Conversation Starters. Ask your financial professional—

- **Given my financial situation, should I choose a brokerage service? Why or why not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?**

WHAT FEES WILL I PAY?

The fees you may pay, are for brokerage executions associated with individual transactions or flat rate monthly subscription fees. These fees or commissions may vary depending on the products you trade or the quantiles of your transactions.

You may also pay Regulatory, Exchange and clearing firm fees that are passed through to the client. These fees may be in addition to execution fees or commissions charged.

Further, you can incur additional fees in the form of margin interest, if you have a margin account and borrow on margin or borrow stock for short sales.

You may also pay fees associated with back-office processing, such as check and wire fees. Please see Tradier's fee schedule for more detailed information. <https://brokerage.tradier.com/pricing>

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starter. Ask your financial professional—

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN PROVIDING RECOMMENDATIONS? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we provide you with a recommendation, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the recommendations, we provide you. Here are some examples to help you understand what this means.

We do not provide recommendations. We make money by charging a commission or monthly trading fee. If you trade on margin, we earn a portion of the margin interest charged to you for your debit balance. If you keep cash, we receive interest on free cash in your account.

Here are some examples to help you understand what this means of a potential conflict of interest.

We receive payment for order flow for certain equity and option trades. To mitigate this conflict, we do not directly send orders to specific exchanges or market makers. Our clearing firm manages the order routing process and we share in the payment from the clearing firm. For additional information, please see our [Order Routing Disclosure](#)

Conversation Starter. Ask your financial professional—

- **How might your conflicts of interest affect me, and how will you address them?**
