

Dear Valued Cloud 9 Novelties Customers

Tariff Increases from China

April 09, 2021

Effective May 01st , 2021 all Cloud 9 Novelties will undergo a price increase. This adjustment is a result of increased material costs and unprecedented domestic tariffs on rubber goods, plastics and provisional China tariffs, in addition to increased transportation costs in both China and the US.

The February 14, 2020 implementation of the Phase One deal between the United States and China established new US tariffs on imports from China for the foreseeable future. [*Average US tariffs on imports from China remain elevated. Source: Peterson Institute for Economics](#)

The new wholesale pricing list is attached to this email or can be downloaded at this link.

Please take advantage of current wholesale pricing and place your orders as soon as possible, prior to the price increase. Should you have any questions or concerns, please feel free to contact your Cloud 9 sales representative.

Thank you for your continued support and understanding.

Director Sales & Marketing

Scott Dantis
