

Texas Pulmonary & Critical Care Consultants, PA

1st Quarter
2017

Physician Spotlight

Dr. Madhuri Kamatham joined the TPCCC family in February, 2016. She completed her Pulmonary and Critical Care Fellowship training, as well as her Sleep Medicine training, at Louisiana State University Health Science Center in Louisiana. She sees patients in our North Richland Hills office.

Dr. John Hollingsworth joined the TPCCC family in August, 2015. He completed his Pulmonary and Critical Care Fellowship training at Duke University Medical Center in North Carolina. He is a native Texan and is glad to be back in Texas. He sees patients in our Fairmount Avenue office.

Our New and Improved Patient Portal

If you are familiar with our previous patient portal, you'll appreciate our new patient portal which we implemented in September 2016. If you're interested in accessing your health information online through the portal, let us know your email address so we can send you an invitation. Once registered, you have access to your current appointments, summaries of your visits, appointment and medication refill requests, online bill payment, and secure messaging with our offices.

Compliments Welcome

Did an employee go above and beyond to help you? We'd love to hear about it. Each month an employee is rewarded for outstanding service. You can help in the decision process. Send your compliment and employee name to rbean@texaspulmonary.com.

We're Hi-Tech

We now have the ability to send you reminders about your appointments via voice, text, email, or any combination of those methods. Let us know your preference when you're in the office next or give us a call.

Patient Support

We will be having quarterly Sleep Support Group meetings starting this fall. The meeting location will rotate between Fort Worth, Arlington and Hurst. We'll discuss topics such as how to get the best mask fit, proper cleaning of your equipment, and different treatments available. If you'd like to receive more information, [click here](#) to send us your name and email address.

Support is also available in the community for those living with chronic lung disease and for those struggling with tobacco addiction. Please contact them directly for more information.

Cancer - FREE exercise and fitness sessions for patients who currently have or have ever had cancer. Other services available as well: Moncrief Cancer Institute Survivor Services: <https://www.moncrief.com/survivors>

Better Breathers Club - Better Breathers Clubs meet regularly and feature educational presentations from the American Lung Association. See their website for a club in your area: <http://www.lung.org/support-and-community/better-breathers-club/>

Interstitial Pulmonary Fibrosis - IPF education and support provided on the 3rd Tuesday of each month at the Ella Mae Shamblee Public Library, 1062 Evans Ave, Fort Worth, TX 76104, 12:30-2:30pm

Smoking Cessation Support - FREE resources available to help you quit smoking:
 Moncrief Cancer Institute
 400 W. Magnolia Avenue
