

Parents, Help Your Children Play It SAFE

SMART Trains are here and testing has begun!

ALWAYS EXPECT A TRAIN

- Trains are once again running on the tracks in Sonoma and Marin counties.
- Activity will continue to increase as testing begins this summer and continues until operations begin next year.
- Remind your entire family to take note of these important safety tips—and remember:
- Kids take their cues from the adults in their lives, so set a good example by being safe.

Please review these simple safety rules with your entire family

1. THE ONLY SAFE PLACE TO CROSS THE RAILROAD TRACKS IS AT A PUBLIC CROSSING – DESIGNATED BY THE SIGN SHOWN TO THE RIGHT

Flashing red lights indicate a train is approaching. Never walk around or behind lowered gates at a crossing and do not cross the tracks until the gate is raised, the lights have stopped flashing and it's safe to proceed.

2. TRACKS ARE FOR TRAINS – NOT FOR GAMES!

Tracks, trestles, rail yards and equipment are private property. It is illegal to walk, jog, or bike on railroad property anywhere other than a public crossing. Besides being subject to fines, trespassers endanger their lives, and the lives of others.

Pay Attention • Be Prepared • Stay Safe

SMART is a voter-approved passenger rail and bicycle-pedestrian pathway project located in Marin and Sonoma counties. It will serve a 70-mile corridor from Larkspur to Cloverdale, with a first phase from San Rafael to Santa Rosa.
