World of Winter

A Festival of Frozen Fun

2022 COMING INSTALLATIONS & EVENTS
CURRATED BY DOWNTOWN GRAND RAPIDS INC.

World of Winter (WOW) is hosted by Downtown Grand Rapids Inc. (DGRI) every year during the colder months in an effort to get people outside and experience Downtown through art and placemaking efforts. This year's festival runs from January 7, 2022 through March 6, 2022.

DGRI has currated the following installations through a global RFP process. Through our local RFP process, we will organize installations with local creatives, artists, event planners and placemakers to coincide with the following installations throughout the Downtown footprint. Potential location ideas are to showcase other areas we are looking to host installations, events and activities but are open to other ideas you may have.
