

Continuous inkjet 9450

Simply efficient

Designed for medium to heavy duty production lines, Markem-Imaje 9450 helps maximize your OEE and take your brand to the next level.

Your benefits

- Smart design. TCO included. Up to 20% reduction in consumable use and energy consumption*. Optimized waste related expenses.
- Easy and mistake proof. Clean and secure, our innovative cartridge system requires no set-up and eliminates consumable.
- Hygienic design. Efficient washdown (ip56). Clean it with pressured water and industrial detergent and make sure your hygiene standards are met.
- 99.9% Availability. Secure the initial performance of your equipment for 36, 48, or 60 months via the customized service packs.

Product features

Support your marketing campaigns while achieving your traceability and sustainability goals

- Promotional coding function. Helps you carry out your marketing initiatives and campaigns by simply inserting a USB thumb drive.
- Large choice of codes and languages. Text, logos and 2D barcodes, etc. available in 35 languages.
- Inks that help achieve your traceability and sustainability goals. Ink references with a high level of adhesion, contrast and color where needed as well as anti-counterfeiting solutions and environmentally-friendly inks.

Prevent product recalls and waste

- Enhanced user experience coupled with the latest vision system to ensure your product is coded right and scrap is kept to a minimum.
- Mark and read it directly on your printer. Code secured. Code integrity is automatically checked via the new embedded vision system allowing you to avoid product waste.
- Track your running costs. Smart monitoring system. Easy access to maintenance and production history (availability rate, additive consumption and number of printed messages).
- Enhanced user experience. Configure the job and lock it directly on the color touch screen.
- Centrally manage codes. Create images and network printers with optional **CoLOS®** software.

9450 continuous inkjet specifications

Printhead

Minimum radius of curvature of the umbilical:

- Static: 100 (3.93)
- Dynamic: 150 (5.90)

Cabinet

Print features

Mono-jet printhead
G head (printing resolution: 71 dpi)
M head (printing resolution: 115 dpi)
Up to 5 lines of print
Print speed: up to 6.6 m/s
Font height from 5 to 32 dots
Character height: from 1.2 to 11.2 mm
Wide choice of 1D and 2D barcodes: EAN8/EAN13/UPCA/UPCE barcodes, code 39, interleaved 2 of 5, Datamatrix, QR code
Wide choice of characters: Latin, Arabic, Cyrillic, Hebrew, Japanese, Chinese, Korean, etc.

Operations

Message library (up to 1,000 messages)
International operator/machine interface with a wide choice of languages
WYSIWYG 7-inch wide touch screen: realtime display of remaining print capacity expressed in hours and number of messages; integrated assistance and alert system; simplified message printing and management; creation of user profiles; tracking of consumption and printer availability
USB and SD ports
Jet Speed Control guarantees marking quality
Automatic selection of fonts, depending on print speed and printhead/object distance
Broad range of inks: multi-use, high performance; alcohol based, ketone-free and MEK-free inks
Sealed 0.8-liter cartridges with foolproofing system
Quick connect/disconnect of accessories (photocell, alarm and encoder)
Parent/child connectivity
Ethernet connectivity
Specific date management (rounding date function)

Other characteristics

Weight: 25 kg
Table-top or vertical mounting
Ultra-flexible 3-meter umbilical cable
Stainless steel cabinet and printhead case
Dust/humidity protection rating: IP56 not requiring plant air
Operating temperature range: 0 to 40°C depending on ink used
Humidity: 10 to 90% non-condensing
Electrical power supply: 100-120 V or 200-240 V with automatic switching; frequency 50/60 Hz; power 60 VA

Options

Promotional coding and Mark and Read
IP66 protection (requires plant air)
9450 c for pigmented ink use
Ultrarapid mode for high-speed printing
Printhead pressurization kit
RS-232/422 connectivity, parallel interface, many I/O possibilities to enable remote operation
Ultra-flexible 6-meter umbilical cable

Accessories

Printer supports: stands (stainless steel or aluminum), table or wall mounting brackets
Printhead supports: stand (stainless steel) and choice of brackets
Photocells
Encoders
Alarm beacons (24 V)

Software

Fully compatible with CoLOS® Version 6.3 Service Pack onwards
Logo creation with CoLOS® Graphics software
OEM protocol compatibility: MOBA, Staalkat
