert Shaw Chorale for three years, making his London Debut in 1958, and New York debut a year later. He sang in premieres of Lucas Foss's "A Parable of Death," and two Handel oratorios, "The Passion According to St. John" and "The Triumph of Time and Truth."

Evert Makinen, chairman of CORE's Syracuse chapter, will be interviewed on the WAER-FM program "Aspect" at 4 p.m. today. David Sliger wlil accept questions from the student body prior to the 4 p.m. air time.

Folk Blues Concert Sunday

Mark Spoelstra, fast becoming one of the nation's leading twelve-string guitar players will appear 3 to 5 p.m. Sunday at the Lively Arts Coffeehouse, 810 E. Genesee Street.

Born in Kansas City, Missouri, and raised in California, Spoelstra has been playing guitar 11 of his 22 years. He specializes in folk blues and writes much of his own material which he feels is not folk music as much as music created in the folk blues tradition and style.

Currently living in New York City, Spoelstra has appeared at Gerde's Folk City, and folk centers in Schenectady, Saratoga Spa, and Lake George.

He has recently recorded an album for Folkways Records, and has written a song which he sings on an album under the Broadside label, a Folkways subsidiary.

Price of admission is $1. The Lively Arts kitchen will open to those who wish to purchase its unique brand of refreshments.

FILMS

'Whistle,' 'Shoot'

The Riviera-Cinema is currently featuring another excellent double bill and one that will not "offend" as much as last week's may have: "Whistle Down the Wind" starring Hayley Mills, and Francois Truffaut's "Shoot the Piano Player."

"Whistle Down the Wind" concerns a young girl's discovery that "Jesus Christ" is hiding in a barn in her gray, English farm. The 'messiah' is only a fugitive thief who sought refuge in the barn after being wounded.

Miss Mills' younger brother and sister leak out the news and "Jesus" attracts all the neighboring children.

Eventually Miss Mills realizes the man is no 'messiah' and therefore enters the adult world of reality. The film reveals, excellently and touchingly, a young girl's growing up. Though often charming, it never becomes sentimental.

"Shoot the Piano Player" is a different kind of film: a love story; an existential tale; a satiric, occasionally slapstick, comedy.

The film's title comes from the old saw, "Don't shoot the piano player, he's doing the best he can." The human sympathy of this phrase is repeated, with insight, by the expert Truffaut. So long as one has contact with people, if only physically, life is bearable.

Fordham Downs Basketballers, 57-43

FORDHAM, N. Y. The Syracuse Orangemen gave New York sports fans a lesson in ball-control basketball, but it was to no avail as Fordham downed the Orange 57-43 last night at the Rose Hill Gymnasium.

Syracuse coach Fred Lewis threw up a tight zone defense which managed to keep the Fordham score down, but the Orangemen could never get untracked on offense.

While the Rams shot a torrid 75 percent from the field piling up a 34-20 half-time advantage Syracuse could only make a third of their attempts.

In the early part of the second period the Orange began to chip away at Fordham's lead. With eight minutes gone in the last half, Phil Schoff, who was the high man for Syracuse with 12 points, hit on a jump shot to close the gap to nine. But that was as close as the Orangemen could come.

Although the game was lacking in action it had its full share of controversy.

Early in the opening period, coach Lewis had a technical slapped on him when he objected strenously to a referee's call. And several times during the contest flying elbows, notably those of Manfred Klutschkowski the Orange's center nearly provoked a fight.

Fordham was led by their three "M" boys, Wayne McGuirt, Bob Melvin, and Jim Manhardt, as all three hit for double figures.

McGuirt was high man in the game with 16, while Manhardt and Melvin had 14 and 11 respectively.

The loss left Syracuse with a one-two record while the Rams are now three-one on the year.

VIC ZWOLAK

Zwolak Leads Stars In Manley Dedication

By STEVE SPIEGEL

One of the highlights of Saturday's dedication ceremonies of the Manley Fieldhouse will be a special track program featuring some of the America's best harriers as well as the best distance men in Canada.

One of the headliners in the program, which includes both a mile run and a mile relay, will be Villanova's Vic Zwolak. This highly touted junior won the IC4A cross country meet last month. He is also the IC4A indoor mile champ.

Zwolak is a small man, just 5'9" and 140 lbs. However, he has tremendous speed with his best clockings being a 4:04.7 outdoor mile and a 4:09.3 indoor clocking. He placed behind Tim O'Hara (Loyola, Chicago) and Dale Story (Oregon State) in the National Collegiate Athletic Association mile run.

Stiff competition for Zwolak is expected to be provided by Bruce Kidd and Bill Crothers, both Canadians, Bobby Mack of Yale, and Mouncie Ferguson of Syracuse.

Kidd holds the most impressive credentials with a 4:01.4 mile. The speedster rerpesenting the Universisty of Toronto, is the Canadian record holder in the one, two, three and six-mile runs.

Last year, Kidd also won the Amateur Athletic Union cross country run in Louisville. His 32:02.6 clocking set a new AAU record.

Bill Crothers, also from Toronto, has a top mile time of 4:07.5 He is even more impressive in the lesser distances, holding honors in both the 440 and 880 yard runs. In the latter category, he

(See Zwolak, Page 7)

Annapolis First Foe For Gymnast Squad As Season Opens

By TOM MULLER

Fresh from a lopsided win over the University of Toronto, the Syracuse University gymnasts travel to Annapolis, Md., Saturday to take on the perennially powerful Midshipmen in their initial EIGA test.

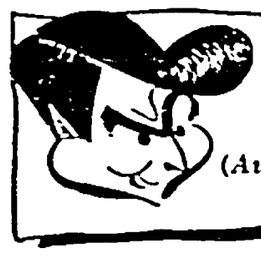
A year ago Coach Paul Romeo's Orangemen and the Middies split the six events evenly, but the Orange outpointed their foes for a 55½-40½ victory. The bulk of last year's squads are back to fight it out again this year.

In the floor exercise either junior John Bird or sophomore Sid Ogleby will team with seniors Phil "Corky" Voas and Ron Orlick. They will face the Navy combine of Bill Kelly, Art Day, and Bob Giddens, the same trio which fell 12-4 to the Orange last year.

Bird will join senior Captain Ray Grimaldi and sophomore Jon Meury on the side horse. They will oppose Dick Murphy and Bill Brinkley, who were in the trio that lost to SU last year. Bird and Grimaldi were on the victorious Orange trio last year.

The big test for the SU gymnast will be the high bar, which they lost 10-6 last year. Ed Hutchison, Roger Tetrault, and Art Day were all in on last year's defeat, and they will be met by junior Carl Poplar, Corky Voas, and possibly Sid Oglesby of SU.

Navy has only Larry Silver returning from last year's victorious still rings combine. He will be met by the powerful combination of Poplar, Voas, and Grimaldi.



Junior Tom Steeves or Grimaldi will team with Oglesby and Orlick to see if the Orange can win the long horse again this year. The Middies have only Lee Ewert returning.

The parallel bars might very well attract some attention this week. Last year Navy placed one-two in that event, but both of those men are gone. The Orange will be represented by Orlick, Poplar, and Oglesby. Orlick and Poplar competed in this event last year, but sophomore Oglesby won it for the Orange against Toronto, outpointing his teammates.

One thing must be kept in mind: Navy may have come up with some fine sophomores like Oglesby since the end of last season.

Saturday's meet will be the first of five Eastern Intercollegiate Gymnastics Association dual meets for the Orange. Last year they tied Army but were upset by Penn State near the close of the season. The Penn State loss cost Coach Romeo's gymnasts a share of the EIGA crown; they finished behind both Army and the Nittany Lions.

Coach Romeo's thoughts were many and varied as he looked towards Saturday's meet. "The home team always has a small advantage," he said. "We'll give them that advantage and play them even, but Navy's an EIGA member, and all league members are tough. They'll be even tougher because most of their men are specialists."

HAPPY TALK

As we all know, conversation is terribly important on a date. When lulls in the conversation run longer than an hour or two, one's partner is inclined to grow logy—even sullen. But occasionally one finds it difficult to keep the talk going, especially when one is having a first date with one. What, then, does one do?

If one is wise, one follows the brilliant example of Harlow Thurlow.

Harlow Thurlow prepares. That is his simple secret. When Harlow is going to take out a new girl, he makes sure in advance that the conversation will not languish. Before the date, he goes to the library and reads all 24 volumes of the encyclopedia and transcribes their contents on his cuffs. Thus he makes sure that no matter what his date's interests are, he will have ample material to keep the conversation alive.

Take, for example, Harlow's first date with Priscilla de Gasser, a fine, strapping, blue-eyed broth of a girl, lavishly constructed and rosy as the dawn.

Harlow was, as always, prepared when he called for Priscilla, and, as always, he did not start to converse immediately. First he took her to dinner because, as everyone knows, it is useless to try to make conversation with an unfed coed. Her attention span is negligible. Also, her stomach rumbles so loud it is difficult to make yourself heard.

"Wash your cuffs and be my love!"

So he took her to a fine steak house where he stoked her with gobbets of Black Angus and mounds of French fries and thickets of escarole and battalions of petit fours. Then, at last, dinner was over and the waiter brought two finger bowls.

"I hope you enjoyed your dinner, my dear," said Harlow, dipping into his finger bowl.

"Oh, it was grandy-dandy!" said Priscilla. "Now let's go someplace for ribs."

"Later, perhaps," said Harlow. "But right now, I thought we might have a conversation."

"Oh, goody, goody, two-shoes!" cried Priscilla. "I been looking everywhere for a boy who can carry on a intelligent conversation."

"Your search is ended, madam," said Harlow, and pulled back his sleeves and looked at his cuffs to pick a likely topic to start the conversation.

Oh, woe! Oh, lackaday! Those cuffs on which Harlow had painstakingly transcribed so many facts—those cuffs on which he had noted such diverse and fascinating information—those cuffs, I say, were nothing now but a big, blue blur! For Harlow—poor Harlow!—splashing around in the finger bowl, had gotten his cuffs wet and the ink had run and not one word was legible! And Harlow—poor Harlow!—looked upon his cuffs and broke out in a night sweat and fell dumb.

"I must say," said Priscilla after several silent hours, "that you are a very dull fellow. I'm leaving."

With that she flounced away and poor Harlow was too crushed to protest. Sadly he sat and sadly lit a cigarette.

All of a sudden Priscilla came rushing back. "Was that," she asked, "a Marlboro you just lit?"

"Yes," said Harlow.

"Then you are not a dull fellow," she cried, and sprang into his lap. "You are *bright!* Anybody is bright to smoke such a perfect joy of a cigarette as Marlboro which is just chock full of yummy flavor, which has a Selectrate filter which comes in a soft pack that is really soft, and a Flip-Top Box that really flips, and which can be bought wherever cigarettes are sold in all fifty states and Duluth . . . Harlow, tiger, wash your cuffs and be my love."

"Okay," said Harlow, and did, and was. © 1962 Max Shulman

* * *

The makers of Marlboro cigarettes, who print this column at hideous expense throughout the school year, are very happy for Harlow—and for all the rest of you who have discovered the pleasures of Marlboro.

SKI-FARING

with JON WEISBERG

The snows have come, and the officials of the five local ski areas have pooled their snow reports into one phone number - HO 3-4533.

This weekend, we had an opportunity to try out our new skis on the semi - covered trails at SONG MOUNTAIN. Fortunately, with the aid of God and snow making machinery, they have produced enough snow (as of Tuesday nite) to have good skiing conditions.

One thing to remember about early snow conditions, is to wax your skis accordingly. All ski shops handle a great assortment of waxes which are suited for the various snow conditions. On a general basis, there are three types of snow: wet, medium, and dry. These conditions, of course, depend on the temperature. A variation of these three general conditions occurs when snow melts and then quickly freezes again - the product being 'corn' snow.

The waxes used by racers are usually carefully prepared from the three basic types which are analogous with the three aforementioned snow conditions.

If you have any questions concerning the type of wax to use or any other queries about ski equipment, Steve White or Jack Woodruff of the TYROL HOUSE will be glad to help you. If you're interested in clothing, Jim Williamson and Phyllis Fleischer are at hand to give you the best advise in women's sportwear. Jack, who is the director of the Central New York Ski Patrol, is also the head of the DRUMLINS SKI SCHOOL. This program is one of the best of its nature in this area.

But we digress, waxing can be a very delicate art for anyone who wishes to have a great deal of precision in his skiing. As well as wax though, the actual equipment scores high on the list of necessities for near perfection in skiing (be you beginner or expert). A large selection of skis and boots are beneficial in selecting what you want, and the DEWITT SPORTS LTD. has this selection. Their apt personnel (including Fred Grunert and Frank Henworth - both one time members of the S.U. ski team) caters to every skier and his needs.

Why not digress some more, and talk about BERTRAND'S SKI SHOP in Tully. Curley Bertrand, the owner, told us that he wants to see some students visit his shop and take advantage of his package deal. He's situated near Song Mountain, Labrador and Toggenburg.

As of this time, (Tuesday night) the only conditions obtained are from SONG MOUNTAIN (6 inches packed snow; fair to good) and TOGGENBURG SKI CENTER (3-6 inches packed machine made snow). Both of these areas are also making their own snow.

SKI HEIL!

3 Orangemen In 4 Bowls

The final day of December bring three things: cold weather, snow, and football classics. Syracuse may have the first two of these in abundance, but, unfortunately, the Orangemen (as a team) will not appear in any post-season bowl games.

However, Syracuse will be represented by individual players in several all-star charity games. Both John Mackey and Bill Sweeney will appear in two games while Don King and Dave Meggysey will represent Syracuse in one game.

Mackey and Meggysey will travel to California to play in the East-West Shrine game; from there John will participate in the Hula bowl.

Sweeney and King head southward to play in the North-South game. Walt will then end his college football career by participating in the Senior Bowl game.

Teachers-to-Be Meet the Kids

By DANIEL RITEY

Twenty-one Hill undergraduate social science and English majors are currently participating in the Experimental Program for the Preparation of Secondary School Teachers.

This program, now in its first year of operation, offers its participants professional training as well as financial benefits. A meeting for all those interested is scheduled for 4 p.m. Tuesday in room 9-10 of Huntington B. Crouse Hall.

"The students in the program now were recruited last spring and worked as counsellors in the Children's Colony International Camp at Lakeville, Connecticut," Asst. Director L. Norman Adams said.

The program, which is designed for sophomores, allows time for individual study and research by the students. It will also finance his master's degree and aid in finding permanent placement after he has completed the first three years.

Masters Offered

At the end of the program, the student will have a masters in English, social sciences or education in addition to permanent certification as a teacher of his subject, Adams said.

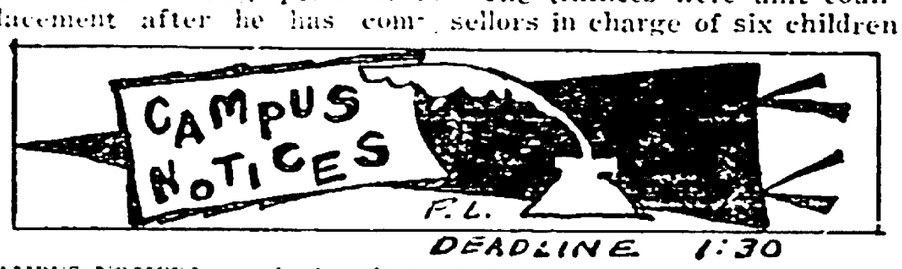
One of the participants, Floyd Chandler, a social science major from Erie, Pa., said of the camp phase: "It was a chance to handle children and be with them. One of the criticisms of the teacher-training program is that there is not enough experience with kids."

The trainees were unit counsellors in charge of six children each. They helped organize and supervise various indoor and outdoor activiteis.

The fall, the trainees began a 12 week "teaching participation" phase which involves a number of teaching hours per week at three local schools.

"For two mornings a week, the students are exposed to the problems of the job of teaching and, at the same time, get the feel of the job," Adams stated.

Towards the end of the teaching participation phase, the students have gained enough experience to actually take over the classes.



Method Observation

"We observe teaching methods, work with large groups or with individuals and also do some of the mechanical tasks like making up and grading exams and proctoring," one of the trainees explained.

The trainees are exposed to the seventh through twelfth grade levels, and write up their reactions and experiences in informal logs.

"It's an outstanding program," one of the trainees said. "We're not regular teachers — we're just learning and are successful at it. It is most enjoyable, and we do not mind the extra work involved in the program."

Adams noted that "this program is for special people — those who are not skimming through scholastically."

CAMPUS NOTICES must be brought to ninth floor TC, not telephoned, by 1:30 p.m. the day before publication.

HENDRICKS CHAPEL open daily, 8 a.m. to 6 p.m., for rest, meditation and prayer. Special music at 12-12:20 p.m.

LUTHERAN DAILY Devotions: 5 p.m. North Wing, Hendricks Chapel.

AIESEC PICKUP applications at Lubin Hall, 129 College Place, for work abroad. Return completed will deposit to Michael Thomas.

JSG SPECIAL Service Committee. 6:45 p.m. today, Chapel House. All who can't attend, call Mary Tapley, ext. 2654 or Doug Long, ext. 2183.

Sigma Nu Elects

Sigma Nu fraternity last week elected new officers. They are Bruce A. Nordstrom, commander; John H. Terpay, lieutenant commander; Robert H. Deal, treasurer; and Julie E. Lergier, recorder.

Science shouldn't take too much credit for conquesting space. It's nothing.

There are two well known finishes for automobiles—lacquer and liquor.

Hankin...

(Continued from Page 1)

take an industrial design job offered him, he joined a summer stock company in Plattsburg instead.

That winter he went to Greenwich Village and designed sets and performed in coffeehouse reviews at such cafes as Phase 2 and the Cock and Bull. He also did a nightclub routine at Number One Fifth Avenue in a borrowed tuxedo.

While in the Village he was spotted by Hugh Downs of the Jack Paar Show, and Jack Rollins, now Hankin's manager. A subsequent appearance on Paar's show "raised my price considerably," Hankin explained.

A part in the off-Broadway failure "Pilgrim's Progress got Hankin an Actors' Equity card and a job with the Second City, this review, consisting of bits that are initially improvised, is an offshoot of the Compass Company that spawned Mike Nichols, Elaine May and Shelly Berman.

While on the Hill Hankin appeared in "Play It Cool," as a take-off on Mercel Marceau, and as Ollie in a local production of "Oklahoma!"

The 23-year old New Yorker values his SU drama department experience. "It was my first introduction to the theater. It gave me an idea of where to start," Hankin said.

Recalling his days in the Village, he described coffeehouses as one of the few places where "you can be terrible."

"Bits" for the Second City are written, Hankin explains, by "fooling around. If someone laughs enough we use it." After a bit is "fooled around with," both on and off stage, it is performed until the actors tire of it.

"It takes about two weeks for a bit to become permanent.

"It takes almost six months before members of the company really know each other well enough to improvise successfully on the stage, Hankin noted.

Describing himself has a visual comedian, Hankin will usually set the scene for a routine.

McIntyre...

(Continued from Page 1)

ings, for which he received $250, during the end of June and the beginning of July. In this period he read both works and picked out scenes that had a visual quality as well as dramatic quality. In addition to the 18 drawings, and two cover illustrations, McIntyre did three small decorative "spots" for "Little Women."

His first reaction upon seeing the published drawings was "It's great. I don't believe it." Upon closer examination though McIntyre began to "see the flaws in the drawings."

"These are not the best I could do," McIntyre said, "but for the time it took to do them, four weeks, I like them."

McIntyre attended the High School of Music and Art in New York City. He has also done seven drawings of the Arabian Nights that have not yet been used by Collier.

MA Degree In 4 Years At Colgate

Superior students will be able to take a five-year college program in four years at Colgate University next fall.

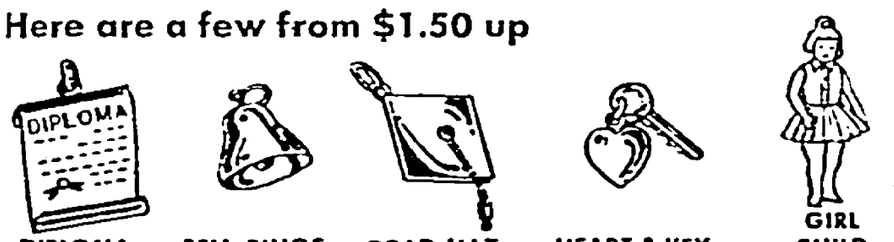
Syracuse University is experimenting with a similar idea on a limited basis, as is LeMoyne College.

James A. Storing, Colgate's acting president, announced Wednesday that the school intends to permit outstanding students to complete requirements for master of arts degrees in four years instead of five through the special program.

High school students may enter the program if they qualify in advanced placement exams. They may also enter after admission if they demonstrate the ability to do the work.

Storing said the program is designed for the top five per cent of the student body.

'Footprints' Heads Named



Rosaleen Jacobs has been elected chairman of the SU Footprints conference a Spring lecture series. This year's series will mark the conference's tenth anniversary on campus.

Other officers elected include Susan Levine, secretary; Louis Flohr, treasurer; Elaine Meltzer, publicity chairman, and Peter Maloney and Judy Abdullah, art chairmen.

Also elected were Howard Messing, freshmen chairman; Deborah Judwin and Peggy Blackford, physical arrangements and Theresa Meyer and Ann Morrison, panel discussions.

Three students received failing grades on the test.

Comprehensive football statistics may be boring, but they occasionally credit an unsung fellow with a great performance. For instance, Syracuse linebacker Ed Conti, a junior from Bethlehem, Pa., was credited with taking part in no less than 18 tackles against West Virginia. He also recovered a fumble.

Deck the Halls with Kappa Phi

BOUGHS OF HOLLY (pine boughs really) and Christmas trees are on sale now at the Kappa Phi Delta social-forestry fraternity, 200 Walnut Pl. The sale is an annual event for the brothers. is the national champion with a clocking of 0:46.2.

Yale's Bob Mack is another impressive performer being the IC4A indoor two-mile record holder, Mack set the mark this season with an 8:58.3 timing.

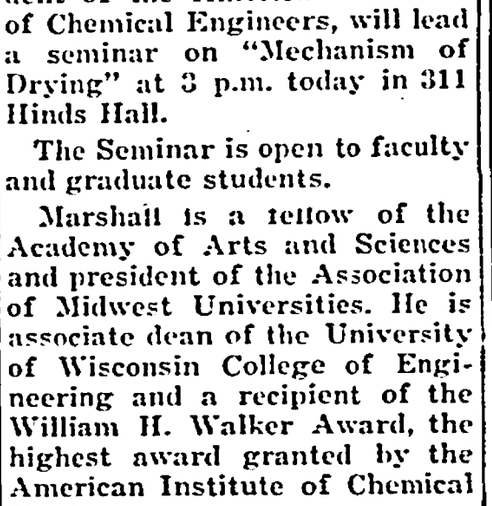
Mack is also the Ivy League heptagonal one-mile champion. His best mile run has been 4:08.2.

Syracuse is expected to be well represented by Mouncey Ferguson. The Orange senior from Pittsburgh owns a 4:11 mile which placed him sixth in the IC4A's.

Syracuse, Cornell, Colgate, and Pittsburgh will all be represented in the mile relay event. Pitt, paced by Vance Carter looms as the team to beat.

Chem Seminar Set Today

Dr. William R. Marshall Jr., the newly elected national president of the American Institute of Chemical Engineers, will lead a seminar on "Mechanism of Drying" at 3 p.m. today in 311 Hinds Hall.



The Seminar is open to faculty and graduate students.

Marshall is a fellow of the Academy of Arts and Sciences and president of the Association of Midwest Universities. He is associate dean of the University of Wisconsin College of Engineering and a recipient of the William H. Walker Award, the highest award granted by the American Institute of Chemical Engineers.

Reception Set For Mrs. Hagen

The International Student Organization will hold a reception for Mrs. Helen Hagen, former ISO student secretary at 7:30 p.m. today in the Chapel House.

The reception will be given in appreciation of Mrs. Hagen's services to ISC. Following the reception there will be an ISO general body meeting.

JSL . . .

(Continued from Page 1)

ed as well as expected.

Training

Bayer said that putting juniors in higher positions will also give them valuable training, and will make it easier for one of them to assume the presidency.

The organization will become more efficient, Bayer said, because of the centralization of control in the four director's posts. He added the four directors will serve as presidential advisors, much as President Kennedy's cabinet.

Since the directors will be the persons in charge of specific areas, Bayer said it is possible that specific directors will represent JSG on university committees pertaining to each group's function, such as the SAC director representing JSG on the university social committee.

Public Relations

The public relations director will be in charge of relations with the Daily Orange, WAER, parents and alumni in addition to the planning of the monthly government luncheon.

He will be in charge of the Student Opinion Service, which will maintain its two commissioners, Arhtur Pershetz and Carol Wurthner, for the duration of the year.

He may also be in charge of the function now served by the present activities coordinators. Bayer said the exact placement of the activities coordintors has not been decided. One of the coordintors, James Tallon, has left his post to concentrate on the People-to-People program. The other, Beverly Lewis, remains in the position.

Marvin Lender will continue as public relations head until further plans can be made. Cinda Braswell remains in charge of planning the monthly luncheon.

Special Services

The special services director will supervise five groups which are now represented as commissioners. The groups are elections, government training, secretariat, seating, and intercollegiate communications (formerly special services).

Katherine Antony remains as elections commissioner, with her co-commissioner, James Morris, promoted to SAC director. Government Training remains in the hands of Kenneth Harfenist and Susan Chalkin for the present time. A sophomore is expected to be named head of the spring program, with Harfenist and Miss Chalkin acting as advisors. Judith DiRienzo has been appointed head of the secretariat, and David Palmlund and Trish Spear remain as seating commissioners. Douglas Long and Mary Tapley remain in charge of intercollegiate communications, although the post will eventually be cut to one person.

The special services director has not been appointed yet, Bayer said, but one may be named within a few days. It is reported that Long, current intercollegiate communications coordinator, will be named.

SAC

SAC will be under the direction of James Morris, former elections commissioner. Under Morris will be three councils and a student union affairs group. The councils will be formed in each of the three areas: social, academic and cultural. Class executive councils will elect one of their members to each council. Each of the three SAC subcouncils will elect one of its members as commissioner for its field.

Bayer said the councils will act as "thinking groups", with a committee under each council to take care of actual work.

The student union affairs group will consist of two parts—fund raising and programming. Bayer said that the student union head will eventually become SAC director, with the other three councils under him. However, he added that he did not think this would happen for several years. Ann Cooney continues as student union head.

Finance

The financial program remains under the direction of Sanford Harris for the present time. Bayer said that JSG was looking for someone who could eventually assume Harris' job after a training period.

The remaining coordinators, whose jobs have been reorganized in the shakeup, are expected to be asked to serve in an advisory capacity to the new directors. They include Jay Cohen and Kris Geckler, social coordinators; Ann Seigel and Larry Dana, academics coordinators; and John Pollok and Laura Bucknell, cultural coordinators.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

FORECAST — Snow flurries and squalls diminishing this morning, becoming mostly sunny by noon, with only a chance of a few lingering flurries. High today 15-20; low tonight: near zero. Winds becoming light southwesterly.

Push Back Communists In Java: SU Student

By FRED GEIGER

A student who comes from a nation of some 3,000 islands believes a recent move of one of those islands toward independence will help curb the inroads of Communism in his native land.

Jusuf M. Martadiardja, from Java, president of SU Indonesian Student Association, says the impending transfer of West New Guinea from Dutch to Indonesian control will hasten the day the primitive islanders will shed illiteracy.

Early in October the Dutch relinquished their possession of 139 years and turned it over to the United Nations, who will run West New Guinea until May 1, 1963.

At that time the territory will be turned over to the Indonesians and become officially known as West Irian. Not later than 1969 a plebiscite will allow West Irians to choose formal annexation to Indonesia or independence.

Opportunity

Either alternative will provide an opportunity for West Irians to resist Red propaganda more effectively, says Martadiardja, for their new-found stability will enable them to educate themselves.

There are 750,000 Papuans, and the 200 tribes to which they belong are continually in fierce combat with each other. Michael Rockefeller about a year ago was lost off the coast of West New Guinea and may have been killed by savages.

First Chance

Now the West Irians, at the end of their turbulent years under the Dutch, will have their first chance in centuries to emerge from Stone-Age ignorance and internecine strife.

The Dutch had occupied West New Guinea until 1949, when they agreed to leave the country and rule it from a distance. They promised, Martadiardja says, to resolve the disputes with Indonesia "sometime later."

Until 1949 only seven per cent of the West Irians could read or write. The Communists could only influence them with "bread and butter propaganda."

"Since then illiteracy has decreased," Martadiardja avers. But he added that the Papuans are still largely unable to communicate either with outsiders or between their own tribes in a civilized manner.

Political economy—two words should be divorced on grounds of incompatibility.

Sheinberg: Rightists Not Radical, Conservative; Just Frustrated

By DANIEL RITEY

"The extreme right in the United States is not a radical right, nor is it conservative. People are driven to it because of conflicts and frustrations at home and abroad," Monroe R. Sheinberg said in a lecture Thursday afternoon in Maxwell auditorium.

Sheinberg, director of the New York Anti-Defamation League Regional Office, explained that rightists "are not radicals because they have no radical ideas to put forward, and they are not conservatives because they don't want to keep things the way they are."

In his talk on "The Extreme Right — a Threat to Whom?" Sheinberg expressed the opinion that "most of these extremist groups are riding the crest of current U.S. popularity towards consevationism, but they have already crested and will slowly decline in importance and influence."

"These groups are perfectly

(See Sheinberg, Page 8)

Full House Expected At Manley Dedication

A capacity crowd of 6,000 university donors and students will witness dedication ceremonies of the George L. Manley Fieldhouse Saturday night.

WAER - FM will carry the dedication and sports events, which will also be shown on closed-circuits television as part of Student Union night in the Women's Building.

The Syracuse-Army basketball game at 9 p.m. will highlight the evening.

At 6 p.m., the Orange freshman basketball team hosts the Ithaca College frosh.

Informal tours will be conducted through the public wing of the building from 6 to 7:45 p.m.

An invitational track meet, featuring a special mile run and a mile relay, starts at 7:45 p.m.

The University of Toronto, Villanova College, Yale University and Syracuse will be represented in the mile run, while Cornell, Colgate, Pittsburgh and Syracuse will compete in the relay.

Dedication ceremonies start at 8:10 p.m., with remarks by Chancellor William P. Tolley, Athletics Director Lewis P. Andreas and Dr. George L. Manley, after whom the fieldhouse is named.

The fieldhouse, whose inside diameter is 302 feet, has 71,631 square feet of ahletic playing area.

FIELDHOUSE DEDICATION BUSES

Buses will be run from campus to the fieldhouse Saturday night for students going to the basketball game. The buses marked "Manley Fieldhouse," will leave Sadler Hall making a stop at Sims.

The first one will leave Sadler at 5:26 p.m. There will be one every 22 minutes with the last scheduled one at 8:14 p.m. After that time if there are enough students to warrant an additional bus, they will be sent.

Students coming to the game from the city may park on campus and take the buses out to the fieldhouse to avoid parking congestion there. Buses coming to campus from the city will connect with the special fieldhouse buses at Sadler.

Buses will return to campus after the game.

Parties, JSG Set Elections For April 11

By ANDY PORTE

Spring elections will be held on Thursday, April 11, representatives of the three campus political parties and the elections committee decided Wednesday.

Campaigning will open on Sunday, April 6. Representatives of the three parties indicated that they will hold their nominating conventions before the spring vacation, which runs from March 23 to April 1.

The date was chosen primarily to allow time for passage of the new student government constitution and to avoid interference with midterm exams. Arguments against the date were that it would not give next year's sophomore class ample time to plan their weekend, scheduled for Oct. 4-6, soon after school reopens.

Revised Qualifications

Elections could not be held before passage of the constitution, it was said, because the new constitution may include revised qualifications for officers, in addition to a possible reduction of the number of senators-at-large from each class.

Joint Student Legislature government structures Committee Chairman David Knickerbocker, a senior senator-at-large, said that he hoped to have the revised constitution before the legislature at the first meeting

(See Elections, Page 10)

Personnel Group Okays Experiment On Finance Bill

By BEV LURIA

The Syracuse University Personnel Committee Thursday unanimously approved "on principle for experimentation" Joint Student Government's Student Activities Finance Proposal.

This approval, as related to the budget would be regarded the Daily Orange by Dean of as a regular department budget Men Earle W. Clifford, committee chairman, will be referred to SU Deans John S. Hafer and Eric P. Faigle for implementation, possibly next year.

Hafer is dean of personnel and Faigle is dean of student services.

If the proposal is accepted, JSG would handle the budgets of a group of student organizations for a period of time to be determined.

Organizations in this group pending approval, are JSG, the Student Union Activities Board, Traditions Commission and the International Students Organization, according to Kathy Kapsol, JSG budget director.

The Board of Estimate, a group established by Joint Student Legislature under the Finance proposal, will consider and approve student organization budgets.

It consists of Miss Kapsol and four voting members: Sandford Harris, financial director; Carol (Schultze) Lucha, JSG vice president; Robert Becker, JSL speaker pro tempore; and Beverly Lewis, JSG activities coordinator.

Financial advisor to the board, which is entirely student-run, is Horace J. Landry, chairman of the SU accounting department.

The board, which met Thursday, will submit a student activity budget to JSL next Wednesday. This will include the individual budgets of all organizations taking part in the experiment.

After approval by the board, the activity budget would be passed first by JSL and then by Dean Hafer.

The budget would then go for approval to Finance Director Clark D. Ahlberg. At this point the budget would be regarded as a regular department budget and would be sent to the chancellor's budget committee.

For final approval it would go before the budget committee of the Board of Trustees.

"Eventually we hope all major student activity budgets will be determined by the board," Miss Kapsol said Thursday. She stated that the experimental stage will last at least two years.

Miss Kapsol noted that organizations with budgets controlled by the board would have recourse to the Financial Review Board.

"After money has been appropriated to various organizations," Miss Kapsol said, "the Board of Estimate will have power to retract it for misuse or misrepresentation."

In this event, she continued, the Financial Review Board would act as a jury and have final say in the matter.

Parents Fund Exec Council Hears Tolley

Chancellor William P. Tolley will address the first meeting of the executive council of the Parents Fund of Syracuse University at 6 p.m. today in the prviate dining room at Sadler Hall.

The council is charged with the responsibility of advising and assisting to raise $225,000 to help build a new Student Infirmary. The new infirmary will replace the 40-year-old facilities presently in use.

The Joint Student Government Shakeup; Why?

Joint Student Government President Theodore Bayer Wednesday revealed a major shakeup in the JSG executive branch. The reorganization has left eight persons without jobs, and four others will be replaced as soon as substitutes can be trained. Eight persons have retained their jobs, and one new person has been added. Only one person has been "kicked upstairs" so far. Daily Orange reporter Andy Porte here examines the reasons for the shakeup.

Bayer cites three reasons for the shakeup. He wants interested persons in higher positions; he wants to take some of the pressure off himself and his vice president caused by serving on many university committees; he wants to bring continuity into the government.

There apparently is more to the story than the three generalizations listed by Bayer. The changeover occurred at an unusual time — three - quarters through a semester rather than at the beginning of a new term.

It appears that both Bayer and other JSG personnel and agencies were not satisfied with the work of the senior coordinators. The persons holding these posts were seniors in their last year on campus, with no higher positions to strive for.

As a result, their work slacked off to a point where other government personnel and agencies may have been hindered or overburdened.

The reorganization hopes to accomplish two purposes. Primarily, by bringing in interested juniors to work in formerly senior posts, Bayer hopes to get more work accomplished. As juniors, the new heads will have another year to look forward to, when they might assume the reins of the government and they would thereby strive for accomplishments to improve both the government and their chances for election.

Secondly, by centralizing the government operation, it is hoped that some of the pressure of serving on many university committees can be taken off of the JSG president and vice president. The "directors" would serve on committees pertaining to their area, while the president and vice president would

NEWS ANALYSIS

retain their positions on the more general committees, such as the Personnel Committee.

By centralizing power in four persons, each responsible for a specific area, Bayer hopes to eliminate the conflict that resulted from having two coordinators for each post. The dual coordinator system sometimes resulted in mild animosity and a reluctance to act without consent of the other coordinator.

By moving juniors to the top positions, the path will be opened for sophomores to assume positions formerly held by juniors. It is felt that much of the good sophomore talent had been going to waste with the government dominated by seniors and juniors.

The reorganization would also create a feeling of continuity, with sophomores assuming posts of commissioners, moving up to directors as juniors and possibly to JSG president as a senior. Under-commissioners and committee members would also be in line to advance.

The program eliminates the position of coordinator, but retains the commissioners. Most of the commissioners now in office are being retained until the completion of the school year. The number of commissioners in next year's government will probably be decided by the new JSG heads.

Since one of the reasons for the shakeup is to give talented juniors the experience necessary to make it easier for them to assume the presidency if one of them is elected, eyes will be carefully focused on the four.

Only one person has been 'kicked upstairs" to a directorship so far. He is James Morris, former elections commissioner, and new social, academic and cultural (SAC) director. His name has often been mentioned in political discussions, but elections are four months away and much remains to be seen.

Most likely to receive the next promotion is Douglas Long, present intercollegiate communications (ICC) commissioner. It is reported that Long will be offered the position of special services director.

Another junior in line for a possible promotion is Kenneth Harfenist, present government training commissioner. Harfenist is continuing in that position

Second Thoughts On Student Finances

The reaction of most students on the Hill to the passage of the Student Finance Bill through Personnel Committee is undoubtedly a favorable one. They will be pleased to see more control over student affairs passing into the hands of students. They will have the greatest confidence that the bill can only bring better things to Syracusans.

We, however, have some serious doubts about the wisdom of giving students this control.

The major factor that causes us to be so dubious is the lack of efficiency and organization that has been demonstrated in the past by student government personnel.

Matters as vital as budget allocation should not be delegated to an organization where there is the definite possibility that oversights will be frqeuent, and that all concerned will not receive thorough attention.

Tying in with this factor is that of the regular turnover inherent in government by students. Government leaders have stated many many times that on of their most basic problems is that of maintaining continuity in their affairs from year to year as students leave campus and relinquish their posts. Such a disjointed setup cannot be expected to function with the efficiency of most university deans.

Finally, and regretfully, as we view our own shortcomings, we must suggest that perhaps the maturity, responsibility and insight of each student in government office may fall somewhat short in matching that of the university's administrative personnel who are, although some students are loath to admit it, turning all their efforts and talents to the welfare of the raison d'etre of a university—the student body.

AMIDST THE CLAMOR

Deferred Rush

By Win Whittaker

At the recent National (Fraternity) Executive Secretaries Conference here, the new de rreefd new deferred rushing program was discussed. A majority of the men disliked the idea of deferred rushing itself.

But, deferred Fraternity rushing will be with the Greeks for a long time to come. Thus, understanding the purpose of the rules as they are set-up becomes a must for the active Greek. Although this columnist, like many other local Fraternity men, does not favor the deferred rushing concept, an explanation of the existing system appears to be in order.

The following was written by the two Interfraternity Council Co-Rushing Chairmen, John Eberenz and Mike Steinberg. Their words may not express the sentiments of this writer, but Eberenz and Steinberg played a large role in developing the rules and are now in charge of their enforcement.

"As most of you are probably aware by now, Fraternity rushing is deferred this year. As this is a new situation, it entails many unique and unknown problems unthought of when the rules were drawn up.

To cope with this new situation, the new rushing rules have established a feature of limited rushing through-out the first semester. With the advent of a deferred rushing system, new, untested rules had to be put into effect.

"In light of this fact, there are bound to be shortcomings in the rules as well as in the rushing program itself. But, just as our football team was green and inexperienced, it had potential and through hard work, co-operation and the ability to learn from its mistakes, the team has shown itself to be strong and capable. So with the potential we have and the ability to learn from our mistakes, rushing as well as the entire fraternity system should grow stronger every year.

"We," write the Co-rushing Chairmen, "feel we have approached this year of reorganization with intelligence and optimism. Though fault may be found with the rushing rules as with any set of regulations, we believe that they are more than adequate and, with the cooperation of the Freshmen as well as the Fraterntiy men we can look forward to a bigger and better fraternity system through this stonger rushing program.

"The rules have been established to make what would appear to be a semester of isolation and solitary confinement for the Freshmen into a profitable and worthwhile period for the Frosh and the fraternity men. Contary to the opinion expressed that 'we must forget an entire class exists until February; then, for a few short weeks, it is open season on the Frosh,' the fraternity men should familiarize themselves with the rules. They would understand the main thought behind the rules is to allow as much normal contact as possible while, at the same time keeping both Freshmen and Greeks away from any situation that would result in unfair pressure in biasing a Frosh's decision.

"In past years, hunting licenses were issued to Fraternity men with an open season on bewildered Freshmen. We feel now that we have initiated a rushing program consisting of enough varied activities throughout the semester with ample opportunity of meeting and talking with Greeks to enable the Freshmen to enter rushing with a more comprehensive understanding of the Fraternity system. The rushees will have been afforded the opportunity of knowing more about individual houses than in any previous year."

"With the formation of a ten-man rushing committee, composed of Seniors from various houses, we hope to provide added insurance that the rushing rules will be upheld and enforced. The IFC approved the rules, thus they become the responsibility of each and every Fraternity man to enforce. For if the Interfraternity Council is to be a strong, effective autonomous organization, the strength must come from within — each member of each house bearing his obligation to the entire system as well as his own particular house."

LETTERS

Frosh

To the Editor:

At the beginning of the year I attended the Freshman nominating convention. The first night I sat listening to speeches until 12:00 p.m. The next night I got out at 9:30.

Although I did not mind listening to the speeches because of their fine promises I realize now, in retrospect, that all they were were promises.

Almost everyone of the 35 speeches promised a Newsletter for the Freshman class. In this Newsletter there was to be information concerning J.S.G. legislature, student union news, and various other aspects of Freshman activities. It has now been almost two months since the officers were installed in their offices. No Newsletter has arrived on the scene.

Also promised was more efforts on the part of the officers to encourage class unity. The only effort made in this direction so far has been a weekly Student Union Night.

To indicate the lack of unity is the striking example that less than 50% of the Freshmen can name their officers; much less identify them! Less than 50% of the Freshmen even VOTED for officers.

It is with much regret that I bring this point up in the clear light of dawn but I feel that this is my duty as a member of the Freshman class to relate these facts. As Socrates once said, "The unexamined life is not worth living."

Grads

To the Editor:

Three cheers for "Name Withheld" whose letter appeared in Tuesday's DO! Having been graduate students at Syracuse for the past semester, we can wholeheartedly agree with the need for a well organized and varied program for graduate students. We are baffled that a university of this size lacks adequate facilities and general concern for its large graduate population.

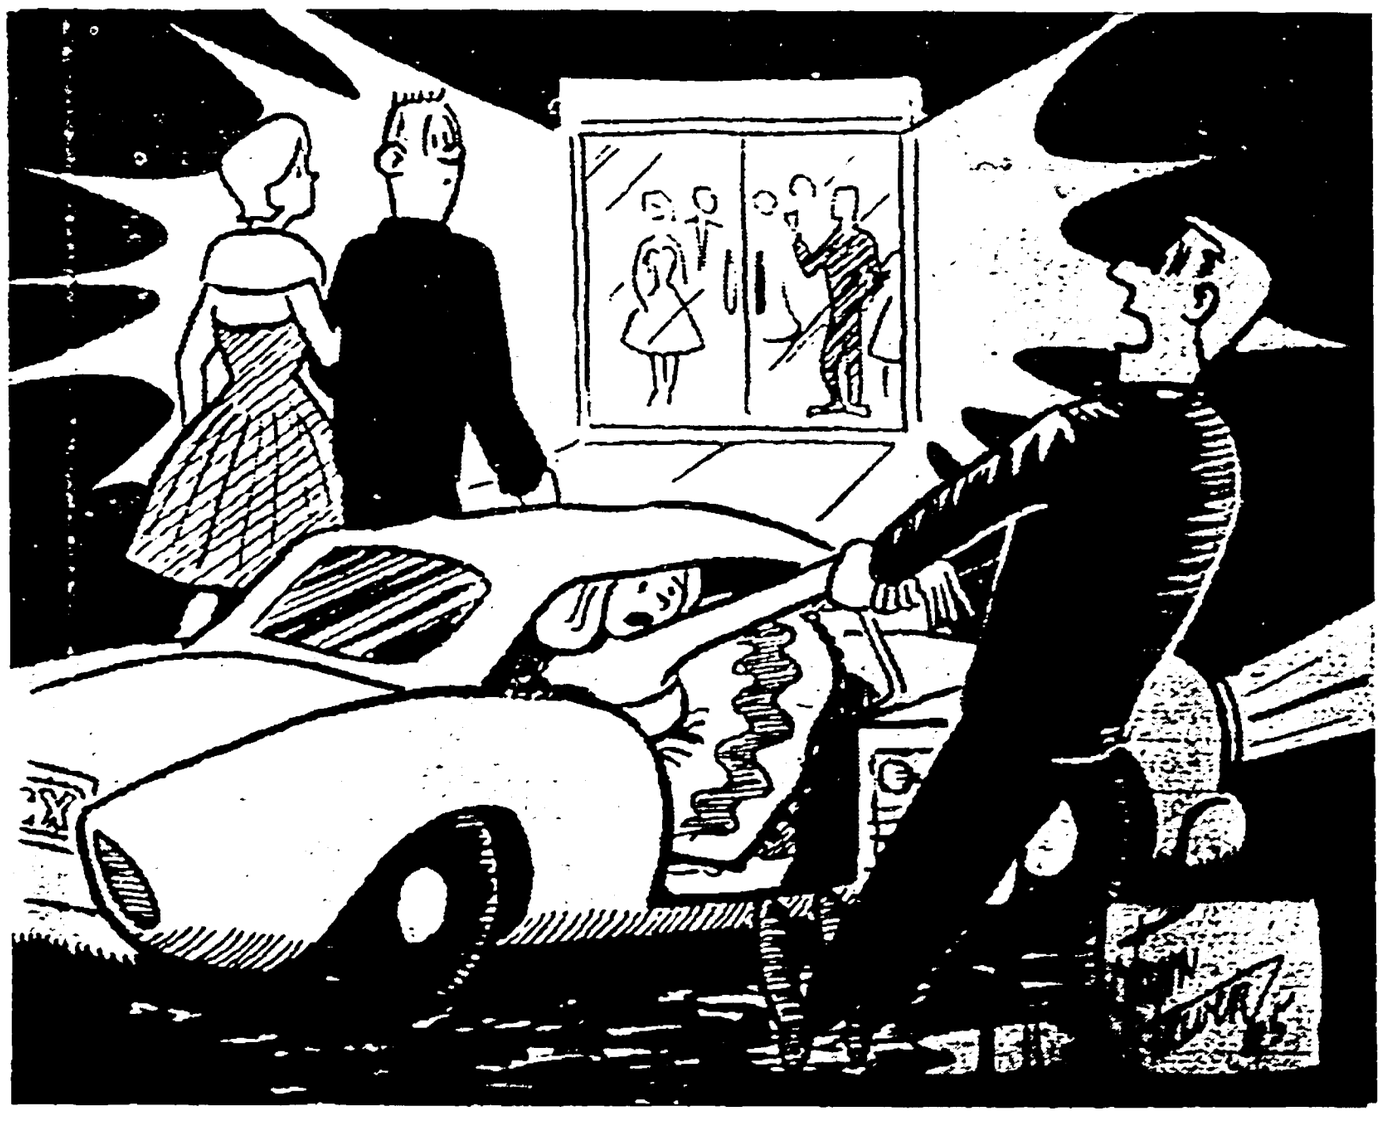
While pursuing an intensified program of study, opportunities to become acquainted with students outside one's own department are limited. There is an expressed need and desire for some type of graduate social activity. To what organization or individual can our inquiries be directed? Card playing, after all, is only one man's cup of tea.

Names Withheld

House Meetings

To the Editor:

I have had it. This is enough. As is well known to the students, especially coeds at Syracuse, there are ghastly weekly horrors called house meetings. During these meetings announcements are made that could be just as well posted in each living center or floor and in that way also avoid most of the resulting confusion.



I must admit I have only been at Syracuse approximately ten weks, but, during that time, not one thing of any consequence has ever been accomplished at a house meeting. Being of a somewhat practical nature. I decided that this hour might just as well be spent sleeping on our comfortable floor. After two weeks, I felt somewhat chilly, and therefore brought a blanket and now I sleep once more.

As I write this, I have received a series of lectures on this topic, been threatened with being brought before our house standards committee, AWS, and one kind soul said I might be suspended. What a cheerful thought (I don't snore, so I really don't disturb them).

Does anyone have suggestions or are there any good defense lawyers handy on this campus who are willing to help.

Elizabeth S. Foster '66

TREVER ON CAMPUS

HELP!

THIS WEEKEND

Concerts Movies

Theater Radio-TV

Here it is, the last weekend before we all get stewed and potted Christmas and potted New Years. Considering the great quantities of booze to be consumed soon, and the local weather, let's try to keep this weekend sober.

FIRST RUN THEATERS

RIVIERA-CINEMA — Another top double bill for the art house in the sticks: "Whistle Down the Wind" and "Shoot the Piano Player." "In Whistle" Hayley Mills thinks she's found Jesus Christ in her barn, which is par for the course. In "Shoot" a concert pianist turned bistro key tinkler gets mixed up with some bungling tout funny hoods. Considering the state of local affairs that is also par for the course. So put on the snow tires, roll up the plastic windows, slush it out to the Riviera, and take in the ingratiating, charming, four star flicks. "Maybe a Messiah?" at 6:45 and 9:55 p.m. "He's Doing the Best He Can" at 8:25 p.m.

LOEW'S—Picture this: a quiet, rolling, green plain spread 150 miles on the Loew's widest of screens. Suddenly out of the left hand mile there appears a girl, a Hollywood extra, scantily laced. She is running. Behind her appears a giant, hulking man, cloaked in armor. He has no head. He's running after the girl. He never quite reaches her, but occasionally aims his sword at her. Together they run across the screen. Two hours later they reach the other end of the screen, and the film "The Huns," is over. After intermission a similar girl and guy run across the screen. But they run from the right to the left. After two hours "The Centurion" is over. You can go home now.

SHOPPINGTOWN — Theater of the underworld is still running John Hersey's "The War Lover," a better than average war film. Really, having this film at Shoppingtown is a good idea. If those battle scene scare you too much just remember you're in a fallout shelter. "Lover that War" at 7:40 and 9:40 p.m.

OTHER FILMS OF INTEREST

KEITH'S—Surprise of surprises. The Keith's has a double bill that would do the Eckel proud, and maybe, even the Riviera. Someone must be slipping over there. It's Audrey Hepburn time as she starts in "Roman Holiday" and "Sabrina" along with Gregory Peck, Humphrey Bogart, and William Holden. For Hepburn fans these pictures were made before Hollywood "brightened" and "glamorized" this excellent actress. "Holiday" at 7 p.m. "Sabrina" at 9 and 11 p.m.

PARAMOUNT — Sandra Dee gets kicked out of the Paramount by Kim Novak this Saturday. What fun! Friday Sandy swings and sways as "Gidget" and as "Gidget Goes Hawaiian." These Rainbow color films please the hearts of the local adolescent mind. Others should bring Clearasil and pincurlers to properly emphasize with the audience. Saturday, on the other hand, the tenagers had beter dye their hair blond and get into a girdle or two. Kim Novak stars in "Pal Joey" and "The Eddy Duchin Story." Ah, that Kim, the best looking no-talent to hit Hollywood in years. She co-stars with Rita Hayworth, Frankie, and Tyrone Power. No times available.

ECKEL—Stanley Shapiro is a motion picture comedy writer. He writes very funny films. He makes a lot of money. He writes very bad films. He makes a lot of money. Rock Hudson and Doris Day star in "Lover Comes Back." They have made funny films and money. They also make not-so-funny films and money. Color this film green. Don't color it funny. Stanley also wrote "Come September" with stars Rock and Gina Lollobrigida. Nature did beter in creating Gina than Stanley did in writing "Come September." But Stanley got more money. Sandra Dee is also in "Come September" so you may color her juvenile. No times available.

HOLLYWOOD—See Kirk Douglas clench his teeth. See Dalton Trumbo write a silly, romantic Marxist picture. See lots of blood and gore. See the American Legion make fools of their middle-aged-selves if they picket the Hollywood. See all this fun at "Spartacus" 7:45 p.m.

KALLET-GENESEE — "Tarzan Goes to India" is one of the better "Tarzy" films. Really, it is. Lots of action, color, adventure, sweat. And no corn, just good clean chicken fat. And speaking of fat there's Orson Welles in "The Tartars." Victor Mature is just a fat head in the part he plays. "Tarzy" at 6:45 and 9:39 p.m. "Tartzy" at 8:15 p.m.

WESCOT — She's folding her napkin at the Wescot these days. Anne Bancroft and Patty Duke enroll in "The Miracle Worker" while John Saxon knocks off a superb performance in one of the best war flicks made in a long time, "War Hunt." How did the Wescot get it? "Miracle" at 8:55 p.m. "War" at 7:30 p.m.

ALSO PLAYING

FRANKLIN—"The Spiral Road" at 9:05 p.m. "White Christmas" at 7 p.m.

PALACE—"The Chapman Report" at 7 and 9:05 p.m.

ON STAGE

CORONET THEATER—"Little Mary Sunshine" concludes her run 8:40 p.m. today and Saturday.

CROUSE CONCERT — 1962 Stepsinging Awards will be handed out, and works by George Mulfinger, Robert Hess, and Earl George will be performed. 4 p.m. Sunday, Crouse College.

LIVELY ARTS—12 string guitarist Mark Spoelstra will perform 3 to 5 p.m. Sunday at the Genesee street coffeehouse.

SYRACUSE SYMPHONY — Handel's "Messiah" played and sung 8:40 p.m. today at Lincoln Auditorium.

CHRISTMAS CONCERT — 7 p.m. concert and caroling Sunday at Hendricks Chapel.

Christmas Music at Chapel

The third annual Christmas Music Concert will be presented 7 p.m. Sunday at Hendricks Chapel. The concert will be preceded by a candle lighting ceremony and will be followed by the traditional singing of carols on the Chapel steps.

The concert, featuring the Chapel Choir under the direction of Arthur Poister, will perform works by Shaw, Bach, Paestrina, Wright, and Castelnuovo.

Stepsinging Concert Set

The 1962 Stepsinging Trophies will be awarded at a Sigma Alpha Iota concert Sunday in Crouse Auditorium at 4 p.m.

SIA, National Women's Professional Music Fraternity, annually sponsors the stepsinging contest. The winners of the small and large house divisions will perform.

Works of three faculty members and a graduate of the School of Music will also be performed. Soprano Linda Smith, accompanied by Carolmae Brown, will present two of Ernst Bacon's compositions.

George Mulfinger's "Bells of Oz" and "Sonatina" will be played respectively by pianists Martha Kolota and Sue Kadison.

The Sigma Iota Chorus will sing "Our Little Kinsmen" by former student Robert Hess and "A Definition" by Earl George.

All Crouse Concerts offer free admission and campus parking.

Cadet - SU Cagers Clash

By MARK DIAMOND

Fred Lewis' Syracuse cagers host Army Saturday as part of "Dedication Night" at Manley Fieldhouse. The game starts at 9 p.m.

After opening the season with a harrowing 36 - 35 home victory over Kent State, the Orangemen have since lost two straight on the road, bowing to Penn State, 67-54, and Fordham, 57-43.

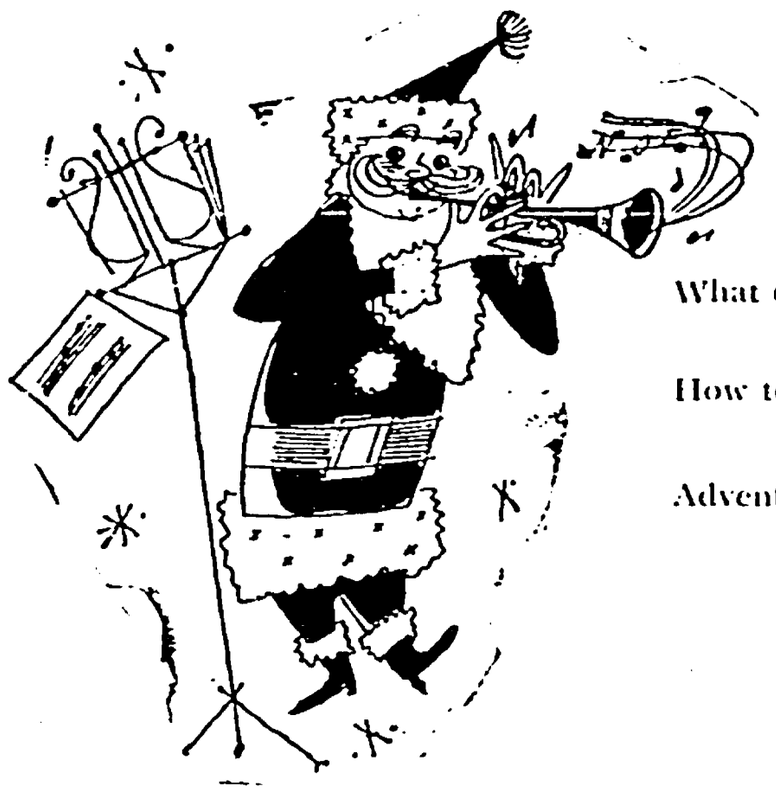
Lewis is confident that his team will be "up" for the game. "We've been playing top flight defensive ball this year, and I expect them to explode on offense one of these days and beat the daylights out of someone, he stated. I couldn't think of a better time for it than against Army."

Probable starters for the Hillmen include high scorer Phil Schoff and Dick Finley at forward, captain Herb Foster at the post, and Dick Duffy and Carl Vernick at guard.

Schoff, a sophomore, has tallied 29 points in the three games while Foster has 25. Last year's leader, Carl Vernick, got off to a slow start with only six markers in the first two games, but showed signs of breaking out of his slump with 10 against Fordham, hitting 5-9 from the floor.

Army has a 2-1 log ,having bested Lehigh, 64-55, and Buffalo, 73-61, while falling before Princeton and soph sensation Bill Bradley, 71-54.

The West Pointers have a tall, young team which features what coach George Hunter has termed a "controlled shuffle" offense. The front line will be captain Bob Foley 6-7, Charlie Hutchinson 6-4, and either Al Treado 6-7, or Bob Boehm 6-5.



Dennis Shantz and Ivan Harris are the playmakers. Shantz is the second high pointman with 34, behind Hutchison's 41. Foley, the only senior on the squad contributed 20 in the recent Buffalo game and has 31 for the year.

Syracuse will probably have to rely on zone defense which has been effective this year, while hoping that its own outside shooting can pick up.

SPORTS

BASKETBALL, TRACK AND TALK—The fieldhouse officially opens Saturday evening with two basketball games, a pair of track events and dedication ceremonies. Orange frosh vs. Ithaca freshmen at 6 p.m. A fight for seats will be a preliminary to the frosh clash. Track at 7:45 p.m., dedication ceremonies at 8:10 p.m. with the Syracuse-Army game to start at 9 p.m.

Tangerines To Face Ithaca; Seek Second Straight Victory

Coach Morris Osburn's undefeated freshman basketball team will tackle the Ithaca yearlings in Saturday night's prelim at 6:00 in the new Manley Fieldhouse.

This will be the Tangerines second test of the young season; they beat the hapless Morrisville frosh 85-31. Their game against Ithaca on Tuesday was called off.

Dave Bing is expected to be the guiding light for the Tangerines. In the Morrisville game, Bing, a 6-2 forward, led the team with 23 points and 6 assists. He also snared nine rebounds.

Norm Goldsmith, who scored 16 points in the opener, is expected to ad scoring punch to the team. Norm came off the bench during the first half, and the 6-3 guard led the team to a 35-16 halftime edge.

Sam Penceal, a 6-2 guard, was also very impressive in the Morrisville tilt. Sam played heads up ball throughout the game, but he was held to 10 points because his fouling kept him benched in the second half.

The Tangerines should have a definite height advantage, because the tallest man on the Ithaca squad is 6-4 Tom Godwin. The Syracuse lineup averages 6-3 with 6-8 Rex Trowbridge leading the way.

Joining the 200-pound Goodwin under the boards for Ithaca will be 210-pound Bob Steihler, who measures 6-2. With these two to contend with, the SU frosh will have their hands full.

Gymnastic Team Meets Annapolis

Coach Paul Romeo's gymnastic squad will try to make it two in a row, with a victory over Navy in their initial EIGA test, at the Academy tomorrow.

Paced by Phil "Corky" Vaos, sophomore Phil Ogelby, and captain Ray Grimaldi, the team beat the University of Toronto, 103-31 last Saturday.

The Orange split with the Midshipmen in their contest last year, but should have the edge this year. Navy has only Larry Silve, returning from last season's squad, while the Hill has a strong experienced core of performers returning.

Quality is the key to success at Western Electric

Admittedly, our standards are high at Western Electric. But engineering graduates who can meet them, and who decide to join us, will begin their careers at one of the best times in the history of the company. For plentiful opportunities await them in both engineering and management.

As we enter a new era of communications, Western Electric engineers are carrying forward assignments that affect the whole art of telephony from electronic devices to high-speed sound transmission. And, in the management category alone, several thousand supervisory jobs will be available to W.E. people within the next 10 years. Many of these new managers will come from the class of '62.

Now's the time for you to start thinking seriously about the general work area that interests you at Western Electric, the manufacturing and supply unit of the Bell Telephone System. Then when our representative comes to your campus, you'll be prepared to discuss career directions that will help make the interview profitable.

After a man joins Western Electric, he will find many programs that will aid him in exploring the exciting course of his career—while advancing just as fast as his abilities allow. And he'll be secure in the knowledge that he is growing with a company dedicated to helping America set the pace in improving communications for a rapidly growing world.

Challenging opportunities exist now at Western Electric for electrical, mechanical, industrial, and chemical engineers, as well as physical science, liberal arts, and business majors. All qualified applicants will receive careful consideration for employment without regard to race, creed, color or national origin. For more information about Western Electric, write College Relations, Western Electric Company, Room 6106, 222 Broadway, New York 38, New York. And be sure to arrange for a Western Electric interview when our college representatives visit your campus.

Western Electric

MANUFACTURING AND SUPPLY UNIT OF THE BELL SYSTEM

Principal manufacturing locations at Chicago, Ill.; Kearny, N. J.; Baltimore, Md.; Indianapolis, Ind.; Allentown and Laureldale, Pa.; Winston-Salem, N. C.; Buffalo, N. Y.; North Andover, Mass.; Omaha, Neb.; Kansas City, Mo.; Columbus, Ohio; Oklahoma City, Okla. Engineering Research Center, Princeton, N. J. Teletype Corporation, Skokie, Ill., and Little Rock, Ark. Also Western Electric distribution centers in 33 cities and Installation headquarters in 16 cities. General headquarters: 195 Broadway, New York 7, N. Y.

Wrestlers Meet Lehigh Tomorrow

The Syracuse Wrestlers host Lehigh in Archbold Gym Saturday afternoon at 2 p.m. The Orangemen finished first and ahead of the Lehigh Engineers last week in the Coast Guard Invitational Tournament. The Engineers are perenially an Eastern wrestling power. Last season Lehigh beat Syracuse 32-2.

The Hill squad has been strengthen by the addition of two football players Jerry Everling and Jim Nance. Both were champions as frosh last year. They will be wrestling Saturday with only four days practice.

The team has gained "mat awareness" with one match under their belts, according to Coach Joe Scandura. His only worry is a lack of depth which isn't too critical on a wrestling team.

A probable lineup for the Orange will have Nance wrestling heavyweight. Jim won the Freshman an Eastern Heavyweight Championship last season. He finished the frosh season undefeated.

Everling will represent the Orange in the 191-pound class. He also won the easterns last year as a frosh in his weight class.

Sonny Greenlaugh, a senior from Vestal, N.Y., will wrestle in the 130-pound class. Greenlaugh was one of three Orange champions in the Coast Guard Meet.

Junior Dick Slutzky wrestles in the 147-pound division for Syracuse. He was champion of his division in the meet last week.

Gary Sirota, a senior from Merrick, N.Y. is the 147-pound division representative. He was the third Syracuse champion last week.

Other grapplers slated to see possible action are Jim Murrin, George Reidener, Terry Haise and Lou Lee.

In the opening meet Greenlaugh beat Lehigh's entry in the 130-pound division.

Reidener lost a close match to Kirk Pendleton of Lehigh who was the meet's 157-pound division champ.

The match is being televised back to Lehigh Saturday as wrestling is the Pennsylvania schools major winter sport.

The Engineers were one of two teams to beat Syracuse last season.

Army was second to Syracuse in the Coast Guard Tourney with Mankato St. College of Minn. third. Lehigh was a close fourth.

After the Lehigh match the Orange grapplers meet Ithaca Dec. 15.

In sizing up his teams chances Scandura said that the middle-upper weights are not bad but the ailments of Bob Chappel and John Dustell may hurt the Orange cause.

Syracuse Runners practice for Fieldhouse Relay Race Saturday at Manley Fieldhouse.

Debators Face Cornell Friday

The Syracuse University debate team will face Cornell at Ithaca Friday.

J. Nelson Happy and Stephen Hallmark will represent the negative side for SU.

Both teams "Resolved: That the creation of the state of Israel was one of the mistakes of this century."

Saturday, Syracuse will hold an Intra-Council Tournament in the Hall of Languages.

At this tournament twenty debators will discuss "Resolved: That the non-Communist nations of the world should establish an economic community."

AWS Surveys Quiet Hours

Quiet hour surveys were presented to each living center at the Assn. of Women Students meeting Wednesday night.

The confidential surveys, it is hoped, will help residences improve their quiet hours for studying.

Trackmen Highlight Dedication; To Compete In Mile Events

By HOWIE SCHNEIDER

Top collegiate track performers from seven universities and two countries, will highlight tomorrow night's Manley Fieldhouse dedication. The runners will compete in the mile run and relay, before an estimated capacity crowd of 6,000.

In the mile relay Syracuse will go up against Cornell, Colgate, and Pittsburgh. Pitt, paced by Vance Carter, appears to be the team to beat, and Orange starters Gary Sherman, Bob Brown, Cal Evans, and Charlie Gaston have high hopes of doing so.

