

COMMUNITY

GE is committed to becoming part of the community where we work and live. That's why we have joined the boards of the most respected **hospitals, public policy organizations, state government advisory boards** and the most innovative **non-profits**. In addition we have donated **\$500,000** and **thousands of volunteer hours** while creating **new opportunities** for students, specifically for **girls in technology**.

BOARDS

GE Leaders serving on

25+ boards

and counting
