

# Patience Song

Music and Lyrics by: Have Fun Teaching

Patience is the way I take my time  
Patience is the way I stand in line  
Patience is the way I wait my turn  
Patience is the way I put you before me

Patience is waiting, waiting

Patiently I wait, I try to slow down  
I'm not in a hurry, I take my time to look around  
Patience is waiting, without being bored  
I'll endure every minute, patience is my reward

Patience is waiting, waiting

When you hurry, you worry and things fall apart  
Patience is the answer take it slow from the start  
Now stop, freeze, nobody move  
Come on everybody now dance to the groove

Patience is waiting, waiting
