This 7 session teleconference series is designed to expand your knowledge and introduce the use and applications of Gemmotherapy, Oligo-Elements, Plexes and Schüessler Salts. Through his extensive experience and personal case studies, Dr. Abell will review how to incorporate these Biotherapeutics into simple and easy-to-follow treatment guidelines, ensuring successful results in everyday practice. Each of these biological therapies are individual treatment modalities, but when utilized in a systematic approach using Biotherapeutic Drainage®, they become a synergistically advanced form of medicine. Incorporating each of these therapies into your practice will provide you with the tools and protocols to treat chronic and acute conditions that past experience may have posed as challenging.

KEY LEARNING HIGHLIGHTS

- What are Gemmotherapy, Oligo-Elements, Plexes, Schüessler Salts and their primary actions
- Review the philosophy of Biotherapeutic Drainage® along with a brief discussion of terrain (Miasms, Temperaments, Constitutions)
- How do these therapies fit into the overall drainage approach
- Practice development of thorough treatment plans including these adjunctive therapies
- Gain insight into how Dr. Abell integrates all of these modalities into a well-rounded treatment approach
- Specific patient analysis including several case presentations addressing: Immune system health, Menopause and Pregnancy
- Clinical pearls in the use of drainage remedies and patient management

CLINICAL DISCUSSION INCLUDES:

- Immune dysfunction/support
- Respiratory health
- GI health
