HAPPY COUPLES

REBECCA AND DANIEL

The wedding day itself was absolutely perfect, the team at De Courceys are all incredible people & excel at what they do. We both couldn't have wished for a more beautiful day. The food here is the most delicious we have been fortunate to have tasted. Everything was so smooth from the room transitions to the small touches.

The magic and beauty of De Courceys brought to life by all of the staff here really needs to be experienced as no reviews can truly do it justice. This was a day that was just so perfect and weeks later we still feel like we are floating on clouds.

LAUREN & BEN

We really did feel so well looked after and this enabled us to truly relax and enjoy our day. We would recommend De Courceys Manor to anyone who would like a luxury wedding venue with incredible food, and staff who make you feel like absolute royalty.

We cannot thank you enough!

We we're absolutely blown away with how beautiful the manor looked and how attentive every single member of staff was- nothing was too much trouble.. even running around trying to find my makeup and perfume for me to freshen up before going out for our photos!

Guests commented for many weeks after about how amazing the food was.. everything was cooked to perfection. Me and the girls particularly loved the yummy pastries and fresh fruit platter brought into us in the pamper and prep suite!

SARAH AND LIAM

The minute we walked through the doors we fell in love, such a homely yet stylish venue and we were quite set that this was the venue for us. Every single detail is covered. We honestly could not have asked for a more perfect or better wedding day. Thank you so much to everyone at De Courceys who was involved in making our day so perfect!

If you are looking for a phenomenal service, an absolutely stunning venue and a team of really great people who are so passionate about what they do and care about delivering your beautiful day then get booking, I promise you won't be disappointed!
