2.2	How to start Using Mobile App	3

1. Install Mobile App

1.1 Android

- Go to play store -> search “iSocietyManager”
- Download google play store URL –

<https://play.google.com/store/apps/details?id=com.sumasamu.iSocietyManager>

1.2 iPhone

- Go to App store -> search “iSocietyManager”
- Download google App store URL –

<https://itunes.apple.com/in/app/isocietymanager/id1139733523>

Follow the installation steps as per your mobile platform i.e. Android or iPhone

2. Login Process

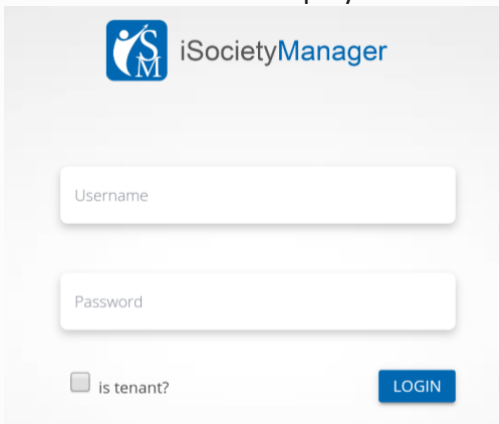

2.1 How to get Login Details

For Accessing Mobile App, you will need login credentials. The credentials are sent as SMS Or Email via Activation from your Society's Administration. If not received, please contact Admin.

2.2 How to start Using Mobile App

Once you get the login credentials you can login with your registered mobile number or email with the Society. Below are steps:

- Once you have installed the Mobile, Launch it by clicking the app icon on Mobile Screen.
- Enter your login credentials in the Screen displayed

The login screen displays the iSocietyManager logo at the top. Below the logo are two input fields: 'Username' and 'Password'. At the bottom left, there is a checkbox labeled 'is tenant?'. At the bottom right, there is a blue 'LOGIN' button.

- If you don't remember the password click on **Forgot Password** Or use **OTP Login**.
- On successful login – Home Screen will be displayed similar to below:
