Introducing

the KRS SWP!

POS interface scale designed specifically for the retail food industry: Frozen yogurt & ice cream, coffee & tea, spices & nuts, chocolate & candy, delis & salad bars

Advantages:

- ✓ POS Scale with a small footprint
- ✓ Legal for Trade
- ✓ Removable large stainless steel platter and ABS enclosure ensure easy clean up and long term durability
- ✓ Ideal for direct sales as the scale includes a large LCD display with both front and rear indicators
- ✓ Accurate and dependable with 2 weighing modes
- ✓ Measurement Canada and NTEP approved
- ✓ The compact design makes it perfect for placement on crowded counters
- ✓ Easy to work with… its low profile platform and large platter make it ideal for the food market
- ✓ The scale operates with an AC adapter (included)
- ✓ Configurable with all major POS systems and electronic cash registers

Why Legal for Trade Scales Make Good Business Sense

It is a Government requirement that the scale be certified legal for trade when the scale is used to determine pricing in a transaction between the trader and the customer.

In the restaurant and food equipment market, scales are often used to ensure consistency in weight for products sold or used in the preparation of product. Losing even a ½ oz. on each measurement could dramatically increase the cost over time to the manufacturer, baker, distributor, vendor, restaurant, etc…

Legal for Trade scales go through a thorough quality inspection, ensuring reliability — you are guaranteed a quality product and peace of mind.