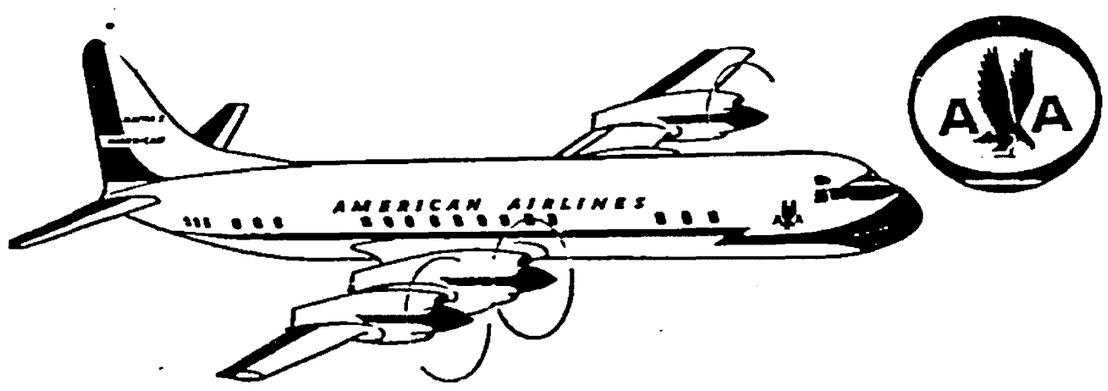
Contenders in the invitational mile run are Canadian stars, Bruce Kidd and Bill Crothers, Villanova's heralded Vic Zwolak, Bobby Mack of Yale, and Syracuse's Mouncey Fergurson.

The competition should be rough with Kidd, who has the best time of any of the runners with a 4:01.4 mile, figuring to be the favorite. The Canadian record holder of the one, two, three, and six mile runs, also won the Amateur Athletic Union cross country meet last year.

The other Canadian speedster, Crothers, will be a definite threat to his University of Toronto teammate, as will Zwolak, the IC4A indoor mile champ. Crothers' best mile has been a 4:07.5, while Zwolak has been clocked at a 4:04.7 outdoor mile, and a 4:09.3 indoor.

Mack and Fergurson also cannot be counted out. The Yale runner is the indoor IC4A two mile record holder, and is also the Ivy League heptagonal one mile champion. He owns a 4:08.2 mile. Fergurson, the hometown underdog, placed sixth in the IC4A mile run, and holds a 4:11 mile.

ARMY TIX



Publicity director Val Pinchbeck has announced that approximately 1000 student tickets are still left for Saturday's basketball game against Army. The program, which includes official dedication of the Manley Fieldhouse, will begin at 6 p.m. with a freshman basketball game against Ithaca. Tickets can be picked up at Archbold Gym from 10-4 p.m. today.

Students attending the basketball game against Army have been urged to make their presence felt. It has been suggested that the use of cow bells or similar devices would be an effective way of showing that the fans are behind the Orangemen. The more the merrier. Buses will be run to the Fieldhouse from Campus.

JUNIOR Editor BEVERLY LURIA and PETE KOSSEFF: "No, no, no, no! It's 'Earle W' not 'Earl Q'."

Page by Steve Schwimmer

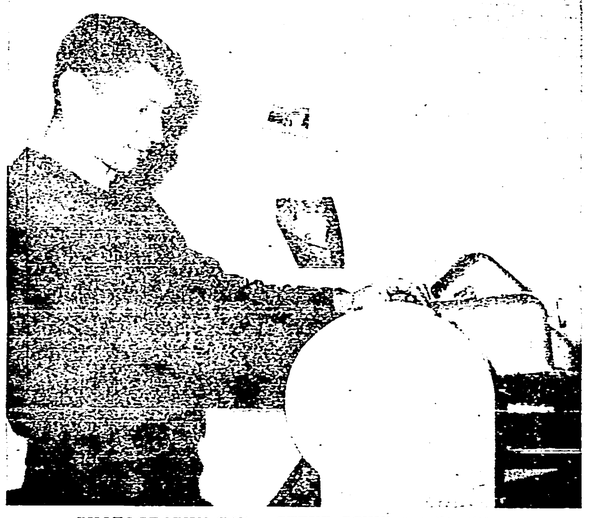
The Daily Orange, begun in 1903, is one of the oldest college dailies in the nation. It is currently housed in a 20 year old prefab behind Steele Hall where a staff of over 40 students meet 130 daily deadlines, freezing in the winter and perspiring in the summer.

The first office on the right, as one enters the "Hellbox," belongs to Editor-in-Chief Milton Joffe.

The next office on the right belongs to Entertainment and Executive Editor John E. Greenwald and Editorial Director Joyce Hergenhan. Besides editing the entertainment page, Greenwald is responsible for scheduling junior and senior editors for day and night work and for the recruitment and training of new staffers.

Opposite this office is the sports office, manned by Sports Editor Alan Kort and his staff of 12, including three girls. They put out the two pages a day of sports copy.

In a large, noisy room at the end of the "Hellbox" is the newsroom, where the copy for pages 1, 6, 7 and 8 is written, edited and laid out. This main news center of the DO is run by Managing Editor Jeannie Ranov.



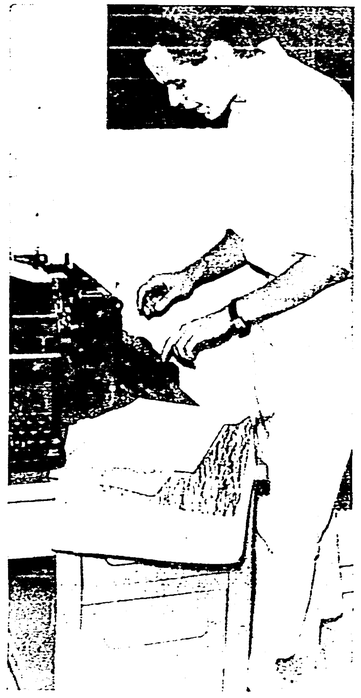
In the basement of the Journalism School, Photography Editor Steve Schwimmer develops and prints his pictures and makes the DO's "Fairchild" engravings.

In subsequent issues the DO will feature the business staff at work and an explanation of how the paper is printed.

EDITO MILTON JOFFE—"I'm awful sorry it took you ths to find the Hellbox, but now that you're h an I do for you?"

INSIDE THE HELLBOX

PHOTOGRAPHY Editor STEVE SCHWIMMER—"Guess I'm lucky. The Fairchild machine didn't catch fire this time."



SPORTS Editor ALLAN KORT — "You mean we picked them all right?"

MANAG JEANNIERANOV—"Well, here's an- other st to rewrite!"

STAFFER SUSAN WEINBERG—"Phooey! Jeannie told me to write 12 paragraphs and Panhel didn't do a thing!"

STAFFER ANDY PORTE — "We've really got a hot collection of campus notices today."

ENTERTAINMENT Editor JOHN E. GREENWALD and KEVIN McINTYRE — "So you're going to put out a calendar?"

STAFFER HOWIE GINSBERG and p campus notice will definitely be in

IVAN FLEDMAN—"Yes, yes. This nd Thursday."

STAFFER STEVE MONBLATT and JEANNIE RANOV—"As William Randolph Hearst once said. . . "

Sheinberg...

(Continued from Page 1)

legal," he went on, "they have the right to say what they want, and only more information and exposure of them to the American people is the answer to these groups."

Characteristics

Sheinberg listed some characteristics of the right-wing extremist. "They ignore historical and economical reasons for events, and, instead, blame debacles on the fact that there is treason in high offices and anyone who doesn't agree with this is a dupe or tool of the Communists."

"These people also reduce every issue to a basic either-or alternative," Sheinberg said. "They can't see the possibilities of negotiation, compromise or agreement." It's total victory or total defeat in our war with the Communists.

Thirdly, these groups — like the Communists themselves — are anti-democratic in their tactics and structure," he continued. They are monolithic bodies subject to complete authoritarian controls, he added.

Sheinberg noted that there are about 150 large and small extremist groups in this country. He mentioned three of the larger ones, noting that they all are "million dollar operations, well organized and carefully structured."

John Birch Society

The John Birch Society was founded in December 1958 by Robert Welch, Sheinberg said. "This group is very rich, and well-enough organized to hold its 60-75,000 members once it gets them," he added.

The lecturer noted that the Birch Society is "organized at the grass roots with many chapters around the country. Also, the members are well-to-do people, highly respected and leaders in their communities. These last two items account in a large way for the relative success of the Birch Society," Sheinberg said.

He compared some of the Society's aims to those of their enemy the Communists. "Both want the end of NATO, the end of foregin aid, bases and assistance, the end of the UN (or its domination by the USSR) and abridgment of civil rights. Both also use the front group as a major tactic," Sheinberg pointed out.

"The Birchers and other anti-Communist groups like Billy James Harrgis' Christian Crusade and Fred Schwarz' Christian anti-Communist Crusade, actually help the Communists by hammering away at those things that help us resist Communism like religion, civil rights and democracy'," he stated.

Harrgis' and Schwarz' crusades lack the organization and depth of the Birchers', but they make up for this with emotional appeal and wide coverage via radio and television,' Sheinberg said.

"As an additional gimmick Schwarz uses his anti-Communist school to indoctrinate people', he went on. "Lecturers are usually bigoted, but some are actually experts in their fields.

Sheinberg also noted that the Conservative Party in New York State may be a factor to reckon with in the future, but most of the groups of the extreme right will decline within some years.

SU Gets Two Grants

Two grants have been given Syracuse University.

A federal agency has announced an award of a $31,735 contract for a one-year study of air temperature and humidity in fallout shelters.

The Office of Civil Defense, in making the grant, announced that Dr. Eugene E. Drucker, Hill mechanical engineering professor, will be in charge of the study.

Mr. and Mrs. DeWitt Wallace, publishers of the Reader's Digest, have given the School of Journalism a Travel Grant of $750.

If success turns your head, you're facing the wrong direction.

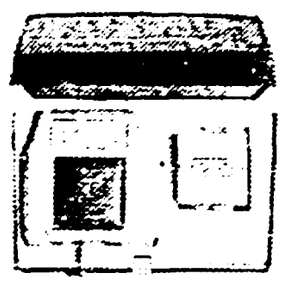
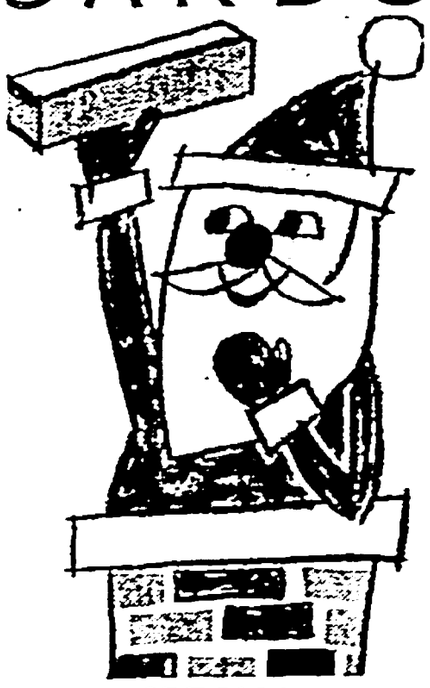
The gift with no strings attached

Remington® Lektronic II—only shaver that runs with or without a cord



No sinks. No cords. No morning rush. Sealed into the Lektronic II are rechargeable energy cells that power it anywhere you go. For days and days of shaving on a single charge.

Forget to recharge? A flick of the switch and it runs off a regular wall plug.



Only Remington lets you stop "Shaving," start rolling your whiskers off with exclusive roller combs. They roll your skin down for comfort. Roll whiskers up for closeness. Almost like *rolling* your whiskers off.

This Christmas, get the electric with no strings attached. Start dropping hints now.

Chapel Roundup

A carol sing on the Hendricks Chapel steps, a candlelight service and concert music will highlight the third annual Chapel Christmas concert at 7:30 p.m. Sunday.

— o —

Chapel Dean Charles C. Noble's sermon at 10:55 Sunday morning will be "Now, When You Were Born . . ."

— o —

The Lutheran Campus Ministry service will be held at 9:30 a.m. in Chapel House and 5 p.m. in the Hendricks Chapel North Wing. A coffee hour will follow the morning service, with a joint supper with the Methodist Student Fellowship at 6 p.m. in the Chapel basement. Following the supper, members of both groups will attend the Chapel concert.

After worship at 5:30 and supper at 6 p.m. Sunday at Chapel House, members of the United Campus Christian Fellowship will also attend the concert. UCCF, MSF and the Lutheran Students Association will sponsor a Christmas party and carol sing at Chapel House after the concert.

— o —

The MSF "Dialogue in Theology" luncheon will be held at 12:20 p.m. Tuesday at Chapel House.

The Rev. and Mrs. Vernon Bigler will hold an open house for Methodist students at 113 Berkeley Dr. from 7:30 to 10 p.m. Wednesday.

— o —

Inter-varsity Christian Fellowship will sponsor an informal Bible study class at 7:30 p.m. today in the Chapel lounge. Topic for the interdenominational study is "What is Christmas?" All are welcome.

IVCF will Christmas carol Thursday. More information will be posted on the IVCF bulletin board in the Chapel basement.

— o —

Rabbi Louis Neimand's sermon topic at Hillel services tonight will be "Who Is a Jew?" He will discuss the implications of the recent Israeli Supreme Court decision.

— o —

A Theodore Bikel movie, "Shall These Bones Live?", will be shown at the Hillel-Student Zionist Organization Chanuka lake party Sunday. The supper, which starts at 6:15 p.m. in Chapel House, is free to Hillel and SZO members and costs 75 cents for others.

Twister Set For Saturday

Flint 4C and DellPlain 2 will sponsor a "Deficiency Twister," from 1:30 to 4:30 p.m. Saturday in Flint Lounge. Music will be provided by the Daquiris.

Prices are $.50 for boys, $.25 for girls, free for those with five deficiencies, and $6.98 plus tax for all deans.

Music Honorary Reactivated at SU

The Syracuse Chapter of Phi Mu Alpha Sinfonia, men's music honorary, has been reactivated by formal initiation and pledging of a pledge class of 13 undergraduates and one graduate.

Officers of the new Theta Chapter are Bernard LaDue, president; John Metz, vice president; William Shank, corresponding secretary; Glenn Armstrong, rec. secretary; Kenneth Sipley, treasurer; Stanley Searl, alumni secretary; Howard Rowe, warden; and Steffan Aletti, historian. Dr. Earl George, assistant professor of theory and composition is faculty advisor.

OPEN HOUSES

The following fraternities will hold open house for freshmen from 7 to 9 p.m. Monday: Acacia, Alpha Epsilon Pi, Beta Theta Pi, Delta Upsilon, Kappa Phi Delta, Lambda Chi Alpha, Phi Delta Theta, Phi Sigma Delta, Pi Kappa Alpha, Sigma Alpha Epsilon, Sigma Nu and Sigma Phi Epsilon.

TIMEKEEPERS NEEDED

Chairmen timekeepers are needed for Saturday's debate tourney. Anyone interested report to 414 HL for assignments.

Elections...

(Continued from Page 1)

of the second term.

If the constitution is then approved by the legislature, it will appear as a referendum to be voted on by the entire student body.

Elections Act

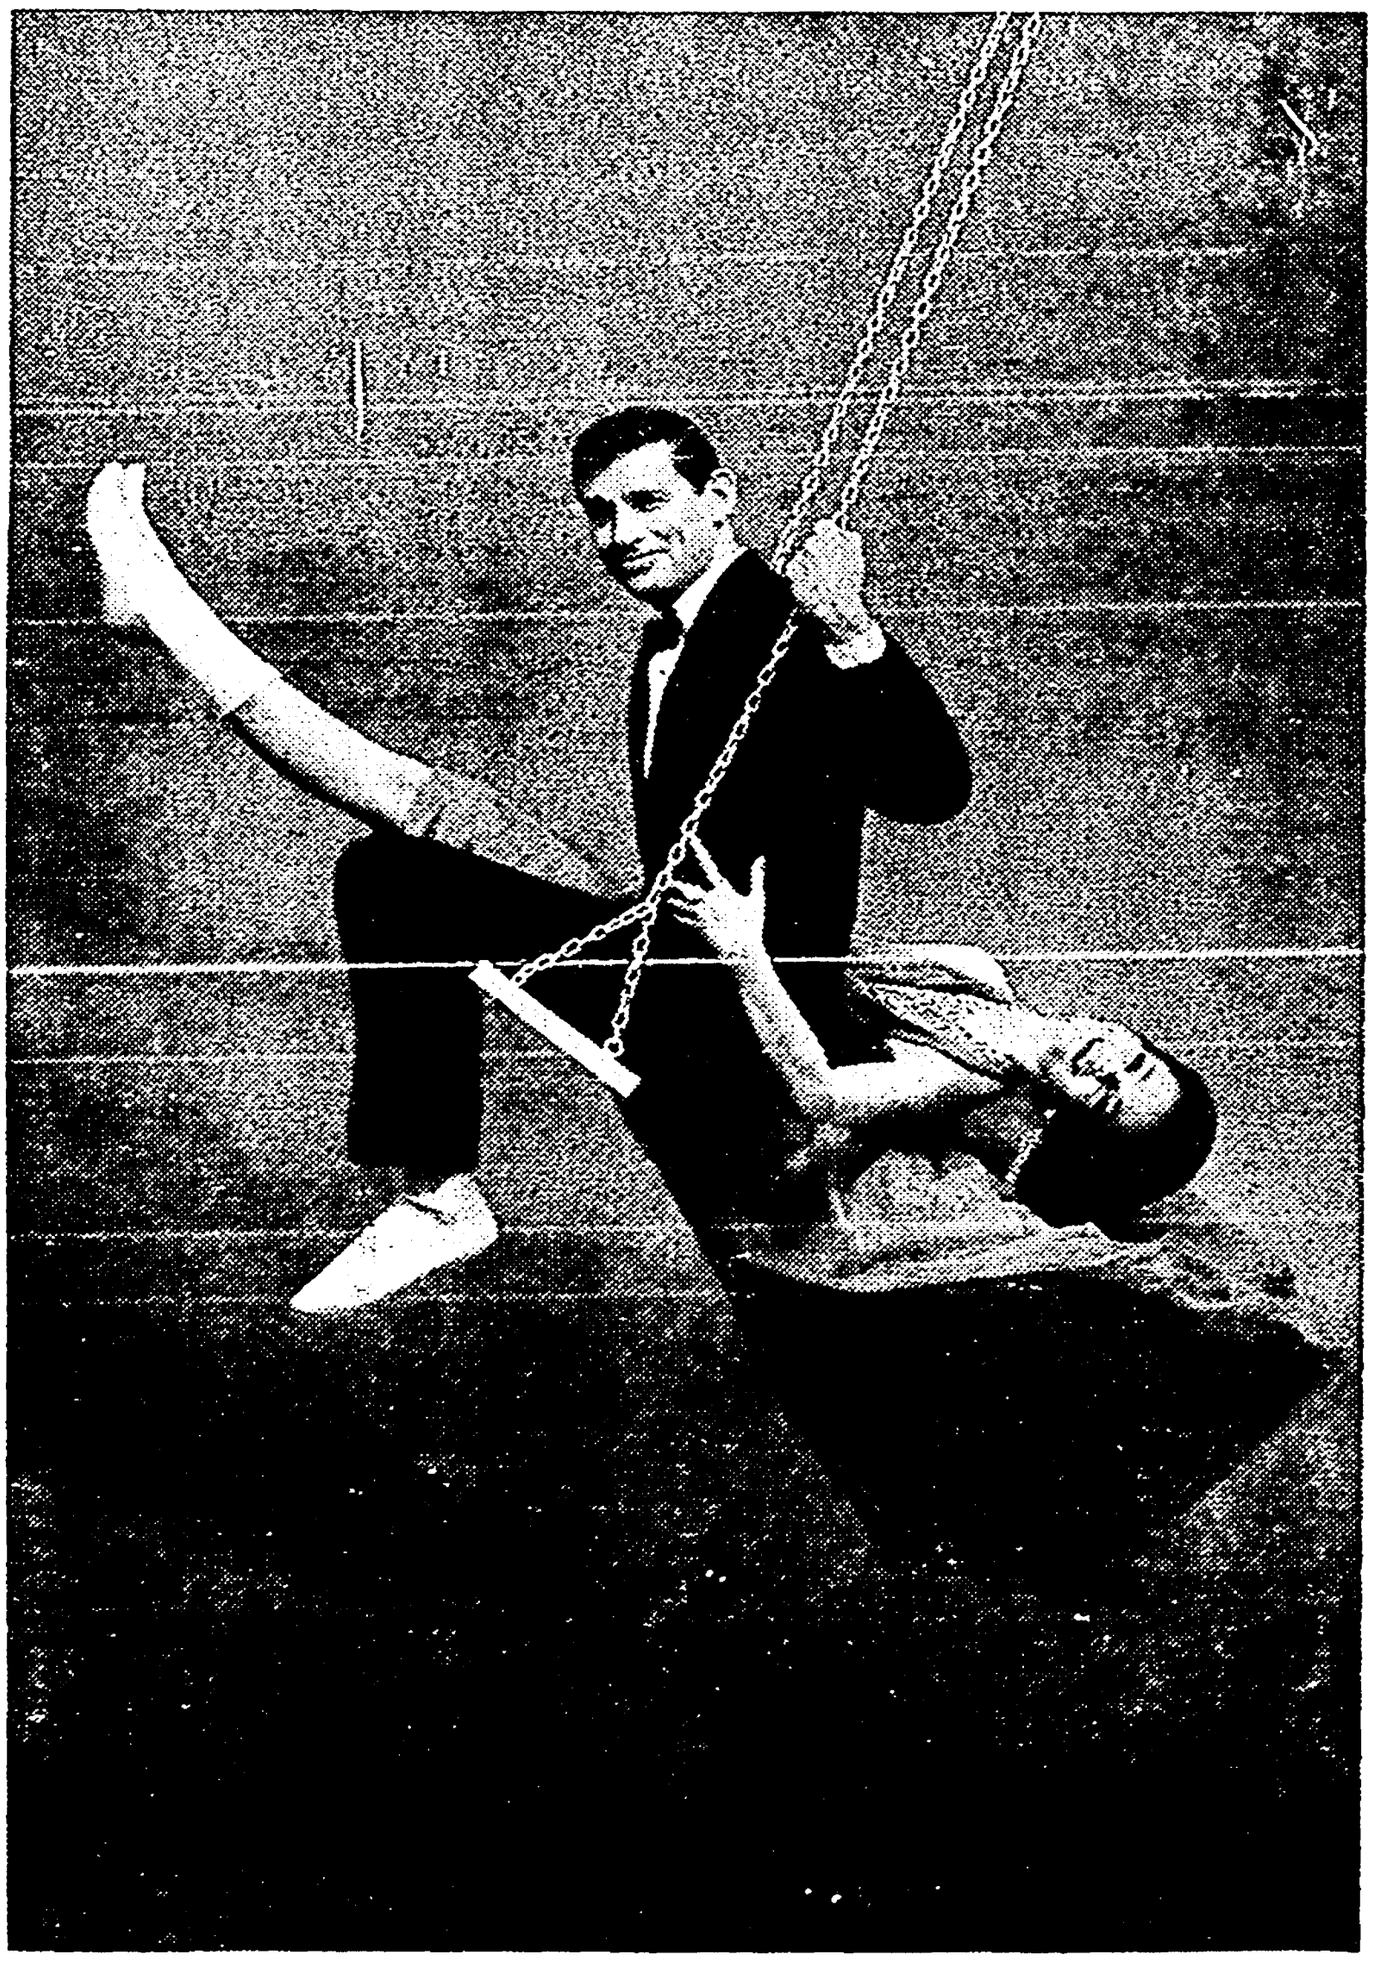
Elections commissioner Katherine Antony announced that the elections act, which was drafted in 1953, will be revised by the elections committee. The committee is composed of eight freshmen who supervised the fall Class of '66' elections.

The act will be updated to deal with would-be candidates who do not meet specified requirements. The group felt that the student should petition Joint Student Court, rather than the university Personnel Committee, as is now the procedure.

Also included will be financial regulations for individual candidates and the parties as well as provisions for the distribution of polling places. Miss Antony hopes that the revised act will before the legislature at the first meeting of the second term.

Campus Alliance Party was represented by Pres. Ronald Brzezinski and Vice Pres. William Gedalecia. Pres. James Gray represented the Greek Independent Alliance. United Students party was not represented.

Student Union Night



Sam and the Twisters will highlight Student Union Night, 7:30 p.m. Friday in Gym A of the Women's Building.

Starting at 6 p.m. television sets in the recreation lounge will broadcast the Field House dedication, the Syracuse-Army basketball game, the Frosh basketball game, and various track events.

The game room will be open for students. Volleyball and bowling will also be featured.

Shakeup...

(Continued from Page 1)

until a sophomore replacement can be found.

However, many juniors are active in the legislative branch of government, and Bayer may have to reach into JSL for one or two of the new directors.

Former coordinators who will be asked to serve in an advisory capacity are Jay Cohen, Kristin Geckler, John Pollok, Ann Seigel, Lawrence Dana, and Laura Bucknell. Also out of office are secretariat directors Judith Tabakin and George-Anne Spota.

Continuing in a coordinator post for the present time is Marvin Lender, who will supervise the public relations organization. He will continue to be assisted by Cinda Buswell. Beverly Lewis will continue as head of activities and Sanford Harris will remain as financial director. It is assumed that Lender and Harris will assist in the training of new personnel in their departments.

Remaining as commissioners are Arthur Perschetz, Carol Wurthner, Katherine Antony, Mary Tapley, Douglas Long, David Palmlund and Trish Spear. Ann Cooney remains as student union director and Kenneth Harfenist and Susan Chalkin remain as government training commissioners until a qualified sophomore replacement is found Harfenist and Miss Chalkin will then act in an advisory capacity.

Former activities coordinator James Tallon has been placed in charge of the People-to-People program.

One new person has been appointed, as Judith DiRienzo has assumed control of the secretariat.

The reorganization, as Bayer puts it, is to "get a more efficient organization." The steps that have been taken are both logical and reasonable. The new setup appears to be another step towards a more respectable and more efficient student government.

PhiSigmaIota Names 12

The Syracuse chapter of Phi Sigma Iota, national romance language honorary, last week inducted 12 new members at its annual initiation banquet.

New members are Carl Gregg, Gilberto Paolini, John Allen, Virginia Cone, Dean Neal, David Butler, Mary Lee Chamberlain, William Dunn, Marlene Edrei, Lorraine Jackoway, Hilda Shalin and Catherine Sherman.

Candidacy is limited to those with a 2.0 cumulative average and a 2.5 average in romance language courses.

FIELDHOUSE PARKING

Students are requested not to drive to Manley Fieldhouse for the dedication Syracuse-Army game Saturday night because of the parking problem.

Army Tix

Tickets for the SU-Army game Saturday evening will be available at the Fieldhouse today under the normal faculty plan for members of the Syracuse staff and faculty.

Students can still pick up tickets in the Trophy Room of the Men's Gym from 10 a.m. to 1 p.m. today.

SUMMARY—A fresh outbreak of even colder Arctic air is swirling into the area and should maintain its frigid grip over Syracuse through the weekend. Very blustery west and northwesterly winds will develop during the day bringing snow squalls this way from Lake Ontario.

FORECAST — Some clearing this morning, but with cloudy intervals and snow squalls developing this afternoon and tonight. High remaining in the middle teens today, falling to near zero tonight. Strong WNW with blowing and drifting snow.

SYRACUSE Daily Orange

Volume 60, No. 58 | Syracuse, N. Y., Monday, December 17, 1962 | 8 pages, 5 cents

Busy Day for Student Government

THE REST of the campus may have Christmas vacation occupying its collective mind this week, but student government people are busying their fingers in many pies other than mincemeat these five remaining days. The passage of the Student Finance Proposal through Personnel Committee last Thursday and Ted Bayer's executive "shakeup" has given government workers many loose ends to tie up before they trek home.

Bayer Names

The shake-up in the Joint Student Government executive branch continued Friday, as another director was appointed and one commission was dissolved.

Douglas Long, a junior, was named director of special services, joining James Morris, also a junior, who earlier was named director of social, academic and culutral activities (SAC).

Under Long will be the elections commissioner, the secretariat, the seating commissioners and the intercollegiate communications (ICC) commissioner. Long was formerly ICC commissioner. His co-commissioner, Mary Tapley, will assume control of ICC.

JSG Vice President Carol "Schultze" Lucha announced that the govenrment training commission, which was headed by Kenneth Harfenist and Susan Chalkin, will be incorporated with the activities program and placed under the direction of Beverly Lewis, activities commissioner.

The change was made, Miss Lucha said, because the training program will be revamped in order to make it a furtherance of freshman orientation. The program will be worked in with functions of the activities program, such as the Activities and Exchange convocation.

SAC Explained

By ANDY PORTE

James Morris, new Joint Student Government social, academic and cultural (SAC) director, Friday explained the organization and operation of the group.

According to Morris, the organization will be divided into four commissions — social, academic, cultural and student union affairs. Social, academic and cultural commissions will be headed by a four member council, with one of the four as commissioner. The 12 council members will be chosen by the executive councils of each class.

Each SAC council will supervise a committee, composed of students who paritcipated in the government training program and other interested persons.

Social

The social commission will coordinate social activities, and investigate the idea of a student government weekend. The group will work in conjunction with Mrs. Margaret Stafford, university director of social activities in advising campus organizations when to plan their social functions.

The group will also look into the possibliity of a basketball game between student government members and university administration and faculty.

The cultural commission will be concerned with "academic and cultural activities outside of the classroom." The first project of the group will be to promote "The Beggar's Opera," scheduled to be presented by the drama department beginning Feb. 6.

JSG has bought out opening night of the production, and the cultural commission will promote and sell tickets to the performance.

Academics

The academics commission must first work out conflicts with several Joint Student Legislature committees, such as the academics and marking committees. The group will first explore "what can be done." Morris said that there is much to do, but the over-lapping with JSL must be worked out first.

The student union commission will retain its present organization, with a fund raising group and a progarm group under the over-all director, Ann Cooney.

Morris appointed two temporary commissioners. David Bresler will be acting social commissioner, and Laura Buckness will be acting cultural commissioner. Both are juniors.

Tentatively serving on the cultural commission are freshman Carol Chor, sophomore Peggy Seeley and senior Rebecca Harris. On the social commission are freshman Carolyn Spiegel, sophomore Diane Kessler and senior Susan Silber.

Tentative academics councilors are sophomore Mary Ruth Thier, junior Nan Keating and senior Joyce Hergenhan. Only the sophomore assignments are permanent, as the other three class executive councils have not assigned permanent representatives.

Info Sought On NBC Film

Anyone who has information about false contrivance of scenes and the campus situation as filmed by NBC is asked to write call or stop at the Student Government office, 907 University Ave., as soon as possible.

JSG is attempting to compile further documented information to submit to Dean Kenneth Bartlett, vice president in charge of public affairs.

Two Student Polls Slated By SOS

Student government's Student Opinion Survey (SOS) pollsters will sample campus opinions twice before Christmas vacation.

Results from a student union poll will be completed today, according to SOS Commissioners Carol Wurthner and Arthur Perschetz.

Student Government President Theodore Bayer reported that university Personnel Committee has approved an SOS survey on eligibility requirements for campus activities. The survey would include averages required for JSG officers.

Jan. 10

Bayer said the eligibility poll would be prepared by Jan. 10 — Thursday of the week students return from Christmas vacation — for consideration by Personnel Committee.

He pointed out that the committee has considered eligibility requirements in past years. He said the courrent investigation would include all campus activities with a concentration on

(See SOS, Page 8)

Singing Sororities

STEPSINGING WINNERS receive trophies at the Sigma Alpha Iota concert Sunday. Small house winner Alpha Delta Pi sorority PRESIDENT LINDA METZGER, song director ANN GOLDSMITH, and large house winner Kappa Kappa Gamma sorority PRESIDENT ANNE GIBSON and song director ANNE QUIMBY admire their prizes.

Communism Panel Plan Possibility

A speaker defending the Communist viewpoint and another speaker from the Federal Bureau of Investigation or Attorney General's office may meet here in a forum later this year.

Student Legislature's Local and National Affairs Committee, chaired by Jay Litwin, voted unanimously that their group and student legislature should sponsor the forum. Roughly 16 students attended the open meeting Thursday evening.

After what he termed "wild discussion," Litwin ruled out three suggested speakers. They were George Rockwell, Sir Oswald Moseley, and Malcom of the Black Muslims. Litwin said the three would be "just plain controversial and not constructive." One member of the committee dissented, contending that individual speakers rather than debating pairs should be invited to campus.

The committee meeting came in the wake of an administration dictum on hill speakers, presented at the last session of student legislature. The administration said any speaker would be permitted on campus if he:

1. Has a campus sponsor and 2. The university is notified in advance that he is to appear.

Members of the committee will meet next week to decide on time divisions for the forum. Time will be assigned for speeches, debate and questions from the floor, Litwin said.

Litwin said he foresees no difficulty in acquiring speakers from the two groups.

In other action, the committee requested that each living center senator take a vote from his constituents to find how many favor more 8 a.m., 3 p.m. and evening classes if prefab classrooms are eliminated.

Litwin asked senators to place the results of their polls in the local and National Affairs mailbox in the student government office.

A half-dozen area schools will be contacted Christmas week

(See Communism, Page 8)

JSL Reports

All senators at large are requested to turn in their reports on the image of Joint Student Legislature, according to JSL speaker Pro Tempore, Robert Becker.

Reports should be given to Louise Bal, at Delta Delta Delta sorority today or Tuesday.

Nuclear Age Human Policy Cit Topic

Dr. Charles E. Osgood will speak on "The Human Side of Poilcy in a Nuclear Age" at the citizenship lecture at 8 p. m. Tuesday in Hendricks Chapel.

Dr. Osgood received his bachelor's degree from Dartmouth College and his doctorate from Yale University.

During 1945 and 1946 he was a research associate in the Office of Scientific Research and Development and did reserach at the U. S. submarine base in New London, Conn.

Dr. Osgood was assistant professor of psycholgy at the University of Connecticut from 1946-49 and associate professor of psychology at the University of Illinois from 1949 to 1953. In 1953 he was named professor of psychology.

He was appointed director of the U. of I. Institute of Communications Research in 1957.

He was awarded a Guggenheim Fellowship in 1954 and in 1958 was a fellow at the Center for Advanced Study in the Behaviorial Sciences.

A member of the American American Academy of Arts and Psychological Association, Dr. Osgood also belongs to the Sciences, Sigma Xi, the Linguistic Society of America and the Association of American University Professors.

He is presently a member of the APA Board of Scientific Affairs, APA representative to the National Academy of Sciences and chairman of the committee on psychology in national and international affairs.

Under the auspices of the Social Science Research Council, Dr. Osgood has participated in conferences and summer sessions on psycholinguistics, content analysis, meaning, stylistics and aphasia.

Sadler 7 Wins

Sadler 7 beat Delta Delta Delta sorority in Syraquiz Thursday night. The score was 160 to 105. Sadler 7 will face Phi Sigma Delta fraternity next week.

FRATERNITY OPEN HOUSES

The following fraternities will hold open house from 7 to 9 p. m. today: Acacia, Alpha Epsilon Pi, Beta Theta Pi, Delta Upsilon, Kappa Phi Delta, Lambda Chi Alpha, Phi Delta Theta, Phi Sigma Delta, Pi Kappa Alpha, Sigma Alpha Epsilon, Sigma Nu and Sigma Phi Epsilon.

Casowasco Signups Today; 'Best Quest' Set as Theme

"The Best Quest: Value Systems and Modern Man in Dialogue" will be the theme of the annual Casowasco conference, Jan. 30 - Feb. 2, at Camp Casowasco on Owasco Lake.

Registration for the conference, sponsored by Hendricks Chapel, begins today in the Chapel board room. The conference is open to all interested students.

Dean Stephen K. Bailey, Dr. Michael O. Sawyer and Agehananda Bharati, all of the Maxwell School, will speak at Casowasco. Eastern and Western value systems will be discussed.

The Rev. Paul Bosch, Lutheran chaplain, is directnig this year's confernece. Student chairman Laura King is assisted by Karen Hickok, Fred Mowry, Leonard Oppenheim, Tina Thomas and Susan Wangerman.

JSG Serious?

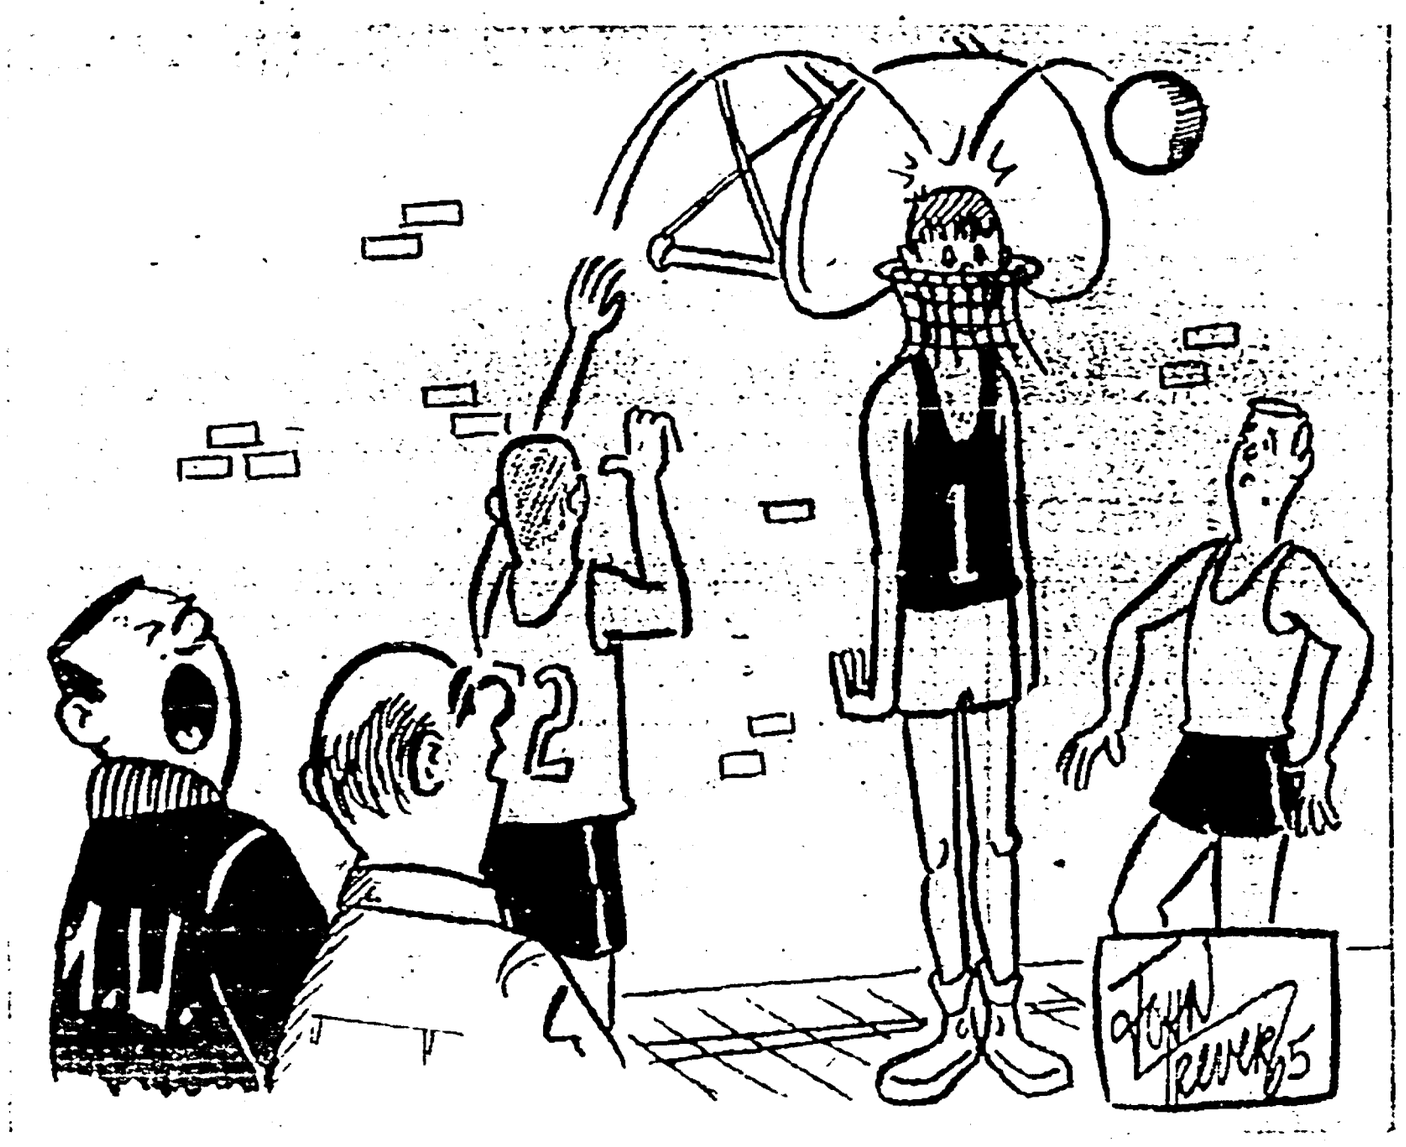
We understand the president and vice president of student government were surprised and slightly amused at the prominent coverage the Daily Orange gave the reorganization of government commissioners. Their reaction in turn causes us some surprise.

Whenever a DO columnist accuses government personnel of being engaged in children's games, their righteous bristles rise and they speak of the service they are performing for the student body.

Yet when the DO devotes much news space to major shifts among the highest executive appointees, they flutter with self-deprecating modesty — "it really wasn't that important."

Not important? If we are to view student government seriously, then we must equate Mr. Bayer's directors and commissioners with the cabinet of the president of the United States, on a smaller scale.

Such indecisiveness on student government's part about the role it plays is not at all becoming.



There are three ways the Daily Orange could treat student government affairs. We could ignore them if we felt their activities to be too trivial. However, since they are of some consequence to the student body, we cannot responsibly do this.

Or we could write our stories about them in a humorous vein. This is often a temptation.

The third course is the one we follow presently: we report government affairs as seriously, fully and accurately as possible, thus lending the hearings, bills, and oppointments some sense of dignity that may otherwise be lost in lackadaisical JSL or buried in the bureaucratic executive branch.

If student government is not happy with this course, it it wishes to be amused or embarrassed by the Daily Orange's attentions, other alternatives wait obligingly.

TREVER ON CAMPUS

"Finest defensive player I've seen in years . . ."

ALTERNATIVES

A Concept of Freedom

By Ron Corwin

"Hway is of no assistance, there is nothing that I say in which he does not delight"—Confuscious

There are many distressing aspects to the recent Cuban crisis, but, from at least one point of view, the most disconceritng is what is happening now with Adlai Stevenson and the United Nations. Perhaps more precisely the problem is with Mr. Stevenson and the American pepole's reaction to his proposals for dealing with Cuba.

To dwell on what exactly Mr. Stevenson said is, for purposes of this discussion, to dwell on a pseudoproblem. Even Messrs. Alsop and Bartlett who reported Stevenson's position were not at the National Security Council meeting. The critical thing is that what he said was different.

It should be noted that in the National Security Council Mr. Stevenson acted as an individual citizen advising the President. In the United Nations he acted in his official capacity as Chief United States Representative to the U.N. It was not his action in the U.N. that drew attacks but his ideas as an advisor to the President. We must ask ourselves whether we want men who are true advisers or merely "yes" men.

It seems that in thet relentless drive for unanimity during a time of crisis something is lost. (The drive for unanimity is always there but during a crisis it increases in intensity). That something which is lost—if in fact we ever had it—is the ability to deal with different opinions, or in short, the ability to cope with freedom.

Mr. Stevenson is being ostracized, possibly exercised, because his initial position did not occur with the majority. But the right to be different is, in essence, freedom—a freedom that is supposedly cherished by Americans. One wonders if we are not simply paying lip service to freedom with one hand and ruthelessly stifling it with the other.

Now it may be somewhat clearer why I say the problem is not so much what Mr. Stevenson said, but simply that it was different. Americans have a difficult time accepting differences in others. The lot of the Negro in this society is a perfect manifestation of this aspect in American life. One of the chief problems with intergration as a concept is that most Negroes have consistantly and steadfastly refused to become "white".

When we "offer freedom" to anyone and this is such a self - righteous approach whether he is living in this society or anywhere in the world, we have a marked tendency to offer the freedom to become like us. Consequently there is the lack of freedom for individuals or nations to become what they want. And that is essentially what freedom really is.

But intergration and foreign policy are not being discussed here. Right now immediate crisis and the concept of freedom are in question. A closer look at the general idea Mr. Stevenson expressed — if in fact, it ever was expressed — may bring the problem into focus.

Someone in the NSC said we should not act unilaterally outside of the framework of the U.N. and the Organization of American States and than report back (post hoc) asking for concurrence. Someone suggested that instead we should work within the framework provided by the nations of the world for just such a situation. There is much to be said about the Cuban crisis from the Cuban perspective as well as the American perspective.

But I do not want to get bogged down in Cuba, per se. That leads us from the original question and problem. It seems to me that if we want to be free there is a price to pay.

As believers in freedom—we tell the world that we are — we have to decide whether or not we are ready to meet the demands that real freedom places upon individuals and nations. One of these demands is that if we want freedom for ourselves we must be ready to allow others their freedom. This is not an easy criteria to meet.

And it is here that we fall down. We assume that only people who live as we do are free. (Check the speeches by the President and members of the Senate and see how they define freedom.)

On the radio, for instance, there is an announcement that says, "In America we have freedom of worship. So go to the church of your choice." True freedom of worship, however, means that we have not only the choice of where we want to worship but also the choice of not worshipping at all. The same should apply to prayers.

Yet look at the commotion caused by the Supreme Court's decision that a prayer in the New York school system was illegal. Why was it illegal? Not because it was contrary to the concept of true freedom—which it was—but because it did not allow for the separation of church and state.

If we have a system, economic or otherwise, which we want to spread all over the world than we are charged with the responsibility for that system. And when a citizen from Ghana says to us, "you have the word "God" in your Pledge of Allegiance. What about the people who don't believe in God. You say you are for freedom. Than what is happening to Negroes all over your America — not just in the South? And where is Chester Bowles now? He was against the Cuban invasion. Is that what happens to people in your country who are different? Where is Chester Bowles' freedom now?"

He would say to us, "I can't go into some restaurants in the south. I can't live in some areas in Syracuse, New York. I am not so sure I want your system. The only thing I am sure of is that your freedom is not what you say it is."

We might answer that most people in the United States believe in God and most people what we did in Cuba was correct. But to be honest we would have to add that some people do not believe in God or believe that what the United States did in Cuba was correct. And because the pressure to conform is so great in some cases that people apologize for their beliefs—eg., Mr. Stevenson.

He would say, "That is all too bad. It shows so clearly what is happening to freedom in America."

LETTERS

Sit - In

To the Editor:

I regard as most unjust Mr. Koken's dismissal of the Savoy sit-in as "a cheap, hypocritical publicity stunt." Lest I expose myself as equally hypocritcial, I will refrain from using any of the cliches (e.g. justice for all) which he seems to think so distasteful. Instead, I will ask Mr. Koken a simple question: Exactly what has he — as a supposedly unprejudiced person — done to advance Negro equality in Syracuse?

If such a sit-in may seem "high-handed" to some people, I would like to be informed of a better way of informing the people of Syracuse of the discrimination that surrounds them. It is unfortunate that the loudest critics of the sit-in are precisely those who failed to recognize the existence of such discrimination until it hit the front pages of the D.O. Guilty themselves for having failed to act, they now try to belittle the efforts of those who have acted — and succeeded.

The seven who did take action did so in a sincere and courageous manner. Instead of meaninglessly quibbling over legal technicalities (and after all, Jim Crow is the law, in much of the South), they took a most effective step to advance racial equality in housing.

It is our duty to rise above a strict adherence to the law, when it is responsible for the denial of human rights. Two African students were recently deprived of their rights. It is Mr. Koken who seems to be the hypocrite, not the seven willing to protect them.

David Thomas, '65

S. W.

To the Editor:

As my first two initials are S. W. and since I am a graduate student in the School of Music, I am frequently taken to be the semi-anonymous reviewer of musical events whose literary gems appear within your pages.

As I consider his (or her) opinions idiotic in the extreme, I would appreciate it if he (or she) would stand up and be identified.

UP IN THE AIR

A Christmas Memo

By Leslie Berg

to : all station personnel
fr : the front office
re : holiday programming

1. Our target date for Christmas will remain December 25th. We realize that this is inconvenient for many of you who wanted to rush off to Florida. We tried to move it up a few days but we couldn't get it cleared with Rome.
2. We are really going all out to give this holiday the big push. All departments are being alerted to flood the air waves with Chrsitmas spirit (Note: the word is spirit; not spirits). We are going to carry this thing all the way. Donner and Blitzen will undergo operations for vertigo on "Ben Casey." Newsmen will read the headlnies with a sprig of holly between their teeth. We have not found a way to put Christmas on "Molly Goldberg" yet. Suggestions would be in order.
3. At twenty minute intervals we will interrupt our programs for five minutes of appropriate Christmas music. We have selected Joey Dee and "It's twistmas time," Huck Hound's rendition of "O Holy Night" and Caroline Kennedy caroling.
4. We have scheduled a twelve day telethon for the benefit of department store santa clauses who have been insulted by precocious children who refused to believe in them. Entertainment will be provided by Salvation Army trumpeters and bell ringers.
5. Our big spectacular begins on the exact dot of twelve midnight. After David Sarnoff's inspirational message we will begin our remote broadcast from St. Patirck's Cathedral in New York. The Cathedral has been wired for sound and the Priest has been cleared for air. We have asked all men attending the service to wear blue shirts to avoid the glare on camera. This program, like all other Schaeffer spectaculars, will be interrupted only twice for beer commercials. The FCC has waived the requriement that we give all other religions equal time.
6. It has come to our attention that certain staff members have charged this network with exploitation of a deeply religious occasion. We find this impossible to believe. It does our hearts good to think of the millions out there in televisionland sitting before the set and celebrating with Fred Flintstone, Dick Clark and our other pious celebrities.
7. After Christmas comes New Year's. We are really gonig to go all out on this one. We have made New Year's Eve an institution. Thousands of girls almost lost their dates to Abby Lane last year. Millions more never welcome a new year without Guy Lombardo. However we have noticed a slight problem.

It seems that so many people watch Times Square on television that no one ever goes there any more. We are flying in 3 million revelers from Teaneck, New Jersey, to fill in the square. Our target date for this spectacular is January first. We wanted to move it back a few days but couldn't get it cleared upstairs.

MUSIC

Handel's 'Messiah'

The Syracuse Symphony combined with the Syracuse Chorale and four excellent soloists Thursday night to score a major triumph in their performance of Handel's "Messiah."

Most outstanding was the work of Florence Kopleff, contralto. Singing seemingly without effort, and vraying her dynamics and shading constantly, she still managed to shine through the orchestra at all times.

Possibly on a par with her performance was that of tenor, Walter Carringer, whose voice can at times have the power of a baritone, and at others the sweetnses of an alto.

Bass, John West, held up admirably under a rather extreme tempo in "Why Do the Nations so Furiously Rage." It is certainly not to his discredit that he had a minor failing at one point, for he had by far the most difficult music to sing all evening. He performed rapid passages with remarkable precision and accuracy.

Soprano, Lee Venora, at times had some difficulty keeping pace with the orchestra, but displayed a fine voice. A tendency to spit out the final consonant of a word, a device used sometimes in choral sections of a work. was less necessary in her performance.

To Mary Jane Stasiw goes credit for a fine job with the Syracuse Chorale. Their melismatic passages were well handled considering the rapid pace set by Conductor Karl Kritz, and the dynamic shadings were quite subtle.

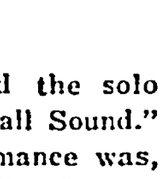
The orchestra under Maestro Kritz effected a homogeneous blend for the most part, although at times the brass section seemed t ostand out a trifle. The high point for the brasses came when Leroy Strictland performed the solo in "The Trumpet Shall Sound."

The entire performance was, on the whole, a creditable one, and where there were flubs or deficiencies, they seemed to be due to the tempos set by the conductor. However, these must be overlooked in considering a performance which in conception and generally in performance, was so successful.

Congratulations are due Mr. Karl Kritz who had the difficult task of amalgamating all the talent in a performance which one only wishes could have been lengthened to include other material which is just as familiar and enjoyable.

S W

Jewish Festival Starts Friday



Chanuka, the Jewish festival of lights, begins at sundown Friday.

The eight day holiday was started in 165 B.C., when the temple in Jerusalem was rededicated after Antiochus Epiphanes had set up an altar in the temple and offered sacrifices to Zeus Olympus.

When the Jews recovered the temple, they could find only one small jar of oil, enough to burn for one day. A miracle occurred, and the oil lasted for eight days, until new oil could be prepared and consecrated.

Jews now celebrate Chanuka with a nine branch menorah, consisting of the "shamas," or leader, and eight candles. The shamas is lit every night and from it the other candles are lit, beginning with one on the first night and working up, until all the candles are lit on the eighth night.

Gifts are exchanged, and children play with "dreidels," small toys similar to tops.

Another Win

FRANK NICOLETTI drives in for a bucket when SU teammate Dave Bing (No. 22) awaits rebound. Frosh beat Ithaca, 99-47.

Frosh Rap Ithaca; Face Cornell Next

Continuing to operate like a well-oiled piece of machinery, the Syracuse University freshman basketball team rolled up its second straight victory over an inferior Ithaca College frosh team, 99-47 Saturday night at Manley Fieldhouse.

High School All-American Dave Bing paced the Tangerines with 29 points. Bing bucketed 22 points in the first half. Bing had a hot night from the floor sinking 13 of 17 shots for a 72 percentage. The 6-2 guard had 12 rebounds.

Norm Goldsmith scored 26 for Syracuse, shooting 11 for 20 from the floor for a .55 percentage. He led the Orange on the boards with 19 rebounds. Frank Nicoletti with 14 points was the only other Syracusan in double figures. He had 14 digits.

Syracuse led all the way pushing ahead to a 22-12 lead at the end of the first period. At halftime the Tangerines held a 50-30 lead over the shorter Ithacans. Ithaca's tallest ballplayed was 6-4.

The frosh will face their toughest competition of year Tuesday meeting an equally tall Cornell squad at Ithaca. Coach Morris Osburn is expected to go with a starting lineup of Bing and Sam Penceal at guards; Rex Trobridge at center; and Goldsmith and Nicoletti at forwards.

Box Score:

Syracuse (99)	G	T	Pt	Ithaca (47)	G	T	Pt
Bing	13	3	29	Connors	0	1	1
Boeheim	1	0	1	Dilley	1	0	2
Golds'h	11	4	26	DiParisi	2	3	7
Nicol'ti	5	4	14	Leon	3	8	14
Penceal	3	3	9	Steihler	2	1	5
Rettberg	1	2	4	Peach	4	6	14
Trobdg.	2	3	7	Vales'te	2	0	4
Rooney	1	0	2	Totals	14	19	47
Scott	2	0	4				
Holman	1	0	2				
Totals	40	19	99				

Kidd Wins Mile

Bruce Kidd (4:04.0) and the Syracuse relay team (3:25.2) were mile winners in track events held Saturday night at Manley Fieldhouse.

Kidd, letting Vic Zwolak of Villanova set the pace for the first nine laps of the eleven-lap distance, displayed a blistering kick that enabled him to catch Zwolak with 1½ laps left and win by about 15 yards.

In the relay event the Hill quartet of Gary Sherman, Bob Brown, Cal Evans, and Chuck Gaston, led all the way in beating Cornell by about 40 yards.

Pitt and Colgate finished third and fourth.

Kidd, a multi-winner in the recent British Commonwealth Games, recorded a time only a few seconds off the world indoor record.

Kidd remarked after the race that running so soon (10-12 days) after the outdoor Commonwealth Games made it difficult to adjust to the indoor banked track.

"The best I've ever run on," was the way in which Kidd described the Fieldhouse track.

Piety Grapplers Give Lehigh a 23-6 Loss; Worst Since 1946

By ALLAN KORT
Sports Editor

The Syracuse University grapplers won their opening dual match Saturday at Archbold Gym before an overflow crowd of 1000, whipping defending Eastern Champion Lehigh 23-6.

The Lehigh loss was the club's first in 17 dual meets and its worst beating since losing to Cornell College of Iowa, 36-0 in 1946. Lehigh had won its opening match last week, 20-9 over Cornell University.

For the Orangemen, it was their first victory over Lehigh in a decade. The Syracusans had won the Coast Guard invitation tourney last week, while Lehigh finished fourth.

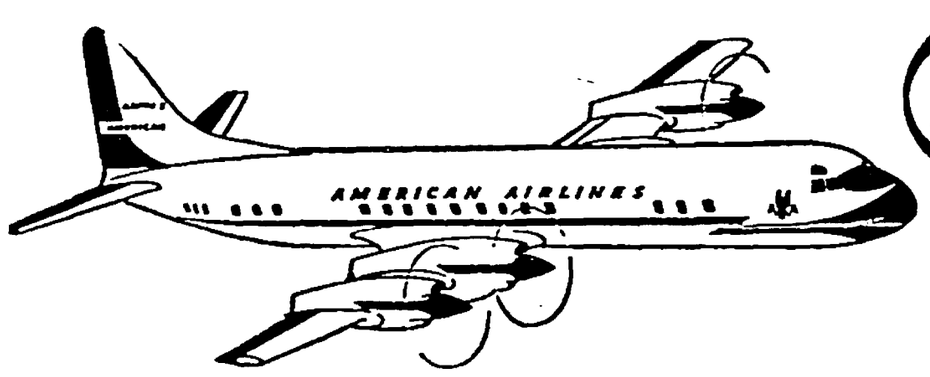
The Eastern College Wrestling Association champions had expected to win the lighter weights, but lost the first four individual matches opening the door for the Syracuse victory.

Terry Haise, Syracuse, frosh Eastern champion last year bested 1962 E.I.W.A. champ Bill Merriam, 7-6, in the 123-pound class to give the Orange grapplers a 3-0 lead. Haise was losing to his opponent with 30 seconds remaining in the match and won in the closing minutes with two points for riding time.

Syracuse took a 6-0 lead in the match as Sonny Greenhalgh, 1962 Coach Guard champion in the 130, tired out John Leek of Lehigh for a 4-1 decision.

The Orange opened up a 9-0 lead as Jim Murray whipped defending E.I.W.A. 130-pound champ James Smart, 11-5. Murray who placed third in the Coast Guard tourney last week, dropped his opponent four times during the match, easily winning the 137.

Dick Slutzky opened the gap for the Piety grapplers. Slutzky outpointed Lehigh Junior Allan Tate 7-2, to take the 147-pound class and give Syracuse a 12-0 lead.



Lehigh finally emerged into the scoring column as 1962 national wrestling runnerup Kirk Pendleton picked up three points for the visitors by easily defeating Syracuse's George Reidener, 16-1. Reidener put on a tough battle though, keeping the champion from pinning him. Four times Pendleton near-pinned Reidener and four times George escaped. Pendleton was the 1961 and 1962 E.I.W.A. champ, winner of the 1962 Coast Guard tourney and "outstanding wrestler" in the East last year at the E.I.W.A.'s last year at Penn State.

The Orange all but iced the meet when Coast Guard Champ Gary Sirota bested Bill Berg of Lehigh, 7-2. Sirota tired his opponent early in first period and "waited" his opposition to the win.

Lehigh moved ahead as Harley Ferguson outlasted Lou Roberts of Syracuse, 15-6. Lehigh at this point needed pins in the last two matchs to break Lehigh's 17-game winning streak.

Gerry Everling, fresh out of a football uniform into wrestling gear, pushed the Piety over the winning mark with an 8-1 win over John Burns of Lehigh in the 191 class. Syracuse held a 18-6 lead.

In the final match of the day, Bo Nance brought the crowd to its feet as he capped off the day with a pin at 4:06, cockily outpointing John Illengwarth all the way.

Cagers Just Love Home Cooking So They "Batter" Army, 59-51

← CARL VERNICK eludes Army defenders and nets two points in SU's 59-51 win over the Cadets Saturday night at Manley Fieldhouse.

Vernick, Schoff Lead Scoring

By JUDY ADAMS

Syracuse seems to have found the recipe for winning, at least at home.

Into a large Manley Fieldhouse, you pour partial fans. Fire up with a victory by "tomorrow's" varsity. Add a band.

Then stir in a personable coach and scrappy basketball team. Sprinkle with hustle. Cook 40 minutes on the home court.

Yield — one victory.

Army was fried, 59-51.

Syracuse surprised almost everyone, particularly the Cadet squad, when they built up a 10-0 lead in the opening minutes of the game.

It wasn't until 6:12 had ticked off on the scoreclock that Army managed to score. Bob Foley, their 6-7 center, finally sank two free-throws.

A minute later the Orange had pushed their lead to 11 points. The crowd was wild; Coach Lewis was grinning from ear to ear.

But then the visitors begin to peck away at the Orange margin. After the first 10 minutes, the lead was cut to six.

By the end of the half, Army was trailing by only two points, 26-24.

The Cadets continued their assault on the slim Orange lead when the second half opened. With a little over three minutes gone, Army finally squeezed ahead, 31-30.

It looked for a minute as though the Syracuse bubble had burst when Army took the lead. But the pessimists didn't even have time to say, "Well, it was good while it lasted," because 10 seconds after Army got the lead, they lost it on a free throw by the game's high scorer, Carl Vernick.

Phil Schoff and Herb Foster added baskets and the Orange were back in the driver's seat, 35-31.

Syracuse tried to pull away, but the stubborn Army team held on, matching them basket for basket.

Then with four minutes left in the contest, the Cadets put on a press. A flood of fouls followed from both sides.

But inch by inch the Orange were building a lead they never relinquished.

Army pressed and Syracuse stalled. And the crowd helped the clock tick off the precious seconds.

When the buzzer was finally sounded, the Orangemen had their second win of the year tucked neatly in their hip pockets.

It was a hard-fought contest — but brawling was only one of the crimes registered against the two teams as they chalked up 21 personal fouls apiece.

With 18 seconds left in the game, Manny Klutschkowski and Army's Al Treado hooked up in a free-for-all in front of the Army bench. Both players were ejected from the game.

Syracuse showed their best shooting percentage of the year as they made 23 of 51 goal attempts. Army hit on 19 of 63.

The win for the Orange evens their record at 2-2 as does the loss for the Cadets.

Before Saturday's game, coach Lewis was asked if he was going to do anything different. His reply: "Yes, score more points."

It was the most Syracuse had scored this year.

Syracuse	G	T	Pt	Army	G	T	Pt

DECK THE HALLS

When you think of Christmas gifts you naturally think of Marlboro cigarettes, leading seller in flip-top box in all fifty states—and if we annex Wales, in all fifty-one—and if we annex Lapland—in all fifty-two. This talk about annexing Wales and Lapland is, incidentally, not just idle speculation. Great Britain wants to trade Wales to the United States for a desert. Great Britain needs a desert desperately on account of the tourist trade. Tourists are always coming up to the Prime Minister or the Lord Privy Seal or like that and saying, "I'm not knocking your country, mind you. It's very quaint and picturesque, etc. what with Buckingham Palace and Bovril and Scotland Yard, etc., but where's your desert?" (Before I forget, let me point out that Scotland Yard, Britain's plain-clothes police branch, was named after Wally Scotland and Fred Yard who invented plain clothes. The American plain-clothes force is called the FBI after Frank B. Inchcliff, who invented fingerprints. Before Mr. Inchcliff's invention, everybody's fingers were absolutely glassy smooth. This, as you may imagine, played hob with the identification of newborn babies in hospitals. From 1791 until 1904 no American parent

ever brought home the right baby from the hospital. This later became known as the Black Tom Explosion.)

But I digress. England, I was saying, wants to trade Wales for a desert. Sweden wants to trade Lapland for Frank B. Inchcliff. The reason is that Swedes to this day still don't have fingerprints. As a result, identification of babies in Swedish hospitals is so haphazard that Swedes flatly refuse to bring their babies home. There are, at present, nearly a half-billion unclaimed babies in Swedish hospitals—some of them well over eighty years old.

But I digress. We were speaking of Christmas gifts which naturally put us in mind of Marlboro cigarettes. What could be more welcome at Christmas time than Marlboro's flavor, Marlboro's soft pack, Marlboro's flip-top box? What indeed would be more welcome at any time of year—winter or summer, rain or shine, night or day? Any time, any season, when you light a Marlboro you can always be certain that you will get the same mild, flavorful, completely comfortable smoke.

There are, of course, other things you can give for Christmas besides Marlboro cigarettes. If, for example, you are looking for something to give a music lover, let me call to your attention a revolutionary new development in phonographs—the Low-fi phonograph. The Low-fi, product of years of patient research, has so little fidelity to the record you put on it that if, for instance, you put "Stardust" on the turntable, "Melancholy Baby" will come out. This is an especially welcome gift for people who have grown tired of "Stardust".

Merry Christmas to all and to all a good night.

© 1962 Max Shulman

* * *

The makers of Marlboro cigarettes, who take pleasure in bringing you this column throughout the school year, wish to join old Max in extending greetings of the Season.

Arnold Named Chairman Of Publishing Dept.

By STEVE MONBLATT

Prof. Edmund C. Arnold has been appointed chairman of the publishing department of Journalism. Arnold will retain his position as chairman of the graphic arts department of the school.

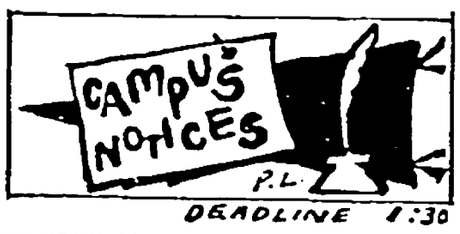
Dr. Wesley C. Clark, school dean, called the move a step towards strengthening the school's programs in the fields of publishing and media management.

"The great problem facing not only newspapers, but all mass media, is the problem of training management personnel," Clark said.

Courses in publishing already offered by the school will be intensively studied and revised where necessary, although no new additions to the curriculum are planned at the prseent, according to Arnold.

"A publisher is more than a business executive," he said. "We shall direct our attention to the ethical responsibilities of a publisher."

In addition to handling the administration of the publishing department, Arnold will teach several key courses in the program. The courses, in newspaper business practice, principles of promotion and merchandishing are supported by courses in the College of Business Administration.



Arnold envisions the department as eventually becoming a center for the training of newspaper personnel for management positions.

"We are interested in furnishing mid-career training," Arnold said. In conjunction with this idea, he said that the J-School is setting up seminars for professional journalists on various topics.

