# I Can't Stop Talking About It!

By Parker LaGrange

Texas fans, bear with me on this one. On September 9, 2017 the Oklahoma Sooners took on the 2nd ranked Ohio State Buckeyes in a college football game. This game was going to be one of the greatest games of the entire season and it was televised on ABC, one of the main broadcasting stations for college football. If Oklahoma wins the game, they will most likely be ranked within the top 3 and be one of the potential teams in the playoffs at the end of the season. As an OU fan, I needed them to win so I could have bragging rights. If they won, I was going to tell the whole world about what I have seen and heard.

Going into halftime the game was tied 3-3. It had been a hard fought game and it was one of those games that you were waiting for something big to happen. We needed a breakout play. Finally in the 3rd quarter both teams starting showing up and making ridiculous plays. Things got exciting! Oklahoma pulled off the stunning upset and ended up winning the game 31-16, taking down the Buckeyes on their own field. I can't even put it into words how excited I was after that game. I was yelling, posting all over social media, calling people, texting people, everything. I could not believe what I saw and I could not stop talking about!

In Acts 4, Peter and John were preaching about the resurrection of Jesus. They couldn't help but to tell every single person what they have seen and heard! This was something that was far too great for them to keep to themselves. These rulers were not okay with what Peter and John were preaching about. Not only were they upset about what they were preaching, but the fact that a lame man had been healed. Peter and John affirmed the group that this healing was done in Jesus' name, and that none of this was from their own power. What Peter and John were able to do because of the Holy Spirit that was given to them was something that was out of this world. It was something that you simply could not be quiet about! The power that Jesus had to heal on the earth is one that is inexplicable, but we know that God granted Him authority to do so. It's not only amazing that Jesus did this while He was on earth, but His power is so great that just by His name He was able to heal this lame man. There is power in the name of Jesus! Do you believe it? Does your life reflect that you know of the power in Jesus' name?

Peter and John could not stop talking about what they have seen and heard. They had put in jail the night before they said this in Acts 4:20, yet spoke with confidence that they weren't going to stop telling others about these things. Are you telling others about what you have seen and heard about Jesus? Are you still in shock at the work He has done in the past and is currently doing in your life at this very moment? Don't be quiet about what you have seen and heard. Jesus' name is worthy of being yelled from the mountaintops!
