- Parking lots
- Mining, oil, and gas operations
- Emergency services support
- Property protection

100% RENEWABLE ENERGY

- ✓ **NO FUEL**
- ✓ **NO NOISE**
- ✓ **NO MAINTENANCE**
- ✓ **NO SMELL**

TRAVEL/STORAGE POSITION

Rugged compact trailer made according to ISO 9001:2015 standards

FEATURES & BENEFITS

MID-AND LONG-TERM VIDEO SURVEILLANCE SOLUTION

Can operate for up to twelve months and record locally 24 hours a day, up to seven days.

DAY AND NIGHT VISION

The durable, high-quality camera provides live footage or recorded images in all lighting conditions.

RECORDING

Records videos locally. Users decide whether recording is continuous or scheduled.

REMOTE ACCESS FROM ANY DEVICE

Access real-time videos from anywhere via the web, iOS, and Android app.

AUTONOMOUS SOLUTION

Powered by solar energy and rechargeable batteries. Connected via the local cellular network, this solution is autonomous and requires no cables.

EASY TO TRANSPORT AND INSTALL

With its innovative solar panel and trailer design, the platform is easy to transport and install without taking up too much space.

NOTIFICATIONS

You can choose to receive a notification if an intrusion is detected on your site.

EVENT DOCUMENTATION

You can configure your surveillance tower so the camera follows detected movement on the site, recording intrusions.

TECHNICAL SUPPORT

A support team and SureSite specialists are available to help configure your equipment.