A summer seminar for local advertising men at the Meadowbrook conference site is already being planned.

Arnold has had over 30 years of experience in every phase of newspaper work. He is presently co-publiisher of a weekly Michigan newspaper, the Frankenmuth News.

He is considered one of the world's foremost authorities of type faces and typography, and has conducted many typography clinics throughout the country.

CAMPUS NOTICES must be brought to rmfab 7C, not telephoned, by 1:30 p.m. the day before publication.

HENDRICKS CHAPEL open daily, 8 a.m. to 6 p.m. for rest, meditation and prayer. Special music at 12-12:20 p.m.

WAA ORANGE Splash 4 p.m. today, Pool, Women's Bldg.

Yearbook Theme Set

Unity through diversity will be the theme of the '63 Onondagan. This theme will be carried throughout the book in the copy and illustrated on the divider pages, according to editor-in-chief, Sandi Joy.

"As Syracuse we have students coming from all over the world, from every imaginable kind of background and with just as many varied ideas about what they expect to attain from a college education.

When they graduate, these same students, who have been working in the hundreds of different majors available at Syracuse; go out into a world, diversified once more into every walk of life," Miss Joy noted.

A photographic essay will highlight the beginning of the book covering the four years of a Syracuse University student. From freshman to senior years, this section will recall the most memorable events.

Other plans for the '63 "ON" provide for greater coverage of campus organizations.

This is the time to purchase subscriptions to the "ON". "Sales end this week," comments Carol Stein, Business Manager. "While we want to sell more books, we are making the deadline early so that we will know more approximately how many books to order. Often in June students come around to by a yearbook only to see that we have no more left."

From beginning to end, the '63 Onondagan should provide more enjoyment and entertainment than ever. The last section, the advertising section, will also provide more interest than in previous years with a display of candid shots include, she said.

The best way to remember college years is to have a yearbook from each year. Vice President Frank P. Piskor said, "The Onondagan is an indispensable reference in my office. At home my whole family enjoys it and finds each issue more and more valuable every year."

"The Onondagan is the best value for the money of any book that's available in Syracuse", said Prof. Edmund Arnold of the Journalism School.

Fair Trial Group

A tape recorded interview with Mrs. Mabel Dennis, mother of the 15-year-old suspect in the death of Miss Irma Snyder, will be played at 4:30 p. m. in the Hendricks Chapel Colonial Room.

Students for a Fair Trial is sponsoring the program.

Mrs. Dennis tells the largely unreported story of how she learned her son had been taken by police and was being held for questioning in conjunction with the death.

The tape was made during a conversation between Mrs. Dennis and Dr. George Wiley, SU assistant professor of chemistry.

Press coverage of the case has sparked controversy over the role of newspapers in criminal proceedings.

Holiday Bus Route Set

The Syracuse Transit Corporation has announced that all students wishing to take buses home for Christmas recess should contact Messrs. Oot, Shirtz or Young at GR 8-5731, and arrange departure times.

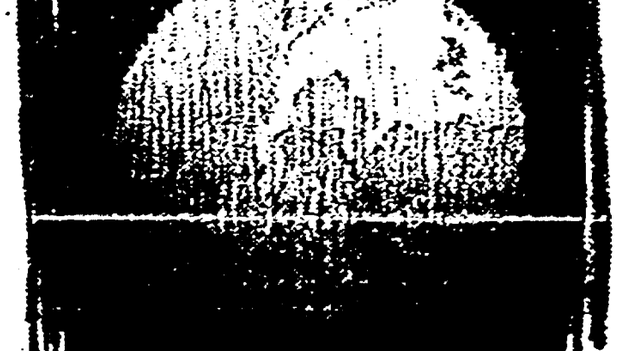
Buses to the railroad station will be available.

Regular fares will be collected.

Buses will display a NYC sign.

This route will be followed: Leave Sadler Hall via Irving Ave., University Place, Harrison St., Walnut Place, University Place, College Place, Euclid Ave. and then direct to the New York Central Station.

Charter service to Hancock Airport is $19 per bus.



Nothing rasher for your hair than grease. Let Vitalis with V-7 keep your hair neat all day without grease. Naturally, V-7 is the greaseless grooming discovery. the fourth dimension: TIME

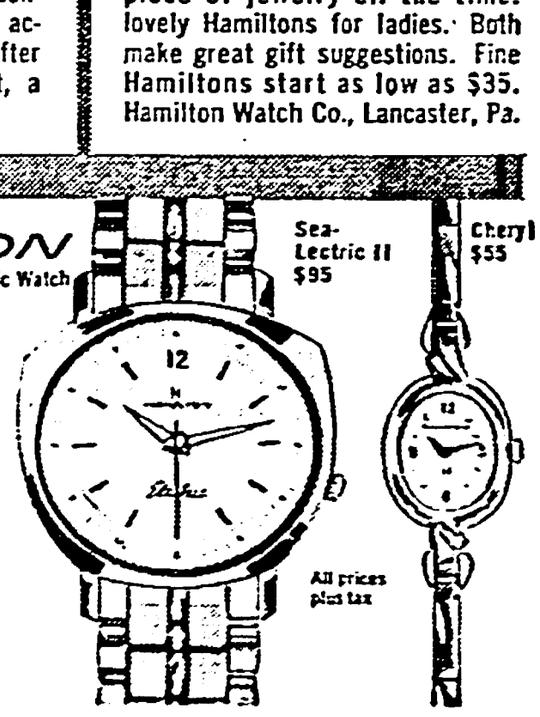
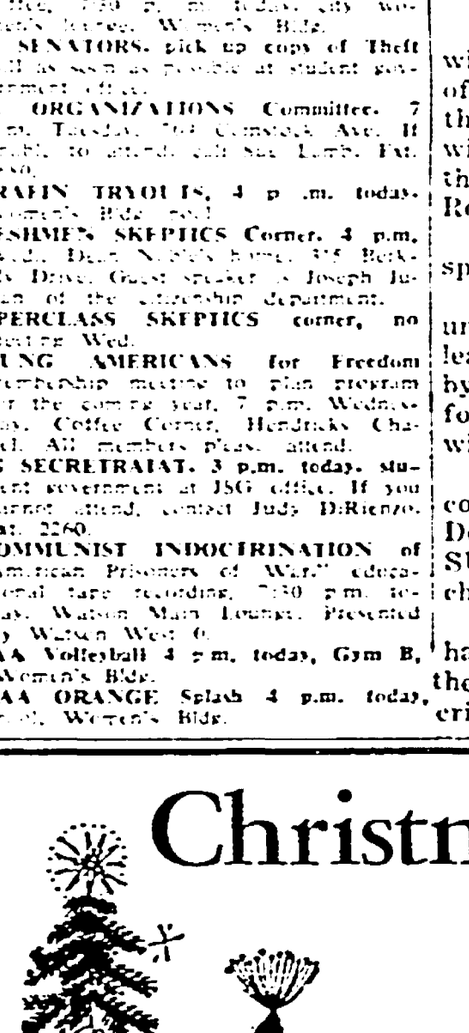
...still a mysterious concept to science. Time is only an idea, an abstraction...an area of shadow, speculation—and surprise.

Once our master timekeeper—EARTH—IS RUNNING DOWN! Friction from ocean tides is almost imperceptibly, but definitely, slowing the earth's rotation, gradually disqualifying the turning globe as our most accurate time measure. Science has already devised more dependable timing devices.



OYSTER TIME. TIDAL TELEPATHY? An Atlantic Ocean oyster will continue to open up for feeding according to ocean tides long after being moved to the Midwest, a thousand miles away.



PRECISION engineering of the Hamilton 505 Electric Watch is so advanced that the energy needed to power a 60-watt light bulb for one hour would run the 505 for 960 years!

Youths Mug Five Students

Five Syracuse University students were the victims of two separate attacks early Saturday, sending one to University Hospital for treatment.

Edward Marsell and Edward Elish, both 18 and of 807 Walnut Ave.; Charles Wegman, 18 of Marion Dormitory and James Magee, 18, 305 Waverly Ave., told police that while they were walking in the 400 block of S. Crouse avenue, they were assaulted by six teen-age boys who came from between two houses. Two of the four SU students were knocked down and Wegman was cut on the right cheek and ear lobe, police said.

Wegman said his glasses, valued at $25, were broken. Wegman was treated at University Hospital.

Police said the attackers, described as being from 16 to 19 years of age and wearing three-quarter length coats and bandanas around their heads, escaped in a green automobile.

The other attack was reported by Brendan O'Donavan, 23, of 704 Madison St. The S.U. student said he was also walking in the 400 block of S. Crouse avenue, when eight or nine boys jumped him.

Police said the assailants hit O'Donavan but were frightened away when a car came down the street. O'Donavan did not require hospitalization, police said.

J-Council Gripe Group Organized

A "gripe committee" was formed by the Journalism Council at its meeting last Thursday night.

According to J-Council President Larry Coffman, the committee will hear complaints on all aspects of the School of Journalism, including courses and faculty. The committee will investigate these complaints and submit them to the dean of the school, Dr. Wesley C. Clark, for further action.

Coffman said the facilities of the committee will be open to all students taking journalism courses, not just those enrolled in the school.

Treasury Aide Talks

Donald C. Lubick, legal adviser to Assistant Secretary of the Treasury Stanley S. Surrey, was among the battery of widely known tax experts speaking at the eleventh annual Central New York Tax Conference at the Hotel Syracuse Friday and Saturday.

Scholarships, Grants Available

Many undergraduate and graduate scholarships and fellowships are now available.

The Institute of European Studies will accept applications for undergraduate study during the 1963-64 year until Feb. 15, 1963.

Seven scholarships are offered for study at the Institute's centers in Vienna, Paris and Frieberg. Included are three full scholarships which cover all basic costs.

Applicants must be between 18 and 24 and unmarried.

•

The Stanford University Department of Communication will give graduate scholarships with stipends of from $1410 to $2850 for students preparing for careers in editorial journalism, communications research, advertising research and broadcasting and film.

The deadline for completing applications is Feb. 8. Requests for information should be addressed to the Executive Head, Dept. of Communication, Stanford University, Stanford, Cal.

•

Two full scholarships for the Katherine Gibbs School secretarial training course will be awarded to college senior girls.

Each scholarship consists of full tuition plus a cash award. Winners may study at Gibbs schools in Boston, New York, Montclair or Providence.

Information is available at the SU Placement Office, 105A Slocum Hall.

•

Seniors interested in careers related to the Far East can apply for scholarships at the East-West Center in Honolulu. The application deadline for the 100 awards is Feb. 1.

The scholarships cover all expenses for 21 months.

In formation and application forms may be obtained from the East-West Center, Honolulu 14, Hawaii.

The deadline for National Science Foundation graduate fellowships is Jan. 4. Stipends vary with the award.

Application forms are available from the Fellowship Office, National Academy of Sciences — National Research Council, 2101 Constitution Ave., Washington 25, D.C.

•

Kingsberry Homes Corp. of Chamblee, Ga., is spending a national design competition for architects, builders, engineers, draftsmen and architectural and engineering students. The first prize is $1000.

Applicants will design a typical family home for five persons. The deadline is Mar. 15.

Interested students can obtain application forms from Kingsberry Home Design Competition, 5096 Peachtree Rd., Chamblee, Ga.

•

Undergraduates submitting papers on the use of welded steel in improving performance or appearance or reducing cost in machinery or stuctural design are eligible for 46 awards.

The awards, which are given by the James F. Lincoln Welding Foundation, total $10,000.

Applications are available from the foundation in Cleveland, Ohio. The deadline is June 24.

student government.

Miss Wurthner said the current student union poll will include the following questions:

Have you ever attended a student union night? If not, why not? Do you prefer twist parties alone at the student union, or do you like supplementary activities? Would you support a student union building fund raising campaign?

If the student union committee secures the Women's Building recreation lounge for use as a student lounge, would you use it? What one element at Syracuse would you change if you could do so? Is student government more or less effective this year than it was last year? Have you attended any big-name entertainment on campus this year?

Communism . . .

World News

Mariner II was still sending back scientific data about the mysteries of deep space Sunday. In the 42 minutes it spent 21,000 miles from the face of Venus Friday afternoon, the space craft accumulated a wealth of information about the planet.

In the next weeks and months scientists will be feeding Mariner's signals into computers and analyzing results.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Moderation in temperature with rapidly changing weather should prevail for the next few days. A somewhat milder Pacific air mas is moving eastward and will be responsible for a return to more seasonable temperatures. A small storm is also moving rapidly toward us from the eastern Great Lakes and should also produce a brief period of snow tonight.

FORECAST — Some hazy sunshine this morning, followed by thickening this afternoon. Light snow begining this evening. High in the low 30's. Light southerly winds.

Sevka Soko Service Set For Wednesday

A memorial service for Skeva A. Soko, 33, an SU graduate student who died as the result of a car accident Saturday, will be held at 10:30 a.m. Wednesday in Hendricks Chapel.

Mr. Soko, from Northern Rhodesia, was one of the two African students refused rental of an apartment last month. This action caused the Dec. 1 sit-in at the Savoy Apartments by seven Hill students.

The landlord later rented the apartment to Mr. Soko and Antonio Boustcha, from Mozambique.

A car operated by Mr. Soko went out of control and struck a tree early Saturday morning, at 511 E. Fayette St. Mr. Soko was taken to the Hospital of the Good Shepherd and later to Memorial Hospital, where he died about 5:10 a.m. Sunday.

Mr. Soko, a second-year graduate student, was working for his doctorate in economics.

Two other graduate students, John M. Murigi, 24, of Kenya, and Clement H. Nyasulu, 29, of Nyasaland, were with Mr. Soko at the time of the accident. They were taken to Good Shepherd Hospital and the university infirmary, where they were treated for minor injuries.

Dr. Frederick N. Marty, director of Student Health Service, said that the two students will be released "in a day or two." They are in fair condition.

Murgi and Nyasulu are special students in the agnecy for international development. Both live at 1301 E. Genesee St.

Mr. Soko's body will repose in the Chapel for an hour before the memorial service. Hendricks Dean Charles C. Noble, now in Summit, N.J., is expected to return in time for the service.

Arrangements for the service are being made through the Garfield Funeral Home, 515 Westcott St.

Mr. Soko had been a resident adviser in Sadler Dormitory until November, when he left the program.

Members of the SU African Students Assn., of which Mr. Soko was a founder a year ago, expressed their "sorrow and sympathy at the tragic death of Mr. Soko. He was a devoted student in classes and activities and his loss will be felt here and at home."

SU to Seek $11.4 Million From County

Dolan Heads Drive As $76 Million Search Continues

Onondaga County has been asked to pledge $11.4 million toward SU's $76 million capital fund drive, it was announced Monday.

In making the announcement, T. Frank Dolan, chairman of the Onodaga campaign of the Syracuse Plan, said that $2,585,000 has already been pledged. He said that the money will be solicited from alumni, businesses and university "frineds" in the county.

The announcement of the local campaign kickoff was made at a luncheon meeting in the Hotel Syracuse. Attending were the leadership gift committee and the onondaga campaign executive committee.

Money already pledged includes $2 million for a new journalism building from Samuel I. Newhouse and a $400,000 grant from the Rosamund Gifford Charitable Corp.

The overall project, the Syracuse Plan, is scheduled for completion in 1970. The national committee for fund raising is headed by the president of Niagara Mohawk Corp., Earle J. Machold.

Among the buildings scheduled for the plan is a new library, at a cost of $6 million. The majority of the money, $54,100,000, ic to be used for new buildings, while the remaining $22,150,000 will be used as endowment.

Noted Psychologist To Give Humanity, Nuclear Age Talk

Dr. Charles E. Osgood will speak on "The Human Side of Policy in a Nuclear Age" at 8 p.m. today in Hendricks Chapel.

He will be the third and final speaker in SU's citizenship, lecture series this semester.

The well-known psychologist has been cited for his studies in changing human attitudes under various stresses and situations as well as comparative student of meaning in various cultures.

The magazine "The American Psychologist" has emphasized Osgood's researches on meaning within the context of the learning theory.

Born in Somerville, Mass., he received his A.B. from Dartmouth College in 1939 and his Ph. D. from Yale in 1945.

In 1945 Osgood was a research associate in the Office of Scientific Research and Development.

He is also the author of a number of books and over 30 magazine articles on the behavioral sciences.

He was awarded a Guggenheim Fellowship in 1954 and in 1958 was a fellow at the Center for Advanced Study in the Behaviorial Sciences.

The citizenship lecture series is sponsored by the Hill citizenship department with financial assistance from the Sperry Hutchinson Co.

DR. CHARLES E. OSGOOD

Board of Estimate to Submit $7855 Budget to JSL

By ANDY PORTE

The Joint Student Government Board Of Estimate Monday announced details of the budget it will submit to Joint Student Legislature Wednesday. The budget includes JSG, Traditions Commission and the Student Union Activity Board.

Dean of the College of Liberal Arts Eric H. Faigle said Monday that he had added his support to the bill. Faigle added that "with the proper guidance" the bill can work.

Kathleen Kapsol, chairman of the board and JSL ways and means committee chairman, said the total budget request is $7855. She said $2610 is for JSG, $1500 for Traditions and $3745 for the student union.

The International Students Organization is not included in the budget, Miss Kapsol said, because their status as an undergraduate organization has not been clarified. ISO has many graduate students in its membership, and may not qualify for JSG budget approval.

The budget is for the 1962-63 school year, and will become part of the student services budget if approved by JSL. The submission of the budget became possible when the university Personnel Committee approved the JSG finance bill last week.

The $2610 for JSG marks a slight increase over this year's $2431 budget. The Traditions budget is essentially the same as this year's, with only a $40 increase.

(See Estimates, Page 8)

Miss Chandler Wins Election

Dorothea Chandler, associate professor in the College of Business Administration, has been elected president of the American Business Writing Association.

Miss Chandler will be installed at the annual convention in Houston, Tex., later this month. She was convention chairman in 1957 and served for three years as eastern vice-president.

Miss Chandler is a past president of the Syracuse Zonta Club and a member of the Business and Professional Women's Club of Syracuse. She is also listed in Who's Who is the East, Who's Who of the American Women and Who's Who in American Education.

Dr. Walsh To Head History Dept.

An authority on the Soviet Union today is the new chairman of the history department.

Dr. Warren B. Walsh, a member of the Hill faculty since 1935, received the appointment Monday night. In order to assume his new position, he has resigned as chairman of the SU Board of Russian Studies, a post he held for 18 years.

The author of numerous articles on the Soviet Union, Dr. Walsh has written three history books. He has delivered more than 125 public lectures to college, school and civic groups.

Prof. Walsh is known internationally as an expert on Russian history. He has produced material on the Soviet Union for the Department of Defense and lectured at the NATO Defense College in Paris.

In addition to teaching at Syracuse, Dr. Walsh has been on the Tufts College and National War College faculites.

Born in Broomfield, Mass., Prof. Walsh graduated from Tufts in 1930. He earned his master's degree and Ph.D. from Harvard University.

Dr. Walsh replaces Dr. Oscar T. Barck as head of the history department. Prof. Barck, who was chairman of the department for six years, will continue to teach several history classes. He also is working on a book.

Making Monday night's faculty announcement were Vice President Eric H. Faigle and Maxwell School Dean Stephen K. Bailey.

DR. WARREN B. WALSH

Young Dems Seek Stratton

President Vincent Monterosso announced that the Young Democrats Club will invite Samuel Stratton, a losing competitor for the Democratic gubernatorial nomniation, Adlai Stevenson, twice unsuccessful Democratic candidate for President, and John English, Nassau County Democraitc chairman, to speak to the Club next semester.

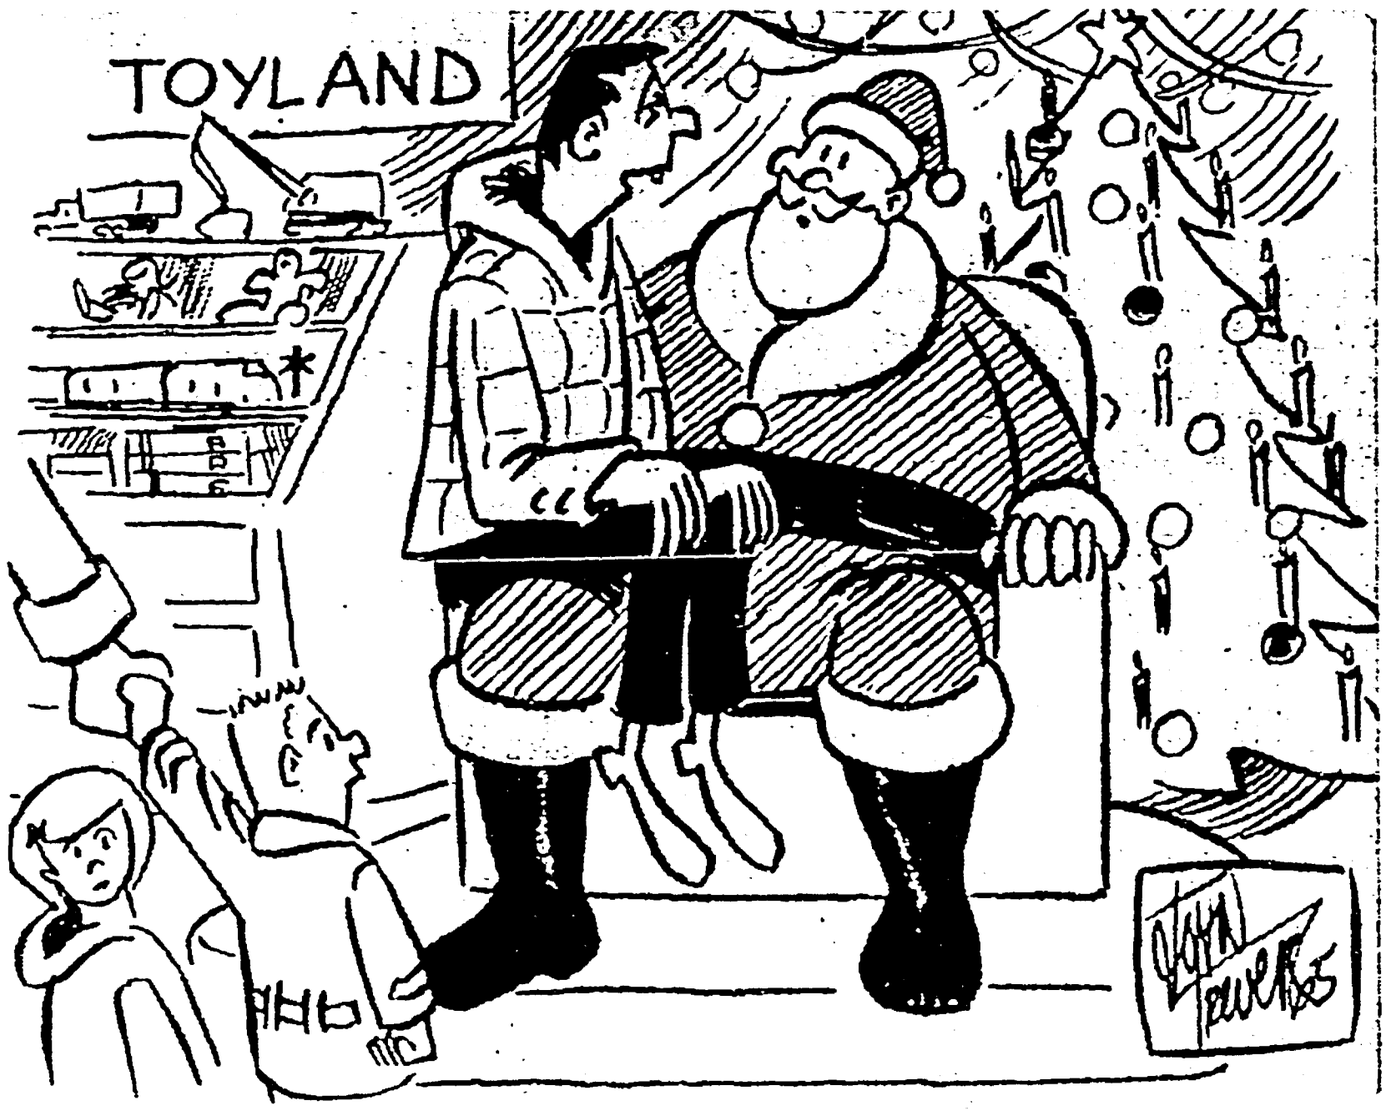
Blue Law Bogeys

We are glad Syracuse Mayor William Walsh has said he sees a definite need for a review of the city blue laws.



We would be interested in knowing why the Chamber of Commerce picked this of all times to squabble about Sunday selling. With muggers infesting the streets, it seems more vital that city policemen guard us against this menace rather than trifling with antiquated laws. Purse snatchers and razor blade artists must be quelled before Christmas tree salesmen are arrested.

Of more long range importance, however, is the existence of such restrictive laws. We hope that Mayor Walsh's suggested review of the laws will rapidly be undertaken, and that the city's legislators will see the necessity of wiping all outdated stayutes from the books.

Times have changed greatly since many of these laws were enacted. Many Americans celebrate the Sabbath on days other than Sunday. Moral and social conduct differ greatly among the citizens of this country and our laws must be flexible enough to allow freedom for all in carrying on their daily lives.

The blue laws in all their forms are vestiges of our early American Calvinistic past. Our laws must change to keep place with our changing and maturing society.

TREVER ON CAMPUS

"How about a passing grade in English?"

THE GADFLY

Still Downtown

By T. Lee Hughes

"The rest of you will smile and obey. Have you noticed that the imbecile always smiles? Man's first frown is the first touch of God on his forehead. The touch of thought. But we'll have neither God nor thought. Only voting by smiles. Automatic levers —all saying yes."

AYN RAND

There are going to be a few empty stockings on the political fireplace downtown next week.

In the wake of the State Investigation Commission's expose of corruption in the city police department it won't be fashionable to let Santa down the chimney. This year, anyhow.

But the spirit will still be there.

For as one county Democratic leader smarted last week, "this kind of thing only goes on through and around city hall."

It doesn't take much symbolic logic to leap from the thought of a corrupt police department under a politically appointed chief, to a tainted and negligent political machine.

Mayor Walsh realized that last week when he 1) took credit for asking the Commission to investigate the Syracuse police, 2) accused the commission of using "repulsive" methods and of withholding information from him 3) and indignantly rebuffed the "worst city" label he claimed Commission Head Jacob Grumet had put on Syracuse.

It was a very convenient smoke screen.

And it became evident that this was all it was when Grumet retorted that the Mayor had told him in private that "if it were not for our hearings of the previous week, he would not have been able to make the changes he has made."

"He further stated that he would not like to say this publicly," Grumet snorted.

But it is evident that the same way in which Walsh was able to use now departed Chief Kelly as a scapegoat, the Republican machine of State Senator John Hughes will be able to use Walsh.

If Walsh's political image should become tarnished by the scandal, the machine will boot him out the rear door of city hall.

Hughes is not the only, or probably even the most significant, cog in the machine.

The real core of the political apple in Syracuse is an elite "establishment" of lawyers and businessmen who have gained not only political, but also economic, entrenchment in the city.

As with any political machine which has stagnated in office for too long, it feels it is an entity in itself, and not responsible to the people.

And like a leech, it sucks everything it can from city government.

In Syracuse, for example, city businessmen have latched on to the long awaited urban renewal and public housing program. They want to give the downtown shopping area a sorely needed facelifting so it can compete with the huge shopping centers sprouting up outside city limits.

In Syracuse, for example, landlords in the 15th ward have made money hand over foot charging outrageous fees to Negroes for the privilege of living in substandard housing. But for years the city neither enforced housing codes, nor enacted an anti-discrimination clause which would allow Negroes to live elsewhere.

In Syracuse, for example, gambling and vice flourished for nearly three decades undiscouraged by the police department. It was not only the police who knew about it. An informed source has told me that for years a numbers racket operated directly across the street from city hall and no one in the city administration batted an eyelash.

A new police chief, even a new mayor, would do little to cure a malady which for the most part is caused by the political machine which rammed them into office.

The Republicans are certainly not going to take the blame themselves.

"I believe we had a start before the hearings were held and . . . we're moving in the right direction," said Albert Orenstein, Republican majority leader of the Syracuse Common Councill, Saturday. "This happened in 1959 and I think the police are trying to improve."

"I don't think I can contribute anything at this point," said Sen. Hughes when asked to comment on the situation.

The fact is, the Republicans like to point to these ugly sore spots as isolated instances. The exposure of George Traister, of Percy Harris, are supposed to be regarded as isolated instances of corruption.

Unfortunately they are not. Perfunctory reforms only come about when public pressure forces them.

The trouble is, public pressure often comes too little and too late.

And this is the fault of the downtown press.

The Herald Journal and the Post-Standard have alternated between patting themselves on the backs for previous feeble attempts to rout out corruption, and apologizing for their failure to be on the job.

At the start of the recent hearings, the Post-Standard even politely apologized for their inconvenience to the police department.

"What is to be gained by reviewing ancient history and thus adding to the demoralization of a department which is struggling to live down its own faults," the paper said in an editorial.

It was merely anticipation of the Republican line that such goings on took place in ancient history, but are going on no longer.

It was only when the Commission began to spoonfeed information to the press that it joined the chorus calling for reform.

The Post Standard even sent a reporter out to purchase an illegal parley ticket, which it proudly reproduced in its pages, crying "corruption."

"Unfortunately, it is this kind of thing that the papers term a "crusade" years later when someone asks what they have done to improve things.

It is considerably more difficult for a newspaper to rout out instances of corruption than it is for a State Commission. But reporters who cover city hall, the police station, the city streets, the urban renewal department, and city jails, have access to a wealth of information. If only they would follow it up.

"Don't blame us (the reporters) for what is printed in the newspaper," one Post-Standard reporter told me last week. "There are just certain things the editors won't let us print."

Several years ago, Walter Carroll, a dynamic hell-raiser working for the Post-Standard, began to dig into some of the realities of city government. Things became uncomfortable, and now Carroll has been relegated to the relatively safe position of putting out the Sunday magazine.

Whether the editors of the downtown papers are afraid of the economic pressure which could be exerted by Republican businessmen, or are just addicted with a severe case of fence sitting, is a moot question.

The fact is, year in and year out, they continue to support the tainted Republican machine.

Once and a while they hit at the lower echelons of political appointees. But even during the most recent scandal, Herald-Jounal Executive Editor Casey Jones extolled John Hughes's "reorganization" of the county Republican machine as a "great step forward."

When are the journalists downtown going to realize that the only real "great step forward" is going to be a clean sweep? When are they going to realize that from top to bottom, Republicans have got to go.

Unfortunately the answer to the question is — probably never.

Mayor Walsh will make a few more long overdue changes in the police department, the same cops named in the corruption testimonies will be reshuffled into new positions, and Walsh will take credit for the entire "cleanup."

This writer will place ten to one odds that no one on the downtown press will challenge him at election time.

And see how many of the honest cops who testified at Commission hearings are given a shot at top department positions.

If there is one cop who deserves to be named at minimum to a position as Deputy Police Chief, it is Thomas Sardino. Year in and year out Sardino has fought vice and corruption in the city. But he is also one of the famous Sardino brothers, who has worked too closely with Democratic D.A. Joseph Ryan for the comfort of the Republican political machine.

I'm not at all sure I can sympathize with the citizens of Syracuse.

Every election they vote in their own frankenstein monster—the Republican machine.

Every election time they swallow the line of the downtown press and forget the corruption which reared its ugly head a year before.

And every year they go about their business, thinking they've done their duty by casting a vote.

As Friedrich Nietzche wrote "What they would fain attain with all their strength, is the universal, green-meadow happiness of the herd, together with security, safety, comfort, and alleviation of life for every one. There two most frequently chanted songs and doctrines are 'Equality of Rights,' and 'Sympathy with all Sufferers'."

Incidently, a Merry Christmas.

THE CUTTING ROOM

The Quote and Tears

by John E. Greenwald

"Take off this restraint and see how things will revert almost to barbarism."

No . . . it wasn't Dean John S. Hafer.

"We are determined that you will not damage and disgrace the University."

No . . . It wasn't Dean Marjorie Smith.

"I have registered a vow that Syracuse University shall not be a drunkard-making university . . .".

No . . . it wasn't Chancellor William P. Tolley.

"It shall be pure and clean as to the conduct of its men."

No . . . it wasn't Dean Earle W. Clifford.

The statement, we printed last week, by a high university official containing the above quotes, was made on Feb. 6, 1906 by SU Chancellor James Roscoe Day.

That's right. The author of "I think you have a rotten code of ethics" was that bastion of clean living Americanism who ruled the Hill with "the iron refinement of steel" from 1894 to 1922.

We decided to print this statement because we felt it had an amazing currency for the campus despite its age. Fifty years after Day bawled out his undergraduates our current administration still seems to be following many of the general policies outlined by SU's most outspoken chancellor. And 50 years later, judging by the incidents at DellPlain and the Freshman Weekend dance, SU students seem to be doing the same things their predecessors did.

We don't personally agree with either Day or the Hill's current administrators. A university should offer each student as many opportunities as possible for him to be his worst enemy. This way, at the end of four years only the best—those with a moral fiber, internal discipline, and drive—will be graduated.

Today, the university pushes its students into habits that with a minimum of application will coast them through four years of school. SU doesn't graduate leaders it graduates strap hangers.

Those who correctly identified the quote were Terry Hughes, Alan Milstein, Jeannie Ranov, Norm Moyes and the university archivist James K. Owens (somebody up there reads us!).

The last performance of any show is a sad occasion. But the closing of "Little Mary Sunshine" Saturday night was even sadder than usual.

"Little Mary" was one of the most successful, indeed phenomenal, productions ever staged by the department. It had, over the weeks, garnered a reputation on and off campus that would do a professional company proud. It was sold out most every night, including week nights. So great was its popularity that "Little Mary" was held over for a weekend, a rarity for Hill productions.

Beyond that. "Little Mary" was a show of love. The audiences loved it. The cast and crew loved it. They loved the music, the book, the jokes. Above all they loved the director, the excellent Robert Scarpato. For Scarp they would always give that little extra effort, spend that little extra time. It's one thing to be respected, but another to be loved.

For some in the "Little Mary" company, the show will have other, more important, memories. For a number of people it was their first Hill production. For a few, it will probably be their last.

Perhaps these are the reasons that the closing of "Little Mary Sunshine" had a few more tears than would have been expected.

* * *

Usually college columnists in our position say something nasty about Christmas. But since there are already enough angry young men spouting off on the subject we decided to forego the honor.

Instead, we'd like to wish each one of you the best of the season and hope that at least some of you will celebrate Christmas with a proper understanding of what this holiday is all about: man's second chance.

Raymond Burr, the CBS Television Network's "Perry Mason," spent five of the first six years of his life in China.

MUSIC

Mark Spoelstra

The Lively Arts Coffeehouse was the scene, Sunday, of a folk concert given by a young guitarist, Mark Spoelstra.

His twelve string guitar supporting his voice, which was well suited to folk blues, Spoelstra delivered his material in a relaxed manner. His driving accompaniment was filled in with blues bases and riffs.

Spicing his program with "off the cuff" comments, and some of his own musical material, Spoelstra delved briefly into the sphere of social comment with "Civil Defense Sign."

Fast receiving recognition in the folk field, the 22-year old Spoelstra will soon have a record, "Twelve String Guitar," released by Folksways Records.

S. W.

Candy Moore, 15, who plays Lucille Ball's daughter in "The Lucy Show," started modeling when she was five, began television work at age seven.

Down In Front

By JCDY ADAMS

Confucius say, "There nothing like spirited crowd to make old adrenalin flow. There no home advantage without spirited crowd."

Or maybe it wasn't Confucius. Guess it was Fred Lewis. Well, the names sound alike.

Anyway, author verli wise man.

Just take a peek at the Orange record this year. The football team played only four games in their Archbold home. Of the four, they won three. The only loss came when, due to some quirk (or some jerk), the squad was scheduled to play during Thanksgiving vacation. Before a near-empty house, West Virginia romped away with the victory.

First on the scene this winter was the frosh basketball team. They've played twice before a bloodthirsty mob in the Fieldhouse. Each time they've completely overwhelmed their opposition. In fact the two opponent's sum score is far shy of either Orange single-game mark.

And while we're on the subject, just a word on frosh basketballer Dave Bing . . . Wow!

Just this past weekend Joe Scandura's wrestling team set EIWA champion Lehigh on its ear before an overflow crowd.

But the clincher comes with the varsity basketball team. They've won both their home games. They've lost both games they've played on the road.

They might have won the latter if they'd played in the friendly confines of the Fieldhouse. They probably would have lost the former if they hadn't.

But Kent State and Army were nosed out by a team that didn't promise to be much of an improvement over last year.

Someone had forgotten just what a disease carried by over 3,000 spectators could do. This contagious malady has victimized the Syracuse basketball team. Doctors call it enthusiasm.

It has shown itself especially strong at the cage contests, mainly because we've had two years to lose all resistance to it. It'd been a long, long time since we've had anything to be enthusiastic about on a basketball court.

So while everyone is praising the basketball team for their fine showing, let's take time out to heap a little on those fans who had as much a hand in those victories as the players themselves.

But Confucius also say, "Nothing like winning to make old enthusiasm flow." See you Thursday night.

Gymnasts Win Second Straight; Voas Leads Hill to 59-37 Win

By TOM MULLER

Coach Paul Romeo's gymnasts vaulted over Navy Saturday for the second win of the young season. The Orangemen whipped the Middies 59-37.

Leading the way for the Orange was Phil "Corky" Voas, who scored a "grand slam" by winning all three of his events. Corky garnered 18 points in winning the floor exercise, still rings, and the horizontal bar. In the still ring event he had the amazing total of 94.5 points out of a possible 100.

"He deserves a citation of some kind for what he did," said Coach Romeo after Corky's amazing display. "It's extremely unusual for a gymnast to win all of the three events that he entered."

The Orange gymnasts, who captured all six first places, showed great balance throughout the meet. The team got a much needed boost from its sophomore constituents.

Sophomore Sidney Oglesby won the parallel bar event once again this week. He finished directly ahead of Carl Poplar and Ron Orlick as the Orangemen swept the first three places.

Sid also placed fourth in the floor exercise and fifth on the long horse.

Another sophomore, Jon "Spike" Meury, took second in the side horse event. "Spike deserves a lot of credit," praised Romeo.

Senior Captain Ray Grimaldi was the first place winner for the Orange on the sidehorse. The talented senior also finished behind Voas on the still rings.

The other winner for the Orange was senior Ron Orlick. Ron captured first place on the long horse. In his other two events, the parallel bars and the floor exercise, Ron placed third and fifth respectively.

Junior Ray Poplar took second place on the parallel bars and fifth place on the still rings, while junior Tom Steeves ended up fourth on the long horse and fifth on the horizontal bar.

After the meet Coach Romeo said he was "very pleased with the boys. I expect our boys to get better as the season progresses. We're looking forward to the Pitt match."

The Navy meet signaled the beginning of EIGA competition for the SU gymnasts. They meet Pitt at home on January 12. Last year the Orange beat Pitt by two points, and the Panthers have all but one man returning. Everything seems to indicate that the Panthers will provide the year's toughest competition for the Orange.

CORKY VOAS

Former Bot. Prof. Writes Book

Trevor Robinson, a former member of the Syracuse University faculty, bacteriology and botany department, in 1956-1960, is author of a new book, "The Organic Constituents of Higher Plants".

The book, scheduled for January publication, by Burgess Publishing Company, Minneapolis, is designed primarily for reference use by botantists, pharmacists, food technologists and organic chemists as well as plant biochemists whom it serves most directly.

Dr. Robinson is assistant professor in the chemistry department of the University of Massachuetts at Amherst.

Orange Halfback

DON KING

Halfback King Inks Contract With Detroit

Star Orange halfback Don King has signed a 1963 grid contract with the Detroit Lions of the National Football League. King was the Lions' No. 6 choice in the recent NFL draft.

The 6-foot, 185-pound senior from Buffalo is expected to see most of his action as a defensive halfback. Early this season, Syracuse coach Ben Schwartzwalder stated that "King is good enough to play defense in pro ball right now."

In addition to his defensive talents, King performed well as a rusher and pass receiver. He was No. 2 to Jim Nance in the ball carrying department with 325 yards on 58 tries.

King's 5.6 yard average was tops among the Orange starters.

As a pass receiver, the SU senior snared seven aerials for 79 yards. He ranked second on the team with an average reception of 11.3 yards.

King also placed second on the squad in scoring behind Orange quarterback. Walley Mahle. Mahle edged the Hill halfback with 40 points to King's 36. Both had six touchdowns.

King, a three-year football letterman, suffered a knee injury at the beginning of the 1962 season. As a result, he saw limited action in the Oklahoma and Army contests, playing only on defense.

The Syracuse halfback is scheduled to play in the upcoming Senior Bowl game in San Francisco. He and Orange end Walt Sweeney will participate on the East squad.

King gained high school football All-American honors at Lafayette High in Buffalo. He also was a member of the tennis and basketball teams. Following graduation in 1957, King entered the marines and played football at Camp LaJeune, N.C.

Last winter, the versatile Hill athlete performed for the SU cage team, averaging over five points a contest. He was noted for his competitive spirit and desire.

King is a physical education major at the university.

Varsity, Frosh Cagers Invade Cornell Today

By BERNIE MacCALLUM

The Orangemen will try to get over the .500 mark and register their first road victory tonight when meet Cornell at Ithaca. Game time is 8:15 p.m. with the Syracuse-Cornell frosh game 6:15 p.m.

Both teams are 2-2 with the Big Red having wins over Colgate and the University of Rochester. Cornell has lost to Bucknell and Canisius.

The game will be broadcast on WSYR radio starting at 8:10 p.m.

Syracuse will again be facing a bigger team with a pair of 6-7 forwards on the Cornell starting five. Gerry Krumbein, 6-7 center, is one of the top scorers for the Big Red. He has averaged 14 points in the clubs four games.

Pete Besgeier, 6-3, and Bob Turrell, 6-7, are the other Cornell forwards. Besgeier has been scoring at a 13.3 clip with Turrell averaging seven points a game.

Team captain and high scorers Jerry Szachara, 6-1, will start at guard along with Ray Ratkowski at 6-0. Szachara has a 15.8 point production average.

The Cornell offense has been scoring an average of 68.3 points a game with their defense giving up 68.0 points a game.

Cornell beat Syracuse twice last season when the Big Red led the nation in rebounding.

Coach Fred Lewis is expected to go with the same starting lineup that beat Army. Carl Vernick and Dick Finley will be in the backcourt, Manny Klutschkowski, Herb Foster and Phil Schoff up front.

The Syracuse frosh cagers will try to continue their scoring rampage against the Cornell yearlings, the best team Syracuse will have met.

The Syracuse yearlings came close to the century mark in scoring Saturday as the crowd proded them on in the game's final seconds. Dave Bing was again the frosh standout.

After the Cornell encounters, the two Orange clubs will return to the fieldhouse for a pre-vacation game with the University of Rochester Thursday night.

Wresters Need Help...

Wrestling fans take heart. You too can be an Orange grappler. Coach Joe Scandura has issued an appeal to the student body for a 123-pound weight class wrestler.

The coach needs a wrestler in the 123 class for the Wednesday meet with Ithaca. Anyone interested report to the coach at his office in the men's gym.

Judith Adams Appointed DO Junior Editor

Judith P. Adams, Daily Orange sports writer and columnist for two years, has been appointed a DO junior editor.

A junior in the College of Liberal Arts, Miss Adams is majoring in mathematics. She has a 1.9 accumulative average and lives in San Jose, Calif.

As a DO reporter, she has covered tennis, skiing, football and basketball. She is acting editor of the sports department one day a week.

The man who's waiting for something to turn up might start with his shirt sleeves.

Jacobsen: Ethics Protect, Define

By DANIEL RITEY

Two things are expected from a professional code of ethics: 1) the protection of the individual in the society and 2) a notation of the definite responsibities and liabilities of the practitioner of the profession, Dr. Carlyle Jacobsen told the freshmen citizenship sections Monday in Marshall Auditorium.

Noting that profesional codes of ethics apply to established areas like law and medicine, the dean of the Upstate Medical Center explained that the new scientific profesions have "an ill-defined relationship with society."

Dean Jacobsen posed the questions of whether scientists can withhold information or divulge secret data in the name of the public good.

"Professional people, like individuals in our society, are responsible to that society for their conduct," the dean said. He added when conflicts arise between professional codes and personal ethics, the resulting decisions are individual and specific.

Individual

"The uniqueness of an individual is important," the dean contineud, "because, as a person unlke any other, one is responsible for one's actions."

The profesional person in our society has a contract between himself and the society, said Jacobsen. With it come privileges and responsibilities which are subject to change by the society.

Dean Jacobsen cited the example of the out-of-town physician who, when called to the aid of an accident victim, may hesitate even though his professional code calls for him to aid the sick, preserve life and lessen suffering.

Responsible

The doctor might hestitate because of society's ruling that he is responsible for a victim's life when he aids him. New rules have freed him from total liability when he aids accident victims.

Dean Jacobsen defined a profession "as a unique body of knowledge and skills which works in a setting of service to the society it serves."

Another privilege of these established professions is confidence, said the dean. "You can tell anything to your doctor or lawyer with full assurance of confidence," he added.

This standard has changed somewhat, however, in those incidents when doctors must disclose information which might be of criminal nature or connected with a suicide.

ROTC Cadets in Training

Six SU Army ROTC cadets are undergoing trainirg in ground and aerial work at the Nedrow Aiport.

The cadets are David J. Petta and William K. Shanning, Syracuse; Robert S. Lefevre, Jr., DeWitt; Frederick B. Leifheit, Liverpool; John A. Couri, Rye, and Bernard F. D. Berlin, Brooklyn.

The training is a result of the study conducted by high ranking Defense Department officials. A committee headed by Lt. Gen. Hamilton H. Howze has recommended the creation of five completely air transportable divisions.

30,000 Planes

The Howze committee also made additional proposals which, if approved, would give the Army more than 30,000 planes of all types by 1970.

The six SU students' training includes communications, maintenance and navigation. The cadets also fly both dual and solo throughout central New York State.

Upon completion of their training and after commissioning as Army Second Lieutenants, the six will enter active duty for a three-year period. They will continue their flight training at Fort Rucker, Ala.

Some will further attend the primary helicopter pilot school at Camp Wolters, Texas.

Army pilots are used in command and liaison, artillery spotting and certain types of aerial reconnaissance. This includes use of the plane-mounted, side - looking aerial radar, SLAR, which is capable of looking behind enemy lines.

Cavalry Unit

Creation of air cavalry units has also been contemplated. These units would transfer accepted and sound ground tactics to the air.

The units would be accompanied by airborne reconnaissance and helicopters mounting rockets and multiple automatic weapons striking hard at the enemy from above.

These "vertical envelopment" tactics have already been extensively tested and found to be highly effective.

Gedalecia Gets National Prize

William J. Gedalecia ,recently received the national Kappa Sigma scholarship award of $50.

This award is given to the junior in each chapter with the highest average in his class.

In addition to maintaining a 2.7 average, Gedalecia is a member of Orange Key, vice president of Campus Alliance Party member of the IFC Judicial Board.

Accident Scene

THIS ACCIDENT took the life of Skeva Soko, Syracuse University graduate student, Friday night. Two other SU students involved in the accident are in fair condition in the infirmary. Memorial Services for Mr. Soko will be at 10:30 a.m. Wednesday in Hendricks Chapel.

(Photo by R. J. Carle)

4 Fellowships Open to Grads

The SU Audiovisual Center has announced four graduate fellowships are available to individuals working toward a Ph.D. or Ed.D. in instructional communications.

The three-year fellowships offered under the National Defense Act provide a stipend of $2,000 plus tuition, fees and books. There is an additional $400 per dependent and an annual increase of $200.

The program is designed for persons interested in teaching in institutions of higher education. Persons preparing for or currently in the first year of graduate study and holders of masters degrees are eligible.

Dr. Eugene K. Oxhandler, Audiovisual Center, 121 College Place, is in charge of the program.

303 UNIVERSITY PLACE

"If I had it to do over again, would I take Army R.O.T.C.?

Look at it this way. I like the idea of doing challenging work. That's why I volunteered for Special Forces. So you can see why I felt pretty good when the Army assigned me to Europe! Here I really feel I'm doing something for the cause of my country in these important times. How many jobs can you think of that start you off with this kind of responsibility? My wife's here, too, and she loves it. We get a chance to travel. We meet the people, learn new languages, customs. And there's a pretty active social life on post, too. But above all, I'm an officer with a job to do and with responsibilities to shoulder. I like it that way, and I have a hunch that my leadership training and experience will help me out whatever I do. Take it from me, if you're already half-way towards your commission, see it through. It's a good deal. I know."

Tom Rigoli - Leads Fraternity Men

By ADAIR DUFINE

Out of many, one—the motto of the 1962 Inter-Fraternity Council. Advocating and maintaining this motto is the job of IFC President Thomas Rigoli of Phi Delta Theta. Tempering authority with inspiration, Tom Rigoli has striven to make the Hill Greek system the most effective proponent of campus life.

Serving the university through the post of IFC head, Rigoli has concerned himself with "breaking the bars between individual fraternities. The excellence of the system depends on the cooperation of minds and brotherhoods," he stated.

Finding the Council to be a place where rivalry ends and cooperation starts, Rigoli stressed the maintanence of individuality as a key to mutual respect. "Keeping the fraternal aspect of each house and mixing this power with the ability of men to pool their resources, will aid in the evolution of the best Greek system in the nation," he affirmed.

Pride in the priviledge of having friends is the basis of a fraternity, said Rigoli. Similar interests and goals, joined with united effort have strengthened the fraternity system on the Hill, he stated.

Responsibility

Maturing within the past year, Rigoli found Hill fraternities have taken great steps towards the attitudes and conduct of responsibility. Speaking of the Judicial Board, Rigoli stated "there is strength in the knowledge of our offenses, and renewed interest by the campus in the Greek system by our willingness to judge ourselves."

Discussing the proposed program of the IFC to release names in judicial cases to the Daily Orange, Rigoli sees it "part of the punishment. The fraternities which break the rules should be known, mainly to protect the houses which abide by them."

Constantly the target of ridicule for discriminatory clauses, the IFC, under the Rigoli's leadership has urged concentrated work by individual chapters to drop such national clauses or achieve rule at their yearly workshops.

Archaic Laws

"We can't survive with archaic laws and rules any more than the United States can survive without the eventual abolition of discrimination and bigotry in the South," Rigoli affirmed.

Preparing the way for the eventual lifting of all bars, the Greeks have submitted their system to review by the Board of Discrimination next week.

"Pushing nationals to accept non-discriminatory clauses, will only hamper our goal. Antagonism will not reach our goal, patience will," Rigoli stated.

Moving into the area of improvements in Greek cooperation this year, Rigoli cited the food cooperative, instituted in 1961. "We hope to have this program in full swing by Jan. 1964," he stated.

"The (co-op) will provide the fraternities, and sororities if they choose to join, with a strong bartering and buying agent—the united strength of Greek purchasing power, said Rigoli.

As a liberal arts-engineering student, Rigoli stated his hope to work with the Alumni branch of the IFC and as an advisor for IFC officers next year. "It will be time for fresh, new ideas in 1963, and I look forward to seeing the changes made," he said.

"Within the Greek system is the spirit of the school, loyal and serious students. The critics of fraternity life may find fault with the systems of the past, but the active systems on college campuses today have changed impetus from beer to brains," said Rigoli.

The Greek system on the Hill, joining under its wing sororities and fraternities, sponsors and directs the entire campus in the areas of community activity, loyality, altruism and politics. These leaders, stated Rigoli, are numerous among the Greeks.

Quoting from the speech of Earl D. Rhodes at the National Inter - Fraternity Conference, Rigoli concluded "don't speak of bias and abolition, speak of rebirth and progress within the Greek system on the Hill. This is the prospect for the future."

INTER-FRATERNITY Council President THOMAS RIGOLI discusses his duties with Daily Orange Junior Editor ADAIR DUFINE.

SAE Elects

Sigma Alpha Epsilon fraternity last week elected officers. New officers are John Shordone, president; Thomas Moore, vice president; Douglas Wassmer, pledge trainer; Quentin Roemer, secretary; and Tad McAlpin, correspondent.

Summer Camp Jobs Available

College students interested in summer camp work may secure information from the Westchester Professional Placement Office.

Positions are available in boys' girls', and co-ed camps, hotels, work camps and day camps. Most resident jobs are in the mountain and lake areas of the Middle Atlantic and New England States. The day camps are in the New York City area.

The Westchester Placement office address is 300 Hamilton Ave., White Plains.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Stagnant weather pattern with a west to east flow of milder air off the Pacific will bring a moderation in temperatures and hold back any major outbreak of cold air. This presents a rather gloomy outlook for skiers as milder temperatures and increasing amounts of sunshine should melt most of the snow in the next few days.

FORECAST — Mostly cloudy and damp today with occasional breaks in the clouds and some limited sunshine possible at times. High in the upper 30's. Light WSW winds. Outlook for Wednesday — partly cloudy and mild.

Estimates...

(Continued from Page 1)

The student union budget, however, is up more than 200 per cent over this year's budget of $1200. The student union committee said the increase was requested because of an extension of five weeks in next year's student union activities, an attempt to get a twist band for 15 of next year's 20 student union nights, and an effort to obtain a better quality of movies.

Voting members of the Board of Estimate are Sanford Harris, JSG financial director; Carol "Schultze" Lucha, JSG vice president; Robert Becker, JSL speaker pro tempore; and Beverly Lewis, JSG activities commissioner.

LIBRARY WORK

International students interested in working in the Library during Christmas vacation are asked to contact Mrs. Mary E. Palmer, international student secretary, in the Chapel House. Both men and women may apply.

Bill Cullen, panelist on "I've Got A Secret," was a pre-medical student at the University of Pittsburgh before he got into broadcasting.

OMICRON NU, Onondagan picture, 6:30 p.m. today, Watson Lounge.

SIGMA ALPHA ETA, 7:30 p.m. Wednesday, Rehabilitation Center, guest speaker.

LUTHERAN ADVENT COMMUNION, 5 p.m. Wednesday, North Wing, Hendricks Chapel.

SKIERS! The Outing Club is sponsoring an Intersession trip to the Laurentians; estimated cost—$25-30. Preliminary signup sheet posted on Outing Club bulletin board, Hendricks Chapel basement.

Ball to Feature Queen Contest

A Queen contest will be one of the featured highlights of the Sweetheart's Ball slated for Febraury 16, at Drumlins.

Sponsoring the dance and beauty queen competition is the Wood Engineer's Club of the College of Forestry.

According to Robert Collins, Queen Contest chairman, entry forms will be distributed to campus living centers the week of January 6-12.

Chapel to Hold Advent Service

Advent Holy Communion will be served at 7 a.m. Wednesday in Hendricks Chapel. Lynn Suto will offer a meditation on Christmas, and Dr. Arthur Poister will be at the organ.

A breakfast following the service will be prepared by the Chapel worship committee. All members of the university are invited to participate in the worship and breakfast.

JSL STEERING GROUP MEETS

The Joint Student Legislature Steering Committee meets 4 p.m. today in the student government office, 907 University Ave.

All committee chairmen and senior senators-at-large must attend. Any senators interested in presenting a bill at the Joint Student Legislature meeting 7 p.m. Wednesday in Maxwell Auditorium should also attend.

Educated Must Consider Nuclear Problems - Osgood

By SUSAN WEINBERG

An educated person has "more than a right to say what he wants; he has an obligation to think, write and talk" about the problems of the nuclear age, said Dr. Charles E. Osgood Tuesday night at the Citizenship Ia lecture.

The well-known psychologist specified several responsibilities which intellectual Americans have today.

"We must keep our minds open to fresh alternatives," he emphasized. In this area of policy alternatives he proposed a new method of dealing with the arms race and its tensions: Graduated and Reciprocated Initiatives in Tension Reduction (GRITT).

In other words, Osgood explained, nations must take gradual and self-initiated steps to reverse the arms race.

These steps must be taken under conditions of adequate national security which can be insured by: the retention of our retaliatory second strike, diversity in the kinds of steps taken, unpredictability in future actions and follow-through of announced actions, he added.

Rejects

Osgood rejected the popular alternatives of peace through military strength, surprise attack, pacifism and negotiation.

"The atmosphere or trust level among nations must be changed before these policies could work," he said.

A second responsibility for the intellectual American is to "know thyself," Osgood said. "We must understand the dynamics of our own thinking under stress before we can understand others and the problems of the nuclear age."

He gave several human mechanisms that "blind people and inspire the arms race." They are:

1. Denial. When people are faced with a threat over which they have no control, their reaction is to deny its existence.

2. Semantic remoteness—the language of the nuclear age, such as "megaton," is remote from the direct experience of most people. It, therefore, does not have the "emotional gut meaning" which spurs people to resolution of a problem.

3. Psycho-logic — humans try to create an emotionally consistent world in which we are the "good guys" and our enemies are necessarily the "bad guys." Similar actions by both

(See Osgood, Page 8)

Budget Before JSL Tonight

By CAROL SCHLAGETER

Joint Student Legislature will be asked tonight to approve the Board of Estimate's $7855 trial-balloon budget involving funds for three campus organizations, and a constitution for Students for a Free Trial.

The budget was given preliminary approval by JSL's steering committee at a meeting Tuesday. Copies are available in the ways and means mailbox at the Student Government office for each senator.

JSL meets at 7:30 p.m. today in Maxwell Auditorium.

The Students for a Free Trial organization is an ad hoc committee to promote justice in the recent Ralph Dennis case. Dennis, 15, has been arrested in connection with the pursesnatching death of Irma Snyder late last month.

Study Rooms

Virginia Lederer of the Advisory Committee announced Tuesday that 10 classroom buildings will be available immediately after vacation as study rooms. Miss Lederer said that any interested students may act as proctors.

The rooms—110 and 111 Maxwell, 104, 105, 304 and 305 Hall of Languages, 105 Bowne and 37 and 38 Smith—will be open from 8 to 11 p.m. Monday through Friday beginning the day students return to school.

(See JSL, Page 8)

SG Emergency Meeting Today

An emergency meeting of all people involved in the executive branch of student government will be held at 5 p.m. today in 207 Hall of Languages, according to Carol Lucha, SG vice president.

At the meeting the recent government shake-up will be explained and those presently in government will be notified of duties they must fulfill to keep their positions.

People affected by the meeting are class officers, executives councils, directors and commissioners, and members of the government training program. Also those who intend to work in any phase of government next semester should attend, Miss Lucha said.

Nyasaland Here They Come--From SU

By JOYCE HERGENHAN
Editorial Director

Six months ago, most of them had ever heard of Nyasaland; by the end of January, they will be teaching school there.

As the first Peace Corps project to Nyasaland enters the final stages of a three-month Syracuse training program, centered at SU's University College, the group's forty-five members view their forthcoming assignment with a mixture of enthusiasm and optimism.

What were the trainees' first reactions upon receiving the Central African assignment? Those who had specifically requested Africa were thrilled; the remainder headed for the nearest encyclopedia.

Work

Fifty-seven hours of classwork per week have since familiarized them with the exotic-sounding country. Language laboratories and contact with native speakers have given them a rudimentary knowledge of the difficult Nyanja tongue. Three days of "roughing it" in the Adirondacks helped condition them for life in an underdeveloped country.

Most of the group are in their mid 20's. All are college graduates; several of them, members of 1962 classes.

Engagements

Originally, the group included five married couples. By the end of the training program it will have six; soon after reaching Africa, seven. Both engaged couples met during their stay here.

Upon reaching Nyasaland, the Syracuse trainees will be divided into groups of from two to five members. These groups will be assigned to government and mission schools throughout the 520-mile-long country.

Nyasaland's approaching independence may present problems for the Corpsmen. Presently part of the Federation of Nyasaland and Rhodesia, the protectorate is slated for independence in 1963. Whether to create one or two countries from the Federation presents an extremely touchy political problem for both Great Britain and her African possessions.

Guests

The Peace Corps members, in their role as "guests of Nyasaland" for two years, must remain completely neutral during

(See Peace, Page 5)

Teacher Found Dead

The body of Donald Alfred Murray, 30, Hill romance language instructor, was found in his apartment by police Tuesday morning.

The Onondaga County Coroner's office has ruled the death a suicide and estimated it occurred Sunday night.

Mr. Murray left three notes to his mother, brother and a friend, saying that he was planning to take 35 sleeping pills.

Mr. Murray, a coordinator of the University College Peace Corps program, lived at 201 Comstock Ave.

He began teaching on the Hill in September 1961.

Born in Boston, Mr. Murray received his bachelor's degree from Brown University in 1953 and his master's from Brown in 1958. From 1958-60, he did doctoral work at the University of Michigan, where he was a teaching fellow.

He was a resident fellow at Brown while working for his master's degree.

Mr. Murray studied at L'Institut Catholique in Paris from 1955-57, and from 1956-57 was a Berlitz professor of English.

He served in the United States Navy from 1953-55 and was released as lieutenant junior grade.

DONALD A. MURRAY

Skeva Soko Memorial

A memorial service for Mr. Skeva Soko, who died Sunday after a Saturday night auto accident, will be held at 10:30 a.m. today in Hendricks Chapel.

His body will repose in the Chapel for an hour previous to the service for friends to pay respects.

Mr. Soko, 33, a second-year economics graduate student on the Hill, from Northern Rhodesia, figured in the Dec. 1 Savoy apartment picketing and sit-ins.

He was a founder of the SU African Students Assn.

LAST DO OF 1962

The Daily Orange would like to warn all those doing today's crossword puzzle that the answers will not appear until Jan. 8, 1963. Unless you can stand the suspense of waiting two weeks to find out who was the governor of Alaska or an eight-letter word for "place of immortality," we suggest you do not do the puzzle.

The reason for such a delay between puzzle and answer rests with the fact that the DO editors have decided to forsake the "Hellbox" and catch up on our class work. For the rest of the campus this disappearance of campus notices, classifieds, typos and Weekend means Christmas Vacation. For Daily Orange staffers it means a respite from journalism and a return to academia.

Christmas on the Run

Well, it's that time again. The APO ride board looks like grandma's quilt with its ride notices. Basement washing machines slowly hypnotize customers getting that last bit of clothing clean before vacation. Closets are being torn up and clothes fly through the air as last minute suitcase packers fight the clock or the taxi driver's nagging horn. Tickets and reservations are carefully placed in wallets and purses with short prayers they won't be lost.

It's the Christmas exodus (if you'll pardon our mixing of Testaments) at Syracuse.

Today Friday and Saturday students will pile record players, typewriters, ski boots and all into buses or cramped automobiles. Freshman coeds, who still haven't learned the art of packing lightly, will slide their suitcases along the train station floor. Sophisticated seniors, with their "thousand air miles grins," will seem unimpressed by the blizzard at Hancock Field.

To most Syracuse students Christmas probably means running; either running away from school or running home. To some Christmas will mean the spirit of three wise men. To many it will mean the spirit of the Four Roses decanter. Indeed, it is very doubtful that with all the running and drinking Hill students will do over the vacation, few will do the studying they intended to do, and even fewer will bother to contemplate what this respite from the university means.

We won't play theologian and tell you what Christmas is all about. But somewhere amidst the department store ads, the television specials and the newspaper supplements is a message of peace and love. These words are cliches today. They may have even been cliches when the birth of boy in a stable was first recorded. But they still have meaning.

The kind of love and peace visioned in the Bible may not be very realistic or very practical. Yet, without these concepts man would not have much of a purpose in life. Objectively, there may be no real reason for getting out of bed in the morning. But man was given an intellect, and this intellect offered man the ideals of peace and of love. Humanity may never achieve these ideals, but the day we stop trying may very well be the day we stop living.

The Daily Orange would like to wish all of its readers a happy Christmas and New Year. Drive carefully, stay as sober as you dare and perhaps, among all that running around, think a bit about this holiday and about yourselves.

ANOTHER VIEWPOINT

Needed: Positive Action

By Pete Kosseff

Friday night five Hill students were the victims of a vicious, unprovoked attack on the 400 block of South Crouse Avenue.

This was not the first attack of this sort; there have been numerous muggings of Hill students by groups of Negroes in that area.

The viciousness of the attack is substantiated by the lacerations and bruises received by the students from the razor blades, fists and boots of their assailants. The most vicious thing about the attack, however, is the fact there was no attempt at material or monetary gain. The assailants' only objective was physical aggression.

There is no simple way of stopping these attacks but as of this moment nothing constructive has been done to prevent them. According to the city police, there is still only one patrol car working in the area of the Fifteenth Ward. Understandably, the city police have many troubles of their own, but it is hoped the police still have the foresight to see the dangers and implications of the situation.

These implications, if nothing preventative is done, are these insignificant muggings will lead to an accidental, or intentional, murder. This is not to say such an event can be prevented, but one doesn't give up the ship just because it has some leaks.

The University of Pennsylvania had a similar outburst of muggings in the campus area in 1957 that went unheeded until a Korean foreign student was killed. Are we going to wait that long? Are we willing to pay that price?

It seems there are several people in Syracuse with a vested interest in the termination of these attacks. The merchants on Genesee Street will see a decline in Hill customers if the attacks continue. The students will be forced to live in a ghetto, daring the extremities of the campus only in a car. And the administration whose interest in the students' welfare, or if not in the students' welfare a concern for their own reputation, should take some positive action.

The two most obvious measures are to increase the number of patrol cars and street lights in the trouble areas. These steps have worked to lower the crime rate in other cities.

Indonesia

To the Editor:

I was very disappointed to read an article "Push Back Communists in Java: SU Student" in the Syracuse Daily Orange on December 13, 1962 written by Fred Geiger.

Fred Geiger wrote that he got the information from me, Jusuf M. Martadiardja, as president of SU Indoneisan Student Association. I remembered that several questions about Indonesia that he said he will use it for his paper. In order to give him a more reliable data I asked him to come to my apartment and I gave him several magazines and bulletins published by the Indonesia Embassy in Washington.

I don't know what is Fred Geiger's motive in writing that article, which for me it is an insult. There are many contradictions and manipulation of facts in his article:

1. I did not talk with him in my capacity as president of Permias (Association on Indonesian Students in the U.S.) Syracuse Chapter.

2. His topic is "communism in Java" but he discussed "West Irian and communism"—two completely different issues.

3. I did not say that the transfer of sovereignity over West Irian from the Dutch to Indonesia will resist Red propaganda. I did say that it opens an opportunity for the "more educated" Indoneisan to educate the "less educated" Indonesian in West Irian where the nation's philosophy neither communism nor capitalism.

4. He carelessly wrote that Michael Rockefeller might have been killed by West New Guinea savages. Where did he get that information? If I were the dumbest person in the world I won't even call my own people savages.

