Bay Clean Up Plan Open To The Public This Month

By: Ann Neil Cosby. Tuesday, May 8th, 2012

Virginia's Phase II Watershed Improvement Plan was submitted to the **Environmental Protection Agency (EPA)** on March 30, 2012, as discussed [here](#) and [here](#). The formal public comment period on the plan will conclude on May 31.

The **Virginia Department of Conservation and Recreation (DCR)** is supplementing the formal comment period by working with its partners to hold a series of public meetings on the Phase II WIP across the state. These will aim to provide a brief update on the status of the Phase II WIP, the next steps in the **Chesapeake Bay** TMDL planning process and to provide local governments, planning district commissions, soil and water conservation districts and stakeholders with a convenient and mostly local opportunity to comment on the Phase II WIP.
