

Photo Album for Concord, NH Job 29635 May 27, 2016

This week the cab finished on the cab line and has been merged with the chassis while the pump house had trim added. The body finished in paint and completed the body line where harnessing and trim were added. Next week the chassis should be merged with the pump house, then it is scheduled to begin on the main assembly line where the body and water tank should be merged with the chassis.