5. There was no argument between the Dutch and Indonesia for the Dutch rule over West Irian since 1949. The Dutch with its force stand so firmly over the West Irian that Indonesia had to accept the fact bitterly.

6. Seven per cent literacy was not for West Irian and also not in 1949. It was a figure for the whole country in 1945, at the end of the Dutch and the Japanese occupation.

7. I never said the West Irians were Papuans as it is a taboo word for Indonesian. Moreover to think they are largely unable to communicate is like saying that since the Americans largely can not speak Indonesian they are unable to communicate. Does he think that "communication in a civilized manner" (I used his term), is communication a la Geiger or a la America—whatever you say?

My point when I talked with Geiger was that the communism propaganda is very appealing to the poor and uneducated people in Indonesia. I personally believe that education is one of the most important means to teach people not to accept blindly either communism or capitalism. Also I told him there is still a lot of poor and uneducated people in Indonesia by showing some figures in the publication I gave him.

If by the article he wants to present something about Indonesia, for heaven's sake please check the available source. If he or anybody else wants more information, I still have more than one hundred copies of Indonesia in Brief (a bulletin published by the Indonesian Embassy in Washington) that everybody can have for free as long as the supply lasts.

Jusufhadi M. Martadiardja

Indonesian Student

Frosh

To the Editor:

To quote an old, well-used phrase, "I've had it." The letter entitled "Frosh' in Fridays DO was just about the most disgusting thing I've experienced on this campus. The letter, in so many words, blasted the Class of '66's officers for failure to carry out "their fine promises."

I was on a Frosh Weekend Committee and also helped sell tickets in HBC lobby. By piecing together bits of talk, I could gather that the officers were having a very difficult time in sponsoring the Weekend. How they could have had time to put out a Newsletter is absolutely beyond me.

Elections were held on October 17. This gave the four officers less than two months to: pick an exec council; contact entertainers for both Friday and Saturday night; plan a Carnival; make arrangements for buttons, programs, tickets, publicity and do everything else that goes into a Weekend of this sort. With a budget of almost $3000, the officers and the new exec council had to give an all-out effort to make the Weekend a success.

As far as class unity goes, I believe Mssrs. Cifuni, Morris, and Prives are blind once more. There is in this university a body called the Frosh Forum. Its purpose is to enable the representatives of each floor and living center to get an idea of the events of class interest, relate these to their respective floors, and take an active part in these events. This, gentlemen, is class unity. Who started this effort? — the officers of the Class of '66.

A Newsletter is on its way to the class. If these three self-righteous, know-it-all individuals were really intersted in their class, they would offer their services to aid this project. Will they? I seriously doubt it.

It makes me disgusted to see the efforts of the leaders of my class torn apart by such "infallible skeptics." Edward Everett Hale once said, "I can not do everything, but still I can do something." Give the officers time and a little help, and they'll do everything expected of them, but they can't do it all at once. It takes time, not criticism.

'Beggars Opera' Cast Set; Miss Bradt Stars

The cast for the combined drama department and music school production of "Beggars' Opera" has been announced by Hill Atist-in-Residence and director Ben Shaktman.

The show will be seen Feb. 6 through 9, and 13 through 16 at the new Coronet Theater.

Bonnie Bradt, last seen in "Little Mary Sunshine," will play Pollie Peachum. Pete Maloney and Jean Slentz will be Mr. and Mrs. Peechum.

Bill Harris stars as Macheath, with Karen Falkner as Lucy Lockit and Paul Dieke as Mr. Lockit.

The baudy 18 century comic opera will be directed by Ruth Pinnel and Earle George of the music school along Shaktman. Other cast members include:

Ted Riggan as Filch; Marian Present as Mrs. Diana Trapes; Esen Weigand as Beggar; Dave Bowman, Art Shilling, Dave Rauscher and Richard Simon as the London Gang; and Mary Willie, Leslie Meek, Ronni Reisler, Martha Kolota and Anabelle Honig as the Ladies of London.

Carol "Shultze" Lucha is the production's stage manager.

'Endgame' Upstate

In a further effort to form a permanent repertoire company in Central New York the Ensemble Theater's Production of Samuel Beckett's "Endgame" will visit Ogdensburg Jan. 5.

Under the direction of Hill senior Dave Hamilton the company, consisting of performers Rick Miller, Dick Folmer, Eddye Comins and Bruce MacCurdy, and Kathy Bindert and Alta Walker backstage, will make the northern treck.

"Endgame" was presented by the Ensemble Theater at the Regent Theatre earlier this semester.

"We want an audience for the Ensemble," Hamilton told the Daily Orange. "We are willing to perform most anyplace," he added.

WAER Signoff

WAER-FM, the campus radio station, will signoff for Christmas vacation 12 midnight Thursday Dec. 20. They will be back on the air 4 p.m. Jan. 7, 1963.

Two Ionesco's Tonight

Two plays by Eugene Ionesco, "The Leader" and "A Maid to Marry" will be performed 8:30 p.m. today at the Lively Arts Coffeehouse, 810 E. Genesee St.

"The Leader" will star Penny Peck, Bruce MacCurdy, Ernest Harada, Arnie Rosenblatt, Nanci Fried and Peter Locke. Bonnie Cousins directs.

Anabelle Honig, Randy Grotziner, and Ernest Harada are in "A Maid to Mary," which is directed by Marian Present.

Both plays are comedies and are part of the "Theatre on Main Street" series presented by Boars Head.

Calling Edwin D. Smith . . .

Nine out of ten administrators don't listen to WNDR while they work.

The local radio station, which is sponsoring a contest whereby anyone who hears his name on the radio can call the station and win a prize, read off the name Edwin D. Smith Thursday morning.

The only Edwin D. Smith listed in the metropolitan phone book is the registrar at SU.

He did not call to claim his prize.

HIGHLIGHTS

FM Hi Fi Concert

Beethoven: Symphony No. 7 in A Major

Miniatures

A special program of popular Christmas music sung and played by famous perfomers: Leotyne Price, the Vienna Philharmonic under Herbert Von Karajan, and others. Included in the program are Silent Night, Ave Maria, O Holy Night, Hark! the Herald Tribune Sings, and many more.

Organ Concert at Crouse

Lawrence Jamison, who completed a series of thirteen organ concerts on the new Trinity Church organ in New York City, will present an organ recital featuring works of the French-Romantic school 8:30 p.m. today in Crouse College auditorium.

Awarded a Fulbright grant to the Vienna Academy of Music, Jamison studied under Anton Heiller, the major part of the Bach Organ works and other works of the German school.

Jamison is currently organist-choirmaster of the Resurrection Luthern Church and assistant director of the Syracuse Chorale and Fayetteville-Manlius Chorus.

The concert will include Bach's Passacaglia, Fuge in C Minor and Kommst du nun, Jesu; the Franck Priere; Widor Variation from the fifth Symphony; and the Dupre Prelude and Fuge in G Minor.

BooksOnSale

The Syracuse chapter of B'nai Brith will hold its third annual Book Bazaar this week at 486 S. Warren St. from 11 a.m. to 5 p.m.

In addition to selling second hand books, the bazaar will also feature records at $.10 apiece.

Ithaca Plays Host To Piety Wrestlers; Hill Seeks 3rd Win

The Piety Hill grapplers will put their brief but impressive win streak on the line when they take the mat against Ithaca tonight at 8 p.m.

Coach Joe Scandura's squad has been victorious in the Coast Guard Tourney and its Lehigh meet to date; these are assumed to be two of their toughest tests of the season.

Scandura's squad received a big boost in the recent Lehigh meet when sophomores Gerry Everling and Jim "Bo" Nance capped just four days of practice with impressive wins in the final two weight classes. Both boys had been involved with football prior to Saturday's meet.

Everling completely outclassed his 191-pound opponent as he led the meet for Syracuse. After his 8-1 victory the Orange took an 18-6 lead with one match remaining.

Nance brought the entire crowd of 1700 to its feet as he pinned the Lehigh heavyweight in just over four minutes.

Another sophomore, Terry Haise, proved why he was the Eastern frosh champion. The 123-pound grappler came from behind in the last 30 seconds to win 7-6.

Sonny Greenhalgh, the 1962 Coast Guard champion at 131 pounds, took a 4-1 decision from his Lehigh opponent.

Jim Murray pulled one of the surprises of the day as he whipped his opponent 11-5 in the 137-pound class. His foe was a defending E.I.W.A. champion as was Haise's opponent.

Dick Slutsky, a winner in the Coast Guard Tourney, was also victorious for the Orange. He will be wrestling in the 147-pound class.

Syracuse's George Reidner may have lost last Saturday, but he fell to one of the best in the East. This never-say-die grappler will wrestle in the 157-pound slot this evening.

Gary Sirota, the other Orange Coast Guard champ, was victorious in his bout on Saturday and will work in the 167-pound slot.

Lou Roberts, a crowd-pleasing sophomore, lost on Saturday, but he showed plenty of promise and could very possibly enter the winner's circle tonight.

Although this year's wrestling squad is packed with sophomores, there is little doubt that Syracuse is one of the Eastern powerhouses this year.

Fencers Nipped, 16-11

The traditionally strong Buffalo swordsmen defeated the SU fencers Saturday 16-11. The Orange frosh were overwhelmed 17-8 in a freshman meet.

SU coach Alex Dako remarked that Buffalo can be proud of their two North Atlantic champions Forsch and Wilkenson, whom he considers two of the top fencers in the East.

Dr. Dako considered this meet the real test for the SU epee team in strong competition, after having romped over Hobart 8-1 in their first meet. He is expecting steady development and more strength later in the season.

Coach Dako also noted that his team suffered from the loss of the talents of letterman Stu Hollander, who spent the week in the infirmary.

Varsity scorers were Duane Harrington and Marv Stone on epee; Marty Dako, Bob Fornaro and Dick Dauenhauer on sabre; and Harvey Schuman, Les Monostory and Marty Cohen on foil — the foilmen being the only team to defeat Buffalo.

Frosh points were scored by Barry Kliger, Arnie Pell, Tony Berkman and Clint Wigren.

On Jan. 12 the team travels to Ithaca for a meet with the strong Cornell fencers.

male students needing extra income. Must have your own transportation. This is an opportunity for you to earn the extra money you need. Call HY 2-1701 Monday thru Friday between 9 a.m. and 5 p.m.

Meet Manhattan, Pitt Away Cagers At Home Thursday;

The SU basketball team will play three games during the three weeks of Christmas vacation. The first game will be played this Thursday—hopefully before too many Orange rooters leave for home.

Tomorrow, the cagers will face the Rochester Yellowjackets in the Manley Field House at 8:30. The Tangerines will meet the Rochester Frosh at 6:30.

Coach Lyle Brown's Yellowjackets have been seriously hurt by graduation. Rochester lost four starters from last year's varsity including Mike Burger, the school's all-time high scorer. This means that Brown is in much the same position as Coach Lewis with three sophomores in the Yellowjacket lineup.

Students residing in Pittsburgh and New York City will have a chance to view the Orange in action in their home towns. The SU varsity will meet Manhattan at Madison Square Garden on Jan. 3, and Pittsburgh at Pitt two days later.

Pittsburgh promises to be one of SU's toughest opponents of the season. The Panthers are rated as one of the nation's top teams led by the passing and shooting of 6'4", 210 lb., Brian Generalovich and teammate Cal Sheffield.

WAA 'Day's' Results

Last Saturday afternoon, the Women's Athletic Association held a sports day, competing with other schools in the area. Syracuse was undefeated in basketball. They were followed by Wells, Oswego, Ithaca and Harper in the standings.

The girls of Piety Hill came in second in volleyball, and fourth in bowling. They were beaten out by William Smith in volleyball, and Wells, Oswego, and William Smith in bowling. Syracuse won competitive swimming, but lost in fencing 11-5. They beat Buffalo in skiing.

Sally Lipitt and Lynne Russell of Syracuse placed first and third in the individual standings.

get Lots More from L&M

more body in the blend
more flavor in the smoke
more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And L&M's filter is *the* modern filter—*all white,* inside and outside—so only pure white touches your lips. L&M's *the filter cigarette for people who really like to smoke.*

Big Red Score over Hill, 97-77; Schoff Hits for 30 in Rough Game

By MARK DIAMOND
Special to the Daily Orange

ITHACA — Cornell, turn-in the power on when needed, handed Syracuse a 93-77 defeat at Ithaca Tuesday night.

Cornell led 37-32 at halftime, breaking the period apart with a 15-4 burst in a three minute span. The game had been tied eight times, but with sophomer Marv Van Leeuwen contributing seven points, the Bid Red opened up a 37-26 margin. Van Leeuwen finished as Cornell's high scorer with 26 points.

Syracuse started off fast in the second half. Led by Phil Schoff, they closed to within two points 47-45, with 14 minutes left.

Time and again Jerry Szachara and his back court mates were able to open up the middle with their fine passing. Van Leeuwen particularly picked up many of his points during this time.

Szachara himself scored 17 point hitting especially well with long arching one-handers. Sophomore Dave Bliss, who entered late in the game, tallied 10 markers, including eight for eight from the foul line.

Syracuse, in setting a season's high in scoring had three men in double figures. Schoff, the leading point-getter in their first four games with 42, picked up 30 last night. This included 10 straight from the foul line. Rich Duffy had 18, whlie Captain Herb Foster added 10.

However, that was the closest that they could get. With Van Leeuwen collecting six points, Cornell again shot in front 61-50. After Syracuse called time out, Cornel lthen began shooting as if there was no tomorrow.

Scoring the next eight times that they had the ball, the Big Red thundered ahead 77-59. The last five minutes then became a prolonged fouling war. Syracuse was now in an aggressive all-court press while Cornell continued to ball-hawk. During this time there were several near scuffles but nothing large broke out.

The key to the victory, from Cornell's standpoint, was their effective thwarting of Syracuse's zone defense.

Cornell's 93 points are a new Barton Hall record. The team's shooting accuracy is reflected in their 52 per cent from the floor (30 for 58). Syracuse was a respectable 24 for 65, 37 per cent.

The victory snapped a two game Cornell losing streak. They're now a 3-2 for the year while Syracuse is 2-3. In their long hoop rivalry Syracuse now leads 48-23.

Cornell Frosh, Leaky Defense Hand Hill First Defeat, 61-59

By JULIAN LOUBE
Special to the Daily Orange

ITHACA — Poor defense and a spirited home crowd combined to hand SU's freshman their first loss of the season Tuesday night.

Cornell's frosh put three men in double figures as they downed the Orange 61-59.

Dave Bing could have been the game's big hero. He scored 29 points, the combined total of Cornell's two high scorers, but his 50 foot desperation jump shot, with one second showing on the clock fell just short of the basket.

It was a close game all the way. The Orange held the widest margin of the night, eight points, with eight minutes left in the second half. Inspired by their spirited home crowd, the Redmen fought back to a 59-58 lead with only two minutes left to play.

The SU freshman, who allowed only 82 points in two previous contests, had a mistake-filled night on defense. The Tangerines seemed to fall apart as the Cornell rooters urged the comeback victory.

The first half started slowly and was deadlocked, 11-11, after 10 minutes of play. The Orange fell behind by four points, but Bing lead them back to a 33-30 halftime lead.

Both teams exchanged baskets several times early in the second half. Cornell began to fight back and the score was tied 43-43 after seven minutes of play. Then Bing, Sam Penseal, and Frank Nicoletti poured in baskets to give Syracuse a 55-47 lead with nine minutes left.

Cornell fought back to a 59-58 lead. Bob Berube sank two foul shots with a minute showing on the clock and the Redmen led 61-58. Nicoletti sank an SU foul shot with 24 seconds left. The Orange got control of the ball with three seconds remaining.

Bing attempted a 50 foot desperation shot. It fell short by less than a foot and the SU freshman were no longer undefeated.

The Tangerines meet Cornell's undefeated frosh three more times this season. The home fans will probably be a deciding factor once again each time these evenly matched teams meet.

Peace...

(Continued from Page 1)

the independence negotiations.

The group will leave Syracuse Saturday for a ten-day vacation. Two weeks of post-holiday classes will complete their training, and then, it's off to Nyasaland.

According to the trainees, the final two weeks in Syracuse will be devoted almost exclusively to improving their knowledge of Nyanja.

The weekend deaths of Donald Murray, head of the language laboratory program held in Huntington B. Crouse Hall, and Skeva Soko, a Northern Rhodesian who was helping to teach Nyanja, may necessitate a change in these plans, however.

Jackie Gleason, CBS Television Network comedy star, took up golf five years ago, now shoots in the 70s.

Jewish Center Sponsors Folk Singing Contest

In an effort to "encourage the growing interest in folk music" the Jewish Community Center is sponsoring folk song and guitar contest. The winners of the contest will perform with the Center's choral group March 31, 1963.

Applications can be obtained at the Center, 2223 E. Genesee St., by calling GR 2-3348, by contacting Steve Windheim, ext. 2940. The contest is open to anyone between the ages of 14 and 21. Each applicant will be required to submit a repertoire, as to the kind of music they will sing, and a list of audition numbers.

Applications must be in by Jan. 10.

RE: BUSES FROM CAMPUS TO N.Y.C. STATION ON DECEMBER 21, 1962 RETURN JANUARY 6, 1963

To those leaving by train for the Christmas recess, S.T.C. will offer direct bus service to N.Y.C. Station. Groups desiring such service must contact either Messrs. Oot, Shirtz or Young at GR 8-5731, and arrange departure times, etc.

Regular fares will be collected.

Buses will display a N.Y.C. sign.

This route will be followed:

Leave Sadler Hall via Irving Ave., University Place, Crouse Ave., Harrison St., Walnut Place, University Place, College Place, Euclid Ave. and then direct to N.Y.C. Station.

And This Is for You

PHI GAMMA DELTA fraternity held its annual children's Christmas party last Saturday afternoon, with JAMES PICCOLO playing Santa Claus to wide-eyed customers that included MICHAEL POOLE, offered presents by Phi Gam Vice President Michael Chateauneuf, and shy SHERRY CALHOUN. Sisters of Sigma Kappa and Delta Gamma were party hostesses.

Christmas Is for Children

PHI SIGMA SIGMA sorority also celebrated Christmas festivities Saturday afternoon with neighborhood children. Phi Sigs gathered under the Christmas tree for a get-acquainted session with their guests, as they awaited Santa's arrival. Alpha Chi Rho brothers were the hosts.

Chapel Roundup

The Rev. Vernon Bigler, Methodist chaplain, will speak at Hendricks Chapel services at 10:55 a.m. Dec. 23 and Jan. 6.

•

On Dec. 30, the Rev. Dr. John Olson, vice president and executive assistant to Chancellor William P. Tolley, will preach.

•

There will be no Hillel Sabbath services during vacation.

•

Students may register now for the annual Casowasco Conference in the Chapel Board room. The theme of the conference, which will be held Jan. 30 through Feb. 2, will be "The Best Quest: Value Systems and Modern Man in Dialogue."

•

Pastoral services will be available throughout Christmas vacation. Students, faculty and staff employes are urged to call the chapel office, ext. 2901, or Dean Charles C. Noble, GR 2-0525, for counseling or in an emergency.

Architecture Talk Today

A West Coast architect, Charles Warren Callister, will lecture on "The Basis of Decision and Evaluation in Architecture" at 4:15 p.m. today in Gifford Auditorium, Huntington B. Crouse Hall.

Callister has been here working with fourth year students in the School of Architecture since Nov. 27th. He will remain here until Friday.

Osgood...

(Continued from Page 1)

groups are caused by different motives, it is rationalized.

4. Projection — man refuses to recognize "the relativity of values other than his own."

5. Stereotophy — when more stress is placed on the individual, his capacity to solve problems is decreased. This causes stereotyped and unimaginative behavior.

The third responsibility Osgood discussed was "our duty to face up to reality." He noted several paradoxes that must be understood if a workable nuclear policy is to be had.

Among them are: "the greater the capacity of nuclear weapons, the less concern we have about them; the more nations spend for defense, the less security we have; the greater a nation's military power, the less great its initiative in foreign policy; and the greater the need for successful disarmament negotiation, the less chance there is for it."

Phi Delt Party

Santa Claus will visit 26 children from the Washington Irving School at the Phi Delta Theta fraternity-Delta Gamma sorority Christmas party today from 3-5 p.m. at the Phi Delt house.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY — Weak, stagnant weather system remains stationary over much of the country. A storm is now developing over Oklahoma and should bring a period of rain or snow here by Thursday.

FORECAST — Dark, gloomy overcast weather continuing today and tonight with a few periods of very light snow or drizzle. High, upper 30's, low tonight near 32.

'Syracuse 62' On WAER

A special program recapping eight major events at Syracuse University during the past year will be aired 10:30 p.m. Thursday by WAER-FM (88.3 mc).

Entitled, "Syracuse 62" the program will cover the Newhouse Gift and Hill building program; Chancellor Tolley's 20th year on campus; University Ciyt; the fraternity, sorority position at SU; Sports highlights; a new Catholic chaplain; the Peace Corps on the Hill; and the student union movement.

"Syracuse 62" will be a combined WAER news, sports, and special events program.

JSL...

(Continued from Page 1)

The rooms will be open from 8 to midnight Monday through Saturday the week of final examinations.

Jay Litwin of the Local and National Affairs Committee announced that his committee will sponsor an open meeting at 4 p.m. today in the student government office, 907 University Ave. Five members of the committee and interested students will discuss potential campus speakers.

The committee plans to invite a two-man forum to campus, one to defend Communism and the other, from the Federal Bureau of Investigation or the attorney general's office, to attack it.

Local and National Affairs Committee will present its report on campus parking at JSL tonight.

College Carol Sing

The annual Carol Sing sponsored by the Colleges of Home Economics, Architecture and Business will be held 4:15 p.m. Thursday in Slocum Hall. Everyone is invited.

Tolley Treats Thursday

Chancellor William P. Tolley has invited 18,000 people to his annual Christmas party.

All 14,000 graduates and undergraduates, and 4,000 faculty and staff employees, are invited to the coffee - and - doughnuts party which will take place from 10 a.m.-2 p.m. Thursday.

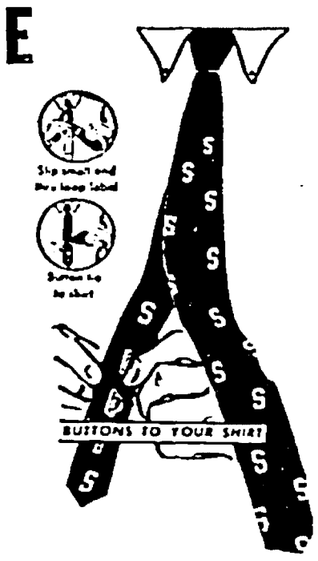
"Parties" will be in Bray Hall, Crouse College, the main library, H.B. Crouse Hall, Slocum, Maxwell, School of Nursing, Lowe Art Center, White College of Law, Hinds, Journalism Center and the administration building.

JoffeRemains DO Editor

Milton L. Joffe was unanimously re-elected editor-in-chief of the Daily Orange for the spring semester by the Board of Publications Monday.

Currently at home convalescing from an emergency appendectomy, Joffe was elected in absentia at the semi-annual meeting of the Board.

The board also voted to send Joffe a letter of commendation foi his work this semester.



Forestry Book Explains Chri stmas Tree Custom

Christmas trees are appearing all over campus — there's one in the main library, another in the Women's uilding, more in the Greek houses and many can be found around the independent living centers.

Have you ever wondered how the evergreen became one of the most significant symbols of the Christmas season, and why the tradition has lasted to the present?

The State University College of Forestry at Syracuse is distributing, as a public service, a four page, illustrated booklet

SU Theater Party

People are always decrying the lack of student participation in cultural affairs at SU. Well, Carol "Schultze" Lucha and her crews in Joint Student Government, where she is vice president, and in the Boar's Head production of "The Beggar's Opera," where she is stage manager, have finally done something about it: JSG bought out the house, theater party style.

The Party

Syracuse University's Joint Student Government will sponsor a gala performance of the drama department's production of "The Beggar's Opera" at 7:30 p.m. Thursday, Feb. 7.

The JSG move, officially announced Monday by James Morris, government social, academic and cultural director, resulted from an on-campus meeting held recently between the leaders of Hill student activity groups and "The Beggar's Opera" director, Ben Shaktman.

(See Party, Page 7)

The Play

The longest running entertainment in the English language, "The Begger's Opera," will open Wednesday, Feb. 6, on the new stage of the university's Coronet stage in the Drama Building.

John Gay's popular classic of song and satire is being presented by the drama department in conjunction with the School of Music.

Featuring a huge all-student cast portraying the extravagant rouges of London's 18th century

(See Play, Page 7)

JSL Haggles, Okays Three Trial Budgets

By CAROL SCHLAGETER

Joint Student Legislature approved a trial student activities budget at its final session of 1962 on Wednesday, Dec. 19.

The budget, totaling $7,855, was compiled by the new Student Board of Estimate earlier in December.

This handling of student group finances by a student organization is a trial balloon for next year, approved by the university Personnel Committee (student, faculty and administrators) at its last meeting.

If it works out successfully, the number of activities involved will be extended in future years, giving the Board of Estimate approval power over their budgets.

Trial budgets are those of Student government, Traditions Commission and the student union night council.

At the Dec. 19 JSL meeting there was debate before the budget was passed because senators were provided only with brief outlines of it, rather than the detailed reports worked out by Kathleen Kapsol, Board of Estimate chairman, and her associates.

Several senators wanted to postpone approval of the budget until the details were provided. However, Miss Kapsol said this would not be necessary as her Board has been set up for the purpose of eliminating such haggling over details in the legislature.

The Daily Orange got further breakdowns from Miss Kapsol Monday on student government and student union budgets.

However both Miss Kapsol and Traditions President Leland Peterson defused to release breakdowns on the Traditions budget.

Peter told the DO his group's budget is "nobody else's concern." He said the Board of Estimate functions solely to "expedite budgets between organizations and the administration and exact sums are not of general interest."

He said the budget items are not "secret" because they must pass through the Board.

Student government President Theodore Bayer told the DO Monday night as far as he is concerned all budgets, in detail, can be released, but that he does not have control over the Board of Estimates.

The Board's exact position in the student government structure has not been fully defined. This will be clarified with the revamping of the government constitution scheduled for next semester.

Kathleen Kapsol, presiding

(See Budget, Page 7)

Spring Tuition Bills Due; Deferral Schedule Set

Statements for the spring '63 semester tuition will be mailed next week to the home addresses of the full-time undergraduates, the bursar's office has announced.

Exception to this are students registered in the College of Forestry and the third and fourth year students in the School of Nursing.

Bills for all students utilizing university room and/or board facilities also will be sent out at the same time.

Both these charges will be payable at the time the student registers on Feb. 4, 5 or 6 unless arrangements are made for deferment.

Those desiring to use the Deferred Payment Plan may apply in person to the Student Finance Office, 205 University Place between to 8:30 a.m. and 4 p.m. on the following dates:

Last names beginning A-E Jan. 21 through morning of Jan. 22; F-L afternoon of Jan. 22 through Jan. 23; M-R Jan. 24 through afternoon of Jan. 25; and S-Z, Jan. 28-29.

Those who do not wish to apply on these dates must wait until registration.

Payment before registration may be made by check payable to Syracuse University and mailed to the Bursar, Syracuse University, Syracuse 10, N.Y.

Bold Bad Man

Saltine Warrior Hits Trail to Fieldhouse

The Saltine Warrior, symbol of the ferocity with which Hill football teams traditionally attack opponents, will pad down the trail to a new reservation in front of Manley Field House.

His move from a small park at the main campus entrance on College place is scheduled to take place this spring. It's hoped the resettlement will be finished by the start of the 1963 football season, according to Noredo Rotunno, Syracuse's landscape architect.

This announcement is the first step in a new phase of university campus face-lifting, that of rerouting the School's main entrance and extending the engineering campus.

Eventually a new engineering building will be built across the park which now holds the arrowless bowman. It is planned, Rotunno said, that the present entrance will be closed and the gate moved south to a point at the base of Mount Olympus, at the end of College place.

The present roadway will be extended behind the library and then branch north and south.

The Saltine Warrior has been at the main gate since its dedication in 1951. Placement of the Indian has been debated for several years. Its donor, the Class of 1951 at its 10th-year reunion decided on the Field House location.

A member of the Class of 1946, Mrs. Luise Meyers Kaish, who studied under the late Ivan Mestrovic, sculptured the warrior.

STUDY ROOMS NOW OPEN

Study rooms will be open on campus from 8 to 11 p.m. from now until examinations and 8 p.m. to midnight during exam weeks, under student government supervision and in co-operation with the registrar's office.

Open rooms are 110 and 111 Maxwell; 104, 105, 304 and 305 Hall of Languages; and 37 and 38 Smith and 105 Bowne Hall.

Quiet will be enforced, and no smoking, food or beverages will be allowed.

The rooms will be available today through Friday, and Jan. 14-18, 21-26 and 28-30.

Lima Cottage Must Vacate Next Month

Social Work School, Youth Center Move to Lima

By BEV. LURIA
Junior Editor

Lima Cottage residents will be joining Haven Hall and Schultze Cottage coeds in Syracuse University relocation plans.

SU Vice President for Administration and Research Clark D. Ahlberg told the Daily Orange that Lima wll be vacated at the end of this semester.

The dean of women's office had previously announced the closing of Haven and Schultze at that time.

Men's Housing Director Bruce DeBruhl could not be reached Monday for information concerning possible relocation of men next semester.

However, plans are underway to move men into the recently-completed, as yet unnamed Flick site dorm.

Lima located at 914 South Crouse Ave. will be a temporary home for the School of Social Work and the Youth Development Center, Ahlberg said.

The School of Social Work and the Youth Development Center presently occupy the Crouse House at 400 Comstock Ave.

This building, the former home of Mrs. Huntington B. Crouse, is slated for demolition to make way for a dorm for women. Construction of the dorm will begin after Feb. 15, Ahlberg said.

He explained Lima was chosen for the move as it is "on a block which is not apt to be disturbed for at least two or three years."

In approximately two years,

(See Moving, Page 8)

Students to Aid Arts Festival

Thirteen students will meet today at a noon luncheon in the Faculty Club with the faculty committee for the 1963 Festival of the Arts, April 18-28.

The student committee has been chosen to reactivate the inter-relationship of faculty and students on the annual festival which includes diversified cultural events.

Students from the School of Music will provide music daily outdoors at Huntington B. Crouse Hall. Several art exhibits will be held at the Lowe Art Center. Concerts, photography displays, speakers and dance programs are also planned.

Members of the new student committee include Gail Blizzard, art; Joanne Leiser, art education; Gordon Anderson, architecture; Sandra Porter, dance, and Peter Maloney, drama.

Also Leslie Nickel, humanities; James Gorney, literature; Jean Joly, photography; Jeannie Ranov, public relations; John Spanenberg, audio-visual; and Michael Styer, radio and television.

Students co-chairmen are John Pollock and Laura Bucknell.

New Year's Resolutions For a Better Syracuse

For our first issue of the new year, we wanted to present something in keeping with the holiday spirit in an effort to prolong the memories of that happy time of year. Therefore, we present some New Year's resolutions that we would like to see made this year.

First, we would like to see members of the student body resolve to: attend eight o'clock classes (at least till the end of the semester), give up class-cutting, prepare all work at least a week before the assigned date, use the library as a place of study, and do some outside reading in addition to that assigned in class.

And if that isn't enough: help keep Huntington B. Crouse clean, give up smoking (except before finals), give up drinking (except on weekends), respect Syracuse property and Syracuse as an institution, and smile at registration.

Second, we would like to see members of the faculty resolve to: teach classes with interest rather than boredom, refrain from taking valuable class time to take a roll call, help students who seek help, keep their tempers when facing a sea of chewing-gum faces in a lecture hall, keep their sanity when reading unbelievable test papers, keep their faith when facing an almost empty classroom, and keep their jobs rather than forsake the teaching field for pastures with greater monetary reward.

Third, we turn to the Administration and some resolutions we would like to see them make. We would like to have them resolve to: work out a better plan for making student payments to the University, try to smile when in the presence of students to make them think you like them even if they don't like you, keep patience with students who just don't understand how a university operates yet make suggestions on how to improve it, and a smile and "yessir" to interested alumni.

While these may not be what the typical student, teacher and administrator would resolve or what the student would have the teacher and administrator resolve and vice versa, it is at least a suggestion in that direction in effort to make the new year a little brighter and a little better in 1963.

Lonely City

Those of you who spent the vacation in New York City know what we mean when we say that New York is a lonely city. Despite the many parties you may have attended or the many old friends you may have seen, you must admit that deep down New York was very lonely.

It was lonely because it was missing the Times, the Tribune, the Journal, the Sun, the Post, the News and the Mirror and all the good things those newspapers hold in store for the New Yorker.

Missing were the world news, the national news, the local news, the advertisements, the reviews, the sports and the funnies. Of course, television and radio have filled in to the best of their capacities but somehow it isn't the same.

Steve Allen reading the comics isn't the same as poring over them yourself. Ah, yes, New York was very lonely during this cold, cold time of year.

Word of Thanks

The editor would like to take this brief space to thank the many persons who sent cards or visited him during his pre-vacation stay in University Hospital.

The cards and calls of friends old and new were greatly appreciated. We have now returned to the Hellbox to finish this semester's work, which comes to an end Monday.

Then we shall return next semester with some new looks and a desire to serve you better than in the past and to strive for steady improvement.

TREVER ON CAMPUS

"Whew! It's good to be back at school so I can recuperate."

ALTERNATIVES

'Shine My Shoes, Boy'

By RON CORWIN

"All day and all night they talk to us about 'sound and solid development and sound and solid education' . . . I say to hell with John Stuart Mill and John Locke. Let's make our own philosophy based upon our own needs."

Black Man Number Two in White Man, Listen! by Richard Wright.

* * *

"Hope you don't mind if I talk while I shine your shoes, mister. You might not understand what I'm trying to say. But you won't be the first. That's because you've never been in a position like mine and because you're blinded by your own whiteness. You just sit up there on the throne while I work at your feet here?

"Pretend for a few minutes. Indulge yourself . . . slip into fantasy and just imagine that you are me. Relax . . . relax . . . shh . . . quiet . . . and listen.

"You're a nigger—now just relax mister. I ain't talkin' 'bout you. I'm talkin' 'bout me. I'm a shoe shine boy. And no matter how old I am I'm still called 'boy'. People say, 'Come here, boy.' I'm forty year old man. They say, 'Give me a shine, boy,'—and I do with hate. I hate you for calling me 'boy' and I hate me for answering your call.

"But a man's gotta be careful 'cause while he shines your shoes or cleans your house his whole body stinks of rage and fear. Fear that I might reach out and hit back and that would be bad because then I'd be just like you. And I can't do that because I gotta go home and face my family.

"A man's gotta go home (I call myself a man because I know I am one. Those who call me 'boy' do it 'cause they're afraid that I'm a man.) Anyway it's the worst at home. Your wife's there. She's finished someone else's dirty work—cleaned their house and they call her 'the girl'.

"You look at your son and you ask what is there for my boy in this world. The whites promise things are getting better every day. But that's all this token stuff and it's got nothin' to do with my real freedom. I've got to tell him, 'Son, you won't be free tomorrow and it doesn't look like your son's son is gonna be free either.

"'Please, mister, don't call him 'nigger'. He's only a kid—he doesn't understand yet.

"Gimme the other shoe, mister.

"Give my kid a chance. I don't mean just let him go to school with your kid. Do you know what it means to let him go to school with your kid? You suppose something about yourself and about us. Did you ever think that maybe we will let your kid go to school with us?

"I'm sorry, mister. I didn't mean to frighten you but some of the things you think frighten me.

"Take 'integration' for instance. Now you are going to integrate me into your system. And how's that done? I become like you. But maybe I don't want that. You see you're assuming things again. And you're assuming pretty damn much about yourself. You want to give me your morality and your approach to other human beings.

"But look at your morality and how it applies to our women. You were never honest about it. Oh yeah—you admit some things. Hell, you can't deny 'em. Look at the color of my skin. But you always made love to our women at night and never in your own home. So much for your morality, mister.

"And your approach to other human beings. All the Good Neighbor policies in the world don't mean a thing to me if you can't treat me like a human being. I don't ever want to treat another man the way you've treated me. That's why I'm so afraid I might strike back at you—it'll make me just like you.

"Okay your shoes are done now."

"Don't just sit up there and stare down at me. I'm not saying these things for their shock value, mister. I think that it's important to you to know how I feel. Now if my feelings shock you and you tell me I got some nerve then it shows how unaware and insenstive you've been all along. And that's the real problem, mister—not the color of my skin."

Daily Orange

Bacon Discusses New Piano Work 'Riolama'

The Syracuse Symphony Orchestra premieres a new work for piano and orchestra by Syracuse University Composer-in-Residence Ernst Bacon at its January 18 concert in Lincoln Auditorium. Dr. Bacon will be at the piano for this first performance of "Riolama," which he describes as "ten places for piano and orchestra."

ERNST BACON

"Riolama" is the mythical country in W.H. Hudson's novel "Green Mansions."

Rioalma, Dr. Bacon explains, "is but one of ten names of places, far and near, as fictional as real, as real as imaginary; places to evoke, or be born of, moods; like the pictures (which I've never seen) that prompted Moussorgsky's famous cycle."

I've been to most of them," Dr. Bacon continued, "and where I've not been, I'd go if I could, as a lover of maps and mountains, roads (always the lesser ones) and rivers, villages and wildernesses."

The Chama River, as an example, evokes pastoral New Mexico, Dr. Bacon noted. "A shallow tributary of the Rio Grande (but wide and deep in spots), it's a stream where Indians can still live as nature's children, with a few compromises, where horses still ford the current, where a city man can bask in the perfection of its unplanned irregularities. . ."

Isaac Stern Plays Here Wednesday

Isaac Stern, considered to be one of the world's greatest violinist, will play a return engagement at Syracuse, Wednesday, January 9, in Lincoln Auditorium.

Stern is noted as being a prime mover in Israel for institutiing the first Israeli Music Festival which featured such artists as Pablo Casals, the Budapest String Quartet, Rudolf Serkin and himself.

His "firsts' include being the initial American artist to appear in the Soviet Union after World War II. This came in 1956. He was on tour in Russia in 1960 when the Summit Conference broke up.

The violinists has performed throughout the world and at every major music festival.

During the baseball season, Stern has difficulty keeping up with his favorite team, the Yankees, but he usually enlists the aid of American correspondents to keep him posted.

Assisting pianist is Alexander Zakin who has been accompanied the violinist for 20 years.

Hill Woodwind Concert Set

The Syracuse Woodwind Quintet will present a concert 4 p.m.:, Sunday, January 13 in Crouse Auditorium. Frederick Miller will be soloist for a 'cello piece written by Walter S. Hartley. Works by Farnaby, Arne and Bernard Heiden will also be presented.

The members of the Quintet are John Oberunner, flute; Philip MacArthur, oboe; Gerald Zampino, clarinet; Marvin Howe, horn; and Anthony DeAngelis, basson, DeAngelis and Oberunner teach both at Syracuse University and in local public schools. Zampino teaches in West Genesee schools. MacArthur, Howe and Miller teach at the university. All are members of the Syracuse Symphony.

There is free admission and campus parking.

THE CUTTING ROOM

Our Critic's Choices

by John E. Greenwald

Each year, at this time, the nation's film reviewers scan their notices and try to come up with a list of 10 films that have annoyed their senses the least. With typical journalese they call this list the "10 best films of the year."

We, not being above this neat departmentalizing have, on occasion, compiled such a list. Last year we admittedly came up with only eight films, most of them foreign. We'll try real hard this time and see if their are 10 films worthy of special recognition.

We'll also note the year's worst films. Please remember though that we are only discussing pictures shown at Syracuse.

"Last Year at Marienbad"—A cinematic excursion into the baroque using a sensuous and exciting visual and "literary" counterpoint.

"The Connection"—A graphic "lower depths" report in which the camera is part of the action.

"Viridiana"—A depressing judgement of mankind filmed with understanding, but also disgust, of man's self-imposed cruelty.

"L'Avventura" — Cinematically the exact opposite of "Marienbad," here the camera dispassionately but expertly reports man's alienation and futility.

"What Ever Happened to Baby Jane?"—If the theme of being physically trapped doesn't affect you then "Baby Jane" is a bore; if it does scare you "Baby Jane" is a terror of a film designed to torture. Its lack of taste is overshadowed by its "terrifying" success.

"Taste of Honey" — Tony Richardson has added visual power to Shelah Delany's beautiful words about a troubled British girl, or is it society?

"Cold Wind in August"—Another example of cold American realism; though minded, but with heart. What ever happened to Lola Albright?

"The Savage Eye"—A divorcee in L.A. via poetry and a further example of the hard American camera eye.

"Shoot the Piano Player" and "Jules and Jim"—Both of these, for us, have a fleeting emotional quality that is sometimes meaningful, sometimes effusive, sometimes heartwarming, sometimes funny, but always engaging cinema.

We did it: ten films, four of them American, one of them even made in Hollywood!

But things haven't been all four stars in Central New York. Following are the Arthur Schlesinger Jr. awards for new lows in filmmaking. We've named this award after "Show" magazine's film critic, one of the most incompetent in the business.

The foulest film of the year was "Splendor in the Grass." Its director Elia Kazin gets a "Schlesh" for directing "Splendor." Tony Curtis is the worst actor of the year. You can pick the film. Jane Fonda's screaming and yelling is often mistaken for acting. After seeing "The Chapman Report" don't believe it.

And for a clincher we submit the most depressing event of 1963, so far: those two Syracuse students sitting behind us on the train discussing the best rock 'n roll records of 1962.

Winless on Road

Road Tilts Keep Hex on Hill

By MARK DIAMOND

The Syracuse basketball team continued playing as if it were in two different worlds, winning its third straight home game and dropping its fourth and fifth road tilts without a victory.

Fred Lewis' cagers evened their record at 3-3 on Dec. 20 by coking out a 60-58 win over Rochester at the Fieldhouse. Just as in the Kent State game, it took a last second basket to turn the trick.

Phil Schoff converted a rebound with three seconds remaining and added a foul shot to overcome Rochester's 58-57 margin.

Syracuse led 28-26 at halftime and neither team was able to pull away. Schoff's 10 rebounds were second to Manny Klutchkowski's 12. Schoff netted 12 points, second to Carl Vernick's 23.

On January 3, the Hillmen bowed to Manhattan, 79-68, at Madison Square Garden. Their performance was a far cry from last year's Garden game with NYU, when Syracuse was battered to defeat.

After a slow start, Syracuse began to work as a team and trailed the Jaspers, 28-25, at intermission. Even after a couple of hot streaks Syracuse was within five, but its heavy fouling then caught up with the Orange.

By the time Dick Duffy, Dick Finley and Herb Foster had fouled out, the game was out of reach.

Manhattan was outshot from the floor, 28-25, but made 29 of 43 foul shots against 12 of 22 for Syracuse. Ken Norton's Kelly Green, predominantly composed of sophomores, was led in scoring by 6-4 Larry Lembo. His 33 markers came on 11 of 15 field goal attempts and 11 of 13 foul shots.

Manhattan had four other players in double figures, as the team shot 48 per cent.

Syracuse was led by Vernick, with 16. Bob Murray came off the bench to register 11, his season's high and Klutchkowski followed with 10.

This past Saturday Syracuse ran into Pittsburgh on a hot night, and bowed, 87-51. From a 25-25 deadlock, the Panthers ran up an 18-5 string and were never headed.

PHIL SCHOFF

CARL VERNICK

Pitt was 32 for 69 as five players scored in double figures. Dick Finley connected on six of nine shots for 12 points and held Pitt's Brian Generalovich to 10, half his season's average.

In their lone action, the freshmen set an all-time scoring record, pummeling Rochester's cubs, 117-44. Dave Bing topped all marksmen with 27, Norm Goldsmith had 16, Sam Penceal and Frank Nicoletti contributed 13 apiece, and Jim Boeheim added 12.

The Tangerines thus showed that they had what it takes to bounce back, after having bowed to Cornell in a close battle.

Penn St., Oregon St. Head 1962 Home Foes

Six big home football games have been scheduled for Archbold Stadium this coming fall, and Syracuse fans in the New York Metropolitan area will have a chance to view one.

Penn State and Oregon State headline an impressive list of opponents which also include Boston College, Holy Cross, West Virginia and Richmond.

On Thanksgiving day in Yankee Stadium the Orange faithful will seek revenge against Notre Dame. This "grudge match" is a top attraction following last year's national controversy and a big crowd is assured.

Away games with Pittsburgh, Kansas, and U.C.L.A. round out an excellent schedule for Orange rooters to look forward to.

Total home attendance figures show that 108,326 fans watched the Orange at Archbold this past fall. This included an opening game record crowd of 33,194, on October 13, to watch the Eagles of Boston College.

The season high crowd of 40,697 was recorded on Homecoming weekend when the Orange crushed Naval forces 34-6 in their finest effort of the season.

Average attendance for the four contests was 27,081 which was far below the 31,196 of last year.

A GUIDE FOR THE UNMONEYED

R. L. Sigafoos was a keen, ambitious lad, and when he finished high school he wished mightily to go on with his education. It seemed, however, a forlorn hope. R. L.'s father could not send the boy to college because a series of crop failures had brought him to the brink of disaster. (R. L.'s father raised orchids which, in North Dakota, is a form of agriculture fraught with risk.)

It was, therefore, squarely up to R. L. He could go to college only if he worked his way through. This was a prospect that dismayed him. He had a deep-seated fear that the task would be too great, that he would never be able to carry on a full, busy college life and still find time to do odd jobs and make money.

Racked with misgivings, R. L. paced the streets, pondering his dilemma. One day, walking and brooding, he came upon a park bench and sat down and lit a Marlboro cigarette. R. L. always lit a Marlboro when he was low in his mind. R. L. also always lit a Marlboro when he was merry. The fact is there is no occasion—happy or sad, pensive or exuberant, cheery or solemn—when Marlboro with its fine filter and fine flavor is not entirely welcome, as you will discover when you go to your favorite tobacconist and buy some, as we—the makers of Marlboro and I and R. L. Sigafoos—hope you will do real soon.

Sitting and thinking and smoking a Marlboro on the park bench, R. L. was suddenly interrupted by a small, quavering voice which said, "My boy, you are troubled. Can I help?"

I Gave a Fencing Lesson to the Dean of Women

Seated beside R. L. was a tiny, gnarled man with wispy, snow-white hair. His skin was almost transparent, showing a delicate tracery of fragile bones beneath. His back was bent, and his hands trembled. But his eyes were bright and clear. R. L. looked into those eyes, into the wrinkled face. He saw wisdom there, and experience, and kindness. "Do you think, sir," said R. L., "that a boy can work his way through college and still enjoy a rich, full campus life?"

"Why, bless you, son," replied the stranger with a rheumy chuckle, "of course you can. In fact, I did it myself."

"Was it very hard?" asked R. L.

"Yes, it was hard," the stranger admitted. "But when one is young, all things are possible. I, for example, used to get up at five o'clock every morning to stoke the furnace at the SAE house. At six I had to milk the ewes at the school of animal husbandry. At seven I gave a fencing lesson to the Dean of Women. At eight I had a class in early Runic poets. At nine I gave haircuts at the Gamma Phi Beta house. At ten I had differential calculus. At eleven I posed for a life class. At twelve I watered soup at the Union. At one I had a class in Oriental languages. At two I exercised the mice in psych lab. At three I gave the Dean of Women another fencing lesson. At four I had qualitative analysis. At five I went clamming. At six I cut meat for the football team. At seven I ushed at the movies. At eight I had my ears pierced so that at nine I could tell fortunes in a gypsy tearoom. At ten I had a class in astronomy. At eleven I tucked in the football team. At twelve I studied and at three I went to sleep."

"Sir," cried R. L., "I am moved and inspired by your shining example!"

"It was nothing," said the stranger modestly, shaking his frail white head. "It was just hard work, and hard work never hurt anybody."

"Would you mind telling me, sir," said R. L., "how old you are now?"

"Twenty-two," said the stranger.

© 1963 Max Shulman

* * *

You don't have to be a rich man's son or daughter to enjoy Marlboro cigarettes, available in soft-pack or flip-top box at your favorite tobacco counter.

Sideline Views

By BERNIE MacCALLUM

The inclusion of electronic eyes in a crowd each time one gathers around the perimeter of a football field is becoming a necessity. Four glass lenses about five inches in diameter, obscurely and carefully placed among thousands of pairs of human eyes, have a product in large demand.

On weekends these glass eyes belong to the Soft Cushion Athletic Club. Saturday brings Lindsey Nelson and college ball while Sunday finds Chris Schenkel and professional football on the viewers' private glass gridirons.

The tube's sports season reached one of its peaks and climaxes over the holidays with more bowls than you find in most kitchens. Everything from pro title games to Blue Bonnets, North-South-East-West versus Little North-South-East-West, Senior North Northeast Pro Draft Choices versus Small College Senior Eastern Division Draft Choices from the South Southwest versus the Western Division runner-up in Blue Gray uniforms.

The highlight had to be the two pro championship clashes—the AFL's for double overtime and the NFL's for double pneumonia. The American Football League's division winners battled it out for the championship of Texas and six cities while the Packers and the Giants played for the world championship.

Complaints about the weather and T.V. blackout were all that New Yorkers had with Green Bay having the title. Tittle, the human sling shot, misfired in the Arctic wind funnel—No title for Tittle.

With no television or newspaper coverage in the big city, New Yorkers had little choice but to be believer in the cliche that "there is no substitute for Stadium temperature is 17 degrees. Try and convert, actually being at the ballpark"—even if the Yankee however, the hundreds who were stashed away in Connecticut motels.

The game received a tremendous advance billing nationally. It had to be one of the top sports events as far as public demand was concerned. The talk of the country for two weeks. Time Magazine readers found out who Vince Lombardi was.

Being able to see the game blackout free was probably one of the most highly valued single presentations on many television sets. It was like a title fight free rather than on pay T.V. theatre screens. The game very well could end up in theatres, instead of homes. As interest in the sport increases annually it becomes more likely that it will cost to see such games in the future.

College ball on camera is safe, however, since the market has been flooded. Pa with the T.V. and Ma with the kids, had just settled down for a long New Years Day—When down in the den there arose such a clatter, that Ma sprang to the stairs to see what was the matter—Alabama had just scored and Dad is a Sooner rooter. Pa, an easy chair, peanuts and beer lined up in front of four bowls and hundreds of thousands of people.

For those who can't make decisions, it was a harrowing experience. Which channel, which bowl, which team? President Kennedy solved the problem by attending the Orange Bowl where this trip it was Alabama Si and Joe Don Looney No, instead of flag Si, Castro No.

From a petal by petal account of the Tournament of Roses Parade to a thrilling finish in the Rose Bowl, It was a long day. Seven hours later Pa emerged from the den looking like he had just played in the Hangover Bowl.

He'll never forget the passing of VanderKelen or the defensive play of Jordan. The Wisconsin quarterback saw to it that there were more footballs flying than balloons and rose petals in Pasadena. The only pro team to draft him was the New York Titans. What a fate.

The only solution is for the Giants to wear fur lined blue bonnets with one half of the pro game in the Sugar Bowl, the other half in the Cotton Bowl, with the game only televised to depressed areas to stimulate motel investment there.

SU High In Stats

By TOM MULLER

As the final statistics for the past football season are slowly released, one fact should stand out in the eyes of Syracuse backers—despite their mediocre 5-5 record, coach Ben Schwartzwalder's Orangemen managed to receive high national ranking defensively. They also ranked high in the fumbles lost category, they were tied for fourth with 21.

The staunch Piety Hill forward wall held opponents to a scant 1790 yards to place eleventh in the large college standings. This averages out to be less than two hundred yards a game. Unfortunately, graduation will rob the team of three starting linemen—tackle Leon Cholakis, guard Dave Meggyesy, and center Gene Stancin.

Pass Defense

Aided by that fast moving line, the S.U. pass defenders rated 12th in the nation. This will probably be one of the strong points next year because most of the back-up men will return.

Schwartzwalder is very optimistic in his thoughts about next year's squad. "We should be better next year," said Ben as he looks forward to having such freshman notables as quarterbacks Hal Rooney and Tod Holman and fullback Charlie Brown, not to mention some of the other backs and outstanding linemen from the undefeated frosh team. Then too, there will be many more experienced varsity performers ready for action.

Opponents Rank High

Many of the Orange's worthy opponents gained national ranking during the past football season. Some gained personal glory and others experienced team triumphs.

Boston College's junior signal caller, Jack Concannon finished fifth in the nation in total offense. Jack passed and ran for a total of 1745 yardrs, although he was not outstanding against the Orange.

Another quarterback, Pat McCarthy of Holy Cross, placed seventh in total offense with 1721 yardrs as he set a new Crusader record with a career point total of 350.

Pete Liske, Penn State's signal caller was no. 12 in the nation among the passers. Pete completed 56 per cent of his passes and accounted for 12 aeriel scores.

New England Ends

Art Graham of Boston College and Al Snyder of Holy Cross were the ninth and tenth top pass receivers in the nation respectively. Both boys caught 41 aerials, but Graham led in yardage, 823 to 703.

Joe Don Looney of Oklahoma, whose touchdown run will probably haunt Schwartzwalder for years to come, was fifth among the nations ground gainers with a total of 852 yards. His 62 points scored also placed him no. 21 in the nation in that category.

The Oklahoma Sooners gained many honors this season. The Sooners placed third in total offense, second in air offense, ninth in scoring, third in defense, and fifth in punting.

Many other S.U. opponents were among the top twenty in the various divisions as the final statistics prove that the Orangemen play a very rough schedule.

Wrestlers Eye Pitt Contest

Coach Joe Scandura has over three weeks between his last wrestling match and his next one, and he's making the most of it. He has to.

After a comparatively easy 27-3 win over Ithaca on Wed., Dec. 19, his squad will meet a powerful Pittsburgh team this Saturday in a match that has been switched to the Fieldhouse to accommodate the expected crowd.

Scandura won't come out and say that the winner of the Pitt meet will be the eventual winner of eastern wrestling championships. All he'll concede is that Pitt is "tougher than Lehigh (last year's eastern champs)," and that he's "more worried about Pitt than any other meet this year," which is the same thing.

His men may have trouble with the Panthers, as he warns, but they had little trouble with Ithaca College.

The Orangemen swept all but one weight class as they registered their second dual meet win in a row.

The one loss was a close 11-9 decision by Ithaca's Orlando Iacovelli over Dick Slutzky in the 157 lb. division. "Dick made an early mistake and spent the rest of the time making it up. He almost made it." But Iacolelli, undefeated in his six years of wrestling, saved the Ithacans from a complete shutout.

Sonny Greenhalgh, made the only pin of the meet when he put Paul Witman's shoulders to the mat in 8:25. Sonny was also active over the vacation period with a second place finish in the Wilkes tournament. He wrestled both at 137 lbs., above his usual 131.

The other winners in the Ithaca meet were: 123 lbs.—Bob Murray; 130—Terry Haise; 147—Jim Murrey; 177—Lou Roberts; heavyweight—Jim Nance.

Nance registered a 7-0 decision, but couldn't quite pin his elusive opponent.

In the preliminary freshmen meet, the Ithaca cubs defeated the Syracuse frosh 28-6.

Skytop Tow Opens Season

Syracuse Ski fans will note that the skiing tow will again be working and open to University students with no charge. The Skytop area will be open for use at the following times.

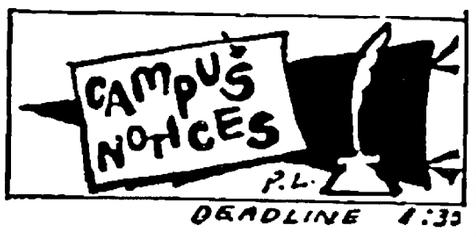
Dr. Mangone Visits India, Pakistan

Dr. Gerard J. Mangone, executive assistant to Maxwell School Dean Stephen K. Bailey, left this week for an around-the-world visit to two of Syracuse's overseas programs. He will spend about three weeks with the 15 graduate students participating in Maxwell's Overseas Training Program in India and a week in Lahore, Pakistan, visiting the Administrative Staff College project located there.

In India, Dr. Mangone will visit New Delhi, Bombay, Hyderabad, Madras and Calcutta where graduate students have been assigned to internships within the United States embassy, consulates, aid missions and information services.

The students were all trained on the Syracuse campus last summer, prior to their departure for India, when they took courses in American civilization, the appeals of communism, U.S. overseas operations, U.S.-Indian relations, and cross-cultural communications. They also took intensive Hindi language instruction.

Cooperation



The Maxwell Graduate Overseas Training Program is sponsored by Syracuse University in cooperation with the Department of State. In the past, under Dr. Mangone's direction, groups have been sent to Italy, Japan and Nigeria. While in India, Dr. Mangone will discuss the Fellows' work with each agency supervisor and the resident program administrator and plan for future programs with State Department officials there.

In Lahore, Dr. Mangone will visit the Pakistan Administrative Staff College which was established by the Maxwell School for the government of Pakistan. Every top civil servant in that country is expected to participate in at least one of the Staff College training sessions.

College

Maxwell works very closely with the Staff College, sending professors there to lecture and act as full-time resident advisors. Throughout the years, a number of the Staff College personnel have come to Maxwell for advanced training and consultation.

Dr. Mangone has been instrumental in the development of several of the Maxwell international programs since 1956, when he joined the Syracuse faculty. He has traveled abroad each year for fourteen successive years in connection with professional assignments and overseas programs.

SYRACUSE 10 Editorial Staff, 7:30 p.m. Wednesday, Prefab 7E.

TRADITIONS COMMISSION, 9 p.m. today, Kappa Alpha Theta.

THETA SIGMA PHI pledge test, 7 p.m. today, Journalism Library.

PANHELLENIC COUNCIL, 7 p.m. today, 305 Women's Bldg.

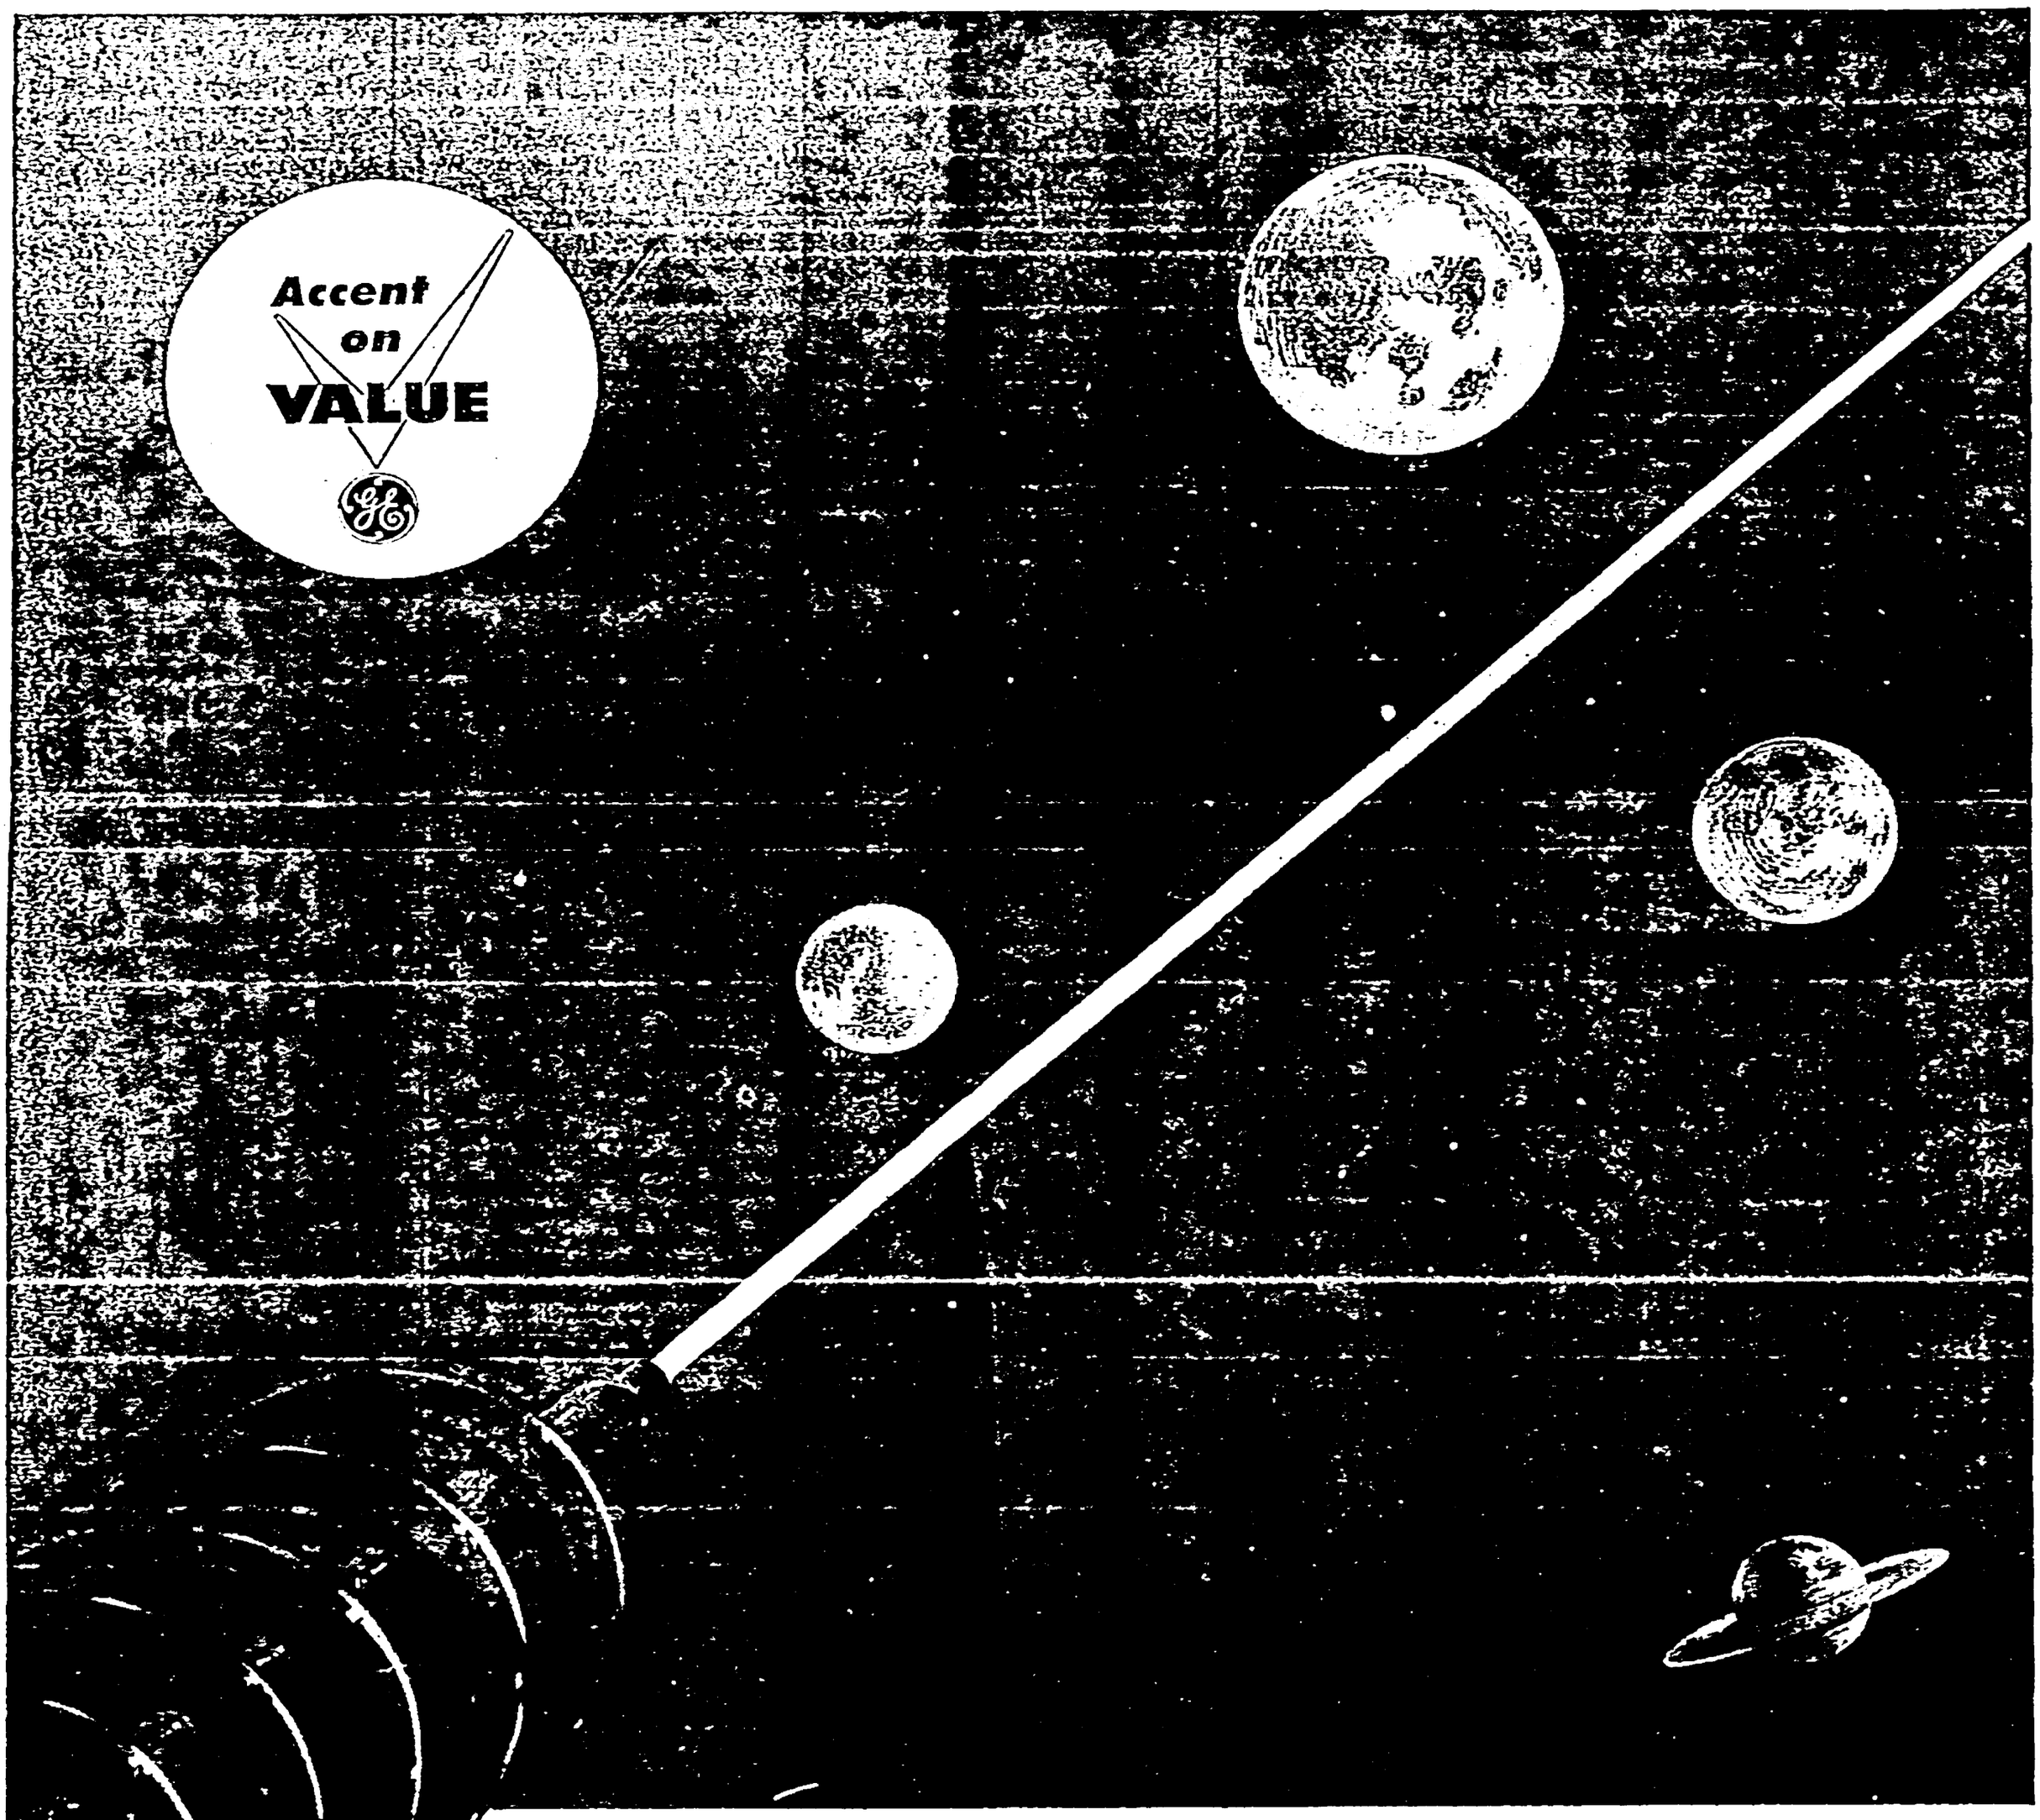
ASSN. OF WOMEN STUDENTS Review Board, 4 p.m. Thursday, 206 Women's Bldg. Attendance is imperative.

