

PoE Ready.

Up to Rs. 2,43,750 discount available.

Trade Up to the DSX CableAnalyzer™ to ensure your network is ready to support you today and in the future.

Is your network ready for the demand of Internet of Things (IoT) and the staggering number of devices connected to the networks?

Wired devices, such as Digital Lighting, Signage, Security Cameras and Wi-Fi Access Points, will increasingly be powered by Power-over-Ethernet (PoE). PoE deployments result in lower cable installation costs, simpler infrastructure management, less maintenance, and reduced power consumption.

Is your old cable tester capable of certifying your network to the new PoE standard requirements? If not, step up to the power of the DSX CableAnalyzer. DSX testers certify Modular Plug Terminated Links (MPTL) that typically connect a PoE device to the network plus run a complete set of resistance measurements to ensure proper PoE operation.

Upgrade today to a DSX CableAnalyzer and get up to Rs 2,43,750 discount off local list price for your old tester, depending on model purchased.

Model Purchased	List Price Discount	
	Amount	Add Gold
DSX2-8000	Rs. 75,000	Rs. 18,750
DSX2-5000Qi DSX2-8000Qi	Rs. 1,50,000	Rs. 18,750
DSX2-8000Qi DSX2-8000-PRO	Rs. 2,25,000	Rs. 18,750

* Trade-in products must include a copper certification tester (main and remote) with bandwidth of 250 MHz or greater (such as DTX-1800 or DSP-4000 or an equivalent non-Fluke Networks brand tester).

** Discount dollar amounts advertised are in Indian Rupee (INR)

Program Requirements:

- Eligible trade-in units: DTX or similar tester with bandwidth of 250 MHz or greater
- Only one of each eligible trade-in unit may be traded-in per DSX unit purchased
- Trade-in unit must be received by June 25, 2021
- Purchases must be made within 30 days of validation of trade-in unit and claim form
- Cannot be combined with any other promotion

To Claim the Offer:

1. Print out the claim form available at www.flukenetworks.com/PoE-Ready-TradeIn-IN
2. Ship the qualifying old unit together with a copy of the claim form to Fluke Networks between March 1 through June 25, 2021
3. One claim has been validated, you will be eligible to purchase a qualifying product from an authorised distributor at the advertised discount price. You have 30 days to finalise your purchase once claim has been validated.
