

Simple Snap™

Screen Protector

PERFECT INSTALL & INVISIBLE PROTECTION

- Simple Snap's patented mold allows the consumer an error free installation.
- The application method allows you to install the protector within .01mm of precision.
- This 90 second bubble-free installation is 3X faster than the average screen protector.
- The Edge-to-Edge solution allows full coverage over all curved edges.
- All added benefits allow associates to create a memorable experience with the consumer.