INTERNATIONAL STUDENTS Organization Nominations For Offices, due by mail midnight Sunday, Miss Nelly Atalla, 606 University Ave. Offices open: president, vice president, secretary, treasurer, news letter editor, social chairman, publicity chairman.

INTERNATIONAL STUDENTS Organization Elections, 7:30 p.m. Jan. 16 Maxwell Auditorium.

INTERNATIONAL STUDENTS Organization International Week, Feb. 25-Mar. 2. Regional heads, ISO members and others are reminded to start planning for participation.

SKEPTICS CORNER, freshman and upperclass joint meeting, 8:30 p.m. Wednesday, 315 Berkley Dr. Guest will be Dr. Michael O. Sawyer, citizenship department head. This will be the only January meeting.



OUTING CLUB, 7:30 p.m. today, Chapel lounge. Planning for Laurentian skiing and IOCA square dance. Ski Coach Elton Fairbank will speak on ski racing with films.

SKIERS: Outing Club is sponsoring intersession trip to Laurentians; meeting 7:30 p.m. today, Chapel lounge, for information.

WAA BADMINTON, 4 p.m. today, Gym B., Women's Bldg.

WAA COMPETITIVE SWIMMING, 4 p.m. today, pool, Women's Bldg.

WAA DANCE TECHNIQUE, 4 p.m. today, studio, Women's Bldg.

Voices through space on a beam of light

...a goal of Syracuse General Electric Research

Imagine a pencil of light cutting through the vastness of space to the moon and beyond, carrying voice conversations and telemetry signals on its solitary beam!

This is the potential of a revolutionary device called the Laser being worked on by the people of the Electronics Laboratory at General Electric here in Syracuse. Generating the purest, most concentrated light rays ever seen, this device may lead to new systems of communication and navigation for future space travelers. Its light, projected in a powerful, tightly focused beam, spreads out less than 10 feet over 20 miles' distance. Such a beam could permit communication with Mars, 40 million miles away, or even with much *more* distant stars.

Here on earth, the Laser could conceivably permit the transmission of all the information generated by all of the radio, T.V., and telephone systems in the country on one beam.

Because it can concentrate energy so intensely (it has been focused to a spot as small as 40 one-millionths of an inch), General Electric researchers are optimistic about other uses for the remarkable development: as a measuring device of unsurpassed accuracy . . . or as a surgical instrument.

While the Laser has been termed one of the most significant inventions of the century, it is quite removed from our daily living and, perhaps, understanding. But, work on its development at Syracuse is typical of the purposeful imagination, advanced engineering and research, dedicated teamwork and effort that the people at General Electric apply to their jobs.

Whether working on products for the home, for industry, or for the defense of the free world, General Electric people put the *accent on value* . . . extra value built into the reliable, quality products they make.

Progress Is Our Most Important Product

GENERAL ELECTRIC

J-School Dean Hits Publication Board Setup

By STEVE MONBLATT

Dr. Wesley C. Clark, dean of the School of Journalism, expressed dissatisfaction with the university's Board of Publications system in an interview Monday.

Dr. Clark characterized the current system as "very unwieldly." There are now three different boards, one each of the Daily Orange, the Onondaga and the Syracuse 10.

Each board consists of representatives from student government, the School of Journalism, the dean's offices and representatives of the individual publication.

Clark says that the boards must meet three times to accomplish the same work that could be done if they were all combined into one larger group.

Clark also proposed that the representation on this board should have a broader base. "The present Board of Publications is unrepresentative of the campus as a whole," he said. He suggested expanding representation to include the faculty, fraternities, the graduate school and the university's research interests.

The Board of Publications supervises the three major publications, electing the Editors-in-chief and business manager, approving the other editors and officers and supervising their finances and formats.

Clark called the Board of Publications a policy organization and said that "policy is best determined by democratic legislative bodies."

"I plan to raise this question of reorganization at the next meeting of the Board of Publications, and I hope that in the meantime persons interested in the well-being of the university will take the time to express their views on the subject to me, to members of the Board of Publications, or to members of the university family through the medium of the Daily Orange," he said.

Budget ...

(Continued from Page 1)

over the Board of Estimate, votes only in case of a tie. Members are Student Government Financial Director Sanford Harris, JSG Vice President Carol "Schultze" Lucha, Student Legislative Speaker Pro Tempore Robert Becker and Activities Exchange Director Beverly Lewis.

Earlier in the academic year, the legislature passed a bill authorizing the Board of Estimate to act as a clearing house for all campus organizations seeking funds from the university. A handul of senators opposed the trial budget, which passed student legislature at its final meeting of 1962 Dec. 19.

The legislature also passed a recommendation to its speaker that future budget proposals contain a more detailed break-down of funds. Several senators said the present trial budget was not sufficiently detailed.

Here are the budgets as they were given to the Daily Orange:

TRADITIONS COMMISSION:	
Fall Semester	$1425
Spring Semester	75
Breakdown	?
JOINT STUDENT GOVT.	
Executive	
Presdinet, Vice President, Financial Director	$105
petty cash and further breakdown	?
Secretariat	$635
stamps	?
general supplies	?
mimeographing	?
telephone calls	?
miscellaneous	?
Public Relations	$550
publicity	?
materials	?
Activities Coordinators	$265
handbook	?
medallions for officers	?
conferences	?
Govt. Training Program	$120
booklet	?
other expenses	?
Elections	$220
other	?
voting machines	?
Cultural Coordinators	$150
Football Reserve Seating	$ 10
Special Services	$165
travel to conferences	?
postage and correspondence	?
Spring Weekend	$290
entertainment	?
decorations	?
janitorial service	?
refreshments	?
social expenses	?
miscellaneous	?
Legislature	$50
Student Court	$50
Student Union Activity Board	
Maintenance, Women's Building	$240
police	200
Publicity	
posters	$177
flyers	29
Daily Orange advertising	72
miscellaneous	32
Program	
sports	$100
dances	750

Miscellaneous	
coatchecking and hangars	$20
breakage	50
postage and stationery	40
banquet	125
game equipment	10
ice skating rink	300

Play ...

(Continued from Page 1)

underworld "The Begger's Opera" has over 60 musical numbers ranging from zesty, jig-like Scotch melodies to dignified, hymn-like English airs.

Starring as Pollie Peachum, the wide-eyed, sweet and trusting ingenue who has won the hearts of audiences for 235 years is Bonnie Bradt, last seen by Hill audiences as "Little Mary Sunshine".

Macheath, the dashing knight of the highway after dark and the lover and gambler by day, is played by native Syracusan Bill Harris in his operatic debut.

Soprano Frosh

The final third of the opera's fun-filled love triangle is held by Lucy Lockit—an angry wild-eyed lady performed and sung by Karen Falkner, a freshman soprano.

Dr. Earl George and Miss Ruth Pinnell, both of the School of Music, will give musical direction and vocal coaching respectively to the cast that includes Peter Maloney (Mr. Peachum), Jean Slentz (Mrs. Peachum), Ted Riggen (Filch), Paul Dieke (Mr. Lockit) and Marion Present (Diana Trapes).

Original costumes for "The Begger's Opera" are being designed and constructed according to the daring styles of the times by SU fashion students under Dr. Charles Dribble.

New Stage

A new stage for the Coronet Theater, that will thrust the singers into the audience on three sides, allowing for intimacy a well as speed in acting and scene shifting is being made by designer Joseph Morton of the drama department.

The music for the "Begger's Opera" will be performed by a specially created woodwind ensemble.

Directed by SU Artist-in-Residence Ben Shaktman, the show will be performed eight times, Feb. 6, 7, 8, 9, and 13, 14, 15, 16.

Party ...

(Continued from Page 1)

In a similar move, Traditions Commission President Leland Peterson has announced that his organization will buy out opening nights for each year's first drama production, beginning in Sept. 1963.

After a brief review of the history of dramatic activities on campus, the president and vice president of JSG, class presidents, Inter - fraternity Council, Panhellenic Council, Traditions Commission and International Students Organization chairmen were given a detailed presentation of the potential participation for groups in cultural activities.

Each representative pledged support by his or her organization for future dramatic and musical productions at the Boar's Head, Coronet and University Regent theaters.

Arrangements are now under way so that these campus groups can sponsor at least one performance of a major production each year.

Senior Class President Henry Lee expressed interest in his class's participation in this season's pinal production, while IFC President Thomas Rigoli said that a production planned around Greek Weekend would fit well in IFC's plans.

JSG hopes its gala performance night will see an impressive cross-current of administration, faculty, trustee, student personalities in the audience.

Weather Watch

FORECASTERS
Stuart Soroka
Henry Adams

SUMMARY: After howling winds and snow which buried the campus last week, the weather, in complete contrast will be dull, unchanging and timid for the first part of this week at least.

FORECAST: Cloudy and cool weather will continue today and tonight with some fine drizzle at times and possibly a few periods o insignificant light snow.

J - Alumni Elect Rossi

Mario Rossi, managing editor of the Syracuse Post-Standard, has been elected president of the Syracuse University School of Journalism Alumni Assn.

Rossi, a 1937 graduate of the School of Journalism, succeeds Mrs. Doris Cook.

DeWitt LeFevre, a 1925 J-School graduate, was chosen vice president. LeFevre, president of Beaverite Products, Inc., Beaver Falls, is a member of the SU Board of Trustees.

Secretary of the Association is Lora Sulzle, a 1950 J-School graduate who is corporation secretary at the B.G. Sulzle Corp.

Forestry College Public Relations Director Peter B. Volmes, a 1953 J-School graduate, was re-elected treasurer.

Executive committee members, all former presidents of the Association, are Ralph E. Holzwarth, '48; Morgan Redmore, '31; J. Leonard Gorman, '29; Mrs. Estella Hillegas, '37 and Mrs. Cook.

Dr. Bharati Guest Tonight; First in '63 Lecture Series

Dr. Agehananda Bharati of the anthropology department, will give the first of a series of lectures sponsored by the senior class executive council at 7:30 p.m. today in the Women's Building Alumni Lounge.

Other lectures in the series will include Dr. Michael Sawyer, Dr. William Hotchkiss and Dr. Ray Irwin.

Dr. Bharati will speak on the humanistic aspect of the East-West struggle in addition to analyzing the problems he believes university students should understand in relation to this conflict.

Dr. Bharati will refute what he terms the fallacy that the East is inaccessible to the Western intellect.

According to Dr. Bharati, the correct appreciation of the ideological, religious and cultural differences between Asia and the West is the most conducive factor to world peace.

Following the lecture, a discussion and question period will be held.

Dr. Bharati was born in Vienna, Austria, and completed his undergraduate and graduate studies at the University of Vienna.

He has been a lecturer at Delhi University in India and a professor of philosophy at Banaras Hindu University, also in India. During 1957 he was a guest professor at the University of British Columbia.

Dr. Bharati is also a contributing editor to several German magazines.

Moving . . .

(Continued from Page 1)

Ahlberg noted, the School and Youth Development Center will move into permanent quarters in a School of Social Work building on the west quadrangle of campus.

Women now living in Haven, Schultze and Lima will be placed in existing vacancies on campus, according to Director of Women's Housing Jean Crawford.

Numbers have been drawn by women in these dorms for living preferences and first choices will be honored wherever possible, Miss Crawford stated.

Residents of Haven said the dean of women's office has told them their moving expenses will be assumed by the university.

They also said they have been assured that women moving to higher priced housing units will not be required to pay additional housing fees.

SU to Require Social Security Cards for Indentification in Fall

Social security numbers instead of the current six-digit numbers will be used by Syracusans for identification beginning with the fall 1963 semester, Registrar Edwin D. Smith has announced.

Syracuse University is the first institution to begin this new system.

Also, a permanent identification card for all students is under consideration. Plans for this new system, also to begin in September, will be reviewed by the university Personnel Committee Thursday for its approval.

The university has decided to change the student numbering system so that the registrar's office can maintain more accurate student records, said Registrar Smith.

Only about 10 percent of the student body will be affected by this change. The other 90 percent already have Social Security numbers, the local Social Security Office has estimated.

All students, including new freshmen transfers, undergraduates, graduate and special students who do not have Social Security numbers can obtain them by writing to their local Social Security office.

The Syracuse office also is adequately equipped to supply students with Social Security numbers, noted the registrar. He encouraged students to get the numbers from their home town office, however, to eliminate flooding of the Syracuse branch.

Numbers for all

Anyone regardless of age or nationality is eligible for a Social Security number.

There will be a place on the $100 advance payment card sent to all incoming freshmen and returning students for the Social Security number.

A letter sent to each student's home during Christmas vacation further explains the new system. Most students have not yet received these letters, observed Smith, probably because of slow post office processing.

The letter explained that all registrar's offices at all schools are required by law to maintain the academic records of all students, past, present and future.

Since it has records for students since 1870, with about 7,500 new records added each year, the six-digit system is no longer adequate, the letter states.

It also lists the District Offices in the United States from which students can obtain their numbers.

Expand

"Eventually the national Social Security system will expand to 11 numbers," Smith said. "When this occurs, the student identification system will automatically change to 11 digits."

The proposed identification card will be similar to the present one in size and texture, Dean Smith said. There will be room on the back, however, for a removable receipt from the bursar's office upon payment of tuition and a semester meal ticket.

If the plan is approved Thursday, plans will be made for all returning students to have permanent pictures taken for the card in the spring.

Barber Shop Quartet Sing Scheduled Today in Chapel

A new tradition at Syracuse will be begun today as Tau Theta Upsilon, senior men's honorary, sponsors its first annual Inter-fraternity Barber Shop Quartet Sing at 7 p.m. in Hendricks Chapel.

A trophy will be awarded the winner from among the ten houses who have entered the contest. Judging will be by members of the Syracuse chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

The houses entered are Lambda Chi Alpha, Delta Upsilon, Psi Upsilon, Tau Epsilon Phi, Sigma Nu, Phi Kappa Psi, Tau Kappa Epsilon, Kappa Sigma, Alpha Chi Rho and Phi Delta Theta.

The large group sing will be held at 7 p.m. Wednesday in the Chapel. This will be an elimination with the finals being held Sunday evening at the IFC Freshman Rushing convocation. Judges will be Dean of Men Earle Clifford, Dr. Arthur Poister and Aubrey Garlington.

Houses in the large group division are Sigma Phi Epsilon, Acacia, Sigma Nu, Theta Chi, Tau Kappa Epsilon, Kappa Sigma and last year's winner Alpha Chi Rho.

The public is invited to attend the sing tonight and tomorrow.

World News

Quitting? James Meredith, the first known Negro to attend the University of Mississippi told newsmen Monday that he will leave the school unless conditions change. He didn't specify what those conditions were but it was assumed the pressures brought to bear on him as the only Negro at the college have been too much.

Attorney General Robert Kennedy said in Washington that the Meredith decision reflects on the university and the state of Mississippi and that if the student is forced to leave because of racial prejudice, it reflects on us all.

Bombing. The British government announced Monday that it successfully carried out a mock nuclear attack on the United States during the past couple of weeks without United States warning systems detecting the attack. The British said they ran a simulated air attack with the effectiveness of a full-scale bombing of key U. S. cities and there was no detection.

Interviews Here For Grad Program

Russell A. Hill, chairman of the Intern Teaching Program at Temple University, will be on campus Wednesday to interview liberal arts students considering graduate study.

The Temple program provides on-the-job training in secondary school teaching for college graduates who have not taken undergraduate work in education. It leads to a master of education degree.

Students interested in talking to Hill can make appointments with Mrs. Vicary, 106 Hall of Languages, ext. 2780.

Now, a clean-filling, smooth-writing Parker cartridge pen...only $3.95

New PARKER ARROW

This pen can save you important money on cartridges. And last longer. Ours are BIGGER and last longer (each is good for 8 or 9 thousand words). But, even if you didn't save a dime, this pen would be worth the price. It's a Parker.

Only Parker gives you a solid 14K gold point, tipped with plathenium—one of the hardest, smoothest alloys ever developed. It should last you for years no matter how much you use it.

This pen won't leak the way the cheap ones do—it has a built-in safety reservoir. It must meet most of the tough specifications we set for $10 pens.

The Parker Arrow comes in black, dark blue, light blue, light grey, and bright red, with a choice of four instantly replaceable solid 14k gold points. A beautifully expressive gift.

(Special Introductory offer ends February 15, 1963)

This coupon good for

5 EXTRA SUPER QUINK CARTRIDGES

(49¢ value)

Your Arrow pen is packed with 5 FREE cartridges. Present this coupon for 5 more FREE cartridges when you purchase the Arrow pen. Only one coupon redeemable for each Arrow pen purchased. Offer not available where prohibited.

To the Dealer: You are authorized to redeem the coupon and we will reimburse you for the 5 free cartridges with like goods provided that you and the consumer have complied with the terms of the offer as stated.

JSL Tackles Liquor Policy Issue Tonight

By SANDY MYERS

Possibility of a change or modification in the university's present drinking policy will be discussed at the Joint Student Legislature meeting at 7:30 p.m. today in Maxwell Auditorium.

Other topics up for discussion will be eligibility requirements for student government president and vice president, the legislature speaker, chief of Joint Student court, class officers and senators-at-large. Whether the government training course should be required for candidates for these offices will also be discussed.

Students will be asked for opinions on registration, the Day Hall search in November and the possibility of having sit-down served dinners in dining halls at specific times rather than the cafeteria system.

JSL representatives will be asked to proctor in the study rooms which the legislature has opened during the examination period. Members of the senior class executive council, Traditions Commission and the Liberal Arts Advisory Council will also be asked to proctor.

Steering Committee decided at its meeting Tuesday to send

(See JSL, Page 8)

Prof. Smith, Business Law Head, Dies

Prof. Edward A. Smith, chairman of the SU Business Law Department, College of Business Administration, died at his home Tuesday morning. He was 57.

Prof. Smith, a member of the Syracuse University faculty since 1937, was honored last year for 25 years of continuous service. He was a native of Buffalo, Mo.

A graduate of Central College in Fayette, Mo., in 1926, he received his law degree in 1937 from the University of Kansas. In 1945 he received master's degree in law from the University of Michigan. He also did graduate work in education at the University of Missouri and in education at Syracuse.

Prior to his appointment at Syracuse University he taught at Eldon Public Schools, Eldon, Mo.

He was the author of several books in use at the University, among which is "Personal Business Law."

Surviving are his wife, Mrs. Mary E. Gilmore Smith; two children, Sheridan and Elizabeth Anne Smith, and one sister, Mrs. Joseph Stevens, of Topeka, Kan.

A memorial service at Hendricks Chapel will be held at the convenience of the family.

Contributions may be made to the Edward A. Smith Memorial Fund at the University.

Future Dorms May House SU Students on Coed Basis

By BEVERLY LURIA
Junior Editor

Hill segregation of the sexes may soon be ended.

Coed dormitories are being contemplated by Syracuse University officials as part of the university's long range building plans.

"The next dorm or group of dorms is likely to include coed housing in adjacent buildings or separate wings with shared recreation lounges and dining facilities," according to James V. Latorre, assistant to the Vice President or Administration and Research, Clark D. Ahlberg.

Latorre said he does not think the university will "expermient" with alternating floors of men and women in the same dorm.

Share Facilities

"We're thinking of dormitories in the same complex using common facilities" such as a central control office and mail,dining and recreation facilities SU Director of Women's Housing Jean Crawford told the Daily Orange.

"This is just one type of coed dorm," Miss Crawford explained. "In some midwestern colleges they have coed dorms that I feel are more the true type," she continued.

Some of these schools, Miss Craword said, have housing units with alternating floors of men and women. These dorms, she added, have separate elevators or men and women that service the alternating floors.

Experiment

However, Miss Crawford feels that the coed housing under consideration by SU "might provide an interesting experiment in social education."

Both Latorre and Miss Crawford expect new dorms to be complexes of small ones rather than the large scale high rise structures now under construction.

SU is currently utilizing the coeducational idea in dining halls, noted Executive Assistant to the Chancellor John F. Olson.

He asked, "why have segregation of men and women while eating?"

(See Dorms, Page 8)

906 Register; Coed Rushing Begins Feb. 4

By SUSAN WEINBERG

Rush registration figures for formal sorority rush now total 906, announced Carol Shire, Panhellenic rushing chairman, at the regular Panhel meeting Tuesday.

This figure includes all coeds who registered late and may drop some once averages are established she noted.

The breakdown into plans is: Plan A, 465; Plan B, 321; and Plan C, 113. These figures do not include the coeds who registered late.

Rush begins Monday, February 4 with coke parties, Miss Shire announced. Plan A will have nine parties, 15 minutes each, Monday and Wednesday, February 4 and 6. Plan B will rush Tuesday and Wednesday, February 5 and 6, and will have eight parties each night. Plan C will rush all three nights.

Coke parties begin at 6:30 p.m. All coeds, however, must be at the Women's Building at 5:30 p.m. to meet with their rush counselors, emphasized Miss Shire. This organization is necessary to keep the tight time schedule set for the first round of parties, she said. There is a 10 minute break between each party.

Dress is casual: skirts and sweaters, but no sneakers.

A rush convocation for city coeds will be held at 7 p.m. today in the Women's Building.

Final figures on the profits from the Panhellenic Ball, held November 30, were also reviewed. Panhel made $1737.60 as compared with $1000 earned last year. Profits go to Youth Opportunities Unlimited, Panhel's service project this year.

In other business, the council unanimously approved full membership for Alpha Lambda Phi. It previously had been an associate member.

Also, Sharon Yates (Alpha Epsilon Phi), a junior in School of Art, was awarded the $300 Panhel scholarship to study abroad this summer.

Panhel will have no further meetings until second semester. A rush chairmen's meeting will be held, however, at 7 p. m. Thursday in Room 305 of the Women's Building.

RUSH MEETING FOR CITY COEDS

Freshman city women who have registered for rushing must meet at 7:30 p.m. Wednesday in 309 Women's Bldg.

Attendance is mandatory for students who intend to rush.

8 Fraternities Robbed

By HOWIE GINSBURG

Eight Hill fraternities were entered and robbed during Christmas vacation, according to reports received by the Daily Orange.

A television set, table and antenna have been reported missing by Alpha Epsilon Pi fraternity, 401 Comstock Ave. Laurence Ferleger, a brother of the fraternity, reported that his box of jewelry, valued at $120, was also stolen during vacation.

Syracuse police contacted Ferleger who identified a jewelry box being held by the police as his. The box was discovered in an apartment occupied by two brothers living in the 15th ward. The two are being held by police on three charges.

Cigarette and soda machines were also broken into and robbed at the fraternity. Peter Cohen, AEPi brother, reported a sun lamp and various personal items missing.

The thieves apparently entered through a window in the basement of the fraternity and broke the padlock on the door, fraternity spokesmen said. Several locks were broken on various rooms and property damage was estimated by Ferleger as $400-$500.

Robert Flaherty, director of Security Police, could not be reached to comment on what property was recovered in the 15th ward apartment or on the

SYRACUSE SCIENTIST—JACK LEITNER views magnified pictures of bubble chamber

By CAROL RUBRIGHT

A new atomic particle was discovered at Syracuse University in late December by a team of SU researchers working in collaboration with the Brookhaven National Laboratory.

Assistant Professor Jack Leitner, who has been in charge of the project at Syracuse, said the significance of the find "is comparable to the discovery of a new element."

The particle, knick-named the "Kappa 1-2 Star," was detected following the discovery of a similar, short-lived atomic particle, the "Cascade star," in November.

This discovery adds to the list of thirty-six known particles, only five of which had been detected prior to 1949.

The project has cost approximately one-half million dollars & has consumed a year of intensive research. The presence of the particles were detected through analyses of bubble chamber photographs and graphs made in the Archbold Stadium laboratory, and in the Brookhaven National Laboratory.

Both the "Kappa 1-2 Star" and "Cascade Star" decay instantaneously and therefore

(See Atom, Page 8)

Nobody's Concern But the Students'

Perhaps the Traditions Commission's budget is "nobody else's concern" but the members of Traditions Commission and the Joint Student Legislature's Board of Estimate.

We, however, feel that the Traditions Commission's budget and the budgets of any other organizations on campus are of concern to every student paying tuition to Syracuse University.

It may seem petty to squabble over such trifles as booklets, telephone calls, stamps and sundry other items, and looked at in only that light, it is petty. But the implication here goes beyond someone's arbitrary decision that these minor items wouldn't interest anyone.

As long as students pay tuition and a student organization takes portions of that tuition money to form budgets for other student groups, the apportionment of that money is not only of interest to the student, it becomes a right of his to know what happens to it.

This could be anotner example of a small thing becoming greater and greater until all budgets become shrouded in secrecy and closed books.

It is to insure that such a thing never happens, that we take issue with the handling of the Tradition Commission's budget. The students have a hight to know what happens to their money.

Goodbye 'Ole Miss'

If James Meredith leaves the University of Mississippi at the end of this semester—and it seems a sure bet that he is leaving—he will be far from a quitter. He will remain a hero in the fight against discrimination.

The university and the state of Mississippi must face the responsibility for Meredith's leave-taking. The attitude of the campus in general appeared to be hostile enough to necessitate a constant body guard for the Negro student during his semester in Hell.

The everyday pressures of college life sometimes seem too much for us to bear. But add to this the danger of being attacked if left unguarded, plus the loneliness of being different from the faceless mob, and there is little wonder that Meredith feels forced to leave.

When and if he goes, probably to someplace where he can pursue an academic course, if that was his intent in the first place, he will have a sense of accomplishment to carry with him forever.

After all, he was the first to get his foot in the door of Mississippi bigotry.

THE GADFLY

The Board

By T. Lee Hughes

Dean of Journalism Wesley C. Clark came up with a gem Monday when he announced that he would recommend reorganization of the university's Board of Student Publications.

It was a wise move. There would probably be nothing better for the health of student publications than to have the rug pulled out from under the present Board setup.

To the average student, the proposal means little. But the Daily Orange, Syracuse 10, and the Onondagan (along with the fledgling Sword of Damocles) represent the only means of unifying the student body into a cohesive force.

And as long as the three campus publications are under the thumb of administrators sitting on the present Board, a cold towel hangs limply over student editors who try to mold their publications into a student voice.

Informed sources have told me that the present Board setup was instituted as the result of a recommendation made several years ago during a top-to-bottom analysis by S.U. authorities of the university setup.

In a confidential report, concern was expressed that student publications were coming up with editors who were unfriendly to the administration, the source said. The antics of these editors were allegedly hurting the university image with alumni and outsiders. A recommendation was made that some method of choosing less rebellious characters to run the student press be initiated.

The result was the present Board of Publications setup.

Under this system, the Board is composed of three administrators (presently the Dean of Men, Dean of Women, and Dean of Personnel), the financial and editorial faculty advisors to the publication concerned, the Dean of Journalism, the President and Vice President of student government, and three members of the student publication.

This Board has control over the selection of the editor, may review and determine editorial policy, and may dispose of at will any student editor, of a given publication.

Last year, one of the highest of the high personages of the University family indicated to me that Sid Hurlburt was one of the best editors the Daily Orange ever had, but that Sam Girgus had been a "bad" editor because he had "caused us a lot of trouble." (Sam was removed from the helm at mid-semester last year.)

Who this personage was would not be of import except that he is in a position to strongly influence the decisions of the faculty and administrative members of the board.

In this offhand remark was revealed the criteria which too often administrators on the Board seem to use in selecting an editor.

And unfortunately the mechanization of the Board is controlled to a large extent by the triumvirate of administrators, with an occasional duet by the faculty advisors.

Using ostensibly parliamentary procedure, they badger, waylay, and confuse what should be straightforward attempts to deal with the problems of student publications.

The Board meeting in crisis usually turns into a political battleground where procedures, not issues, are the prime consideration.

Held in the closed offices of the Dean of Journalism, the meeting finds five students clustered on one side of the room squared off against the administrative-faculty quintuplet on the other.

And as the administrative steamroller goes into high gear, students again realize that they are on the Board merely as an accommodation, and to give the impression of a free student press.

If there is a significant crisis at hand, the administration will have its way.

During a year of sitting on the Board, I have seen 1) an administrator threaten that if he did not have his way there would be a "review" of the student publications budget 2) an administrator slip a veiled threat to one student on the Board to the effect that if he did not withdraw a proposal he had made, he would face the loss of his position as a campus leader 3) before a crucial vote, an administrator threatening "I know the Chancellor's position on this, so I know how I'm going to vote" as he glanced at other members of the Board 4) three administrators badger the editor of one of the campus publications over a legitimate piece of editorial material, all the while trying to give the impression they were speaking for the whole Board. 5) an administrative attempt to throw three student members off the Board over a miniscule technicality. 6) and a heck of a lot more.

Unfortunately, none of the shennanigans ever become public, because the administrative faction has rammed a rule through to the effect that any specifics which go on within the Board cannot be discussed either vocally or in print.

Sitting under the wing of the Board as "publishers," administrators also individually use their position to coerce student editors. "As a member of the Board of Publications," they say, "I strongly recommened that you do not do . . ." And they are fully confident that as administrators their will can be turned into retribution in the Board of Publications if they are challenged.

Dean Clark, however, hit the nail on the head when he said that the Board is a policy organization, and "policy is best determined by democratic legislative bodies."

And if this policy is to be determined in fairness to the student viewpoint, then the present administrative dominance on the Board must be ended.

Clark recommends expanding the Board to include representatives of the faculty, fraternities, the graduate school, and the university's research interests.

The problem is, what more do these "extras" know about the qualifications needed for putting out a publication than do the present administrators on the board. They too would undoubtedly be swayed by self interest rather than considering objectively the journalistic qualities of the candidate.

Len Gorman, editor of the Post Standard, and a D.O. alumnus, told me once that he thought the policy of letting publication staffs select their own editors should be reinstated.

This leaves the battle for the editorship of the publication up to the staff. It makes for a good deal of "in-fighting." But anyone who has labored the best part of several years on a publication has its interests at heart.

This means that the criteria for selection would be ability, perseverance, and originality —not how one stands with the administration.

But either way, a change must be made.

If these publications are to be represented by the university as truly student run—then they should in fact be student run, subject only to the limitations of libel, obscenity and good taste.

If they are not in fact student run—then the university should quit kidding the students.

Unfortunately, if the change in the Board setup has to be recommended by the Board itself—then the change will never never take place. It would be like asking Alexander the Great to cut off his own right hand.

If there is a widespread student concern — and there should be—then JSL should consider a recommendation to Chancellor Tolley that a revision be made.

And if students want to get a picture of whether or not there really is university concern for their very fundamental rights—they will follow the case with interest.

He's No Beggar!

MACHEATH'S JUST A scoundrel, lover and gambler. BILL HARRIS plays this legend of English lore in the Boar's Head production of John Gay's "The Begger's Opera." The 235-year old burlesque of 18th century London will open at the Coronet Theater Feb. 6 for eight performances. Bonnie Bradt and Karen Falkner also star.

Crouse Organ Recital

Mary Frances Cuningham, a graduate student in the school of music, will present an organ recital 8:30 p.m. Friday evening in Crouse College Auditorium. The program will include four choral preludes by Helmut Walcha with whom Miss Cuningham studied while a Fulbright scholar in Germany.

Currently organist and junior-choir director for United Church in Fayetteville. Miss Cuningham was an accompanist for Hill musical productions "Little Mary Sunshine" and "The Telephone."

She is currently teaching freshman keyboard and is completing her requirements for a Master of Music in organ degree under the direction of Arthur Poister.

Having earned her Bachelor of Music degree in 1959 at Salem College, where she won the President's prize for musical achievement among other honors, Miss Cuningham has had further scholarship study in Oslo, Norway and has a fellowship at SU.

A member of Delta Phi Alpha, German honorary, she has been a choir director, accompanist and music counselor in the U.S., and choir director and organist at St. Christopher's Episcopal Church in Frankfort.

Listed in "Who's Who in American Colleges and Universities" Miss Cuningham played in a Fulbright Concert in Berlin and also in a piano recital for a German-American group during her study abroad.

Her program will also include works by Boyce, J. S. Bach, Kurt Hessenberg, Louis Vierne and Marcel Dupre.

As in all Crouse Concerts and recitals, campus parking and admissions is free.

Ferrante & Teicher Concert Set

The pianistic talents of the popular keyboard duo, Ferrante and Teicher, will be demonstrated to local concert-goers Saturday, Jan. 26, when the recording stars, whose versions of "Exodus," "The Apartment," and "Tonight" sold over three million records, bring their show "The Many Moods of Ferrante and Teicher" to Lincoln Auditorium.

Combining a gift for varied programming with their sensitivity and technical perfection, plus a musical sense of humor, Ferrante and Teicher have cooked up a program ranging from show tunes to popular classics.

The two hour concert will feature their "drool" approach to the Steinway that makes the august instrument sound like anything from a bongo drum to a bass fiddle, and maybe even a piano.

Initially trained in the classics, the duo have made the transition to more popular fare with facility and success. They have given upwards of a thousand concerts, have appeared on many tv programs, and have recorded almost three dozen record albums.

Tickets may be obtained at the Famous Artists Series office, Clark Music Building.

PianistKovacs ToPlayToday

Stephen J. Kovacs, Hungarian-born pianist, arranger, composer and recording artist, will present a one-man piano concert comprised of light classics and classical music as part of the fall series of student convocations 11 a.m. today in Marshall Auditorium.

Kovacs studied at the Franz Liszt Royal Academy of Music in Budapest, Hungary, considered one of the strictest and most demanding schools in Europe. Upon graduation, he received the highest honor awarded by the school, the Artist Diploma of Piano Playing.

At the age of 20, he gave his debut recital in Berlin, at that time the power capital of the Weimar Republic of post World War I Germany and music center of Europe.

When he came to America in the 1930's, he held a variety of jobs in New York City—organist at St. Paul's Church in Harlem, St. Athanasius Church in the Bronx, and St. Joseph's Church in Manhattan.

Swimming Squad Debuts Saturday With Strong Team

By BILL CRONAUER

A combination of youth and experience promises to keep Syracuse University swimming on the rise in 1963.

Coach Ted Webster's mermen open the winter season Saturday when they host New York University at the Orange pool.

Last year's squad compiled a 9-win, 1-loss record, suffering its lone setback to Colgate in the final meet of the season. Missing from the 1961-62 team are butterfly ace Greg Pond and free-styler Jim Tuck.

Top returnee from last year is senior Tom Watts. Watts set the 100-yard free style record (52.4 seconds) in the New York State Individual Swimming Championship this past March.

Watts, a native of Alliance, Ohio, also anchors the 440-yard medley relay team.

Another top senior on the Blue squad is Joe Morrison. He broke the university and pool record last season in the 100-yard individual medley with a clocking of 1:03.4.

Morrison set a new mark in the 440-yard free style event in 1961 against St. Bonaventure. He also swims in the 200-yard individual medley.

The no. 2 Hill letterman is senior Bob Ohman. Ohman is perhaps the most versatile man on the team as witnessed by his competition in breaststroke, backstroke and free style events last year.

Other veterans returning include juniors Dwayne Lehigh, Bob Duthie, Nathan Meyerberg and Pete Moore, and senior Jeff Meyer.

Lehigh competed in both the 200-yard backstroke and 60-yard free style events last season. His 2:18.7 time in the 200-yard backstroke is a Syracuse record.

Duthie improved rapidly in 1962 and is counted on to supply points for the Orange in the 50 and 100-yard free style events. Meyerberg also swims in the free style competition.

Moore, another versatile swimmer, participated in the 200-yard butterfly, the 200-yard individual medley and the 200-yard breaststroke.

Meyer's top event is the 50-yard free style.

Five sophomores expect to bolster the SU veterans. Jeff Nelson broke the frosh record in the 200-yard backstroke and did well in the 200-yard individual medley.

New comers Jim Marshall (50-yard free style) and Roger Alzenberger (200-yard butterfly) are top sprinting prospects while Carl Nichols and Hugh Dunseath performed well on the relay teams.

The Orange mermen have home contests scheduled with NYU, Cornell, Lehigh Cortland,, and Columbia. They oppose swimmers from Buffalo, Pittsburgh, Williams and Colgate on the road.

The New York State Championships will be held in Syracuse on March 8-9.

Hill Hockey Crew To Battle Brockport

By ELLEN HALPIN

The inaugural game of the Finger Lakes College Hockey League will be played Saturday at 6:30 p.m. in the Coliseum. The Syracuse University Hockey Association will take on a team from Brockport State.

The league, organized last spring, is made up of teams from Brockport State, Ithaca College, Hobart, Rochester Institute of Technology, the University of Rochester, and Syracuse.

The members of the teams belong to campus hockey clubs. Each team receives financial assistance from its respective university, Syracuse is the one exception.

Last spring the SU Hockey Association asked the university athletic board for minor financial assistance. Their petition was tabled by the board.

Canada Dry gave the association $100 which the team will use for ice rentals. Complimentary schedules were printed for the team by the Eriksson Construction Company of Syracuse.

At the end of the season the newly-formed league will pick an all-star team that will meet the varsity from Colgate or Cornell.

Syracuse's first line defense is composed of Pete Gibson and John Schilling. Second line defense includes Bill McGruther and Walt Pulver.

Charels Hudson is slated as first line center with Fred Robinson and John Cordner going in as wings. Second line forwards are Pete Stone, center, and Tom Borg, wing. The goalie position is held down by Dick Van Winkle.

The highlight of the evening will be the game between the U.S. National Amateur Hockey team and the Syracuse Stars. That game is scheduled to start at 8:30.

Another game will be held Sunday in the Coliseum at 3 p.m.

Harry Cleverly, coach of the United States team, expects his team to be in good shape for the game. "We're really getting organized now and we'll be tough when we get to Syracuse for games Saturday and Sunday," he said.

Cleverly and his top eighteen men will leave on a European tour at the end of this month. The highlight of their trip will be the World Ice Hockey Tournament at Stockholm, Sweden in March.

Three out of four fatal traffic accidents occur on rural roads, and most of them are at night.

Since 1955, when the tubeless tire was introduced, flat tires have dropped to an all-time low as the cause of auto breakdowns, according to the American Automobile Association.

Fred Lewis - Making Hoopee In His First Year On Hill

By JUDY ADAMS

Fred Lewis is the man that Syracuse has chosen to return Syracuse "to its rightful place in major college basketball." And its not hard to understand why he was their choice.

He was tabbed "Mr. Personality" from the start.

"Here is a real recruiter," writers who met him promised. "If Lewis can't convince some of the top high school prospects that Syracuse is the school for them then nobody can."

Their predictions proved to be more than correct. He IS a fine person and he CAN recruit.

It didn't take long watching the frosh basketball squad this season to convince this onlooker of the latter. Nor did it take long sitting in his Manley Fieldhouse office to convince the same of the former.

His office is filled with things you would expect to find in a coaches office: piles of athletic magazines. books on basketball, a movie projector, a coaching chart on the wall.

To his right, as he sits at his desk, is a certificate that reads, "Naismith Memorial Basketball Hall of Fame, Frederick B. Lewis Jr., a life membership."

Above his head is another sign that declares in a lighter note, "The boss isn't always right, but he's always the boss."

Yesterday he sat below it and discussed his basketball team.

"We have three major problems", he explained with just a hint of a southern drawl, "fouling, making the foul shots, and throwing the ball away," which doesn't sound too unlike the headaches of the football coach whose office is just around the corner and whose team also had trouble hanging on the ball.

"And I guess our all-over problem is consistancy. We just can't count on one boy to perform the same two nights in a row. Other than that our offense is adequate to beat any other team we play."

"Have you found the student backing. . . ," I began.

"Tremendous," he declared. "You have to honestly say that the cheering spurred the team on. Frankly, I was surprised. It's not easy to get out here (the Fieldhouse). It's hard to explain but you know that you give your best when there's someone in your corner rooting for you.

"We still have ten more hard games and our success hinges on our support."

His next game is at home with Penn State, said to have its strongest team in 10 years. But the Nittany has just lost the services of 6-6 Ulo Cart, 6-5 Chuck Maren and 6-8 Bob Hutchenson due to scholastic ineligibility who have scored a sum of 58 points in the eight games that they've played. And co-captain John Mitchell is out for the rest of the season with a knee injury.

Only Mitchell is a starter, but the loss of the other will hurt the Nittany depth. And as a result only nine players will dress for the game.

"We plan to play them the same as last time. They'll just not be able to press as much," Lewis commented.

Then this writer foolishly tossed in the term "soft schedule."

He just grinned. "You know, I hear that a lot and I find it 'interesting'. Now I'm going to prove you ignorant." And he did, by going through the schedule team by team pointing out that it wot NOT a soft schedule.

Just then the phone rang, and while he talked to the caller I noticed a third sign in the room; half hidden on the second shelf of the bookcase. "The wishbone will never replase the backbone." And I guess I'd have to agree. At least not while you play for Fred Lewis.

Broome Tech Strong Foe For Frosh

Syracuse freshmen hoopers will tangle with Broome Tech in the prelim Saturday night. Coach Dick Baldwin's Techers have a 10 and one mark so far this season, most of which are lopsided victories.

The team specializes in ball control, with John (Moose) Remza and Bob Finkler being strong on rebounds. The team shooting percentage is ihgh, the big man is Remza with a 13.2 averae.

Teammates Jim O'Donovan and Charlie Georgia are both averaging over 12 points a game. O'Donoven, however, has a bad left knee, and will probably see little action.

Another big man is Joe Hromek, who has come on strong as a replacement for the brittle O'Donovan, and has averaged better than ten points a game since Christmas, leading the team in a Christmas sweep.

One community reported a reduction of nearly 85 per cent of local accidents at night as a result of applying reflective tape to auto bumpers for better visibility.

"Ach, wie schön dass wir Amerikaner hier haben und mit ihnen zusammen arbeiten."

JOBS WORLD WIDE

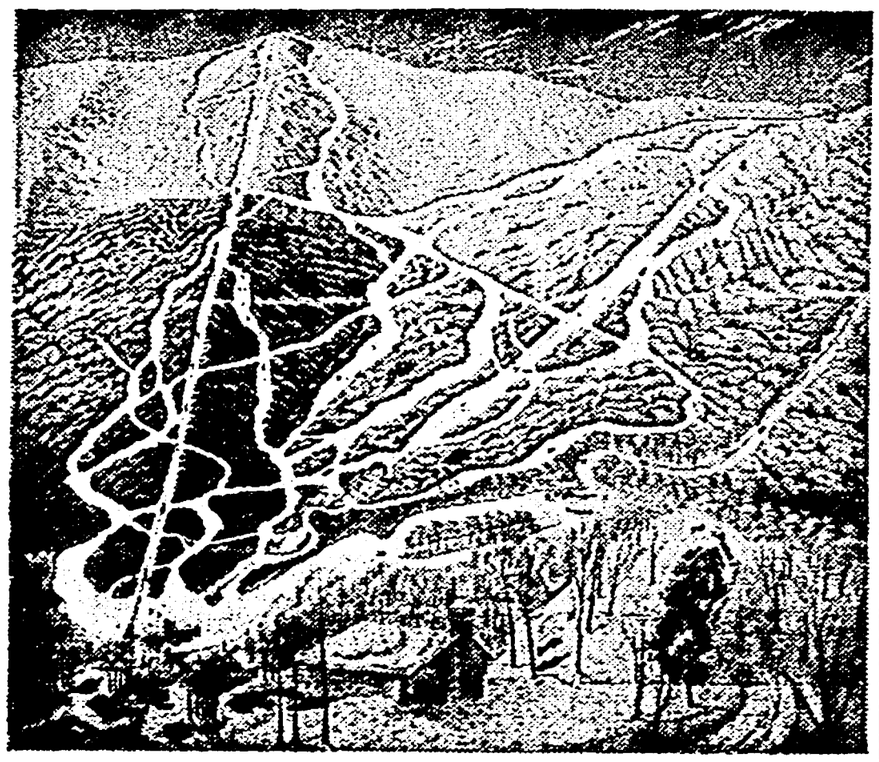
"There are thousands of individual opportunities for jobs, study and travel abroad, summer (1-3 months) or longer," according to M. Galtier, Princeton Research Corporation. PRC has recently completed a SPECIAL report which describes more than 30 organizations offering opportunities to work, study or travel world-wide.

ISTC—THE INTERNATIONAL STUDENT TRAVEL CENTER, Incorporated, was one of the organizations reviewed.

"The ISTC—together with SITA (founded in 1933 as the STUDENTS INTERNATIONAL TRAVEL ASSOCIATION), and ISIS (The International Student Information Service—Switzerland) appears to have the most complete and reasonably-priced American educational job, study and travel program currently offered," M. Galtier said.

"The goal of the INTERNATIONAL STUDENT TRAVEL CENTER is to provide stimulating work and travel experience programs abroad.

"ISTC is the U.S. Representative for ISIS. ISIS guarantees employment for students (age 16-35) and teachers (no age limit) desiring to work abroad two weeks or longer. ISIS also coordinates transportation for ISTC members. ISTC has selected SITA to make all land arrangements for its 1963 JOB SEMINAR Programs in Paris and London. All programs include paying jobs, orientation seminar and tour. A typical seminar ranges in cost from $130 (without transportation) to $789 (including round-trip jet transportation from NYC to Paris or London). Only $20 is required for ISTC membership. Travel grants to $500 are available for ISTC members.



"SITA, except for two large travel-banking establishments (Cook's and American Express), is by far the largest, most extensive, and the most experienced travel organization in the world. More than 25,000 persons from 50 states and 46 foreign lands have participated on SITA trips . . . 90% of them on the recommendation of previous tour members.

"Available jobs include sales, farm, resort-hotel (life guards, waiters, etc.), factory, construction, hospital, child care, modeling, camp counseling and others. They pay the standard wage of the country in which they are located. Wages range from board and room only in a Spanish work camp to $190 a month in a West German factory.

"While most of the positions available in 1963 for unskilled work with minimal or no language qualifications are in Europe, ISIS will endeavor to place requests for work world-wide (more than 50 countries in Asia, Africa, The Middle East, Latin America, etc.)."

As an example, M. Galtier mentioned the recent experience of Thomas W. Houghton, Mathematics Major, Princeton University '65, who worked in a German factory this summer. Mr. Houghton is one of many students ISTC has arranged programs for. Tom said, "The opportunity to meet and know people, and their invariable spirit of cooperation, was wonderful. With the money I earned in six weeks I was able to support myself eight weeks. I made contacts that I will enjoy the rest of my life. The whole program cost me less than most people pay for round-trip transportation to Paris. It was a rewarding experience for me, and I only hope that others will have the same opportunity."

The new 1963 ISTC JOB SEMINAR brochure can be obtained by sending 20¢ to: The INTERNATIONAL STUDENT TRAVEL CENTER, 39 Cortlandt St., NY 7, NY.

a **particular** place for particular **skiers** . . .

A single chair-lift, rising 2000 ft., a double chair-lift, rising 1600 ft., and a T-Bar, serving a wide net-work of trails, ranging from very gentle to very steep. Mid-stations on all lifts allow circulation at upper levels.

There's no better skiing anywhere in the East!

Hill May Host Alleged Communist, Barred at Buffalo

A New York State Supreme Court justice ruled last month that Dr Herbert Aptheker, whom SU's student government may invite to Syracuse to discuss the Communist viewpoint, could not speak at the State University at Buffalo.

Justice Russell G. Hunt ruled that Dr. Aptheker, described in the decision as a "ranking member of the Communist party," is not entitled to use State University facilities to "expound the doctrine of a subversive organization."

Syracuse Student Legislature's Local and National Affairs Committee, headed by Jay Litwin, voted unanimously Dec. 13 to invite a speaker defending Communism and a speaker from the Federal Bureau of Investigation or the U.S. attorney general's office to participate in a forum later this year.

Investigation

After a debate in Student Legislature Dec. 19, it was decided to investigate the merits of having either one speaker at a time or the two-man forum.

Dr. Aptheker's name was mentioned as a possibility after three other names were ruled out. The three were Nazi George Lincoln Rockwell, Sir Oswald Mosley, a Fascist, and Malcom X. of the Black Muslims, a Negro organization.

Mosley spoke on Fascism last fall on the Buffalo campus where his appearance incited a storm of criticism. His speech was part of a four-lecture series entitled "A Political Spectrum of a Contemporary World," arranged by the Student Senate Convocations Committee.

Other Speakers

Other speakers in the series include Russell Kirk, on conservatism and Sen. Eugene J. McCarthy on liberalism.

Dr. Aptheker was to appear Oct. 31. The day before his scheduled speech, a temporary injunction barring his appearance was brought against the Board of Trustees of the State University. Despite efforts to have the order lifted, Justice Hunt held in Albany that the decision should remain in effect until Nov. 9.

William E. Egan of Ballston Lake, unsuccessful Democratic Congressional candidate in the 30th District, led the attempt to block Dr. Aptheker's talk.

Denies Membership

Dr. Aptheker denied that he is a member of the National Committee of the Communist party, but hedged when asked if he is a party member. While in Buffalo Oct. 31, he claimed that the National Committee had been dissolved more than a year ago.

The State University in defending Dr. Aptheker's right to address students, said that the program had been planned before Buffalo became a part of the state system. (Buffalo became a State University school in September.)

In its 1956 policy setup, the State University cited its tradition of academic freedom, referring to the engagement of allegedly subversive speakers.

Contending that the U.S. Supreme Court has ruled that membership in the Communist party is not an illegal act, the State University said that Dr. Aptheker, speaking earlier on two other state campuses, had engaged in no illegal activity.

Pickets

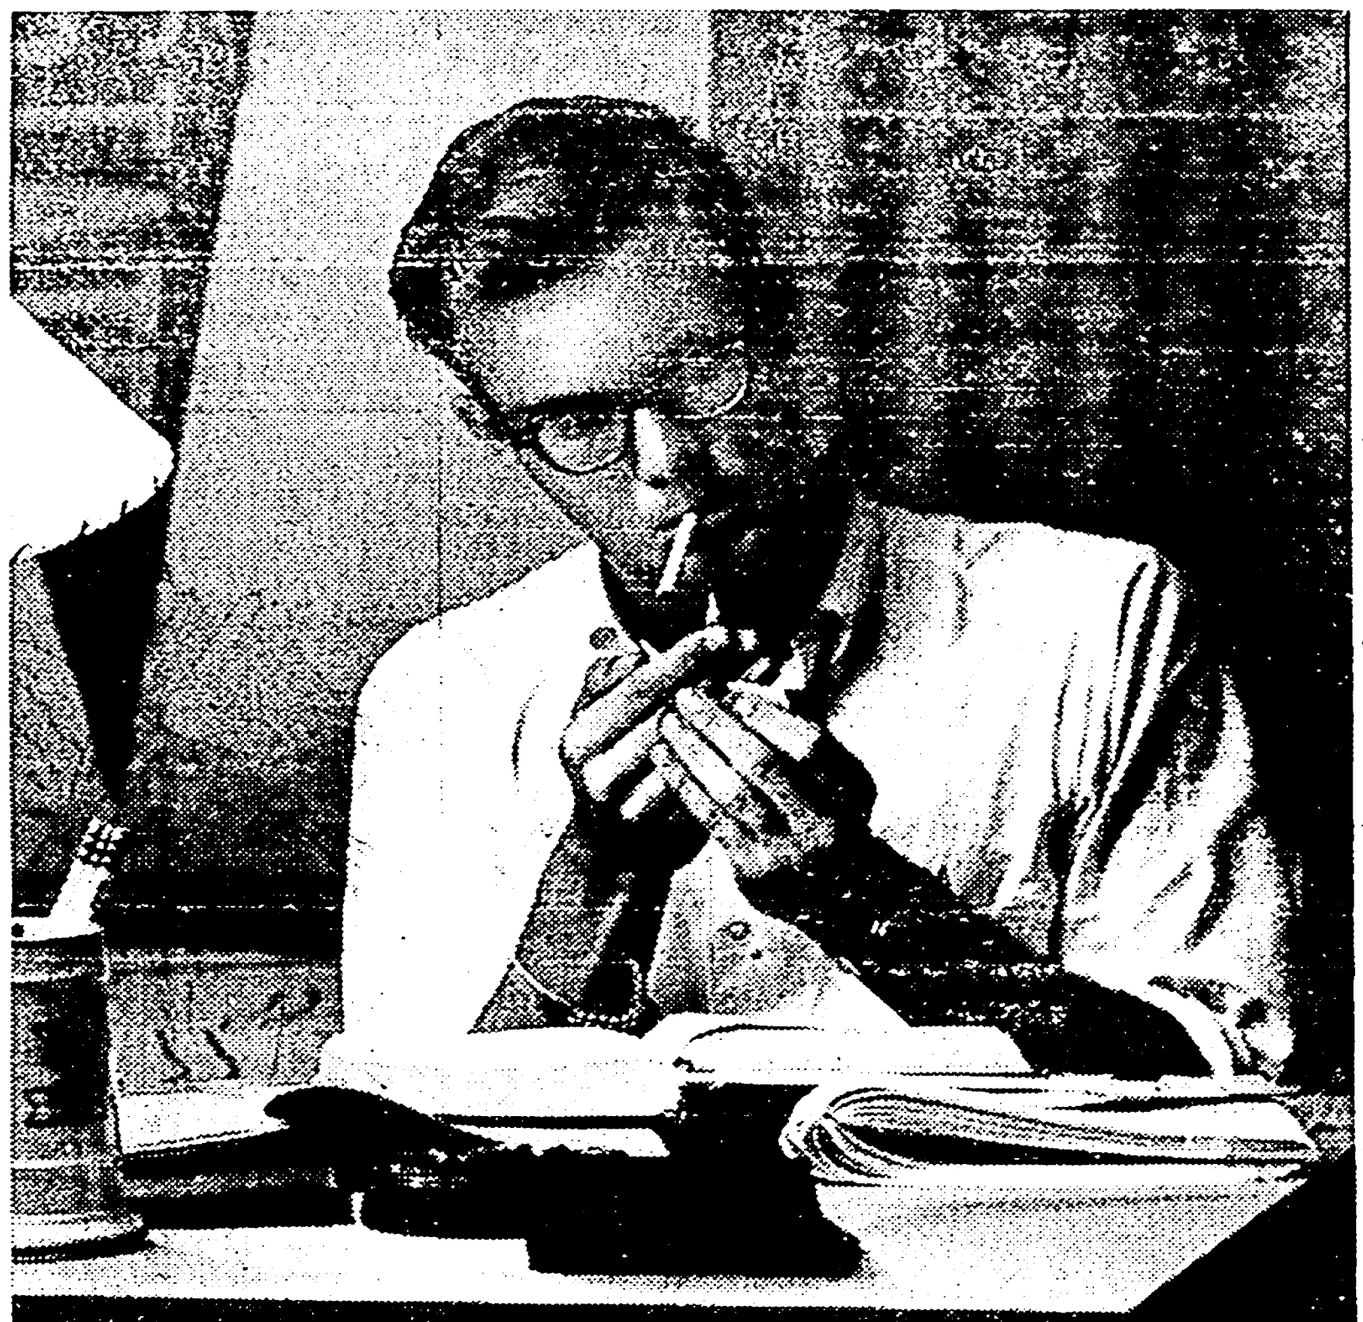
When Mosley spoke earlier in the semester, Buffalo students, faculty wives and community members picketed against his cause, but not his right to speak at the school.

Placards with "Smash Fascism," "Stop Mosley," "Fascism Means Geonocide" and other comments were carried during the demonstration.

More than 1000 people in the lecture room and several hundred others listening to the speech over loudspeakers heard his talk on Fascist philosophy. During the question period after the lecture, members of the audience responded with denunciation and rebuttal.

UC Offers 5 New Courses

Starting its fifth year, The Humanistic Studies Center at University College has announced five new study programs for the Spring term starting during the week of February 11th.



The Center, which offers seminars especially designed for adults who no longer desire formal academic credit but who wish to continue to learn at university level has served the needs of more than 500 persons during its first four years.

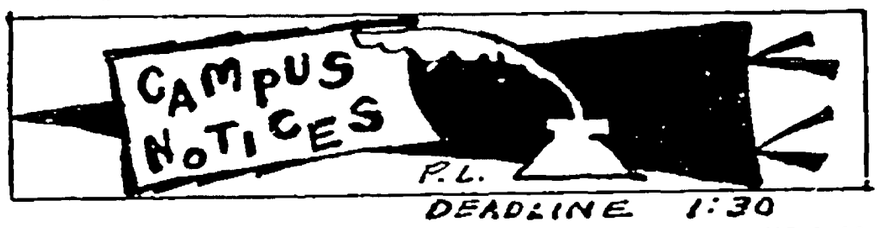
Participants have included lawyers, teachers, engineers, secretaries, homemakers and business and industrial executives, according to Roy Ingham, administrator of the Center. They have ranged from 23 to 67 years of age with the median age about 36.

Each seminar is directed by a member of the Syracuse University faculty selected for their special interest in discussing vital ideas with adults. The seminars generally meet once each week with each session lasting two hours.

Offered for the Spring term are:

"Morality and The Twentieth Century," Dr. Theodore Denise, Mondays, 8-10 p.m.; "Religion and Science," Dr. Alfred Louch, Wednesdays, 8-10 p.m.; "The Individual in a Conforming Society," Dr. Edward Murray, Wednesdays, 8-10 p.m.; "Looking at Modern Painting," Dr. James Dwyer, Thursdays, 8-10 p.m.; "Order and Change in World Affairs," Dr. Julian Friedman, Tuesdays, 8-10 p.m.; "Religion, Existentialism and Literature," Dr. Gabriel Vahanian, Mondays, 8-10 p.m.; "The Supreme Court and Church and State," Dr. Michael Sawyer.

get Lots More from L&M



more body in the blend

more flavor in the smoke

more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And L&M's filter is *the* modern filter—*all white,* inside and outside—so only pure white touches your lips. L&M's *the filter cigarette for people who really like to smoke.*

Kharas Named Hearing Officer

Dean Ralph E. Kharas of the College of Law was named hearing officer Monday in connection with disciplinary procedings by the Syracuse City Council.

Under contract, Dean Kharas will receive $100 a day for his services for 25 days.

His appointment by Mayor William F. Walsh came after testimony before the State Crime Commission alleged that the present hearing officer, City Assessment Commissioner Benjamin Gingold, interceded with the district attorney's office in behalf of a man charged with gambling.

The appointment of Kharas, a Democrat, by a Republican administration has been termed a transcendance of petty politics by city politicians.

Robberies...

(Continued from Page 1)

outburst of thefts during the vacation. Flaherty has been unavailable for the past two days and security files are not open to the Daily Orange or the public without his being present.

Alpha Chi Rho fraternity, 131 College Pl., reported thefts during the Christmas recess also valued between $400-$500.

Calvin Wagner, A Chi Rho brother, told the DO that a basement window was found broken when brothers returned from vacation. The house was not damaged further but clothing, jewelry, radios and other personal items were stolen.

Neighboring Phi Kappa Psi, at 113 College Place, was also entered by thieves. Three panels of glass was broken and $30 in cash stolen from various rooms, according to fraternity brother Samuel Dispenza.

Richard DeRosa of Sigma Alpha Epsilon, 737 Comstock Ave., told the DO that a pair of ice skates and a hockey stick are missing, valued at $50. The house was entered through a window on the second floor which was broken, apparently by the intruder, DeRosa said.

Donald Thorn of Tau Delta Phi fraternity, 747 Comstock Ave., reported his strong box was tampered with during the recess. He discovered the box lying in the middle of the floor with marks scratched on it. Inside the box he discovered the tip of a penknife which had apparently broken off while the intruder tried to open it.

Robert Kaye, president of Tau Epsilon Phi, 320 Euclid Ave., said that Security Police informed him that the house was entered and a window broken during vacation. Locks were broken on various doors and trophies were taken. Nothing of monetary value was touched.

Footsteps were found on the fire escape of Zeta Beta Tau fraternity but nothing has been reported missing.

Peter Murphy of Kappa Phi Delta, 200 Walnut Pl., reported a set of weights missing, valued at $35. The robbery occured just prior to vacation.

During the investigation of robberies, Security Police discovered firearms in two of the fraternity houses. Names of the houses were not revealed but Dean of Men Earle W. Clifford said disciplinary action was being contemplated.

Flick Dorm Head Named

Charles Fisher, a personnel intern in the dean of men's office, has been appointed director of the new Flick site dormitory, Dean of Men Earle W. Clifford announced Tuesday.

Fisher, a Bronxville native, has held the internship since the beginning of the semester. During his tenure in the dean of men's office he has handled selective service registration, personnel clearance, transfer and readmission applications and has been office recorder.

He is also taking nine hours of graduate courses here.

He is a June 1962 graduate of the State University of New York at Fredonia where he received a bachelor of science degree in education. Prior to his college career he spent four years in the Air Force including an assignment in Iceland.

At the Flick site dorm he will head a staff of eight resident advisors supervising 312 undergraduates. "Our main problem right now is getting the dorm open and solving the many problems that arise in setting up the program for a large resident hall," Fisher commented on his new appointment.

'ON' SALES EXTENDED

1963 Onondagan sales have been extended, 'ON' Editor-in-Chief Sandra Joy has announced.

Students may buy yearbooks from their living center sales representatives or at the yearbook office, Building 7, behind Hendricks Chapel.

RA Program Forms Due

Junior men interested in being resident advisors next year may apply this week with Asst. Dean of Men David Tatham in the dean of men's office, Administration Building.

"Each year there is room for a small number of outstanding seniors in the resident advisor program," Tatham said. Applicants, who must have a 2.0 average should demonstrate leadership ability, have a broad range of interests and a variety of employment experience, he said.

Currently six seniors and 74 graduate students are acting as resident advisors. Interested students may see Dean Tatham at their convenience.

Students chosen will be notified in May.

SOS Polling on Government

The Student Opinion Service (SOS) is conducting a survey on the qualifications for student government offices.

Student offices concerned are the president and vice-president of student government, class officers and senators at large.

Questions include compulsory participation in the student government training program for officers and election of the president and vice-president by students or administrators.

