

# GE FOUNDATION

The **GE Foundation** transforms our communities and shapes the diverse workforce of tomorrow by leveraging the power of GE. In Boston, we have committed **\$50 million** to driving **STEM education in Boston Public Schools**; to community health to expand care in behavioral health and addiction with an initial **focus on the opioid crisis**; and to **increasing the diverse workforce of tomorrow**.

**\$50 million**

to the **Boston** area over **5 years** for education, health, and skill development.

## Opioid Epidemic

### Project HERE

Partnership with Mass. Attorney General to prevent substance use: 329 middle schools, 150,000 students

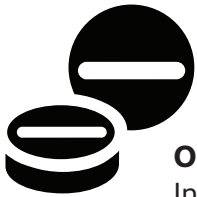

### Opioid Epidemic Hack-a-thon

Accelerating 3 ideas: readyACCESSviaSMS, GEMs Boxes, We Are Allies.

### SUSTAIN Communities

(Substance Use Support and Technical Assistance IN Communities)

**\$2.4 million** commitment, **20** health centers.

### RIZE Massachusetts

Catalyzing the private sector to support \$50 million fund.

### Office Based Addiction Treatment

Integrating substance use care into 40+ MA health centers, 500+ providers.

### Primary Care Leadership Program

Feeding the pipeline of primary care providers with diversity. **20** medical and nursing students in Boston and Gateway Cities.

**80%** women, **88%** ethnically diverse.

## Boston Public Schools

Empower students to become globally productive citizens, providing access to learning experiences for the workforce of tomorrow.

### Brilliant Career Lab:

Mobile & virtual technology lab to develop skills for jobs of the future: 2,4000 students & 500 educators.

### Brilliant Boston:

In-school initiatives with Linked Learning, Project Lead the Way, College for Every Student, and Year Up to advance STEM education & support career paths.

### JFK Presidential Library Scholarship:

\$500,000, five-year commitment, for Boston students to pursue STEM careers.
