What's New?

Navigation v6.24.0 contains the following updates:

- Added icons for the different categories of map markers, and added support for turning the markers on and off.
- Redesigned the **Map Type and Map Details** popup menu.
- Fixed a bug where certain words were not verbalized in spoken directions.
- Android devices only: Fixed an issue that sometimes prevented SD card data download.
- Made performance, stability, and usability improvements.

Release Date and Time

Updates for the Navigation v6.24.0 mobile application will be released to the Google Play and iTunes Store in June 2021.

Get Help

Use the following resources to download the NavGE mobile application and to get help using or troubleshooting NavGE.
