The end of national sovereignty here was perhaps felt more bitter than anywhere else, for it is difficult to lose a dream that has just been achieved after centuries of striving. Ben Salomon was not a fanatic, but the memories of his childhood must have determined in no small measure the philosophy he had to put into practice. He could remember what the world had been before the arrival of the Overlords, and had no desire to return to it. Childhood's End is a 1953 American science fiction novel by British writer Arthur C. The story follows the peaceful alien invasion of Earth by the mysterious Overlords, whose arrival begins decades of apparent utopia among indirect alien at the expense of human identity and culture Children End by Arthur C Clarke. 1 earth and the overlords. The volcano that had made Taratua great from the Depths of the Pacific had now slept for a million years. Childhoods End by Arthur C Clarke. But in a while, Reinhold thought, the island would be bathed in fires more violently than any who had attended his birth. He looked at the launch site, and his gaze dimbed the pyramid of scaffolding that still surrounded the Columbus. Childhood's End book. From my vast expertise of having read both, count them, two,

Arthur C. Clarke books, I see a common themeKindeneinde book. Clarke books, I see a common theme. I don't know if it extends beyond that to his other books, but here it is: The universe is a very, very big place. And people may not be relevant to it. Arthur C. Clarke Childhood's End The views expressed in this book are not those of the author. PROLOGUE 1 The volcano that had raised Taratua from the Pacific depths had now slept for half a million years. He looked at the launch site, and his gaze climbed the pyram. FREE shipping on eligible offers. An ex-library book and can have standard library stamps and/or stickers. 1 hardcover book with dust covering. Childhood's End is one of the defining legacies of Arthur C. In the near future, huge silver spaceships will appear without warning over humanity's largest cities. They belong to the Overlords, an alien race that is much better than humanity in technological development. Their goal is to dominate the Earth. However, their demands are surprisingly benevolent: end war, poverty and cruelty. Their presence, instead of signaling the end of humanity, heralds a golden age. . . . or so it seems. Without conflict, human culture and progress stagnate. As the years pass, it becomes clear that the Overlords have a hidden agenda for the evolution of the human race that may not be as benevolent as it seems. Frighteningly logical, believable, and grimly prophetic . . . Clarke is a master. - Los Angeles Times