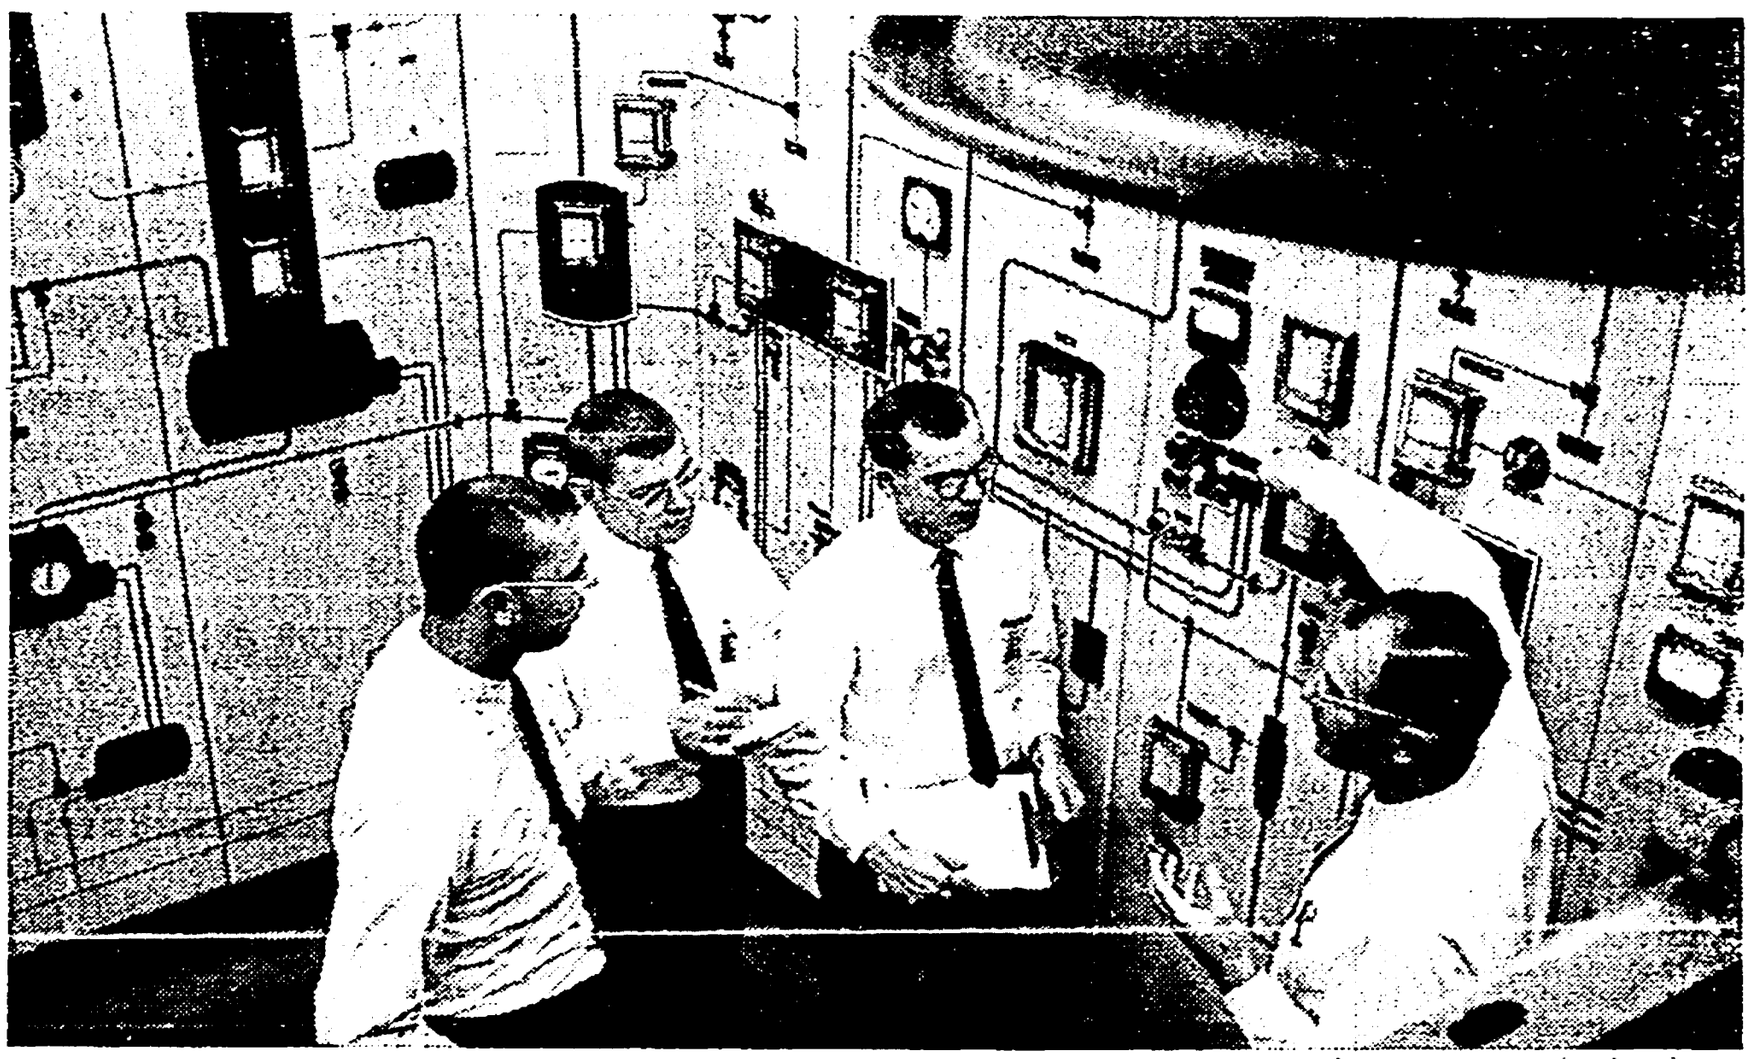
The survey will also ask students to favor either the present cafeteria system or a sit-down system in dining halls.

Co-chairmen of SOS are Carol Wurthner and Arthur Perschetz.

David Schoenbrun, Chief Washington, Correspondent, headed the CBS News Paris Bureau for 14 years.

LIBRARY HOURS

The main library will be open until midnight from Monday, Jan. 14 to Tuesday, Jan. 29.



It will open at 7:50 a.m. Monday-Saturday and at 2 p.m. Sunday. The additional hours are for study purposes in the reading room and periodical room.

Reference and circulation services are available on the regular schedule.

HAVE JOBS, WILL HIRE PART TIME

male students needing extra income. Must have your own transportation. This is an opportunity for you to earn the extra money you need. Call HY 2-1701 Monday thru Friday between 9 a.m. and 5 p.m.

Opportunities at Du Pont for technical graduates—third of a series

LYCRA®

A production triumph for technical men

Few women enjoying their 4-ounce LYCRA and nylon bathing suits will care how LYCRA spandex fiber got to be a third lighter than rubber and three times as restraining.

But the technical men who produce LYCRA at our Waynesboro, Va., plant do care. For LYCRA is tough to make. As one technical man put it, "LYCRA requires the greatest care, the finest controls, the most complex chemical reactions and manufacturing processes, the most delicate handling. The fact that it is being made—and of the highest quality—is a stunning achievement."

Considering that LYCRA is just one of hundreds of such products developed and manufactured by Du Pont, there's little reason to wonder why we need so many good chemical, mechanical, industrial and electrical engineers, physicists, mathematicians and chemists.

And on the production line, their responsibilities are big. Especially for some of them—like the new supervisors in our photo—who were in college like yourself just a few years ago. For not only must they excel in their respective technical specialties—they must also have leadership abilities and strong feelings for sound employee relations.

If a career in production—where you might handle everything from intricate process problems to the shipment of finished products—appeals to you; or if you're interested in research, development or sales, write to us.

Use our coupon. You'll receive information about employment opportunities at Du Pont, and, if you like, about LYCRA and other new Du Pont products featured in our "Opportunities" series. Mail coupon today.

'East and West Lack Understanding'

By PETER KOSSEFF

"Between East and West there is no understanding," Dr. Agehananda Bharati, first in a series of lecturers sponsored by the senior class, told a small crowd in the Women's Building Tuesday. "The fault lies equally on both sides" for this lack of understanding, the SU anthropology department member said.

The West, meaning the Occidentals, the "eggheads" of Europe, North America, and the traditionally Judeo-Christian countries; the East, being India, Thailand, Persia and all the ancient traditionally Asian countries, have this schism because of a historical accident, he said.

This historical accident was the superficial acceptance by the East of Western traditions in an attempt to reach our advance technology level and with a genuine appreciation of Western tradition.

We are now only postponing dilemas due to the lack of East-West understanding. The East had an unbroken tradition until the present Westernization which makes it very unlike the new tradition West. In dealing with the West they didn't stick with their traditions and attempted to impose on themselves the West's low class value system of thrift and ascetism of which Gandi was a result, said Dr. Bharat.

" 'Let's get together, let's stop fighting because we have so many things in common', attitude is very damaging because it's implications are that if we don't have many things in common — which we don't — we must keep fighting," he said.

Supressing the differences of cultures makes people tend to forget the sophistications and refinements of their own culture as many Easterners in the West and most of the Easterners who deal with the West have.

A good attempt at understanding the East is being made by scholars and even the Peace Corps which dig below the surface of Western puritanical views of many Easterners, he said.

Dorms...

(Continued from Page 1)

As fewer women than men have cars, a coed housing complex might help solve the parking problem, Dr. Olson said.

Referring to a theory that proximity of men's and women's dorms improves the "general tenor of behavior," Dr. Olson feels that problems such as panty raids might be eliminated.

"The general decorum of dress and behavior is better in mixed society," Dr. Olson noted. He feels that women's dress standards would improve, but added "I'm not sure about the fellows."

Although he said there may be advantages to men and women in the same living complex or separate wings, Dr. Olson noted, "I don't see how you can solve any problems by alternating floors."

Atom...

(Continued from Page 1)

leave no track in a bubble chamber as do the longer-lived atomic particles such at the proton.

Dr. N. P. Samios was in charge of the research team at Brookhaven which made use of Brookhaven's proton accelerator, the largest in the world.

Brookhaven is one of three federally supported laboratories in the country.

Leitner is a 1957 graduate of Columbia University. He taught at Duke University and was a research associate at University of California at Berkeley before coming to Syracuse, where he teaches a graduate course in Quantum Mechanics.

Leitner stated that no conclusions could be made as yet about the discovery, but that the presence of the particles indicated a basic theory which will someday be formulated.

Programs Set For DellPlain

Syracuse Police will demonstrate the use of lie detector machines at 7 p.m. Thursday in DellPlain lobby, announced Richard C. Geolsby, director of DellPlain.

At 8:30 p.m. Thursday "Project 20," a CBS film documentary, will be shown in the lobby. This week the "Twisted Cross" will be shown and other documentaries will followed every Thursday.

One of the highlights of the series will be an investigation into birth control and the laws involving it. Geolsby said.

All interested are invited to attend the DellPlain programs.

Tri-Level Program Planned For IFC Rush Convo Sunday

Freshmen may find out what makes the Greeks tick at the Inter-Fraternity Council Rushing Convocation scheduled for 8:30 p.m. Sunday in Hendricks Chapel.

A tri-level program has been planned by the rushing committee, co-rushing chairmen Jon Eberenz (Kappa Sigma) and Michael Steinberg (Sigma Alpha Mu) have announced. A speech by James P. McMurray, fraternity administrator, will kick off the 1963 rushing program.

Freshmen will be entertained by barber shop finalists from the IFC Sing competition.

Rushing procedures will be reviewed by the co-rushing chairmen and IFC President Thomas Rigoli (Phi Delta Theta) will address the freshmen.

After offering a look at the fraternity system at first hand during smokers and open houses earlier in the semester, the rushing chairmen expressed great enthusiasm for the rushing plans this year. "We got good frosh support, as well as Greek enthusiasm for our program," said Steinberg.

The last date for registration for spring rush will be noon, Saturday, Jan. 19, stated McMurray. "Any freshman who intends to participate in this rush must sign by that time or wait until next year. No late registrations will be accepted," he said.

DU Quartet Wins Trophy

Delta Upsilon fraternity's barber shop quartet harmonized its way to first place in the annual Tau Theta Upsilon inter-fraternity barber shop quartet sing Tuesday evening in Hendricks Chapel.

Tonight the semi-finals of the large house sing will be held in the Chapel at 7. The finals in that event will be held Sunday at 8:30 p.m. at the IFC rushing convo in the Chapel.

Delta Upsilon's quartet, composed of Lee Petersen, baritone; Bill Pelton, bass; Bob Tompkins, lead, and Jim Marshall, tenor sang "The New Ashmolean Marching Society and Student Conservatory Band" and "Wait Till the Sun Shines Nellie."

Other groups competing were Psi Upsilon's four, composed of Turk Rose, Phil Quartier, Jeff Lowe and Bob Dick; and Tau Kappa Epsilon's Bernie LaDue, Larry Doyes, Dave Barrie and Cal Brewster.

Members of the Syracuse chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America acted as judges.

YaleProfessor Here Thurs.

"Yeats and the Romantic Poets" will be the topic of a lecture in the Humanities series by Dr. Harold Bloom, Yale University assistant professor of English, at 4 p.m. Thursday in Gifford Auditorium, Huntington B. Crouse Bldg.

Presently a Guggenheim Fellow, Dr. Bloom has written two critical works, "Shelley's Mythmaking" and "The Visionary Company.' He is also the editor of an anthology of English romantic poetry.

Senators to Poll on Drinking

By CAROL SCHLAGETER

"Go to your living center's next house meeting. Discuss university drinking policy with your constituents. Find out what they think and why. I will expect written reports from each senator at the next session of the Ronald Mittleman as the close of JSL's final meeting of legislature" directed Joint Student Legislature Speaker the semester Wednesday evening.

In one of the first organized efforts of recent years to clarify the university drinking policy, Mittleman said, "There is a possibility that things can be done." He stressed he was not saying the policy would be revamped, though.

Senator David Knickerbocker,

See picture, Page 7

1963 senator - at - large, quoted Chancellor William P. Tolley, as saying "'The university drinking policy is outdated and outmoded. I would welcome a chance to change it.'" Knickerbocker told the legislature the statement was made at this fall's Pinebrook Student Government conference.

Mittleman said that members of Joint Student Government will discuss clarification of the present policy on drinking at the regular Personnel Committee meeting 10:15 a.m. today. Among speakers during discussion, lasting about 45 minutes, senator Alfred "Win" Whittaker (Lambda Chi Alpha), Chief Justice of the Inter - Fraternity Council Judicial Board, revealed an IFC committee has also been discussing the issue.

He said he had discussed in confidence with an administrator the permitting of living center parties with liquor if adequately chaperoned.

Other points presented were: "Students at nearby Cornell University, here on campus drinking is permitted, have been frequently reprimanded for 'joy-rides' after drinking."

University thinking reported by Mittleman, was "social pressures on those students who do not want to drink might be too great if drinking were permitted on campus."

"There would be an element of novely at first if drinking were permitted, followed by an inevitable leveling off," Mittleman continued.

"There is no essential difference between permitting university dances at Drumlins, for example, where there is a bar close at hand, and permitting liquor at dormitory or fraternity sponsored social functions," Mittleman noted.

Senators stressed the need for a sane, dignified and realistic approach to the issue if students wish to accomplish concrete action.

Friday's Daily Orange will carry a story on discussion of academic requirements for students holding government offices at Wednesday's JSL session.

Faculty Club Move To Chapel House Set

By BEVERLY LURIA

The Syracuse University Faculty Club, soon to be evicted from its present home in the basement of Haven Hall, will move into new quarters in Chapel House, Club President Michael I. Sawyer has told the Daily Orange.

James V. Latorre, assistant to Vice President for Administration and Research Cark D. Ahlberg, said the move is scheduled for Feb. 7, when demolition of Haven begins to make way for construction of first building in the Newhouse Communications Center complex.

The Club is composed of SU faculty members who pay an annual $10 fee, Dr. Sawyer said. He noted that administrators can join, saying, "we have a very broadminded policy."

Faculty Club will occupy the basement Panel Room and the first floor of Chapel House, at 711 Comstock Ave., according to Latorre. He explained that Chapel activities will continue on the second and third floors.

Club facilities will operate on an "interim plan from the time Haven is demolished until an addition to Chapel House is built," Latorre said.

The basement Panel Room and the first floor will be redecorated for Faculty Club use, he noted.

About 70 persons can be seated in present dining space, Latorre stated. A planned two - story addition to the House will raise this number to 125, he added.

Dining room facilities to be used include the Panel Room, the present dining room, sun porch and library. However, the library will still be open for student use.

Latorre explained that limited kitchen facilities will probably necessitate temporary service of catered meals.

When the addition to Chapel House is completed, Latorre said, dining space will be composed of a large hall seating about 100 and two private rooms seating from 12-15 persons.

The International Students Office and the World Affairs Council are presently located in Chapel House. Director of Information Services William P. Ehling has stated "right now there is a heavy traffic of foreign students into Chapel House.

"This problem has not yet been solved," he noted, adding that this traffic will provide a cluttered atmosphere.

The Chapel House move is Faculty Club's second in 20 years. Prior to the construction of Shaw Dormitory the Club occupied a house on that site.

Yale English Prof to Lecture Today in Humanities Program

"Yeats and the Romantic Poets" will be the topic of a lecture today by Dr. Harold Bloom.

Bloom, an assistant professor at Yale University, will speak at 4 p.m. in Gifford Auditorium, Huntington B. Crouse Hall.

The lecture is part of the

HAROLD BLOOM

university's Humanities series.

Dr. Bloom is now a Guggenheim Fellow. He has written two works of a critical nature, "Shelley's Mythmaking" and "The Visionary Company."

He is also the editor of an anthology of English romantic poetry, and has edited selections from Milton and Spenser.

Doubleday publishers will shortly release a new book by Dr. Bloom, "Blake's Apocalypse." At present he is working on two other books, one on John Butler Yeats and one on twentieth century romantic poets.

Dr. Bloom, a native of New York City, graduated from Cornell University and received his doctorate from Yale.

More Pledges To SU Fund

Over half a million dollars from 11 pledges have brought the total Syracuse University local fund drive to more than three million dollars, according to T. Frank Dolan Jr., Onondaga Area Campaign chairman for the Syracuse Plan.

Dolan reported to the recetly formed Leadership Gift Committee in the Hotel Syracuse in December at the committee's first meeting.

The 11 pledges total $573,735 Dolan said. This brings the Onondaga County total $3,158,735.

The Onondaga Area Campaign is a part of the eight year "Syracuse Plan," a $76,000,000 capital endowment and building fund drive which is scheduled for compdetion in 1970, the university's centennial.

AWS Reviews Councils

By NORMA GERKENS

Ten new dorm council constitutions are being reviewed by the dean of women's office and the Assn. of Women Students executive board, Naomi Pinsky, president of dorm council, announced at the AWS meeting Wednesday night.

The dorm council program gives participating living centers the opportunity to exercise self-discipline on matters of curfews and signouts.

Since freshmen living centers are eligible for dorm council second semester, house presidents will meet Feb. 20 to discuss dorm council entrance.

A Through The Keyhole spokesman announced that standards board interviews are being conducted from 8 to 10 p.m. in the AWS office. Make-up exams for TTK will be given from 3 to 6 p.m. today in 209 Women's Building.

Applications for speaker protempore of AWS must be submitted by Feb. 13. Qualifications for the office are a 1.5 cumulative average, junior status, participation in the AWS assembly this semester and passing the TTK examination.

Second semester AWS assemblies will be held Feb. 13, Feb. 27, March 13, April 3, April 17, and May 1.

SOPH REQUIRES STITCHES

George Whitehead, a sophomore from Seymour, Conn. was treated for lacerations of the right hand at Good Shepherd Hospital Wednesday night after being pushed through the window of the Cosmo Pizza Shop, 107 Marshall St.

711 Comstock Site of Many Hill Organizations

In a few weeks the Syracuse University Faculty Club becomes the next of a series of occupants of Chapel House.

Since its construction in 1929, it has served as a fraternity house, center for Hendricks Chapel activities, headquarters for the International Students Office and the World Affairs Council and now as a Faculty Club.

It was built as a chapter house for Beta Theta Pi fraternity at a cost of about $150,000, 1955 Beta alumnus Wally Cheesman told the Daily Orange.

Funds for the house were raised principally by Kenneth Rodgers, '17 Beta alumnus and composer of SU marching band songs, Cheesman said.

Originally a memorial to Beta brothers who died in World War I, the House's library was later rededicated to commemorate brothers who died in the second World War.

Cheesman, a SU graduate in doctoral and social sciences, explained the House's doors were formerly covered with brass plates containing the names of all Beta graduates.

When Beta "came into financial difficulties" and lost their charter in 1956, "they though it wise to sell the house and reinvest the money to establish a local that could re-establish the charter and regain the charter," Cheesman said.

SU purchased the house and in 1958 it became known as Chapel House, Chapel Activities Director Mark Sullivan said.

Prior to '58 Chapel activities were held in the Crouse House

CHAPEL HOUSE

which was then occupied by the School of Social Work.

In 1959 Chapel House was the site of a temporary experiment for Jewish students eating kosher meals.

The International Student Office and the World Affairs Council moved into the house in 1962.

One of the last Betas to live in the House before its sale, Cheesman recalled many interesting incidents. The 1952 Beta snow sculpture, a clown, wore a hat that reached the top story of the house, he said.

Cheesman noted that the New York Daily News and Look Magazine reproduced a picture of this statue.

"While living in the old house," Cheesman recalled."Beta steadily had about four or five members a year on the SU boxing and football teams."

In 1957 Beta moved from the house to its present location at 202 Walnut Pl. This house was originally occupied by Alpha Delta Pi sorority.

Will the Real JFK Please Stand Up

"The First Family" is probably the biggest record album to hit the turntables since Thomas Edison first recorded Sousa's Band. The phenomenal sales of this parody of the country's first man and lady with their assorted relatives and friends has been cited as an example of freedom of expression in the United States.

There is little doubt that few countries' governments would let their heads of state come under such satiric attack without at least some prior censorship. Yet Vaughn Meader and his crew were allowed to make the album unencumbered by government agents listening to tapes.

Now almost everyone is laughing, including the President himself. We say "almost everybody" is laughing because there is an element which feels the album is in bad taste and the butts against the Kennedy's and Vice President Johnson go beyond humor and entertainment.

Indeed, even the laughter of the President at his press conference a few weeks back seemed rather forced and couched in embarrassment. For those who haven't heard the Kennedy pass-the-buck routine in that regard, we shall repeat it:

The President commenting on the record, said he thought Meader sounded more like younger brother Teddy (newly elected Massachusetts senator). Teddy, however, claimed the voice was closer to that of brother Bob (the Attorney General). And Bobby said it sounds like Sargent Shriver (director of the Peace Corps). Shriver was unavailable for comment.

This is all quite amusing. But what about those who argue that the record goes beyond good taste; are they justified in their opinion? Although we enjoy a laugh as much as the next person, it seems this record has gone a little too far in its freedom.

It is always easy to laugh at someone else and when that someone is in a position to make errors before the eyes of the world, the occasions for satiric butts become greater. But is there anything more than humor involved?

President Kennedy is a man of good humor and of course he couldn't place himself in the position of censoring the record. But how would you like it if one of your neighbors made an album mocking the way your parents speak and poke fun at some of their actions.

The album in itself is a great idea and we're glad the talents of Vaughn Meader have been rewarded. But he could have used a little more discretion in knowing where to draw the line between humor and insult.

ALTERNATIVES

'The Python of Wall Street'

By RON CORWIN

America has come under attack for being an imperialistic nation. Since the turn of the century, the critics assert, the United States has launched a program for world control rivaled in modern times only by Nazi Germany and Soviet Russia.

Some of us react with shock to this seemingly rash and unfounded statement. Others dismiss the charges as absurd while still others admit that while they do have some basis in fact and, yes, America has made mistakes, the overwhelming force in American foreign policy has been to extend freedom—to, so to speak, shoulder the "white man's burden," under which the United Kingdom toiled for a century before.

Whether or not the charges are true is a matter of interpretation of facts. The important thing for us is that much of the world sees us essentially as imperialistic. It is not only the communist world which holds this view of America. In fact, they are late-comers to the scene. Even though the truth of the accusations may be doubted, the reasons for the charges must be examined. Only after we have critically examined our policies can we understand how other nations look at us. Then we can be in a position to repudiate the myth of imperialism (if it is a myth) or rectify the reality. Often, it seems, we have tried to rectify the myth by repudiating the reality.

But denial of the reality of yesterday and today, while satisfying us, has not been satisfying to many peoples of the world. Usually their imperialistic label becomes a battle cry at the turn of the century. With the exception of some places in the South (and with certain Indian tribes) the cry of "Yankee, go home!" was only dimly heard before then.

But the 1890's marked the closing of the American Frontier and a consequent change in American diplomacy. The eminent historian Fredrick Jackson Turner wrote in 1896, "For nearly three centurires the dominant fact in American life has been expansion. With the closing of the frontier . . . this movement has come to check. That these energies will no longer operate would be a rash prediction; and the demands for a vigorous foreign policy, for an inter-oceanic canal, for a revival of our power upon the seas, and for the extension of American influence to outlying islands and adjoining countries, are indications that this movement Turner was, we must not give will continue."

As great an historian as him too much credit for historical foresight. The plain fact was that by 1896 the United States was already on the road to Empire. Within a decade we had overtly dabbled in the affairs of Hawaii, Brazil, Nicaragua, Venezuela, and Cuba, to name the major interventions.

Then in 1898 came the war with Spain. This war, writes the historian Oscar Smith, "carried the new imperialism to its zenith, and turned the Caribbean area into a virtual U.S. protectorate. The stage was now set for the era of Dollar Diplomacy and the Big Stick . . .

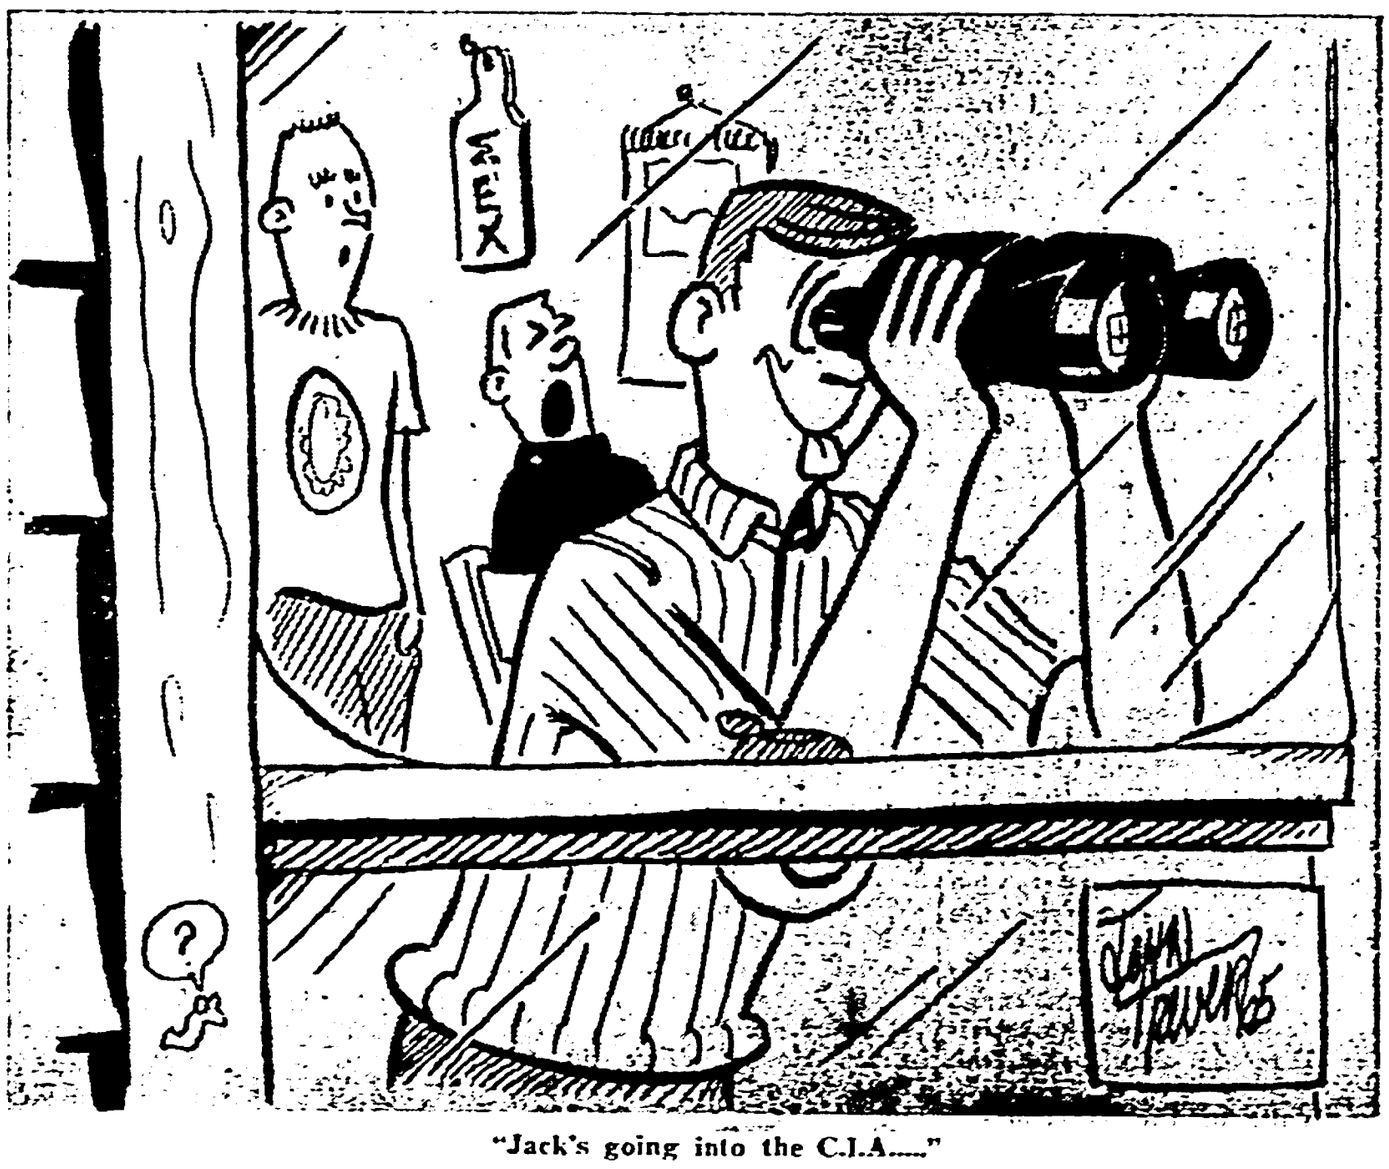
"Yankee imperialism of the interventionist period was concerned with more than the defense of the strategic canal [Panama] area; aggressive business interests in the U.S., searching for new markets and fields of investment, were determined to establish an economic and financial hegonomy in Latin America."

An example of what Smith is talking about comes in the form of the Platt Amendment. After "rescuing" Cuba from Spain the United States Senate passed this amendment, charging Cuba with five basic responsibilities. They were: "to maintain sanitary conditions in ports; to contract no debts Cuba could not pay, to enter into no foreign agreements contrary to the interests of the U.S.; to grant to the United States the right to intervene, if necessary, to keep order; and to cede lands for United States Naval stations, e.g., Guantanamo. The Cubans must have been overjoyed to get this news.

The Platt Amendment is a manifestation of American imperialism. After the circulation of Hay's Open Door Notes in 1899 (and possibly before that) the right to maintain economic freedom of action in all countries became institutionalized. And for the next 30 years American troops were in and out of Panama, Nicaragua, the Dominican Republic, China, Russia, Cuba, Haiti, and the Philippines, to name some of the countries.

In the Dominican Republic, for an extreme example, the logical conclusion of Manifest Destiny blossomed. After a civil war, elections were held in 1914 which the United States "supervised." The new President was Jimenez and the United States demanded a treaty "providing for the appointment of a financial adviser with control over disbursements, for the extension of the authority of the general receiver to cover internal revenue as well as customs, and for the organization of a constabulary." The demands were, of course, rejected as a violation of Dominican sovereignty.

Apparently the Dominicans had not learned that sovereignty meant nothing to America. Turmoil followed bringing on a new revolution and, on May 15, the United States Marines. By November 29, 1916 the commander of the United States naval forces in Santo Domingo could announce that a military government had been established by the "forces of the United States in Santo Domingo."



"Cabinet posts were taken over by Marine Corps officers, the legislature was suspended and for the next six years the government of the Dominican Republic was administered by the United States Navy Department."—J. W. Pratt, "A History of United States Foreign Policy."

Haiti averted a similar disaster by complying with much more rigid demands presented by the United States government. As Julius Pratt, another contemporary historian concludes, "Had Haiti similarly refused, there is little doubt that it likewise would have been subjected to alien military rule."

Latin America has been the focal point of this column because of a few reasons. One, it is, in a narrow sense, closest to home. Two, it provides the most clear-cut examples of what has been termed United States imperialism and drive for Empire. Three, it shows most clearly how the American Frontier did not, in fact, close in 1890 and how correct Turner was in his prediction of the future course of American history. And finally, it helps to draw a more understandable picture of why the label of "imperialist" has been attached to the United States—particularly in Latin America e.g., Cuba.

But the New Deal and the Good Neighbor Policies were yet to come and with them, perhaps, a change of heart. The problem is, however, that it was simply a change of means and not of ends i.e., establishing an American system throughout the world. Space limitations force that discussion to the next column.

POLICY ON LETTERS

The Daily Orange invites, and even urges, the expression of opinion on the part of its readers. The editors make a sincere effort to publish as many letters as possible, but space and the illegible condition in which some letters are received eliminate several from consideration.

Consequently, writers are urged to type their letters, preferably double-spaced, and to limit them to a maximum of 200 words.

Out of necessity, the editors reserve he right to edit letters for reasons of grammar, space and good taste.

FILMS

'Phaedra'

In "Phaedra," now playing at the Riviera-Cinema, director Jules Dassin has tried to create a mood: a mood of the fates, of the destinies that drive man. To this he has attempted to add counterpoints of rich splendor and sensuosity, and somber poverty.

Mr. Dassin has failed, indeed, he has fallen flat on his face. "Phaedra" is a meaningless melange of wealth, sex, tears and Grecian countryside. It offers no compensation for film-goers with the exception of Tony Perkins fans who can cry at the end.

The story, based on Euripides' tragedy, concerns Melina Mercouri who, as the wife of a rich Greek ship owner, goes to London in an attempt to bring her artistically inclined stepson back to Greece. They fall in love and have a tempestous affair.

The stepson, Tony Perkins, feeling hemmed in by his love for Phaedra and responsibility towards his father, Raf Vallone, teases Phaedra by paying attention to his younger cousin. Jealous Phaedra threatens doom upon all and, with the aid of the fates, the ultimate tragedy ensues.

Unfortunately, Dassin can't carry the thing off. His characters are not vessels of destiny but wooden puppets moving irrationally under Dassin's direction.

Out of the blue Miss Mercouri tells Perkins she loves him, and zowie, the two are on the floor making love with the aid of overdone lush camera effects stolen from "Hiroshima, Mon Amor." Their love is never explained or convincingly portrayed. Miss Mercouri and Perkins seem to take Dassin's word they are in love. The audience can't.

Later on in the film one can understand Phaedra's jealousy. But her character is never developed enough for one to understand why she wants to wreck destructoin upon her household.

By interspersing scenes of luxurious abandon with the gray, granite life of the peasants Dassin seems to be trying to convey some sense of contradiction and the unreal. In combination with the odd love story he may have wanted a total mystical effect of the sorrow of men's actions and the unrelenting power of their destinies. We'll never know. We much less care.

JEG

THEATER

Ionesco at the Arts

SU's drama department is really going wild over French playwrite Eugene Ionesco. No wonder. To student directors and actors this "theater of the absurd" author offers innumerable opportunities for mugging, dancing, yelling, screaming, kidding and all around mayhem.

Unfortunately Ionesco doesn't offer the playgoer much besides an occasional non sequitor. Depth, insight, understanding are not his forte. Though he sets up funny situations, his dialogue does not follow through, and hopes for the success of his efforts rest entirely with the director and cast.

Fortunately, two of Ionesco's one-act plays "The Leaders," and "A Maid to Marry," have capable Boars' Head crews behind them. If you don't mind the shallowness of the writing the total effects of the two productions at the Lively Arts Coffeehouse are quite enjoyable.

"The Leader" concerns a group of people waiting for their "leader." The writing is plain bad and as much as director Bonnie Cousins and her able cast try, they can't overcome their author.

Bruce MacCurdy, Ernest Harada, Arney Rosenblatt, Nanci Fried, Peter Locke, and Penny Peck, jump up and down, throw confetti, run around, have burlesque exits and funny entrances. Towards the end of the play they begin to click and a feeling of nonsense is achieved. That the Marx brothers did it better is no dig against this cast. Harpo, Chico and Groucho had better writers.

"A Maid to Marry" comes off much more successfully thanks to better Ionesco dialogue and the delightfully mugging of Randy Grotziner. The play is about two strangers who meet on a park bench, Grotziner and Anabelle Honig. They have a satiric conversation vaguely related to Miss Honig's daughter.

The opening and closing portions of "A Maid to Marry" are pantomimes done to the bouncy "Murder She Said" instrumental. As directed by Marian Present these sequences are a scream.

The conversation between the two is equally anarchic with posturing, double-takes, running, jumping and standing stills. With the addition of Ernest Harada at the end of the play "A Maid to Marry" reaches an extremely funny peak.

All in all, "The Leader" and "A Maid to Marry" are two of the better productions offered at the Lively Arts. Admittedly, they do point out the weaknesses of Ionesco's playwriting. But they also make good use of the drama department's talented students.

Coronet Gets A New Stage For 'Beggar'

"In 1963" says Ben Shaktman, stage director of the Beggar's Opera, "theatregoers are cinema-bred and cinema-fed. They are used to the wide screen approach to action and to intimate scenes.

"They are happiest when the action is pushed right into their laps. Our new stage will do just that—the action will surround the audience."

To implement this idea a major addition is being made to the stage of the Coronet Theatre —a panoramic "open stage" designed by Joseph Morton especially for the forthcoming production John Gay's musical satire, "The Beggar's Opera." The new stage will be inaugurated at the Opera's opening performance, February 6th.

The new stage will have fundamental changes in the presentation of the operatic satire, artist-in-residence Shaktman said.

The demands upon the operatic performers are more rigorous than ever, since they will be projecting so close to the spectators, he noted. The proximity of audience to stage action requires near perfection in every physical object from make-up and costume, to furniture and fight scenes. "The Beggar's Opera" will be shown February 6, 7, 8, 9 and 13, 14, 15, 16.

Oriental Art at Lowe

Today's the day to put on your Japanese kimona, say "sayonara" to finals-worries and appear at the Lowe Art Center. There you'll find an exhibit of three aspects of Japanese art: traditional pieces, modern industrial "western" objects and the "new tradition" in Japanese art forms exemplifying a delicate balance between the two.

In addition, a Korean ceramic selection related to the theme will include pieces especially from the Silla, Koryo and Yi dynasties.

Dr. Charles Dibble, SU assistant professor of art selected and organized this exhibit. Also responsible for the selection of historical material was Dr. Peter Piening, professor of art.

Japanese ceramic pieces come from the University's recently acquired Ruth Randall Collection. Korean pieces are on loan from the collection of Colonel John R. Fox of Canajoharie.

The Army's the only place where a commission is better than a straight salary.

U. S. Olympic Team In Hockey Game At Fairgrounds

DAILY Orange Sports

SYRACUSE DAILY ORANGE January 10, 1963

Basketball, hockey, and baseball play a large part in downtown Syracuse sports. This week proves no exception.

In basketball, the hometown Nats have a heavy weekend schedule. Friday, they play the Celtics at Boston in an effort to lengthen their three game lead over Cincinnati and draw within two-and-a-half games of the league leading Celtics.

Saturday, traveling to Rochester, Syracuse takes on the Detroit Piston. The Pistons have recently pulled ahead of the San Francisco Warriors for the third place play-off berth. Therefore, the Pistons will be pulling all steps against the Nats. Leading players for Detroit have been Bailey Howell, Dave DeBusschere, and Don Ohl.

Rounding out the weekend series, Detroit will accompany the Nats back to Syracuse for a Sunday afternoon game.

Syracuse, the Green Bay of the National Basketball League, has been going with the youth in recent games. Chet "the Jet" Walker, Len Chappell, and Lee Shaffer, all rookies, have been carrying the Nationals and are questioning Boston's sports writers who have nominated their own Havelicek as NBA "Rookie of the Year."

Another double-header, but in hockey, will be held at the Syracuse Coliseum. Harry Cleverly, former Boston University hockey coach, is in the process of organizing the United States National Amateur Hockey team for international competition. He will bring his 32-man squad into Syracuse for two games with the amateur Syracuse Stars.

The games against the Stars give the U.S. team a better opportunity to work as a co-ordinated unit and will serve as a trial for the 32 men of whom only 18 can travel to Europe. Thus, Syracuse will become a try-out area for the country's leading amateurs.

With each team member fighting for a berth, and with the team trying to work as a unit, the U.S. team will prove to give the Stars a heated battle. Thus, in basketball and hockey, Syracuse teams will be facing opponents who will be performing with the highest effort.

Although out of season, the Syracuse Chiefs of the International League came into the news this week. Representatives of the Chiefs attended a meeting in New York City to resolve the problems confronting the expansion of the eight team league to 10 teams.

Representatives of the IL became involved in the problem confronting Negro ballplayers and the problem confronting team finances. The addition of Little Rock to the league has created both these problems.

The transportation problem has been solved by the major leagues who have agreed to carry the additional charge of travel. However, the second problem remains.

The Syracuse entry into the International League will be a Detroit Tiger affiliate. Last years team was sponsored by the New York Mets who kept the Syracuse roster in constant transition. Detroit has had strong farm teams, especially in the American Association, and the new affiliation should effect an improvement in Syracuse's professional baseball.

By these events, it is evident that Syracuse is giving its citizens an active athletic, spectator program of improved caliber.

Syracuse Fencers Travel to Cornell

The Orange fencers travel to Ithaca Saturday to face the Cornell swordsmen. SU coach Alex Dako noted that Cornell is ranked perennially among the top fencing teams in the country.

Fencing has big sport status at Cornell, and scholarships are granted. Last year Cornell edged out Syracuse before the Orangemen started their 7-3 streak.

The SU fencers have a 1-1 record for this season, defeating Hobart and losing to Buffalo in the opener. Practice sessions have been extended, and some of the team was able to work out over vacation. Coach Dako has been training his varsity and frosh teams in tactics especially popular with the Cornell fencers.

Fencing foil in Saturday's meet are Harvey Schuman, Les Monostory, and letterman Marty Cohen.

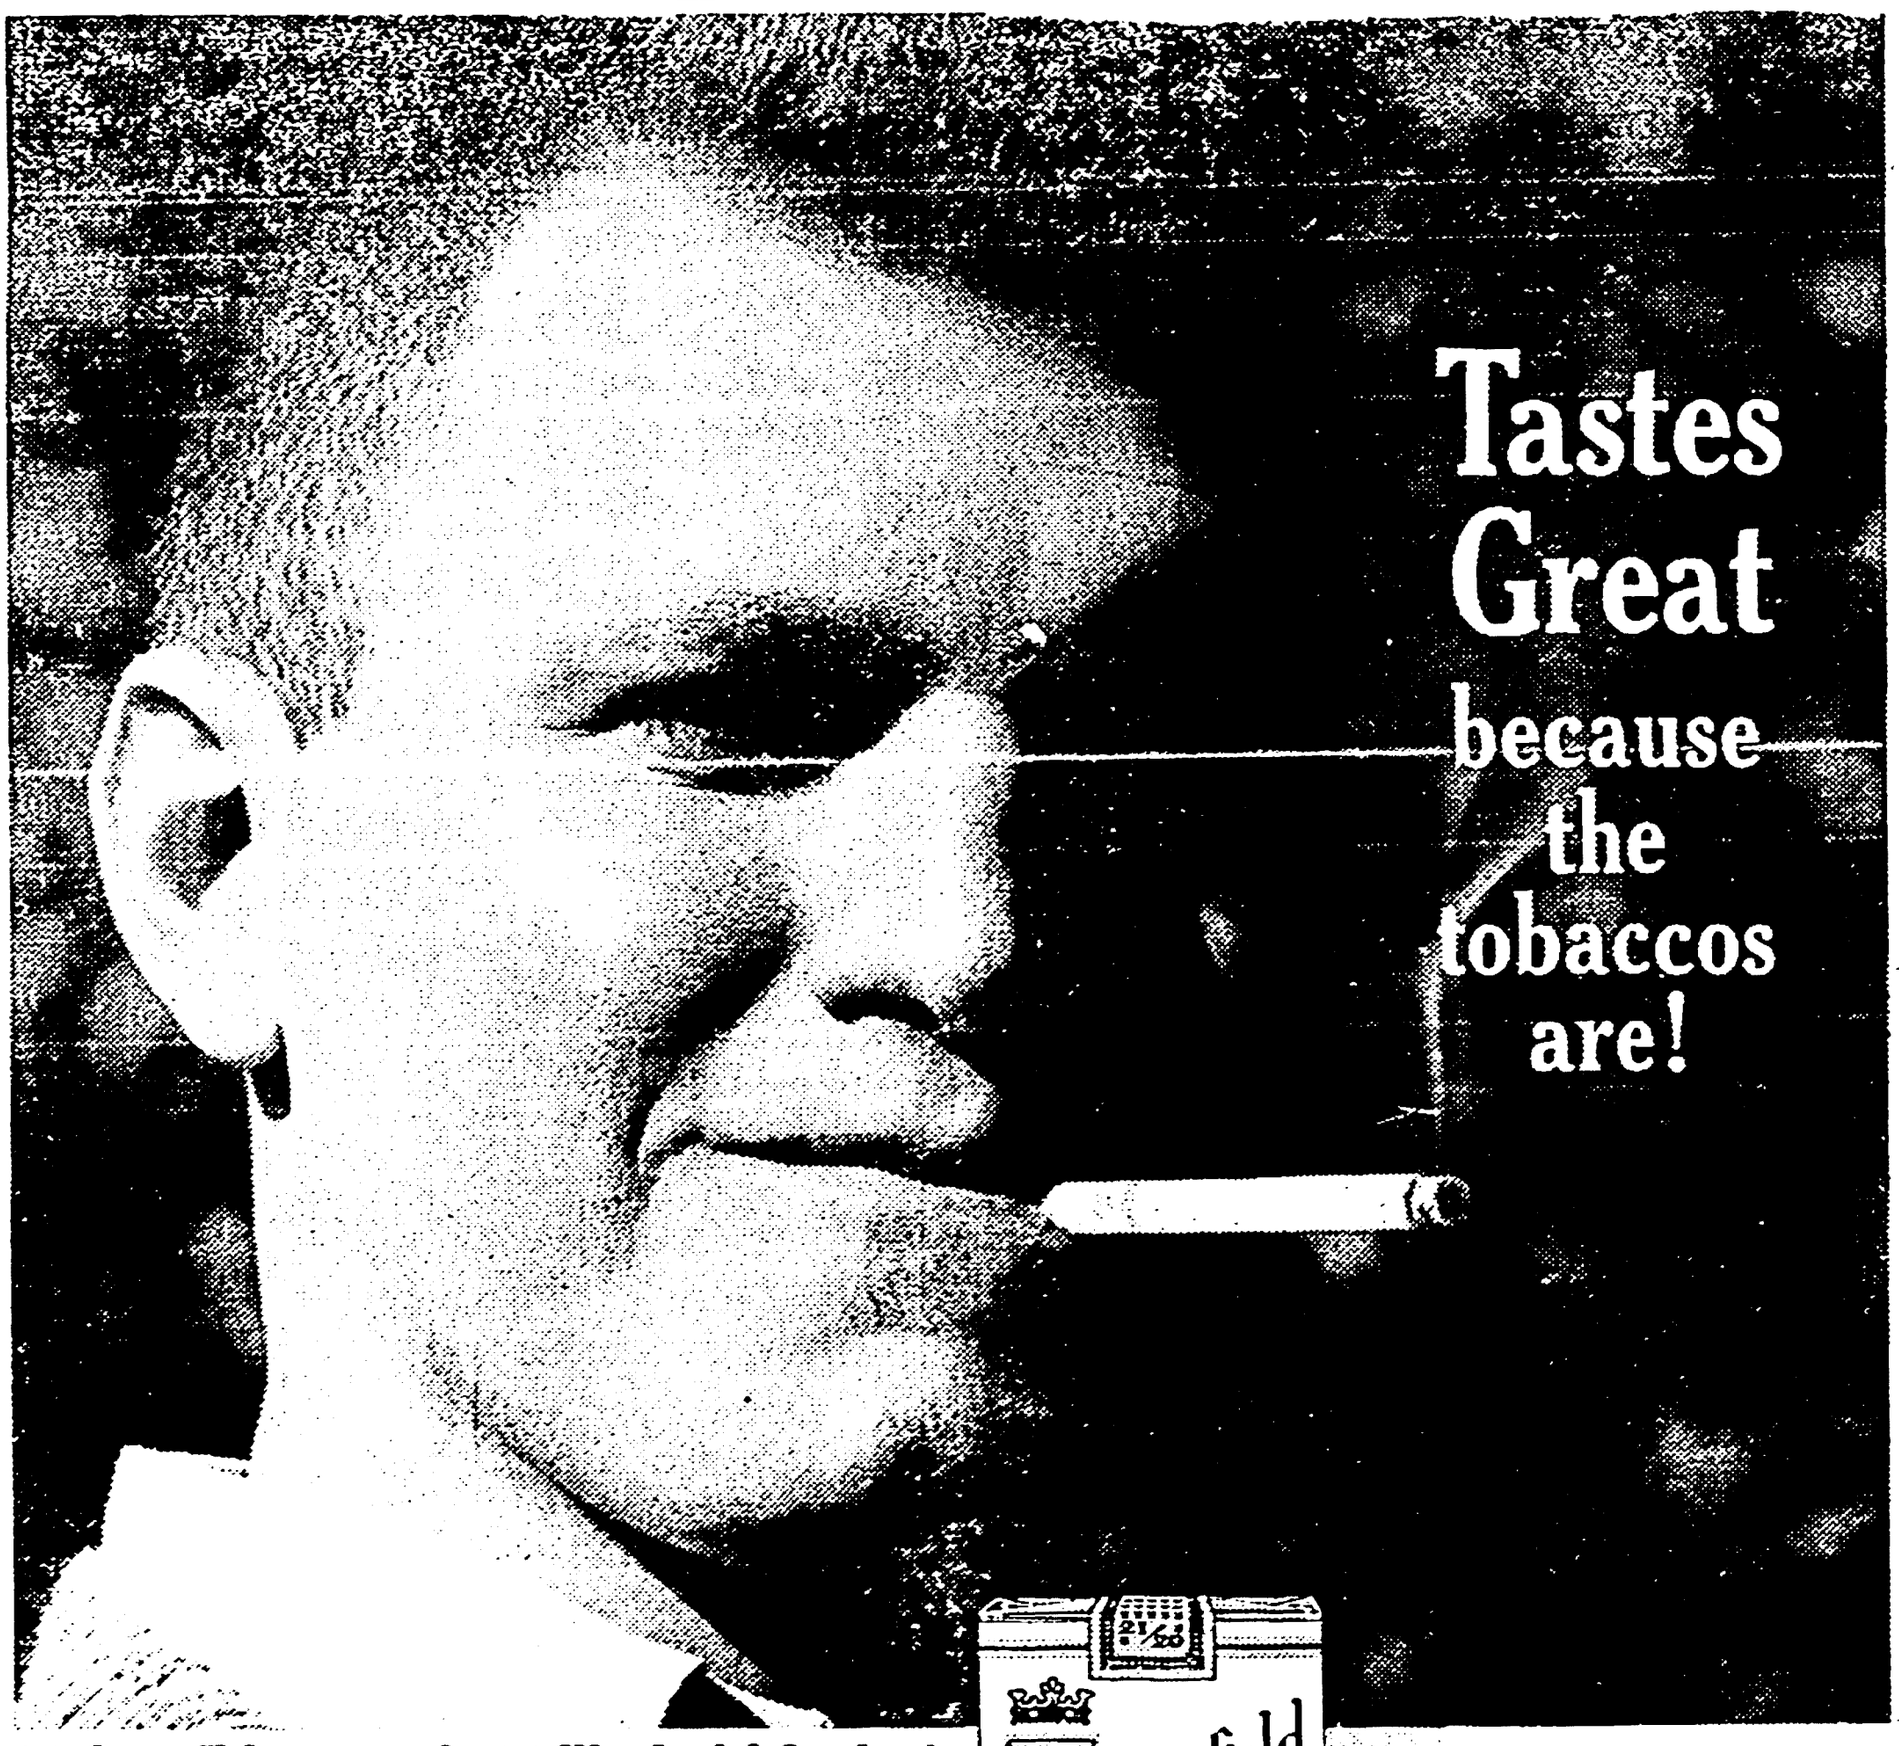
The sabre team consists of lettermen Stu Hollander, Marty Dako, Bob Fornaro, and Dick Dauenhauer.

Fencing epee will be Bill Wandmacher, Duane Harrington, and letterman Marv Stone.

The freshman squad is still engaged in a series of round-robin fence-offs to help select the traveling team.

The fencers are hoping for victory in their first away meet after tossing their traditional orange into the air amidst the rattle and flash of blades.

NDEA Grants Now Available



Three National Defense Education Aid Fellowshops for graduate study in the field of comparative education are available at SU.

The fellowships are open to qualified first - year graduate students planning to become college- level teachers.

The stipend is $2,000 for the first year, $2,200 for the second and $2,400 for the third, plus $400 annually for each dependent of the fellowship holder.

Further information and applications are available from Prof. Donald K. Adams, 411 Sims Hall.

VISIT OUR **New Toddle House**

21 Great Tobaccos make 20 Wonderful Smokes!

CHESTERFIELD KING tastes great, smokes mild. You get 21 vintage tobaccos grown mild, aged mild and blended mild, and made to taste even milder through its longer length.

CHESTERFIELD KING

Tobaccos too mild to filter, pleasure too good to miss!

Longer length means milder taste

The smoke of a Chesterfield King mellows and softens as it flows through longer length... becomes smooth and gentle to your taste.

Orange Observations

By ALLAN KORT

Sports Editor

Now that we've settled back in our easy chair and have forgotten our numerous New Year's resolutions, we'll list a few we're sure must have been made . . . and traditionally forgotten by our athletic family:

LEW ANDREAS, athletic director: The student body deserves the best seating possible and I will give them the best seats available for basketball and football games. As a special I will give each student a free 50-yard line seat to the Notre Dame football game this year at ARCHBOLD STADIUM.

JIM DECKER, assistant athletic director: I resolve not to think of stopping any basketball games this year.

BEN SCHWARTZWALDER, football coach: I promise to be optimistic at the outset of the season. I resolve to buy a glue factory with this year's football receipts.

FRED LEWIS, basketball coach: I resolve not to argue with the referees between "periods."

MORRIS OSBURN, frosh basketball coach: I resolve not to put on a full-court press when we have more than a 40 point lead.

LOREN SCHOEL, crew coach: I resolve not to lower the "crew oar" at registration to less than seven feet.

TED KLEINHANS, baseball coach: I resolve not to lose to Rochester again. I resolve to use my 1/8 of the fieldhouse for full batting practice.

TED WEBSTER, swimming coach: I resolve never to scout freshman swimming classes.

ROY SIMMONS, lacrosse coach: I resolve to speak to 250 professors so I can field a team this year.

JOE SCANDURA, wrestling coach: I resolve not to enroll the entire team in my math course this year.

BOB GRIEVE, track coach: I resolve not to run my milers against Bruce Kidd this year.

PAUL ROMEO, gymnastics coach: I resolve to red-shirt Corky Voas every year.

ALEX DAKO, fencing coach: I resolve to introduce co-ed intercollegiate fencing this year.

VAL PINCHBECK, publicity director: I resolve to let women in the football pressbox this year.

* * *

Everybody has made resolutions for 1963, but what caused these resolutions. Let's take a look at 1962.

In the highlight of the year, George Washington slept here . . . Ernie Davis defeated Miami, 15-14 in SU's first Liberty Bowl championship . . . Marc Guley missed basketball practice as Syracuse embarked on record-breaking season . . . mermen stopped by Gardol (Colgate) after nine wins in a row . . . Notre Dame game moved to New York City to ease heavy home schedule.

Showboat Finley wins twist award in Archbold stadium against Yales . . . Baseball team loses to Rochester???, 5-4 . . . Great crew hopes sail down Seneca River . . . Ben Schwartzwalder predicts loss of eight starters "might" hurt 1962 chances . . . Fred Lewis, hired as basketball coach makes quote of the year, "Wait till next year . . . Syracuse gives away 21 football to needy children—Oklahoma, Army, Pitt, Penn State and West Virginia . . . Ben Schwartzwalder, in September workouts, refuses to accept bowl bid after defeating Manlius . . . Coach Loren Schoel defeats Coach Ted Kleinhans in world championship cribbage match . . . Dave Bing talks to 107 colleges then chooses to come to Syracuse . . . NBC films "highlights" of Navy game . . . In the opening game a record number of 13,367 pairs of binoculars were raised when Judy Delp entered the field . . . Fieldhouse is dedicated as Bruce Kidd wins mile, Syracuse drops baton . . . Syracuse wrestling team begins trek to Eastern Championships with 23-6 win over Lehigh.

May auld acquaintance be forgot . . . and beat Notre Dame.

Gymnasts Seek 3rd Win

Hill Hosts Panthers

By TOM MULLER

Coach Warren Neiger's Pittsburgh gymnasts have drawn a tough assignment for Saturday — the Panthers must forsake the comforts of their home den to meet undefeated Syracuse in Archbold Gymnasium at 7:30 p.m.

It will be the season's debut for Pitt, which spit its 10 meets last year. The Orangemen, coached by Paul Romeo will be trying to win their third meet of the young season.

Last year Pitt bowed to the Orange in a 49-47 squeaker, but just about anything could happen this year. The Panthers will be hoping that their five sophomores can take up the slack caused by the graduation of Ed McConnell, who took two first places and a second in last year's thriller.

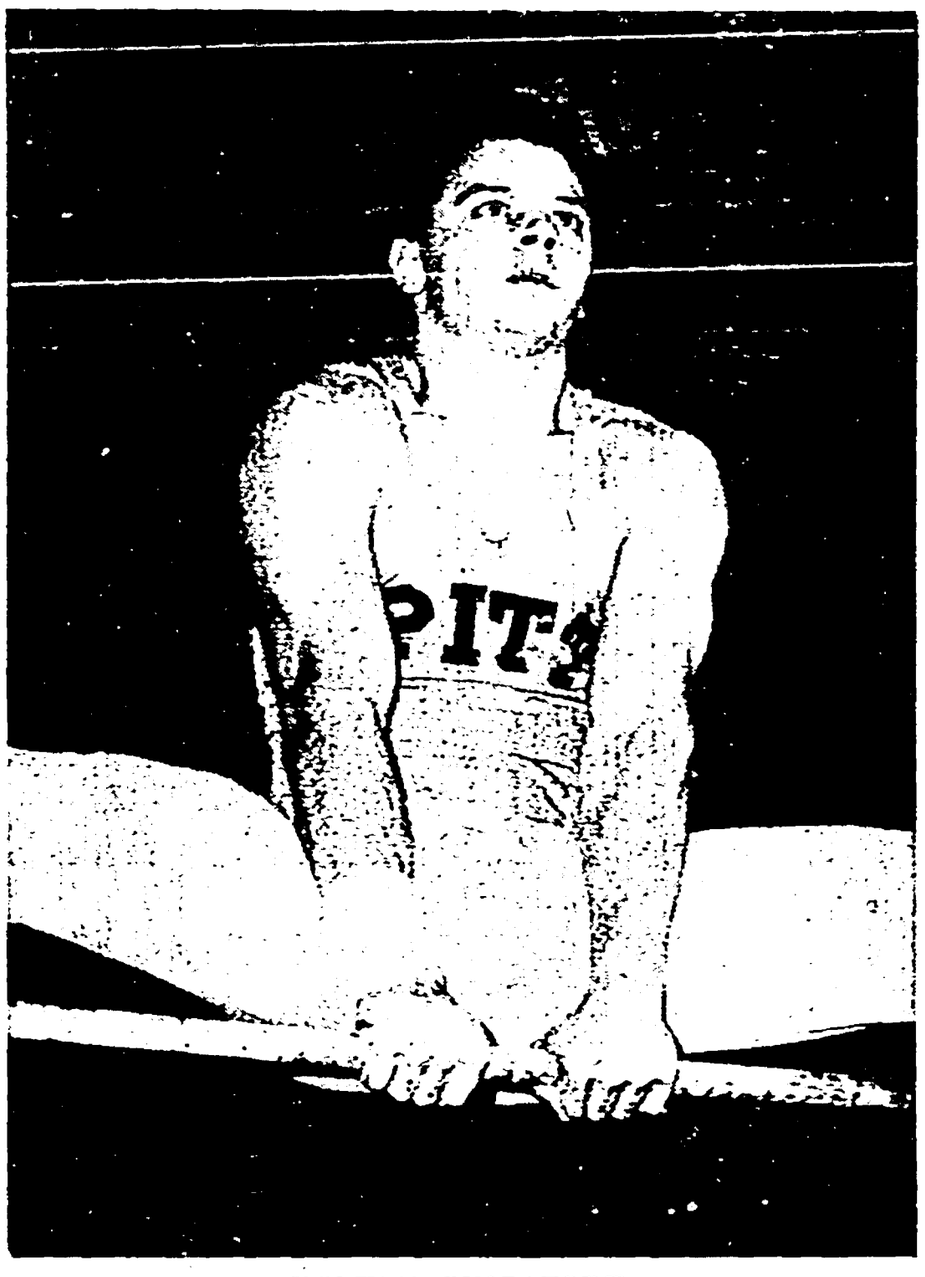
A year ago the Panthers dropped the floor exercise, side horse, long horse, and still rings events, but captured the parallel bars (10-6) and the horizontal bar (12-4).

The senior-laden Pitt squad will be sparked by Captain Ed Zamecnik, who will compete on the still rings, parallel bars, and the horizontal bar, an event which he won last year.

Another senior, Bob Pingatore, is entered in the floor exercise, long horse, and horizontal bar events, while John Franchuk is expected to perform on the parallel bars. Last year John was second on the parallel bars behind the since-departed McConnell.

Still another senior, John Lehner, is expected to be the man to beat on the still rings. He was No. 3 in the East last year on the flying rings.

Unlike Pitt, Coach Romeo's forces show very little variation from last year's line-up. The squad's sole newcomer is sophomore Sid Oglesby, who has amazed even his own coach with two straight victories on the parallel bars. He will also compete on the long horse and horizontal bar.



The Orangemen are led by Phil "Corky" Voas, the little man who casts a big shadow. "Corky is the best all-around man I've had," says Romeo. There is no doubt about it; the Orange standout is incomparable. After two meets, Corky is undefeated in the floor exercise, and horizontal bar events. The EIGL limits a performer to three events, but against Toronto Corky also won the all-around, finished second on the still rings, and was third on the side horse and parallel bars. Then too, he won the still rings against Navy.

Captain Ray Grimaldi will be another man to be reckoned with. In the Navy meet he bagged first place on the side horse and placed second on the still rings. He also competes on the long horse.

Senior Ron Orlick will be representing the Orange in the floor exercise, parallel bars, and long horse events. He was victorious on the long horse against Navy.

Junior Carl Poplar will compete on the still rings, parallel bars, and horizontal bar. In the Navy met, Carl was second on the parallel bars and fifth on the still rings. Junior Tom Steeves will be out to equal or better his fourth and fifth place finishes on the long horse and horizontal bar respectively.

Rookie Jon Meury gave the SU gymnasts a big boost in the Navy meet by taking second place on the side horse. Spike is one of the big prospects for the future.

ROBERT PINGATORE

Coach Romeo is confident that his boys can overcome Pitt once more, but he is still wary of the horizontal bar, which was the Orange weak spot in the first two meets. "I hope we'll win enough points in the first two events to overcome any loss in the other events and give us the victory," said Romeo.

In any case, the Panthers loom as the biggest obstacle confronting the powerful Orangemen in their quest for the EIGL championship. If they manage to vault past Pitt, they should be almost impossible to beat.

Bleum Receives Fellowship To Do Research, Write Book

A Syracuse University assistant professor of radio and television has received a fellowship to study tv documentaries.

Dr. William Bluem, director of tv programming at the SU Radio-Television Center, will take a leave of absence from his teaching to complete a basic reference book on the history and significance of tv documentaries.

The fellowship was awarded by the Kaltenborn Foundation, an organization which promotes broadcast journalism. It is named for the distinguished news commentator H. V. Kaltenborn.

According to Bluem, he will speak with tv network officials responsible or documentaries and acquaint himself with news and public affairs operations. He also expects to trace the history of early newsreels, documentaries ad still-picture journalism.

Bluem will give up teaching during his leave and will relinquish responsibilities as director of television programming. However ,he plans to continue in his post as editor of Television Quarterly

Bluem will return June 1 to full-time status on the Hill.

STUDY ROOMS NOW OPEN

Study room will be open on campus from 8 to 11 p.m. from now until examinations and 8 p.m. to midnight during exam weeks, under student government supervision and in co-operation with the registrar's office.

Open rooms are 110 and 111 Maxwell; 101, 105, 301 and 305 Hall of Languages; and 37 and 38 Smith and 105 Bowne Hall.

Quiet will be enforced, and no smoking, food or beverages will be allowed.

The rooms will be available today and Friday, and Jan. 14-18, 21-26 and 28-30.

Foreign Press Lecture Today

Desmond Stone, formerly assistant editor of the Southland Times in Invercargill, New Zealand, will speak to Dr. Robert Roots foreign press class from 1 to 3 p.m. today in 213 Journalism Center.

His topic will be "Press Trends in Australia and New Zealand."

Stone, an associate Neiman fellowship at Harvard in 1955-56, spent three years on the New Zealand paper. He returned to this country to serve as reporter and editorial writer for the Rochester Times-Union.

Visitors are welcome.

SU Dean Gets Degree in Peru

A Syracuse University official received a unique award from the oldest university in the western hemisphere.

Dr. William H. Cruickshank, dean of summer sessions and director of special education and rehabilitation on the Hill, was granted an honorary doctor of pedagogy and letters from San Marco University in Peru.

It is only the third honorary degree awarded in the institution's history. The school was founded in 1551.

Dr. Cruickshank arrived in Lima last July to begin a six-month stay as a Fulbright scholar.

According to officials at the Peruvian university, the SU dean received the degree "because of his outstanding leadership in the field of special education and rehabilitation and because of Syracuse University's pre-eminent position and program of special education."

While in Peru Dr. Cruickshank has been associate director of a school for mentally retarded children. He also served as consultant to an institution for physically handicapped children and the Peruvian National Center or Rehabilitation.

In addition he lectured at San Marco and advised several hospitals, clinics, schools and universities.

The wife of the Peruvian president recently honored Dr. and Mrs. Cruickshank at a government palace reception. It was the first time a Fulbright scholar received such recognition in Peru.

Dr. Cruickshank returns in February to resume his duties at SU.

Born and educated in the middle west, Prof. Cruickshank joined the Syracuse faculty 16 years ago. He established and directed a program of special education for handicapped persons. Under his guidance the university set up the department of education for exceptional children and the Hearing and Speech Center.

He has been a visiting professor at the University of Arkansas, Northwestern University, Ohio State University and Florida State University.

Dr. Cruickshank is founder and former chairman of the New York State Planning Conference for the Exceptional. He is author of numerous articles for scholarly publications.

SU P-R Man Gets New Post

The university's former manager of community press relations in the Office of Information Service has been appointed executive secretary of the Onondaga County Bar Association.

Glennon A. Brown also a Syracuse alumnus, is the first to hold the newly created office.

The hiring of an executive secretary to coordinate and handle many of the details of public relations and publicity was necessitated because of the increased activities of the organization, according to A. Van W. Hancock, association president.

Formerly Brown was a sports reporter for the Herald-Journal from 1955 to 1956. He graduated from Syracuse in 1958.

Crackdown on Incompletes

College of Liberal Arts officials are reportedly concerned with the mounting number of incomplete grades each semester.

