

Respect Song

Music and Lyrics by: Have Fun Teaching

Respect Yourself by working hard and doing what's right
Being honest with yourself and telling the truth

Respect Yourself, Respect Others, Respect the School
That is just what we do

Respecting Others by taking turns and sharing our things
Treating others with love and all together we sing

Respect Yourself, Respect Others, Respect the School
That is just what we do

Respect the School by cleaning up and walking in a straight line
Staying quiet in the hall and handing work in on time

Respect Yourself, Respect Others, Respect the School
That is just what we do
