

Photo Album for Grafton, VT

Job # 29259

W/O # 19438988

June 24, 2016

This week your new Pierce apparatus finished assembly, along with initial and third party pump testing. At the time of this report it was undergoing final product evaluation, which is part of the quality process. Next week any remaining option content should be installed ahead of release for final inspection and customer acceptance. This is your last scheduled weekly progress report.
