Natural Gas Imports into China – Prospects for Growth

Merrick White, David Phua

A number of significant challenges confront the long term growth of the natural gas market in China. Nevertheless, both pipeline gas and LNG imports into China have favourable prospects for significant growth in the coming years. [More »](#)

D.C. Circuit Upholds FERC's Order No. 1000

Neil L. Levy, David G. Tewksbury, Ashley C. Parrish, Stephanie S. Lim

The D.C. Circuit recently rejected challenges to FERC's Order No. 1000 rulemaking brought by certain petitioners, including state regulatory authorities, public utilities, regional transmission organizations and trade associations. Order No. 1000 requires public utility transmission providers to participate in a regional transmission planning process and establishes certain requirements for transmission cost allocation.
