6920 Seaway Boulevard Everett, WA 98203

Attention: Mr. Harley Lang  
Marketing Director  
Fluke Networks

Subject: Fluke Networks VERSIV/DSX-8000 CableAnalyzer Approval

Dear Harley,

This letter serves as an approval of the Fluke Networks DSX Cable Analyzer™ for use in field-testing of the Cat5e, Cat6 and Cat6A NIPPON SEISEN Cabling System.

NIPPON SEISEN CABLE,LTD has extensively evaluated the measurement accuracy of the VERSIV/ DSX-8000 Cable Analyzer unit in the laboratories as well as in field-testing. The test results obtained with this field tester correlate very closely with tests performed with laboratory equipment such as the Network Analyzer.

We look forward to a continued cooperation and future opportunities to evaluate Fluke Networks products that can be used to test and certify our cabling installations in the field

Sincerely ,

3/7/2018  
Yoshiharu Asaka  
General Manager, R&D Section  
Communication Wires& Cables Dept.