Dean Alfred Cope said a letter has been sent to faculty members asking that all missing work be counted as in F in calculating grades instead of recording an incomplete. The discretion is left to the instructor, Cope said.

Law School Club

An International Law Club has been formed at the SU College of Law under the auspices of the International Legal Studies Program.

The purpose of the organization, according to members, is to investigate developing aspects of both private and public international law.

Officers elected at the organizational meeting Wednesday were Thomas R. Kennedy, president; William J. Florence, vice president; and Lee Clary, secretary-treasurer. The moderator will be Prof. Richard B. Lillich, chairman of the International Legal Studies Program.

Navy Reserve Program Today

There will be a meeting of freshman, sophomore and junior men interested in the Navy's Reserve Officer Candidate (ROC) Program at 3 p.m. today in the Trophy Room of Archbold Gymnasium, the Navy said today.

The ROC program leads to a commission in the U.S. Naval Reserve. Those enrolled in the program attended two eight - week summer courses at Newport, R.I. and drill weekly with a Naval Reserve unit during the school year.

The Navy reported that applications for the program close next month.

Present to talk with interested men at the Thursday meeting will be Cdr John Simeone and Lt. Val Pinchbeck Jr., local Naval Reserve officers.

Physics Lecture

An employee of the General Electric Company will be the speaker at a physics colloquim 4 p.m. today in 106 Steele Hall.

Dr. N. Halonyak will discuss "Coherent Emission from P-N Junctions." A tea at 3:30 p.m. will precede the lecture.

SU Receives NSF Grant

Syracuse University has received a grant of $269,700 from the National Science Foundation for the training of 45 junior high, high school and college teachers in advanced science and mathematics.

Dr. Alfred T. Collette, chairman of the department of science teaching, will direct the Syracuse program.

Courses will include radiation biology, chemistry, mathematics, physics, general science, genetics and biology.

Cornell University was granted $305,900 for the same purpose.

The grants are part of a nationwide program in which $11,550,000 will be spent at 57 colleges and universities. Teachers will also be awarded grants for travel allowances to the school they wish to attend.

Get Lucky
Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:

First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded $25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a $25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to ½), clarity and freshness (up to ½) and appropriateness (up to ½), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

SU P-R Man Gets New Post

The university's former manager of community press relations in the Office of Information Service has been appointed executive secretary of the Onondaga County Bar Association.

Glennon A. Brown also a Syracuse alumnus, is the first to hold the newly created office.

The hiring of an executive secretary to coordinate and handle many of the details of public relations and publicity was necessitated because of the increased activities of the organization, according to A. Van W. Hancock, association president.

Formerly Brown was a sports reporter for the Herald-Journal from 1955 to 1956. He graduated from Syracuse in 1958.

Crackdown on Incompletes

College of Liberal Arts officials are reportedly concerned with the mounting number of incomplete grades each semester.

Dean Alfred Cope said a letter has been sent to faculty members asking that all missing work be counted as in F in calculating grades instead of recording an incomplete. The discretion is left to the instructor, Cope said.

Law School Club

An International Law Club has been formed at the SU College of Law under the auspices of the International Legal Studies Program.

The purpose of the organization, according to members, is to investigate developing aspects of both private and public international law.

Officers elected at the organizational meeting Wednesday were Thomas R. Kennedy, president; William J. Florence, vice president; and Lee Clary, secretary-treasurer. The moderator will be Prof. Richard B. Lillich, chairman of the International Legal Studies Program.

Navy Reserve Program Today

There will be a meeting of freshman, sophomore and junior men interested in the Navy's Reserve Officer Candidate (ROC) Program at 3 p.m. today in the Trophy Room of Archbold Gymnasium, the Navy said today.

The ROC program leads to a commission in the U.S. Naval Reserve. Those enrolled in the program attended two eight - week summer courses at Newport, R.I. and drill weekly with a Naval Reserve unit during the school year.

The Navy reported that applications for the program close next month.

Present to talk with interested men at the Thursday meeting will be Cdr John Simeone and Lt. Val Pinchbeck Jr., local Naval Reserve officers.

Physics Lecture

An employee of the General Electric Company will be the speaker at a physics colloquim 4 p.m. today in 106 Steele Hall.

Dr. N. Halonyak will discuss "Coherent Emission from P-N Junctions." A tea at 3:30 p.m. will precede the lecture.

SU Receives NSF Grant

Syracuse University has received a grant of $269,700 from the National Science Foundation for the training of 45 junior high, high school and college teachers in advanced science and mathematics.

Dr. Alfred T. Collette, chairman of the department of science teaching, will direct the Syracuse program.

Courses will include radiation biology, chemistry, mathematics, physics, general science, genetics and biology.

Cornell University was granted $305,900 for the same purpose.

The grants are part of a nationwide program in which $11,550,000 will be spent at 57 colleges and universities. Teachers will also be awarded grants for travel allowances to the school they wish to attend.

Get Lucky
Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:

First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded $25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a $25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to ⅓), clarity and freshness (up to ⅓) and appropriateness (up to ⅓), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

THE ANSWER: Florida Keys

THE QUESTION: What do you call a baby duck's first feathers?
Gerald R. McCreary, North Texas State U.

THE ANSWER: KNEE SOCKS
THE QUESTION: What do you get when you box with a midget?
Ken L. Sandy, Michigan State U.

THE ANSWER: Stagnation
THE QUESTION: What do you call a country without women?
Jeanette Schemel, Sacramento State College

THE ANSWER: MYTH
THE QUESTION: How do you addreth a thingle girl?
Dana R. Trout, U. of California

THE ANSWER IS:

Get Lucky
the taste to start with...the taste to stay with

THE QUESTION IS: How does one discover fine-tobacco taste in a cigarette? Well, that was easy enough. Luckies are famous for taste. It's the reason why we say: "Lucky smokers stay Lucky smokers." (Why don't you say it a few times?) Find out for yourself why Lucky Strike is the most popular regular-size cigarette among college students. Pick up a pack today!

Product of The American Tobacco Company — "Tobacco is our middle name"

Cross Over the Bridge

RICHARD'S COTTAGE coeds SOULE GREGORY, JOAN THOMPSON and TERRY OKOLOWICH peer down into the ditch that now is part of the landscaping in front of their living center. The excavation is being made for installation of steam pipes for the Newhouse Communications center to be built on the block bound by South Crouse, Waverly, and University avenues and University Place. Richards is at 900 University Ave. Schultze College, just up the block, is using a makeshift bridge.

A Chi Rho Wins Sing

For the third year in a row, Alpha Chi Rho has won the inter-fraternity sing. The choir, under the direction of Robert Fletcher, defeated Tau Kappa Epsilon Wednesday evening at Hendricks Chapel.

Both groups sang the Alma Mater and "Ride the Chariot." The two houses will sing at 8:30 p.m. Sunday at the freshman rushing convocation in Hendricks Chapel.

The Delta Upsilon barber shop quartet, winner of Tuesday evening's barber shop sing, will also sing Sunday.

The judges for the large group sing were Dean of Men Earle W. Clifford, Dr. Arthur Poister of the School of Music, and Aubrey Garlington of the College of Liberal Arts Faculty.

The three straight victories for Alpha Chi Rho entitles them to retire the cup. Tau Theta Upsilon, senior men honorary, sponsored the sing.

Graduation At Fieldhouse?

"Chances are very good" that 1963 commencement will be held in the Manley Fieldhouse rather than in the stadium, according to senior class president Henry Lee.

If plans are approved, there will be unlimited seating. Also, the acoustics are better there, Lee said.

Lee emphasized that no definite plans will be made until the commencement committee begins its meetings in February.

The baccalaureate service, long a commencement tradition, will be cancelled because of poor attendance in the past, Lee said.

Commencement will be June 2, with the senior ball on May 31.

A Sigh for Sims'

SOPHOMORE ROBERT AROVAS leaves Sims dining hall entrance.

Dorm Career Ended

By MARILYN GREENE

Sims Hall's career as a dormitory will soon be over and the building converted to classrooms and offices. Sections four and five have already been transformed, and the other three divisions will be cleared of occupants when the new men's dormitories are complete.

Sims boasts a long history of service to the university as the first men's dormitory on campus. The building was named after Charles N. Sims, SU chancellor from 1882-1893. Construction began in April, 1906, and was finished by commencement that year.

Opened 1907

Men moved into the new dormitory at the beginning of the fall semester in 1907, paying rates of $220 per year to live on the first and third floors, $225 for a room on the second, and $215 for top floor accommodations. Single and double rooms were available and a kitchen and dining hall were in the basement.

The preface to the original floor plans for Sims can nearly describe the building as it is today: "Sims Hall is located on the Campus, and is of Brick and Concrete construction thus making it fire proof. Is heated by steam and lighted by electricity from the power plant of the University. Shower baths on each floor of every section, with hot and cold water."

Air Force

Air Force troops occupied Sims during the World War II years. In 1945 the military moved out and the women moved in, due to the scarcity of males in Syracuse in the postward period. It wasn't until 1956 that men again inhabited the dormitory.

The university grew, and dining facilities were no longer adequate. The coeds in Winchell and Haven Halls were eating on short shifts and in crowded conditions, and the dining hall in Sims was likewise insufficient.

Dining Hall

Therefore, the architects were called again, and plans were started for the first addition to the university following the war — a new dining hall adjacent to Sims Hall. The present structure was completed in February 1948; it complements the architecture of Hendricks Chapel and

(See Sims, Page 8)

Men's Dorms Closing to Fill New Flick Site

Several men's housing units will be closed this semester, Director of Men's Residence Halls Bruce D. DeBruhl has told the Daily Orange.

Men from these residences, transfer students and those requesting the move will be placed in the new Flick site dorm which opens Feb. 2, DeBruhl said.

He explained that the number of residences to be closed is not definite. The Dean of Men's office, DeBruhl said, will close enough living centers to fill the new dorm which holds approximately 300 persons.

Five cottages on the 500 block of Comstock avenue will deiof Comstock avenue will defidences containing about 60 men are 503, 507, 511, 515 Comstock Ave. and Seymour Cottage.

DeBruhl added that Hungerford Cottage at 603 University Ave. and Horace White Cottage at 783 Irving Ave. will probably be vacated.

Two additional men's cottages, he stated, will be used by women next semester. DeBruhl noted that women may also occupy other cottages presently housing men.

He explained this was necessitated by the closing of three women's living centers, Haven Hall and Schultze and Lima Cottages.

Sims Hall will probably be completely or partially vacated next semester, DeBruhl said. He added that if necessary, sections of the dorm might continue to be used.

SU Launches 42 Peace Corpsmen

Forty - two new Peace Corps teachers have completed a rigorous training program at Syracuse University and will leave Saturday to fly half way around the world to their first assignment in Nyasaland, East Africa.

They will have their final get-together tonight at a dinner at Hotel Onondaga. The faculty and staff who assisted in their training will be on hand and Dean Alexander N. Charters of University College will present certificates for satisfactory completion of the course.

Saturday at 4:10 p.m. the men and women, who range in age from early twenties to mid-fifties, will leave Hancock Field by chartered plane for Idlewild where they will board an overseas light to London, England. From there they fly to Africa, arriving in Nyasaland on Tuesday, Jan. 15.

They are the first Peace Corps volunteers to be sent to that country, which is a British protectorate and part of the Federation of Rhodesia and Nyasaland. However, they comprise the second unit of Peace Corps workers to be trained at Syracuse University, which prepared 27 nurses and medical technicians last summer for service in Tanganyika.

Most of the candidates for this Nyasaland I project are liberal arts graduates without previous teaching experience and their ten weeks of intensive training provided nearly 200 hours of education courses and observation assignments in Syracuse schools as well as practice teaching sessions in the Liverpool schools.

They studied ten hours a day, six days a week, learning Nyanja, the native language of the land where they will spend the next two years, and had intensive drilling in American studies and world affairs, area studies, health education and rigorous physical conditioning.

8 Groups Lose JSL Seats; Polls Set Up

Five men's living centers lost their representation in Joint Student Legislature by failing to send delegates to Wednesday's session of the legislature.

They are Alpha Tau Omega, 515 Comstock Ave., Men's Coop II, Corneille and Fenton.

The five living centers will not be able to enter floats in the Spring Weekend parade, sponsored by student government and will not be allowed to participate in any other university activities sponsored by JSG. Nathan said.

•

A straw vote of Joint Student Legislature Wednesday night revealed that senators desire uniform averages for all candidates seeking top offices in student government. Posts affected are those of JSG president and vice president, JSL speaker and Joint Student Court chief justice.

A tally indicated that senators believe averages should be lowered to approximately 1.3. At present, candidates for JSG president and vice president must have a 1.5 average. The JSL speaker must have a 1.0 average. To qualify as a court justice, students must have a 1.6 average, but need not maintain the average after selection as a justice. The chief justice is selected by a vote of the other justices.

IFC Rush Convo Sunday; McMurray to Advise Frosh

James P. McMurray, fraternity administrator, will open the 1963 fraternity rushing season with a speech at the Inter-Fraternity Council rushing convocation at 8:30 p.m. Sunday in Hendricks Chapel.

The tri-level program of the convo is designed to introduce freshmen to fraternities at Syracuse, according to co-rushing chairmen Jon Eberenz (Kappa Sigma) and Michael Steinberg (Sigma Alpha Mu).

IFC President Thomas Rigoli (Phi Delta Theta) will address the freshmen, and rushing procedures will be reviewed.

IFC barbeshop quartet contest finalist Delta Upsilon will entertain.

McMurray noted that the last date for registration for spring rush is noon, Jan. 19. Freshmen who do not register by that time will not be allowed to rush until next year.

DO MEETING

All Daily Orange staff members, including freshmen, must attend a meeting at 4 p.m. today in the Hellbox, Editor Milton Joffe announced Thursday.

Criteria for Mascot: Soft, Furry, Cuddly

By SUSAN WEINBERG

A mascot ought to be soft, furry and cuddly because "everybody on this campus likes things soft, furry and cuddly next to his face."

The mystic mascot of Psi Upsilon fraternity is such a creature. It is a tiger named Peanuts, which the brothers have never seen, although they are sure it exists. Its physical aspects are only part of the reason for their attachment to it.

In addition, Peanuts is known by the whole campus and is identified with Psi U, fraternity spokesmen said. Similarly, most of the fraternities that have mascots like them because the campus tends to identify them with the house and is, therefore, more aware of the individual house.

Mainly Dogs

About half of the 30 Hill fraternities now have mascots. Also, several are now in the process of getting one. While the majority of mascots are dogs, in particular German shepherds and St. Bernards, an iguana, a little boy, a crow, and several cats also serve in this capacity.

Beta Theta Pi and Phi Delta Theta have German shepherds. Tau Delta Phi had a German shepherd, Liebschen (little lover), but had to give it away because it bit people. Phi Kappa Psi has a Belgian shepherd called Gyp (pronounced jeep).

The Betas like their dog Major just as "every boy likes a dog." The Tau Delts also feel "it's very fraternal to have a dog around the house especially because every guy likes to be identified with a dog."

'Andy'

Delta Upsilon just received another St. Bernard to replace "Andy" who died in October. Like "Andy," the new mascot is called Andrew Atticeum of Raiga III. Besides being a tradition, the DU dog is "a conversation piece" both within and without the house.

Zeta Psi also has a tradition of St. Bernards even though they presently are without one. Their mascot last year, Avalanche, was quite popular on campus, spokesmen noted. "He made the house more like home," a brother commented. "The only trouble was he often got caught in dormitories and wouldn't come home. Then we would have to send a search party out after him."

The brothers of Tau Epsilon Phi have a black collie Kim as their mascot. However, "Kim has a problem," one brother observed. "She's afraid of her shadow, but she's a good house dog because she's quiet. We would like to have more Kims, but Kim has been spayed," he added.

Accepting the fact that Kim is retiring by nature, the TEPs have one desire: they would like Kim to get the nerve to walk

(See Mascots, Page 8)

LIBRARY HOURS

The main library will be open until midnight from Monday to Tuesday, Jan. 29.

It will open at 7:50 a.m. Monday-Saturday and at 2 p.m. Sunday. The additional hours are for study purposes in the reading room and periodical room.

Reference and circulation services are available on the regular schedule.

Repent Students! Finals are Coming

The Daily Orange has but one more issue this semester before taking a week off for finals. Because the various editors and staff members have been faced by the sudden realization that the final days which stamp the official "finis" on a semester are around the corner, we thought we should try to scare some of our readers into the same state we are in.

Somehow students always find a way to put things off and ride the crest of the wave for as long as possible before it breaks and sends the rider smashing into the pier. That is the art of being a student for many of us—knowing when to jump off the crest and swim safely to shore on our own strength.

Finals give the student the test and the nerve-wracking experience of seeing the pier looming up ahead.. The only move to make is to jump. In this case, it means concentrated study and stick-to-it-iveness rarely exhibited at any other time but during this critical period.

Somehow there doesn't seem to by much justice in a system that allows some students to coast while others work hard from day to day. We mean, there would be justice if the coasters failed and the workers excelled, but often the coasters make their moves at the right time and manage to memorize just enough of the right things during the late-night cram sessions to pass an objective final with flying colors.

Those who will be spending the next two weeks over cups of coffee and piles of books will probably take the pledge again—the same old pledge—to do their work from day to day and not get caught in the viscious tides of cramming next semester.

But it will be the same heads bent over the books next semester and the same drawn faces being dragged to the final on the same weary legs. People, it seems, don't take to change and so the studiers will keep studying, the coasters will keep coasting and we'll all wish it could be some other way.

Good luck on those finals, fellow coasters.

ALTERNATIVES

The Poverty of Imperialism

By RON CORWIN

"For economic imperialism is in the main the policy of making the 'nigger' work."—William Weyz

* * *

"The rest of the world—ahh that's the rub."
—Franklin Delano Roosevelt

* * *

There is little doubt that the advent of the New Deal brought about real changes in the American scene. Racked by a depression, the United States was ready to try new things. And the biggest new thing came in the personage of Franklin Delano Roosevelt.

A Good Neighbor policy was called for—implicit in this policy was the realization that up to this time we had been other than a "good neighbor." And there is little doubt that on the surface sweeping changes came over our approach in dealing with sovereign nations.

For instance, the Platt Amendment was terminated, Haiti was in a sense set free, the right to intervene in Panamanian affairs was waived. It is certain that United States Marines would not land south of the border for a while at least. But what, if anything, was to take the Marines place?

For one, the Hull Reciprocal Trade Agreements Program. President Taft's earlier proposal of "substituting dollars for bullets" was again wheeled into action. The purpose of this depression legislation as stated in the preamble was that "of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency . . .)." That was 1934. In 1953 President Eisenhower set up a committee to review the program.

In essence, the Hull Agreements institutionalized the most-favored-nation principle. This meant that if one country lowered the tariffs on an import from another country, they would have to lower the tariffs on the same commodity to all countries. So when Brazil negotiated a treaty with England to import textiles and lowered the tariffs on these commodities she had to also lower them for the United States.

It would stand to reason that the nation which could produce the most, the cheapest and the fastest would stand to gain most from this most-favored-nation clause. And the United States was that nation. Further, the countries that could not mass produce on the same plateau as America stood the most to lose. And they did. The Open Door was reasserted.

Peaceful economic competition is one thing. Economic domination and monopoloy is another. It is imperialism. What was the businessman in Nicaragua to do when his rubber factory was competing with B. F. Goodrich? Or the Venezuelan oil producer competing with Rockefellers' Standard Oil Company? Andrew Carnegie's "Overproduction thesis" of outproduce them, undersell them, force them out and then jack up your prices was to be king.

In 1933-4 the Export Import Bank was established to handle the American investments in the newly recognized Soviet Russia. In 1939 it was reorganized and it "collects and allocates tax funds and finances private business in import and export businesses." Aside from the fact that this organization takes individuals' tax dollars and supports the economic elite, it has imperialistic ramifications.

It is government sponsorship of American big busines abroad. Further it guarantees these investments. From the Export Import Bank report of the twelve months ending in June, 1961 comes the following statement "Envisioned is a plan [in which] . . . Eximbank would insure 100 percent of the political risks covered and probably would coinsure a portion of the credit risks." Right now the insurance is 75 percent.

Obviously America has a vested interest in foreign governments remaining stable i.e., not having revolutions, and not going through major political changes. Further the Bank helps to freeze the existing conditions. By providing for loans to American business to build corporations in foreign countries it assures that the profits will be raked off to America. It is sometimes argued that it provides employment for the people of these countries. That it does—at low wages, often under poor conditions, with no job security. Look at the condition the average Cuban was in with American investments on that island. The essential point is simply that the countries can never build a self-sustaining, viable economy under this American system.

Foreign governments and sometimes foreign businesses can borrow from the Exim-in the streets or led off to is to buy American products from American exporters who get the profits from the purchases. As the Eximbank report states, "The real impact of Eximbank project lending is upon the thousands of U.S. manufacturers and suppliers who participate by furnishing equipment and items and services . . . the number of individual orders to the U.S. industry through subcontractors can be frequently counted in the thousands."

Of course, the loan itself must be paid back to the Bank with interest. This has become a vicious cycle where it seems that the United States cannot lose—except by revolution. Attempts to break the cycle have been offered in programs like the Alliance for Progress. Although the success of this approach has been minimal, if we can stop the money from being drained off into a few already full pockets, we might begin to break from the traditional American Empire system. Many, however, argue that foreign investments are the very basis of the American way. Exactly. It is sophisticated and deeply entrenched. But it is imperialistic.

As a case in point—Cuba. The United States began supporting a man named Batista who promised to keep a stable government. And this he did—with the aid of United States guns and bullets and planes. Students were shot bank. But when they do it prisons. The United States supported it by supplying the amunition to Batista. The Cuban peasant who worked the fields was illiterate, sick with disease that we had cured in this country, and hungry all day long. The United States supported it. The Cuban was not free.

But graft and corruption was. The American businesses had to pay taxes on their holdings so they declared the property value and paid the taxes to Batista. When Castro came into power he offered to buy some of the property bubt at the value that had been declared under the last Batista tax collection. The American businessmen balked. They said that he couldn't do that because that was not the real value. "That's your problem not mine," said Castro. If they wouldn't take the money then Castro took the property.

It was about time, Castro felt, that the profits from the Cuban sugar fields, worked by Cuban people was fed back into the Cuban economy instead of being carted off to America. And the people loved him for it. They had suffered long and hard under Batista and his predecessors and under Yankee imperialism and they have suffered somewhat under Castro. But there are schools now in Cuba and as poorly off as the peasant is, he is better off than he ever was. What's more he has the promise and the hope of a better future than he ever dreamed of under Yankee imperialism.

But the United States had not had enough. They armed people who had fled the revolution with American arms and American bullets and let the return to Cuba with American warships as their escort to USE FORCE AND VIOLENCE TO SUBVERT AND OVERTHROW THE EXISTING GOVERNMENT OF CUBA. Another notch in the hatchet of Yankee imperialism. And when the Bay of Pigs invasion failed because the Cuban people did not jump up and strike down Castro and instead they supported him, the United States was shocked. Why? We had taken the myth and assumed it to be the reality.

* * *

My purpose over the last two columns has been to indicate some of the reasons that the label of imperialist has been attached to American actions of this century. The story is far from complete. Space and time limitations dictate it so. Arguments could be made against the points I have brought up and different interpretations of the facts can be offered—lord knows they have been.

My hope has been to show that there is some basis in fact for the allegation of American Imperialism. We are not the only country to have been charged with this stigma. Britain, Germany, Japan, Spain, France, Portugal

all have had their days. Today is the day of American Empire and Soviet Empire. The Soviets are only less guilty because of their adventure into the world scene as Soviets has been recent. Russia's imperialism, however, is not an excuse for ours.

As James Baldwin, an American author, points out, even if Communism did not hold up the promise of a better world for mankind, the Soviets could point to the moral position of the West in the last half century and receive tremendous support.

If the United States is imperialistic and if we want to make strides in the struggle for friends throughout the world then we will have to change our policies. And it cannot be simply as a reaction to Communist challenges. It must be of our own initiative. The programs must be positive and not directed solely at securing an American system throughout the world.

For the peoples of the world experiencing a social revolution are not stupid. They know what they are talking about when they assert that our aid and Soviet aid would be appreciated but that they do not want Standard Oil Company, "The Wall Street Python" too. And if we find ourselves unable to meet these demands then the other great power in the world will go it alone.

If the United States as an imperialistic nation is a myth then we must work diligently, day in and day out, with programs like the Peace Corp, to show the myth to be false and to banish the image. For the image of America is the image not only of freedom but of tyranny. While we have given some people in this country a large amount of freedom we have supported nightmares all over the world in the personages of Batista, Trujillo, Chiang Kai-Shek, Salazaar, Franco, ad nauseum.

For if there is a victory to be had in the world in the Twentieth Century it must be a victory over the common enemies of all men.

No more can there be victory for America alone. America has had her victory and a Pyrrhic victory it may have been. There can only be a triumph for mankind now and that can only come if we make an honest and earnest attempt at rectifying our earlier mistakes and thereby changing the image of America. To date attempts have been negligible.

"There are a group of individuals in the Western world who fancy themselves as Liberals, but in reality they are nothing of the sort. They feel that their society would not and should not change, that Communism is the enemy absolute and that the only roles open to men of good will is to fight the Cold War with one hand and perform minor benevolent tasks with the other. It is a tenable position, but it is one of men who have given up the intellectual struggle."

Repent Students! Finals are Coming

The Daily Orange has but one more issue this semester before taking a week off for finals. Because the various editors and staff members have been faced by the sudden realization that the final days which stamp the official "finis" on a semester are around the corner, we thought we should try to scare some of our readers into the same state we are in.

Somehow students always find a way to put things off and ride the crest of the wave for as long as possible before it breaks and sends the rider smashing into the pier. That is the art of being a student for many of us—knowing when to jump off the crest and swim safely to shore on our own strength.

Finals give the student the test and the nerve-wracking experience of seeing the pier looming up ahead.. The only move to make is to jump. In this case, it means concentrated study and stick-to-it-iveness rarely exhibited at any other time but during this critical period.

Somehow there doesn't seem to by much justice in a system that allows some students to coast while others work hard from day to day. We mean, there would be justice if the coasters failed and the workers excelled, bu' often the coasters make their moves at the right time and manage to memorize just enough of the right things during the late-night cram sessions to pass an objective final with flying colors.

Those who will be spending the next two weeks over cups of coffee and piles of books will probably take the pledge again—the same old pledge—to do their work from day to day and not get caught in the viscious tides of cramming next semester.

But it will be the same heads bent over the books next semester and the same drawn faces being dragged to the final on the same weary legs. People, it seems, don't take to change and so the studiers will keep studying, the coasters will keep coasting and we'll all wish it could be some other way.

Good luck on those finals, fellow coasters.

The Poverty of Imperialism

By RON CORWIN

"For economic imperialism is in the main the policy of making the 'nigger' work."—William Weyz

* * *

"The rest of the world—ahh that's the rub."
—Franklin Delano Roosevelt

* * *

There is little doubt that the advent of the New Deal brought about real changes in the American scene. Racked by a depression, the United States was ready to try new things. And the biggest new thing came in the personage of Franklin Delano Roosevelt.

A Good Neighbor policy was called for—implicit in this policy was the realization that up to this time we had been other than a "good neighbor." And there is little doubt that on the surface sweeping changes came over our approach in dealing with sovereign nations.

For instance, the Platt Amendment was terminated, Haiti was in a sense set free, the right to intervene in Panamanian affairs was waived. It is certain that United States Marines would not land south of the border for a while at least. But what, if anything, was to take the Marines place?

For one, the Hull Reciprocal Trade Agreements Program. President Taft's earlier proposal of "substituting dollars for bullets" was again wheeled into action. The purpose of this depression legislation as stated in the preamble was that "of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency . . .)." That was 1931. In 1953 President Eisenhower set up a committee to review the program.

In essence, the Hull Agreements institutionalized the most-favored-nation principle. This meant that if one country lowered the tariffs on an import from another country, they would have to lower the tariffs on the same commodity to all countries. So when Brazil negotiated a treaty with England to import textiles and lowered the tariffs on these commodities she had to also lower them for the United States.

It would stand to reason that the nation which could produce the most, the cheapest and the fastest would stand to gain most from this most-favored-nation clause. And the United States was that nation. Further, the countries that could not mass produce on the same plateau as America stood the most to lose. And they did. The Open Door was reasserted.

Peaceful economic competition is one thing. Economic domination and monopoloy is another. It is imperialism. What was the businessman in Nicaragua to do when his rubber factory was competing with B. F. Goodrich? Or the Venezuelan oil producer competing with Rockefellers' Standard Oil Company? Andrew Carnegie's "Overproduction thesis" of outproduce them, undersell them, force them out and then jack up your prices was to be king.

In 1933-4 the Export Import Bank was established to handle the American investments in the newly recognized Soviet Russia. In 1939 it was reorganized and it "collects and allocates tax funds and finances private business in import and export businesses." Aside from the fact that this organization takes individuals' tax dollars and supports the economic elite, it has imperialistic ramifications.

It is government sponsorship of American big busines abroad. Further it guarantees these investments. From the Export Import Bank report of the twelve months ending in June, 1961 comes the following statement "Envisioned is a plan [in which] . . . Eximbank would insure 100 percent of the political risks covered and probably would coinsure a portion of the credit risks." Right now the insurance is 75 percent.

Obviously America has a vested interest in foreign governments remaining stable i.e., not having revolutions, and not going through major political changes. Further the Bank helps to freeze the existing conditions. By providing for loans to American business to build corporations in foreign countries it assures that the profits will be raked off to America. It is sometimes argued that it provides employment for the people of these countries. That it does—at low wages, often under poor conditions, with no job security. Look at the condition the average Cuban was in with American investments on that island. The essential point is simply that the countries can never build a self-sustaining, viable economy under this American system.

Foreign governments and sometimes foreign businesses can borrow from the Exim- in the streets or led off to is to buy American products from American exporters who get the profits from the purchases. As the Eximbank report states, "The real impact of Eximbank project lending is upon the thousands of U.S. manufacturers and suppliers who participate by furnishing equipment and items and services . . . the number of individual orders to the U.S. industry through subcontractors can be frequently counted in the thousands."

Of course, the loan itself must be paid back to the Bank with interest. This has become a vicious cycle where it seems that the United States cannot lose—except by revolution. Attempts to break the cycle have been offered in programs like the Alliance for Progress. Although the success of this approach has been minimal, if we can stop the money from being drained off into a few already full pockets, we might begin to break from the traditional American Empire system. Many, however, argue that foreign investments are the very basis of the American way. Exactly. It is sophisticated and deeply entrenched. But it is imperialistic.

As a case in point—Cuba. The United States began supporting a man named Batista who promised to keep a stable government. And this he did—with the aid of United States guns and bullets and planes. Students were shot bank. But when they do it prisons. The United States supported it by supplying the amunition to Batista. The Cuban peasant who worked the fields was illiterate, sick with disease that we had cured in this country, and hungry all day long. The United States supported it. The Cuban was not free.

But graft and corruption was. The American businesses had to pay taxes on their holdings so they declared the property value and paid the taxes to Batista. When Castro came into power he offered to buy some of the property bubt at the value that had been declared under the last Batista tax collection. The American businessmen balked. They said that he couldn't do that because that was not the real value. "That's your problem not mine," said Castro. If they wouldn't take the money then Castro took the property.

It was about time, Castro felt, that the profits from the Cuban sugar fields, worked by Cuban people was fed back into the Cuban economy instead of being carted off to America. And the people loved him for it. They had suffered long and hard under Batista and his predecessors and under Yankee imperialism and they have suffered somewhat under Castro. But there are schools now in Cuba and as poorly off as the peasant is, he is better off than he ever was. What's more he has the promise and the hope of a better future than he ever dreamed of under Yankee imperialism.

But the United States had not had enough. They armed people who had fled the revolution with American arms and American bullets and let the return to Cuba with American warships as their escort to USE FORCE AND VIOLENCE TO SUBVERT AND OVERTHROW THE EXISTING GOVERNMENT OF CUBA. Another notch in the hatchet of Yankee imperialism. And when the Bay of Pigs invasion failed because the Cuban people did not jump up and strike down Castro and instead they supported him, the United States was shocked. Why? We had taken the myth and assumed it to be the reality.

* * *

My purpose over the last two columns has been to indicate some of the reasons that the label of imperialist has been attached to American actions of this century. The story is far from complete. Space and time limitations dictate it so. Arguments could be made against the points I have brought up and different interpretations of the facts can be offered—lord knows they have been.

My hope has been to show that there is some basis in fact for the allegation of American Imperialism. We are not the only country to have been charged with this stigma. Britain, Germany, Japan, Spain, France, Portugal

'CUSE JUICE

By RON ROBERTS

After the holidays everything goes on sale. But the toy and hobby shops seem to offer the best buys.

This year, according to the proprietors, the big seller was the character doll based on famous people. But the ones based on sports personalities didn't seem to go over too well, and if you hurry, some real bargains await you.

For pro football fans there is a wide selection. Try the Sam Huff doll. You wind it up, blow a whistle, and a full second later it jumps on you.

Or there's the Paul Brown doll. Wind it up and it runs the same way for 17 years. It would run longer, but the Art Modell doll runs out of patience quicker. The manufacturers may stock a Weeb Ewbank or Lou Groza doll in its place.

For Dallas Texans fans there is a special set. It's an Abner Haynes doll and a coach Hank Stram doll. You crank up the Haynes doll and it says "We'll kick with the wind."

Then you wind up the Stram doll and it kicks Abner with the wind.

Then there's the life-size Roger Brown, Rosey Grier and Big Daddy Lipscomb dolls. You wind them all up at once and destroy the city of Green Bay.

They also have a George Halas doll. When working properly, it hollers "Scandal!" then pulls money out of its own pocket, since it owns the NFL Chicago Bears.

They were having a little trouble with the prize-fighting dolls (something about contracts), but now they all run. The Cassius Clay doll runs off at the mouth, the Sonny Liston doll runs over anything and the Floyd Paterson doll runs away from Liston. The Archie Moore doll just keeps running and running and running.

And baseball enthusiasts weren't forgotten. There is a Maury Wills doll that you wind up and it picks your pocket. The Stan Musial doll signs contracts.

You wind up the New York Mets doll and it walks into your cellar.

The Bo Belinsky doll makes the six ball in the corner pocket. It is a friendly doll, and likes to play around with bigger dolls.

There's a Mickey Mantle doll that does everything and a Willie Mays doll that does everything a little better. And there's a Jim Piersall doll that you don't need to wind up, just stand back if it starts to slump.

Other sports are represented too. There is an Arnold Palmer doll that follows you around for three full days, then rushes by you on the fourth.

There is a full set of dolls called the Boston Bruins. You wind them all up but none of them work.

The worst seller is the Red Auerbach doll. You wind it up and then wish you hadn't.

It is rumored that the S.U. Bookstore may stock some special Syracuse dolls of this type. They might consider a Ben Schwartzwalder doll. You wind it up, holler "Fumble!" and assume a defensive stance.

Jim Nance doll, when wound up, would pin the first three wrestlers, football players or Montana grizzly bears that came along.

If any of the Bookstore inventory men go to the swim meet tomorrow in Orange Pool, they might model a Tom Gustafson doll after the NYU diver of the same name. It would be sheer grace off a high board.

Some S.U. dolls are already on the drawing boards, but are still in the experimental stage. They have some flaws to iron out.

The Corky Voas doll was the best acrobatic invention ever seen. But even at life-size, it wasn't as big as the scale model dolls.

The Athletic Administrator doll might come out as a coin-operated model.

Finally, (and with a sigh of relief) there is the S.U. Basketball team in miniature. It works fine until you try to take it out of its Field House-shaped container.

Wrestlers Oppose Pittsburgh; Scandura Seeks Third Victory

Coach Joe Scandura's varsity wrestling squad will be out to teach the fundamentals of the sport to the Pitt Panthers tomorrow afternoon at the Manley Field House. The Panthers are expected to give the all-winning Orangemen a real battle.

The large student turnout at the recent Lehigh contest has caused the change of sites; the meet was originally scheduled for Archbold Gym. The first bout will begin at 2:30.

With two dual victories and the Coast Guard Tourney under their belts, the S.U. grapplers appear to be ready for anybody. After the Coast Guard Tourney the Orange added sophomore football players Jim Nance, Lew Roberts and Gerry Everling. They wrestle in the unlimited, 177, and 191 divisions respectively. Nance and Everling have been outstanding to date, and Roberts has shown plenty of promise after a loss to Lehigh.

The other Orangemen are: Dick Slutzky, 157; Terry Haise, 130; Bob Murray, 123; and Sonny Greenhalgh, 137.

The Panthers appear to represent the Orange's stiffest competition so far. Pitt is expected to be best in the 137, 191, and heavyweight classes. Coach Scandura has conceded that Pitt is "tougher than Lehigh."

Cagers Host State In Sat. Night Clash

By BILL CRONAUER

The Syracuse University cagers will attempt to avenge an early season loss tomorrow night when they tangle with Penn State's Nittany Lions at the Manley Fieldhouse.

Varsity action is scheduled for 8:30 p.m. The Hill frosh oppose Broome Tech at 6:30 p.m.

Syracuse dropped a 67-54 decision to the Lions last December in University Park. The Orangemen stand 3-5 on the season, while Penn State is 7-2.

Good Club

Piety Coach Fred Lewis feels that the present Lion squad is "the best team they've had in recent years. Penn State is a real good shooting club and they're big besides. We'll have our hands full."

Lewis will go with his regular starting lineup in Saturday's contest.

Opening at center is 6-5 junior Manny Klutschkowski. The top Orange rebounder picked up his scoring pace in the Manhattan and Pitsburgh games and is now averaging an even six points per outing.

Captain Herb Foster will start at one forward with high-scoring sophomore Phil Schoff at the other front court spot.

Schoff Top Scorer

Foster, a 6-4 senior, has scored at a 7.8 point clip this season. Schoff (6-3) leads the Hill marksmen with a 12.6 average.

The first string guards are 6-0 junior Carl Vernick and 6-0 senior Dick Finley. Vernick hit for 16 points against Manhattan to raise his eight-game average to 10-5.

Finley, the Syracuse playmaker and ballhawk, has netted 5.3 tallies a contest.

Soph Squad

The Nitany Lions of John Engli, riddled by injuries and ineligibilities, will field a sophomore-dominated squad.

Co-captain John Mitchell is out of the lineup with a knee injury. Three tall front line reserves, 6-8 Bob Hutchinson, 6-7 Ulo Kart and 6-5 Charlie Marin, have been ruled scholastically ineligible for the remainder of the year.

Engli plans to use three sophomores and a pair of upperclassmen in his starting five.

Leading scorer for the Lions is 6-5 senior Earl Hoffman. Co-captain Hoffman scored 34 points against Bucknell earlier this week, bringing his average to 21.6.

Joining Hoffman in the forecourt are 6-5 soph Ron Avillon and either of two 6-6 newcomers, Tom Malinchak or Terry Hoover.

The rear guard consists of 5-11 junior Bobby Donato and 6-3 sophomore Bob Weiss. Both are scoring in double digits for the Nittany Lions.

Univ. Hockey Club Opens Sat.

The largest crowd in two years is expected at the State Fair Coliseum Saturday night for the Syracuse Stars — U.S. Olympic team hockey clash. The university hockey club will host Brockport State in their first league encounter. The college game is at 6:30 p.m. with the Stars face off at 8:30 p.m.

The Stars, one of the top amature teams in the nation, have not lost in their last 47 outings.

Four of the Stars have been on Canadian world championship teams in the past.

Mermen Open Season; To Battle With N. Y. U.

By HOWIE SCHNEIDER

Swimming Coach Ted Webster opens his 33rd season as a Hill mentor with mixed emotions tomorrow, when the Orangemen meet N.Y.U. at Archbold.

This year's squad is inexperienced, but Webster is optimistic that his rebuilding program will produce results. "There is no question that we were hurt by graduation, but we have a fine looking sophomore group," said Webster.

Won Last Year

Last year the team trounced N.Y.U., 67-27. "We had Jim Tuck, Greg Pond, and Jeremy Rosenthal then, and we caught the Violets just right," remarked the coach.

N.Y.U. was badly beaten by Princeton early in the season, but according to Webster, "they are vastly improved now." Actually they were a better team a year ago then the score of our meet would indicate," he added.

Last year's squad compiled an excellent 9 win, 1 loss record. Colgate, with a victory in the last meet of the year, prevented the Pietry from going undefeated. Missing from the 1961-1962 team are stalwarts Tuck, Pond, and Rosenthal.

Sophs

To replace last season's "big three" Coach Webster has come up with seven promising sophomores to bolster the nine returning veterans. Newcomers are Jim Marshal, Roger Ellenberger, Jeff Nelson, Carl Nichols, Hugh Dunseath, Robert DeWolfe, and Channing Rudd.

Nelson broke the freshman record in the 20-yard backstroke, and finished well in the 20-yard individual medley. Ellenberger and Marshall are top sprinting prospects, in the 50-yard free style and 200-yard butterfly, respectively. Dunseath and Nichols performed well on the relay teams.

Seniors Joe Morrison, Bob Ohman, and Tom Watts are expected to provide a strong scoring nucleus. Morrison broke the university and pool record last season in the 160-yard individual medley, with a clocking of 1:43.4. He also set a new mark in the 440-yard free style event in 1961 against St. Bonaventure.

Ohman is the most versatile man on the squad, competing in breaststroke, backstroke, and free style events. Watts is perhaps the key man in the Orange hopes of duplicating, or bettering, last year's record.

He anchors the 440-yard relay team and set the 100-yard free-style record (52.4 seconds) in the New York State Individual Swimming Championship. Watts will receive a good deal of help from juniors Bob Duthie and Dwayne Lehigh.

Coach's Record

An unusual sidelight in the meet is the chance that Webster will have his own 500-yard free style university record shattered. Webster expects it, and for this reason has been putting off tomorrow for 36 years, ever since he set the mark against Buffalo in 1926.

Frosh Host Broome Tech (10-1); Seek Fourth Win Saturday

Syracuse University's offense-minded freshman basketball team will face one of its stiffest tests on Saturday when the Orange face Broome Tech at 6:30 p.m. in the new Manley Field House.

The Little Orange have been moving along with an 88.5 points per game average while winning three out of four contests. In their most recent win, over Rochester, the red hot frosh hoopsters hit the nets for a new all-time scoring record of 111 points.

The team leader so far has been 6-3 Dave Bing from Washington, D.C. Dave has been averaging 27 points while leading the team in assists, a remarkable feat. Despite his great scoring efforts, Dave has still been able to sweep many a rebound from the boards.

Dave's running mate is backcourt ace Sam Penceal from New York City. Sam's deft touch on passes has provided the frosh agregate with many tallies.

Rounding out the first team are Norm Goldsmith, Frank Nicoletti, and Rex Trowbridge. Trowbridge is a towering 6-7 center and Nicoletti and Goldsmith are stationed in the forward slots.

The powerful Teachers of Dick Baldwin have won ten of eleven games with their only loss being a one-point setback at the hands of Cornell. They play a more defense - minded game than the Orange, but they have shown the ability to score at various times.

John "Moose" Remza is averaging more than 13 points per game and teammates Jim O'Donovan and Charlie Georgia both have 12 point averages.

New Zealander Discusses Press

By STEVEN MONBLATT

The rugged pastoral quality of New Zealand has been reflected in the development of its newspapers, according to Desmond Stone, a New Zealand journalist currently working as an editorial writer for the Rochester Times-Union.

Stone spoke before a group of graduate journalism students in the Journalism Center Thursday afternoon.

He characterized the New Zealand press as "fairly vigorous, but restrained and a little dull at times."

Because the population is mainly rural, newspapers are less centralized than in America. As a result, virtually every community has two independently-owned newspapers, Stone said. This is in contrast to many American communities where the papers are owned by one corporation, he continued.

As evidence of the high standards of readership, Stone cited the fact that New Zealand, with a population of two and a half million, has 42 daily newspapers. In comparison, New York City with a population of seven and a half million, has nine.

Because New Zealanders value their privacy to a greater extent than Americans, there is much less "personal journalism" in New Zealand; "The result, is quite often a less colorful story," he said.

Stone criticized the lack of variety of opinion in New Zealand as compared with America.

"In New Zealand, it is difficult to find much opinion to the left of center," Stone said. "There is less variety of for and against opinion on the same page side by side."

String Quartet Today

An associate professor of chemistry and an associate professor of physics at SU will make up half of the Hill String Quartet which performs 8:30 p.m. today in Gifford Auditorium, H. B. Crouse Hall.

Erwin Fishman, the chemistry professor, and Harvey Kaplan, the physics professor, will be aided in their performances of Haydn's Quartet in C Major, Opus 74, No. 1, Beethoven's Quartet in B Flat, Opus 130 and Ravel's Quartet in F by Lois Fishman, violin, and Joan Emtage, cello.

Mrs. Fishman teaches violin in the West Genesee Central School System. Mrs. Emtage is on leave from her teaching position at Utica College of SU where she lectures in biology and chemistry.

Mr. Fishman plays the viola, Kaplan the violin.

Gundy Receives Committee Post

Dr. Howard B. Gundy, director of the School of Social Work at Syracuse, has been appointed by Gov. Nelson A: Rockefeller to the Governor's Committee on Children and Youth.

Comprised of lay, professional and young personnel, the committee will work with the recommendations of the 1960 White House Conference on Children and Youth.

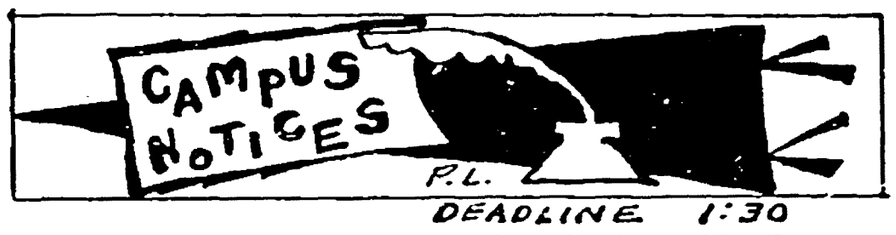
Gundy, a graduate of Syracuse, took his masters at the University of Buffalo. He is the director of the Syracuse Mayor's Commission for Youth and is a member of the Council on Social Work Education which is the accrediting body for schools of social work throughout the country.

Yoga Meeting Set Today

Yoga postures and a movie will be featured at a public meeting of the Yoga Society of Syracuse 8 p.m. today at the Everson Museum.

The group's teacher, Dr. Rammurti S. Mishra, will also lecture at 8 p.m. Jan. 18 in the museum. Both meetings are open to the public.

Dr. Mishra, a physician and surgeon from Bombay, India, is engaged in psychiatric research at New York University.



Chapel Roundup

"Chance, Fate or Providence?" will be the sermon topic at Sunday services at 10:55 a.m. in Hendricks Chapel. Dr. Herbert Gezork, of Andover Newton Theological School, will speak.

Inter-varsity Christian Fellowship will not hold its weekly Friday night Bible discussions until the new semester.

Worship and a "Where are We Headed?" program will follow the Methodist Student Fellowship supper. The supper will begin at 5:30 p.m. in the Chapel basement.

MSF Communion will be held at 7 a.m. Tuesday, with breakfast following in the Chapel. The "Dialogue" luncheon will be at 12:20 p.m. Tuesday in Chapel House.

WEEKEND

FIRST RUN THEATERS

RIVIERA-CINEMA—In "Phaedra" Melina Mercouri has the poor taste to fall in love with Tony Perkins. Jules Dassin has even poorer taste to film the affair. "Peeping Tom is better than the title suggests. "Phoodra" at 6:30 and 10 a.m. "Voyeur" at 8:25 p.m.

LOEW'S—Three stories of sex . . . "Boccaccio '70" and what more can we say but . . . Sophia Loren, Anita Ekberg and Romy Schneider. English sound dubbed in. "The Tons of Fun" at 6:55 and 9:30 p.m.

SHOPPINGTOWN — See the way Hollywood puts one over on you as they pass Natalie Wood off as Gypsy Rose Lee. The songs are the same but little else resembles the Broadway hit. "Instant Gypsy" at 7:00 and 9:30 p.m.

PARAMOUNT — That great comedy-adventure team of Jules Verne and Walt Disney get together for another gem of a technicolor money-maker, "In Search of the Castaways." Unfortunately, Verne is dead and Walt rakes in the greens. "Dizzyland" at 7:50 and 9:50 p.m.

ECKEL — "Barabbas" is here and listen to what they say about it: "Breathtaking, gigantic, popular prices." Students $1 at all times. "Blood Comes Cheap" at 6:47 and 9:15 p.m.

ALSO PLAYING

FRANKLIN—Listen to this sex fans, "Chapman Report" and "Cat on a Hot Tin Roof." See Liz Taylor find a man that resists her. See Paul Newman resist her. Aren't you glad you're not Paul Newman. Paul Newman is married to Joanne Woodward. Don't you wish you were Paul Newman. What ever happened to Eddie Fisher? Times: "Cat" 7 p.m., "Chapman" 9 p.m.

MIDTOWN — Gounod's "Faust" and Pagliacci," starring Gino Lollobridgida, opera fans. "Faust" at 6:30 and 9:02 p.m. and "Pagliacci" at 8 p.m. Special Sat. show beginning at 2:15 p.m.

DEWITT DRIVE-IN — "If a Man Answers" and "No Man is an Island." No times available.

ON STAGE

LIVELY ARTS—Ionesco's "The Leader" and "A Maid to Marry." 8:30 p.m. Friday.

STRING QUARTET concert 8:30 p.m. Friday, Gifford Auditorium.

CROUSE CONCERT — Woodwind Quintet 4 p.m. Sunday, Crouse College Auditorium.

CROUSE RECITAL—Graduate Organ recital 8:30 p.m. Friday, Crouse College Auditorium.

'Boys' Flick Plays Tonight

The movie "Where the Boys Are" will be featured at student union night in the Women's Building at 6:30 and 9:30 p.m. today.

Volleyball will be held from 8-11 p.m. in Gym A and B. The game room will also open at 8 p.m. for cards, chess, checkers and studying.

Mascots...

(Continued from Page 1)

over to the quad and play with the other neighborhood dogs.

Phi Sig Problem

Phi Sigma Delta brothers have a different problem with their mascot Pi, who is a mongrel. Purchased from the dog pound this year for $5, Pi is very intelligent, brothers said. Also, he is something we can bestow our affections on."

The problem with Pi is that he has been slow in becoming house broken. "One of the brothers acted as dog trainer and we gave him one week to train Pi," a brother explained. "The trainer was unable to convince Pi that it would be to his advantage to conform." Christmas vacation and a week in New York City, however, finally pursuaded Pi to change his ways.

A nine-year-old neighborhood boy, Rusty is the closest thing that Sigma Nu has to a mascot at present. Rusty comes over to the house frequently and the brothers play football with him, a spokesman said.

Morris

Brothers of Beta Sigma Rho have departed from a tradition of 20 hamsters and three dogs this year. For three months they have had an 18 inch iguana named Morris living in the house. "There are advantages in that Morris eats less, is less messy and does not get in the way," a brother pointed out. "He sleeps all day, however, and never moves so that he can't be treated as a regular pet."

This semester Kappa Phi Delta's mascot is a cat Soda. Originally the house had two cats and a dog. The other cat—Scotch—and the dog were killed.

Delta Tau Delta also has no mascot. "We just have our president," a member lamented. Some brothers would like a dog for a mascot because it would provide "a focal point for fraternity allegience."

Grad Student Attends Parley

A graduate student from India in the Sociology department attended the annual "Adventure in World Understanding" at Michigan State University.

Kirit I. Maru, participating with 70 other foreign students and 10 Michigan State students, took part in discussion and lectures which extended from Dec. 21 to Jan 1.

Discussion included: how people become what they are; how to communicate effectively with people in your own cultural group; how to talk to other people about your culture; and how to interpret other cultures.

Speaking at the convention was Dr. Borgstrom, a United Nations expert on food and agricultural production.

Also on the agenda were: planned visits to farms, industries, and families; presentations by authorities on race relations, religions of the world; and the relationship of corporate business and labor.

Maru was awarded a scholarship by the Kellogg Center to attend the conference. He also was subsidized by the Maxwell School and Dean Charles G. Noble of Hendricks Chapel.

JSG P-R Post Given To Miss Wurthner; Elections Head Quits

By ANDY PORTE

Carol Wurthner has been appointed public relations director of Joint Student Government, JSG President Theodore Bayer announced Friday.

Miss Wurthner is the third person appointed to a JSG directorship in the current government reorganization. She succeeds Marvin Lender, a senior. Other new directors are James Morris, a junior who heads the social, academic and cultural (SAC) branch, and Douglas Long, who is in charge of special services.

The executive branch of JSG underwent a major reorganization last month, as the jobs of ten senior coordinators were replaced with those of four "directors," who will be members of the junior class.

Next Step

The lone unfilled position is financial director, which is being filled by Sanford Harris, a senior, until a replacement can be trained.

Bayer said that Miss Wurthner's appointment was consistent with the reasons for the government shake-up . He has said he wanted juniors appointed to higher positions in the government because of their greater interest in the work.

Bayer termed Lender "a more than adequate worker." He said that Lender was one of the best coordinators in the interest he devoted to the job.

Bayer thus refuted suspicions that Lender's dismissal came as a result of an investigation by the Joint Student Legislature government structures committee, chaired by David Knickerbocker.

Such an investigation was supposedly spurred by charges of Greek "nepotism" in JSG. Bayer and Lender are members of the same fraternity, Tau Delta Phi.

Miss Wurthner has been serving as commissioner of Student Opinion Service (SOS). Her co-commissioner, Arthur Perschetz, will become the sole head of the program. Perschetz is also a sophomore class senator-at-large in JSL. Bayer said two persons will be appointed to assist Perschetz with SOS.

Miss Wurthner, a journalism-anthropology major, is a member of Lambda Psi sorority. She is vice president of the Greek Independnt Alliance, a campus political party. She is a member of Lambda Sigma Sigma, junior women's honorary, and is a member of the varsity debate team.

In other action, Bayer revealed that Elections Commissioner Katherine Anthony has said she will resign as soon as the elections act is rewritten. He said Miss Antony's resignation was not part of the goverment shake-up, and was entirely her decision.

It is reported that Miss Antony resignd so that she could

CAROL WURTHNER

Today

CIT LECTURE—Dr. Alfred R. Louch of the philosophy department on "The Promise of Science," 2 and 3 p.m. Marshall Auditorium.

EXTRASENSORY PERCEPTION—lecture at 8 p.m. Regent Theater on E. Genesee street, by Dr. Joseph B. Rhine, director of Parapsychology Laboratory, Duke University.

Just in Case

FALLOUT SHELTER signs like this one have been posted on most large campus buildings in cooperation with similar action in the city of Syracuse. STEVE FINKELSTEIN and LINDA LEVIN check out the sign on Sims Hall, but hope they'll never have to heed it.

Study Halls, Library Hours

Study rooms and extended library hours are now available to Hill students readying for the examination period beginning this semester Saturday.

Student government, in co-operation with the registrar's office has set up study halls in these rooms: 110 and 111 Maxwell Hall; 104, 105, 304 and 305 Hall of Languages; 37 and 38 Smith Hall; and 105 Bowne Hall.

They will be open from 8 to 11 p.m. this week, and from 8 to midnight Jan. 21 to 26 and 28 to 30. Quiet will be enforced. No smoking, food or beverages will be allowed in the rooms.

The main library will open at 7:50 a.m. Monday through Saturday and at 2 p.m. Sunday and will close at midnight instead of 11 p.m. every day.

The additional hours are for study purposes in the reading and periodical rooms, and references and circulation services will be available on the regular schedule.

NewhouseSite Razing Set This Week

Further clearance of the Newhouse Communications Center site is scheduled to start this week, Dr. John Olson, a university vice president, has announced. Construction is expected to start Feb. 1.

Prefabs which used to house Buildings and Grounds will be razed, with Haven Hall at corner of University and University, and Schultze Cottage, 905 University Ave., coming down at semester's end, when the cord occupants will be shifted to other housing.

The first building of the Newhouse Complex will be constructed in this corner of the eight-acre site, bounded also by S. Crouse and Waverly avenue.

Three cottages and several prefab classrooms were razed last year on the southwest corner of the site. Eventually the entire block will be razed, including the Corner Store.

Construction bids totaling about $2,823,400 were received at the end of last week.

J. D. Taylor Construction Co. of 406 N. Midler Ave. was apparent low bidder for general construction of the first building. There were six bids.

J. G. A. Construction Co. of Syracuse submitted the low bid for general construction without alternates.

Other low bids — Kenneth A. Taylor, New Court avenue, heating and air conditioning, $433,086; Thomas A. Murphy Inc., 250 Lincoln Ave., plumbing, $132,330 and Irving Soloman Inc., 1120 E. Fayette St., electric, $266,533.

Olson said contracts probably will be awarded this week.

The first structure will be a School of Journalism, due to open for the fall 1964 semester.

The full complex is expected to be finished by the fall of 1966.

Four Rounds of Rush Begin Feb. 4

By SUSAN WEINBERG

The traditional four rounds of parties will compose formal sorority rush which begins Monday, Feb. 4, and ends Wednesday, Feb. 20, when bids are distributed.

Rush begins with 15 minute open house parties from Monday, Feb. 4, to Wednesday, Feb. 6.

Plan A, Christian tradition houses will rush Monday and Wednesday, nine parties each night, from 6:30 p. m. to 10:05 p. m. Plan B, Jewish tradition houses will rush Tuesday and Wednesday. Coeds with last names beginning with A-L will attend seven parties Tuesday from 6:30 p. m. to 9:40 p. m.; those with last names M-Z will rush seven parties Wednesday at the same time. Plan C, cross-rushing will have 25 parties in all. Coeds will rush Monday and Wednesday with Plan A and Tuesday with Plan B.

All coeds must be at the Women's Building at 5:30 p. m. the nights they are rushing, Carol Shire (Alpha Phi), Panhellenic rushing chairman, said. Rush counselors will meet with the rushees and take them in

(See Rush, Page 12)

1962: Top Stories of the SU Year in Review

By MILTON L. JOFFE
Editor-in-Chief

The top stories of the 1962 school year at Syracuse cover a wide range of topics from the opening of the Centennial Fund Drive to the appointment of a new basketball coach. The stories mirror university advances and set-backs but they all added to the headlines of the Daily Orange since last January.

Following, in chronological order are the top stories of 1962:

Dr. William Pratt Graham, chancellor of Syracuse University between 1937 and 1942, died at his home in the city Jan. 10. Graham was the only layman and the first alumnus to hold the position of chancellor. The sixth university head, Graham was succeeded in 1942 by present chancellor William P. Tolley.

Controversy raged over publication of certain articles in "Syracuse 10", the campus literary magazine, concerning poor service. Discussion of the issue began in March and continued through most of the spring. The Daily Orange ultimately published the disputed material.

The basketball team reportedly broke an NCAA basketball record by losing 27 games in a row. It was later discovered that this total only tied the record. Niagara inflicted the 27th loss, 86-58, on Feb. 28. Syracuse then won its last two games against Boston College and Connecticut.

Before the season had ended coach Marc Guley resigned after 12 years as head coach. He was replaced March 6 by Fred Lewis, a highly successful coach from Mississippi Southern. The move was seen as the first step in revitalizing Syracuse basketball.

The chancellor's cabinet passed the Joint Student Legislature Car Bill Sept. 24, permitting sophomores with 1.6 cumulative averages and above to own and operate cars on campus. The bill, which went into effect after the Thanksgiving holiday, revoked driving privileges from juniors and seniors on university or disciplinary probation.

Campus radio station, WAER became the seventh member of the Educational Radio Network as it signed on the air Oct. 1, making use of its new transmitting tower, rising 90 feet above Day Hall on Mount Olympus.

The Huntington B. Crouse classroom building, which had opened in the spring was officially dedicated the week of Oct. 22 with a ribbon-cutting, plaque dedication and week-long festivities. The three-story brick and limestone structure was built at a cost of $1,622,000 and was named for the late Syracuse industrialist, Huntington Crouse.

The year's biggest story broke Nov. 1 with the announcement of the opening of

(See News, Page 9)

'BYE 'TIL FEB. 6

With today's issue, the Dailly Orange stops publication for dead week and the exam period, resuming on Wednesday, Feb. 6, the third day of registration. Appearing during our absence will be "The Daily Beggar," offering campus news and publicity for "The Beggar's Opera," which opens Feb. 6 in the Drama Bldg. The publication will be edited by Ben Shaktman, "Opera" director, Carol (Schultze) Lucha, stage manager, and Alta Walker, publicity chairman.

One More Look At Cuban Crisis

Elsewhere in today's final Daily Orange for the semester we have reviewed the top stories of 1962 on the Syracuse campus. The news of the world has been left to other newsmen and television commentators. However, we would like to take one more look at the biggest story of the year—the Cuban Crisis.

Admittedly, we have the luxury of hindsight but we would like to re-examine the situation which bolstered President Kennedy's strength in the Cold War with Communism.

Unfortunately, the actions following the President's ultimatum happened almost too perfectly to be passed off as merely Soviet fear of the United States' strength. Let's recall what took place and see why the shouts of joy may be premature.

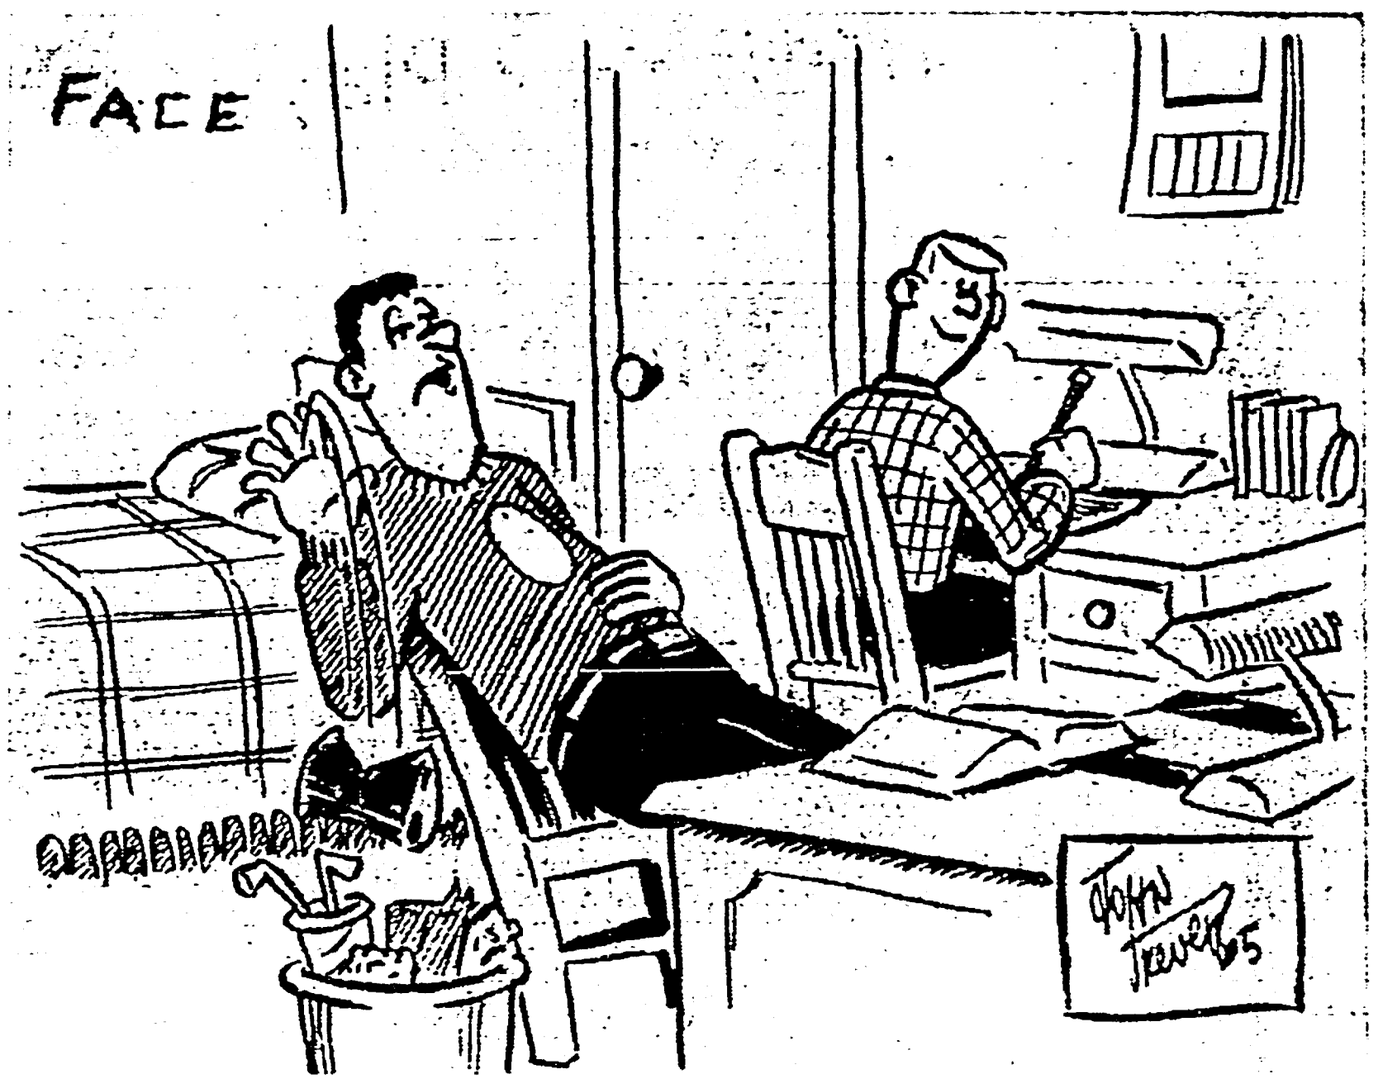
First, we must remember that the Communist party line may change from time to time but the aim is still the same—gradual dominance over the world by whatever means are most expedient.

Needless to say the Latin American countries have become prime targets for Soviet aggression and there is a strong move to foster communist rebels in such countries as Brazil and Peru.

A leading figurehead in this Soviet plot has been, of course, Cuba's Fidel Castro. He has been built up as an idol of the communist agitators in other Latin American countries and was quickly dubbed the number one threat to the United States in this hemisphere.

So what better move could the Russians make than to use Castro's Cuba as a decoy for what may be bigger plans? The Russians certainly didn't conceal their missiles in Cuba with any visible effort.

Rather it seemed they wanted us to find the missiles and to see how we would react. If we backed down, they would accomplish two aims — keep a threatening watch on the United States and continue their operations in the rest of South America.



