

Photo Album for Cotuit, MA

Job # 29562

W/O # 19782542

April 22, 2016

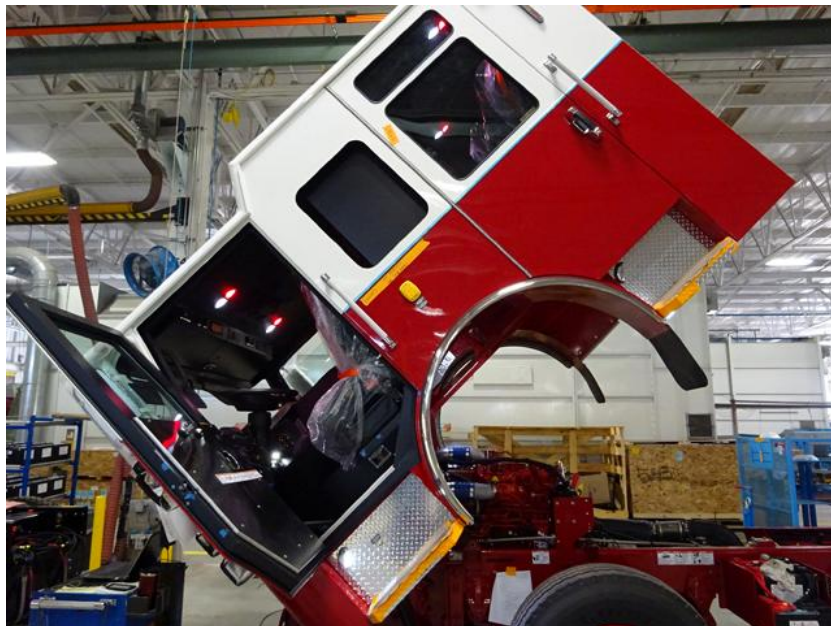

This week chassis continued on the chassis assembly line, the pump house finished initial assembly and the body completed body assembly. Next week the chassis should continue with chassis assembly. The pump house should be painted and begin pump final assembly, while the body remains in staging to be mounted on the chassis.
