

2x2 High Resolution Matrix VGA Video Switch

Product ID: ST222MX

This Dual Input VGA Matrix Splitter not only provides optimal convenience and control, but also exceptional video quality on multiple monitor configurations.

This 2 port VGA Matrix Video Splitter allows you to input two distinct video signals that can be switched for viewing on either or both of the two connected monitors at the push of a button.

Plus, multiple VGA Matrix video splitters can be connected together (cascaded), allowing you to quickly switch between up to eight displays.

The VGA Matrix splitter is broadly compatible with industry video standards, including VGA, SVGA, XGA and multisync monitors, and provides exceptional video bandwidth (250MHz) and a maximum resolution of 1920 x 1440 pixels.