As it worked out, they had to concede on point one and Krushchev conceded quite readily, didn't he? Yet, we now know that many Soviet military personnel remain in Cuba and other hidden missiles still remain.

The Soviets, it appears, were ready to sacrifice missiles they didn't need in an effort to keep United States attention away from bigger moves in the rest of Latin America.

Once You're Bitten

Those who attended Tuesday evening's Barber Shop Quartet Fraternity Sing found truth to the saying that once you're bitten by the bug, you'll always be a barber shop quartet lover. We hope this new tradition grows in years to come and other fraternities will compete with the three fine groups we heard Tuesday.

TREVER ON CAMPUS

"...My longest study session so far (urp!) six cheeseburgers, nine cokes, seven potato chips, and four cupcakes!"

With Malice Toward None

The Board

By Beverly Luria

After reading comments on the Board of Publications by Journalism Dean Wesley C. Clark and Terry Hughes, it seems that a faultless means of choosing editors for student publications is highly improbable, if not impossible.

Dean Clark in effect suggests combining the three Boards into one and expanding this to include representatives of practically every group that ever glances at the publications.

Hughes, on the other hand, feels that selection of student editors should be made entirely by the students on the respective staffs.

Hughes makes a good point in questioning the value and/or importance of additional representation on the Board that Dean Clark recommends.

To be a true newspaper, the Daily Orange must be free to print what it pleases rather than be swayed by the wishes of voting "interest groups."

The wisdom of combining the three Boards seems about as questionable as the addition of voting members. Is the editor of one publication really interested in or does he have knowledge of the workings of another?

Having a yearbook editor vote for a magazine editor seems almost more foolish than giving "interested" parties a say in the matter.

However, a Board composed of only staff members will not solve any problem aside from eliminating outside interests. The "human element" or personal prejudice should not be discarded as minor in any instance.

Assuming that "anyone who has labored the best part of several years on a publication has its interests at heart," Hughes says "the criteria for selection would be ability, perseverance and originality — noe how one stands with the administration."

"In-fighting" is discarded as irrelevant by Hughes.

Without some form of outside check elections of editors could easily become staff popularity contests with personal gall taking precedence over loyalty to the publication.

The New York University Square Journal provides an illustration of an entirely student run paper. Although this paper has a faculty advisor appointed by the school of journalism, the Journal's editor Tony Tedeschi explained he has no say in the operation of the paper nor in the selection of its editors.

Journal editors are chosen by a managing board composed only of the paper's editors. This board selects all editorial and business department heads rather than just the editor-in-chief and business manager as is done at Syracuse.

Tedeschi feels that the Journal managing board does a good job but noted that there was some inter-staff rivalry. However, one Journal staffer stated that editorial positions were often given out as rewards for friendship rather than ability and work.

The system at Syracuse seems to combine student responsibility with adequate administration and faculty checks against staff rivalry. Only the editor-in-chief and business manager of the publications are chosen by the Board.

Each editor-in-chief selects his own staff of editors. Although the Board approves these selections, it is unlikely that a qualified person will be removed from an editorial berth at the whim of a Board member.

The present set-up of five students and five faculty members and administrators on the Board may have faults, but so do the other methods.

This system gives three staff members a chance to voice the staff's preference, student government can express the general opinion of the student body, the business and faculty advisors can vote for the person they will work with, the J-Schol dean can judge the candidates' journalistic merit and the administration can express its preference.

Campus Clips

By SANDI EHRLICH and MELANIE COHN

NEW YORK UNIVERSITY is going national. In the past NYU has been devoted primarily to city students, but now will open its doors wider to students throughout the country. The dean of admissions said that because the state and city university systems are developing, NYU does not need to remain as a school of opportunity to provide higher education of New York City students. There will be no quotas of any sort and the most qualified applicants, regardless of residence, will be accepted.

Parents recently took part in a unique program at OHIO UNIVERSITY. The parents were members of Ohio's Parent Advisory Committee, which was created to make recommendations to University administrators on all phases of O.U. life.

They were given the opportunity to meet students, to live a students life, and to learn about the University. The group also carried on investigations on several areas including: limitations of student automobiles, food service, dormitory conditions and student conduct policies. Now how many of your parents could live as we do??

At BUENOS AIRES UNIVERSITY (in South America), the students can help elect their own administration, including the president! Unfortunately, because of politics, it works poorly. If a leftist group elects the administrators, some right-wing deans are sure to be fired for there is no such thing as tenure in Argentine universities. Consequently most university teachers look on teaching as their second job in order to maintain a steady income.

An organization is being formed at HARVARD UNIVERSITY to recruit students for projects aimed at combatting racial discrimination in the Boston area. Called the Civil Rights Coordination Committee, the group will put interested students in contact with agencies dealing with discrimination in housing and employment. It will also provide students with the opportunity to join tutorial, recreational and community involvement programs in the Negro districts of Boston.

TULANE UNIVERSITY will integrate next semester. Although integration is contrary to the legacy of the university, which stated students should be white Christians, the state's governor will take no steps to stop the move. Two Negroes will be admitted to Tulane's graduate school.

Students at ANTIOCH COLLEGE don't seem to share the gentleman's confidence. The National Student Association's campus chapter passed a resolution opposing the Civil Defense fallout shelter program. It reflected the "false sense of security which fallout shelters provide," and asked students to protest against the program. The group even urged administrators to refuse to grant shelter aid.

Syracuse fraternity men take notice. . .Don't think you've got it so tough—five fraternities at the UNIVERSITY OF MAINE were placed on social probation for periods of from one to five years for violation of drinking regulations. A faculty committee had previously been appointed to study all fraternities and sororities and their relations to the "academic purposes and values of the university."

WITTENBURG COLLEGE is giving up its kissing bridge. The bridge which crosses nothing and leads nowhere, is good for nothing except kissing. A survey found that the average male on campus spent two hours per week on the bridge. Administrators felt the time could be used for more studying.

Ferrante & Teicher Play Here

Offering a "casserole of music spiced with humor" duo-pianists Ferrante and Teicher will appear at Lincoln Auditorium 8:30 p.m. Saturday, Jan. 26. Known for their virtuosity and versatility the two have sold over six million single discs and two and one half million LP's in two years.

A special post-concert reception for Ferrante and Teicher is being scheduled by Watson dormitory upon approval of the university Social Committee. Martin Abelson, chairman of the Watson reception committee said the appearance hinges on the voluntary selling of 100 tickets to the concert by dorm council members. Tickets are available through Watson dorm council members or from Abelson, ext. 2882.

Ferrante and Teicher have been playing piano together since they were six, when they first met as students in New York's Juilliard School of Music.

Arthur Ferrante was born in New York City, the son of a violinist. Louis Teicher moved to New York from Wilkes Barre, Penn., with aim of attending Juilliard. There the two first met.

After a brief period of concertizing, they returned to Juilliard as faculty members, teaching theory and composition. During the next few years, they combined teaching with a limited schedule of concerts, and worked together creating new duo piano material. In 1947 they resigned from teaching in order to devote full time to concert work.

Active on most every front of the entertainment world, Ferrante and Teicher have scored successes in television, via the Dinah Shore, Perry Como and Ed Sullivan Shows, as well as winning wide favor among the younger set with visits to the Dick Clark show.

Their program, which ranges from show tunes, to popular music, to the "pop" classics, caused one New York critic to remark that Ferrante and Teicher is "the most exciting team of our time."

1st Family 'Concert' Set

The First Family's look alikes and sound alikes featuring Vaughn Meader will appear in Syracuse at Loew's State Theater Thursday, Jan. 24.

Meader and his record mate, Naomi Brossart, will perform twice that night at 7 p. m. and at 9 p. m. Also, on the program will be folk singers Jo Mapes — and Mike Settle who recently appeared on the "Hootenanny" show taped on campus, and comedian Stanley Myron Handelman.

The bulk of the program will be highlights of Meader's famous record "The First Family" which in four months sold four million copies.

Tickets are on sale at Olmsted's at $1.09, $2.90 and $3.90.

While it is comedy which brought the 26 year old Meader to prominance, he also is talented as a pianist and hillbilly singer. After this tour, Meader plans to cut down on the Kennedy impersonation and include his other abilities in his act.

VAUGHN MEADER

Noise, Music, Film

A music program including an ensemble of 36 noise instruments used spontaneously by six non-musicians will be part of an "unconventional experience" conducted by music school grad. student Calvin Hampton, 8:30 p. m. Monday in Crouse College Auditorium.

Hampton, an organ major, will also show Charles Giordan's film "Prima Vera," the sound track of which was created by Hampton using several different tape recordings of an organ at once.

In four other compositions for traditional media the performers will be Ruth Pinnell, soprano; Betty Gehring, violin; Evelyn Davis, flute; George Pappastavrou, piano; Calvin Custer, xylophone, and Hampton on the organ.

Concert Features SU Music Faculty

Ernst Bacon, SU composer-in-residence, will perform at the piano for the world premiere of his new work for piano and orchestra, "Riolama," at the Syracuse Symphony Orchestra's concert Friday.

Also at the concert, a quartet composed of Louis Krasner, Hill violin professor; Anthony DeAngelis, instructor in bassoon; Philip MacArthur, School of Music graduate student, and Jane Ricklis will present Haydn's "Sinfonia Concertante."

Prof. Bacon said that "Riolama" is a symphonic expression of moods evoked by such places as W. H. Hudson's mythical land in his novel "Green Mansions."

Other places mentioned in the work are the Ruwenzori Mountains of the Moon, in Africa; Salem, based on an old pilgrim hymn; and Gaspe and Pico-Perdido, a peak in the Spanish Pyrenese, inspired by folk music of these areas.

In the quartet presentation, Krasner will perform on the violin, DeAngelis on bassoon, MacArthur on oboe and Miss Ricklis on cello.

Krasner, Symphony concert master and an internationally noted violinist, has appeared with many major world orchestras and has played the premiere of violin works by Berg, Schonberg, Sessions, Casella and Achron.

Philip MacArthur, now with the Graduate School of Music, was principal oboe in four Chicago area symphonies during his college years and played with the Chicago Symphony for two concerts under Igor Stravinsky.

A bassoon instructor at SU, Anthony DeAngelis has been a guest artist with the Krasner Chamber Music Ensemble. He teaches in the public schools while holding down the first chair in his section at the university.

The first movement of the "Sinfonia" features solo strings [illegible] concertizing together as balanced against the full symphonic orchestra.

'BEGGAR'S OPERA' DISCOUNTS

Pick up your advance sale tickets for "The Beggar's Opera" at least 21 hours before curtain time and the SU drama department will give a 10 per cent discount.

Tickets for the 18th Century musical satire, which opens February 6, cost $1.50 for Wednesday and Thursday performances, $2 for Friday and Saturday performances.

Under the faculty direction of Ruth Pinnell and Dr. Earl George of the music school and Ben Sherman of the drama department "The Beggar's Opera" will play Feb. 6, 7, 8, 9 and 13, 14, 15, 16.

Reservations can be made by phoning GR6-5571, ext. 2135.

Now a clean-filling, smooth-writing, money-saving Parker cartridge pen...only $3.95

New PARKER ARROW

This pen can save you important money on cartridges. Ours are BIGGER and last longer (each is good for 8 or 9 thousand words). But, even if you didn't save a dime, this pen would be worth the extra price. It's a Parker.

And only Parker gives you a solid 14K gold point tipped with plathenium—one of the hardest, smoothest alloys ever developed. It should last you for years no matter how much you use it.

The pen won't leak the way the cheap ones do. It has a built-in safety reservoir, and it must meet most of the tough specifications we set for our $10 pens.

If you have trouble saying it, say it with a Parker. If you're a little shy and have difficulty saying "I love you" or even "I like you very much"—say it with a Parker.

The new Parker Arrow makes a beautifully expressive gift and looks as if you paid a small fortune for it.

The new Parker Arrow comes in black, dark blue, light blue, light gray, and bright red, with a choice of four instantly replaceable solid 14K gold points. Gift-boxed with five free cartridges.

PARKER *Maker of the world's most wanted pens*

DR. M. PETER PIENING discusses some art work with one of his students.

Dr. Piening

By STEPHANIE BRILL

"Good grrrief girl," exclaimed Dr. Peter Piening, director of the university Design Center.

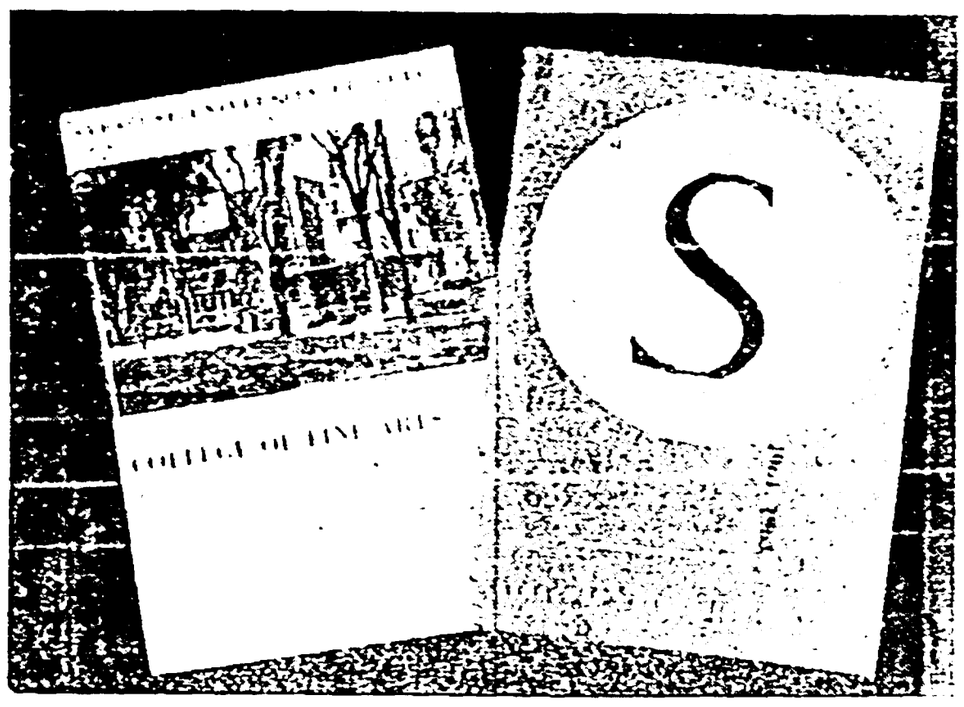
"Don't you know where you are? This is the University Design Center," explained the debonair, germanic gentleman who directs the graphic arts division of the program, refering to the basement of Winchell.

A paisly-silk handkerchief pocketed in his charcoal gray jacket added a cosmopolitan air to Dr. Piening's engaging personality as he elaborated on his unique career.

"One feather to my cap," he reminisced, "is that I redesigned 'Life' magazine when it was one year old. Oh yes, and I redesigned the lay-out for 'Fortune,' too."

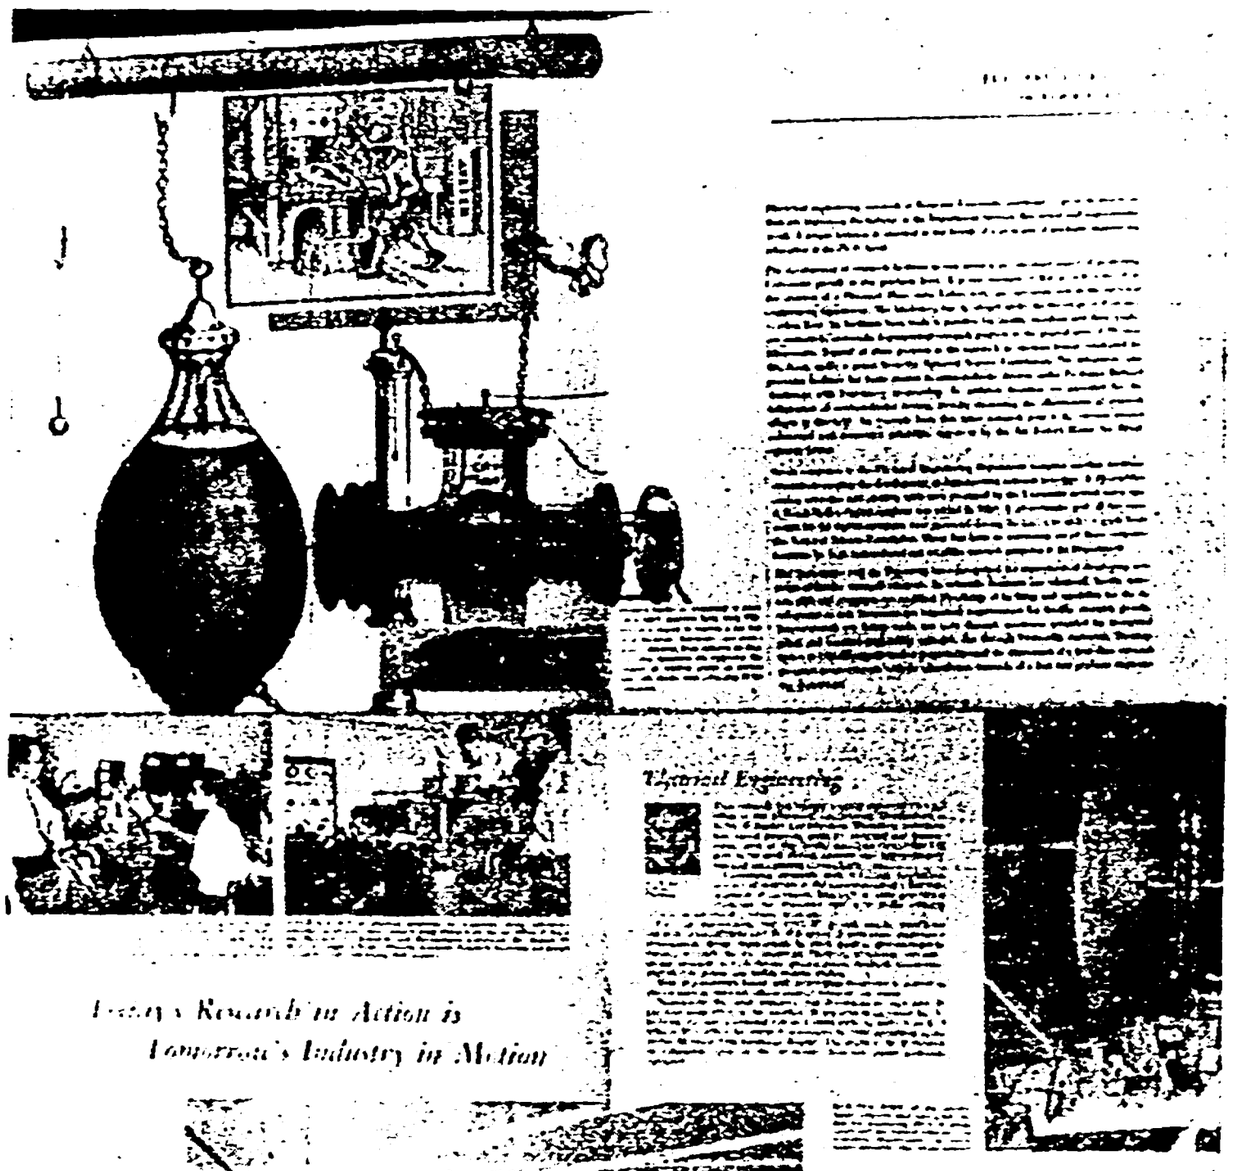
A student, just entering the room, laughed at the modest tone of Dr. Piening's reply.

"Hello lover. What can I do for you?" was his greeting.



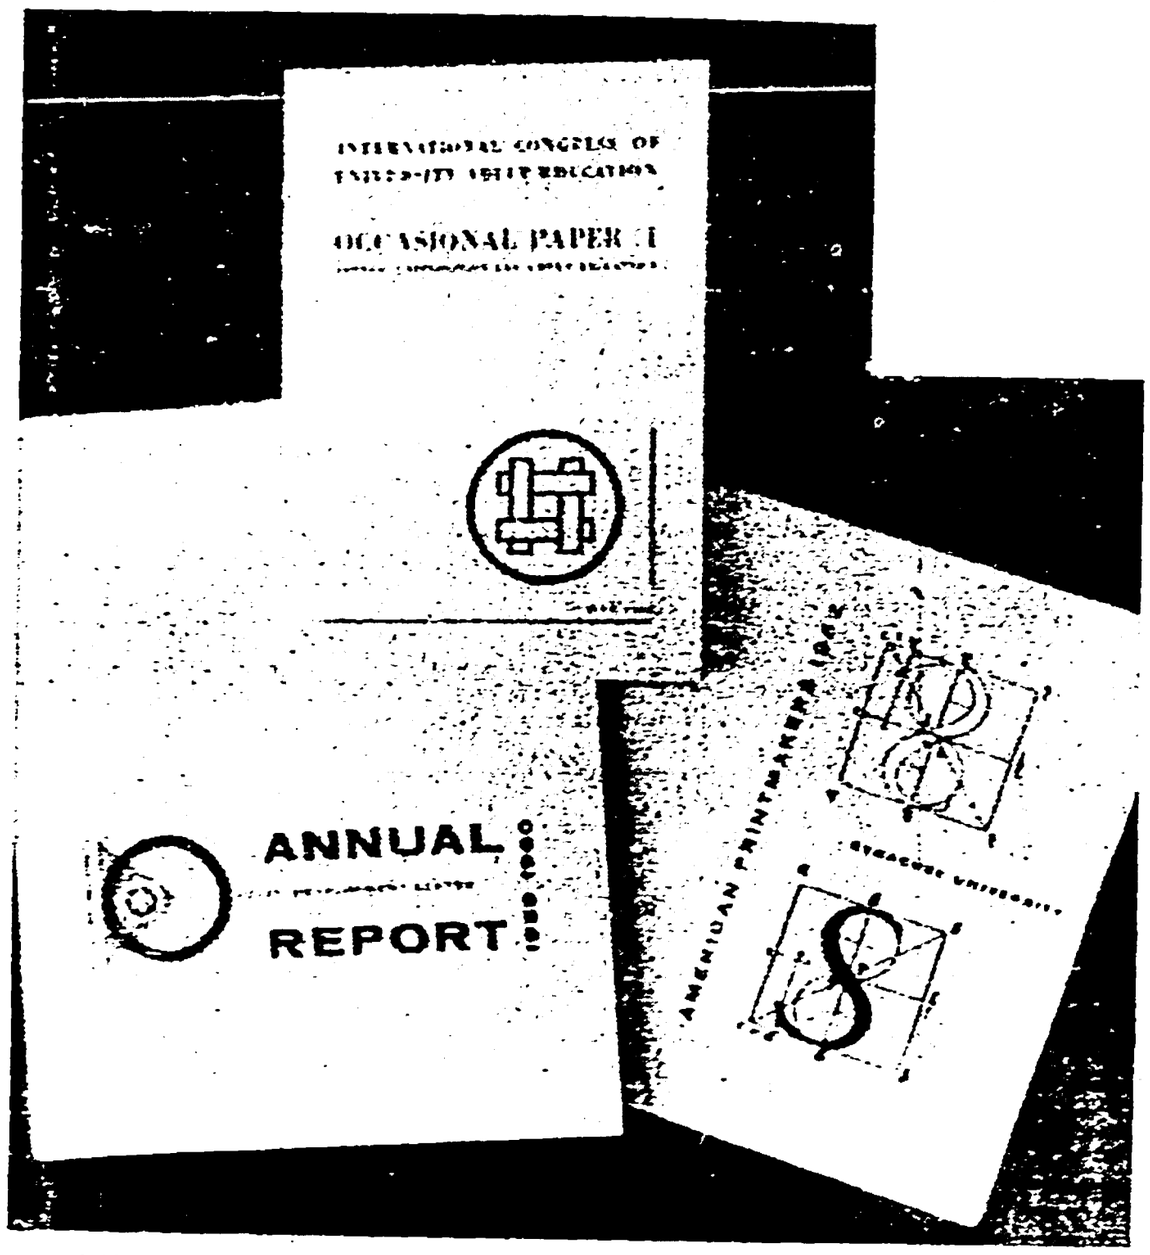
The girl, one of the students working at the design center asked him to fill out a job recommendation form.

"Hmmm, let me see. Is she intelligent, above average, slow, or inert?



"She's inert, isn't she?" He winked.

After the laughter subsided he continued his account of his life.



Before coming to Syracuse four years ago Professor Piening had redesigned 36 magazines, among them "Cosmopolitan." Among the 42 trade marks he designed are the Ballantine 3-ring sign, the Syracuse China and National Housing Center devices .

BEFORE-AFTER—the art school building.

THREE UNIVERSITY PUBLICATIONS illustrating the unified graphic theme employed by the design center.

ENGINEERING PAGES from the annual research report. The top "spread" is from the current report, representing a simpler and more graphic design approach.

Design Center

One of the least publicized programs on campus, the Syracuse University Design Center, has far reaching influences on all divisions of the university. Initiated within the last three years, the Design Center provides graphics for a large percentage of University publications.

The Center produces design and lay-out for an average of fifteen publications per week. It recognizes the importance of effective, modern design in portraying the University.

The work of the Center is the joint effort of M. Peter Piening, professor of advertising design and director of the Design Center, and Keith J. Kennedy, director of publications at SU.

The Center also acts as an educational instrument through the opportunities for practical experience it offers students. It is considered an honor for the several art students who are chosen to work with Dr. Piening in designing and laying out of the material which comes to the Center.

Usually advertising majors, these students often are able to present the finished pieces as samples of their work when applying for jobs.

Orange Grapplers Swamp Pitt, 24-7

By STEVE SPIEGEL

The Pittsburgh wrestling forces invaded Manley Fieldhouse with an impressive list of Pennsylvania State Champions Saturday. They were met, however, by Coach Joe Scandura, nine more than impressive Hill wrestlers ,and more than 1500 enthusiastic fans. The combination was too much for the Panthers who bowed 24-7 in what may have been Syracuse's most important dual match of the year.

The Pitt team proved to be much stronger than the final score would indicate. All the individual matches were very close, with the lone pin being registered by Big Jim Nance. It was the first time a SU wrestling squad has defeated Pitt.

Terry Haise, wrestling at 123, put Syracuse in the victory column with a 4-3 decision over Tom Heniff. It took a point for riding time to pull this voctory and keep Haise undefeated. Syracuse now led 3-0.

Greenhalgh Draws

In one of the most exciting matches of the day, 130-lb. Bethel "Sonny" Greenhalgh drew with Mike Johnson of Pitt. Johnson, the Pitt version of Bo Nance, had never been defeated. The two points each opponent gets for a draw kept the hillmen ahead 5-2.

Jim Murrni at 137 and Dick Slutzsky at 147 both proved to be too much for their Pitt counterparts. Jim decisioned his man 7-5, with a takedown in the last five seconds, while Slutzsky won 5-2. This increased Syracuse's lead to 11-2.

The lone win of the day for Pitt came in the 157 lb. class as John Carr decisioned George Reidner, 6-0.

Only a strategic mistake kept senior captain Gary Sirota from beating Jim Harrison, a man who placed third in the N.C.A.A. national championships. A two-point reversal in the last 15 seconds enabled Harrison to gain a 4-4 tie. This upped the team scores to 13-7.

Wrestling at 177 and 191 lbs. respectively, were two sophs, Lewis Roberts and Gerry Everling. Each decisioned his man by one point. The six points put the victory on ice, 19-7.

Pins Opponent

Syracuse wasn't through, however, and no one left before Jim Nance put on a fine show by pinning his man in the third period.

Coach Scandura expressed his appreciation for the "tremendous support shown by the student body." He stressed that the win was a "real team effort." However, he was "especially proud of Lew Roberts. He did a real fine job, and showed 100% improvement."

Piety Gymnasts Win 3rd Straight 58-38

By TOM MULLER

Coach Paul Romeo's gymnasts handily whipped Pitt, 58-38, for their second straight EIGL victory and their third win overall. The Orange have yet to lose.

"It was a fine win," beamed Coach Romeo after the victory. The Orange, who showed good depth, built up a 16 point margin in the first two events and split the last four events with Pitt.

Orange Sweep

In the floor exercise Corky Voas captured first place for S.U. with a score of 95.5 out of a posible 100. Soph Sid Oglesby and senior Ronnie Orlick placed second and third respectively to complete an Orange sweep of the event.

In the side horse event, Captain Ray Grimaldi took first place for the Orange with a score of 97. Syracuse soph Jon Meury placed second and junior John Bird captured fifth place.

Hill Loses

On the horizontal bar, which is considered to be the Orange weak point, Voas picked up his second victory of the meet and Carl Poplar placed fifth as the Orange lost the event, 9-7.

On the long horse, soph Tom Steeves took first place while Ron Orlick tied for third and Sid Oglesby placed fifth. "Tom Steeves did a fine piece of work," praised Romeo.

Ed Zamecnik of Pitt won on the parallel bars, but Sid Oglesby, Ron Orlick, and Carl Poplar placed second, fourth, and fifth respectively.

Ray Grimaldi brought cheers from the standing room only crowd when he scored 96 out of 100 on the still rings. Corky Voas tied for second, and Carl Poplar took fifth.

The next test for the Orange will be against Cortland on Friday.

Hill Mermen Win Opener

By HOWIE SCHNEIDER and VIN ZUKOWSKI

A record breaking performance, a remarkable diving exhibition, and a Syracuse victory marked the opening of the 1963 swimming season. Competing before a packed house at the Archbold pool, the Orange mermen opened unusually late in the season but unusualy strong against the NYU Violets with a 58-37 victory.

NYU opened an early lead by taking the opening 400-yard medley relay. However, the Orange tied the score, 8-8, in the 200-yard free-style. Tom Watts copped first with a 1:59 timing and Jim Meyerberg was second.

Bob Duthie and Jeff Meyer placed one, two in the 50-yard free-style. SU's Joe Morrison took first in the 200-yard medley with a 2:17.1 mark. This increased SU's lead to 22-12 which the Violet never erased.

Diving Tops

An outstanding diving performance by NYU's Gustafson reduced the margin by only a point. Gustafson demonstrated superior body control and exceptionally executed dives of high difficulty. Although he outpointed the second place Orange diver 239.5-157.5, NYU still trailed 26-17 because of the two SU divers competnig against the single Violet.

Reg Ellenberger's first in the 200-yard butterfly proved as a buffer. For NYU took first in the 100-yard free-style and the 200-yard backstroke, but retained 10 points down.

The next SU performance, the 500-yard free, set a school record and virtually eliminated NYU. Joe Morrison's 5:31.3 broke Coach Webster's long standing varsity record by more than a minute. Webster's record was also shattered by Rick Bausche in the preliminary frosh contest.

With SU up 46-33, Bob Ohman won the 200-yard breaststroke to cinch the victory. Syracuse added points by taking the final relay event for a final score of 58-37.

In the frosh meet, Colgate edged the Orangemen 36-58. Besides the record set by Bausche, Steve Haesche broke the 200-yard butterfly mark with a 2:24.6 time. After the frosh meet, the frosh coach stated, "I'm more interested in individual performance than team performance, and a few of the boys really looked good."

Pershing Rifle Group Trains

The Syracus University Company F-8 of the National Society of Pershing Rifles recently held winter training at Green Lakes State Park.

Combat training of the individual soldier and organization of the rifle squad for winter conditions were stressed.

Classes were held in land navigation, squad formations and battle drill and methods of handling military prisoners.

Field maneuvers were also held for three squads of Pershing Riflemen.

The entire operation was conducted by Captain Peter Dareos, ROTC advisor to Pershing Rifles.

What's in a name? When Syracuse and Army met in basketball, SU coach Fred Lewis' "disciplined shot" offense faced Army skipper George Hunter's "controlled shuffle" attack. Discipline proved to be eight points better than control.

On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

INFERIORITY CAN BE FUN

The second gravest problem confronting college students today is inferiority feelings. (The first gravest problem is of course, the recent outbreak of moult among sorority house canaries.) Let us today look into the causes of inferiority feelings and their possible cures.

Psychologists divide inferiority feelings into three principal categories:

1. Physical inferiority.
2. Mental inferiority.
3. Financial inferiority.

(A few say there is also a fourth category: ichthyological inferiority—a feeling that other people have prettier fish—but I believe this is common only along the coasts and in the Great Lakes area.)

Let us start with the feeling of physical inferiority, perhaps the easiest to understand. Naturally we are inclined to feel inferior to the brawny football captain or the beautiful homecoming queen. But we should not. Look at all the people, neither brawny nor beautiful, who have made their marks in the world. Look at Napoleon. Look at Socrates. Look at Caesar. Look at Lassie.

We are inclined to feel inferior

What I mean is that you can't always tell what's inside a package by looking at the outside. (Sometimes, of course, you *can*. Take Marlboro Cigarettes, for example. Just one glance at that jolly red-and-white package—so bright and pert—so neat but not gaudy—so perfectly in place whether you are at a formal dinner or a beach picnic—so invariably correct for any time, clime, or condition—one look, I say, at this paragon of packs and you *know* it has to contain cigarettes of absolute perfection. And you are right! That pure white Marlboro filter, that fine, flavorful blend of Marlboro tobaccos, will give you a smoke to make the welkin ring, whatever that is. So those of you who have just been sitting and admiring your Marlboro packs since the beginning of the semester, why don't you open a pack and light one? Light a cigarette, I mean—not the package. Then you can settle back and smoke your Marlboro and, at the same time, continue to gaze rapturously at the pack. Thus you will be twice as happy as you are if that is possible.)

But I digress. Let us turn now to the second category—mental inferiority. A lot of people think they are dumber than other people. This is not so. It must be remembered that there are *different* kinds of intelligence. Take, for instance, the classic case of the Sigafoos brothers, Claude and Sturbridge, students at Wake Forest. It was always assumed that Claude was the more intelligent just because he knew more than Sturbridge about the arts, the sciences, the social sciences, the humanities, and like that. Sturbridge, on the other hand, was ten times smarter than Claude when it came to tying granny knots. But no matter; everybody looked down on "Stupid Sturbridge," as they called him and looked up at "Clever Claude," as they called him. But who do you think turned out to be the smart one when their granny almost got loose and ran away? You guessed it—good old Stupid Sturbridge.

We arrive now at the final category, financial inferiority. One way to deal with this condition is to increase your income. You can, for example, become a fence. Or you can pose for a life class, if your college is well heated.

But a better way to handle financial inferiority is to accept it philosophically. Look on the bright side of poverty. True, others may have more money than you have, but look at all the things you have that they *don't*—debts, for instance, and hunger cramps.

And what about friendship? You don't need money to have friends, and let me tell you something, good people: the older you get the more you will realize that nothing is so precious as friendship, and the richest man in the world is the one with the most money.

State Rally Stops Hill, 59-49

By MARK DIAMOND

Outscoring Syracuse 19-5 in the final eight minutes, Penn State handed the Orangemen their first home loss of the season, 59-49 Saturday at Manley Fieldhouse.

Fred Lewis' cagers had led for most of the contest on Herb Foster's fine outside shooting and their good work under the boards. These factors, combining with ice-box shooting by the visitors, enabled Syracuse to burst in front, 13-4.

Sophomore Bob Weiss started the Nittany Lions on the road back with three straight jump shots but Foster connected three times also, so the game stood at 23-16 with four minutes left in the first half.

Tied at Halftime

At this point Syracuse experienced its first ragged moments and State forged ahead, 27-25. Carl Vernick's 2 for 1 shots made the halftime score 27-27.

Foster, with 12 points (six for nine), Vernick, and Manny Klutschowski were the only Syracusans to tally in the first half. For Penn State, Weiss had 11 while Dick Finley held Earl Hoffman to four for the half. He was the leading Penn State scorer, with a 21-point average.

The second half was an extremely close affair, with neither side able to lead by more than two. Then a three-point play by Klutschkowski and Dick Duffy's set shot gave the Hillmen a short-lived 44-40 margin.

Hoffman's two jump shots and Bob Donato's seven points, including five free throws were instrumental in Penn State's closing rush. The Penn State zone began forcing Syracuse into numerous errors, and the tide turned quickly.

Foster High Man

Foster finished with 19, high for the game. Hoffman had 16, followed by Weiss' 15 and Donato's 14 for the visitors. Syracuse is now three and six for the year while Penn State is nine and two.

Colgate visits on Thursday while the OOrange are at Buffalo Tuesday.

Hockey Club Drops Opener; Stars Rap Nats

By IRA BAKST

The S. U. Hockey Association opened up its activity in the newly created Finger Lakes League on a sour note by bowing to Brockport 5-2. The game was played before a packed S.R.O. crowd at the State Fair Coliseum, which came to witness the doubleheader that featured the Syracuse Stars vs. the U. S. National team. The Stars shattered Uncle Sam's best by the wopping score of 9-3.

Brockport scored quickly at 5:55 of the first period when Bob Cunningham came in on right wing and flipped in a 10-footer past Goalie Dick Van Winkle.

Houmiel of Brockport made the score 2-0 when he scored on a rebound at 10:07.

John Cordner put Syracuse on the scoreboard at 12:48. Charlie Hudson deflected the puck over to Fred Robinson whose shot was tipped in by Cordner.

All Tied Up

Syracuse tied the score at 9:33 of the second period when Hudson fed Robinson from behind the nets and SU cashed in on the neat play.

Brockport then quickly went back into the lead and was caught again.

Following the game a plea was made to the crowd for letters in support of varsity hockey at Syracuse.

It was evident that the inability of the SU team to give a well-jelled appearance was due to the little ice time and supervision it gets.

The next league contest for the icemen will be Wednesday night as SU takes on R.I.T. in Rochester.

Frosh Cagers Edge Broome

By ART ROSSKY

Highlighted by a game-opening nine-point string, Syracuse's Frosh basketeers swept aside Broome Tech, 75-60, Saturday night at Manley Fieldhouse to record their fourth win in five starts.

Following a slow start, Broome gamely hung in contention for the remainder of the first half on the shooting of John Ramza and Charlie Georgia, but coulnd't overcome the Tangerine lead built on the shooting of Dave Bing, Frank Nicoletti, and Sam Penceal.

Bing sank a push shot at the buzzer to give the Hill a 37-30 halftime lead. Bing (13 points) edged Georgia (12) for first half honors.

With Bing driving hard and passing flawlessly, Syracuse's fast break shifted into high gear in the second half and rumbled to a 61-41 lead, largest edge of the night, at the 11:02 mark.

Sparked by the shooting of Joe Hromek, Broome shot back into contention with a string of ten points to cut the Tangerine margin to 63-53 at 5:33.

OPERATING AN ANALOG COMPUTER are JOSEPH EARLY, PROJECT ENGINEER, AND MRS. LOUISE NAYLOR. This project involves setting up a network analysing system using an electric scale model of a power system in studies for outside power for the Niagara Mohawk Power Co.

1962: The Top Stories of the Syracuse Year in Review

(Continued from Page 1)

the $76 million Centennial Fund. Also announced was a $15 million gift from newspaper publisher Samuel I. Newhouse for the development of "the world's largest and most advanced study center in mass communications." The overall fund, which will last for eight years until the university's centennial year, 1970, will include 22 new buildings, chair endowments and renovation of existing buildings.

Television came to the campus in the fall. ABC-TV taped "Hootenanny at Syracuse" before a large and enthusiastic crowd in Sims Dining Hall. NBC-TV also filmed on campus for the Chet Huntley show but their filming was more mystic and secretive. The university population still awaits the results.

After many years of Colgate Weekend, Syracuse began a new tradition with the first annual Homecoming Weekend. The highlight of the weekend was the football team's finest perormance of the season, a 31-6 win over Navy. The weekend was also the largest financial success in university history.

At 5 a.m. Nov. 17 the residents of Day Hall aided Security Police in a search of their rooms in an effort to curb a series of thefts in the women's living center. The results were not conclusive and no evidence was reported.

Seven hill students were arrested in an apartment sit-in on Comstock Ave., Dec. 1, when the landlord of the apartment house allegedly discriminated against two African students. Sympathizers picketed the house and the seven were arrested for "willful trespassing." The charges were dropped two days later and the apartment was rented. Tragedy struck two weeks lated when one of the African students, Skeva Soko, was killed in an automobile crash on E. Fayette street., not far from the scene of the controversy.

The campus mourned the death of Catholic chaplain Rt. Rev. Msgr. Gannon F. Ryan, who died Dec. 5. He had been chaplain here for 27 years and had been instrumental in the physical and spiritual growth of St. Thomas More Chapel on campus.

Dec. 15 the George Leroy Manley Fieldhouse was dedicated with a crowd of 6,000 on hand. The huge dome-shaped structure is the new home of SU athletics and was named for its benefactor, Dr. George Manley, still an ardent Syracuse sports supporter.

And on the lighter side, there were some stories that deserve passing note:

The burning of the Clover Club Oct. 12 brought a tear to the eye of many students as did the passing of Delta Upsilon's beloved mascot, Andy. But there was joy in the Hellbox the night the DO basketball team toppled WAER, 82-79, in double overtime to win the Church Key Trophy for the first time in three years.

There were many names and faces in the news, but these are the big ones on the Hill for 1962.

run for office in the spring elections. Her position as elections commissioner would not permit her to run.

Bayer said that several members of the election committee, a group of eight freshmen who supervised last fall's Class of '66 elections, will be appointed assistants to the new elections commissioner.

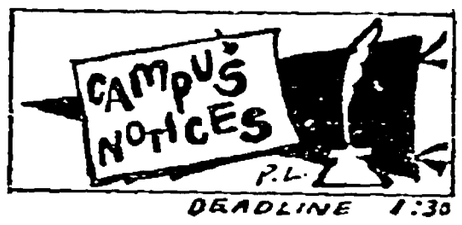
He said the new commissioner will probably be a sophomore senator-at-large or other interested sophomore who has had elections experience.

Bayer also announced that the government training program has been dissolved. It will be replaced, Bayer said, by an "activities orientation" program, which will take place soon after the regular university orientation period. He said that sophomore Leon Woods, (another Tau Delta Phi) will head the program.

Bayer also revealed that Penny Shapiro has been appointed as an aide to activities commissioner Beverly Lewis, and will eventually assume control of the commission. Miss Shapiro is a sophomore, and was chairman of Homecoming Weekend. Bayer said the activities commission will be placed in the public relations branch.

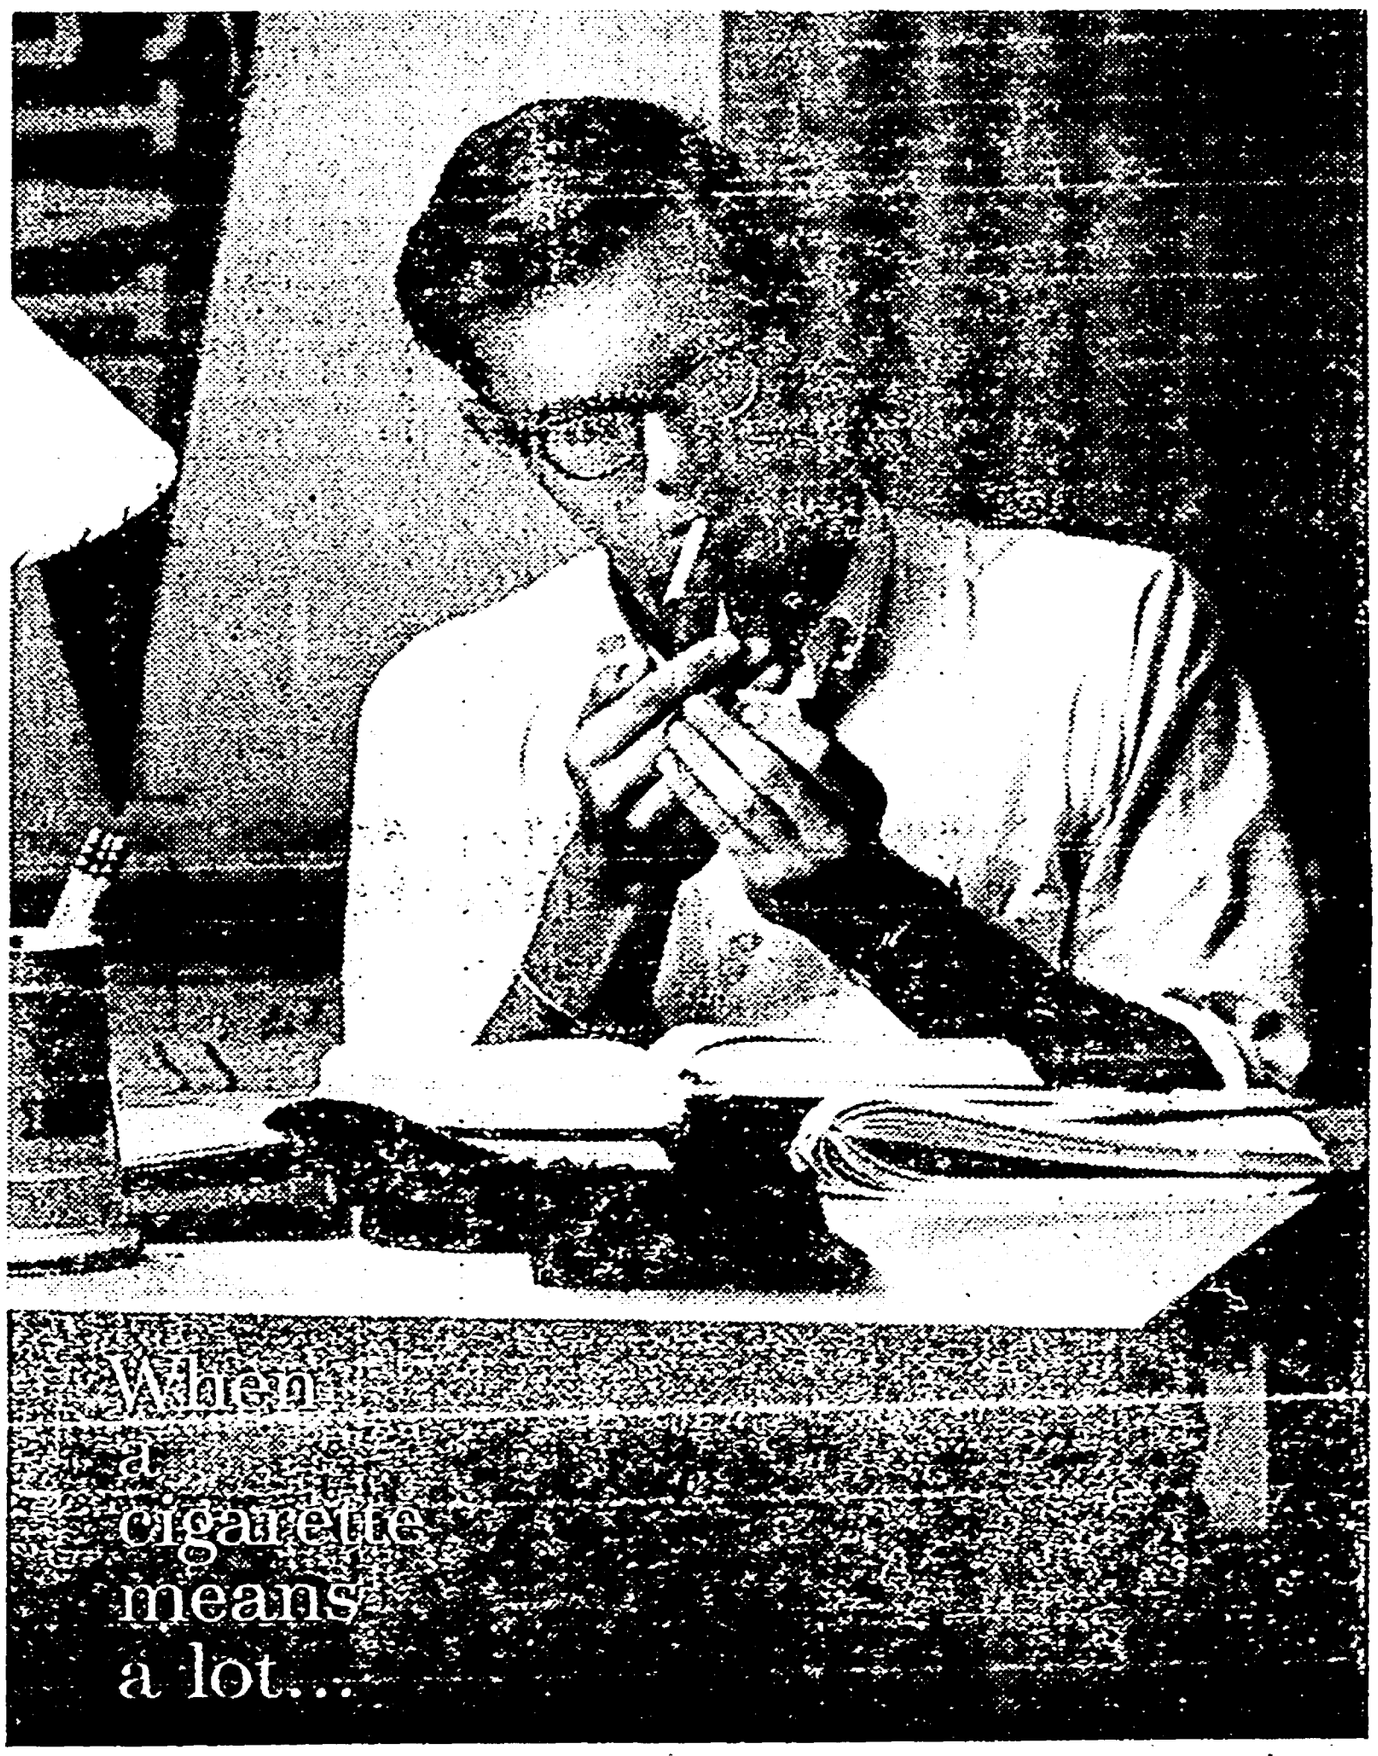
Mademoiselle Hires Eight

Eight Syracuse University coeds have been appointed to Mademomiselle Magazine's 1963 national College Board.



They are seniors Rachel Anne Sykes and Bette Pollock; junior Judith Gries and sophomores Rosemary Eng, Nancy Ann Gilbert, Joan Kemeny, Judith Sapir and Sandra Ann Myers.

As College Board members they will report news from SU to Mademoiselle and are eligible to compete for 20 Guest Editorships that will be awarded by the magazine in May.



Board members are chosen for their interest and ability in art, writing, fashion, merchandising, promotion or advertising.

LETTERS

The Stench

To the Editor:

You've said something, Corwin; the situation does stink . . . and one smells the stench every day. One smells the stench in this school, in this town, and all the other places one has been. North or South, East or West, one smells the stench of this system and the people in it when one acts because of what he is, and because he is trying to become what the system says he should become, but what he as an individual aspires to become.

So one runs from the stench, and tries another road, but all around him there is a stench, and the situation becomes futile because he hasn't a gas mask. But he seeks goals and people in this stench-laden milieu who stink less, sometimes finding them (real, solid), sometimes engaging with an even more disgusting odor.

The Negro needs a gas-mask. Maybe that's what Civil Rights legislation is, maybe. But the stench is still on one's clothes, and clothes are expensive, (sometimes irreplacable) and the stench is always around anyway. One day, people may get tired of putting on gas-masks, and take another course of action. The Muslims are trying, they may succeed. I don't know. Either situation is all right for me, as long as I have a mask and can fight, or live in a system where I don't need one.

But my children and my wife, if I ever have them, have got to be born into, and live in a system where there is no stench, or at least not such a ridiculous one. So I'll fight stench; I'll fight it's carriers—and I'll fight them before I fight anyone else. One of us will end it: with a bang or with a whimper.

It's not nice to yell, this town is too small. But yell, Corwin, yell!

Robert K. Bunch
Resident Advisor

'Odious'

To the Editor:

Having been incensed by an example of the most immature, anti-ethical behavior witnessed recently, I feel compelled to write this letter. The incident in question concerns an outright attempt at cheating during an exam. The particular course in which this took place is primarily attended by Freshmen.

It is a required course and as a result it is liberally endowed with that curious species of student—the football player. In fact the culprits who were partially successful in their felonious attempts curiously happened to belong to that august group of football players.

Now I am not at all opposed to the physically minded patrons and supporters of our well advertised football team. However, it is this select group of individuals whose efforts at building up the "Syracuse Image" through the football media, are also those who are responsible in many instances for bringing to this campus a large number of animals who are no more adapted to even a brushing acquaintance with knowledge than the proverbial bull in the china shop.

This is not to say that all or even most of the team members are representative of the above beast. Indeed it would appear as though the outstanding contributors to the football team are also outstanding in their scholastic endeavors.

It is my belief that if those "athletic supporters" were to conduct even a cursory examination of the harm being done to the whole team by the few extremely rotten apples they could quickly take the necessary steps to rid this campus of these odious individuals.

Eric W. Lawson, Jr. '63

Concern

To the Editor:

As citizens concerned with public safety in the city of Syracuse, the Thornden Park Neighborhood Council feels compelled to express its concern for the welfare of our city, particularly as it has been brought to our attention through the recent purse-snatching incident in an adjacent area.

We are aware of the serious social problems existing not only in Syracuse but across the nation and the world. We recognize that the causes are many and are a part of the post-war violence and disorganization which characterize our era. We know that there are no simple solutions to these complex problems, yet we are of the conviction that there are things which responsible citizens can do to bring about control and change. It is for this purpose that we are organized into a neighborhood council.

We deplore the hysteria that has accompanied recent incidents. We regret the attempt to find a scape-goat in offenders for the accumulated and complex social disorganization which exists in our community and elsewhere. We are concerned with the lack of social planning which has contributed to the over-crowding and containment of a minority group within our neighborhood and its adjacent environs, with its resultant concentration of social problems within a constricted area of the city. We deplore the lack of appreciation and understanding of the constructive social forces in our community which are contributing to the health of our society and are seeking with limited funds to bring about social change and rehabilitation. The fact that these agencies have not been able to completely solve these complex problems does not warrant the attacks made upon them by the press of our community.

While the community is rightfully outraged at the lack of public safety, we deplore the manner in which our newspapers have handled recent incidents. To pre-judge or imply guilt prior to lawful procedure is to deny American standards of justice essential to our way of life.

The Thornden Park Neighborhood Council is concerned with all aspects of this problem which affect our neighborhood but recognizes that our efforts can be productive only insofar as they are part of a structive and creative solularger movement toward contions to these problems. We know that such solutions are not to be achieved without cost and may require increased taxes and citizen effort. We pledge our cooperative support to wisely planned programs which will contribute toward a more adequately staffed and trained police force, to more adequate public services such as better street lighting, to improved services to families, and increased concern for adequate housing, education and opportunities for youth.

We submit this statement of our concern because we believe that in order to develop a wholesome and healthy social fabric in our community constructive elements within the concerted efforts of all our community are required.

Thornden Park
Neighborhood Council

Mr. Conservative Here

U. S. Sen. Barry Goldwater (R-Arizona), Conservative leader, will speak Friday, Feb. 1 at a News Forum dinner in the Syracuse Press Club Auditorium in Midtown Plaza on East Washington street.

Tickets, $5 each, are expected to go on sale to the public Wednesday. Syracuse students interested in getting tickets, may contact Mrs. Krafft or Richard DeVesty at the Onondaga County Savings Bank, GR 1-4151.

CON EDISON WOULD LIKE TO TALK WITH YOU ABOUT WHAT YOU CAN BE DOING IN 1978

We're looking ahead 15 years, because within that period Con Edison will have about 800 top management and staff positions opening up.

Right now we can offer ambitious young college graduates unique opportunity to move to the top. We're looking for engineers...accountants... economists...math majors...and chemists who can be trained now, to be ready to move into these important posts.

Immediate prospects at Con Edison are bright, too, for the right men: good starting salary...an individually tailored training program, with interesting assignments from the start...the chance to do original, creative work in a progressive company that's pioneered many developments in the power field . . . generous financial help toward graduate studies. And all in the stimulating environment of exciting New York!

So don't miss the chance to get the low-down on this dynamic company that supplies the energy —electricity, gas and steam—that keeps New York going and growing. Talk with the Con Edison man,

Summer Reading Programs; '62 Check, '63 Glimpse

1962

"It is the opportunity of a lifetime at Syracuse University," comments a junior who participated in last summer's reading program in humanities, a project in the "History of Western Intellectual Thought."

One of 41 undergraduates in this section, Louis Flohr, says the subject, "The Modern Mind," was adequately dealt with by reading from 24 books and articles, written from 1400 to modern times. Also used were audio-visual aids to provide additional historical background for the students.

Discussions, led by six professors representing romance languages, religion, philosophy, English and fine arts, were "exciting and stimulating," Flohr said.

3 Parts

The 1962 program, under the coordination of Dr. Edward Warren of the philosophy department, was divided into three sections: humanities, science and social science, any of which could be taken for seven credits. Only humanities were offered in 1961.

Each section met on campus for two weeks in June and two in September with "lectures at a high academic level," discussion groups of 20 students each, readings chosen by the faculty and a term paper.

The faculty thinks this program is an excellent idea, says Dr. Warren, because the student-faculty ratio is low and contact frequent.

"Sound"

It is a "pedagogically sound program" he adds, noting in general students seemed "pleased and excited by the courses."

However, Dr. Warren questions the economic setup of the science and social science programs where student-faculty ratios were seven to six and five to four, respectively.

Is this ratio too low to justify continuing these courses?

It's a "terrific ratio from the student's point of view," says Stephen Checkosky, a senior who took the social science course.

Dull?

But he believes that the specific topic of that program, "Urban Affairs," was exhausted, and became a "dull and relatively minor part of the course."

As a "general information program and a survey of professor's individual interests," it was a good program, Checkosky says, adding "the teachers are the backbone of all three courses."

Flohr also notes that the faculty-student ratio makes for healthy contacts.

Jane Shanahan, a sophomore says she believes the science program "definitely out ought to be continued;" she tags it a "great group, friendly, intimate," with an even smaller number of students per teacher than the other two.

Overall

It is good for overall understanding for liberal arts students who don't get much in the way of science," she says. The '62 topic, a broad one, was "Physics, Organic and Physical Chemistry, Experimental Biology and Medicine."

One criticism voiced by Miss Shanahan and Flohr is that the program did not get out publicity material. They say students did not receive specific, comprehensive information on the program before or after they signed up.

Flohr said he became interested when he read in the Daily Orange that few students had signed up.

Flohr also noted that professors "were afraid to give extreme grades—high or low—because each course is worth seven credits and the grade could change the student's average too much."

Miss Shanahan suggested the lack of interest shown in the program may be due to the fact it starts so soon after final examinations.

1963

By ELLEN STERN

Originally subsidized by a grant from the Ford Foundation, the Summer Reading Program is now entering its third year at Syracuse University as a still "original and distinctive" program.

Described by a student as "the opportunity of a lifetime at Syracuse University," only the humanities section will be offered for two weeks following June graduation and two weeks preceeding fall registration, according to Dr. C. G. Christofides, coordinator of the 1963 program and associate professor or romance languages.

The course, which carries seven credit hours, is designed to investigate and discuss "the great issues, great peaks of achievement and great documents" in the latter 18th century and the 19th and 20th centuries "from the point of view of the fine arts, comparative literature, religion and philosophy."

Study will consist of morning lectures followed by discussion groups of about 20 students, free time for reading and, in addition, evening sessions.

The professors conducting the course, as described by last year's participants in the program, are "the backbone of the course." They are chosen by their "reputation as classroom teachers and as excellent scholars."

A balance is sought between fine arts, philosophy, religion and comparative literature faculty members. The question of a rotation of staff is being examined.

Works by Melville, Marx and Dostoevski will be discussed during the summer in addition to about 15 other books and articles. Audio-visual aids also will be used to provide additional background in view of the expected unfamiliarity of the group with the material. They include two films, "Picasso" and "Le Bourgeois Gentilhomme," and recordings of Beethoven, Stravinsky and Dvorak.

Prerequisite for the humanities course are one year of college and a 1.5 cumiulative average. For non-Syracuse residents the cost is $325 and for Syracuse residents $250, which includes tuition and board.

Scholarship will be awarded on the basis of demonstrated need, and range from $50 to $150, according to Dr. Albert George, chairman of the humanities program.

The science and social science reading programs, formulated in 1962 for the first time, are being discontinued in 1963.

The social science course is being withdrawn for one year because the faculty committee was "discouraged by the enrollment," Christofides said. There was a five to four student-faculty ratio which had been termed as "terrific ratio" by partipating students, although possibly economicaly unsound.

The science program, "good for a Liberal Arts student who does not take much in the way of science" according to one student, has been withdrawn permanently.

You'll make the wisest choice no matter which Chevrolet you choose!

These four different cars are alike in one important way. Each is a product of Chevrolet Division of General Motors. So each will give you more performance, beauty, comfort and good news at trade-in. But each is tailored to a certain kind of buyer. Our big Chevrolet has the Jet-smooth ride, luxury and styling you'd expect only in costly cars. Chevy II features parkable size, perky performance and outstanding fuel economy. Corvair gives you rear engine maneuverability and sports car flair. The new Corvette Sting Ray can best be described as dramatic. With a choice of 33 models, there's one Chevrolet that will suit you best.

Rushing...

groups to each of the open house parties.

Plan Own

Rushees will plan their own schedule for the succeeding parties and attend them by themselves.

Bids to the informal parties will be given out in the recreation lounge of the Woman's Building from 9 a. m. to 5 p. m. Friday, Feb. 8.

The 30 minute parties will be held Saturday, Feb. 9, and Sunday, Feb. 10. Plan A and Plan C will attend six parties each day from 1 p. m. to 4:50 p. m. Plan B will attend six parties over the two day period from 1 p. m. to 3:30 p. m. Rushees in this plan may attend parties in any combination but they may not attend more than four parties in one afternoon.

Attire for these parties is a dress and heels.

Coke Parties

Invitations to the third round of parties, the coke parties will be distributed from 9 a. m. to 5 p. m. in the recreation lounge of the Women's Building Wednesday, Feb. 13.

These parties are 45 minutes each and the dress is casual as for the open house parties. They will be held Friday, Feb. 15.

Plans A and C will attend five parties from 5:30 p. m. to 9:45 p. m. Plan B will attend four parties from 5:30 p.m. to 9 p. m.

Bids to fromal parties, the last round of parties, will be given out in the main hall of the Women's Building from 2 p. m. to 4 p. m. Saturday, Feb. 16.

Formal Parties

Formal parties, at which cocktail clothes will be worn, will be Sunday, Feb. 17. All plans will rush two parties which are one hour and 45 minutes. This rush will last from 2 to 4:45 p. m.

Rushees can file their final preference from 7 to 8 p.m. Sunday in the main hall of the Women's Building.

Bids will be delivered at 5 p. m. Wednesday, Feb. 20, by the head residents of freshmen living centers. City students can pick up their bids at 5 p. m. in the City Women's Lounge in the Women's Building.

From Feb. 4 to 5 p. m. Feb. 20 a strict silence period will be in effect and will be enforced, warned Miss Shire. outside of a greeting is allowed between sorority women and rushees.

Enforce

"We plan to strictly enforce this period and it will be beneficial to the houses and the rushees to obey this rule," she advised. Both houses and rushees will be penalized if they are caught breaking silence period. Possible penalties include giving the offending house a smaller pledge class and dropping the rushee involved from rush.

Miss Shire also reminded rushees to attend every party they have signed to attend. "If a coed does not go to a rush party she has signed up for, she will be automatically dropped from rush," Miss Shire noted.

Rushees must attend the maximum number of parties each round unless they have received less than the maximum number of bids back.

Rushing counselors, freshmen advisors and Miss Shire will be at the Women's Building each time bids are distributed to help rushees plan their schedule of parties and answer any questions they may have.

Rushees who fail to receive the mimeographed list of rushing procedures at this Sunday's house meeting can obtain one from Miss Shire at Alpha Phi, ext. 2679.

Coed Curfew Set by AWS

Curfews for Winter Weekend and intersession have been announced by the Association of Women Students.

Curfews for Winter Weekend Fri. and Sat., Feb. 22 and 23, will be 2 a.m. Curfew after the Peter, Paul and Mary concert Sun. Feb. 24 will be 30 minutes after the performance ends. Coeds must present ticket stubs at their living centers.

Curfews for Jan. 30 and 31 will be midnight. Regular curfews of 12:30 and 1:30 will be in effect Fri. and Sat. Feb. 1 and 2.

Curfews for Sun. Feb. 3 - Wed. Feb. 6 will be 12 o'clock. Regular curfews will begin with classes, Thurs. Feb. 7.

Peace Corps Test Jan. 26

A Peace Corps Placement Test will be held Jan. 26, according to Richard A. Graham, acting associate director of the Peace Corps.

The test will be given locally in room 360, Syracuse Federal Building. Code for the area is 44-34.

Further information may be received by writing to Peace Corps, Washington 25, D.C.; attention: Office of Public Affairs.

'Critics Distort Poetry'

"Critics have distorted what they read from the romantic poets," stated Dr. Harold Bloom in an address to a group of students and educators Thursday in Gifford Auditorium.

Dr. Bloom, an assistant professor of English at Yale Univresity, spoke as part of the university's Humanities series.

Shelley's poetry had great influence on Yeats' writing although in his middle period, Yeats rejected this, he said.

Later, however, Yeats again recognized that "it was Shelley who had shaped his career more than anyone else," Dr. Bloom said.

"Yeats is a good example of how a poetic influence can be repudiated, pushed underground and then re-emerge even stronger than before." stated Dr. Bloom.

Yeats succeeded in writing better than he knew, he concluded.

Campus Chest $trikes it Rich

Monte Carlo night has made Campus Chest $100 richer.

Zeta Beta Tau fraternity held a party in which players bought plya money at the rate of $.10 on a dollar. Money was not refunded but prizes were given to the people with the most money. The fraternity donated $100 of its cash profits to the Campus Chest.

Zeta Beta Tau is planning to make the party an annual event. nual event.

The donation raised the total in the Campus Chest to $2300. The dollar drive earlier in the term raised $900 as did the campus carnival and individual donations combined. $400 was left from last year's Campus Chest funds.

AT SYRACUSE UNIVERSITY • SYRACUSE, NEW YORK 13210

The funding for the microfilming of the Syracuse Daily Orange was provided by the State of New York through grants for Preservation and Conservation of Library Research Materials.

The collection was filmed by Amtek, Syracuse, New York.

REDUCTION RATIO: 20X
FILMING DATE: 1986

The inconsistent assignment of volume, number, and date makes it difficult to accurately collate the Syracuse Daily Orange and ascertain missing issues. The following is an indication of the problems encountered.

Volume 60	number	64	01/11/1963
	number	64	01/14/1963
	number	68	02/11/1963
	number	70	02/12/1963
